F. Approve Memorandum of Understanding with McDowell Technical Community College Regarding Law Enforcement Services:

Memorandum of Understanding between City of Marion and McDowell Technical Community College Regarding Law Enforcement Services

The City of Marion (hereafter called "City") has received a petition for voluntary annexation from McDowell Technical Community College (hereafter called "College").. As part of approval of the annexation request, the Marion City Council desires to clearly define the law enforcement services to be provided by the City to the College. It is agreed by the City and College that:

1. As of the effective date of the annexation of the College, the City Police Department will respond to calls and emergency situations at the College in the same manner as any other property in the City Limits.

2. The City Police Department will attempt to patrol the area in the same manner as the rest of the City; however, no specific level of patrol is promised and City patrols will generally be restricted to public roads.

3. The College will maintain its private security, which will take care of patrols of the College day and night while classes and activities are held.

4. The College, through its private security, will attempt to handle calls and incidents and only call the City Police Department when sworn law enforcement is needed or required.

5. The City Police Department will not be responsible for enforcing College rules or administrative actions.

This Memorandum of Understanding is approved as of this the _____ day of _____, 2008, as evidenced by the signatures below.

G. Adopt Ordinance Regarding Issuance of Civil Citations:

ORDINANCE
AMENDING CHAPTER 3
ANIMALS
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 3, Animals, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 3 is amended by deleting Section 3-4.3 in its entirety and replacing it with the following:

Sec. 3-4.3. Determination of dangerous or potentially dangerous dog or cat; appeal.

(a) Upon receipt of a complaint or observation that a dog or cat may have exhibited one or behaviors listed under the definition for "Dangerous Dog" or "Potentially Dangerous Dog", as found in Section 3-1 of this Chapter, sufficient to designate such dog or cat as dangerous or potentially dangerous, the animal control officer shall investigate the specific charges. If the animal control officer determines that the dog or cat is dangerous or potentially dangerous, the owner of the dog or cat shall be notified in writing by certified mail, return receipt requested, or by personal service. The notice shall include a civil citation in accordance with the provisions of Sec. 1-10 – 1-10.17 of the City Code and state that the owner's dog or cat has been determined by the City to be dangerous or potentially dangerous, list the reasons for the determination and list the steps that must be taken under this ordinance, including confinement requirements listed under Section 3-5, for the animal to remain in the City. Upon receipt of the notice of determination, the owner may appeal the determination by filing a written appeal stating his or her objections to the determination with the City Manager within three (3) days. Upon receipt of the appeal, the City Manager shall schedule a hearing with the Dangerous Animal Appeals Board within a reasonable time at a Regular City Council meeting. The City Council shall render a decision upholding or overturning the determination of the animal control officer within sixty (60) days after receiving said appeal. Any appeal from the City Council shall be taken to Superior Court, in accordance with N.C.G.S. 67-4.1(c).

(b) Upon receipt of a complaint or observation that a dog or cat previously determined to be dangerous or potentially dangerous may have again exhibited one or behaviors listed under the definition for "Dangerous Dog" or "Potentially Dangerous Dog" as found in Section 3-1 of this Chapter, or has been found at large in violation of Section 3-4 of this Chapter, the animal control officer shall investigate the charges. If the animal control officer determines that a dog or cat previously determined to be dangerous or potentially dangerous has again exhibited one or behaviors listed under the definition for "Dangerous Dog" or "Potentially Dangerous Dog" as found in Section 3-1 of this Chapter, or has been found at large in violation of Section 3-4 of this Chapter, the animal control officer shall issue a civil citation in accordance with the provisions of Sec. 1-10 – 1-10.17 of the City Code and transfer and impound the animal at the shelter designated as the McDowell County Animal Shelter. The police department will notify the owner of any animal transferred to the animal shelter, if the animal has a collar on which is written the name, address and phone number of the owner. The owner will not permitted to keep the animal within the City Limits of the City of Marion at any point in the future.

State law reference(s)—Dangerous Dogs, G.S. § 67-4.1 et seq.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 16th day of September, 2008.

Ordinance Number: O-08-09-16-1

PUBLIC HEARING – ZONING MAP AMENDMENT:
Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a request had been submitted by Kehler Properties LLC to rezone property located at 734 Rutherford Road from R-2 General Residential to C-2 General Business. The property is contiguous to existing C-2 areas. Ms. Cottton stated that the property for which the rezoning is being requested is located on a main thoroughfare making it an ideal location to operate a business. The surrounding area has a mixture of commercial, industrial and residential uses. Ms. Cotton stated that, recently, residential and other surrounding properties have been converted or are being developed into commercial uses. The property is located in an area that has been identified on the Comprehensive Land Use Map as being developed into commercial. The commercial land use designation is not likely to change with future updates to the Comprehensive Land Use Plan.

Ms. Cotton advised that the Planning Board met on September 4 and unanimously recommended the approval of the request.

The following are graphic illustrations identifying both the existing and proposed zoning designations for the subject property.

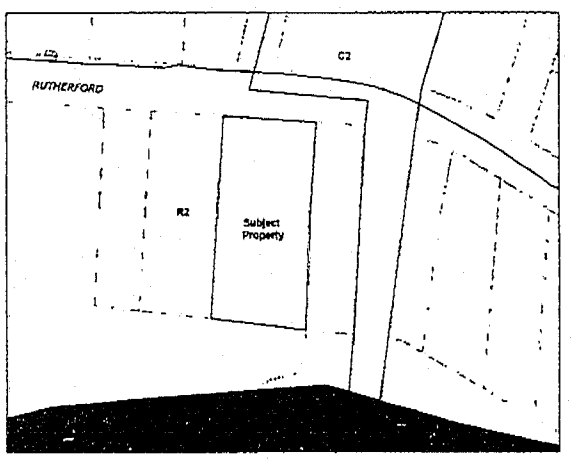

Figure One: Current Zoning

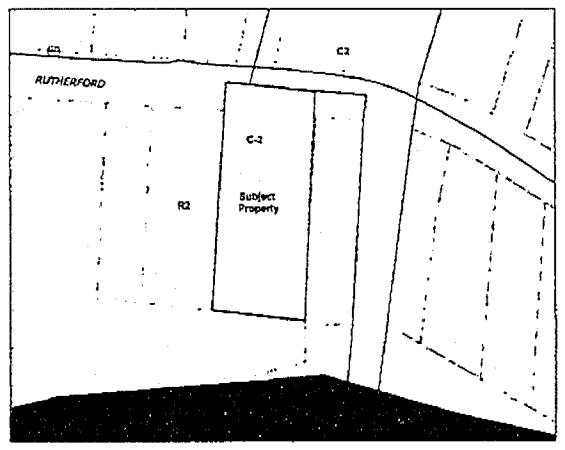

Figure Two: Proposed Zoning

There were several contiguous property owners present for this meeting.
Mr. Jim Brady of 772 Rutherford Road and Mr. Rex Wood of 746 Rutherford Road spoke and stated their support for the rezoning request and the opportunity for additional commercial development in the area.

Mayor Clark stated that the City has a Land Use Plan and that this request is moving the City toward the desired land use for Rutherford Road, which is commercial.

Mayor Clark closed the Public Hearing

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance amending Chapter 21 Zoning of the Marion City Code as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.00000015 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2. The City of Marion is amending the Official Zoning District Map for property located 734 Rutherford Rd, and having the PIN 1701.00-84-8973 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on September 4, 2008.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 16th day of September 2008.

A. Everette Clark
Mayor

PRESENTATION OF MARKETING AND BRANDING STUDY – ARNETT MULDROW: Ms. Freddie Killough, Executive Director of the Marion Business Association, advised that the City had contracted with Arnett Muldrow & Associates to complete a Marketing and Branding Study for the City. This study was funded with planning money from the N.C. STEP Program. Ms. Killough introduced Mr. Tripp Muldrow to present the results of the study.

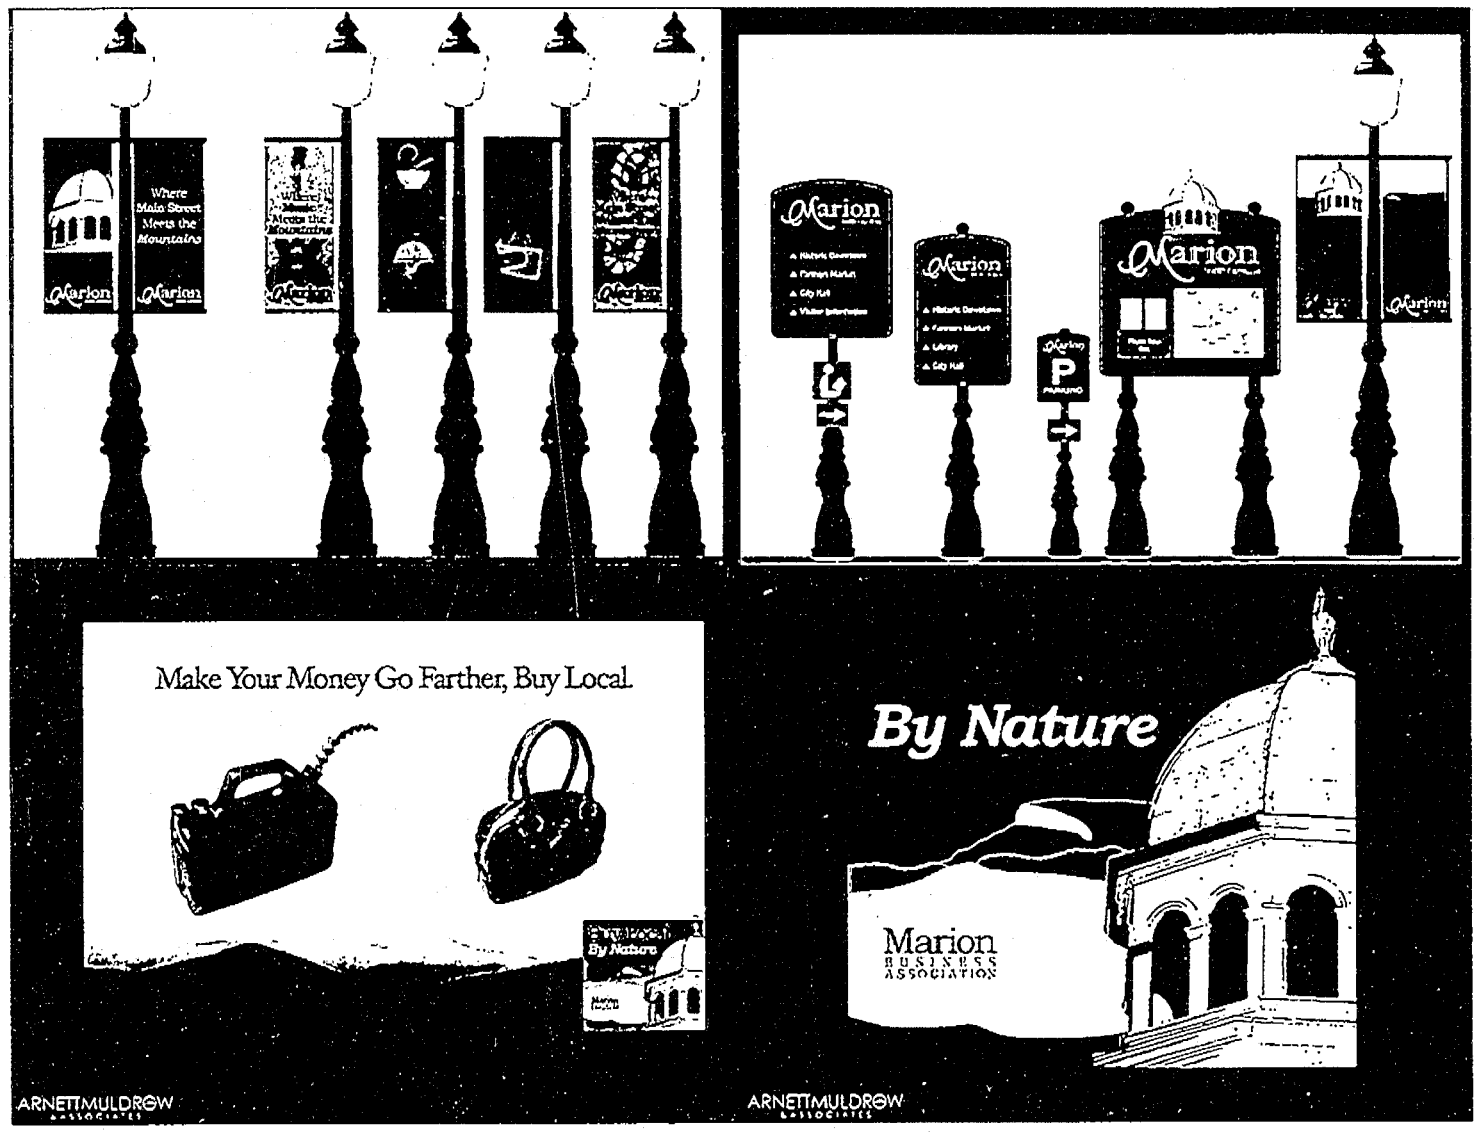
Marion, NC
Market Study Findings

May 15, 2008

Mr. Muldrow gave a presentation as follows: ARNETTMULDROW & ASSOCIATES

AA.00000016 (24)

This Morning's Presentation



- *Zip Code Results*
- *Market Definition*
- *Trade Area Definition*
- *Retail Leakage Study*
- *Preliminary Opportunities*

ARNETTMULDROW

Market Analysis - Zip Code Survey

- *Survey Held Late February*
- *18 Businesses tallied*
- *1379 Recorded Visits*
- *59 Unique American Zip Codes*
- *12 Unique States*

ARNETTMULDROW

AA.000000017 (24)

Recommendations

- *Present the findings of this Market Study to groups in the community and region.*
- *Consider incentive package for retention/recruitment.*
  - *Façade Grant*
  - *Loan guarantees*
  - *Revolving loan*
- *Consider visit to ICSC.*
- *Consider catalyst projects for retail development:*
  - *Retail/arts incubator*
  - *Meeting facilities to drive traffic to the community*
  - *Farmers Market*

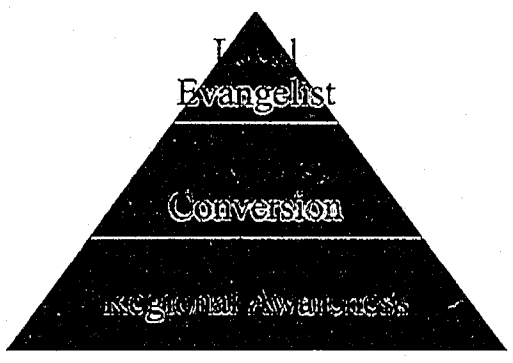
ARNETTMULDROW ASSOCIATES

The Co-Op Program

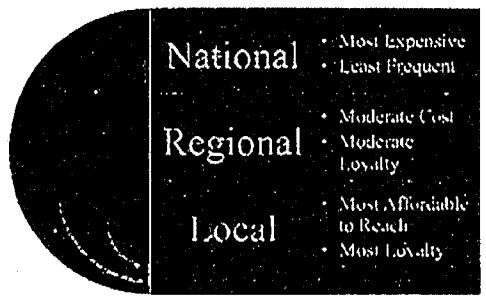
- *Matching "allocation" for ads that use the Marion brand style (we need to discuss amounts)*
- *Coordinated media buys twice yearly to avoid the door-to-door sales pitch.*
- *Tracking devices (not discounts) to check progress (particularly important to reconnect to markets that are targets)*

ARNETTMULDROW ASSOCIATES

Guerrilla Marketing Tactics



- *Work directly with the local developers to ensure that the community is promoted.*
- *Specific promotion of stores that are open on Sundays and late hours.*
- *Leverage dollars through co-op advertising program.*



ARNETTMULDROW ASSOCIATES

Recommendations

- *Launch a cooperative advertising program.*
- *Develop guerilla marketing tactics.*
- *Provide business consultation services for existing businesses.*
- *Host quarterly retail roundtable.*

ARNETTMULDROW ASSOCIATES

Recommendations

- *Reinforce local loyalty campaign*
- *Create a shop local web site with downtown brand.*
- *Develop a banner program using the brand.*
  - *Focus on gateways and outlying districts*
- *Use brand for wayfinding system directing visitors to shopping districts.*
- *Develop shopping and dining guide using the brand.*

ARNETTMULDROW & ASSOCIATES

Key Opportunities

- *Furniture and Home Furnishings*
- *Clothing*
- *Gifts*
- *Books*
- *Jewelry*
- *Sporting Goods*
- *Full Service Dining*

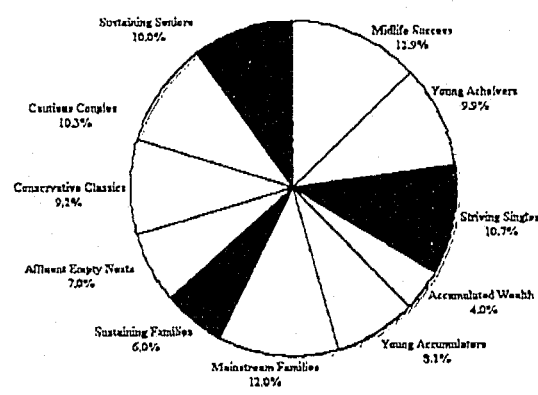
Downtown Trade Area Statistics

- *PTA Selected Store Sales $241.8 million*
- *PTA Consumers spent $272.3 million*
- *Marion Primary Trade Area is LEAKING $30.5 million annually overall each year.*
- *STA Store Sales $47.2 million*
- *STA Consumers spend $142.1 million*
- *Secondary Trade Area is LEAKING sales in the amount of $94.8 million each year.*
- *Combined the two trade areas are LEAKING: $125.3 million annually.*

ARNETTMULDROW ASSOCIATES

Retail Leakage Study

A study to establish the retail dollars leaving or entering a community from its primary and secondary trade areas. This is more art than science.



ARNETTMULDROW ASSOCIATES

Some Preliminary Observations

- *Strong local shopping among the strongest we have seen.*
- *Significant drop in customer loyalty as we move from the city limits.*
- *Relatively small visitor traffic.*
- *Income levels are OK... not overly impressive.*

Councilman Edwards asked if Mr. Muldrow how we would recommend that the City go about implementing the results of the Study. Mr. Muldrow stated that, while working in Marion, he felt a great sprit that he has not seen in other cities. Mr. Muldrow stated that he believes that the current N.C. STEP Program Committee is well equipped to help implement the Study. Mr. Muldrow mentioned the Depot, MACA and the Tailgate Market as tremendous assets that give the City a great start toward achieving even more economic success in the Downtown area.

The City Manager added that the N.C. STEP Program Committee would be presenting recommendations to Council in October regarding the use of the $200,000 Rural Center grant as part of the N.C. STEP Program and that many of the recommendations involved implementing facets of the Marketing and Branding Study.

Mayor Clark asked how we the City can attract visitors.

Mr. Muldrow stated that the City needs to take care of the locals first, since they represent the vast majority of local retail sales, and the visitors will then come.

Councilman Edwards stated that there are a lot of things happening in Marion, including the recent passage regarding liquor by the drink by the City voters. He stated that many businesses are weighing whether to offer malt and mixed beverages, based on some negative feedback from the public as well as threats of boycotts of specific businesses. Councilman Edwards asked Mr. Muldrow how businesses could deal with such prospects. Mr. Muldrow stated that current establishments expanding their beverage offerings probably run a greater risk or scrutiny and boycott than new establishments coming to Marion. He added that every location is different and that businesses ultimately must make the best choice based on their individual situation.

Mayor Clark stated that the Study clearly shows retail leakage out of the community. He advised that there are many items that everyone goes out of town to buy, because the items are not offered locally. Mayor Clark suggested that most people would buy items locally if they were available,

AA.00000023 (24)

particularly given high gas prices. Mr. Muldrow stated that the Mayor was correct and that this should be an important part of the local marketing strategy.

A citizen present during this discussion, Ms. Charmain Daum, stated that as a new community member, she has found Marion to be a close knit community. She said she has lived there for three years and has just recently found a map to assist them with what Marion and McDowell County have to offer.

No action was taken or required on this matter by Council.

UPDATE ON WASTEWATER IMPROVEMENTS PROJECT – McGILL ASSOCIATES:

The City Manager advised that the City embarked a few years ago on a project to make $6.1 million in improvements and repairs to the City's Wastewater Treatment System. The City Manager stated that these improvements were necessary, to avoid State fines and a possible moratorium on new wastewater connections. He added that the City has been very successful in obtaining $4 million in grant funds, as well as up to $3.162 million in State low interest loans, to fund the project. The City Manager stated that Randy Hintz and Danny Bridges of McGill Associates were here to give an update of the status of this major project.

Mr. Hintz gave an update on the Wastewater Improvements Project status as follows:

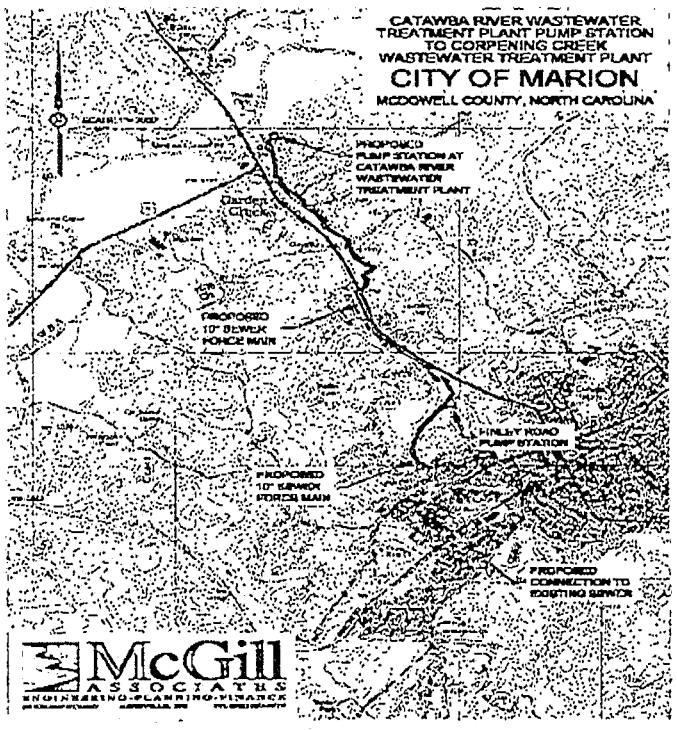
PRELIMINARY AND FUNDING PHASE (2005 – 2007)

_ Sewer Collection System Flow Monitoring and Smoke Testing
_ Wastewater Treatment Plant Evaluations
_ Special Orders by Consent (SOC) for Corpening Creek WWTP and Catawba River WWTP (September 2006, and May 2007 respectively)
_ Grant Applications – Clean Water Management Trust Fund (CWMTF) and North Carolina Rural Center
_ State Revolving Fund (SRF) Loan Application
_ Preliminary Engineering Reports

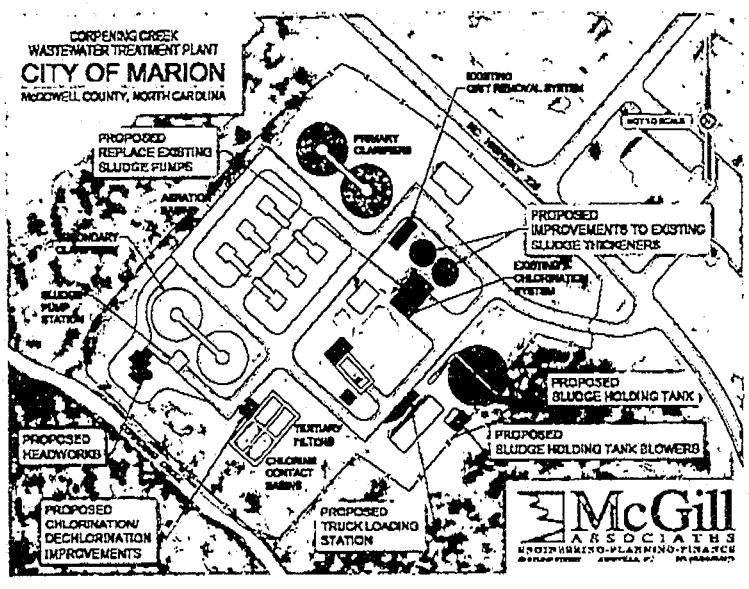
DESIGN AND REGULATORY APPROVAL PHASE (2007 – Current)

_ Sewer Collection System Rehabilitation Project: Design and Construction: Substantially Complete (SOC completion date: June 1, 2008)
_ Minor Improvements and Operational Modifications to Corpening Creek WWTP: Substantially Complete (SOC completion date: October 1, 2008)
_ Post-Construction Flow Monitoring: In progress
_ Catawba River WWTP Pump Stations and Force Main, and abandonment of Catawba River WWTP: Design Review by NCDWQ- Construction Grants & Loans Section in progress
_ Corpening Creek WWTP - Major Improvements: Design Review by NCDWQ-Construction Grants & Loans Section in progress

Mr. Hintz gave the following schedule for implementing the remainder of the project:



December 2008	Receive Plan Approval from NCDENR
December 2008	Advertise for Bids
January 2009	Receive Bids for Improvements/Award Construction Contracts
January 1, 2009	Achieve Compliance with Permit Limits at Corpening Creek WWTP
February 1, 2009	Begin Construction of Catawba River Pump Stations & force Main Improvements
February 2009	Begin Construction of Major Improvements – Corpening Creek WWTP



AA.00000024 (24)

January 2010	Complete Construction of Major Improvements – Corpening Creek WWTP
February 1, 2010	Complete Construction of Catawba River Pump Stations & Force Main Improvements
August 31, 2010	Rescind NPDES Permit for Catawba River WWTP

Project Revenues and Expenditures:

Estimated Project Cost	**$6,162,000.00**
Available Project Funding	
Clean Water Management Trust Fund Grant	$3,000,000.00
NC Rural economic Development Center Grant	$1,000,000.00
Low Interest State Revolving Fund Loan	$3,162,000.00
Total Project Funding Available	**$7,162,000.00**

Mayor Pro Tem Little stated that he had concerns about the City meeting the January 1, 2009 deadline for compliance with permit limits at the Corpening Creek Plant.

Mr. Hintz stated that the January date will absolutely not be a problem, as almost all of the work involved with meeting the permit limits at the Corpening Creek Plant has been completed. The City Manager added that much of the work planned for the Corpening Creek Plant is to accommodate the receipt of additional flow from the Catawba Plant and to modernize the Plant and that the threshold for meeting permit requirements at Corpening Creek was low and mainly

AA.000000025 (24)

involved some minor repairs as well as work to reduce inflow and infiltration in wastewater collection lines.

The City Manager stated that the City has been waiting to sign the low interest loan contract, due to a two percent closing fee being charged by the State on the loan. The City Manager asked Mr. Hintz to notify him as soon as he has a good comfort level of what contract prices may be so that the loan contract can be signed. The City Manager said that the receipt of the loan money is vital to avoid a possible cash flow problem in the Water and Sewer Fund.

The City Manager stated that City staff, particularly Public Works Director Chris Hollifield and Wastewater Treatment Superintendent Larry Carver, have worked closely with McGill on this project and that he appreciates their efforts. The City Manager stated that the completion of the project will be a welcome relief to staff.

Mr. Carver stated that the project is going well so far and that all plans and work are falling into place. Mr. Hintz stated that City staff, particularly Mr. Carver, have worked with McGill to provide input and that their information is valuable regarding what will work and what will not for the City of Marion.

Mayor Clark and Council members thanked Mr. Hintz and Mr. Bridges for updating Council about this project.

No action was taken or required on this matter by Council.

CONSIDER APPROVAL OF PERMIT TO OPERATE GAME ROOM AND POOL TABLES – GOOD TIMES FAMILY FUN CENTER: The City Manager stated that Ms. Monica Kellie Duncan has applied for a permit to operate the Good Times Family Fun Center in the former Fun Time Factory location in the Marion Manufacturing Facility on Baldwin Avenue. The business will have 3-4 pool tables and about 60 games. The City Manager advised that the City Code requires approval of a permit by City Council before a game room and/or establishment with pool tables can be opened. He added that a Criminal history check is required for this type of application and came back clean on Ms. Duncan.

Council was presented with a copy of the City's Pool Room/Game Ordinance for review.

Ms. Duncan appeared before Council and stated that she has worked with youth for many years and feels that this is an opportunity to work with them on a daily basis. As mother of three boys, Ms. Duncan stated that she struggles with where to take her children. Ms. Duncan presented Council with a Mission Statement she had prepared for the business that read as follows:

To provide the youth of McDowell County, a safe, smoke free, alcohol free and drug free environment, to gather for the purposes of entertainment, as well as provide a family friendly atmosphere for parents to plan and execute children's birthday parties. This center will be adequately supervised to maintain a reputable family fun center within the community, as well as to provide a place of "Good Times" for all ages.

Ms. Duncan stated that Mr. Ford Miller, owner of the Marion Manufacturing property, is assisting with the opening of this establishment and that she would be the manager. Ms. Duncan said that she hopes to open the business on September 26.

Ms. Duncan stated that the business will have fifty coin games, three pool tables, one inflatable for children, rooms for birthday parties and much more to come.

A brief discussion followed.

AA.000000026 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to approve the permit for Ms. Monica Kellie Duncan to operate the Good Times Family Fun Center, an establishment with coin operated games and pool tables, in the former Marion Manufacturing facility on Baldwin Avenue.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPEAL OF CIVIL CITATION: The City Manager advised that Ms. Delores Cable of 575 State Street had submitted a letter appealing a civil citation received on September 3, 2008 for her dog barking excessively in the City Limits. The City Manager stated that the Police Department received a call about the dog in question barking excessively and, when Officer Chad Bailey arrived, he observed the dog barking continually in violation of City Ordinances. The City Manager presented Council with a report from Officer Bailey, Sergeant Rusty Jenkins and a copy of the citation issued to Ms. Cable for their review, along with a copy of Section 3-8 of the City Code, which states that "it shall be unlawful for any dog owner to keep or have within the city a dog that habitually or repeatedly barks in such a manner or to such extent that it is a public nuisance."

Ms. Cable was present for this meeting and stated that when the officer came to her residence it was 11:00 p.m. She stated that she had not heard her dog barking, however, it was barking when the officer arrived, as most dogs would when a stranger is around. Ms. Cable also stated that there is another dog adjacent to her property and that perhaps it was that dog barking.

Ms. Cable stated that she has had her dog four years and has never had a complaint about him barking and feels that the Police Department has the wrong dog.

The City Manager stated that a complaint was received and tracked to Ms. Cable's residence by the sound of the dog barking, according to the officer's report.

Councilman Martin stated a warning might have been warranted due to this being the first complaint.

Councilman Edwards stated that there have been problems in the City with residents being bothered with barking dogs, which is why the City has ordinances prohibiting dogs that habitually bark. He said that he would not be opposed to waiving the penalty for a first offense, however.

Councilman Owenby stated that he would also not be opposed to waiving the penalty for this citation, but if there were further problems, Council will likely not be as forgiving.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to waive the $50.00 penalty for a citation issued to Ms. Delores Cable for a barking dog on September 3, 2008.

Mayor Clark stated that, for the record, he wanted it to be known that Council supported the City's Police Officers and that waiver of the citation was in no way a reflection on the actions of Officer Bailey.

CONSIDER APPROVAL OF GRANT CONTRACT – URBAN FORESTRY GRANT: The City Manager presented Council with a copy of a contract for the City's Urban Forestry Grant. This grant, which was recommended for approval by the Tree Board, provides $15,000 in State

AA.00000027 (24)

funding to pay for preparation of a tree inventory and master plan, preparation of a Tree Ordinance, training and education for City staff and the public and a year long celebration of the City's 20th year as a Tree City USA. The City Manager stated that the City's cash match for the project, which will need to be taken out of General Fund Balance, amounts to $9,540. Council approval of the grant contract is needed so that the City can accept the grant and proceed with the work included under the grant.

Planning and Development Director Heather Cotton gave an overview of the proposed activities to be funded by the grant.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to approve the Urban Forestry Contract as presented. A copy of the contract is available at City Hall.

RECEIVE RECOMMENDATION FROM STREET COMMITTEE: The City Manager stated that the Street Committee met on September 4 and reviewed the request for a mirror at the intersection of Montevista and Fleming Avenues. The Street Committee recommended that a mirror be installed due to poor visibility at the intersection.

The City Manager also advised that, based on the Street Committee's input, staff has moved the no left turn sign on Fleming Avenue at the Marion Elementary School entrance closer to the school entrance and also placed a no left turn sign on the left side of Fleming Avenue.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the recommendation of the Street Committee and authorize the placement of a mirror at the intersection of Montevista Avenue and Fleming Avenue.

ADD ON ITEM - REQUEST APPROVAL – GUN SALUTE – MCDOWELL HOUSE CEREMONY: The City Manager advised that Ms. Carol Price with the McDowell County Tourism Development Authority had informed him that a gun salute by the Overmountain Men re-enactors is planned for the McDowell House Overmountain Victory Trail certification ceremony that is scheduled to be held on Sunday, September 28, 2008 at 2:00 P.M. at the McDowell House.

The City Manager stated that the City Code prohibits the discharge of firearms inside the City, but that Council has waived this requirement in certain situations.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the request for a gun salute by the Overmountain Men re-enactors to take place at the McDowell House Overmountain Victory Trial certification ceremony that is scheduled to be held on Sunday, September 28, 2008 at 2:00 P.M. at the McDowell House.

CITY MANAGER'S REPORT: The City Manager gave a brief report on Current Projects as follows:

The City Manager advised that Redmond Dill continues efforts to foreclose on properties for non-payment of taxes. He has collected $34,600.38 so far in delinquent taxes. Mr. Dill has had good luck getting buyers for foreclosed properties; however, the City recently had to take possession of the Cora Lee property on Wilhemenia Street when there was no buyer. The City

AA.00000028 (24)

Manager presented Council with a copy of a map showing City owned residential properties in West Marion, including the foreclosed properties plus parcels donated to the City a few years ago by Hill Evans. The City Manager stated that the City also was recently given two parcels on Morehead Road that had been seized by the U.S. Marshal's Service. The City Manager suggested that Council may wish to discuss again ways to dispose of these properties, and to get them back on the tax rolls and perhaps to bring some residential development to the City.

A discussion followed. It was the consensus of Council to consider marketing the residential properties through an open listing with realtors. The City Manager was directed to compile information on the properties and a proposal on the sale process and to present it back to Council for review.

The City Manager advised that signs have been placed at the entrance of each City park advising of the ban on sex offenders in City parks. The City Manager stated that a letter was sent to all 52 registered sex offenders in the County, advising them of the new ordinance.

The City Manager advised that the 2008-09 Budget contained $41,000 in funding for repainting the two water tanks on Summit Street, after the City delayed the painting for a couple of years. The City Manager advised that Water Plant Superintendent received a quote of $25,500 to paint the two tanks. The City Manager stated that he had asked Mr. Miller, based on direction from Council at the Budget Workshop, to price out options for painting lettering and/or our logo on the tanks. The City Manager stated that the painter could paint "City of Marion" on one tank for $2,600 and "Where Main Street Meets the Mountains" on the other tank for $6,700. The painter estimated a cost of $12,000-$24,000 to paint the City's color logo on the tanks. Given upcoming Water and Sewer Fund revenue losses and the City's overall financial situation, the City Manager stated that he would recommend that the City simply repaint the tanks without any wording.

Council agreed by consensus to forego any wording on the water tanks and to direct the City Manager simply to repaint the tanks. Councilman Edwards and Mayor Pro Tem Little suggested that a greenish color be chosen that would help the tanks blend in better with the surrounding environment. The City Manager stated that he would explore possible color choices and get back with Council.

The City Manager advised that options and prices for replacing the City Channel equipment with text only equipment like the City has had would cost between $1,787-$2,537, while upgrading to a system like the County has that could display text messages and play videos would cost between $8,922 -$9,672. The City Manager asked Council if it had direction at this time regarding the desired option, or whether the issue should be discussed at the September 27 Council Planning Session. It was the consensus of Council to discuss this matter in more detail at the September 27 Planning Session.

The City Manager stated that the City recently received word of the award of a $75,000 N.C. Recreational Trails Program (RTP) grant for the Catawba River Greenway project. A condition of the grant will be that the City conduct an archaeological survey of the site, as had been requested by the State Historic Preservation Office. The City Manager stated that bids were being sought for this work. The City Manager reported that the RTP grant award means that the City now has $242,300 of funding for the $334,000 greenway project. The value of the donated land counted as $32,000 toward the project, meaning that the City will have a local cash match of about $60,000. The McDowell Trails Association (MTA) has begun fundraising efforts and the City Manager stated that he would impress upon the MTA the urgency of the fundraising effort.

The City Manager advised that McGill had completed work on a revised site plan and proposal to present to the North Carolina Parks and Recreation Trust Fund (PARTF) in an attempt to keep the existing television towers on top of Mt. Ida. UNC-TV and other television stations are funding this work.

AA.000000029 (24)

The City Manager advised that the storm drains are being lowered and replaced on Broad Street that Councilman Cuthbertson noted had been knocked loose.

The City Manager reported that City staff trimmed the Bradford Pear trees overhanging Brown Drive, as noted by Councilman Edwards at the last meeting. The City Manager stated that staff trimmed the trees to the minimum degree necessary and will try to keep an eye on the trees.

The City Manager advised that the City will be repairing the capstones knocked loose off of the wall south of the Community Building, as mentioned by Mayor Clark at the last meeting.

The City Manager advised that he had received notice that the State has approved funding for the grant to clean and stabilize the stream bank south of Oak Grove Cemetery and to complete some water quality improvements at Public Works. The grant will pay for materials and City crews will provide most of the labor.

The City Manager reported that the Police Department has put Oak Grove Cemetery on extra patrols, given the complaint received from Ms. Padgett several weeks ago. He added that there was at least one incident where youths were found in the Cemetery and were asked to leave the property after receiving a warning.

The City Manager advised that the Mountain Glory Festival will be held on Saturday, October 11. He added that the Festival area will be extended to New Street this year, instead of stopping at Fort Street. The Police and Public Works Departments have worked out new detour routes. The City Manager stated that the extra block will provide room for 50-60 more booth spaces. He stated that the Festival Committee does not believe that all of the new spaces will be filled this year, so spaces will not be placed in front of downtown businesses that will be open the day of the Festival. The City Manager stated that the City cannot promise that spaces in front of businesses can be left open in future years, but that the Committee hopes this move will help businesses this year. He added that the Festival Committee does not believes it should not sacrifice on the quality of vendors, even if it means that all spaces are not filled.

The City Manager advised that the tower truck at the Fire Department has been taken out of service, due to failing inspection. He presented Council with information about the truck from Fire Chief Jim Neal, along with possible financial impacts of replacing the truck with a used truck. The City Manager stated that he has directed Chief Neal to explore any and all options for repairing the truck, which does not seem possible based on discussions with repairmen, or to possibly purchase a used truck. The City Manager stated that this is a terrible time to bring this issue up, given the sales tax situation with the County, but that the City has no choice but to discuss the matter since the tower truck is out of service.

Councilman Mike Edwards stated that he took issue with a paragraph in Chief Neal's memo quoting Jerry Stevens, the dealer who sold the City the current tower truck, as saying that the current tower truck was designed to last six or seven years and then be replaced by a new truck. Councilman Edwards stated that he would have never voted for the purchase of the current tower truck if he had known that the truck would last for such a short period of time. His recollection was that it was portrayed in 1994 that the tower truck would last for 20-30 years.

Mayor Clark stated that he was recently elected Vice Chairman of the Southern Municipal Conference and that, at the last meeting, presentations were made advising that a 20 year life is typical for a fire truck as far as the ISO rating is concerned. Mayor Clark stated that the tower truck does not need to be used if it is unsafe.

AA.00000030 (24)

Mayor Pro Tem Little stated that further discussion regarding the tower truck could be made during the September 27 Council Planning Session. Council agreed by consensus to discuss this matter in more detail at the September 27 Planning Session.

COUNCILMAN COMMENTS:

Councilman Cuthbertson stated that the sewer line appears to be sinking behind the property next door to his property on Broad Street. The City Manager asked Public Works Director Chris Hollifield to look at the location and how the sewer line can be stabilized.

Councilman Cuthbertson also stated that property on Willow Street is not being mowed again. Planning and Development Director Heather Cotton stated that she would deal with this property, along with many others for which she is pursuing enforcement action.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Called Session on Tuesday evening, September 25, 2007 at 6:00 P.M. in the Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Councilmen Lloyd Cuthbertson, Billy Martin and Cecil Owenby.

Mayor Pro Tem Steve Little and Councilman Mike Edwards could not be present for this Planning Session due to work conflicts.

OTHERS PRESENT: Bob Boyette, City Manager

AA-0000000031 (24)

GUESTS PRESENT: Cliff McLarty, North Madison Street; Robert Hawkins, East Oak Street; and Mike Conley, News Reporter, McDowell News.

OPENING DISCUSSION: Mayor Clark opened the meeting and welcomed those who were present.

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

I. Growth/Annexation Priorities

II. Land Use/Comprehensive Plan and Zoning Issues

III. Downtown Streetscape/Traffic Flow Plan

IV. MACA Issues

V. Financial Overview – General and Water/Sewer Funds

VI. Fire District Tax/Funding

VII. Water and Sewer/Economic Grants – Rural Center
VIII. Community Building Park Improvements

IX. Parks and Recreation

a. Current and future maintenance burden/needed staffing levels

b. Future mini parks – Clinchfield and East Marion

c. Catawba River Greenway

d. McDowell House

e. Mt. Ida Park

X. Paving of Dirt Roads in City Limits

XI. Garbage/Recycling

XII. Future planning Sessions – Quarterly – November, February, May?

It was the consensus of Council to hold the next Planning Session in November or January, depending on the need for such session.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 7, 2008 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Chris Hollifield, Public Works Director; Mika Elliott, Police Chief; Mike Hensley, Police Sergeant; Freddie Killough and Bobbie Young, Marion Business Association; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Bill and Joanne Howle, Marion, NC; Kim Hensley, Marion, NC.

CITIZEN OF THE MONTH – SELECTED BY MAYOR A. EVERETTE CLARK: Mayor A. Everette Clark selected the Citizen's of the Month for October 2008.

W.W. (BILL) AND JOANNE HOWLE

Mayor Clark stated that he was proud to present W.W. (Bill) and Joanne Howle, a husband and wife who have both given so much to the citizens of Marion, as his Citizens of the Month. Mayor Clark stated that the Howles are unique in having both run successful businesses, with Mr. Howle running Marion Pharmacy and Mrs. Howle running Joanne Howle Realty.

Mr. and Mrs. Howle were married in 1953 and moved to Marion in 1960 with their three children ages 4, 2, and 6 weeks. Mr. and Mrs. Howle are active members of First Baptist Church. Their daughter Dawn is married to Freddie Rabon. Freddie has worked with Bill at Marion Pharmacy for thirty years. Their daughter Suzy is married to Tom McMahan. Tom has worked with Bill at Marion Pharmacy for twenty-three years. Their son Steve lives in Fort Lauderdale, Fl. The Howles also have four grandchildren.

Mr. Bill Howle grew up in Society Hill, South Carolina. He attended Spartanburg Methodist College, graduating in 1951 and the University of South Carolina (School of Pharmacy), graduating in 1954. Upon moving to Marion, Bill worked for a local pharmacy and after a few years opened Marion Pharmacy which is still in operation. Bill has assisted many young people through the years with positions in the pharmacy. Mr. Howle has served in various leadership positions in the community, including as a member of the School Board for many years and as a member of the Marion Rotary Club.

Ms. Joanne Howle was born in Cumberland, Maryland. She grew up in Virginia and Rock Hill, South Carolina where she met and married Bill. Mrs. Howle was a full time mother while her children where growing up until they went off to college, at which time she became one of the first women to open her own real estate office in McDowell County. Joanne Howle Realty has become very prominent, successful business through the years.

Mrs. Howle is a member of McDowell Board of Realtors, the North Carolina Association of Realtors and the National Association of Realtors. She has served as a Director, Vice-President and President of the McDowell Board of Realtors.

Mayor Clark stated that this couple together, as well as individually, have set an wonderful example through the years for all who have had the privilege of knowing them.

AA.00000033 (24)

Council members shared kind words about the Howles and congratulated them on their selection as Citizens of the Month.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes - September 16, 2008 Regular Session and
September 27, 2008 Planning Session Minutes

B. Approve Agreement with Marion Travel Plaza Regarding Provision of Services

Agreement Between City of Marion and IT & K Enterprise/Marion Travel Plaza Regarding Provision of City Services to Area Proposed for Annexation by Petition

The City of Marion (hereafter called "City") has received a petition for voluntary annexation from IT & K Enterprise/Marion Travel Plaza (hereafter called "Marion Travel Plaza"). As part of the approval of the annexation request, the Marion City Council desires to clearly define the services the City intends to provide to Marion Travel Plaza. It is agreed by the City and Marion Travel Plaza that:

1. The City does not have sanitary sewer service available to the Marion Travel Plaza property and does not intend to extend such service to the property, since such an extension is not economically feasible due to the unique topography of the area. Therefore, as authorized by the North Carolina General Statutes, the City will provide septic tank maintenance and repair service in lieu of sanitary sewer service, upon request of the Marion Travel Plaza. Such septic tank maintenance and repair service shall be governed by the City of Marion Policy Regarding Maintenance of Septic Tanks in Areas where Sewer Service is not Feasible within the Marion City Limits.

2. The City of Marion does not have water service available to the Marion Travel Plaza property and does not intend to extend such service to the property in the next five years. If water service is desired at the Marion Travel Plaza property at any time in the future, the Marion Travel Plaza agrees to pay the City for the costs of such extension, unless an alternate arrangement is agreed to by the City and Marion Travel Plaza.

This Agreement is approved as of this the 7th day of October, 2008, as evidenced by the signatures below.

C. Approve Resolution Adopting Identity Theft Protection Plan

RESOLUTION
REGARDING SECURITY OF SENSITIVE AND CONFIDENTIAL INFORMATION AND BREACH RESPONSE PLAN

WHEREAS, the City of Marion, in its normal course of business collects identifying information from customers, employees, vendors, and other individuals, and

WHEREAS, this information is confidential, and failing to secure such information could be detrimental to such persons, and

WHEREAS, G.S 132-1 states the governing body has an obligation to secure and limit access to information involving customers and employees, and

WHEREAS, in accordance with the Federal Trade Commission's Fair and Accurate Credit Transaction Act of 2003, the Identity Protection Act of 2005, NCGS 75-60 of the Identity Theft Protection Act, NCGS 14-113.20 Identity Theft and NCGS 132-1.10 of the Public Records Act, the City is required to safeguard certain information of customers, employees, vendors, and other individuals who provide information to the City that is covered by the Act, and

WHEREAS, the Federal Trade Commission requires the adoption of identity theft programs in place by November 1, 2008

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Marion does hereby adopts this resolution and the attached Policy: Security of Sensitive and Confidential Information and Breach Response Plan the purpose of which is to communicate to employees and third parties their responsibility for protecting sensitive and confidential information pursuant to the Act and a response plan in the event that there is a breach of information subject to the Act.

ADOPTED this the 7th day of October, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk
Resolution Number: R-08-10-07-1

AA.00000035 (24)

City of Marion
Administrative Policy

Policy: Security of Sensitive and Confidential Information and Breach Response Plan

SECTION 1. Purpose

In accordance with the Federal Trade Commission's Fair and Accurate Credit Transactions Act of 2003, the Identity Protection Act of 2005, North Carolina General Statutes (N.C.G.S) 75-60 of the Identity Theft Protection Act, N.C.G.S 14-113.20 Identity Theft, and N.C.G.S 132-1.10 of the Public Records Act (together, the "Act"), the City is required to safeguard certain information of customers, vendors, employees, and other individuals who provide information to the City that is covered by the Act. The purpose of this policy is to communicate to employees and third parties their responsibility for protecting sensitive and confidential information pursuant to the Act and a response plan in the event that there is a breach of information subject to the Act.

SECTION 2. Definitions

Sensitive Information – Information that is identifying information according to the Act and through contractual obligations related to merchant services (credit card acceptance). The following are specifically identified as sensitive information:

1. Social security and employer taxpayer identification numbers
2. National and international identification
3. Drivers license, State identification card, or passport numbers
4. Credit card and debit card numbers
5. Savings and checking account numbers
6. Personal Identification (PIN) Code
7. Passwords
8. Electronic identification numbers, electronic mail names or addresses, internet account numbers, or internet identification names Customer credit information (credit history, pay arrangements, and financial transactions)
9. Parent's legal surname prior to marriage
10. Any other numbers or information that can be used to access a person's financial resources.
11. Digital signatures
12. Biometric data
13. Fingerprints
14. A persons first name or first initial and last name in combination with identifying information

Confidential information – Under State statute (N.C.G.S 132-1), the City also has an obligation to secure and limit access to other information involving customers and employees. The following are identified as confidential information, although this is not a complete listing:

1. Communication with legal counsel
2. State and local tax information that contain information about a taxpayer's income or receipts except as provided in G.S. 153A-148.1 and G.S. 160A-208.1.
3. Public enterprise billing information (utility customer data)
4. Records of criminal investigations conducted by public law enforcement agencies
5. Names, addresses, telephone numbers, or email addresses that are contained in the 911 database, emergency notification system, or reverse 911 system.
6. Emergency response plans
7. Economic development incentives

Security Breach – A breach is considered to have taken place if any sensitive or confidential information is suspected to have been stolen, viewed, copied, or otherwise compromised by an unauthorized individual or if it is suspected that information has been lost and could be accessed by unauthorized individual(s). A breach of information can occur physically or virtually via technology. Access and use of sensitive or confidential information by an employee or agent of the City for a legitimate purpose is not a security breach, provided that the sensitive or confidential information is not used for a purpose other than a lawful purpose and is not subject to further unauthorized disclosure.

SECTION 3. Responsibilities of Departments

3.1 Each department will develop and maintain a standard procedure to provide staff with specific guidance on the protection of sensitive and confidential information applicable to the department. Departmental procedures will supplement, but not supersede this policy or applicable laws.

3.2 Each department will ensure that service providers who are in contact with sensitive or confidential information are aware of security requirements, as well as the need for confidentiality, through proper contractual agreements and arrangements.

3.3 Department heads are responsible for determining which employees are authorized to access and handle sensitive and confidential information and the department head must

AA.000000036 (24)

ensure that the authorized employees are trained to handle such information in accordance with this policy.

3.4 All employees who manage and work with sensitive and confidential information are required to read and sign the Sensitive Information User Agreement which will be maintained in the employees personnel file.

3.5 All third party contractors who may have access to sensitive and confidential information are required to read and sign the Sensitive Information Service Agreement which will be maintained with the contract.

SECTION 4. Managing, maintaining, and storing sensitive and confidential information

4.1 Employees who have access to sensitive and confidential information are required to create, handle, maintain, and dispose of such information with prudent care in order to ensure proper security. Access to sensitive and confidential information will be limited and only provided in order for authorized employees and contractual third parties to perform essential tasks for City business.

4.2 The following procedures should be followed while creating, handling, maintaining, storing, and disposing of sensitive information.

1. Enter information directly to a final destination (i.e. computer system) and refrain from documenting the information in other areas.
2. If sensitive information is written on paper for reference, shred immediately upon recording the information in the final destination.
3. Electronic payment data should be handled by authorized personnel and only the last 4 digits of the customer's credit or debit account number should be visible on reports.
4. Sensitive information should not be included on e-mails.
5. Sensitive information should not be included on printed reports except as needed for the performance of essential tasks.
6. Maintain documents that contain sensitive information in a secured room and limit access to the area.
7. If possible, utilize encryption to secure information in the database or storage system.
8. Do not leave a computer unattended if sensitive information could be accessed by
9. unauthorized individuals. While away from the computer, log off or lock the workstation.
10. Do not store files with sensitive information on laptops or on flash drives unless the information and the device can be secured and not accessible to unauthorized individuals.
11. Take reasonable measures when destroying sensitive data that will prohibit the information from being read or reconstructed. Documents with sensitive data should be shredded by the individual who has authorized access to the data or by another employee while in the presence of the authorized employee. The City may enter into a written contract with a third party in the business of record destruction to destroy sensitive information in a manner consistent with this policy.

4.3 In order to protect sensitive and confidential information, the City will only release sensitive information to the account holder or individual(s) who own the information upon confirmation of personal identifying information or a valid picture ID. The confirmed account holder or individual may authorize the release of sensitive information to a third party. Confidential information will only be released in accordance with state statute. The only exception will be the release of specified information pursuant to a court order, warrant, subpoena or other requirement by law.

SECTION 5. Identify Theft Risk

5.1 The City has a responsibility to define high risk areas for identity theft and identify potential threats for identity theft known under the Act as red flags. The red flags are indicators that sensitive information is being fraudulently used. This policy in combination with department specific guidelines should help to detect a potential for identify theft and unauthorized use of information.

5.2 The following are red flags that have been identified as indicators that sensitive information is being used fraudulently. Red flags are most commonly associated with activity on customer accounts (utilities, taxes, activity registrations, vendors). Other red flags may exist that are unique to a department and should be included in departmental guidelines.

1. The customer or individual provides notice that they are a victim of identify theft
2. A consumer reporting agency or service provider has provided an alert, notification, or other warning
3. Unusual number of recent and significant inquiries
4. Unusual or significant change in recently established credit or financial relationships
5. Conflicting names on identification and other documentation

AA.00000037 (24)

6. Documents provided appear to have been altered or forged
7. Picture identification is not consistent with the appearance of the individual presenting the identification or the physical description on the identification does not match
8. Shortly after establishing an account, there is a request to change a mailing address or to add authorized users to the account
9. Personal identifying information provided is not consistent with other external information sources
    a. Social security number does not match or is listed on the Social Security Administration's death master file
    b. Address does not match or is fictitious, a mail drop, or prison
    c. The phone number is invalid or associated with a pager or answering service
    d. Authenticating information (i.e. PIN, password) provided is incorrect
    e. Name on credit card or check does not match name on account or names associated with the account.

5.3 Upon identification of a red flag indicating a potential risk of identify theft; staff should notify their immediate supervisor in person or by telephone to determine the validity of the red flag. Once an identify theft risk is confirmed, staff should respond in accordance with the breach response plan (Section 6).

SECTION 6. Sensitive and Confidential Information Breach Response Plan

6.1 Step 1. Identify that a breach of sensitive or confidential information has occurred.

Physical Breach - The following are indications that there has been unauthorized access to sensitive and confidential information via a physical breach. Other activities may occur that are also physical breaches that are not included in the listing.

a. Evidence of lock tampering on file cabinets or office doors
b. Evidence of unauthorized entry in an area where sensitive and confidential information is stored
c. Missing files or documents that contain sensitive information

Technology Breach - The following are indications that there has been unauthorized access to sensitive and confidential information via a technology breach. Other activities may occur that are also technological breaches that are not included in the listing.

a. Unknown or unauthorized name in the computer logon window
b. Disconnected computer cables or power cables
c. Missing computer equipment (desktop, laptop)
d. Evidence that electronic files have been accessed by unknown or unauthorized individuals or are missing
e. Devices or media attached to the computer that are not known or authorized
f. Unusual programs running, icons, or windows that appear that are not known and are not part of the normal work process
g. Any other suspicious activity which indicates an attempt to use technology without approval

6.2 Step 2. Notify the appropriate internal and external contacts.

Internal notification – Any City employee who becomes aware of a suspected or actual security breach must notify their immediate supervisor. The immediate supervisor will notify department management who is responsible for further investigation and notification. If the breach involves electronic equipment, the Information Systems Manager should be notified by telephone or in person.

External notification – The City is required to notify affected individuals of actual security breaches. Each suspected breach will be reviewed by the city manager's office, the department where the breach occurred, law enforcement, and Information Systems (if applicable) to determine the appropriate action that will include the following:

a. Notify the affected individuals without unreasonable delay providing information in general terms about the incident, the type of sensitive information that was subject to the unauthorized access, the actions that the City will take to protect the information from further access, a telephone number that the person may call for further information and assistance, and advice that directs the person to remain vigilant by reviewing account statements and monitoring free credit reports.
b. Providing affected individuals with information about how to alert credit agencies to potential fraud and identity theft.
c. Notice to affected individuals may be provided by one or more of the following methods:

AA.0000000038 (24)

a. Written notice
b. Electronic notice for those individuals for whom the City has a valid email address and who have agreed to receive communications electronically
c. Telephonic notice provided the contact is made directly with the affected persons and appropriately documented by the City.

d. A substitute notice may be given if the cost of providing the notice exceeds $250,000, the number of affected persons is greater than 500,000, or the City does not have the necessary contact information to notify the individual in any of the aforementioned manners. A substitute notice will include posting a notice on the City's website and notifying major statewide media.
e. If a security breach involves more than 1,000 persons, the City will provide written notice of the timing, distribution, and content of the notice to the Consumer Protection Division of the North Carolina Attorney General's Office, as well as to all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined in 15 U.S. C. 1681a(p).
f. Notice may be delayed if law enforcement informs the City that disclosure of the breach would impede a criminal investigation or jeopardize national security. Such request by law enforcement must be documented in writing.

6.3 Step 3. Implement Plan

The City Manager will designate a security breach response team to investigate and handle the breach until such time that the threat has ended and affected individuals and agencies are notified.

Technology Breach Response – The Information Technology employee or contracted provider is responsible for the following response upon being notified of a technology security breach by the Finance Director or City Manager.

a. The Information Technology employee, Finance Director or City Manager will notify computer users that a technology breach has occurred and the breach response plan is being implemented
b. The Information Technology employee or contracted provider will secure the computer infrastructure as deemed appropriate which may include but is not limited to disconnecting network connections to outside locations, disconnecting servers or any other device on the network until the breach is isolated.
c. Information Technology employee or contracted provider will preserve evidence that may be needed by law enforcement for investigative purposes

6.5 At least annually, the City will review all incidents of potential or actual security breaches and report findings and recommendations to the City Council.

SENSITIVE INFORMATION USER AGREEMENT

I have read the Security of Sensitive and Confidential Information and Breach Response Plan policy for the City of Marion, North Carolina and understand how to properly manage, maintain, store, and dispose of sensitive and confidential information at the City of Marion, North Carolina. I will abide by the policy and will handle sensitive and confidential information with prudent care in order to ensure proper security of the information.

In the event of a suspected or actual breach of sensitive and confidential information, I will notify my immediate supervisor without delay and follow the breach response plan.

I understand that negligent handling or inappropriate use of the City's sensitive and confidential information will be subject to disciplinary action up to and including dismissal and may be criminally and civilly prosecuted as allowed by law.

I have read, understand, and agree to the conditions above.

Printed Name of Employee: _____

Department: _____

Signature of Employee: _____

Date Signed: _____

SENSITIVE INFORMATION SERVICE AGREEMENT

I, _____, an authorized representative of _____ ("Company"), hereby acknowledge that I have read and will adhere to the requirements listed below as they apply to the services procured by the City of Marion, North Carolina ("City").

1. The appointed representative(s) of the Company have read the City of Marion, North Carolina administrative policy III.14 Security of Sensitive and Confidential Information and Breach Response Plan.

2. The Company accepts responsibility for the security of sensitive and confidential information in their possession.

3. Data can only be used to complete the service as described by the City for which the Company was engaged to perform.

4. If the Company is providing service that is related to a key function of the City, the Company must assure business continuity in the event of a major disruption, disaster, or failure as provided for by contract.

5. If a security intrusion has been detected, the Company will notify the City immediately. If the Company has placed sensitive data on their system and the system has been breached, the Company will allow their system to be thoroughly reviewed at the Company's expense. This review may be conducted by the City or an appointed representative. In the event the intrusion is related to credit card numbers, the review may be conducted by a Payment Card Industry representative and will validate compliance with Payment Card Industry Security Standards for protecting cardholder data.

PRESENTATION OF ADVANCED LAW ENFORCEMENT CERTIFICATE TO POLICE SERGEANT MIKE HENSLEY: Police Chief Mika Elliott commended Sergeant Mike Hensley for the hard work and dedication he has given to the City of Marion and presented him with an Advance Law Enforcement Certificate from the State of North Carolina that read as follows:

STATE OF NORTH CAROLINA
Department of Justice
Criminal Justice Education and Training
Standards Commission

To all to whom these presents may come

Greeting

Be it known that in recognition of the attainment of training and educational objectives commensurate with the role of a professional criminal justice officer and of personal devotion and service to the people of North Carolina, the Attorney General and the Chairman and Members of the North Carolina Criminal Justice Education ant Training Standards Commission, through the authority vested in them by the laws of the State, do hereby award to

MICHAEL SCOTT HENSLEY
this
ADVANCED LAW ENFORCEMENT CERTIFICATE
With all the rights and privileges thereunto belonging

In testimony whereof we fix our hand this 28th day of August, 2008 in the City of Raleigh in the State of North Carolina in the United States of America.

_____
Attorney General

_____
Commission Chairman

_____
Director, Criminal Justice
Standards Division

Chief Elliott advised that Sergeant Hensley was a credit to the department and that the City was fortunate to have such a fine officer. Mayor Clark and Council Members all commended Sergeant Hensley for this award and for the great job he does for the City.

PUBLIC APPEARANCE – MR. JAKE ASTA – DISCUSS PBA BOWLING TOURNAMENT AT LIGHTING LANES: The City Manager stated that Mr. Asta's daughter had contacted him to request that Mr. Asta be allowed to appear at this meeting to discuss a Professional Bowler's Association (PBA) Senior Tournament he intends to bring to Lightning Lanes.

Mr. Asta was not present and no action was taken.

PRESENTATION OF THE N.C. STEP PROGRAM INVESTMENT RECOMMENDATIONS – N.C. STEP PROGRAM LEADERSHIP COMMITTEE: Ms. Heather Cotton, Planning and Development Director gave a summary of recommendations of the N.C. STEP Program Leadership Committee. Ms Cotton advised that the Committee had recommended the following implementation projects be used for the $200,000 of Rural Center grant money for the project. The proposed implementation projects are as follows:

NC STEP ECONOMIC INITIATIVES

PROJECT ONE

PROMOTE "MADE IN MCDOWELL" BRANDING

DESCRIPTION
"Issues for Strategy Implementation"
Marion is a very close-knit community. Many residents can trace their lineage back to pioneers who first settled in the area. There is a strong desire to preserve and capitalize on this heritage in a changing economy. Many visitors pass through the region purchasing goods that are locally made and produced while taking advantage of natural and cultural activities that the area has to offer. In order to attract visitors, Marion must offer something unique and one way to do that is to create a brand that sets it apart from the rest of the region.

OBJECTIVES (1)
"Steps and Timeframe"
- Conduct a feasibility study to create a "Made in McDowell"Marketing Brand.(See Appendix D)
- Develop a marketing plan that interests visitor demographics who enjoy cultural-heritage activities.
- Assist local businesses with developing price points for products
- Create a web-based and print–based advertising campaign to promote "Made in McDowell" goods including locations, directions, biographies, and other information of interest.
- Establish a central vendor location for promoting and selling locally made and grown products that provides access and support services that will enhance business performance (i.e. internet access, advertising, marketing, etc)

DESIRED RESULT
"Outcome Metrics"
Create a destination for visitors based on "Agri-Cultural" tourism that

AA.00000041 (24)

promotes locally produced goods and ties Marion into the Blue Ridge National Heritage Area (BRNHA).

SUCCESS INDICATORS/ ACHIEVEMENTS "Implementation/ Milestones/Schedule"

- Develop "Made in McDowell" brand.
- Identify location and construct facilities to establish permanent location for farmer's market.
- Establish a website for Made in McDowell and print-media for advertising and promoting the area.
- Promote "Made in McDowell" through BRNHA and the State Tourism office.

CONVENING/LEADING ORGANIZATIONS & PARTICIPATING ORGANIZATIONS (See Appendix A for Roles and Responsibilities)

City of Marion
Marion Business Association
McDowell County Tourism Assoc.
McDowell Chamber of Commerce
McDowell Arts Council
NC Cooperative Extension Service
Old Fort Heritage Alliance

FUNDING NEEDS Funding will be needed to develop a brand as well as develop and produce advertising materials. $110,000

POTENTIAL FUNDING SOURCES

McDowell Tourism Association
NC Arts Council
NC Rural Center - Economic Stimulus Grant
Blue Ridge National Heritage Area (BRNHA)
United States Department of Agriculture (USDA)
North Carolina State University/North Carolina Extension Service

(1) The STEP Steering Committee recommended that remaining STEP planning funds be allocated to the first two objectives outlined in Initiative Four. The City of Marion and DBA have contracted Arnet & Molder to complete a Branding and Marketing Study for Marion.(See Appendix D)

PROJECT TWO

SUPPORT ENTREPRENEURIAL COMMUNITY THROUGH DEVELOPMENT

DESCRIPTION "Issues for Strategy Implementation"

Several organization offer small business assistance in Marion and McDowell County through specialized training programs such as REAL and the McDowell County Community College Small Business Center. Participants identified the need to expand entrepreneurial assistance and training in order to attract and retain business in the community.

OBJECTIVES "Steps and Timeframe"

- Create a market assessment and marketing plan as tool to assist local business owners.
- Develop incentive programs for small business startup such as rental/utility assistance, provide capital resources, and/or revolving loan program.
- Enhance existing façade grant program.
- Expand training opportunities.
- Develop a mentor program for one-on-one business assistance for specialized needs.
- Become a Certified Entrepreneurial Community (CEC) through Advantage West
- Provide entrepreneurial training opportunities and education for youth and retirees and mentorship/cross-training program.

DESIRED RESULT "Outcome Metrics"

AA.000000042 (24)

Build a community-wide network of services that foster and support entrepreneurial growth and success.

SUCCESS INDICATORS/ ACHIEVEMENTS "Implementation/ Milestones/Schedule"
- Training and mentoring opportunities increase and are utilized by business community.
- Small business retention increases and job creation grows unemployment rate decreases.
- Complete steps for and achieve CEC status through Advantage West.

PROJECT THREE

ESTABLISH AND STRENGTHEN TECHNOLOGICAL INFRASTRUCTURE

DESCRIPTION "Issues for Strategy Implementation"
The City of Marion recognizes the need to strengthen technological infrastructure to compete in the global economy, create jobs, as well as attract and retain new enterprise.

OBJECTIVES "Steps and Timeframe"
- Assess current infrastructure (current access to broadband, bandwidth, affordability, etc.)
- Conduct feasibility and cost estimate to build and strengthen a network infrastructure for access to high-capacity broadband service.
- Establish infrastructure for wireless services within the downtown as an amenity and identify and partner with a local provider.
- Market "hot spots" areas that have wireless internet accessibility downtown.
- Provide training seminars on how and the advantage of promoting a business on the web.

DESIRED RESULT "Outcome Metrics"
A network system offering bandwidth capacity that supports current and future needs (100 Mbps +) and which places McDowell County in a competitive position to attract and retain businesses that rely on such infrastructure to compete in the global economy.

SUCCESS INDICATORS/ ACHIEVEMENTS

AA.00000043 (24)

**"Implementation/
Milestones/Schedule"**
- Increase in local business activity over the internet
- Wireless access to the internet from anywhere downtown
- Number of stakeholders and participating organizations increase to help achieve success.
- State and federal policies developed and periodically evaluated to offer continued support for the development of such infrastructure.

CONVENING/LEADING ORGANIZATIONS & PARTICIPATING ORGANIZATIONS (See Appendix A for Roles and Responsibilities)
City of Marion
Marion Business Association
McDowell County
McDowell Chamber of Commerce
McDowell County Schools
McDowell Community College
Town of Valdese

FUNDING NEEDS - A cost estimate for a high-capacity broadband shall be determined through a feasibility study. It is anticipated to be a multi-phased project requiring long-term investment.
- Estimated cost to establish a wireless network in the downtown is $30,000.
- It is not anticipated that training will require additional funding.

POTENTIAL FUNDING SOURCES

United States Department of Agriculture (USDA)
North Carolina Rural Center

STRATEGIC PROJECT FOUR

21st CENTURY INNOVATOR COMMITTEE

DESCRIPTION
"Issues for Strategy Implementation"
The STEP Steering Committee recognizes that knowledge is the gateway to a sustainable economic future, and the more prepared the community is about long-range global trends the more successful it will be to adapt to economic change. The STEP Steering Committee would like to organize a community based committee of diverse forward-thinking individuals/ life-long learners with interest and/or experience in science, art, ecology, technology, business to identify and research global trends and share their thoughts and ideas with the community.

OBJECTIVES
"Steps and Timeframe"
- Identify, compile, and periodically update information on innovative research and development taking place globally.
- Establish methodology for evaluating the community's ability to adapt to new trends/conditions (e.g. ability to cross-train workforce for new technologies).
- Make presentation and/or recommendations to educate the community about future trends and its potential local impact (opportunities and concerns).
- Explore opportunities to utilize new technologies to reach people globally and network with other innovators from across the world to exchange information and build relationships.

DESIRED RESULT
"Outcome Metrics"
Create a community-based system that fosters open-minded innovative thinking, learning, and leadership; educates and prepares the community for global trends that have the potential to cause or create local transformations; and cultivates the development of new entrepreneurial innovations.

AA.0000000044 (24)

SUCCESS INDICATORS/ ACHIEVEMENTS
"Implementation/ Milestones/Schedule"
- Business start-ups increase
- Decline in dramatic fluctuation in economic indicators evident in unstable economy.
- Increase in business diversity.

CONVENING/LEADING ORGANIZATIONS & PARTICIPATING ORGANIZATIONS (See Appendix A for Roles and Responsibilities)
McDowell Community College
McDowell County Schools

McDowell County Library
McDowell County Senior Center
City of Marion
Communities of the Future

FUNDING NEEDS Funding is not a critical element in the formation of the 21st Century Innovator Committee. However, a small pool of funding could be useful for hiring a Futurist Consultant to develop a framework for the committee as well as the development of an internet-based portal (website) for the exchange of information and communication.

POTENTIAL FUNDING SOURCES
Marion Business Association
City of Marion
McDowell County Library

PROJECT FIVE

IMPROVE WATER AND SEWER INFRASTRUCTURE

DESCRIPTION
"Issues for Strategy Implementation"
The City of Marion operates both a drinking water and wastewater utility. Facilities, in large part, were built to serve industries that are now gone. Most of the infrastructure for the water utility was constructed in the mid 1950's and is in need of improvements. In addition, the City's wastewater treatment facilities have not undergone any significant improvements since initial construction. The STEP Steering Committee recognizes that in order to support economic growth adequate public facilities must be in place.

OBJECTIVES
"Steps and Timeframe"
- Evaluate future adequacy of water supply and opportunities for off-stream impoundments for the development of emergency water intake on the Catawba River for use in drought conditions.
- Update the capital improvement plan.
- Encourage cooperative water and sewer systems throughout the county and extend water and sewer lines as necessary to accommodate future growth such as Sugar hill Road to I-40 interchange.
- Continue program to replace aging and undersized water and sewer lines.
- Implement the elimination and minimization of inflow and infiltration of wastewater system and reduce number of discharge points.
- Eliminate Catawba River WWTP, upgrade Corpening Creek WWTP to make the plant a true 3 million gallon a day facility capable of meeting current and future state and federal regulations.

DESIRED RESULT
"Outcome Metrics"
Make significant investment in wastewater facility improvements, as well as update the

AA.00000045 (24)

CIP and continue to evaluate, plan and implement projects to enhance the performance, reliability, and productivity of public facilities to ensure facilities are available for economic growth.

SUCCESS INDICATORS/ ACHIEVEMENTS
"Implementation/ Milestones/Schedule"
- Continue to make reductions in amount inflow and infiltration into waste water system.
- Make wastewater treatment plant upgrades.
- Enhance and extend water and sewer services to accommodate future growth.

CONVENING/LEADING ORGANIZATIONS & PARTICIPATING ORGANIZATIONS
(See Appendix A for Roles and Responsibilities)
City of Marion McDowell County
Old Fort

FUNDING NEEDS The estimated cost of water and sewer infrastructure improvements through the year 2030 is $40 million, with wastewater plant improvements projected to cost $6 million. The City has received partial funding for improvement for the wastewater system in
the amount of $ 4 million. The City has also completed a study for the Sugar Hill Road extension, which is estimated at $ 1.7 million.

POTENTIAL FUNDING SOURCES
North Carolina Department of Environment and Natural Resources (NCDENR) - Clean Water Management Trust Fund NC Rural Center – Water & Sewer Improvement Grant
- Economic Infrastructure Fund (EIF)

PROJECT SIX

DOWNTOWN DEVELOPMENT CENTER

DESCRIPTION
"Issues for Strategy Implementation"
The STEP Steering Committee would like to establish a development center that would provide business support services that focus on job creation, retention, and expansion as well as adaptable multi-use facilities to hold workshops, training seminars, conferences, and business meetings. In addition, the development center would provide cooperative facilities, marketing opportunities, and cost share equipment to help reduce startup costs for new and smaller businesses. The Steering Committee has recommended that the Development Center incorporate Strategic Project One "Made in McDowell" initiative The Marion Business Association in coordination with the NC Cooperative Extension Service is working on plans for a new farmer's market facility and the McDowell Arts Association is working on plans for a new cultural arts and heritage center. Both
plans include multi-use facilities and support services specifically tailored to meet the needs of these economic sectors. It is the committee's desire to support these plans in both arts and agriculture to create a creative climate attractive to other small businesses having the desire or need to benefit from the cooperative facilities and services.

OBJECTIVES
"Steps and Timeframe"
- Establish local over-sight committee.
- Conduct a feasibility study to identify market potential, versatility of retail use, location and cost.
- Support plans for farmer's market facility and cultural arts and heritage center.
- Develop regular training opportunities, co-op marketing and advertising opportunities, and technical assistance.

DESIRED RESULT
"Outcome Metrics"
Expand the number of retail businesses that are located downtown and provide them with supportive services to help them succeed.

SUCCESS INDICATORS/ ACHIEVEMENTS
"Implementation/ Milestones/Schedule"
- Number of new business start-ups are established.
- Empty storefronts are replaced by retail businesses
- Increase in sales and revenue downtown
- Job creation
- Enhanced support services and facilities

PROJECT SEVEN

PROMOTE ADAPTIVE REUSE OF BROWNFIELD SITES

DESCRIPTION
"Issues for Strategy Implementation"
Vacant/underutilized industrial sites (84 acres) serve as a constant reminder of Marion's economic hardship. Marion needs to revitalize these areas to make them functional and productive again. In redeveloping sites, attention should be given to changes in the economy. Marion wants to be a destination for heritage tourism, a gateway community to the Blue Ridge Mountains. To be successful in this economic sector, Marion must protect the natural resources that attract visitors. The redevelopment of Marion's old textile mills provides opportunity to accommodate innovative new industry, small to mid-sized commercial and office space, as well as new residential housing while limiting the demand for new and expanding infrastructure, as well as limiting development encroachment on natural resources. The redevelopment of these sites has the potential to create new employment opportunities and support a cross-section of
entrepreneurial growth, benefit existing businesses, and supply housing for Marion's workforce with virtually no development impact and at a relatively low cost on infrastructure.

OBJECTIVES
"Steps and Timeframe"
- Identify and collect information on potential brownfield sites within Marion including an assessment of available funding opportunities, tax credits, and other applicable incentives.
- Promote Isothermal Regional Planning Commission's EPA Phase I Assessment grant opportunity through direct communication, community/civic meetings.
- Conduct feasibility study to identify market potential, versatility of use, location, risks, and cost.
- Identify and establish Public/Private partnership for funding and development within the parameters of the feasibility study.
- Public acquisition of site and prepare development plan.

DESIRED RESULT
"Outcome Metrics"
Provide support to interested parties to encourage the redevelopment of brownfield sites in an effort to make underutilized sites safe, productive, and active centers within the community again.

SUCCESS INDICATORS/ ACHIEVEMENTS
"Implementation/ Milestones/Schedule"
- Educate community of the benefits of brownfield redevelopment and available programs.
- Identify brownfield areas within Marion eligible for EPA Phase I Assessment assistance.
- Develop a pilot program and identify partnership to redevelop a brownfield site in Marion.
- Evaluate pilot program, make changes when needed and as necessary, and continue to promote the program until all sites have been redeveloped in fully functioning areas of economic and social activity.

AA.000000047 (24)

McDowell County

FUNDING NEEDS Depending on the size, facilities and location there are several funding opportunities available to support such project. Project cost will be dependent upon each sites unique characteristics.

POTENTIAL FUNDING SOURCES
United Stated Department of Agriculture (USDA)
Appalachian Regional Commission (ARC)
North Carolina Rural Center
United States Environmental Protection Agency (EPA)
North Carolina and United States Department of Interior Historic Tax Credit programs

The City Manager commended Freddie Killough and Bobbie Young with the Marion Business Association and especially Ms. Cotton for the countless hours they have put into this project.

Mayor Clark stated that the NC STEP Program is still a new program and that the North Carolina Rural Center wants to have projects that create sustainable jobs.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Mayor Pro Tem Little, Council voted unanimously to approve the N.C. STEP Program investment recommendations as presented and recommended by the N.C. STEP Program Leadership Committee.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

CONSIDER APPROVAL OF PERMIT TO OPERATE GAME ROOM AND POOL TABLES – CUE AND CUSHION – EAST COURT STREET: The City Manager stated that Mr. Jeremy McClellan has applied for a permit to operate the Cue and Cushion on East Court Street. The business would have ten pool tables and six games. The Police Department ran a criminal history check on the applicant and there were no items found on the State criminal history check.

The City Manager advised that local criminal records, which are readily available to anyone, came back showing misdemeanor convictions for Mr. McClellan for simple possession of drugs, driving with no operator's license, simple possession of marijuana, possession of drug paraphernalia, hit and run and two convictions for driving while impaired. Mr. McClellan had charges dismissed for speeding to elude arrest, for a red light violation, for having no insurance and for simple possession of marijuana. The status of 1997 charges for failure to return rental property and failure to appear in Court could not be determined from the local records. The City Manager stated that Mr. McClellan said he plans to purchase Cue and Cushion, but first wants to see if he can obtain the permit to operate the game room and pool tables.

The City Manager advised that under the City's Game Room/Pool Room ordinance, Council shall deny a permit to an applicant who has been convicted of unlawfully selling intoxicating liquors or narcotic drugs, is not a citizen and resident of the State, is an excessive user of intoxicating liquor or narcotic drugs or, who, as a result of the criminal background check, is deemed by Council to be unfit to conduct the business for which the license is applied. The City Manager stated that, as a result of the criminal background check, Mr. McClellan does not appear to have been convicted of illegally selling intoxicating liquors or narcotics and he appears to be a resident of North Carolina. The City Manager stated that whether Mr. McClellan is an excessive user of intoxicating liquors or narcotic drugs or is unfit to conduct the business for which the license is applied is a judgment call to be made by Council.

A copy of our Pool Room/Game Room ordinance was presented to Council for their review.

A discussion followed.

AA.000000048 (24)

Upon a motion by Councilman Edwards, seconded by Mayor Pro Tem Little, Council voted unanimously to deny the permit request of Mr. Jeremy McClellan to operate a Game Room and pool table at the Cue and Cushion on East Court Street.

CONSIDER DONATION OF PROPERTY TO MCDOWELL COUNTY RESCUE SQUAD: The City Manager advised that Council discussed at the September 27 Planning Session the idea of donating to the McDowell Rescue Squad the City owned property at 200 State Street that houses the Rescue Squad's old building. The City Manager stated that Council discussed donating the property subject to a provision in the deed stating that if the property is ever sold in the future, the City will be paid for the value of the land, with the Rescue Squad retaining the value of the building.

The City Manager stated that State law allows a City to donate property to a Rescue Squad upon adoption of a resolution after 10 days public notice. If Council approves, the City Manager stated that he could have the notice published and then have the resolution prepared for Council approval at a future meeting. A deed could then be prepared transferring the property to the Rescue Squad.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to approve the donation of the City owned property at 200 State Street to the McDowell County Rescue Squad, Inc. contingent upon the conditions of State law being met, including publication of notice of the proposed property donation and adoption of the required resolution, with the condition of the donation being that the City will be paid for the value of the land if the property is ever sold by the Rescue Squad in the future.

SCHEDULE CITY COUNCIL PLANNING SESSION: A discussion was held regarding the best date for the next City Council Planning Session.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted to cancel the Regular City Council meeting on November 4 and to schedule the next City Council Planning Session for Thursday, November 6 at 6:00 p.m. at City Hall.

Council also decided to hold the one City Council Meeting in December on the regular meeting date of December 2, with the City Council Christmas Dinner being held on December 9.

DISCUSS VOLUNTEER FIREFIGHTER ISSUES: The City Manager advised that City Council had discussed at the September 27 City Council Planning Session the idea of volunteer firefighters staying overnight at the Fire Station to gain more experience. The City Manager advised that Council had stated that this was an administrative matter that the City Manager and Fire Chief could handle. The City Manager stated that, on the request of Councilman Edwards, he had placed this item on the agenda tonight for discussion.

The City Manager advised that, based on requests from volunteer firefighters, particularly newer volunteers, who wish to stay overnight to gain experience, Chief Neal proposed an approval form that the shift firefighter and Chief or Assistant Chief would need to sign prior to such overnight stay being allowed. The City Manager noted to Council that such allowance could mean that one volunteer firefighter who is a spouse of a paid firefighter might stay in the Fire Department with their spouse.

Councilman Edwards stated that he has problems with volunteers staying overnight at the Fire Station. He advised that, in his opinion, it is inappropriate for the City to allow a paid firefighter to be paid to sleep with their spouse when they are supposed to be on duty. Councilman Edwards questioned if this allowance might extend to family members and children as well.

AA.000000049 (24)

Councilman Edwards stated that he at times sees people gathering at the Fire Department at night, including children. He questioned whether the City has liability for this presence. Councilman Edwards stated that living across the street has also allowed him to hear shouting and loud noise at times coming from the Fire Department at night. He said that it bothers him to see this type of atmosphere at the Fire Department and even more the perception such activity gives to taxpayers. Councilman Edwards said that the Marion Fire Department had always been known for its professionalism and advised that some retired firefighters had mentioned to him that they did not like this activity.

A lengthy discussion followed.

The City Manager stated that his job was to follow the direction of Council, but that he saw no way to allow some volunteers to stay overnight at the Fire Station while not allowing others. He added that the request was only for volunteer firefighters to be allowed to stay overnight, not family members or others who are not volunteers.

Mayor Clark stated that this request did not come from Chief Neal or the paid staff; instead, it came from the volunteers of the Fire Department.

Councilman Edwards suggested that the fact that some volunteers were making the request should not be a factor.

Mayor Pro Tem Little stated that the Council does not need to get into micromanaging the operations of the Fire Department. He suggested that this issue should be handled by the Fire Chief.

Councilman Cuthbertson stated that Council is a policy making board and should not delve into administrative matters.

Councilman Edwards made a motion that a written policy be drafted and brought back to Council for review establishing guidelines for visitation and overnight stays at the Fire Department. The motion was seconded by Councilman Martin.

Councilman Martin stated that he did not have a problem with a policy being drafted and reviewed by Council.

Councilman Edwards stated that it would be better for staff to have a policy in place regarding this issue, since there were differing opinions among Council members. He stated that it would not be good for the City Manager to have to make decisions about this matter without a policy.

Mayor Pro Tem Little and Councilman Owenby both stated that they did not think a policy was needed as this was a matter that could be handled by staff.

The vote was as follows:

Councilman Edwards	Aye
Councilman Martin	Aye
Councilman Cuthbertson	Aye
Mayor Pro Tem Little	Nay
Councilman Owenby	Nay

The motion carried 3-2.

AA.000000050 (24)

The City Manager stated that he would work with Chief Neal to draft a policy that could be reviewed by Council and would also discuss the issues mentioned regarding noise and activity at the Fire Department at night.

ADD ON ITEM – REQUEST TO DESIGNATE PARKING SPACE ON SOUTH GARDEN STREET FOR HANDICAPPED/CURBSIDE VOTING: The City Manager advised that the Director of the McDowell County Board of Elections, Ms. Kim Welborn, is requesting permission to designate a parking space adjacent to the County Administration building on South Garden Street for handicapped/curbside voting during the One-Stop Voting Period between October 16 and November 1. The Board of Elections specifically requests that the parking space next to the handicapped space on South Garden Street be designated for handicapped/curbside voting.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to approve this request and designate a parking space next to the handicapped space on South Garden Street adjacent to the County Administration Building for handicapped/curbside voting during the Early Voting Period October 16-November 1.

CITY MANAGER'S REPORT: The City Manager gave a brief report on current projects as follows:

The City Manager advised that he had recently researched economic factors affecting the City as part of the completion of the Management Discussion and Analysis for the City's annual audit. The City Manager stated that this research revealed that taxable retail sales in the City grew by 6.4 percent in 2007-08 over 2006-07 taxable retail sales, a rate much higher than growth experienced in the County and across the State. The City Manager reported that 67 percent of taxable retail sales in McDowell County in 2007-08 took place in the City of Marion.

The City Manager presented Council with a spreadsheet showing industrial closings since 1990, updated to include the recent Spectrum Dyed Yarns plant closing. The City Manager stated that 2,988 manufacturing jobs have now been lost since 1990 in the City and the City's utility service area, with a total utility revenue loss of $565,202 per year and a total property tax loss of $129,746 per year.

The City Manager advised that staff is working to have the desired Clinchfield Park and greenway parcel surveyed, to create a lot to be subdivided off of the 12.55 acre Huskins Trust property off of Hill Street in Clinchfield that Frank Boldon purchased in late July. Chamad, Inc. has signed the lease for their parking lot that will be used for the new Park. The City Manager stated that staff will be scheduling work on the new Park, but that such work may be delayed to avoid interference with the residential development plans of Mr. Boldon adjacent to the Park site.

The City Manager reported that it is more likely that work will begin first on the new Eastfield Park adjacent to Eastfield Elementary School.

The City Manager advised that the City continues to make improvements to the City website, www.marionnc.org. He added that staff has recently added content regarding over 20 current projects and/or newsworthy events involving the City. The City Manager asked Council to let him know if they have ideas for additional content. Mayor Pro Tem Little suggested that the news and current projects section be displayed more prominently on the website frontpage. The City Manager stated that he would have that change made.

The City Manager advised that the Mountain Glory Festival would take place on Saturday, October 11. He advised that the Festival will expand to a third block and that the Festival will

AA.00000051 (24)

have a few additional vendors, despite the poor economy, as well as having considerable room for growth in the future.

The City Manager showed Council a concrete block showing the light green paint color chosen at the Planning Session for the repainting of the City's water tanks. After discussion, the Mayor and City Council agreed by consensus that the light green color would not be appropriate and authorized the City Manager to have the water tanks repainted the same color as they are now.

COUNCILMAN COMMENTS:

Councilman Cuthbertson stated that a lot on Morgan Street with frontage on Willow Street still has high grass on the Willow Street side of the property. The City Manager advised that Planning and Development Director Heather Cotton had this lot on the enforcement list and that action should take place by mid to late October.

Councilman Cuthbertson stated that the Holland family was very complimentary of the Fire Department during the recent fire at one of their businesses on East Court Street.

Mayor Clark noted that the Water Plant monthly report reflected that over 700,000 gallons of water were used for flushing the County's Nebo water system that is maintained by the City. Mayor Clark stated that the value of this water, at standard outside water rates, is over $40,000 per year, which is about the same amount the City is receiving in revenue from all water customers combined on the Nebo water system. He stated that this is not a good situation for the City.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.00000052 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 21, 2008 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Steve Miller, Water Plant Superintendent; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: John Morrow 774 Rutherford Road, Marion, NC; Patty Elliott 2465 Goose Creek Road, Marion, NC; Rex Wood, 746 Rutherford Road, Marion, NC; Dr. Bryan Wilson, 179 Devonwood Drive, Marion, NC; Matt Smith, 1105 Airport Road, Marion, NC; Sid Harkelrode, 845 Deepwoods Drive, Marion, NC; Sylvia Davis, 342 Forest Heights Drive, Marion, NC; Carroll Hemphill, Glenwood, NC; Charmane Davis 732 Rutherford Road Marion, NC; Jim Brady 754 Rutherford Road, Marion, NC.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – October 7, 2008 Regular City Council Meeting Minutes

B. Select Voting Delegate for National League of Cities Conference: Council designated Mayor Clark as the City's voting delegate for the National League of Cities Congress of Cities in Orlando, Florida in November.

C. Approve Waiver of Civil Citation: Mr. Donald Good appealed a parking citation issued on October 9 in the Rose's parking lot for parking in a handicapped parking space without displaying a handicapped placard. Mr. Good provided evidence that he had a handicapped placard and simply failed to display it. Council approval was given to waive the $10.00 penalty for the citation.

D. Approve Longevity Pay/Purchase of Turkeys for City Employees

The 2008-09 budget included funds for longevity pay for City employees.

DEPARTMENTAL SUMMARY - LONGEVITY 2008

DEPARTMENT		GROSS AMOUNT
ADMINISTRATION	420	$5,421.20
PURCHASING	445	$750.64
PLANNING AND INSPECTIONS	500	$1,241.00
POLICE	510	$13,924.92
FIRE	530	$2,837.96
PUBLIC WORKS ADMINISTRATION	545	$231.84
FLEET MAINTENANCE	555	$1,155.92

AA.00000053 (24)

STREET	560		$4,480.36
SANITATION	580		$2,659.64
UTILITY MAINTENANCE	810		$4,762.76
WATER PLANT	812		$2,699.52
WASTE TREATMENT PLANT	816		4,959.52
		GRAND TOTAL	**$45,125.28**

Council authorization was given for the payment of the longevity pay and for the purchase of turkeys for full-time, part-time and contract employees. The longevity pay and turkeys are distributed the week of Thanksgiving.

E . Approve Tax Refund

The Gladys Hollifield property off of Highway 221 North Business, which was annexed in 2005, has been billed incorrectly for the past three years. Property outside the City was coded as inside the City and billed incorrectly for taxes. The approved refund amount is $2,534.55.

PRESENTATION OF AWARD FOR WATER PLANT PERFORMANCE FROM NORTH CAROLINA PUBLIC WATER SUPPLY SECTION:

The City Manager advised that the City recently received for the sixth year in a row an award from the State of North Carolina Public Water Supply Section for excellent performance at the Water Treatment Plant. Marion was one of only 16 water plants out of 189 in the State to receive this award. The City Manager stated that this award is indicative of the tremendous performance provided by Water Plant Superintendent Steve Miller and the Water Plant staff.

Mayor Clark presented Mr. Miller with the award, which read as follows:

NC Area Wide Optimization Program
Certificate of Facility
Turbidity Removal Optimization
2007
City of Marion – Water Treatment Facility

NC Public Water Supply Section
Division of Environmental Health

Mayor Clark and Council members commended Mr. Miller for the continued excellent performance of the Water Plant. Mayor Pro Tem Little noted that Marion has some of the best water in the country.

PRESENTATION OF NORTH CAROLINA WATERWORKS OPERATORS ASSOCIATION LIFE MEMBERSHIP AWARD TO WATER PLANT SUPERINTENDENT STEVE MILLER:

Mayor Clark presented Mr. Miller with a life membership award from the North Carolina Waterworks Operators Association that read as follows:

North Carolina Water Works Operators Association
Life Membership

This certificate of Achievement is Awarded to
Steven Miller

69th Annual Waterworks Operators School
Raleigh, North Carolina
September 24, 2008

Mayor Clark, Council Members and the City Manager all commended Mr. Miller on the great work he does for the City.

PRESENTATION OF GREEN CHALLENGE AWARD FROM NORTH CAROLINA LEAGUE OF MUNICIPALITIES: Mayor Clark stated that the City had recently been presented with a Green Challenge Award from the North Carolina League of Municipalities. Mayor Clark noted that Marion was one of 78 out of 542 total cities and towns in the State to receive this award. He added that the plaque itself was made out of recycled materials. The plaque read as follows:

NORTH CAROLINA LEAGUE OF MUNICIPALITIES
THE CITY OF MARION
HAVING COMMITTED TO EFFICIENT, ENERGY, SAVINGS OPERATIONS AND PRACTICES
HAS ACHIEVED
Level One
OF THE
NCLM Green Challenge
October 2008

The City Manager noted that the City received this recognition due to having a curbside recycling program, a commercial recycling program, an active tree planting and tree preservation program, conducting energy audits and improvements at City facility, promoting water conservation and preserving open space, among other activities.

PUBLIC HEARING – ADOPTION OF ORDINANCE – MCDOWELL TECHNICAL COMMUNITY COLLEGE ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing had been scheduled for the annexation of McDowell Technical Community College and surrounding property owned by McDowell County and North Carolina Forest Service. The City Manager stated that the property would be annexed effective October 31, 2008.

Dr. Bryan Wilson, President of McDowell Technical Community College, was present for this Public Hearing and stated that he appreciated Council considering this property for annexation, since the College is a tax exempt facility. He advised that the College is seeking annexation mainly due to the need for water and plans to hook the entire campus onto City water. Dr. Wilson noted that the College may also look into the City's dumpster and recycling services. He added that the City and College had previously reached agreement regarding law enforcement services and that the College did not want in any way to be a drain on City services.

Mayor Clark stated that he is glad the water service is available for the College campus and that the City is happy to be able to help out in any way possible.

Mayor Pro Tem Little stated that McDowell Technical Community College is a wonderful asset to the community and has contributed greatly to the education of people in the County and beyond.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to adopt the following ordinance annexing the McDowell Technical Community College area, effective October 31, 2008, as follows:

AA.000000055 (24)

**AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
MCDOWELL TECHNICAL COMMUNITY COLLEGE - 2008**

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, October 21, 2008, after due notice by publication on Wednesday, October 8, 2008; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of October 31, 2008:

BEGINNING on an iron pin in the Southern margin of the right-of-way for Interstate Highway No. 40 and in the Western margin of U.S. Highway No. 226, and running thence from said beginning point along and with the Western margin of Highway No. 226 the following courses and distances: South 50 degrees 12 minutes East 534.3 feet to nail; South 40 degrees 10 minutes East 259.42 feet to a stake; South 33 degrees East 192.82 feet to a stake; South 29 degrees 29 minutes East 630.5 feet to an iron pipe near a sign; thence leaving said highway South 56 degrees 30 minutes West 989.3 feet to a nail in the center line of the Clinchfield Railroad Company tracks; thence with the center line of said railroad track, North 35 degrees 45 minutes West 1,114.1 feet to a nail in a cross-tie, in Kanipe's line; thence along and with Kanipe's line the following courses and distances: North 27 degrees East 210.2 feet to a pipe; North 6 degrees 10 minutes West 140.3 feet to a stake in the right-of-way of Interstate Highway No. 40; thence along and with the right-of-way line of Interstate Highway No. 40, the following courses and distances: North 37 degrees 28 minutes East 111.4 feet to a stake; North 37 degrees East 120 feet to a stake; North 32 degrees 55 minutes East 146.7 feet to a concrete monument; North 33 degrees 27 minutes East 311.9 feet to the Beginning, containing 31.7 acres, more or less.

Section 2. Upon and after October 31, 2008, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 21st day of October, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-08-10-21-1

PUBLIC HEARING/ADOPTION OF ORDINANCE – MARION TRAVEL PLAZA SATELLITE ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing had been scheduled for the satellite annexation of Marion Travel Plaza on Sugar Hill Road. The City Manager stated that the property would be annexed effective October 31, 2008.

The City Manager noted that the City had previously entered into a service agreement with Marion Travel Plaza regarding the provision of water and sewer service to the property.

There were no citizens present to discuss this annexation.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Steve Little, seconded by Councilman Martin, Council voted unanimously to adopt the following ordinance to annex the Marion Travel Plaza property, effective October 31, 2008, as follows:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
MARION TRAVEL PLAZA – SUGAR HILL ROAD - 2008

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, October 21, 2008, after due notice by publication on Wednesday, October 8, 2008; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of October 31, 2008:

Being located on Sugar Hill Road (SR 1001), in the Marion Township of McDowell County, North Carolina as shown on that certain unrecorded plat of survey prepared by R. L. Greene Surveying and Mapping, dated October 3, 2001, Map #MM1-176-B and being more fully described as follows: BEGINNING on an existing iron pin located on the South side of Sugar Hill Road (SR 1001) having a bearing of N=214,281.547 meters, E=334,448.353 meters and NAD 83, a common corner of the property owned by Fred A. Staton and wife, (McDowell Deed Book 172, Page 601) and the beginning corner of Deed Book 609, Page 7, said existing iron pin also being located South 46 degrees 12 minutes 22 seconds West 1,845.136 feet from N.C.G.S. Monument "Sugar Hill" having a bearing of N=214,670.701 meters, E=334,854.244 meters and NAD 83 and a grid distance from the monument to said corner of 562.306 meters, and from said beginning, running with the Staton line the following courses and distances: South 10 degrees 42 minutes 20 seconds East 260.67 feet to an existing iron pin, South 10 degrees 42 minutes 20 seconds East 5.00 feet to a 25 inch pine tree marked as a corner (the third corner of Deed Book 609, Page 7), South 42 degrees 16 minutes 56 seconds East 5.00 feet to an existing iron pin and South 42 degrees 16 minutes 56 seconds East 145.42 feet to a 5/8 inch solid iron pin set, a new corner; thence with a new line South 58 degrees 07 minutes 49 seconds West 614.92 feet to a 5/8 inch solid iron pin set in the line of the property owned by Clifford Ford Miller and wife, (McDowell deed Book 334, Page 167), a new corner; thence with the Clifford

Ford Miller line the following course for the following two (2) distances: North 25 degrees 46 minutes 20 seconds West 408.87 feet to an existing iron pin near the public telephones and North 25 degrees 46 minutes 20 seconds West 51.91 feet to an unmarked point of the Southern boundary line of Sugar Hill Road; thence with the Southern boundary line of Sugar Hill Road, North 65 degrees 40 minutes 24 seconds East 38.00 feet to an unmarked point; thence leaving the Southern boundary of Sugar Hill Road, the following four (4) courses and distances; South 38 degrees 44 minutes 31 seconds East 54.92 feet to an unmarked point, North 72 degrees 43 minutes 12 seconds East 11.96 feet to an unmarked point, North 29 degrees 10 minutes 19 seconds East 30.50 feet to an unmarked pint, and north 62 degrees 05 minutes 19 seconds East 155.66 feet to an unmarked point near a chain link fence; thence running along the chain link fence with runs parallel to the Southern edge of Sugar Hill Road, North 58 degrees 42 minutes 15 seconds East 396.94 feet to the point of BEGINNING, containing approximately 5.58 acres.

AND BEING the same lands described in that certain Deed dated May 23, 2007, from Everest Holdings, Inc., a North Carolina Corporation to Sugar Hill Enterprises, Inc., a North Carolina Corporation, recorded in the Office of the Register of Deeds for McDowell County, NC, to which reference is hereby made.

Section 2. Upon and after October 31, 2008, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 21st day of October, 2008.

Ordinance Number: O-08-10-21-2

PUBLIC HEARING – ZONING MAP AMENDMENT – RUTHERFORD ROAD: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a request has been submitted by Mr. Rex Wood to rezone property at 746 Rutherford Road from R-2 General Residential to C-2 General Business. Ms. Cotton stated that this property is contiguous to existing property that is zoned C-2, including property rezoned to the C-2 district by the City Council last month. Ms. Cotton reported that the property is located on a main thoroughfare making it an ideal location to operate a business. The surrounding area has a mixture of commercial, industrial and residential uses. Ms. Cotton stated that, recently, residential and other surrounding properties have been converted or are being developed into commercial uses. The property is located in an area that has been identified on the Comprehensive Land Use Map as being developed into commercial. The commercial land use designation is not likely to change with future updates to the Comprehensive Land Use Plan.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on October 2 to recommend the approval of this request.

AA.000000058 (24)

The following graphics illustrate both the existing and proposed zoning designations for the subject property.

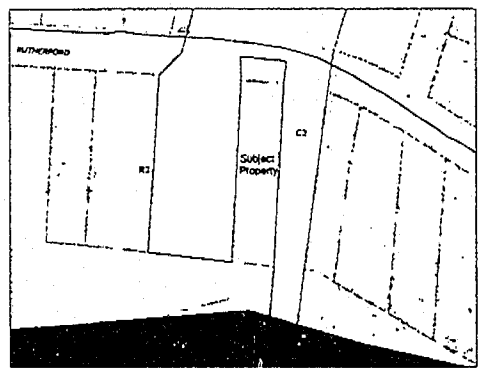

Figure One: Current Zoning

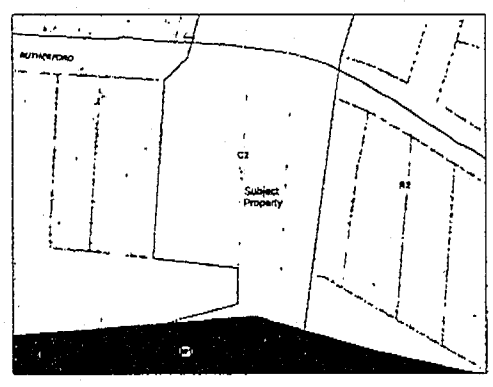

Figure Two: Proposed Zoning

Mr. Jim Brady, who owns several properties contiguous to Mr. Wood, stated that he supports the request. He suggested that perhaps Council would consider waiving zoning fees as an incentive to get other property owners in this area to rezone their properties to commercial zoning in compliance with the City's adopted Land Use Plan.

Mr. Brady stated that he would like to see this corridor turned into to a more commercial area in the next 10 to 20 years.

Mr. Rex Wood, the applicant, stated that City employees work in a very professional, efficient manner from the top of the staff to the bottom. He added that he was impressed with the variety of projects on which the City was working and with the way City Council conducted itself. Mr. Woods thanked Council for its consideration of his rezoning request.

Mayor Clark thanked Mr. Wood for his kind comments and stated that the motto he has always lived by is: whether the job is great or small, do it right or not at all. Mayor Clark stated that he and the City Council take pride in the City and appreciate the work that City employees do.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Steve Little, seconded by Councilman Martin, Council voted unanimously to adopt the following ordinance to amend the Official Zoning District Map to rezone property located at 746 Rutherford Road from the R-2 General Residential Zoning District to the C-2 General Business Zoning District as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2. The City of Marion is amending the Official Zoning District Map for property located 746 Rutherford Rd, and having the PIN 1701.16-84-9953 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on October 2, 2008.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

AA.000000059 (24)

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 21st day of October 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-08-10-21-3

PUBLIC COMMENT PERIOD: There were no unscheduled persons present for this meeting.

REVIEW PROPOSED ZONING TEXT AMENDMENT – HISTORIC PRESERVATION: The City Manager advised that as authorized by Council in July, Planning and Development Director Heather Cotton had drafted a proposed City Historic Preservation Ordinance as an amendment to the Zoning Ordinance. The Planning Board has reviewed the draft ordinance at their October 2 meeting and wanted to take more time before recommending approval. To make sure we are on the right track with the proposed ordinance, the City Manager asked that Ms. Cotton present the proposed ordinance to Council, to see if there were any parts of the ordinance that caused concern with Council.

Ms. Cotton stated that in August 2008, the City Council requested that staff draft an ordinance to protect and preserve historic resources in the City of Marion. Staff reviewed the North Carolina General Statutes and model ordinances from across the state to draft an ordinance that would meet the needs of Marion and comply with state requirements. Ms. Cotton stated that the draft ordinance was reviewed with the Planning Board at the September and October meetings. The Planning Board requested revisions to the ordinance at the October meeting and is recommending that the new Historic Preservation Commission receive training and that a community workshop be held prior to adoption of the ordinance.

The ordinance presented to Council is a draft of the ordinance currently being reviewed by the Planning Board.

Ms. Cotton displayed a map of current National Register of Historic Places Historic District that are in place in downtown Marion. The City Manager noted that Council may wish to follow the National Register Districts in setting the boundaries of the locally designated district(s), or could expand beyond the National Register districts to protect more of the historic integrity of the downtown area. The City Manager added that locally designated historic districts would bring guidelines and rules, but also protection of the historic district as a whole.

No action on this ordinance is being requested at this time.

Ms. Cotton stated again that the Planning Board wants to hold workshops with property owners and neighbors to be impacted by the new requirements.

A discussion followed.

Councilman Edwards noted that property values often go up when a property is made part of a historic district, which could be viewed as both a positive and negative.

AA.000000060 (24)

Mayor Clark and Council members stated no objections to the proposed ordinance, but did urge staff to proceed with holding workshops to educate property owners in the downtown about the proposed ordinance and to obtain input.

No action was taken by Council.

CONSIDER APPROVAL OF ORDINANCE TO REVISE WATER AND SEWER CONNECTION FEES: The City Manager advised that, as discussed at the September 27 Council Planning Session, he had drafted a proposed ordinance amending the water and sewer connection fees to make outside connection fees 2.5 times higher than inside connection fees. To create the differential, inside water and sewer connection fees were lowered, while outside fees were increased. The City Manager stated that, as an example, the combined water and sewer connection fees for a standard ¾" residential connection inside the City would decrease from $4,044 to $2,520, while the same outside connection fee would increase from $4,944 to $6,300.

In reviewing the ordinance, the City Manager stated that he would also propose creating outside fees that are 2.5 times higher than inside fees for backflow preventors (the outside fees go up from $20 to $25) and for fire protection/sprinkler connections (outside fees are currently 50 percent higher and will increase by two-thirds while inside fees remain the same).

The City Manager advised that water and sewer service deposits are not proposed for increase, even though outside deposits are only two times higher than inside deposits. The deposits could be increased to the 2.5 times differential if Council wants.

The City Manager stated that he would recommend making the ordinance effective January 1, since the City has some service applications that are pending and which have been quoted the current fees.

A discussion followed.

Councilman Owenby stated that he feels that the ordinance may contain too much of an increase for the outside rates.

Mayor Clark stated that the change in the sales tax distribution by the County has forced us the City concentrate on what is best for citizens inside the City rather than outside customers.

Mayor Pro Tem Little stated that he feels the ordinance is appropriate and is a good way to create incentives for development in the City Limits. He add that the purpose of a City is to provide benefits for people inside the City.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance establishing water and sewer rates as follows:

ORDINANCE
ESTABLISHING WATER/SEWER RATES, CONNECTION FEES, COST RECOVERY CHARGES AND OTHER MISCELLANEOUS CHARGES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That new water/sewer rates, connection (tap fees) fees, cost recovery charges and other miscellaneous charges are hereby established as follows:

	INSIDE CITY	**OUTSIDE CITY**

Water Rates:	**$1.90 per 1,000 Gallons, plus $10.73 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $26.82 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$11.95**	**$29.85**
Master Meter Rate	**$1.90 per 1,000 Gallons, plus $8.56 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $21.40 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$9.75**	**$24.37**
	INSIDE CITY	**OUTSIDE CITY**
Sewer Rates:	**$1.90 per 1,000 Gallons, plus $10.73 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $26.82 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$11.95**	**$29.85**
Master Meter Rate	**$1.90 per 1,000 Gallons, plus $8.56 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $21.40 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$9.75**	**$24.37**
	INSIDE CITY	**OUTSIDE CITY**
Metered Sewer Rates for Private Wells	**$2.74 per 1,000 Gallons, plus $10.73 Service Charge per month**	**$6.85 per 1,000 Gallons, plus $26.82 Service Charge per month**

Important Notices:

All sewer charges are based on water meter readings, unless a sewer metering device approved by the City has been installed.

When more than one unit is served by a Master Meter, such as a mobile home park, shopping center or apartment complex, the monthly service charge is $9.75 for water and $9.75 for sewer in the City, and $24.37 for water and $24.37 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $29.85 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $11.95 per month per residential unit shall be charged for sewer service.

AA.00000062 (24)

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350

WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the city of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the city's water and/or sewer system, the following procedure shall apply:

Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to city policy.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

	WATER	SEWER	WATER AND SEWER
FAST FOOD/PIZZA RESTAURANTS	$100.00	$100.00	$ 200.00
OTHER RESTAURANTS (WITH SEATING)	$150.00	$150.00	$ 300.00
GROCERY STORES	$150.00	$150.00	$ 300.00
APARTMENT COMPLEXES (MASTER METER)	$150.00	$150.00	$ 300.00
CAR WASHES	$150.00	$150.00	$ 300.00
LAUNDRIES	$200.00	$200.00	$ 400.00

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS-continued:

INSIDE CITY

	WATER	SEWER	WATER AND SEWER
NURSING/FAMILY CARE HOMES	$200.00	$200.00	$ 400.00
INDUSTRY (50 OR MORE EMPLOYEES)	$500.00	$500.00	$1,000.00
INDUSTRY (LESS THAN 50 EMPLOYEES)	$200.00	$200.00	$ 400.00

AA:000000064 (24)

OTHER MASTER METER ACCOUNTS	$100.00	$100.00	$ 200.00
GENERAL BUSINESS	$ 50.00	$ 50.00	$ 100.00

OUTSIDE CITY

	WATER	SEWER	WATER AND SEWER
FAST FOOD/PIZZA RESTAURANTS	$ 200.00	$ 200.00	$ 400.00
OTHER RESTAURANTS (WITH SEATING)	$ 300.00	$ 300.00	$ 600.00
GROCERY STORES	$ 300.00	$ 300.00	$ 600.00
APARTMENT COMPLEXES (MASTER METER)	$ 300.00	$ 300.00	$ 600.00
CAR WASHES	$ 300.00	$ 300.00	$ 600.00
LAUNDRIES	$ 400.00	$ 400.00	$ 800.00
NURSING/FAMILY CARE HOMES	$ 400.00	$ 400.00	$ 800.00
INDUSTRY (50 OR MORE EMPLOYEES)	$1,000.00	$1,000.00	$2,000.00
INDUSTRY (LESS THAN 50 EMPLOYEES)	$ 400.00	$ 400.00	$ 800.00
OTHER MASTER METER ACCOUNTS	$ 200.00	$ 200.00	$ 400.00
GENERAL BUSINESS	$ 100.00	$ 100.00	$ 200.00

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS-continued:

The city manager shall determine the appropriate deposit for any commercial, industrial or master meter customer not listed in the preceding schedule. At the end of six months of service, the city will determine the average use by averaging the three highest months. The customer will be billed for any additional amount for the proper deposit. If the amount is not received in thirty days, the utility bill will be increased each month for twelve consecutive months until the proper deposit has been received. If the average monthly deposit is lower than the amount the city has received from the initial deposit, the city will credit the water account of the customer for the amount of the difference in the initial deposit and the average monthly bill.

DETERMINATION OF FLOW AND SERVICE CAPABILITIES	AT COST	AT COST

Section 2. The Ordinance adopted on June 17, 2008 is rescinded upon the effective date of this Ordinance.

Section 3. All other ordinances, in conflict with this ordinance, are rescinded upon the effective date of this ordinance.

Section 4. This Ordinance shall become effective January 1, 2009.

ADOPTED this the 21st day of October, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number O-08-10-21-4

CONSIDER APPROVAL OF ORDINANCE TO REVISE COMMUNITY BUILDING MAIN LEVEL AND COMMUNITY BUILDING BASEMENT RATES: The City Manager advised that, as discussed at the September 27 Council Planning Session, Finance Director Harriett Thomas has prepared an ordinance to increase the Community Building Main Level and Community Building Basement rates, to make the building operation self supporting. The City Manager stated that the ordinance removes references to inside and outside rates in the ordinance, as directed by Council. Under the proposed ordinance, the basic charge for renting the Community Building Main Level (including the kitchen) increases from $150 (or from $100 for the rental of the Community Building Main Level without the kitchen) to $200. The rental charge for the Community Building Basement increases from $100 to $125, the Girl Scout Room rental charge increases from $25 to $40 and the civic club/non-profit rate increases from $25 to $30 under this ordinance. The ordinance also requires deposits to be paid 30 days in advance, instead of the current seven days, for ease of administration.

The City Manager stated that given that the Community Building and Depot lost approximately $12,000 in 2007-08, he would recommend that the ordinance be approved and takes effect on January 1.

AA.000000066 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following rules and regulations for City Owned Property as follows:

CITY OF MARION, NORTH CAROLINA
ORDINANCE
COMMUNITY BUILDING RATES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. The following rates shall be charged for the use of the Marion Community Building effective January 1, 2009.

PER DAY, PER EVENT CHARGE:
MAIN OR STREET LEVEL:

KITCHEN AND ASSEMBLY ROOM	$200.00
BASEMENT WITH KITCHEN	$125.00

DEPOSIT FOR EACH USE: $200.00
(ALL DEPOSITS MUST BE MADE AT LEAST 30 DAYS IN ADVANCE OF EVENT TO AVOID CANCELLATION)

CIVIC CLUBS AND NOT-FOR-PROFIT ORGANIZATIONS AUTHORIZED BY THE CITY COUNCIL TO USE THE BUILDING ON A REGULAR SCHEDULE AND AT SPECIAL RATE:
PER DAY, PER EVENT CHARGE $ 30.00
NO DEPOSIT IS REQUIRED.

GIRL SCOUT ROOM:
PER DAY, PER EVENT CHARGE $ 40.00
A CASH DEPOSIT OF $25.00 IS REQUIRED FOR EACH USE. (ALL DEPOSITS MUST BE MADE AT LEAST 30 DAYS IN ADVANCE OF EVENT TO AVOID CANCELLATION)

ADOPTED this the 21st day of October 2008.

A. Everette Clark, Mayor

Ordinance Number: O-08-10-21-5

CONSIDER APPROVAL OF ORDINANCE TO REVISE DEPOT RATES The City Manager stated that, as discussed at the September 27 Council Planning Session, Finance Director Harriett Thomas prepared the attached recommended ordinance to increase the Depot rates. The City Manager reported that the ordinance removes references to inside and outside rates in the ordinance, as directed by Council. Under the proposed ordinance, the basic charge for renting the Depot (including the kitchen) increases from $150 to $200. The civic club/non-profit rate increases from $25 to $30 under this ordinance. The ordinance also requires deposits to be paid 30 days in advance, instead of the current seven days, for ease of administration.

Given that the Community Building and Depot lost approximately $12,000 in 2007-08, the City Manager stated that he would recommend that the ordinance take effect on January 1.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance revising the Depot rates.

AA.000000067 (24)

CITY OF MARION, NORTH CAROLINA
ORDINANCE
DEPOT BUILDING RATES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. The following rates shall be charged for the use of the Marion Depot Building effective January 1, 2009.

PER DAY, PER EVENT CHARGE:
ASSEMBLY ROOM, KITCHEN AND COURTYARD $200.00

DEPOSIT FOR EACH USE: $200.00
(ALL DEPOSITS MUST BE MADE AT LEAST 30 DAYS IN ADVANCE OF EVENT TO AVOID CANCELLATION)

CIVIC CLUBS AND NOT-FOR-PROFIT ORGANIZATIONS AUTHORIZED BY THE CITY COUNCIL TO USE THE BUILDING ON A REGULAR SCHEDULE AND AT SPECIAL RATE:
PER DAY, PER EVENT CHARGE $ 30.00
NO DEPOSIT IS REQUIRED.

ADOPTED this the 21st day of October 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-08-10-21-6

CONSIDER ADOPTION OF REVISED RULES AND REGULATIONS FOR THE COMMUNITY BUILDING MAIN LEVEL, COMMUNITY BUILDING BASEMENT AND DEPOT: The City Manager advised that at the September 27 Council Planning Session, Mayor Clark suggested that the City loosen restrictions on commercial activity at the Community Building and Depot, as part of the effort to generate more rentals and revenue for the two buildings. The City Manager stated that Finance Director Harriett Thomas has drafted proposed revisions to the Rules and Regulations for the Community Building Main Level, Community Building Basement and Depot to eliminate most restrictions on commercial activity. The prohibition against religious services taking place in the Community Building and Depot would continue, along with prohibitions against bingo games and alcohol use in both buildings. The City Manager stated that the following rules have been removed or revised:

Community Building Main Level:

- Rule #7, requiring an additional fee to be paid for use of the kitchen. Since the revised rental fee removes the option for renting the Community Building Main Level without the kitchen, this rule is no longer needed.
- Rule #8, which states that people renting the Community Building may not remove existing pots, pans, cutlery, dishes, glasses and utensils. These items are no longer stored in the kitchen since Ms. Walker's retirement, so this rule is no longer needed.

AA.00000068 (24)

- Rule #13, which prohibited commercial activity except in certain circumstances, has been removed. Therefore, commercial activity will be allowed.

Community Building Basement:

- Rule #9, which prohibited commercial activity except in certain circumstances, has been removed. Therefore, commercial activity will be allowed.

Depot:

- Rule #11, which prohibited commercial activity except in certain circumstances, has been removed. Therefore, commercial activity will be allowed.

The City Manager stated that he would recommend that the revisions take effect immediately, so that the City can begin to gauge whether the revised rules will help generate more revenue to offset the loss experienced with the operation of the two buildings.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin,
Council voted unanimously to approve the following rules and regulations for the Community Building Main Level, Community Building Basement and Depot.

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS
FOR THE
MARION COMMUNITY BUILDING MAIN LEVEL

REVISED OCTOBER 21, 2008

The Marion Community Building is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building is available to be scheduled for use seven (7) days a week, on a year round basis, excluding days used by local Civic Clubs and Not - For - Profit Organizations.

CIVIC CLUBS AND NOT-FOR-PROFIT ORGANIZATION USING THE COMMUNITY BUILDING ON A REGULAR SCHEDULE

Marion Rotary Club	Every Thursday 7:00am to 2:00pm
Lions Club	1st and 3rd Thursday 2:00pm to 9:00pm
Kiwanis Club	Every Tuesday 1:00pm to 8:30pm
Christian Women's Club	3rd Monday 7:00am to 3:00pm
McDowell Ballroom Dancers	Last Saturday each month 1:00pm to 11:00pm
McDowell Board of Realtors	1st Tuesday 8:00am to 1:00pm

HOURS OF OPERATION

The Community Building may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

AA.00000069 (24)

1. No one shall be permitted to use the building without first having made proper reservations and paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the event to avoid cancellation. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see #13 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Community Building must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The person or group renting the Community Building may not sublet the building to another person or group.

5. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Any fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

6. The piano in the Community Building shall NOT be moved by anyone other than authorized City employees. If you need the piano moved, please ask that the City have the piano moved for you.

7. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside the kitchen door.

8. Any person using the kitchen of the Community Building is responsible for checking the pilot lights on the gas range; located in the kitchen, to make sure they are burning. In the event they are not, Please call the Marion Police Department at 652-3231.

9. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building. Any grease or cooking residue shall be cleaned from the area immediately following use.

10. No person(s), organization, etc. may use the Community Building for religious services.

11. No persons, firm or organization will be allowed to use the building for the purpose of offering bingo games to the general public.

12. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is

AA.000000070 (24)

made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

13. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use. The podium and the head tables at the Community Building are permanently installed. No attempt should be made to move them.

14. Once the area used has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and reports from the cleaning agency will be used to determine if the security deposits shall be refunded.

15. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

16. The volume for the speaker system is preset. A switch located on the backside of the podium will turn on the equipment. No other equipment, other than the microphone may be hooked to the sound system at any time.

17. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

18. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

19. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Community Building will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

20. Persons or groups renting the Marion Community Building may request to place messages on the permanent sign in front of the building. In order to place a message, the person or group must legibly write out their desired message on a sheet of paper and turn it in at City Hall. Such request must be received at City Hall no later than 48 hours prior to the scheduled date of the event. The person responsible for scheduling the Community Building will forward the message to the Public Works Secretary, who will issue a work order for the message to be spelled out on the Community Building sign.

    The City reserves the right to edit any messages for length and/or content, in the case of language deemed obscene or objectionable. Messages shall contain only the purpose, date and location of the event and the name of the group sponsoring the event (for example: Downtown Business Association Annual Banquet Thursday night, 6:30 P.M.). Personal messages shall not be permitted. Messages advertising political events shall not endorse a specific candidate for any office, but may state the date and time and purpose of a campaign fundraising event held at the Community Building (for example: John Doe for Senate Campaign Dinner, Friday, 7:00 P.M.). In no case shall any message advertising an event not to be located at the Community Building be permitted, unless it is in conjunction with an event sponsored by the City of Marion.

    In no case shall the City display a message more than three business days before an event. If two or more persons or groups renting any part of the Community Building wish to have their message displayed at the same time, the person or group submitting their message to the front counter of City Hall first shall have priority in having their message displayed.

    Letters and keys for the Community Building sign and keys to the Community Building are not to be given out to persons or groups renting the Community Building, except under unique situations approved by the City Manager.

    No signs are permitted to be posted in front of or on the Community Building property, except for political signs posted on Election Day.

21. Animals are not permitted inside any part of the Community Building, with the exception of Seeing Eye dogs for legally blind individuals.

AA.00000071 (24)

22. If the Marion Police Department is called to the Community Building in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

23. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Community Building or on the Community Building property.

These new regulations shall be effective upon adoption.

Adopted this the 21st day of October 2008.

A. Everette Clark, Mayor

MARION COMMUNITY BUILDING
TABLE ARRANGEMENT

Tables and chairs may be moved by person(s) using the building but must be left in the arrangement shown below. Head tables and podium may not be moved.

Additional tables and chairs are available in the storage area. If these are used, they must be returned to the storage area. Fire regulations prohibit no more than 210 people on the first floor of the Community Building. **Table Size 2 ½ X 8 or 30 ½ Wide by 96 ½ Long**

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS

FOR THE
MARION COMMUNITY BUILDING BASEMENT

REVISED OCTOBER 21, 2008

The Marion Community Building Basement is owned and operated by the City of Marion. This building is available to groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building Basement is available to be scheduled for use seven (7) days a week, on a year round basis.

HOURS OF OPERATION

The Community Building Basement may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, is required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see # 11 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis are exempt from making a deposit.

3. All persons or groups renting the Marion Community Building Basement must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The person or group renting the Community Building Basement may not sublet the building to another person or group.

5. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

6. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside.

AA.00000073 (24)

7. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building Basement. Any grease or cooking residue shall be cleaned from the area immediately following use.

8. No person(s), organization, etc. may use the Community Building Basement for religious services.

9. No persons, firm or organization will be allowed to use the building for the purpose of offering bingo games to the general public.

10. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

11. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use.

12. Once the area used, has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and reports from the cleaning agency will be used to determine if the security deposits shall be refunded.

13. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

14. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

15. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Community Building Basement will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

16. Persons or groups renting the Marion Community Building Basement may request to place messages on the permanent sign in front of the building. In order to place a message, the person or group must legibly write out their desired message on a sheet of paper and turn it in at City Hall. Such request must be received at City Hall no later than 48 hours prior to the scheduled date of the event. The person responsible for scheduling the Community Building Basement will forward the message to the Public Works Secretary, who will issue a work order for the message to be spelled out on the Community Building Basement sign.

    The City reserves the right to edit any messages for length and/or content, in the case of language deemed obscene or objectionable. Messages shall contain only the purpose, date and location of the event and the name of the group sponsoring the event (for example: Marion Business Association Annual Banquet Thursday night, 6:30 P.M.). Personal messages shall not be permitted. Messages advertising political events shall not endorse a specific candidate for any office, but may state the date and time and purpose of a campaign fundraising event held at the Community Building Basement (for example: John Doe for Senate Campaign Dinner, Friday, 7:00 P.M.). In no case shall any message advertising an event not to be located at the Community Building Basement be permitted, unless it is in conjunction with an event sponsored by the City of Marion.

    In no case shall the City display a message more than three business days before an event. If two or more persons or groups renting any part of the Community Building wish to have their message displayed at the same time, the person or group submitting their message at City Hall first shall have priority in having their message displayed.

    Letters and keys for the Community Building sign and keys to the Community Building Basement are not to be given out to persons or groups renting the Community Building Basement, except under unique situations approved by the City Manager.

AA.000000074 (24)

No signs are permitted to be posted in front of or on the Community Building property.

17. Animals are not permitted inside any part of the Community Building Basement, with the exception of Seeing Eye dogs for legally blind individuals.

18. If the Marion Police Department is called to the Community Building Basement in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

19. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Community Building Basement or on the Community Building property.

These new regulations shall be effective upon adoption.

Adopted this the 21st day of October 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS

FOR THE
MARION DEPOT

REVISED OCTOBER 21, 2008

The Marion Depot is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Depot is available to be scheduled for use seven (7) days a week, on a year round basis.

HOURS OF OPERATION

The Depot may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facilities may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least five (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facilities. In addition to the deposit, a valid credit card may also be required (see # 13 below). Civic Clubs and Not–For–Profit Organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Depot must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group

canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The Courtyard area of the Depot shall only be rented in conjunction with rental of the Depot. Persons renting the Depot have the authority to ask unauthorized Courtyard users to leave. Any damages to the Courtyard or surrounding landscaped areas will be the responsibility of the person renting the facility.
5. The person or group renting the Depot may not sublet the building or Courtyard to another person or group.
6. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.
7. Each person or group of persons using the kitchen in the facility shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the kitchen floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside. Do not place garbage in refuse in the dumpster belonging to the neighboring business.
8. Barbeque grills or any outside cooking device shall only be used on the paved area of the Depot. Any grease or cooking residue shall be cleaned from the area immediately following use. At no time shall any barbeque grill or outside cooking device be placed on the Courtyard area of the Depot.
9. No motor vehicle of any kind shall be allowed on the Courtyard of the Depot at anytime. All unloading or loading shall be done at curbside.
10. No person(s), organization, etc. may use the Depot for religious services.
11. No persons, firm or organization will be allowed to use the building for the purpose of offering bingo games to the general public.
12. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.
13. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use.
14. Once the area used, has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and the cleaning agency will be used to determine if the security deposits shall be refunded.

15. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

16. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

17. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

18. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Depot will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

19. No signs are permitted to be posted in front of or on the Depot property.

20. Animals are not permitted inside any part of the Depot, with the exception of Seeing Eye dogs for legally blind individuals.

21. If the Marion Police Department is called to the Depot in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

22. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Depot, in the Courtyard area on anywhere on the Depot property.

These new regulations shall be effective upon adoption.

Adopted this the 21st day of October 2008.

ATTEST:

J. Robert Boyette, City Manager/Clerk

ADOPT RESOLUTION AUTHORIZING THE DONATION OF REAL PROPERTY OWNED BY THE CITY ON STATE STREET TO THE MCDOWELL COUNTY RESCUE SQUAD, INC. The City Manager advised that, at the October 7 Council meeting, Council stated its intent to donate real property owned by the City at 200 State Street to the McDowell County Rescue Squad, Inc. The McDowell News published notice of Council's intent to donate this property on October 10. The City Manager advised that, under State law, Council may adopt a resolution authorizing the donation of the City owned real property at 200 State Street to the Rescue Squad, as long as the notice was published at least 10 days in advance of the adoption of the resolution. The resolution states that the Rescue Squad must pay the City for the value of the land if the property is ever sold in the future.

The City Manager stated that, upon adoption of the resolution, the City Attorney can prepare a deed to transfer the property.

A brief discussion followed.

Mayor Clark suggested that the deed be presented to the Rescue Squad at a future Council meeting.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to adopt the following Resolution authorizing the donation of City owned real property at 200 State Street to the McDowell County Rescue Squad, Inc.

AA.00000077 (24)

Resolution Authorizing the Sale of Certain Real Property Owned by the City of Marion to the McDowell County Rescue Squad, Inc.

WHEREAS, N.C.G.S. 160A-277 authorizes a city, by resolution adopted at a regular meeting of the council upon 10 days public notice by publication, upon such terms and conditions as it deems wise, with or without monetary consideration, to sell, lease or convey to a volunteer rescue squad any land or interest in land, for the purpose of constructing or expanding services or facilities, if the volunteer rescue squad provides rescue squad services in the city; and

WHEREAS, the City of Marion is the owner of property located at 200 State Street, McDowell County Parcel Identification Number 1701.12-86-0908, as described in Deed Book 141 Page 251; and

WHEREAS, the McDowell County Rescue Squad, Inc. has provided rescue services in the City and County since 1958; and

WHEREAS, the City has leased the property described above to the McDowell County Rescue Squad, Inc. since August 3, 1965; and

WHEREAS, the City Council desires to convey the property described above to the McDowell County Rescue Squad, Inc. without monetary consideration so that the Rescue Squad can use the property to continue rescue operations in the City and County in perpetuity.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The following described property is hereby declared to be surplus to the needs of the City of Marion: 200 State Street, McDowell County Parcel Identification Number 1701.12-86-0908, as described in Deed Book 141 Page 251 (the "Property").

2. The Property is to be conveyed to the McDowell County Rescue Squad, Inc. without monetary consideration but with the condition that if the Rescue Squad sells the Property it should be sold for fair market value and the portion of the net sales proceeds attributable to the land (not the improvements) is to be payable to the City of Marion.

3. Notice of the intent of the City Council to convey the property described above to the McDowell County Rescue Squad, Inc. without monetary consideration was published in the McDowell News, a newspaper having general circulation in the City of Marion on October 10, 2008, a date more than 10 days before the date of adoption of this resolution. Said notice described the property to be conveyed, stated the value of the property, the proposed lack of monetary consideration for the conveyance and the intent of the City Council to authorize the conveyance.

4. The City Manager is authorized and directed to execute a deed conveying the property described above to the McDowell Rescue Squad, Inc., with no monetary consideration paid to the City, but with the condition as hereinabove stated.

Adopted this the 21st day of October, 2008.

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-08-10-21-1

APPROVE WATER EXTENSION – CIRCLE DRIVE: Public Works Director Chris Hollifield advised that he has been approached by residents of Circle Drive in the Pleasant Gardens community about the possible extension of water service. Mr. Hollifield stated that 10 residents are currently using a community well that has a variety of problems. The residents have estimated that the cost to repair the current distribution failures would exceed $15,000.

AA.00000078 (24)

Mr. Hollifiedl stated that, under the City of Marion's Water Extension Policy Outside the City Limits, the City can extend 100 feet of six inch water line per service connection. Mr. Hollifield stated that nine residents have already make application and payment or arrangement of payment. A 10th customer is expected to commit to receiving water service.

Mr. Hollifield stated that these customers could be served with two 500 foot extensions off of Highway 70 West, with the line installation to be completed by City crews. He advised that he would recommend that the City install an extra 200 feet of water line to loop the system. Mr. Hollifield stated that he planned to install 6" DIP water line and fire hydrants, if the County and/or Pleasant Gardens Fire Department pays for the hydrants. He advised that he has spoken to Brad Ledbetter, Chief of the Pleasant Gardens Volunteer Fire Department and that Chief Ledbetter says he will obtain the necessary funding for the hydrants.

Mr. Hollifield added that the extension would make water service available to about 23 potential customers along Circle Drive.

A discussion followed.

Councilman Edwards stated that he would request to be excused from discussion and voting on this matter due to the fact that he owns property adjacent to the proposed water extension.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to excuse Councilman Edwards from discussion and voting on this matter.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to approve two 600 foot water extensions off of Highway 70 West onto Circle Drive in the Pleasant Gardens Community.

REQUEST FOR WAIVER OF CIVIL CITATION The City Manager advised that Mr. John Hatfield, a courier for CLS, had submitted a written appeal of a $10.00 citation he received on October 14 for parking in the fire lane in front of Wal Mart. Mr. Hatfield notes that he must park in front of Wal Mart to deliver pharmaceutical products, due to Federal Drug Enforcement Agency (DEA) regulations prohibiting him from parking elsewhere.

The City Manager stated that he had spoke to Police Chief Elliott who felt that Mr. Hatfield's description of DEA regulations was not accurate. Chief Elliott stated that the DEA does not tell drivers where to park, but does expect delivery vehicles containing drugs to be secured.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to deny the request of Mr. John Hatfield to waive the $10.00 parking citation he received.

REVIEW/CONSIDER APPROVAL OF POLICY REGARDING OVERNIGHT STAYS AT FIRE DEPARTMENT: The City Manager presented Council with a proposed policy that he and Fire Chief Jim Neal had drafted to set requirements regarding overnight stays by volunteer firefighters at the Fire Station and regarding visitation at the Fire Station. The City Manager reviewed the details of the proposed policy.

Mayor Pro Tem Little made a motion acknowledging that the issue of overnight stays by volunteer firefighters and visitation at the Marion Fire Department had been addressed by the City Manager and Fire Chief and that no policy approved by Council would be necessary. The motion was seconded by Councilman Owenby.

A discussion followed.

AA.000000079 (24)

Councilman Edwards stated that what started out as a concern about this issue has ended up being portrayed in the media as a negative attack on the Fire Department, which was never his intent. He added that the concept was new to the City and that he had simply urged caution. Councilman Edwards stated that, with perception seemingly more important than reality, there was no way for Council to adopt a policy regarding this matter without it being portrayed in a negative manner. He added that the City Manager advised Council at the October 7 meeting that a policy should be considered on this matter, since Council had a divided opinion.

The City Manager stated that he would still intend for this policy to be implemented as an internal procedure, in the same manner as many other administrative procedures.

Council voted unanimously to acknowledge that the issue of overnight stays by volunteer firefighters and visitation at the Marion Fire Department had been addressed by the City Manager and Fire Chief and that no policy approved by Council would be necessary.

DISCUSS JOINT MEETING WITH COUNTY: The City Manager stated that the County Board of Commissioners have indicated their willingness to meet with Council in November, as requested. The Commissioners proposed an evening dinner meeting on Monday, November 17, Tuesday, November 18 or Monday, November 24. The City Manager noted that Tuesday, November 18 is the date of a regular City Council meeting. He added that the County proposed a 6:00 p.m. meeting time.

A discussion followed.

It was the consensus of Council to hold the joint meeting with the McDowell County Board of Commissioners on Monday, November 24 at 6:00 PM at Carolina Chocolatiers or another location.

REVIEW/CONSIDER APPROVAL OF OFFER TO PURCHASE REAL PROPERTY OWNED BY CITY OF MARION SUBJECT TO UPSET BID: The City Manager advised that Mr. Mark Shuman was here for this meeting and had to leave. The City Manager stated that Mr. Shuman had submitted an offer to purchase the City owned residential lot at the corner of Blue Ridge Street and West Henderson Street. Mr. Shuman's offer of $5,000 for the property is conditioned on receiving a free water and sewer connection and being allowed to place a singlewide mobile home on the property.

A discussion followed.

It was the consensus of Council that deed restrictions be placed on all residential lots to be sold by the City of Marion prohibiting the placement of singlewide manufactured homes on said lots.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to reject the offer of Mr. Mark Shuman to purchase the City owned real property at the intersection of Blue Ridge and West Henderson Streets.

ADD ON – REQUEST TO WAIVE PERMIT FEES - FIRST BAPTIST CHURCH - MISSION PROJECT - HANDICAP RAMP INSTALLATION: Mayor Pro Tem Little stated that a group of volunteers from the First Baptist Church are building handicap ramps for elderly persons at two locations in the City, 40 Elizabeth Loop and 101 Pulliam Street, and have asked that Council waive the Building Permit fees.

The City Manager advised that the building permit fees would be $60.00 for each location.

A brief discussion followed.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to waive $120 in building permit fees for handicapped ramps being constructed at 40 Elizabeth Loop and 101 Pulliam Street by volunteers at First Baptist Church.

CITY MANAGER REPORTS: The City Manager advised that the Federal Surface Transportation Board (FSTB) approved the City's request to extend the negotiating period for the City's possible acquisition of the old Peavine Rail Line for another six months, through April 1, 2009. The City Manager stated that he would contact Norfolk Southern to discuss options for the Peavine now that the City has received notice of the six month extension from the FSTB.

The City Manager advised that the North Carolina Local Government Commission had sent information concerning the safety of local government investments. He stated that the City only invests money in banks that are collateralized and on the State's "pooling list" or in mutual funds such as the North Carolina Capital Management Trust that are specifically approved and monitored by the State, so the City's investments are very safe. The City Manager shared this information to assure Council of the safety of the City's investments. State regulations do not permit local governments to make risky investments.

The City Manager stated that this year's Mountain Glory Festival was a great success, with record crowds and great weather. The City Manager stated that he would like to publicly commend Ms. Freddie Killough, Ms. Bobbie Young and all the MBA volunteers, as well as the Public Works, Police and Fire Departments, for their efforts and hard work. He also noted that Heather Cotton and Dean Ollis manned the Tree Board/Recycling booth throughout the day for us, as part of the educational efforts the City agreed to make as part of the State Urban Forestry and Recycling Grants.

The City Manager advised that he had obtained approval from DOT to increase State funding for the McDowell Avenue Street extension from $350,000 to $455,000, thereby assuring full outside funding for the design and construction of the street extension.

The City Manager advised that the City's three water supplies are in excellent shape. With the recent closing of two textile plants and water demand being reduced in the fall and winter, the City Manager stated that, without objection from Council, he would discuss with the State the idea of rescinding the City's voluntary water conservation status.

The City Manager advised that Planning and Development Director Heather Cotton was working on having a few remaining overgrown lots mowed now that the mowing season was at a close.

COUNCILMAN COMMENTS:

Councilman Cuthbertson asked if anything had been done regarding the dead tree he reported at the Community Building. The City Manager stated that the tree had been determined to be dead and had been removed the previous week by City crews.

Councilman Cuthbertson stated that he would like to commend the McDowell News on a frontpage article that day regarding the laws prohibiting passing stopped school buses.

Mayor Clark stated that the City Manager did an excellent job at the North Carolina League of Municipalities Conference in Charlotte the previous week conducting a session on Citizen Informed Performance Measures and giving an overview of the City's participation in a Citizen Informed Performance Measurement Project in consultation with the League.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

B. Approve Equal Employment and Procurement Plan

Equal Employment and Procurement Plan

The City of Marion maintains the policy of providing equal employment opportunities for all persons regardless of race, color, religion, sex, national origin, handicap, age, political affiliation, or any other non-merit factor, except where religion, sex, national origin, or age are bona fide occupation qualifications for employment.

In furtherance of this policy, The City of Marion prohibits any retaliatory action of any kind taken by any employee of the county against any other employee or applicant for employment because that person made a charge, testified, assisted or participated in any manner in a hearing, proceeding or investigation of employment discrimination.

The City of Marion shall strive for greater utilization of all persons by identifying previously under utilized groups in the work force, such as minorities, women, and the handicapped, and making special efforts toward their recruitment, selection, development, and upward mobility and any other term, condition, or privilege of employment.

Responsibility for implementing equal opportunities and Affirmative Action measures is hereby assigned to the City Manager and/or other persons designated by the manager or Board of Commissioners to assist in the implementation of this policy statement.

The City shall develop a self-evaluation mechanism to provide for periodic examination and evaluation. Periodic reports as requested on the progress of Equal Employment opportunity and Affirmative Action will be presented to the Board of Commissioners by the City Manager.

The City is committed to this policy and is aware that its implementation, the City will receive positive benefits through the greater utilization and development of all its human resources.

Adopted by the City Council of the City of Marion this the 18th day of November, 2008.

C. Approve Citizen of Participation Plan – Community Development Block Grant Infrastructure Hookup Grant

CITIZEN PARTICIPATION PLAN

City of Marion

This plan describes how The City of Marion will involve citizens in the planning, implementation, and assessment of the Community Development Block Grant (CDBG) program. The CDBG program provides funds to local units of government on a competitive basis. The funds must be used for project that benefit low and moderate-income persons and aid in the elimination and prevention of slum and blight. The program is intended to assist governments in understand neighborhood improvement. The CDBG regulations give ultimate responsibility for the design and implementation of the program to local elected officials and also require that citizens be given an opportunity to serve in a key advisory role to these elected officials.

ADVISORY COMMITTEE

To insure that residents in the City of Marion are given a full opportunity to participate in the program, a Neighborhood Area Committee will be established to function in an advisory capacity to the City of Marion Council Members regarding design, implementation, and assessment. This 5-member committee will consists of Five (5) residents, within McDowell County Community Development Project area, and One (1) member outside the project area . The members will be appointed by the City Manager, Robert Boyette. Citizens and civic organizations are urged to make recommendations for any additional appointments. The City of Marion is particularly interested in obtaining representation of low- and moderate-income persons, members of minority groups, the elderly, and the handicapped.

SCOPE OF CITIZEN PARTICIPATION

Citizens will be involved in all stages of the CDBG program, including program implementation, program amendments, close outs, assessment of performance, and design of changes in the Citizen Participation Plan. There will be three (3) general mechanisms for their involvement:

1. To serve as an advisory committee to the project;
2. To attend or hold public meetings or community meetings;
3. To provide individual citizen efforts in the form of comments, complaints, or inquiries submitted directly to the Program Administrator or designated City official (s).

The Program Administrators for The City of Marion County Community Development Block Grant/Infrastructure Category Project are – Robert Boyette, Harriett Thomas, Paula Kempton and Beth Pollard. The local contact person is Paula Kempton, Grant Services Assistant Manager.

PROGRAM IMPLEMENTATION

Citizen Participation in program implementation will occur primarily through consultation with the Advisory Committee. The Advisory Committee will be asked to review and comment on specific guidelines for approved projects. They will also meet to review any program amendments, budget revisions, and housing rehabilitation program

modifications. All such changes will be discussed with the Advisory Committee and their comments considered prior to the The City council members taking action. These meetings will be held on an as-needed basis. If program amendments require approval from the North Carolina Department of Commerce, Division of

Community Assistance, a public hearing shall be held specifically on the amendment. Citizens may also be in involved in implementation of projects specifically requiring citizen participation, such as self-help projects. Their roles will be defined as the project develops. Technical assistance will be available as needed.

PROGRAM ASSESSMENT

PUBLIC COMMENTS

"COMPLAINT PROCEDURE"

Program assessment activities by citizens will occur in a variety of ways. A performance meeting will be held thirty (30) days to sixty (60) days prior to the actual start-up of the rehabilitation program. Letters will be placed in the doors of all target area residents and forwarded to all Advisory Committee Members of notification of the meeting. The Advisory Committee will be asked to provide citizen commentary during this meeting.

As a part of the Orientation to the program offered at the public meeting, citizens will be notified of the "Complaint Procedure" in regards to all aspects of program performance during the project. Comments should be submitted in writing to: The City of Marion County Community Development Project. The Grants Administrator shall respond within ten (10) calendar days. If the citizen is still dissatisfied, he/she should write to North Carolina Department of Commerce, Division of Community Assistance – 4313 Mail Service Center – Raleigh, NC 27699-4313 – telephone (919) 733-2850, requesting an investigation of the problem. Program staff will also be available during normal business hours to respond to any citizen inquiries or complaints.

The "CITIZEN PARTICIPATION PLAN" will be subject to annual review and proposed revision by the City and/or the Advisory Committee, to occur in the period between the performance hearing and the first public hearing on the subsequent year's application.

TECHNICAL ASSISTANCE

Technical Assistance will be provided to citizens and groups of low- and moderate-income persons and to target area residents upon request to the Grants Administrator and/or by request to The City of Marion. In addition, Technical Assistance will be provided on an individual basis to household in order to assist the needs of that household. Such assistance will support citizen efforts to develop proposals, define policy, and organize for the implementation of the program. It is expected that such assistance will be provided directly to the Advisory Committee in response to their request. Assistance could be provided in the form of local presentations, information handouts, research of a specific issue, or other short-term efforts.

PUBLIC INFORMATION

Public information. The City of Marion will also undertake public information efforts to promote citizen participation. These efforts will include the following:

PUBLIC NOTICE OF ALL PUBLIC HEARINGS will be published in the non-legal section of the McDowell News at least ten (10) days before the scheduled hearing. These notices will indicate the date, time, location, and topics to be considered.

ORIENTATION INFORMATION will be provided at the first public hearing. The Program Administrator(s) will make a presentation which covers: the total amount of CDBG funds available and the competitive basis for award; the range of eligible activities; the planning process and the schedule for any meetings and/or hearings; the role of citizens in the program; and a summary of other program requirements, such as the environmental policies, fair housing provisions, and contracting procedures.

A PUBLIC FILE containing program documentation will be available for review at the Marion City Hall during normal business hours. Included will be copies of the Application and the Annual Performance Report. Other program documents are also available for citizen review on request at the Marion City Hall consistent with applicable State and Local laws regarding personal privacy and obligations of confidentiality.

HANDICAP ACCESSIBILITY

During all public hearings an interpreter will be provided if needed for all non-English speaking individuals and for the hearing impaired. The City of Marion has handicap accessibility for all individuals interested in participating in or attending meetings and public hearings.

ADOPTED by the City Council of the City of Marion this the 18th day of November, 2008

(City Seal)

Policy Number: P-08-11-18-2

D. Approve Residential Anti-Displacement and Relocation Assistance Plan:

Residential Anti-Displacement and Relocation Assistance Plan

The City of Marion will replace all occupied and vacant occupiable low/moderate income dwellings units demolished or converted to a use other than as low/moderate income housing as a direct result of activities assisted with funds provided under the Housing and Community Development Act of 1974, as amended, as described in 24CFR 570.606(b)(1).

All replacement housing will be provided within three (3) years of the commencement of the demolition or rehabilitation relating to conversion. Before obligating or expending funds that will directly result in such demolition or conversion, The City of Marion will make public the following information in writing:

1. A description of the proposed assisted activity.

2. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to use other than as low/moderate income dwelling units as a direct result of the assisted activity.

3. A time schedule for the commencement and completion of the demolition or conversion.

4. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units.

5. The source of funding a time schedule for the provision of replacement dwelling units.

6. The basis for concluding that each replacement dwelling unit will remain a low/moderate income dwelling unit for at least ten (10) years from the date of initial occupancy.

The City of Marion will provide relocation assistance, as described in 570.606(b)(2), to each low/moderate income household displaced by the demolition of housing or by the conversion of a low/moderate income dwelling to another use as a direct result of assisted activities.

Consistent with the goals and objectives of activities assisted under the Act, The City of Marion will take the following steps to minimize the displacement of persons from their homes:

The City of Marion will attempt to renovate deteriorated units instead of demolishing them. Only units which are beyond economical repair will be demolished. Where feasible, The City will seek to locate community facilities and related development activities so as to minimize the impact of low/moderate occupied or vacant occupiable dwellings.

Adopted by the City Council of the City of Marion this the 18th day of November, 2008.

A. Everette Clark, Mayor

d. Water and Sewer Fund Revenues, Account Number 30-299-0000, Fund Balance Appropriated is increased from $228,127 to $621,964.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 18th day of November 2008.

A. Everette Clark, Mayor

AA.000000087 (24)

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-08-11-18-1

F. Authorize Employee Assistance Program:

The City will begin an Employee Assistance Program (EAP) on or before January 1, 2009. The League of Municipalities offers grant monies to offset the cost of the EAP. The grant will provide for the 1st year money for the EAP provider contract. The remaining start-up expense would be minimal, possibly involving some supervisor training. On-going, the City would qualify for a total of $1,750.00 to fund training for the program. The expense to the City would be that on-going EAP provider contract. The Employee Assistance Network, one of the local vendors in our area contracts for a minimum of $2,500.00 annually (for employers with less than 100 employees).

WHAT IS AN EAP?

The goal of an Employee Assistance Program is to provide free, confidential, short-term problem-solving to troubled employees and their family members experiencing personal difficulties including, but not limited to: aging and/or sick parents, financial problems, legal issues, family and relationship difficulties, domestic abuse, parent/child conflicts, work-related issues, stress, drug or alcohol abuse.

It's also a great place for supervisors to talk to trained experts that will help to advise them in dealing most effectively with employee job performance issues. EAPs provide one of the best ways to help employees, supervisors, and managers to address personal problems that cost organizations thousands of dollars each year stemming from low worker productivity due to personal problems showing up on the job.

In addition to personal problems, the EAP provider is there to provide crisis debriefings following any act of violence or tragic accident occurring at the workplace. Debriefings are particularly valuable to Fire and Police personnel who often witness serious tragedies.

Recent surveys conducted show that groups not having an EAP reported more violence, weapons and more murder threats and attempts in the workplace, than groups with an EAP in progress.

The EAP would provide an excellent benefit for employees and another risk management tool for the employer, increasing employee productivity and saving employer dollars.

G. Approve Municipal Agreement with DOT – McDowell Avenue Street Extension:

Railroad: Norfolk Southern Railway Company	Milepost: S-98.98 S-99.40	County of McDowell

DEPARTMENT OF TRANSPORTATION	SUPPLEMENTAL CROSSING CLOSURE AGREEMENT
AND	
	10/2/08
CITY OF MARION	
AND	**Project ID: Y-4813 A**
NORFOLK SOUTHERN RAILWAY COMPANY	

THIS AGREEMENT is made and entered into on the last date executed, below, by and between the DEPARTMENT OF TRANSPORTATION, an agency of the State of North Carolina, hereinafter referred to as the "Department", the CITY OF MARION, a municipal corporation, hereinafter referred to as the "Municipality", and NORFOLK SOUTHERN RAILWAY COMPANY, a corporation of Virginia, hereinafter referred to as the "Railroad".

WITNESSETH:

AA.000000083 (24)

WHEREAS, the Department, Municipality and Railroad, on the 14th day of September, 2007, entered into an Agreement to make safety improvements at the grade crossings of the NS "S" Line located at Clay Street crossing (Crossing #729 469G) and Garden Street (Crossing #729 468A) both of which are part of the Municipal system in McDowell County under Project
Y-4813 A; and,

WHEREAS, the parties hereto now wish to supplement the aforementioned Agreement to reflect revisions in the existing provisions of the executed agreement and whereby the following provisions shall be amended:

2. To mitigate the closure of the Clay Street crossing, the Department will be responsible for providing funds for the actual costs, not to exceed $455,000 for design and construction of a one-block extension of McDowell Avenue to connect to Oak Avenue north of US 70. Construction funding shall be contingent upon environmental documentation/approvals as per the National Environmental Protection Act (NEPA). All work shall be performed by the Municipality in accordance with departmental standards, specifications, policies, procedures, and local codes and ordinances. Progress payments based upon actual costs, for periods of not less than one (1) month, may be made upon receipt of an itemized invoice, supported by documentation of costs from the Municipality. The Municipality agrees that it shall bear all costs of any item for which it is unable to substantiate actual costs. All invoices must be submitted within one (1) year of completion and acceptance of the project by the Department. Any invoices submitted after this time will not be eligible for reimbursement. Prior to final approval and payment by the Department, the Department and/or a representative of the Federal Highway Administration will be given the opportunity to make a final inspection of the completed work.

16. The Municipality shall complete construction of the McDowell Avenue extension project by September 1, 2009.

All other provisions shall remain the same.

Except at hereinabove provided, the Agreement heretofore executed by the Department, Municipality and Railroad on the 14th day of September 2007 is ratified and affirmed as therein provided.

H. Approve Revised Water/Sewer Connection Fee/Rate Ordinance with Revised Effective Dates:

ORDINANCE

ESTABLISHING WATER/SEWER RATES, CONNECTION FEES, COST RECOVERY CHARGES AND OTHER MISCELLANEOUS CHARGES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That new water/sewer rates, connection (tap fees) fees, cost recovery charges and other miscellaneous charges are hereby established as follows:

	INSIDE CITY	**OUTSIDE CITY**
Water Rates:	**$1.90 per 1,000 Gallons, plus $10.73 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $26.82 Service Charge per month**
Minimum Rate for		
2,000 gallons or less	**$11.95**	**$29.85**
Master Meter Rate	**$1.90 per 1,000 Gallons, plus $8.56 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $21.40 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$9.75**	**$24.37**
	INSIDE CITY	**OUTSIDE CITY**
Sewer Rates:	**$1.90 per 1,000 Gallons, plus $10.73 Service Charge per month**	**$4.75 per 1,000 Gallons, plus $26.82 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$11.95**	**$29.85**
Master Meter Rate	**$1.90 per 1,000 Gallons, plus $8.56 Service Charge per Month**	**$4.75 per 1,000 Gallons, plus $21.40 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$9.75**	**$24.37**
	INSIDE CITY	**OUTSIDE CITY**
Metered Sewer Rates for Private Wells	**$2.74 per 1,000**	**$6.85 per 1,000**

AA.00000090 (24)

Gallons, plus $10.73 Service Charge per month	**Gallons, plus $26.82 Service Charge per month**

Important Notices:

All sewer charges are based on water meter readings, unless a sewer metering device approved by the City has been installed.

When more than one unit is served by a Master Meter, such as a mobile home park, shopping center or apartment complex, the monthly service charge is $9.75 for water and $9.75 for sewer in the City, and $24.37 for water and $24.37 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $29.85 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $11.95 per month per residential unit shall be charged for sewer service.

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350

RESIDENTIAL ACCOUNTS

	INSIDE CITY	OUTSIDE CITY
WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the city of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the city's water and/or sewer system, the following procedure shall apply:

Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to city policy.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

TRACT II:

AND BEING THE SAME IDENTICAL PROPERTY described in Deed Book 117 at Page 194 of the McDowell County Deed Registry, hereby incorporated by reference as if fully set out and to which reference is hereby made and more fully described as follows:

All those four (4) certain lots of land, known and designated Lot Nos. Thirty-Three (33), Thirty-Four (34), Thirty-Five (35) and Thirty-Six (36) in Block "C" of the J.L. Morgan property according to map of same, designated as Map Four (4) of the Pleasant Garden Farm and recorded in Map Book 1 at Page 54 of the McDowell County Map Records, hereby incorporated by reference as if fully set out and to which reference is hereby made.

AND ALSO BEING A PART OF THE PROPERTY described in a deed from Ellen J. Crawford to Mrs. Rena M. Hoyle by deed dated December 4, 1947, and recorded in Deed Book 100 at Page 435 of the McDowell County Deed Records, hereby incorporated by reference and to which reference is hereby made.

Each of said lots front on Old State Highway No. 19, now known as Garden Creek Road, twenty-five (25) feet and runs back to Garden Creek; except however, Lot No. Thirty-Three (33) is 128 feet wide.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 18th day of November, 2008.

PRESENTATION OF 2007-08 CITY AUDIT REPORT: Mr. Chris Costner of Martin Starnes and Associates was present for this meeting to present the 2007-08 City Audit Report.

Mr. Chris Costner gave a power point presentation that stated that as usual the City of Marion received an unqualified (clean) opinion and no findings.

Mr. Costner noted that the General Fund Balance decreased in 2007-08, due to the Powell Bill Fund being spent down for several large street projects such as North Madison Street and Forest Heights Drive that were carried over from 2006-07, the City fronting the money for the Mt. Ida property purchase and the unbudgeted $25,000 appropriation to the McDowell House project. The City Manager stated that the 2006-07 ending General Fund Balance was essentially inflated, due to few Powell Bill Funds being spent that year.

Council was presented with bound copies of the financial statements and audit report.

The City Manager commended Finance Director Harriett Thomas and her staff for all her hard work with the audit and for preparing almost all of the report. The City Manager noted that this is the third year in a row that the City auditor has not even issued a management letter with any suggestions on how the City's financial management could be improved, which is a testament to the great job Ms. Thomas does every day.

Ms. Thomas introduced Ms. Dawn Penland, Accounting Assistant for the City of Marion, and stated that she assists her daily and does a great job.

Councilman Edwards stated that he serves on the Local Firemen's Relief Fund Board and asked about accounting for Firemen's Relief Fund payments. Mr. Costner stated that expenditures from the Firemen's Relief Fund must be recorded as an expenditure with off-setting revenue shown.

AA.000000099 (24)

Ms. Thomas advised that the Fund is not controlled at all by the City, but still must be accounted for in the City financial statements, which can potentially cause an issue for the City.

Council members had no other questions for Mr. Costner. Mayor Pro Tem Little thanked Mr. Costner for his presentation.

PUBLIC HEARING – ZONING MAP AMENDMENT – 1525 RUTHERFORD ROAD:
Mayor Pro Tem Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a request had been received by Turning Point Services to rezone their property at 1525 Rutherford Road from R-2 General Residential to C-2 General Business. Ms. Cotton stated that the property for which rezoning is being requested is located on a main thoroughfare making it an ideal location to operate a business. The surrounding area has a mixture of commercial and residential uses. Ms. Cotton stated that, recently, residential and other surrounding properties have been converted or are being developed into commercial uses. The property is located in an area that has been identified on the Comprehensive Land Use Map as being developed into commercial. The commercial land use designation is not likely to change with future updates to the Comprehensive Land Use Plan.

Ms. Cotton presented Council with graphic illustrations identifying both the existing and proposed zoning designations for the subject property.

Ms Cotton stated that the Planning Board recommended **Approval** of the Applicant's request to amend to the Official Zoning District Map to rezone the subject property to C-2 General Business Zoning District.

There were no citizens present to further discuss this item.

Mayor Pro Tem Little closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance amending the Official Zoning District Map for property located 1525 Rutherford Rd, and having the PIN 1711.13-23-4067 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2. The City of Marion is amending the Official Zoning District Map for property located 1525 Rutherford Rd, and having the PIN 1711.13-23-4067 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on November 6, 2008.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 18th day of November 2008.

A. Everette Clark, Mayor

Ordinance Number: O-08-11-18-4

PUBLIC HEARING ZONING MAP AMENDMENT – 721 RUTHERFORD ROAD: Mayor Pro Tem Little opened the Public Hearing.

Planning and Development Director Ms. Heather Cotton advised that a request has been received from Mr. Mark McCracken to rezone property located at 721 Rutherford Road from the R-2 General Residential Zoning District to the C-2 General Business Zoning District

Ms. Cotton stated that the property for which a rezoning is being requested is located on a main thoroughfare making it an ideal location to operate a business. The surrounding area has a mixture of commercial and residential uses. Ms. Cotton reported that, recently, residential properties have been converted into commercial uses. The property is located in an area that has been identified on the Comprehensive Land Use Map as being developed into commercial. The commercial land use designation is not likely to change with future updates to the Comprehensive Land Use Plan.

Ms. Cotton presented Council with graphic illustrations identifying both the existing and proposed zoning designations for the subject property.

Ms. Cotton stated that the Planning Board recommended **Approval** of the Applicant's request to amend to the Official Zoning District Map to rezone the subject property to C-2 General Business Zoning District.

There were no citizens present to further discuss this item.

Mayor Pro Tem Little closed the Public Hearing

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to amend to the Official Zoning District Map to rezone the subject property to C-2 General Business Zoning District as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

AA.00000101 (24)

Section 2. The City of Marion is amending the Official Zoning District Map for property located 721 Rutherford Rd, and having the PIN 1701.12-85-8222 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on November 6, 2008.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 18th day of November 2008.

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-08-11-18-5

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

REVIEW/CONSIDER APPROVAL OF OFFER TO PURCHASE REAL PROPERTY REAL PROPERTY OWNED BY CITY OF MARION SUBJECT TO UPSET BID: The City Manager advised that Mr. Mark Shuman was present for this meeting and that he had submitted an offer to purchase the City owned residential lot at the corner of Blue Ridge Street and West Henderson Street. Mr. Shuman's offer of $3,000 for the property is conditioned on being allowed to place a 28' X 70' doublewide manufactured home on the property and receiving a variance from the Board of Adjustment from the setback requirements to allow a 28' x 70' doublewide to be placed on the property. The offer does not request a free water or sewer connection.

The City Manager advised that, if Council wishes to accept the offer subject to upset bid, the City will need to publish notice of the acceptance of the offer and allow the opportunity for someone to submit an upset bid. Council could also reject the offer outright or make a counter offer.

Councilman Martin made a motion to accept the bid from Mr. Shuman in the amount of $3,000. The motion was seconded by Councilman Cuthbertson.

Councilman Edwards stated that he appreciated the offer from Mr. Shuman; however, he feels this Board should think more about this particular location and what will be lost in terms of appearance on one of the main entrances into downtown. Councilman Edwards advised that the lot is presently a wooded area, with many adjacent homes and property owner. As a citizen as well as a Council Member, he has concerns with the impact on the surrounding area and on property values.

Councilman Owenby stated that he agrees with Councilman Edwards.

AA.000000102 (24)

A discussion followed.

Mayor Pro Tem Little stated that there was a motion and second on the floor.

The vote was as follows:

Councilman Cuthbertson	Aye
Councilman Martin	Aye
Councilman Edwards	No
Councilman Owenby	No

The vote was tied, with two votes in favor of accepting the bid proposal of $3,000.00 from Mr. Shuman for the City owned property on Blue Ridge Street and two votes opposed to accepting the bid.

Mayor Pro Tem Little broke the tie and voted in opposition to accepting the offer.

The motion to accept the offer from Mr. Shuman to purchase the City owned property on Blue Ridge Street for $3,000 failed 3-2.

The City Manager stated that Council could consider taking this particular property off the market if it was not the desire of Council to sell the property. Council agreed to take that suggestion under advisement.

CONSIDER APPROVAL OF LICENSE TO OPERATE A PLACE OF AMUSEMENTS – LIGHTING LANES/IVAN'S: The City Manager advised that Mr. Jake Asta has applied for a game room/amusements license to operate Lightning Lanes/Ivan's off of Finley Road. The City's Game Room/Pool Room Ordinance technically requires license holders to reapply for their license each year.

The City Manager advised that the business has 20 games and 16 bowling lanes. A criminal history check was run on the applicant and there were no items found on the State or local criminal history check. The Police Department has further stated that they had not had any issues with alcohol or drugs at the bowling alley.

The City Manager stated that staff could determine no reason under the City's Game Room/Pool Room ordinance why a license should not be issued for this establishment.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to approve a license for Mr. Jake Asta to operate a game room/place of amusements at Lightning Lanes/Ivan's.

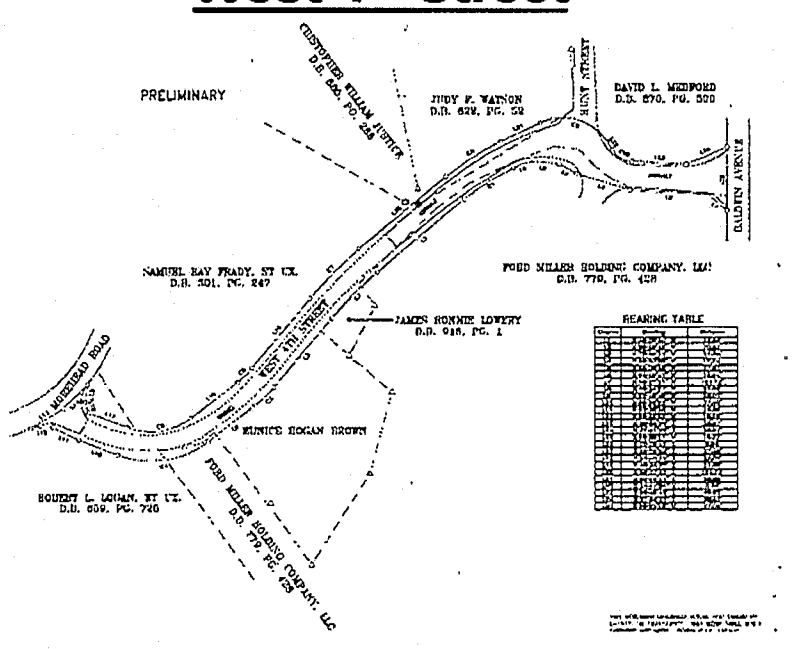
Councilman Cuthbertson suggested that future non-controversial license renewals be placed on the Consent Agenda for approval.

SCHEDULE TOWN MEETING DATE: Mayor Pro Tem Little advised that the Town Meeting has traditionally been held the third Thursday evening in January. The Lion's Club meets the third Thursday of each month at the Community Building, so the City Manager had suggested that the fourth Thursday, January 22, be chosen as the date for the Town Meeting, with Thursday, January 29 being a backup date in the event of inclement weather.

A discussion followed.

AA.000000103 (24)

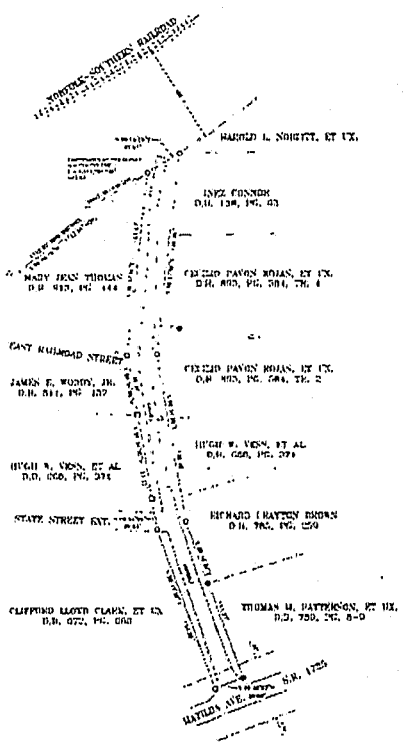
It was the consensus of Council to schedule the Town Meeting for Thursday, January 22, at 7:00 p.m. at the Community Building, with Thursday, January 29, at 7:00 p.m. at the Community Building being a backup date in the event of inclement weather.



PRESENTATION OF OPTIONS FOR PAVING DIRT STREETS: The City Manager advised that Public Works Director Chris Hollifield was present to give a presentation on available right of ways and options for paving dirt streets in the City. The City Manager noted that the City had many years ago paved all City maintained streets in the City Limits, but the City had annexed areas such as the Eastfield Community and inherited some dirt and gravel streets.

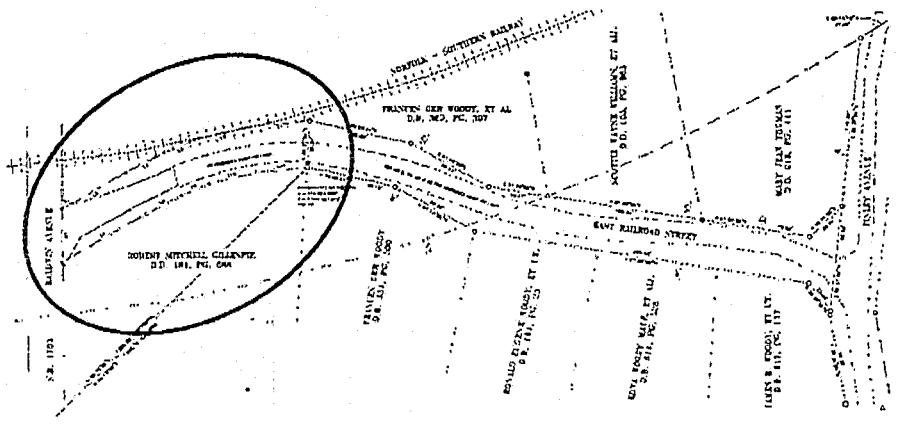
Mr. Hollifield reported that, as previously authorized by Council, Larry Greene has surveyed the highest priority dirt streets as set by Council, to allow staff make recommendations regarding how to proceed and regarding the cost of paving said streets. Mr. Hollifield's presentation was as follows:

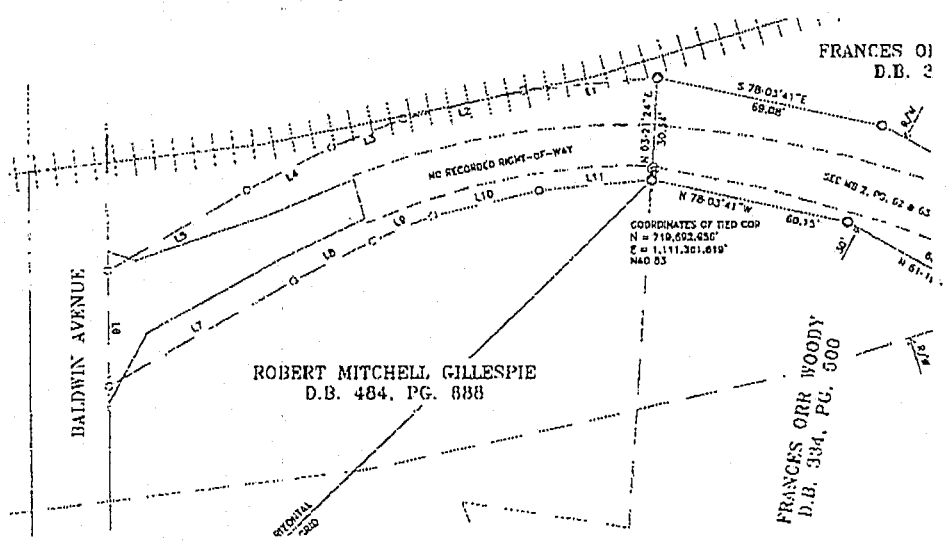
Dirt Roads within City Limits



- Right of Way Issues -
E. Railroad St./Finley Ave.
W. Fourth St.
Florence Avenue

West 4th Street





AA.00000104 (24)

Finley Avenue

East Railroad Street

AA.000000105 (24)

Right of Way (ROW) Issues

- West 4th Street — No Recorded ROW
- Finley Avenue — 30' ROW
- Florence Avenue — 25' ROW
- East Railroad Street — ROW terminates before road ends – no ROW at Baldwin intersection

Asphalt Costs

$13.00 / yd²

- West 4th Street — $10,400 Asphalt Cost
- East Railroad Street — $12,133 Asphalt Cost
- Florence Avenue — $14,100 Asphalt Cost
- Finley Avenue — $ 5,778 Asphalt Cost

These costs are for Asphalt surfacing only.
The substantial cost will be for grading
and establishing a road bed

Mr. Hollifield summarized by stating that asphalt costs had increased drastically in the past few months, causing the projected paving costs for the four streets to nearly double. Mr. Hollifield stated that he did not yet have estimated costs for grading or roadbed preparation for each street. He added that it was uncertain whether adjacent property owners on East Railroad and West Fourth Streets would be willing to donate right of way to allow the streets to be paved.

The City Manager stated that Council direction on prioritizing these streets was desired, so that the paving of one or more streets could be worked into the budget for the Spring Paving Project each year.

Mayor Pro Tem Little suggested that it would be helpful to have full costs for the grading and roadbed preparation for each street, along with the paving cost. The City Manager asked if it would also be helpful to know if property owners would donate right of way where necessary. Mayor Pro Tem Little and other Council members agreed by consensus to discuss this matter at a future meeting when full cost estimates for could be presented for the grading, roadbed preparation and paving for each street and when a report can be given on the ability of the City to obtain right of way as necessary from adjacent property owners.

DISCUSSION OF STREET REQUESTS: The City Manager advised that he had received a request from the West Court Baptist Church asking that NCDOT install a crosswalk on West

AA.000000106 (24)

Court Street between the church property and their parking lot across the street and to place crosswalk signs along West Court Street.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to endorse this request and to forward it to NCDOT.

The City Manager advised that Councilman Owenby had reported that a resident of 6th street in East Marion has requested a curb replacement project on this street.

It was the consensus of Council to refer this request to the Street Committee.

CITY MANAGER'S REPORT: The City Manager gave a brief report on Current Projects as follows:

The City Manager advised that he had received a letter from DOT advising that needed repairs have been made to bridges on Highway 226 South to allow the previously agreed upon I-40 detour route along Highway 226 and Dysartsville Road to be used, instead of routing detour traffic through Downtown Marion. Downtown Marion will continue to be a backup I-40 detour route.

The City Manager advised that the one Regular City Council meeting in December will be held on Tuesday, December 2. The City Council Christmas Dinner will be held at Carolina Chocolatiers at 6:00 p.m. on Tuesday, December 9.

The City Manager advised that the joint meeting with the County Commissioners has been set for Monday, November 24, at 6:00 p.m. at Carolina Chocolatiers. The City Manager advised that he is working on the agenda for the meeting with the County Manager, as discussed at the November 6 Planning Session.

The City Manager advised that a contractor is scheduled to begin work on the sidewalk extension on West Henderson Street from Railroad Street to Ingle's the week after Thanksgiving. The contractor will charge $31,000 for the sidewalk work and railings. DOT will fund $20,000 of the cost, leaving a cost of $11,000 for the City.

The City Manager advised that Ms. Freddie Killough is pursuing some possible grants for a permanent farmer's market structure. As authorized by Council, the City will use N.C. STEP Program money as a match for grant money that is received.

The City Manager advised that the City had joined with the County and the Town of Old Fort to complete a Hazard Mitigation Plan in 2005. The Federal and State governments required local governments to adopt Hazard Mitigation Plans in order to be eligible for Federal and State disaster funding in the future. The Hazard Mitigation Plans must be redone every five years. The N.C. Division of Emergency Management is now promoting regional Hazard Mitigation Planning and advises that regional plans will stand a much better chance of State funding. McDowell County has been asked to join together with Yancey, Mitchell and Avery Counties to complete its required plans. Each County would retain its own identity in the plans and would essentially just be completing the plans together. The City Manager stated that the City will need to join in this effort, or else have to complete our own plan. Since the plan's most important purpose is frankly to meet a Federal and State mandate, The City Manager stated that he would propose, without objection, that the City join together in this regional effort to meet the Federal and State mandates.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, Council voted unanimously to authorize the City Manager to work with McDowell, Yancey, Mitchell and Avery

AA.000000107 (24)

Counties to complete a required Regional Hazard Mitigation Plan, as had been recommended by the North Carolina Division of Emergency Management.

The City Manager stated that he had recently spoken with Mr. Frank Boldon regarding a request Mr. Boldon wished to make. The City Manager stated that Mr. Boldon was donating the land for the Clinchfield Park and had previously given a $2,000.00 donation toward the purchase of land for the park. The City Manager stated that Mr. Boldon would like to redirect the $2,000 donation and ask that the City use the funds toward purchasing a webcam on top of one of the buildings on Main Street, so that views of the Downtown area could continuously be broadcast on the City website.

The City Manager stated that the City can obtain the necessary equipment for less than $2,000 and perhaps partner with a downtown property owner to share a wireless connection and to receive permission to put the camera on top of the building. Mayor Pro Tem Little and other Council members agreed by consensus to authorize the City Manager to approve Mr. Boldon's request.

COUNCILMAN COMMENTS:

Councilman Owenby and Councilman Martin scheduled a date for the Street Committee meeting to review the request for curb replacement on 6th Street, East Marion. The meeting will be held on Friday at 2:00 p.m.

Mayor Pro Tem Little stated that he had seen other cities recently placing prominent signs at pedestrian crosswalks advising that it is a State law for motorists to yield to pedestrians. He suggested that such signs be explored for downtown, particularly at the Main and Court Street intersection. The City Manager stated that staff would look into the possibility and come back with some suggestions at a future meeting.

Councilman Cuthbertson advised that the stop light at State and Main is still not working properly and needs to be revisited by DOT. The City Manager advised that he had already contacted DOT once regarding this signal and that he would contact them again.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor Pro Tem

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, December 2, 2008, at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director/Engineer; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Virginia Kaye Allen, Marion, NC; Glenda Elam, 39 Sinclair Avenue, Marion, NC; Chris and Howard Edwards, Marion, NC; David Cable and Dean Wall, McDowell County Rescue Squad, Marion, NC; Jackie & Sandra Williams, Marion, NC; Mickey & Sherry Arrowood, 5518 Harmony Grove Road, Marion, NC; Kay, Tammy & Josh Willis 25 North Drive, Marion, NC; Paige, Brianna and James Duncan, 20 Bartlett Road, Marion, NC; Joe & Ruby Duncan, 5 West Glenview Street, Marion, NC; Traci Silver, 102 Park Terrace Drive, Belmont, NC 28012.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the Consent Agenda as follows:

A. Approval of Minutes – November 18, 2008 City Council Minutes

B. Adopt Resolution Declaring Fire Tower Truck as Surplus and Authorizing its Sale

Resolution
Declaring Certain Items of Personal Property
Owned by the City of Marion as Surplus and Authorizing Their Sale

WHEREAS, N.C.G.S. 160A-266(b) authorizes cities to dispose of personal property valued at less than $30,000 by private negotiation and sale; and

WHEREAS, N.C.G.S. 160A-267 requires that when a City Council proposes to dispose of property by private sale, it adopt a resolution at a regular Council meeting authorizing an appropriate City official to dispose of the property by private sale at a negotiated price; and

WHEREAS, the City of Marion owns a 1968 Sutphen aerial fire truck; and

WHEREAS, this truck is no longer NFPA compliant, is unsafe to operate and it is not cost efficient to bring it up to current standards; and

WHEREAS, the City Council desires to sell this truck for the best possible price utilizing GovDeals.com.; and

WHEREAS, considering the age and condition of this vehicle it is believed to have an estimated value of less than $30,000.

NOW THEREFORE THE CITY COUNCIL OF THE CITY OF MARION RESOLVES:

Section 1. The City Council of the City of Marion does hereby declare the "1968 Sutphen aerial fire truck" described above as surplus and authorizes the City Manager to dispose of this item by private sale.

Section 2. This vehicle shall be advertised on GovDeals.com, with pictures, full description and disclosure, and no sale shall be consummated until ten (10) days after its initial posting.

Section 3. This resolution shall be effective upon its adoption.

AA.000000109 (24)

Adopted this the 2nd day of December, 2008.

A. Everette Clark, Mayor

NOW, THEREFORE, BE IT RESOLVED by the membership of the North Carolina League of Municipalities, meeting in Annual Conference on this 14th day of October 2008, expresses their sorrow at the passing of Nora L. Arrowood, former Police Officer of the City of Marion, who made lasting contributions to municipal government and whose memory we are proud to honor.

BE IT FURTHER RESOLVED that this resolution be made a part of the permanent records of the North Carolina League of Municipalities and that copies be forwarded to the family of Nora L. Arrowood and to the City of Marion.

S. Ellis Hankins, Executive Director Susan Burgess, President

Date: October 14, 2008

Council Members, Police Chief Mika Elliott, friends and family members shared kind words about all three of the honorees.

PRESENTATION OF PROPERTY DEED TO MCDOWELL COUNTY RESCUE SQUAD, INC: Mayor Clark advised that Cuity Council had recently voted to donate City owned property on State Street, on which the original Rescue Squad building is located, to the McDowell County Rescue Squad, Inc., Mayor Clark presented the property deed to Rescue Squad Chief David Cable, Rescue Squad member Dean Wall and other members of the Rescue Squad.

Mayor Clark advised that the City appreciated all the work of the Rescue Squad over the past 50 years and stated that the City was glad to have supported the Rescue Squad. Chief Cable and Mr. Wall stated that they appreciated the great assistance the Rescue Squad has received over the years from the City.

AA.000000111 (24)

Council members all commended the members of the Rescue Squad for all they do on a daily basis.

Mayor Pro Tem Steve Little stated that he wished to stand up in the presence of the Rescue Squad members and led the room in a round of applause in honor of the great service of the Rescue Squad.

SPECIAL PRESENTATION BY MAYOR CLARK: Mayor Clark stated that two Council Members have served for 15 years.

Mayor Clark presented Councilman Lloyd Cuthbertson and Councilman Mike Edwards with 15 year City Service Pins and thanked them for all the years they have given to the City.

PUBLIC HEARING – ADOPTION OF ANNEXATION REQUEST – GARDEN CREEK ROAD: Mayor Clark opened the Public Hearing.

The City Manager advised that this required Public Hearing is for a voluntary annexation request from the Hall family for their property on Garden Creek Road and that, if approved, the annexation would become effective on December 31, 2008.

There were no citizens present to discuss this request.

Mayor Clark closed the Public Hearing

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
GARDEN CREEK ROAD-HALL PROPERTY - 2008

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, December 2, 2008, after due notice by publication on Friday, November 21, 2008; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of December 31, 2008:

TRACT I:

AND BEING THE SAME IDENTICAL PROPERTY described in Deed Book 250 at Page 826 of the McDowell County Deed Registry, hereby incorporated by reference as if fully set out and to which reference is hereby made and more fully described as follows:

Adjoining Garden Creek Road to the West, Grantor to the South, Garden Creek Road to the West, and Grantees to the North.

BEING LOT NOS. THIRTY-SEVEN (37) and THIRTY-EIGHT (38) in Block "C" of the J.L. Morgan

AA.00000112 (24)

Pleasant Gardens Farm, according to Map No. 4 of said property as recorded in McDowell County Map Book 1 on Page 54, hereby incorporated by reference as if fully set out and to which reference is hereby made.

BEING TWO OF THE LOTS CONVEYED by Ellen J. Crawford to Rena M. Hoyle by deed dated December 4, 1947, recorded in McDowell County Deed Registry in Deed Book 100 on Page 435, hereby incorporated by reference and to which reference is hereby made.

TRACT II:

AND BEING THE SAME IDENTICAL PROPERTY described in Deed Book 117 at Page 194 of the McDowell County Deed Registry, hereby incorporated by reference as if fully set out and to which reference is hereby made and more fully described as follows:

All those four (4) certain lots of land, known and designated Lot Nos. Thirty-Three (33), Thirty-Four (34), Thirty-Five (35) and Thirty-Six (36) in Block "C" of the J.L. Morgan property according to map of same, designated as Map Four (4) of the Pleasant Garden Farm and recorded in Map Book 1 at Page 54 of the McDowell County Map Records, hereby incorporated by reference as if fully set out and to which reference is hereby made.

AND ALSO BEING A PART OF THE PROPERTY described in a deed from Ellen J. Crawford to Mrs. Rena M. Hoyle by deed dated December 4, 1947, and recorded in Deed Book 100 at Page 435 of the McDowell County Deed Records, hereby incorporated by reference and to which reference is hereby made.

Each of said lots front on Old State Highway No. 19, now known as Garden Creek Road, twenty-five (25) feet and runs back to Garden Creek; except however, Lot No. Thirty-Three (33) is 128 feet wide.

Section 2. Upon and after December 31, 2008, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 2nd day of December, 2008.

A. Everette Clark, Mayor

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-08-12-02-1

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting to speak to Council.

APPROVE RESOLUTION – AUTHORIZING A GROSS RECEIPTS TAX ON THE SHORT-TERM RENTAL OR LEASE OF HEAVY EQUIPMENT TO REPLACE THE REPEALED AUTHORITY TO LEVY PROPERTY TAXES ON HEAVY EQUIPMENT:

The City Manager advised that as shown in the memo presented to Council, the General Assembly repealed the authority of municipalities to levy property taxes on heavy equipment. In lieu of property taxes, the General Assembly authorized municipalities to levy a 0.8 percent gross receipts tax on the short-term lease or rental of heavy equipment at retail. The City Manager reported that the definition of heavy equipment in the legislation is such that there may currently be no such activity that takes place in the City. However, the City Manager stated that he would

AA.000000113 (24)

recommend that Council adopt the following resolution to put the heavy equipment tax in place in the event that new businesses undertaking the lease or rental of heavy equipment locate in the City in the future. The new tax would take effect on January 1, 2009 and apply to tax years beginning after July 1, 2009.

A brief discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to adopt the following Resolution:

A RESOLUTION
LEVYING A TAX ON GROSS RECEIPTS DERIVED FROM
RETAIL SHORT-TERM LEASE OR RENTAL OF HEAVY EQUIPMENT

WHEREAS, the North Carolina General Assembly has ratified Senate Bill 1852, which has been designated as Session Law 2008-144 [the "Act"]; and,

WHEREAS, the Act repealed the property tax on certain heavy equipment leased or rented under retail short-term leases or rentals and authorized municipalities to replace the lost tax revenue through enactment of a local tax on gross receipts derived from the retail short-term lease or rental of that heavy equipment.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion, North Carolina that:

Section 1. Definitions. In addition to the common meanings of words, the following definitions shall be applicable herein:

(a) "Customer" shall mean any person that leases or rents heavy equipment on a short-term lease or rental basis.

(b) "Finance Officer" shall refer to that individual appointed pursuant to the provisions of the municipal charter to serve as finance officer (or other reasonably descriptive title as provided in G.S. § 159-24) for the City and any other person authorized to carry out the duties and functions of such individual.

(c) "General Statutes" shall refer to the North Carolina General Statutes and any reference to a particular section thereof shall include the same as may be from time to time amended, modified, supplemented, revised or superseded.

(d) "Gross receipts" shall mean the amount that is or would be reported as gross receipts on a business's state income tax return, or on the federal income tax return filed with the state income tax return if the state return does not separately state gross receipts for the most recently completed tax year. Taxes collected hereunder are not subject to the tax herein imposed and are not included in gross receipts.

(e) "Heavy equipment" shall mean earthmoving, construction, or industrial equipment that is mobile, weighs at least 1,500 pounds, and is either:

(i) A self-propelled vehicle that is not designed to be driven on a highway; or

(ii) Industrial lift equipment, industrial material handling equipment, industrial electrical generation equipment, or a similar piece of industrial equipment.

The term includes an attachment for heavy equipment, regardless of the weight of the attachment. [G.S. § 160A-215.2(a)(1)]

(f) "Lease or rental" shall mean a transfer of possession or control of tangible personal property for a fixed or indeterminate term for consideration. The term does not include any of the following:

(i) A transfer of possession or control of property under a security agreement or deferred payment plan that requires the transfer of title upon completion of the required payments.

(ii) A transfer of possession or control of property under an agreement that requires the transfer of title upon completion of required payments and payment of an option price that does not

AA:000000114 (24)

exceed the greater of one hundred dollars ($100.00) or one percent (1%) of the total required payments.

(iii) The providing of tangible property along with an operator for a fixed or indeterminate period of time if the operator is necessary for the equipment to perform as designed. For the purpose of this subparagraph, an operator must do more than maintain, inspect, or set up the tangible personal property.

[G.S. § 105-164.3(17)]

(g) "Long-term lease or rental" shall mean a lease or rental made under a written agreement to lease or rent property to the same person for a period of at least three hundred sixty-five (365) continuous days. [G.S. § 105-187.1(3)]

(h) "Person" shall mean any individual, trustee, executor, other fiduciary, corporation, unincorporated association, partnership, sole proprietorship, company, firm, or other legal entity.

(i) "Short-term lease or rental" shall mean any lease or rental that is not a long-term lease or rental. [G.S. § 160A-215.2(a)(2) and G.S. § 105-187.1(7)]

(j) "Taxpayer" means any person liable for the taxes imposed by this Resolution.

Section 2. Levy of Tax. A tax is hereby imposed and levied in an amount equal to eight tenths percent (0.8%) of the gross receipts derived from the short-term lease or rental of heavy equipment at retail. This tax on gross receipts is in addition to the privilege taxes authorized by G.S. § 160A-211. [G.S. § 160A-215.2(b)]

Section 3. Collection of the Tax. Every person whose principal business is the short-term lease or rental of heavy equipment at retail shall collect at the time of the lease or rental, or at the time of the payment of the consideration therefor, the tax herein levied. A person is not considered to be in the short-term lease or rental business if the majority of the person's lease and rental gross receipts are derived from leases and rentals to a person who is a related person as defined under G.S. § 105-163.010. The tax so collected shall be placed in a segregated account, and thereafter remitted to the Finance Officer in accordance with the provisions of this Resolution. The taxpayer shall include a provision in each retail short-term lease or rental agreement, or other documentation evidencing the transaction, stating that the percentage amount enacted by this Resolution of the total lease or rental price, excluding sales tax, is being charged as a tax on gross receipts. The amount of the tax shall be stated separately from the lease or rental and shown separately on the taxpayer's records. The tax shall be paid by the customer to the taxpayer as trustee for and on account of the (City)(Town)(Village). The taxpayer shall be liable for the collection thereof and for its payment to the Finance Officer and the taxpayer's failure to charge or to collect said tax from the customer shall not affect such liability. [G.S. § 160A-215.2(b)]

Section 4. Report and Payment of Tax. Taxes levied under this Resolution are due and payable when a return is required to be filed. Every taxpayer shall, within the time specified, submit a return to the Finance Officer on the form prescribed by the Finance Officer. A return must be signed by the taxpayer or the taxpayer's agent. Returns of taxpayers are due to the Finance Officer for each calendar quarter on or before the last day of the month following the end of the quarter in which the tax accrues. As provided in G.S. § 160A-208.1, a return shall not be considered a public record and information contained in a return may be disclosed only in accordance therewith. [G.S. § 160A-215.2(c)]

Section 5. Taxpayer to Keep Records. The taxpayer shall keep and preserve suitable records of the gross receipts received by such taxpayer in the conduct of business and such other books or accounts as may be necessary to determine the amount of the tax for which such taxpayer is liable under the provisions of this Resolution. It shall be the duty of the taxpayer to keep and preserve for a period of three years all such records of gross receipts and other books and accounts described. All records, books and accounts herein described shall be open for examination at all reasonable hours during the day by the Finance Officer or the Finance Officer's duly authorized agent.

Section 6. Tax Collector to Provide Forms. The Finance Officer shall design, prepare, print and make available to all taxpayers operating within the municipal boundaries of the (City)(Town)(Village) forms and instructions for filing returns to insure a full collection of and an accounting for taxes due. The failure of any taxpayer to obtain or receive forms shall not relieve such taxpayer from the payment of the tax at the time and in the manner provided.

Section 7. Situs. Gross receipts from the short-term lease or rental of heavy equipment are subject to the tax imposed by this Resolution if the place of business from which the heavy equipment is delivered is located within the municipal boundaries of the (City)(Town)(Village). [G.S. § 160A-215.2(b)]

Section 8. Penalties and Remedies. The provisions with respect to penalties and collection remedies that apply to the payment of sales and use taxes under Article 5 of Chapter 105 of the General Statutes shall be applicable in like manner to the tax authorized to be levied and collected under this Resolution, to the extent that the same are not inconsistent with the provisions hereof. The Finance Officer may exercise any power the Secretary of Revenue may exercise in imposing these penalties and remedies. [G.S. § 160A-215.2(d)]

Section 9. Severability. If any section, clause, or provision of this Resolution shall be found to be invalid, the validity of the remaining sections, clauses or provisions shall not be affected thereby.

Section 10. Authority. This Resolution is enacted pursuant to the provisions of G.S. § 160A-215.2.

Section 11. Effective Date. This Resolution and the taxes thereby levied and imposed shall become effective January 1, 2009.

Adopted this the 2nd day of December, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-08-12-02-1

REVIEW/CONSIDER APPROVAL OF OFFER TO PURCHASE REAL PROPERTY OWNED BY CITY OF MARION SUBJECT TO

UPSET BID: The City Manager stated that Mr. and Mrs. Ricky Frady had submitted an offer to purchase the two City owned residential lots on
Morehead Road. Mr. and Mrs. Frady offered $8,000 for the combined 0.56 acre property. A map of the property was presented to Council members along with a copy of the tax cards for the properties.

The City Manager stated that if Council wished to accept the offer subject to upset bid, the City will need to publish a notice of the acceptance of the offer and allow the opportunity for someone to submit an upset bid. Council could also reject the offer outright or make a counter offer.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Mayor Pro Tem Little,
Council voted unanimously to adopt the following resolution accepting the offer of Mr. and Mrs. Frady to purchase the two City owned lots on Morehead Road in the amount of $8,000, subject to upset bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Rickey and Lisa Frady have submitted a bid in the amount of $8,000 for the purchase of approximately 0.56 acres of property owned by the City of Marion located on Morehead Road (McDowell County Parcel Identification Numbers 1711.09-06-8112 and 1711.09-06-8186).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The two parcels owned by the City of Marion on Morehead Road (McDowell County Parcel Identification Numbers 1711.09-06-8112 and 1711.09-06-8186) that are approximately 0.56 acres in size are hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Rickey and Lisa Frady to purchase the above described property for $8,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Rickey and Lisa Frady of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $8,000.

Adopted this the 2nd day of December, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-08-12-02-3

The City Manager stated that Mr. Kendrick Swepson had submitted an offer to purchase a City owned residential lots on West Grayson Street. Mr. Swepson offered $2,500 for the 0.29 acre property. A map of the property was presented to Council members along with a copy of the tax card for the property.

Councilman Martin asked that he be excused from the discussion and vote for this matter due to the fact that he is related to Mr. Swepson.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to excuse Councilman Martin from the discussion and vote for this matter.

The City Manager stated that if Council wished to accept the offer subject to upset bid, the City will need to publish a notice of the acceptance of the offer and allow the opportunity for someone to submit an upset bid. Council could also reject the offer outright or make a counter offer.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to adopt the following resolution accepting the offer of Mr. Swepson to purchase the City owned lot on West Grayson Street in the amount of $2,500, subject to upset bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Kendrick Swepson has submitted a bid in the amount of $2,500 for the purchase of approximately 0.29 acres of property owned by the City of Marion located on West Grayson Street (McDowell County Parcel Identification Number 1701.17-22-1168).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Grayson Street (McDowell County Parcel Identification Number 1701.17-22-1168) that is approximately 0.29 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Kendrick Swepson to purchase the above described property for $2,500, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. Kendrick Swepson of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,500.

Adopted this the 2nd day of December, 2008.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-08-12-02-4

Mayor Clark stated that property located at the intersection of Stroud Street and Sugar Hill Road is in an overgrown condition. He asked that City staff contact DOT to see if the City can acquire the property or have it cleaned. Public Works Director Chris Hollifield stated that he would contact DOT concerning this property.

DISCUSS STREET REQUESTS: The City Manager stated that the Street Committee met on November 21 and looked at the request for curb replacement on 6th Street in East Marion. The Street Committee and staff felt that the curb on 6th Street was in good shape, except for a few places where it has been worn down or damaged. The City Manager stated that the recommendation of the Street Committee is to replace the damaged sections late next year, after the City completes projects that have been scheduled over the next year, including sidewalk repairs and a sidewalk extension on Logan Street, Community Building Park improvements and work on the Clinchfield and Eastfield Parks. The City Manager reported that the vast majority of the curb on 6th Street is in good or excellent condition and would remain in place.

Mayor Pro Tem Little stated that he had recently walked on a section of Fort Street between Logan and Academy Street and that the sidewalk is bad on the Taylor and Brown office side of the street. Mayor Pro Tem Little suggested that this section of sidewalk also be added to the priority list for repair or replacement. The City Manager suggested that this curb replacement take place at the same time curb repairs and replacement occurs on Logan Street.

AA.0000000118 (24)

Council Members agreed by consensus to add the replacement of deterioriated sections of the 6th Street, EM curb and the replacement of sidewalk on the north side of Fort Street between Logan and Academy Streets to the Street and Sidewalk priority list.

DISCUSS 2008-09 BUDGET ISSUES: The City Manager presented Council with a spreadsheet showing proposed expenditure cuts to the General Fund and the Water and Sewer Fund for the current year to compensate for revenue losses. In the General Fund, the City Manager stated that he projected that sales tax revenues may be $85,000 less than the budgeted amount for 2008-09. The City Manager stated that his goal was to identify expenditure cuts totaling two percent of the General Fund budget, or $108,750. Through delays in filling certain vacant positions, delayed capital outlay purchases and reductions in various line items in almost every department, the City Manager advised that departments identified $194,579 in General Fund expenditure cuts.

In the Water and Sewer Fund, the City Manager stated that he had estimated that the water and sewer revenue loss from the Swift Galey and Spectrum plant closings would be $72,435 for 2008-09. To be conservative, the City Manager stated the he wanted to plan for expenditure cuts totaling 2.5 percent of the Water and Sewer Fund, or $89,719. Through reductions to various line items in the Water and Sewer Fund departments, the City Manager reported that City staff was able to identify $90,000 in Water and Sewer Fund expenditure cuts.

The City Manager recommended that he be authorized to implement the listed expenditure cuts. If circumstances improve, he would release some of the listed expenditures, particularly capital outlay purchases.

Mayor Pro Tem Little stated that he wished to thank the City Manager and Department Heads for coming up with this unpleasant plan for dealing with the revenue shortfall for the current year in a responsible manner. He added that it takes strength of character to do this sort of thing.

Mayor Clark stated that the City is on the right path to deal with the expected revenue shortfall for the current year. He added that the City does not want to neglect its citizens, however.

Councilman Martin stated that he appreciates the Mayor's comments and that he feels the same way.

Mayor Clark stated that the bottom line is that the City exists only for the service of people.

The City Manager stated that the recommended cuts would not involve any layoffs or the elimination of any services. He stated that services could be slowed a bit, due to vacant positions being left unfilled, but that residents should not notice much difference in their service delivery.

The Mayor and Council Members agreed by consensus to authorize the City Manager to implement the recommended expenditure cuts for the current fiscal year.

REVIEW/CONSIDER AWARD OF BIDS – VEHICLE PURCHASE: Finance Director Harriett Thomas advised that, in the 2008-09 budget, the City included $68,000 for the purchase of two fully equipped marked patrol cars. City staff sent bid notices out to 10 automobile dealers and received three bids back. The low bid that met specifications came in from Ilderton Dodge in High Point in the amount of $68,382, which is $382 more than was budgeted. Ms. Thomas stated that the same two cars last year cost $66,780.

The City Manager stated that in a normal year, the increase of 2.4 percent would not be noteworthy. However, he said that he and Ms. Thomas were disappointed with the vehicle price going up at all given that the current economy and the fact that the City should

AA.00000119 (24)

enjoy a buyer's market this year with the problems in the automotive industry. Ms. Thomas stated that the vehicle price is comparable to last year, but that the equipment cost has risen.

The City Manager stated that Council could accept the bid from Ilderton Dodge or reject all bids and readvertise. He added that it is possible that the City will not receive a better price if we re-advertise, since dealerships may think that local governments purchasing police cars are a captive audience.

Councilman Edwards asked if the City could afford the purchase of these vehicles given the discussion previously in the agenda regarding the current budget situation.

The City Manager stated that, with the proposed $285,000 in expenditure cuts, the City should be able to afford these two vehicles. He cautioned against delaying the purchase of vehicles to next year if at all possible, since the 2009-10 budget year may be even more uncertain.

Mayor Pro Tem Little stated that he would suggest not accepting these bids and re-advertising.

Councilman Cuthbertson stated that perhaps we could negotiate the price down from the low bid and proceed if the price comes down.

A discussion followed.

Councilman Edwards stated that he is not convinced that we need to purchase these vehicles this year and does not feel comfortable with giving blanket approval for the purchase of the vehicles. He asked that staff bring back any negotiated prices to Council for review.

After additional discussion, it was agreed that City staff will attempt to negotiate a lower price for the vehicles with the low bidder and bring any new proposal back to Council in January for review.

ADD ON – APPOINTMENT TO McDOWELL ECONOMIC DEVELOPMENT ASSOCIATION BOARD: The City Manager advised that McDowell Economic Development Association (MEDA) Director Chuck Abernathy had reported that morning that all terms on the MEDA had expired as of July 1, 2008. Councilman Cuthbertson has served two terms on the MEDA Board and is eligible to serve another term if so desired by Council.

Councilman Cuthbertson stated that he would serve another term on the MEDA Board if Council wished.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to reappoint Councilman Cuthbertson to another term on the McDowell Economic Development Association Board.

ADD ON – DISCUSSION OF RECRUITMENT OF MEDIUM SECURITY PRISON: The City Manager stated that McDowell Economic Development Association (MEDA) Director Chuck Abernathy had reported that morning of the possibility of two 500 bed medium security prisons possibly being approved in the next session of the General Assembly. The City Manager stated that one of the prisons may be located in Western North Carolina and that Mr. Abernathy suggested that all local governments and organizations in the County endorse the recruitment of a prison.

Mayor Clark suggested that the City should not endorse anything regarding the recruitment of a new prison until the sales tax issue is resolved with McDowell County.

AA.00000120 (24)

It was suggested that this issue be discussed further at the next Council Planning Session.

CITY MANAGER'S REPORT: The City Manager stated that he would like to publicly commend Marion Business Association Director Freddie Killough, Police Chief Mika Elliott, Fire Chief Jim Neal and Public Works Director Chris Hollifield for the great work of their staff during the annual Christmas Parade held on November 23. The City Manager stated that the Parade seems to get bigger and better each year.

The City Manager advised that the work is complete on the water and sewer extension up Highway 221 North Business and on Hankins Road to Scotty's Mobile Village. He stated that the City has about $25,000 in leftover grant money, which will be used without objection to have the contractor install some additional water and/or sewer line up the old roadbed of Highway 221 toward the Bypass, to get the City closer to commercial sites on Highway 221 North.

The City Manager advised that Larry Greene is finishing work on the survey of the Clinchfield Park and greenway parcel, to create a lot to be subdivided off of the 12.55 acre Huskins Trust property off of Hill Street in Clinchfield that Frank Boldon purchased in late July. He added that City staff are developing a schedule for work on the new Park; however, due to Mr. Boldon planning to soon begin work on his residential development, the City may start on the Eastfield Park first.

The City Manager advised that the City's N.C. STEP Program investment proposal and final report had been submitted to the N.C. Rural Center. He added that the City has received word that we will soon receive the grant contract for $150,000 of the requested $200,000. If the City pursues a $50,000 loan pool, as was one option for the support to business item, the City will need to prepare some guidelines and obtain buy-in from local banks in order to receive approval from the Rural Center.

The City Manager advised that the City channel is back on the air. He commended Administrative Assistant Debi Sherlin for her hard work putting information about news and current projects on the City channel, adding that the City channel now had more information than ever.

The City Manager advised that Mr. Eugene Holland had contacted him asking for an extension of the loading zone on Railroad Street to include the area in front of his business, Marion Tire. Council agreed to refer this item to the Street Committee for review.

The City Manager commended the Police Department for assisting with the delivery of Thanksgiving meals to needy persons. Chief Elliott stated that the full-time officers and reserves enjoyed helping with this project and that he was proud of the officers for their efforts.

The City Manager advised that the next Council Planning Session is scheduled for Tuesday, December 8 at 7:00 PM at City Hall.

The City Manager stated that he had received a request from the County to expand the ban on registered sex offenders in City parks to include County owned parks in the City. The City Manager stated that he would bring appropriate language to Council for review after discussion once language is received from the County.

CLOSING COMMENTS:

Councilman Martin stated that he was glad to see the sidewalk on West Henderson Street between Railroad Street and the Ingle's Shopping Center being finished.

AA.00000121 (24)

Councilman Cuthbertson stated that the Street crews had solved the long-standing problem with a drain box on Morgan Street.

Councilman Cuthbertson stated that the turn signal at State and Main is still not working properly. The City Manager stated that he had DOT Division Engineer Mark Teague to return the signal to its original position on several occasions and had recently spoken again to Mr. Teague about the signal.

Councilman Owenby stated that holes on Montevista Avenue need to be patched if asphalt is avail able. Public Works Director Chris Hollifield advised that this work was scheduled for the following day.

CLOSED SESSION – UNDER N.C.G.S. 143-318.11(a)(6) TO DISCUSS PERSONNEL MATTERS: Upon a motion by Mayor Pro Tem Little. seconded by Councilman Owenby, Council voted unanimously to go into Closed Session in accordance to N.C.G.S. 143-318.11(a)(6) to discuss personnel matters.

REGULAR SESSION: Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to go back into Regular Session.

Mayor Clark stated that no action was taken in Closed Session.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

Board of Directors, McDowell County Recreation Commission
Chairman, "Outlook" Project
Organizer and Past Chairman of Committee of 100
Board of Directors of Shadowline, Inc., and much more.

Mayor Clark and Council Members all shared kind words about Mr. Charles Burgin and commended him for all he has given to the community.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – November 24, 2008 Special City Council Meeting Minutes
December 2. 2008 Regular City Council Meeting Minutes
December 2, 2008 Closed Session Council Meeting Minutes
December 8 2008 Planning Session Minutes

B. Approve Waiver of Civil Citation – Handicapped Parking Violation - City Council approved a request from Ms. Celia H. Laughridge to waive the $10.00 penalty for a parking citation she received on November 20, 2008 for parking in a handicapped parking space in the Peeble's parking lot without displaying a handicapped placard. Ms. Laughridge provided proof that she has a valid handicapped placard.

C. Approve Waiver of Civil Citation – Jury Parking Violation – City Council approved a request from Ms. Rena Parker to waive a $10.00 penalty for a parking citation she received on December 8, 2008 for overtime parking on East Court Street. Ms. Parker provided evidence that she was serving on the McDowell County Grand Jury at the time she received the citation.

D. Adopt Resolutions of Intent - Annexation

A RESOLUTION STATING THE INTENT OF THE CITY COUNCIL OF MARION TO CONSIDER ANNEXATION OF THE AREA DESCRIBED HEREIN AND FIXING THE DATE OF A PUBLIC INFORMATIONAL MEETING AND A PUBLIC HEARING ON THE QUESTION OF ANNEXATION – EASTFIELD PHASE IV

BE IT RESOLVED by the City Council of the City of Marion that:

Section 1. It is the intent of the City Council of the City of Marion to consider annexation of the following described territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina:

BEGINNING at a point at the northern corner of Lot 6045 Block 40 on the McDowell County Tax Map 1712.18; thence following the eastern boundary of said Lot 6045 and Lots 6947, and 6950 Block 49 on the McDowell County Tax Map 1711.06 in a generally southerly direction approximately 255.52 feet to the southeast point of said Lot 6950; thence following the southern boundary of said Lot 6950 in a westerly direction 60 feet to a point on the southern boundary of said Lot 6950, said point also being the northeast corner of Lot 5797; thence following the eastern boundary of said Lot 5797 in a southerly direction 222.28 feet to a point, thence following the southern boundary of said Lot 5797 in a westerly direction 174.16 feet to the southwest corner of said Lot 5797, said point also being a point on the boundary of the current Marion Corporate Limits; thence following the Marion Corporate Limits in a northerly direction approximately 413 feet to the point of BEGINNING.

AA.000000124 (24)

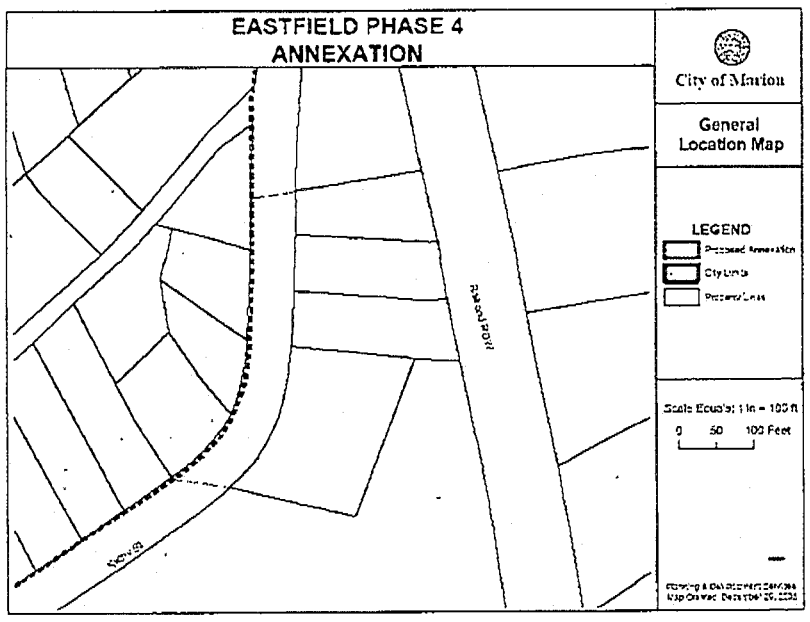
Section 2. A public informational meeting on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on February 24, 2009, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to ask questions and receive answers regarding the proposed annexation.

Section 3. A public hearing on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on March 24, 2009, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to be heard.

Section 4. A report of plans for extending services to the above described territory shall be made available for public inspection at the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting. The statement of financial impact contained in the report shall be delivered to the McDowell County Board of Commissioners at least thirty (30) days prior to the date of the public informational meeting.

Section 5. A legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed who have been identified shall be posted in the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting.

Section 6. Notice of the public informational meeting and public hearing shall be given by publication and by first class mail, as required by G.S. 160A-49.



ADOPTED the 6th day of January, 2009.

RESOLUTION NUMBER: R-09-01-06-7

A RESOLUTION STATING THE INTENT OF THE CITY COUNCIL OF MARION TO CONSIDERANNEXATION OF THE AREA DESCRIBED HEREIN AND FIXING THE DATE OF A PUBLIC INFORMATIONAL MEETING AND A PUBLIC HEARING ON THE QUESTION OF ANNEXATION – VIRGINIA ROAD

BE IT RESOLVED by the City Council of the City of Marion that:

Section 1. It is the intent of the City Council of the City of Marion to consider annexation of the following described territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina:

BEGINNING at a point at the southwest corner of Lot 8276 Block 92 on McDowell County Tax Map 1702.20, said point also being the current Marion Corporate Limit; thence following the eastern boundary of said Lot 8276 first in a northwesterly direction 301 feet, thence in a east-northeasterly direction 123 feet, thence in a southerly direction 98 feet, and finally in an easterly direction 200 feet to a point at the eastern corner of said Lot 8276, said corner also being the western boundary of Hill Street, thence crossing Hill Street in an easterly direction 40 feet to a point on the eastern boundary of Hill Street, said point also being on the western boundary of Lot 0568 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 0568 in a southerly direction 25 feet to a point at the southwest corner of Lot 0568, said point also being the northwest corner of Lot 1335 Block 02 on McDowell County Tax Map 1712.17; thence following the northern boundary of said Lot 1335 and Lot 2309 Block 02 on McDowell County Tax Map 1712.17 in an easterly direction 169 feet to a point at the northeast corner of Lot 2309, said point also being on the western boundary of Lot 1695 Block 02 on McDowell County Tax Map 1712.13, thence following the western boundary of said Lot 1695 in a northerly direction 407.5 feet to a point at the northwest corner of Lot 1695; thence following the northern boundary of said

AA.00000133 (24)

Lot 1695 in an easterly direction 211 feet to a point at the northeast corner of said Lot 1695; thence following the eastern boundary of said Lot 1695 in a southerly direction 518 feet to a point at the southeast corner of said Lot 1695, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Virginia Avenue; thence crossing Virginia Avenue in an easterly direction 40 feet to a point on the eastern boundary of Virginia Avenue, said point also being the southwest corner of Lot 4534 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 4534 in a northerly direction 223 feet to a point at the northwest corner of said Lot 4534, thence following the northern boundary of said Lot 4534 and Lot 5503 Block 02 on McDowell County Tax Map 1712.13 in an easterly direction 146 feet to a point at the northeast corner of Lot 5503, thence following the eastern boundary of said Lot 5503 in a southerly direction 164.2 feet to a point at the southeast corner of said Lot 5503, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Forsyth Street; thence crossing Forsyth Street in an easterly direction 30 feet to a point on the eastern boundary of Forsyth Street, said point also being the southwest corner of Lot 0923 Block 02 on McDowell County Tax Map 1712.13; thence following the southern boundary of said Lot 0923 in an easterly direction 68 feet to a point at the southeast corner of said Lot 0923, said point also being the southwest corner of Lot 6461 Block 02 on McDowell County Tax Map 1712.17; thence following the western boundary of said Lot 6461 in a northerly direction approximately 100 feet to a point on the western boundary of said Lot 646, said point being a western corner of Lot 7425 Block 02 on McDowell County Tax Map 1712.17; thence following the boundary of Lot 7425 first in a westerly direction 9 feet, thence in a northerly direction 20 feet, thence in a northeasterly direction 84, thence in a southeasterly direction 97 feet to a point at the southeast corner of said Lot 7425, said point also being the current Marion Corporate Limits; thence following the Marion Corporate Limits in a generally westerly direction approximately 1095 feet back to a point of BEGINNING.

Section 2. A public informational meeting on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on February 24, 2009, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to ask questions and receive answers regarding the proposed annexation.

Section 3. A public hearing on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on March 24, 2009, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to be heard.

Section 4. A report of plans for extending services to the above described territory shall be made available for public inspection at the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting. The statement of financial impact contained in the report shall be delivered to the McDowell County Board of Commissioners at least thirty (30) days prior to the date of the public informational meeting.

Section 5. A legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed who have been identified shall be posted in the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting.

Section 6. Notice of the public informational meeting and public hearing shall be given by publication and by first class mail, as required by G.S. 160A-49.

ADOPTED the 6th day of January, 2009.

E. Approve Personnel Policy Amendments

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

Section 1. That Article X, Insurance/Retirement Benefits, add Section 7. Employee Assistance Program (EAP) as follows:

The City of Marion recognizes that a wide range of behavioral problems can affect an employee's job performance. Examples of such behavioral problems include alcohol and/or drug abuse, marital or family distress, emotional instability, financial or legal issues or other problems. Many times, these problems may result in deterioration of job performance or efficiency. In most instances, the employee will overcome such personal problems independently and job performance will return to an acceptable level. In some instances, supervisory assistance will serve as either motivation or guidance by which problems can be resolved. There may be times when both the efforts of neither the employee nor the supervisor have the desired effect on resolving personal problems and unsatisfactory employee performance persists over a period of time, either constantly or intermittently.

The purpose of the Employee Assistance Program is to help the employee to overcome his/her problem and to restore that employee to full job efficiency. The program is designed to identify the problem at the earliest stage, motivate the employee to seek help, and to direct the employee to the appropriate assistance.

The City of Marion believes it is in the interest of the employee, the employee's family, and the company, to provide an employee service which deals with such persistent problems. For the Employee Assistance Program to be successful, the following must be carried out:

1. Personal problems which affect work performance and attendance are legitimate concerns of management. Management recognizes that these behavioral problems can be successfully treated provided they are identified early and referral is made to the appropriate resource.
2. Personal problems requiring assistance include alcohol/drug abuse, marital or family distress, mental illness, emotional, financial or legal problems, along with many others.
3. The purpose of the EAP is to assure employees that if such personal problems are the cause of unsatisfactory job performance that they will receive an offer of assistance to help resolve such problems in an effective and confidential manner.
4. No employee will have his or her job security or promotional opportunities jeopardized for participating in the program.
5. Strict confidentiality of records is essential and will be maintained.
6. Employees are encouraged to use the EAP voluntarily when he or she needs professional help or guidance.
7. If an employee has not sought help independently for a personal problem, it will be the responsibility of the supervisor to follow a procedure which will insure that no employee with a behavioral disorder will fail to be offered the benefit of diagnosis and treatment.

AA.00000135 (24)

8. As for any illness, accrued sick leave will be granted in accordance with the Section titled Article VII – Leaves of Absence, Section 5. Sick Leave as it relates to medical appointments.
9. Any expense incurred in seeking assistance, beyond that covered by medical insurance, will be the responsibility of the employee.
10. It is the employee's responsibility to cooperated in the designated treatment or rehabilitation plan. After a reasonable opportunity for progress, disciplinary procedures, up to and including dismissal, may apply unless there is noticeable improvement in job performance.
11. The program is also available to family members living within the household of regular full time employees.

Section 2. This amendment shall become effective upon its adoption.

Adopted this the 6th day of January, 2009.

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

Section 1. That Article VII Leaves of Absence, Section 14. Educational Leave with Pay is amended by deleting the first paragraph in its entirety and replacing it with the following:

A leave of absence with pay during regular working hours will be granted to an employee to take courses required by the City as a condition of employment. The City shall reimburse the employee for tuition, fees, and books as well as the travel costs, as provided for Article VI Work Conditions and Expectations, Section 13. Travel and Expense Reimbursement, for the courses provided the employee submits a receipt for such expenses. However, if such course results in a certification that would possibly benefit the employee in employment elsewhere and the employee ends employment within twelve (12) months of such certification, the employee will reimburse the City for all costs associated with the certification.

Section 2. This amendment shall become effective upon its adoption.

Adopted this the 6th day of January, 2009.

PRESENTATION OF TRAFFIC SAFETY AWARD FROM AAA CAROLINAS: Police Chief Mika Elliott announced that the City of Marion had received a 2nd place award for Traffic Safety in North Carolina from AAA Carolinas. The plaque read as follows:

AAA
Carolinas
Foundation for Traffic Safety's
2008
Outstanding North Carolina Traffic Safe Community
Population less than 10,000

Chief Elliott advised that he appreciated the hard work of his officers to keep the City safe and to allow the City to receive this award.

The City Manager reported that the City could receive free signs announcing this award to erect at the entrances into the City.

The signs to place at each entrance will read as follows:

2008 Outstanding North Carolina
Traffic Safe Community
CITY OF MARION

AA.000000138 (24)

AAA Foundation for Traffic Safety

The Mayor and City Council agreed by consensus to authorize staff to have the sign listed above placed at the entrances to the City.

Mayor Clark and Council members commended Chief Elliott on his department's efforts and for the receipt of this award.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADOPT RESOLUTION APPROVING FINAL SALE OF CITY OWNED PROPERTY ON WEST GRAYSON STREET: The City Manager stated that upon approval of the offer by Mr. Kendrick Swepson to purchase the City owned lot on West Grayson Street for $2,500 on December 2, the City published notice of the proposed sale on December 12 and invited the submittal of upset bids. The ten day upset bid period passed with no further bids being received. The City Manager stated that final adoption of a resolution by City Council was required to authorize the final sale of the property to Mr. Swepson.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to adopt the following Resolution authorizing the final acceptance of an offer to purchase certain property owned by the City of Marion on West Grayson Street after solicitation of upset bids as follows:

Resolution Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Kendrick Swepson has submitted a bid in the amount of $2,500 for the purchase of approximately 0.29 acres of City property located on West Grayson Street (McDowell County Parcel Identification Number 1701.17-22-1168); and

WHEREAS, the City Council of the City of Marion adopted a resolution on December 2, 2008, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Swepson to purchase the property, as described below, for a sum of $2,500; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Swepson; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on December 12, 2008, caused notice of the proposed sale of the property, as described below, to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. Swepson.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Grayson Street (McDowell County Parcel Identification Number 1701.17-22-1168) that is approximately 0.29 acres in size is hereby declared to be surplus to the needs of the City of Marion:

2. The City Council accepts the offer of Mr. Kendrick Swepson to purchase the above described property for $2,500 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

ADOPT RESOLUTION APPROVING FINAL SALE OF CITY OWNED PROPERTIES ON MOREHEAD ROAD: The City Manager stated that upon approval of the offer by Rickey and Lisa Frady to purchase the City owned lots on Morehead Road for $8,000 on December 2, the City published notice of the proposed sale on December 12 and invited the submittal of upset bids. The ten day upset bid period passed with no further bids being received. The City Manager stated that final adoption of a resolution by City Council was required to authorize the final sale of the property to Mr. and Mrs. Frady.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following resolution authorizing final acceptance of the offer to purchase certain property owned by the City of Marion on Morehead Road after solicitation of upset bids as follows:

Resolution Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion after Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Rickey and Lisa Frady have submitted a bid in the amount of $8,000 for the purchase of approximately 0.56 acres of City property located on Morehead Road (McDowell County Parcel Identification Numbers 1711.09-06-8112 and 1711.09-06-8186); and

WHEREAS, the City Council of the City of Marion adopted a resolution on December 2, 2008, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. and Mrs. Frady to purchase the property, as described below, for a sum of $8,000; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. and Mrs. Frady; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on December 12, 2008, caused notice of the proposed sale of the property, as described below, to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. and Mrs. Frady.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The two parcels owned by the City of Marion on Morehead Road (McDowell County Parcel Identification Numbers 1711.09-06-8112 and 1711.09-06-8186) that are approximately 0.56 acres in size are hereby declared to be surplus to the needs of the City of Marion:

2. The City Council accepts the offer of Rickey and Lisa Frady to purchase the above described property for $8,000 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

RESOLUTION NUMBER: R-09-01-06-10

REVIEW/CONSIDER APPROVAL OF OFFER TO PURCHASE REAL PROPERTY ON BLUE RIDGE STREET OWNED BY CITY OF MARION SUBJECT TO UPSET BID: The City Manager stated that Mr. Scott Price had submitted an offer to purchase the City owned property at the corner of Blue Ridge Street and West Henderson Street for $3,900. The City Manager advised that Mr. Price indicates that he plans to construct a stick built home of 1,000 to 1,500 square feet, similar to the one he recently constructed on Ridgecrest Avenue. Mr. Price states that he will keep the existing buffer on the property but will need to grade the property to provide ample building space.

The City Manager stated that Mr. Price's offer is conditioned on the purchase price including free water and sewer connections, which now carry a value of $2,520.

Councilman Cuthbertson stated that the offer is only for $1,380, considering that Mr. Price wants a free water and sewer connection.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem, Council voted unanimously to reject this offer.

A discussion followed.

Councilman Martin stated that, in light of this property being very visible from one of the primary entrances to the downtown area, City Council would be best served to take the property off the market.

Councilman Edwards stated that he would agree that the property should be taken off the market.

Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, Council voted unanimously to direct the City Manager to take the City owned property on Blue Ridge Street off the market and not to consider selling the property.

CONSIDER APPROVAL OF ORDINANCE TO EXTEND LOADING ZONE ON RAILROAD STREET: The City Manager advised that, as reported at the December 2 City Council meeting, Mr. Eugene Holland of Marion Tire made a request to extend the loading zone currently in place in front of Jerry's Barber Shop and other buildings on Railroad Street farther eastward to include areas in front of Marion Tire.

The City Manager stated that the Street Committee met on December 5 and felt that the expanded loading zone area was needed for Marion Tire and would be no more unsafe than the current loading zone.

A brief discussion followed.

Councilman Cuthbertson asked that he be recused from this discussion due to a possible conflict of interest, since he is related to Mr. Holland.

AA.00000141 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted to recuse Councilman Cuthbertson, as requested, from the discussion and vote of this item.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted to adopt the following Ordinance to extend the loading zone on Railroad Street as follows:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
RAILROAD STREET	LOADING ZONE	SOUTH SIDE, 135 FT. EAST OF SW CORNER OF MORGAN 75 FT. EASTERLY

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
RAILROAD STREET	LOADING ZONE	SOUTH SIDE, BEGINNING 135 FT. EAST OF THE SOUTHEASTERN CORNER OF MORGAN STREET AND CONTINUING 135 FT. EASTERLY

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of January, 2009.

A. Everette Clark, Mayor

J. Robert Boyette, City Manager

Ordinance Number: O-09-01-06-1

REVIEW/CONSIDER REJECTION OF BIDS – VEHICLE PURCHASE: The City Manager advised that, in the 2008-09 budget, the City $68,000 for the purchase of two fully equipped marked patrol cars. In November, City staff sent bid notices out to 10 automobile dealers and received three bids back, as shown in the information presented to Council. The low bid that met City specifications came in from Ilderton Dodge in High Point in the amount of $68,382, which was $382 more than we budgeted. The same two cars last year cost us $66,780. In a normal year, the increase of 2.4 percent would not be noteworthy. The City Manager stated

AA.000000142 (24)

that he was disappointed with the price going up at all given that we should have a buyer's market this year with the problems in the automotive industry.

The City Manager advised that, at the December 2 Council meeting, Council directed that staff seek to negotiate a lower price with the low bidder, Ilderton Dodge, for the purchase of these vehicles and to bring the revised price back to Council for review. The City Manager stated that Ilderton Dodge did reduce the cost per vehicle by about $900, almost all of which seemed to be due to adjustments in the specifications. The reduction in price of about $1,800 for the two vehicles would have brought the cost of the two vehicles below the budgeted amount and just below what we paid for two marked police cars in 2007-08. However, Ilderton Dodge would only guarantee this price through December 12, which was not an acceptable time frame.

The City Manager stated that the only choice the City seems to have at this point is to reject all initial bids and to rebid these cars with revised specifications. The City Manager suggested separating the bids for the cars and the equipment in an attempt to attract more bidders, especially locally.

The City Manager stated that therefore, he would recommend that Council reject all the initial bids for the purchase of two fully equipped marked police cars.

Councilman Cuthbertson suggested that the vehicle purchase be bid both as a turn key package and with the vehicle and equipment installation separated. The City Manager stated that he would make sure the vehicles were bid both ways.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to reject the previous bids for the purchase of two marked patrol cars and to rebid the vehicles.

CONSIDER APPOINTMENTS – ALTERNATE MEMBERS OF PLANNING BOARD AND BOARD OF ADJUSTMENT: The City Manager advised that Mr. John Morrow and Mr. Rex Wood, both residents of Rutherford Road, have recently expressed interest in becoming alternate members of the Planning Board/Board of Adjustment. The Planning Board recommended that Council consider these gentlemen for appointment.

The City Manager reported that the City currently has three alternate members of the Planning Board/Board of Adjustment. The City Code authorizes up to six alternate members. Having more alternate members gives us a greater likelihood of having a quorum at a meeting.

The City Manager stated that he would recommend that the terms of Mr. Morrow and Mr. Wood as alternate members of the Planning Board/Board of Adjustment expire on June 30, 2012.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to appoint Mr. John Morrow and Mr. Rex Wood as alternate members of the Planning Board/Board of Adjustment, said terms to expire June 30, 2012.

CONSIDER APPROVAL OF REQUEST FROM McDOWELL ARTS COUNCIL ASSOCIATION TO CLOSE MAIN STREET FOR THE 1ST ANNUAL HONEY BEE ARTS AND CRAFTS FESTIVAL ON SATURDAY, MAY 16, 2009: Ms. Heather Cotton, President of McDowell Arts Council Association (MACA) appeared before Council to request permission to close Main Street between Court and Henderson Streets on Saturday, May 16 for the first annual Honey Bee Arts and Crafts Festival. The proposed road closure would be between 7:00 a.m. and 6:00 p.m.

An application will be made to DOT for the road closure upon approval by Council.

AA.000000143 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the request by the McDowell Arts Council Association to close Main Street between Court and Henderson Streets on Saturday, May 16 for the first annual Honey Bee Arts and Crafts Festival.

The City Manager suggested that MACA advise affected businesses in the block of the street closing about the planned event, to avoid any conflicts.

Councilman Owenby asked if they had considered having bluegrass music during the festival. Ms. Cotton stated that there had been discussion about music, but that MACA had decided not to have music this year.

Mayor Clark asked how the art and craft gallery is going in the MACA Building. Ms. Cotton stated that the gallery is off to a good start and that MACA hopes to make it bigger and better. Ms. Cotton provided a brief update of current MACA projects and initiatives.

ADD ON – RESCHEDULING OF MARCH 17TH COUNCIL MEETING: The City Manager advised that several members will be in Washington, D.C. at the time of the March 17 Regular City Council meeting for the National League of Cities Conference. The City Manager suggested rescheduling the meeting to March 24.

A brief discussion followed.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, Council voted unanimously to reschedule the March 17 Regular City Council meeting to Tuesday, March 24 at 7:00 p.m.

DISCUSSION – PROPOSAL FROM MAYOR CLARK REGARDING OFFER OF PROPERTY FOR RECRUITMENT OF NEW PRISON AND/OR PRISON LAUNDRY: Mayor Clark stated that the City has owned the Old Waste Treatment Property (approximately 74 acres located off of College Drive near McDowell Technical Community College) and property across from the Water Plant (approximately 86 acres on Old Greenlee Road) for many decades.

Mayor Clark stated that he would like to propose that Council offer this property to the State for use for a proposed medium security prison or for a prison laundry, both of which the City hopes to recruit.

Mayor Clark presented Council with maps showing these properties. He added that the offer of the properties could show the City's commitment to new prison and/or prison laundry and interest the State enough to consider locating one or both facilities in Marion.

A brief discussion followed.

Mayor Pro Tem Little stated that he thought the Mayor's suggestion was a wonderful idea. He added that a new prison and/or prison laundry would provide no tax base, but would provide good jobs for the community and water and sewer revenue for the City.

Councilman Cuthbertson stated that the offer of the properties was something tangible that the City could offer toward the prison recruitment effort.

Mayor Pro Tem Little suggested offering the property to the State for a 12 month period. City Council could then evaluate the progress being made on the possible location of a new prison and/or prison laundry in Marion and extend the time period for the offer if necessary.

AA.000000144 (24)

Upon a motion by Councilman Owenby, seconded by Mayor Pro Tem Little, Council voted unanimously to offer the State of North Carolina approximately 74 acres of property owned by the City off of College Drive and approximately 86 acres of property owned by the City across from the Water Plant on Old Greenlee Road for use for a new prison and/or prison laundry, said offer to expire in 12 months, with City Council reserving the option to extend the offer.

Councilman Owenby stated that if the State does not want the land, City Council should make it available to anyone who would create jobs.

DISCUSSION - MAYOR CLARK – APPOINTMENT OF CITY COUNCIL COMMITTEES: Mayor Clark stated that Council members have served on the same committees for many years.

Mayor Clark presented Council with a list of proposed changes to the City Council committees. He asked members to look over the proposed appointments and to advise him if they have any questions, requests or changes they would like to make. Mayor Clark stated that he would like to finalize the committee assignments at the January 20 Council meeting if at all possible.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that City staff submitted the N.C. STEP Program investment proposal and final report to the Rural Center. The City received a contract for $150,000 of the requested $200,000. In a meeting held in early December, the Rural Center discouraged small towns from pursuing a revolving loan fund. Under the "Support to Business" category of the investment proposal, the City will need to develop another use for the remaining $50,000, such as façade grants, seed grants to new business and/or rent/utility assistance for new businesses. The City Manager advised that he, Freddie Killough and Bobbie Young had met with representatives from Mountain Biz Works on December 19. Mountain Biz Works is a non-profit organization based in Asheville that makes loans to small businesses in Western North Carolina. Mountain Biz Works made a proposal for the City to participate in their loan program. The City Manager noted that Mountain Biz Works makes loans to those who will not qualify for conventional bank loans at high interest rates.

Mayor Clark stated that loaning money to businesses at high interest rates would not help the City or new businesses.

The City Manager proposed discussing the use of the remaining $50,000 in N.C. STEP Program funds with the N.C. STEP Leadership Team later in January and then bringing a recommendation back to Council.

The City Manager advised that he had informed City departments of the budget cuts presented to Council on December 2 for the current year. These budget cuts totaled $285,000 in the General and Water and Sewer Funds. These funds will be held in reserve and released only if the economic climate improves and revenues come in better than expected.

The City Manager advised that Mr. Larry Greene had completed the survey of the Clinchfield Park and greenway parcel, to create a lot to be subdivided off of the 12.55 acre Huskins Trust property off of Hill Street in Clinchfield that Frank Boldon purchased in late July. On December 22, the Clinchfield Park parcel was transferred to the City and the deed recorded. The City Manager stated that City staff were working on a schedule for work on the new Park.

The City Manager advised that City staff are working with the North Carolina Public Water Supply Section staff, the State Division of Water Quality staff, County staff and the Lake Tahoma Homeowner's Association to develop a possible Buck Creek Watershed Plan. The City

AA.00000145 (24)

Manager stated that, without objection, he would propose that the City proceed with work on this plan, since the plan will not cost the City any money and since the plan can hopefully develop ideas on how to provide better protections for the City's Buck Creek water supply and watershed and address competitive issues the City has experienced with upstream agricultural water users on Buck Creek.

The City Manager advised that the State had been very slow in reviewing plans for the Wastewater Improvements Project, including the work to change the Catawba River Plant into a pump station and to complete upgrades to the Corpening Creek Plant. To provide the City with protection, the City submitted a request to extend the Special Order by Consent deadline for the Catawba River Wastewater Plant by a few months. The N.C. Division of Water Quality (DWQ) staff stated that they would fully support the City's extension request.

The City Manager further reported that the State did end up approving the construction plans in mid-December, so the project has now been advertised for bid. The bid opening for the project is scheduled for January 21. The City Manager stated that McGill Associates has advised of a few locations where the City will need easements. In addition, the City will need to acquire a small parcel from Ed Rankin (part of his Forest Road property that fronts on Finley Road) for a pump station location. Mr. Rankin has already verbally agreed to donate the necessary property.

The City Manager stated that he may need to offer money for these easements, since the City will not have sewer service to offer in certain locations such as Garden Creek Road.

The City Manager advised that Public Works Director Chris Hollifield will present options for the possible placement of more visible pedestrian crossing signs in the downtown area at the January 20 Council meeting, as had been suggested by Mayor Pro Tem Little.

The City Manager reported that Mr. Hollifield has asked NCDOT to maintain or turn over to the City for maintenance overgrown property at Sugar Hill Road and Stroud Street, as was requested by Mayor Clark. The City Manager stated that it appeared that DOT would clear the property and then turn it over to the City to mow.
The City Manager advised that the Planning Board workshop held a workshop on December 18 to discuss further the proposed Historic Preservation Ordinance drafted by Planning and Development Director Heather Cotton. Ms. Cotton plans to follow up with a workshop for affected property owners in January or February.

The City Manager advised that the County Manager has contacted him regarding the City's interest in restarting the Joint Utility Committee meetings. He asked Council for direction.

Mayor Pro Tem Little stated that these meetings have proven to be helpful in the past. Mayor Clark suggested that the meetings restart in February. Council members stated no objection to restarting the Joint Utility Committee meetings. Council members noted that the appointment of new Council members to serve on the Utility Committee would likely mean that the meeting time and date will need to change. Suggestions were also made that the County should involve its Chairman in the meetings. The City Manager stated that he would communicate these points and Council's desire to restart the meetings to the County Manager.

COUNCILMAN COMMENTS:

Councilman Martin stated that he would like to thank City staff for the recent completion of the new sidewalk on West Henderson Street between Railroad Street and the new Ingle's Shopping Center.

AA.00000146 (24)

Councilman Martin stated that the annual Dr. Martin Luther King, Jr. Day service would be held at Addie's Chapel United Methodist Church at 11:00 a.m. on Monday, January 19. Councilman Martin advised that he would not be able to attend this service, due to a work conflict.

Councilman Edwards stated that he had heard comments from the public that the City's Government Access Channel was preventing Charter Communications from transitioning the Marion cable system to high definition (HD) format. The City Manager stated that Charter had offered to launch three HD channels on a lineup of over 200 channels last year if the City and County combined their channels, but that the transition of all channels to HD format would require bandwidth far beyond just one channel. Council asked the City Manager to put notices to this effect on the City Channel.

Councilman Edwards asked if Mayor Pro Tem Little had a report from the State Fireman's Association concerning recent expenditures of the Firemen's Relief Fund Board. Mayor Pro Tem Little stated that he did not, however, he would contact Paul Miller with the State Fireman's Association and follow up on the matter.

Mayor Clark stated that the City Channel looks good and is full of information. The City Manager commended Administrative Assistant Debi Sherlin on her hard work to rebuild the information on the channel and to make it better that it was before it went off the air.

Mayor Pro Tem Little stated that the intersection of Court and Garden Streets continually collects debris and needs cleaning. Public Works Director Chris Hollifield stated that he would make sure this location was cleaned.

Mayor Pro Tem Little advised that the green light was burned out on the traffic signal at Garden and State Streets. Mr. Hollifield stated that he would report this location to DOT, which maintains the signal for the City.

Councilman Cuthbertson asked that staff look at installing end caps for the new retaining wall on Railroad Street. The City Manager asked Mr. Hollifield to look at the location and to determine what can be done.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 20, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

Mayor Pro Tem Little was not present for this meeting due to being out of the country on a mission trip to Belize.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Lisa Morgan, Police Officer; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Eugene Holland, 108 Railroad Street, Marion, NC; Penny Davis, 45 Crawford Terrace, Marion, NC; Sarah Wilson, 59 Crawford Terrace, Marion, NC; Tom Rector, 40 Crawford Terrace, Marion, NC; Ronnie Patel, 1814 North Main Street, Marion, NC; Mr. and Mrs. Mimoo Walter, 55 Hankins Road, Marion, NC.

CONSENT AGENDA: Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – January 6, 2009 Regular City Council Meeting Minutes

B. Approve Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA
2008-2009 BUDGET ORDINANCE
(Third Amendment)

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Budget Ordinance for the City of Marion, North Carolina for the fiscal year 2008-09 as adopted by the Marion City Council on the 17th day of June, 2008 is hereby amended as follows:

GENERAL FUND

a. General Fund Expenditures, Fleet Maintenance, Account Number 10-555-1100, Telephone is increased from $-0- to $1,400.

b. General Fund Expenditures, Powell Bill, Account Number 10-570-0400, Professional Services is increased from $14,350 to $15.900.

c. General Fund Revenues, Account Number 10-319-0000, Tax Penalties & Interest Revenue is increased from $16,000 to $20,500.

d. General Fund Revenues, Account Number 10-319-1000, Prior Year Taxes Revenue is increased from $40,000 to $41,250.

e. General Fund Revenues, Account Number 10-321-0000, Privilege License Revenue is increased from $21,000 to $25,000.

f. General Fund Revenues, Account Number 10-330-0000, Planning & Zoning Fees Revenues is increased from $4,000 to $5,000.

g. General Fund Revenues, Account Number 10-334-1700, State Controlled Substance Revenue is increased from $1,578 to $2,298.

h. General Fund Revenues, Account Number 10-336-0000, Rural Center – NCSTEP Grant Revenue is increased from $-0- to $10,000.

i. General Fund Revenues, Account Number 10-341-0500, Refunds /Reimbursements Revenue is increased from $1,200 to $2,500.

j. General Fund Revenues, Account Number 10-399-0000, Fund Balance Appropriated is decreased from $472,310 to $452,490.

WATER AND SEWER FUND

a. Water and Sewer Fund Expenses, Non-departmental, Account Number 30-660-5700, Miscellaneous, is increased from $5,000 to $5,600.

b. Water and Sewer Fund Expenses, Non-departmental, Account Number 30-660-8000, Transfer to Capital Projects, is increased from $650,000 to $800,000.

c. Water and Sewer Fund Revenues, Account Number 30-373-0900, Tank Truck Charges is increased from $1,500 to $7,600.

d. Water and Sewer Fund Revenues, Account Number 30-299-0000, Fund Balance Appropriated is increased from $621,964 to $766,464.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 20th day of January 2009.

INTRODUCTION TO ANNEXATION

North Carolina's Constitution (Art. VII, Sec. 1) directs the General Assembly to "...provide for the organization and government and the fixing of boundaries..." In response to this charge the General Assembly has provided three general law procedures to effect municipal annexations. Those procedures embody the principle that land development for urban purposes should be within an incorporated municipality.

Annexation is the procedure whereby the corporate limits of a municipality are extended to encompass additional land, which, in most cases, is "urban in character." In addition to providing urban services to people that need them, annexation is a tool to implement policies and plans adopted by the community. Annexation is one method of achieving the community's growth objective, which is balanced and directed growth. Annexation is also a method of strengthening the tax base of a municipality, which will allow the locality to provide an adequate level of services to its citizens.

The City of Marion has four (4) methods available to it for annexation; these are: (1) action by the General Assembly, (2) annexation of contiguous areas upon petition of all owners of real property by G.S. Chapter 160-A, Article 4A, Part 1 (G.S. 160A-31 and G.S. 160A-31.1, (3) annexation of non-contiguous (satellite) areas upon petition of all owners of real property by G.S. Chapter 160A, Article 4A, Part 4 (G.S. 160A-58 through G.S. 160A-58.8 and (4) by authority granted to municipalities under 5,000 population by G.S. Chapter 160A, Article 4A, Part 2 (G.S. 160A-33 through G.S. 160A-42).

Action by General Assembly. The General Assembly may at any time enlarge the boundaries of a municipality by special act. This method is especially useful in annexing territory that cannot be annexed under one of the general law procedures because of some local condition. It is thus an important method even though not often used.

Annexation of Contiguous Areas upon Petition of All Owners of Real Property. The governing body of any municipality may annex by ordinance any areas contiguous to its boundaries upon presentation to the governing board of a petition signed by the owners of all real property located within such area. (G.S. 160A-31 and 160A-31.1)

This procedure, first enacted in 1947 in a more restricted form, involves a public hearing and a finding that the petition and the area to be annexed meet the statutory requirements. The procedure is most often used to annex small areas, new subdivisions, and tracts with only a few property owners. Of all methods, this is the most frequently used.

Annexation of Non-Contiguous (Satellite) Areas Upon Petition of All Owners of Real Property. Upon petition signed by all owners of real property in the area, the governing body of a qualified municipality may annex by ordinance certain "satellite" areas whose boundaries do not at any point touch its primary corporate limits. The primary corporate limits consist of the boundaries of a municipality as defined in its charter and as enlarged by annexation of contiguous territory according to applicable laws or diminished by exclusion of contiguous territory of the General Assembly. (G.S. 160-58 through G.S. 160A-58.8)

Before July 1, 1974, the effective date of the general satellite annexation statute, eleven cities had secured satellite annexation authority by special acts, starting with Raleigh in 1967. The satellite procedure, although not often used, is typically employed when owners of satellite property want municipal services or regulations for their property – usually retail establishments, new subdivisions, and occasionally industry.

Annexation of Areas meeting Statutory Standards. On the recommendation of the Municipal Government Study Commission (created by the 1957 General Assembly) the 1959 General Assembly enacted a new and

AA.00000151 (24)

comprehensive municipal annexation statute. The statute defines "developed for urban purposes" and provides that such an area that is contiguous to a municipality's boundaries may be annexed by ordinance if the municipality can provide the area with services on the same basis that it provides services within its existing boundaries. Reports must be prepared that (1) show that urban development in the area proposed for annexation meets the statutory standards and (2) detail the municipality's plans for extending and financing services to the area upon annexation. A special examination of the proposed annexation's effect on any rural fire department must be made. Under some circumstances, arrangements to contract with these departments for services, to assist in meeting their financing needs, or to employ their personnel must be offered. The statute requires extensive notice to affected property owners and a public hearing. After following these steps and finding that all the statutory standards and requirements have been met, the municipal governing board may effect an annexation by ordinance. The statute includes extensive safeguards to assure that citizens in the areas that are annexed receive municipal services as planned. There is no requirement for a petition or a referendum, either within the area proposed for annexation or within the existing municipality. These annexations, based on statutory standards, are subject to the following requirements.

Standards the Area Must Meet Under G.S. 160A-36:

(1) Contiguity. The area must be contiguous to the existing municipal boundary. "Contiguous area" means any area which, at the time the annexation procedures are initiated, either abuts directly on the municipal boundary or is separated from the municipal boundary by a street pr street right-of-way, a creek or river, the right-of- way of a railroad or other public service corporation, or lands owned by the municipality, another political subdivision or the State. (G.S. 160A-41(1).

If the entire territory of a county water and sewer district created under G.S. 162A-86(b1) is being annexed, the annexation shall also include any non-contiguous pieces of the district so long as the largest part of the district is contiguous.

(2) One-Eighth Common Boundary. At least one-eighth (12.5%) of the total external boundary of the area must coincide with the municipal boundary.

(3) Unincorporated. No part of the area may be within another incorporated municipality.

(4) Developed to Urban Standards. The area must be "developed for urban purposes" under G.S. 160A-36(c) as of the time of the approval of the annexation report. That means the area must meet one of the tests set forth in (A) through (C) below. Note that areas of streets and street right-of-way may not be used to determine total acreage in making these calculations:

(A) Use + Subdivision Test. The area is developed such that it meets both of the following tests:

(1) Use Test. At least sixty percent (60%) of the total number of lots and tracts are used for residential, commercial, industrial, Institutional or governmental purposes; and

(2) Subdivision Test. The area is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts three acres or less in size.

OR

Nonresidential Urban Areas. The area is developed such that at the time of the approval of the annexation report, all tracts in the area are used for commercial, industrial, governmental, or institutional purposes.

OR

(C) Water/Sewer District. The annexation area is the entire area of any county water and sewer district created under G.S. 162A-86(b1), so long as the municipality contracts with the district to operate the sewer system and the contract provides that the area is developed for urban purposes. The area of an abolished water and sewer district is still considered a water and sewer district even after its abolition under G.S. 162A-87.2(b).

(5) Boundaries. Recorded property lines and streets must be used in setting the boundaries of the annexation area. Some or all of the boundary of a county water and sewer district may be used when the entire district not already within corporate limits of a municipality is being annexed.

AA.00000152 (24)

ADVANTAGES OF ANNEXATION

Many of the property owners in the area proposed for annexation may feel that annexation offers no advantages for them. This assessment is only superficial, as the following advantages will prove:

Water and Sewer – Areas unserved by Marion's water and sewer system will be served within a reasonable time after annexation. These services are needed to protect the health and safety of the residents. Customers already served by City water and/or sewer will enjoy a 60 percent decrease in water and sewer rates.

Police Protection – Police protection would be provided by the Marion Police Department on a 24-hour basis. City police protection involves more frequent patrols and a more rapid response rate when emergencies arise. The McDowell County Sheriff's Department now provides protection to unincorporated areas of McDowell County.

Fire Protection – Usually a change in fire insurance ratings occurs when an area is annexed into the city limits. The City now has a Class 5 rating while areas outside the municipality have a Class 9 rating.

Some insurance companies will give a reduction in rates once the property has been annexed into the city limits and the class rating has been changed; however, the practice of a reduction in rates is not uniform among insurance companies.

Streetlights – Areas annexed by the City of Marion will be provided with streetlights, which help prevent crime and accidents.

Solid Waste Collection and Disposal – Marion will provide for the collection and disposal of solid waste (garbage and trash) for all newly annexed areas. The property owners now must dispose of their solid waste themselves or contract for this service from a private contractor.

Streets – The City of Marion will maintain all streets which meet City requirements except those which are continually maintained by the North Carolina Department of Transportation.

Right to Vote – Residents in the areas annexed by the City of Marion will be able to vote in City elections and hold City office.

Tax Exemption – Real and personal property taxes are an allowable exemption on both the State and Federal income tax forms.

Annexation will offer some advantages to the City of Marion also. These advantages are as follows:

Increased Revenues – The property tax levy would provide the largest source of new revenue from newly annexed areas. Revenues from water and sewer services would provide funds for general operation of those services.

Such revenues as utility franchise taxes, sales taxes, beer and wine taxes and Powell Bill funds are collected by the State and returned to the municipalities. The distribution of franchise taxes to the municipalities is based on the gross receipts from sales. Powell Bill funds are based on a combination of local street mileage and population.

Increased Tax Base – The new values of real and personal property will increase the appraised tax valuation for Marion. This will increase the City's debt limit and enable it to expand its borrowing capability, as well as its services and facilities.

Increased Population – The increased population will enhance Marion's desirability as a site for new commercial and industrial expansion and support new levels of community service. An increase in population quite often results in an increase in State and Federal funding.

SECTION I

SUMMARY OF REPORT

Pursuant to the authority vested in the City Council of the City of Marion by Part 2, Article 4A, Chapter 160-A of the General Statutes of North Carolina, a Resolution of Intent to consider annexation of the areas covered by this report was adopted by the City Council at a regular meeting held on January 6, 2009. A notice of the public

AA.000000153 (24)

informational meeting to be held on February 24, 2009 and the public hearing to be held on March 24, 2009 on the question of annexation is being published in accordance with legal requirements and the Resolution of Intent.

A municipality exercising its authority to annex shall make plans for the extension of services to the area proposed to be annexed and shall, prior to the public hearing provided for in G.S. 160A-35, prepare a report setting forth such plans to provide services to such areas. The report shall include:

Annexation Report and Services Plan
G.S. 160A-35

G.S. 160A-35 requires a detailed annexation report and services plan. The report must include the following information:

1. A map or maps of the municipality and the adjacent territory to show:

   A. The present and proposed boundaries.

   B. The present major trunk water mains and sewer interceptors and outfalls and any proposed extensions of water mains and sewer outfalls to serve the area to be annexed. The map must bear the seal of a registered professional engineer.

2. A statement showing that the area meets the standards of G.S. 160A-36.

3. A statement setting forth the plans for extending to the annexation area such major services performed within the municipality. The plan must specifically provide for:

   A. Police protection, fire protection, solid waste collections, street maintenance and street lighting services on substantially the same basis and in the same manner as provided in the rest of the municipality as of the effective date of the annexation. If a water distribution system is not available in the area to be annexed, the plans must provide for reasonably effective fire protection until such time as water lines are made available under existing municipal extension policies. A contract with a rural fire department is an acceptable method of providing fire protection, and a contract with a private solid waste collection firm is an acceptable method of providing solid waste collection services.

   B. Extension of major trunk water mains and sewer outfall lines so that property owners in the area will be able to secure public water and sewer service according to the municipal policies in effect for extending such services to individual lots or subdivisions. If requested in writing by any owner of an occupied dwelling unit or an operating commercial or industrial property no later than five (5) days after the public hearing, the report and plans must be amended, at the time of adoption of the ordinance to provide for the extension of water and sewer lines to the property or a point on a public street or road right-of-way adjacent to the property, in accordance with the current financial policies of the municipality for making such extensions. Where extension of water and sewer is necessary, the plans must set out a timetable for completion of construction as soon as possible but not more than two (2) years after the effective date of annexation. In areas where the installation of sewer is not economically feasible due to the unique topography of the area, the city must provide septic system maintenance and repair service until such time as sewer service is provided to properties similarly situated.

4. A statement of the method under which the municipality plans to finance extension of services to the annexed area.

5. A statement of the impact of the annexation on any rural fire department providing service in the area to be annexed and a statement of the impact of the annexation on fire protection and fire insurance rates in the area to be annexed, if the area is in an insurance district, a rural fire protection district or a county fire protection service district. The rural fire department is required to make available to the municipality within thirty (30) days following the municipality's written request, information within its possession or control necessary for preparation of the impact statement, including but not limited to operational, financial and budgetary information. If the rural fire department fails to respond within forty-five (45) days following receipt of a written request, it forfeits its rights to negotiate a contract to provide fire protection under G.S. 160A-37.1 or receive a proportionate share of debt payments under G.S. 160A-37.2. The city must include in its written request reference to the section containing the requirements [G.S. 160A-35(4)] or no forfeiture will occur.

AA.000000154 (24)

6. A statement showing how the proposed annexation will affect the city's finances and services, including city revenue change estimates. This statement must also be delivered to the clerk of the county board of commissioners at least thirty (30) days before the date of the public information meeting.

This report has been prepared by the City of Marion in compliance with the foregoing requirements and is available for public inspection at the office of the City Clerk.

SECTION II

BOUNDARY DESCRIPTIONS

EASTFIELD PHASE IV AREA

BEGINNING at a point at the northern corner of Lot 6045 Block 40 on the McDowell County Tax Map 1712.18; thence following the eastern boundary of said Lot 6045 and Lots 6947, and 6950 Block 49 on the McDowell County Tax Map 1711.06 in a generally southerly direction approximately 255.52 feet to the southeast point of said Lot 6950; thence following the southern boundary of said Lot 6950 in a westerly direction 60 feet to a point on the southern boundary of said Lot 6950, said point also being the northeast corner of Lot 5797; thence following the eastern boundary of said Lot 5797 in a southerly direction 222.28 feet to a point, thence following the southern boundary of said Lot 5797 in a westerly direction 174.16 feet to the southwest corner of said Lot 5797, said point also being a point on the boundary of the current Marion Corporate Limits; thence following the Marion Corporate Limits in a northerly direction approximately 413 feet to the point of BEGINNING.

EASTFIELD PHASE V AREA

BEGINNING at a point at the northern corner of Lot 9159 Block 39 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 9159 in a southeasterly direction 229 feet to an eastern point of said Lot 9159; thence following the eastern boundary of said Lot 9159 and Lot 8965 Block 48 on the McDowell County Tax Map 1711.06 in a southerly direction approximately 315 feet to a point on the eastern boundary of said Lot 896, said point also being the northwest corner of Lot 9891 Block 48 on the McDowell County Tax Map 1711.06; thence following the northern boundary of said Lot 9891 in an easterly direction 42 feet to the northeast corner of said Lot 9891; thence following the eastern boundary of said Lot 9891 in a generally southerly direction 219 feet to the southeast corner of said Lot 989, said point also being the northern boundary of Tunnel Street (SR 1729); thence following the northern boundary of Tunnel Street (SR 1729) in an easterly direction approximately 90 feet to a point on said boundary of Tunnel Street (SR 1729); thence crossing Tunnel Street (SR 1729) in a southerly direction 50 feet to a point on the southern boundary of Tunnel Street (SR 1729), said point also being the northeast corner of Lot 0601 Block 48 on the McDowell County Tax Map 1711.06; thence following the eastern boundary of said Lot 0601 and Lots 9595, 0439, 0422, and 0313 Block 48 on the McDowell County Tax Map 1711.06 in a southerly direction 432 feet to a point at the southeast corner of Lot 0313, said point also being the boundary of the current Marion Corporate Limits; thence following the Marion Corporate Limits first in a westerly direction approximately 1212 feet, thence in a northerly direction approximately 756 feet; and thence in a generally easterly direction approximately1342 feet to the point of BEGINNING.

HIGHWAY 226 SOUTH/ITL AREA

BEGINNING at a point at the southwest corner of Lot 9743 Block 25 on McDowell County Tax Map 1720.01; thence following boundary of said Lot in a northeasterly direction 917 feet, said boundary also being the boundary of the current Marion Corporate Limits; thence following boundary of said Lot in a northwesterly direction 523 feet; thence following the boundary of said Lot in a southwesterly direction 870 feet; thence following the boundary of said Lot in a southeasterly direction 507 feet to a point of BEGINNING.

HIGHWAY 221 NORTH/HANKINS ROAD AREA

BEGINNING at a point at the northeast corner of Lot 8500 Block 87 on McDowell County Tax Map 0792.00, said point also being a point on the current Marion Corporate Limits; thence following the boundary of the Marion Corporate Limits in an east and northeasterly direction approximately 1243 feet to a point at the intersection of the current Marion Corporate Limits and an eastern point of Lot 9202 Block 88 on the McDowell County Tax Map 0792.00; thence following the eastern boundary of said Lot 9202 in a northwesterly direction 206 feet to a point on the northeast corner of said Lot 9202, thence following the boundary of said Lot 9202 in a southerly direction 130 feet, thence following the boundary of said Lot 9202 in a northwesterly direction 146 feet to a point at the northwest corner of said Lot 9202, said point also being the eastern boundary of Hankins Road (SR 1501); thence crossing Hankins Road (SR 1501) in a straight line in a northwesterly direction 60 feet to a point on the western boundary of Hankins Road (SR 1501), said point also being a point on the eastern boundary of Lot 6412 Block 88 on the McDowell County Tax Map 0792.00; thence following the boundary of said Lot

AA.000000155 (24)

6412 and Hankins Road (SR 1501) in a northerly direction approximately 80 feet to a point at the northeast corner of said Lot 6412, said point also being the southeast corner of Lot 7741 Block 88 on McDowell County Tax Map 0792.00, thence following the southern boundary of said Lot 7741 in a westerly direction 81 feet to a point at the southwest corner of said Lot 7741, thence following the western boundary of said Lot 7741 and Lot 7902 Block 88 on McDowell County Tax Map 0792.00 in a northerly direction 538 feet to a point at the northwest corner of said Lot 7902, said point also being the southern boundary of a private road; thence crossing said private road in a straight line in a northerly direction 20 feet to a point on the northern boundary of said private road, said point also being the boundary of the current Marion Corporate Limits; thence following the northern boundary of said private road and boundary of the Marion Corporate Limits in a northwesterly direction 196 feet to a point; thence crossing said private road in a strait line in a southerly direction 20 feet to a point on the southern boundary of the private road, said point also being the northwest corner of Lot 5711 Block 88 on McDowell County Tax Map 0792.00; thence following the western boundary of said Lot 5711 in a southerly direction 356 feet to a point, said point also being the eastern boundary of U.S. Highway 221 Business Extension; thence crossing U.S. Highway 221 Business Extension in a southerly direction approximately 90 feet to a point, said point being at the intersection of the western boundary of U.S. Highway 221 Business Extension and the eastern boundary of U.S. Highway 221 Bypass; thence following the eastern boundary of U.S. Highway 221 Bypass in a southern direction 491 feet to a point on said boundary of U.S. Highway 221 Bypass, said point also being on the western boundary of U.S. Highway 221 Business and the southwest corner of Lot 5060 Block 88 on McDowell County Tax Map 0792.00, thence crossing U.S. Highway 221 Business in a southerly direction approximately 165 feet to a point of BEGINNING.

AIRPORT ROAD AREA

BEGINNING at a point at the northern corner of Lot 3479 Block 50 on the McDowell County Tax Map 1702.19, said point also being the western boundary of Airport Road (SR 1500); thence following the said boundary of Airport Road (SR 1500) in a northwesterly direction approximately 100 feet; thence crossing boundary of said Airport Road (SR 1500) in an easterly direction approximately 40 feet to a point on the eastern boundary of Airport Road (SR 1500), said point also being the western point of Lot 6970 Block 50 on the McDowell County Tax Map 1702.19; thence following the northern boundary of said Lot 6970 in an easterly direction 604 feet to the northeast point of said Lot 6970; thence following the eastern boundary of said Lot 6970 in a southerly direction 150 feet to a point on the eastern boundary of said Lot 6970, said point also being the current Marion Corporate Limits; thence following the boundary of the Marion Corporate Limits in a westerly direction approximately 758.45 feet to the point of BEGINNING.

HIGHWAY 226 SOUTH AREA

BEGINNING at a point at the southeast corner of Lot 4290 Block 98 on the McDowell County Tax Map 1710.02; said point also being a point of the boundary of the current Marion Corporate Limits; thence following said boundary of Marion Corporate Limits in a northwesterly direction approximately 758 feet to a point, said point being the southwest corner of Lot 0660 Block 98 on the McDowell County Tax Map 1710.02; thence following western boundary of said Lot 0660 in a northeasterly direction 379 feet to the northwest point of said Lot 0660; thence following the northern boundary of said Lot 0660 in an easterly direction 190 feet to a point at the northeastern corner of said Lot 0660, said point also being on the western boundary of Lot 3671 Block 98 on the McDowell County Tax Map 1710.02; thence following the western boundary of said Lot 3671 in a generally northeasterly direction 226 feet to a point on the northeast corner of said Lot 3671; thence following the boundary of said Lot 3671 in a southeasterly direction 197 feet to a point on a southeast corner of said Lot 3671; said point also being the northwestern boundary of Fairview Road (SR 1741); thence following the boundary of said Lot 3671 and Fairview Road (SR 1741) in a southerly direction approximately 280 feet to a point; thence crossing Fairview Road (SR 1741) in a straight line 60 feet to a point on the southeastern boundary of Fairview Road (SR 1741), said point also being the northwest corner of Lot 3335 Block 98 on the McDowell County Tax Map 1710.02; thence following the northern boundary of said Lot 3335 in a southeasterly direction 136 feet to a point northeastern corner of said Lot 3335; said point also being a point on the western boundary of Lot 4248 Block 98 on the McDowell County Tax Map 1710.02; thence following the western boundary of said Lot 4248 in a northeasterly direction 189 feet; thence following the northern boundary of said Lots 4248 and 4290 in a generally southerly direction 151 feet to a point, said point also being the boundary of the Marion Corporate Limits, thence following the eastern boundary of said Lot 4290 and the Marion Corporate Limits 212 feet to the point of BEGINNING.

YANCEY ROAD AREA

BEGINNING at a point at the northwest corner of Lot 2351 Block 71 on McDowell County Tax Map 1702.19; thence following the boundary of said Lot 2351 in an easterly direction 280 feet to a point, thence following the boundary of said Lot 2351 in a southerly direction 200 feet to a point at the southeast corner of said Lot 2351, said point also being on the northern boundary of Yancey Road; thence following the northern boundary of

AA.000000156 (24)

Yancey Road in an easterly direction approximately 292 feet; thence crossing Yancey Road in a southerly direction 40 feet to a point; said point being the southern boundary of Yancey Road and the northeast corner of Lot 9102 Block 71 on the McDowell County Tax Map 1702.20; thence following the eastern boundary of said Lot 6102 in a southerly direction 245 feet to a point at the southeast corner of said Lot 6102; thence following the southern boundary of said Lot 6102 and Lots 4024 and 3034 Block 70 on McDowell County Tax Map 1702.19 in a generally westerly direction 375 feet to a point, said point being the current Marion Corporate Limits; thence following the Marion Corporate Limits in a northerly direction approximately 680 feet to a point of BEGINNING.

VIRGINIA ROAD

BEGINNING at a point at the southwest corner of Lot 8276 Block 92 on McDowell County Tax Map 1702.20, said point also being the current Marion Corporate Limit; thence following the eastern boundary of said Lot 8276 first in a northwesterly direction 301 feet, thence in a east-northeasterly direction 123 feet, thence in a southerly direction 98 feet, and finally in an easterly direction 200 feet to a point at the eastern corner of said Lot 8276, said corner also being the western boundary of Hill Street, thence crossing Hill Street in an easterly direction 40 feet to a point on the eastern boundary of Hill Street, said point also being on the western boundary of Lot 0568 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 0568 in a southerly direction 25 feet to a point at the southwest corner of Lot 0568, said point also being the northwest corner of Lot 1335 Block 02 on McDowell County Tax Map 1712.17; thence following the northern boundary of said Lot 1335 and Lot 2309 Block 02 on McDowell County Tax Map 1712.17 in an easterly direction 169 feet to a point at the northeast corner of Lot 2309, said point also being on the western boundary of Lot 1695 Block 02 on McDowell County Tax Map 1712.13, thence following the western boundary of said Lot 1695 in a northerly direction 407.5 feet to a point at the northwest corner of Lot 1695; thence following the northern boundary of said Lot 1695 in an easterly direction 211 feet to a point at the northeast corner of said Lot 1695; thence following the eastern boundary of said Lot 1695 in a southerly direction 518 feet to a point at the southeast corner of said Lot 1695, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Virginia Avenue; thence crossing Virginia Avenue in an easterly direction 40 feet to a point on the eastern boundary of Virginia Avenue, said point also being the southwest corner of Lot 4534 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 4534 in a northerly direction 223 feet to a point at the northwest corner of said Lot 4534, thence following the northern boundary of said Lot 4534 and Lot 5503 Block 02 on McDowell County Tax Map 1712.13 in an easterly direction 146 feet to a point at the northeast corner of Lot 5503, thence following the eastern boundary of said Lot 5503 in a southerly direction 164.2 feet to a point at the southeast corner of said Lot 5503, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Forsyth Street; thence crossing Forsyth Street in an easterly direction 30 feet to a point on the eastern boundary of Forsyth Street, said point also being the southwest corner of Lot 0923 Block 02 on McDowell County Tax Map 1712.13; thence following the southern boundary of said Lot 0923 in an easterly direction 68 feet to a point at the southeast corner of said Lot 0923, said point also being the southwest corner of Lot 6461 Block 02 on McDowell County Tax Map 1712.17; thence following the western boundary of said Lot 6461 in a northerly direction approximately 100 feet to a point on the western boundary of said Lot 646, said point being a western corner of Lot 7425 Block 02 on McDowell County Tax Map 1712.17; thence following the boundary of Lot 7425 first in a westerly direction 9 feet, thence in a northerly direction 20 feet, thence in a northeasterly direction 84, thence in a southeasterly direction 97 feet to a point at the southeast corner of said Lot 7425, said point also being the current Marion Corporate Limits; thence following the Marion Corporate Limits in a generally westerly direction approximately 1095 feet back to a point of BEGINNING.

SECTION III

STATEMENT SHOWING THAT THE AREAS PROPOSED TO BE ANNEXED MEETS THE LEGISLATIVE STANDARDS PRESCRIBED BY G. S. 160A-36

EASTFIELD PHASE IV AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 1,414 feet, of which 402 feet (or 28.43%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

AA.00000157 (24)

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	3
Number of lots and tracts used for:	
Residential	3
Commercial	0
Industrial	0
Institutional	0
Governmental	0
Total	3
Percentage of lots and tracts developed for urban purposes	100.00%
Total Residential and Vacant Acreage	2.28
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	2.28
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

EASTFIELD PHASE V AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 5,080 feet, of which 3,554 feet (or 69.96%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 68.89% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	45
Number of lots and tracts used for:	
Residential	31
Commercial	0
Industrial	0
Institutional	0
Governmental	0
Total	31
Percentage of lots and tracts developed for urban purposes	68.89%

AA.00000158 (24)

Total Residential and Vacant Acreage	15.77
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	15.77
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

HIGHWAY 226 SOUTH/ITL AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 3,175 feet, of which 2,640 feet (or 83.15%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. All tracts in the area to be annexed are used for commercial, industrial, governmental, or institutional purposes.

Total number of lots and tracts	1
Number of lots and tracts used for:	
Residential	0
Commercial	0
Industrial	1
Institutional	0
Governmental	0
Total	1
Percentage of lots and tracts developed for urban purposes	100.00%
Percentage of lots and tracts used for commercial, industrial, governmental or institutional purposes	100.00%

HIGHWAY 221 NORTH/HANKINS ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 4,279 feet, of which 1,334 feet (or 31.18%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

AA.000000159 (24)

The area to be annexed is developed for urban purposes in that 87.50% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	8
Number of lots and tracts used for:	
Residential	2
Commercial	4
Industrial	0
Institutional	1
Governmental	0
Total	7
Percentage of lots and tracts developed for urban purposes	87.50%
Total Residential and Vacant Acreage	2.35
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	2.35
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

AIRPORT ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 2,017 feet, of which 1,065 feet (or 52.80%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 66.67% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	3
Number of lots and tracts used for:	
Residential	2
Commercial	0
Industrial	0
Institutional	0
Governmental	0
Total	2

Total Residential and Vacant Acreage	3.18

AA.000000160 (24)

Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	3.18
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

HIGHWAY 226 SOUTH AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 2,715 feet, of which 990 feet (or 36.46%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	6
Number of lots and tracts used for:	
Residential	4
Commercial	2
Industrial	0
Institutional	0
Governmental	0
Total	6
Percentage of lots and tracts developed for urban purposes	100.00%
Total Residential and Vacant Acreage	4.58
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	4.58
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

YANCEY ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 2,182 feet, of which 650 feet (or 29.79%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

AA.00000161 (24)

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	4
Number of lots and tracts used for:	
Residential	4
Commercial	0
Industrial	0
Institutional	0
Governmental	0
Total	4
Percentage of lots and tracts developed for urban purposes	100.00%

Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	3.87
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

VIRGINIA ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 4,107 feet, of which 1,024 feet (or 24.93%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 66.67% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	9
Number of lots and tracts used for:	
Residential	6
Commercial	0

AA.000000162 (24)

Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	4.75
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

SECTION IV

STATEMENT SETTING FORTH PLANS FOR EXTENDING CITY SERVICES TO THE AREA PROPOSED TO BE ANNEXED AND METHODS OF FINANCING THESE SERVICES

City services will be provided to the areas proposed for annexation upon the effective date of annexation in accordance with the General Statutes of North Carolina as follows:

EASTFIELD PHASE IV AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

There is no additional street mileage for the proposed annexation area, since the area is already on the patrol route. Therefore, the estimated additional expenses to provide police services to the proposed area of annexation would be $0.00 per year.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $0.00.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

AA.000000163 (24)

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $55.50 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are 3 customers currently on City water and sewer service. Once the area is annexed, the loss in revenues due to water and sewer rates being decreased by 60 percent is estimated to be approximately $2,097.96 annually

Both water and sewer service is available to all properties located in the area proposed for annexation. No water or sewer improvements will be necessary.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

AA.000000164 (24)

The area to be annexed will not require the installation of any streetlights, since streetlights are already in place.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 3 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that there will be no annual costs to provide solid waste collection service as City solid waste vehicles are already passing the area to be annexed. One time costs, involving $22.50 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

EASTFIELD PHASE V AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

Additional patrol street mileage for the proposed annexation area is approximately 0.37 miles, since part of the area is already on the patrol route. Assuming the area is patrolled a minimum of three (3) times a day, a 0.37 mile patrol route would require approximately 405 traveled miles per year. An estimate of 80 miles would be required to handle calls for this area. The patrol vehicles average ten (10) miles to a gallon of gas and $.09 per mile in maintenance cost.

AA.000000165 (24)

Using the figures above, the estimated additional expenses to provide police services to the proposed area of annexation would be $124.65 per year ($81.00 for gas and $43.65 for maintenance.) The funding for this additional expense will come from anticipated revenues in the area and be budgeted in the City's General Fund.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $124.65.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $556.12 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since parts of the area to be annexed are already served by existing city water lines and fire hydrants and unserved parts of the area are within 1,000 feet of a fire hydrant, property owners in the areas to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates. City water service will be extended to the area annexed and fire hydrants added if necessary on the same basis and in the same manner as provided in the rest of the City.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are approximately 13 customers currently on City water and sewer service. Once the area is annexed, the loss in revenues due to water and sewer rates being decreased by 60 percent is estimated to be approximately $638.50 monthly or $7,662.00 annually

Sewer service is available to all properties located in the area proposed for annexation and water service is available to part of the area. A water extension of approximately 525 feet will be needed on Pine Street

AA.0000000166 (24)

and a water extension of approximately 680 feet will be required along Tunnel Road and Westmoreland Street. The estimated cost of the water extension is $16,039.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina or are private streets. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area and that privately maintained streets will remain private.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 4 streetlights installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $7.72 per month per streetlight.

The estimated cost for providing streetlights to the area proposed for annexation will be $370.56 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 40 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $1,000.00 will cover annual fuel cost. An additional $300.00 is estimated for vehicle maintenance for a total annual cost of $1,300.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $300 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

AA.000000167 (24)

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

HIGHWAY 226 SOUTH/ITL AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

There is no additional street mileage for the proposed annexation area, since the area is already on the patrol route. Therefore, the estimated additional expenses to provide police services to the proposed area of annexation would be $0.00 per year.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $0.00.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

AA.000000168 (24)

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $865.97 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there is 1 customer currently on City water and sewer service. Once the area is annexed, the loss in revenues due to the reduction in water and sewer rates by 60 percent is estimated to be approximately $957.94 monthly or $11,495.28 annually

Both water and sewer service is available to all properties located in the area proposed for annexation. No water or sewer improvements will be necessary.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the areas and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

There are no streets in the area to be annexed. The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The annexation will not require the installation of any streetlights, since no streets are included in the annexation.

The estimated cost for providing streetlights to the area proposed for annexation will be $0.00 annually.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

AA.000000169 (24)

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are no residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. Since there are no residential units in the annexation area, there will be no costs for solid waste service to the area.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

HIGHWAY 221 NORTH/HANKINS ROAD AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

Additional patrol street mileage for the proposed annexation area is approximately 0.10 miles, since part of the area is already on the patrol route. Assuming the areas are patrolled a minimum of three (3) times a day, a 0.10 mile patrol route would require approximately 1.10 traveled miles per year. An estimate of 20 miles would be required to handle calls for this area. The patrol vehicles average ten (10) miles to a gallon of gas and $.09 per mile in maintenance cost.

Using the figures above, the estimated additional expenses to provide police services to the proposed area of annexation would be $37.70 per year ($26.00 for gas and $11.70 for maintenance.) The funding for this additional expense will come from anticipated revenues in the area and be budgeted in the City's General Fund.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $37.70.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

AA.000000170 (24)

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $228.92 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are no customers currently on City water and sewer service, as City water and sewer service have just been extended to the area.

Once the area is annexed, the loss in revenues due to the reduction in water and sewer rates by 60 percent is estimated to be $0.00 annually

Both water and sewer service is available to all properties located in the area proposed for annexation. No water or sewer improvements will be necessary.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

AA.00000171 (24)

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 2 streetlights installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $7.72 per month per streetlight.

The estimated cost for providing streetlights to the area proposed for annexation will be $185.28 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 11 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $275.00 will cover annual fuel cost. An additional $137.50 is estimated for vehicle maintenance for a total annual cost of $412.50.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $82.50 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

AIRPORT ROAD AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and

AA.000000172 (24)

other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

There is no additional street mileage for the proposed annexation area, since the area is already on the patrol route. Therefore, the estimated additional expenses to provide police services to the proposed area of annexation would be $0.00 per year.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $0.00.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $115.32 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

AA.000000173 (24)

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there is 1 customer (4 apartments) currently on City water and sewer service. Once the area is annexed, the loss in revenues is estimated to be approximately $123.45 monthly or $1,481.40 annually

Both water and sewer service is available to all properties located in the area proposed for annexation. No water or sewer improvements will be necessary.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina or are already City streets. It is proposed that the State of North Carolina will continue maintenance on the portion of the public street in the area not maintained by the City.

The City will ensure that on the effective date of annexation street maintenance services will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The area to be annexed will not require the installation of any streetlights, since streetlights are already in place.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 4 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that there will be no annual costs to provide solid waste collection service as City solid waste vehicles are already passing the area to be annexed. One time costs, involving $22.50 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and

AA.000000174 (24)

recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

HIGHWAY 226 SOUTH AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

There is no additional street mileage for the proposed annexation area, since the area is already on the patrol route. Therefore, the estimated additional expenses to provide police services to the proposed area of annexation would be $0.00 per year.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $0.00.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections

AA.000000175 (24)

department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $165.35 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed are already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are 3 customers currently on City water and sewer service. Once the area is annexed, the loss in revenues is estimated to be approximately $61.93 monthly or $743.16 annually.

Water service is available to all properties located in the area proposed for annexation and sewer service is available to part of the area. A sewer extension of approximately 510 feet will be needed along Scott Drive and Highway 226 South. The estimated cost of the sewer extension is $28,080.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area.

The City will ensure that on the effective date of annexation street maintenance services will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The area to be annexed will not require the installation of any streetlights, since streetlights are already in place.

AA.00000176 (24)

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 5 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that there will be no annual costs to provide solid waste collection service as City solid waste vehicles are already passing the area to be annexed. One time costs, involving $37.50 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in the area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

YANCEY ROAD AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 1 streetlight installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $7.72 per month per streetlight.

The estimated cost for providing streetlights to the area proposed for annexation will be $92.64 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 4 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $100.00 will cover annual fuel cost. An additional $30.00 is estimated for vehicle maintenance for a total annual cost of $130.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $30.00 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 6 residential units

AA.00000181 (24)

in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that there will be no annual costs to provide solid waste collection service as City solid waste vehicles are already passing the area to be annexed. One time costs, involving $45.00 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SECTION V

ESTIMATED REVENUES

EASTFIELD PHASE IV AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2009, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$138,750.00
Estimated Property Taxes	707.63

WATER AND SEWER REVENUES

Almost all structures in the area to be annexed are already connected to City water and sewer. The annexation of this area will result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $2,097.96 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$289.84
Powell Bill Revenue	150.72
Utility Franchise Tax	36.00
Beer and Wine Tax	27.66

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2009 will increase the population by approximately 160 people for a population of 7,462.

EASTFIELD PHASE V AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2009, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

AA.00000182 (24)

Current Taxable Value	$1,390,300.00
Estimated Property Taxes	7,090.53

WATER AND SEWER REVENUES

Some structures in the area to be annexed are already connected to City water and sewer. The annexation of this area will result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $7,662.00 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$2,600.66
Powell Bill Revenue	2,210.56
Utility Franchise Tax	1,440.00
Beer and Wine Tax	405.68

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2009 will increase the population by approximately 160 people for a population of 7,462.

HIGHWAY 226 SOUTH/ITL AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2009, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$2,164,920.00
Estimated Property Taxes	11,041.09

WATER AND SEWER REVENUES

Almost all structures in the area to be annexed are already connected to City water and sewer. The annexation of this area will result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $11,495.28 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$4,218.35
Powell Bill Revenue	0.00
Utility Franchise Tax	180.00
Beer and Wine Tax	0.00

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2009 will increase the population by approximately 160 people for a population of 7,462.

AA.000000183 (24)

HIGHWAY 221 NORTH/HANKINS ROAD AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2009, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$572,300.00
Estimated Property Taxes	2,918.73

WATER AND SEWER REVENUES

No structures in the area to be annexed are already connected to City water and sewer, which has just been extended to the area. If structures were connected to City water and sewer, the annexation of this area would result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners. However, since no structures are currently connected to City water and sewer, the revenue loss for the City will be $0.00 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

H. Approve Resolution Fixing the Date of Public Hearing on the Question o Annexation – Sugar Hill Road/Gillani Satellite Annexation Request

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-58.1 – GILLANI-SUGAR HILL ROAD – 2009

AA.00000191 (24)

WHEREAS, a petition requesting annexation of the non-contiguous area described herein has been received: and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS; certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the non-contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009.

Section 2. The area proposed for annexation is described as follows:

BEGINNING on a tack in a lead plug that is located South 11 degrees 03 minutes 27 seconds West 14.44 feet from NCGS Government Monument, Station "DELI" (Y = 704,847.773 and X = 1,1,098,987.008) said beginning being a common corner with the property of Richard Allen Gurley (McDowell Deed Book 329 at Page 258) and FROM SAID BEGINNING running with the Gurley line the following two courses and distances: South 74 degrees 20 minutes 24 seconds East 110.31 feet to an iron pin set, and North 81 degrees 24 minutes 36 seconds East 135.30 feet to an existing iron pin that is located South 81 degrees 43 minutes 28 seconds East 35.99 feet from an existing iron pin that marks the tenth corner of the property described in McDowell Deed book 244 at Page 644; then running with the line of Grandview Corporation (Grandview Trailer Park, McDowell Deed Book 244 Page 644) South 27 degrees 57 minutes 14 seconds West 226.72 feet to an existing iron pin that marks the third corner of Tract 2 of the property described in McDowell Deed Book 309 at Page 321, said existing iron pin being in the line of B & J Technical Services, Inc. (McDowell Deed Book 313 at page 340); then with the line of B & J Technical Services, Inc. North 80 degrees 56 minutes 19 seconds West 226.86 feet to an existing iron pin on the Eastern right-of-way for Sugar Hill Road (NCSR 1001); then with the Eastern margin of the right-of-way for Sugar Hill Road the following three courses and distances; North 29 degrees 32 minutes 59 seconds east 53.15 feet to a nail and ribbon in concrete (said nail marking the beginning corner of Tract 1 of the property described in McDowell Deed Book 309 at Page 321 and also marking the beginning corner of Tract 2 of the property described in McDowell Deed Book 309 at Page 321, then continuing North 27 degrees 54 minutes 36 seconds East 76.03 feet to a punch mark in concrete (the second corner of Tract 1 of the property described in McDowell Deed Book 309 Page 321), then continuing North 25 degrees 09 minutes 36 seconds East 67.05 feet to the BEGINNING, containing approximately 0.97 acres according to a survey by R.L. Greene Surveying and Mapping dated October 18, 1988.

AND BEING THE SAME PROPERTY identified and described as Tract 1 and Tract 2 in the Deed recorded in McDowell Deed Book 309, Page 321, and being also the same two tracts of property in Marion Township contained in the Deed dated 19 January 1987 from Jeffrey M. Ledbetter and wife Ann Ledbetter to William R. Ledbetter and wife Wanda R. Ledbetter as recorded in McDowell Deed Book 364 at Page 538.

This conveyance is made SUBJECT TO a perpetual easement for ingress, egress and regress and for utilities service along the existing drive way as the same is now laid out and in use from Sugar Hill Road (SR 1001) to the trailer park owned by Grandview Park, Inc. as described in McDowell Deed Book 244 at Page 644.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the city of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 20th day of January, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-01-20-1

I. Approve Resolution Fixing the Date of Public Hearing on the Question of Annexation – US 221 South/Dollar Satellite Annexation Request

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-58.1 – DOLLAR-US 221 SOUTH – 2009

WHEREAS, a petition requesting annexation of the non-contiguous area described herein has been received: and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS; certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the non-contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009.

Section 2. The area proposed for annexation is described as follows:

TRACT 1: BEGINNING on an iron spike, said iron spike being in the centerline of U.S. Highway # 221, said spike being a common corner with Jack Harvey (now or formerly); thence with the centerline of U.S. Highway # 221 North 04 degrees 55 minutes East 140 feet to an iron; thence South 85 degrees 05 minutes East 80 feet to an iron, said iron being in the line of BCM Partnership; thence North 04 degrees 55 minutes East 67.20 feet to an iron; thence South 85 degrees 05 minutes East 155.39 feet to an iron; thence South 04 degrees 55 minutes West 85 feet to an iron, passing an iron at 80 feet; thence South 85 degrees 05 minutes East 130 feet to an iron; thence South 04 degrees 55 minutes West 115 feet to an iron, said iron being in the line of BCM Partnership and in the line of Harvey; thence with the Harvey line North 86 degrees 12 minutes 45 seconds West 265.46 feet to the point and place of BEGINNING, containing 1.331 acres, more or less. This metes and bounds description is taken from a survey prepared by Herman D. Bolick, dated September 22, 1988.

Together with the right and privilege to tap onto, utilize and use the water and sewer facilities located upon this adjoining property of the Grantor, commonly known as the Econo Lodge of Marion, the Grantee to bear any and all expense for construction or maintenance of any lines necessary for the Grantee to utilize the water and sewer facilities located on the adjoining property of the Grantor. The use of the water and sewer facilities by Grantor shall not exceed the normal amount of water and sewer use by a convenience store and a car wash using recyclable water.

TRACT II: BEGINNING on an iron, said iron being located in the line of James C. Childers and said beginning point being located South 85 degrees 05 minutes East 130 feet from an iron in the line of James C. Childers; thence from said beginning point North 80 degrees 25 minutes 45 seconds East 151.13 feet to an iron; thence North 09 degrees 30 minutes West 7.38 feet to an iron; thence North 80 degrees 30 minutes East 25 feet to an iron; thence South 09 degrees 30 minutes East 25 feet to an iron; thence South 80 degrees 30 minutes West 25 feet to an iron; thence North 09 degrees 30 minutes West 7.30 feet to an iron; thence 80 degrees 33 minutes 06 seconds West 153.68 feet to an iron; thence North 04 degrees 55 minutes East 10.24 feet to the point and place of BEGINNING, containing .05 acres, more or less. This metes and bounds description is taken from a survey prepared by Herman D. Bolick, dated September 22, 1988.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the city of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 20th day of January, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-01-20-2

J. Approve Resolution Fixing the Date of Public Hearing on the Question of Annexation – Marion Street/White Property Annexation Request

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-58.1 – MARION STREET – WHITE PROPERTY – 2009

WHEREAS, a petition requesting annexation of the non-contiguous area described herein has been received: and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS; certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the non-contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009.

Section 2. The area proposed for annexation is described as follows:

ALL OF LOT NUMBER 30 and a part of lot number 31 in Block (E) of the M. B. Poteat property as shown on a map recorded in Map Book 1 pages 77 and 78 in the office of the register of deeds for McDowell County, N.C. to which map reference is here made for a more complete description of the lots hereby conveyed. Said part of lot number 31 is a 16 foot strip of the North end of lot number 31 and more specifically described as follows:

BEGINNING on the southeast corner of lot number 30 and the northeast corner of lot number 31 (above referred to) and runs thence in a southerly direction 16 feet along the west edge of Marion Street; thence in a westerly direction parallel with a common line of lots 30 and 31 to a point in the western boundary line of lot number 31; thence in a northerly direction 16 feet to the southwest corner of lot number 30 and 31 in a easterly direction to the BEGINNING.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the city of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 20th day of January, 2009.

A. Everette Clark, Mayor

J. Robert Boyette, City Clerk

Resolution Number: R-09-01-20-3

K. Approve Annual Certification of Firemen

2008
ANNUAL CERTIFICATION OF FIREMEN

North Carolina General Statute 58-86-25 requires that all certified fire departments submit a complete roster of its eligible firemen annually. This certified list determines eligibility for the $50,000 line of duty death benefit as well as eligibility for pension fund credit. Failure to accurately and promptly report this information is a violation of G.S. 58-86-25 and will automatically result in a loss or reduction of benefits.

Fire Chief Jim Neal determined that the roster is a valid and accurate list of all eligible firemen, within the definition contained in the above Statute. A copy of the roster can be found on file at the Marion Fire Department.

L. Approve Resolution Authorizing Posting of Notices on Parcels Where Owners Cannot be Identified by Tax Records

A RESOLUTION DIRECTING THE CITY CLERK TO POST NOTICE ON PARCELS WHERE OWNERS COULD NOT BE IDENTIFIED BY TAX RECORDS

WHEREAS, It is the intent of the City Council of the City of Marion to consider the annexation of territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina; and

WHEREAS, The City shall provide notice of public meetings pursuant to procedural requirements as stated in Chapter 160A-37 of the General Statutes of North Carolina; and

WHEREAS, The City Council finds that certain tax records are not adequate to identify owners of parcels of real property within the annexation territory; and

WHEREAS, The City Council directs the City Clerk to post notice at least thirty (30) days prior to the date of the public information meetings on all buildings on such parcels, and in at least five (5) other places within the area to be annexed; and

WHEREAS, The City Clerk shall certify that fact to the City Council pursuant to the procedural requirements of Chapter 160A-37 of the General Statutes of North Carolina.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL, AS FOLLOWS:

Section 1. The above recitals are true and correct and incorporated herein by this reference.

Section 2. The City Clerk shall post notice at least thirty (30) days prior to the date of the public information meeting on all buildings on such parcels in which ownership could not be adequately identified by the tax records and in at least five (5) places within the area to be annexed.

Section 3. The City Clerk shall certify to the City Council that such parcels have been duly noticed.

Section 4. This Resolution shall become effective immediately upon its adoption.

ADOPTED the 20th day of January, 2009.

A. Everette Clark, Mayor

ATTESTED:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-01-20-4

INTRODUCTION OF NEW EMPLOYEE: Police Chief Mika Elliott introduced his newest Officer Lisa Morgan. Officer Morgan grew up in Glenwood and has worked for several years with North Carolina Probation and Parole. She will soon have her Masters Degree.

Mayor Clark and Council Members welcomed Officer Morgan and wished her a long tenure with the City of Marion.

PUBLIC HEARING – ZONING MAP AMENDMENT – CRAWFORD TERRACE: Mayor Clark opened the Public Hearing.

Councilman Lloyd Cuthbertson asked that he be excused from discussion and vote on this item due to being related to the applicant, Eugene Holland.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted to excuse Councilman Cuthbertson from the discussion and vote on this item.

The City Manager stated that a protest petition had been received from property owners on Crawford Terrace adjoining the property requested for rezoning. The protest petition triggers a supermajority vote of three-quarter of Council members to approve the request. The City Manager noted that Councilman Cuthbertson is not considered a member of Council for purposes of this matter, due to being excused from the vote. However, due to Mayor Pro Tem Little's absence, a unanimous vote of the three Council members able to vote on the item will be necessary to pass this request.

Planning and Development Director Heather Cotton advised that a request had been received from Mr. Eugene Holland, owner of Marion Tire, to rezone two lots he recently purchased on Crawford Terrace behind his business from R-2 General Residential to C-2 General Business. Ms. Cotton noted that staff had recommended approval of the request, but the Planning Board had unanimously recommended denial of the request, due to concerns expressed by adjacent property owners about traffic and noise concerns.

Councilman Owenby stated that it is worth noting that the City of Marion Land Use Plan designated Crawford Terrace as future commercial property, so the request is consistent with the Land Use Plan.

Ms. Penny Davis of 43 Crawford Terrace stated that her mother's home adjacent to the property proposed for rezoning was built over 50 years ago, along with other homes on the street. She noted that a total of three homes will be impacted by the rezoning. Ms. Davis stated that Crawford Terrace had been a one lane, dead-end street for all these years, until recently when Mr. Holland opened up the street to through traffic. Ms. Davis said that cars are parked on the property in questions and tires are all around the property. She said that she and the other adjoining property owners feel they deserve to keep Crawford Terrace as a residential area and a dead end street. She added that Mr. Holland's purchase of the property and opening of the street has brought a lot more traffic on to the street. Ms. Davis said the desire of neighbors is to look out their doors to pleasant scenery, not commercial. Ms. Davis stated that she is fearful and so are the neighbors that if this lot is rezoned, later on something else could go on with this property that could be potentially worse that what is presently being proposed.

AA.000000196 (24)

Ms. Davis stated that the neighbors realize that their properties are behind Westmoreland Funeral Home; however, this request has created problems with tow trucks and flatbed trucks and much more through traffic than is experienced with the funeral home.

Ms. Sara Wilson of 59 Crawford Terrace stated that a wall has been torn down near her property, that Mr. Holland is already parking vehicles near her property and that trash is blowing around the property.

Mr. Tom Rector of 40 Crawford Terrace said that he supported the comments made by Ms. Davis and Ms. Wilson.

The applicant, Mr. Eugene Holland, appeared before Council and stated that he wants to remain friends with all three of the property owners adjacent to his property. Mr. Holland stated that the street was opened up by the City at his request. The City Manager confirmed that Mr. Holland had followed proper procedures in having the street opened.

Mr. Holland stated that his plan was to purchase the property and extend his business, which has been in operation for several decades. He noted that the City needs jobs and tax revenues provided by businesses like Marion Tire. Mr. Holland also stated that a lot of the traffic at night is often he and/or his employees driving through and checking on the business. He added that presently there are 53cars parked on the lot and at any given time there are between 50 and 80 cars. Mr. Holland stated that he wants to be a good neighbor and intends to do so.

Councilman Edwards asked if Mr. Holland could give an idea what his plans for renovations will look like.

Mr. Holland stated that his plans are to build on to the existing building; however there is a City sewer line in the way. If the sewer lines end up being an issue, his other option will be to tear the house down and build a building on the lot he recently purchased on Crawford Terrace. Mr. Holland added that this house is currently being used as rental property.

The City Manager asked Ms. Cotton to explain what steps Mr. Holland will have to take to comply with the City's appearance regulations for auto related businesses. Ms. Cotton described steps Mr. Holland will have to do to request a permit for an auto related business on the lots on Crawford Terrace, if the rezoning request is approved, to include submission of an approved screening plan for auto parts and junked vehicles.

Mr. Holland stated that he is not asking for anything that he feels was not the intention of the City's Land Use Plan approved by Council years ago.

Mayor Clark explained that Crawford Terrance was already designated for future commercial use in the 1978 Land Use Plan.

The City Manager stated that, under state law, Council is to take the Land Use Designation for the property into consideration. If Council chooses not to abide by the Land Use Plan, a reason would need to be stated.

Ms. Cotton added that the Planning Board had suggested that the City Council Street Committee may wish to look at Crawford Terrace and any possible improvements that could be made.

Councilman Owenby stated that the street in question is legal and that the opening of the driveway for Mr. Holland should not be an issue. He also questioned why the Planning Board would not recommend this request.

AA.000000197 (24)

Mayor Clark stated that he understands that Mr. Holland bought both properties and wants to utilize the property to expand his business. Mayor Clark asked if Mr. Holland would be allowed to use the parcel on which the house sits for both residential and commercial use. Ms. Cotton answered that Mr. Holland probably could use the lot in question for both residential and commercial purposes, under the City's Zoning Ordinance, although that was not an ideal situation.

A discussion followed.

Mayor Clark closed the public hearing.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present voted unanimously to adopt the following Ordinance amending the Official Zoning map from R-2 General Residential to C-2 General Business Zoning District for two parcels on Crawford Terrace, as requested by Mr. Eugene Holland.

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to rezone properties located on Crawford Street and having the PIN 1701.11-66-4331 and 1701.11-66-3277 from R-2 General Residential to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on January 8, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of January 2009.

A. Everette Clark
Mayor

ATTEST:
J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-09-01-20-3

Mayor Clark thanked everyone for being present for this meeting and stated that he would personally appreciate it if Mr. Holland would keep the neighboring property owners in mind as he develops this property.

AA.000000198 (24)

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO MARION TRAVEL PLAZA ANNEXATION AREA – SUGAR HILL ROAD: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that the Planning Board had recommended assigning the C-2 General Business Zoning District designation to the Marion Travel Plaza annexation area on Sugar Hill Road. She advised that this zoning designation would be consistent with the use of the property and similar uses in proximity to the property and Interstate 40.

There were no citizens present to comment on this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to adopt the following Ordinance amending the Official Zoning District Map to assign C-2 General Business District zoning to the Marion Travel Plaza annexation area as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
MARION TRAVEL PLAZA ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Marion Travel Plaza Annexation territory located at 3365 Sugar Hill Road and having the PIN 0790.04-72-1555, as adopted by City Council on December 2, 2008 Ordinance Number O-08-10-21-2, zoning the area as C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on January 8, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of January 2009.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO MCDOWELL TECHNICAL COMMUNITY COLLEGE ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that the Planning Board had recommended assigning the O-I Office and Institutional Zoning District designation to the McDowell Technical Community College annexation area off of Highway 226 South. She advised that this zoning designation would be consistent with the use of the property and the Facilities Master Plan recently completed by the College.

There were no citizens present to comment on this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to adopt the following Ordinance amending the Official Zoning District Map to assign O-I Office and Institutional District zoning to the McDowell Technical Community College annexation area as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
McDOWELL TECHNICAL COMMUNITY COLLEGE ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the McDowell Technical Community College Annexation Territory located on Highway 226 South and having the PINs 1720.01-05-5976, 1720.01-06-6756, 1720.01-06-2631, 1720.01-06-1893, 1720.01-06-4345, as adopted by City Council on December 2, 2008 Ordinance Number O-08-10-21-1, zoning the area as O-I Office and Institutional Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on January 8, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADD ON – DISCUSSION - WATER/SEWER PAYMENT PLAN- RONNIE PATEL: Mr. Ronnie Patel appeared before Council advising that he owns the Super 8 Motel on Highway 221 South.

Mr. Patel stated that he would like to have his property annexed into the City and to connect to City water and sewer, but that he needs more time to pay for the connection.

The City Manager stated that the present City policy allows for a one year payment plan for commercial and industrial customers. The City Manager said that, however, the Super 8 Motel would be a good taxpayer and water and sewer connection, which might justify extending the time allowed for payment of the water and sewer connection.

The City Manager presented Council with a proposed policy to allow for longer payment periods for commercial and industrial customers, depending on the cost of the water and sewer connection, with more time allowed for more expensive connections.

Mayor Clark stated that he liked the idea of tying the payment period to the cost of the connection and added that the City will immediately start receiving revenue in such situations.

Councilman Owenby stated that he would not have a problem with allowing up to three years for the payment period.

Mr. Patel stated that he really needed five years.

Councilman Cuthbertson stated that maybe a four year maximum term would assist Mr. Patel and other similar businesses and could be looked at as an economic development incentive.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present voted to adopt the following Policy on Time Payment Plans for Commercial and Industrial Water and/or Sewer Connections as follows:

CITY OF MARION, NORTH CAROLINA
POLICY ON TIME PAYMENT PLANS FOR
COMMERCIAL AND INDUSTRIAL
WATER AND/OR SEWER CONNECTIONS

It shall be the policy of the City of Marion to allow time payments for commercial and industrial water and/or sewer connections, subject to the following conditions:

1. Time payments may apply to any size water services and sewer connections.
2. The business or industry desiring such time payment plan must sign an agreement with the City, accepting the payment plan and acknowledging that the debt incurred by the payments shall be attached to the property as a lien.
3. For water and/or sewer connections of $4,000 or less, the water and/or sewer connection cost shall be broken into 13 equal installments. The first installment shall be due when the application is approved by the City. The water and/or sewer tap shall then be completed by the City, as soon as the City's work schedule will allow. The City will then take the total cost for the Water and/or Sewer connection(s) and subtract the amount paid down, and divide the difference by the number of months selected for financing (maximum 12 months). That amount will be added to the water/sewer bill each month, unless the balance is paid in full before the end of the finance period selected.
4. For water and/or sewer connections of $4,000 to $8,000, the water and/or sewer connection cost shall be broken into 25 equal installments. The first installment shall be due when the application is approved by the City. The water and/or sewer tap shall then be completed by the City, as soon as the City's work

AA.00000203 (24)

schedule will allow. The City will then take the total cost for the Water and/or Sewer connection(s) and subtract the amount paid down, and divide the difference by the number of months selected for financing (maximum 24 months). That amount will be added to the water/sewer bill each month, unless the balance is paid in full before the end of the finance period selected.

5. For water and/or sewer connections of $8,000-$12,000, the water and/or sewer connection cost shall be broken into 37 equal installments. The first installment shall be due when the application is approved by the City. The water and/or sewer tap shall then be completed by the City, as soon as the City's work schedule will allow. The City will then take the total cost for the Water and/or Sewer connection(s) and subtract the amount paid down, and divide the difference by the number of months selected for financing (maximum 36 months). That amount will be added to the water/sewer bill each month, unless the balance is paid in full before the end of the finance period selected.
6. For water and/or sewer connections of $12,000 or more, the water and/or sewer connection cost shall be broken into 49 equal installments. The first installment shall be due when the application is approved by the City. The water and/or sewer tap shall then be completed by the City, as soon as the City's work schedule will allow. The City will then take the total cost for the Water and/or Sewer connection(s) and subtract the amount paid down, and divide the difference by the number of months selected for financing (maximum 48 months). That amount will be added to the water/sewer bill each month, unless the balance is paid in full before the end of the finance period selected.
7. An interest rate of eight (8) percent annually shall be charged on the unpaid balance until the amount is paid in full. The interest due will be billed at the end of the finance period as a part of the water/sewer bill.
8. Should the commercial or industrial customer fail to make the monthly time payments and/or monthly water/sewer bill payment, service to the premises shall be turned off until the necessary payments are made.
9. The unpaid balance shall attach to the property as a lien.
10. The City reserves the right to attach additional conditions on time payments, based on the individual situation.

This policy replaces the policy on time payment plans for commercial and industrial water and/or sewer connections, as adopted by City Council on June 19, 2001.

Adopted this the 20th day of January, 2009.

Policy Number: P-09-01-20-1

ADD ON – DISCUSSION - WATER/SEWER CONNECTION – SPORTSMAN INN:

Mr. Patel also stated that his friend, Mr. Minoo Walter, owner of the Sportman Inn on Highway 221 North Business Extension, needs help with the City in working with the County Health Department to correct violations found with the sewer system recently. Mr. and Mrs. Walter related that the Health Department has given them 30 days to connect to City sewer or the motel will be closed.

The City Manager related that City staff was working with Mr. and Mrs. Walter and would try to relate to the Health Department Mr. and Mrs. Walter's desire to cooperate.

Mr. Walter was given a Water and Sewer Application to complete so that the process could begin.

Mayor Clark stated that the Walters could possibly pump and haul until the water and sewer connections are made to keep the motel from being closed.

The City Manager asked Public Works Director Chris Hollifield to work with Mr. and Mrs. Walter to make the necessary connections, in conformity with City policy.

AA.00000204 (24)

ADOPTION OF RESOLUTION AUTHORIZING SAFE ROUTES TO SCHOOL INFRASTRUCTURE GRANT APPLICATION:

The City Manager advised that a resolution approved by Council is needed to authorize the submission of a Safe Routes to School Infrastructure Grant application for a sidewalk/curb extension on State Street from East Junior High to Baldwin Avenue and then connecting to our existing sidewalk around 6th Street and hopefully extending down Perry Street toward Eastfield Elementary School, if the grant funding will allow. The maximum grant is $300,000 and no local match is required. The grant application is due on January 30, so Council action is needed.

A brief discussion followed.

Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following
Resolution:

RESOLUTION OF SUPPORT FOR THE SAFE ROUTES TO SCHOOL PROGRAM

WHEREAS, The City of Marion, North Carolina is concerned for the health and safety of its children; and

WHEREAS, The City of Marion wishes to become part of the Safe Routes to School Program; and

WHEREAS, Safe Routes to School will assist in forming a community-wide Task Force which will include parents, students, neighbors, law enforcement, and participation from staff of the McDowell County Schools and the staff of the City of Marion, which will identify and evaluate safer routes to school for our children and present to this town staff; and

WHEREAS, McDowell County Schools is excited about the potential for this Safe Routes to School program because bicycling and walking increases the physical health of children; and

WHEREAS, There exists several existing bicycle and walking paths in our community, as well as sidewalks, which would be well used as school routes through more community education, cooperation, promotion, and improvements.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Marion does hereby adopt this resolution in support of the Safe Routes to School Program and that the City Council of the City of Marion authorizes the submission of an application for an Infrastructure Grant which will assist the City in providing better walking conditions for its children

ADOPTED this the 20th day of January, 2009.

A. Everette Clark, Mayor

ATTEST:

FIREMEN'S RELIEF FUND

Current:	Mayor Pro Tem Little	New:	Councilman Martin
	Councilman Edwards		Councilman Edwards

There were no requested changes from Council members.

CONSIDER AWARD OF CONTRACT FOR PURCHASE OF GRANT FUNDED RECYCLING TRUCK: Finance Director Harriett Thomas stated that staff requested bids for a ¾ ton 4x2 and a ¾ ton 4x4 from five vendors. Bids were received back from four vendors and opened on Thursday, January 8, 2009 at 2:00 p.m. as follows:

Legendary Ford, Marion, NC	4x2	$20,057.95	4x4	22,734.95
Phillips Fords, Carthage, NC	4x2	$19,029.58	4x4	21,721.58
Bobby Jones Ford, Augusta GA	4x2	$18,423.58	4x4	21,159.58
Stamey, Marion, NC	4x2	$26,369.60	4x4	29,235.60
Vic Bailey Ford, Spartanburg, SC	No Bid			

The lowest bidder for both vehicles was Bobby Jones Ford. Ms. Thomas stated that Sanitation Superintendent Dean Ollis had advised that a 4x4 truck would not be necessary, so the staff recommendation would be to award the contract for a 4x2 truck to Bobby Jones Ford in the amount of $18,423.58.

Ms. Thomas added that 90 percent of the cost will be paid out of a State grant the City received in 2008. The City's share of the truck will be about $1,675.00.

AA.00000206 (24)

Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to award the contract for a 4x2 recycling truck to Bobby Jones Ford in the amount of $18,423.58.

CONSIDER AWARD OF CONTRACT FOR PURCHASE OF WASTEWATER TREATMENT PLANT TRUCK: Finance Director Harriett Thomas stated that staff requested bids for a one ton diesel, 4x4 truck for the Wastewater Treatment Plant from five vendors. Bides were received from three vendors and opened on Thursday, January 8, 2009 at 2:30 p.m. as follows:

Legendary Ford, Marion, NC	$37,218.95
Bobby Jones Ford, Augusta GA	$34,725.74
Stamey, Marion, NC	$41,720.70
Phillips Fords, Carthage, NC	no bid
Vic Bailey Ford, Spartanburg, SC	no bid

Ms. Thomas advised that $34,000.00 was included in the 2008-09 budget for this truck. The low bidder is Bobby Jones Ford in the amount of $34,725.74, which is slightly above the budgeted amount. Ms. Thomas advised that staff attempted to negotiate a lower price with Bobby Jones Ford, but the dealership that this was the lowest price they could offer. The dealership could offer a gas vehicle at approximately $5,000.00 less; however, Chief Fleet Mechanic Tommy Wilson had stated that a diesel truck is needed for the type of work this vehicle will be doing. This truck will be used to haul the jet rodder used for sewer maintenance and, once this piece of equipment is full, the torque of the diesel engine will be needed to pull it on steep inclines and out of residents' yards with minimal damage.

Ms. Thomas stated that the staff recommendation is therefore to award the contact for the purchase of the one ton diesel 4X4 Wastewater Treatment truck to Bobby Jones Ford in the amount of $34,725.74.

The City Manager stated that this truck would be replacing a 1999 truck. If it is not replaced, repairs will likely exceed $5,000.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, those members of Council present voted to award the contact for the purchase of the one ton diesel 4X4 Wastewater Treatment truck to Bobby Jones Ford in the amount of $34,725.74.

ADD ON ITEM – APPROVAL OF ENCROACHMENT FOR YMCA GREENWAY – The City Manager advised that Judge Bob Hunter, Chaiman of the YMCA Area Greenway Committee, contacted him this weekend and stated that the Committee needed to construct the proposed trail on the right of way of Medical Park Drive, a City Street, for the distance of approximately 350 feet. The County is seeking a North Carolina Parks and Recreation Trust Fund (PARTF) grant for this project, so Judge Hunter asked if City Council would grant an encroachment to allow the greenway to be located on the Medical Park Drive Right of Way, so that the grant application could state that all needed easements and encroachments have been obtained.

The City Manager stated that the greenway will essentially be a ten foot wide asphalt sidewalk, with fitness stations placed at various locations. The City Manager reported that Judge Hunter said he understands that the City and other utility providers may have utility lines under the location of the trail and that it is possible that the trail would need to be dug up to repair lines. The City Manager advised that the trail would probably not create any more of a problem for the city, in terms of utility line maintenance, than does any other sidewalk.

AA.000000207 (24)

Upon a motion by Councilman Edwards, seconded by Councilman Martin, those members of Council present voted to grant the encroachment request from the YMCA Area Greenway Committee allowing the proposed trail to be constructed on the Medical Park Drive right of way.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that he had received an e-mail from Marion Business Association Executive Director Freddie Killough advising that the MBA has an opportunity to save 10 percent on the July 4th fireworks (a value of over $600) if they pay before March 1. The City Manager stated that the MBA has enough money to pay the fireworks bill before March 1, if the City plans to make its normal $5,000 contribution toward the fireworks in the 2009-10 budget. The City Manager stated that in the 2009-10 budget projections, he had not proposed cutting the fireworks appropriation, but that decision is of course up to Council.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to direct the City Manager to include $5,000 in the 2009-2010 City budget for the July 4th fireworks.

The City Manager advised that letters were sent to various State officials regarding the City's offer to donate the Old Waste Treatment and Water Plant properties to the State for a new prison and/or prison laundry. The City Manager copied the County Manager on the letters. The MBA Board also voted to endorse this recruitment effort.

Mayor Clark stated that Council's action and the letters that were sent have really made a statement that the City supports the recruitment of these new facilities.

The City Manager advised the annual Town Meeting is scheduled for Thursday, January 22 at 7:00 p.m. at the Community Building. City staff will be present as normal and we have invited our usual guests. The backup date in case of inclement weather is Thursday, January 29, at 7:00 p.m. in the Community Building. Duke Energy, Charter, PSNC Energy, DOT and McDowell County Emergency Management have already committed to attend.

The City Manager advised that the State has been very slow in reviewing plans for the Wastewater Improvements Project, including the work to change the Catawba River Plant into a pump station and to complete upgrades to the Corpening Creek Plant. To provide the City with protection, the City submitted a request to extend the SOC deadlines for the Catawba Plant by a few months. The N.C. Division of Water Quality (DWQ) staff stated that they would fully support the extension request.

The City Manager advised that the State ended up approving the plans for the project and that the bid opening for the project was scheduled for January 21. McGill is forwarding information on a few locations where the City will need easements, plus for a parcel the City will need to acquire for a pump station site.

The City Manager advised that the Tree Board continues to make plans for the year long, grant funded celebration of the City's 20th year as a Tree City USA. The Tree Board is also planning Arbor Day projects for Marion and Eastfield Elementary. The Marion Elementary project will likely involve a planting around the school, while trees will be planed along the Perry Street entrance to Eastfield Elementary and the new Eastfield Park.

The City Manager advised that staff had submitted the N.C. STEP Program investment proposal and final report to the Rural Center. The City received a contract for $150,000 of the requested $200,000. In a meeting held in early December, the Rural Center discouraged small towns from pursuing a

AA.00000208 (24)

revolving loan fund. Under the "Support to Business" category of the investment proposal, the City will need to develop another use for the remaining $50,000, such as façade grants, seed grants to new business and/or rent/utility assistance for new or targeted businesses.

The City Manager advised the N.C. STEP Leadership Team continues to discuss recommendations for the use of the remaining $50,000 N.C. STEP Program grant and will hopefully bring a recommendation to Council in February.

The City Manager advised that he had received a suggestion a few weeks ago to put in a right turn lane on Fleming Avenue at the Marion Elementary School entrance, to provide more stacking for vehicles at the school. The Street Committee briefly looked at the location at their last meeting. The City Manager reported that Public Works Superintendent Roger Estes spoke to DOT about standards for lane widths for reference. The street is 36 feet wide, which is technically wide enough to accommodate a three lane section. The lanes may get a little tight in the curve around Crescent Drive if large vehicles are on the street. However, the demand for the right turn lane is restricted to a fairly narrow window of time in the morning and especially in the afternoon. This idea may warrant further discussion and review.

Mayor Clark stated that, with the reduction of students at Marion Elementary School this year, the traffic situation is much improved.

Councilman Cuthbertson suggested that the Street Committee look at a demonstration of what a three lane section would like on Fleming Avenue, at a time school is not in session. The City Manager will schedule a time for this demonstration, based on the schedule of the School and Street Committee.

COUNCILMAN COMMENTS: Councilman Edwards asked if the YMCA had been approached in the past regarding offering discounts to City employees. The City Manager stated that staff had contacted the YMCA on multiple occasions, inquiring about discounts for City employees. He noted that the YMCA had offered a reduced initiation fee or free week, but would not offer a discount for City employees.

Councilman Edwards stated that an attempt should be made to contact the YMCA again, since he is aware of various groups receiving reduced rates. Given the City's large donation of $100,000 toward the YMCA, he feels that the YMCA should offer some reduced rates for City employees.

Mayor Clark stated that perhaps the Wellness Program or the wellness benefit in the City's insurance could pay something toward the YMCA monthly fees. Finance Director Harriett Thomas reported that wellness funds could not be used toward gym or YMCA fees, according to rules of the City's insurance carrier.

The City Manager stated that he would talk to the Executive Director of the YMCA personally and see if the YMCA would offer any discount for City employees, given what is offered to other groups and the City's contribution toward the project.

Councilman Owenby advised that he had received a report of excessive litter on and around Wilhemenia Street. The City Manager stated that he would ask staff to deal with this litter, which is a result of large numbers of people congregating on the street.

Mayor Clark stated that there is a house on North Main Street across from CJ's Pit Stop that is in very poor condition. Planning and Development Director Heather Cotton advised that the house is on the City's priority list for demolition.

AA.000000209 (24)

Ms. Cotton also advised that the Marion Tree Board web site is under review and will soon be put online.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 3, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Jamie Kitter and Antoine Lindsey, 52 Willow Street, Marion, NC; Joy Harklerode, Marion, NC; Susan Menard 3201 Old Highway 221 South, Marion NC.

CITIZEN OF THE MONTH – SELECTED BY COUNCILMAN BILLY MARTIN:
Councilman Billy Martin selected the Citizen of the Month for February 2009.

ANTOINE EDWARD LINDSEY, SR.

City Councilman Billy Martin advised that he had known Mr. Lindsey since he was a child and that it was his privilege to recommend Mr. Antoine Edward Lindsey has the Citizen of the Month. Mr. Lindsey is the son of James Lindsey and the late Patricia Ann Hemphill Lindsey.

Antoine and his wife Jamie have one son, Antoine, Jr. and one daughter, Chaunda. Councilman Martin stated that he had been especially impressed with Antoine and Jamie's parenting skills and work ethic.

Antoine works every day with his father at the House of James Barber Shop at Woodlawn Street and West Henderson Street. He is also employed with the YMCA as a conditioning coach and he provides barbering services at the Juvenile Evaluation Center, the Black Mountain Center and the group home for the elderly in Nebo. While working all these jobs, he still finds the time to coach all the major sports for children ages 7-9 at Marion Elementary School.

AA.00000210 (24)

Antoine is a member of Mt. Moriah Missionary Baptist Church and a member of the Negro Master Barber's Association of North Carolina.

Councilman Martin stated that Antoine is setting an excellent example for his son and other young men in the community.

Mayor Clark and Council Members all shared kind words about Mr. Antoine Lindsey and commended him for all he has given to the community.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – January 20, 2009 Regular City Council Meeting Minutes
January 22, 2009 Town Meeting Minutes

B. Receive Certificate of Mailing and Posting of Annexation Notices - 2009 Annexation Areas

CERTIFICATION OF MAILING OF 2009 ANNEXATION AREA NOTICES

I, J. Robert Boyette, City Manager of the City of Marion, certify that notices were mailed by First Class mail on January 22, 2009 to all persons owning property in the 2009 Annexation Areas, including the Eastfield Phase IV Area, the Eastfield Phase V Area, the Highway 226 South/ITL Area, the Highway 221 North/Hankins Road Area, the Airport Road Area, the Highway 226 South Area, the Yancey Road Area and the Virginia Road Area.

Signed this the 22nd day of January, 2009.

J. Robert Boyette
City Manager
City of Marion

EASTFIELD PHASE V ANNEXATION AREA

I, Heather Cotton, AICP, Planning and Development Director of the City of Marion, do hereby certify that pursuant to procedural requirements, as stated in Chapter 160A-37 of the General Statutes of North Carolina, notices were posted on parcels where McDowell County tax records are not adequate to identify owners of real property within the annexation territory, and in five locations within the annexation territory notifying all interested individuals that the City of Marion shall hold a public informational meeting on Tuesday, February 24, 2009 and a public hearing on Tuesday, March 24, 2009 regarding the annexation of territory.

Heather Cotton, AICP
Planning & Development Director

Hwy. 221 NORTH/HANKINS RD ANNEXATION AREA

I, Heather Cotton, AICP, Planning and Development Director of the City of Marion, do hereby certify that pursuant to procedural requirements, as stated in Chapter 160A-37 of the General Statutes of North Carolina, notices were posted on parcels where McDowell County tax records are not adequate to identify owners of real property within the annexation territory, and in five locations within the annexation territory notifying all interested individuals that the City of Marion shall hold a public informational meeting on Tuesday, February 24, 2009 and a public hearing on Tuesday, March 24, 2009 regarding the annexation of territory.

C . Adopt Resolution directing the Clerk to Investigate a Petition for Satellite Annexation – US 221 South/Super 8 Motel

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-58.1 – SUPER 8 MOTEL – U.S. 221 SOUTH – 2009:

WHEREAS, a petition requesting annexation of an area described in said petition was received on January 21, 2009 by the City of Marion; and

WHEREAS, 160A-58.2 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 3rd day of February, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-02-03-1

D. Approve Audit Contract – 2008-09 City Audit

Martin, Starnes and Associates gave a three year proposal with a 3% increase each year for basic audit services with the understanding that should a single audit become necessary, an additional amount would be billed for these services. A Single Audit is necessary when state and/or federal grants are expended in excess of $500,000. The City's current grant projects will well exceed this amount in Fiscal Year 2008-09.

This year's contract will be $15,300 consisting of $13,800 for basic audit services and $1,500 for services related to the Single Audit. A copy of the contract is on file at City Hall.

E. Receive Report of Unpaid 2008 Real Property Taxes

To: **Mayor Clark & Marion City Council**

From: **Claudia Hill, Tax Collector**

AA.00000212 (24)

Date: **January 27, 2009**

Subject: **Total of Unpaid 2008 Real Property Taxes**

As stated in G.S. 105-369(a), Municipal tax collector must report to governing board total unpaid 2008 taxes that are liens on real property.

As of the date of this memo the amount of unpaid 2008 real property taxes is $164,377.87.

A list of unpaid 2008 real property taxes as of January 27, 2009 was distributed to Council, as follows:

F. Approve Advertisement of Delinquent 2008 Real Property Taxes:
As stated in General Statute 105-369(c), the Tax Collector must advertise tax liens on Real Property at least once between March 1 and June 30.

Council set the date to advertise unpaid City of Marion 2008 Real Property Taxes in the McDowell News for Wednesday, May 6, 2009.

INTRODUCTION OF NEW EMPLOYEE: Planning and Development Director Heather Cotton introduced the City's new Zoning Administrator/Code Enforcement Officer, Joshua Williams.

Ms. Cotton advised thar Joshua came to the City in December with a Bachelor's Degree in Parks and Recreation from Western Carolina University and brings a lot of experience in municipal government with him and is doing a great job.

Mayor Clark and Council members welcomed Josh wished him a long tenure with the City of Marion.

PUBLIC APPEARANCE – MS. JOY HARKLERODE: Ms. Joy Harklerode appeared before Council asking that Council consider adding language prohibiting cruelty against animals and requirements for animals to have shelter to the City's Animal Ordinance. Ms. Harklerode distributed a copy of sample ordinances from cities and counties and the region for reference.

Mayor Clark stated this is a reasonable request that should be considered.

Councilman Edwards stated that he agrees that the request is reasonable, but that the City needs to be careful in telling a citizen what they can and cannot do regarding their animals.

Councilman Owenby asked about whether the ordinance would cover cats.

Ms. Harklerode stated that cats are not usually tied, so therefore they have an easier time finding shelter, but advised that the ordinance could also apply to cats.

It was the consensus of Council to direct the City Manager to draft a proposed ordinance amending the City's Animal Ordinance to prohibit cruelty against animals and to add requirements that animals have shelter and to bring the ordinance back for Council review at the earliest possible date.

AA.00000221 (24)

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER AWARD OF CONTRACT FOR PURCHASE OF POLICE CARS: The City Manger advised that, as directed by Council, staff re-bid the purchase of two marked patrol cars. Staff bid this purchase both as a turn key job with the vehicle coming fully equipped and also with the vehicle purchase and equipment installation separated. As shown below, the City Manager stated that the low bid came in for two vehicles to be purchased from Ilderton Dodge in High Point and with the City handling the equipment installation through our normal equipment installer, Light-N-Up. The total cost for two vehicles would be $66,574, which is $1,426 below the $68,000 budgeted for the purchase of these two vehicles. This amount is $1,800 below the bid the City received for the two vehicles in November.

The City Manager reported that Police Chief Mika Elliott subsequently came up with the idea of eliminating the purchase of one of the radars for the new cars, since he could re-use one radar from an existing vehicle that will be taken off the road. The radar from the other unit to be taken off the road will need to be installed in a vehicle that does not currently have a radar.

The City Manager advised that, as indicated in the memo presented to Council, the elimination of this radar saves another $1,587, making the total cost of both vehicles plus the equipment $64,987, which is $3,013 below the budgeted amount and more than $3,400 below the bids the City received for the two vehicles in November.

The City Manager stated that since the City has made $285,000 in budget cuts for the current year, which should cover the expected 2008-09 revenue shortfall, he would recommend that Council award the contract for the purchase of the two marked police cars to Ilderton Dodge and the equipment installation to Light-N-Up, for a total cost of $64,987.

	Without Equipment	With Equipment
Bobby Jones Ford, Augusta GA	$22,470.52	$33,930.05
Phillips Fords, Carthage, NC	$23,218.00	$35,380.00
Bill Smith Ford, Southern Pines, NC	$22,964.00	$33,540.00
Stamey, Marion, NC	$24, 755.60	no bid
Asheville Dodge, Asheville, NC	$22,619.25	$34,798.25
Ilderton Dodge, High Point, NC	$21,108.00	$33,487.00

Councilman Owenby made a motion to award the contract for the purchase of the two marked police cars from Ilderton Dodge and the equipment installation to Light-N-Up, for a total cost of $64,987. Councilman Martin seconded the motion.

Councilman Edwards asked what the difference was between this bid and the last bid the City received. The City Manager stated that there was a savings of more than $3,400 below the bids the City received for the two vehicles in November.

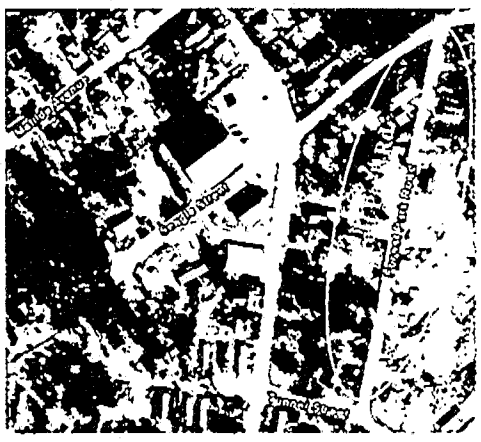
Councilman Edwards stated that he feels the City should purchase these vehicles only if necessary and asked the City Manager if the purchase of the vehicles was necessary this year.

The City Manager stated that the purchase of the two vehicle could wait until next year; however, this year's budget is much more certain than next year. He added that it is likely that the City

AA.00000222 (24)

will have to delay purchase of vehicles in the future, but that it would be difficult not to purchase vehicles two years in a row.

Mayor Pro Tem Little stated that he shares the concerns of Councilman Edwards; he feels that the City Manager's recommendation to purchase the cars this year is good, since it will allow the City the flexibility of perhaps not purchasing cars next year.



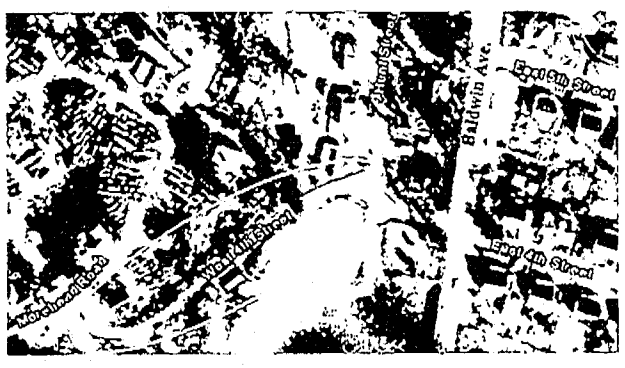
The City Manager stated that he has directed the department heads to justify each vehicle in each department, to determine if the City has vehicles that are not being used. He noted that four vehicles have already been identified for sale.

Councilman Owenby stated that not buying the vehicles this year would only be delaying the inevitable.

Council voted unanimously to award the contract for the purchase of the two marked police cars to Ilderton Dodge and the equipment installation to Light-N-Up, for a total cost of $64,987.

DIRT ROAD PRESENTATION: Public Works Director Chris Hollifield gave the following presentation regarding the possible paving of dirt roads inside the City:

Forest Park Rd.



Forest Park Rd. Details

- Ease of paving – **1st Priority**
- ROW – **25' in place**
- Length – **325'**
- Condition – **Roadbed in good condition**
- Maintenance - **DOT**
- Requirements to pave – **16' Minimum is physically available if City gains ROW**
- Asphalt Cost – **578 Yd^2 x $13/Yd^2$ = $7,514**

E. Railroad St. / Finley Ave. Details

- Ease of paving – **3rd Priority**
- ROW – **30' in place**
- Length – **775'**
- Condition – **Roadbed in good condition**
- Maintenance – **DOT**
- Requirements to pave – **Extremely close to the railroad, the roadbed is currently on railroad ROW, at only 14' width the road is within 4-1/2' of the railroad tracks**
- Asphalt Cost – **1378 Yd² x $13/Yd² = $17,911**
- Grading and Roadbed Const. Cost **$21,668**

  Total Cost **$39,579**

City of Marion, Public Works Department

Florence Ave.

Florence Ave. Details

- Ease of paving – **4th Priority**
- ROW – **25' in place**
- Length – **410'**
- Condition – **Poor roadbed, very rutted and washed out**
- Maintenance – **Privately maintained**
- Requirements to pave – **10' wide existing roadbed, heavy grade work needed to gain the 16' minimum**
- Asphalt Cost – **1084 Yd^2 x $13/$Yd^2$ = $14,098**
- Grading and Roadbed Const. Cost **$ 7,167**

Total Cost **$21,265**

City of Marion, Public Works Department

The City Manager noted that the City has accepted maintenance of Wesrt Fourth Street, East Railroad Street and Finley Avenue from DOT. Forest Park Road remains a DOT street, while Florence Avenue is privately maintained, but has recorded right of way. The City Manager stated that the City would be lucky to pave one street per year, if it resurfaced close to the normal number of streets each year. He noted that the City's Powell Bill Funds were depleted, due to contracted projects pursued in recent years, so the amount of money to devote to paving this year would be limited.

Councilman Owenby suggested that the City pave East Railroad Street/Finley Avenue first as was promised to residents of this Street a couple of years ago.

Councilman Martin stated that Florence Avenue needs a lot of attention and should be number one on the paving list.

Mayor Clark suggested placing the paving of West Fourth Street at the bottom of the list, due to the need to acquire right of way and the cost of grading and paving.

The City Manager stated that the City could bid out the grading and paving of Florence Avenue, East Railroad Street/Finley Avenue and Forest Park Road and only resurface streets as absolutely necessary. The City Manager advised that staff could present a list of streets that need immediate resurfacing to Council at an upcoming meeting, so that a final decision on paving priorities could be made. The City Manager noted that staff had received about 18 requests for speed humps.

Councilman Cuthbertson suggested that speed humps should be given a low priority this year, since the City had paving needs.

Council agreed by consensus to consider bidding out the grading and paving of Florence Avenue, East Railroad Street/Finley Avenue and Forest Park Road and only resurface streets as absolutely necessary this year. The City Manager will present Council a list of streets that need immediate resurfacing to Council at an upcoming meeting, so that a final decision on paving priorities can be made.

PRESENTATION OF OPTIONS FOR PEDESTRIAN CROSSING SIGNS DOWNTOWN:

Public Works Director Chris Hollifield made a presentation to Council regarding options for the placement of pedestrian crossing signs on Main Street.

Mayor Pro Tem Little stated that he would suggest that the City start with the installation of yield to pedestrian signs at all four corners of the Court and Main intersection.

Mayor Pro Tem Little also suggested that the "no right turn on red" signs on Main Street be changed to "no right turn on red when pedestrians are present." Mr. Hollifield advised that he

AA.00000225 (24)

was not sure if such language was allowed by DOT in North Carolina. The City Manager suggested that another option would be "no right turn on red Monday through Friday 8:00 a.m. through 5:00 p.m."

Councilman Edwards stated that he agreed with the changes to the no right turn on red signs. He also stated that pedestrian safety remains a major concern, especially on Main Street. Councilman Edwards stated that the proposed signs are a good idea, but need to be coupled with enforcement. He also suggested that Police Chief Mika Elliott write an educational article about the requirements for yielding to pedestrians for publication in the McDowell News.

The City Manager stated that he and Chief Elliott had spoken about that very idea within the past week. Chief Elliott advised that the McDowell News had agreed to run such an article and other articles on traffic and pedestrian safety periodically. The City Manager stated that staff will work on better enforcement of pedestrian safety laws.

After discussion, it was agreed by Council that staff will obtain cost estimates for the placement of four prominent yield to pedestrian signs at the Main and Court Street intersection and bring the cost estimates back to Council for review and approval. Council also agreed by consensus that staff will inquire with DOT about the possibility of modifying the "no right turn on red signs" at various intersections on Main Street to "no right turn on red when pedestrians are present" or to "no right turn on red Monday through Friday 8:00 a.m. through 5:00 p.m."

DISCUSS SCHEDULING OF CITY COUNCIL PLANNING SESSION: The City Manager advised that Councilman Cuthbertson had suggested that Council hold a Planning Session in the near future to formalize approval of the bulk water sale to the County for the Nebo water system and to discuss the sales tax issue and other financial issues, in advance of the Joint Utility Committee meeting on Thursday, February 19.

Councilman Edwards stated that he had no problem with the concept of the City selling water to the County's Nebo water system through the master meter on Highway 70 East at a bulk rate equal to the City's inside water rate, which is currently $1.90 per 1,000 gallons. He said he saw no reason for a Planning Session to discuss this point.

The City Manager noted that Council previously discussed giving the County all current City water customers on the east side of the master meter, including Roma's Restaurant, the former Kehler's BP Station and Nebo Elementary School.

After brief discussion, Council agreed by consensus that an offer be made to the County at the February 19 Joint Utility Committee for the City to sell water to the County's Nebo water system through the master meter on Highway 70 East at a bulk rate equal to the City's inside water rate, which is currently $1.90 per 1,000 gallons. The City would give the County all current City water customers on the east side of the master meter and the County would be responsible for reading meters, billing and maintenance, including maintaining water quality beyond the master meter.

Mayor Clark advised that Council could discuss this matter further or modify the City's position if necessary at the February 17 Council meeting.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that after Council approved a resolution authorizing the Safe Routes to School Infrastructure Grant for a sidewalk along State Street, Baldwin Avenue and in Eastfield in the area of East Junior High and Eastfield Elementary, Heather worked with Isothermal on the grant application. Staff learned that the City needed an engineer to certify and seal the cost estimates. The end result is that a contracted sidewalk and curb and gutter extension along State

AA.000000226 (24)

Street from the East Junior High property to Baldwin Avenue and then southward on Baldwin to where the existing sidewalk ends near Sixth Street will cost much more than originally projected. McGill estimated $453,000 for this work, due to the cost of the sidewalk and curb and gutter work, the need to acquire right of way or easements (DOT has no right of way on Baldwin), the need for retaining walls in a couple of locations and the need for many utility relocations. The maximum grant award is $300,000. Since the City had already completed the work, the City Manager reported that staff sent in the grant application. He advised that a decision could be made whether to accept the grant, if a grant is awarded to the City. The City Manager noted that staff found a few possible solutions for the funding gap if the full $300,000 grant application is funded, including DOT and/or USDA funding.

The City Manager advised that the N.C. Parks and Recreation Trust Fund had reviewed the City's revised site plan and proposal to request that the City keep the television towers on top of Mt. Ida and had sent a letter asking for additional surveying, appraisal and site plan work. The City Manager advised that he had asked UNC-TV and other television stations for confirmation that they will pay these additional expenses before the City authorizes any additional work.

WYFF apparently recently ran a notice in the newspaper, advising that they were removing their tower from Mt. Ida, due to the City's termination of the lease and that people in this area would no longer be able to receive their broadcast signal without cable or satellite service. WSPA remains undecided about whether to keep their tower and pay our additional expenses. WLOS and UNC-TV appear committed to remain on Mt. Ida, but the City Manager stated that he was awaiting their commitment to pay the City's expenses before he proceeds with releasing the additional site plan preparation, surveying and appraisal work.

The City Manager advised that the City had finally obtained reimbursement of the first requisition to the Clean Water Management Trust Fund for the Wastewater Improvements Project in the amount of $586,000. The City will immediately send in a second requisition, since the City has now fronted about $1 million for the project. The City Manager reported that staff is still trying to obtain reimbursement from the EPA grant for the Highway 221 North/Hankins Road sewer extension, for which the City has fronted several hundred thousand dollars. These reimbursements, when received, will greatly improve the City's cash flow in the Water and Sewer Fund.

The City Manager stated that the Planning Board held a workshop on December 18 to discuss further the proposed Historic Preservation Ordinance drafted by the Planning Director Heather Cotton. The Planning Board will hold a meeting to obtain input from potentially affected property owners on February 5.

The City Manager advised that the Tree Board continues to make plans for the year long, grant funded celebration of the City's 20th year as a Tree City USA. The Tree Board is also planning Arbor Day projects for Marion and Eastfield Elementary. The Marion Elementary project will involve a planting around the school on March 20, while the Eastfield Elementary project will involve planting trees along the Perry Street entrance to the new Eastfield Park on March 13.

COUNCILMAN COMMENTS:

Councilman Martin stated that he could not express enough the pride he feels as a Council member every time he sees the sidewalk on West Henderson Street between Railroad Street and the Ingle's Shopping Center. This sidewalk was a major accomplishment for the citizens of Marion.

Councilman Martin advised that there was a hole in Railroad Street. Public Works Director Chris Hollifield stated that he is aware of the hole and would have it fixed in the very near future.

AA.00000227 (24)

Councilman Edwards mentioned the letter received by Mayor Clark from an anonymous citizen regarding many things he or she dislikes about the way the City is spending its money. He noted that this letter reminded him of one he had received many years ago.

Councilman Cuthbertson stated that he had heard tremendous compliments regarding the Police and Fire Departments regarding the handling of the recent bomb threat at Marion Elementary School. The City Manager and Mayor Clark advised that they and Police Chief Mika Elliott had recently worked with School Superintendent Dr. Ira Trollinger and Sheriff Dudley Greene to clear up misunderstandings about the Sheriff's Department scheduling and conducting lockdowns of schools within the City Limits. Both Mayor Clark and the City Manager noted that the recent bomb threat showed why it was imperative for the Police Department to be involved in planning and training exercises regarding school safety at schools located in the City Limits.

Councilman Owenby stated that he has received comments regarding tractor trailers blocking Burgin Street when unloading at Rock Tenn. The City Manager and Chief Elliott stated that they attempted to work with Rock Tenn to allow for the needed unloading, while making the unloading as safe as possible for motorists in the area. Chief Elliott advised that he would make sure his officers monitored the unloading activity and that discussions could be held with Rock Tenn if problems persist.

Mayor Clark also stated that he was recently contacted regarding a Sheriff's deputy delivering a summons to a woman in the middle of the night, which frightened the woman.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 17, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Randy Hintz and Danny Bridges, McGill Associates, 55 Broad Street, Asheville, NC 28801; Steven O'Kelly 83 South Madison Street, Marion NC; Joy Harklerode, 167 Burleson Road, Marion, NC; Angela Earley, Reservoir Road, Marion NC.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – February 3, 2009 Regular City Council Meeting Minutes

B. Receive Certificate of Sufficiency – Super 8 Motel/US 221 South Satellite Annexation Request

CERTIFICATION OF SUFFICIENCY – SUPER 8 MOTEL/US 221 SOUTH SATELLITE ANNEXATION

To the city Council of the City of Marion:

I, J. Robert Boyette, City Clark, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-58.1.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 3rd day of February, 2009.

(Seal)

J. Robert Boyette, City Clerk

C. Approve Resolution Fixing the date of Public Hearing on the Question of Annexation – Super 8 Motel/US 221 South Annexation Request

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-58.1 – SUPER 8 MOTEL-US 221 SOUTH - 2009

WHEREAS, a petition requesting annexation of the non-contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

AA.00000229 (24)

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the non-contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, March 24, 2009.

Section 2. The area proposed for annexation is described as follows:

BEGINNING at an iron pin located in the centerline of U.S. Highway 221, said iron pin being a corner of the L. D. Dollar, Inc., tract as described in Deed Book 392 at Page 105, McDowell County Registry, and runs thence from said Point of Beginning with the centerline of Highway 221, North 04 degrees 01 minutes 40 seconds East 182.62 feet to an iron pin; thence continuing with the centerline of Highway 221, North 04 degrees 01 minutes 40 seconds East 39.80 feet to an iron pin located in the centerline of Highway 221; thence leaving the centerline of Highway 221 and with the McDowell Food Systems, Inc., tract (Book 266 at Page 663) South 88 degrees 49 minutes 52 seconds East (passing an iron pin at 12.22 feet) for a total distance of 344.01 feet to a new iron pin; thence South 27 degrees 38 minutes 16 seconds West 14.53 feet to an iron pin; thence South 55 degrees 43 minutes 02 seconds East 14.96 feet to an iron pin; thence South 52 degrees 36 minutes 11 seconds East 9.13 feet to an iron pin; thence South 34 degrees 17 minutes 47 seconds East 16.77 feet to an iron pin; thence South 47 degrees 33 minutes 14 seconds East 25.13 feet to an iron pin; thence South 44 degrees 37 minutes 24 seconds East 12.85 feet to an iron pin; thence South 86 degrees 06 minutes 00 seconds East 13.73 feet to an iron pin; thence North 50 degrees 39 minutes 26 seconds East 40.75 feet to an iron pin; thence North 50 degrees 39 minutes 26 seconds East 4.14 feet to an iron pin; thence South 88 degrees 49 minutes 52 seconds East 307.51 feet to an iron pin; thence with the Walter Workman property line South 04 degrees 02 minutes 54 seconds West 244.31 feet to an iron pin; thence with the Ishver H. Desai property line South 78 degrees 21 minutes 07 seconds West 398.08 feet to an iron pin, corner of the L. D. Dollar, Inc., tract; thence with the L. D. Dollar, Inc., property line the following calls and distances: North 03 degrees 52 minutes 07 seconds East 104.61 feet to an iron pin; North 79 degrees 34 minutes 21 seconds East 153.69 feet to an iron pin, South 10 degrees 28 minutes 45 seconds East 7.30 feet to an iron pin; thence North 79 degrees 31 minutes 15 seconds East 25.00 feet to an iron pin; thence North 10 degrees 28 minutes 45 seconds West 25.00 feet to an iron pin; thence South 79 degrees 31 minutes 15 seconds West 25.00 feet to an iron pin; thence South 10 degrees 28 minutes 45 seconds East 7.38 feet to an iron pin; thence South 79 degrees 27 minutes 00 seconds West 151.13 feet to an iron pin; thence North 86 degrees 03 minutes 45 seconds West 130.00 feet to an iron pin; thence North 03 degrees 56 minutes 15 seconds East 85.00 feet to an iron pin; thence North 86 degrees 03 minutes 45 seconds West 155.39 feet to an iron pin; thence South 03 degrees 56 minutes 15 seconds West 67.20 feet to an iron pin; thence North 86 degrees 07 minutes 10 seconds West 59.44 feet to an iron pin, and North 86 degrees 07 minutes 10 seconds West 20.00 feet to the Point of BEGINNING.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 17th day of February, 2009.

D. Approve Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA
2008-2009 BUDGET ORDINANCE
(Fifth Amendment)

BE IT ORDAINED by the City Council of the city of Marion, North Carolina as follows:

AA.00000230 (24)

Section 1. That the Budget Ordinance for the City of Marion, North Carolina for the fiscal year 2008-09 as adopted by the Marion City Council on the 17th day of June, 2008 is hereby amended as follows:

GENERAL FUND

a. General Fund Expenditures, Planning and Development, Account Number 10-500-2600, Advertising is increased from $2,000 to $5,000.

b. General Fund Expenditures, Fire, Account Number 10-530-3300, Supplies and Materials is increased from $7,000 to $8,000.

c. General Fund Expenditures, Powell Bill, Account Number 10-570-0400, Professional Services is increased from $15,900 to $28,800.

d. General Fund Revenues, Account Number 10-331-1100, Fire Miscellaneous Revenue is increased from $-0- to $1,000.

e. General Fund Revenues, Account Number 10-399-0000, Fund Balance Appropriated is increased from $452,490 to $468,390.

WATER AND SEWER FUND

a. Water and Sewer Fund Expenses, Utility Line Maintenance, Account Number 30-810-0200, Salaries, is decreased from $369,336 to $347,184.

b. Water and Sewer Fund Expenses, Non-departmental, Account Number 30-660-4500, Contracted Services - CDBG, is increased from $9,000 to $15,960.

c. Water and Sewer Fund Revenues, Account Number 30-377-0500, CDBG/IS Hook-up Grant is increased from $17,073 to $24,037.

d. Water and Sewer Fund Revenues, Account Number 30-299-0000, Fund Balance Appropriated is decreased from $766,464 to $744,308.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 17th day of February 2009.

G. Approve Reimbursement Resolution – Wastewater Improvements Project

RESOLUTION DECLARING THE INTENT TO REIMBURSE EXPENDITURES

WHEREAS, the Finance Officer has described to the Council the desirability of adopting a resolution, as provided under federal tax law, to facilitate the City's using financing proceeds to restore the City's funds when the City makes capital expenditures prior to closing on a bond issue or other financing.

AA.00000232 (24)

BE IT RESOLVED by the City of Marion as follows:

1. The project is for wastewater system improvements at the City's Corpening Creek wastewater treatment plant, as well as the construction of wastewater pump stations and force mains which will allow for the abandonment of the City's existing Catawba River wastewater treatment plant.

2. The project is to be financed. The currently expected type of financing is an installment financing contract as allowed for under N.C.G.S 160A-20. The currently expected maximum amount of bonds or other obligations to be issued or contracted for the project is $3,100,000.00.

3. Funds that have been advanced, or which may be advanced from the General Fund and Water and Sewer Fund for project costs are intended to be reimbursed from the financing proceeds.

Adopted by the City Council of the City of Marion this the 17th day of February, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-02-17-2

PRESENTATION BY McGILL – RECOMMENDATIONS FOR WASTEWATER IMPROVEMENTS PROJECT CONTRACT AWARDS: Mayor Clark welcomed Mr. Randy Hintz and Mr. Danny Bridges of McGill Associates.

Mr. Hintz presented recommendations for the Wastewater Improvements Project stating that on January 21, 2009 formal bids were received by the City of Marion for the subject project. For construction purposes, the project was divided into two (2) contracts based on the type of activities required to complete the work. For the Catawba River Pump Stations and Force Mains portion of the work a total of seventeen (17) bids were received and opened for this contract with the following results:

Bidder	Total Bid Amount
Ronny Turner Construction	$1,463,546.00
Buckeye Construction	$1,554,521.25
Patton Construction Group	$1,621,705.00*
John Conner Construction	$1,712,299.00
Carolina Specialties Construction	$1,724,547.68
Terry Brothers Construction	$1,733,985.00
Hall Contracting	$1,755,544.00
Hamlett Associates	$1,764,277.68*
Wilkie Construction	$1,848,750.00
DPI Construction	$1,858,938.25
Steppe Construction	$1,928,777.50
Gilbert Engineering	$1,974,274.00
Hickory Construction	$1,998,309.89*
T&K Utilities	$2,118,110.00
Huntley Construction	$2,118,237.00*
Hickory Sand Co	$2,134,348.00
Sanford Contractors	$2,264,264.12

* Denotes a corrected bid amount

AA.00000233 (24)

The low bidder for this contract was Ronny Turner Construction Company from Hickory, North Carolina.

Mr. Hintz stated that based on review of the qualifications of Ronny Turner Construction Company and experience of McGill and the City in working with the company, it appears that the company has the experience and capability to perform the work required for this project. According to the North Carolina Licensing Board for General Contractors' website, Ronny Turner Construction Company holds a current unlimited public utilities contractor's license in the State of North Carolina which qualifies them to perform this work.

Mr. Hintz stated that the budgeted amount for the construction of these improvements is $1,768,500.00. The low bidder's proposal for this contract is $304,954.00 below this budgeted amount. A summary of the overall project budget is presented below. Mr. Hintz presented a certified bid tabulation showing all the bids and unit prices for this portion of the project.

For the Corpening Creek Wastewater Treatment Plant portion of the work, a total of ten (10) bids were received and opened for this contract with the following results:

Bidder	Base Bid Amount	Bid Alternate 1 (S&N Airoflo Equipment)
Turner Murphy Company*	$3,251,000.00	$40,000.00 (add)
Laughlin-Sutton Construction	$3,560,000.00	$0.00
Hickory Construction	$3,608,000.00	$36,000.00 (add)
Gilbert Engineering	$3,635,109.00	$35,000.00 (add)
Hamlett Associates	$3,787,471.00	$0.00
Frizzell Construction	$3,865,770.00	$70,000.00 (add)
James E. Harris Construction	$3,944,000.00	$0.00
AGRR Corp	$3,997,000.00	$0.00
Hall Contracting	$4,071,100.00	$ 33,387.00 (add)
State Utility Contractors	$4,274,000.00	$0.00

* The bid from Turner Murphy Company was withdrawn.

The apparent low bidder for this contract was Turner Murphy Company from Rock Hill, South Carolina. However, based on a mathematical error in their bid (the documentation for which is provided herein) they have withdrawn their bid. Therefore, the low bidder for this contract is Laughlin-Sutton Construction Company from Greensboro, North Carolina.

Mr. Hintz stated that the bid received from Laughlin-Sutton Construction Company exceeded the construction budget for this portion of the project. Therefore, negotiations have been conducted with this bidder to reduce the cost of this portion of the project. Mr. Hintz presented documentation to support a number of cost reductions which have been considered and selected by the City staff. The total savings for the options which have been selected by the City's staff, and are recommended at this point, amount to $58,900.00. However, significant additional cost savings could be experienced by modifications to the contract that require approval by the North Carolina Construction Grants and Loans Section. These modifications include eliminating one of the proposed aeration units in each of the aeration basins, reducing the size of the proposed sludge holding tank associated with this project and the ancillary equipment associated with this installation. However, these cost savings can not be recommended until revised plans and design calculations for these aspects of the project have been approved by the State. The total cost savings which may be experienced through the reduction of the tank size from 925,000 gallons to 750,000 gallons and other associated modifications of this system and eliminating two (2) aeration units is approximately $126,000.00. Therefore, the anticipated cost reductions from the project as originally bid is approximately $185,000.00, making the ultimate amount for this contract $3,375,000.00. However, until the balance of the cost saving measures can be permitted, the contract amount for the Corpening Creek portion of this project must remain at $3,501,100.00

AA.000000234 (24)

for now. Mr. Hintz stated that, ultimately, he anticipates a change order will be issued which will further reduce the contract amount by approximately $126,000.00.

Mr. Hintz stated that, based on review of the qualifications of Laughlin-Sutton Construction Company, it appears that the company has the experience and capability to perform the work required for this project. According to the North Carolina Licensing Board for General Contractors' website, Laughlin-Sutton holds a current unlimited, unclassified contractor's license in the State of North Carolina which qualifies them to perform this work. Mr. Hintz stated that Laughlin-Sutton Construction Company has worked on projects with McGill in the past and has demonstrated their capabilities to complete similar projects.

Below is a table which summarizes the current and proposed budget for the construction of this project and outlines the funding available for this project.

Budget Item	**Current Amount**	**Proposed Amount**
Catawba River Pump Stations and Force Mains	$1,768,600	$1,463,560
Corpening Creek WWTP Improvements	$2,410,300	$3,385,000
Corpening Creek SOC Items	$ 600,000	$ 600,000
Construction Subtotal	**$4,778,900**	**$5,448,560**
Construction Contingency	$ 400,000	$ 242,428
Engineering	$ 442,100	$ 442,100
Construction Administration / Observation	$ 312,100	$ 312,100
Legal / Administrative	$ 86,900	$ 86,900
Material Testing During Construction	$ 30,000	$ 30,000
Easement Acquisition	$ 50,000	$ 50,000
SRF Loan Closing Fee	$ 62,000	$ 52,242
TOTAL PROJECT BUDGET	**$6,162,000**	**$6,664,330**
Project Funding Source	**Amount**	
Clean Water Management Trust Fund (Grant)	$3,000,000	
North Carolina Rural Center (Grant)	$1,000,000	
State Revolving Fund (Loan)	$3,162,000	
TOTAL REVENUE AVAILABLE	**$7,162,000**	

Based on the proposed budget for the balance of the project, available funding appears to exceed the anticipated expenditures. Mr. Hintz recommended that the State Revolving Loan for this project be increased from the anticipated $2.1 million to just over $2.6 million, which is still below the $3.1 million in available loan funds.

Therefore, Mr. Hintz stated that McGill Associates recommends that the City of Marion approve the awards for these construction contracts in the amount of $1,463,560.00 to Ronny Turner Construction Company and $3,501,100.00 to Laughlin-Sutton Construction Company with the following contingencies:

- These awards shall be contingent upon the City's staff and legal council's review and concurrence with the enclosed documentation.

- These awards shall be contingent upon the State's review and approval of the revised contract documents as described above which modify the design of the proposed sludge holding tank and aeration basin equipment at the Corpening Creek Wastewater Treatment Plant.

- These awards shall be contingent upon securing all necessary easements and real property to allow for the construction of the proposed improvements.

- These awards shall be contingent upon the Construction Grants and Loans Section concurrence with these documents and issuance of their Authorization to Award.

AA.000000235 (24)

Mr. Hintz summarized that the City started with a $6.1 million project and now has a $6.6 million project.

Mayor Clark stated that the City had $1 million in excess loan funds and was hoping not to spend that amount.

Mr. Hintz stated that Council may wonder what caused the cost overruns. He explained that he spent time talking with the contractors and that what has changed since the last estimates were developed in 2006 is that pipeline projects have become a competitive business where contractors must cut their labor expenses just to get work. However, with Wastewater Treatment Plant projects such as this one, the cost is typically primarily in the materials, not in the labor. Material costs have continued to go up over the years. Also, fifteen percent of the contract cost is electrical work, more than was estimated. Mr. Hintz added that some unforeseen circumstances have caused the project cost to rise, including the need to get the sludge thickeners at the Corpening Creek Plant repaired and put on line and severe problems with soil conditions at the Corpening Creek Plant.

Mayor Clark stated that when the Corpening Creek Plant was constructed in the 1970's, there were no problems with the soil.

Councilman Owenby asked if McGill had done work with Lauhglin-Sutton before. Mr. Hintz stated that McGill has worked successfully in the past on several projects with Laughlin-Sutton and that the company had completed projects on time.

Mayor Clark asked if Laughlin-Sutton had done much work in the mountains, noting that the City has had problems with rock on many past projects. Mr. Danny Bridges stated that Laughlin-Sutton is completing projects in Morganton and in Old Fort and that he has not found them to be a change order happy company. Mr. Bridges added that Laughlin-Sutton's contract for the Corpening Creek Plant work contains no allowances for change orders in the event rock is encountered, although Ronny Turner's contact for the line work will allow for extra payment in the event rock is found.

Mayor Pro Tem Little stated that the City of Marion has been taken advantage of at times by past contractors and wants to ensure that does not happen with this project.

The City Manager stated that it is never good to spend more money than is required. However, the City has access to adequate grant and loan funds to cover the cost overruns. He added that the City also stands a good chance to obtain Federal Stimulus Funding, most likely in the form of longer term, no interest loans, which will reduce the City's annual debt service related to the project. The City Manager stated that the project is ready to go and should score maximum points from the State.

The City Manager added that the project was $844,000 over budget after the bid opening and that the project deficit has now been reduced to less than $500,000, due to the efforts of City staff and McGill.

Mayor Clark that that the City is under tight deadlines from the State and has to proceed with the project. He added that the City wants to save every dollar possible and make sure the contractors are doing the job right

Mayor Clark stated that we depend on and expect McGill Associates to look after the City's interests with this project, as they have on many past projects.

AA.00000236 (24)

Mr. Bridges stated that when these two projects get started, there will be monthly progress meetings with an updated summary presented to the City Manager. This should allow the City Council to be informed with how the project is progressing.

Mayor Clark asked how many times a week inspectors will be on site.

Mr. Hintz stated that the details on the frequency can be worked out with the City. He also stated that McGill wants to maintain continuity and use the same inspectors with whom the City typically works, including Richard Hensley. Public Works Director Chris Hollifield added that Mr. Hensley is a great inspector and will do a great job for the City. He has a great attention to detail and always seems to keep the City's best interest in mind.

Mr. Bridges stated that contractors have to depend on their staff and that one person could bring down a whole project. One challenge they will have is to keep an eye on the process and they will make sure the contractor knows the rules and follows them and that they will let them know upfront what is expected of them.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to award the Catawba River Plant/force main contract to the low bidder, Ronny Turner Construction, in the amount of $1,463,560 and to award the contract for the Corpening Creek Plant to the low bidder, Laughlin-Sutton Construction, in the amount of $3,501,100 as recommended by McGill Associates, with the expectation that the Laughlin-Sutton contact could be further reduced by another $126,000, once plan changes are approved by the State.

COMMERCIAL DEVELOPMENT UPDATE DISCUSSION: The City suggested that this item be moved forward on the agenda for discussion while McGill Associates staff were present.

The City Manager stated that the City has been working on three major commercial developments for some time, as follows:

- 1 – The proposed Shopping center on US 70 East and Stacy Hill Road for a Food Lion Shopping Center - The City Manager stated that he had spoken to the developer before Christmas and that the project is still planned. The City may receive some plans at some point in the next dew months.
- 2 – The Roland Bass Property, located at the NC 226/I-40 interchange across from McDowell Technical Community College - The City Manager noted that Mr. Bass has done significant grading on this property and is marketing the property for a hotel, restaurant, gas station or other retail uses. McGill Associates has done some preliminary work on a needed sewer extension to this property. The City Manager advised that the City could apply for Rural Center funds for job creation to fund the sewer extension once Mr. Bass has some job commitments.

- 3 – The proposed large commercial development at the Sugar Hill Road/I-40 Interchange – The City Manager advised that the City and County have been working on this commercial project for more than one year. The City and County hope to have an announcement made soon by the developer concerning this project. The City Manager stated that the project would create hundreds of jobs, significant property tax base and greatly increase retail sales, including capturing retail sales dollars from I-40 motorists that are being lost to other counties. He added that the project will require the replacement of the Hospital Pump Station, at a cost of over $300,000, a project that the City is funding through grants and City funds. The project will also require a water and sewer extension on Sugar Hill Road from Shady Lane to I-40, at an estimated cost of $2 million. The City and County had previously agreed that the City would seek grants funds for the project and that the City and County would split the

AA.00000237 (24)

local debt share, with the City paying 60 percent of the costs and the County paying 40 percent of the costs. The City Manager stated that McGill is submitting a Rural Center grant application related to job creation to fund $1 million of this cost.

The City Manager stated that Federal Stimulus Funding could also be possible for the water and sewer extension, but only if the project is ready to proceed. He advised that McGill has provided a cost of $38,000 to complete the preliminary design and permitting for the water and sewer extension, so that the project could have a change for Federal Stimulus Funing. The City Manager stated that he had spoken to the County Manager, who had agreed to the 60%-40% City-County split for the $38,000 cost.

The City Manager advised that time is of the essence with this project, as letters of intent are due to the State by Friday for Federal Stimulus Funding for wastewater projects. He noted that the $38,000 is a bit of a risk, since the project has not been officially announced; however, if the development does occur, the preliminary design and permitting expense would be needed anyway. The City Manager added that the developer has agreed to provide a letter agreeing to request annexation after the development is permitted by the County.

Mayor Clark asked Randy Hintz of McGill Associates if the firm could move quickly to meet the Federal Stimulus Funding deadlines. Mr. Hintz stated that McGill would move forward as quickly as possible to meet all deadlines.

Mayor Pro Tem Little stated that he saw little to no risk with this expenditure, given the tremendous possible return to the City.

Upon a motion by Mayor Pro Little, seconded by Councilman Cuthbertson, Council voted unanimously to authorize staff to contract with McGill Associates to complete preliminary design and permitting, in the amount of $38,000, for the extension of water and sewer service on Sugar Hill Road to Interstate 40 to support the proposed commercial development, with the City funding 60 percent of the cost and the County funding 40 percent of the cost.

Councilman Cuthbertson added that the City has talked about the extension of water and sewer service on Sugar Hill Road to I-40 for many years and that there are many property owners waiting for the extension and for the development opportunities water and sewer service will bring.

PUBLIC HEARING – ADOPTION OF ORDINANCE – GILLANI/SUGAR HILL ROAD SATELLITE ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing was scheduled for the satellite annexation of the Gillani property on Sugar Hill Road. After the public hearing, Council may adopt the attached ordinance to annex the property effective February 28, 2009.

Mayor Pro Tem Little stated that he wanted it clear that this property owner asked for this annexation and that the City did not contact the property owner seeking this annexation.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

AA.00000238 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the corporate limits of the City of Marion, North Carolina to include the Gillani property on Sugar Hill Road as follows:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
GILLANI/SUGAR HILL ROAD - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009, after due notice by publication on Wednesday, February 4, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of February 28, 2009:

BEGINNING on a tack in a lead plug that is located South 11 degrees 03 minutes 27 seconds West 14.44 feet from NCGS Government Monument, Station "DELI" (Y = 704,847.773 and X = 1,1,098,987.008) said beginning being a common corner with the property of Richard Allen Gurley (McDowell Deed Book 329 at Page 258) and FROM SAID BEGINNING running with the Gurley line the following two courses and distances: South 74 degrees 20 minutes 24 seconds East 110.31 feet to an iron pin set, and North 81 degrees 24 minutes 36 seconds East 135.30 feet to an existing iron pin that is located South 81 degrees 43 minutes 28 seconds East 35.99 feet from an existing iron pin that marks the tenth corner of the property described in McDowell Deed book 244 at Page 644; then running with the line of Grandview Corporation (Grandview Trailer Park, McDowell Deed Book 244 Page 644) South 27 degrees 57 minutes 14 seconds West 226.72 feet to an existing iron pin that marks the third corner of Tract 2 of the property described in McDowell Deed Book 309 at Page 321, said existing iron pin being in the line of B & J Technical Services, Inc. (McDowell Deed Book 313 at page 340); then with the line of B & J Technical Services, Inc. North 80 degrees 56 minutes 19 seconds West 226.86 feet to an existing iron pin on the Eastern right-of-way for Sugar Hill Road (NCSR 1001); then with the Eastern margin of the right-of-way for Sugar Hill Road the following three courses and distances; North 29 degrees 32 minutes 59 seconds east 53.15 feet to a nail and ribbon in concrete (said nail marking the beginning corner of Tract 1 of the property described in McDowell Deed Book 309 at Page 321 and also marking the beginning corner of Tract 2 of the property described in McDowell Deed Book 309 at Page 321, then continuing North 27 degrees 54 minutes 36 seconds East 76.03 feet to a punch mark in concrete (the second corner of Tract 1 of the property described in McDowell Deed Book 309 Page 321), then continuing North 25 degrees 09 minutes 36 seconds East 67.05 feet to the BEGINNING, containing approximately 0.97 acres according to a survey by R.L. Greene Surveying and Mapping dated October 18, 1988.

AND BEING THE SAME PROPERTY identified and described as Tract
1 and Tract 2 in the Deed recorded in McDowell Deed Book 309, Page 321, and being also the same two tracts of property in Marion Township contained in the Deed dated 19 January 1987 from Jeffrey M. Ledbetter and wife Ann Ledbetter to William R. Ledbetter and wife Wanda R. Ledbetter as recorded in McDowell Deed Book 364 at Page 538.

This conveyance is made SUBJECT TO a perpetual easement for ingress, egress and regress and for utilities service along the existing drive way as the same is now laid out and in use from Sugar Hill Road (SR 1001) to the trailer park owned by Grandview Park, Inc. as described in McDowell Deed Book 244 at Page 644.

Section 2. Upon and after February 28, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

AA.00000239 (24)

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 17th day of February, 2009.

Ordinance Number: O-09-02-17-1

PUBLIC HEARING – ADOPTION OF ORDINANCE – DOLLAR/US 221 SOUTH SATELLITE ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing was scheduled for the satellite annexation of the Dollar property on US 221 South. Adopting the ordinance will make the annexation effective on February 28, 2009.

Councilman Owenby asked if the owner or the manager signed this petition. The City Manager stated that the property owner signed the annexation petition, as is required under State law.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Little, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance extending the corporate limits of the City of Marion, North Carolina to include the Dollar property on US 221 South as follows:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
DOLLAR/US 221 SOUTH - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009, after due notice by publication on Wednesday, February 4, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of February 28, 2009:

AA.00000240 (24)

TRACT 1: BEGINNING on an iron spike, said iron spike being in the centerline of U.S. Highway # 221, said spike being a common corner with Jack Harvey (now or formerly); thence with the centerline of U.S. Highway # 221 North 04 degrees 55 minutes East 140 feet to an iron; thence South 85 degrees 05 minutes East 80 feet to an iron, said iron being in the line of BCM Partnership; thence North 04 degrees 55 minutes East 67.20 feet to an iron; thence South 85 degrees 05 minutes East 155.39 feet to an iron; thence South 04 degrees 55 minutes West 85 feet to an iron, passing an iron at 80 feet; thence South 85 degrees 05 minutes East 130 feet to an iron; thence South 04 degrees 55 minutes West 115 feet to an iron, said iron being in the line of BCM Partnership and in the line of Harvey; thence with the Harvey line North 86 degrees 12 minutes 45 seconds West 265.46 feet to the point and place of BEGINNING, containing 1.331 acres, more or less. This metes and bounds description is taken from a survey prepared by Herman D. Bolick, dated September 22, 1988.

Together with the right and privilege to tap onto, utilize and use the water and sewer facilities located upon this adjoining property of the Grantor, commonly known as the Econo Lodge of Marion, the Grantee to bear any and all expense for construction or maintenance of any lines necessary for the Grantee to utilize the water and sewer facilities located on the adjoining property of the Grantor. The use of the water and sewer facilities by Grantor shall not exceed the normal amount of water and sewer use by a convenience store and a car wash using recyclable water.

TRACT II: BEGINNING on an iron, said iron being located in the line of James C. Childers and said beginning point being located South 85 degrees 05 minutes East 130 feet from an iron in the line of James C. Childers; thence from said beginning point North 80 degrees 25 minutes 45 seconds East 151.13 feet to an iron; thence North 09 degrees 30 minutes West 7.38 feet to an iron; thence North 80 degrees 30 minutes East 25 feet to an iron; thence South 09 degrees 30 minutes East 25 feet to an iron; thence South 80 degrees 30 minutes West 25 feet to an iron; thence North 09 degrees 30 minutes West 7.30 feet to an iron; thence 80 degrees 33 minutes 06 seconds West 153.68 feet to an iron; thence North 04 degrees 55 minutes East 10.24 feet to the point and place of BEGINNING, containing .05 acres, more or less. This metes and bounds description is taken from a survey prepared by Herman D. Bolick, dated September 22, 1988.

Section 2. Upon and after February 28, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 17th day of February, 2009.

Ordinance Number: O-09-02-17-2

PUBLIC HEARING - ADOPTION OF ORDINANCE – MARION STREET/WHITE PROPERTY ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager stated that this public hearing was scheduled for the annexation of the White property on Marion Street. After the public hearing, Council may adopt the following ordinance making the annexation effective on February 28, 2009.

AA.000000241 (24)

Mayor Pro Tem Little stated that it is significant that the City has for decades had citizens wishing to be annexed. He added that the City works with citizens who want to be annexed to provide the best possible service and to make annexation a win-win situation.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the corporate limits of the City of Marion, North Carolina to include the White property on Marion Street as follows:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
MARION STREET-WHITE PROPERTY-2009

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, February 17, 2009, after due notice by publication on Wednesday, February 4, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of February 28, 2009:

ALL OF LOT NUMBER 30 and a part of lot number 31 in Block (B) of the M. B. Poteat property as shown on a map recorded in Map Book 1 pages 77 and 78 in the office of the register of deeds for McDowell County, N.C. to which map reference is here made for a more complete description of the lots hereby conveyed. Said part of lot number 31 is a 16 foot strip of the North end of lot number 31 and more specifically described as follows:

BEGINNING on the southeast corner of lot number 30 and the northeast corner of lot number 31 (above referred to) and runs thence in a southerly direction 16 feet along the west edge of Marion Street; thence in a westerly direction parallel with a common line of lots 30 and 31 to a point in the western boundary line of lot number 31; thence in a northerly direction 16 feet to the southwest corner of lot number 30 and 31 in a easterly direction to the BEGINNING.

Section 2. Upon and after February 28, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 17th day of February, 2009.

ATTEST: Approved As To Form:

J. Robert Boyette, City Clerk City Attorney

Ordinance Number: O-09-02-17-3

CONSIDER ADOPTION OF ORDINANCE TO AMEND ANIMALS AND TO ADD REQUIREMENTS FOR SHELTER: The City Manager advised that as directed by Council at the February 3 meeting, he drafted an ordinance to amend the City Animal Ordinance by adding Section 3-8.1, which prohibits cruelty to animals and adds requirements for shelter for animals. The City Manager stated that he used the language from Burke County, Brunswick County and Brevard's ordinances, which had the simplest ordinances of the ones presented by Ms. Joy Harklerode of Mercy Animal Rescue at the last meeting.

The City Manager stated that he and Police Chief Mika Elliott had discussed the merits of including standards for shelter. The Brevard ordinance requires proper shelter without defining it. The City Manager stated that he and Chief Elliott felt it was better to define what constitutes adequate shelter, to provide more guidance for the City's officers. Therefore, he proposed language from the Brunswick County ordinance that defines adequate shelter. The City Manager stated that this subsection could be deleted from the ordinance if desired by Council.

Councilman Martin made a motion to amend the City Animal Ordinance by adding Section 3-8.1, which prohibits cruelty to animals and adds requirements for shelter for animals. The motion was seconded by Councilman Owenby.

Mayor Pro Tem Little stated that he was not in favor of adding subsection (d), which specifically defines what constitutes adequate shelter for animals, to this ordinance amendment. He added that he had recently been on a mission trip to Belize and stated that he could not vote for something that would require better living quarters for animals than what many people have in other countries.

Councilman Edwards stated that the City has to have rules and some specificity as to what defines adequate shelter; otherwise, City officers are forced to be both judge and jury.

Mayor Pro Tem Little stated that officers could carry a digital camera and take photographs when there is doubt.

Mayor Clark stated that he agreed with Councilman Edwards in that the City needs guidelines for what constitutes adequate shelter; otherwise, the ordinance becomes difficult to interpret and enforce.

Councilman Martin stated that his motion still stood. Councilman Owenby stated that his second still stood to adopt this ordinance as presented.

The vote carried four to one as follows:

Councilman Cuthbertson	Yes
Councilman Edwards	Yes
Councilman Martin	Yes
Councilman Owenby	Yes
Mayor Pro Tem Little	No

AA.00000243 (24)

ORDINANCE
AMENDING CHAPTER 3
ANIMALS
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 3, Animals, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 3 is amended by adding Section 3-8.1., Cruel Treatment, as follows:

Sec. 3-8.1. Cruel treatment.

(a) It shall be unlawful for any person to molest, torture, torment, deprive of necessary sustenance, cruelly beat, needlessly mutilate or kill, wound, injure, poison or abandon subject to condition detrimental to its health or general welfare any animal, or to cause or produce such action.

(b) The words "torture", "torment" and "cruelly," as used in this section, shall be held to include every act, omission or neglect whereby unjustifiable physical pain, suffering or death is caused or permitted; but such terms shall not be construed to prohibit lawful taking of animals under the jurisdiction and regulation of the State Wildlife Resources Commission, or to prohibit animal control officers or duly authorized persons or veterinarians from taking or destroying dangerous, unwanted or injured animals in a humane manner, or to prohibit the lawful use of animals in scientific research, or legitimate pest control activities.

(c) It shall be unlawful for any person to keep animals under unsanitary or inhumane conditions and to fail to provide proper food and water daily, shelter from the weather, reasonably clean quarters and proper medical attention for sick, diseased and injured animals, as well as adequate inoculation against disease.

(d) For purposes of this section, "shelter" shall be defined as an enclosure of at least three (3) sides, a roof and a floor. The enclosure shall be ventilated and must have sufficient room for the animal(s) to move around freely and to lie down comfortably. Animals housed under the following conditions shall not constitute adequate shelter:

(1) Underneath outside steps, deck and stoops; or
(2) Inside of vehicles; or
(3) Underneath vehicles; or
(4) Inside metal barrels placed in direct sunlight during the summer; or
(5) Inside cardboard boxes

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 17th day of February, 2009.

Ordinance Number: O-09-02-17-4

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

CONSIDER ADOPTION OF RESOLUTION MAKING MCDOWELL COUNTY ORDINANCE PROHIBITING REGISTERED SEX OFFENDERS ON MCDOWELL COUNTY PARK OR RECREATION FACILITIES AND YOUTH RELATED ACTIVITIES EFFECTIVE WITHIN THE CITY LIMITS OF MARION: The City

Manager advised that as previously reported, the County had requested assistance from the City in making a proposed County ordinance to prohibit registered sex offenders from entering County park or recreation facilities and youth related activities effective within the City Limits.

The City Manager stated that one way to do this under the North Carolina General Statutes (N.C.G.S. 153A-122) is for the City Council to adopt a resolution making a particular County ordinance effective within the City Limits.

The proposed County ordinance and an excerpt from the General Statutes authorizing such a resolution read as follows:

McDowell County Ordinance
Prohibiting Registered Sex Offenders
in McDowell County's Parks or Recreation Facilities
and Youth Related Activities adopted February 9, 2009

Article 1. General

SECTION 101. TITLE

THIS CHAPTER SHALL BE KNOWN AND CITED AS "ORDINANCE PROHIBITING REGISTERED SEX OFFENDERS IN MCDOWELL COUNTY'S PARKS OR RECREATION FACILITIES AND YOUTH RELATED ACTIVITIES OF MCDOWELL COUNTY, NORTH CAROLINA.

SECTION 102. AUTHORITY AND ENACTMENT CLAUSE.

PURSUANT TO THE AUTHORITY CONFERRED BY CHAPTER 153A-169 OF THE GENERAL STATUTES OF THE STATE OF NORTH CAROLINA, THE BOARD OF COMMISSIONERS OF MCDOWELL COUNTY HEREBY ORDAIN AND ENACT INTO LAW THESE ARTICLES AND SECTIONS.

SECTION 103. JURISDICTION

ON AND AFTER THE DATE OF ADOPTION, THESE REGULATIONS SHALL APPLY TO ALL MCDOWELL COUNTY PUBLIC PARKS RECREATION TRAILS, AND ALL SANCTIONED YOUTH ACTIVITIES IN MCDOWELL COUNTY. THIS ORDINANCE SHALL APPLY TO PROPERTIES OWNED OR LEASED BY THE COUNTY LOCATED IN THE MUNICIPAL JURISDICTIONS.

ARTICLE 2. PURPOSE

SECTION 201. PURPOSE

MCDOWELL COUNTY OWNS AND MAINTAINS LAND IN THE COUNTY DESIGNATED FOR PUBLIC PURPOSES, COUNTY PARKS, RECREATION TRAILS, AND FOR THE PEACEFUL USE AND ENJOYMENT OF CHILDREN RESIDENTS AND VISITORS. MCDOWELL COUNTY CONDUCTS YOUTH RELATED ACTIVITIES INCLUDING, RECREATION, 4-H AND EXPLORER CLUB POSTS.

ARTICLE 3. REGULATION OF USE

SECTION 301. UNLAWFUL ACTIVITY

IT SHALL BE UNLAWFUL FOR ANY REGISTERED SEX OFFENDER TO KNOWINGLY ENTER INTO OR ON ANY PUBLIC PARKS, RECREATION TRAILS, AND CAMPGROUNDS OWNED, OPERATED OR MAINTAINED BY MCDOWELL COUNTY.

IT SHALL BE UNLAWFUL FOR ANY REGISTERED SEX OFFENDER TO KNOWINGLY PARTICIPATE OR ATTEND ANY COUNTY YOUTH RECREATION ACTIVITY, INCLUDING THOSE NOT HELD ON COUNTY PROPERTY.

SECTION 302. NOTICES:

THE PARKS AND RECREATION DIRECTOR SHALL BE CHARGED WITH POSTING THIS REGULATION AT THE MAIN ENTRANCE OF EACH PARK WITHIN FIVE (5) DAYS OF THE PASSAGE OF THIS ORDINANCE.

ARTICLE 4. DEFINITIONS

AA.00000245 (24)

PUBLIC PARK. ANY PUBLICLY OWNED OR MAINTAINED LAND, WHICH IS DESIGNATED BY MCDOWELL COUNTY AS A PUBLIC PARK OR RECREATION FACILITY.

SANCTIONED YOUTH ACTIVITY. ANY ACTIVITY INVOLVING YOUTH UNDER THE AGE OF EIGHTEEN. SANCTIONED AND CARRIED OUT BY MCDOWELL COUNTY EMPLOYEES OR AN AGENCY OF THE COUNTY.

REGISTERED SEX OFFENDER. AN INDIVIDUAL WHO IS REGISTERED BY ANY STATE OR FEDERAL AGENCY AS A SEX OFFENDER LISTED INCLUDING, BUT NOT LIMITED TO, THE SEX OFFENDER REGISTRY ESTABLISHED IN ARTICLE 27A OF NORTH CAROLINA GENERAL STATUE CHAPTER 14.

ARTICLE 5. PENALTIES

SECTION 501. PENALTIES FOR VIOLATION OF THE ORDINANCE.

ANY PERSON WHO IS FOUND IN VIOLATION OF THIS ORDINANCE SHALL BE GUILTY OF MISDEMEANOR PUNISHABLE BY A FINE OF NOT LESS THAN $500.00 AND/OR IMPRISONMENT FOR NOT MORE THAN 30 DAYS, IN THE DISCRETION OF THE COURT, AS PROVIDED IN GS 153A-123.

EACH AND EVERY VIOLATION SHALL CONSTITUTE A SEPARATE OFFENCE.

ARTICLE 6. SEVERABILITY

SECTION 601. SEVERABILITY:

IF ANY SECTION, SUBSECTION, PARAGRAPH, SENTENCE, CLAUSE, PHRASE OR PORTION OF THIS ORDINANCE IS FOR ANY REASON HELD INVALID OR UNCONSTITUTIONAL BY ANY COURT OF COMPETENT JURISDICTION, SUCH PORTION SHALL BE DEEMED SERVERABLE AND SUCH HOLDING SHALL NOT AFFECT THE VALIDITY OF THE REMAINING PORTIONS HEREOF.

ARTICLE 7. ADOPTION AND EFFECTIVE DATE

THIS ORDINANCE SHALL TAKE EFFECT AND BE IN FORCE FROM AND AFTER ITS ADOPTION ON THE 9TH DAY OF FEBRUARY, 2009.

_____
ANDREW K WEBB
MCDOWELL COUNTY BOARD OF COMMISSIONERS

ATTEST:

_____
CARRIE PADGETT, CLERK

APPROVED AS TO FORM

_____
FRED COATS, COUNTY ATTORNEY

Councilman Edwards asked if the County would be sending out notices, like the City did, to all registered sex offenders making them aware of the new ordinance.

The City Manager stated that he would make this suggestion to the County.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Resolution making the McDowell County Ordinance prohibiting registered sex offenders in McDowell County Park or Recreation facilities and youth related activities effective within the City Limits of the City of Marion:

A RESOLUTION MAKING THE MCDOWELL COUNTY ORDINANCE PROHIBITING REGISTERED SEX OFFENDERS IN MCDOWELL COUNTY PARK OR

AA.00000246 (24)

RECREATION FACILITIES AND YOUTH RELATED ACTIVITIES EFFECTIVE WITHIN THE CITY LIMITS OF THE CITY OF MARION

WHEREAS, the City Council of the City of Marion approved an ordinance on September 2, 2008, prohibiting registered sex offenders from entering any park or recreational facility owned, leased, operated or maintained by the City; and

WHEREAS, McDowell County requested that the City Council assist the County by making such a prohibition effective on park and recreational facilities, buildings and youth activities owned, leased, operated or maintained by the County in the Marion City Limits; and

WHEREAS, McDowell County passed the ordinance prohibiting registered sex offenders in McDowell County park or recreation facilities and youth related activities on February 9, 2009; and

WHEREAS, North Carolina General Statute § 153A-122 permits the City, by resolution, to apply any County ordinance within the City; and

WHEREAS, adoption of this resolution would make the McDowell County ordinance prohibiting registered sex offenders in McDowell County park or recreation facilities and youth related activities effective within the City Limits of the City of Marion.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that the McDowell County ordinance prohibiting registered sex offenders in McDowell County park or recreation facilities and youth related activities hereby be made effective within the City Limits of the City of Marion.

ADOPTED this the 17th day of February, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-02-17-3

APPROVE REQUEST TO USE COMMUNITY BUILDING BASEMENT: The City Manager stated that he had been contacted by Academy Heights Elementary School, located in Pinehurst, North Carolina requesting permission to use the Community Building Basement on June 5 for a luncheon as part of a field trip the 4th and 5th grade classes in the School are taking to the Mountains. The school should only need the basement for about one hour.

The City Manager recommended that Council waive the rental charges for the basement for this event, in order to help the School with this field trip. He noted that the normal rental charge for the Community Building Basement is $125. The City Manager added that he would also like to present the students with a small token from the City, such as a goodie bag similar to one given to McDowell County third graders participating in the Annual City Open House.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, Council voted unanimously to waive the rental charges for the Community Building Basement for a luncheon for Academy Heights Elementary School on June 5 and to present the students with a small gift from the City of Marion.

APPROVE MEMORANDUM OF UNDERSTANDING – ISOTHERMAL RURAL TRANSPORTATION PLANNING ORGANIZATION: The City Manager reported that the Isothermal Rural Transportation Organization (RPO) is asking all member cities and counties to adopt a Memorandum of Understanding to replace one adopted in 2002, when the RPO was formed.

AA.00000247 (24)

The City Manager advised that he did not see any major changes in the new Memorandum of Understanding that affect the way the RPO has operated for the past few years; however, there are some minor changes in the way the North Carolina Department of Transportation (NCDOT) wants the RPOs to operate.

Mayor Pro Tem Little made a motion to approve the Memorandum of Understanding and Councilman Martin seconded the motion.

Mayor Clark stated that the City had not received anything of value in the past seven years from the RPO. The RPO is supposed to keep the City informed and City Council has never received any information.

The City Manager stated that he served on the Transportation Coordinating Council (TCC) of the RPO and that his attendance had been poor at meetings, which is part of the reason that Council has not received any information. The City Manager added that he would agree that the RPO rarely if ever did anything worth noting.

Mayor Clark stated that he had responded to a request from NCDOT Secretary Gene Conti asking for input on transportation planning and decision making in North Carolina by suggesting that RPOs be abolished. He added that we are giving money to the RPOs and do not know how the money is being used. Mayor Clark suggested that signing the memorandum of agreement implies that the City is satisfied with the current arrangement. He added that Cleveland County is not participating in the Isothermal RPO.

Mayor Pro Tem Little withdrew his motion. Councilman Martin withdrew his second.

The City Manager advised that NCDOT has essentially directed participation in RPOs or MPOs and wants to deal with a handful of regional organizations instead of hundreds of local governments.

The City Manager was instructed to invite Isothermal Planning and Development Commission Executive Director Jim Edwards, along with NCDOT officials, to a City Council meeting to explain what the RPO has accomplished over the past few years.

ADD ON - DISCUSSION – AGREEMENT WITH SMOKY MOUNTAIN MENTAL HEALTH CENTER - INVOLUNTARY COMMITMENT PROCEDURES: The City Manager advised that, as previously discussed, City Police officers must often spend long periods of time staying with persons at the McDowell Hospital that are being involuntarily committed. Under State law, as interpreted by Chief Elliott and the City Attorney, the City has no choice but to remain with such persons.

The City Manager advised that Chief Elliott and Sheriff Dudley Greene have met with the Smoky Mountain Mental Health Center, the regional mental health provider, and the McDowell Hospital to determine solutions to this situation and how local governments can be reimbursed for officers' time. The City Manager stated that Chief Elliott and Sheriff Greene have convinced Smoky Mountain to start a pilot program to pay of an officer's service with involuntary commitment patients after a time period of five hours. However, Smoky Mountain first wants the City and the Sheriff's Department to sign a Memorandum of Agreement that essentially puts in writing the current practice.

The City Manager reported that the City Attorney has looked over the Agreement and, while she does not support all the specific wording and language, she sees no harm in the City signing the Agreement. The City Manager stated that he would therefore recommend approval of the

AA.00000248 (24)

Agreement so that the City could have a change to participate in the pilot program and receive compensation for officers' time used for staying with patients being involuntarily committed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the agreement
as follows:

McDowell County Emergency Department Pilot Program

THIS AGREEMENT, made and entered into this _____day of_____ 2009, by and between Smoky Mountain Center for Mental Health, developmental Disabilities, and Substance Abuse Services, hereinafter referred to as "SMC", The McDowell Hospital, the McDowell County Sheriff's Department, hereinafter referred to as "MCSD" the City of Marion, and New River Behavioral Healthcare, hereinafter referred to as "NRBH"/

WITNESSETH:

Whereas all parties named above are involved in helping to care for, transport, or assess consumers with mental health, developmental disability, or substance abuse issues:

It is agreed by SMC, The McDowell Hospital, MCSD, City of Marion, and NRBH that it would be mutually beneficial to each named organization to cooperatively provide care and safety to these above named organization to cooperatively provide care and safety to these above named consumers living within the SMC catchmen5t area in accordance with the requirements of GS 122C-251 and following the procedures below.

NOW, THEREFORE, for and in consideration of the mutual covenants made by each of the parties to this contract, SMC, The McDowell Hospital, MCSD, City of Marion, and NRBH contract and agree as follows to the care and safety of involuntarily committed consumers:

1. When the MCSD or City of Marion receives a call to respond to a mental health crisis they will notify NRBH Mobile Crisis and reqwuest their assistance with the call.

2. When NR Mobile Crisis receives the initial call from a consumer they will respond within the required time frames.

3. MCSD or City of Marion will transport any such consumer necessary who is under an involuntary commitment petition to The McDowell Hospital Emergency Department (ED).

4. The McDowell Hospital will complete all necessary or medically indicated laboratories testing when the consumer's arrives at the ED.

5. The McDowell Hospital will provide an appropriate patient care environment for the consumer with adequate space for presence of law enforcement.

6. At the point NRBH Mobile Crisis is called upon to assist, they will contact the first responders if the consumers have one, after first responder intervention options had been exhausted will complete the evaluations if requested, will make recommendations to the ED physician, and will locate placement if necessary.

7. The MCSD or City of Marion will remain with the consumer in the ED until the attending physician there determines that the sonsumer is not a risk to self or others.

8. Upon the determination by the ED physician that the consumer is not

AA.00000249 (24)

a risk to self or others, MCSD or City of Marion determines if they remain with the consumer or depart. The McDowell Hospital will assign a sitter to maintain visual contact with the patient/consumer and notify medical staff of a change in behavior. Consumers will be under the care of an ED physician while in the ED.

9. If the consumer's behavior becomes violent or dangerous, McDowell Hospital will call the law enforcement department that transported the consumer to the hospital initially (either MCSD or City of Marion), and that department will return to the ED, and will remain with the individual throughout the remainder of their stay at the McDowell Hospital.

10.NRBH mobile crisis will continue mobile crisis interventions as indicated, including developing a safety plan, making treatment recommendations, reevaluating when the time frame or condition of the consumer warrant and securing a 24 treatment resource when appropriate.

11. Communication will be consistent among all agencies regarding the treatment and/or placement progress of the consumer.

12.Law Enforcement will be responsible for transportation of consumers once a commitment is terminated or disposition is secured, in accordance with State Statutes including GS 122C-251.

13.SMC will be responsible to facilitate a discussion to resolve any issues that can't be resolved between the parties in a timely manner.

14.SMC will follow up with MCSD, City of Marion, NRBH and McDowell Hospital to see if the process is working.

ADD ON – DISCUSSION – JOINT UTILITY COMMITTEE MEETING: The City Manager advised that the Joint Utility Committee will be meeting on Thursday, February 19, 2009 at 3:00 P.M. at City Hall. He noted that Council had agreed to offer to sell water to the McDowell County Nebo Water System through a master meter at a bulk rate equal to the City's inside water rate. The City Manager asked if Council had any further direction regarding this matter before it was presented at the Joint Utility Committee meeting. The Mayor and Council members had no further comments or discussion regarding this matter.

AA.00000250 (24)

The City Manager added that the County Manager also wanted to discuss at the Joint Utility Committee on-going concerns about the Skate Park located on County property at West Court Street. The City Manager advised Council that it was possible that recommendations regarding the Skate Park could arise out of this discussion.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that Planning and Development Director Heather Cotton and Public Works Director Chris Hollifield were working to provide DOT with some final needed information to allow for comment and hopefully a decision regarding the Downtown Streetscape/Traffic Flow Plan that the City previously submitted to DOT.

The City Manager advised that the N.C. STEP Program Leadership Team continues to work on details of implementation regarding the City's $200,000 N.C. STEP Program grant. Recommendations regarding the implementation projects will hopefully be presented to City Council in March.

The City Manager advised that he has continued to seek confirmation from UNC-TV and other television stations that they will pay the expenses for additional surveying, site plan preparation and appraisal work as required by the N.C. Parks and Recreation Trust Fund as part of the City's request to allow the television towers to remain on top of Mt. Ida. As soon as this confirmation is received, the City will release the work to be completed, so that State approval can hopefully be obtained as soon as possible.

The City Manager advised that the McDowell Trails Association (MTA) continues to work on fundraising to lessen the City's projected $60,000 local match for the Catawba River greenway project. The City Manager reported that Mr. Hollifield, Ms. Cotton and he recently met with Bill Hendley of the MTA to walk the cleared greenway route. He added that the greenway looks beautiful and will be a tremendous asset to the community, but much work remains to be done. The City Manager stated that City staff have authorized McGill Associates to start on the final design and permitting for the project. The final design needs to be completed so that the City can put the project out for construction bids later this year and complete our project by the grant deadline of June 30, 2010.

The City Manager added that Mr. Hendley will likely make a presentation to Council at the March 3 meeting on the progress made on the greenway project so far and regarding the fundraising effort.

Councilman Martin stated that he would like to walk the greenway. The City Manager asked the Mayor or any Council Member who wished to walk the greenway to let him know.

Mayor Pro Tem Little asked where the City stood with the yield to pedestrian signs for the Main and Court Street intersection and the request to modify the no right turn on red signs. Public Works Director Chris Hollifield stated that the City could place at least eight signs at the intersection for less than $1,000. No objection was stated to this cost, so City staff will proceed with seeking approval for the sign installation from DOT.

The City Manager stated that he would follow up on the request to DOT to modify the wording on the no right turn on red signs at the Main and Court and Main and Henderson intersections.

COUNCILMAN COMMENTS:

Councilman Edwards asked if the mirror on East Henderson Street providing for safe egress out of the Gurley property was City responsibility. If so, the mirror is askew and needs fixing. The

AA.00000251 (24)

Dups
Copied twice

The City Manager added that the County Manager also wanted to discuss at the Joint Utility Committee on-going concerns about the Skate Park located on County property at West Court Street. The City Manager advised Council that it was possible that recommendations regarding the Skate Park could arise out of this discussion.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that Planning and Development Director Heather Cotton and Public Works Director Chris Hollifield were working to provide DOT with some final needed information to allow for comment and hopefully a decision regarding the Downtown Streetscape/Traffic Flow Plan that the City previously submitted to DOT.

COUNCILMAN COMMENTS:

Councilman Edwards asked if the mirror on East Henderson Street providing for safe egress out of the Gurley property was City responsibility. If so, the mirror is askew and needs fixing. The

AA.00000252 (24)

City Manager stated that staff would check on the maintenance responsibility for the mirror and reposition the mirror or alert the property owner.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 3, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Freddie Killough, Executive Director, Marion Business Association; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Frank Dean 375 South Garden Street, Marion, NC; Roger and Christine McCarthy, Rutherford Road, Marion, NC; Dennis Laws Marion, NC; Doug Crisp, Crisp Drive, Marion, NC; Bill Hendley, McDowell Trails Association; Steven O'Kelly, North Madison Street, Marion, NC; Bobbie Young, 318 Forest Heights Drive, Marion, NC.

CITIZEN OF THE MONTH – SELECTED BY COUNCILMAN CECIL OWENBY:
Councilman Cecil Owenby selected the Citizen of the Month for March 2009.

Councilman Cecil Owenby advised that it was with great pleasure he announced his Citizen of the Month:

ROGER MCCARTHY

Roger is married to Christine and has served as a volunteer for the Marion Fire Department for the last 32 years.

Roger is dependable and is a man of great integrity and character, making him an honest and caring person.

Councilman Owenby stated that firefighting is a hard and dangerous job and it takes a special kind of person to do it year after year. During this time he has served on the Fire Department

AA.000000253 (24)

Membership Committee, the Firemen's Relief Fund Committee and as a crew leader with the North Carolina Forest Service.

Roger is also retired from Baxter Healthcare. His actions have influenced many people through the years in a positive way.

Mayor Clark and Council Members all shared kind words about Roger McCarthy and commended him for all he has given to the community.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – February 17, 2009 City Council meeting Minutes

B. **Approve Agreement with DOT/Norfolk Southern Railway – McDowell Avenue Street Extension**

Railroad: Norfolk Southern Railway Company	Milepost: S-98.98 S-99.40	County of McDowell

DEPARTMENT OF TRANSPORTATION

AND

CITY OF MARION

AND

NORFOLK SOUTHERN RAILWAY COMPANY

SUPPLEMENTAL CROSSING CLOSURE AGREEMENT

2/11/09

Project ID: Y-4813 A

THIS AGREEMENT is made and entered into on the last date executed, below, by and between the DEPARTMENT OF TRANSPORTATION, an agency of the State of North Carolina, hereinafter referred to as the "Department", the CITY OF MARION, a municipal corporation, hereinafter referred to as the "Municipality", and NORFOLK SOUTHERN RAILWAY COMPANY, a corporation of Virginia, hereinafter referred to as the "Railroad".

WITNESSETH:

WHEREAS, the Department, Municipality and Railroad, on the 14th day of September, 2007, entered into an Agreement to make safety improvements at the grade crossings of the NS "S" Line located at Clay Street crossing (Crossing #729 469G) and Garden Street (Crossing #729 468A) both of which are part of the Municipal system in McDowell County under Project
Y-4813 A; and,

WHEREAS, the Municipality has requested the Department administer and/or award the construction contract and supervise project construction for the improvements of the McDowell Avenue extension; and,

WHEREAS, the Department shall assume the responsibilities to administer and/or award the construction contract and supervise project construction for the improvements of the McDowell Avenue extension; and,

WHEREAS, the Department shall increase the participation in the actual costs for design and construction of the project; and,

WHEREAS, the Department and Municipality have established a tentative completion date for the project; and,

WHEREAS, the parties hereto now wish to supplement the aforementioned Agreement to reflect revisions to the existing provisions of the executed Crossing Closure Agreement and whereby the following provisions shall be amended:

2. The Municipality, or its agents, has submitted the final construction plans, the total contract proposal, and an estimate of the project costs (PS&E package) to the Department's Division 13th District Engineer for review and approval prior to the Department's advertising the project for construction bids. Written review comments from the Department shall be received by the Municipality within sixty days (60) of submittal. If comments are not received within sixty – (60) days, the Municipality will presume plan approval and concurrence by the Department. Subject to successful completion of the planning document and all required environmental work, the Department, and/or its agent, will construct the project in accordance with the plans and specifications adopted therefore or as altered or amended by the Department. The Department shall perform, or cause to be performed, the necessary construction engineering, sampling and testing, and supervision required prior to and during the construction of the Project. The Department shall have the right to abandon the project at any time before the Municipality or Railroad has been called upon to perform any part of its agreement. Said work shall be performed by the Department in accordance with Departmental and Federal standards and specifications, policies, procedures, and local codes and ordinances.

(A) During construction of the McDowell Avenue extension project, the Department shall provide and maintain adequate barricades, signs, signal lights, and other warning devices for the protection of the public in accordance with the approved traffic control plans for the Project and the current edition of the Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways or any subsequent revision of the same, published by the Federal Highway Administration and effective at the time of award of the contract.

(B) To mitigate the closure of the Clay Street crossing, the Department's Rail Division shall provide funding for the actual cost of the design and construction of a one-block extension of McDowell Avenue to connect Oak Avenue north of US 70. The Department shall participate in the total cost of this project in an amount not to exceed $455,000. Construction funding shall be contingent upon environmental documentation/approvals as per the National Environmental Protection Act (NEPA). All work shall be performed by the Municipality in accordance with departmental standards, specifications, policies, procedures, and local codes and ordinances.

(C) Subject to compliance by the Municipality with the provisions set forth in this Supplemental Agreement, the Department shall reimburse the Municipality the actual cost incurred for the design of the McDowell Avenue extension. All costs which exceed the Departmental Participation for the actual design costs shall be borne by the Municipality. Reimbursement to the Municipality shall be made upon the review and approval of the invoice by the Department's Division 13th District Engineer, Rail Division and the Department's Financial Management Division.

(D) The Municipality may bill the Department for actual costs by submitting an itemized invoice and requested documentation to the Department. Progress payments based upon actual costs, for periods of not less than one (1) month, may be made upon receipt of an itemized invoice, supported by documentation of costs from the Municipality. The Municipality agrees that it shall bear all costs of any item for which it is unable to substantiate actual costs. All invoices associated with the project must be submitted within six (6) months of the completion and acceptance of the project to be eligible for reimbursement by the Department. Any invoices submitted after this time will not be eligible for reimbursement. Prior to final approval and payment by the Department, the Department and/or a representative of the Federal Highway Administration will be given the opportunity to make a final inspection of the completed work. By submittal of each invoice, the Municipality certifies that it has adhered to all applicable state laws and regulations as set forth in this Supplemental Agreement.

WHEREAS, the parties hereto now wish to supplement the aforementioned Agreement to reflect the addition of required standard language to the existing executed Crossing Closure Agreement and whereby the following provisions shall be added:

32. The Municipality will indemnify and hold harmless the Department, FHWA, and the State of North Carolina, their respective officers, directors, principals, employees, agents, successors, and assigns from and against any and all claims for damage and/or liability in connection with the project activities performed pursuant

AA.0000000255 (24)

to this Agreement. The Department shall not be responsible for any damages or claims for damages, which may be initiated by third parties.

33. It is the policy of the Department not to enter into any agreement with another party that has been debarred by any State or Federal agency. By execution of this agreement, the Municipality certifies that neither it nor its agents or contractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal or State Department or Agency and that it will not enter into agreements with any entity that is debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction.

34. The Department shall be responsible for ensuring compliance with all applicable State, Federal and local environmental laws and regulations and ordinances and shall be responsible for any fines, assessments or other penalties resulting from non-compliance by any entity performing work under contract with the Department.

35. The Municipality is solely responsible for all agreements, contracts, and work orders entered into or issued by the Municipality for this Project. The Department is not responsible, for any expenses or obligations incurred for the Project except those specifically eligible in the terms of this Agreement.

36. This Agreement is solely for the benefit of the identified parties to the Agreement and is not intended to give any rights, claims, or benefits to third parties or any person or to the public at large.

37. The Department must approve any assignment or transfer of the responsibilities of the Municipality set forth in this Agreement to other parties or entities.

All other provisions shall remain the same.

Except at hereinabove provided, the Agreement heretofore executed by the Department, Municipality and Railroad on the 14th day of September 2007 is ratified and affirmed as therein provided.

C. Approve Revised North Carolina Statewide Emergency Management Mutual Aid and Assistance Agreement

NORTH CAROLINA STATEWIDE EMERGENCY MANAGEMENT MUTUAL AID AND ASSISTANCE AGREEMENT
Revision – January 2009

THIS AGREEMENT IS ENTERED INTO BETWEEN THE NORTH CAROLINA DEPARTMENT OF CRIME CONTROL AND PUBLIC SAFETY, AND ITS DIVISION OF EMERGENCY MANAGEMENT OF THE STATE OF NORTH CAROLINA AND BY EACH OF THE ENTITIES THAT EXECUTES AND ADOPTS THE UNDERSTANDINGS, COMMITMENTS, TERMS, AND CONDITIONS CONTAINED HEREIN:

WHEREAS, the State of North Carolina is geographically vulnerable to a variety of natural disasters;

WHEREAS, Chapter 166A of the North Carolina General Statutes, entitled the North Carolina Emergency Management Act, recognizes this vulnerability and provides that its intended purposes are to:

(1) Reduce vulnerability of people and property of this State to damage, injury, and loss of life and property;
(2) Prepare for prompt and efficient rescue, care, and treatment of threatened or affected persons;

(3) Provide for the rapid and orderly rehabilitation of persons and restoration of property; and

(4) Provide for cooperation and coordination of activities relating to emergency and disaster mitigation, preparedness, response, and recovery;

WHEREAS, in addition to the State, the Federal Emergency Management Agency (FEMA) has recognized the importance of the concept of coordination between the State and local governments;

WHEREAS, under Chapter 166A and other chapters of the North Carolina General Statutes, entities entering into mutual aid and assistance agreements may include provisions for the furnishing and exchanging of supplies, equipment, facilities, personnel and services; and

WHEREAS, the entities which have chosen to become signatories to this Agreement wish to provide mutual aid and assistance amongst one another at the appropriate times; THEREFORE, pursuant to G.S. 166A-10(b), these entities agree to enter into this Agreement for reciprocal emergency management aid and assistance, with this Agreement embodying the understandings, commitments, terms, and conditions for said aid and assistance, as follows:

Section I. DEFINITIONS

"Agreement" means this document, the North Carolina Statewide Emergency Management Mutual Aid and Assistance Agreement.

AA.00000257 (24)

"Aid and assistance" includes personnel, equipment, facilities, services, supplies, and other resources.

"Authorized Representative" means a party's employee who has been authorized, in writing by that party, to request, to offer, or to otherwise provide assistance under the terms of this Agreement. The list of Authorized Representatives for each party executing this Agreement shall be attached to the executed copy of this Agreement. (In the event of a change in personnel, unless otherwise notified the presumption will be that the successor to that position will be the authorized representative.)

"Disaster" means an occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property, resulting from any natural or man-made accidental, military, or paramilitary cause.

"Local Agency" means a county agency charged with coordination of all emergency management activities for its geographical limits pursuant to G.S. 166A-7.

"Party" means a governmental entity which has adopted and executed this Agreement.
"Provider" means the party which has received a request to furnish aid and assistance from another party in need (the "Recipient").

"Recipient" means the party setting forth a request for aid and assistance to another party (the "Provider").

Section II. INITIAL RECOGNITION OF PRINCIPLE BY ALL PARTIES; AGREEMENT PROVIDES NO RIGHT OF ACTION FOR THIRD PARTIES

As this is a reciprocal contract, it is recognized that any party to this Agreement may be requested by another party to be a Provider. It is mutually understood that each party's foremost responsibility is to its own citizens. The provisions of this Agreement shall not be construed to impose an unconditional obligation on any party to this Agreement to provide aid and assistance pursuant to a request from another party. Accordingly, when aid and assistance have been requested, a party may in good faith withhold the resources necessary to provide reasonable and adequate protection for its own community, by deeming itself unavailable to respond and so informing the party setting forth the request.

Given the finite resources of any jurisdiction and the potential for each party to be unavailable for aid and assistance at a given point in time, the parties mutually encourage each other to enlist other entities in mutual aid and assistance efforts and to enter into such agreements accordingly. Concomitantly, the parties fully recognize that there is a highly meritorious reason for entering into this Agreement, and accordingly shall attempt to render assistance in accordance with the terms of this Agreement to the fullest extent possible.

Pursuant to G.S. 166A-14 and as elaborated upon in Section X of this Agreement, all functions and activities performed under this Agreement are hereby declared to be governmental functions. Functions and activities performed under this Agreement are carried out for the benefit of the general public and not for the benefit of any specific individual or individuals. Accordingly, this Agreement shall not be construed as or deemed to be an agreement for the benefit of any third parties or persons and no third parties or persons shall have any right of action under this Agreement for any cause whatsoever. All immunities provided by law shall be fully applicable as elaborated upon in Section X of this Agreement.

Section III. PROCEDURES FOR REQUESTING ASSISTANCE

Mutual aid and assistance shall not be requested unless the resources available within the stricken area are deemed inadequate by Recipient. When Recipient becomes affected by a disaster and deems its resources inadequate, it may request mutual aid and assistance by communicating the request to Provider, indicating the request is made pursuant to this mutual aid agreement. The request shall be followed as soon as practicable by a written confirmation of that request, including the transmission of a proclamation of local state of emergency under G.S. 166A-8 and Article 36 A of Chapter 14 of the NC General Statutes, and a completed form describing its projected needs in light of the disaster. All requests for mutual aid and assistance shall be transmitted by the party's *Authorized Representative* or to the *Coordinator of the Local Agency* as set forth below.

A. *METHOD OF REQUEST FOR MUTUAL AID AND ASSISTANCE*: Recipient shall set forth requests by means of one of the two options described as follows:

(i) REQUESTS ROUTED THROUGH THE RECIPIENT'S LOCAL AGENCY: Recipient may directly contact the Local Agency, in which case it shall provide the Local Agency with the information in paragraph B of this Section (Section III). The Local Agency shall then contact other parties on behalf of Recipient to coordinate the provision of mutual aid and assistance. Recipient shall be responsible for the costs and expenses incurred by any Provider in providing aid and assistance pursuant to Section VII of this Agreement.

(ii) *REQUESTS MADE DIRECTLY TO PROVIDER*: Recipient may directly contact Provider's authorized representative, setting forth the information in paragraph B of this Section (Section III). All communications shall be conducted directly between Recipient and Provider. Recipient shall be responsible for the costs and expenses incurred by any Provider in providing aid and assistance pursuant to the provisions of this Agreement as noted in Section VII of this Agreement. Provider and recipient shall be responsible for keeping Local Agencies advised of the status of response activities, in a timely manner.

(iii) *RECORD OF REQUESTS TO BE PROVIDED:* A record of the request for assistance shall be provided by the Recipient to the Director of the Division of Emergency Management in the NC Department of Crime Control and Public Safety, in a timely manner.

B. *REQUIRED INFORMATION*: Each request for assistance shall be accompanied by the following information, in writing or by any other available means, to the extent known:

1. *Stricken Area and Status:* A general description summarizing the condition of the community (i.e., whether the disaster is imminent, in progress, or has already occurred) and of the damage sustained to date;

2. *Services:* Identification of the service function(s) for which assistance is needed and the particular type of assistance needed;

3. *Infrastructure Systems:* Identification of the type(s) of public infrastructure system for which assistance is needed (water and sewer, storm water systems, streets) and the type of work assistance needed;

4. *Aid and Assistance:* The amount and type of personnel, equipment, materials, and supplies needed and a reasonable estimate of the length of time they will be needed;

Provider's Traveling Employee Needs--Unless otherwise specified by Recipient, it is mutually understood that Recipient will provide for the basic needs of Provider's traveling employees. Recipient shall pay for all reasonable out-of-pocket costs and expenses of Provider's personnel, including without limitation transportation expenses for travel to and from the stricken area. Further, Recipient shall house and feed Provider's personnel at its (Recipient's) sole cost and expense. If Recipient
cannot provide such food and/or housing at the disaster area, Recipient shall specify in its request for assistance that self-contained personnel are needed.

5. *Facilities:* The need for sites, structures, or buildings outside Recipient's geographical limits to serve as relief centers or staging areas for incoming emergency goods and services; and

6. *Meeting Time and Place:* An estimated time and a specific place for a representative of Recipient to meet the personnel and resources of any Provider.

C. STATE AND FEDERAL ASSISTANCE: Recipient shall be responsible for coordinating requests for state or federal assistance with its (Recipient's) Local Agency.

Section IV. PROVIDER'S ASSESSMENT OF AVAILABILITY OF RESOURCES AND ABILITY TO RENDER ASSISTANCE

When contacted by the Recipient/Local Agency, Provider's authorized representative shall assess Provider's own local situation in order to determine available personnel, equipment, and other resources. If Provider's authorized representative determines that Provider has available resources, Provider's authorized representative shall so notify the Recipient/Local Agency (whichever communicated the request). Provider shall complete a written acknowledgment, whether on the request form received from Recipient or on another form, regarding the assistance to be rendered (or a rejection of the request) and shall transmit it by the most efficient practical means to the recipient/Local Agency for a final response. Provider's acknowledgment shall contain the following information:

1. In response to the items contained in the request, a description of the personnel, equipment, and other resources available;

2. The projected length of time such personnel, equipment, and other resources will be available to serve Recipient, particularly if the period is projected to be shorter than one week (as provided in the "Length of Time for Aid and Assistance" section [Section VI] of this Agreement.)

3. The estimated time when the assistance provided will arrive at the location designated by the Authorized Representative of the Requesting Party; and

4. The name of the person(s) to be designated as Provider's supervisory personnel (pursuant to the "Supervision and Control" section [Section V] of this Agreement.)

Where a request has been submitted to the Local Agency, the Local Agency shall notify Recipient's authorized representative and forward the information from Provider. The Recipient/Local Agency shall respond to Provider's written acknowledgment by executing and returning a copy of the form to Provider by the most efficient practical means, maintaining a copy for its file.

Section V. SUPERVISION AND CONTROL

Provider shall designate supervisory personnel amongst its employees sent to render aid and assistance to Recipient. As soon as practicable, Recipient shall assign work tasks to Provider's supervisory personnel, and unless specifically instructed otherwise, Recipient shall have the responsibility for coordinating communications between Provider's supervisory personnel and Recipient. Recipient shall provide necessary credentials to Provider's personnel authorizing them to operate on behalf of Recipient.

Based upon such assignments set forth by Recipient, Provider's supervisory personnel shall:

(1) have the authority to assign work and establish work schedules for Provider's personnel. Further, direct supervision and control of Provider's personnel, equipment, and other resources shall remain with Provider's supervisory personnel. Provider should be prepared to furnish communications equipment sufficient to maintain communications among its respective operating units, and if this is not possible, Provider shall notify Recipient accordingly;

(2) maintain daily personnel time records, material records, and a log of equipment hours;

(3) shall report work progress to Recipient at mutually agreed upon intervals.

Section VI. LENGTH OF TIME FOR AID AND ASSISTANCE; RENEWABILITY; RECALL

Unless otherwise provided, the duration of Provider's assistance shall be for an initial period of seven days, starting from the time of arrival. Thereafter, assistance may be extended in daily or weekly increments as the situation warrants, for a period agreed upon by the authorized representatives of Provider and Recipient.

As noted in Section II of this Agreement, Provider's personnel, equipment, and other resources shall remain subject to recall by Provider to provide for its own citizens if circumstances so warrant. Provider shall make a good faith effort to provide at least twenty-four (24) hours advance notification to Recipient of its (Provider's) intent to terminate mission, unless such notice is not practicable, in which case as much notice as is reasonable under the circumstances shall be provided.

Section VII. REIMBURSEMENTS

Except as otherwise provided below, it is understood that Recipient shall pay to Provider all documented costs and expenses incurred by Provider as a result of extending aid and assistance to Recipient. The terms and conditions governing reimbursement for any assistance provided under this Agreement shall be in accordance with the following provisions, unless otherwise agreed in writing by Recipient and Provider. Recipient shall be ultimately responsible for reimbursement of all eligible expenses. Provider shall submit reimbursement documentation to Recipient on the forms shown in Appendix B.

A. *Personnel*-- During the period of assistance, Provider shall continue to pay its employees according to its then prevailing ordinances, rules, and regulations. Recipient shall reimburse Provider for all direct and indirect payroll costs and expenses including travel expenses incurred during the period of assistance, including, but not limited to, employee retirement benefits as provided by Generally Accepted Accounting Principles (GAAP). However, as stated in Section IX of this Agreement,
Recipient shall not be responsible for reimbursing any amounts paid or due as benefits to Provider's personnel under the terms of the North Carolina Workers' Compensation Act (Chapter 97 of the North Carolina General Statutes).

B. *Equipment*-- Provider shall be reimbursed by Recipient for the use of its equipment during the period of assistance according to either a pre-established local or state hourly rate or according to the actual replacement, operation, and maintenance expenses incurred. For those instances in which costs are reimbursed by the Federal Emergency Management Agency (FEMA), the FEMA-eligible direct costs shall be determined in accordance

AA.000000260 (24)

with 44 C.F.R. 206.228. Provider shall pay for all repairs to its equipment as determined necessary by its on-site supervisor(s) to maintain such equipment in safe and operational condition. At the request of Provider, fuels, miscellaneous supplies, and minor repairs may be provided by Recipient, if practical. The total equipment charges to Recipient shall be reduced by the total value of the fuels, supplies, and repairs furnished by Recipient and by the amount of any insurance proceeds received by Provider.

C. *Materials And Supplies*-- Provider shall be reimbursed for all materials and supplies furnished by it and used or damaged during the period of assistance, except for the costs of equipment, fuel and maintenance materials, labor, and supplies, which shall be included in the equipment rate established in subsection B of this section (Section VII), unless such damage is caused by gross negligence, willful and wanton misconduct, intentional misuse, or recklessness of Provider's personnel. Provider's personnel shall use reasonable care under the circumstances in the operation and control of all materials and supplies used by them during the period of assistance. The measure of reimbursement shall be determined in accordance with 44 C.F.R. 206.228. In the alternative, the parties may agree that Recipient will replace, with like kind and quality as determined by Provider, the materials and supplies used or damaged. If such an agreement is made, it shall be reduced to writing and transmitted to the North Carolina Division of Emergency Management.

D. *Record Keeping*-- Recipient and NC Division of Emergency Management personnel shall provide information, directions, and assistance for record keeping to Provider's personnel. Provider shall maintain records and submit invoices for reimbursement by Recipient or the NC Division of Emergency Management using the format used or required by FEMA publications, including 44 C.F.R. part 13 and applicable Office of Management and Budget (OMB) Circulars.

E. *Payment; Other Miscellaneous Matters as to Reimbursements*-- The reimbursable costs and expenses with an itemized notice shall be forwarded as soon as practicable after the costs and expenses are incurred, but not later than sixty (60) days following the period of assistance, unless the deadline for identifying damage is extended in accordance with 44 C.F.R. part 206. Recipient shall pay the bill or advise of any disputed items, not later than sixty (60) days following the billing date. These time frames may be modified in writing by mutual agreement. This shall not preclude Provider or Recipient from assuming or donating, in whole or in part, the costs and expenses associated with any loss, damage, or use of personnel, equipment, and resources provided to Recipient.

AA.00000261 (24)

Section VIII. RIGHTS AND PRIVILEGES OF PROVIDER'S EMPLOYEES

Pursuant to G.S. 166A-14, whenever Provider's employees are rendering aid and assistance pursuant to this Agreement, such employees shall retain the same powers, duties, immunities, and privileges they would ordinarily possess if performing their duties within the geographical limits of Provider.

Section IX. PROVIDER'S EMPLOYEES COVERED AT ALL TIMES BY PROVIDER'S WORKERS' COMPENSATION POLICY

Recipient shall not be responsible for reimbursing any amounts paid or due as benefits to Provider's employees under the terms of the North Carolina Workers' Compensation Act, Chapter 97 of the General Statutes, due to personal injury or death occurring during the period of time such employees are engaged in the rendering of aid and assistance under this Agreement. It is mutually understood that Recipient and Provider shall be responsible for payment of such workers' compensation benefits only to their own respective employees. Further, it is mutually understood that Provider will be entirely responsible for the payment of workers' compensation benefits to its own respective employees pursuant to G.S. 97-51.

Section X. IMMUNITY

Pursuant to G.S. 166A-14, all activities performed under this Agreement are hereby declared to be governmental functions. Neither the parties to this Agreement, nor, except in cases of willful misconduct, gross negligence, or bad faith, their personnel complying with or reasonably attempting to comply with this Agreement or any ordinance, order, rule, or regulation enacted or promulgated pursuant to the provisions of this Agreement shall be liable for the death of or injury to persons, or for damage to property as a result of any such activity.

Section XI. PARTIES MUTUALLY AGREE TO HOLD EACH OTHER HARMLESS FROM LIABILITY

Each party (as indemnitor) agrees to protect, defend, indemnify, and hold the other party (as indemnitee), and its officers, employees and agents, free and harmless from and against any and all losses, penalties, damages, assessments, costs, charges, professional fees, and other expenses or liabilities of every kind and arising out of or relating to any and all claims, liens, demands, obligations, actions, proceedings, or causes of action of every kind in connection with or arising out of indemnitor's negligent acts, errors and/or omissions. Indemnitor further agrees to investigate, handle, respond to, provide defense for, and defend any such claims, etc. at indemnitor's sole expense and agrees to bear all other costs and expenses related thereto. To the extent that immunity does not apply, each party shall bear the risk of its own actions, as it does with its day-to-day operations, and determine for itself what kinds of insurance, and in what amounts, it should carry. Each party understands and agrees that any insurance protection obtained shall in no way limit the responsibility to indemnify, keep, and save harmless the other parties to this Agreement. Notwithstanding the foregoing, to the extent that each party does not purchase insurance, it shall not be deemed to have waived its governmental immunity by law.

SECTION XII. ROLE OF THE DIVISION OF EMERGENCY MANAGEMENT

Under this Agreement, the responsibilities of the NC Division of Emergency Management are: (1) to serve as the central depository for executed agreements, to maintain a current listing of entities with their authorized representatives and contact information, and to provide this listing to each of the entities on an annual basis; (2) to coordinate the provision of mutual aid and assistance to a requesting party, pursuant to the provisions of this Agreement; (3) to keep a record of all requests for assistance and acknowledgments; (4) to report on the status of ongoing emergency or disaster-related mutual aid and assistance as appropriate; and (5) if the parties so designate, to serve as the eligible entity for requesting reimbursement of eligible costs from FEMA and provide information, directions, and assistance for record keeping pursuant thereto.

Section XIII. AMENDMENTS

Manner-- This Agreement may be modified at any time upon the mutual written consent of the Recipient and Provider.

Addition of Other Entities--Additional entities may become parties to this Agreement upon: (1) acceptance and execution of this Agreement; and (2) sending said executed copy of the Agreement to the NC Division of Emergency Management.

Section XIV. INITIAL DURATION OF AGREEMENT; RENEWAL; TERMINATION

AA.00000262 (24)

This Agreement shall be binding for not less than one (1) year from its effective date, unless terminated upon at least sixty (60) days advance written notice by a party as set forth below. Thereafter, this Agreement shall continue to be binding upon the parties in subsequent years, unless canceled by written notification served personally or by registered mail upon the Director of NC Division of Emergency Management, which shall provide copies to all other parties. The withdrawal shall not be effective until sixty (60) days after notice thereof has been sent by the Director of the NC Division of Emergency Management to all other parties. A party's withdrawal from this Agreement shall not affect a party's reimbursement obligations or any other liability or obligation under the terms of this Agreement incurred hereunder. Once the withdrawal is effective, the withdrawing entity shall no longer be a party to this Agreement, but this Agreement shall continue to exist among the remaining parties.

Section XV. HEADINGS

The headings of various sections and subsections of this Agreement have been inserted for convenient reference only and shall not be construed as modifying, amending, or affecting in any way the express terms and provisions of this Agreement.

Section XVI. SEVERABILITY: EFFECT ON OTHER AGREEMENTS

Should any clause, sentence, provision, paragraph, or other part of this Agreement be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this Agreement. Each of the parties declares that it would have entered into this Agreement irrespective of the fact that any one or more of this Agreement's clauses, sentences, provisions, paragraphs, or other parts have been so declared invalid. Accordingly, it is the
intention of the parties that the remaining portions of this Agreement shall remain in full force and effect without regard to the clause(s), sentence(s), provision(s), paragraph(s), or other part(s) invalidated.

In the event that parties to this Agreement have entered into other mutual aid and assistance contracts, for example pursuant to Chapter 160A of the North Carolina General Statutes, those parties agree that to the extent a request for mutual assistance is made pursuant to this agreement, those other mutual aid and assistance contracts are superseded by this Agreement.

Section XVII. EFFECTIVE DATE

This Agreement shall take effect upon its approval by the entity seeking to become a signatory to this Agreement and upon proper execution hereof.

IN WITNESS WHEREOF, each of the parties have caused this North Carolina Statewide Emergency Management Mutual Aid and Assistance Agreement to be duly executed in its name and behalf by its chief executive officer, who has signed accordingly with seals affixed and attested with concurrence of a majority of its governing board, as of the date set forth in this Agreement.

D. Adopt Resolutions Authorizing Federal Stimulus Funding Applications – Water and Wastewater and Wastewater Projects:

CITY OF MARION
RESOLUTION BY CITY COUNCIL

WHEREAS, the American Recovery and Reinvestment Act of 2009 is anticipated to make loans and grants available to aid eligible units of government in financing the cost of infrastructure improvements, and

WHEREAS, The City of Marion has need for and intends to construct a drinking water distribution improvement project described as Sugar Hill Road Water System Improvements. This project generally involves extension of a water line along Sugar Hill Road to provide water service to a growing corridor of commercial development in the area. The project consists of approximately 4,300 LF of 12-inch water line and associated appurtenances.

WHEREAS, The City of Marion has need for and intends to construct a wastewater collection project described as Sugar Hill Road Sewer System Improvements. This project generally involves extension of a sewer collection system along Sugar Hill Road to provide sewer service to a growing corridor of commercial development in the area. The project consists of approximately 4,500 LF of 8-inch gravity sewer, 10,000 LF of 6-inch sewer force main, 2 wastewater pump stations with associated appurtenances.

WHEREAS, The City of Marion intends to request grant/loan assistance for the project,

NOW THEREFORE BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF MARION:

That City of Marion, the **Applicant**, will arrange financing for all remaining costs of the project, if approved for a State grant or loan award.

That the **Applicant** will adopt and place into effect on or before completion of the project a schedule of fees and charges and other available funds which will provide adequate funds for proper operation, maintenance, and administration of the system and the repayment of all principal and interest on the debt.

That the governing body of the **Applicant** agrees to include in the loan agreement a provision authorizing the State Treasurer, upon failure of the City of Marion to make scheduled repayment of the loan, to withhold from the City of Marion any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan.

That the **Applicant** will provide for efficient operation and maintenance of the project on completion of construction thereof.

That Bob Boyette, City Manager, the **Authorized Official**, and successors so titled, is hereby authorized to execute and file an application on behalf of the **Applicant** with the State of North Carolina for a loan or grant to aid in the construction of the project described above.

That the **Authorized Official**, and successors so titled, is hereby authorized and directed to furnish such information as the appropriate State agency may request in connection with such application or the project: to make the assurances as contained above; and to execute such other documents as may be required in connection with the application.

That the **Applicant** has substantially complied or will substantially comply with all Federal, State, and local laws, rules, regulations, and ordinances applicable to the project and to Federal and State grants and loans pertaining thereto.

Adopted by the City Council of the City of Marion this the 3rd day of March, 2009 at Marion, North Carolina.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-09-03-03-1

CERTIFICATION BY RECORDING OFFICER

The undersigned duly qualified and acting clerk of the City of Marion does hereby certify: That the above/attached resolution is a true and correct copy of the resolution authorizing the filing of an application with the State of North Carolina, as regularly adopted at a legally convened meeting of the City of Marion duly held on the _____ day of _____, 2009; and, further, that such resolution has been fully recorded in the journal of proceedings and records in my office. IN WITNESS WHEREOF, I have hereunto set my hand this _____day of _____, 2009.

CITY OF MARION
RESOLUTION BY CITY COUNCIL

WHEREAS, the American Recovery and Reinvestment Act of 2009 is anticipated to make loans and grants available to aid eligible units of government in financing the cost of infrastructure improvements, and

WHEREAS, The City of Marion has need for and intends to make necessary improvements to the Corpening Creek Wastewater Treatment Plant. The project generally consists of improvements to the City of Marion's Corpening Creek Wastewater Treatment Plant including the installation of a new headwork assembly, including mechanical bar screen, grit removal system, and triplex submersible influent pump station. The existing fixed platform aerators in the aeration basins will be replaced with floating rotary brush aerators. This project also includes a new chlorine and sulfur dioxide chemical feed system, progressive cavity sludge pumps, a new sludge holding tank with positive displacement blowers and air piping, as well as numerous yard piping modifications and other appurtenances.

AA.00000265 (24)

WHEREAS, The City of Marion intends to request grant/loan assistance for the project,

NOW THEREFORE BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF MARION:

AA.000000267 (24)

(Title of Recording Officer)

UPDATE ON CATAWBA RIVER GREENWAY PROJECT – BILL HENDLEY – MCDOWELL TRAILS ASSOCIATION

Planning and Development Director Heather Cotton, along with Frank Dean and Bill Hendley of the McDowell Trails Association gave an update and overview on the Catawba River Greenway Project, as follows:

The total estimated project cost of the Greenway is $365,700.

Two Grants have been received, a North Carolina Parks and Recreation Trust Fund grant in the amount of $167,300 and a Recreational Trails Program grant in the amount of $75,000, leaving a local match of $198,400

However, the local match requirement of $198,400 is further broken down as follows:

- NC Fish & Wildlife Funding for fishing pier - $10,000
- RTP Grant - $75,000
- Land Donation - $31,100
- In Kind Service - $22,300
- Local Funding Match - $60,000

Therefore, the City's actual cash match is only $60,000.

The Greenway is being built by the City in partnership with the McDowell Trails Association (MTA)

City's Role

Contract with McGill Associates Inc. to complete the following:

- Flood Study
- State and Federal Permitting
- Engineering/Construction Drawings
- Bid Administration

MTA's Role

- Fundraising and Promotion
- Coordinating Establishment of Access Road
- Cleaning Right-of-way
- Building Extension to Round Hill

Fundraising and Promotion

- Selling Personalized Bricks ($100.00 each)
- Solicitation of Donations
- Recording Volunteer work
- Signage

Future Entrance to the Marion River Greenway – Clearing and building the entrance road and parking area

AA.00000268 (24)

Establishing an entrance road and parking area has entailed:

- Coordinating use of inmate labor
- - To cut trees
- - Clear underbrush
- Obtaining appropriate permitting for access road (McDowell County Building Department)
- Coordinating Volunteer services to remove logs, fire wood, stumps and to establish access road.
- Coordinating volunteer services to obtain large stones for highway entrance
- Coordinating with City to bush-hog parking area, haul stumps to land fill, and to provide gravel stone for highway entrance.

Cleaning Right-of-way requires removal of junk wood, underbrush and trash

Round Hill Extension Survey – involves connecting the trail from the River to the Round Hill which is the burial site of Hunting John McDowell and Col. Joseph McDowell.

Ms. Cotton advised that McGill Associates would be working on the final design and permitting for the Greenway, allowing time for the MTA to raise the $60,000 local match, and that if all goes well construction should start sometime in 2009.

Mayor Clark and Council members stated that they appreciated all that has been done on this project.

Mr. Dean stated that the MTA was committed to raise the entire $60,000 local match for the City, despite the tough economic times.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

PRESENTATION OF RECOMMENDATIONS FOR PERMANENT FARMER'S MARKET STRUCTURE: Ms. Freddie Killough, Executive Director of the Marion Business Association (MBA), presented plans and cost estimates for a permanent farmer's market structure, to be located in the rear portion of the City's West Henderson parking lot.

Ms. Killough advised that she had obtained approval for inmate labor to construct the structure, which will be an open shelter. The City's Building Inspector would oversee the construction. Ms. Killough stated that the estimated cost of the structure is $150,000 and the estimated cost of materials is $50,180. She added that the City has $20,000 earmarked for this project through the N.C. STEP Program and efforts are being made to look at other sources of funds.

Ms. Killough related the history of the Farmer's Market during the past two years.

Councilman Owenby asked if the City or MBA would be charging persons to use the structure. Ms. Killough stated that each vendor would be charged $20.00 per year. Ms. Killough added that the Market has been such a success that there has been some discussion about adding a second market date per week, with the second date to be staffed by the growers.

Councilman Owenby asked if the City or MBA would charge extra for additional days. Ms. Killough stated that this would likely be the case.

Mr. Bill Hendley stated that he was a part time bee keeper and sold 36 jars of honey the first hour he appeared at the Market. He stated that the Market had been a great source of part time income for he and other growers.

AA.00000269 (24)

Mayor Pro Tem Little stated that the shed would bring more traffic into the downtown area. However, he would not be in favor of using this space as a flea market. Ms. Killough stated that rules would be enforced about the allowed uses for the shelter. She stated that it had been suggested that the shelter be used for arts and crafts events and for musical concerts or festivals.

Ms. Killough stated that the inmate labor could begin on the shelter in late April. The City Manager added that the starting date for the construction would be contingent on the availability of funding. He added that he and Ms. Killough were exploring options for funding, but finding such opportunities to be limited.

Council took no action on this matter, but stated their continued support for the project, and encouraged staff to continue to look for available funding.

PRESENTATION OF N.C. STEP PROGRAM RECOMMENDATIONS: Ms. Killough presented recommended timelines for the City's N.C. STEP Program Projects and gave information about each project, as follows:

NC STEP Project Timelines
Thursday, February 12, 2009 - Marion Business Association

Present – Mayor Everette Clark, Harriett Thomas, Heather Cotton, Bob Boyette, STEP Coach Ted Alexander, Art Jackson (NC Rural Center), Bobbie Young, Freddie Killough

Projected timelines and current updates for NC STEP projects:

1. **MACA–** Susan Pyatt, Heather Cotton – *RFPs has been sent. MACA desires to add artist studio space, class & conference rooms and a permanent theater space. A part-time consultant has been hire to oversee RFPs.* **$10,000.000** Completion date – August 1, 2009
2. **Farmer's Market**–Freddie Killough – *The Department of Corrections will provide labor for construction. Drawings are complete. Materials cost is $50,000.00. The committee is working with the City to identify $30,000.00 additional funding.* **$20,000.00** *If additional funding is identified,* Completion date – September 30, 2009
3. **"Made in McDowell" Marketing & Branding**– Freddie Killough, Bobbie Young – *Mayor Clark recommended some changes in the logo. Heather Cotton will make those changes. The Made in McDowell Committee will meet Friday, February 13 to determine strategies for marketing. URLs have been purchased. It was suggested that TDA funds be utilized for marketing match.* **$50,000.00** Completion date – March 31, 2010
4. **Wayfinding signage** – Heather Cotton – *Partnering with Old Fort for a BRNHA grant for comprehensive wayfinding signage for Marion & Old Fort. In the meantime, Heather is creating a local comprehensive wayfinding signage plan for Marion that will be part of the updated street- scape plan. The plan is for all signage to have a uniform look.* **$40,000.00** Completion date – December 31, 2009
5. **Technological/WiFi** – Bob, Harriett, Freddie – *Would like to expedite project and not wait for Valdese. Need to set meeting with Trificient and Keith Buchanan.* Completion date – March 31, 2010 **$30,000.00**
6. **Entrepreneurial Support** – Freddie Killough, Bob Boyette, Mayor Clark – *Small Business Grant Program* (On approval from City Council & the Rural Center) Completion date – March 31, 2010
7. **Water/sewer Improvements** – Bob Boyette – *The City is updating the 30 year old waste water treatment plant to meet current and future needs. They are seeking funding to install water/sewer on Sugar Hill Road.* No NC STEP funds are committed to this project.
8. **Adaptive Reuse of Brownfield Sites** - *The City of Marion is partnering with Isothermal Planning to promote adaptive reuse of former mill/manufacturing sites.* No NC STEP funds are committed to this project.
9. **Project Four – 21st Century Innovator Committee** - *Local citizens meet bi-monthly to discuss changing and future trends, thus guiding decisions for educational needs, challenges for community growth and infrastructure needs.* No NC STEP funds are committed to this project.

AA.00000270 (24)

Record Keeping and Reporting– Harriett Thomas and Freddie Killough – *Freddie will maintain records for each project and submit all invoices to Harriett Thomas. Harriett will bill the Rural Center. Any and all supporting activity should be reported for Rural Center reports. Recording the number of community participants for each project is critical. A form has been created for recording keeping.*

Ms. Killough stated that the N.C. STEP Program Leadership Team has recommended that the City undertake a business grant program using the remaining $50,000 in N.C. STEP Program Funds. As previously reported, the North Carolina Rural Center strongly discouraged a revolving loan fund and local bankers did not seem to support a loan guarantee program. Ms. Killough provided details about the grant program and asked for Council approval, since the Rural Center wants decisions made regarding the use of the grant funds by March 31. Ms. Killough provided the following general outline regarding the business grant program:

Marion Small Business Grant Program

The recommendation of the Entrepreneurial Support sub-committee is to create a "Marion Small Business Grant" program. The grant will be a 25% match grant to Marion businesses.

Suggested Requirements & Uses:
Review committee to be broad expertise – Banker, small business owner, accountant, city representative.
Maximum grant amount - $4,000.00 with 25% applicant match (Will accept for less)
Will use a point system for applications. Points (TBD) for each of the following suggested priorities:

1. Job creation, job retention (highest number of points)
2. Building code issues and/or Historic building improvements (or façade improvements)
3. Inventory expansion, high points for expansion into identified retail gaps
4. Marketing/web development (with use of STEP/ MBA logos)
5. Underserved populations/minorities
6. Marion Business Association Member
7. Number of years in business
8. Rent, mortgage, utilities, payroll

Suggested requirements of applying business -

1. Business must be "bricks & mortar" business, fully licensed within the City of Marion
2. Credit Check required
3. Insurance required
4. Business financial documentation
5. Attend Small Business workshop/seminar (Partner with Sm Biz Center & MBA)
6. 5% or 10% processing fee to create some marketing (?) funds
7. Participate in Small Business Roundtable Forums
8. "Do you want a business mentor to assist your business?"
9. An update Business Plan

Accountability
Grants not to be awarded up front on approval of application. Grants will be paid on receipt of a 30/60 day invoice. A signed contract may be considered.
Applicant must agree to a follow-up or exit interview in which staff will visit and document the grant results. Photos and written documentation will be required for Rural Center reporting.

To Do List:

Create application (Coach Ted Alexander will assist)
Define requirement list

AA.00000271 (24)

City Council approval
Rural Center approval
Market program

Ms. Killough also advised that Council approval was needed to transfer about $3,000 to $4,000 from the Made in McDowell Branding project to the Downtown Wireless Network project to allow a consultant to be hired to assist with the Downtown Wireless Network project.

Mayor Clark stated that the way-finding signage effort should eventually involve signage to direct people from the interstate into the City.

The City Manager advised that the N.C. STEP Program and the implementation projects would not have happened without the efforts of Planning and Development Director Heather Cotton, MBA Director Freddie Killough and N.C. STEP Program Community Leadership Team Chairperson Bobbie Young.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to approve the concept of a business grant program using the remaining $50,000 in N.C. STEP Program Funds, based on the presented guidelines, and to authorize $3,000-$4,000 to be transferred from the Made in McDowell Branding project to the Downtown Wireless Network project to allow a consultant to be hired to assist with the Downtown Wireless Network project.

CONSIDER APPROVAL OF ORDINANCE – WEST WILHEMENIA STREET PARKING: The City Manager advised that the Police Department had received reports of and observed increasing loitering and littering activity in the dead end block of West Wilhemenia Street west of Oak Avenue in the West Marion community. There are also reports of increasing illegal activity. The City Manager stated that the Police Chief has developed a plan for more patrol saturation and presence in this area and that the City will also undertake code enforcement action, beautification and litter cleanup activities through City staff, Keep McDowell Beautiful, the Prison and community service workers to address litter.

The City Manager stated that he and Chief Elliott have reviewed the location and would recommend the adoption of an ordinance to prohibit parking on both sides of West Wilhemenia Street between Oak Avenue and the dead end. The City Manager stated that there is currently no parking on the south side of the street; however, prohibiting parking on both sides of the street would help, as it has on Oak Avenue. Therefore, if City officers observe someone parked on the street, they will have reason to investigate and can at least keep people moving. All residences on the street have driveways, so the parking prohibition should not harm the residents in any way. A copy of the current traffic schedule for West Wilhemenia Street was presented to Council.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION

AA.00000272 (24)

WILHEMENIA STREET	PARKING PROHIBITED	SOUTH SIDE, BEGINNING AT THE SW CORNER OF OAK ST. AND WILHEMENIA ST. AND CONTINUING 230 FT. IN A WESTERLY DIRECTION	(WEST)

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION	
WILHEMENIA STREET (YELLOW AND WEST WILHEMENIA CONTINUING	PARKING PROHIBITED BEGINNING AT THE SW CORNER OF OAK AVE.	BOTH SIDES OF STREET CURBS) ST. AND IN A WESTERLY DIRECTION TO THE END OF THE STREET	(WEST)

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 3rd day of March, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-03-03-1

SCHEDULE STREET COMMITTEE MEETING: The City Manager advised that at the January 20 Council meeting, Council discussed the idea of scheduling a Street Committee meeting on the afternoon of March 13 to look at a demonstration of a three lane section on Fleming Avenue at the Marion Elementary School entrance. The City Manager suggested that a Street Committee meeting be scheduled for that time, or at an alternate time agreed to by the Street Committee and when school is not in session.

The City Manager stated that Arbor Day is scheduled for 9:00 A.M. on that morning at Eastfield Elementary.

Mayor Pro Tem Little stated that he prefers afternoon for the demonstration. It was decided that the Street Committee would meet at 3:30 P.M. on March 13.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that a letter had been received from the N.C. Department of Correction, advising that the two sites offered by City Council for a new prison and/or prison laundry are not large enough for a new prison. The letter also provides details about the specifications for a new site (125-150 acres in size, the ability to provide 200,000 gallons per day of water supply and wastewater treatment capacity, etc.). The City Manager stated the he would be contacting the County Manager to see how the City and County can work together to combine the City's properties (especially the one next to McDowell Tech) with other surrounding properties to create an adequate site and to discuss other possible sites the City could serve as well.

AA.00000273 (24)

The City Manager advised McDowell News reporter Mike Conley that the McDowell News needed to print a correction to the story in that day's newspaper advising that the City did not give the land to the State for a Prison, but simply offered the land to the State if a Prison or Prison laundry would be built.

The City Manager stated that the City's Annual Open House for all Third Graders in McDowell County has been set for Friday, May 1, 2009.

The City Manager presented Council with copies of letters of intent that were sent to the State for Water and Wastewater projects for the Federal Stimulus Funding. McGill Associates is following up with applications for each project.

Planning and Development Director Heather Cotton extended an invitation to Council to attend an upcoming McDowell Arts Opera Show at East McDowell Junior High School.

COUNCILMAN COMMENTS: None

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 24, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

Mayor Clark was absent from this meeting due to being out of state.

Mayor Pro Tem Steve Little presided over this meeting

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Jim Edwards, Chuck Nance and Josh King, Isothermal Planning Development Commission; Carol Price, Executive Director, McDowell Tourism Development Authority; Bunnie Burgin, Marion, NC; Mickey Lewis, 235 Yancey Road, Marion, NC.

CONSENT AGENDA: Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – March 3, 2009 Regular City Council Meeting Minutes

B. Approve Contract for Engineering Services – Construction Phase Services – Wastewater Improvements Project:

AGREEMENT FOR ENGINEERING SERVICES

This AGREEMENT, made and entered into this the _____ day of February 2009, by and between the **City of Marion** (OWNER) and McGill Associates, P.A. (ENGINEER).

WHEREAS, the OWNER proposes to do certain work toward the accomplishment of the Project entitled **City of Marion, Wastewater Treatment Plant Improvements.** For the purposes of this Agreement, the services to be provided apply to two (2) construction contracts entitled "Catawba River Pump Stations and Force Mains" and Corpening Creek Wastewater Treatment Plant Improvements", and

WHEREAS, the ENGINEER desires to provide professional services in accordance with this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and benefits contained herein, it is hereby mutually understood and agreed as follows:

SECTION 1 - GENERAL SERVICES

The ENGINEER shall:

1.1 The ENGINEER shall, as directed by the OWNER, provide professional engineering services for the OWNER in all phases of the Project; serve as OWNER's professional engineering representative for the Project; and shall give professional consultation and advice to OWNER during the performance of the services hereunder.

1.2 The ENGINEER shall provide all personnel required in performing the Project unless otherwise provided herein. Such personnel shall not be employees of or have any contractual relationship with the OWNER. All services rendered hereunder shall be performed by the ENGINEER or under his supervision and all personnel engaged in the Project shall be fully qualified under North Carolina law to perform such services. None of the services covered by this Agreement shall be subcontracted without the prior approval of the OWNER.

1.3 The ENGINEER shall seek and obtain authorization from the OWNER or the OWNER's assignee before proceeding with the Project, or before performing any Additional Services as described in Section 3, or before performing any other services which would not be included in the fee for

AA.00000275 (24)

Basic Services set forth in Section 6 hereof, subject to OWNER's right to terminate as herein provided.

1.4 The ENGINEER shall comply with all existing federal, state and local laws and regulations regarding equal employment opportunity. The ENGINEER is further obligated to include all requirements hereunder in any subcontract written by him in association with this Agreement.

SECTION 2 - BASIC SERVICES

2.1 CONSTRUCTION PHASE (Based on a construction period of 365 days for each of the two (2) construction contracts)

NOTE: This Agreement is based on the two (2) construction contracts being constructed simultaneously with the same contract times.

2.1.1 Conduct a pre-construction conference with applicable parties to review project details prior to commencing construction.

2.1.2 Provide daily project observation for each construction contract to monitor the progress and quality of the executed work and to determine in general if the work is proceeding in accordance with the Contract Documents, and during such visits and on the basis of on-site observations as an experienced and qualified design professional, keep the OWNER informed of the progress of the work, endeavor to guard the OWNER against defects and deficiencies in the work of the Contractor(s) and disapprove or reject any work failing to conform to the Contract Documents.

2.1.3 Prepare change orders as required and require special observation or testing of the work if necessary.

2.1.4 Review and approve shop drawings, diagrams, illustrations, brochures, catalog data, schedules and samples, the results of tests and observations and other data which any Contractor is required to submit, and receive and review schedules, guarantees, bonds and certificates of inspection which are to be assembled by the Contractor(s) in accordance with the Contract Documents.

2.1.5 Based on on-site observations as an experienced and qualified design professional and on review of the Contractor(s) applications for payment and supporting data, determine the amount owing to the Contractor(s) and approve to the OWNER payment to the Contractor(s) in such amounts; based on such observations and review, that the work has progressed to the point indicated and that to the best of his knowledge, information and belief the quality of the work is in accordance with the Contract Documents.

2.1.6 Conduct a final inspection with applicable parties to determine if the project has been completed in accordance with the Contract Documents and if each Contractor has fulfilled all of his obligations thereunder so that the ENGINEER may approve to the OWNER final payment to each Contractor.

2.2 POST-CONSTRUCTION PHASE

2.2.1 Prepare for the OWNER a set of reproducible record prints of drawings showing those changes made during the construction process, based on the marked-up prints, drawings and other data furnished.

2.2.2 Provide or make available all project files and information to effect project closeout.

2.2.3 Assist the OWNER in assuring that the warranty period for the construction work is complied with.

SECTION 3 - ADDITIONAL SERVICES

If authorized by the OWNER, the ENGINEER will furnish or obtain from others additional services of the following types which are not considered Basic Services under this Agreement.

3.1 Additional services resulting from significant changes in general scope of the Project or its design including, but not limited to, changes in size, complexity, OWNER's schedule, or character of construction.

3.2 Revising previously approved studies, reports, design documents, drawings or specifications, when such revisions are due to causes beyond the control of the ENGINEER.

3.3 Services in connection with change orders to reflect changes requested by the OWNER if the resulting change in compensation for Basic Services is not commensurate with the additional services rendered.

3.5 Additional or extended services during construction made necessary by prolongation of the construction contract or default by the Contractor under any prime construction contract if such construction contract is delayed beyond the original completion date.

3.6 Preparing to serve or serving as a witness for the OWNER in any litigation, condemnation or other legal or administrative proceeding involving the Project.

AA.00000276 (24)

3.7 Additional services in connection with the Project, including services normally furnished by the OWNER and services not otherwise provided for in this Agreement.

3.8 Providing field surveys, easement plats, plans or specifications to assist the OWNER in obtaining any additional encroachments, easements or real property from any public or private bodies, entities or persons necessary for satisfactory construction of the Project.

SECTION 4 – OWNER'S RESPONSIBILITIES

The OWNER shall:

4.1 Provide full information as to his requirements for the Project.

4.2 Assist the ENGINEER by placing at his disposal all available information pertinent to the Project including previous documents and any other data relative to evaluation, design and construction of the Project.

4.3 Furnish the ENGINEER any existing data and information for property boundary, easement, right-of-way, topographic and utility surveys; zoning and deed restriction; all of which the ENGINEER may rely upon in performing his services under this Agreement.

4.4 Guarantee access to and make all provisions for the ENGINEER to enter upon public and private property as required for the ENGINEER to perform his services under this Agreement.

4.5 Examine all studies, reports, sketches, estimates, specifications, drawings, proposals and other documents presented by the ENGINEER and render decisions and comments pertaining thereto within a reasonable time so as not to delay the services of the ENGINEER.

4.6 Provide such legal, accounting and insurance counseling services as may be required for the Project.

4.7 Designate a person to act as OWNER's representative with respect to the work to be performed under this Agreement; and such person shall have complete authority to transmit instructions, receive information, interpret and define OWNER's policies and decisions with respect to materials, equipment, elements and systems pertinent to the services covered by this Agreement.

4.8 Give prompt notice to the ENGINEER whenever the OWNER observes or otherwise becomes aware of any defect in the Project.

4.9 Furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project, subject to the obligations of the ENGINEER outlined in Section 1.3 of this Agreement.

4.10 Furnish, or direct the ENGINEER to provide necessary Additional Services as stipulated in Section 3 of this Agreement or other services as required.

4.11 Bare all costs incident to compliance with the requirements of this Section 4.

SECTION 5 - PERIOD OF SERVICES

5.1 Unless this Agreement has been terminated as provided in paragraph 7.1, the ENGINEER will be obligated to render services hereunder for a period which may reasonably be required for the services described herein. The ENGINEER may decline to render further services hereunder if the OWNER fails to give prompt approval of the various phases as outlined. Upon receiving a written authorization to proceed, the ENGINEER shall provide the OWNER with a written schedule of completion for the services so authorized.

5.2 If the design or construction of the Project is delayed significantly for reasons, including costs of construction, beyond the ENGINEER's control, the various rates of compensation provided for elsewhere in this Agreement shall be subject to renegotiation. It is expressly understood by all parties to the Agreement that a delay of several months may occur between completion of design and commencement of construction. This shall not be considered significant.

AA.0000002277 (24)

SECTION 6 - PAYMENT TO THE ENGINEER

6.1 PAYMENT FOR BASIC SERVICES

6.1.1 The OWNER will pay the ENGINEER for Basic Services as outlined in Sections 2.1 and 2.2 on a time and materials basis for labor and expenses in accordance with the ENGINEER'S Basic Fee Schedule with a maximum amount not to exceed **$312,100.00**. The ENGINEER'S current Basic Fee Schedule is attached to this Agreement. The ENGINEER may adjust the Basic Fee Schedule in January 2010 and annually thereafter.

6.2 PAYMENT FOR ADDITIONAL SERVICES

6.2.1 The OWNER will pay the ENGINEER for Additional Services as outlined in Section 3 an amount based on actual time spent and expenses incurred by principals and employees of the ENGINEER assigned to the Project in accordance with the ENGINEER'S most recent Basic Fee Schedule, should any of these services be requested by the OWNER.

6.3 TIMES OF PAYMENT

6.3.1 The OWNER will make prompt monthly payments in response to the ENGINEER's monthly detailed statements for all services rendered under this Agreement.

6.4 GENERAL

6.4.1 If the OWNER fails to make any payment due the ENGINEER on account of his services and expenses within sixty days after receipt of the ENGINEER's bill therefor, the ENGINEER may, after giving seven days written notice to the OWNER, suspend services under this Agreement until he has been paid in full all amounts due him on account of his services and expenses.

6.4.2 If the Agreement is terminated at the completion of any phase of the Basic Services called for under Section 2, progress payment to be made to the ENGINEER on account of services rendered shall constitute total payment for services rendered. If this Agreement is terminated during any phase of the Basic Services, the ENGINEER shall be paid for services rendered on the basis of his reasonable estimate of the portion of such phase completed prior to termination. In the event of any termination, the ENGINEER will be paid for all his reasonable expenses resulting from such termination, and for any unpaid reimbursable expenses.

6.4.3 If, prior to termination of this Agreement, any work designed or specified by the ENGINEER, under Section 2, is suspended in whole or in part for more than three months or is abandoned, after written notice from the OWNER, the ENGINEER shall be paid for services performed prior to receipt of such notice from the OWNER as provided in paragraph 6.4.2 for termination during any phase of his service.

SECTION 7 - GENERAL CONDITIONS

7.1 TERMINATION

7.1.1 In the event that the OWNER finds that it is inadvisable or impossible to continue the execution of the Project; or if the ENGINEER shall fail to fulfill in a timely and proper manner his obligations under this Agreement; or, if the ENGINEER shall violate any of the covenants, agreements, or stipulations of this Agreement; or if the services called for in this Agreement are not completed within the time period specified under Section 5, or if the ENGINEER becomes subject to a voluntary or involuntary adjudication of bankruptcy or makes a general assignment for the benefit of creditors; then the OWNER has the right to terminate at any time this Agreement or any task or phase of work being performed herein by providing ten (10) days written notice to the ENGINEER of such termination and specifying the effective date of such termination; provided, however, that during such period of ten (10) days the ENGINEER shall have the opportunity to remedy such failures or violations to avoid such termination.

7.1.2 In the event of termination, as provided herein, the ENGINEER shall be paid for all services performed and actual expenses incurred up to the date of termination pursuant to Section 6.4.2 herein.

7.2 OWNERSHIP OF DOCUMENTS

7.2.1 All documents, including original drawings, estimates, specifications, field notes and data are and remain the property of the ENGINEER as instruments of service. The OWNER shall be provided a set of reproducible record prints of drawings, and copies of other documents, in consideration of which the OWNER will use them solely in connection with the Project.

7.3 ARBITRATION

7.3.1 Should any dispute arise between the parties hereto concerning this Agreement or the rights and duties of either in relation thereto, such dispute may be settled by arbitration upon agreement of the parties. Either party may request arbitration by giving written notice to the other party setting

AA.0000000278 (24)

forth the dispute which the party seeks to arbitrate. Each party shall have ten (10) days from delivery of the notice to the other party within which to appoint an engineer, licensed in the State of North Carolina, to act as an arbitrator and to notify the other party in writing of the name and address of the engineer so appointed, or to notify the other party in writing of his refusal to arbitrate. In the event a party fails to notify the other party in writing of his refusal to arbitrate or fails to appoint an arbitrator as provided herein, then the dispute shall be submitted and decided by the arbitrator who has been duly appointed. Once each party has duly appointed and arbitrator, then the arbitrator shall have thirty (30) days within which to investigate the dispute, agree on a resolution of the dispute, and provide each of the parties with a written decision signed by each of the arbitrators. The thirty (30) day period may be shortened or lengthened by agreement of the parties. In the event the arbitrators cannot agree on a resolution to the dispute within the time provided, then the arbitrators shall have an additional seven (7) days within which to appoint a third arbitrator, who shall also be an engineer duly licensed to practice in the State of North Carolina. Within twenty (20) days from the date of appointment of a third arbitrator, the arbitrators shall render a written decision to each of the parties setting forth a resolution of the dispute which has been agreed to by two of the three arbitrators. The written decision of the arbitrators shall be binding on the parties. The costs of arbitration shall be borne equally by the parties.

7.4 ESTIMATES

7.4.1 Since the ENGINEER has no control over the cost of labor, materials, or equipment, or over the Contractor(s)' methods of determining prices, or over competitive bidding or market conditions, his estimates for cost for the Project provided for herein are to be made on the basis of his experience and qualifications and represent his best judgement as a design professional familiar with the construction industry, but the ENGINEER cannot and does not guarantee that proposals, bids or the Project construction cost will not vary from cost estimates prepared by him.

7.4.2 If the lowest bona fide proposal or bid exceeds the established Project construction cost limit, the OWNER will (1) give written approval to increase such cost limit, (2) authorize negotiating or rebidding the Project within a reasonable time, or (3) the ENGINEER will, without additional charge, modify the drawings and specifications as necessary to bring the Project construction cost within the cost limit. The providing of such service shall be the limit of the ENGINEER's responsibility in this regard and having done so, the ENGINEER shall be entitled to payment for his services in accordance with this Agreement.

7.5 INSURANCE AND CLAIMS

7.5.1 The ENGINEER will secure and maintain such insurance as will protect him from claims under workmen's compensation acts, claims for damages because of bodily injury including personal injury, sickness, or disease, or death of any of his employees or of any person other than his employees, and from claims for damages because of injury to or destruction of tangible property including loss of use resulting therefrom. Said insurance policy or policies shall be written by a company or companies and in a form and substance approved by the OWNER prior to the policies being put into effect, and shall be in an amount not less than two million dollars ($2,000,000).

7.6 SUCCESSORS AND ASSIGNS

The OWNER and the ENGINEER each binds himself and his partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither the OWNER nor the ENGINEER will assign, sublet or transfer his interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public body which may be party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the OWNER and the ENGINEER.

AA.00000279 (24)

7.7 **ENTIRE AGREEMENT**

7.7.1 This Agreement constitutes the entire agreement between the OWNER and ENGINEER and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented or modified by a duly executed written instrument.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first written above.

C. Approve Use of Main Street Sidewalks and North Main Street Gazebo Parking Lot for MBA Sidewalk Sale:

Council approved the use of Main Street Sidewalks and the City's North Main Street Gazebo Parking Lot for the Marion Business Association's Annual Sidewalk Sale on Saturday, May 2, 2009.

D. Approve Proclamation - - 2009 Spring Litter Sweep

CITY OF MARION
PROCLAMATION
SPRING LITTER SWEEP
2009

WHEREAS, the City of Marion promotes an annual spring community wide cleanup to ensure clean and beautiful streets, yards and neighborhoods in the City of Marion; and

WHEREAS, the spring 2009 LITTER SWEEP community cleanup will take place April 1 - May 2, 2009, and encourages local governments and communities, civic and professional groups, businesses, churches, schools, families and individual citizens to participate in the City of Marion cleanup by sponsoring and organizing local cleanups; and

WHEREAS, Adopt-A-Highway volunteers, Department of Transportation employees, Department of Correction inmates and community service workers, local government agencies, community leaders, civic and community organizations, businesses, churches, schools, and environmentally concerned citizens conduct annual local cleanups during LITTER SWEEP and may receive certificates of appreciation for their participation; and

WHEREAS, the great natural beauty of our city and a clean environment are sources of great pride for all citizen of Marion, attracting tourists and aiding in recruiting new industries; and

WHEREAS, the cleanup will increase awareness of the need for cleaner roadsides, emphasize the importance of not littering, and encourage recycling of solid wastes; and

WHEREAS, the spring 2009 LITTER SWEEP cleanup will promote the celebration of the 21st anniversary of the North Carolina Adopt-A-Highway program and its 5,750 volunteer groups that donate their labor and time year round to keep our roadsides clean; and

WHEREAS, the LITTER SWEEP cleanup will be a part of educating the children of this great state regarding the importance of a clean environment to the quality of life in North Carolina;

NOW, THEREFORE, I, A. Everette Clark , Mayor of the City of Marion, do hereby proclaim April 1 - May 2, 2009, as **"LITTER SWEEP"** time in Marion, North Carolina and encourage citizens in all communities to take an active role in making their communities cleaner.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Marion to be affixed this 2nd day of May 2009.

A. Everette Clark, Mayor

E. Approve Waiver of Charges for Collection of Bulky Trash Items During Litter Sweep 2009:

Council approved the waiver of City charges for the collection of bulky trash items from April 20-24, as part of the Spring 2009 Litter Sweep.

F. Approve Budget Ordinance Amendments:

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 24th day of March 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–09–03–24–4

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – SUPER 8 MOTEL/US 221 SOUTH SATELLITE ANNEXATION:

AA.000000282 (24)

Mayor Pro Tem Little opened the Public Hearing.

The City Manager stated that the public hearing involved the voluntary satellite annexation of the Super 8 Motel on Highway 221 South. The City Manager added that, after the public hearing, Council could adopt an ordinance to annex this property, effective March 31, 2009.

There were no citizens present to discuss this annexation request.

Mayor Pro Tem Little closed the public hearing.

Upon a motion by Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the corporate limits of the City of Marion to include the Super 8 Motel/US 221 South property, effective March 31, 2009.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
SUPER 8 MOTEL/US 221 SOUTH - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, March 24, 2009, after due notice by publication on Wednesday, March 11, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of March 31, 2009:

BEGINNING at an iron pin located in the centerline of U.S. Highway 221, said iron pin being a corner of the L. D. Dollar, Inc., tract as described in Deed Book 392 at Page 105, McDowell County Registry, and runs thence from said Point of Beginning with the centerline of Highway 221, North 04 degrees 01 minutes 40 seconds East 182.62 feet to an iron pin; thence continuing with the centerline of Highway 221, North 04 degrees 01 minutes 40 seconds East 39.80 feet to an iron pin located in the centerline of Highway 221; thence leaving the centerline of Highway 221 and with the McDowell Food Systems, Inc., tract (Book 266 at Page 663) South 88 degrees 49 minutes 52 seconds East (passing an iron pin at 12.22 feet) for a total distance of 344.01 feet to a new iron pin; thence South 27 degrees 38 minutes 16 seconds West 14.53 feet to an iron pin; thence South 55 degrees 43 minutes 02 seconds East 14.96 feet to an iron pin; thence South 52 degrees 36 minutes 11 seconds East 9.13 feet to an iron pin; thence South 34 degrees 17 minutes 47 seconds East 16.77 feet to an iron pin; thence South 47 degrees 33 minutes 14 seconds East 25.13 feet to an iron pin; thence South 44 degrees 37 minutes 24 seconds East 12.85 feet to an iron pin; thence South 86 degrees 06 minutes 00 seconds East 13.73 feet to an iron pin; thence North 50 degrees 39 minutes 26 seconds East 40.75 feet to an iron pin; thence North 50 degrees 39 minutes 26 seconds East 4.14 feet to an iron pin; thence South 88 degrees 49 minutes 52 seconds East 307.51 feet to an iron pin; thence with the Walter Workman property line South 04 degrees 02 minutes 54 seconds West 244.31 feet to an iron pin; thence with the Ishver H. Desai property line South 78 degrees 21 minutes 07 seconds West 398.08 feet to an iron pin, corner of the L. D. Dollar, Inc., tract; thence with the L. D. Dollar, Inc., property line the following calls and distances: North 03 degrees 52 minutes 07 seconds East 104.61 feet to an iron pin; North 79 degrees 34 minutes 21 seconds East 153.69 feet to an iron pin, South 10 degrees 28 minutes 45 seconds East 7.30 feet to an iron pin; thence North 79 degrees 31 minutes 15 seconds East 25.00 feet to an iron pin; thence North 10 degrees 28 minutes 45 seconds West 25.00 feet to an iron pin; thence South 79 degrees 31 minutes 15 seconds West 25.00 feet to an iron pin; thence South 10 degrees 28 minutes 45 seconds East 7.38 feet to an iron pin; thence South 79 degrees 27 minutes 00 seconds West 151.13 feet to an iron pin; thence North 86 degrees 03 minutes 45 seconds West 130.00 feet to an iron pin; thence North 03 degrees 56 minutes 15 seconds East 85.00 feet to an iron pin; thence North 86 degrees 03 minutes 45 seconds West 155.39 feet to an iron pin; thence South 03 degrees 56 minutes 15 seconds West 67.20 feet to an iron pin; thence North 86 degrees 07 minutes 10 seconds

AA.00000283 (24)

West 59.44 feet to an iron pin, and North 86 degrees 07 minutes 10 seconds West 20.00 feet to the Point of BEGINNING.

Section 2. Upon and after March 31, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

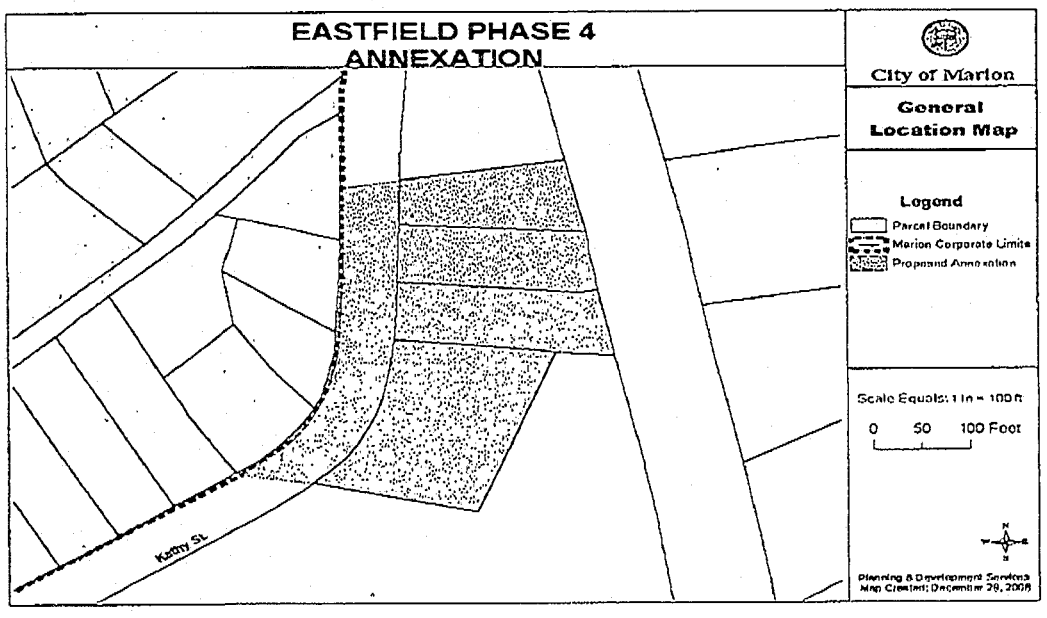
ADOPTED this the 24th day of March, 2009.

A. Everette Clark, Mayor

ATTEST: Approved As To Form:

J. Robert Boyette, City Clerk City Attorney

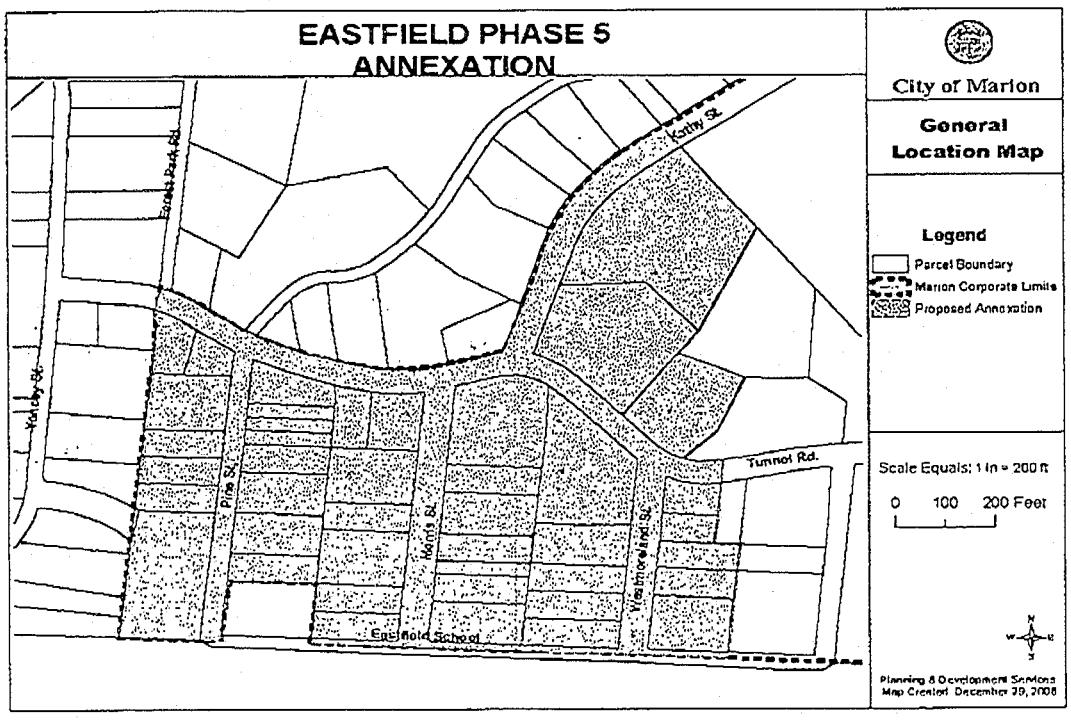
Ordinance Number: O-09-03-24-1



PUBLIC HEARING –2009 ANNEXATION AREAS: Mayor Pro Tem Little opened the Public Hearing.

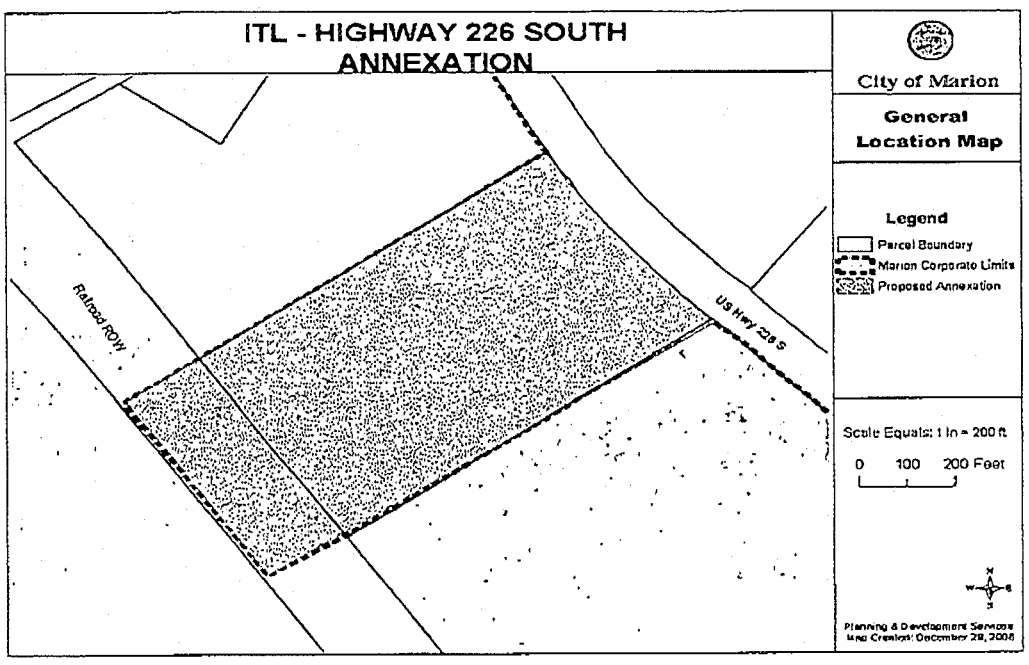
The City Manager advised that a public hearing is required on the eight 2009 annexations areas: Eastfield Phase 4, Eastfield Phase 5, Highway 226 South/ITL, Highway 221 North/Hankins Road, Airport Road, Highway 226 South/Fairview Road, Yancey Road and Virginia Road. These areas include about 160 people.

In accordance with State Law, the City Manager gave an overview of the Annexation Report and Plan of Services for each area. The City Manager added that adoption of the annexation ordinances will be scheduled at a future meeting, with an effective date of June 30, 2009.



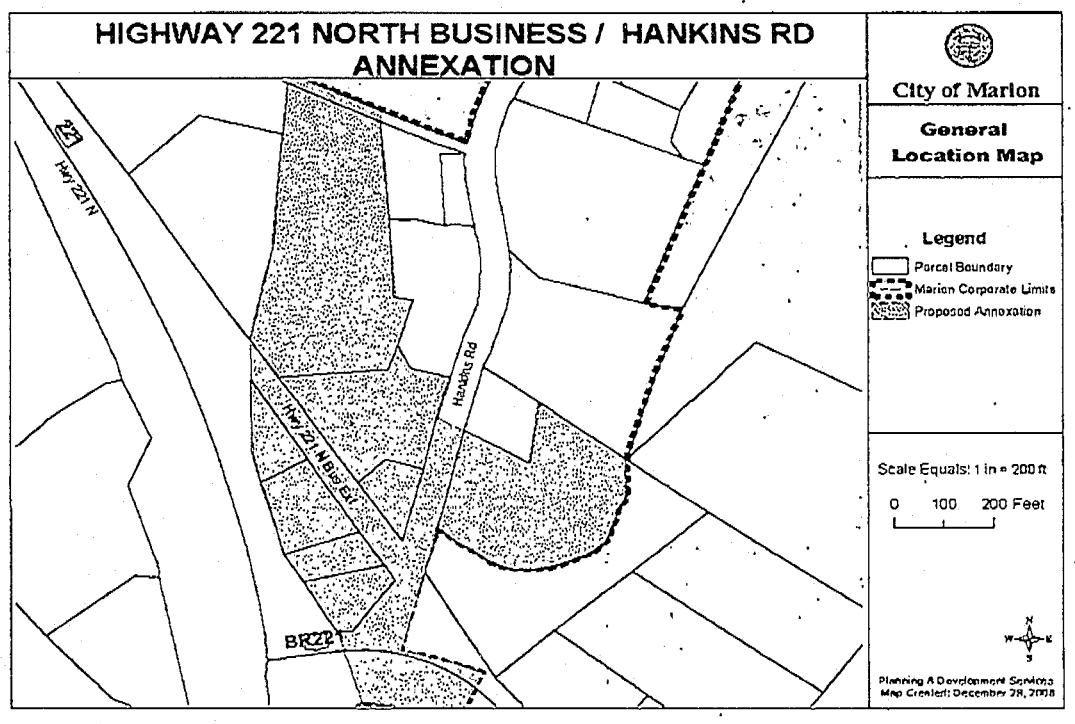
The City Manager displayed maps of the annexation areas for Council's review, as follows:

A. Eastfield Phase 4 Area

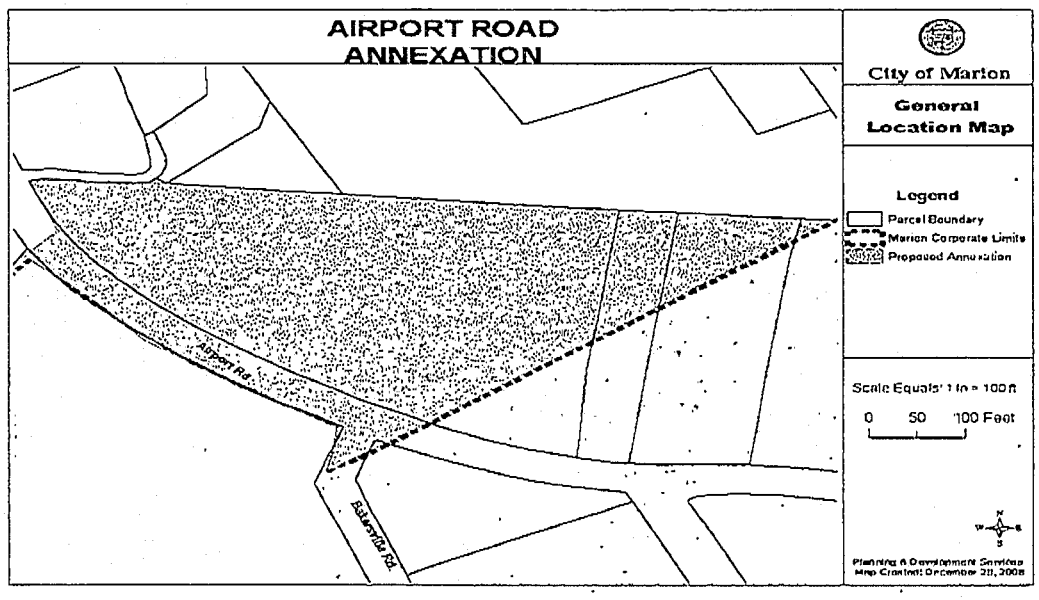


AA.0000000284 (24)

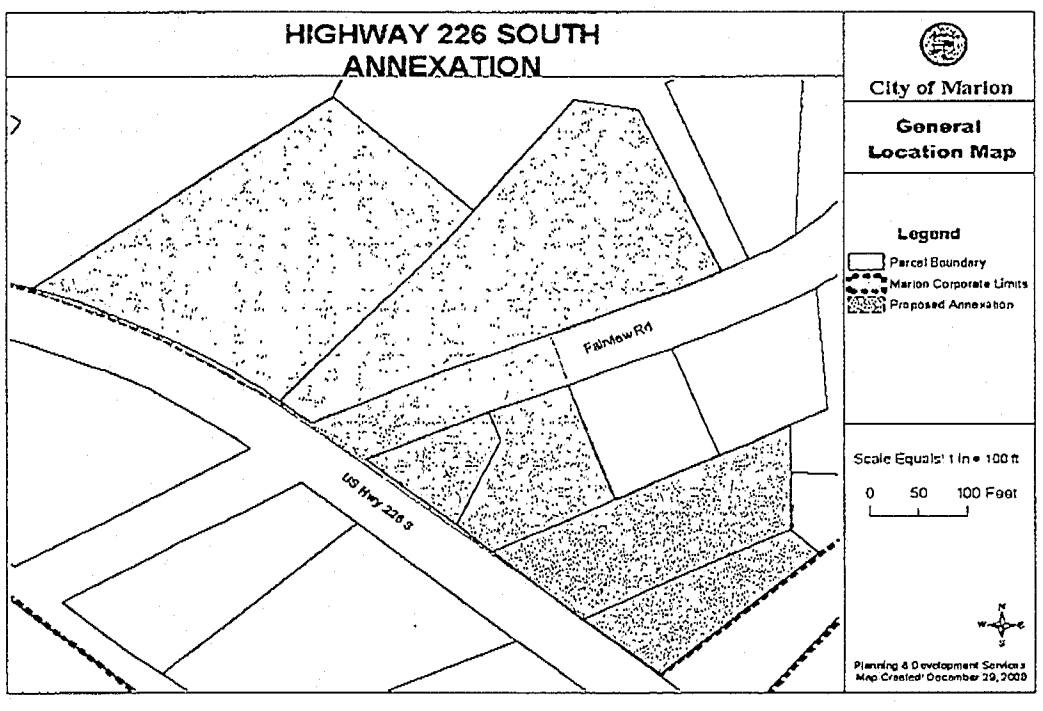
B. Eastfield Phase 5 Area



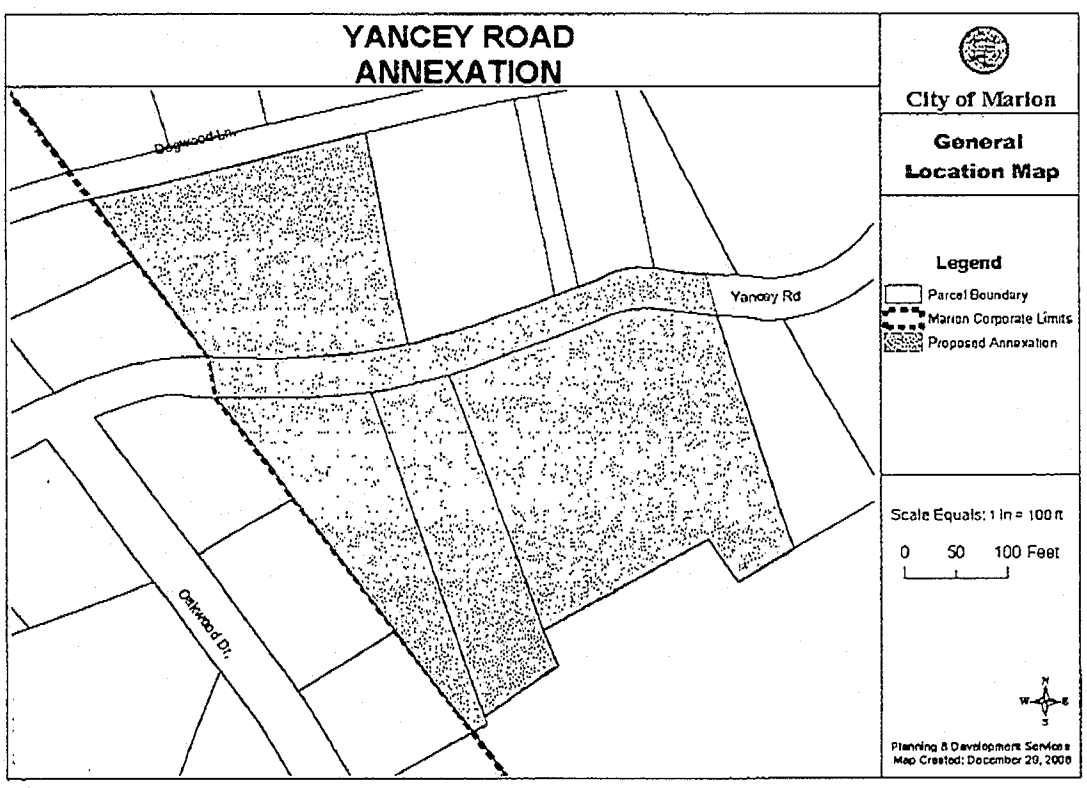
C. Highway 226 South/ITL Area



D. Highway 221 North/Hankins Road Area

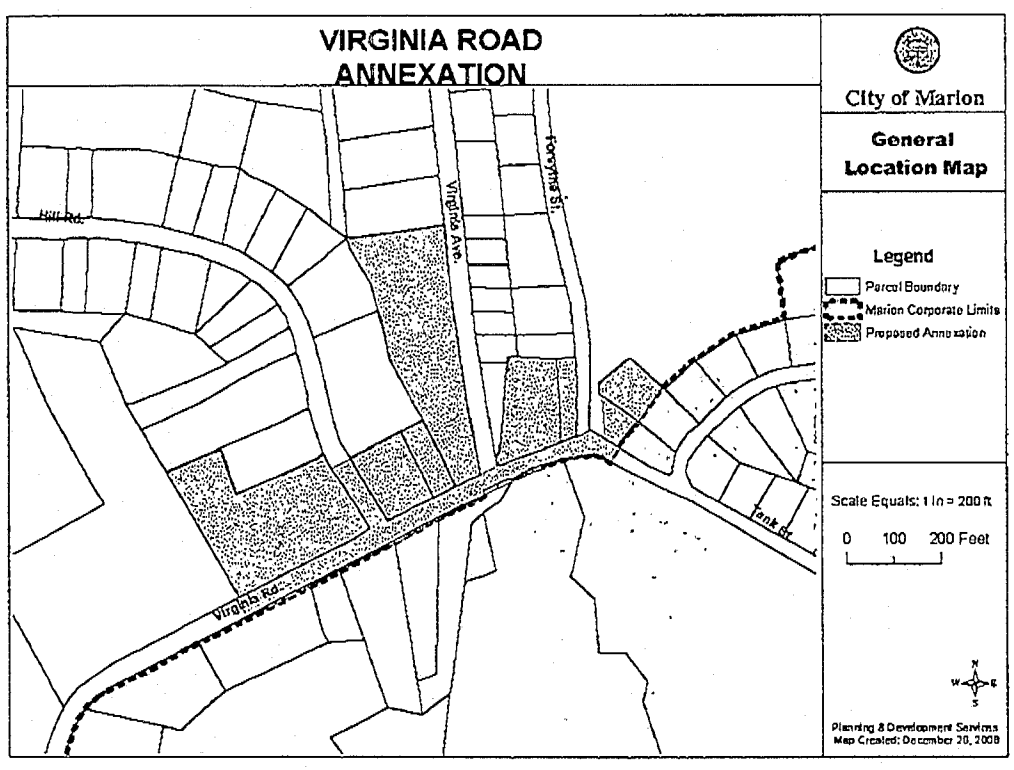


AA.000000285 (24)



E. Airport Road Area

F. Highway 226 South/Fairview Road Area



G. Yancey Road Area

H. Virginia Road Area

AA.000000287 (24)

Mr. Mickey Lewis of 235 Yancey Road stated that he did not want to be part of the annexation. He stated that he has lived at this property adjacent to the City Limits for 63 years.

Mr. Lewis asked if his property was needed to make this area large enough for a contiguous annexation.

The City Manager stated that it was not.

The City Manager stated that the annexation would result in a cost savings to Mr. Lewis of about $10.00 per year. Mr. Lewis stated that he understood the numbers, but still did not want to be annexed.

Mr. Lewis stated that what ever happens, he will abide by the law.

Mayor Pro Tem Little thanked Mr. Lewis for coming.

There were no other citizens present to discuss this issue.

Mayor Pro Tem Little closed the Public Hearing.

Mayor Pro Tem Little advised that Council could not take action on adopting the annexation ordinances at this meeting, but would take up the ordinances at a future meeting.

PUBLIC HEARING – ZONING TEXT AMENDMENT – ESTABLISH HISTORIC PRESERVATION ORDINANCE: Mayor Pro Tem Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that in August 2008, Marion City Council requested staff to draft a Historic Preservation ordinance for the City, as had been recommended in the City's Comprehensive Planning Process. Ms. Cotton reported that she reviewed the North Carolina General Statutes §160A-400 Part 3C Historic Districts and Landmarks, and drafted an ordinance that would meet the needs of Marion and comply with state requirements. The draft ordinance was provided to the Planning Board at the September and October meetings for review. The Planning Board requested revisions to the draft ordinance, historic preservation commission training and recommended a public workshop prior to ordinance adoption.

AA.00000288 (24)

Ms. Cotton stated that on December 4, Historic Preservation Commission training was held at City Hall for the Planning Board members. Representatives from the State Historic Preservation Office and the Director of Historic Preservation for Asheville-Buncombe County met with Planning Board members to discuss the historic preservation process. Following the training, the Planning Board held a public workshop on February 5, 2009. Ms. Cotton reported that the workshop was advertised in the McDowell News and by letter to all property owners either within an existing district or a potentially eligible district including the Cross Mill, Clinchfield, and Marion Manufacturing (East Marion) Mill Villages. Approximately twenty property owners were in attendance at the workshop. Ms. Cotton advised that the general response from the community was very positive, with only few concerns regarding building improvement requirements.

Ms. Cotton stated that the Planning Board subsequently unanimously recommended the approval of the Historic Preservation Ordinance that is being presented to Council tonight for approval.

The Planning Board is prepared to serve as the Historic Preservation Commission for the City upon approval by the City Council.

Ms. Cotton provided an overview of how the proposed historic guidelines would apply to the permitting process. She outlined what changes to building would not require review, what changes could be approved by staff as minor works and what changes would require the issuance of a Certificate of Appropriateness by the Historic Preservation Commission. Ms. Cotton stated that she is not recommending additional permit fees for minor works approval and that fees for Certificates of Appropriateness be based on cost recovery for public noticing.

Ms. Cotton added that the Planning Board recommended that the historic guidelines for now only apply to existing National Register of Historic Places Districts in the City and individual properties listed on the National Register. These districts and properties include the Main Street Historic District, the Depot Historic District and churches in the downtown area. Ms. Cotton stated that, while the three mill villages could be considered historic, the Planning Board recommended that such designation be initiated by property owners in the mill villages.

The City Manager stated, under the proposed ordinance, appeals from the decisions of the Historic Preservation Commission would go to City Council. He added that there was certain to be situations where property owners will not be allowed to make certain improvements to their buildings; however, the intent of the ordinance is to preserve the overall integrity of the historic districts and areas of the City, without overregulating property owners.

Ms. Cotton provided a brief presentation of the economic benefits of historic preservation.

Ms. Carol Price, Executive Director of the McDowell County Tourism Development Authority, stated her support for the proposed ordinance. She reported that a variety of sources have researched current and future tourism trends and that all agree that heritage tourism continues to be a growing trend and that historic preservation is good for the local economy.

Ms. Bunnie Burgin was also present for this discussion in support of the proposed ordinance.

A discussion followed.

Mayor Pro Tem Little stated that he liked the fact that appeals from decisions of the Historic Preservation Commission would go to City Council.

AA.000000289 (24)

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance adding Article XIII, Historic Preservation, to Chapter 21, Zoning, of the Marion City Code:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Appendix 21. *Zoning* is amended by added by Article XIII. *Historic Preservation Commission* as follows:

ARTICLE XIII. HISTORIC PRESERVATION COMMISSION

Section 21-310. Purpose.

The historical heritage of Marion is one of the City's most valued and important assets. The conservation of and preservation of historic districts and landmarks stabilize and increase property values in their areas and strengthen the overall economy of the city. The purpose of establishing local historic districts and landmarks is to encourage the restoration, preservation, rehabilitation and conservation of historically, architecturally, and archaeologically significant areas, structures, buildings, sites, objects and their surroundings, and to review new construction design to ensure compatibility with the character of the district and to safeguard against any potentially adverse influences which may cause the decline, decay, or total destruction of these important assets. In addition, the preservation of historic districts and landmarks provides for the education, pleasure and enrichment of the residents of Marion and the state as a whole.

Sec. 21-310.1 Definitions.

For the purposes of this Article, the following terms shall have the meanings ascribed to them unless the context clearly indicates otherwise.

Alteration. Any change because of construction, repair, maintenance or otherwise to buildings located within a historic district or to buildings designated as a historic landmark.

Archeological resource. Material evidence of past human activity which is found below the surface of the ground or water, portions of which may be visible above the surface.

Building. Any structure, place or any other construction build for the shelter or enclosure of persons, animals or chattels or any part of such structure when subdivided by division walls or party walls extending to or above the roof and without openings in such separate walls.

Certificate of appropriateness. A document evidencing approval by the Historic Preservation Commission for work proposed in a historic district or to or on a historic landmark.

Commission. The Historic Preservation Commission of the City of Marion, as established in Chapter 21 of the Code of Ordinances of the City of Marion.

Construction. The erection of any onsite improvements on any parcel of ground located within a historic district or on or to a historic landmark, whether the site is presently improved, unimproved or becomes unimproved by demolition, destruction of the improvements located thereon by fire, windstorm or other casualty after the adoption of the ordinance from which this section derives.

Demolition. The complete or constructive removal by an applicant of a building on any historic landmark or in any historic district.

Designation. The creation of a historic district or a historic landmark through the passage of an ordinance by the appropriate governing body.

Exterior architectural features. The architectural style, general design and general arrangement of the exterior of a building or other structure, including the color, the kind and texture of the building material and the type and style of all windows, doors, light fixtures, signs and other appurtenant fixtures. In the case of outdoor advertising signs, exterior architectural features shall be construed to mean the style, material, size and location of all such signs.

Historic district. An overlay district established by the Marion City Council for an area deemed to be of special significance in terms of its history, prehistory, architecture, and/or culture, and to possess integrity of design, setting, materials, feeling and/or association.

AA.000000290 (24)

Historic landmark. Any building, structure, site, artifact above or below ground, area or object which is designated as a historic landmark by ordinance of the City Council due to its special significance in terms of its historical, pre- historical, architectural or cultural importance and its possession of integrity of design, setting, workmanship, materials, feeling and/or association.

Ordinary repairs and maintenance. Work done on a building to prevent it from deterioration or to replace any part thereof in order to correct any deterioration, decay or damage to a building or any part thereof in order to restore such building as nearly as practical to its condition prior to such deterioration, decay or damage.

Section 21-311. Jurisdiction of Historic Preservation Commission.

There is hereby established a Commission which shall be known as the Marion Historic Preservation Commission. Its jurisdiction shall include the City of Marion as shown on the official zoning map of the city.

Section 21-311. 1 Number of members, method of appointment, composition of Commission, criteria for appointment, term of office, reimbursement.

The Commission shall be a five-member Commission appointed by the City Council. A majority of the members of the Commission shall have demonstrated special interest, experience or education in history, architecture, archaeology or related fields; and all the members shall reside within the territorial jurisdiction of the City of Marion, the limits of which are shown on the official zoning map of the City of Marion, North Carolina.

Members shall be appointed for four-year staggered terms. In the case of a vacancy occurring during a term, such vacancy shall be filled for the unexpired portion of such term.

The Commission shall serve without compensation except that they shall be reimbursed for actual expenses incident to the performance of their duties within the limits of any funds available to the Commission.

Section 21-311. 2 Rules of procedure, design guidelines and meetings.

The Historic Preservation Commission shall develop and adopt rules of procedure that govern the conduct of its business in accordance with the provisions of this ordinance. Such rules of procedure shall also include as an appendix "The Secretary of the Interior's Standards for Rehabilitation and Illustrated Guidelines for Rehabilitating Historic Buildings" and the "McDowell County Design Guidelines" including photographs, illustrations, descriptions and other similar material interpreting the criteria for determining appropriateness. The design guidelines shall be placed on file in the City of Marion Planning and Development office and made available to the general public during the regular city office business hours.

Specific provisions shall be made in the Commission's rules of procedure for Commission meetings following the filing of a proposal on which the Commission is required to pass. Such specific provisions shall be made in order that a proposal be brought before the Commission:

(a) Within a reasonable time;

(b) In a manner which is conducive to Commission consideration; and

(c) In a manner which will facilitate Commission action.

The Commission shall meet at regularly scheduled times and at such other times as the Commission may determine or at the call of its chairman as provided for in its rules of procedure.

Section 21-311.3 Powers and duties.

The powers and duties of the Historic Preservation Commission shall be to:

(1) Undertake an inventory of properties of historical, prehistorical, architectural, and/or cultural significance;

(2) Recommend to the City Council areas to be designated by ordinance as "Historic Districts"; and individual structures, buildings, sites, areas, or objects to be designated by ordinance as "Landmarks";

(3) Recommend to the governing board that designation of any area as a historic district or part thereof, or designation of any building, structure, site, area, or object as a landmark, be revoked or removed for cause;

(4) Prepare and recommend the official adoption of a preservation element as part of the municipality's comprehensive plan; and

(5) Review and act upon proposals for alterations, demolitions, or new construction within historic districts, or for the alteration or demolition of designated landmarks.

AA.00000291 (24)

The Marion Historic Preservation Commission shall exercise such other powers and perform such other duties or activities as are required elsewhere by the Marion Zoning Ordinance or the General Statutes of North Carolina or as assigned by the Marion City Council.

Section 21-312. Historic designation process.

(1) *Properties previously designated by county.* Properties listed on the National Register of Historic Places as a landmark or as a historic district as of the date of this ordinance are hereby designated historic properties under this Article.

(2) *Initiation of historic designation process.* The designation process under this Article shall be initiated by the submission of an application requesting historic designation to the department of planning and development services, on a form prescribed by the director, by either the owner of the proposed historic property, his authorized agent, Marion City Council, or the Historic Preservation Commission. The applicant shall provide information, which illustrates that the property meets the criteria for listing as set forth in this Article. The information submitted must include sufficient preliminary information to enable staff's review for an initial determination that the property meets the minimum eligibility criteria. The proposal shall include a legal description of the property, a statement explaining the historic, architectural, archaeological, or cultural significance, photographs of the property, and any other materials or documents that may be used in evaluation of the subject site.

Section 21-313. Historic district and landmark establishment.

Historic districts and landmarks are established through the application of an overlay district which are zoning districts that are applied only in conjunction with other zoning districts, and may grant additional use or development requirements upon the underlying zoning controlling the use and development of a lot to ensure the compatibility and appropriateness of exterior design within the historic district or for the landmark.

Overlay districts can be applied to any zoning districts and the boundaries of such overlay shall be shown on the official zoning map of the City of Marion as an *"HD Historic District"*. An overlay district can be initiated as an amendment by City Council, planning board, Historic Preservation Commission, a property owner, or his/her agent.

Section 21-313.1 Designation of historic districts.

The City Council may adopt, amend, reject, or repeal ordinances designating historic districts when adoption or amendment is pursuant to the following procedure:

(1) An investigation and report describing the historical, architectural, or archaeological significance of the buildings, structures, features, sites or surroundings included in any such proposed district, and the description of the boundaries of such district has been prepared.

(2) The North Carolina Department of Cultural Resources, acting through the State Historic Preservation Officer or his or her designee, shall make an analysis of and recommendations concerning such report and description of proposed boundaries. Failure of the department to submit its written analysis and recommendations to the City Council within thirty (30) calendar days after a written request for such analysis has been received by the North Carolina Department of Cultural Resources shall relieve the city of any responsibility for awaiting such analysis, and the City Council may at any time thereafter take any necessary action to adopt or amend its zoning ordinance.

(3) Historic districts shall consist of areas which are deemed to be of special significance in terms of their history, prehistory, architecture and/or culture, and to posses integrity of design, setting, materials, feeling, and association. The area, buildings, structures, sites, or objects shall be significant elements of cultural, social, economic, political, or architectural history of the city or of the archaeological history or prehistory of the city. The conservation of such a district will provide for the education, pleasure and enhancement of the quality of life of all residents of the city.

(4) The Historic Preservation Commission, Planning Board, and City Council shall each hold a public hearing on the proposed ordinance to designate the boundaries of a historic district in accordance with the procedures set forth in Article XIII, Section 21-321 *Amendments*.

(5) Following the City Council designation and approval of a historic district, the area so designated shall be labeled "HD" on the official zoning map.

(6) With respect to any changes in the boundaries of such district subsequent to its initial establishment or the creation of additional districts within the city, the investigative studies and reports shall be prepared by the Historic Preservation Commission and shall be referred to the City Council for its review and comment.

Changes in the boundaries of an initial district or proposals for additional districts shall also be submitted to the North Carolina Department of Cultural Resources in accordance with the provisions as stated in 21-313.1 (2) above.

Section 21-313.2 Designation of landmarks.

The City Council may adopt, amend, reject, or repeal ordinances designating historic landmarks that meet the following criteria, when those ordinances contain the following elements and when adoption or amendment is pursuant to the following procedure:

(a) *Criteria for designation:* No building, structure, site, area, or object shall be recommended for designation as a historic landmark unless it is deemed and found by the Historic Preservation Commission to be of special significance in terms of its historical, prehistorical, architectural, archaeological, and for cultural importance, and to possess integrity of design, setting, workmanship, materials, feeling and/or association.

(b) *Elements of ordinances designating historic landmarks:* Ordinances designating historic landmarks shall contain the following elements:

(1) Describe each property designated in the ordinance, including the approximate area of the property so designated.

(2) List the name or names of the owner or owners of the property.

(3) Describe those elements of the property that are integral to its historical, prehistorical, architectural, archaeological and/or cultural significance.

(4) Describe the nature of the Commission's jurisdiction over the interior, if any, and those interior features of the property to be reviewed for certificates of appropriateness if they are to be changed.

(5) Require, for each building, structure, site, area, or object designated as an historic landmark that the waiting period set forth in the general statutes be observed prior to its demolition.

(6) Provide any other information the City Council deems necessary within the authority conferred by the General Statutes.

(c) *Procedure for adopting or amending historic landmark ordinances:* Ordinances designating historic landmarks shall be adopted and amended according to the following procedure:

(1) The Historic Preservation Commission shall make, or cause to be made, an investigation and report on the historical, prehistorical, architectural archaeological and/or cultural significance of each building, structure, site, area, or object proposed for designation. Applications prepared by owners will be judged by the same criteria as those prepared by the Commission. Such reports shall contain the following information:

a. The name of the property to be considered for designation both common and historic names, if they can be determined.

b. The name and address of the current property owner.

c. The location of the property proposed to be designated historic, including the street address and tax map and parcel numbers.

d. The date of construction and of any later alterations, if any.

e. An assessment of the significance of the site or structure pursuant to section 21-313.2(a) *Criteria for Designation.*

f. An architectural or archaeological description of the area of the site or structure proposed to be designated. If outbuildings or other appurtenant features are proposed to be designated, the report shall contain a description of those features.

g. A historical discussion of the site or structure within its type, period, and locality.

h. Color photographs consistent with the U.S. Department of Interior's format guidelines that clearly document the appearance, condition, and elements of the building, structure, or object proposed to be designated, including views of all facades, pertinent details and surrounding environment.

i. A map showing the location of the property, including any outbuildings and appurtenant features.

AA.00000293 (24)

j. A clear description of the boundaries.

(2) The Commission shall forward its recommendation to the City Council. The Commission shall refer the report to the North Carolina Department of Cultural Resources.

(3) The North Carolina Department of Cultural Resources, acting through the State Historic Preservation Officer or his or her designee, may make an analysis of and recommendations concerning the report. If the department does not submit its written comments or recommendations in connection with any proposed designation within thirty (30) calendar days after a written request for such analysis has been received by the department, the Commission and the City Council shall be relieved of any responsibility to consider such comments.

(4) The Historic Preservation Commission and the City Council shall each hold a public hearing on the proposed ordinance in accordance with the procedures set forth in Article XIII, Section 21-321 *Amendments*.

(5) Following the public hearings, the City Council may adopt the ordinance as proposed, adopt the ordinance with any amendments it deems necessary, or reject the proposed ordinance.

Section 21-314 Certificates of appropriateness required.

(1) No exterior portion of any building or other structure (including masonry, walls, fences, light fixtures, steps and pavement, or other appurtenant features) nor above-ground utility structure nor any type of outdoor advertising sign shall be erected, altered, restored, moved or demolished on a landmark, or within a historic district, until after an application for a certificate of appropriateness as to exterior features has been submitted to and approved by the Historic Preservation Commission.

Exterior features shall include the architectural style, general design and general arrangement of the exterior of a building or other structure, including the color, the kind and texture of the building material, the size and scale of the building and the type and style of all windows, doors, light fixtures, signs and other appurtenant fixtures. In the case of outdoor advertising signs, exterior features shall be construed to mean the style, material, size and location of all such signs.

(2) Such a certificate shall be issued by the Commission prior to the issuance of a zoning permit or other permit granted for purposes of constructing, altering, moving or demolishing structures. A certificate of appropriateness shall be required whether or not a zoning permit is required. Therefore, a certificate of appropriateness is a prerequisite to the issuance of such a zoning permit or such other permits. Any such zoning permits or such other permits not issued in conformity with this section shall be invalid.

Section 21-314.1. Criteria to determine appropriateness.

The following review criteria, along with companion design guidelines and the guidelines of the Secretary of the Interior, shall be considered, where relevant, to make findings of fact indicating the extent to which the application for a certificate of appropriateness is or is not congruous with the historic aspects of the designated landmark or district:

(a) Building height.

(b) Walls.

(c) Proportion of width to height of the total building facade.

(d) Proportion, shape, positioning, location, pattern and sizes of any elements of fenestration.

(e) Spacing of buildings, defined as the distance between adjacent buildings.

(f) Building materials.

(g) Surface textures.

(h) Color.

(i) Expression of architectural detailing.

(j) Roof shapes.

(k) Scale.

(l) Orientation of the building to the street.

AA.00000294 (24)

(m) Ground cover or paving.

(n) Signs.

(o) Exterior lighting and appurtenant features.

The Commission shall adopt principles and guidelines interpreting these criteria for new construction, alterations, additions, moving and demolition of landmarks or properties in the a historic district.

Section 21-314.2. Reconstruction

A. *Reconstruction of substantially damaged historic sites.* When a designated historic building, structure, object, or site has been substantially damaged, the Historic Preservation Commission shall determine through an evaluation of architectural integrity, whether the building, structure, object, or site can be reconstructed using the following criteria:

(1) Whether there is sufficient evidence such as photo-documentation, scaled drawings, or other physical evidence to accurately depict the form and detail of the original resource.

(2) Whether the original construction materials, or substitute materials that are sufficiently similar so as to convey the original qualities of construction, are readily available.

(3) Whether the interior spaces are especially significant to the form and function of the building. If so, the Historic Preservation Commission shall define the parameters necessary to adequately convey those interior spatial characteristics
as requirements in the reconstruction effort.
(4) Whether the applicant has demonstrated a commitment to the reconstruction effort by making every reasonable effort to preserve or salvage the remaining significant features of the property.

(5) Whether there are other unique factors or circumstances that would make reconstruction desirable.

If the Historic Preservation Commission determines that a historic designated structure within a historic district or landmark may be reconstructed, the property owner may submit a reconstruction plan for consideration based on the criteria enumerated in this Article. If the property owner chooses not to reconstruct, the Historic Preservation Commission may recommend repeal of the historic designation using the procedure established in this Article.

B. *Reconstruction criteria.* Reconstruction of a designated historic structure within a historic district or landmark shall be carried out in accordance with the following criteria.

(1) Reconstruction shall be used to depict non-surviving portions of a structure when such reconstruction is essential to the public understanding of the landmark or historic district, and documentary and physical evidence is available to permit accurate reconstruction.

(2) Reconstruction of a historic contributing structure within a historic district or landmark in its historic location shall be preceded by a thorough archaeological investigation identifying and evaluating those features and artifacts, which are essential to an accurate reconstruction. If such resources must be disturbed, mitigation measures shall be undertaken.

(3) Reconstruction shall include measures preserving any remaining historic materials, features, and spatial relationships.

(4) Reconstruction shall be based on the accurate duplication of historic features and elements substantiated by documentary or physical evidence rather than on conjectural designs or the availability of different features from other historic landmarks or contributing structures within a historic district. A reconstructed contributing structure within a historic district or landmark shall re-create the appearance of the non-surviving historic site in materials, design, colors, and texture.

(5) All "reconstructions" shall be clearly documented as being contemporary re-creations.

C. *Amendment or repeal of designation.* A historic designation pursuant to this Article may only be amended or rescinded by complying with the same procedures as the original approval. However, the director of planning and development service's report need only contain a recommendation to grant or deny the repeal or amendment, and the reasons therefore.

(1) The Historic Preservation Commission recommending repeal of the designation shall be based on competent and substantial evidence supporting the repeal.

AA.00000295 (24)

(2) Final approval of repeal shall come from the City Council.

Section 21-314.3. Demolition.

(1) An application for a certificate of appropriateness authorizing the relocation, demolition, or destruction of a designated landmark or a building, structure or site within a historic district may not be denied except as provided in paragraph (2) below. However, the effective date of such a certificate may be delayed for a period of up to three hundred sixty-five (365) days from the date of approval. The maximum period of delay authorized by this section shall be reduced by the Commission where it finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use of or return from such property by virtue of the delay. During such period the Commission shall negotiate with the owner and with any other parties in an effort to find a means of preserving the building or site.

(2) An application for a certificate of appropriateness authorizing the demolition or destruction of a building, site or structure determined by the state historic preservation officer as having statewide significance as defined in the criteria of the National Register of Historic Places may be denied except where:

(a) The Commission finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use or return by virtue of the denial; or

(b) The city has adopted a demolition ordinance under Article VI *Dwellings Unfit For Human Habitation and Abandoned Structures*, Chapter 4, Buildings and Building Regulations.

(3) If the Commission has voted to recommend designation of a property as a landmark or designation of an area as a district, and final designation has not been made by the City Council, the demolition or destruction of any building, site or structure located on the property of the proposed landmark or in the proposed district may be delayed by the Commission for a period of up to one hundred eighty (180) days or until the City Council takes final action on the designation, whichever comes first.

Section 21-314.4. Land use, interior arrangement, maintenance, emergency repairs not considered.

(1) Nothing herein shall be construed to prevent a property owner from making any use of his or her property not prohibited by other statutes, ordinances or regulations.

(2) The Commission may enter, solely in performance of its official duties and only at reasonable times, upon private lands for examination or survey thereof. However, no member, employee, or agent of the Commission may enter any private building or structure without express consent of the owner or occupant thereof.

(3) Except as provided in paragraph (4) below, the Commission shall have no jurisdiction over interior arrangement and shall take no action except to prevent the construction, reconstruction, alteration, restoration, moving or demolition of buildings, structures, appurtenant features, outdoor advertising signs, or other significant features which would be incongruous with the special character of a landmark or of the district.

(4) Notwithstanding paragraph (3) above, the jurisdiction of the Commission over interior spaces shall be limited to specific interior features of architectural, artistic or historical significance in publicly owned designated landmarks; and of privately owned historic landmarks for which consent for interior review has been given by the owner. Said consent of any owner for interior review shall bind future owners and/or successors in title, provided such consent has been filed in the office of the register of deeds and indexed accordingly to the name of the owner of the property in the grantee and grantor indexes. The landmark designation shall specify the interior features to be reviewed and the specific nature of the Commission's jurisdiction over the interior.

(5) The ordinary maintenance or repair of any exterior architectural feature of a landmark, or in a historic district which does not involve a change in design, material, color or outer appearance thereof, shall not be prevented by the requirements pertaining to the designated landmark or historic district.

(6) Nothing in this article shall be construed to prevent (a) the maintenance or (b) in the event of an emergency, the immediate restoration of any existing above-ground utility structure without approval by the Commission.

(7) The construction, reconstruction, alteration, restoration, moving or demolition of any exterior architectural features, which the city building inspector or similar official shall certify is required for public safety because of an unsafe or dangerous condition, shall not be prevented by the requirements pertaining to the landmark, or the historic district.

Section 21-314.5. Hearing procedures.

(1) The Historic Preservation Commission shall receive applications for certificates of appropriateness as required under section 21-314 above. The Commission shall review such application according to the review criteria, the design guidelines and the Secretary of the Interior's Standards for Rehabilitation and Illustrated Guidelines for Rehabilitating Historic Buildings and shall approve or disapprove such application as provided in paragraph (4) of this section.

(2) Prior to issuance or denial of a certificate of appropriateness, the Commission shall take such action as may reasonably be required to inform the owners of any property likely to be materially affected by the application and shall give the applicant and such owners an opportunity to be heard. A written notice of the proposal shall be sent to the applicant and to owners of property (i.e., lots, parcels or tracts of land) within one hundred (100) feet of the subject property or properties.

(3) In cases where the Commission deems it necessary, it may hold a public hearing concerning an application for a certificate of appropriateness.

(4) The Historic Preservation Commission's final action on an application for a certificate of appropriateness shall be by the passage of a motion to take one (1) of the following actions:

(a) Approve the application for a certificate of appropriateness as proposed;

(b) Approve the application for a certificate of appropriateness subject to specific conditions and/or modifications of the proposal presented in the application for a certificate of appropriateness;

(c) Disapprove the application for a certificate of appropriateness as proposed or modified.

(5) Any aggrieved party may appeal the Historic Preservation Commission's action in granting or denying a certificate, which shall be submitted in writing to the City Council within thirty (30) days of the Commission's final action.

Section 21-314.6. Minor works.

A certificate of appropriateness application, when determined to involve a minor work, may be reviewed and approved, by the Planning Director or his or her designee.

Minor works are defined as those exterior changes that do not involve substantial alterations, additions or removals that could impair the integrity of the landmark or property within a historic district.

An application may receive a certificate of appropriateness from the Planning Director or his or her designee if it falls under the list of minor works provided in the Historic Preservation Commission Rules of Procedure. If the Planning Director or his or her designee does not issue a certificate of appropriateness, the applicant will be advised to make a formal application to the Historic Preservation Commission. No application may be denied without formal action by the Historic Preservation Commission.

Section 21-314.7. Certificate issuance; expiration; enforcement.

(1) Passage of a motion to approve, with or without modification, an application shall constitute the issuance of a certificate of appropriateness by the Historic Preservation Commission. The application and the duly approved minutes of the Commission shall constitute the written documentation of such issuance's. Following the meeting a certificate shall be mailed to the property for which a certificate has been issued. The certificate shall be posted on the premises, in a location visible from the street, while the work is in progress. Minutes of a Historic Preservation Commission meeting shall be approved before the end of the next meeting.

(2) A certificate of appropriateness shall be valid for a period of six (6) months from the date of issuance for the purpose of obtaining a zoning permit or other permit for constructing or altering structures. A certificate of appropriateness shall expire six (6) months after the date of issuance if the work authorized by the certificate has not been commenced. If after commencement the work is discontinued for a period of six (6) months, the permit therefore shall immediately expire.

(3) Compliance with certificates of appropriateness shall be enforced by the planning director or his or her designee. Failure to comply with a certificate of appropriateness shall be a violation of the zoning ordinance. The enforcement of any remedy provided herein shall not prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws.

(4) In case any building, structure, site, area or object designated as a landmark or located within a historic district is about to be demolished whether as a result of deliberate neglect or otherwise, materially altered, remodeled, removed or destroyed, except in compliance with the ordinance, the Commission or other party aggrieved by such action may institute any appropriate action or proceeding to prevent such unlawful action.

AA.000000297 (24)

Section 21-314.8. Conditions for certain approvals.

(1) In the event that the Commission, in considering an application for a certificate of appropriateness, finds that a building or structure for which a zoning permit is requested is to be an authentic restoration or reconstruction which existed at the same location but does not meet zoning requirements, said building or structure may be authorized to be restored or reconstructed at the same location provided the following:

a. The zoning Board of Adjustment authorizes a variance to the location and placement of the building or structure and no use other than that permitted in the district in which the property is located is permitted.

b. Conditions and approvals set by the Board of Adjustment are attached to the Historic Preservation Commission's approval and included in any certificate of appropriateness related thereto.

(2) If the Commission finds that an application for a certificate of appropriateness includes any porches, steps, fences, walls or other items extending over, on or within public rights-of-way is necessary for the authentic restoration, reconstruction or maintenance of a historic landmark, and will not impede or block pedestrian traffic or constitute a hazard to public safety, such findings shall be transmitted to the City Council for its consideration in authorizing or denying such encroachments into such rights-of-way.

(3) If the City Council authorizes an encroachment, any items restored, reconstructed or maintained on, over or within a public right-of-way shall be the responsibility of the owner, and the owner shall agree to protect and hold the City of Marion harmless against any and all liability, cost damage or expense suffered as a result of the restoration, reconstruction or maintenance thereof.

Section 21-315. Nonconforming structures; exemption from flood hazard requirements.

(1) *Authority to continue nonconforming structures.* Nonconforming structures that are federally or state designated as historic shall be permitted to continue in accordance with Chapter 8 *Flood Hazard Management* of the Marion City Code.

(2) *Exemption from flood elevation requirements.* Structures that are federally or state designated as historic shall be exempt from the Federal Emergency Management Agency (FEMA) flood elevation requirements in accordance with Chapter 8 *Flood Hazard Management* of the Marion City Code.

Sec.21-316. Authority to prevent demolition, alteration or violation of ordinance.
If any building, structure, site, area or object designated a historic landmark is about to be demolished, whether as the result of deliberate neglect or otherwise, materially altered, remodeled or removed, except in compliance with the ordinance enacted under authority of this chapter, the city or the Commission may institute any appropriate action or proceedings to prevent such unlawful demolition, material alteration, remodeling or removal, to restrain, correct or abate such violation or to prevent any legal act or conduct with respect to such historic landmark.

Sec. 21-317. Civil penalty.
Unless otherwise provided in the Code of Ordinances of the City of Marion or in State law, persons violating the provisions of this chapter shall be assessed a civil penalty as provided in Chapter One of the Marion City Code of Ordinances.

Section 2: This ordinance shall become effective upon adoption.

Adopted this 24th day of March 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/ Clerk
Ordinance Number: O-09-05-24-2

The City Manager suggested that, if Council so desired, it could appoint the Planning Board members to serve as the Historic Preservation Commission. Upon a motion to by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to appoint the Planning Board/Board of Adjustment members to serve as the Historic Preservation Commission.

AA.0000000298 (24)

PRESENTATION – ISOTHERMAL RURAL TRANSPORTATION PLANNING ORGANIZATION: Mayor Pro Tem Little welcomed representatives from Isothermal Planning and Development Commission (IPDC) to discuss the Rural Transportation Planning Organization (RPO), advising that City Council wants to understand what the RPO has done for the City of Marion and how the RPO can help the City in the future.

Mr. Josh King, Transportation Planner for IPDC, gave an overview of the accomplishments of the RPO over the past few years. He stated that City Staff can call on the RPO at any time for information and that he has worked with the City Manager and Ms. Heather Cotton on various projects such as the Safe Routes to School Grant and various enhancement projects.

Mr. King advised that the North Carolina Department of Transportation continues to push the RPO concept as a means of prioritizing transportation priorities and completing transportation planning across the state.

Mr. King stated that the RPO does not cost the City any money.

Mayor Pro Tem Little and Councilman Martin asked how the RPO could assist with promoting the widening of US 221 in McDowell and Rutherford Counties, since the project has been pushed back year after year.

Mr. Jim Edwards, Executive Director of IPDC, explained the many reasons why this project keeps getting pushed back, mainly involving lack of funding from NCDOT, but stated that the widening was a top priority of the RPO.

The City Manager added that Mayor Clark suggested at the last Joint Utility Committee meeting that McDowell County, Rutherford County, the City of Marion and other municipalities in the two counties lobby local legislators to push NCDOT to advance this project as soon as possible, since it is vitally needed for economic development in both counties.

Councilman Cuthbertson and the City Manager stated that they served on RPO committees and had seen little planning going on for the past few years, just discussions about internal administrative structure. Mr. Edwards acknowledged that this had been a weakness of RPOs across the state and that such focus had been due to the direction of DOT. Mr. Edwards pledged that the RPO would seek to put its focus on serving the member cities and counties, undertaking local projects and planning and promoting priority projects.

The City Manager noted that the City had a bad experience several years ago with a Thoroughfare Plan, which the City had paid NCDOT to complete, but which took about seven years for the City to receive. Mr. Edwards stated that NCDOT now worked with the RPOs to complete Comprehensive Transportation Plans for counties and that counties and cities were no longer charged for such plans.

Mr. King gave an overview of an amendment to the RPO contract that member cities and counties had been asked to adopt. He stated that the changes to the agreement were minor.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to approve the following amended Memorandum of Understanding between the City of Marion and the Isothermal Rural Transportation Planning Organization:

AMENDED
MEMORANDUM OF UNDERSTANDING

AA.000000299 (24)

FOR
COOPERATIVE, COMPREHENSIVE AND CONTINUING
TRANSPORTATION PLANNING
AND THE ESTABLISHMENT
OF A RURAL PLANNING ORGANIZATION
FOR

The **County of McDowell** and the participating municipalities therein; the **County of Rutherford** and the participating municipality therein; the **County of Polk** and the participating municipalities therein; and the North Carolina Department of Transportation (NCDOT) (hereinafter collectively, "the Parties").

WITNESSETH

Whereas, on April 2, 2002, the Parties entered into a Memorandum of Understanding which created the Isothermal Rural Planning Organization (hereinafter, "RPO"); and,

Whereas, the RPO provides rural areas the opportunity to work in partnership with the NCDOT toward development of sound, short and long-range transportation planning for rural areas; and,

Whereas, the Parties have agreed to amend the original Memorandum of Understanding.

Now, therefore, the following Amended Memorandum of Understanding is made on this the day of , **2009**.

Section 1. It is hereby agreed, that the **County of McDowell** and the participating municipalities therein; the **County of Rutherford** and the participating municipality therein; the **County of Polk** and the participating municipalities therein; and the NCDOT intend to establish and participate in a RPO created for the general purposes and responsibilities outlined in the following:

1. Develop long-range local and regional multi-modal transportation plans in cooperation with the area Metropolitan Planning Organizations (MPOs) and the NCDOT.

2. Provide a forum for public participation in the rural transportation planning process.

3. Develop and prioritize suggestions for transportation projects that the RPO believes should be included in the State Transportation Improvement Program (STIP).

4. Provide transportation-related information to local governments and other interested organizations and persons.

Section 2. It is hereby further agreed that transportation plans and programs and land use policies and programs for the RPO will be coordinated by the Isothermal Planning and Development Commission (Region C), an agency selected on behalf of participating local governments and the NCDOT, to be the administrative entity and to serve as the lead local planning agency for coordinating transportation planning in the three county planning area. The RPO hereby authorizes the Isothermal Planning and Development Commission (Region C) to be the recipient of any funds appropriated to the RPO by NCDOT pursuant to North Carolina General Statute 136-213(c).

Section 3. Establishment of Transportation Advisory Committee (TAC). A TAC is hereby established with the responsibility for serving as a forum for cooperative transportation planning decision making for the RPO. The TAC shall have the responsibility for keeping the local elected governing boards informed of the status and requirements of the transportation planning process; to assist in the dissemination and clarification of the decisions, inclinations, and policies of the local elected governing boards and the NCDOT; and to help ensure meaningful public participation in the rural transportation planning process.

1. The TAC will be responsible for carrying out the following:

   A. Establishment of goals, priorities, and objectives for the rural transportation planning process.

   B. Endorsement and review of changes to adopted transportation plans within the RPO.

AA.000000300 (24)

C. Endorsement, review, and approval of a Planning Work Program (PWP) for transportation planning which defines work tasks and responsibilities for the various agencies participating in the RPO.

D. Endorsement, review, and approval of transportation improvement projects that support and enhance both regional and local transportation in the four county RPO.

2. The membership of the TAC shall consist of the following:

A. One Commissioner representing McDowell County and one elected official from each RPO member municipality therein.

B. One Commissioner representing Rutherford County and one elected official from each RPO member municipality therein.

C. One Commissioner representing Polk County and one elected official from each RPO member municipality therein.

D. One member from the North Carolina Board of Transportation representing Division.

3. The Commissioner representing each county on the TAC shall be elected every two years by the Board of County Commissioners of each County in regular session. The municipal member representing each municipality on the TAC shall be elected every two years by the governing body of the municipality in regular session. All terms of appointment to the TAC shall be for two years. Reappointment is possible. One alternate may be designated for each member providing they meet the same criteria as the original appointee.

4. An RPO TAC membership roster will be compiled, and updated at least annually, listing each attendee and alternate, if applicable, for each member county or municipality. The membership of a county or municipality member who fails to send the appointee or alternate to two consecutive RPO meetings will be designated as a vacant seat and will not count towards quorum. Attendance at future meetings will reinstate the member.

5. A quorum is required for the transaction of all business, including conducting meetings or hearings, participating in deliberations, or voting upon or otherwise transacting the public business. A quorum consists of 51% of the members of the TAC, plus as many additional members as may be required to ensure that 51% of possible votes are present. The TAC will meet as often as it is deemed necessary, appropriate and advisable. On the basis of majority vote of its membership, the TAC may elect a member of the committee to act as chairperson with the responsibility for coordination of the committee's activities.

6. The Executive Director of the Isothermal Planning and Development Commission (Region C) will provide staff to the TAC.

Section 4. Establishment of Technical Coordinating Committee (TCC). A TCC shall be established with the responsibility of general review, guidance, and coordination of the transportation planning process for the RPO and the responsibility for making recommendations to the respective local, state, and federal governmental agencies and the TAC regarding any necessary actions relating to the continuing transportation process.

1. The TCC shall be responsible for development, review, and recommendation for approval of the PWP for the RPO, the STIP requests, and revisions to the STIP.

2. Membership of the TCC shall include technical representatives from all local and state governmental agencies directly related to and concerned with the transportation planning process for the RPO planning area. Initially, the membership shall include, but may not be limited to, the following:

   A. The Manager, Assistant Manager, Planner, Clerk, or Engineer from each of the three counties of the RPO planning area, or his/her designated staff representative.

   B. The Chief Administrative Official, City Planner, City Engineer, or City Clerk from each member municipality in the RPO planning area, or his/her designated staff representative.

   C. Division Engineer serving the Highway Division selected by NCDOT Planning Branch, NCDOT, or his/her designated staff representative.

AA.000000301 (24)

D. Manager, Transportation Planning Branch, NCDOT, or his/her designated staff representative.

3. Membership of the TCC may be altered on the basis of a majority vote of its membership and approval of the TAC of the RPO. One alternate may be designated for each member providing they meet the same criteria as the original appointee. Membership may be further defined in the duly adopted bylaws. An RPO TCC membership roster will be compiled and updated at least annually, listing each attendee and alternate, if applicable, for each member county or municipality. The membership of a county or municipality member who fails to send the appointee or alternate to two consecutive RPO meetings will be designated as a vacant seat and will not count towards quorum. Attendance at future meetings will reinstate the member.

4. A quorum is required for the transaction of all business, including conducting meetings or hearings, participating in deliberations, or voting upon or otherwise transacting the public business. A quorum consists of 51% of the members of the TCC, plus as many additional members as required to ensure that 51% of possible votes are present. The TCC shall meet when it is deemed necessary, appropriate and advisable. The TCC will be staffed by the Isothermal Planning and Development Commission planner or his/her designated staff representative. The TCC shall by majority vote of the membership elect one member to serve as a Chairman with the responsibility for coordinating the committee's activities. Membership of the TCC may be altered on the basis of a majority vote of its membership and approval of the TAC of the RPO.

Section 5. It is further agreed that all participating agencies will assist in the rural transportation planning process by providing planning assistance (where possible), data, and inventories in accordance with the approved PWP.

Section 6. Each county and its RPO member jurisdictions shall have the support of the RPO staff in developing local transportation projects and priorities. Each member agrees to coordinate its transportation plans with those of other RPO members. Additionally, by consensus, the RPO may identify projects of a regional nature for development and presentation to NCDOT for consideration.

Section 7. Parties to this Memorandum of Understanding may terminate their participation in the continuing transportation planning process by giving 90 days written notice to the other parties to the date of termination.

Section 8. Municipalities desiring to join the RPO following the signing of this Memorandum of Understanding must do so no later than 90 days after the date given below in Section 10, by submitting a fully-executed Municipal Statement of Adoption. Any municipality desiring to join the RPO after the initial 90-day period must notify the lead planning agency and the other members of the RPO in writing of its intent to join, and provide each with a copy of a fully-executed Municipal Statement of Adoption. New memberships will become effective on July 1st of each year.

Section 9. This Amended Memorandum of Understanding supersedes and replaces any prior memorandum(s) of understanding between the Parties regarding the RPO.

Section 10. In witness whereof, the Parties have been authorized by appropriate and proper resolutions, and/or legislative authority to sign this Amended Memorandum of Understanding, this the _____ day of _____, _____.

MUNICIPAL STATEMENT OF ADOPTION
OF THE
AMENDED MEMORANDUM OF UNDERSTANDING REGARDING
THE RURAL PLANNING ORGANIZATION
FOR McDowell, Rutherford, AND Polk COUNTIES

The Amended Memorandum of Understanding for cooperative comprehensive, and continuing transportation planning and the establishment of a Rural Planning Organization for the Counties of McDowell, Rutherford, and Polk and the participating municipalities in each county is hereby adopted by the City of Marion, day of ,

Mayor,

Clerk to the Board

PUBLIC HEARING – ZONING TEXT AMENDMENT – ADD DEFINITION FOR OPEN STORAGE: Mayor Pro Tem Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that staff had identified the need to amend the Zoning Ordinance to further define and clarify the use of open storage. The existing regulations provide for the use in business zoning districts, but do not provide for a definition of the use. This ordinance will clarify the term "*Open Storage*" in the Zoning Ordinance.

There were no citizens present to discuss this issue.

Councilman Cuthbertson asked if the definition would change how open storage is permitted in business districts. Ms. Cotton stated that it would not.

Mayor Pro Tem Little closed the Public Hearing.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance amending Chapter 21 of the Marion City Code to establish a definition for Open Storage:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000000303 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 21. *Zoning*, Article IV, *Definition of terms used in the ordinance*, Section 21-21, *Definitions*, is amended by adding the following:

Open Storage. The storage of any products, materials, vehicles, equipment, junk, or scrap outside the confines of an enclosed building, and more specifically defined as: (A) merchandise display: display of products and materials, and operable vehicles and equipment for the purpose of offering for sale at retail, and incidental to a principal office or retail building existing on the premises; (B) equipment and material storage: storage of any equipment or materials in usable condition which are not being specifically displayed as merchandise or offered for sale at retail; or (C) junk and scrap storage: storage of used products, junk, or scrap materials such as wood, cloth, paper, glass, metal, plastic, or rock material which could be refurbished, recycled, or converted into usable stock or material.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 24th day of March 2009.

A. Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-09-03-24-3

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF ORDINANCE REVISING PLANNING AND INSPECTIONS FEES: The City Manager stated that Mayor Clark had suggested that charges on the City's Fee Schedule related to zoning compliance permits be eliminated. The City Manager suggested that this item be held until the next meeting so that Mayor Clark could be present.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, Council voted unanimously to table this item until the next City Council meeting.

AWARD CONTRACT FOR REPLACEMENT OF CULVERT ON VIRGINIA ROAD: Public Works Director Chris Hollifield advised that, for several years, the City has been delaying replacement of a culvert on Virginia Road. Mr. Hollifield stated that the City was at the point where we will eventually lose Virginia Road if the culvert is not replaced.

The following bids have been received for the replacement of the culvert.

Harris Grading	$22,800.00
F&S Contractors	$25,574.00

Mr. Hollifield explained how the culvert would be replaced and recommended that the bid from Harris Grading in the amount of $22,800.00 be accepted for this project.

The City Manager stated that the City would pay for this project with Powell Bill funds.

AA.000000304 (24)

Upon a motion by Councilman Owenby, seconded by Cuthbertson, Council voted unanimously to award a contract to Harris Grading in the amount of $22,800 for the replacement of the Virginia Road culvert.

PRESENT RECOMMENDATIONS FOR 2009 STREET PAVING/RESURFACING:

Public Works Director Chris Hollifield presented Council with recommendations for the 2009 Spring Street paving and resurfacing, included the paving of some dirt streets in the City as previously discussed. Mr. Hollifield advised that the cost of grading and paving the three dirt streets as previously directed by Council (Florence Avenue, Forest Park Road and East Railroad Street/Finley Avenue) is estimated to be $68,358, as follows:

1. **Forest Park Road:**
   Paving Cost: 578 yards^2 x $13 / yards^2 =$7,514

2. **Florence Avenue:**
   Paving Cost: 1,084 yards^2 x $13 / yards^2=$14,098
   Grading and Road Bed Const. Cost: $7,167
   Total Cost $21,265

3. **East Railroad Street and Finley Avenue:**
   Paving Cost: 1,378 yards^2 x $13 / yards^2=$17,911
   Grading and Road Bed Const. Cost: $21,668
   Total Cost $39,579

Total Dirt Road Paving Cost Estimate: $68,358

Mr. Hollifield advised that the following street, West Fourth Street, was not recommended for paving at the current time due to cost:

Dirt Street Not Recommended for Paving at Current Time:

1. **West Fourth Street EM:**
   Paving Cost: 800 yards^2 x $13 / yards^2=$10,400
   Grading and Road Bed Const. Cost: $31,152
   Total Cost $41,552

Total of Recommended Dirt Road Paving and Street Resurfacing: $167,706 $158,941

Mr. Hollifield stated that staff has prioritized the resurfacing of six streets in the following order:

1. **Railroad Street:**
   Limits: Entire Street
   Length: 507 yards
   Width: 10 yards
   Area: 5070 yards^2
   Paving Cost: 5070 yards^2 x $7.75 / yards^2=$39,293

2. **Fourth Street Clf:**
   Limits: Hill Street to Fifth Street Clf
   Length: 250 yards
   Width: 5 yards
   Area: 1,250 yards^2
   Paving Cost: 1,250 yards^2 x $7.75 / yards^2=$9,688

3. **South Garden Street:**
   Limits: Rutherford Road to Spring Street
   Length: 319 yards
   Width: 8 yards
   Area: 2,552 yards^2
   Paving Cost: 2,552 yards^2 x $7.75 / yards^2=$19,778

AA.000000305 (24)

4. **James Drive:**
   Limits: Viewpoint Drive to North Garden Street
   Length: 122 yards
   Width: 8 yards
   Area: 976 yards^2
   Paving Cost: 976 yards$^{2\,x}$ $7.75 / yards^2=$7,564

5. **Fifth Street Clf:**
   Limits: Lamar Street to Dead End
   Length: 140 yards
   Width: 6 yards
   Area: 840 yards^2
   Paving Cost: 840 yards$^{2\,x}$ $7.75 / yards^2=$6,510

6. **Hillside Drive:**
   Limits: Viewpoint Drive to Dead End
   Length: 100 yards
   Width: 10 yards
   Area: 1,000 yards^2
   Paving Cost: 1,000 yards$^{2\,x}$ $7.75 / yards^2=$7,750

Total Spring Paving Cost Estimate: $90,583

Based on available Powell Bill funding in the range of $100,000-$110,000, Mr. Hollifield presented some possible options for the Spring 2009 Street Paving/Resurfacing Project, as follows:

Option 1

Pave Forest Park Road, Florence Avenue and East Railroad Street/ Finley Avenue	**$ 68,358**
Resurface Railroad Street	**$ 39,293**
Total Estimated Cost	**$107,651**

Option 2

Pave Forest Park Road, Florence Avenue and East Railroad Street/ Finley Avenue	**$ 68,358**
Resurface Half of Railroad Street (Morgan Street to West Henderson Street)	**$ 19,647**
Resurface Fourth Street Clf	**$ 9,688**
Resurface James Drive	**$ 7,564**
Total Estimated Cost	**$105,257**

Option 3

Pave Forest Park Road, Florence Avenue and East Railroad Street/ Finley Avenue	**$ 68,358**
Resurface Fourth Street Clf	**$ 9,688**
Resurface South Garden Street	

AA.000000306 (24)

(Spring Street to Rutherford Road)	**$ 19,778**
Resurface James Drive	**$ 7,564**
Total Estimated Cost	**$105,388**

Mr. Hollifield noted that if Forest Park Road is paved, the City will need to request that the North Carolina Department of Transportation turn over the road to the City for maintenance.

A discussion followed. Councilman Cuthbertson suggested that the City not pave Forest Park Road this year, but see if NCDOT could pave the road first. He further suggested that the resurfacing of James Drive be substituted for the Forest Park Road paving.

Councilman Martin stated that the resurfacing of Railroad Street is badly needed, as the street is in bad shape in places.

The City Manager noted that bids would need to be sought for the resurfacing/paving work, at which time it could be determined if the City had sufficient money to pave all the priority streets.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to set the following priorities for the Spring 2009 Spring Paving/Resurfacing Project: the paving and grading of Florence Avenue and East Railroad Street/Finley Avenue and the resurfacing of the entire length of Railroad Street and James Drive.

The City Manager advised that he would request that NCDOT pave Forest Park Road and then the City would assume maintenance of the road.

RECEIVE RECOMMENDATION FROM STREET COMMITTEE: The City Manager advised that the Street Committee met on March 13 and looked at a demonstration of a three lane section on Fleming Avenue at the Marion Elementary School entrance. The Street Committee recommended that a dedicated right turn lane into Marion Elementary from Fleming Avenue be approved, on the condition that a telephone pole can be moved farther back from the curb on the western side of Fleming Avenue near Crescent Drive and as long as some work is done to widen out the street and move the curb line on the eastern side of Fleming Avenue near the Marion Elementary School entrance. The City Manager stated that the three lane section is a bit tight, but the demonstration showed that even large vehicles can safely pass each other on a three lane section in this area.

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to accept the recommendation of the Street Committee and authorize the installation of a dedicated right turn lane into Marion Elementary from Fleming Avenue, on the condition that a telephone pole can be moved farther back from the curb on the western side of Fleming Avenue near Crescent Drive and as long as some work is done to widen out the street and move the curb line on the eastern side of Fleming Avenue near the Marion Elementary School entrance.

It was agreed that this work would be done in the summer, when Marion Elementary School is not in session.

CIVIL CITATION APPEAL: The City Manager advised that Ms. Juanita Johnson of Richmond, Virginia submitted a letter appealing the civil citation she received for parking in a prohibited area on East Court Street on February 17. Ms. Johnson offers no grounds for why the ticket was issued incorrectly; therefore the City Manager recommended that Council deny this appeal. A copy of the parking ticket was presented to Council along with a short statement from our Ordinance Enforcement Officer advising that Ms. Johnson had parked in a location on East Court Street that was not a parking space.

AA.000000307 (24)

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to deny the appeal of Ms. Juanita Johnson for the parking ticket she received on February 17 on East Court Street.

CONSIDER AWARD OF 2009 LANDSCAPING CONTRACT: The City Manager advised that the City advertised in the McDowell News and mailed out bid proposal packets to a list of twelve area landscapers for the City's landscaping services. The only bid received was from L.L. Moore Landscapes & Lawn Service in the amount of $465.00 a week, which is $45.00 less a week than last year.

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to award the contract for the City's 2009 landscaping contract to L.L. Moore Landscapes & Lawn Service, in the amount of $465.00 a week.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that McGill had completed the preliminary design for the Sugar Hill Road water and sewer extension and identified locations for two needed wastewater pump stations. One pump station could likely be located on the large commercial development while the other would need to be located in a low spot on the east side of Sugar Hill Road at Meadow Lane (which is between the School Head Start Facility and Jack Frost). The City Manager stated there is a property at this location owned by NCDOT. The City Manager stated that, without objection, to keep this project moving, he would send a letter to NCDOT, requesting that the City purchase this property. Council members stated no objection to the City Manager's recommendation.

The City Manager advised that a news release was sent out to the media regarding the effort of the City, County and State to complete a Buck Creek Watershed Plan. The City Manager advised that the planning process was on-going and that he would update Council as the planning process continues. The plan will not cost the City any money and will develop ideas on how to provide better protections for our Buck Creek water supply and watershed and address competitive issues the City has at times with upstream agricultural water users on Buck Creek.

The City Manager advised that McGill has completed the design of the McDowell Avenue Street extension. He stated that a meeting had been held design. Public Works Director Chris Hollifield went over the proposed street design with Council, along with discussing the proposed schedule for the construction of the street by NCDOT. The City Manager advised that NCDOT apparently will not be able to pay for landscaping along the street; therefore, he and Mr. Hollifield would recommend that grass be planted at the current time and that tree planting be considered as a future Arbor Day project.

The City Manager advised that all needed easements and deeds had been signed for the Wastewater Improvements Project.

The City Manager stated that when the McDowell Avenue extension is opened, then the Clay Street railroad crossing will be closed by the City, using $29,000 to be paid by Norfolk Southern Railway.

Councilman Owenby stated that he feels a traffic signal may be necessary at the intersection of the new street and Oak Street.

The City Manager stated that the traffic signal at Clay and East Court Streets will not be necessary after the closing of the Clay Street railroad crossing and that perhaps that signal could be relocated to the McDowell Avenue/Oak Street intersection.

AA.00000308 (24)

The City Manager advised that inmate labor was used on March 17 to pick up trash in on City property on West Wilhemenia Street. The City has also begun an aggressive effort to have more police presence in this area, especially on weekend evenings, to combat loitering and littering issues.

The City Manager reported that a resident of West Wilhemenia Street, Mr. B.M. Walker, had requested a handicapped parking space in front of his house, since he needs to unload on the street. The City Manager stated that he and Councilman Martin had discussed the location and the fact that the house has a handicapped ramp which leads to the driveway. Therefore, Mr. Walker can park immediately off the street next to the driveway. Councilman Martin stated that the parking prohibition should not be changed. There was no action taken by Council regarding Mr. Walker's request.

The City Manager discussed the City's Federal Stimulus Funding water and sewer priorities with Council. After discussion, Council set the Hospital Pump Station replacement as a backup funding priority behind the Wastewater Improvements Project, as long as environmental need remained the main criteria. If economic development/job creation becomes a major criteria, Council authorized the City Manager to substitute the Sugar Hill Road water and sewer extension for the Hospital Pump Station replacement as a backup funding priority

COUNCILMAN COMMENTS:

Mayor Pro Tem Little stated that he recently attended the National League of Cities (NLC) Conference in Washington, D.C. He gave a brief overview of the conference and some of the session. Mayor Pro Tem Little passed out the legislative priorities of the NLC.

Councilman Edwards also reported on his attendance at the NLC Conference and some of the sessions he attended. He mentioned that he picked up a handout on economic development that featured the City of Marion.

Councilman Martin stated that he would like the Street Committee to look at the need for a sidewalk in front of the First United Methodist Church on Robert Street. The Street Committee agreed to look at this idea.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor Pro Tem

ATTEST:

J. Robert Boyette, City Manager

AA.000000309 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 7, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Eric Muecke and John Reese, North Carolina Division of Forest Resources Representatives; Kathy, Caroline & Meg Flowers, 215-2 North Garden Street, Marion, NC; Steve Brown, 350 South Garden Street, Marion, NC; Ellen Brown, 108 Carriage Station, Marion, NC; Charmaine Dawn and Jim Brady 754 Rutherford Road, Marion, NC.

CITIZEN OF THE MONTH – SELECTED BY MAYOR PRO TEM STEVE LITTLE:
Councilman Mayor Pro Tem Little selected the Citizen of the Month for April 2009.

KATHY BROWN FLOWERS

Mayor Pro Tem Little advised that Ms. Kathy Flowers is the daughter of Ellen Brown and the late Wilmer Brown. Ms. Flowers is the mother of Meg and Caroline Flowers and the grandmother of Will Flowers. Ms. Flowers has one brother, Steve Brown.

Ms. Flowers is a member of the First Baptist Church where she serves as a Deacon, is in the Adult Choir, has been in the Hand Bell Choir and is a member of the Day Care Board and the Fellowship Committee Member. She has also been a member of the Jr. Women's Club.

Mayor Pro Tem Little stated that you could always count on Kathy for whatever needed done. She is a compassionate caring person and is the epitome of enthusiasm.

Ms. Flowers has worked in a family owned business, the Ramble Rack, has had an accessory Business, opened a retail lady's clothing store in the downtown area called "One of a Kind" and worked for Dr. Christopher Nevant. She now works in sales at Tom Johnson Camping Center.

Mayor Pro Tem Little advised that Ms. Flowers had some serious health issues, involving a brain tumor, and had surgery four months ago. She is already back to her buoyant wonderful self.

Ms. Flowers has stayed in Marion and given much of herself to the community over the years.

Mayor Clark and Council Members all shared kind words about Ms. Kathy Brown Flowers and commended her for all she has given to the community through the years.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – March 24, 2009 Regular City Council Meeting

B. Approve Closure of Main Street for Car Show

AA.000000310 (24)

Approval was granted to Going Home Free Will Baptist Church/Rev. Jeff Duncan to close Main Street from Fort to Court Streets on Saturday, May 9, 2009 from 4:00 PM to 8:00 PM.

C. Adopt Resolution Directing the Clark to Investigate a Petition for Satellite Annexation – US 221 South/Riverview Holdings Property:

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-58.1 – RIVERVIEW HOLDING – U.S. 221 SOUTH - 2009

WHEREAS, a petition requesting annexation of an area described in said petition was received on March 30, 2009 by the City of Marion; and

WHEREAS, 160A-58.2 provides that the sufficiency of the petition shall be investigated by the City Clark before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the city Council of his investigation.

Adopted this the 7th day of April, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-04-07-1

PRESENTATION BY N.C. DIVISION OF FOREST RESOURCES OF TREE CITY USA 20 YEAR AWARD: Mr. Eric Muecke and Mr. John Reese, representatives of the N.C. Division of Forest Resources, were present for this meeting and presented Mayor Clark with a Tree City USA Flag, a Twenty Year Tree City USA Award and other items commemorating the City's 20th year as a Tree City USA.

Mr. Muecke stated that it is a pleasure to be here in Marion to present the 20th Year Tree City USA Award. Marion is one of 70 cities and towns in North Carolina and one of over 3,000 in the nation to receive this recognition.

Mr. Muecke reported that the Tree City USA began as a 1976 Bicentennial project co-sponsored by the National Association of State Foresters and USDA-Forest Service. The National League of Cities and the US Conference of Mayors are now co-sponsors as well.

The Tree City USA program is a partnership between the NC Division of Forest Resources and the National Arbor Day Foundation. Awards are presented annually to cities and towns that demonstrate a commitment to making their communities more livable by planting and caring for trees.

Mr. Muecke stated that Marion has once again met the four criteria for this award:

AA.00000311 (24)

1) A public tree ordinance, establishing policies for street and park trees.
2) A Tree Board and/or a city department responsible for the care and management of the community's trees.
3) A community forestry program with an annual expenditure of at least $2.00 per capita and that he was pleased to report that Marion spent over $33,096 last year for the planting and management of public trees, or about $4.53 per resident.
4) An annual Arbor Day observance and proclamation to celebrate trees and the many benefits they provide. Today's celebration meets this requirement for next year's award.

Mr. Muecke stated for a community forestry program to be effective, it takes support and commitment from the entire community. In Marion, the community forestry program thrives because of the combined dedication of the Tree Board members, the city staff, elected officials, business community, homeowners and all residents who take pride in improving the quality of life in Marion through environmental stewardship.

On behalf of the National Arbor Day Foundation and the NC Division of Forest Resources, Mr. Muecke stated that he was proud to present Marion with the award.

The Mayor and Council members thanked Mr. Meucke for the award and for his kind words, stating that the City's accomplishment could not have taken place without the efforts of the Tree Board.

Mr. Reese stated that it has been a pleasure to live in a town that has had vision over the last twenty years, and that he is looking forward to the next twenty years with City Council's backing.

PUBLIC APPEARANCE – MR. JOEL WILLIAMS – DISCUSS GREEN BUILDING INITIATIVE: Mr. Williams was not able to attend this meeting.

ADOPTION OF ANNEXATION ORDINANCES – 2009

ANNEXATION AREAS: The City Manager advised that with the completion of the annexation process for the 2009 Annexation Areas, he would recommend that Council adopt ordinances to annex the following areas, effective June 30, 2009 as follows:

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Eastfield Phase 4 area:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – EASTFIELD PHASE 4 AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and.

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

AA.00000312 (24)

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northern corner of Lot 6045 Block 40 on the McDowell County Tax Map 1712.18; thence following the eastern boundary of said Lot 6045 and Lots 6947, and 6950 Block 49 on the McDowell County Tax Map 1711.06 in a generally southerly direction approximately 255.52 feet to the southeast point of said Lot 6950; thence following the southern boundary of said Lot 6950 in a westerly direction 60 feet to a point on the southern boundary of said Lot 6950, said point also being the northeast corner of Lot 5797; thence following the eastern boundary of said Lot 5797 in a southerly direction 222.28 feet to a point, thence following the southern boundary of said Lot 5797 in a westerly direction 174.16 feet to the southwest corner of said Lot 5797, said point also being a point on the boundary of the current Marion Corporate Limits; thence following the Marion Corporate Limits in a northerly direction approximately 413 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 1,414 feet, of which 402 feet (or 28.43%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $0, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic sewer and water system of the City of Marion into the area to be annexed under this ordinance. (No water or sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2009.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 7th day of April, 2009.

A. Everette Clark, Mayor

AA.00000313 (24)

ATTEST: APPROVED AS TO FORM:

J. Robert Boyette, City Clerk City Attorney

Ordinance Number: O-09-04-07-1

STATE OF NORTH CAROLINA
COUNTY OF MCDOWELL

I, _____, Notary Public of McDowell County, North Carolina, do hereby certify that before me this day personally appeared J. Robert Boyette, who, after first being duly sworn, deposes and says that he is acquainted with A. Everette Clark, who is Mayor of the City of Marion, North Carolina, the corporation executing the foregoing Ordinance to Extend the Corporate Limits of the City of Marion, North Carolina, that he knows the common seal of the City of Marion and that he, the said J. Robert Boyette, Clerk of the City Council of the said City, that he saw the foregoing instrument signed in the name of said corporation by A. Everette Clark, Mayor, as aforesaid, that he saw the Mayor affix the common seal of the said corporation thereto, and that he, the said J. Robert Boyette, Clerk as aforesaid signed his name in attest action of execution thereof, all ordered by the City Council of the City of Marion, North Carolina, for purposes therein set forth,

WITNESS my hand this the _____ day of _____ 2009

(Seal)

_____
Notary Public

My Commission Expires: _____

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Eastfield Phase 5 area:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – EASTFIELD PHASE 5 AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northern corner of Lot 9159 Block 39 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 9159 in a southeasterly direction 229 feet to an eastern point of said Lot 9159; thence following the eastern boundary of said Lot 9159 and Lot 8965 Block 48 on the McDowell County Tax Map 1711.06 in a southerly direction approximately 315 feet to a point on the eastern boundary of said Lot 896, said point also being the northwest corner of Lot 9891 Block 48 on the McDowell County Tax Map 1711.06; thence following the northern boundary of said Lot 9891 in an easterly direction 42 feet to the northeast corner of said Lot 9891; thence following the eastern boundary of said Lot 9891 in a generally southerly direction 219 feet to the southeast corner of said Lot 989, said point also being the northern boundary of Tunnel Street (SR 1729); thence following the northern boundary of Tunnel Street (SR 1729) in an easterly direction approximately 90 feet to a point on said boundary of Tunnel Street (SR 1729); thence crossing Tunnel Street (SR 1729) in a

AA.000000314 (24)

southerly direction 50 feet to a point on the southern boundary of Tunnel Street (SR 1729), said point also being the northeast corner of Lot 0601 Block 48 on the McDowell County Tax Map 1711.06; thence following the eastern boundary of said Lot 0601 and Lots 9595, 0439, 0422, and 0313 Block 48 on the McDowell County Tax Map 1711.06 in a southerly direction 432 feet to a point at the southeast corner of Lot 0313, said point also being the boundary of the current Marion Corporate Limits; thence following the Marion Corporate Limits first in a westerly direction approximately 1212 feet, thence in a northerly direction approximately 756 feet; and thence in a generally easterly direction approximately1342 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 5,080 feet, of which 3,554 feet (or 69.96%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 68.89% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $16,039, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of the City of Marion into the area to be annexed under this ordinance. (No sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2009.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 7th day of April, 2009.

My Commission Expires: _____

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Highway 226 South/ITL Area:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – HIGHWAY 226 SOUTH/ITL AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the southwest corner of Lot 9743 Block 25 on McDowell County Tax Map 1720.01; thence following boundary of said Lot in a northeasterly direction 917 feet, said boundary also being the boundary of the current Marion Corporate Limits; thence following boundary of said Lot in a northwesterly direction 523 feet; thence following the boundary of said Lot in a southwesterly direction 870 feet; thence following the boundary of said Lot in a southeasterly direction 507 feet to a point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 3,175 feet, of which 2,640 feet (or 83.15%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

AA.00000316 (24)

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. All tracts in the area to be annexed are used for commercial, industrial, governmental, or institutional purposes.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $0, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of the City of Marion into the area to be annexed under this ordinance. (No water or sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2009.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 7th day of April, 2009.

AA.000000317 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Highway 221 North/Hankins Road Area:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – HIGHWAY 221 NORTH/HANKINS ROAD AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northeast corner of Lot 8500 Block 87 on McDowell County Tax Map 0792.00, said point also being a point on the current Marion Corporate Limits; thence following the boundary of the Marion Corporate Limits in an east and northeasterly direction approximately 1243 feet to a point at the intersection of the current Marion Corporate Limits and an eastern point of Lot 9202 Block 88 on the McDowell County Tax Map 0792.00; thence following the eastern boundary of said Lot 9202 in a northwesterly direction 206 feet to a point on the northeast corner of said Lot 9202, thence following the boundary of said Lot 9202 in a southerly direction 130 feet, thence following the boundary of said Lot 9202 in a northwesterly direction 146 feet to a point at the northwest corner of said Lot 9202, said point also being the eastern boundary of Hankins Road (SR 1501); thence crossing Hankins Road (SR 1501) in a straight line in a northwesterly direction 60 feet to a point on the western boundary of Hankins Road (SR 1501), said point also being a point on the eastern boundary of Lot 6412 Block 88 on the McDowell County Tax Map 0792.00; thence following the boundary of said Lot 6412 and Hankins Road (SR 1501) in a northerly direction approximately 80 feet to a point at the northeast corner of said Lot 6412, said point also being the southeast corner of Lot 7741 Block 88 on McDowell County Tax Map 0792.00, thence following the southern boundary of said Lot 7741 in a westerly direction 81 feet to a point at the southwest corner of said Lot 7741, thence following the western boundary of said Lot 7741 and Lot 7902 Block 88 on McDowell County Tax Map 0792.00 in a northerly direction 538 feet to a point at the northwest corner of said Lot 7902, said point also being the southern boundary of a private road; thence crossing said private road in a straight line in a northerly direction 20 feet to a point on the northern boundary of said private road, said point also being the boundary of the current Marion Corporate Limits; thence following the northern boundary of said private road and boundary of the Marion Corporate Limits in a northwesterly direction 196 feet to a point; thence crossing said private road in a strait line in a southerly direction 20 feet to a point on the southern boundary of the private road, said point also being the northwest corner of Lot 5711 Block 88 on McDowell County Tax Map 0792.00; thence following the western boundary of said Lot 5711 in a southerly direction 356 feet to a point, said point also being the eastern boundary of U.S. Highway 221 Business Extension; thence crossing U.S. Highway 221 Business Extension in a southerly direction approximately 90 feet to a point, said point being at the intersection of the western boundary of U.S. Highway 221 Business Extension and the eastern boundary of U.S. Highway 221 Bypass; thence following the eastern boundary of U.S. Highway 221 Bypass in a southern direction 491 feet to a point on said boundary of U.S. Highway 221 Bypass, said point also being on the western boundary of U.S. Highway 221 Business and the southwest corner of Lot 5060 Block 88 on McDowell County Tax Map 0792.00, thence crossing U.S. Highway 221 Business in a southerly direction approximately 165 feet to a point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

AA.00000318 (24)

The aggregate external boundary line of the area to be annexed is 4,279 feet, of which 1,334 feet (or 31.18%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 87.50% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $0, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of the City of Marion into the area to be annexed under this ordinance. (No water or sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2009.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 7th day of April, 2009.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Yancey Road Area:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – YANCEY ROAD AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northwest corner of Lot 2351 Block 71 on McDowell County Tax Map 1702.19; thence following the boundary of said Lot 2351 in an easterly direction 280 feet to a point, thence following the boundary of said Lot 2351 in a southerly direction 200 feet to a point at the southeast corner of said Lot 2351, said point also being on the northern boundary of Yancey Road; thence following the northern boundary of Yancey Road in an easterly direction approximately 292 feet; thence crossing Yancey Road in a southerly direction 40 feet to a point; said point being the southern boundary of Yancey Road and the northeast corner of Lot 9102 Block 71 on the McDowell County Tax Map 1702.20; thence following the eastern boundary of said Lot 6102 in a southerly direction 245 feet to a point at the southeast corner of said Lot 6102; thence following the southern boundary of said Lot 6102 and Lots 4024 and 3034 Block 70 on McDowell County Tax Map 1702.19 in a generally westerly direction 375 feet to a point, said point being the current Marion Corporate Limits; thence following the Marion Corporate Limits in a northerly direction approximately 680 feet to a point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 2,182 feet, of which 650 feet (or 29.79%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the City Limits to include the Virginia Road Area:

AA.00000321 (24)

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – VIRGINIA ROAD AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the southwest corner of Lot 8276 Block 92 on McDowell County Tax Map 1702.20, said point also being the current Marion Corporate Limit; thence following the eastern boundary of said Lot 8276 first in a northwesterly direction 301 feet, thence in a east-northeasterly direction 123 feet, thence in a southerly direction 98 feet, and finally in an easterly direction 200 feet to a point at the eastern corner of said Lot 8276, said corner also being the western boundary of Hill Street, thence crossing Hill Street in an easterly direction 40 feet to a point on the eastern boundary of Hill Street, said point also being on the western boundary of Lot 0568 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 0568 in a southerly direction 25 feet to a point at the southwest corner of Lot 0568, said point also being the northwest corner of Lot 1335 Block 02 on McDowell County Tax Map 1712.17; thence following the northern boundary of said Lot 1335 and Lot 2309 Block 02 on McDowell County Tax Map 1712.17 in an easterly direction 169 feet to a point at the northeast corner of Lot 2309, said point also being on the western boundary of Lot 1695 Block 02 on McDowell County Tax Map 1712.13, thence following the western boundary of said Lot 1695 in a northerly direction 407.5 feet to a point at the northwest corner of Lot 1695; thence following the northern boundary of said Lot 1695 in an easterly direction 211 feet to a point at the northeast corner of said Lot 1695; thence following the eastern boundary of said Lot 1695 in a southerly direction 518 feet to a point at the southeast corner of said Lot 1695, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Virginia Avenue; thence crossing Virginia Avenue in an easterly direction 40 feet to a point on the eastern boundary of Virginia Avenue, said point also being the southwest corner of Lot 4534 Block 02 on McDowell County Tax Map 1712.13; thence following the western boundary of said Lot 4534 in a northerly direction 223 feet to a point at the northwest corner of said Lot 4534, thence following the northern boundary of said Lot 4534 and Lot 5503 Block 02 on McDowell County Tax Map 1712.13 in an easterly direction 146 feet to a point at the northeast corner of Lot 5503, thence following the eastern boundary of said Lot 5503 in a southerly direction 164.2 feet to a point at the southeast corner of said Lot 5503, said point also being on the boundary of the current Marion Corporate Limits and the western Boundary of Forsyth Street; thence crossing Forsyth Street in an easterly direction 30 feet to a point on the eastern boundary of Forsyth Street, said point also being the southwest corner of Lot 0923 Block 02 on McDowell County Tax Map 1712.13; thence following the southern boundary of said Lot 0923 in an easterly direction 68 feet to a point at the southeast corner of said Lot 0923, said point also being the southwest corner of Lot 6461 Block 02 on McDowell County Tax Map 1712.17; thence following the western boundary of said Lot 6461 in a northerly direction approximately 100 feet to a point on the western boundary of said Lot 646, said point being a western corner of Lot 7425 Block 02 on McDowell County Tax Map 1712.17; thence following the boundary of Lot 7425 first in a westerly direction 9 feet, thence in a northerly direction 20 feet, thence in a northeasterly direction 84, thence in a southeasterly direction 97 feet to a point at the southeast corner of said Lot 7425, said point also being the current Marion Corporate Limits; thence following the Marion Corporate Limits in a generally westerly direction approximately 1095 feet back to a point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun.

AA.00000322 (24)

The aggregate external boundary line of the area to be annexed is 4,107 feet, of which 1,024 feet (or 24.93%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 66.67% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $0, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of the City of Marion into the area to be annexed under this ordinance. (No water or sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2009.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 7th day of April, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

APPROVED AS TO FORM:

City Attorney

Ordinance Number: O-09-04-07-6

STATE OF NORTH CAROLINA
COUNTY OF MCDOWELL

I, _____, Notary Public of McDowell County, North Carolina, do hereby certify that before me this day personally appeared J. Robert Boyette, who, after first being duly sworn, deposes and says that he is acquainted with A. Everette Clark, who is Mayor of the City of Marion, North Carolina, the corporation executing the foregoing Ordinance to Extend the Corporate Limits of the City of Marion, North Carolina, that he knows the common seal of the City of Marion and that he, the said J. Robert Boyette, Clerk of the City Council of the said City, that he saw the foregoing instrument signed in the name of said corporation by A. Everette Clark, Mayor, as aforesaid, that he saw the Mayor affix the common seal of the said corporation thereto, and that he, the said J. Robert Boyette, Clerk as aforesaid signed his name in attest action of execution thereof, all ordered by the City Council of the City of Marion, North Carolina, for purposes therein set forth,

AA.000000323 (24)

WITNESS my hand this the _____ day of _____ 2009

(Seal)

_____
Notary Public

My Commission Expires: _____

PUBLIC COMMENT PERIOD: There were no unscheduled citizens in attendance to speak to Council.

APPROVE SUBMISSION OF FEDERAL JUSTICE ASSISTANCE GRANT: The City Manager advised that as previously reported, the Federal government earmarked $19,177 in Justice Assistance Grant (JAG) funding for the City. This funding can be used for a variety of purposes, including the purchase of equipment, funding for new hires and job retention. The City Manager stated that he had directed the Police Chief to prepare a JAG grant application to retain one police officer that otherwise would have to be laid off, given the City's financial condition. A summary of the grant application was presented to Council for their review.

The City Manager advised that the grant application does not require a public hearing, but does require Council to review and approve the grant application at a public meeting at least 30 days before the grant deadline of May 18 and to receive citizen comments.

The City Manager stated that he would recommend approval of the JAG grant application by Council so that the grant request can be submitted.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to approve the JAG Grant Application in the amount of $19,177, for the purpose of retaining one police officer, as submitted.

CONSIDER APPROVAL OF ORDINANCE REVISING PLANNING AND INSPECTIONS FEES: The City Manager stated that last June, Council approved an ordinance revising the City's Planning and Inspections fees. This ordinance established a $30.00 permit for zoning compliance permits that do not require building permits. The City Manager noted that the City has issued zoning permits for many years as a means of ensuring zoning compliance. The idea behind charging for the permits was to provide some revenues to offset staff time spent reviewing site plans and checking for zoning compliance. The City Manager reported that staff does not charge for such permits when there is no change in use, but only when there is a change in use or something that would trigger different zoning requirements that need review. No additional charge is made for a zoning permit when a building permit was required.

The City Manager advised that Mayor Clark has suggested that the City should not charge for zoning permits.

The City Manager presented Council with a draft Planning and Inspections Fee Ordinance that would eliminate the charge for such permits. The last sentence of Section 1, establishing a fee for zoning compliance permits, is struck through and proposed for deletion.

The City Manager advised that Planning and Development Director Heather Cotton checked in mid March to see what other cities and counties charge for zoning compliance permits and came up with a list of charges ranging from $5.00 to $250.00.

The City Manager stated that he would offer that the zoning compliance permits are needed to ensure zoning compliance and to allow the City to catch problems before they arise and that Council certainly has the authority to determine if and how much should be charged for such permits.

AA.000000324 (24)

Councilman Owenby stated that he felt that a small charge could be justified for review of certain permits, to offset staff time.

Mayor Clark stated that the amount charged is not an issue; the point is that if someone is occupying a building and moves out, and someone else moves into the building, he feels that any charge is a hindrance to business development and recruitment. Mayor Clark stated that he understands that a building permit is necessary; however, he feels that this is more than what we should be doing to our citizens and feels that there should not be a charge for this type of permit.

Councilman Cuthbertson asked how much staff time is spent on such permits and what triggered zoning compliance permits.

The City Manager stated that at times the amount of staff time needed to review zoning compliance permits can be minimal and explained situations that would trigger the issuance of a zoning compliance permit.

Mr. Jim Brady of Rutherford Road was present for the discussion and advised that he thought that a small charge was reasonable to offset staff time required to review zoning compliance permits.

Mayor Clark stated that people are having a hard enough time going into business and the City needs to help such people as much as possible, not make it harder on them.

The City Manager stated that if the charge for zoning compliance permits is eliminated, the City will still issue such permits, but there would just not be a charge for it.

Mayor Clark stated that he was fine with issuing the permits as long as there is no charge.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted to adopt the following ordinance to delete the charge for zoning compliance permits:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND INSPECTIONS DEPARTMENT AND FIRE INSPECTIONS

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. CERTIFICATE OF OCCUPANCY/COMPLIANCE. The City of Marion shall charge a $60.00 fee for a certificate of occupancy (C.O.) for a change of use for a building, land, or structure in the City of Marion if a building permit is required. The fee for the certificate of occupancy can be credited to the building permit. This fee includes Zoning and Building Code review as well as an initial and final inspection.

SECTION 2. SIGN PERMITS. This section shall apply to all signs regulated pursuant of Section 706 *Signs, billboards and other advertising structures* of Appendix A *Zoning* of the Code of the City of Marion.

On Premise Signs. The permit fee for an on-premise sign that is twenty-four (24) square feet or less that does not require a footing and/or an electrical inspection shall be $30.00 plus $1.00 for each additional square foot over 24 square feet. An on-premise sign that is twenty-four (24) square feet or less that does require a footing and/or an electrical inspection shall be $60.00 plus $1.00 for each additional square foot over 24 square feet. The fee for a temporary two (2) week spectacular sign or directional sign permit and all other thirty (30) day temporary sign permits shall be $20.00. No fee shall be charged for a temporary sign permit for non-profit organizations with offices or locations within the City Limits.

Off-Premise Signs. The initial fee for an off-premise sign permit shall be $250.00 plus $1.00 for each additional square foot over one hundred square feet. The fee shall include footing and/or an electrical inspection. An annual renewal fee shall be charged for all off-premise advertising signs. Failure to renew an off-premise sign shall result in a revocation of permit. The annual off-premise sign fee will be as follows:

OFF-PREMISE SIGN FEE SCHEDULE	
Sign Face	**Annual Renewal Fee**
0-100 square feet	$125.00
101-200 square feet	$125.00 + $0.25 per square foot

AA.00000325 (24)

201-300 square feet	$125.00 + $0.50 per square foot

SECTION 3. FEES FOR APPLICATION TO THE BOARD OF ADJUSTMENT, PLANNING COMMISSION AND CITY COUNCIL. A fee of $200.00 will be charged for each application processed through the Planning and Inspections Department that requires action by the Board of Adjusiment, Planning Commission and/or City Council excluding cell tower applications and subdivision review applications. This fee includes administrative processing, staff analysis, advertising, and public notice.

SECTION 4. CELL TOWERS. A Cell tower permit application fee shall be $2,500.

SECTION 5. SUBDIVISION REVIEW. The following fees shall apply to subdivision review applications.

SUBDIVISION REVIEW FEE SCHEDULE	
Review Process	**Application Fee**
Sketch Plan/Preliminary Plat	$100.00
Final Minor Subdivision Plat	$50.00
Final Major Subdivision Plat	$200.00 + $2.00 per lot

SECTION 6. GIS MAPS. The following fees shall apply for the production of a city map.

GIS MAP PRODUCTION FEES			
Size	**Black and White**	**Color**	**Aerial**
8.5" x 11"	$2.00	$4.00	$6.00
11" x 17"	$6.00	$8.00	$14.00
17" x 22"	$8.00	$10.00	$20.00
22" x 34"	$12.00	$16.00	$32.00
34" x 44"	$16.00	$24.00	$48.00

SECTION 7. COPIES OF CITY CODE AND ORDINANCES. The following fees shall apply for requested copies of the Zoning Regulations, Subdivision Regulations, and all other sections of the Code and Ordinances:

DOCUMENT REPRODUCTION FEES	
Document	**Fee**
City Code Chapter 21 Zoning	$15.00
City Code Chapter 16 Subdivision	$10.00
Sections of Code & Ordinances	$0.20 per page
City Code on CD	$5.00

SECTION 8. BUILDING PERMITS. Building permit fees for all new buildings and additions to existing buildings constructed in the City of Marion will be based on the total number of square feet in the building, addition or structure by using the permit chart below. There will be a minimum fee of $60.00 per trade. Dwelling units in a multi-family structure are calculated individually. Building permit fees includes plan review for zoning compliance.

Building permit fees shall be determined by using the following formula:
A x B = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 9. HOMEOWNERS RECOVERY FUND: The City shall charge all licensed general contractors a $10.00 fee for the construction and/or alteration of a single-family residential dwelling unit, including townhouses and condominiums. The fee will be collected for each dwelling unit and will be in addition to the City's regular building permit. The City will forward $4.00 of each fee collected to the North Carolina Licensing Board for General Contractors. (G.S. 87-15.6)

AA.0000000326 (24)

SECTION 10. RENOVATION TO EXISTING BUILDINGS. Renovation and/or alteration permits will be required for renovation to existing buildings, and for enclosing porches or carports, installing or removing structural supports. Building permit fees will be based on the Permit Chart with a minimum fee per trade of $60.00.

Building permit fees shall be determined by using the following formula:
A x B x 0.50 = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 11. ELECTRICAL INSPECTIONS. Fees for electrical inspections shall be determined by the Permit Chart.

SECTION 12. PLUMBING INSPECTIONS. Fees for plumbing inspections shall be determined by the Permit Chart.

SECTION 13. MECHANICAL INSPECTIONS. Fees for mechanical inspections shall be determined by the Permit Chart.

PERMIT CHART:

SECTION 14. MANUFACTURED HOMES. The permit fee for a manufactured home shall be $150.00. The mobile home permit will include all trades. Modular home fees shall not be considered a manufactured home.

SECTION 15. MISCELLANEOUS INSPECTIONS. Fees for miscellaneous inspections will be as follows:

AA.00000327 (24)

MISCELLANEOUS INSPECTION PERMITS	
Inspection Type	**Fee**
Fuel Storage Tank	$60.00
Swimming Pools	$60.00
Insulation	$60.00
Demolition	$60.00
Other Required Inspection	$60.00
Return Inspection	$60.00

Section 16. WORK WITHOUT PERMIT. The City of Marion shall charge a penalty double the standard permit fee for all activities requiring a zoning or building permit and/or inspection.

Section 17. This ordinance shall become effective upon its adoption.

Adopted this 7th day of April, 2009.

A. Everette Clark
Mayor

ATTEST:
J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-09-04-07-7

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager stated that he sent a letter to the Federal Surface Transportation Board, asking for a six month extension in the City's negotiating period with Norfolk Southern (NS) regarding the possible acquisition of the old Peavine Rail Line. The City Manager stated that he had subsequently spoken with Mr. George Meade of NS and been asked for the City's latest offer. The City Manager stated that he told Mr. Meade that the City was not in the financial position to offer anything but good will, the opportunity for positive publicity for NS and a tax deduction.

The Mayor and Council agreed by consensus for the City Manager to communicate again to NS that the City could not offer any money for the Peavine right of way.

The City Manager presented Council with information on the $2 million investment the Golden Leaf Foundation will make in McDowell County later this summer. He also presented Council with a list of projects that had been developed last year that could be eligible for funding, depending on the community process, and asked for Council direction regarding whether any of the priorities should be changed, beyond promoting the Sugar Hill Road Water and Sewer Extension, the Catawba River Greenway and MACA building renovations as top projects, in conjunction with other agencies.

Mayor Pro Tem Steve Little stated that he still feels that the City, the County, the School System and the Town of Old Fort should split the money equally, with the City getting one-fourth of the $2 million investment.

The City Manager stated that the City continues to work with the Sugar Hill Road commercial developer and hopes to receive confirmation in the near future regarding the development the business or businesses to locate in the commercial center.

The City Manager stated that he hoped to receive any day now confirmation from WLOS and UNC-TV that they will pay the City' site planning, surveying and appraisal expenses required by

AA.00000328 (24)

the State before the City incurs any such expenses as part of the effort to keep the towers on Mt. Ida.

The City Manager stated that DOT hopes to begin on the McDowell Avenue Street Extension in May. DOT suggested that the removal of the Clay Street traffic signal be requested by the City as part of this project, since the McDowell Avenue/East Court Street intersection will be fully signalized. The City Manager stated that the idea of a traffic signal at the McDowell Avenue/Oak Street intersection had been suggested and that DOT was willing to give the City the signal equipment from this intersection, upon removal.

The City Manager stated that the City would need to send a letter requesting the removal of the East Court Street/Clay Street traffic signal upon completion of the McDowell Avenue street extension, and also requesting the donation of the signal equipment. Council stated no objections to the City Manager sending such a request.

Mayor Pro Tem Little stated that he feels that the City should first start out without a signal at the McDowell Avenue/Oak Street intersection and see if a signal is needed.

The City Manager stated that plans had been finalized for the Farmer's Market permanent structure, to be located in the City's West Henderson Street parking lot. The City Manager advised that the City's $30,000 share of the materials cost had been reduced to $15,000, with the pledge of $15,000 of funding by the McDowell County Farm Bureau. The City Manager stated that he and Marion Business Association Executive Director Freddie Killough had made several contacts for funding, which could result in $10,000-$15,000 being raised. The City Manager stated that inmate labor could begin the construction on May 4 and asked Council whether it wished to wait until all funding was received to start the construction.

Councilman Owenby stated that the City should ask the county for a donation since County residents will be utilizing the facility as well as City residents.

Councilman Edwards advised that the State and Federal governments are reportedly strengthening regulations regarding the sale of farm products and may make it harder for farmers to raise and sell food products.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to start construction of the Farmer's Market structure in May, as the fundraising effort continues. It was agreed that additional N.C. STEP grant funds could be dedicated to the project, if fundraising falls short.

It was the consensus of Council that the City Manager should ask McDowell County for a $5,000 contribution to the Farmer's Market structure.

The City Manager advised that Council had previously discussed honoring one of its most famous natives, University of North Carolina basketball coach Roy Williams. The City Manager asked for Council's opinion about a private fundraising effort to fund the placement of a historical marker near City Hall to honor Coach Williams and mark his birthplace, in the former Marion General Hospital on James Drive.

Mayor Clark stated that it would be proper to obtain the permission of Coach Williams for such a marker. Councilman Edwards suggested that Judge Bob Hunter be contacted for advice on how to obtain such permission from Coach Williams, as he is a member of the Ram's Club at the University of North Carolina at Chapel Hill.
Council agreed by consensus for the City Manager to talk to Judge Hunter about this idea and to draft a letter from the Mayor and City Council to Coach Williams, congratulating him on winning his second National Championship at the University of North Carolina the evening before.

AA.00000329 (24)

COUNCILMAN COMMENTS:

Councilman Martin if any information pertaining to the recommendation of the ABC Board for a second store had been received.

The City Manager stated that no information had been received to date, but that he would contact ABC Board Chairman Jim Isaacs to determine the status of the recommendation and then would advise Council.

Councilman Cuthbertson advised that the Street Committee needs to meet to review the idea of a sidewalk in front of First United Methodist Church on Robert Street, as had been suggested at the April 7 City Council meeting.

It was agreed that the Street Committee will meet on Friday, April 17 at 11:00 a.m. to review this request.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 21, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

Councilman Mike Edwards arrived for this meeting during the presentation of the Bridge Inspection Report.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director.

GUESTS PRESENT: Mr. R. K. Hawkins 527 East Oak Street, Marion, NC.

CONSENT AGENDA: Upon a motion by Owenby, seconded by Councilman Cuthbertson, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – April 7, 2009 Regular City Council Meeting Minutes

B. Receive Certificate of Sufficiency – Riverview Holdings/US 221 South Satellite Annexation Request

CERTIFICATE OF SUFFICIENCY
RIVERVIEW HOLDINGS/HAMPTON INN/US 221 SOUTH
SATELLITE ANNEXATION"

To the City Council of the city of Marion:

I, J. Robert Boyette, City Clark, do hereby certify that I have Investigated the petition attached herein and have found as a fact that said petition is singed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-58.1.

In witness whereof, I have here unto set my hand and affixed the seal of the City of Marion this the 8th day of April, 2009.

(Seal)

J. Robert Boyette, City Clerk

C. Approve Resolution Fixing the Date of Public Hearing on the Question of Annexation – Riverview holding/US 221 South Satellite Annexation Request

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
SUPER 8 MOTEL/US 221 SOUTH

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Super 8 Annexation Territory located at 4281 NC 221 South and having the PIN 1710.03.21-3345, as adopted by City Council on March 24, 2009 Ordinance Number O-09-03-24-1, zoning the area as C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

AA.00000331 (24)

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on April 2, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 21st day of April 2009.

A. Everette Clark
Mayor

Ordinance Number: O-09-04-21-4

D. Approve Resolution Opposing Senate Bill 1004 and House Bill 1252 to Prohibit Local Governments from Providing High Speed Broadband Services

RESOLUTION OF THE CITY OF MARION
AGAINST SENATE BILL 1004 and HOUSE BILL 1252
Level Playing Field Act

WHEREAS, Senate Bill 1004 and House Bill 1252, *The Level Playing Field Act*, have been introduced in the 2009 Session of the General Assembly of North Carolina, and referred to the Senate Commerce Committee and House Committee on Science and Technology, respectively; and

WHEREAS, these bills do not provide a "level playing field" to cities, towns and counties, but greatly hinder local governments from providing needed communications services, especially advanced high-speed broadband services, in underserved areas; and

WHEREAS, the bills do not provide a "level playing field," but instead impose numerous obligations on cities and towns that private broadband companies do not have to meet; and

WHEREAS, private companies, despite having received favorable regulatory and tax treatment to enable broadband investment, have chosen to avoid the financial commitment necessary to provide top quality services, instead offering lesser quality, slow non-state-of-the-art infrastructure technologies that are not even available to all residents; and

WHEREAS, while private companies declare top quality service is cost-prohibitive in our country, the United States continues to lose ground to other nations in broadband access, cost and growth in number of users, falling behind the United Kingdom, Korea, France, Japan and Canada to name a few, and Japan has internet access that is at least 500 times faster than what is considered high-speed in the United States and at less cost; and

WHEREAS, the U.S. Congress provided funds in the American Recovery and Reinvestment Act (federal stimulus) to reverse our county's catastrophic broadband decline by making local and state governments, and not private communication companies, directly eligible for $4.7 billion in federal grants to provide affordable access to high capacity broadband services in unserved and underserved areas; and

WHEREAS, the bills would prohibit North Carolina cities and towns from using federal grant funds to deploy or operate locally-owned or operated broadband systems, thereby denying N.C. residents access to billions of dollars of federal assistance available to the rest of the country and hindering employment opportunities; and

WHEREAS, deployment of true high-speed broadband internet is a new public utility vital to the future economic development, educational outreach, and community growth in North Carolina necessary to replace lost textile, tobacco, furniture and manufacturing jobs; and

WHEREAS, the General Assembly has already established 1) statutory provisions for Public Enterprises (NCGS Chapter 160A, Article 16); 2) conservation finance provisions in the Budget and Fiscal Control Act (NCGS Chapter, 159 Article 3); and 3)oversight by the Local Government Commission (NCGS Chapter, Article 2) and a local government must comply with all of those requirements in order to undertake providing an enterprise service to its community; and

WHEREAS, the bills are counter to the Local Development Act of 1925 in NCGS Chapter 158 that allows local governments to aid and encourage economic development in communities throughout North Carolina; and

WHEREAS, North Carolina law has long permitted local governments to engage in public enterprises and there is no justification for treating communications enterprises differently from other public enterprises that are essential for a sound economy; and

WHEREAS, historically it was government that funded much of the current corporate telecommunications infrastructure in the United States and government paid for and developed the Internet; and

WHEREAS, there are telecommunications designers, equipment manufacturers and suppliers in North Carolina who will be negatively affected if local governments are not allowed to provide needed communications services, meaning that North Carolina will stand to lose more jobs by not investing in top-quality broadband infrastructure than it will lose due to government provision of such services; and

WHEREAS, many for-profit companies with operations in North Carolina joined our local governments in opposing these bills;

NOW THEREFORE BE IT RESOLVED that the City Council of the City of Marion opposes Senate Bill 1004 and House Bill 1252 and urges all members of the North Carolina General Assembly to vote "no" in committee and, if necessary, on the floor of the General Assembly.

ADOPTED this the 21st day of April, 2009.

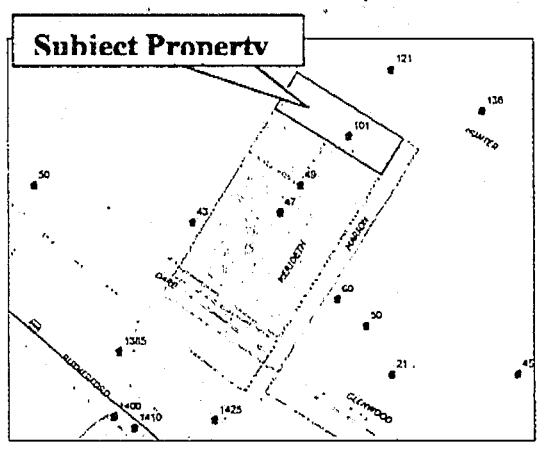
Resolution Number: R-09-04-21-2

E. Approve Closure of Main Street for Memorial Day Services



The City Council approved the request of Mr. Frank Dean to close Main Street between Court and Henderson Streets on the afternoon of Sunday, May 24 for a Memorial Day Service on the Courthouse lawn.

PUBLIC HEARING – ASSIGN ZONING TO MARION STREET/WHITE PROPERTY ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on February 17, 2009, City Council adopted Ordinance No. O-09-02-17-3 extending the corporate limits of Marion to include Marion Street – White Property Annexation Area located at 101 Marion Street and having the PIN No. 1711.13-23-2863. The annexation became effective on February 28, 2009.

Ms. Cotton stated that the purpose of this ordinance is to assign a zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the annexation area is most compatible with Section 21-203 *R-2 General Residential Zoning District*. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes.

AA.000000333 (24)

Ms. Cotton reported that thee area 

includes one lot with a single-family residence. The property is contiguous to an existing R-2 General Residential Zoning District, and is compatible with similar uses on Marion Street that are located outside the city limits.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on April 2 to recommend that the property be zoned R-2 General Residential.

There were no citizens present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to adopt the following ordinance assigning R-2 General Residential zoning to the Marion Street – White Property Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
MARION STREET – WHITE PROPERTY

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Marion Street - White Property Annexation Territory located at 101 Marion St. and having the PIN O-09-02-17-3, as adopted by City Council on February 17, 2009 Ordinance Number O-09-02-17-3, zoning the area as R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on April 2, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 21st day of April 2009.

PUBLIC HEARING – ASSIGN ZONING TO SUGAR HILL ROAD/GILLANI PROPERTY ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on February 17, 2009, City Council adopted Ordinance No. O-09-02-17-1 extending the corporate limits of Marion to include the Gillani property located at 2815 Sugar Hill Road. The annexation became effective on February 28, 2009.

Ms. Cotton stated that the purpose of this ordinance is to assign a zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on the Marion City Code, the annexation area is most compatible with Section 21-205 *C-2 General Business Zoning District.* The C-2 General Business Zoning District is established as a district where the principal use of land is for commercial purposes.

Ms. Cotton stated that the area includes one lot with a convenience store and gas station. The property is not contiguous to an existing C-2 General Business Zoning District, but is in close proximity to similar uses located outside the city limits.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on April 2 to recommend that the property be zoned C-2 General Business.

There were no citizens present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Owenby, seconded Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance assigning C-2 General Business zoning to the Sugar Hill Road/Gillani Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
GILLANI / SUGAR HILL ROAD

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Gillani/Sugar Hill Road Annexation Territory located at 2815 Sugar Hill Road and having the PIN0790.04-94-0754, as adopted by City Council on February 17, 2009 Ordinance Number O-09-02-17-1, zoning the area to C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on April 2, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

REQUEST FOR USE FOR DEPOT – MCDOWELL TOURISM DEVELOPMENT AUTHORITY: The City Manager presented Council with a letter from Ms. Carol Price, Executive Director of the McDowell Tourism Development Authority (TDA), requesting a discounted rate for the rental of the Marion Depot on June 27, 2009.

Ms. Price's letter stated that the Blue Ridge National Heritage Area approved the TDA's $7,500 matching grant request to produce an oral history of McDowell County. The project creates a multi-faceted body of work, which not only results in tourism promotion, but also provides a permanent, public record to be shared with residents and other non-profit organizations. Family members will be able to re-visit their relatives as they recount personal stories surrounding the development of Marion and McDowell by accessing local library copies.

The letter further stated that non-profit organizations will have unlimited access to the project records. A new website, created solely for this project, is the public delivery mechanism and includes non-profit access. An organization will request to use these records then be given a pass code allowing them the ability to download any archived video or audio file.

The letter stated that the TDA has established a recording schedule beginning April 25 and ending October 10. Audio recordings will be made at area festivals including Pioneer day, the Honey Bee Arts & Crafts Festival and both county fall festivals. Video records will be made in June. The TDA has rented the Old Fort Depot for this purpose, will video local historians at the Historic Carson House and would like to reserve the Marion Depot for June 27, if a discounted rental rate can be provided.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to deny the request from the McDowell Tourism Development Authority for a discounted rate for use of the Marion Depot on June 27, to be consistent with past City Council decisions denying requests from governmental and non-profit agencies for free use or a reduced rate for rental of City facilities, and to avoid setting a precedent for such requests in the future.

Bridge Replacement Costs

- DOT TIP program vs. private contractor
  - DOT TIP program is 80/20 cost share
  - DOT engineered bridge/box culvert cost
    - ~ $600,000 – City's share $120,000
    - TIP "usually" a 4 year timeframe
    - Top of the range bridge should last 100+ years
  - Private contractor bridge/box culvert cost
    - ~ $100,000
    - Cheaper option
    - Less than top of range, but could last 50+ years

City of Marion, Public Works Department

Councilman Edwards arrived during the discussion of this item.

The City Manager stated that City staff asked the inspector about the remaining life of this 51 year old Claremont Avenue bridge. The inspector stressed that the bridge is not in danger of collapse and could last another 5-10 years, due to the lack of heavy truck traffic crossing the bridge. He noted that the City had worked with local bridge builder Ford Miller to build a bridge off of Highway 226 South for far less expense than quoted by DOT a few years ago.

Mayor Pro Tem Little stated that the $600,000 cost quoted by the DOT inspector was outrageous and represented overkill for such a small bridge.

Councilman Cuthbertson stated that a culvert should be constructed over the creek instead of a bridge so that no inspections would be needed in the future. He added that the City had constructed culverts at other locations downstream over Young's Fork.

Mayor Clark suggested that the City contact a private contractor, such as Mr. Ford Miller, to look at the bridge and to provide a quote for a new bridge or for a culvert in place of a bridge.

The City Manager suggested that Mr. Miller also be consulted to see if repairs could be made to the existing bridge, to buy a few more years of life, as the City had done in the early 1990's.

After brief discussion, Council directed that the City Manager seek estimates from a private contractor for several options regarding the Claremont Avenue bridge, including a new bridge, a culvert and repairs to the existing bridge. The City Manager stressed again that the bridge was not in danger of collapse and had several years of life remaining according to the bridge inspector. He stated that he would bring the cost estimates back to Council for review at a future meeting.

CONSIDER ADOPTION OF RESOLUTION AUTHORIZING THE SALE OF CITY PROPERTY ON WEST WILHEMENIA STREET BY NEGOTIATED OFFER AND UPSET BID: The City Manager advised that Mr. Calvin Little of Asheville submitted a bid to purchase the 0.32 acre property owned by the City on West Wilhemenia Street for $2,000.

For information, The City Manager presented Council with a map showing the property and a copy of the tax card for the property. The City Manager stated that, if Council wished to accept the offer of Mr. Little, action was needed to adopt a resolution, in which case the City would publish notice of Council's acceptance of the offer and allow the public ten days to submit an upset bid. The City Manager added that Council could also reject the offer or make a counteroffer. The City Manager noted that Council accepted $2,500 from Mr. Kendrick Swepson for the purchase of a slightly smaller parcel on West Grayson Street.

AA.00000342 (24)

Councilman Cuthbertson stated that, if the property is worth more than $2,000, someone will submit an upset bid. He added that the sale of the property would put the property back on the tax rolls. Councilman Martin stated that he agreed with these points. Mayor Clark added that it would be good for the City to sell the property so that City staff would not have to maintain it.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to adopt the following Resolution accepting the offer of Mr. Calvin Little to purchase the City owned property on West Wilhemenia Street for $2,000, subject to publication and upset bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Calvin Little has submitted a bid in the amount of $2,000 for the purchase of approximately 0.32 acres of property owned by the City of Marion located on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385) that is approximately 0.32 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Calvin Little to purchase the above described property for $2,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. Calvin Little of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,000.

Adopted this the 21st day of April, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-04-21-3

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the annual City Open House for the Third Graders across the County is scheduled for Friday, May 1. He stated that Debi Sherlin had confirmed that Old Fort Elementary would not be participating. The local home school group has asked to participate this year and will be placed on the schedule in place of Old Fort Elementary.

The City Manager advised that DOT would begin work on the McDowell Avenue Street Extension in June. The City Manager stated that he would advise when a schedule is set.

AA.000000343 (24)

The City Manager advised that the County continues to study the proposal made for the City to sell water to the County's Nebo water system at a bulk rate through the master meter on Highway 70 East. He stated that the proposal was discussed at the April 16 Joint Utility Committee meeting and that the County asked for a discount for water used for flushing in the Nebo water system.

Mayor Pro Tem Little stated that he would be in favor of discounting the water for fire fighting purposes but nothing more.

Mayor Clark that that the meters on the Nebo line are owned by the City and that the City should remove the radio transponders on the Nebo water system if the County accepts the City's offer for the County to assume full operations of the Nebo water system.

A discussion was held regarding Council formally approving an offer for the County to assume full operations of the Nebo water system.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously that a proposal be made to McDowell County regarding the Nebo water system, as follows:

1. The City proposes to sell water to McDowell County for the Nebo Water System at the City's inside water rate (currently $1.90 per 1,000 gallons plus a small service charge per month). The rate and service fee charged would change as the City's inside water rates and fees are adjusted.

2. The City proposes to bill the County for all water passing through the master meter located at the intersection of US Highway 70 and NC Highway 126. An adjustment would be made for water used for firefighting purposes involving putting out fires, but not to include fire training purposes, the washing of fire vehicles or filling swimming pools out of fire trucks.

3. The City proposed to transfer City water customers located to the east of the master meter to the County.

4. The City proposes for the County to assume the operation of the Nebo water system, with the City having no responsibility for meter reading, billing, maintenance, repairs, capital improvements, testing or water quality beyond the master meter.

5. The City proposes to give the County water meters that are already in place in the Nebo water system, but would remove radio transponders in place at each meter, since these radio transponders would be of no use to the County.

The City Manager advised that the Appalachian State University Public Administration (MPA) program is working with the N.C. Rural Center to assist N.C. STEP communities with implementation of their projects. Other universities across the state are involved as well. ASU has volunteered to work with Marion and Valdese, because they know about these cities by reputation and experience. The City Manager stated that ASU is close to working out a deal for the Rural Center to fund interns to assist Valdese and us with our implementation, which could include finishing up our Comprehensive Land Use Plan.

Under this arrangement, Marion and Valdese would be provided with three full-time interns for the summer and two part-time interns (20 hours per week) for the next two years. The Rural Center would pick up almost all of the costs and the City's local match would be anticipated to be no more than 10 percent, or $7,500 total, spread out over the next 2-3 budget years. The City Manager stated that he had talked to Planning and Development Director Heather Cotton and Marion Business Association Executive Director Freddie Killough about this idea and both were thrilled about the prospect of having help with completing the Comprehensive Plan and implementing N.C. STEP projects.

The City Manager advised that he had given ASU a tentative approval for this proposal, without objection from Council. Valdese has also agreed to participate. He added that the City should easily be

AA.000000344 (24)

able to find $2,500 per year in our budget for this year and the next couple of years in exchange for receiving this intern assistance. The Mayor and Council members expressed no objection to this proposal.

The City Manager stated that in looking at ways to cut the 2009-10 Budget, Dean has suggested adjusting the frequency of collection of collection of cardboard recycling dumpsters. These dumpsters are placed at various businesses around town (36 in total) for City garbage customers to recycle cardboard. The City pays GDS about $36,000 per year for this service. By reducing the frequency of collection to match more closely the amount of cardboard going into each dumpster, the City could save at least 20 percent, or $7,200 per year. The City Manager stated, in the future, we might need to look at removing some of these dumpsters, but this would likely result in complaints from businesses. Businesses should experience no ill effects from reducing the frequency of collection. If a particular dumpster becomes full in between collections, the City could always ask GDS to empty that dumpster.

The City Manager also stated that he would also likely recommend that the City withdraw its membership from the Future Forward economic development group from the Catawba River water quality initiative. Both these efforts are run out of the Western Piedmont Council of Governments in Hickory and the City receives no benefit from membership. The City could save $1,500 per year or more by canceling these memberships.

The Mayor and City Council expressed no objections to these budget proposals.

The City Manager added that he hoped to have the proposed 2009-10 City budget ready for Council for review by the May 19 Council meeting, if not sooner. He stated that City departments have done an excellent job developing recommendations for addressing the City's expected budget shortfall for 2009-10. The City Manager stated that he hopes to present a budget that will not lay off any City employees, although some vacant positions may need to be eliminated.

Councilman Martin stated that he appreciates the City Manager and department heads working hard on the 2009-10 budget and trying to avoid layoffs.

Councilman Edwards stated that Court Employees are being charged for pencils and paper that they use in the Courtroom.

The City Manager stated that Federal Stimulus funding will hopefully be received for the Wastewater Improvements Project and greatly reduced the City's debt service payments for this project. An announcement is expected within the next week regarding this funding.

Councilman Owenby asked that the City Manager bring council up to date on the sales tax issue with McDowell County. The City Manager stated that, at the April 16 Joint Utility Committee meeting, the City representatives asked the County not to take additional funds (an estimated $27,000 or more per year) to be received by the Town of Old Fort due to the County's change in the method of sales tax distribution out of the City's share of sales tax reimbursements from the County. The City Manager stated that the County Manager agreed to take such a request to the County Commissioners for review at their May meeting.

Mayor Clark stated that the City having to lose $27,000 more in sales tax revenues to fund an additional amount for Old Fort greatly upset him, especially since the County had not previously discussed this proposal with City Council.

COUNCILMAN COMMENTS:

Councilman Cuthbertson asked how long Virginia Road would be closed for culvert repairs. Public Works Director Chris Hollifield stated that the road will be closed for approximately one more week.

AA.000000345 (24)

Councilman Cuthbertson asked if any of the cardboard recycling dumpsters being emptied by GDS are full. The City Manager and Mr. Hollifield stated that some are full, in which case the frequency of collection would not be reduced. However, for those that are no full, the frequency of collection would be reduced to save money.

Councilman Cuthbertson stated that the Arbor Day program on April 17 at Eastfield Elementary School was very successful. Mayor Clark stated that an area along the front entrance to the School was chosen for planting and that the fifth graders planted 10 crape myrtle trees.

Councilman Cuthbertson stated that he had received information from Charter Communications telling him that, for $147.00 a month, he could get certain services that Charter does not have available in Marion. He said that such promises constituted false advertising in his opinion. Mayor Clark suggested that Councilman Cuthbertson call the North Carolina Attorney General's Office. Mayor Pro Tem Little stated that Charter likely has a statement on the offer in small print that the offer only applies where available.

Mayor Clark stated that he would be going to Texas on Thursday to Southern Municipal Conference Meeting and that the North Carolina League of Municipalities would be paying for the trip. Mayor Clark serves as Vice Chair of the Southern Municipal Conference, which represents 15 southern states.

ADJOURNMENT: Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Bovette, City Manager

AA.000000346 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, May 5, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Billy Martin and Cecil Owenby.

Councilman Mike Edwards was not present for this meeting due to illness.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Harriett Thomas, CPA, Finance Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Paula Kempton and Beth Pollard, Isothermal Planning and Development Commission, PO Box 841 Rutherfordton, NC 28139; Phillip & Kay Tate, PO Box 1275, Marion, NC .

CITIZEN OF THE MONTH – SELECTED BY MAYOR PRO TEM: Councilman Lloyd Cuthbertson selected the Citizen of the Month for May 2009.

KAY PETTY TATE

Councilman Cuthbertson advised that Mrs. Kay Petty Tate is a native of Pittsboro, North Carolina and a 1973 graduate of UNC-Greensboro with a B.S. Degree in English. Kay also holds a Masters of Arts Degree in Education from Western Carolina University.

In 1973, Kay married Phillip J. Tate and moved to Marion. She began her career as a teacher and educator at East McDowell Junior High School where for 21 years she taught Academically Gifted language arts and social studies to students in grades 7 through 9. In 1979, Kay set up the county wide AG Program in the elementary schools.
After leaving East Junior High, Kay worked as a Central Office administrator overseeing the AG program, the testing program, and the English as a Second Language program among other duties.

In October, 2006, Kay retired after 33 years of service with McDowell County Schools.

Kay has held various leadership positions at First United Methodist Church in Marion. Presently, she sings in the choir, serves on the Church Council and chairs the board of the Early Childhood Enrichment Center at First United Methodist. She is proud that the daycare at First United Methodist Church has just received its 5-star license.

Kay is also a current member of the Marion Lion's Club and has served on the Board of Directors of MACA for eight years.

Her daughter Karen resides in Asheville and is married to Paul Lloyd. They have one son, Tate Lloyd, who is two and a half years old. After her retirement, Kay has helped care for her grandson.

Kay's hobbies include cooking, reading, walking, and international travel. She is also a licensed Property and Casualty, and Life Insurance agent.
In addition to her local activities and interests, Kay helps look after her mother who still lives in Pittsboro.

AA.00000347 (24)

Mayor Clark and Council Members all shared kind words about Mrs. Kay Petty Tate and commended her for all she has given to the community through the years.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – April 21, 2009 Regular City Council Meeting

RECOGNIZE FINANCE DIRECTOR HARRIETT THOMAS FOR GRADUATION FROM UNC SCHOOL OF GOVERNMENT MUNICIPAL ADMINISTRATION COURSE: The City Manager advised that he would like to publicly recognize the City's Finance Director Ms. Harriett Thomas for completion of the Municipal Administration Course at the UNC School of Government at Chapel Hill.

The City Manager stated that the program in Municipal Administration is designed for managers, department heads, and officials whose responsibilities require a broad understanding of functions beyond individual area of specialization. The course is approximately 150 hours in length, and more than 60 instructors participate in leading the program. Course instruction covers North Carolina local government law and administration, planning and regulation of development, and the delivery of specific city or county services.

The City Manager presented Ms. Thomas with a certificate that read as follows:

School of Government
The University of North Carolina at Chapel Hill
Harriett E. Thomas
Having successfully completed the course of instruction in
MUNICIPAL ADMINISTRATION
is awarded this certificate
Given this twenty-third day of April 2009

Michael Smith, Dean School of Government	Gregory S. Allison, Director Municipal and County Administration Courses

The Mayor, City Council and City Manager commended Ms. Thomas for the completion of this course and for all she does for the City every day.

PUBLIC HEARING – CLOSEOUT OF COMMUNITY DEVELOPMENT BLOCK GRANT INFRASTRUCTURE HOOKUP GRANT: Mayor Clark opened the Public Hearing.

Ms. Beth Pollard of Isothermal Planning and Development Commission (IPDC) appeared before Council and advised that the purpose of this hearing was to receive comments from the residents concerning the City closing out a 2008 Community Development Block Grant Infrastructure (CDBG) Sewer Hook Up Project. In January 2008, the City of Marion received $75,000 in CDBG funds from the North Carolina Department of Commerce to connect approximately 17 income qualified residents to the public utility system. Ms. Pollard stated that as part of the grant, the City connected 13 units to City sewer and expended approximately $53,333.65. Any remaining funds will be de-obligated.

There was no one present to speak during the public hearing.

Ms. Paula Kempton of IPDC added that she would like to thank Finance Director Harriett Thomas and Public Works Director Chris Hollifield for their hard work on this project.

AA.000000348 (24)

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to close out the City's Community Development Block Grant (CDBG) Infrastructure Hookup Grant project.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens in attendance to speak to Council.

APPROVE INTERLOCAL AGREEMENT WITH MCDOWELL COUNTY – SUGAR HILL ROAD WATER AND SEWER EXTENSION: The City Manager presented Council with a copy of a proposed Sugar Hill Road Water and Sewer Extension Interlocal Agreement between the City and County. The agreement calls for the City to handle all administration of the water and sewer extension, to handle all grants and financing, to fund 60 percent of the local cost of the project and to guarantee 60 percent of the jobs. The agreement states that the County would fund 40 percent of the local cost of the project, reimburse the City for 40 percent of the annual debt service cost and guarantee 40 percent of the jobs. The County Commissioners approved this agreement on April 20.

The City Manager stated that he would recommend adoption of the agreement by Council so that the City can sign the Rural Center grant contract, which will fund 50 percent of the cost of the Sugar Hill Road water and sewer extension, as approved by the Rural Center Board at their April 29 meeting.

A discussion followed. Mayor Clark suggested that the City clarify to the County that the City will own all water and sewer lines constructed as part of the project. Mayor Pro Tem Little stated that the City could do so through a transmittal letter.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to approve the Interlocal Agreement between the City and County for the Sugar Hill Road Water and Sewer Extension Project as follows:

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL

AGREEMENT FOR SUGAR HILL ROAD WATER AND SEWER IMPROVEMENTS

THIS CONTRACT is made and entered into this ____ day of _____ 2009 by and between the County of McDowell, a North Carolina Municipal Corporation, hereinafter referred to as "the County", and the City of Marion, a North Carolina Municipal Corporation, hereinafter referred to as "the City".

WITNESSETH

WHEREAS, McDowell County and City of Marion are political subdivisions of the State of North Carolina, both having the power and authority to enter into this agreement, and the signatories hereto have been authorized to execute this document on behalf of the McDowell County Board of Commissioners and the Marion City Council; and

WHEREAS, an area of McDowell County along Sugar Hill Road between Shady Lane and Interstate 40 has a demonstrated need for water and sewer services, to allow commercial development to take place that will be beneficial to the City and County; and

WHEREAS, the County and the City have a mutual interest in providing public water and sewer services to the residents and businesses in this area; and

WHEREAS, the County and the City are working with a developer who plans to construct a large commercial development on Sugar Hill Road near Interstate 40 and who is need of water and sewer service; and

AA.000000349 (24)

WHEREAS, the City is applying for a grant from the North Carolina Rural Center Economic Infrastructure Program to pay for one-half of the costs of the water and sewer extension to the area; and

WHEREAS, the County and the City have agreed to guarantee jobs for the proposed commercial development, as part of the Rural Center Economic Infrastructure Grant and to reimburse the Rural Center on a 60 percent City/40 percent County basis for any funds that must be paid back to the Rural Center in the event the commercial project does not produce the jobs required to receive said grant funds; and

WHEREAS, the City has agreed to connect the subject water and sewer improvements to its water and sewer system; and

WHEREAS, the County and the City have mutually agreed to a scope of water improvements and sewer improvements to extend water and sewer service on Sugar Hill Road to Interstate 40 and to jointly provide the local matching funds for the Economic Infrastructure Grant on a 60 percent City/40 percent County basis.

NOW THEREFORE, in consideration of the mutual covenants, conditions and terms contained herein, the parties hereto, intending to be legally bound hereby, agree as follows:

1. The County and the City mutually agree that this agreement shall become effective upon its adoption and it shall continue in effect until the subject water and sewer improvements have been constructed and until all of the individual and collective responsibilities provided for herein have been accomplished by each of the parties to this agreement.

2. The City of Marion hereby agrees to the following responsibilities:

- The City agrees to execute agreements with the State of North Carolina, the North Carolina Rural Center and any other funding agencies that are necessary to provide funding for the subject water and sewer improvements.

- The City agrees to contract with McGill Associates to complete the plans and specifications for the subject water and sewer improvements, secure the requisite governmental permits and approvals, provide the construction phase inspection services, and administer contractor warranties subsequent to construction.

- The City agrees to budget and appropriate 60 percent of the local matching funds for the subject water and sewer improvements.

- The City agrees to borrow any funds necessary for the subject water and sewer improvements and to manage the resulting debt by soliciting competitive proposals for the loan; applying to the North Carolina Local Government Commission for permission to borrow the funds; negotiating the terms of the loan; collecting the County's share of the annual debt service and other costs associated with the loan; making the annual debt service payments; and maintaining compliance with applicable state law and the resulting loan agreement.

- The City agrees to survey and acquire the necessary real property easements and other rights necessary to construct the subject water and sewer improvements.

- The City agrees to administer the subject grants and administer the construction of the subject water and sewer improvements.
- The City agrees to routinely inspect the construction of the subject water and sewer improvements to insure that said improvements are designed and construction in accordance with City and State standards.

- The City agrees to connect the subject water and sewer improvements to its water and sewer systems upon completion of construction, to accept the customers who connect to the subject improvements as City customers, and to assess rates and fees that are consistent with the City's adopted schedule of water and sewer rates and fees.

- The City agrees to operate and maintain the subject water and sewer improvements in accordance with the laws and regulations of the State of North Carolina.

- The City agrees to join with the County in guaranteeing the jobs for the proposed commercial development, as part of the North Carolina Rural Center Economic Infrastructure grant, to pay

AA.00000350 (24)

back the Rural Center for any grant funds that must be returned in the event the commercial project does not produce the jobs required to receive said grant funds and to invoice the County for 40 percent of the total of any grant funds that must be returned in the event the commercial project does not produce the jobs required to receive said grant funds.

3. The County of McDowell hereby agrees to the following responsibilities:

   - The County agrees to budget and appropriate 40 percent of the local matching funds for the subject water and sewer improvements.

   - The County agrees to make annual payments of pro rated debt service to the City no later than 30 days prior to the dates that such payments are due to be paid to the lender by the City.

   - The County agrees to join with the City in guaranteeing the jobs for the proposed commercial development, as part of the North Carolina Rural Center Economic Infrastructure grant and to reimburse the City within 30 days of request for 40 percent of any funds that must be paid back to the Rural Center in the event the commercial project does not produce the jobs required to receive said grant funds.

4. The County's responsibilities under this agreement do not extend to paying costs associated with capital improvements or major repairs to the subject water and sewer improvement after said improvements have been completed.

5. The County and the City both represent that no litigation is pending or threatened against either party which would impair their ability to perform their respective duties and obligations under the terms, covenants and provisions of this agreement.

6. The Parties agree that should any disputes arise under this agreement, including but not limited to disputes pertaining to design, construction or monetary compensation said disputes shall be resolved, if at all possible, through good faith negotiations between the parties. It is the intent of both parties that pursuit of legal action shall be a remedy of last report and that a negotiated resolution, including the use of outside experts or arbitrators, shall be the preferred means of resolving disputes hereunder. It is further agreed that in the event such disputes cannot be resolved within sixty (60) days from the date they first arise, either party may seek such other remedies as may be available to it.

7. Default and Termination. This agreement may be terminated for cause prior to its stated expiration date by either party in accordance with the terms and conditions set forth herein. The rights of the parties to terminate this agreement shall be strictly construed in accordance with the provisions contained herein. Upon the happening of any of the following events of default by either party, the aggrieved party shall have the right to terminate this agreement:

   a) The failure of either party to perform or observe any of its material covenants, agreements, obligations and/or duties created by this agreement.

   b) The determination that any representation, warranty or covenant made by either party is false and/or misleading in any material respect.

   c) The commencement of any bankruptcy, insolvency, liquidation and / or similar proceeding against either party, which materially and adversely affects its ability to perform its duties or obligations under this agreement.

   d) The failure of the County to make any payment required to be made by it pursuant to the terms of this agreement within sixty (60) days of its receipt of notice from the City that any such payment is overdue.

   e) Any action by the City to divest itself of its water and / or sewer systems.

8. Upon the happening of any event described in the preceding section, the aggrieved party shall provide written notice to the party committing the alleged violation setting forth in detail the alleged failure and/or deficiency. Thereafter, within ten (10) days of receipt of notice of the alleged default, the parties to this agreement shall meet to discuss the circumstances and attempt to reach a resolution. If either party fails to fully perform or comply with all of the conditions, provisions and covenants of this agreement, and if the nonperformance or failure shall continue for more than thirty (30) days after written notice thereof by the other party, or if the nonperformance or failure cannot be reasonably

remedied within the same thirty (30) day period and the party which is in violation of the agreement has not proceeded with or commenced the remedy in good faith, within fifteen (15) days of the receipt of such notification, that party will be considered to be in default of this agreement. If the alleged default continues or the parties disagree as to whether the matter has been resolved, the aggrieved party may send written notice to the party committing the alleged default declaring an impasse and proceed to enforce all rights and remedies available to it either in equity or at law.

9. Each of the parties to this agreement shall be entitled to pursue a claim against the other for any non-monetary remedies available and any additional actual damages suffered as a result of any default by the other party, in addition to attorney's fees. Notwithstanding anything in the agreement to the contrary, neither party shall be responsible to the other for any indirect, third-party or consequential damages arising from a breach of this agreement.

10. To the extent allowed by law, each party shall indemnify, defend and hold harmless the other party, its elected and appointed officers, and its duly authorized agents, servants and employees from any and all costs, expenses or liabilities (including costs, expenses or liabilities to third parties and attorney's fees) which are caused by or arise from its breach of this agreement or the negligent or willful acts of omission of the party in breach of the agreement or its agents, servants, employees or subcontractors provided such cost, expenses or liabilities do not arise as a result of the negligent or willful acts or omissions of the other party.

11. **NOTICES:** For the purposes of this agreement, all notices required shall be deemed to have been properly served and shall be only served when posted by Certified United States Mail, Postage Prepaid, Return Receipt Requested, addressed to the Party to whom directed at the address herein set forth or at such other address as may from time to time be designated in writing by either party:

To McDowell County:	**To City of Marion:**

Attention: County Manager	Attention: City Manager

12. This agreement embodies the entire agreement between the parties in connection with this transaction, and there are no oral or parole agreements, representations or inducements existing between the parties relating to this transaction, which are not expressly set forth herein. This agreement may not be modified except by a written agreement signed by all parties to this agreement. Neither party shall be entitled to sell, convey or otherwise alienate the rights and obligations created herein without the prior written permission of the other party to this agreement.

13. Nothing contained herein shall be construed to place the parties in the relationship of partners or joint venturers, and neither party shall have the power to obligate or bind the other party in any manner whatsoever.

14. No written waiver by any party to this agreement at any time of any breach of any other provision of this agreement shall be deemed a waiver of a breach of any provision herein or a consent to any subsequent breach of the same or any other provision.

15. The captions and article numbers appearing in this agreement are inserted only as a matter of convenience and do not define, limit, construe or describe the scope of such paragraphs or articles of this agreement or in any way affect this agreement.

16. This agreement shall be governed by and interpreted in accordance with the laws of the State of North Carolina.

17. Time shall be of the essence in this agreement and each and every term and condition thereof.

18. Words of any gender used in this agreement shall be held to include any other gender, and words in the singular number shall be held to include the plural, when the sense requires.

19. If any provision under this agreement or its application to any person or circumstance is held invalid by any court of competent jurisdiction, such invalidity does not affect any other provision of this agreement or its application that can be given effect without the invalid provision or application.

AA.000000352 (24)

20. In the event of litigation between the County and the City as to the terms, performance, or any other aspect of this agreement, this agreement shall remain in force and effect during such litigation.

21. This agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, and it shall not be necessary in making proof of this agreement to produce or account for more than one such fully executed counterpart.

22. Except as provided herein, the rights and remedies provided for in this agreement are cumulative and are not exclusive of any rights or remedies that any party may otherwise have at law or in equity.

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

CONSIDER APPROVAL OF RULES AND REGULATIONS FOR HISTORIC MARION TAILGATE MARKET SHADE SHELTER: The City Manager presented Council with a draft set of rules and regulations for the Tailgate Market Shelter. These rules have been reviewed by Harriett Thomas, Freddie Killough and Chris Hollifield. City staff believes the rules address areas of concern related to the shelter. The City Manager stated that he would recommend adoption of these rules and regulations.

Mayor Pro Tem Little asked if parking would be available to citizens during week days and weekends. The City Manager stated that Council had previously discussed allowing parking under the shelter, but that the shelter's posts being bumped and damaged by vehicles is a concern. The City Manager stated that he has asked Public Works Director Chris Hollifield to come up with a way to protect the posts without taking away from the appearance of the facility.

Councilman Cuthbertson asked what the charge for the security deposit would be.

AA.000000353 (24)

The City Manager stated that there was presently no set amount and that the proposed rules and regulations would reserve the right to charge a fee at a later date.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to adopt the following Rules and Regulations for the Historic Marin Tailgate Market Shade Shelter as follows:

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS
FOR THE
HISTORIC MARION TAILGATE MARKET SHADE SHELTER

ADOPTED MAY 5, 2009

STATEMENT OF PURPOSE/ALLOWED USES

The Historic Marion Tailgate Market Shade Shelter (hereinafter called "Shelter"), located at the intersection of West Henderson and Logan Streets, is owned and operated by the City of Marion for the primary purpose of use by the Historic Marion Tailgate Market (hereinafter called "Tailgate Market"). This building is available to units of government, non-profit organizations and civic groups in accordance with these rules and regulations, as long as such use does not conflict with use by the Tailgate Market.

By adoption of these Rules and Regulations, the City Council of the City of Marion resolves that the Tailgate Market growers shall be given first priority use of the Shelter in perpetuity for as long as they wish to use the Shelter, subject to rules established by the Tailgate Market Committee. With permission from the City of Marion, units of government, non-profit organizations located in McDowell County or civic clubs located in McDowell County may request use of the Shelter for dates and times that do not conflict with the Tailgate Market. The Shelter may only be used for organized events sponsored by units of government, non-profit organizations located in McDowell County or civic clubs located in McDowell County, such as arts and crafts shows, special demonstrations, community concerts and other community promotion events.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of any security deposit held by the City or in the City requiring payment for damages from the responsible person(s) or group(s).

1. Persons or organizations wishing to schedule the use of the Shelter and meeting the criteria listed above must contact City Hall at (828) 652-3551 or at 194 North Main Street, Marion, NC 28752. It is advised that this contact be made as far as possible in advance of the planned event. A contract and responsibility statement must be signed by the person who will be in charge of the event and the City reserves the right to require a deposit to be placed and/or a valid major credit card be used to pay for any damages to the Shelter. The Tailgate Market will at all times have first priority for use of the Shelter.

2. Restroom facilities are not provided at the Shelter. Organizations wishing to use the Shelter must make arrangements for restroom facilities in other building or for portable toilets in accordance with City ordinances. Permission must be obtained from the City of Marion Public Works Director before any portable toilet may be placed on City property or within view of any public street or public property.

3. Under no circumstances may the Shelter be used for flea market sales, personal promotion or other private uses, except with approval from the City Council.

4. The use of alcohol is prohibited on all City property, including in the Shelter and the surrounding parking lots. Possession of alcohol or evidence of consumption of alcohol at the Shelter will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

5. The use of tobacco products is prohibited inside the Shelter.

AA.000000354 (24)

6. The person or group using the Shelter may not sublet the building to another person or group.

7. No decorations of any kind, i.e., plaques, pictures, or any other objects, shall be fastened to the posts, roof or any part of the Shelter by use of nails, tacks, screws, tape, etc., without permission from the City. Any group using the Shelter is required to pick up any trash or litter generated by the event.

8. Barbeque grills or any outside cooking device shall not be permitted under the Shelter. Any grease or cooking residue from grills or cooking devices used outside the Shelter for any event shall be cleaned from the area immediately following use.

9. No person(s), organization, etc. may use the Shelter for religious services.

10. No persons, firm or organization will be allowed to use the Shelter for the purpose of offering bingo games to the general public.

11. The officers of the Marion Police Department have authority to enter the Shelter at any time for the purpose on insuring compliance with all rules and regulations. Officers of the Marion Police Department shall have authority to open or look in any cups, ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity. Violations of these rules and regulations may result in the event being shut down immediately.

12. No signs are permitted to be posted at the Shelter, except on vehicles or personal property. In no case shall signs be placed on the ground in or around the Shelter.

13. No skateboards, in-line skates, roller skates or bicycles are allowed inside or around the Shelter.

These new regulations shall be effective upon adoption.

Adopted this the 5th day of May, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RECEIVE STREET COMMITTEE RECOMMENDATION: The City Manager reported that the Street Committee met on April 17and reviewed the suggestion of Councilman Martin that a sidewalk be constructed in front of First United Methodist Church on Robert Street. The City Manager presented Council with a map showing the Street Committee recommendation of the construction of a 125 foot long sidewalk between the parking lot immediately west of the Church and the westernmost front entrance into the Church, to allow people a place to walk out of the grass. The City Manager stated that the Street Committee also recommended painting a crosswalk from the easternmost front entrance into the Church across Robert Street to the Marion Elementary School side, to allow people a safe and defined place to cross the street. The Street Committee felt that these proposed improvements would suffice and that additional sidewalks were not needed.

The City Manager stated that if Council wished to authorize this work, he would propose these improvements be worked into the schedule, to take place perhaps as soon as early June.

A brief discussion followed. Mayor Clark asked if there was adequate right of way on Robert Street for the sidewalk. The City Manager stated that the right of way on Robert Street should be sufficient, but that he would verify that point the next day.

AA.000000355 (24)

Mayor Clark asked if the First United Methodist Church had been made aware of the project. The City Manager stated that he could make the Church aware of the project and determine if there are any objections. Councilman Cuthbertson gave some possible contacts for the Church.

Upon a motion by Councilman Little, seconded by Councilman Cuthbertson, those members of Council present voted to approve the construction of a 125 foot long sidewalk between the parking lot immediately west of the Church and the westernmost front entrance into the Church and the painting of a crosswalk from the easternmost front entrance into the Church across Robert Street to the Marion Elementary School side, to allow people a safe and defined place to cross the street, as recommended by the Street Committee.

SCHEDULE BUDGET/PLANNING WORKSHOP: The City Manager advised he plans to distribute the proposed 2009-10 City Budget no later than the May 19 City Council meeting. He stated that Council typically holds one Budget/Planning Workshop in late May.

It was the consensus of Council to schedule the Budget/Planning Workshop for Thursday, May 28 at 6:00 P.M. at City Hall.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager stated that he was pleased to announce that the City had received official word on April 24 of the receipt of $2.6 million in Federal Stimulus Funding for the Wastewater Improvements Project. The funding consists of one-half grant and one-half no-interest, 20 year loan. The City Manager reported that the State decided only to award one water and sewer grant per jurisdiction, so the City did not receive funding for the Hospital Pump Station Replacement (for which the City requested $112,000 in funding). The City Manager stated that the award of this grant brought the City's grant total for the overall $6.6 million project to $5.3 million.

The City Manager stated that Mayor Clark worked tirelessly to secure this funding for the City, as he did for other grants for the projects.

Mayor Pro Tem Little stated that the City owes Mayor Clark a debt of gratitude for his persistence in lobbying for this money. He advised that Mayor Clark knew what to say and to whom it should be said.

The City Manager stated that the City's Wastewater Improvements Project ended up being the highest ranked wastewater project in the State.

Mayor Clark described some of the lobbying efforts that led to the receipt of this and other grants for the project. He stated that the City was helped by having an excellent projects, but that contacts with decision makers also helped.

The City Manager advised that he hoped to receive confirmation soon that that the Appalachian State University Public Administration (MPA) program can provide interns to help implement the City's N.C. STEP Program. The City Manager stated that the latest word is that the N.C. Rural Center is trying to avoid cities from having any costs related to the program. The City had previously been told that we would need to pick up 10 percent of the costs or $7,500, paid over three budget years.

The City Manager advised that the annual City Open House for the Third Graders across the County was last Friday, May 1st and was a great success. He thanked Administrative Assistant Debi Sherlin for her hard work in coordinating the event and all City departments for their efforts.

AA.000000356 (24)

The City Manager advised that the City had bid out the downtown wireless network installation. The low bid came in at $30,600 from Trificient, a company from Mt. Airy with whom the City previously worked on cost estimates regarding this proposal. The City Manager stated that staff had former cable consultant John Howell review the bids and he recommended Trificient. The City Manager advised that the City had $30,000 of N.C. STEP Program funds earmarked for this project and can cover the additional $600 through the STEP Program as well.

Public Works Director Chris Hollifield stated that staff is underway with the annual water flushing of the City's system. The flushing will continue through May 8.

The City Manager stated that the Community Building Park Splash Pad will open for the season on Friday, May 15.

The City Manager stated that he had received earlier that day a photograph of J. A. McDonald, a former Mayor to display in the conference room. The City did not previously have a photograph of former Mayor McDonald. He added that the City is still missing photos of five former Mayors and efforts will continue to search for these photos.

COUNCILMAN COMMENTS:

Mayor Clark stated that the City's medical insurance premiums are only increasing by 0.5 percent for 2009-10. Mayor Clark stated that he services on the North Carolina League of Municipalities Risk Management Services Board, which sets insurance premiums, and that many other cities were seeing large increases in premiums and that the City's good claim history and Wellness Program kept its premiums flat.
Mayor Clark gave a brief overview of the Southern Municipal Conference he attended last week in Texas.

Councilman Cuthbertson suggested that the City use the new culvert under the new McDowell Tech entrance off of Highway 226 South as an idea for a future replacement of the Claremont Avenue bridge. The City Manager asked Public Works Director Chris Hollifield to suggest this culvert as an option to local bridge builder Ford Miller when the City is obtaining estimates for a new bridge, new culvert and bridge repairs.

Councilman Cuthbertson mentioned the recent Arbor Day held at Eastfield Elementary and how the tree planting had beautified the school entrance. He stated that the teachers and students at Eastfield were taking great pride in the new trees and in enhancing the School's appearance.

Councilman Cuthbertson stated that Forbes magazine had recently ranked the Hickory-Morganton-Lenoir metropolitan area as the second worst job market among medium cities in the United States. The metro area has a 16 percent unemployment rate just like McDowell and Rutherford Counties.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to adjourn.

The City Manager advised that the City had bid out the downtown wireless network installation. The low bid came in at $30,600 from Trificient, a company from Mt. Airy with whom the City previously worked on cost estimates regarding this proposal. The City Manager stated that staff had former cable consultant John Howell review the bids and he recommended Trificient. The City Manager advised that the City had $30,000 of N.C. STEP Program funds earmarked for this project and can cover the additional $600 through the STEP Program as well.

Public Works Director Chris Hollifield stated that staff is underway with the annual water flushing of the City's system. The flushing will continue through May 8.

The City Manager stated that the Community Building Park Splash Pad will open for the season on Friday, May 15.

The City Manager stated that he had received earlier that day a photograph of J. A. McDonald, a former Mayor to display in the conference room. D. Approve Proclamation – National Historic Preservation Month

Proclamation
National Historic Preservation Month
May 2009

WHEREAS, historic preservation is an effective tool for economic development, heritage tourism, managing growth, revitalizing neighborhoods, fostering local pride and maintaining community character while enhancing livability; and

WHEREAS, historic preservation is relevant for communities across the nation, both urban and rural, and for Americans of all ages, all walks of life and all ethnic backgrounds; and

WHEREAS, it is important to celebrate the role of history in our lives and the contributions made by dedicated individuals in helping to preserve the tangible aspects of the heritage that has shaped us as a people; and

AA.00000361 (24)

WHEREAS, the Marion City Council established a Historic Preservation Commission to protect our community's historic resources.

WHEREAS, "This Place Matters" is the theme for National Preservation Month 2009, cosponsored by the City of Marion and the National Trust for Historic Preservation.

NOW, THEREFORE, I, A. Everette Clark, Mayor of the City of Marion, do proclaim May 2009 as

National Preservation Month

and call upon the people of the City of Marion to join their fellow citizens across the United States in recognizing and participating in this special observance.

PROCLAIMED THIS THE 19th DAY OF MAY, 2009.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – RIVERVIEW HOLDINGS/US 221 SOUTH SATELLITE ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing was scheduled for the annexation request by Riverview Holdings for the Hampton Inn property on US 221 South. If adopted, the annexation of this property would be effective June 30, 2009.

There were no citizens present to discuss this annexation request.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance to extend the corporate limits for the City of Marion to include the Riverview Holdings/Hampton Inn property on US 221 South to become effective June 30, 2009.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
RIVERVIEW HOLDINGS/HAMPTON INN/US 221 SOUTH - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, May 19, 2009, after due notice by publication on Wednesday, May 6, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of June 30, 2009:

TRACT A: Situated, lying and being in Marion Township, McDowell County, North Carolina, and being that certain 2.50 acre tract shown as Tract A designated as Hampton Inn shown on a map and survey by R.L. Greene Surveying and Mapping, dated October 21, 1999, for McDowell Development Corporation and lying on the Northwest side of US Highway 221 and BEGINNING at an iron pin lying in the edge of US Highway 221, said BEGINNING point being the

AA.000000362 (24)

Easternmost corner of Tract One in Deed Book 565 at Page 554, McDowell County Registry, and running thence in and near US Highway 221, South 57 degrees 47 minutes 07 seconds West 239.12 feet to an iron; thence continuing with said highway South 57 degrees 47 minutes 07 seconds West 90.50 feet to an iron; thence North 35 degrees 14 minutes 08 seconds West 40 feet; thence North 35 degrees 14 minutes 08 seconds West 83.66 feet; thence North 18 degrees 17 minutes 32 seconds West 117.95 feet; thence North 37 degrees 26 minutes 53 seconds West 212.69 feet to an iron pin; thence North 39 degrees 01 minutes 31 seconds East 140.35 feet to an iron; thence South 53 degrees 38 minutes 41 seconds East 267.29 feet to an iron; thence South 53 degrees 38 minutes 41 seconds East 224.39 feet to a point; thence South 53 degrees 38 minutes 41 seconds East 40 feet to a point in US Highway 221, same being the point and place of BEGINNING;

TRACT B: BEGINNING at an iron pin set, said iron pin also being at the terminus of the second call of Tract A described above, said point also being located at the northwestern margin of US 221 and runs thence from said BEGINNING point with the western and northern boundary of Tract A the following five (5) calls and distances: 1) North 35 degrees 14 minutes 08 seconds West 40 feet to an iron pin, 2) North 35 degrees 14 minutes 08 seconds West 83.66 feet to an iron pin at the northern margin of the asphalt access, 3) North 18 degrees 17 minutes 32 seconds West 117.95 feet to an iron pin, 4) North 37 degrees 26 minutes 53 seconds West 212.69 feet, and 5) North 39 degrees 01 minutes 31 seconds East 140.35 feet; thence North 53 degrees 38 minutes 41 seconds West 155.51 feet to an iron pin; thence South 57 degrees 47 minutes 07 seconds West 150.61 feet to an iron pin; thence South 57 degrees 47 minutes 07 seconds West 150.61 feet to an iron pin; thence South 53 degrees 38 minutes 34 seconds East 382.93 feet to an existing iron pin; thence South 19 degrees 07 minutes 42 seconds East 254.08 feet (crossing access easement) to an iron pin; thence South 19 degrees 07 minutes 42 seconds East 36.68 feet to a point in the northwestern margin of US 221; thence with US 221 North 57 degrees 47 minutes 07 seconds East 148.61 feet to the point and place of BEGINNING. Containing 2.50 acres and shown as Tract B on a survey by R.L. Greene Surveying and Mapping, drawing number 99-219.

DEED REFERENCE: Tracts A and B being all of that property conveyed to Riverview Holdings, LLC, by that deed recorded in Book 857 at Page 703, McDowell County Registry.

Section 2. Upon and after June 30, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 19th day of May, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-09-05-19-1

PUBLIC HEARING –APPLICATION FOR TAXICAB CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY - JUSTICE: Mayor Clark opened the Public Hearing.

The City Manager advised that Mr. Butch Justice had submitted an application for a Taxicab Certificate of Public Convenience and Necessity to Operate Victoria Cab Company. Mr. Justice plans to operate out of his U-Haul business on Highway 226 South. The City Manager stated that the required criminal background check has been completed on Mr. Justice and, as noted on the memo presented to Council, it came back clean except for a misdemeanor elections violation which Mr. Justice disclosed on his application. Mr. Justice paid a small fine for this violation. Mr. Justice has a valid North Carolina driver's license. Mr. Justice initially will be the only driver for the new cab company. The City Manager added that staff will have to receive a medical clearance from Mr. Justice and inspect the vehicle(s) he proposes to use as taxicabs.

AA.000000363 (24)

The City Manager further stated that Mr. Justice also submitted a letter, requesting that he not be required to display a lighted "TAXI" sign on the top of the vehicle(s) he will use as taxicabs. Section 17-5 of the enclosed City code chapter on taxicabs states that "each taxicab shall bear on the roof thereof an electrically lighted sign or device bearing the name of the owner or cab company and in addition may bear on the outside doors an identifying design approved by the chief of police."

Mr. Justice was present for this meeting and stated that he was planning to place a magnetic sign on his vehicle(s) and would ask that he not be required to place the lighted sign on the taxi due to cost.

The City Manager stated that as long as the taxis are marked in some fashion, he does not personally see that a lighted sign on top of a taxi is necessary.

The City Manager stated that Council action is needed to approve Mr. Justice's application for a Taxicab Certificate of Public Convenience and Necessity. He added that the City does not currently have anyone operating a taxicab service in the City.

Councilman Cuthbertson asked what the operating hours would be.

Mr. Justice stated that he was planning to operate 7:00 AM – 11:00 PM and as needed for emergencies.

Councilman Owenby asked if Mr. Justice would be assisting with carrying in items if need be for his patrons. Mr. Justice stated that he would.

There were no citizens present to discuss this request.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to approve the request by Mr. Adolph A. Justice, Jr. for a Taxicab Certificate of Public Convenience and Necessity and to approve the following ordinance deleting the requirement for a lighted sign on the top of taxicabs as follows:

ORDINANCE
AMENDING CHAPTER 17
TAXICABS
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 17, Taxicabs, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 17 is amended by deleting Section 17-5 in its entirety and replacing it with the following:

Sec. 17-5. Identification of cab company.

Each taxicab shall bear an identifying design approved by the chief of police.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 19th day of May, 2009.

A. Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

AA.000000364 (24)

Ordinance Number: O-09-05-19-5

PUBLIC HEARING – ZONING TEXT AMENDMENT: Mayor Clark opened the Pubic Hearing.

Planning and Development Director Heather Cotton advised that Staff has proposed an amendment to the Zoning Ordinance regarding the placement of off-premise temporary signs on fences for non-profit related activities. The proposed amendment would allow temporary banners or similar signs 32 square feet and smaller announcing events to be affixed to fences by non-profit organizations so long as they do not impede motorist's line of sight, with the requirement that such signs could be placed no more than seven days prior to an event and that such signs must be removed within one day after an event.

Mayor Clark asked if persons would have to get permission from property owners to place signs. Ms. Cotton stated that technically permission would be required; however, City staff would only respond to complaints by property owners. Mayor Clark stated that violations will probably occur, but that he is not opposed to the amendment.

There were no citizens present to discuss this zoning text amendment.

Mayor Clark closed the Public Hearing

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to adopt the following Ordinance amending the Zoning Ordinance regarding the placement of off-premise temporary signs on fences for non-profit related activities as follows:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 21-131.10 Signs that do not require a permit. A permit is not required for the following signs, provided they are not prohibited as defined in section 21-131-11, and provided they comply with the conditions set forth. Signs permissible in this section shall not be considered in determining the total sign area for a property, however, if a sign exceeds the size or in any other way does not comply with these limitations, it shall be considered as a prohibited sign and/or shall be subject to all other provisions in Section 21-131.

(Q) Off-premises temporary civic event and temporary use signs are permitted in all zoning districts provided the following:

1. Such signs shall not contain either direct or indirect illumination.
2. Signs shall be located on private property with permission from the property owner
3. There shall be no more than one (1) portable sign per property at any one time, except that one (1) additional portable sign shall be allowed for each additional street frontage, and shall not exceed four (4) square feet in sign copy area.
4. Such signs shall contain no commercial messages.
5. Temporary signs, other than portable signs shall be limited to 32 square feet in sign copy area and shall be securely attached flush to a building, structure, or fence that is outside the clear visibility triangle as indicated in Section. 21-88 of the City Code, and shall not count toward total number of signs located on the property.
6. Such sign shall be erected no sooner than seven (7) days prior to the event and shall be removed no later than one (1) day following the event.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 19th day of May 2009.

A. Everette Clark, Mayor

AA.00000365 (24)

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-09-05-19-4

APPEAL OF CIVIL CITATION: The City Manager advised that he had received a letter from Mr. Stephen Buckner of Virginia Road appealing two civil citations he had received on April 3 for having two dogs running loose in the City Limits. The City Manager stated that Mr. Buckner told conflicting stories that the dogs belong to him, however, that it could not be proved that the dogs belong to him. Mr. Buckner's letter stated that one of the dogs broke his chain and he does not know how the other dog got loose. The City Manager advised that Mr. Buckner essentially admitted guilt in his letter. Mr. Buckner then claimed his dogs from the shelter and his cousin subsequently gave them to someone else.

Copies of the citations and a statement from our Ordinance Enforcement Officer, April Noles, were presented to Council for their information. The City Manager reported that the information presented shows that the City had other calls and warnings issued regarding dogs at this location prior to the citations being issued to Mr. Buckner.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to deny Mr. Stephen Buckner's request to waive the penalty for the two $50.00 civil citations he received on April 3 due to his dogs running loose in the City.

CONSIDER APPROVAL OF APPLICATION FOR POOL ROOM/GAME ROOM PERMIT – GOOD TIMES FAMILY FUN CENTER – BALDWIN AVENUE: The City Manager stated the City had received an application from Mr. Carl Woody for a Pool Room/Game Room permit to operate Good Times Family Fun Center in the former Marion Manufacturing facility on Baldwin Avenue. The City Manager stated that Mr. Woody's background check came back clean. A copy of the City's Pool Room/Game Room Ordinance was presented to Council for their information. The establishment and operator appear to meet all listed criteria.

The City Manager stated that the Police Department is working with Mr. Woody to make sure he clearly understands the City's Noise Ordinance and what is expected of him. He noted that noise complaints had already been received the weekend prior at the location.

Mayor Clark stated that noise is a problem from the factory and that he has received complaints from surrounding neighbors. Mayor Clark stated that Mr. Woody had already had a group in the factory and that the police had to be called several times due to noise. He suggested that the City should take a zero tolerance approach to noise and that Council should consider revoking Mr. Woody's license if there are repeated noise violations in the future.

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, those members of Council present voted to approve the request of Mr. Carl Woody for a Pool Room/Game Room permit to operate Good Times Family Fun Center in the former Marion Manufacturing facility on Baldwin Avenue.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER REAPPOINTMENTS TO CITY ADVISORY BOARDS: The City Manager advised that there are three terms on City advisory boards that will expire on June 30: Mr. Dudley Thompson on the Planning Board/Board of Adjustment/Historic Preservation Commission, Mr. Jim Isaacs on the ABC Board and Ms. Nancy Clark on the Tree Board. Council action is needed to reappoint Mr. Thompson, Mr. Isaacs and Mrs. Clark to new three year terms to expire on June 30, 2012, or to reappoint someone else in their place. All three are willing to be reappointed.

AA.000000366 (24)

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to re-appoint Mr. Dudley Thompson to a three year term on the Planning Board/Board of Adjustment/Historic Preservation Commission, Mr. Jim Isaacs to a three year term on the ABC Board and Ms. Nancy Clark to a three year term on Tree Board, said terms to expire on June 30, 2012.

CONSIDER AWARD OF CONTRACT – PURCHASE OF TWO TON FLATBED DUMP TRUCK FOR UTILITY MAINTENANCE: Finance Director Harriett Thomas advised that, as shown on memos from staff, bids were sought on two occasions for the purchase of a replacement dump truck in Utility Maintenance. Bid requests were sent out to seven different automobile dealers to purchase a replacement for the flat-bed dump truck used by the Utility Maintenance Department. The first request generated only one bid from West Carolina Freightliner for $76,000. Requests were sent out a second time and the following bids were received:

- Shealy Truck Center (Mack) $95,742
- Ken Wilson Ford $77,990
- West Carolina Freightliner $76,000
- Bobby Jones Ford $70,199 - Did not meet our specifications
- Bobby Jones Ford $67,508 - Did not meet our specifications
- Bill Smith Ford no bid
- Everett Chevrolet $71,517
- Piedmont International $68,800 - **(marked down to $68,100.00)**

Ms. Thomas stated that the City had $65,000 included in the 2008-09 Water and Sewer Fund budget for this purchase. The first bid solicitation resulted in the receipt of one bid in the amount of $76,000, well above the budgeted amount. Ms. Thomas reported that staff rebid the truck and the lowest bid meeting specifications came in from Piedmont International in the amount of $68,800. The bid for a truck to meet Utility Maintenance requirements came in at $62,800; however it would cost an additional $6,000 to customize the truck to be used for snow removal, something that has been done for all large trucks purchased by the City. Ms. Thomas stated that staff have negotiated with Piedmont and were able to have the price of the truck reduced by $700, to $68,100.

The City Manager advised that staff have now bid this truck twice and do not believe that the City will obtain a lower price for a specialty type vehicle such as a dump truck. The cost of such specialty type vehicles does not appear to be affected to a large degree by the current economy, as companies have simply reduced production of such vehicles in response to lower demand instead of reducing prices to move inventory. Therefore, the recommendation would be for Council to award the contract for the purchase of a two ton flat bed dump truck in the Utility Maintenance Division to Piedmont International in the amount of $68,100, with $65,000 of the cost of the truck being charged to Utility Maintenance and the balance of $3,100 charged to the Street Department.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to award the contract for the purchase of a two ton flat bed dump truck for Utility Maintenance to Piedmont international in the amount of $68,100.

CONSIDER APPROVAL OF CONTRACTS FOR GRADING AND CONSTRUCTION OF DIRT ROADS AND STREET RESURFACING/PAVING: The City Manager advised that bids were opened recently for the grading and construction of dirt roads, including Florence Avenue, East Railroad Street and Finley Avenue, and for the resurfacing of Railroad Street, James Drive and the City Hall parking lot and the paving of Florence Avenue, East Railroad Street and Finley Avenue. The Public Works Director had previously estimated that this work (minus the City Hall parking lot resurfacing) would cost $107,701. The City Manager stated that the total amount of the two low bids, from Harris Grading for the dirt road grading and construction and from J.T. Russell & Sons for the resurfacing (1.25" of asphalt) and paving (2" of asphalt), totals $90,328.82, without the City Hall parking lot resurfacing. The resurfacing of the City Hall parking lot adds $8,310 (City Council had previously approved a $7,000 Budget Ordinance Amendment for the City Hall parking lot resurfacing).

AA.000000367 (24)

The City Manager advised that he would recommend that Council award the contracts for this work to Harris Grading for the dirt road grading and construction in the amount of $32,278.82 and to J.T. Russell & Sons for the resurfacing and paving in the amount of $66,360.00 for 1.25" asphalt resurfacing and 2" asphalt paving for the dirt roads.

The City Manager stated that he would further recommend that, since bids have come in more than $17,000 below budget on the street grading/construction/paving/resurfacing work, Council authorize staff to seek the resurfacing of Montevista Avenue between North Main Street and the first speed hump near the Boldon residence behind Marion City Square, since the street surface in this area has become very poor due to continual heavy truck traffic. The City Manager stated that Public Works Director Chris Hollifield estimated that the City should be able to resurface this section for around $5,000 to $10,000 or less and still end up spending less than what was planned to spend previously based on his original estimates.

Councilman Cuthbertson suggesting going with 2" asphalt resurfacing for the Montevista Avenue section, to ensure that it holds up better to the heavy truck traffic on the street.

The City Manager stated that the City has worked successfully with Harris Grading previously, but have never worked with J.T. Russell. The City Manager stated that he and Mr. Hollifield had obtained positive references for J.T. Russell from the cities of Newton and Conover.

The bids results were as follows:

Resurfacing/Paving Work

Carolina Paving	1.25" asphalt on Railroad St & James Drive	$ 84,058.00
Hickory, NC	1.25" City Hall Parking Lot	22,778.34
	2" asphalt on Florence, Finley and E Railroad	51,000.00
		$ 157,836.34
MayMead	1.25" asphalt on Railroad St & James Drive	$ 41,541.00
Mountain City TN	1.25" City Hall Parking Lot	11,257.00
	2" asphalt on Florence, Finley and E Railroad	27,250.00
		$ 80,048.00
J.T. Russell & Sons	1.25" asphalt on Railroad St & James Drive	$ 33,050.00
Conover, NC	1.25" City Hall Parking Lot	8,310.00
	2" asphalt on Florence, Finley and E Railroad	25,000.00
		$ 66,360.00
Johnson Paving	1.25" asphalt on Railroad St & James Drive	$ 44,200.00
Marion, NC	1.25" City Hall Parking Lot	14,384.00
	2" asphalt on Florence, Finley and E Railroad	28,750.00
		$ 87,334.00

Dirt Road Grading/Roadbed Preparation Work

Harris Grading	Finley Ave. & E. Railroad Rd.	$24,724.40
	Florence Avenue	$ 7,554.42
Ronald Burleson	Finley Ave. & E. Railroad Rd	$32,120.00
	Florence Avenue	$11,845.00
Jerry Cable	Finley Ave. & E. Railroad Rd	$29,222.50
	Florence Avenue	$10,892.50

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to award the contracts for this work to Harris Grading for the dirt road grading and construction in the amount of $32,278.82 and to J.T. Russell & Sons for the resurfacing and paving in the amount of $66,360.00 for 1.25" asphalt resurfacing and 2" asphalt paving for the dirt roads, and to

AA.00000368 (24)

authorize staff to negotiate with J.T. Russell & Sons for the 2" asphalt resurfacing of Montevista Avenue between North Main Street and approximately the area of the first speed hump behind the Marion City Square shopping center.

CONSIDER ADOPTION OF RESOLUTION AUTHORIZING THE SALE OF CITY PROPERTY ON WEST GRAYSON STREET BY NEGOTIATED OFFER AND UPSET BID:
The City Manager presented Council with a bid from Mr. and Mrs. Michael Steptoe of Marion to purchase a 0.28 acre property owned by the City on West Grayson Street for $500. This is one of three properties the City was given by Mr. Hill Evans several years ago. The City Manager stated that this property is essentially a hole that is covered with kudzu. The City Manager presented Council with a map showing the property and a copy of the tax card for the property, showing a tax value of $9,000 for the property.

The City Manager advised that if Council wished to accept the offer of Mr. and Mrs. Steptoe, Council would need to adopt a resolution, in which case the City would publish notice of Council's acceptance of the offer and allow the public ten days to submit an upset bid. Council may also reject the offer or make a counteroffer.

The City Manager noted that Council accepted $2,500 from Mr. Kendrick Swepson and $2,000 from Mr. Calvin Little for the purchase of slightly larger parcels on West Grayson Street and West Wilhemenia Street.

Councilman Cuthbertson suggested that Council should accept the offer. He added that the public can decide if the property is worth more by submitting one or more upset bids.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by negotiated offer and upset bid to Mr. and Mrs. Michael Steptoe in the amount of $500:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. and Mrs. Michael Steptoe have submitted a bid in the amount of $500 for the purchase of approximately 0.28 acres of property owned by the City of Marion located on West Grayson Street (McDowell County Parcel Identification Number 1701.14-22-5595).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Grayson Street (McDowell County Parcel Identification Number 1701.14-22-5595) that is approximately 0.28 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. and Mrs. Steptoe to purchase the above described property for $500, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. and Mrs. Steptoe of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $500.

AA.000000369 (24)

Adopted this the 19th day of May, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-05-19-1

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the Virginia Road culvert replacement project was completed in early May, the street over the culvert has been resurfaced and the street has been reopened. This project went very well and the City should have a culvert that will last for decades to come.

The City Manager presented Council with a letter from the N.C. Rural Center, providing formal notice that the City was awarded a $977,100 grant to fund one-half of the costs of the Sugar Hill Road Water and Sewer Extension. The City should soon receive a contract from the Rural Center that can be signed when the developer makes his announcement and written commitment.

The City Manager advised that the inmates began work on May 12 on the construction of the Farmer's Market structure. Jay and Chris are pricing options for protecting the structure's posts from vehicular traffic, wiring the structure and installing lights and ceiling fans. Additional donations receive beyond the amount required for basic materials can be put toward these purposes. The City Manager added that the City now has more than enough to cover the building materials and crane rental ($40,500 in committed funds, with the building materials and crane rental to cost less than $40,000). The City hopes to receive another $2,500-$10,000 in funding, which may allow the structure to be completely finished in time for the market opening in June.

The City Manager discussed options for a ribbon cutting/dedication for the Farmer's Market. Mayor Clark suggested inviting North Carolina Rural Center staff and setting the dedication date around the Rural Center's schedule. Council members agreed with the Mayor's suggestion and directed the City Manager to seek a dedication date in mid June, depending on the schedule of Rural Center staff.

The City Manager presented Council with the 2009-10 proposed budget and gave a few highlights regarding the proposed budget. He reminded Council of the Budget Workshop scheduled for Thursday, May 28, at 6:00 p.m. at City Hall.

Mayor Clark stated that he hates that there will be no raises for City Hall; however he appreciates how staff has cut the budget due to declining revenues.

Planning and Development Director Heather Cotton thanked the Public Works Department, and particularly Mr. Charles Stockton, for their help with the first annual Honey Bee Festival that was held the previous weekend.

Ms. Cotton gave an update on current McDowell Arts Council Association activities and projects.

AA.00000370 (24)

Finance Director Harriett Thomas advised that the City would be holding its annual Health Fair the following day at the Depot between 10:30 AM and 2:30 PM.

COUNCILMAN COMMENTS:

Mayor Pro Tem Little asked if staff knew the identity of the source of paint that was recently spilled on North Garden Street. The City Manager stated that the City had been unable to determine who spilled the paint.

Councilman Cuthbertson asked if the City could do something about the weeds on the Peavine Rail Line trail. It was suggested the McDowell Trails Association could help while doing their weekend clean ups.

Mayor Clark noted that the grass very high and unsightly at the Post Office on South Main Street. Ms. Cotton stated that City staff was dealing with this and about 40 other grass violations.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.00000371 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, June 2, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark; Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Chess Collins, Danielle Hagerman and Cole Setzer, Interns; Freddie Killough, Executive Director, Marion Business Association; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: James Nations, 370 Wilkerson Way, Marion, NC; Donald Jackson, 95 Summey Road, Old Fort, NC; Sam Dotson, PO Box 2350, Marion, NC; Fred Brown, 14427 US 221 North Marion, NC; Cliff McLarty, Madison Street, Marion, NC

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – May 19, 2009 Regular City Council Meeting Minutes

B. **Approve Amended Annexation Report** - The City Manager advised that as previously discussed, property owners in the Highway 226 South/Fairview Road area asked for additional time for the annexation to take effect. One property owner asked that only the commercial road frontage on Highway 226 South be annexed, not residential property fronting on Fairview Road.

The City Manager advised that he would therefore propose that the enclosed amended annexation report and plan of services for the Highway 226 South/Fairview Road area be adopted.

The amended report eliminates the Justice and McCoyle properties, which will be handled through an annexation petition, once Ms. McCoyle surveys and subdivides her property to split off the commercial frontage on Highway 226 South.

2009 ANNEXATION AREAS – ANNEXATION REPORT AND PLAN OF SERVICES – AMENDED JUNE 2, 2009

The Annexation Report and Plan of Services for the City of Marion 2009 Annexation Areas is hereby amended as follows:

1. Section II, Boundary Descriptions, is amended by deleting the boundary description for the Highway 226 South Area in its entirety and replacing the boundary description with the following:

HIGHWAY 226 SOUTH AREA

BEGINNING at a point at the southeast corner of Lot 4290 Block 98 on the McDowell County Tax Map 1710.02; said point also being a point of the boundary of the current Marion Corporate Limits; thence following said boundary of Marion Corporate Limits in a northwesterly direction approximately 386 feet to a point, said point being the southwestern corner of Lot 2325 Block 98 on the McDowell County Tax Map 1710.02, said point also being the southeastern boundary of Fairview Road (SR 1741); thence following western boundary of said Lot 2325 and eastern boundary of Fairview Road (SR 1741) in a northeasterly direction 227 feet to the northwest point of Lot 3335 Block 98 on the McDowell County Tax Map 1710.02, said point also being the northeastern

boundary of Fariview Road (SR 1741); thence following the northern boundary of said Lot 3335 in a southeasterly direction 136 feet to a point northeastern corner of said Lot 3335; said point also being a point on the western boundary of Lot 4248 Block 98 on the McDowell County Tax Map 1710.02; thence following the western boundary of said Lot 4248 in a northeasterly direction 189 feet; thence following the northern boundary of said Lots 4248 and 4290 in a generally southerly direction 151 feet to a point, said point also being the boundary of the Marion Corporate Limits, thence following the eastern boundary of said Lot 4290 and the Marion Corporate Limits 212 feet to the point of BEGINNING.

2. Section III, Statement Showing that the Areas Proposed to be Annexed Meet the Legislative Standards Prescribed by G.S. 160A-36, is amended by deleting the statement for the Highway 226 South Area in its entirety and replacing it with the following:

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 1,295.7 feet, of which 597.5 feet (or 46.11%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	
Number of lots and tracts used for:	
Residential	3
Commercial	1
Industrial	0
Institutional	0
Governmental	0
Total	4
Percentage of lots and tracts developed for urban purposes	100.00%
Total Residential and Vacant Acreage	1.40
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	1.40
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

3. Section IV, Statement Setting Forth Plans for Extending City Services to the Area Proposed to be Annexed and Methods of Financing These Services, is amended by deleting the statement for the Highway 226 South Area in its entirety and replacing it with the following:

HIGHWAY 226 SOUTH AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-

AA.000000373 (24)

large. The full-time force is composed of the Chief of Police, 24 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area three (3) times each 24 hours.

There is no additional street mileage for the proposed annexation area, since the area is already on the patrol route. Therefore, the estimated additional expenses to provide police services to the proposed area of annexation would be $0.00 per year.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $0.00.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $77.58 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed are already served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

AA.000000374 (24)

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are 3 customers currently on City water and sewer service. Once the area is annexed, the loss in revenues is estimated to be approximately $61.93 monthly or $743.16 annually.

Water service is available to all properties located in the area proposed for annexation and sewer service is available to part of the area. A sewer extension of approximately 510 feet will be needed along Scott Drive and Highway 226 South. The estimated cost of the sewer extension is $28,080.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area.

The City will ensure that on the effective date of annexation street maintenance services will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The area to be annexed will not require the installation of any streetlights, since streetlights are already in place.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.
SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,500 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 4 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that there will be no annual costs to provide solid waste collection service as City solid waste vehicles are already passing the area to be annexed. One time costs, involving $30.00 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment

AA.000000375 (24)

and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in the area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

4. Section IV, Estimated Revenues, is amended by deleting the estimated revenues for the Highway 226 South Area in its entirety and replacing it with the following:

HIGHWAY 226 SOUTH AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2009, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$193,960.00
Estimated Property Taxes	989.20

WATER AND SEWER REVENUES

Some structures in the area to be annexed are already connected to City water. The annexation of this area will result in water rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $743.16 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$536.97
Powell Bill Revenue	184.21
Utility Franchise Tax	168.00
Beer and Wine Tax	33.81

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2009 will increase the population by approximately 160 people for a population of 7,462.

5. Section V, Revenues and Cost Estimates, is amended by deleting the revenues and cost estimates for the Highway 226 South Area in its entirety and replacing it with the following:

HIGHWAY 226 SOUTH AREA

ESTIMATED ANNUAL REVENUES

Property Tax	$ 989.20
Local Sales Tax	536.97
Powell Bill	184.21
Utility Franchise Tax	168.00
Beer and Wine Tax	33.81
Total Estimated Annual Revenues	$1,912.19

ESTIMATED ANNUAL EXPENDITURES

Police Department	$ 0.00
Fire Department	0.00
Street Department	0.00

AA.00000376 (24)

Streetlights	0.00
Solid Waste/Recycling	0.00
Total Estimated Annual Expenditures	$ 0.00
ESTIMATED LOSS IN REVENUE	
Fire Service District Tax	$ 77.58
Water and Sewer Revenues	743.16
Total Estimated Revenue Loss	$ 820.74
ESTIMATED ONE-TIME EXPENDITURES	
Sewer Extension	$28,080.00
Recycling Containers	$ 30.00
Total One-Time Expenditures	$28,110.00

6. Exhibit A, General Location Maps, is amended by deleting the map for the Highway 226 South Area in its entirety and replacing it with the map on the following page:

7. Exhibit B, Existing Land Use Maps, is amended by deleting the map for the Highway 226 South Area in its entirety and replacing it with the map on the following page:

8. Exhibit E, Street Light Maps, is amended by deleting the map for the Highway 226 South Area in its entirety and replacing it with the map on the following page:

This amended Annexation Report and Plan of Services for 2009 Annexation Areas is hereby adopted by the City Council of the City of Marion this the 2nd day of June, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

C. Approve Waiver of Civil Citation

Council approved the waiver of a $50.00 Civil Citation issued to Mr. Rob Radford of Kathy Street for a sign violation. The City Manager advised Council that normal procedures were not followed prior to the issuance of this citation; therefore, he would recommend waiving the $50.00 penalty.

PRESENTATION OF CHECK FOR FARMER'S MARKET STRUCTURE CONSTRUCTION BY McDOWELL COUNTY FARM BUREAU: The President of McDowell County Farm Bureau, Mr. James Nations, presented a $15,000 check to the City from the McDowell County Farm Bureau for the Farmer's Market Structure construction. Mr. Nations advised that the Farm Bureau was excited about the project and the positive impact it would have for farmers across the region and for the downtown area. He added that he hoped the structure could be under roof in the near future.

Mayor Clark thanked Mr. Nations and stated that this and other donations made such an endeavor possible. He added that he appreciated what Farm Bureau does for the community and for helping with the Farmer's Market Project.

Mayor Clark also stated that Mr. Nations served lunch to the inmates working on the structure earlier that day. Mayor Clark also recognized other McDowell County Farm Bureau Board members who were present, along with Mr. Sam Dotson, who oversees the North Carolina

AA.00000377 (24)

Department of Correction Inmate Work Program.

The City Manager gave a brief update on the Farmer's Market construction and stated that this project has been a true community effort. The City Manager advised that staff had reviewed the plans for the structure and had taken the opportunity to look at the plans and materials a little more closely, to seek ways to save money on the project, while also ensuring a sae and strong structure at the same time. The City Manager stated that one change that Council had already approved is the use of a metal roof, which will lighten the weight of the structure significantly, while also saving thousands of dollars.

The City Manager stated that the design had also been reviewed to make sure that the posts for the structure are set in the strongest possible ways. The City Manager presented a letter from the City's consulting engineer, McGill Associates, and a structural engineer, Sutton-Kennerly Associates, advising that the original post design, calling for the posts to be set on a poured concrete footer and attached using anchor bolts, was far preferable to sinking the posts in the ground and pouring concrete around them. The City Manager stated that he would recommend that this post design be followed, based on the recommendations of the engineers.

The City Manager stated that he would also propose to have a licensed local contractor on site to oversee the work of the inmate labor and to assist the City's Building Inspector. The City Manager added that he still believes the project can be completed using N.C. STEP Program grant funds and donations, at no cost to the local taxpayers. The only setback may be having to wait on wiring the structure.

Mayor Pro Tem Little stated that he appreciates all that has been done by City staff, inmate labor and others on this project.

Councilman Cuthbertson stated that, not only is the structure going to be built strongly and economically, it will also look good and be an asset to the City.

Mayor Pro Tem Little stated that a metal roof will be more attractive.

Councilman Martin stated that he would like to see staff go ahead and get an estimate on the wiring and lights for the structure. The City Manager advised that staff would be obtaining such an estimated and that there could be grant opportunities to equip the shelter once it is constructed.

The City Manager stated that the project would not be possible without the labor being provided by the Inmate Work Program. Mayor Clark noted that he had been impressed with the work of the inmates and added that the inmates were heartbroken over the recent collapse of the trusses and that their assistance was invaluable.

Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to authorize the City Manager to hire a licensed contractor to oversee the completion of the Farmer's Market structure.

Mr. Dotson stated that he was glad to be able to help the City with the project and stated that the Department of Correction is committed to completing the project for the City.

INTRODUCTION OF INTERNS FROM APPALACHIAN STATE UNIVERSITY PROVIDED AS PART OF N.C. STEP PROGRAM: The City Manager stated that the City will have three interns from Appalachian State University who will work with the City full time over the next three months and then part time for two years as part of the N.C. STEP Program.

Planning and Development Director Heather Cotton introduced Ms. Danielle Hagerman, Mr. Cole Setzer and Mr. Chess Collins, who will be working with the City this summer. Each intern

AA.00000378 (24)

told a little about themselves. Ms. Cotton described some of the projects on which the interns will work, including completion of the Comprehensive Plan and Downtown Streetscape/Traffic Flow Plan, assisting with implementation of N.C. STEP Program projects, looking at opportunities for energy savings, researching possible grants and performing other needed work.

Two of the interns will continue to work 20 hours per week through May and a new batch of interns will work with the City for the second year of the program, through May 2011. The N.C. Rural Center is providing funding of this program at no cost to the City.

Mayor Clark thanked all three of the interns and stated that he wants the City to be the best teacher it can be. He stated that the City of Marion had top notch staff and that the interns should be able to learn a great deal.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADOPTION OF ANNEXATION ORDINANCES: The City Manager advised that as previously reported, property owners in the Airport Road and Highway 226 South/Fairview Road Annexation Areas made requests to delay the effective date of the annexations by one year, until June 30, 2010.

Upon a motion by Councilman Little, seconded by Councilman Martin , Council voted unanimously to adopt the following Ordinance extending the Corporate Limits of the City of Marion to include the Airport Road Annexation Area as follows:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – AIRPORT ROAD AREA - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northern corner of Lot 3479 Block 50 on the McDowell County Tax Map 1702.19, said point also being the western boundary of Airport Road (SR 1500); thence following the said boundary of Airport Road (SR 1500) in a northwesterly direction approximately 100 feet; thence crossing boundary of said Airport Road (SR 1500) in an easterly direction approximately 40 feet to a point on the eastern boundary of Airport Road (SR 1500), said point also being the western point of Lot 6970 Block 50 on the McDowell County Tax Map 1702.19; thence following the northern boundary of said Lot 6970 in an easterly direction 604 feet to the northeast point of said Lot 6970; thence following the eastern boundary of said Lot 6970 in a southerly direction 150 feet to a point on the eastern boundary of said Lot 6970, said point also being the current Marion Corporate Limits; thence following the boundary of the Marion Corporate Limits in a westerly direction approximately 758.45 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

AA.000000379 (24)

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 2,017 feet, of which 1,065 feet (or 52.80%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 66.67% of the total number of lots and tracts in said area are used for residential, commercial, industrial, instituticnal or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009 and filed in the office of the Clerk for public inspection on January 23, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $0, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic sewer and water system of the City of Marion into the area to be annexed under this ordinance. (No water or sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2010.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements cf G.S 160A-37(f1)(2).

Adopted this 2nd day of June, 2009.

My Commission Expires: _____

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance extending the Corporate Limits of the City of Marion to include the Highway 226 South/Fairview Road Annexation Area as follows:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – HIGHWAY 226 SOUTH-FAIRVIEW ROAD - 2009

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 24, 2009, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the southeast corner of Lot 4290 Block 98 on the McDowell County Tax Map 1710.02; said point also being a point of the boundary of the current Marion Corporate Limits; thence following said boundary of Marion Corporate Limits in a northwesterly direction approximately 386 feet to a point, said point being the southwestern corner of Lot 2325 Block 98 on the McDowell County Tax Map 1710.02, said point also being the southeastern boundary of Fairview Road (SR 1741); thence following western boundary of said Lot 2325 and eastern boundary of Fairview Road (SR 1741) in a northeasterly direction 227 feet to the northwest point of Lot 3335 Block 98 on the McDowell County Tax Map 1710.02, said point also being the northeastern boundary of Fariview Road (SR 1741); thence following the northern boundary of said Lot 3335 in a southeasterly direction 136 feet to a point northeastern corner of said Lot 3335; said point also being a point on the western boundary of Lot 4248 Block 98 on the McDowell County Tax Map 1710.02; thence following the western boundary of said Lot 4248 in a northeasterly direction 189 feet; thence following the northern boundary of said Lots 4248 and 4290 in a generally southerly direction 151 feet to a point, said point also being the boundary of the Marion Corporate Limits, thence following the eastern boundary of said Lot 4290 and the Marion Corporate Limits 212 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 6th day of January, 2009, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

AA.00000381 (24)

The aggregate external boundary line of the area to be annexed is 1,295.7 feet, of which 597.5 feet (or 46.11%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 100.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 20, 2009, filed in the office of the Clerk for public inspection on January 23, 2009 and amended on June 2, 2009.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $28,080, to finance the estimated cost of construction of sewer facilities found necessary in the report of plans for services to extend the basic sewer and water system of the City of Marion into the area to be annexed under this ordinance. (No water extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2010.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 2nd day of June, 2009.

My Commission Expires: _____

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROPERTY ON WEST WILHEMENIA STREET: The City Manager advised that at the April 21 Council meeting, Council adopted a resolution accepting the offer of Mr. Calvin Little to purchase a 0.32 acre parcel owned by the City on West Wilhemenia Street for $2,000, subject to upset bid.

After receiving the required five percent bid deposit from Mr. Little, notice was published in the McDowell News of the proposed sale on May 15 that interested persons had ten days to submit an upset bid. The City Manager stated that the ten day upset bid process passed with no further bids.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Resolution authorizing final acceptance of the offer to purchase City property as follows:

Resolution
Authorizing Final Acceptance of Offer
to Purchase Certain Property Owned by the City of Marion
after Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Calvin Little has submitted a bid in the amount of $2,000 for the purchase of approximately 0.32 acres of City property located on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385); and

WHEREAS, the City Council of the City of Marion adopted a resolution on April 21, 2009, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Little to purchase the property, as described below, for a sum of $2,000; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Little; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on May 15, 2009, caused notice of the proposed sale of the property, as described below, to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. Little.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385) that is approximately 0.32 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Calvin Little to purchase the above described property for $2,000 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

AA.00000383 (24)

3. All notices to the buyer shall indicate that the buyer is purchasing the property subject to any outstanding taxes or other liens affecting the property.

Adopted this the 2nd day of June, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-06-02-1

DISCUSS SALE OF CITY PROPERTY ON MOREHEAD ROAD:
The City Manager advised that he had received a letter from Rickey and Lisa Frady in reference to the two parcels they recently purchased from the City on Morehead Road. The City was given this property by the U.S. Marshals Service. At the time of the property donation, City taxes were owed on the property. The City Manager advised that the City taxes were released, since the City was the owner of the property; however, the City did not realize that County taxes were owed on the property until near the time of closing. The City Manager advised that Mr. and Mrs. Frady discussed the taxes with him at the time of closing and decided to pay the taxes and then request reimbursement from the City. Mr. and Mrs. Frady are now requesting that they be reimbursed for the $611.00 in County taxes that they paid at the time of closing.

A discussion followed.

Mayor Pro Tem Little stated that the City had no obligation or duty to refund these taxes.

It was the consensus of Council to deny this request.

CIVIL CITATION APPEAL – FAILURE TO DISPLAY HANDICAPPED PLACARD:
The City Manager advised that Mr. Willie Byrd submitted a letter requesting a waiver of the $10.00 penalty issued to him on May 14 for parking in a handicapped parking space in the Lowe's parking lot without having his handicapped placard displayed. A copy of the parking citation and handicapped placard were presented to Council for their information.

The City Manager advised that the Police Department verified that Mr. Byrd's wife possesses a valid handicapped placard, although the placard is not assigned to the vehicle Mr. Byrd was driving on May 14. The City Manager stated that Council has typically waived the $10.00 penalty for failure to display a handicapped placard, but technically the placard in question was not supposed to be used for the vehicle Mr. Byrd was driving.

Mayor Pro Tem Little asked if Mrs. Byrd was in the vehicle when Mr. Byrd received the citation. The City Manager stated that he understood that Ms. Byrd was in the vehicle.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to waive the $10.00 penalty for a civil citation issued to Mr. Willie Byrd for parking in a handicapped parking space in the Lowe's parking lot, without having his handicapped placard displayed, on the condition that Mrs. Byrd was indeed in the vehicle.

APPROVE ORDINANCE – TRAFFIC SCHEDULE ADDITIONS: The City Manager presented Council with an ordinance reflecting various additions to the Traffic Schedule, including the planned installation of stop signs on Florence Avenue at Clark and Bostic Streets

AA.000000384 (24)

upon the City taking over maintenance of the street, traffic regulations involving June 30, 2009 annexation areas and adding the enforcement of fire lanes at the McDowell Square (Wal Mart) Shopping Center and at Lowe's to the Traffic Schedule.

The City Manager stated that these are the only two fire lanes for which property owners have requested official City enforcement and for which Council approval has been given. However, when approved by Council, enforcement of the fire lanes was not put in the form of an ordinance. Other fire lanes could be enforced by the City upon request by the property owner and approval by Council, according to the City Code. The City Manager stated that the ordinance, if approved, would take effect on June 30, 2009.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, Council voted unanimously to approve the following ordinance amending the Traffic Schedule as follows:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	**REGULATION**	**REG. APPLICATION**
FLORENCE AVENUE	STOP SIGN	AT CLARK STREET
		AT BOSTIC STREET
PINE STREET	STOP SIGN	AT TUNNEL ROAD
MORRIS STREET	STOP SIGN	AT TUNNEL ROAD
WESTMORELAND STREET	STOP SIGN	AT TUNNEL ROAD
US 221 NORTH BUSINESS EXTENSION	STOP SIGN	AT HANKINS ROAD
LOWE'S (US 70 WEST)	FIRE LANE	ALONG ENTIRE FRONTAGE OF BUILDING
MCDOWELL SQUARE SHOPPING CENTER (US 70 WEST)	FIRE LANE	ALONG ENTIRE FRONTAGE OF BUILDINGS IN SHOPPING CENTER

Section 3. This ordinance shall become effective on June 30, 2009.

Adopted this the 2nd day of June, 2009.

A. Everette Clark, Mayor

AA.000000385 (24)

ATTEST: _____
J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-09-06-02-3

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that City staff have recently installed a gate at the future entrance to the Catawba River Greenway off of Highway 70 West, to control access. McGill is finishing up the final greenway design and floodway and floodplain permitting process. He added that the City plans to go out to bid with the project in the next few months, hopefully by which time the McDowell Trails Association will have raised much, if not all, of the $60,000 local match for the City's PARTF grant for the project.

The City Manager advised that he had received approval and a signed contract for three inmates to work full time at the Public Works Department. He added that this labor will offset the elimination of two vacant positions in the Street Department for 2009-10. Public Works Director Chris Hollifield listed several projects on which the inmates would be working. The cost to the City will be $1.00 per day per inmate.

The City Manager advised that it looked like the City would receive one or two youth to work at the Fire Department for the summer, at no charge, as part of the federally funded Summer Youth Employment Program administered by Isothermal Planning and Development Commission. The City Manager stated that these youth would focus on fire hydrant painting and maintenance.

The City Manager advised that construction of the downtown wireless network should begin in June. All costs will be covered by the N.C. STEP Program grant. The City Manager noted that installation of at least one, and hopefully web cameras, will also be included.

The City Manager advised that the County Commissioners had the day before approved the City's request to increase the Marion Area Fire District tax by two cents to fund equipment and operating costs related to the Fire District. He stated that he would have information for further discussion at the next City Council Meeting.

Mayor Pro Tem Little stated that he appreciates the County's approval of the tax increase so that replacements can be made to equipment in the Fire Department.

The City Manager advised that Mayor Clark had received a letter from UNC basketball coach Roy Williams, granting permission for the City to place historical markers and signs honoring him, since Marion is the birthplace of Coach Williams. The City Manager presented the letter to Council. Mayor Pro Tem Little stated that he was a Wake Forest alumnus, but that the letter from Coach Williams was very gracious and showed great humility. The City Manager added that the historical marker would be funded through private donations and not involve any City funds.

Ms. Cotton updated Council on current projects and activities of the McDowell Arts Council Association.

COUNCILMAN COMMENTS:

Mayor Pro Tem Little recognized Mr. Cliff McLarty in the audience and advised of a likely impending commercial development announcement on Sugar Hill Road at I-40.

Councilman Cuthbertson advised that possible cuts to the State budget, as part of an effort to reduce a $4.6 billion budget deficit, could have impacts on municipal budgets. He added that he

A.A.00000386 (24)

had read about budget reductions being undertaken by the City of Morganton, including required furloughs for City employees. Councilman Cuthbertson stated that he hoped the City would not have to take such steps.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, June 16, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

C. Adopt Resolution Authorizing Acceptance of American Recovery and Restoration Act Grant and Loan for Wastewater Improvements Project:

RESOLUTION

ACCEPTANCE OF AMERICAN RECOVERY AND REIVESTMENT ACT OF 2009 LOAN ASSISTANCE FROM THE CLEAN WATER STATE REVOLVING FUND

WHEREAS, the North Carolina Clean Water Revolving Loan and Grant Act of 1987 has authorized the making of loans and grants to aid eligible units of government in financing the cost of construction of wastewater treatment works, wastewater collection systems, and water supply systems, water conservation projects, and

WHEREAS, the North Carolina Department of Environment and Natural Resources has offered a State Revolving Loan in the amount of $2,601,364 for the construction of the Corpening Creek WWTP Improvements, and

WHEREAS, the City of Marion intends to construct said project in accordance with the approved plans and specifications,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion does hereby accept the State Revolving Loan offer of $2,601,364.

AA.00000389 (24)

That the City of Marion does hereby give assurance to the North Carolina Department of Environment and Natural Resources that all items specified in the loan offer, Section II - Assurances will be adhered to.

That J. Robert Boyette, City Manager, and successors so titled, is hereby authorized and directed to furnish such information as the appropriate State agency may request in connection with such application or the project; to make the assurances as contained above; and to execute such other documents as may be required in connection with the application.

That the City of Marion has substantially complied or will substantially comply with all Federal, State and local laws, rules, regulations, and ordinances applicable to the project and to Federal and State grants and loans pertaining thereto.

ADOPTED this the 16th day of June 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-06-16-3

SPECIAL PRESENTATION BY MAYOR AND CITY COUNCIL: The City Manager advised that in the summer of 1969, many exciting things happened. The first ATM machine was installed, the first moon landing occurred, The Woodstock Music Festival was held in Upstate New York, Wal-Mart was incorporated and the Miracle Mets won the World Series. Most importantly, on June 19, 2009, Jim Neal joined the Marion Fire Department.

The City Manager stated that, according to research, it appears that Jim is the first person to reach 40 years of service with the City of Marion in any capacity. He noted that the first 33 years of service were with no pay, as Jim served as a volunteer. The City Manager stated that Jim has served for the past seven years as Fire Chief after retiring from the insurance industry.

City Council members, family members, friends and active and retired members of the Fire Department all shared kind words about Jim Neal.

Mayor Clark stated that the City did not have to worry about the Fire Department with Jim Neal serving as Chief. He appreciates all the years of service and cannot say thanks enough.

Mayor Clark presented Jim with a 40 year service Pin. Jim's wife Diane pinned it on him.

Mayor Clark then presented Jim with a plaque that read as follows:

AA.000000392 (24)

Presented with Admiration to
Chief Jim Neal
In Appreciation and Recognition of
40 Years of Service to the City of Marion
Fire Department
While Always Exercising
"Courage Under Fire"
Presented this 16th day of June, 2009
By
Mayor A. Everette Clark and
Marion City Council Members

Mayor Clark also presented Jim with a bronze medallion.

Jim stated that he was most surprised and honored with all the kind words, however, the honors do not go to one person, they belong to all the fine people with whom he has served. Jim stated that the biggest portion of this honor belongs to the Chiefs under whom he served, including Glen Laughridge, Arthur Edwards and Tom Milligan.

PUBLIC HEARING ADOPTION OF 2009-10 BUDGET ORDINANCE: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing is required on the proposed 2009-10 City Budget. The proposed budget totals $9,507,219 which represents a decrease of 9.90 percent, or $1,044,256, over the amended 2008-09 budget and a decrease of 4.12 percent, or $408,049, over the original 2008-09 budget. The City Manager stated that the budget did not propose a tax increase for the 42nd consecutive year.. He advised that six positions had been eliminated in the budget and that City employees would receive no cost of living raise. The City Manager stated that, at the May 28 Budget Workshop, Council directed no changes to the proposed budget.

Councilman Owenby asked that the City Manager explain the six positions that had been eliminated.

The City Manager stated that these were positions that are vacant and not being filled.

Councilman Martin stated that he was glad to hear that no one has lost their job.

The City Manager stated that there have been no layoffs thus far, other than one that took place a few months ago with a planned reduction in water meter reading staff, and that he hoped that the proposed budget could be implemented without any layoffs. He added that the City hoped to receive a COPS grant to retain two police officer positions, the receipt of which would ensure no layoffs.

Councilman Cuthbertson stated that he had been on Council for sixteen years and this is the first time there had been no raises for City employees.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to adopt the following Ordinance adopting the 2009-10 City of Marion Budget as follows:

BUDGET ORDINANCE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000000393 (24)

These rates are based on estimated total valuation of property for the purpose of taxation of $ 347,099,970 and estimated rate of collection of
94%.

Section 12. The Budget Officer is hereby authorized to transfer appropriations within a fund as contained herein under the following conditions:

A. He may transfer amounts between objects of expenditure within a department without limitation and without a report being required.

B. He may transfer amounts up to $1,000.00 between departments of the same fund with an official report on such transfers at the next regular meeting of the City Council.

C. He may not transfer any amounts between funds nor from any contingency appropriation within any fund.

Section 13. Copies of the Budget Ordinance shall be furnished to the Finance/Budget Officer of the City to be kept on file for direction in the disbursement of funds.

ADOPTED this the 16th day of June, 2009

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–09–06–16–1

PUBLIC HEARING – ZONING MAP AMENDMENT – NORTH MAIN STREET: Mayor Clark opened the Public Hearing.

AA.000000396 (24)

The property is located at 1450 and 1460 N. Main St with the Parcel Identification Number (PIN) 1702.03-12-9903.

The existing use of the property is residential. Based on the McDowell County Property Record Card, the property is approximately 0.54 acres.

The property is surrounded by commercial uses. The proposed zoning district is shown as follows:

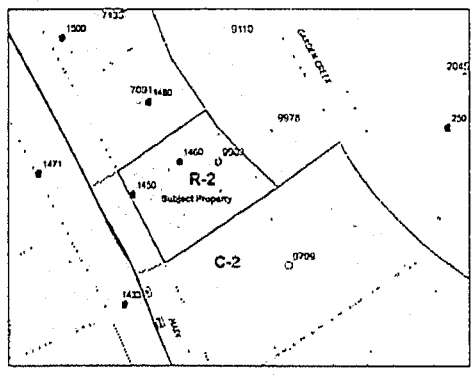

Figure One: Current Zoning

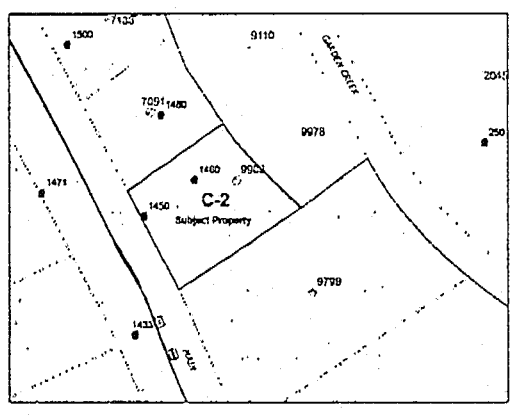

Figure Two: Proposed Zoning

Ms. Cotton stated that the applicant proposes to zone the area to the C-2 General Business Zoning District. The purpose of the C-2 General Business Zoning District is to provide for general and commercial activity along major thoroughfares and at other convenient points in the City. Regulations are designed to preserve the traffic carrying capacity of the streets and to provide for off-street parking. It is not the intent of this district to encourage extensive strip commercial development, but rather to provide concentrations of general commercial activities.

The property is located in close proximity to downtown and is located along a major commercial thoroughfare. The area surrounding the subject property has been commercial for many years.

The request is consistent with the current comprehensive plan and is not anticipated to change in future revisions.

Staff finds that the proposed rezoning will not have a negative impact on the surrounding area and is consistent with surrounding uses and recommends the zoning district designation from R-2 General residential to C-2 General Business.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Owenby, seconded by Councilman Martin, those members of Council present voted to adopt the following Ordinance amending the zoning district designation for this property from R-2 General Residential to C-2 General Business:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000000397 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map for property located 1450 and 1460 North Main St, and having the PIN 1702.03-12-9903 from the R-2 General Residential Zoning District to the C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

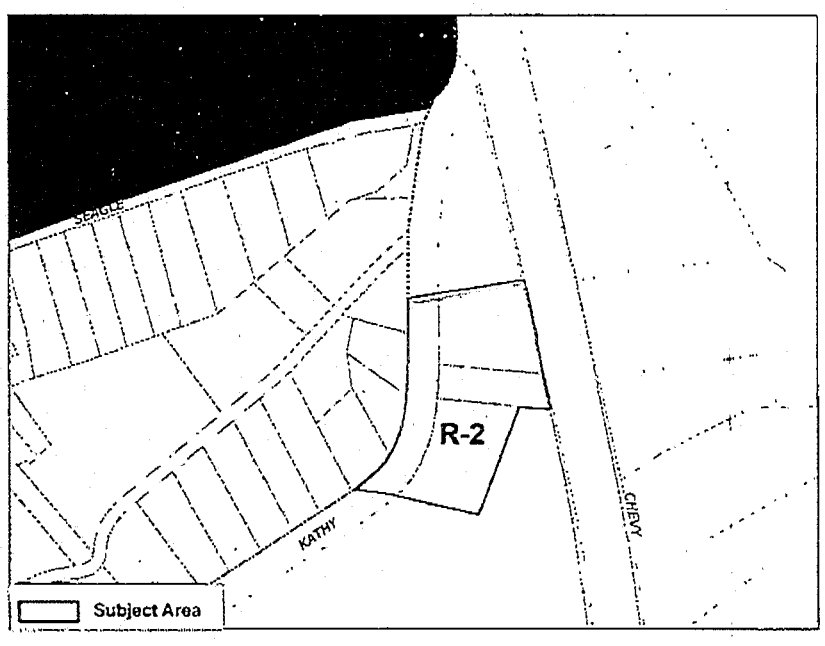
Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 16th day of June 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk



Ordinance Number: O-09-06-16-2

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO EASTFIELD PHASE 4 ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on April 7, 2009, City Council adopted Ordinance No. O-09-04-07-1 extending the corporate limits of Marion to include the Eastfield Phase IV Annexation Area. The annexation will become effective on June 30, 2009.

Ms. Cotton advised that the purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Eastfield Phase IV Annexation Area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. The Eastfield Phase IV area is approximately 2.28 acres in size consisting of 3 lots, which are used for single-family residential purposes.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby those members of Council present voted to adopt the following Ordinance to assign R-2 General

AA.00000398 (24)

Residential zoning to the Eastfield Phase IV Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
EASTFIELD PHASE IV

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include Eastfield Phase IV Annexation Territory, as adopted by City Council on April 7, 2009 Ordinance Number O-09-04-07-1, zoning the area as R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective June 30, 2009.

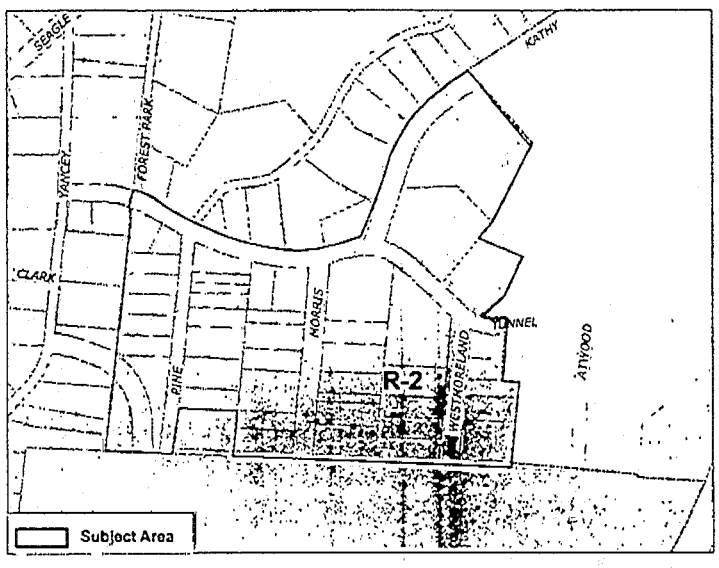
Adopted this the 16th day of June 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-06-16-3



PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO EASTFIELD PHASE 5 ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Mayor Pro Tem Little arrived during the discussion of this item.

Planning and Development Director Heather Cotton advised that on April 7, 2009, City Council adopted Ordinance No. O-09-04-07-2 extending the corporate limits of Marion to include the Eastfield Phase V Annexation Area. The annexation will become effective on June 30, 2009.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Eastfield Phase V Annexation Area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. The Eastfield Phase V area is approximately 15.77 acres in size consisting of 31 lots, which are used for a mixture of residential land uses.

AA.000000399 (24)

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

There were no citizens present to discuss this item.

Mayor Clark Closed the public hearing.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance assigning R-2 General Residential to the Eastfield Phase V Annexation area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
EASTFIELD PHASE V

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include Eastfield Phase V Annexation Territory, as adopted by City Council on April 7, 2009 Ordinance Number O-09-04-07-2, zoning the area as R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective June 30, 2009.

Adopted this the 16th day of June 2009.

Ordinance Number: O-09-06-16-4

PUBLIC HEARING ZONING MAP AMENDMENT – ASSIGN ZONING TO HIGHWAY 226 SOUTH/ITL ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on April 7, 2009, City Council adopted Ordinance No. O-09-04-07-3 extending the corporate limits of Marion to include the Highway 226 South - ITL Annexation Area. The annexation will become effective on June 30, 2009.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Highway 226 South - ITL Annexation Area is most compatible with Section 21-206, *M-1 Industrial Zoning District* zoning district. The M-1 Industrial Zoning District is established as a district where the principal use of land is for industrial and manufacturing purposes. The Highway 226 South - ITL area is one lot approximately 10.96 acres in size, which is being utilized for industrial purposes by Industrial Timber & Land Company.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

There were no citizens present to discuss this item.

Mayor Clark Closed the Public Hearing

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance assigning M-1 Industrial zoning to the Highway 226 South/ITL Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ITL – HIGHWAY 226 SOUTH

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

AA.00000401 (24)

Section 2: The City of Marion is amending the Official Zoning District Map to include ITL –Highway 226 South Annexation Territory, as adopted by City Council on April 7, 2009 Ordinance Number O-09-04-07-3, zoning the area as M-1 Industrial Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective June 30, 2009.

Adopted this the 16th day of June 2009.

Ordinance Number: O-09-06-16-5

PUBLIC HEARING ZONING MAP AMENDMENT – ASSIGN ZONING TO HIGHWAY 221 NORTH/HANKINS AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on April 7, 2009, City Council adopted Ordinance No. O-09-04-07-4 extending the corporate limits of Marion to include the Highway 221 North – Hankins Road Annexation Area. The annexation will become effective on June 30, 2009.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on the Marion City Code, the Highway 221 North – Hankins Road Annexation Area is most compatible with Section 21-202, *R-2 General Residential and C-2 General Business* zoning districts. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. Approximately 2.35 acres of the annexation area consists of 2 lots being utilized for residential purposes. In addition, there is one large parcel that is being used for non-commercial purposes as a church. The proposed zoning designation for these areas is R-2 General Residential. The remaining parcels that border Highway 221 North are primarily used for commercial purposes, and as such Staff is recommending that these parcels be designated as C-2 General Business.

AA.00000402 (24)

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Mayor Pro Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance to assign R-2 General Residential and C-2 General Business zoning to the Highway 221 North/Hankins Road Annexation Area:

ORDINANCE
AMENDING APPENDIX A ZONING
MARION CITY CODE
HIGHWAY 221 NORTH – HANKINS ROAD

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include Highway 221 North – Hankins Road Annexation Territory, as adopted by City Council on May 20, 2008 Ordinance Number O-09-04-07-4, zoning the area as R-2 General Residential Zoning District and C-2 General Business as further identified on the map attached hereto as Exhibit A.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective June 30, 2009.

Adopted this the 16th day of June 2009.

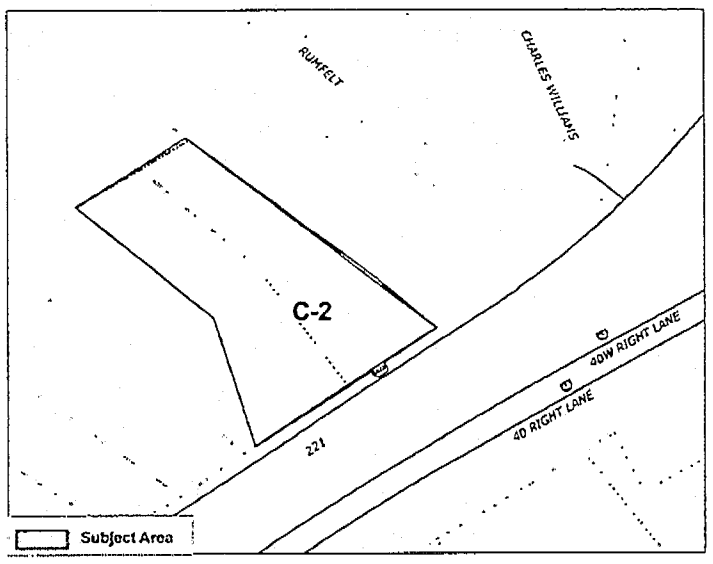
Ordinance Number: O-09-06-16-7

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO VIRGINIA ROAD ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on April 7, 2009, City Council adopted Ordinance No. O-09-04-07-6 extending the corporate limits of Marion to include the Virginia Road Annexation Area. The annexation will become effective on June 30, 2009.



The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on the Marion City Code, the Virginia Road Annexation Area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. The annexation area is approximately 4.75 acres in size consisting of 9 lots, which are used primarily for residential purposes.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

Based on Marion City Code, the Hampton Inn Annexation Area is most compatible with Section 21-205, *C-2 General Business* zoning district. The C-2 General Business Zoning District is established as a district where the principal use of land is for highway commercial purposes. The Hampton Inn is two parcels approximately 11.96 acres in size, which are being utilized for commercial purposes by the Hampton Inn.

Ms. Cotton advised that the Planning Board voted unanimously at their meeting on June 4 to recommend the approval of this request.

Mayor Pro Tem Little commented that the annexation of the Hampton Inn was expected years ago and that he was glad to see the property finally come in the City.

Upon a motion by Mayor Pro Tem, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance assigning C-2 General Business zoning to the Riverview Holdings/US 221 South/Hampton Inn Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
HAMPTON INN/HIGHWAY 221 SOUTH

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Highway 221 South/Hampton Inn Annexation Territory, as adopted by City Council on May 19, 2009 Ordinance Number O-09-05-19-1, zoning the area as M-1 Industrial Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on June 4, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective June 30, 2009.

Adopted this the 16th day of June 2009.

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-06-16-9

PRESENTATION BY ABC BOARD: The City Manager advised that the ABC Board has requested permission to talk to Council regarding the idea of a second store. ABC Board Chairman Jim Isaacs advised that the ABC Board has studied the idea of a second store for some time and had recommended that a second store be built on US 221 North. ABC Board Member Robert Ayers provided details on the site, which is owned by Mr. Allen Gurley, and the proposed building. Mr. Ayers stated that Mr. Gurley would construct the building and the ABC Board would lease from Mr. Gurley. He added that Mr. Gurley will want a minimum five year lease.

Mr. Isaacs presented financial projections on the anticipated revenues and expenditures from a second store, based on a projected 20 percent or 50 percent increase in sales. The City Manager asked if these projections included the possible impact of a new ABC store in Spruce Pine. Mr. Isaacs stated that the projections did not account for the possible reduction of sales related to the new Spruce Pine store, since the amount of such an impact was unknown. The City Manager stated that the 2009-10 City budget called for a 25 percent reduction in ABC revenues due to the new Spruce Pine ABC store.

Mr. Isaacs stated that the current ABC Store on East Court Street has been in the same location since April 1984. The building is owned by the ABC Board and there is no debt attached to the property.

Plans and drawings were presented to Council for review and discussion. Mr. Ayers stated that a new store would take about four months to construct and be up and running.

Mr. Isaacs stated that the ABC Store is in desperate need of warehouse storage. The present store also has no loading dock. Mr. Isaacs stated that the ABC Board feels that a second store on US 221 North will increase business by capturing tourist sales. He added that the ABC Board wants to keep the current store and have Mr. Eugene Pittman manage both stores.

Mayor Pro Tem Little asked if the ABC Board had been able to make reasonable thoughts about what the new ABC store in Spruce Pine would do to the proposed location of this second store.

Mr. Ayers stated that the ABC Board does not feel that the new Spruce Pine ABC store would affect sales at the US 221 North location that much.

Councilman Cuthbertson stated that he had heard some rumblings in the General Assembly about allowing liquor sales in private stores, which would greatly hurt municipal revenues.

Mr. Ayers stated that such proposals are introduced in the General Assembly but always result in massive opposition from local governments. He added that if the second store is not built, the ABC Board will be forced to spend a lot of money on the present location.

Mayor Clark stated that there is a lot of uncertainty with this proposal. If a new store is built and sales do not go as well as projected, the ABC Board is left holding a lease and City revenues will suffer, something the City can ill afford at this time. Mayor Clark asked if the ABC Board had thought about closing the old store and keeping the new one if sales do not increase as projected.

Mr. Ayers stated that such an idea was indeed a possibility.

Mr. Ayers added that it would cost approximately $75,000 to stock the new store and the NC laws do not allow liquor to be used as collateral.

AA.000000408 (24)

Mayor Clark asked what the best guesstimate would be on how a second store would affect revenues for the City of Marion.

The City Manager stated that what the Spruce Pine ABC store does to City ABC revenues is anyone's guess. He estimated that it would take increased sales of 30 to 50 percent, depending on the effect of Spruce Pine ABC store, for the City to retain the estimated amount of ABC revenues for 2009-10.

Mayor Clark stated that when Spruce Pine opens they will have regular customers; therefore, it may be best for Marion to try to move ahead with the new store and get customers.

Mr. Eugene Pittman stated that the Spruce Pine ABC Store should be open in August, so there is no way the new Marion store can beat this schedule.

Mayor Pro Tem Little stated that now is the time to move forward. He advised that there will be lots of uncertainties over the next five years but, all things considered, he is in favor of proceeding.

Mayor Clark stated that often times this type of venture is a gamble.

Mayor Pro Tem Little stated that he has the utmost confidence in the four gentlemen here tonight representing the ABC Board and respects their recommendations.

The City Manager stated he firmly believed that the second ABC store will pay off long term. However, he expressed concern about the short term impact on the City budget if sales fall short of projections. The City Manager cautioned that the 2009-10 City budget has been cut as much as possible and that if ABC revenues fall short over the next few years, the losses will likely have to be taken from General Fund reserves.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to authorize the ABC Board to proceed with a second store, as recommended.

Details will continue to be worked out by the ABC Board and City staff.

The revenue and expenditure projections for the second store, as presented by Mr. Isaacs, are as follows:

AA.000000409 (24)

PRESENTATION OF CERTIFICATE FROM N.C. RURAL CENTER – COMPLETION OF N.C. STEP PROGRAM: Mayor Clark recognized Marion Business Association Executive Director Ms. Freddie Killough.

Ms. Killough presented Council with a certificate that had been received from the Rural Center, marking the City's completion of the initial three years of the N.C. STEP Program. Ms. Killough stated that the City's work with the N.C. STEP Program will continue with the completion of implementation projects and assistance from interns.

The certificate read as follows:

AA.000000410 (24)

The City of
Marion
is hereby awarded this
Certificate of Appreciation
for outstanding partnership in the
North Carolina Small Towns
Economic Prosperity Program
and Commitment to a bright future
for all of Rural North Carolina

May 5, 2009 ---------- Date

Billy Ray Hall ---------- President

Mayor Clark thanked Ms. Killough and all the others who have assisted with this project. Ms. Killough credited Planning and Development Director Heather Cotton and other staff and volunteers for their hard work with the N.C. STEP Program project.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

APPROVAL OF WATER AND SEWER RATE AND TAP FEE ORDINANCE:

The City Manager stated that the proposed Water and Sewer Rate and Tap Fee Ordinance provides for a six percent rate increase in all service categories, effective with the August 1, 2009 billing (reflecting July usage). This is the fourth year of a five year six percent rate increase instituted by Council in 2006. Revenue from the new rates was included in the 2009-10 budget which was approved by Council earlier in the agenda.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance establishing water/sewer rates, connection fees, cost recovery charges and other miscellaneous charges.

ORDINANCE
ESTABLISHING WATER/SEWER RATES, CONNECTION
FEES, COST RECOVERY CHARGES AND OTHER MISCELLANEOUS CHARGES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That new water/sewer rates, connection (tap fees) fees, cost recovery charges and other miscellaneous charges are hereby established as follows:

	INSIDE CITY	**OUTSIDE CITY**
Water Rates:	**$2.01 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $28.43 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$12.66**	**$31.65**
Master Meter Rate	**$2.01 per 1,000 Gallons, plus $9.08 Service Charge per Month**	**$5.04 per 1,000 Gallons, plus $22.70 Service Charge per month**

AA.0000000411 (24)

Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.34**	**$25.84**
	INSIDE CITY	**OUTSIDE CITY**
Sewer Rates:	**$2.01 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $28.43 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$12.66**	**$31.65**
Master Meter Rate	**$2.01 per 1,000 Gallons, plus $9.08 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $22.70 Service Charge per month**

Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.34**	**$25.84**
	INSIDE CITY	**OUTSIDE CITY**
Metered Sewer Rates for Private Wells	**$2.91 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$7.27 per 1,000 Gallons, plus $28.43 Service Charge per month**

Important Notices:

All sewer charges are based on water meter readings, unless a sewer metering device approved by the City has been installed.

When more than one unit is served by a Master Meter, such as a mobile home park, shopping center or apartment complex, the monthly service charge is $10.34 for water and $10.34 for sewer in the City, and $25.84 for water and $25.84 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $31.65 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $12.67 per month per residential unit shall be charged for sewer service.

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350
1"	630	1,620	1,575	4,050
1 ½"	1,260	3,240	3,150	8,100
2"	1,440	6,480	3,600	16,200
3"	3,060	12,960	7,650	32,400
4"	3,690	22,500	9,225	56,250
6"	5,940	54,000	14,850	135,000
8"	8,100	67,500	20,250	168,750

AA.00000412 (24)

10"	10,800	90,000	27,000	225,000
12"	14,400	112,500	36,000	281,250

Tap Fees (Domestic Water Service):
The Charge listed for a ¾" domestic water service includes the cost of a back-flow preventor required by the City.

The charge to add a ¾" back-flow preventor to an existing domestic service is as follows:

INSIDE CITY	OUTSIDE CITY
$ 10.00	$ 20.00

CHARGES FOR CONNECTIONS FOR FIRE PROTECTION/SPRINKLER LINES IN RESIDENTIAL AND/OR COMMERCIAL DEVELOPMENTS

CHARGES FOR CONNECTIONS FOR FIRE PROTECTION/SPRINKLER LINES IN RESIDENTIAL AND/OR COMMERCIAL DEVELOPMENTS-continued:

All connections to the city water system shall be equipped with a proper check-valve and/or back-flow preventor approved by the city public works director or city engineer prior to installation. It shall be the responsibility of the owner to have the approved check-valve or back-flow preventor installed. In addition, the owner of all properties connected to the city water system and using water for other than domestic services, shall submit a letter to the city water department on or before the first day of July each year certifying that the check-valve and/or back-flow preventor has been checked and is operating properly.

SEWER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

DEPOSIT AND/OR PREPAYMENT FOR NEW ACCOUNTS:

RESIDENTIAL ACCOUNTS

	INSIDE CITY	OUTSIDE CITY
WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the city of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the city's water and/or sewer system, the following procedure shall apply:

Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to city policy.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

	WATER	SEWER	WATER AND SEWER
FAST FOOD/PIZZA RESTAURANTS	$100.00	$100.00	$ 200.00

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS-continued:

The city manager shall determine the appropriate deposit for any commercial, industrial or master meter customer not listed in the preceding schedule. At the end of six months of service, the city will determine the average use by averaging the three highest months. The customer will be billed for any additional amount for the proper deposit. If the amount is not received in thirty days, the utility bill will be increased each month for twelve consecutive months until the proper deposit has been received. If the average monthly deposit is lower than the amount the city has received from the initial deposit, the city will credit the water account of the customer for the amount of the difference in the initial deposit and the average monthly bill.

Ordinance Number: O-09-06-16-10

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROPERTY ON WEST GRAYSON STREET: The City Manager advised that at the May 19 Council meeting, Council adopted a resolution accepting the offer of Mr. and Mrs. Steptoe to purchase a 0.28 acre parcel owned by the City on West Grayson Street for $500, subject to upset bid. After receiving the required five percent bid deposit from Mr. and Mrs. Steptoe, the City published notice in the McDowell News of the proposed sale on June 2 that interested persons had ten days to submit an upset bid.

The City Manager advised that no upset bids had been received; therefore, Council could adopt a resolution authorizing the final sale of the property to Mr. and Mrs. Steptoe.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, Council voted unanimously to adopt the following Resolution Authorizing Final Acceptance of the Offer to Purchase Certain Property Owned by the City of Marion:

Resolution Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. and Mrs. Michael Steptoe have submitted a bid in the amount of $500 for the purchase of approximately 0.28 acres of City property located on West Grayson Street (McDowell County Parcel Identification Number 1701.14-22-5595); and

WHEREAS, the City Council of the City of Marion adopted a resolution on May 19, 2009, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. and Mrs. Steptoe to purchase the property, as described below, for a sum of $500; and

AA.000000416 (24)

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. and Mrs. Steptoe; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on June 2, 2009, caused notice of the proposed sale of the property, as described below, to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. and Mrs. Steptoe.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Grayson Street (McDowell County Parcel Identification Number 1701.14-22-5595) that is approximately 0.28 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. and Mrs. Michael Steptoe to purchase the above described property for $500 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

3. All notices to the buyer shall indicate that the buyer is purchasing the property subject to any outstanding taxes or other liens affecting the property.

Adopted this the 16th day of June, 2009.

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-06-16-4

CONSIDER APPROVAL OF INTERLOCAL AGREEMENT WITH MCDOWELL COUNTY – SALES TAX DISTRIBUTION: The City Manager advised that as previously discussed, the County Commissioners have proposed the attached Interlocal Agreement to govern the distribution of sales tax within the County for the next five years. Under the agreement, the City will lose $250,000 in sales tax revenues in 2009-10 and $50,000 more each year for the next four years. The Commissioners reserve the right to revisit the agreement after the third year. The City Manager stated that, in addition, the Town of Old Fort will receive their distribution first, essentially out of the City's share, increasing the total sales tax loss per year for the City by an estimated $25,000 - $30,000 per year. The agreement contains no unrelated issues, such as the Nebo water system or the Skate Park.

The Commissioners were scheduled to approve this agreement at their June 8 meeting. The City Manager advised that he would recommend approval of this agreement, so that the City will have some certainty regarding sales tax revenues for at least the next three years.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Interlocal Agreement concerning matters related to the distribution of Sales Tax as follows:

Interlocal Agreement
City of Marion and
McDowell County

Concerning Matters Related to the Distribution of Sales Tax

AA.00000417 (24)

This Interlocal Agreement is entered into within the context of the County of McDowell (County) and the City of Marion (City) working together, cooperatively, to promote projects and activities that are in the best interest of all city and county residents and within the financial ability of each entity.

WHEREAS, North Carolina General Statute GS 105-472 provides two formulas for sales tax distribution between a County and its municipalities. The methods are either on a Per Capita formula or an Ad Valorem formula. The Board of Commissioners annually choose the formula, and

WHEREAS, for several decades the County has used the Per Capita method for distributing a portion of sales tax revenue to the City, and

WHEREAS, since July 1, 2008, the Ad Valorem method has been used to distribute a portion of sales tax revenue to the City, and

WHEREAS, to help replace the substantial reduction in sales tax revenue to the City, the County has agreed to distribute certain revenue to the City as part of this Agreement, and

WHEREAS, the City and County agree to seek ways they can cooperate on goals and projects that are to the ultimate advantage of all residents of McDowell County, which include those who are residents of the City of Marion, within the context of adequate financial ability, and

WHEREAS, this Interlocal Agreement outlines a process for the County and City to accomplish these goals.

NOW, THEREFORE BE IT RESOLVED AS FOLLOWS:

The County will distribute sales tax to the City of Marion using the following formula.

1. The higher amount of sales tax that the City would have received under the Per Capita method is calculated. This calculation exempts any other municipality.
2. The lower amount of sales tax that the City will receive under the Ad Valorem method is calculated by the Department of Revenue.
3. The lower amount is subtracted from the higher amount to produce the difference between these two amounts. The Town of Old Fort is not a party to this Agreement and will receive their allocation as provided by G.S. 105-472.
4. $250,000 is then subtracted from the difference and this $250,000 is retained by the County to offset the annexation of the Marion Correctional Facility. This annexation resulted in an approximate amount of $160,000 shift in sales tax revenue from the County to the City.
5. The resulting amount will be distributed to the City in four quarterly installments during the fiscal year.
6. The $250,000 retained by the County will be increased by $50,000 annually for the five years of this Agreement.

Other Issues

1. This Interlocal Agreement will have a term of five years, beginning July 1, 2009 and ending June 30, 2014.

2. This Interlocal Agreement will be reviewed after the third year by the Board of Commissioners and the amount of sales tax retained by the County will be evaluated and can be adjusted within the legal context of G.S. 105-472.

Adopted, this the _____ day of _____, 2009 by the McDowell County Board of Commissioners and the _____ day of _____, 2009 by the Marion City Council.

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

APPROVE PURCHASE OF PROPERTY FROM NCDOT AT SUGAR HILL ROAD AND MEADOW DRIVE: The City Manager stated that, as previously discussed, the City will need to construct a wastewater pump station at the intersection of Sugar Hill Road and Meadow Drive on property owned by the North Carolina Department of Transportation, as part of the Sugar Hill Road water and sewer extension. NCDOT has proposed selling the City this 0.34 acre property for $5,900. This property has a tax value of $10,500. The City Manager stated that he would recommend Council approval of the purchase of the property for this project.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to adopt the following Agreement to Purchase property owned by the North Carolina Department of Transportation at the corner of Sugar Hill Road and Meadow Drive, in the amount of $5,900, said property to be used to construct a wastewater pump station.

AGREEMENT TO PURCHASE

COUNTY OF McDowell I.W.O F0128 DATE: June 3, 2009
CLAIM OF NCDOT PARCEL 031

I, the undersigned agree to pay to the Department of Transportation the sum of $ 5,900.00 for the portion of the lands formerly owned by Leslie E. Hensley

---

(The bidder's attention is directed to the fact that the State of North Carolina does not warrant title to lands. It will be the responsibility of the buyer to satisfy himself as to the title to the property involved. The buyer should also examine the property carefully inasmuch as it is his responsibility, through survey or otherwise, to satisfy himself on the area of land being offered for sale. The purchaser also agrees to accept title to the property subject to any outstanding liens, taxes or other assessments.)

I attach hereto my certified or cashier's check in the amount of $ 590.00 , which I understand will be returned to me if I am not the successful bidder. (If bid is $ 500.00 or less, full amount of purchase price must accompany bid. If more than $500.00, a deposit of $500.00 or 10% of bid, whichever is larger, is required. In the event I am the successful bidder, I further agree that I will, promptly upon request, furnish the Department o Transportation a certified or cashier's check in the same amount in exchange for my personal check which will be returned to me, and agree that the certified or cashier's check will be credited against the purchase price of the property. Upon delivery to me of the deed from the State of North Carolina, I will promptly pay any balance due to certified or cashier's check. Should my bid be accepted by the Department and I cannot complete the purchase of the property within a reasonable period of time, I hereby agree to forfeit my deposit and I will have no further claim against the Department.

It is my understanding, in placing the bid on this property, that the sale of the subject land must be approved by the Council of Sate of the State of North Carolina, and that there could be a delay of several months in confirming the sale and delivering the deed.

BID FORM - SALE OF REAL PROPERTY FRM 14-AA

DISCUSS EXTENSION OF FIRE CONTRACT WITH GLENWOOD FIRE DEPARTMENT: The City Manager advised that Council briefly discussed at the May 28 Budget Workshop the idea of extending the contract with Glenwood Fire Department for service to Marion Correctional Institution. The current agreement, first approved for five years in 2003, and then for one year in 2008, calls for Glenwood to retain State Fire Protection funds for the prison (about $18,000 per year). The current agreement with Glenwood expires on June 30, so Council direction is needed.

A discussion followed.

Mayor Clark stated that he would recommend leaving the agreement as is for one more year and then work toward the City and Glenwood Fire Department splitting the State money in the future, since both fire departments would respond to a fire at the Prison.

Councilman Martin questioned if the gain of $9,000 per year for the City would be worth the possible ill will that might be generated with the Glenwood Fire Department.

Mayor Pro Tem Little suggested working toward a 50-50 split of the State revenue between the City and the Glenwood Fire Department over several years.

Councilman Cuthbertson suggested extending the current agreement for one year and discussing the future distribution of the State money in the next year, perhaps at the next City Council Planning Session.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to approve the following contract with the Glenwood Fire Department, extending the contract for fire service to Marion Correctional Institution for one year, and for City Council to discuss the future distribution of the State Fire Protection revenues for Marion Correctional Institution further at the next Planning Session and over the next 12 months:

STATE OF NORTH CAROLINA

COUNTY OF MCDOWELL

CONTRACT FOR FIRE SUPPRESSION SERVICES

THIS CONTRACT is made this _____ day of _____, 2009, by and between the City of Marion, a municipal corporation (hereinafter referred to as "City") and the Glenwood Volunteer Fire Department, a North Carolina non-profit corporation and a duly organized rural fire department (hereinafter referred to as "Department").

W I T N E S S E T H :

WHEREAS, by an ordinance adopted June 17, 2003, the City annexed the area described in Exhibit "A" attached hereto (herein "Service Area"), which ordinance became effective on June 30, 2003; and

AA.00000420 (24)

WHEREAS, the City wishes to minimize the impact of the annexation upon the Department and still provide satisfactory service to the areas as prescribed by State law; and

WHEREAS, pursuant to North Carolina General Statute § 160A-37.1, the City and Department have the statutory authority to enter into a fire contract where the Department will provide fire protection services for the Service Area;

NOW, THEREFORE, in consideration of the premises and the mutual promises set forth herein, and for other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the City and the Department hereby agree to this contract for provision of fire protection services to the Service Area, according to the following terms and conditions:

1. SERVICE RESPONSIBILITY – FIRE SUPPRESSION SERVICE

The Department shall regularly serve as the first responding provider of fire suppression service to the Service Area with the minimum of the following: two firefighters with a fire truck capable of pumping at a rate of at least one thousand (1000) gallons per minute and carrying at least one thousand (1000) gallons of water. The Department's units and personnel, together with those of the City's Fire Department, shall both be routinely dispatched by the McDowell County Emergency Communications Center to all fire emergencies. The Department's services shall be in accordance with the minimum standards set forth by the North Carolina Department of Insurance/ Office of the State Fire Marshal.

It shall be the responsibility of the Department to equip and train its firefighters in a manner consistent with applicable regulations of the Occupational Safety and Health Administration of the U. S. Department of Labor. The Fire Department shall maintain Workmen's Compensation Insurance applicable to all fire department personnel regardless of status, at least to the extent required by law.

It shall be the duty of the Department to maintain adequate communications equipment to allow efficient and professional dispatching of emergency calls.

Notwithstanding the obligation of the Department to initiate fire and emergency services when its units arrive first at the scene as provided hereinabove, the primary fire and emergency service responsibility within the service area shall always remain with the City's Fire Department.

The City and the Department hereby acknowledge that each party may relocate its own vehicles and equipment based on emergency requirements, but that long term or permanent changes of a nature that substantially change the ability to deliver service as intended by the City and the Department are maters on which the City and the Department representatives must confer and reach mutual agreement.

2. SERVICE RESPONSIBILITY – MUTUAL AID AND ASSISTANCE

In addition to other services provided for herein, the Department and the City's Fire Department will provide mutual aid and assistance, including backup equipment and personnel, in those cases where assistance from another department is necessary to adequately respond to large fires or other exceptional emergencies or disasters in the Service Area.

3. COMPENSATION FOR SERVICES

The Department will be compensated for fire, rescue and emergency medical response by retaining any funds paid by the State of North Carolina for fire protection to the Service Area. The Department acknowledges that State funding is subject to cuts or elimination, and that the City will not be held liable for any revenue losses resulting from cuts in or elimination of State funding. The Department further acknowledges that under no circumstances will any payment for services be made by the City. Further, the funds shall not be used for subcontracting of primary and additional services provided for herein.

4. MAINTENANCE

The Department shall be responsible for continuing its customary equipment maintenance activities and shall immediately advise the City if the condition of the equipment or lack of equipment will interfere with the Department's ability to respond to the service area. The Department is to keep at least the minimum equipment as listed by The North Carolina Department of Insurance/Office of State Fire Marshal at no additional cost to the City and shall strive to keep above minimum equipment standards.

5. RESPONSE

AA.0000000421 (24)

In providing support to the City's Fire Department, the Department's response shall continue to be immediate and in the most professional manner possible. Response times shall be consistent with present response times of the Department in the annexed area.

6. TERM

The term of this Contract shall be for one year and commence on July 1, 2009 and end on June 30, 2010 at midnight.

7. WAIVER OF LIABILITY

The Department agrees to assume full responsibility of its provision of fire suppression services and emergency response services to the annexed area as required hereunder. Each party to this Contract shall assume any and all liability and responsibility for the death or injury to any personnel of their own command providing services hereunder. Neither party hereto shall assume responsibility or liability for property damaged or destroyed at the actual scene of any incident arising out of or related to firefighting and rescue operations, fire control tactics and strategy, emergency response actions or other operations as may be required due to the nature of the incident. Each party to this Contract shall assume all liability and responsibility for damage to its own apparatus and equipment. The execution of this Contract shall not be construed to be an assumption of any liability by either party hereto not otherwise imposed by law, and each party agrees to hold the other harmless and fully indemnify the other in the event in respect of any and all claims, losses and expenses, including reasonable fees and disbursements of counsel (before and at trial, in bankruptcy proceedings and in appellate proceedings), which may be incurred by a party (the "Indemnified Party") arising out of death or injury to personnel or property of the other party ("Indemnifying Party").

Whenever any claim shall arise for indemnification under this Section 7, the Indemnified Party shall notify the party or parties (as the case may be) against whom indemnification is sought (whether one party or more, the "Indemnifying Party") in writing by certified mail of the facts constituting the basis for such claim. Such notice shall specify all facts known to the Indemnified Party giving rise to such indemnification right and the amount or an estimate of the amount of the liability arising therefrom. The right to indemnification hereunder and the amount or the estimated amount thereof, as set forth in such notice, shall be deemed agreed to by the Indemnifying Party unless, within 15 days after the receipt of such notice, the Indemnified Party is notified in writing that the Indemnifying Party disputes the right to indemnification as set forth or estimated in such notice.

If the facts giving rise to any such indemnification right shall involve any actual or threatened claim or demand by any third party against the Indemnified Party or any possible claim by the Indemnified Party against any third party, such claim by or against a third party shall be referred to as a "Third-Party Claim." If the Indemnifying Party gives the Indemnified Party an agreement in writing, in form and substance reasonably satisfactory to counsel to the Indemnified Party, agreeing to indemnify and save the Indemnified Party harmless from all costs and liability arising from any Third-Party Claim, the Indemnifying Party may at its own expense undertake full responsibility for the defense or prosecution of such Third-Party Claim and may contest or settle it on such terms as it may choose. If the Indemnifying Party fails to deliver such an agreement of indemnity to the Indemnified Party, (1) the Indemnifying Party at its own expense may nevertheless participate with the Indemnified Party in the defense or prosecution of the Third-Party Claim and in any and all settlement negotiations relating thereto, and (2) the Indemnified Party may contest or settle the Third-Party Claim on such terms at it may choose, although the Indemnified Party shall not reach a settlement until it has consulted in good faith with the Indemnifying Party. Any such participation shall not relieve the Indemnifying Party of its obligations to indemnify the Indemnified Party under this Section 6. If by reason of any Third-Party Claim a lien, attachment, garnishment or execution is placed upon any of the property or assets of the Indemnified Party, the Indemnifying Party, if it desires to exercise its right to defend or prosecute such suit, shall furnish a satisfactory indemnity bond to obtain the prompt release of such lien, attachment, garnishment or execution.

The Department agrees to maintain adequate liability insurance coverage at all times in an amount not less than $500,000.00 for apparatus and general liability. The Fire Department currently maintains liability insurance coverage in an amount of $1,000,000 dollars and apparatus coverage in an amount of guaranteed replacement cost.

8. NONDISCRIMINATION GUARANTEES

In consideration of the signing of this Contract, the parties hereto for themselves, their agents, officials, employees and servants agree not to discriminate in any manner on the basis of race, color, creed or national origin with reference to the subject matter of this Contract, no matter how remote.

9. TERMINATION

AA.000000422 (24)

This Contract may be terminated unilaterally by either party at the expiration of any contract year, provided that written notice is given to the non-terminating party not less than 180 days in advance of the termination date. For purposes of giving said notice, the Department shall notify the City Manager of the City of Marion; the City shall notify the Chief of the Glenwood Fire Department, or its registered process agent.

10. AMENDMENT

This Contract may be amended by the agreement of both parties, reduced to writing and annexed hereto.

11. AGENT

The Department shall at all times comply with the laws of North Carolina regarding corporations, and shall at all times keep the City advised of the name and address of its registered agent for the service of process.

IN WITNESS WHEREOF, each party has caused this Contract to be executed by its duly authorized official as of the day and year first above written.

Exhibit A - Description of Marion Correctional Institution Property

AA.000000423 (24)

BEGINNING on a planted stone in the old western line, the same being the second corner of tract recorded in Deed Book 420 at page 405, of the McDowell County Deed Registry and runs thence, with said Western line and the line of C. W. Greene (Book 354 at page 142) the following six courses and distances: North 00 degrees 31 minutes 27 seconds E 415.36 feet to an existing iron pin, the third corner of tract recorded in Deed Book 420 at page 405; North 05 degrees 00 minutes 39 seconds East955.65 feet to an existing iron pin; North 05 degrees 00 minutes 39 seconds East 88.99 feet to an existing iron pin set in the Southeast margin of State Road #1794, in the Seaboard Railroad right of way; North 28 degrees 20 minutes 18 seconds East 52.11 feet with said Seaboard Railroad right of way to an iron pin set in said railroad right of way; North 23 degrees 29 minutes 08 seconds East 159.07 feet with said state road and railroad rights of way to an iron pin set; North 18 degrees 17 minutes 22 seconds East 32.67 feet said railroad right of way to an iron pin set; thence with the T. R. Hall line Deed Book 93 at page262), South 83 degrees 35 minutes 12 seconds East 1,585.36 feet to an existing iron pin, the beginning corner of tract recorded in Deed Book 1 at page 293 of said Registry, said corner located, North 10 degrees 43 minutes 40 seconds East 41.30 feet from a double dogwood; thence, crossing the Duke Power Company right of way (Deed Book 180 at page 425), West to East, South 83 degrees 35 minutes 12 seconds East 297.59 feet to an iron pin set in the Northern line of right of way; thence with the Nathan Mason line, North 07 degrees 39 minutes 22 seconds East 726.88 feet passing a nail set in rhodendron at 703.48 feet to a point in the centerline of Youngs Branch; thence with the centerline of said branch the following four courses and distances: South 65 degrees 59 minutes 19 seconds East 128.07 feet to a point; thence South 55 degrees 18 minutes 30 seconds East 124.72 feet to a point; thence South 60 degrees 33 minutes 19 seconds East 122.43 feet to a point; thence South 57 degrees 44 minutes 24 seconds East 71.88 feet to a point; thence leaving said centerline, South 48 degrees 18 minutes 54 seconds West 127.55 feet passing a triple sycamore at 32.55 feet to a point in the centerline of a small branch; thence with small branch centerline and the line of Floyd E. Smith (Deed Book 117 at page 462) the following five courses and distances: South 15 degrees 03 minutes 08 seconds East 63.54 feet to a point; South 37 degrees 47 minutes 44 seconds East 33.57 feet to a point; South 12 degrees 19 minutes 46 seconds East 35.68 feet to a point; South 22 degrees 56 minutes 13 seconds East 91.88 feet to a point; South 17 degrees 29 minutes 50 seconds East 56.59 feet to a point at a pump house; thence, continuing with said Smith tract (Book 117 at page 462 and leaving said creek the following two courses and distances: South 08 degrees 34 minutes 24 seconds East 176.03 feet to a railroad iron; South 87 degrees 52 minutes 04 seconds East 193.80 feet to an iron pin set in the Floyd E. Smith line (Book 167 at page 705) South 07 25 54 West 935.34 feet to a planted stone in a stump hole; thence with said Smith line, South 54 degrees 24 minutes 11 seconds East 261.37 feet to a planted stone reset, the 12th corner of tract recorded in Deed Book 420, at page 405; thence with a new line so as to exclude a 1.41 acre deed lappage with Floyd Smith Deed Book 167 at page 705), South 44 degrees 34 minutes 00 seconds West 934.28 feet to an iron pin set at the base of a 28" pine stump, the 14th corner of tract recorded in Deed Book 420, at page 405; thence with the Patrick Lewis Haney line (Book 348 at page 931), South 62 degrees 24 minutes 29 seconds West 827.82 feet passing a planted stone on line at 530.82 feet to a iron pin set; thence South 07 degrees 24 minutes 29 seconds West 187.38 feet passing an iron pin set on line at 154.35 feet to a point in the centerline of North Muddy Creek; thence with said centerline of said North Muddy Creek the following thirty courses and distances: South 66 degrees 13 minutes 20 seconds West 17.39 feet; South 25 degrees 51 minutes 32 seconds West 34.14 feet; South 26 degrees 13 minutes 58 seconds East 65.17 feet; South 06 degrees 52 minutes 51 seconds East 45.07 feet; South 83 degrees 22 minutes 19 seconds West 45,36 feet; North 52 degrees 51 minutes 25 seconds West 76.94 feet; North 38 degrees 21 minutes 58 seconds West 91.86 feet; North 02 degrees 08 minutes 36 seconds East 44.41 feet; North 17 degrees 50 minutes 20 seconds West 30.21 feet; North 47 degrees 05 minutes 05 seconds West 61.32 feet; North 50 degrees 32 minutes 37 seconds West 108.84 feet; North 40 degrees 42 minutes 35 seconds West 154.90 feet; North 32 degrees 25 minutes 25 seconds West113.85 feet; North 54 degrees 04 minutes 42 seconds West 227.02 feet; North 25 degrees 27 minutes 15 seconds West 68.57 feet; North 21 degrees 07 minutes 58 seconds West 84.37 feet; North 44 degrees 15 minutes 41 seconds West 40.03 feet; North 61 degrees 05 minutes23 seconds West 75.25 feet; North 79 degrees 42 minutes 59 seconds West 37.03 feet; South 58 degrees 22 minutes 58 seconds West 35.83 feet; South 56 degrees 12 minutes 37 seconds West 59.64 feet; South 86 degrees 09 minutes 22 seconds West 41.32 feet; North 69 degrees 43 minutes 48 seconds West 44.68 feet; North 81 degrees 04 minutes 28 seconds West 63.18 feet; North 86 degrees 24 minutes 49 seconds West 117.14 feet; South 84 degrees 14 minutes 25 seconds West 89.51 feet; South 69 degrees 56 minutes 45 seconds West 52.86 feet; North 80 degrees 44 minutes 54 seconds West 33.97 feet; North 49 degrees 10 minutes 42 seconds West 50.88 feet; North 34 degrees 53 minutes 01 seconds West 128.52 feet; thence leaving said centerline of said North Muddy Creek, North 21 degrees 50 seconds 47 seconds East 78.09 feet passing an existing iron pin set on line at 22.15 feet unto the point of the BEGINNING, containing 124.92 acres, more or less, description based on survey revised by R. L. Greene Surveying & Mapping, dated December 5, 1990, License #L-1517.

DISCUSSION – REVISED POLICY ON LOANING OF CITY EQUIPMENT: The City stated that Council had previously adopted a policy strictly defining organizations to which City equipment could be owned. One of the allowances under this policy was for organizations with whom the City has a funding relationship. Since the McDowell Arts Council Association (MACA) will not be funded by the City in 2009-10, the City Manager recommended amending the policy to allow City equipment to be loaned to

AA.00000424 (24)

MACA. He also suggested adding the McDowell Trails Association to the list and advised that the Carson House had recently asked to be allowed to borrow City equipment.

A discussion followed.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to revise the policy on loaning of City equipment as follows:

City of Marion
Policy on Loaning of City Equipment

The City of Marion, with the exceptions listed below, strictly prohibits the loaning of City owned supplies or equipment to individuals, businesses, groups or outside agencies. The use of City owned vehicles and equipment by an employee for personal use is also strictly prohibited. With the permission of the City Manager, City owned equipment and supplies such as tables, chairs, the p.a. system and other approved equipment, not to include in any case vehicles or motorized equipment, may be loaned to the following outside agencies:

1. McDowell County
2. Town of Old Fort
3. McDowell County Schools
4. McDowell Technical Community College
5. Marion ABC Board
6. McDowell County Rescue Squad
7. McDowell Arts and Crafts Association
8. McDowell Trails Association
9. Carson House
10. Any non-profit agency with which the City has a funding relationship. As of July 1, 2009, these agencies will be restricted to the Marion Business Association (MBA), the McDowell Chamber of Commerce, the Marion Firefighter's Association and the McDowell Economic Development Association (MEDA).

Prior to any equipment or supplies being loaned under this policy, an employee or representative of the agency borrowing the equipment must sign a statement acknowledging the equipment or supplies that they are borrowing, accepting total responsibility for said equipment or supplies and acknowledging that the agency will immediately pay for any damages sustained by the equipment that is borrowed.

Adopted by the City Council of the City of Marion this the 16th day of June, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Policy Number: P-09-06-16-2

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that Mayor Clark had sent a letter to Coach Williams thanking him for his previous letter granting permission for the City to place historic markers and/or signs indicating that Marion is the birthplace of Coach Williams, said signs to be funded through private funding and not by City funds. The City Manager stated that he would work on designs for the marker and signs for Council to review.

The City Manager gave an overview of the progress on the Farmer's Market structure construction. He advised that the opening date for the market is June 30, only one week later than was originally projected. The City Manager stated that a dedication will be scheduled for the structure on the date and that hopefully North Carolina Rural Center representatives could attend.

AA.000000425 (24)

The City Manager reported that Public Works Director Chris Hollifield is working on a plan for the parking lot, which will preserve the majority of parking spaces in the parking lot and allow people to park under the shelter except when the market is in operation or a special event is being held.

The City Manager also showed a rendering prepared by Planning and Development Director Heather Cotton of a possible sign for the front of the shelter.

The City Manager advised that the City's three interns, Chess Collins, Cole Setzer and Danielle Hagerman, have been working hard the past few weeks on various projects. Mr. Collins, Mr. Setzer and Ms. Hagerman gave brief overviews regarding some of their work.

The City Manager advised that MA Fire District tax increase (to six cents) was recently approved. He said it would be helpful for Council to provide guidance on the advisory board and truck ownership issues. The City Manager stated that these issues can be discussed with the County at the Joint Utility Committee meeting on June 18.

The City Manager stated that the construction of the downtown wireless network installation is completed. All costs should be covered by the N.C. STEP Program grant. The City Manager also advised that staff has studied installing two downtown web cameras. Further information and recommendations will be developed on the exact cost and locations of the cameras.

The City Manager advised that Ronny Turner Construction is moving along with the construction of the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Ronny Turner will also be constructing the pump stations required and deconstructing the Catawba River Plant. Construction is scheduled to continue through October.

Laughlin Sutton Construction will begin work on the Corpening Creek Plant improvements by June 22. This construction will last well into 2010.

The City Manager advised that his final item is delinquent this year, with regards to the Annual Advisory Board/Volunteer Dinner. The City Manager asked if Council wanted to hold the dinner this year. It was the consensus of the Mayor and Council to hold the annual Advisory Board/Volunteer Dinner in August.

COUNCILMAN COMMENTS:

Councilman Mike Edwards advised that he had been contacted by Ms. Mildred Causby of School Street regarding a tree near or own city right of way that appears to be dead and needs attention. He stated that the tree may or may not be on the City right of way.

The City Manager advised that he would find out if the tree is located on City right of way or not and advise Ms. Causby of her options.

Mayor Pro Tem Little advised that the asphalt was breaking up on the Garden Street railroad crossing, due to continued damage from large trucks. The City Manager stated that staff would talk to McDowell Cement about this problem.

Mayor Pro Tem Little stated that he believed that the Garden Creek Road bridge replacement being undertaken by DOT is a total waste of money and a useless project.

Councilman Cuthbertson asked how the renovations at the brick building on the Public Works Department property are coming along.

The City Manager stated that the renovations are going well and may wrap up by the end of the month.

A.A.00000426 (24)

Councilman Cuthbertson asked for an update on the dirt road grading and paving and the street resurfacing project. Public Works Director Chris Hollifield stated that work should begin in the next week or two on the dirt road grading and construction, to be followed by paving and resurfacing in July.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, July 21, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

Mayor Pro Tem Steve Little was not present for this meeting due to being out of town.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Heather Cotton, AICP, Planning and Development Director; Scott Spratt, Police Patrol Commander; Chris Hollifield, Public Works Director; Chessie Collins, Intern; Mike Conley, News Reporter, McDowell News; Wendy McAnally, News Reporter, The News Bulletin.

GUESTS PRESENT:

CONSENT AGENDA: Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – June 2, 2009 Regular City Council Meeting Minutes

B. Adopt Resolution in Support of Increased Freight Rail Hauling Capacity:

RESOLUTION IN SUPPORT OF INCREASED FREIGHT RAIL HAULING CAPACITY

WHEREAS, state and federal transportation officials and others project that United States freight volumes will increase by more than 90 percent over twenty five years;

WHEREAS, the nation's highways are already stretched to capacity;

WHEREAS, the efficient movement of goods is directly related to the strength of the nation's economy and its citizens' quality of life;

WHEREAS, public policies promoting increased investment in freight rail infrastructure would result in increased freight rail hauling capacity;

AA.000000427 (24)

WHEREAS, expansion of freight rail hauling capacity would yield impressive public benefits by relieving worsening congestion, reducing highway costs, providing a critical intermodal link to international trade, and improving air quality and fuel efficiency;

WHEREAS, relatively modest public investments in freight rail infrastructure would yield an impressive return on investment in the form of savings to motorists, businesses, and taxpayers;

WHEREAS, bi-partisan legislation (H.R. 272) was recently introduced in Congress that would create tax incentives to increase investment in freight rail infrastructure;

WHEREAS, this legislation is the type of proposal that the American Association of State Highway and Transportation Officials says is needed to accommodate increasing freight volumes and realize the public benefits that come from shipping more freight by rail; and

WHEREAS, Congress is considering changes in the law that would undermine the balanced regulation established under the Staggers Act and potentially constrict freight transportation in this country.

NOW THEREFORE THE CITY COUNCIL OF THE CITY OF MARION RESOLVES:

Section 1. The City Council supports building a stronger economy, reducing highway congestion, improving air quality, using tax dollars more efficiently, and improving quality of life by advocating for increased use of freight rail transportation.

Section 2. The City Council endorses federal investment tax incentives to increase freight rail hauling capacity and opposes efforts to undermine balanced regulation of railroads.

Section 3. This resolution shall be effective upon its adoption.

Adopted this the 21st day of July, 2009.

A. Everette Clark, Mayor

PUBLIC HEARING ADOPTION OF ANNEXATION ORDINANCE – FREEMAN PROPERTY FORSYTHE STREET: Mayor Clark opened the Public Hearing.

AA.00000431 (24)

The City Manager advised that a public hearing is required on the annexation of the Freeman property on Forsythe Street. After the public hearing, Council may adopt the proposed ordinance to annex this property, effective July 31, 2009.

There were no citizens present to discuss this proposed annexation.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance annexing the Freeman property on Forsythe Street, effective July 31, 2009:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
FORSYTHE STREET – FREEMAN PROPERTY - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, July 21, 2009, after due notice by publication on Wednesday, July 8, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of July 31, 2009:

BEGINNING at a point at the southeastern corner of Lot 4671 Block 02 on the McDowell County Tax Map 1712.13; thence following the southern boundary of said Lot 4671 118 feet in a westerly direction tc a point, said point being the southwestern corner of said Lot 4671; thence following the western boundary of said Lot 4671 44.8 feet in a northerly direction to a point, said point being the northwestern corner of said Lot 4671; thence following the northern boundary of said Lot 4671 120 feet in an easterly direction to a point, said point being the northeastern corner of said Lot 4671; thence following the eastern boundary of said Lot 4671 60 feet in a southerly direction to the point of BEGINNING.

Section 2. Upon and after July 31, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

Adopted this the 21st day of July, 2009.

A. Everette Clark, Mayor

Ordinance Number: O-09-07-21-1

PUBLIC HEARING – ZONING TEXT AMENDMENT – MOBILE FOOD VENDORS: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that this request was a staff sponsored text amendment to the Zoning Ordinance, drafted after a presentation the Planning Board was made by the owner of a commercial food vending operation. The purpose of this amendment is to permit the temporary establishment of mobile food vendors within the City on a controlled, time-limited basis with specific regulations to allow mobile food vending activities while eliminating any problems, threats or dangers to public health, safety or welfare. Ms. Cotton stated that, at this time, the Zoning Ordinance allows for mobile food vending in the M-1 Industrial Zoning District. This ordinance would allow for mobile food vendors to locate on private property within the C-2 General Business Zoning District, and within the right-of-way in designated areas of the C-1 Central Business Zoning District.

Ms. Cotton stated that, through the adoption of this ordinance, the City of Marion can regulate the presence, location and size of mobile food vendors and generate revenue through annual temporary use permits and itinerant merchant licenses. In addition, this ordinance has the potential to generate both direct and indirect revenue for surrounding businesses and have a positive impact on the overall economy.

Ms. Cotton reported that the Planning Board voted unanimously at its July 2, 2009 meeting to recommend approval of this ordinance and to recommend permit fees for mobile food vendors. Ms. Cotton stated that the proposed permit fees would be include in a subsequent amendment to the Planning and Inspections Fee Schedule if this ordinance is approved by Council. The ordinance would not apply to vendors during City sponsored or approved festivals.

Ms. Cotton stated that City Intern Chessie Collins had done an excellent job drafting this ordinance.

Mayor Clark stated he had several concerns regarding mobile food vendors. He asked if the Health Department would be issuing approvals as needed for certain types of vendors and who would be responsible for trash clean up and electricity. Mayor Clark added that the City does not need extension cords draped over sidewalks in the downtown area nor does its need loud generators downtown.

Ms. Cotton stated that all these were good concerns and could be added to the proposed Ordinance. She added that this type of permit would be revoked if requirements were not met.

There were no citizens present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

After discussion, Council directed that the following provisions be added to the ordinance:

1. A requirement for Health Department approval of mobile food vendors.
2. A requirement that mobile food vendors must remove all trash and debris daily.
3. A statement that mobile food vendors are not to use public trash cans to deposit their trash.
4. A statement that mobile food vendors shall not drape extension cords across public sidewalks.
5. A statement that generators shall not be used by mobile food vendors in the C-1 district.
6. A statement that the City shall not provide electricity to mobile food vendors.

Mayor Clark and Council members all expressed their approval with the concept of the ordinance.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present voted to table the proposed ordinance and direct staff to include the additions listed above in the ordinance and to bring it back to Council for review and possible approval at the next meeting.

AA.000000433 (24)

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF APPLICATION FOR POOL ROOM/GAME ROOM PERMIT – CUE-N-CUSHION – EAST COURT STREET: The City Manager advised that Mr. Patrick Mooney has submitted a Pool Room/Game Room permit application to take over operation of the Cue-N-Cushion on East Court Street.

Mr. Mooney's background check came back clean.

The City Manager presented Council a copy of the City's Pool Room/Game Room Ordinance for information. The City Manager reported that Mr. Mooney appeared to meet all requirements of the City Code and that his criminal history check showed no criminal record.

Upon a motion by Councilman Martin, seconded by Councilman Owenby, those members of Council present voted to approve the request for a pool room/game room permit to Mr. Patrick Mooney to take over the operation of the Cue-N-Cushion o East Court Street as requested.

APPROVE 2008 TAX SETTLEMENT: The City Manager advised that, under State Law, at the end of each Fiscal Year, Council must review and approve the year end Property Tax Settlement. This document must be approved before the current year tax bills can be mailed.

Finance Director Harriett Thomas presented the 2008 Tax Settlement and advised that the settlement was in balance. Ms. Thomas reported that the City achieved a collection percentage of 94.9 percent, due to the City's second largest taxpayer being in bankruptcy in 2008-09 and not paying any of their property taxes by June 30. However, this taxpayer and another large taxpayer paid their taxes in full in early July, bringing the City's current tax collection percentage for 2008 taxes to well over 97 percent.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to approve the 2008 Tax Settlement as follows:

2008 TAX SETTLEMENT
July 1, 2008 - June 30, 2009

CHARGES		**CREDITS**	
Real Property	$ 1,435,474.18	Tax Revenue	$ 1,637,886.61

Uncollected - Personal	25,127.93
TOTAL	**$1,742,584.53**

APPROVE ORDER OF COLLECTION FOR 2009 PROPERTY TAXES: The City Manager advised that, under State Law, after the prior year property tax adjustments and tax settlement have been approved, Council action to order the collection of current year taxes is required before tax bills can be mailed.

Finance Director Harriett Thomas advised that City property tax bills would be mailed in mid-August, as usual.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to approve the following Order of Collection for 2009 Property Taxes:

ORDER OF COLLECTION OF TAXES
STATE OF NORTH CAROLINA
CITY OF MARION

To the Tax Collector of the City of Marion:

You are hereby authorized, empowered and commanded to collect the taxes set forth in the tax records for the year 2009 filed in the office of the Tax Collector and in the tax receipts herewith delivered to you, in the amounts and from the taxpayers likewise therein set forth. Such taxes are hereby declared to be a first lien upon all real property of the respective taxpayers in the City of Marion, and this order shall be a full and sufficient authority to direct, require, and enable you to levy on and sell any real or personal property of such taxpayers, for and on account thereof, in accordance with law.

Witness my hand, and official seal, this 21st day of July, 2009.

City Manager/Clerk
Of the City of Marion

APPROVE NEBO WATER SYSTEM INTERLOCAL AGREEMENT WITH MCDOWELL COUNTY: The City Manger advised that, as previously discussed, the Nebo Water System Interlocal Agreement is presented for approval. This agreement has been reviewed with the County and would provide for the County to take over operation of the Nebo water system, effective August 17, which is at the end of a billing period. The City Manager stated that he added Item 7 under "NOW, THEREFORE" to require the County to impose the same water restrictions as the City.

The City Manager stated that the County Commissioners adopted this agreement at their July 13 meeting.

The City Manager reported that the County is requesting to be allowed to keep the radio transponders in place on the Nebo water system, since the County plans to use the same automated meter reading system as the City. He stated that he revised the proposed agreement to state that the City will give the County water meters and radio transponders already in place in the Nebo system. The City paid $40 each for the transponders. The transponders have an expected life of 10 years and have been in the ground in Nebo for an average time period of 1.5 years.

AA.000000435 (24)

Mayor Clark and Council members agreed that the radio transponders in the ground should be transferred to the County.

Mayor Clark suggested that a letter be sent to customers who will be transferred to the County advising them of the change. The City Manager suggested that a joint letter be sent by the City and County to such customers.

Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to approve the following Interlocal Agreement transferring operations of the Nebo Water System to McDowell County:

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL

AGREEMENT FOR PURCHASING WATER FOR THE NEBO WATER STYSTEM
THIS CONTACT, is made and entered into this ____ day of _____ 2009 by and between the County of McDowell, a North Carolina Municipal Corporation, hereinafter referred to as "the County", and the City of Marion, a North Carolina Municipal Corporation, hereinafter referred to as "the City".

WITNESSETH

WHEREAS, McDowell County and the City of Marion are political subdivisions of the State of North Carolina, both having the power and authority to enter into this agreement and the signatories hereto have been authorized to execute this document on behalf of the McDowell County Commission and Marion City Council; and

WHEREAS, certain areas of the County including the Nebo area East of Marion, have demonstrated needs for water services due to inadequate water supplies and/or well contamination; and

WHEREAS, the County constructed water lines in the Nebo community generally, East of the location of a Master Meter located at the Intersection of Highway 70 East and NC 126, (hereafter referred to as the County System); and

WHEREAS, the "Agreement for Operating Nebo Water Improvements" was entered into on the 6th day of April, 2005; and

WHEREAS, the City presently has water supply and treatment capacity available to provide water to the Nebo area; and

WHEREAS, the County and the City have agreed to amend the April 6th, 2005 Agreement to provide for the County operation of the system and the City to sell water to the County to operate the system.

NOW, THEREFORE, in consideration of the mutual covenants, conditions and terms contained herein, the parties hereto, intending to be legally bound hereby, agree as follows:

1. The County and the City mutually agree that this Contract shall become effective on August 17, 2009 and it shall continue in effect for ten years or until terminated by the consent of both parties. The term of the contract may also be extended with the consent of both parties.

2. McDowell County agrees to assume all operational responsibility for the Nebo System operating under the County Water System Identification Number NC 1056032 and to assume all responsibility for complying with state laws and regulations that apply to the ownership of the water system including all fines resulting from any failure to comply with said laws and regulations, except for violations that are the result of the City's negligence or violations that occur within the City's water system.

3. The County may construct any and all water extensions to the County System as it deems appropriate within the context of current State law and regulations. The County may resell water to other private or public water providers within the water usage limits established in this Agreement. The County assumes all responsibility for developing plans and specifications, contracting with an engineer, securing the necessary permits, easements, inspection services, contract and grant administration for the County System.

4. The County assumes all responsibility for the setting of rates and charges for the County System.

5. The City agrees to give the County all existing water meters and radio transponders in the ground as of the effective date of this agreement.

AA.000000436 (24)

6. The City agrees to transfer to the County water deposits held by the City for customers that will be transferred to the County, upon each account being finalized and paid in full.

7. In the event the City of Marion must impose water restrictions on customers due to drought, system failure, or any other reason, McDowell County will impose the same restrictions on its customers.

The County shall compensate the City for water as follows:

1. The City will sell water to the County for the Nebo Water System at the City's inside rate ($2.01 per 1,000 gallons plus a small service charge per month at the time of adoption). The rate and service fee charged will be adjusted as the City raises or lowers its inside water rate.

2. The City will bill the County for all water passing through the master meter located at the intersection of Highway 70 and NC Highway 126. The only exception to this charge would be for a documented use of water for firefighting purposes. This use will not include fire training purposes, washing of fire vehicles or filling swimming pools out of fire trucks. Documentation would need to be provided of such fires and the City will coordinate efforts with the County to estimate the amount of water that was used to extinguish a particular fire.

3. The City agrees to transfer to the County current City water customers located to the east of the master meter such as the Nebo Elementary School and the Nebo Post Office.

4. The City will bill the County monthly as it would any other water customer and the County will be subject to the same rules and policies as any other City water customer.

5. The City and the County agree that the amount of water available to the County under this contract will not exceed 200,000 gallons per day plus the excess water capacity provided to the County for the Industrial Park as part of the Agreement between the City and County dated March 8, 1995 and amended April 16, 2005.

6. If the average daily usage by County customers subject to this agreement exceeds 200,000 gallons plus the excess capacity from the Industrial Park Agreement, for any month period, no further connections shall be allowed, without the approval of the City, taking into account the City's water demand and available supply and treatment capacity for its entire system.

7. The City shall maintain water pressures and water quality, at the point(s) of delivery of water into the McDowell County water system, that are consistent with acceptable engineering standards and consistent with the regulations of the State of North Carolina.

8. The City and County agree that the area to be covered by this agreement does not include any properties served, by or with access to City water service, as of the effective date of this agreement cover any areas currently within the corporate limits of the City of Marion, or within the area of any Resolution of Consideration for annexation as approved by the Marion City Council, except as noted in Item 3 above.

9. The County and the City both represent that no litigation is pending or threatened against either party which would impair their ability to perform their respective duties and obligations under the terms, covenants and provisions of this agreement.

10. The Parties agree that should any disputes arise under this agreement, including but not limited to disputes pertaining to design, construction or monetary compensation said disputes shall be resolved, if at all possible, through good faith negotiations between the parties. It is the intent of both parties that pursuit of legal action shall be a remedy of last report and that a negotiated resolution, including the use of outside experts of arbitrators, shall be a preferred means of resolving disputes hereunder. It is further agreed that in the event such disputes cannot be resolved within sixty (60) days from the date they first arise, either party may seek such other remedies as may be available to them

11. Default and Termination. This agreement may be terminated for cause prior to its stated expiration date by either party in accordance with the terms and conditions set forth herein. The rights of the parties to terminate this agreement shall be strictly construed in accordance with the provisions contained herein. Upon the happening of any of the following events of default by either party, the aggrieved party shall have the right to terminate this agreement.
    a. The failure of either party to perform or observe any of its material covenants, agreements, obligations and/or duties created by this agreement.
    b. The determination that any presentation, warranty or covenant made by either party is false and/or misleading in any material respect.
    c. The commencement of any bankruptcy, insolvency, liquidation and/or similar proceeding against either party, which materially and adversely affects its ability to perform its duties or obligations under this agreement.

d. The failure of the County to make any payment required to be made by it pursuant to the terms of this agreement.
e. Any action by the City to divest itself of its water and/or sewer systems.
f. Any action by the County to construct a water treatment plant and to serve the area under this agreement with water from the County water treatment plant.

12. Upon the happening of any event described in the preceding section, the aggrieved party shall provide written notice to the party committing the alleged violation setting forth in detail the alleged failure and/or deficiency. Thereafter, within ten (10) days of receipt of notice of the alleged default, the parties to this agreement shall meet to discuss the circumstances and attempt to reach a resolution. If either party fails to fully perform or comply with all of the conditions, provisions and covenants of this agreement, and if the nonperformance or failure shall continue for more than thirty (30) days after written notice thereof by other party, or if the nonperformance or failure cannot be reasonably remedied within the same (30) day period and the party which is in violation of the agreement has not proceeded with or commenced the remedy in good faith, within fifteen (15) days of the receipt of such, notification, that party will be considered to be in default of this agreement. If the alleged default continues or the parties disagree as to whether the matter has been resolved, the aggrieved party may send written notice to the party committing the alleged default declaring an impasse and proceed to enforce all rights and remedies available to it either in equity or at law.

13. Each of the parties to this agreement shall be entitled to pursue a claim against the other for any non-monetary remedies available and any additional actual damages suffered as a result of any default by the other party, in addition to attorney's fees. Notwithstanding anything in the agreement to the contrary, neither party shall be responsible to the other for any indirect, third-arty or consequential damages arising from a breach of this agreement.

14. To the extent allowed by law, each party shall indemnify, defend and hold harmless the other party, its elected and appointed officers, and its duly authorized agents, servants, and employees from any and all costs, expenses or liabilities (including costs, expenses or liabilities to third parties and attorney's fees) which are caused by or arise from its breach of this agreement or the negligent or willful acts of omission of the party in breach of the agreement or its agents, servants, employees or subcontractors provided such cost, expenses or liabilities do not arise as a result of the negligent or willful acts or omissions of the other party.

15. NOTICES: For the purposes of this agreement, all notices required shall be deemed to have been properly served and shall be only served when posted by Certified United States Mail, Postage Prepaid, Return Receipt Requested, addressed to the Party to whom directed at the address herein set forth or at such other address as may from time to time be designated in writing by either party:

Attention: County Manager	Attention: City Manager

16. This agreement embodies the entire agreement between the parties in connection with this transaction, and there are no oral or parole agreements, representations or inducements existing between the parties relating to this transaction, which are not expressly set forth herein. This agreement may not be modified except by a written agreement by all parties to this agreement. Neither party shall be entitled to sell, convey or otherwise alienate the rights and obligations created herein without the prior written permission of the other party to this agreement.

17. Nothing contained herein shall be construed to place the parties in the relationship of partners or joint venturers, and neither party shall have the power to obligate or bind the other party n any manner whatsoever.

18. No written waiver by any party to this agreement at any time of any breach of any other provision of this agreement shall be deemed a waiver of a breach of any provision herein or consent to any subsequent breach of the same or any other provision.

19. The captions and article numbers appearing in this agreement are inserted only as a matter of convenience and do not define, limit, construe or describe the scope of such paragraphs or articles of this agreement or in any way affect this agreement.

20. This agreement shall be governed by and interpreted in accordance with the laws of the State of North Carolina.

AA.000000438 (24)

21. Time shall be of the essence in this agreement and each and every term and condition thereof.

22. Words of any gender used in this agreement shall be held to include any other gender, and words in the singular number shall be held to include the plural, when the sense requires.

23. If any provision under this agreement or its application to any person or circumstance is held invalid by any court of competent jurisdiction such invalidity does no affect any other provision of this agreement or its application that can be given effect without the invalid provision or application.

24. In the event of ligation between the County and the City as to the terms, performance or any other aspect of this agreement, this agreement shall remain in force and effect during such litigation.

25. This agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, and it shall not be necessary in making proof of this agreement to produce or account for more than on such fully executed counterpart.

26. Except as provided herein, the rights and remedies provided for in this agreement are cumulative and are not exclusive of any rights or remedies that any party may otherwise have at law or in equity.

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

CONSIDER REQUEST FOR REIMBURSEMENT: The City Manager advised that Mr. Jack Greene of the Mystic Tie Lodge submitted a bill from Roto Rooter for $1,460 related to cleaning the service line for Bagwell Insurance in the Masonic Lodge building at South Main and State Streets. Mr. Bagwell experienced a sewer backup and called Roto Rooter in Bakersville. Roto Rooter responded and cleaned the service line from a manhole in State Street, located near the rear of the building, into the building. The City Manager stated that roots were discovered in the line. The roots apparently came from a large maple tree located on private property behind the building. Like many older buildings, there is no sewer cleanout on the Masonic Lodge Building and the service line for the building runs straight into the manhole on State Street. The City Manager stated that this situation blurs the lines of responsibility for maintenance. Typically, the City has assumed that the service line is the private property owner's responsibility, even out

AA.000000439 (24)

to the manhole, but this point could be argued on the street right of way. The roots were located close to the edge of the right of way, which again blurs the line of responsibility.

The City Manager stated that City staff could have dealt with this problem, but the City was not called. The City Manager reported that Mr. Bagwell had described a similar problem to him in late June. Mr. Bagwell advised that he had clear water coming into the building, so the City Manager told him this did not sound like a sewer backup. The City Manger stated that it is possible that Mr. Bagwell took his comments to mean that this was not a City problem.

The City Manager reported that, when most local plumbers arrive at a call and determine that a sewer problem may be on the City's side, they immediately stop and call the City. Roto Rooter has not typically followed this protocol and has, on more than one occasion, undertaken work on the City's side.

The City Manager advised that the Mystic Tie Lodge has been very gracious in dealing with this situation and understands that they at least share in the responsibility. In the future, they now know to call the City first. The Lodge is requesting reimbursement of one-half of the $1,460 bill.

Councilman Edwards stated that he is a member of the Mystic Tie Lodge and would request that he be excused from deliberating and voting on this matter.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to excuse Councilman Edwards from deliberating and voting on this matter.

Mayor Clark asked if Roto Rooter had a privilege license to do business in the City. The City Manager stated that Roto Rooter did not have a privilege license, but would be directed to obtain one. Mayor Clark noted that it was a criminal offense to tamper with a City sewer line, without permission, in the manner that Roto Rooter did.
Council discussed this matter and directed the City Manager to send a letter to Roto Rooter, advising them that they are not to enter City sewer lines or manholes without permission from the City and also directing them to obtain a City privilege license.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present, excluding Councilman Edwards, voted to reimburse the Mystic Tie Lodge for one-half, or $730.00, of the Roto Rooter bill for cleaning the sewer line serving the Lodge building at State and South Main Street.

DISCUSS PURCHASE OF FIRE TRUCKS: The City Manager advised that the County Commissioners approved a two cent increase in the Marion Area Fire District, effective for the 2009-10 Fiscal Year. Council previously discussed equipment needs at the Fire Department, including a new brush truck and a new or used tower truck. The City Manager asked Fire Chief Jim Neal to provide some ideas, specifications and general recommendations regarding both trucks. This City Manager presented Council with memos from Chief Neal providing specifications for both trucks and recommending the purchase of a new tower and a new brush truck.

The City Manager stated that staff had previously looked at the possibility of purchasing a used, refurbished 1994 tower truck from Enka-Candler; however, staff has been hearing that this truck may have problems. The opportunity for USDA grant and/or long-term loan money through the Federal Stimulus Funding has also become available, which leads staff to recommend a new tower truck with a more certain useful life than a used truck.

The City Manager also presented financing and funding strategies for the brush and tower trucks and stated that it appears that the City can afford the purchase of both trucks. The brush truck could be purchased with available capital reserve funds in the 2009-10 budget and proceeds from the additional two cent MA Fire District tax. The City Manager advised that the tower truck could hopefully be funded through USDA grants or loans, with the additional MA District revenues used to pay debt service, or through a bank loan,

AA.000000440 (24)

with the additional MA District revenues and listed anticipated future budget savings used to pay debt service.

Councilman Edwards stepped away from the meeting to take a phone call.

A discussion followed.

Mayor Clark and Council members agreed that steps should begin to purchase a new brush truck and that the City should pursue purchase of a new, rather than a used, tower truck. However, Council members stated that they would like to receive information about the availability of USDA loan and grant funds before voting to proceed with the tower truck purchase.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present, excluding Councilman Edwards, voted to direct staff to seek bids for the purchase of a new fire brush truck and to bring back to Council information about possible loans and grants for a new tower truck.

The City Manager added that a decision in the next month or two regarding the tower truck might be advisable as emissions standards for diesel trucks were set to strengthen in 2010, increasing the cost of fire trucks such as the tower truck.

Councilman Martin stated that he liked the thought of this Council leaving the City in better shape, through the purchase of needed fire equipment, than when they came into office.

Councilman Edwards returned to the meeting.

SCHEDULE PLANNING SESSION: By consensus, the Mayor and Council members agreed to schedule the next City Council Planning Session for Tuesday, August 25, 2009 at 6:00 PM at City Hall.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager presented some very rough ideas of wording and general design of the Roy Williams historic marker and signs. He asked for input from Council on the design and wording, so that the City can obtain quotes and begin a private fundraising campaign.

Councilman Edwards made some suggestions regarding the marker wording. The City Manager asked if he could work with Councilman Cuthbertson on the wording. Council agreed with this idea.

Mayor Clark proposed asking the marker company for assistance with the design. The City Manager stated that he would do so, after the wording was finalized. A quote for the marker can then be obtained and the fundraising effort can begin.

The City Manager stated that DOT had begun work on the McDowell Avenue street extension in June. City staff are pushing DOT to complete the project before school starts in late August.

The City Manager stated that Mona Cochran, owner of property adjacent to the McDowell Avenue street extension, has expressed interest in purchasing property not needed for the street extension. The City Manager presented Council with a copy of a map that shows the excess property the City may have on the eastern side (Ms. Cochran's side) of the street. Public Works Director Chris Hollifield has proposed the right of way line extending to about five feet back of the sidewalk. This would leave a strip of property about 280 feet long with an average width of 30 feet. The City Manager stated that the Cochrans would like to have their property extend to East Court Street. If Council wants, this property could be declared surplus, with the exact property to be disposed of defined more precisely at the end of construction. Council could then entertain an offer to purchase the property from the Cochrans or anyone else through the negotiated offer and upset bid process.

AA.000000441 (24)

It was the consensus of Council to retain a right of way extending 10 feet behind the sidewalk on both sides of the street, to allow for more room for future plantings. Mayor Clark and Council members agreed to take Ms. Cochran's request under advisement, but saw no need to rush any sale of property.

The City Manager advised that to prevent situations like we had last month where a five percent bid deposit did not cover the costs the City incurred in selling City property, he wanted to recommend that Council establish a minimum bid deposit. State law requires local government to receive a five percent bid deposit from a prospective buyer of real property, upon acceptance of the offer by the City Council. The City Manager stated that he checked with the School of Government to see if there is any problem with a city requiring a higher bid deposit. David Lawrence with the School of Government advised that courts have held that the required five percent bid deposit means five percent, so cities are not permitted to require a higher amount.

As an alternative, the City Manager stated that the City Attorney and he suggest that the City charge the required five percent bid deposit but also make people prepay for the required legal advertising. Mayor Clark and Council members expressed agreement with this suggestion.

The City Manager advised that he had received written confirmation that WLOS and UNC-TV will pay the City's expenses to obtain State approval to subdivide a tower parcel from our grant funded Mt. Ida tract. He added that McGill Associates is working on the revised site plan, to be followed by a new survey and appraisal, as required by the State. The City Manager stated that Finance Director Harriett Thomas and he had studied some comparison lease amounts from State government and would recommend a charge of $400 to $500 per month per tower.

The City Manager also asked for direction regarding the request of Sinclair Broadcasting for new television stations locating on the Mt. Ida property to have to reimburse WLOS and UNC-TV for a pro rated share of expenses (estimated to be $32,000 split between the two stations) required to obtain State approval of the subdivision of the tower tract from the grant funded parcel and to pay back the State for a pro rated share of this grant parcel.

Mayor Clark stated that he would like for the City to help UNC TV and suggested the City make a donation of part of the lease payment back to UNC TV.

A discussion followed.

Council discussed setting a $300 per month lease charge for each tower, in return for no provisions for payback to WLOS and UNC-TV for their costs incurred in convincing the State to allow the towers to remain on Mt. Ida. This lower lease amount would also be in lieu of any donations to UNC-TV.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Martin, those members of Council present voted to direct the City Manager to present a draft lease to WLOS and UNC-TV, said lease to charge $300.00 per month per tower and be for a period of ten years. The City Manager advised that he would present this proposal to both stations and bring back a lease agreement for Council approval at a later date.

The City Manager advised that Councilman Edwards had mentioned at the last meeting a complaint received from Ms. Causby on School Street about a dangerous tree. Staff checked into this location and advised Ms. Causby that the tree is on private property and she will unfortunately have to address the matter with her neighbor.

The City Manager advised that invitations to the Advisory Board/Volunteer Dinner, which is scheduled for Thursday, August 13 at 6:30 p.m., are in Council's agenda packet. All advisory board members, volunteer firefighters and other people who volunteer for the City at our Open House and in other capacities will be invited.

The City Manager advised that staff have recently installed a gate at the future entrance to the Catawba River Greenway off of Highway 70 West, to control access until the greenway opens. McGill is finishing up

AA.000000442 (24)

the final greenway design and floodway and floodplain permitting process. Staff hopes to go out to bid with the project in the next few months, hopefully by which time the McDowell Trails Association will have raised much, if not all, of the $60,000 local match for the PARTF grant for the project.

The City Manager advised that he had been in contact with the Sugar Hill Road commercial developer, advising him that the City must submit a performance agreement to the N.C. Rural Center by October 29, in order to receive the $977,100 grant to fund one-half of the costs of the Sugar Hill Road Water and Sewer Extension. The developer continues to say that he will make his announcement and written commitment in the near future and that the project has been delayed by about 60 days. The City Manager stated that he would continue to press the developer for a commitment as much as possible, to ensure that the grant deadline is met.

The City Manager advised that Ronny Turner Construction is moving along with the construction of the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Ronny Turner Construction will also be constructing the pump stations required and deconstructing the Catawba River Plant. Construction is scheduled to continue through October.

The City Manager added that Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction will last well into 2010.

The City Manager advised that the dirt road grading, construction and paving and street resurfacing is complete, except for the paving of Florence Avenue, Finley Avenue and East Railroad Street and the resurfacing of Montevista Avenue from North Main Street past the entrance to Marion City Square.

The City Manager advised that the annual National Night Out will be held on Tuesday, August 4, beginning at 6:00 p.m. on Main Street. The event will be similar to past years, except that there will not have a race car due to decreased fundraising.

The City Manager advised that for several years, the City has received complaints about sight visibility at the exit of East McDowell Junior High School on South McDowell Avenue. People exiting the Foxfire Community complain about not being able to see people exiting East Junior High, which has caused many near misses. After repeated complaints over the years, the City Manager stated that Councilman Cuthbertson had recently suggested implementation of a small project suggested by the Street Committee a couple of years ago that involves cutting down a bank on the South McDowell Avenue street right of way adjacent to the East Junior High exit and also cutting underbrush off of the right of way. This work will be done with the blessing of the East Principal, Greg Hughes, and the School Central Office and should improve sight distance considerably. This work will be done before school starts back in August and will hopefully eliminate the complaints from the Foxfire Community.

The City Manager advised that the Farmer's Market is off to a great start this summer season, with the vendor capacity reached on July 14, the third week of the market. He stated that Marion Business Association Executive Director Freddie Killough has worked with the vendors on the idea of starting a Saturday morning market. The interest in a Saturday morning marker has been tremendous and the first such market will be held on Saturday, July 25 and hopefully continue through October.

The City Manager advised that the City has explored energy efficiency projects, such as the one reported in the McDowell News the previous week regarding McDowell County working with a company to install solar panels on the Senior Center and Jail to heat water. The City Manager stated that the City did not have any buildings that used enough hot water to make such a project feasible.

Finance Director Harriett Thomas reported that the City was seeking proposals for banking services.

COUNCILMAN COMMENTS:

AA.00000443 (24)

Councilman Edwards asked that he be excused from the Closed Session. He had an appointment to make at 9:00 PM.

Mayor Clark stated that the City had not been approved for a Community Development Block Grant (CDBG) for the installation of sidewalks in the Eastfield Community, but that he wanted to commend the work of the City's interns, including Chessie Collins, in preparing the application.

Mayor Clark stated that he had been reappointed to the North Carolina Community Development Council that oversees CDBG funding.

CLOSED SESSION – DISCUSS A MATTER INVOLVING THE LOCATION OF BUSINESS OR INDUSTRY UNDER N.C.G.S. 143-318.11(a)(4): Upon a motion by Councilman Martin, seconded by Councilman Cuthbertson, those members of Council present voted to go into Closed Session under N.C.G.S. 143-318.11(a)(4) to discuss a matter involving the location of business or industry.

REGULAR SESSION: Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, those members of Council present voted to go back into Regular Session.

Mayor Clark announced that no action was taken by Council in the Closed Session.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Councilman Owenby, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.000000444 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, August 4, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Chess Collins, City Intern; Mike Conley, News Reporter, McDowell News; Wendy McAnally, News Reporter, the News Bulletin.

GUESTS PRESENT: Donald Anderson, 146 S. Main Street, Marion, NC; Robert Hawkins, 527 East Oak Street, Marion, NC; Terry & Betty Childers, 185 Fern Avenue, Marion, NC; Ellen Brown, 108 Carriage Station, Marion, NC; Hilda Dean, 247-A South Garden Street; Marion, NC; Lisa Miller and Will Crawford, 50 Pineneedle Lane, Marion, NC; Wesley Laney, 231 Epley Drive, Marion, NC; Tom and Chris Bennett, 378 Ledford Lane, Marion, NC; Pat Faulkner, 751 Lake Club Drive, Nebo, NC; Sylvia Davis, Marion, NC; Betty Wall, Marion, NC and Nancy Clark, 330 Fleming Avenue, Marion, NC.

CITIZEN OF THE MONTH –SELECTED BY MAYOR A. EVERETTE CLARK: Mayor Clark selected the Citizen of the Month for August.

Mayor Clark announced that his citizen of the month is Reverend Terry Childers. Reverend Childers is the Associate Pastor for Music of First Baptist Church in Marion.

Reverend Childers was born in Middletown Kentucky has been married to Betty for forty-three years. They have three children and three grandchildren.

Reverend Childers has a Bachelors Degree in music and was ordained into the ministry in 1971. He directs the Caroline Bells that play for the public, oversees youth camps and is the director of the community choir. He has also established a program for Wednesday nights at his church. Reverend Childers also oversees senior trips and works with the young people of the church. He is also involved with a program called Operation Inasmuch that involves completing various projects across the Community.

Reverend Childers visits hospitals, shut-ins, conducts funerals at the church and works with Red Cross during their blood drives. He also likes to hike and square dance.

Reverend Childers has touched many lives on a daily basis and sets an example to all who know him.

Council Members and friends all shared kind words about Reverend Childers.

CONSENT AGENDA: Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to approve the consent agenda as follows:

AA.00000445 (24)

A. Approval of Minutes - July 21, 2009 Regular City Council Meeting Minutes and Closed Session Minutes.

B. Received Certificate of Sufficiency – Highway 221 North/Gurley Property Annexation

CERTIFICATE OF SUFFICIENCY – GURLEY PROPERTY/ US 221 NORTH 2009

To the City Council of the City of Marion:

I, J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance, with G.S. 160A-58-1.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 4th day of August, 2009.

(SEAL)

J. Robert Boyette, City Clerk, Manager

C. Adopt Resolution Fixing the Date of Public Hearing on the Question of Annexation – Highway 221 North/Gurley Property Annexation:

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-58.1 – GURLEY/US 221 NORTH - 2009

WHEREAS, a petition requesting annexation of the non-contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the non-contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, August 18, 2009.

Section 2. The area proposed for annexation is described as follows:

Tract One

Beginning on an 5/8 inch rebar set in the west margin of the right-of-way for U.S. 221 North, said rebar having NCGS coordinates of North = 729,333.491 feet and East = 1,097,860.795 feet, said iron rebar being located South 62 degrees, 17 minutes, 35 seconds West 86.44 feet from a nail and disc GPS point located on the east side of U.S. 221 North, said GPS point having coordinates of North = 729,373.681 feet and East = 1,097,937.323 feet (NAD 83/2007) and runs thence from said Beginning Point and with the west margin of the right-of-way for U.S. 221, South 30 degrees, 44 minutes, 32 seconds East 134.39 feet to an existing concrete right-of-way marker; thence South 51 degrees, 49 minutes, 25 seconds West 21.20 degrees to an existing concrete monument; thence continuing South 51 degrees, 49 minutes, 25 seconds West with the line of Great Meadows, Inc. 187.30 feet to a 5/8" rebar with cap set; thence North 48 degrees, 05 minutes, 35 seconds West 121.26 feet to an existing iron pipe; thence North 41 degrees, 05 minutes, 35 seconds West 13.83 feet to a 5/8 inch rebar set; thence leaving the line of Great Meadows, Inc., a new line, North 51 degrees, 49 minutes, 25 seconds East 247.47 feet to the Beginning, containing 0.70 acres by coordinate computation.

And being a portion of that property described in a deed to Gurley Properties, LLC, Deed Book 552, Page 719, Tract 25 of the McDowell County, N.C. Deed Registry.

Tract Two

Beginning on an 5/8 inch rebar set in the west margin of the right-of-way for U.S. 221 North, said rebar having NCGS coordinates of North 729,333.491 feet and East = 1,097,860.795 feet; said iron rebar being located South 62 degrees, 17 minutes 35 seconds West

AA.000000446 (24)

86.44 feet from a nail and disc GPS point located on the east side of U.S. 221 North, said GPS point having coordinates of North = 729,373.681 feet and East = 1,097,937,323 feet (NAD 83/2007) and runs thence from said Beginning Point and with the west margin of the right-of-way for U.S. 221, North 30 degrees, 44 minutes, 32 seconds West 76.70 feet to a PK nail found; thence continuing with said margin of said right-of-way North 30 degrees, 44 minutes, 32 seconds West 116.63 feet to a PK nail found; thence North 65 degrees, 10 minutes, 38 seconds West 34.86 feet to a 5/8 inch rebar; thence South 45 degrees, 07 minutes, 00 seconds West 69.54 feet to a 5/8 inch rebar; thence North 45 degrees, 47 minutes, 03 seconds West 10.98 feet to an iron pipe; thence South 44 degrees, 58 minutes, 55 seconds, West 178.53 feet to an iron pipe; thence South 33 degrees, 46 minute, 24 seconds East 151.91 feet to an existing solid iron rod; thence South 41 degrees, 05 minutes, 35 seconds East 53.58 feet to a 5/8 inch rebar set; thence a new line, North 51 degrees, 49 minutes 25 seconds East 247.47 feet to the Beginning, containing 1.28 acres by coordinate computation.

And being a portion of that property described in a deed to Gurley Properties, LLC, Deed Book 532, Page 719, Tract 25 of the McDowell County, N.C. Deed Registry.

Tract Three

Two parcels of land in Dogwood Acres Subdivision, Parcel "B" adjoining and on the North side of the 0.44 acre parcel of land now owned by Gary D. Ledford and wife which parcel is being conveyed to grantee herein contemporaneously with this deed., said 0.44 acre parcel having been conveyed by Frank J. Hall and wife and W. C. Hall and wife to Harry A. Justice, see Deed Book 289 at Page 624, and Parcel "C" adjoining and on the East side of said Ledford lot.

Parcel "B": BEGINNING on an iron set in the Northeast corner of the Ledford lot, and runs with the line of the lot conveyed to Oswaldo M. Tinco by deed recorded in McDowell Deed Book 747 on Page 884, N. 26° 47'26" 129.14 feet to an iron pin set in the Southern margin of the 30 feet wide right of way of Dogwood Acres Loop; then with the Southern margin of said right of way, S. 65°14'24" W. 28.00 feet to a point, S. 84°22'36" W. 35.55 feet to a point; N. 81°19'22" W. 51.04 feet to a point, and N. 70°12'35" W. 33.15 feet to an iron pin set in said margin; then a new line S. 35°37'33" W. 71.95 feet to the westernmost corner of the Ledford lot, just South of the new Northern Margin of the Right-of-Way of Highway 221 North; then with the Northern Line of the Ledford Lot, S. 75°59'36" E. 250.00 feet to the BEGINNING, containing 0.34 acres.

Parcel "C": BEGINNING on the iron pin set in the Northeast corner of the Ledford Lot, the beginning corner of Parcel "B" and runs with the Eastern Line of the Ledford Lot, S. 39° 10'00" W. 138.92 to a railroad spike in the Northern Margin of Creson Drive, the Southeast corner of the Ledford Lot; then N. 83°02'22" E. 28.83 feet to an iron pin set near the western margin of a private gravel drive which forms the Western margin of a lot conveyed to Jose Emiliano Denza De La Loma by deed recorded in McDowell County Deed Book 735 on Page 939; then a line running West of the Western Margin of the Right of Way of said private gravel drive, N.34°28'56" E. 94.68 feet to a point and then N. 36°20'02" E. 24.23 feet to an existing iron pin, the 12the corner of the Tinco Deed, Deed Book 747, Page 884; then with the line of the Tinco Deed N. 53°04'27" W. 11.004, feet to the BEGINNING, containing 0.05 acres.

Tract Four

BEGINNING on a railroad spike in concrete, said spike being the 11th corner of the tract of land described in McDowell County Deed Book 747 at Page 884.amd the 3rd corner of the Gary D. Ledford property as described in McDowell County Deed Book 549 at Page 280, and runs thence South 39 degrees 10 minutes 00 seconds West 138.92 feet to a railroad spike set in the edge of Creson Drive; thence North 60 degrees 00 minutes 30 seconds West 95.97 feet to an existing iron pin found buried within the right-of-way of Highway 221 North; thence running North 30 degrees 48 minutes 43 seconds West 140 feet to an iron pin set at a disturbed existing iron pin found; thence with the line of Frank J. Hall, et. al., South 75 degrees 59 minutes 36 seconds East 250 feet to the BEGINNING, containing 0.44 acres, and being designated as Parcel A on that certain plat of survey prepared by Pendergrass Surveying, Registered Land Surveyor, Morganton, North Carolina, dated January 17, 2005, File No. 10505, from which plat of survey all calls used in this description were taken.

AND BEING the same property conveyed by that certain deed from Walker Properties to Gary D. Ledford and wife, Kimberly E. Ledford, and which is recorded in McDowell County Deed Book 549 at Page 280. Reference may also be made to that certain deed from Kimberly E. Ledford to Gary D. Ledford, which is recorded in the Office of the Register of Deeds for McDowell County in Deed Book 678 at Page 275.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 4th day of August, 2009.

A. Everette Clark,
Mayor

E. Annexation- Kathy Street – Buff/Pierson Property Annexation

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – KATHY STREET-BUFF/PIERSON PROPERTY - 2009

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, August 18, 2009.

Section 2. The area proposed for annexation is described as follows:

BEGINNING on a point located on the Eastern margin of Kathy Street (commonly known as State Road #1728), and runs thence North 01 degree 14 minutes 30 seconds West 51.48 feet to a point; thence North 00 degrees 37 minutes 24 seconds East 86.50 feet to a point; thence North 03 degrees 54 minutes 24 seconds East 66.33 feet to a point; thence North 07 degrees 22 minutes 28 seconds East 166.87 feet to a point; thence North 19 degrees 45 minutes 36 seconds East 63.28 feet to a point; thence North 33 degrees 30 minutes 36 seconds East 55.76 feet to a point; thence South 12 degrees 43 minutes 30 seconds East 500.06 feet to a point; thence North 86 degrees 19 minutes 00 seconds West 10.11 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West 10.11 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West (the same course) 169.32 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West (the same course) 9.04 feet to the point of BEGINNING, containing 1.29 acres, more or less, according to a plat prepared from a new survey, dated June 13, 1980, by R. L. Greene, Surveying and Mapping, Marion, North Carolina.

EXCEPTING AND RESERVING, HOWEVER, from the operation of this conveyance, all the land described in and conveyed by that certain deed dated August 2, 1984, by W.C. Hall and wife, Helen Lee Hall, to Mabel Lewis, recorded in the Office of the Register of Deeds for McDowell County, North Carolina, in Deed Book 333 at Page 433, to which reference is hereby made.

AND BEING the same property as described in and conveyed by that certain deed dated May 5, 1987, from Joseph A. Miller and wife, Barbara Miller, to Ruth B. Pierson, and which is recorded in the Office of the Register of Deeds for McDowell County in Deed Book 368 at Page 566.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 4th day of August, 2009.

A. Everette Clark, Mayor

ATTEST:

AA.00000448 (24)

Resolution Number: R-09-08-04-2

F. Approve Tax Refund

It has been discovered that properties in the name of Lela Vanessa Burleson Bolick have been billed incorrectly. Records show that she owns property at 7 School Street, PIN 171217026461 and 17 School Street, PIN 171217027425. The City of Marion has been billing taxes on both pieces since the property was annexed. When information was received on properties that were being annexed June 30, 2009, the properties that Ms. Bolick own were on the list. According to records she had purchased land adjoining these two properties on the backside, which was outside city limits. McDowell County Tax Department had combined the property she had purchased with the PIN numbers of the property that she owned.

Heather Cotton, Planning Director, verified the above information and gave the percentages of the land that was outside. Based on this information below is a breakdown of the amount of taxes that were billed in error for 2004, 2005, 2006, 2007 and 2008 on each piece of property.

Year	Parcel	Value	Tax
2004	171217026461	3,780	19.28
2004	171217027425	4,680	23.87
2005	171217026461	3,780	19.28
2005	171217027425	4,680	23.87
2006	171217026461	3,780	19.28
2006	171217027425	4,680	23.87
2007	171217026461	3,780	19.28
2007	171217027425	4,680	23.87
2008	171217026461	3,780	19.28
2008	171217027425	4,680	23.87
TOTAL BILLED IN ERROR			**$215.75**

Council approved the tax refund to Ms. Bolick in the amount of $215.75.

INTRODUCTION OF NEW EMPLOYEE: Mayor Clark recognized Police Chief Mika Elliott. Chief Elliott introduced the City's newest Police Officer, Cory Loftis. Cory previously served as a Reserve Police Telecommunicator for the City.

Mayor Clark and Council Members welcomed Officer Loftis.

CONSIDER APPROVAL OF ZONING TEXT AMENDEMENT – MOBILE FOOD VENDORS: Planning and Development Director Heather Cotton presented a staff sponsored text amendment to the Zoning Ordinance, to allow for mobile food cart vendors to operate in the C-1 Central Business Zoning District and the C-2 General Business District. The purpose of this amendment is to permit the temporary establishment of mobile food vendors within the city on a controlled, time-limited basis with specific regulations to allow mobile food vending activities while eliminating any problems, threats or dangers to public health, safety or welfare.

Ms. Cotton reported that this item was continued from the July 21, 2009 City Council meeting. Staff has revised the ordinance to include additional regulations recommended by the City Council. The following recommendations were included:

a. The vending unit shall receive all applicable state health and food safety permits or exemption in writing from the state health inspector prior to city approval.
b. All vendors shall be required to maintain active liability insurance and provide documentation of lender's receipt of signed and notarized release and agreement form.
c. The vendor, or his or her designee, shall be responsible for removing all trash at the close of each business day and shall not place trash associated with the vending operation in public trash receptacles.
d. Generators, noise generating devices, or any other attention getting device that may, by virtue of its design, create a distraction to motorists, pedestrians, or adjacent properties shall be prohibited.
e. All mobile food cart units shall be self-contained and not require the use of ancillary power from any secondary source in order to operate.

AA.000000449 (24)

Ms. Cotton stated that staff conducted further research and included two additional requirements, including the following:

1. The Mobile Food Permit shall not be valid during preapproved street closings, events, or festivals, and it shall be the responsibility of the vendor to acquire permission from the event organizer to conduct business during such time and/or activity.
2. All signage associated with the mobile food operation shall be securely attached flush to the vending unit and shall not be attached to the ground.

Ms. Lisa Miller stated that she owned a mobile vending unit and wanted to set up in the downtown area. She stated that she supported the ordinance.

A discussion followed. Mayor Pro Tem Little suggested that language in the draft ordinance be revised to state in a clearer way that the City will not provide power to vending units.

Upon a motion by Councilman Cuthbertson, seconded by Council Owenby, Council voted unanimously to adopt the following Ordinance, to include the revisions proposed by Mayor Pro Tem Little:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 21. *Zoning*, Article IV, *Definition of terms used in the ordinance*, Section 21-21, *Definitions*, is amended by adding the following:

Mobile Food Vendor – A temporary commercial activity for the purpose of offering food and/or beverage products for retail sale from a mobile food vendor unit, pushcart, or other movable structure.

Mobile Food Vendor Unit – A vehicle, pushcart, or other movable structure that is temporary in nature and is commercially designed specifically for the purpose of keeping or storing food and beverages for retail sale by a commercial vendor.

Section 3. Chapter 21 *Zoning*, Article VII. *General Provisions*, Division VII, *Temporary Uses*, is amended by adding the following:

DIVISION VII. TEMPORARY USES AND STRUCTURES

Sec. 21-171. Purpose and Intent.

(1) Purpose and Intent. It is the purpose of this section to permit temporary uses and structures within the city on a controlled, time-limited basis to minimize adverse impacts on the community. The intent of this section is to establish specific regulations to allow temporary uses while eliminating to the greatest possible extent, any problems, threats, or dangers to the public health, safety or welfare as may exist with any and all such uses.

(2) Permitted temporary uses. Temporary uses shall be limited to a use or use of land, building, or structure not intended to be of a permanent duration. Such uses shall be limited to the following:

(A) Circuses and/or carnivals.
(B) Evangelistic and religious events.
(C) Outdoor bazaars, cookouts and/or similar activities by churches or other nonprofit institutions or organizations.
(D) Open lot sale area for farm produce made or grown by the farm producer or immediate family.
(E) Open lot sales area for Christmas trees.
(F) Contractors' office and/or construction shed including mobile offices during construction on the development site.
(G) Temporary special sales, yard sale or "flea" markets in commercial or industrial zoned districts.
(H) Yard sales conducted outdoors by a resident in their respective yard area.
(I) Other temporary recreational or entertainment related events or activities such as fairs or concerts.

AA.000000450 (24)

(J) Temporary relocation of manufactured housing for displaced persons as a result of natural or manmade disaster.
(K) Mobile food vendor, push cart, or similar temporary retail food sales.

Itinerant merchants, as defined by the North Carolina General Statutes, shall not be considered a temporary use pursuant to this section. Itinerant merchants shall be subject to the regulations of Chapter 10, article VII of the Marion City Code, rather than the regulations of this section.

(3) Duration, frequency and permitted zoning districts. The following table defines the requirements for duration, frequency, and permitted zoning districts for which a temporary use may occupy a site.

Temporary Use	Maximum Duration per separate use per site	Maximum Frequency of event per person or group per site	Permitted Zoning Districts
Circuses and/or carnivals.	Seven (7) days	One (1) per calendar year	All non-residential zoning districts
Evangelistic and related religious congregations.	Fourteen (14) days	Four (4) per calendar year	All non-residential zoning districts.
Outdoor bazaars, cookouts and/or similar activities by churches or other nonprofit institutions or organizations	Three (3) days	One (1) every three (3) months	All zoning districts
Open lot sales for farm produce	Two (2) days	Twenty-four (24) per calendar year	All commercial zoning districts
Open lot sales for Christmas trees.	Forty-five (45) days	One (1) per year	All commercial zoning districts
Contractors' office and/or construction shed including mobile offices during construction on the development site.	Between issuance of a building permit and a final certificate of occupancy, annual renewal is required.	None	All zoning districts
Temporary special sales, yard sale or "flea" markets in commercial or industrial zoned districts.	Two (2) days	Four (4) times per year	All non-residential zoning districts
Yard sales conducted outdoors by a resident in their respective yard area.	Two (2) days	Twelve (12) times per year	All residential zoning districts
On-Site Estate Auctions	Two (2) days	One (1) per year	All zoning districts
Other temporary recreational or entertainment related events or activities such as fairs or concerts.	One (1) day except fourteen (14) days for an annual event.	One (1) per month for one (1) day events; one (1) per year for fourteen (14) day events.	All non-residential zoning districts.
Temporary relocation of manufactured housing for displaced persons as a result of natural or manmade disaster	Eighteen (18) months unless authorized by City Council	None	Within a designated disaster relief area.
Mobile food vendor	365 days	Annually	C-1, C-2, & M-1

(4) Criteria. A temporary use permit may be issued to the owner, tenant or lessee of any property located within the city. A temporary use permit may be issued provided the proposed use meets the following criteria:

(A) The temporary use must be compatible with the surrounding uses.

(B) The temporary use shall not generate noise, vibration, glare, fumes, odors, or electrical interference beyond what normally occurs in the applicable zoning district.
(C) If the temporary use is anticipated to draw less than 100 people at any given time, then it shall be approved by the zoning administrator.
(D) If the temporary use is anticipated to draw more than 100 people at any given time, then it shall be approved by the city manager. If the event is anticipated to draw over 1,000 people, it must be approved by the city council and an application must be submitted no less than 30 calendar days prior to the event.
(E) No more than two temporary use permits may be issued at any given time to the same applicant, unless approved by the city manager.
(F) The City shall refuse to issue a permit when the activity or purpose stated in the application would violate any ordinance of the city or statue of the state, or when the activity or purpose would constitute a clear and present danger to public health or safety.

(5) Permit required. Any person desiring to conduct a permitted temporary use, as defined in subsection (2) and (3) above with the exception of residential yard sales, must first obtain a permit from the city. Such permit will establish the requirements for the particular use set out in subsection (C) and (D) below.
(A) Purpose. The purpose of this permit is to insure that a temporary use meets the requirements set out herein and to coordinate traffic, parking, and other inspections as necessary to the safe and healthful operation of the event.
(B) Application. Application for a temporary use permit shall be made to the city of Marion at least five (5) business days prior to the start of such use with the exception of temporary uses requiring city council approval in which the application must be submitted no less than 30 calendar days prior to the event.
(C) Requirements. A temporary use permit shall not be issued until evidence is shown that the following requirements have been or will be complied with:
1. The temporary use is permitted under subsection (2) and (3) above.
2. Ample parking is provided for the temporary use, in addition to required parking for any permanent use or uses located on the same property as the proposed temporary use.
3. Written authorization is given from the property owner or his/her agent for the temporary use to take place.
4. Any temporary use held outside of a building and within five (5) hundred feet of any residence shall cease operation by 10:00 p.m.
5. Noise shall be controlled so that no adjoining property owner or occupant is unduly disturbed by the temporary use.
6. Restroom facilities are provided at a rate of not more than 100 persons per toilet seat unless otherwise approved by the county health officer. All facilities shall be located and screened in a manner not to be visible from the public right-of-way or adjacent to a residential use.
7. All solid waste, human waste and animal waste shall be removed off-site and transported to an approved sanitary facility pursuant to Chapter 9 Health and Sanitation of the Marion City Code.

(D) Additional Requirements. The following additional requirements shall apply:
1. Where a tent or similar structure is to be used, the following requirements or documentation shall be met:
   a. A limitation on the number of occupants in a structure shall be observed as per the fire inspector.
   b. If a tent is to be used for human occupancy, a certificate of insurance must be submitted which will cover liability on the part of the applicant or sponsor in the event of an accident.
   c. A certificate of flame resistance shall be submitted which will provide assurance that the structure has been properly treated with flame retardant and has been maintained as such.
2. Contractors' office and/or construction shed including mobile offices shall be removed prior to receiving a certificate of occupancy.
3. Any temporary use deemed by the Chief of Police to have a potential risk to health, safety or public order may require the applicant to provide private protective services.
4. Where a mobile food vending unit is to be established the following requirements shall be met:
   a. It shall be unlawful for any mobile food vendor to go in or establish upon private property without consent by the property owner or his or her designee.
   b. Mobile food vendors are prohibited from locating on a public right-of-way unless otherwise approved by City Council.

AA.00000452 (24)

c. The vending unit may not obstruct at any time any trash container, fire hydrant, fire lane, ingress or egress to the property, or building entrance.
d. Extension cords, drop cords, wires, and/or other materials shall not obstruct pedestrian or vehicular movement.
e. The vendor, or his or her designee, shall be in attendance at the mobile food vendor unit at all times, except in case of an emergency.
f. All vendor equipment and merchandise shall be removed from the premises or stored from public view during non-operating hours.
g. The vendor, or his or her designee, shall be removing all trash generated from mobile food operation at the end of each business day.
h. The vending unit shall be located on property of an existing business having an active privilege license.
i. The vending unit shall operate only at times concurrent with the operating hours of the existing business on which the vending unit is located.
j. Mobile food unit or pushcart shall not take up more than one designated (1) parking space, or 10 foot by 10 foot area.
k. The vending unit operator shall comply with all federal, state and local laws when operating the unit.
l. The vending unit shall receive all applicable state health and food safety permits or exemption in writing from the state health inspector prior to city approval.
m. No more than one (1) mobile food vendor shall be located on a site at any one time.
n. A mobile food vendor shall not be required to obtain a permit when vending activities are secondary or accessory to an approved temporary event.
o. All signage associated with the mobile food operation shall be securely attached flush to the vending unit and shall not be attached to the ground.
p. No more than two (2) temporary use permits shall be issued to a single mobile food vendor without Special Exception approval by the Board of Adjustment.
q. A violation of this section or any other applicable City Code shall be cause for immediate revocation of any permit issued pursuant to this section.

5. Additional requirements for mobile food vendors in C-1 Central Business District.
   a. Mobile food vendors are permitted in designated areas of the C-1 Central Business District upon approval by the City Council.
   b. All vendors shall be required to sign and execute a hold harmless release and agreement for sidewalk and right-of-way obstruction.
   c. All vendors shall be required to maintain active liability insurance and provide documentation of lender's receipt of signed and notarized release and agreement form.
   d. A vendor shall be limited to one or more of the following designated areas.
      (1) On the sidewalk at the corner of Main St. and Court. St.
      (2) On the sidewalk in front of the Gazebo and municipal parking lot located on Main St.
      (3) In the West Henderson Parking Lot outside of the Tailgate Market Pavilion.
      (4) On the sidewalk on Depot Street in front of the Marion Train Depot.
      (5) On the sidewalk on Logan Street in front of the Marion Community Building Park.
   e. Vendors shall operate from a mobile pushcart capable of being moved manually by no more than one (1) person.
   f. Mobile food vendors shall be prohibited from blocking pedestrian access along any sidewalk and shall allow a minimum clearance of four (4) feet between the pushcart and the edge of road.
   g. Vendors are permitted to operate between the hours of 7:00 a.m. and 10:00 p.m.
   h. Vendors shall be responsible for removing equipment and merchandise when not in operation.
   i. The vendor, or his or her designee, shall be responsible for removing all trash at the close of each business day and shall not place trash associated with the vending operation in public trash receptacles.
   j. Generators, noise generating devices, or any other attention getting device that may, by virtue of its design, create a distraction to motorists, pedestrians, or adjacent properties shall be prohibited.
   k. All mobile food cart units shall be self-contained and not require the use of ancillary power from any secondary source in order to operate.

AA.000000453 (24)

1. The City of Marion shall not provide power to a mobile food unit as part of the approved mobile food vendor permit application.

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 4th day of August 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-09-08-4-3

ADOPTION OF ORDINANCE – REVISED PLANNING AND INSPECTIONS FEE SCHEDULE: Planning and Development Director Heather Cotton advised that, the approval of the Zoning Ordinance Text Amendment to allow mobile food vendors in the C-1 Central Business Zoning District and the C-2 General Business Zoning District necessitated the establishment of a permit fee to support administrative costs with the permitting and inspection process. Ms. Cotton stated that the Planning Board has recommended that permit fees of $100 per year for the first mobile vending unit and $50 per year for additional vending units be set.

A discussion followed.

Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance establishing permit fees for mobile food vendors:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND DEVELOPMENT DEPARTMENT TO INCLUDE MOBILE FOOD VENDING PERMIT FEES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. That the City of Marion Planning & Development Department Fee Schedule be amended to include the following:

Mobile Food Vendor Permit. The City of Marion shall charge an annual $100.00 administrative permit fee for the operation of one (1) mobile food vendor unit in the City of Marion, each additional mobile food vending unit and/or location shall be $50.00.

SECTION 2. This ordinance shall become effective upon its adoption.

Adopted this the 4th day of August 2009.

A. Everette Clark, Mayor

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-09-08-04-2

AA.000000454 (24)

ADOPT RESOLUTION OF INTENT – STREET CLOSING: Planning and Development Director Heather Cotton advised that a request had been submitted by Mr. Don Anderson to close an unopened portion of Maryland Avenue off of Vale Street that splits property owned by Bernice Eckerd.

Ms. Cotton stated that the process would begin with City Council adoption of a Resolution of Intent to close the street. A public hearing on the matter will be scheduled for September 8, 2009, notice of the hearing shall be published in the McDowell News for four successive weeks, and the notice shall be posted in two (2) places along the unopened portion of the street pursuant to North Carolina Statutes 160-299.

Ms. Cotton reported that the unopened portion of Maryland Avenue is 0.33 acres according to a survey completed by Larry Greene Surveying dated June, 3, 2009. Property located on either said of Maryland Avenue is owned by Bernice Eckerd. Ms. Cotton stated that the City of Marion does not maintain any portion of Maryland Ave, and there is no indication that closing the street would be detrimental to public interest or limit access to other property.

Mr. Don Anderson was present for this meeting and said that he would answer any questions Council may have.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Resolution of Intent to close an unopened portion of Maryland Avenue:

RESOLUTION OF MARION CITY COUNCIL
INTENT TO CLOSE A PORTION OF MARYLAND AVENUE

BE IT RESOLVED THAT, Pursuant to the provisions of North Carolina General Statutes 160A-299, the Marion City Council, hereby declares its intent to permanently close that unopened portion of Maryland Avenue as shown on a survey of properties belonging to Vernon T. Eckerd and wife, Bernice P. Eckerd, and as shown in Map Book 2, Page 8 on the W.H. Hawkins Subdivision of the Buffalo & Hewitt property in the South Marion Addition dated June, 17, 1947.

A public hearing is called to be held in the City Council Chamber at the City Hall, Marion, North Carolina at 7:00 o'clock on September 15, 2009, at which hearing any person may be heard on the question of determining whether or not the closing of said portion of said street would be detrimental of the public interest or the property rights of any individual.

BE IT FURTHER RESOLVED that a copy of this resolution shall be published once a week for four (4) successive weeks in the McDowell News, Marion, North Carolina, prior to the date of said public hearing, and that a copy of the same shall be sent by registered or certified mail to Bernice Eckerd, 5206 Nantucket Road, Greensboro, NC 27455, who is the owner of property adjoining said portion of said street as shown on the McDowell County tax records.

BE IT FURTHER RESOLVED that a Notice of the closing and public hearing shall be prominently posted in at least two places along that portion of said street which is to be closed

ADOPTED this the 4th day of August 2009.

A. Everette Clark, Mayor

AA.00000455 (24)

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-09-08-04-3

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting wishing to speak to Council.

CITY MANAGER'S REPORT:

The City Manager advised that, as directed by Council at the July 21 Council meeting, he sent a letter to the Roto-Rooter office in Bakersville, with a copy to the Roto-Rooter corporate headquarters in Cincinnati, advising that the company is not to enter City manholes or sewer lines without permission and directing that they obtain a City privilege license. He stated that Roto Rooter had responded to the letter and stated their intent to obtain a privilege license and to abide by all City regulations.

The City Manager advised that the Department of Transportation continues to make good progress on the McDowell Avenue Street Extension. He stated that City staff are pushing DOT to complete this project before school starts in late August.

The City Manager advised that the Advisory Board/Volunteer Dinner is scheduled for Thursday, August 13 at 6:30 p.m. at the Community Building. All advisory board members, volunteer firefighters and other people who volunteer for the City at the annual Open House and in other capacities will be invited.

The City Manager advised that City crews have completed the Circle Drive water extension. The entire line is in service and City staff have connected all customers who have requested service.

The City Manager advised that City crews are working on a short sidewalk extension in front of First United Methodist Church on Robert Street, to complete this project before school starts, and also hope to soon begin work to create a three lane section of roadway on Fleming Avenue near Marion Elementary School before school starts, as had been previously authorized by Council.

The City Manager advised that Ronny Turner Construction is moving along with the construction of the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Ronny Turner will also be constructing the pump stations required and deconstructing the Catawba River Plant. Construction is scheduled to continue through October.

The City Manager reported that Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction will last well into 2010.

The City Manager advised that construction and paving on Florence Avenue, Finley Avenue and East Railroad Street are completed. Pavers have also completed the resurfacing on Montevista Avenue next to the Bi Lo Shopping Center, on James Drive and Railroad Street and in the City Hall parking lot.

AA.000000456 (24)

The City Manager advised that McGill is working on the site plan, to be followed by surveying and appraisal work, to submit to the State as part of the City's request for State approval to allow the towers to remain on Mt. Ida. He stated that WLOS and UNC-TV have been advised of the lease terms agreed to by Council for tower sites ($300 per month leases for ten years with no payback required for new towers to WLOS and UNC-TV).

The City Manager advised that City crews had completed the sight distance improvements at the exact to East McDowell Junior High School, along South McDowell Avenue, including cutting down the bank adjacent to the exit and cutting back undergrowth along the street right of way. This work should greatly improve sight visibility in both directions and alleviate complaints received for many years from the residents of the Foxfire Community.

The City Manager advised that the City's Community Development Block Grant (CDBG) request to construct sidewalks in the Eastfield Community did not receive funding and that Isothermal staff had suggested resubmitting an application for the fall CDBG grant cycle, focusing on Perry Street, in order to maximize points.

Councilman Owenby stated that he feels the grant should be resubmitted in whatever fashion is necessary to maximize the City's chances of funding. The Mayor and Council Members expressed no opposition to the grant being resubmitted.

COUNCILMAN COMMENTS:

Mayor Pro Tem Little stated that he appreciate the efforts made by staff to ask the North Carolina Department of Transportation to modify the right turn on red restriction at Main and Court Streets; however, since DOT apparently was not going to provide the City an answer regarding this request, the City needed to action.

Mayor Pro Tem Little made a motion that the City install signage at the intersection of Main and Court Streets and adopt an ordinance modifying the right turn on red restriction to "No Right Turn on Red When Pedestrians are Peresent."

Mayor Clark asked if such an action by the City would create liability problems for the City. The City Manager advised that Main and Court Streets were both U.S. highways and were controlled by DOT and that the City did not have the authority to put up such signs.

A discussion followed. The City Manager noted that several verbal discussions had been held with DOT staff regarding this request and also asking for approval of "Yield to Pedestrian" signs at the same intersection, but that no letters had yet been sent.

Mayor Pro Tem Little withdrew his motion.

Mayor Pro Tem Little suggested that a letter be sent to DOT, formally asking for a modification of the right turn on red restriction and requesting approval of "Yield to Pedestrian" signs, with copies sent to the appropriate people.

Mayor Clark suggested that the letter be sent to DOT Secretary Conti.

AA.00000457 (24)

After a brief discussion, Council decided by consensus to direct the City Manager to send a letter to DOT Secretary Conti, with copies to the Division 13 DOT Board Member and appropriate Division 13 DOT staff, asking for a modification of the right turn on red restriction and requesting approval of "Yield to Pedestrian" signs.

Councilman Cuthbertson advised that he had received requests from people in the medical field, asking that the traffic signal at Railroad Street and West Henderson Street go on flash late at night, to prevent unnecessary delays in responding to the Hospital. Council agreed by consensus to direct the City Manager to send a letter to DOT staff, making such a request.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, August 18, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, Reporter, McDowell News; Wendy McAnnally, Reporter, News Bulletin.

GUESTS PRESENT: Mike & Jill Lucas 6151 Lake James Road, Nebo, NC; Alice Stecker 120 Lookout Point, Nebo, NC; Ann McNutt 394 Honeycutt Mountain Road, Marion, NC; Cathy Green 797 Lake Club Drive, Nebo, NC; Nora Worthen, Nebo, NC; David Wooten, Marion, NC; Cliff McLarty, North Madison Street, Marion, NC.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to approve the consent agenda as follows, excluding item D, as requested by Councilman Cuthbertson:

A. Approval of Minutes – August 4, 2009 Regular City Council Meeting Minutes

B. Approve Personnel Policy Amendment

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

AA.000000458 (24)

Section 1. That Article VII, Leaves of Absence, Section 5. Sick Leave is amended by deleting the first paragraph in its entirety and replacing it with the following:

(a) Sick Leave – Manner of Accrual
Each full-time regular and probationary employee shall accrue sick leave annually at a rate of the average number of hours scheduled per week multiplied by one (1) for employees with less than five (5) years of service with the City and multiplied by two (2) for employees with five (5) or more years of service, provided the employee is active and eligible to contribute to the Local Government retirement System. Employees who are out of work on leave status shall not be eligible for accumulation of sick leave. For the purposes of sick leave accrual, in no case shall the average number of hours for a position be less than the maximum number of hours an employee in that classification may work under the requirements of the FLSA. The amount of sick leave accrued shall be determined by dividing the annual leave total by the number of pay periods each year and this amount shall be credited to each active employee each pay period.

Section 2. This amendment shall become effective on September 1, 2009.

Adopted this the 18th day of August 2009.

A. Everette Clark, Mayor

C. Adopt Resolution Directing the Clerk to Investigate a Petition for Annexation – Highway 226 South-Justice/McCoyle Property

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – HIGHWAY 226 SOUTH – JUSTICE/McCOYLE PROPERTY - 2009

WHEREAS, a petition requesting annexation of an area described in said petition was received on June 24, 2009 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 18th day of August, 2009.

RESOLUTION NUMBER: R-09-08-18-1

APPROVE WAIVER OF CIVIL CITATION REMOVED FROM CONSENT AGENDA FOR FURTHER DISCUSSION: The City Manager advised that it has been tradition that Council waive parking citations for persons serving as jurors.

The City Manager reported that Ms. Rebecca Davis had received a parking citation on August 10 for overtime parking in the Gazebo Parking Lot on North Main Street. Ms. Davis provided information certifying that she was serving on the grand jury. Therefore, based on past precedent, the City Manager placed this item under the consent agenda.

Councilman Cuthbertson stated that this issue keeps arising from time to time. He noted that the City has spent a lot of money to construct a parking lot for jurors on North Garden Street and feels that this type of citation should not be waived. Councilman Cuthbertson added that if the Garden Street parking lot is full, then perhaps County vehicles in the parking lot need to be removed.

Councilman Edwards stated that information regarding parking is sent out in advance to each person serving as a juror and that the Clerk of Court stresses parking in verbal instructions given to jurors. He suggested that information about parking be shown in bold, advising jurors that they need to park in specified parking lots, or risk receiving a citation.

Mayor Pro Tem Little made a motion to waive the penalty for the civil citation issued to Ms. Davis for overtime parking for good cause. Councilman Martin seconded the motion.

Councilman Owenby stated that he agrees with Councilman Cuthbertson that if the City is going to enforce rules for one, it should enforce such rules for all.

Mayor Pro Tem Little stated that there have been hundreds of people serve on juries over the years and very few citations have been issued and appealed. He stated that this was only an occasional problem.

The vote to waive the citation carried 3-2. The vote was as follows:

Mayor Pro Tem Little	Yes
Councilman Edwards	Yes
Councilman Martin	Yes
Councilman Cuthbertson	No
Councilman Owenby	No

PUBLIC APPEARANCE - MIKE ORNBERG/BRUCE BROWN – DISCUSS MOBILE FOOD VENDOR ORDINANCE: Mr. Ornberg could not be present due to a death in his family and asked that this item be held until a later date.

Councilman Edwards stepped away from the meeting to take a phone call.

PUBLIC APPEARANCE – MACA – DISCUSS McDOWELL COUNTY QUILT TRAIL: Ms. Heather Cotton appeared before Council representing the McDowell Arts Council Association (MACA) to discuss a proposed McDowell County Quilt Trail.

Ms. Cotton presented Council with a power point presentation advising that the proposed Quilt Trail in McDowell County and across the Western North Carolina Region is part of an economic development initiative designed to enhance the quality of life in rural communities by providing sustainable economic development opportunities for local businesses, artists, and farmers by encouraging the sale of locally

AA.00000460 (24)

produced goods, value-added farm products, handcrafted merchandise and other local items to residents and visitors traveling to our region.

Celebrating & Preserving Local History
•Each quilt block is connected, by its pattern and name, to the history of the land, the building or the family.

•The Quilt Trail will provide a non-invasive attraction in rural parts of the community, and can assist with the preservation of historic locations and increase the economic impact of environmentally friendly tourism (eco-tourism) locally and in the region.

Additional Benefits
- The trail can be used to market the area for travel and tourism, real estate, and business recruitment.
- The program document local history.
- Quilt blocks bring life back to buildings and structures once forgotten.
- Media Coverage
- Travel and Tourism
- Marketing opportunities

Community Involvement
Community members of all ages, backgrounds, and interests can participate in the program in a variety of ways giving the whole community ownership and pride in the quilt trail, and all the work and support of the program builds long-lasting relationships and connections among many different people.

Creating A Quilt Block
•It all starts with a design, based on a story about the host.
•Once design is chosen, the block is cut, framed, and painted by a group of volunteers and supervised by program coordinators.
• The process for designing and building a block typically takes about three months from design selection to completed construction.

Hanging a Quilt Block
Requires the use of a bucket truck and professional contractor or other building professional.

Buying Local
•MDO Board & other building materials are purchased through a local building supply company.
•Benjamin Moore Exterior Paint and painting supplies used to apply designs to quilt blocks.
•Labor and equipment, such as the use of a bucket truck to hang quilt blocks.
•Professional printing company to generate marketing materials and other print products.

Our Next Steps
•Generate support for the project countywide:
•Develop application materials and website to advertise and market the program.
•Establish a group of volunteers to create quilt blocks.
•Fundraise to help pay for equipment and software.

Hosting a Quilt Block
·Sizes Available:
·2' x 2' = $150
·32" x 32" = $200
·4' x 4' = $250
·6' x 6' = $375
·8' x 8' = $500

Donation to the City of Marion

AA.000000461 (24)

Mike and Jill Lucas and Alice Stecker have generously offered to each donate a six foot square quilt block for each end of the City of Marion Tailgate Market Shade Shelter from a selection of designs including the "Grape Basket" block; "Main Street Meets the Mountains" block, and/or the "Garden Maze" block.

Mayor Pro Tem Little stated that his is one of the most clever, attractive projects he had seen in a long time.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to enthusiastically accept the gracious offer of the Lucas and Stecker families to donate two quilt blocks for the City of Marion's Tailgate Market Shade Shelter and to further discuss the desired design at the august 25 Council Planning Session.

Councilman Martin stated that this was a beautiful presentation by Ms. Cotton.

Councilman Owenby stated that eight to ten years was a good amount of time for the quilt blocks to last.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – KATHY STREET-BUFF/PIERSON PROPERTY ANNEXATION: Mayor Clark opened the Public Hearing.

The City Manager advised that a public hearing is required on the annexation of the 1.29 acre Buff/Pierson property on Kathy Street. This property is contiguous to the existing City Limits and contains one mobile home. If approved by Council, the ordinance to annex this property would become effective August 31, 2009.

There were no citizens present to discuss this annexation request.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance to annex the Kathy Street-Buff/Pierson property effective August 31, 2009.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
KATHY STREET-BUFF/PIERSON PROPERTY-2009

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, August 18, 2009, after due notice by publication on Thursday, August 6, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of August 31, 2009:

BEGINNING on a point located on the Eastern margin of Kathy Street (commonly known as State Road #1728), and runs thence North 01 degree 14 minutes 30 seconds West 51.48 feet to a point; thence North 00 degrees 37 minutes 24 seconds East 86.50 feet to a point; thence North 03 degrees 54 minutes 24 seconds East 66.33 feet to a point; thence North 07 degrees 22 minutes 28 seconds East 166.87 feet to a point; thence North 19 degrees 45 minutes 36 seconds East 63.28 feet to a point; thence North 33 degrees 30 minutes 36 seconds East 55.76 feet to a point; thence South 12 degrees 43 minutes 30 seconds East 500.06 feet to a point; thence North 86 degrees 19 minutes 00 seconds West 10.11 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West 10.11 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West (the same course) 169.32 feet to an existing iron pin; thence North 86 degrees 19 minutes 00 seconds West (the same course)

AA.00000462 (24)

9.04 feet to the point of BEGINNING, containing 1.29 acres, more or less, according to a plat prepared from a new survey, dated June 13, 1980, by R. L. Greene, Surveying and Mapping, Marion, North Carolina.

EXCEPTING AND RESERVING, HOWEVER, from the operation of this conveyance, all the land described in and conveyed by that certain deed dated August 2, 1984, by W.C. Hall and wife, Helen Lee Hall, to Mabel Lewis, recorded in the Office of the Register of Deeds for McDowell County, North Carolina, in Deed Book 333 at Page 433, to which reference is hereby made.

AND BEING the same property as described in and conveyed by that certain deed dated May 5, 1987, from Joseph A. Miller and wife, Barbara Miller, to Ruth B. Pierson, and which is recorded in the Office of the Register of Deeds for McDowell County in Deed Book 368 at Page 566.

Section 2. Upon and after August 31, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 18th day of August, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-09-08-18-1

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – US 221 NORTH/GURLEY PROPERTY: Mayor Clark opened the Public Hearing.

The City Manager advised that a public hearing is required on the annexation of the Gurley/Bypass Properties area, containing 2.76 acres, on US 221 North. This area includes the Southern Traditions Credit Union, the new ABC store site, the Catawba Properties building and an adjacent vacant lot. This property is not contiguous to the existing City Limits. If approved by Council, the ordinance to annex this property would become effective August 31, 2009.

There were no citizens present to discuss this annexation request.

Mayor Clark closed the Public Hearing

Upon a motion by Councilman Cuthbertson, seconded by Councilman Mayor Pro Tem Little, those members of Council present voted to adopt the following Ordinance annexing the US 221 North/Gurley/Bypass Properties area effective August 31, 2009.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
US 221 NORTH/GURLEY - 2009

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

AA.000000463 (24)

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, August 18, 2009, after due notice by publication on Thursday, August 6, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of August 31, 2009:

Tract One

Beginning on an 5/8 inch rebar set in the west margin of the right-of-way for U.S. 221 North, said rebar having NCGS coordinates of North = 729,333.491 feet and East = 1,097,850.795 feet; said iron rebar being located South 62 degrees, 17 minutes, 35 seconds West 86.44 feet from a nail and disc GPS point located on the east side of U.S. 221 North, said GPS point having coordinates of North = 729,373.681 feet and East = 1,097,937.323 feet (NAD 83/2007) and runs thence from said Beginning Point and with the west margin of the right-of-way for U.S. 221, South 30 degrees, 44 minutes, 32 seconds East 134.39 feet to an existing concrete right-of-way marker; thence South 51 degrees, 49 minutes, 25 seconds West 21.20 degrees to an existing concrete monument; thence continuing South 51 degrees, 49 minutes, 25 seconds West with the line of Great Meadows, Inc. 187.30 feet to a 5/8" rebar with cap set; thence North 48 degrees, 05 minutes, 35 seconds West 121.26 feet to an existing iron pipe; thence North 41 degrees, 05 minutes, 35 seconds West 13.83 feet to a 5/8 inch rebar set; thence leaving the line of Great Meadows, Inc., a new line, North 51 degrees, 49 minutes, 25 seconds East 247.47 feet to the Beginning, containing 0.70 acres by coordinate computation.

And being a portion of that property described in a deed to Gurley Properties, LLC, Deed Book 552, Page 719, Tract 25 of the McDowell County, N.C. Deed Registry.

Tract Two

Beginning on an 5/8 inch rebar set in the west margin of the right-of-way for U.S. 221 North, said rebar having NCGS coordinates of North 729,333.491 feet and East = 1,097,860.795 feet; said iron rebar being located South 62 degrees, 17 minutes 35 seconds West 86.44 feet from a nail and disc GPS point located on the east side of U.S. 221 North, said GPS point having coordinates of North = 729,373.681 feet and East = 1,097,937,323 feet (NAD 83/2007) and runs thence from said Beginning Point and with the west margin of the right-of-way for U.S. 221, North 30 degrees, 44 minutes, 32 seconds West 76.70 feet to a PK nail found; thence continuing with said margin of said right-of-way North 30 degrees, 44 minutes, 32 seconds West 116.63 feet to a PK nail found; thence North 65 degrees, 10 minutes, 38 seconds West 34.86 feet to a 5/8 inch rebar; thence South 45 degrees, 07 minutes, 00 seconds West 69.54 feet to a 5/8 inch rebar; thence North 45 degrees, 47 minutes, 03 seconds West 10.98 feet to an iron pipe; thence South 44 degrees, 58 minutes, 55 seconds, West 178.53 feet to an iron pipe; thence South 33 degrees, 46 minute, 24 seconds East 151.91 feet to an existing solid iron rod; thence South 41 degrees, 05 minutes, 35 seconds East 53.58 feet to a 5/8 inch rebar set; thence a new line, North 51 degrees, 49 minutes 25 seconds East 247.47 feet to the Beginning, containing 1.28 acres by coordinate computation.

And being a portion of that property described in a deed to Gurley Properties, LLC, Deed Book 532, Page 719, Tract 25 of the McDowell County, N.C. Deed Registry.

Tract Three

Two parcels of land in Dogwood Acres Subdivision, Parcel "B" adjoining and on the North side of the 0.44 acre parcel of land now owned by Gary D. Ledford and wife which parcel is being conveyed to grantee herein contemporaneously with this deed., said 0.44 acre parcel having been conveyed by Frank J. Hall and wife and W. C. Hall and wife to Harry A. Justice, see Deed Book 289 at Page 624, and Parcel "C" adjoining and on the East side of said Ledford lot.

Parcel "B": BEGINNING on an iron set in the Northeast corner of the Ledford lot, and runs with the line of the lot conveyed to Oswaldo M. Tinco by deed recorded in McDowell Deed Book 747 on Page 884, N. 26° 47'26" 129.14 feet to an iron pin set in the Southern margin of the 30 feet wide right of way of Dogwood Acres Loop; then with the Southern margin of said right of way, S. 65°14'24" W. 28.00 feet to a point, S. 84°22'36" W. 35.55 feet to a point; N. 81°19'22" W. 51.04 feet to a point, and N. 70°12'35" W. 33.15 feet to an iron pin set in said margin; then a new line S. 35°37'33" W. 71.95 feet to the westernmost corner of the Ledford lot, just South of the new Northern Margin of the Right-of-Way of Highway 221 North; then with the Northern Line of the Ledford Lot, S. 75°59'36" E. 250.00 feet to the BEGINNING, containing 0.34 acres.

Parcel "C": BEGINNING on the iron pin set in the Northeast corner of the Ledford Lot, the beginning corner of Parcel "B" and runs with the Eastern Line of the Ledford Lot, S. 39° 10'00" W. 138.92 to a railroad spike in the Northern Margin of Creson Drive, the Southeast corner of the Ledford Lot; then N. 83°02'22" E. 28.83 feet to an iron pin set near the western

AA.000000464 (24)

margin of a private gravel drive which forms the Western margin of a lot conveyed to Jose Emiliano Denza De La Loma by deed recorded in McDowell County Deed Book 735 on Page 939; then a line running West of the Western Margin of the Right of Way of said private gravel drive, N.34°28'56" E. 94.68 feet to a point and then N. 36°20'02" E. 24.23 feet to an existing iron pin, the 12the corner of the Tinco Deed, Deed Book 747, Page 884; then with the line of the Tinco Deed N. 53°04'27" W. 11.004, feet to the BEGINNING, containing 0.05 acres.

Tract Four

BEGINNING on a railroad spike in concrete, said spike being the 11th corner of the tract of land described in McDowell County Deed Book 747 at Page 884.amd the 3rd corner of the Gary D. Ledford property as described in McDowell County Deed Book 549 at Page 280, and runs thence South 39 degrees 10 minutes 00 seconds West 138.92 feet to a railroad spike set in the edge of Creson Drive; thence North 60 degrees 00 minutes 30 seconds West 95.97 feet to an existing iron pin found buried within the right-of-way of Highway 221 North; thence running North 30 degrees 48 minutes 43 seconds West 140 feet. to an iron pin set at a disturbed existing iron pin found; thence with the line of Frank J. Hall, et. al., South 75 degrees 59 minutes 36 seconds East 250 feet to the BEGINNING, containing 0.44 acres, and being designated as Parcel A on that certain plat of survey prepared by Pendergrass Surveying, Registered Land Surveyor, Morganton, North Carolina, dated January 17, 2005, File No. 10505, from which plat of survey all calls used in this description were taken.

AND BEING the same property conveyed by that certain deed from Walker Properties to Gary D. Ledford and wife, Kimberly E. Ledford, and which is recorded in McDowell County Deed Book 549 at Page 280. Reference may also be made to that certain deed from Kimberly E. Ledford to Gary D. Ledford, which is recorded in the Office of the Register of Deeds for McDowell County in Deed Book 678 at Page 275.

Section 2. Upon and after August 31, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 18th day of August, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-09-08-18-2

CONSIDER AWARD OF CITY BANKING SERVICES: Finance Director Harriett Thomas advised that the City was recently notified by Bank of America that, after 24 years of service fee free banking, the City would begin being charged service fees in the very near future. If accounts were left as they are now, the service charge per month would be anywhere from $2,200 to $2,500 per month. Ms. Thomas stated that Bank of America initially offered to reduce the monthly service charges to $870 by moving $1.5 million to non interest bearing accounts or to $542 by moving $2.5 million to non interest bearing accounts. Ms. Thomas advised that, even though the service charges would be reduced, the City would be losing the small amount of interest currently being earned. Ms. Thomas stated that she subsequently sought bids for City banking services.

Ms. Thomas reported that a request for Proposal (RFP) was sent to all seven banks in the City that are on the State's approved list for local government investments. Proposals were received from five banks: Mountain First Bank, Fifth Third Bank, Carolina First Bank, Bank of America and Asheville Savings Bank. Five were heard back from. Wachovia and First Citizens Bank did not respond. Responses to all items requested in the RFP were received from Fifth Third Bank, Carolina First Bank, Bank of America and Mountain First Bank.

AA.0000000465 (24)

Asheville Savings Bank responded but did not send all of the items that had been requested in the RFP such as their annual reports, disaster recovery plan, etc.

Ms. Thomas advised that the bids were all read and analyzed and, based on her analysis, she recommends that the City contract with Mountain First Bank to provide banking services. Besides providing the services the City needs at no cost, she feels a local community bank will best serve the needs of the City.

Mayor Pro Tem Little stated that this goes to show that the Bank of America is no longer in business for small towns, whereas Mountain First has indicated that they want to be a member of the community. He added that he appreciates Mr. David Wooton and Mr. Mike Morgan from Mountain First and that everyone associated with the bank is a fine group of people.

Mayor Clark stated that the City banked with First Union many years ago and then switched to Bank of America. He added that it will be nice to have local people to talk to and whom are empowered to make decisions. Mayor Clark added that, if not for Mountain First Bank, the City would likely be paying service charges.

Mayor Clark asked how quickly the transition could take place. Ms. Thomas stated that she would work to move all City accounts to Mountain First no later than October 1, to avoid service charges at the Bank of America to the greatest extent possible.

The City Manager expressed his appreciation to Mr. Wooten and Mr. Morgan for working hard to put together a very competitive proposal that shows Mountain First Bank's appreciation for the City's business.

A discussion followed.

Councilman Edwards returned to the meeting during the discussion of this item at 7:35 P.M.

Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to award the contract for City banking services to Mountain First Bank, to become effective as soon as possible.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council. However, Mayor Clark took this opportunity to read a letter emailed to him from Ms. Vernice Francis of Francis Drive regarding City Manager Bob Boyette.

Ms. Francis's letter read as follows:

Mayor Clark,
At approximately 4:55 p.m. on an afternoon in July, I was down the street speaking with two men from the Department of Transportation. I requested that the City Manager Bob Boyette come to my home and meet with myself and the Department of Transportation. Bob immediately replied that he would come out and meet with us.

I appreciate Bob responding to a last minute request to come to my home, and I appreciate him trying to assist me with an on-going problem with the DOT fence in front of my home, and the trash and weeds.

Bob expressed a strong concern about my request, and he tried to come up with suggestions for the DOT.

I don't think anything was accomplished from the meeting with the DOT, but our City Manager Bob Boyette did agree with me that the fence west of my home is an eyesore to the community.
Mayor Clark, I recognize the value of our City Manager, and I value this attempt to address my concerns.

Sincerely,

Vernice Francis
24 Francis Drive
PO Box 62
Marion, NC 28752

AA.000000466 (24)

Mayor Clark commended the City Manager for all he does on a day to day basis for the City of Marion.

CONSIDER ADOPTION OF ORDINANCE PROHIBITING BEGGING IN PUBLIC PLACES IN THE CITY: The City Manager advised that State law authorizes cities to adopt ordinances to regulate or prohibit begging. The City Code currently states that begging is permitted, as long as a permit is obtained from the Police Chief, and that such permit shall not be unreasonably withheld. The City Manager stated that he had drafted the following ordinance to prohibit begging, panhandling, the soliciting of alms or performances conducted for donations on any public street, alley, right-of-way or sidewalk in the City or on any property owned or leased by the City. However, he did not propose prohibiting such activity on private property or on public property (other than streets, alleys, rights-of-way and sidewalks) owned by other public entities.

The City Manager stated that he had seen ordinances from cities such as Statesville, Chapel Hill and Asheville that prohibit begging in streets, at certain hours or "aggressive" panhandling. The ordinance he drafted is obviously much simpler and is similar to one from Hickory. This ordinance can be modified in any manner deemed appropriate by Council.

For information, the City Manager also presented a copy of the City's current begging ordinance and a copy of N.C.G.S. 160A-179, which authorizes cities to adopt ordinances regulating or prohibiting begging.

Current Begging Ordinance

Sec. 11-6. Begging in public places.

No person shall beg or solicit alms in the streets or other public places, nor in the entrances or corridors to or of any public building without securing a permit from the chief of police. The permit shall not be unreasonably withheld and there shall be no fee for such permit.
(Code 1982, § 8-1013)

State Law References: Authority of city to regulate begging, G.S. § 160A-179.

State Law Reference – Begging

§ 160A-179. Regulation of begging.

A city may by ordinance prohibit or regulate begging or otherwise canvassing the public for contributions for the private benefit of the solicitor or any other person. (1971, c. 698, s. 1.)

The City Manager stated that he had reviewed the draft ordinance with the City Attorney, who saw no problems with the proposed wording.

The City Manager advised that he has spoken to the Marion Business Association Board about this proposed ordinance. The MBA board did not take a position, but stated that individuals could of course state their opinions to Council. All Board members seemed to agree that begging should not be permitted. However, some Board members felt that performances for donations should be allowed, as is the case in other larger cities. Another suggestion was that, if performances for donations are allowed at City sponsored or approved events, the performer be required to obtain the permission of the event organizer. Such a provision could be added to the ordinance, if Council wishes.

Mayor Clark stated that this ordinance should be adopted and is an example of something missed by the City through the years during past City Code updates.

Police Chief Mika Elliott stated that he agrees with the City Manager's proposal.

Mayor Pro Tem Little stated that busking, or performing for donations, in a large city may not be offensive. However, he stated that such activity might not fit in well in Downtown Marion at the current time. Mayor Pro Tem Little stated that, for example if he went out with a trumpet and played in front of businesses for

AA.000000467 (24)

money, he does not feel that it would be appropriate. For Marion, the negatives out weigh the positives for busking activity at the present time and he is therefore in favor of the ordinance as proposed.

Mayor Clark stated that he has seen such busking and begging activity in New Orleans and other cities, but it has never been allowed in Marion.

Councilman Edwards stated that he was in Asheville, in the Wall Street area, and a little boy ten or eleven years of age was standing on street playing a violin and that it was not intrusive. The young boy was playing classical pieces and people were putting money in his open case. Councilman Edwards stated that he agreed that Marion is not yet ready for this type of activity, but hoped that Council would keep an open mind to such activity in the future.

Councilman Martin and Mayor Pro Tem Little stated that they agreed with the comments of Councilman Edwards.

A discussion was held. Council agreed to add to the ordinance the provision suggested by the MBA Board that persons performing for donations must obtain the approval of the event organizer.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance as amended and presented:

ORDINANCE
AMENDING CHAPTER 11
OFFENSES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 11, Offenses, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 11 is amended by deleting Section 11-6, Begging in public places, in its entirety and replacing it with the following:

> **Sec. 11-6. Begging in public places prohibited.**
>
> No person shall beg, panhandle, solicit alms or conduct any type of performance for donations in any public street, alley, right-of-way or sidewalk in the City or on any property owned or leased by the City. This section shall not apply to performances conducted in conjunction with City sponsored or approved events on public streets or sidewalks or on property owned or leased by the City. The permission of the event organizer is required for performances conducted in conjunction with City sponsored or approved events on public streets or sidewalks or on property owned or leased by the City.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 18th day of August, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-08-18-3

CONSIDER ADOPTION OF ORDINANCE MODIFYING THE NUMBER OF MEMBERS ON THE CITY TREE BOARD: The City Manager advised that it was recommended at the last Tree Board meeting on August 5 that Council expand the voting membership of the Tree Board from five to six members and

AA.000000468 (24)

appoint John Reese as a voting member of the Tree Board. The City Manager stated that he had contacted Mr. Reese and determined that he would be willing to be appointed as a voting member of the Tree Board.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance.

ORDINANCE
AMENDING CHAPTER 19
TREES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 19, Trees, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 19 is amended by deleting Section 19-26, Creation and establishment, and Section 19-27, Terms of members, in their entirety and replacing it with the following:

Sec. 19-26. Creation and establishment.

There is hereby created and established a tree board for the city which shall consist of six (6) members who shall be citizens, and residents of this city. Such members shall be appointed by the mayor with the approval of the city council. Ex officio members may be appointed as necessary.

Sec. 19-27. Terms of members.

The term of the six (6) persons to be appointed by the mayor shall be three (3) years except that the terms of two (2) of the members appointed to the first board shall be for only one (1) year and the term of two (2) members of the first board shall be for two (2) years. If a vacancy shall occur during the term of any members, his successor shall be appointed for the unexpired portion for the term.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 18th day of August, 2009.

A. Everette Clark, Mayor

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-08-18-4

CONSIDER APPOINTMENTS TO TREE BOARD: The City Manager advised that, in conjunction with the Ordinance just adopted by Council expanding the voting membership of the Tree Board, the Tree Board had recommended that Council appoint John Reese as a voting member of the Tree Board and Scott Ellis, the new North Carolina Forest Service Ranger for McDowell County, as an ex officio, non-voting member of the Tree Board.

The City Manager stated that both Mr. Reese and Mr. Ellis had indicated that they would be pleased to serve on the Tree Board.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little Council voted unanimously to appoint John Reese as a voting member of the Tree Board, with a term to expire on June 30, 2012, and Scott Ellis as an ex officio member of the Tree Board.

The membership of the Tree Board is as follows:

Phil Ray, Duke Energy

Staff

Debi Sherlin, Administrative Assistant

DISCUSS STREET REQUESTS: The City Manager advised that Councilman Owenby had informed him of requests he had received for a sidewalk on Oak Street and for some major tree trimming on Highland Drive. The City Manager recommended that these requests be referred to the Street Committee for review.

Mayor Pro Tem Little stated that he would also like the Street Committee to look at the northern side of the railroad track on Garden Street. It is rapidly deteriorating and has developed holes. The wood in the railroad crossing itself is also becoming deteriorated and causing a bumpy ride for motorists driving across this crossing.

It was the consensus of Council to refer these items to the Street Committee and to receive a report back at a later date.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that he had sent a letter to DOT District Traffic Engineer Mark Teague, requesting that DOT place the traffic signal at West Henderson and Railroad Streets on flash between 11:00 p.m. and 7:00 a.m., as had been directed by Council at the August 4 meeting. As previously reported, the City Manager had met with Mr. Teague on August 7. Mr. Teague indicated that it was likely that this request could be approved, unless DOT had vehicle detection in place at the intersection. Assistant District Traffic Engineer Anna Henderson contacted the City Manager on August 11 and stated that there were vehicle detection loops in place at the intersection, but that they were not currently working. Ms. Henderson said that she would release funds immediately to repair these loops. The loops will work 24 hours a day and should have nearly the same effect as a flashing signal, while providing for greater safety. Ms. Henderson advised that DOT typically will not place traffic signals with vehicle detection on flash, but that if the City continues to receive complaints, they can consider putting the signal on flash late at night. This work should be completed by the end of August.

The City Manager reported that DOT District Engineer Doug McNeal stated that he would recommend DOT funding for the sidewalk on West Henderson Street between Reid Street and Wilhemenia Street. As with the

AA.00000470 (24)

project further north on West Henderson Street between Railroad Street and Ingle's, DOT will likely only provide partial funding. The final decision will be made at the division level in Asheville, but this sidewalk should stand a very good chance of being funded.

The City Manager stated that he had asked Mr. McNeal for an update about when DOT intends to undertake the Sugar Hill Road plantings that were agreed to several years ago. The Tree Board has asked that this matter be expedited. Mr. McNeal noted that DOT would prefer to wait to undertake the plantings until the City completes the Sugar Hill Road water and sewer extension, since about one third of the plantings would be impacted if the plantings were done prior to the water and sewer extension. In this case, the City Manager stated that he agrees with DOT that it would be prudent to wait.

The City Manager stated that Mayor Clark sent a letter to DOT Secretary Gene Conti, asking for his help in getting an answer for us regarding our request to modify the right turn on red restriction at Main and Court Streets. The letter also asked for an answer regarding what type of "Yield to Pedestrian" signs can be placed at this intersection. The City Manager stated that he discussed these requests with Mark Teague on August 7. The City Manager reported that Mr. Teague stated that he should be able to approve time restrictions on the no right turn on red an, provide examples of possible "Yield to Pedestrian" signage and provide details on how the crosswalk can be made more visible. Mr. Teague forwarded an example on August 10, showing a proposed "Turning Traffic MUST Yield to Pedestrians" regulatory sign for all four directions at Main and Court and showing a proposed time restriction on the "No Right Turn on Red" signs at Main and Court. The City Manager reported that Mr. Teague stated that he had already approved limiting the no right turn on red prohibition to 8:00 a.m. to 5:00 p.m. Monday through Friday. Mayor Clark and Council members agreed by consensus on the proposed Yield to Pedestrians and No Right Turn on Red signs proposed by Mr. Teague.

The City Manager presented Council with a copy of a notice of a Tree Management Seminar to be held by the Tree Board, in conjunction with Duke Energy and Cooperative Extension. The seminar will be held at 6:00 p.m. on Thursday, August 27 at Countryside Barbeque and will include presentations on proper tree pruning, tree and site selection and tree care and pest management. This seminar is being held as part of our 20 Year Tree City USA Celebration and is being primarily funded by Cooperative Extension, Duke Energy and Lawrence Moore. The City is putting $100 into the seminar expenses.

The City Manager advised that the Tree Board discussed at their meeting on August 5 possible modifications to the shape of the hollies on Main Street or alternative trees in place of the hollies. The City Manager stated that he had also discussed the trees with the MBA Board at their August 11 meeting and heard suggestions to extend the planting of crepe myrtles currently in place on North and South Main Streets to the blocks between State and Fort Streets. The City Manager stated that he would recommend that Council discuss these trees at the August 25 Council Planning Session. Mayor Clark suggested that the Tree Board be consulted regarding possible replacements for the hollies.

The City Manager advised that Ms. Kathy Rabb had submitted a letter, proposing that an ordinance be adopted to require garbage receptacles placed by the street to be removed by the end of the day of collection. Kathy had complained to the Sanitation Department about some residences in the Eastfield area that keeps their garbage cans out all the time. The only other complaint the City Manager has received about this matter in the past has been from Mr. Walton Clapp on Currier Avenue. The City Manager stated that the City Code contains no requirements specifying how early garbage may be placed at the curb or requiring garbage receptacles to be removed within a certain period of time.

Councilman Edwards stated that he agreed with Mr. Clapp and Ms. Rabb concerning this issue. Mayor Clark asked how many people were leaving garbage cans by the street, since the City provides back door garbage pickup. After brief discussion, Mayor Clark and Council Members suggested that City staff obtain information regarding how many people place their garbage at the street for collection and how many people leave garbage cans at the street the day after collection.

The City Manager advised that DOT continues to make good progress on the McDowell Avenue Street Extension. He stated that City staff are pushing DOT to complete this project as soon as possible.

AA.000000471 (24)

The City Manager advised that City crews were close to completing a short sidewalk extension in front of First United Methodist Church on Robert Street and are awaiting a utility relocation to complete the work to create a three lane section of roadway on Fleming Avenue near Marion Elementary School as soon as possible, as had been previously authorized by Council.

Public Works Director Chris Hollifield advised that Ronny Turner Construction is moving along with the construction of the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Ronny Turner will also be constructing the pump stations required and deconstructing the Catawba River Plant. Construction is scheduled to continue through October. Mr. Hollifield added that Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction will last well into 2010.
Mayor Clark stressed the need for McGill Associates to conduct regular inspections of this important project. Mr. Hollifield advised that McGill was inspecting the various parts of the projects at least daily. Mayor Clark stated that he hopes McGill is keeping inspectors on the job when sub contractors are being used for the project.

Mayor Pro Tem Little stated that he would like to compliment Ronnie Turner on how the force main installation on North Main Street was handled, with very little disruption to businesses and motorists.

The City Manager advised that all the street paving and resurfacing authorized by Council had been completed.

The City Manager stated that the next Council Planning Session is scheduled for Tuesday, August 25 at 6:00 p.m. at City Hall.

The City Manager advised that City property tax bills were mailed on August 14, which is about the normal time for bills to be mailed.

The City Manager advised that the State had released the 2008 crime statistics on August 12. Crime in North Carolina was down slightly from 2007 to 2008. In McDowell County, the total crime index was up 7.34 percent, with violent crime increasing by 28.99 percent. In the City, total crime was up 6.10 percent, compared to an increase of 6.25 percent in Old Fort and 7.39 percent for the unincorporated areas served by the Sheriff's Department. In the City, violent crime was down by 15.79 percent, compared to an increase of 200 percent in Old Fort and an increase of 80.00 percent for the unincorporated areas served by the Sheriff's Department.

With the City population increasing, the City Manager stated that he likes to compare the City per capita crime rate from year to year to account for increases in population. The City per capita total crime rate increased by 2.87 percent from 2007 to 2008, while the City per capita violent crime rate decreased by 18.52 percent from 2007 to 2008.

The City Manager added that the City's crime rate is so low that the City is unable to qualify for certain grants, including COPS grant funding. Mayor Clark stated that the City clearly has financial needs, but yet gets penalized for doing a good job and keeping the crime rate low.

The City Manager stated that the downtown wireless networking has been experiencing problems with one of the four "Hot Spot" zones. Planning and Development Director Heather Cotton stated that there are four antennas in place for the downtown wireless network, one at City Hall, two on the Griffith Building and one on the Police Department. Ms. Cotton stated that Antenna 2 on the Griffith Building has not been working consistently and that she is working with the consultant to diagnose and correct the problem.

The City Manager stated that Ms. Cotton has worked on this matter. He added that the City is trying to save money by using City staff, instead of consultants, as much as possible. However, the City will make sure that the downtown wireless network is working properly and that the contractor has provided the product for

AA.000000472 (24)

which the City has paid. He added that the City would be developing and publicizing information regarding simple troubleshooting tips with phone numbers for people to call if they have questions.

Finance Director Harriett Thomas reported that field work for the City's annual audit had been completed and that it appears that the City will have not audit finding of management letter comment for about the fourth year in a row.

COUNCILMAN COMMENTS:

Mayor Clark stated that he had seen a report from DOT listing planned projects for the next five years. He noted how poorly the City of Marion and McDowell County fared compared to surrounding counties and suggested that Council discuss this disparity at the August 25 Planning Session.

Mayor Clark stated that he will be going to Montgomery, Alabama from August 19-23 to attend the Southern Municipal Conference.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Called Session on Tuesday, August 25, 2009 at 6:00 P.M. in the Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Billy Martin and Cecil Owenby.

Councilman Mike Edwards was unable to attend this meeting due to a work conflict.

OTHERS PRESENT: Bob Boyette, City Manager

GUESTS PRESENT: None

OPENING DISCUSSION: Mayor Clark opened the meeting and welcomed those who were present.

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

I. Community Development Block Grant – The City Manager provided an update on a proposed CDBG application for sidewalks and housing rehabilitation on Perry Street in Eastfield. He advised that Isothermal Planning and Development Commission had informed him of a possible $7,125 cost to

AA.000000473 (24)

complete housing inspections and write-ups as part of the grant application. The City Manager stated that he was seeking to have the Building Inspector complete this work to save money. Mayor Clark suggested that the City look at private firms to complete CDBG applications in the future.

II. Program to Check on Senior Citizens Living Alone – Councilman Owenby proposed a program to have City staff make daily phone calls to elderly citizens living alone, to check on their welfare. He suggested that the program could be voluntary. Council members discussed the possible burden on City staff time and directed the City Manager to determine if there were such programs in other cities, if there were agencies in the County already doing such programs and to discuss logistics with City staff about a possible program.

III. Economic Development/Tax Base Expansion – The City Manager outlined current City economic development projects and initiatives. He suggested the possibility of the City waiving or reducing utility connection fees as necessary as an incentive for development or annexation. Council agreed to consider such a waiver on a case by case basis if absolutely necessary, but not as a matter of policy.

The City Manager noted that retail sales in the City increased by over nine percent in 2008-09 over 2007-08, in contrast to declining State and County retail sales.

IV. Growth Priorities – Council discussed options for City growth. Council suggested that City staff focus on areas currently served or which would soon be served with City water and sewer and planned development corridors. The City Manager will come back to Council in future months with recommendations.

V. Extension of Service Contract with Glenwood Volunteer Fire Department for Service to Marion Correctional Institution – Council directed the City Manager to bring back for Council approval a five year contract with the Glenwood Fire Department for service to Marion Correctional Institution.

VI. Funding Plan for Retention of Two Police Officer Positions – The City Manager presented Council with a funding plan to retain two police officer positions scheduled to be eliminated on October 1, using cost savings and extra revenues in the 2009-10 budget. Mayor Clark and Council members gave general agreement to the funding plan. The City Manager will study the plan further and come back to Council with firm recommendations and Budget Ordinance Amendments.

VII. Planning and Zoning Issues – Council discussed the idea of setting a minimum square footage for residential dwelling units. Council identified 800 square feet as a reasonable minimum size for residential dwellings. The City Manager was directed to seek the quickest possible way to bring a recommended ordinance before Council for consideration.

VIII. Downtown Web Cams – The City Manager presented options for downtown web camera. Council gave tentative endorsement to a south facing camera on City Hall and a north facing camera on the Griffith Building. Both camera locations would take advantage of existing antennas as part of the City's downtown wireless network.

IX. Options for Pruning or Replacement of Holly Trees on Main Street – The City Manager related increasing complains regarding holly trees on Main Street and presented options for tree pruning and/or replacement. Council gave tentative approval to replacing all hollies on Main and Henderson Streets with crepe myrtles, subject to review by the Tree Board and Marion Business Association Board.

Mayor Pro Tem Little suggested bold colors for the crepe myrtles. Council directed that the trees be tall enough to accommodate parking underneath them immediately. Staff will study options and bring back recommendations to Council, the Tree Board and the MBA Board for review.

X. Downtown Streetscape Plan – Council discussed options for traffic flow in the downtown area, as part of the Downtown Streetscape Plan, and directed the City Manager to bring back a rendering of a three lane section on Main Street with parallel parking on both sides, and with angled parking (with a gentle angle of less than 45 degrees) on West Court Street. The City Manager advised that such a plan likely stood a much better chance of DOT approval. He stated that he would work with City staff and the contracted consultant and have a rendering for this option to present to Council as soon as possible.

XI. Farmer's Market – Council agreed that the black barrels currently used as trash cans at the Farmer's Market are acceptable and that there is no need to spend money on decorative trash cans at this time. Council also asked that the chains blocking vehicles from entering the lower end of the Farmer's Market

AA.00000474 (24)

be taken down and agreed to have yellow striping placed on the curb poured in front of the shelter to warn people of a possible tripping hazard.

XII. Quilt Block for Farmer's Market – Council agreed on a diamond shaped "Where Main Street Meets the Mountains" quilt block for the west side of the Farmer's Market Shelter and a diamond shaped "Grape Basket" quilt block for the east end of the Shelter.

XIII. Peavine Rail Line Right of Way – The City Manager reported that the County Manager had raised the possibility of the County providing funding for the City's acquisition of the old Peavine Rail Line right of way from Norfolk Southern Railway. Council agreed by consensus for the City Manager to make such a request of the County.

XIV. DOT Issues – Mayor Clark suggested that Council ask DOT to extend Highland Drive a little over 800 feet to connect with Yancey Road at or near Dogwood Lane, to alleviate traffic congestion around Marion Elementary School. Council agreed to refer this matter to the Street Committee for review.

Mayor Clark noted the disparity in funding on DOT's five year work plan in the City of Marion and McDowell County, as compared to other surrounding counties.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adjourn.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, September 1, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Billy Martin and Cecil Owenby.

Councilman Edwards was not present for this meeting due to a work commitment.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Gaye Noblitt, Police Staff Sergeant; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Lisa Miller, 50 Pineneedle Lane, Nebo, NC; Mike & Ellen Ornberg 1565 Peppers Creek, Marion, NC; Cliff McLarty, North Madison Street, Marion, NC; Wesley Lowery 321 Epley Drive, Marion, NC; Eli Ornberg 11 North Main Street, Marion, NC; Robert Seibert, 15 North Main Street, Marion, NC; James & Jenny Tarpley, PO Box 1229, Marion, NC.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, those members of Council present voted to approve the consent agenda as follows:

A . Approval of Minutes – August 18, 2009 Regular City Council Meeting Minutes and August 25, 2009 City Council Planning Session Minutes.

B . Approve Resolution Authorizing Acceptance of N.C. Rural Center of N.C. Rural Center Economic Infrastructure Program Grant – Sugar Hill Road Water and Sewer Extension:

AUTHORIZING RESOLUTION BY MARION CITY COUNCIL
NC Economic Infrastructure Program

WHEREAS, The North Carolina General Assembly passed House Bill 1352 authorizing the making of grants to aid eligible units of government in financing the cost of construction of wastewater treatment works, wastewater collection systems, and water supply systems, that will result in job creation, and;

WHEREAS, The City of Marion has need for and intends to construct or rehabilitate a publicly-owned treatment works or an alternate wastewater system, for wastewater collection systems or for water supply and distribution systems, project described as the extension of water and sewer to the Sugar Hill Road corridor and;

WHEREAS, The City of Marion intends to request grant assistance from the Economic Infrastructure Grants Program for the project;

NOW THEREFORE BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF MARION:
That the City of Marion will arrange financing for all remaining costs of the project, if approved for a grant.

That the City of Marion will provide for efficient operation and maintenance of the project on completion of construction thereof.

That J. Robert Boyette, City Manager and successors so titled, is hereby authorized to execute and file an application on behalf of the City of Marion with the NCREDC (Rural Center) for a grant to assist in the construction of the project described above.

That J. Robert Boyette, City Manager, and successors so titled, is hereby authorized and directed to furnish such information as the Rural Center may request in connection with such application or the project; to make the assurances as contained above; and to execute such other documents as may be required in connection with the application.

AA.000000476 (24)

That the City of Marion has substantially complied or will substantially comply with all Federal, State, and local laws, rules, regulations, and ordinances applicable to the project and to the grants pertaining thereto.

Adopted this the 1st day of September, 2009 at Marion, North Carolina.

Resolution Number: R-09-09-01-1

C. Adopt Resolution Affirming the City of Marion's Support of and Partnership with the 2010 Census:

CITY OF MARION
2010 CENSUS PARTNER RESOLUTION
A RESOLUTION AFFIRMING
THE CITY OF MARION'S
SUPPORT OF AND PARTNERSHIP WITH THE 2010 CENSUS

WHEREAS, the U.S. Census Bureau is required by the Constitution of the United States of America to conduct a count of the population and provides a historic opportunity for the City of Marion to help shape the foundation of our society and play an active role in American democracy; and

WHEREAS, the City of Marion is committed to ensuring every resident is counted; and

WHEREAS, more than $300 billion per year in federal and state funding is allocated to communities, and decisions are made on matters of national and local importance based on census data, including healthcare, community development, housing, education, transportation, social services, employment, and much more; and

WHEREAS, census data determine how many seats each state will have in the U.S. House of Representatives as well as the redistricting of state legislatures, county and city councils, and voting districts; and

WHEREAS, the 2010 Census creates hundreds of thousands of jobs across the nation; and

WHEREAS, every Census Bureau worker takes a lifetime oath to protect confidentiality and ensure that data identifying respondents or their household not be released or shared for 72 years; and

WHEREAS, a united voice from businesses, government, community-based and faith-based organizations, educators, media and others will allow the 2010 Census message to reach a broader audience, providing trusted advocates who can spark positive conversations about the 2010 Census.

NOW, THEREFORE, BE IT RESOLVED that the City of Marion

1. Supports the goals and ideals for the 2010 Census and will disseminate 2010 Census information to encourage participation.
2. Asks its affiliates and membership to partner together to achieve an accurate and complete count.
3. Encourages people in Marion to participate in events and initiatives that will raise overall awareness of the 2010 Census and increase participation among all populations.

Adopted this the 1st day of September, 2009.

A. Everette Clark, Mayor

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-09-01-2

D. Approve Extension of Contract with Glenwood Fire Department:

STATE OF NORTH CAROLINA
COUNTY OF MCDOWELL

CONTRACT FOR FIRE
SUPPRESSION SERVICES

THIS CONTRACT is made this _____ day of _____, 2009, by and between the City of Marion, a municipal corporation (hereinafter referred to as "City") and the Glenwood Volunteer Fire Department, a North Carolina non-profit corporation and a duly organized rural fire department (hereinafter referred to as "Department").

W I T N E S S E T H :

WHEREAS, by an ordinance adopted June 17, 2003, the City annexed the area described in Exhibit "A" attached hereto (herein "Service Area"), which ordinance became effective on June 30, 2003; and

WHEREAS, the City wishes to minimize the impact of the annexation upon the Department and still provide satisfactory service to the areas as prescribed by State law; and

WHEREAS, pursuant to North Carolina General Statute § 160A-37.1, the City and Department have the statutory authority to enter into a fire contract where the Department will provide fire protection services for the Service Area;

NOW, THEREFORE, in consideration of the premises and the mutual promises set forth herein, and for other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the City and the Department hereby agree to this contract for provision of fire protection services to the Service Area, according to the following terms and conditions:

1. SERVICE RESPONSIBILITY – FIRE SUPPRESSION SERVICE

The Department shall regularly serve as the first responding provider of fire suppression service to the Service Area with the minimum of the following: two firefighters with a fire truck capable of pumping at a rate of at least one thousand (1000) gallons per minute and carrying at least one thousand (1000) gallons of water. The Department's units and personnel, together with those of the City's Fire Department, shall both be routinely dispatched by the McDowell County Emergency Communications Center to all fire emergencies. The Department's services shall be in accordance with the minimum standards set forth by the North Carolina Department of Insurance/ Office of the State Fire Marshal.

It shall be the responsibility of the Department to equip and train its firefighters in a manner consistent with applicable regulations of the Occupational Safety and Health Administration of the U. S. Department of Labor. The Fire Department shall maintain Workmen's Compensation Insurance applicable to all fire department personnel regardless of status, at least to the extent required by law.

It shall be the duty of the Department to maintain adequate communications equipment to allow efficient and professional dispatching of emergency calls.

Notwithstanding the obligation of the Department to initiate fire and emergency services when its units arrive first at the scene as provided hereinabove, the primary fire and emergency service responsibility within the service area shall always remain with the City's Fire Department.

The City and the Department hereby acknowledge that each party may relocate its own vehicles and equipment based on emergency requirements, but that long term or permanent changes of a nature that substantially change the ability to deliver service as intended by the City and the Department are maters on which the City and the Department representatives must confer and reach mutual agreement.

2. SERVICE RESPONSIBILITY – MUTUAL AID AND ASSISTANCE

In addition to other services provided for herein, the Department and the City's Fire Department will provide mutual aid and assistance, including backup equipment and personnel, in those cases where

assistance from another department is necessary to adequately respond to large fires or other exceptional emergencies or disasters in the Service Area.

3. COMPENSATION FOR SERVICES

The Department will be compensated for fire, rescue and emergency medical response by retaining any funds paid by the State of North Carolina for fire protection to the Service Area. The Department acknowledges that State funding is subject to cuts or elimination, and that the City will not be held liable for any revenue losses resulting from cuts in or elimination of State funding. The Department further acknowledges that under no circumstances will any payment for services be made by the City. Further, the funds shall not be used for subcontracting of primary and additional services provided for herein.

4. MAINTENANCE

The Department shall be responsible for continuing its customary equipment maintenance activities and shall immediately advise the City if the condition of the equipment or lack of equipment will interfere with the Department's ability to respond to the service area. The Department is to keep at least the minimum equipment as listed by The North Carolina Department of Insurance/Office of State Fire Marshal at no additional cost to the City and shall strive to keep above minimum equipment standards.

5. RESPONSE

In providing support to the City's Fire Department, the Department's response shall continue to be immediate and in the most professional manner possible. Response times shall be consistent with present response times of the Department in the annexed area.

6. TERM

The term of this Contract shall be for one year and commence on July 1, 2009 and end on June 30, 2014 at midnight.

7. WAIVER OF LIABILITY

The Department agrees to assume full responsibility of its provision of fire suppression services and emergency response services to the annexed area as required hereunder. Each party to this Contract shall assume any and all liability and responsibility for the death or injury to any personnel of their own command providing services hereunder. Neither party hereto shall assume responsibility or liability for property damaged or destroyed at the actual scene of any incident arising out of or related to firefighting and rescue operations, fire control tactics and strategy, emergency response actions or other operations as may be required due to the nature of the incident. Each party to this Contract shall assume all liability and responsibility for damage to its own apparatus and equipment. The execution of this Contract shall not be construed to be an assumption of any liability by either party hereto not otherwise imposed by law, and each party agrees to hold the other harmless and fully indemnify the other in the event in respect of any and all claims, losses and expenses, including reasonable fees and disbursements of counsel (before and at trial, in bankruptcy proceedings and in appellate proceedings), which may be incurred by a party (the "Indemnified Party") arising out of death or injury to personnel or property of the other party ("Indemnifying Party").

Whenever any claim shall arise for indemnification under this Section 7, the Indemnified Party shall notify the party or parties (as the case may be) against whom indemnification is sought (whether one party or more, the "Indemnifying Party") in writing by certified mail of the facts constituting the basis for such claim. Such notice shall specify all facts known to the Indemnified Party giving rise to such indemnification right and the amount or an estimate of the amount of the liability arising therefrom. The right to indemnification hereunder and the amount or the estimated amount thereof, as set forth in such notice, shall be deemed agreed to by the Indemnifying Party unless, within 15 days after the receipt of such notice, the Indemnified Party is notified in writing that the Indemnifying Party disputes the right to indemnification as set forth or estimated in such notice.

If the facts giving rise to any such indemnification right shall involve any actual or threatened claim or demand by any third party against the Indemnified Party or any possible claim by the Indemnified Party against any third party, such claim by or against a third party shall be referred to as a "Third-Party Claim." If the Indemnifying Party gives the Indemnified Party an agreement in writing, in form and substance reasonably satisfactory to counsel to the Indemnified Party, agreeing to indemnify and save the Indemnified Party

AA.00000479 (24)

harmless from all costs and liability arising from any Third-Party Claim, the Indemnifying Party may at its own expense undertake full responsibility for the defense or prosecution of such Third-Party Claim and may contest or settle it on such terms as it may choose. If the Indemnifying Party fails to deliver such an agreement of indemnity to the Indemnified Party, (1) the Indemnifying Party at its own expense may nevertheless participate with the Indemnified Party in the defense or prosecution of the Third-Party Claim and in any and all settlement negotiations relating thereto, and (2) the Indemnified Party may contest or settle the Third-Party Claim on such terms at it may choose, although the Indemnified Party shall not reach a settlement until it has consulted in good faith with the Indemnifying Party. Any such participation shall not relieve the Indemnifying Party of its obligations to indemnify the Indemnified Party under this Section 6. If by reason of any Third-Party Claim a lien, attachment, garnishment or execution is placed upon any of the property or assets of the Indemnified Party, the Indemnifying Party, if it desires to exercise its right to defend or prosecute such suit, shall furnish a satisfactory indemnity bond to obtain the prompt release of such lien, attachment, garnishment or execution.

The Department agrees to maintain adequate liability insurance coverage at all times in an amount not less than $500,000.00 for apparatus and general liability. The Fire Department currently maintains liability insurance coverage in an amount of $1,000,000 dollars and apparatus coverage in an amount of guaranteed replacement cost.

8. NONDISCRIMINATION GUARANTEES

In consideration of the signing of this Contract, the parties hereto for themselves, their agents, officials, employees and servants agree not to discriminate in any manner on the basis of race, color, creed or national origin with reference to the subject matter of this Contract, no matter how remote.

9. TERMINATION

This Contract may be terminated unilaterally by either party at the expiration of any contract year, provided that written notice is given to the non-terminating party not less than 180 days in advance of the termination date. For purposes of giving said notice, the Department shall notify the City Manager of the City of Marion; the City shall notify the Chief of the Glenwood Fire Department, or its registered process agent.

10. AMENDMENT

This Contract may be amended by the agreement of both parties, reduced to writing and annexed hereto.

11. AGENT

The Department shall at all times comply with the laws of North Carolina regarding corporations, and shall at all times keep the City advised of the name and address of its registered agent for the service of process.

IN WITNESS WHEREOF, each party has caused this Contract to be executed by its duly authorized official as of the day and year first above written.

at page 405; thence with a new line so as to exclude a 1.41 acre deed lappage with Floyd Smith Deed Book 167 at page 705), South 44 degrees 34 minutes 00 seconds West 934.28 feet to an iron pin set at the base of a 28" pine stump, the 14th corner of tract recorded in Deed Book 420, at page 405; thence with the Patrick Lewis Haney line (Book 348 at page 931), South 62 degrees 24 minutes 29 seconds West 827.82 feet passing a planted stone on line at 530.82 feet to a iron pin set; thence South 07 degrees 24 minutes 29 seconds West 187.38 feet passing an iron pin set on line at 154.35 feet to a point in the centerline of North Muddy Creek; thence with said centerline of said North Muddy Creek the following thirty courses and distances: South 66 degrees 13 minutes 20 seconds West 17.39 feet; South 25 degrees 51 minutes 32 seconds West 34.14 feet; South 26 degrees 13 minutes 58 seconds East 65.17 feet; South 06 degrees 52 minutes 51 seconds East 45.07 feet; South 83 degrees 22 minutes 19 seconds West 45,36 feet; North 52 degrees 51 minutes 25 seconds West 76.94 feet; North 38 degrees 21 minutes 58 seconds West 91.86 feet; North 02 degrees 08 minutes 36 seconds East 44.41 feet; North 17 degrees 50 minutes 20 seconds West 30.21 feet; North 47 degrees 05 minutes 05 seconds West 61.32 feet; North 50 degrees 32 minutes 37 seconds West 108.84 feet; North 40 degrees 42 minutes 35 seconds West 154.90 feet; North 32 degrees 25 minutes 25 seconds West113.85 feet; North 54 degrees 04 minutes 42 seconds West 227.02 feet; North 25 degrees 27 minutes 15 seconds West 68.57 feet; North 21 degrees 07 minutes 58 seconds West 84.37 feet; North 44 degrees 15 minutes 41 seconds West 40.03 feet; North 61 degrees 05 minutes23 seconds West 75.25 feet; North 79 degrees 42 minutes 59 seconds West 37.03 feet; South 58 degrees 22 minutes 58 seconds West 35.83 feet; South 56 degrees 12 minutes 37 seconds West 59.64 feet; South 86 degrees 09 minutes 22 seconds West 41.32 feet; North 69 degrees 43 minutes 48 seconds West 44.68 feet; North 81 degrees 04 minutes 28 seconds West 63.18 feet; North 86 degrees 24 minutes 49 seconds West 117.14 feet; South 84 degrees 14 minutes 25 seconds West 89.51 feet; South 69 degrees 56 minutes 45 seconds West 52.86 feet; North 80 degrees 44 minutes 54 seconds West 33.97 feet; North 49 degrees 10 minutes 42 seconds West 50.88 feet; North 34 degrees 53 minutes 01 seconds West 128.52 feet; thence leaving said centerline of said North Muddy Creek, North 21 degrees 50 seconds 47 seconds East 78.09 feet passing an existing iron pin set on line at 22.15 feet unto the point of the BEGINNING, containing 124.92 acres, more or less, description based on survey revised by R. L. Greene Surveying & Mapping, dated December 5, 1990, License #L-1517.

PUBLIC APPEARANCE – BILL GREENLEE – CARSON HOUSE: The City Manager advised that Mr. Greenlee had called earlier in the day and would not be able to attend this meeting.

PUBLIC APPEARANCE – MIKE ORNBERG – DISCUSS MOBILE FOOD VENDOR ORDINANCE : Mr. Mike Ornberg, owner of the Crooked Door Coffee House on North Main Street, appeared before Council advising that he had several issues to discuss regarding the recent approval by City Council of allowances for mobile food cart vendors.

Mr. Ornberg stated that he feels the timing of this approval is wrong for Downtown Marion. He said that he works on a very small profit margin and that the recent economic downturn had made things even harder for his business and other businesses in the downtown area. Mr. Ornberg stated that there are not enough people in the downtown area to be served by all businesses at the current time and that he does not feel that the food carts will bring people into the downtown. He added that several businesses that are successful have had to dig their feet in the ground and it has taken many years to build their clientele. Mr. Ornberg advised that he feels that this type of competition is not fair to such existing businesses. He pays $600.00 per month to rent his establishment and that the mobile food vendors will only pay $100.00 per year. Mr. Ornberg stated that he is anticipating the mobile food vendors taking five to ten percent of his business, which would force him to go back to working in the coffee shop all day instead of being able to afford to hire help.

Mr. Ornberg added that the cart vendors have no restrooms, while his business makes restrooms available to the public. He noted that the Crooked Door Coffee House is open all year long, instead of just at selected times, as would likely be the case for the mobile food vendors. Mr. Ornberg stated that he personally feels that a person starting a food cart business would not be able to survive in the business but just a few months, which would add to the negative perception many people have about the ability of businesses to be successful in Downtown Marion.

Mr. Ornberg also stated that he has issues with the placement of the carts. He stated that the Gazebo parking lot on North Main Street is a highly used parking lot and he feels that this type of food cart would not benefit that area, especially with it not having restrooms. Mr. Ornberg advised that

AA.00000482 (24)

permits and inspections from the Health Department could also be an issue and that City employees would have to spend a lot of time keeping up with permits.

Mr. Ornberg stated that another issue he has is the streetscape in the downtown area. The landscape in front of City hall and the Community building is beautiful, while the main commercial blocks of Main Street have trees shaped like green cones. He added that he does not like the foster holly trees.

Mr. Ornberg stated that when more restaurants come downtown, then mobile food vendors could be considered. He added that development of restaurants and upper floor housing development in the downtown area should be top priorities.

Mr. Ornberg stated that food carts are an excellent idea; however, he just does not feel that now is the time for them. They could hurt other businesses that are already here and successful.

Mr. Ornberg added that he would encourage Council to either change their decision to allow for mobile food vendors in the downtown area or to temporarily hold permits until more businesses in the downtown can be involved with this decision.

Mr. Ornberg stated that his second issue is how this decision came about. He advised that when he saw the article in the McDowell News about mobile food vendors, the decision had already been made by Council.

Mr. Ornberg stated that he understood that the Planning Board was approached about the idea of mobile food vendors and worked up the vendor guidelines as approved by Council. As he talked with individual Council Members, it did not appear to him that anyone in the business sector was consulted, even though it would affect them. Mr. Ornberg stated that he even learned that Freddie Killough and the Marion Business Association were not involved in this decision making process either. Mr. Ornberg stated that he feels that before decisions were made, the business owners should have been notified. He added that, somewhere, there is a gap and a breakdown of communications between the City and the business sector.

Mr. Ornberg stated that there should be other ways besides the newspaper to inform the public of impending issues and decision. He suggested that e-mails could have been sent out to businesses instead of having to come to a meeting like he is now, after the fact. If he missed a notice in the paper, he would still be notified by email. Mr. Ornberg stated that the Planning Board should be asked to solicit opinions before making recommendations.

Mr. Ornberg stated that he would ask that Council consider his thoughts and suggestions.

Mayor Pro Tem Little thanked Mr. Ornberg for coming and stated that there is always the opportunity of doing things better, especially through communication. He added that communication is often the root of most problems faced in the world. Mayor Pro Tem Little stated that the need for communication has to be tempered with the need of Council to enable and encourage opportunities for everyone, whether it be a mobile food vendor or Mr. Ornberg with the Crooked Door Coffee House.

Mayor Pro Tem Little stated that it would be wonderful to have other food establishments in the downtown area. He cautioned that the City could not allow the old perception from years past to be rekindled that new businesses cannot come into the community because old businesses will not allow it. Mayor Pro Tem Little stated that there will always be competition. If a law firm decides to move in next door to him, he would have to deal with it.

Mr. Ornberg responded that he doubted that a law firm would pay only $100 per year.

AA.000000483 (24)

Mayor Pro Tem Little advised that it is not the City's duty to say whether a cart vendor cannot survive in business. Small scale businesses may or may not make it in the downtown area. He added that the idea of making a new service of food to people in the downtown area does seem like something that would not hurt local businesses.

Mr. Ornberg stated that he does not feel that Mayor Pro Tem Little is comparing apples to apples and feels that the playing field is not fair.

Mayor Pro Tem Little stated that he disagrees and feels that the mobile food vendor ordinance does level the field in that he, Mr. Ornberg, could have a cart as well as anyone else who so chooses.

Mayor Clark stated that he feels that the allowance of mobile food vendors is simply an example of free enterprise. He added that, with his 25 years of experience in the retail clothing business downtown, he understands both sides of the argument. Mayor Clark stated that he felt the City should allow for everyone to have an opportunity to do business. Competition and the chance to make a profit is where free enterprise comes into play.

Mr. Ornberg stated that the mobile food vendor allowance seems to him to be unfair enterprise.

Mr. James Tarpley, owner of a building at Main and Court Streets advised that he and his wife are photographers. He suggested that other photographers in the downtown area would probably not want him to set up outside their store trying to sell prints, while they would be paying rent for a studio to do the same thing.

Mayor Clark stated that he would love to see all the empty business spaces filled downtown. However, if a person visits a vendor on the street, they may end up noticing another business and end up being a customer for other businesses while in the area. Mayor Clark noted that fast food restaurants are typically clustered together and welcome the increased traffic that competition brings.

Mr. Tarpley asked if Council would require carts to be open year round.

Mayor Clark stated that the City does not require any business to be open year round or set any restrictions on business hours.

Mayor Pro Tem Little stated that Council has to weigh all options when making a decision. He added that the end result is not always a perfect decision.

Councilman Cuthbertson advised that, regarding the communication issue, there were at least four stories in the McDowell News about the proposed ordinance, three of them before the final approval was made. He questioned how these articles could have been missed. Mayor Clark added that he also believed that anyone interested had the opportunity to learn about what was proposed and to come to a City Council meeting.

Mayor Clark stated that the Planning Board has meetings and then brings their recommendation to City Council. Mayor Clark stated that he and Council members had many questions about mobile food vendors when the issue was first brought up in July. He advised that Council not take action at that time and directed that several changes and additions be made to the ordinance and brought back to Council for further review. Mayor Clark stated that City Council meetings are public meetings and always open to the public. He stated that he always encouraged citizens and business owners come to any and all meetings.

The City Manager stated that, regarding notifications to the business community, he attends the Marion Business Association Board meetings on a monthly basis. The City Manager stated that Council rightfully expected that he should mention such issues to the MBA Board and that, in

AA.00000484 (24)

retrospect, he should have done so with this issue. He said that the failure to notify the business community therefore fell on him.

Mayor Pro Tem Little stated that he understood Mr. Ornberg's concerns and that it may be a good idea to develop a way to e-mail people who are interested in receiving news and updates about City business.

Ms. Tarpley asked if Council could go back and change this or other decisions.

Mayor Clark stated that Council certainly could change a decision once it was made. The City Manager added that the mobile food vendor ordinance was a zoning text amendment and that changes to the ordinance would require following the process established by State law, including routing the proposal to the Planning Board for a recommendation and public notice.

Mayor Pro Tem Little stated that, if changes are warranted to the ordinance, such changes could certainly be considered by Council at a future date.

Councilman Owenby stated that, regarding Mr. Ornberg's comments about the holly trees, the process of developing a Downtown Streetscape Plan has been slow, due to delays by both DOT and the City. He said he agreed with Mr. Ornberg that the foster hollies have outgrown the downtown area and that he had heard complaints about cars being scratched; however, the trees are absolutely beautiful at Christmas.

Councilman Cuthbertson stated that he serves on the City of Marion's Tree Board, and that the City has tried pruning the holly trees in a different shape and they did not look good. He said that the Tree Board was discussing possible replacements for the holly trees.

The City Manager reported that City Council had talked about the replacement of the holly trees at their August Planning Session and that Council wanted to have recommendations ready in the near future for review by the Tree Board, MBA Board, downtown merchants and public. The City Manager added that Council had also directed that progress be made on finalizing a design for the Downtown Streetscape Plan, for review by the MBA, downtown merchants, public and DOT in the near future.

Mr. Ornberg stated that past experience made him doubtful that quick progress would be made.

Councilman Martin stated that he thought this ordinance simply involved allowing mobile food vendors such as the hot dog stand proposed for approval later in the agenda.

Mayor Clark stated that Council has discussed many times over the years problems and complaints with trees downtown, such problems ranging from leaves to trees blocking business signs.

Mayor Clark thanked everyone for coming to the meeting and sharing their thoughts.

CONSIDER APPROVAL OF MOBILE FOOD VENDOR APPLICATION: Planning and Development Director Heather Cotton advised that Ms. Lisa Miller (DBA Dixie Dogs) has submitted an application to operate a mobile food cart selling hot dogs in front of the Gazebo parking lot on North Main Street. Ms. Cotton reported that Ms. Miller has submitted all of the required documentation or has provided documents indicating her ability to meet the requirements of the City of Marion's Mobile Food Cart regulations if approved.

Ms. Cotton stated that Ms. Miller had provided the following items:

1. Complete application;
2. Valid North Carolina driver's license;

AA.000000485 (24)

3. Inspection report from the NC Dept. of Environment and Natural Resources, Div. of Environmental Health. as of May, 7, 2009;
4. Quote from Tate's Insurance & Financial Services Inc. for general liability insurance; and
5. Invoice and receipt of payment for State Health Inspection permit.

Ms. Cotton stated that staff recommends approval of the application with the condition that the applicant secures the necessary insurance as indicated by the quote submitted and adds the City of Marion as an additional insured party, signs the City's Release and Hold Harmless Agreement Form and pays the required application fee.

Ms. Cotton stated that he would be happy to answer any questions Council may have.

Council members reiterated that vendors have to have insurance and that the City of Marion would be held harmless.

Ms. Miller was present for this meeting and asked if Council had any questions of her. She stated that she would like to address some of the issues Mr. Ornberg brought up concerning her business.

Ms. Miller stated that she is not seasonal; however, she does not work in the snow or in heavy rain. Ms Miller stated that she would be meeting all parking issues and regulations. She said that it was not practical for her to have a restroom.

Councilman Martin stated that Mr. Ornberg was right in that the City probably did not go through all the thought it should have in considering the Mobile Food Vendor Ordinance. He added that he believes that the ordinance is not a bad thing. Councilman Martin stated that he will vote against issuing the permit to Ms. Miller, however, for a personal reason.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, those members of Council present voted 3 to 1 to approve the application of Ms. Lisa Miller (DBA Dixie Dogs) to operate a mobile food cart in front of the Gazebo parking lot on North Main Street, subject to the condition that Ms. Miller secures the necessary insurance as required by City ordinances and adds the City of Marion as an additional insured party, signs the City's Release and Hold Harmless Agreement Form and pays the required application fee.

The vote carried 3 to 1 in favor of the motion as follows:

Mayor Pro Tem Little	Yes
Councilman Cuthbertson	Yes
Councilman Owenby	Yes
Councilman Martin	No

Councilman Cuthbertson stated that he believed that the mobile food carts would fill a niche market in the downtown area.

Ms. Jenny Tarpley noted that Ms. Miller seemed to be well organized and to be capable of running a good business. She asked if everyone wishing to operate a mobile food cart would have to meet the same criteria as Ms. Miller.

The City Manager stated that City Council had established about 15 criteria that would have to be met by all mobile food vendors in the downtown area and that all applicants would have to abide by these criteria.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

AA.0000000486 (24)

PUBLIC HEARING - COMMUNITY DEVELOPMENT BLOCK GRANT APPLICATION:
Mayor Clark opened the Public Hearing.

The City Manager advised that a public hearing had been advertised for this meeting regarding a possible Community Development Block Grant application. This public hearing is to give basic information about the Community Revitalization Grant program available through the NC Department of Commerce's Community Development Block Grant. This program is a competitive grant. The City of Marion is considering applying for funding this year. A deadline for the application is the end of September.

The City Manager stated that the Community Revitalization grant program is designed to address the complete basic needs of a defined target area, which is usually a single street or a portion of a street. Basic needs are housing, water, sewer, streets, drainage and sidewalks. A target area is must contain at least 6 houses.

The target area must have multiple needs with housing being one of those. All identified needs must be treated. The more defined needs the better the score. The project must serve an area that is predominantly low and moderate income. Lower income areas score better than moderate income areas.

Housing rehabilitation funds can be used on rental or owner-occupied units in the defined target area whose residents are low and moderate income. Rental owners must agree to contribute a portion of the costs of the rehabilitation and keep the rent at specified levels for up to 8 years.

The City Manager stated that funding for this program is competitive, but broken down by geographical areas. The City of Marion is in the Western Region and will compete with other local governments in the Western Region. This region is allocated approximately 18 percent of the funding available in the state.

The maximum grant award for a project with basic needs is $850,000. A community can propose a project that has an innovative activity, which would make them eligible for $1 million in funding. The City of Marion is not currently considering an innovative activity.

This year, the State has approximately $13,000,000 for this category. Grants must be completed in a 30 month period.

The City Manager stated that two public hearings are required to be held, this one and another one scheduled for the September 15 City Council meeting. This hearing is for the purpose of introducing the idea of applying for a Community Development Block Grant.

No one was present wishing to speak during the public hearing.

Mayor Clark closed the Public Hearing.

No action was necessary on this item.

AWARD CONTRACT – HOSPITAL WASTEWATER PUMP STATION REPLACEMENT:
The City Manager presented a copy of the recommendation of award from McGill to Council regarding bids that were received for the replacement of the Hospital Pump Station. The low bid was received from Iron Mountain Construction Company from Mountain City, Tennessee in the amount of $289,440.20. The City Manager reported that replacement of this pump station is needed to allow for any further growth in the Hospital/Medical Park/Sugar Hill Road Area, as the existing Hospital Pump Station is very close to capacity. The City received a grant in the amount of $225,420 from the N.C. Rural Center for this project. The remaining amount can be funded from the Water and Sewer Fund budget.

AA.00000487 (24)

The City Manager stated that he would recommend Council award of the contract for the Hospital Pump Station replacement to Iron Mountain Construction Company in the amount of $289,440.20.

The City Manager reported that the bid amount is slightly higher than McGill had budged for. However, with the continuous problems the City has had with the force main running from this pump station, the City Manager suggested that it is vital that the project move forward.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to award the contract for the Hospital Pump Station replacement to Iron Mountain Construction Company in the amount of $289,440.20 as recommended by McGill Associates and the City Manager.

CONSIDER APPROVAL OF CLOSURE OF MAIN STREET FOR CAR SHOW – MARION FIREFIGHTER'S ASSOCIATION: The City Manager advised that Fire Chief Jim Neal had submitted a request on behalf of the Marion Firefighter's Association to hold a car show on Main Street for Sunday, September 13, from 2:00 p.m. to 5:00 p.m. The Firefighter's Association requests permission to close Main Street from Fort Street to Henderson Street for this car show.

The City Manager advised that on a Sunday afternoon, the street closure should create no problems for businesses downtown; therefore, he would recommend approval of this request.

Mayor Pro Tem Little asked Mr. Ornberg if he felt this car show would be a conflict for his business. Mr. Ornberg stated that it would not, because his business and all other downtown businesses are closed on Sunday.

Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, those members of Council present voted to approve the request by the Marion Firefighter's Association to close Main Street between Fort and Henderson Streets in order to hold a car show on Sunday, September 13, from 2:00 p.m. to 5:00 p.m., contingent on approval being given by the North Carolina Department of Transportation.

STREET COMMITTEE RECOMMENDATIONS: The City Manager advised that Street Committee met on August 26 and looked at several locations. The Street Committee made the following recommendations:

A. The Street Committee recommended that staff complete trimming of trees and bushes overhanging Highland Drive. Staff will complete this work, without objection.

B. The Street Committee recommended that staff contact Duke Energy to trim trees blocking the sight distance at the intersection of Turner Street and Park Avenue. Staff will contact Duke Energy to complete this work, without objection.

C. The Street Committee asked staff to continue to push Norfolk Southern (NS) to replace deteriorated wood at the Garden Street railroad crossing. City staff subsequently obtained permission from NS to remove the wood and to pur asphalt in its place. The City will also patch potholes at the crossing.

D. The Street Committee did not recommend adding the installation of sidewalks on Oak Street to the Street and Sidewalk Priority List, until such time as some existing projects are completed.

E. The Street Committee met with Mr. Willis Truesdale on Glenview Street and looked at the cane growing across the creek toward his property. Mr. Truesdale was very appreciative that the City looked at the location and did not want the City to do anything. He said that he would approach his neighbor and say that the City had looked at the location and might get the Prison to do some major clearing if the neighbor did not do some minor cutting himself.

F. The Street Committee did not feel that the street extension on Highland Drive to Yancey Road should be recommended at the current time, due to the narrow width of the existing street, narrow right of way (30 feet) on Highland and the likely negative reception from residents of Highland.

AA.00000488 (24)

The City Manager noted that no Council action is required on any of these items, unless Council wishes to pursue items not recommended by the Street Committee.

Public Works Director Chris Hollifield advised that the asphalt work at the Garden Street railroad crossing would be completed by the end of the week. Mayor Clark suggested that staff contact Norfolk Southern to see if the unused second set of tracks could be removed at the Garden Street railroad crossing. After brief discussion, it was agreed that City staff would ask NS for permission to remove the second set of tracks; however, if permission is not immediately given, the City will proceed with the asphalt patching recommended by the Street Committee.

Mayor Clark commented that he feels that Council should be looking at opportunities to open up streets around the City. He asked that this be considered as a future Planning Session topic. Mayor Clark stated that there are some locations around the City where streets could be extended and opened and provide for better traffic flow.

ADD ON – APPROVAL OF AGREEMENT WITH MARION TIRE – CONSTRUCTION OF BUILDING OVER CITY SEWER LINE: Councilman Cuthbertson asked to be excused from discussion and vote on this matter, because he is related to the Holland family, the owners of Marion Tire. Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, those members of Council present voted to excuse Councilman Cuthbertson from discussion and vote on this item, due to his stated conflict of interest.

The City Manager advised that as mentioned at the August 25 Council Planning Session, he had worked with the City Attorney to draft an agreement with Marion Tire to allow the business to construct an addition over an existing sewer line. The City Manager stated that he had reviewed the agreement presented to Council with Mr. Eugene Holland of Marion Tire and would request that it be approved so that Marion Tire can proceed with their expansion.

Mayor Clark stated that the Public Works Director and the City Manager had talked with Mr. Eugene Holland and that all parties appeared satisfied.

Councilman Owenby stated that he feels allowing the expansion of the building over the sewer line, with the protections provided to the City by the agreement, is a reasonable thing to do.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present voted to approve the following agreement with Marion Tire to authorize the expansion of the Marion Tire building over an existing City sewer line:

STATE OF NORTH CAROLINA

AGREEMENT

COUNTY OF MCDOWELL

THIS AGREEMENT is entered into this ____ day of _____, 2009, by and between **MAX EUGENE HOLLAND, unmarried, individually and d/b/a MARION TIRE**, and **GENE MAX HOLLAND and wife CHARLIE MAE C. HOLLAND** (collectively hereinafter "Property Owner") and the **CITY OF MARION**, a North Carolina municipality, (hereinafter "City");

WITNESSETH:

WHEREAS, the Property Owner is the owner of that real property having an address of 105 West Railroad Street, Marion, North Carolina, 28752, said property being more particularly described in that deed to Max Eugene Holland recorded in Book 772 at Page 938, McDowell County Registry, wherein a life estate was reserved to Gene Max Holland and wife Charlie Mae C. Holland, said property also being identified as McDowell County and City of Marion Parcel Identification Number 1701.11-66-3358 (hereinafter "Subject Property");

AA.000000489 (24)

WHEREAS, the City of Marion owns and maintains a 6-inch ductile iron sewer line within an easement located on the Subject Property which provides sewer service to the Subject Property and other adjoining properties ("existing sewer line");

WHEREAS, the Property Owner wishes to construct certain improvements on the Subject Property in order to expand its commercial building to allow growth in their business but such improvements must be constructed within the easement area and directly above the City's existing sewer line (hereinafter "Improvements");

WHEREAS, the City of Marion is concerned that the Improvements may cause damage to or failure in the existing sewer line including settling around and breaking of the sewer line which may in turn damage the Improvements and the existing structures on the Subject Property and result in a disruption of sewer service to all users of this existing sewer line;

WHEREAS, the City of Marion also recognizes that the Improvements made by the Property Owner will foster economic development on the Subject Property and in the City;

WHEREAS, the Property Owner recognizes that the City of Marion has a public duty to provide sewer service to properties within its municipal boundaries;

WHEREAS, the Property Owner, in order to induce the City to allow the construction of the Improvements on the Subject Property, wishes to enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual promises contained herein and the economic development that will be fostered, the receipt and sufficiency of which are hereby acknowledged, the Property Owner and City agree as follows:

1. The Property Owner acknowledges that the City has a utility easement on the Subject Property for the existing sewer line and that the Improvements will impair the City's use of its easement and the City's ability to maintain the existing sewer line and that, if constructed, the Improvements would constitute an encroachment thereon.

2. The City hereby allows the encroachment in order for the Property Owner to construct the Improvements; provided however, such Improvements are to be made at Property Owner's sole risk and Property Owner, their heirs, successors and assigns, hereby agree to indemnify and hold the City harmless for any and all damage caused by construction and use of such Improvements on the Subject Property over the sewer line and, furthermore, hereby release the City from any and all liability as a result thereof. Should any claim be made against the City, Property Owner, their heirs, successors and assigns, agree to assume the cost of defending such claim and to reimburse the City for any expenses, including attorneys fees, incurred by it in the defense of such claim.

3. Property Owner agrees to allow the construction of a new sewer line on the Subject Property if the relocation of the sewer line is made necessary by the failure of the existing sewer line or compromised sewer service through the existing sewer line caused by the construction or use of the Improvements. Property Owner hereby grants a conditional easement on all of the remaining unimproved portions of the Subject Property for that purpose. In such event any and all cost associated with the installation of the new sewer line, the recording of new utility easements for the new sewer line, and the abandonment of the existing sewer line shall be the sole responsibility of the Property Owner, their heirs, successors and assigns, and the Property Owner, their heirs, successors and assigns shall hold the City of Marion harmless from any and all expense thereof. Also, in such event, the Property Owner agrees to assume the liability and ownership of the abandoned sewer line as the City will not be able to remove the existing sewer line from its present location after the Improvements are constructed.

4. This Agreement and the benefits and burdens contained herein (including but not limited to the hold harmless provisions, indemnity and easement in favor of the City of Marion) shall inure to each party and their heirs, successors or assigns.

ADD ON - PROPOSED REQUEST TO CHANGE WATER & SEWER ORDINANCE PENALTIES: The City Manager advised that he and Mayor Clark met late last week with a lady upset about the City's graduated late penalties that can result in a water and sewer customer being assessed a second late penalty of up to $50.00 after 10 or occurrences of not paying the water and sewer bill by the 25th of the month. The City Manager reported that Mayor Clark felt that the City should cap the second late penalty at an amount lower than $50.00.

The City Manager stated that he and Finance Director Harriett Thomas had discussed a revised proposal to cap the second late penalty at $25.00 (the first late penalty would remain at $5.00) and to assess a disconnect/reconnect fee of $25.00 if the water service for a customer is actually disconnected. This change would still allow the City to have reasonable penalties for customers paying their bills late, while also further penalizing those customers that require City personnel to terminate their water service (and therefore requiring a trip to cut off the water and a return trip to turn on the water service).

Mayor Clark encouraged Council members to consider this change as it seems to him to be more reasonable.

Mayor Pro Tem Little stated that this is a good example of doing something to solve a problem and having to go back again and make adjustments at a later time.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance revising water and sewer rates, connection fees and other charges:

AA.000000491 (24)

ORDINANCE
ESTABLISHING WATER/SEWER RATES, CONNECTION FEES, COST RECOVERY CHARGES AND OTHER MISCELLANEOUS CHARGES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That new water/sewer rates, connection (tap fees) fees, cost recovery charges and other miscellaneous charges are hereby established as follows:

	INSIDE CITY	OUTSIDE CITY
Water Rates:	**$2.01 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $28.43 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$12.66**	**$31.65**
Master Meter Rate	**$2.01 per 1,000 Gallons, plus $9.08 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $22.70 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.34**	**$25.84**

	INSIDE CITY	OUTSIDE CITY
Sewer Rates:	**$2.01 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $28.43 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$12.66**	**$31.65**
Master Meter Rate	**$2.01 per 1,000 Gallons, plus $9.08 Service Charge per month**	**$5.04 per 1,000 Gallons, plus $22.70 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.34**	**$25.84**

	INSIDE CITY	OUTSIDE CITY
Metered Sewer Rates for Private Wells	**$2.91 per 1,000 Gallons, plus $11.38 Service Charge per month**	**$7.27 per 1,000 Gallons, plus $28.43 Service Charge per month**

AA.00000492 (24)

Important Notices:

All sewer charges are based on water meter readings, unless a sewer metering device approved by the City has been installed.

When more than one unit is served by a Master Meter, such as a mobile home park, shopping center or apartment complex, the monthly service charge is $10.34 for water and $10.34 for sewer in the City, and $25.84 for water and $25.84 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $31.65 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $12.67 per month per residential unit shall be charged for sewer service.

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350
1"	630	1,620	1,575	4,050
1 ½"	1,260	3,240	3,150	8,100

8" SERVICE	6,000	15,000
10" SERVICE	8,200	20,500
12" SERVICE	11,600	29,000

CHARGES FOR CONNECTIONS FOR FIRE PROTECTION/SPRINKLER LINES IN RESIDENTIAL AND/OR COMMERCIAL DEVELOPMENTS-continued:

All connections to the city water system shall be equipped with a proper check-valve and/or back-flow preventor approved by the city public works director or city engineer prior to installation. It shall be the responsibility of the owner to have the approved check-valve or back-flow preventor installed. In addition, the owner of all properties connected to the city water system and using water for other than domestic services, shall submit a letter to the city

water department on or before the first day of July each year certifying that the check-valve and/or back-flow preventor has been checked and is operating properly.

SEWER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

DEPOSIT AND/OR PREPAYMENT FOR NEW ACCOUNTS:

RESIDENTIAL ACCOUNTS

	INSIDE CITY	OUTSIDE CITY
WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the city of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the city's water and/or sewer system, the following procedure shall apply:

Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to city policy.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS-continued:

The city manager shall determine the appropriate deposit for any commercial, industrial or master meter customer not listed in the preceding schedule. At the end of six months of service, the city will determine the average use by averaging the three highest months. The customer will be billed for any additional amount for the proper deposit. If the amount is not received in thirty days, the utility bill will be increased each month for twelve consecutive months until the proper deposit has been received. If the average monthly deposit is lower than the amount the city has received from the initial deposit, the city will credit the water account of the customer for the amount of the difference in the initial deposit and the average monthly bill.

ATTEST:

J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-09-09-01-2

ADD ON - PARKING ISSUE REQUEST PULLIAM STREET: The City Manager advised that Ms. Ruth Byrd of Pulliam Street called him on Monday and advised that her neighbor at the corner of Pulliam and Blue Ridge Street had been parking a vehicle near the Byrd's driveway for days at a time in a manner that makes it difficult for people to get in and out of the Byrd's driveway. The City Manager stated that he and the Police Chief looked at the location and determined that the vehicle in question is parked legally and belongs to the people at Pulliam and Blue Ridge Streets. The vehicle is parked up to the edge of, but not inside, the no parking zone on the west side of Pulliam Street. The vehicle is not parked directly across from the Byrd's driveway, but it is close enough to make it more difficult to maneuver in and out of the driveway.

The City Manager that, under the City's Abandoned Vehicle Ordinance, a vehicle must be left unattended on a public street for seven days before the City can address the situation. The City has no ordinance that speaks to parking in a manner that interferes with getting in and out of a driveway, as someone does not block the driveway. The City Manager suggested that, even if the City had such an ordinance, it would be difficult to say that the Byrd's are deprived of the use of their driveway; however, allowing parking in this location does make access more difficult due to the grade of the Byrd's driveway and a rock wall in place in front of their house.

The City Manager stated that the only thing he and the Police Chief could think that could address this situation is to extend the no parking zone on the west side of Pulliam Street another car length (about 20 feet), which would provide people picking up the Byrd sisters with more room to navigate. The City Manager presented Council with a proposed ordinance extending the no parking zone on the west side of Pulliam Street for another 20 feet from Blue Ridge Street. A copy of the existing Traffic Schedule for Pulliam Street was also presented to Council for reference.

Mayor Pro Tem Little stated that he is very familiar with this situation and that Ms. Byrd and her sister are delightful ladies. Knowing the history of this area, he forms the conclusion that this ordinance needs to be adopted.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to adopt the following Ordinance to extend the no parking zone on Pullium Street:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION

AA.000000497 (24)

PULLIAM STREET	PARKING PROHIBITED	WEST SIDE, FROM BLUE RIDGE STREET, NORTH 112 FEET

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	**REGULATION**	**REG. APPLICATION**
PULLIAM STREET	PARKING PROHIBITED	WEST SIDE, FROM BLUE RIDGE STREET, NORTH 132 FEET

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 1st day of September, 2009.

A. Everette Clark
Mayor

ATTEST:
J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-09-09-01-1

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that decisions recently made by the State to eliminate inmate work crews at State Prisons will affect the City of Marion. However, it appears that local agencies will be able to use work crews upon payment of $150 per day. Public Works has learned that the loss of the inmate work program will require the Department of Correction to reassign inmates to other duties that do not require direct supervision by State personnel. As a result, the City may receive two additional full time inmate workers for Public Works, bringing the City's total to five full time inmate workers.

The City Manager stated that, as shown in the information presented to Council, the YMCA and Hospital will hold a Community Wide Walk on Friday, September 25, from 3:00 p.m. to 4:15 p.m. Part of the walk will be in and around the road (Spaulding Road and Rankin Drive). The City Manager stated that staff have advised the YMCA that they will need to work with DOT on preparing and submitting maps to allow for DOT review of the proposed road and/or lane closure. Preparing custom maps to DOT specifications is warranted for City events, but not for other events, and takes a great deal of time; therefore, the City Manager stated that he and Planning and Development Director Heather Cotton have agreed to refer outside agencies/individuals to DOT, without objection from Council. Neither Mayor Clark nor Council members expressed any objection to this proposal.

The City Manager presented Council with a spreadsheet showing retail sales for the entire 2008-09 Fiscal Year. While taxable retail sales decreased by 8.27 percent in North Carolina and by 2.82 percent in McDowell County between 2007-08 and 2008-09, taxable retail sales in the City increased by 9.26 percent during the past year and the percentage of sales in McDowell County taking place in the City increased from 66.71 percent to 75.59 percent. Mayor Clark noted that, while nearly 76 percent of retail sales in McDowell County took place in the City of Marion, the

AA.000000498 (24)

City received only slightly more than nine percent of sales tax revenues distributed in McDowell County.

The City Manager suggested that the positive retail sales numbers in the City for 2008-09 indicated that the local economy remained strong, at least relative to the overall State economy, and that Shop at Home efforts are being heeded by the community.

Mayor Pro Tem Steve Little stated that the economy is affecting cities of all sizes, not just Marion. He related a recent trip he took to New York City, where he witnessed numerous empty storefronts in Times Square.

The City Manager stated that Ms. Cotton had worked with Trificient, the City's downtown wireless network installer, to make repairs and to relocate antennas as needed to allow for all of the four "Hot Spot" zones to work. The City Manager stated that no complaints had been received about service since this work was performed. He thanked Ms. Cotton for her work on this matter.

The City Manager stated he has been in contact with the Sugar Hill Road commercial developer, Jim Price of WRS Realty, advising him that the City must submit a performance agreement to the N.C. Rural Center by October 29, in order to receive the $977,100 grant to fund one-half of the costs of the Sugar Hill Road Water and Sewer Extension. The City Manager reported that Mr. Price stated that he plans to close on the property in mid January, but will go ahead and sign the Performance Agreement for the Rural Center in advance of the October deadline. The City Manager stated that Mr. Price indicates that everything remains on track with the project.

The City Manager stated that city staff has met with the Hospital, Health Department, County and others to discuss planning for a possible H1N1 (swine flu) outbreak in the community.

The City Manager stated that he had talked with Don Ramsey, Clerk of Superior Court, regarding juror parking. The City Manager advised that Mr. Ramsey reported that he continues to give oral and written instruction to jurors about parking, including asking them when they report for service where they are parked and if they need to move their vehicles. The City Manager stated that he thanked Mr. Ramsey for his continued efforts.

The City Manager stated that the final item he had involved CGI Communications, the company retained by the City, upon endorsement by the North Carolina League of Municipalities (NCLM), to produce streaming videos for the City's website. The City Manager noted that CGI is no longer endorsed by the NCLM and that the City of Marion is now having issues with the way that CGI is handling sales calls for ad sales for the website videos.

The City Manager reported that a local man has offered to redo the website videos, to allow the City to part ways with CGI. The City Manager stated that he would be meeting with this man to obtain a proposal for this project.

Mayor Clark asked if the contract with CGI could be canceled.

The City Manager stated that he would look into it.

The City Manager stated that he just wanted to see if there is another option out there for the City. Mayor Clark and Council members agreed by consensus to allow the City Manager to obtain a proposal for production of new website videos, for Council review at a future meeting.

COUNCILMAN COMMENTS:

AA.000000499 (24)

Mayor Pro Tem Little stated that, when the Crooked Door Coffee House opened several years ago, he bought and gave out coupons for free coffee to his clients. He stated that he has continued this practice because he wants to see this business thrive.

Councilman Cuthbertson asked if there had been any results with the McDowell Arts Council quilt block program. Ms. Cotton reported that the program was off to a good start and that there were many people who had expressed interested in purchasing quilt blocks.

Councilman Cuthbertson asked if the recent installation of signs by the North Carolina Department of Transportation at the intersection of Main and Court Streets revising the right turn on red restriction would require changes to the City Traffic Schedule. The City Manager stated that changes to the Traffic Schedule would be required and that he would prepare the necessary ordinance amendments for Council review and approval at the September 15 Council meeting.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, October 20, 2009.

Section 2. The area proposed for annexation is described as follows:

TRACT I:

BEGINNING on an iron stake in the northeast margin of Highway No. 190 and in the F.O. Stott old line at a point where said line crosses the northeast margin of said highway, and runs thence with said F.O. Stott's old line North 43 ½ East 28 poles to an iron stake, Holland's corner; thence with Holland's line North 28 West 2 poles to an iron stake; then North 8 West 8 ½ poles to an iron stake; then South 55 West 37 4/5 poles to an iron stake on the bank of Highway 190; then with the northeast margin of said highway South 58 East 16 3/5 poles to the BEGINNING.

EXCEPTING and RESERVING, HOWEVER, from this indenture, that certain ¾ acre tract conveyed in McDowell County Deed Book 87 at Page 209.

DEED REFERENCE: Tract I being all of that property conveyed to Adolph Justice and wife, Victoria Justice by that deed recorded in Book 519 at page 22, McDowell County Registry. [Parcel Identification Number: 1710.02-98-0660]

TRACT II:

BEING a 0.88 acre tract and parcel of land shown on that survey for Adolph (Butch) Justice prepared by R.L. Greene Surveying and Mapping, PLS, dated April 6, 2009 and further identified as Map File 9-040, from which the following metes and bounds description is taken:

BEGINNING on an existing iron pipe located at the common corner of those properties either now or formerly owned by Mary Joyce McCoyle as described in Book 783 at Page 407 and Deed Book 84 at Page 272, said existing iron pipe marking the easternmost corner of that property either now or formerly owned by Adolph Justice et ux as described in Book 519 at Page 22, and marking the 5th corner of that property either now or formerly owned by Joyce Annette Martin as described in Book 529 at Page 584, said existing iron pipe being located South 47 degrees 00 minutes 33 seconds East 194.75 feet from an existing solid iron pin marking the 6th corner of the Martin property, and running thence from said BEGINNING a new line across the McCoyle property South 35 degrees 13 minutes 26 seconds East a total off 190.29 feet (passing a 5/8-inch iron rebar set at 177.67 feet) to an unmarked point in the centerline of Fairview Road (SR 1741); thence with the McCoyle line and along and with the centerline of said Fairview Road South 72 degrees 30 minutes 11 seconds West 325.65 feet to an unmarked point at or near the intersection of Fairview Road (SR 1741) and NC Highway 226, said unmarked point marking the 2nd corner of the McCoyle property as described in Deed Book 84 at Page 405; thence leaving the centerline of Fairview Road and running along and with the centerline of NC Highway 226 and continuing with the McCoyle line North 48 degrees 45 minutes 57 seconds West 55.00 feet to an unmarked point marking the beginning corner of the McCoyle property as described in Deed Book 84 at Page 405; thence leaving the centerline of NC Highway 226 and continuing with the common boundary of the McCoyle property as described in Deed Book 84 at Page 405 and Deed Book 84 at Page 272 and the Justice property as described in Book 519 at Page 22 (Tract I herein) North 48 degrees 07 minutes 36 seconds East a total of 325.26 feet (passing a 5/8-inch iron rebar set at 22.50 feet) to the point and place of BEGINNING.

DEED REFERENCE: Tract II being those properties conveyed to Mary Joyce McCoyle by those deeds recorded in Deed Book 84 at Page 405 and Deed Book 84 at Page 272. [portions of Parcel Identification Number: 1710.02-98-3671]

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 15th day of September, 2009.

AA.000000502 (24)

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-09-09-15-1

D. Select Voting Delegate and Alternate for N.C. League of Municipalities Conference: Mayor Clark was selected as the City's voting delegate for the North Carolina League of Municipalities Conference to be held in Greenville, North Carolina October 25-27. City Manager Bob Boyette will also be attending and will serve as the City's alternate voting delegate.

RECOGNITION OF EMPLOYEE CERTIFICATION: The City Manager advised that the City likes to recognize employees when they receive awards and certifications and go above and beyond the call of duty. The City Manager advised that the N.C. State Institute for Transportation Research and Education had provided documentation that Public Works Superintendent Roger Estes has completed the basic requirements to become a North Carolina Roads Scholar.

The City Manager stated that Mr. Estes is the first City employee that has completed this type of training. This is one of the highest certifications offered in the area of street maintenance. Mr. Estes is now working on his advanced certification.

Mayor Clark and Council members congratulated Mr. Estes on this certification.

PUBLIC APPEARANCE – LEE TAYLOR – DISCUSS PROPOSED DUKE ENERGY RATE INCREASE: Ms. Lee Taylor appeared before Council advising that she had talked with the City Manager about the recent action by Duke Energy to file Docket No, E-7, Sub 909 with the N.C. Utilities Commission for a general rate increase.

Ms. Taylor stated that, if Duke's request is approved, the average North Carolina residential bill for 1,000 kilowatt-hours of electricity would increase approximately 13.5 percent, or $11 a month; general service rates (non-residential and non-industrial customers) would increase by approximately 11.2 percent. Industrial customers' bills would go up approximately 15.6 percent; and outdoor lighting rates would increase by approximately 16.7 percent.

Ms. Taylor stated that the City of Marion has worked hard to balance its budget, to avoid employee layoffs and has cut utility costs. However, the proposed Duke increase would wipe out all the progress that had been made.

Another reason Ms. Taylor stated that she opposes this increase is that Duke's reason for this increase is to be paid back for money spent on the new Cliffside plant. Ms. Taylor stated that she feels it is never to late to top a bad idea, and that this is a bad idea.

Ms. Taylor stated that she feels Duke Officials are disingenuous and that the proposed resolution presented to Council is appropriate and can make a difference if adopted.

Ms. Taylor stated that she is so passionate about this issue that she is working on this effort at no cost, in addition to her day job as a local attorney.

The City Manager stated that Finance Director Harriett Thomas had calculated that the rate increase would cost the City nearly $44,000 per year, including more than $14,000 per year for street lighting

AA.000000503 (24)

alone. He added that this amount equated to about a penny and a half on the City's tax rate. In light of the recent erosions of the City's revenue base, the City can ill afford any added expenses at this time.

Mayor Pro Tem Little thanked Ms. Taylor for letting Council know this information. Mayor Pro Tem Little stated that he did not know some of the facts and that he also feels passionate about the issue. He added that Duke is a greedy monopoly whose only main goal is to extract as much money out of its customers as possible.

Mayor Clark stated that the timing of the proposed increase comes at a terrible time both for the City and public. He added that a number of examples of bad investments made by Duke over the years come to mind. Mayor Clark said he could not help but wonder if such bad investments play a role in Duke's current financial problems and the need for the proposed rate increase.

Mayor Clark stated that the resolution is certainly in order and thanked Ms. Taylor for updating Council with this information.

Councilman Cuthbertson stated that the proposed increase would cost McDowell County Schools over $100,000 per year. He presented information showing that Progress Energy is actually seeking to decrease rates, while Duke is proposing large increases.

The City Manager presented a resolution opposing the proposed rate increases that could be presented at a public hearing of the North Carolina Utilities Commission to be held at the Courthouse at 7:00 p.m. on Thursday, September 17.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Resolution opposing the proposed electricity rate increase by Duke Energy:

RESOLUTION OF THE CITY COUNCIL
OF THE CITY OF MARION
OPPOSING VARIOUS ELECTRICITY RATE INCREASES
FOR NORTH CAROLINA

WHEREAS, the City of Marion recognizes the importance of an adequate and reliable supply of electricity at lowest reasonable cost; and

WHEREAS, on June 2, 2009, Duke Energy Carolinas, LLC filed Docket No, E-7, Sub 909 with the N.C. Utilities Commission for a general rate increase; and

WHEREAS, as stated in the filing, the average North Carolina residential bill -- for 1,000 kilowatt-hours of electricity -- would increase approximately 13.5 percent, or $11 a month; general service rates (non-residential and non-industrial customers) would increase by approximately 11.2 percent; industrial customers' bills would go up approximately 15.6 percent; and outdoor lighting rates would increase by approximately 16.7 percent; and

WHEREAS, the proposed rate increase would be in addition to the 4.5 percent fuel increase granted to Duke Energy in July of 2009. Whereby the total increase to the residential citizens of the City would be 18 percent, likely beginning in January when energy costs can be the highest. The increase to the City for outdoor lighting would be a total of 21.2 percent beginning in the middle of the City's Fiscal Year; and

WHEREAS, Duke Energy acknowledges that seeking a rate increase during extraordinarily difficult economic times could pose hardship to its customers; and

WHEREAS, the City of Marion has taken steps and continues to take steps to reduce its energy needs through conservation, energy efficiency and renewable energy sources. These steps are taken, in part, to help balance a budget shortfall. The proposed increase will more than obliterate all savings gained through reduced energy costs that the City has worked toward over the last year; and

AA.000000504 (24)

WHEREAS, the rate hike is to be used primarily to provide capital for increased power generation which this Council questions the necessity of since Duke Energy Carolinas has excess capacity evidenced by their attempt to sell wholesale 600 megawatts to the City of Orangeburg, South Carolina and has applied with the Utilities Commission in docket number E-7, Sub 923 to sell 1,000 megawatts to Central Electric Power Cooperative in South Carolina, all said energy being produced in North Carolina through capital outlay paid for by North Carolina ratepayers.

WHEREAS, public outdoor lighting provided by local governments is important to public safety and benefits all citizens of the State; and

WHEREAS, substantial rate increases for public lighting will reduce the ability of local governments to pay for this service; and

WHEREAS, the rate increases proposed by Duke Energy to recover costs for increased capacity should not be assigned to the public lighting tariff since such lighting cost increases would disproportionately impact municipal residents.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARION THAT:

Section 1. The North Carolina Utilities Commission is urged to reduce Duke Energy's rate increase request to the lowest amount reasonable under applicable law and to deny such increase if the Commission finds that it is not warranted, and rate increases should be spread out over time to minimize customer impact.

Section 2. The creation of a new and substantially more expensive Governmental Lighting tariff in lieu of the existing Public Lighting tariff should be disapproved for the benefit of public safety. Should any rate increase for Public Lighting or Governmental Lighting be approved, the tariff should require Duke Energy to perform regular inspection and maintenance of such lighting as a part of the service without requiring outage reporting by the customer or additional charges for such service.

Section 3. Given the difficult local and State budget circumstances, any rate increases should be made effective in the future at the beginning of governmental fiscal years to assist in budget planning.

Section 4. The City Manager is authorized to convey this resolution to the North Carolina Utilities Commission, and to submit written comments as appropriate in support of this resolution.

Section 5. This resolution shall be effective upon its adoption.

Adopted this the 15th day of September, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-09-15-2

PUBLIC HEARING – SUBDIVISION ORDINANCE VARIANCE FOREST PARK ROAD:

Mayor Clark opened the Public Hearing.

Ms. Heather Cotton advised a request for a variance to Chapter 16 *Subdivisions* of the Marion City Code was submitted to the City of Marion on August 13, 2009 by Mr. Ricky Briggs.

Ms. Cotton stated the Mr. Briggs is requesting a Variance to Chapter 16 *Subdivisions* for a reduction to the minimum lot size as required by Section 16-55 *Lots*, which states the following:

All lots shall front upon a public street. Double frontage shall be avoided. Lots shall comply with the following requirements:

1. Area. All lots shall have a minimum area as required by the Zoning Ordinance of the City of Marion. (Article 9.5 of the Zoning Ordinance requires a minimum lot size of 7,000 square feet)

AA.000000505 (24)

2. Orientation of lot lines. Side lot lines shall be substantially at right angles or radial to street lines.

3. Width and depth. All lots shall have a minimum width at the building line as required by the Zoning Ordinance of the City of Marion and a minimum width at the street line of thirty-five (35) feet. Corner lots shall have an extra width of fifteen (15) feet to permit adequate setback from side streets.

Ms. Cotton stated that, according to the applicant, the parcel is approximately 12,540 square feet and is requesting a variance to allow for the subdivision of the parcel into two lots. The first lot, being approximately 6,240 square feet, would front on Forest Park Road. The second lot, being approximately 6,180 square feet, would front on Yancey Street.

The property is a double frontage lot located between Yancey St and Forest Park Rd with the Parcel Identification Number (PIN) 1711.06-29-8256, and within the R-2 General Residential Zoning District. The property has one (1) existing single-family home that fronts on Forest Park Road.

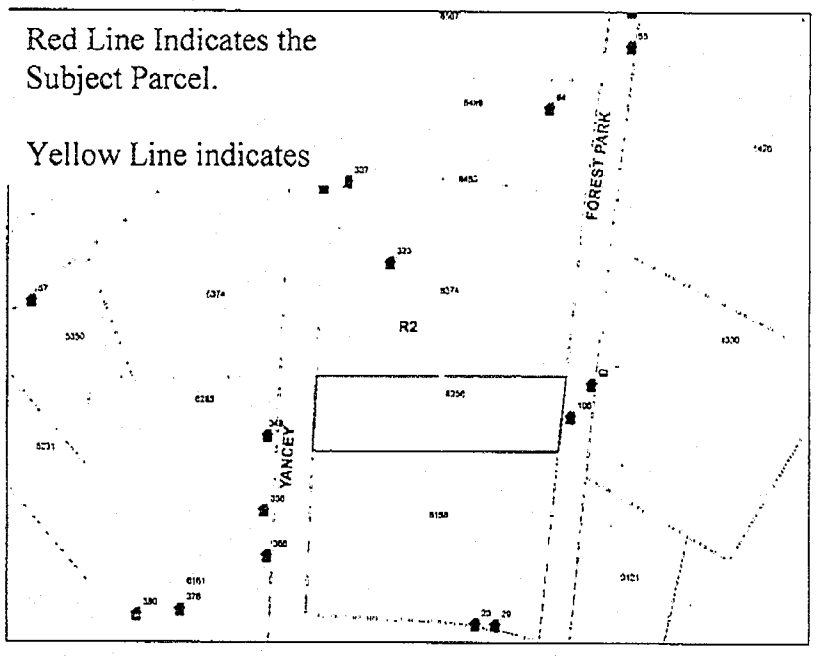

Figure Two: Zoning District

Ms. Cotton stated that the subdivision of the one parcel would create two parcels that are approximately 6,200 square feet in size, which is roughly a 10% reduction to the minimum lot size requirement. A ten percent (10%) reduction in lot size would not have an adverse impact on any other minimum dimensional requirements including but not limited width, depth, public road frontage, and/or setback requirements of the Marion City Code.

Ms. Cotton reported that the Planning Board, at their meeting on September 3, unanimously recommended approval of this request.

Mr. Briggs was present for this meeting to answer any questions Council may have.

Mayor Clark Closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to adopt the following resolution granting a variance from the Subdivision Ordinance as requested by Mr. Ricky Briggs:

A RESOLUTION
GRANTING APPROVAL OF A VARIANCE
TO REDUCE THE MINIMUM LOT SIZE
FOR THE SUBDIVISION OF BRIGGS PROPERTY

AA.000000506 (24)

WHEREAS, Chapter 16 Subdivisions provides for the approval of Variances because of topographical or other conditions peculiar to the site such that strict adherence to the provisions of the regulations would cause unnecessary hardship, the City Council may authorize a variance if such action can be made without destroying the intent of the subdivision regulations ; and

WHEREAS, Ricky Briggs, filed an application in the Planning & Development Services Department on August 13, 2009 requesting a Variance to Chapter 16 Subdivisions and Chapter 21 Zoning for a reduction to the minimum lot size requirement for a parcel of land located at 106 Forest Park Road and having the Parcel Identification Number 1711.06-29-8256.

WHEREAS, Public notice was sent to all adjacent property owners of the subject property; and

WHEREAS, Public notice was published in the *McDowell News,* on August 28, 2009 and September 4, 2009; and

WHEREAS, The request for Variance was heard during a public meeting on September 3, 2009 of the Marion Planning Board and Board of Adjustment; and

WHEREAS, The Marion Board of Adjustment approved the Variance to Chapter 21 Zoning, Article 9.5 Dimensional Requirements contingent upon approval by the Marion City Council for a Variance to Chapter 16 Subdivisions.

NOW, THEREFORE, BE IT RESOLVED BY THE MARION CITY COUNCIL:

Section 1. That the City Council makes the following findings of fact pursuant to Chapter 16 Subdivisions:

1. The reduction of the minimum lot size standards requires a variance;

2. A ten (10) percent reduction to the minimum lot size will not destroy the intent of Chapter 16 Subdivision or Chapter 21 Zoning;

4. The variance will not permit a land use in a district where the use is prohibited;

5. The applicant is not seeking the variance to relieve any requirements to the orientation of lot lines, minimum width and depth of lots, or minimum setback requirements; and
6. The variance will mitigate the current double frontage lot configuration.

Section 2. That the City Council finds the proposed activity meets the requirements of the Marion City Code so long as it is conducted in accordance with the conditions of this resolution and as described below:

The approved activity shall be conducted such that the subdivision of the parent tract of land shall be divided into no more than two (2) lots, and no lot shall be less than ten (10) percent the required minimum lot size of 7,000 square feet.

Section 3. The Marion City Council authorizes the issuance of a Variance for the reduction of minimum lot size for the subdivision of land into two (2) lots, subject to compliance with the above conditions.

Section 4. This resolution shall become effective upon its adoption.

Adopted this the 15th day of September 2009.

STATE OF NORTH CAROLINA

AA.00000507 (24)

COUNTY OF MCDOWELL

I, Debra W. Sherlin, a Notary Public, certify that J. Robert Boyette personally came before me this day and acknowledged that he is the City Clerk of the City of Marion, and that by authority duly given and as the act of the corporation, the foregoing instrument was signed in its name by its Mayor, sealed with its corporate seal, and attested by him as its City Clerk. Witness my hand and notarial seal, this the 15th day of September, 2009.

_____
NOTARY PUBLIC

My Commission Expires:

PUBLIC HEARING – ZONING TEXT AMENDMENT – MINIMUM SQUARE FOOTAGE FOR RESIDENTIAL UNITS: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that the City of Marion has identified the need to amend the Zoning Ordinance to add minimum dimensional standards for residential occupancy. A number of inquiries have been made regarding minimum dwelling unit sizes for both single-family and multi-family residential dwelling units. The City has concerns with recent speculation over the development of 300 square foot single-family homes in lower-income neighborhoods. In response to these concerns, Planning Staff had the option to draft a moratorium on such development or draft a text amendment that would place a minimum limit on residential dwelling units.

Ms. Cotton reported that, to resolve the immediate concern, Staff drafted an ordinance that places minimum dimensional requirements for single-family dwelling units, multi-family dwelling units, and mobile homes. Staff included minimum dwelling unit size for mobile homes consistent with Freddie Mac minimum dimensional standards for eligibility of a government subsidized mortgage.

Ms. Cotton advised that the Planning Board were equally concerned with minimum dwelling unit standards, and, at their meeting on September 3, unanimously approved the proposed ordinance with one change to raise the minimum size of a multi-family dwelling unit from four hundred square feet to five hundred square feet.

The Planning Board has requested Staff to continue to research dimensional requirements and bring more information to a future Planning Board meeting for review and a discussion on a more comprehensive amendment to the City's dimensional requirements.

Ms. Cotton reported that the Planning Board's recommendations for minimum sizes for residential units would therefore be 800 square feet for a single family house, 600 square feet, with a 12 foot minimum width, for mobile homes and 500 square feet for multi-family units.

There were no citizens present to discuss this proposed amendment.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Ordinance amending Chapter 21 of the Marion City Code to establish minimum sizes for residential units:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.00000508 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 21 *Zoning*, Article IV. *Definitions of Terms Used In Ordinance*, Section 21.21 Definition, is amended by adding the following:

Dwelling unit. A building, or portion thereof, providing complete and independent living facilities for one family, including permanent facilities for living, sleeping, eating, cooking and sanitation per unit.

Dwelling, single family. A building arranged or designed to be occupied by one (1) family. The minimum floor area for a single-family dwelling unit is 800 square feet of gross living area.

Dwelling, multi-family. A building arranged or designed to be occupied by two (2) or more families living independently of each other. The minimum floor area for a multi-family dwelling unit is 500 square feet of gross living area.

Mobile home. A factory assembled portable housing unit, or a portion thereof, built on a chassis and intended for use as a dwelling unit, and is not constructed in accordance with the standards of the North Carolina Uniform Residential Building Code for one and two family dwellings. A mobile home is designed to be transported on its own chassis. A mobile home shall be construed to remain a mobile home whether or not wheels, axles, hitch, or other appurtenance to mobility are removed, and regardless of the nature of the foundation provided. All vehicles which are designated mobile homes by the Uniform Standards Code for Mobile Homes shall be construed as mobile homes. A mobile home shall not be construed to be a travel trailer or other form of recreations vehicle or occupied for non-residential purposes. All references to mobile homes in this ordinance shall include manufactured homes. The floor area for a mobile home shall be a minimum of twelve (12) feet in width with no less than 600 square feet of gross living area.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of September 2009.

*Mayor Pro Tem Little stepped away from the meeting during the following Public Hearing.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO FORSYTHE STREET/FREEMAN PROPERTY ANNEXATION AREA: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that on July 21, 2009, City Council adopted an ordinance extending the corporate limits of Marion to include the Freeman/Forsythe Street Annexation Area. The annexation became effective on July 31, 2009.

Ms. Cotton stated that the purpose of this ordinance is to assign appropriate zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on the Marion City Code, the Freeman/Forsyth Annexation Area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The Freeman/Forsythe St. area is one parcel of land, which is used for single-family residential purposes.

AA.000000509 (24)

Ms. Cotton advised that the Planning Board recommended approval of assigning R-2 zoning to this area in a 4-0 vote on September 3, 2009.

There were no citizens present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Owenby, seconded by Councilman Martin, those members of Council present voted to adopt the following ordinance amending the Official Zoning District Map to assign the R-2 General Residential Zoning District to the Freeman/Forsythe Street Annexation Area.

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
FREEMAN/FORSYTH

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include Freeman/Forsyth Annexation Territory, as adopted by City Council on July 21, 2009 Ordinance Number O-09-07-21-1, zoning the area as R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on September 3, 2009.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon adoption.

Adopted this the 15th day of September 2009.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO US 221 NORTH/GURLEY/BYPASS PROPERTIES PROPERTY ANNEXATION AREA: Mayor Clark opened the Public Hearing.
Planning and Development Director Heather Cotton advised that on August 18, 2009, City Council adopted an ordinance extending the corporate limits of Marion to include the Highway 221 North/Gurley/Bypass Properties Area. This annexation become effective on August 31, 2009.

Ms. Cotton stated that the purpose of this ordinance is to assign a zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the annexation area is most compatible with Section 21-205 *C-2 General Business Zoning District*. Ms. Cotton reported that the area includes a mixture of commercial uses and proposed development of commercial uses. The properties, though not contiguous to the existing C-2 General Business Zoning District, are in close proximity to other commercial uses located outside the city limits.

AA.00000512 (24)

Ms. Cotton reported that the Planning Board recommended assigning C-2 zoning to this area in a 4-0 vote on September 3.

There were no citizens present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Councilman Cuthbertson, seconded by Martin, Council voted unanimously to adopt the following Ordinance amending the *Official Zoning District Map* to assign the C-2 General Business Zoning District designation to the Highway 221 North/Gurley/Bypass Properties Annexation Area.

Ordinance Number: O-09-09-15-4

AA.00000513 (24)

PUBLIC HEARING – ADOPTION OF ORDINANCE TO CLOSE MARYLAND AVENUE OFF OF VALE STREET: Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that this ordinance is proposed to permanently close the unopened Maryland Avenue, located off of Vale Street, that subdivides property owned by Mr. Donald Harrison. A resolution of intent on the matter was adopted by City Council on August 4, 2009, notice of the hearing was published in the McDowell News for four successive weeks and the notice was posted in two (2) places along the unopened portion of the street pursuant to North Carolina Statutes 160-299.

Ms. Cotton stated that the unopened potion of Maryland Avenue is 0.33 acres according to a survey completed by R.L. Greene Surveying dated June, 3, 2009. Property located on either said of Maryland Avenue is owned by Mr. Donald Harrison. The City of Marion does not maintain any portion of Maryland Avenue and there is no indication that closing the street would be detrimental to public interest or limit access to any other property.

Mr. Ken Lael was present for this Public Hearing and stated that he had concerns about the closing of Maryland Avenue and how it would affect his property off of Virginia Avenue. Ms. Cotton showed Mr. Lael a survey showing the location of the proposed street closing. After reviewing the survey, Mr. Lael stated that the street closing proposed would not affect his property and that he had no objection to the request.

Mayor Clark thanked Mr. Lael for coming.

Mayor Pro Tem Little suggested that the second page of the ordinance closing the street be revised by stating that the stating that the street will be permanently closed as a public street and that the City of Marion shall have no duties or obligations regarding the former Maryland Avenue.

There were no other persons present to discuss this Ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to adopt the following Ordinance closing Maryland Avenue, as amended:

AN ORDINANCE
PERMANENTLY CLOSING
MARYLAND AVENUE

BE IT ORDAINED by the City Council of Marion, North Carolina:

Section 1. THAT, WHEREAS the City Council of Marion, North Carolina, at its regular meeting on August 4, 2009 adopted a resolution declaring its intent to permanently close Maryland Avenue, hereinafter described, and calling for a public hearing on the question; and

WHEREAS, The Resolution was published and posted, and copies thereof were sent by registered mail to all owners of property adjoining that portion of the street which was described in the Resolution, as required by the provisions of North Carolina General Statutes, Section 160A-299; and

WHEREAS, A public hearing was duly held in the Council Chamber on August 3, 2009, at which no owner of property adjoining Maryland Avenue intended to be closed appeared to express opposition to the closing; and

AA.00000514 (24)

WHEREAS, After the hearing, it appears to the satisfaction of the City Council that closing the described Maryland Avenue is not contrary or detrimental to the public interest of the property rights of any individual, and that no individual owning property in the vicinity thereof would thereby be deprived of reasonable means of ingress and egress to and from the property of such owner.

Section II. IT IS, THEREFORE, ORDAINED AND ORDERED that Maryland Avenue as shown, for identification and location purposes only, on a survey of property having belonged to Bernice Eckerd which lies East of Vail Street and is now owned by Donald Lee Harrison as recorded in Deed Book 1001, pages 42-45 in the Office of the McDowell County Register of Deeds, be, and it is hereby, permanently closed as a public street. The City of Marion shall have no duties, obligations or property interests regarding the former Maryland Avenue.

Section III. IT IS FURTHER ORDERED that a certified copy of this Ordinance and Order shall be filed in the office of the Register of Deeds for McDowell County, North Carolina, as required by the provisions of North Carolina General Statutes 160A-299.

Section IV. This Ordinance and Order shall be in full force and effect from and after the date of its adoption.

Adopted this the 15th day of September 2009.

A. Everette Clark
Mayor

ATTEST:
J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-09-09-15-5

STATE OF NORTH CAROLINA

COUNTY OF MCDOWELL

I, Debra Sherlin, a Notary Public, certify that J. Robert Boyette personally came before me this day and acknowledged that he is the City Clerk of the City of Marion, and that by authority duly given and as the act of the corporation, the foregoing instrument was signed in its name by its Mayor, sealed with its corporate seal, and attested by him as its City Clerk. Witness my hand and notarial seal, this the 15th day of September, 2009.

NOTARY PUBLIC

My Commission Expires:

PUBLIC HEARING – COMMUNITY DEVELOPMENT BLOCK GRANT: Mayor Clark opened the Public Hearing.

Ms. Teresa Spires of Isothermal Planning and Development Commission appeared before Council to provide information on the City's proposed Community Development Block Grant (CDBG) application. Ms. Spires stated the proposed CDBG grant would fund sidewalks, housing rehabilitation and demolition on Perry Street.

AA.00000515 (24)

Ms. Spires stated that the applications for this CDBG grant are due in two weeks. The project will concentrate on the twenty houses on Perry Street.
Three of houses need to be cleared due to being dilapidated. There will be ten to twelve houses that will be rehabilitated. A sidewalk extension is planned from the City's existing sidewalk on Baldwin Avenue along Perry Street to the new Eastfield Community Park and the back of Eastfield Elementary School.

Ms. Spires stated that Isothermal hopes to get money from Duke Energy to assist with heating issues. There are other items that will be addressed such as storm drainage issues and water standing in the yard.

There were no citizens present to discuss this item.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the following Resolution authorizing the submission of a CDBG application for housing rehabilitation, demolition and sidewalks in the Perry Street area:

RESOLUTION

BE IT RESOLVED that the City of Marion has authorized the submission of a Community Development Block Grant, Community Revitalization category grant application to the Department of Commerce to address multiple needs on Perry Street. Activities involved include housing rehabilitation, clearance, sidewalks and storm drainage.

BE IT FURTHER RESOLVED that the City of Marion will administer this grant in accordance with the rules and regulations of the Department of Commerce.

BE IT FURTHER RESOLVED that the City will contract with the Isothermal Planning and Development Commission for grant preparation and administration.

BE IT FURTHER RESOLVED that the grant will be monitored quarterly to assure compliance with this proposal and the Department of Commerce regulations.

Adopted by the City Council of the City of Marion this the 15th day of September, 2009.

A. Everette Clark, Mayor

Attest:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-09-15-4

PUBLIC HEARING – ZONING TEXT AMENDMENT – LANDSCAPING ORDINANCE:
Mayor Clark opened the Public Hearing.

Planning and Development Director Heather Cotton advised that the City of Marion had identified the need to amend the City Code to modify the Landscape Standards of Chapter 21 Zoning to be consistent with the recommendations of the Tree Management Plan completed by Davey Resource Group, as part of the City's Urban Forestry Grant project, as well as to clarify language and amend certain "loop holes" in the existing ordinance in an effort to administer a more effective and

AA.00000516 (24)

sustainable ordinance. Ms. Cotton provided a brief summary of items added or amended to the code:

1. Inclusion of two new definitions of terms added to the ordinance.
2. Simplification of definitions for different tree classifications.
3. Minimum planting sizes at installation to increase survival rates and ensure long-term compliance.
4. Tree placement requirements to ensure the longevity and successful life expectancy of trees, as well as reduce potential for improper pruning practices in the future.
5. Minimum standards to protect trees during construction and increase long term survival rates.
6. Penalties for destruction of public trees and violations to provisions of the landscape division.

Ms. Cotton reported that the Planning Board reviewed the proposed ordinance at their meeting on September 3 and voted unanimously to recommend approval of the ordinance.

There were no citizens present to discuss Public Hearing.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to adopt the amendment to the Landscape Standards of Chapter 21, *Zoning*, of the Marion City Code as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 21 *Zoning*, Article VII. *General Provisions*, Division V, *Landscape Standards*, is amended in its entirety by adding the following:

Sec. 21-156. General Provisions.

(1) Purpose and Intent. The purpose of this section is to encourage landscaping throughout the City of Marion hence protecting and enhancing public and private investments, economic and tourism opportunities while providing multiple environmental benefits. The landscaping and buffering standards for new development, as defined in part C, set forth below require landscaping along public right-of-ways, in parking lots, between residential districts and commercial or industrial districts and require screening of certain trash containers, in order to:

(A) Improve the visual quality of the city and minimize potential negative impacts of developments such as noise, dust, glare of lights, parking lots, traffic, heat, overcrowding, and odor.

(B) Provide environmental benefits such as climate modification, decreased energy consumption, reduced impervious surface area and storm water runoff, decreased erosion, improved water and air quality and protection of wildlife habitat.

(C) Safeguard public and private property values and to protect public and private investment.

(2) Definitions. The following words or terms have the meaning as herein defined:

Critical root zone. A circular area surrounding a tree, of which the center is the center of the tree trunk and the radius is the distance from the outside of the trunk to any point twelve (12) times the diameter at breast height (DBH), which points constitute the circumference of the critical root zone.

Diameter at breast height (DBH). The total cross-sectional diameter of the trunk(s) of a tree measured four and one-half (4.5) feet from the ground at the center of the tree.

Evergreen. A tree, shrub, or plant having foliage that persists and remains green throughout the year.

Ground Cover. A prostrate plant growing less than two feet (2') in height at maturity that is grown for ornamental purposes. Ground covers are used as an alternative to grasses. On slopes, ground covers control erosion while eliminating the maintenance of mowing on hillsides. Many ground covers survive in poor soils, shade and other adverse conditions.

Planting area. The area prepared for the purpose of accommodating the planting of trees, shrubs, and groundcovers.

AA.00000517 (24)

Residential Buffer Yard. A row of trees or shrubs reaching a height of at least eight (8) feet in height so that property is screened visually from neighboring residential uses. Buffer strips shall be an evergreen species, or combination of evergreen species dense enough to provide visual screening from the ground level to the mature height of at least eight feet.

Shrub. A woody plant, usually multi-stemmed or well branched from the base, the branches being retained to the ground. When used for buffer plantings, shrubs must also reach a mature height between four and fifteen feet.

Street Buffer. A planting area or strip of land, extending inward from the curb, edge of street, or property line that runs parallel to a public street, and is designed to provide continuity of vegetation along the right-of-way and to soften the impact of development by providing a pleasing view from the road and a more comfortable pedestrian environment, while decreasing noise, dust, litter, glare of lights, and stormwater runoff from impervious surfaces.

Tree, Small. A small to medium ornamental tree, growing fifteen (15) feet to forty (40) feet in height at maturity, that is planted for aesthetic purposes such as colorful flowers, interesting bark, or fall foliage.

Tree, Large. A large tree growing to over forty (40) feet in height at maturity, usually deciduous that is planted to provide a canopy cover for shade.

(3) Landscape Plan Required - A landscape plan is required for:

(A) Any new development in the B-1, C-1, C-2, M-1, or OI districts

(B) Any new development in the R-1 or R-2 district with the exception of single-family, or multi-family developments with less than eight (8) units.

(C) Renovations in the B-1, C-1, C-2, M-1 or OI districts with a total cost exceeding fifty percent (50%) of the assessed value of the building, according to McDowell County tax records, within a twenty-four month time-period.

(D) Expansions exceeding fifty percent (50%) of the pre-expansion floor area or paved surface in the B-1, C-1, C-2, M-1, or OI districts within a twenty-four (24) month time-period.

(E) Existing unpaved parking lots which are paved over or existing paved lots which are demolished and repaved.

(4) Contents of Landscape Plan and Approval Process

(A) Applicants are advised to meet with the Zoning Administrator prior to submitting a plan in order to discuss applicable landscape requirements, other ordinance requirements, and coordination with utility plans.

(B) Whenever an application for a zoning permit and/or a building permit is submitted to the Planning and Development Services Department, a landscape plan shall be submitted if required by section 21-156(3) of this ordinance. Such plan shall be in sufficient detail to enable the Zoning Administrator to determine whether or not such plan, when fully implemented, will comply with these landscaping requirements. The Zoning Administrator shall review the plan and assure compliance with these requirements, and approve or deny the zoning permit accordingly.

(C) A landscape plan shall be drawn to scale and shall contain the location of the streets, street right-of-ways, all existing and proposed structures, utilities, dumpster (trash container), street yards, planting areas, screening, vehicular parking areas with individual parking spaces identified, as well as location of existing and proposed plants and associated characteristics. Plants shall be identified on plan by species (common or scientific name,) size and age. Proposed date of planting shall also be noted on plan. The dimensions of the required street yard and planting areas shall be identified. The landscape plan may be incorporated into the site plan as outlined in section 21-273.2 of this ordinance. A design professional seal is required pursuant to section 302.4 of the North Carolina State Building Code.

(D) Certificate of Occupancy- The landscape shall be completely installed as indicated on the approved plan prior to the issuance of a certificate of compliance/ occupancy. A conditional certificate of occupancy may be issued by the building inspector for the temporary use and occupancy of a building, structure or land for a maximum period of 180 days from the date of the issuance of such certificate whenever the landscaping requirements of this ordinance are not complied with on time. If the landscaping indicated on approved plans in not completely installed within one hundred and eighty (180) days, the conditional certificate of occupancy shall expire and further use of the property shall constitute an illegal use and occupancy of said property.

Sec. 21-156.1. General Requirements and Conditions.

(1) Alternate Methods of Compliance. The landscape requirements herein are intended to be minimum standards for quality development and environmental protection and are not intended to be arbitrary or inhibit creative solutions. An alternative compliance proposal may be used if it is equal or better than normal compliance in its ability to fulfill the intent of this article, and exhibits superior design quality. The Planning Board shall determine whether alternate method of compliance is equal or better than normal compliance and that the intent of this ordinance has been fulfilled.

(2) Safety Considerations. Landscaping shall not obstruct the view of motorists using any street, private drive, parking aisle or other approaches to street intersections so as to constitute a condition endangering the public safety upon any such street, driveway, parking aisle or street intersection.

AA.00000518 (24)

(3) Trees may be planted on the public right-of-way of any public street provided they have been approved by the North Carolina Department of Transportation and the City of Marion, and they do not hinder the repair or construction of public utilities.

(3) All required tree planting and landscaped areas shall be maintained at all times in good, stable and healthy condition.

(4) Large trees shall not be planted within fifteen (15) feet overhead electrical power lines or other overhead utilities.

(6) Planting material greater than two and one-half (2 1/2) feet in height shall not be planted within the clear visibility triangle without approval from the zoning administrator pursuant to Section 21-88 of the city code.

(7) Adequate wheel stops or curbs shall be installed for the protection of required trees and plantings that are adjacent to vehicular parking, display area, or driveway. Wheel stops or curbs shall be a minimum of six (6) inches in height and shall be anchored to the ground, and may be concrete, rot-resistant heavy timber or other effective materials.

(8) In most cases, the applicant shall avoid removing existing vegetation and shall incorporate such vegetation as much as possible in proposed plan.

Sec. 21-156.2. Specific landscaping requirements.

(1) Street Buffer Yard. All land uses to which these landscaping requirements apply with the exception of properties in the C-1, Central Business District, shall provide a street buffer yard along the property.

(A) The minimum size requirement for a buffer yard is based on the following table.

Table: 21-156.1 Street Buffer Yard Requirement.

Street Type	Right-of-Way Width (Feet)	Buffer Yard Width (Feet)
Two-Lane	20 to 50	10
Two-Lane/Four-Lane	51 or greater	20

(B) Reduced buffer yard on corner lot. Land uses located on a corner lot contiguous to two (2) public streets may reduce one required buffer yard width by fifty (50) percent provided that the following conditions are met:

1. All vegetation required prior to the reduction shall be installed within the buffer yard.
2. The reduced buffer yard shall be located on the property deemed to be the side yard or portion of the property adjoining the lesser of the right-of-way widths.

(C) Impervious surfaces, such as driveways, within a street buffer yard shall not exceed twenty-five (25) percent of the required street buffer yard, except that not more than two 25-foot driveways may be permitted for any lot having a street frontage of less than 200 feet in length.

(D) The amount of plant material required in a bufferyard area is measured per every one hundred (100) linear feet and is based on the following table. Calculations shall be rounded to the nearest whole number.

Table: 21-156.2 Required Plant Material

Bufferyard Type	Large Tree	Small Tree[1]	Shrub
10-foot wide	1	2	10
20-foot wide	2	3	14
[1] Two (2) small trees may be substituted for one (1)large tree.			

(D) Minimum planting sizes required at installation are as follows:

Ground cover: Two-inch (2") pot.
Shrubs: Eighteen-inch (18") in height, or three (3) gallon pot.
Small Trees: Five feet (5') in height, one-inch caliper, or seven (7) gallon pot.
Large Trees: Eight feet (8') in height, two-inch (2") caliper, or ten-gallon pot.

(E) Minimum tree placement requirements are as follows:

1. Large Trees – All trees reaching a mature height of thirty five (35) feet or more should be planted a minimum of:
   a. Four (4) feet from the back of the curb, edge of street pavement, driveway, or sidewalk.
   b. Ten (10) feet from all buildings.
   c. Fifteen (15) feet from street lights, utility poles, and above-ground utility wires.
   d. Ten (10) feet from all underground utilities.

2. Small Trees – All trees reaching a mature height of less than thirty five (35) feet should be placed a minimum of:
   a. Three (3) feet from the back of the curb, edge of street pavement, driveway, or sidewalk.

AA.00000519 (24)

b. Five (5) feet from all buildings.
c. Ten (10) feet from street lights, utility poles, and above-ground utility wires.
d. Five (5) feet from all underground utilities, utility vaults, ground level utility structures

(E) Parking, merchandise display, off-street loading, and dumpsters are prohibited in the buffer yard.

(F) Signs are permitted in accordance with section 21-131 of this ordinance.

(G) Provided the required buffer yard width and landscaping is maintained, a buffer yard may contain pedestrian and bicycle paths, or other similar design elements.

(2) Vehicular Parking Areas and Display Areas

(A) All new parking lots with fifteen (15) or more spaces or parking lots expanded to add fifteen (15) or more spaces shall be required to obtain a zoning permit and to comply with this section of the landscape ordinance.

(B) If an existing parking lot is expanded or improved to add fifteen (15) or more parking spaces, it shall comply with the parking lot requirements of the landscape ordinance within the expanded or improved portion.

(C) In new or expanded parking lots with fifteen (15) or more parking spaces; trees shall be planted at a rate of one large tree or two small trees for every fifteen (15) parking spaces.

(D). Required trees shall be located within or adjacent to parking lots as tree islands, medians, at the end of parking bays, traffic delineators, or between rows or parking spaces in a manner such that no parking space is located more than sixty (60) feet from the trunk of a large tree. A minimum planting area of one hundred and fifty (150) square feet of soil surface area shall be required per large tree with a minimum planting area width of nine (9) feet.

(3) Buffers and screening

(A) Any use required to submit a landscape plan as outlined in this article abutting a residentially zoned district or residential use within a residentially zoned district must provide a-buffer yard of ten (10) feet in width between the proposed development and the existing residential district or use. Such buffer yard area shall consist of a dense and solid row of evergreen trees or shrubs at least eight (8) feet in height at maturity.

(4) Trash container (i.e. Dumpsters) screens and/or buffers.

(A) It is the intent of this section to provide for a visual screen and/ or buffers between trash container and dumpster location and all street right-of-ways and adjoining properties.

(B) Trash containers and dumpsters shall not be located in the front yard of any property and shall be screened from view on all side, except for one opening not greater than ten feet in width to allow for service access. If access is difficult, the public works director and the zoning administrator shall determine the acceptable location of the dumpster. Screening may consist of evergreen vegetation growing to over ten feet at maturity or a solid wood fence. Existing vegetation may be used as an alternative method of compliance as set forth in section 21-156.1.

Sec. 21-157. Tree protection.

(1) Protective fencing.

(A) Vegetation that is to be protected on land being developed, as indicated on the approved landscape plan, shall be protected by temporary fencing or other equally effective measures during construction activity. All land disturbing activity, storage of equipment, building material, or other debris shall be kept within the area of development activity and outside of the protective fencing.

(2) Treatment of Trees. No nails, ropes, cables, signs, fencing, streamers, banners or other material shall be attached to any part of any tree.

(3) Public Land.

(A) It shall be unlawful to.

1. Plant, prune, remove, or apply chemicals that are harmful to or disturb any tree or the soil within the critical root zone of any tree; or

2. Clear vegetation, begin any excavation, remove soil or place fill on any public land or easement owned maintained by the City of Marion.

(4) Prohibited Trees. It shall be unlawful to plant any invasive exotic plant material or tree within the City of Marion.

AA.00000520 (24)

(5) Abuse and mutilation of trees. It shall be a violation of this division to damage, destroy, or mutilate any tree or shrub in a public right-of-way or any public place.

(6) Public Hazards. It shall be the duty of the property owner where a public hazard exists, to abate the hazard by removing or trimming the growth. If the owner of property, after being notified of the existence of a public hazard on their property, fails to abate the hazard within thirty (30) days the City of Marion shall have the hazard abated and assess the exact cost to the owner as provided by law in the case of special assessments or liens.

(7) Removal of Trees.

(A) Trees and shrubs shall not be removed from public property or public right-of-way or easement without approval from the City of Marion Tree Board.

(B) The City retains the right to remove any tree on any public street right-of-way or easement owned or maintained by the City which is necessary to permit the proper maintenance or improvement of the public street or abate a public hazard.

Section 21-158 Penalties.

(1) Any person(s) constituting a violation of this article resulting in the loss or destruction of a tree located on public property shall be subject to a civil penalty equivalent to 1.5 times the monetary value of the tree(s) removed or destroyed plus the cost to replace the destroyed trees with new tree(s) with a total diameter at breast height (DBH) equal to that of the destroyed tree(s).

(2) Unless otherwise specified, the City of Marion shall enforce the provisions of this division in accordance with procedures, penalties, and remedies described in Section 1-10 Code Enforcement of the Marion City Code.

Secs. 21-159--21-160. Reserved.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of September 2009.

A. Everette Clark
Mayor

ATTEST:
J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-09-09-15-6

CONSIDER ADOPTION OF REVISED CITY TREE ORDINANCE:

Planning and Development Director Heather Cotton advised that the City of Marion has identified the need to amend the City Code to modify Chapter 19 Trees to be consistent with the recommendations of the Tree Management Plan completed by Davey Resource Group, as part of the City's Urban Forestry Grant project, as well as to clarify language in the existing ordinance in an effort to administer a more effective ordinance. Ms. Cotton provided the following brief summary of items added or amended to the code:

1. Inclusion of five new definitions of terms added to the ordinance and one amended item.
2. Minor text amendments to provide consistency in terms used throughout the ordinance.
3. Inclusion of a new Article for a city arborist, who by definition may be a citizen, consultant, staff person in the City of Marion who has experience with forestry management.
4. Removal of language allowing for tree topping in certain situations offer no other solutions. (Recommendation in such case is to remove the hazard tree)
5. A reference to existing enforcement procedures for violations to the Marion City Code.

Mayor Clark asked how the ordinance would affect utility companies, especially Duke Energy, that cut trees on public property. The City Manager stated that the City could work with Mr. Phil Ray, Duke Energy Representative for the City of Marion Tree Board, to make sure that Duke personnel and contractors are aware of proper pruning techniques and the City's expectations.

Mayor Pro Tem Little mentioned the kudzu growing near the City Hall Parking Lot and what needs to be done to control it.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, Council voted unanimously to adopt the following Ordinance:

AA.000000521 (24)

AN ORDINANCE
AMENDING CHAPTER 19 TREES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 19, Trees, of the Code of Ordinances, City of Marion, North Carolina, is amended in its entirety as follows:

ARTICLE I.

IN GENERAL

Sec. 19-1. Purpose.

(a) The purpose of this chapter is to regulate the planting, maintenance and removal of trees on municipally owned public property and rights-of-way within the city and on municipally owned property wherever located. In order to protect and conserve trees on public property and rights-of-way, this chapter provides for the pruning, treatment and removal of trees and shrubs as is deemed necessary by the city council. This chapter is also intended to provide for the trimming or removal of trees on public land when they obscure street lights, interfere with utility lines, or constitute a hazard to pedestrian or vehicular traffic, or otherwise endanger the public health, safety or welfare.

(b) Another purpose of this chapter is to encourage the protection of trees and express the city's intent to use trees to create a more natural and amenable human environment. This chapter is not intended to be punitive nor to cause hardship to any person who uses the utmost care and diligence to protect trees within the city or on city property.

(c) This chapter shall further provide for the establishment of an advisory committee known as the tree board which shall be responsible for promoting trees and tree care throughout the city and for developing a city tree plan.

Sec. 19-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

City Arborist a citizen, consultant, or staff person skilled and trained in forestry that assists the City with maintaining a healthy urban forest.

Large Tree means a large tree growing to over forty (40) feet in height at maturity, usually deciduous that is planted to provide a canopy cover for shade.

Master Tree Plan means a written document that guides the work of the urban forestry program.

Medium Tree means a tree growing thirty (30) feet to forty (40) feet in height at maturity.

Public tree means trees, shrubs, and bushes now or hereafter growing on any public street right-of-way or public land within Marion corporate limits.

Small Tree means a small to medium tree, growing fifteen (15) feet to thirty (30) feet in height at maturity that is planted for aesthetic purposes such as colorful flowers, interesting bark, or fall foliage.

Street tree means any tree, shrub, and bush on land lying within rights-of-way on either side of all streets, avenues, or ways within the city.

Urban Forest means the collection of shrubs, trees, vegetation, and associated natural features that make up the city tree canopy and the area required for its sustainable growth.

Urban Forestry means the planning, establishment, protection, and management of trees, vegetation, and associated natural features, individually, in small groups, or under forest conditions within the city.

Sec. 19-3. Permit.

AA.0000000522 (24)

It shall be unlawful for any person to prune, treat, or remove any street tree or park tree within the city without first filing an application and procuring a permit from the city manager. The city maintains the right to review the application and the tree in question in determining whether or not to issue a permit.

Sec. 19-4. License and bond.

It shall be unlawful for any person to engage in the business or occupation of pruning, treating, or removing street or park trees within the city without first applying for and procuring a license. The license shall be required of any public service company or city employee doing such work in the pursuit of his public service endeavors. No license shall be issued to any person until such person shall have filed with the city manager an insurance policy in the minimum amounts of $100,000.00/$300,000.00 for bodily injury and $50,000.00 property damage indemnifying the city or any person injured or damaged resulting from the pursuit of such endeavors as described in this chapter.

Sec. 19-5. Penalty.

Any person violating any provision of this chapter shall be, upon conviction or plea of guilty, punished in accordance with the provisions of section 1-10.

Secs. 19-6--19-25. Reserved.

ARTICLE II.

TREE BOARD

Sec. 19-26. Creation and establishment.

There is hereby created and established a tree board for the city which shall consist of six (6) members who shall be citizens, and residents of this city. Such members shall be appointed by the mayor with the approval of the city council. Ex officio members may be appointed as necessary.

Sec. 19-27. Terms of members.

The term of the six (6) persons to be appointed by the City Council shall be three (3) years except that the terms of two (2) of the members appointed to the first board shall be for only one (1) year and the term of two (2) members of the first board shall be for two (2) years. If a vacancy shall occur during the term of any members, his successor shall be appointed for the unexpired portion for the term.

Sec. 19-28. Compensation.

Members of the tree board shall serve without compensation.

Sec. 19-29. Duties and responsibilities.

(a) It shall be the responsibility of the tree board to study, investigate, counsel, develop, update annually, and administer a written master tree plan for the care, preservation, pruning, planting, replanting, removal or disposition of trees and shrubs in parks, along streets and in other public areas. Such plan will be presented annually to the city council and upon its acceptance and approval shall constitute the official comprehensive city tree plan for the city.

(b) The tree board, when requested by the city council, shall consider, investigate, make findings, report and recommend upon any special matter or question coming within the scope of its work.

(c) The tree board shall, in addition, serve as an advisory board to the city council with the following duties and responsibilities:

(1) Facilitate the planting, growth and protection of trees within the city;

(2) Foster the communication among the citizens of the city that would provide the needed protection of trees and to coordinate active measures to support their health and growth within the city;

(3) Conduct a tree inventory of existing trees along streets and on public property within the city;

(4) Investigate available grants, loans or contributions from other governmental agencies, public or private

AA.00000523 (24)

corporations, or individuals, and recommend the expenditures of any proceeds toward the accomplishment of the board's purpose; and

(5) Conduct continuing research, planning, and feasibility studies required to support the purpose stated herein.

(d) The tree board shall also be responsible for developing an official street tree species list comprised of three (3) groups of trees: small trees, medium trees, and large trees. No other trees other than those included in the list may be planted as street trees without permission of the tree board.

(e) The tree board will be responsible for establishing guidelines for the spacing of city trees in accordance with the tree species size classes in the official street tree species list. These guidelines will cover spacing between street trees, the distance street trees may be planted to overhead and underground waterlines, sewer lines, transmission lines, or other utilities, and any other areas involving the spacing of street trees, park trees, or city-owned trees.

(f) The tree board shall submit an annual report of its activities and recommendations to the city council and shall submit copies of its minutes and the proceedings of its regular and special meetings.

Sec. 19-30. Operation.

The tree board shall adopt rules for the transaction of its business and shall keep a record of its members' attendance and of its resolutions, discussions, findings, and recommendations, which record shall be a public record. The tree board shall set a regular schedule for meetings, and the chairman may call a special meeting upon request of a majority of members of the tree board. A majority of the members shall be a quorum for the transaction of business.

Sec. 19-31. Interference.

It shall be unlawful for any person to prevent, delay or interfere with the tree board while engaging in and about the planting, cultivation, mulching, pruning, spraying, or removal of any street trees, park trees, or trees on public grounds as authorized in this chapter.

Sec. 19-32. Review of acts and decisions by city council.

The city council shall have the right to review the conduct, acts and decisions of the tree board. Any person may appeal from any ruling or order of the tree board to the city council who may hear the matter and make a final decision.

Secs. 19-33--19-39. Reserved.

ARTICLE III.

CITY ARBORIST

Sec. 19-40. Qualifications of a city arborist.

A City Arborist is a person who, where possible, has over three years experience in forestry management, is a certified arborist by the International Society of Arboriculture, municipal specialist, and/or utility specialist.

Sec. 19-41 Duties of the city arborist.

The City Arborist shall have the following duties:

1. Shall serve as a member or Ex officio to provide technical assistance to the tree board.
2. Assist the city staff and/or paid contractors with proper pruning practices.
3. Assist the City with maintaining an inventory of public trees.
4. Assist with tree selection and planting to add new trees and/or replace dead or diseased trees.
5. Provide advice on public trees as part of capital improvement projects for the City.

Secs. 19-42--19-49. Reserved.

ARTICLE IV.

MANAGEMENT

Sec. 19-51. Public trees.

(a) The city shall have the right to plant, prune, maintain and remove trees, plants and shrubs within the public right-of-way of all streets, alleys, avenues, lanes, squares and public grounds as may be necessary to ensure public safety or to preserve or enhance the symmetry and beauty of such public grounds.

AA.000000524 (24)

(b) The City may remove or cause or order to be removed, any publicly owned tree or part thereof which is in an unsafe condition or which by reason of its nature is injurious to sewers, electrical power lines, gas lines, water lines, or other public improvements, or is affected with any injurious fungus, insect or other pest. This section does not prohibit the planting of street trees by adjacent property owners providing that the selection and location of such trees is in accordance with the guidelines for planting and spacing developed by the tree board. The tree board may reserve the right to approve any plantings that take place in right-of-way areas.

Sec. 19-52. Tree topping.

It shall be unlawful as normal practice except as provided in this section for any person to top any street tree, park tree, or other tree on public property. Topping is defined as the severe cutting back of limbs to stubs larger than three (3) inches in diameter within the tree's crown to such a degree so as to remove the normal canopy and disfigure the tree.

Sec. 19-53. Removal of stumps.

All stumps of street trees and park trees shall be removed below the surface of the ground so that the top of the stump will not project above the surface of the ground.

Sec 19-54. Enforcement.

Unless otherwise specified, any person, firm, corporation in violation of compliance with any provisions of this Ordinance shall be subject to the procedures, penalties, and remedies described in Section 1-10 Code Enforcement of the Marion City Code.

Section 2. This ordinance amending the Marion City Code shall become effective upon its adoption.

ADOPTED this the 15th day of September, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

ORDINANCE NUMBER: O-09-09-15-7

CONSIDER AMENDMENT TO PLANNING AND INSPECTIONS FEE SCHEDULE:

Planning and Development Director Heather Cotton advised that the Planning Board discussed at their September 3 meeting changing the previous Planning Board recommendation to the City Council regarding the fee schedule for mobile food cart vendors locating in the C-1 Central Business District. Ms. Cotton stated that two points were raised in defense of raising the fee schedule.

1. The price of real estate to operate a mobile food cart is too low and, by increasing the cost, it will "level the planning field" for all downtown merchants.
2. Raising the cost of permit fees will insure that professional operations will locate in the downtown.

Ms. Cotton advised that the Planning Board was in general agreement that the permit fee should be increased, and a recommendation was made that the current fee of $100.00 be increased to $1,200.00 ($100.00 per month) to operate in each of the five locations in the C-1 Central Business District. The Planning Board presented an ordinance including the proposed fee increase for Council's consideration.

Mayor Pro Tem Little stated that it needed to be understood that such an increase would not apply for the first year to Ms. Lisa Miller (Dixie Dogs) who had already been approved for a permit at the $100 level.

Councilman Cuthbertson asked what would happen if a vendor vacates a location. At that point, could anyone take that location?

AA.000000525 (24)

Mayor Clark stated that the City would definitely need something in writing before declaring a space to be vacated.

Councilman Owenby stated that he is against raising the price for the vendors. He said he believed the $100 permit fee per year was appropriate.

Councilman Martin stated that he does not understand why this is such a hard issue to address. He said that $1,200 per year sounded too high but that he could accept a smaller amount of around $600 per year.

Mr. Bruce Brown, owner of Brice's Fabulous Foods on South Main Street, was present for this meeting and stated that he is not afraid of fair competition. However, he does not think that unfair competition in the form of a $100 permit fee for a vendor on the sidewalk is right. Mr. Brown said that he has to have hand washing stations and restrooms, while mobile food vendors do not. He stated that he has to pay for frequent inspections from the Health Department.

Mr. Brown added that, when one vendor sells hot dogs and then another perhaps starts selling hamburgers, his business will be affected. He stated that he strongly believed that the City should have a fair playing field in the downtown area and that $100.00 is not fair.

Councilman Edwards stated that he feels Mr. Brown is right. The restaurants downtown already struggle and Council has a duty to help the downtown area. Councilman Edwards said that he missed the meeting when the $100 permit. He stated that he wished he had been at the meeting and that he believes that a higher permit fee is needed.

Councilman Owenby asked who bills Mr. Brown for his inspections as he had not heard of restaurants paying for their inspections. Mr. Brown stated that his wife pays the bills so he could not state how the amount is billed or how much he pays.

Mayor Pro Tem Little stated that even mobile vendors are inspected.

Mr. Brown stated that every bit of business that a mobile vendor takes from downtown food service establishments will hurt their business.

Mayor Pro Tem Little stated that a lot of this discussion is academic as there is only one vendor that has applied for a permit and that vendor has yet to begin selling food on the sidewalk two weeks after being approved.

Mayor Clark stated that Council can change the permit fee if it deems appropriate.

Councilman Owenby stated again that he would like to see the permit fee for mobile food vendors left at $100.00 per year. Councilman Owenby made a motion for Council to leave the permit fee for mobile food vendors at $100.00 per year.

The motion died from a lack of a second.

Councilman Cuthbertson stated that $1,200 per year will preclude persons from locating mobile food vendor carts downtown.

Councilman Edwards stated that $25.00 a week for rent space on a downtown sidewalk is inexpensive.

Mayor Clark stated that Council should consider these fees annually instead of monthly, since it was not practical to put the City and vendors through having to issue monthly permits.

AA.0000000526 (24)

Mr. Brown suggested that the fees could be invoiced twice a year or perhaps quarterly.

The City Manager stated that the fees need to be tied to a permit time period that should ideally be as long as possible.

Mayor Pro Tem Little stated that no one can say what is being proposed by the Planning Board is right or wrong. Council's purpose here is to encourage the downtown area to grow.

Mayor Pro Tem Little made a motion amending the Planning and Inspections Fee Schedule to provide for mobile food vendor permits to be issued in six month intervals January through June and July through December, at a cost of $600 per six months. This motion was seconded by Councilman Cuthbertson.

Mr. Brown stated that if the City really wanted to market downtown to mobile food vendors, it could allow for quarterly permits.

A discussion followed.

Ms. Cotton stated that she had some administrative questions about the proposal.

Mayor Clark suggested a procedure for prorating applications submitted after the beginning of a six month time period.

Councilman Edwards stated that the City Manager could address administrative details and bring back any recommendations necessary for further Council review in the future. Councilman Edwards called for the question on this item.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted to adopt the following ordinance amending the Planning and Inspections Fee Schedule:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND DEVELOPMENT DEPARTMENT TO INCLUDE MOBILE FOOD VENDING PERMIT FEES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. That the City of Marion Planning & Development Department Fee Schedule be amended to include the following:

Mobile Food Vendor Permit. The City of Marion shall charge a $600.00 administrative permit fee for the operation of one (1) mobile food vendor unit in the City of Marion in the C-1 Central Business District, said permit to be issued for either a time period of January 1 – June 30 or July 1 – December 31; and a $100.00 administrative permit fee for the operation of one (1) mobile food vendor unit in all other approved zoning districts, each additional mobile food vending unit and/or location shall be $50.00.

SECTION 2. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of September 2009.

A. Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-09-09-15-9

AA.00000527 (24)

The vote carried 4 to 1 as follows:

Mayor Pro Tem Little	Yes
Councilman Cuthbertson	Yes
Councilman Edwards	Yes
Councilman Martin	Yes
Councilman Owenby	No

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIATION – PRESENT YEAR-END REVIEW: Mr. Marc Cook, President of the Marion Business Association (MBA), appeared before Council and presented a review of the 2008-09 accomplishments and activities of the Marion Business Association.

July- Successful July 4th celebration, good band and fireworks display. Historic Marion Tailgate Market continues in West Henderson Street parking lot with great community support. Began first year as Marion Business Association, serving all businesses in the City of Marion.

August - Held successful membership meeting in conjunction with August First Friday Concert. Great music by Brother Dave Band. Depot Bluegrass Jam celebrated three years of continuous Thursday night music. It continues to be popular music venue.

September - Planning and organization for Mountain glory festival. Terry McKinney and Friends performed at the depot on Labor Day evening. Scott Davis Band did a great First Friday Concert. Gas crisis and economic downturn affects local businesses.

October - Held successful 25th Annual Mountain Glory Festival. Very good attendance even with gas crisis. City expanded the event into a 3rd block. Added petting zoo that was popular.

November - Held successful Christmas Parade. NC STEP presented goals for STEP grant.

December - Promotions Committee had a successful "Melodies on Main".

January - 11th Annual Inmate Luncheon for DOC Community Work Crews. Unveiled "Made in McDowell" Logo. The Board reviewed new Christmas Parade guidelines.

February - The MBA and MACA sponsored Winter First Friday Concerts at MACA.

March - The MBA and MACA sponsored Winter First Friday Concerts at MACA. Partnered with McDowell News to sponsor "On Track" , a monthly page about activities and business assistance in Marion to be paid for by ads on the page.

April - The MBA and MACA sponsored Winter first Friday Concerts at MACA. Partnered with YMCA for Easter Egg Hunt.

May - Annual Sidewalk Yard Sale had good response. Shade Shelter under construction, trusses fell on Memorial Day. City and STEP Leadership Committee offered $4,000.00 grants to small businesses located in the City of Marion.

AA.000000528 (24)

June - Very successful Third Annual Livermush Festival and First Friday concert. WIFI up and running in downtown Marion. Dedication of the Historic Marion Tailgate Market Shade Shelter.

Mr. Cook added that there have been 5 new businesses come into the City and 8 close during the past year.

MBA Executive Director Freddie Killough stated that Mr. Cook is doing a great job as President of the MBA this year. She appreciates all the sacrifices he has made for the association.

The City Manager stated that the MBA Board is fortunate. They have lost long term members; however they have some great new members.

MBA Events Coordinator Bobbie Young advised that long time MBA Board Member Kathy Rabb has been selected by the MBA as the City's Main Street Champion for 2009. Ms. Young also announced that this year's Grand Marshal of the Christmas Parade would be Mayor Clark.

Mayor Clark stated that he appreciates this honor.

Ms. Young also advised Council of some changes to the Christmas Parade, including requirements for entries to register for the Parade. Ms. Young stated that the MBA plans to make this year's Parade the safest and best ever held.

The City Manager added that, based on problems experienced last year, the MBA had also proposed enforcing the rule that all entries are to be decorated, to allow only one vehicle per business, with some exceptions, and to require that all entries stay in motion and not create large gaps in the Parade.

Mayor Pro Tem Little asked if the High Steppers from Asheville would be back in the Parade this year. Ms. Killough stated that the High Steppers had undergone some transitions and may not be ready this year.

Ms. Killough also advised that the Community Innovators Committee of the N.C. STEP Program has proposed to have a series of economic development forums at the Depot on a monthly basis between November and March. The Committee intends to invite State leaders and experts in economic developments, along with the Mayor and Council and other local elected officials and leaders.

Mayor Pro Tem Little stated that this is an extraordinary effort being undertaken by the Committee and made a motion to waive the rental fee for the Depot for the economic development meetings to be held on a monthly basis at the Depot by the Community Innovators Committee between November and March. The motion was seconded by Councilman Cuthbertson. All members present voted in favor and the motion passed.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

DISCUSS GARBAGE ORDINANCE: The City Manager stated that, as requested by Council, staff collected information on the approximate number of residences in the City placing garbage by the street for collection and the approximate number of residences leaving garbage cans by the street the day after collection.

On our Tuesday route, which is the Eastfield community, 105, or 32.01 percent, of the estimated 328 residences placed their garbage by the street for collection. On the day after collection, 21, or 6.40 percent, of the estimated 328 residences still had garbage cans out at the street.

AA.000000529 (24)

On our Wednesday route, 117 residences placed their garbage by the street for collection. On the day after collection, 40 residences still had garbage cans at the street.

On the Thursday route, 155 residences placed their garbage by the street for collection. On the day after collection, 54 residences still had garbage cans at the street.

On the Friday route, 177 residences placed their garbage by the street for collection. On the next business day after collection, 54 residences still had garbage cans at the street.

The City Manager reported that, out of an estimated total of 2,608 residences in the City, a total of 554, or 21.24 percent of total residences, placed their garbage by the street for collection. On the day after collection, a total of 169 residences, or 6.48 percent of total residences, still had garbage cans at the street.

The City Manager stated that, as previously reported, the City does not have ordinances that require residents to remove garbage cans from the street after the day of collection.

The City Manager presented Council with sample language from other cities for their consideration. He said that it appears that many cities set a limit on how early garbage cans can be placed at the street and require garbage cans to be removed within a few hours or one day of collection. There were some cities that did not have such requirements, including Forest City and Shelby. If Council wishes to consider such an ordinance, the City Manager stated that he could draft an ordinance for Council review at a later date.

Some of the ordinance examples from other cities were as follows:

Asheville

Sec. 15-46. Post collection procedures.
Refuse receptacles returned to curbside after collection shall be removed to the approved storage location by 11:00 p.m. of the day of collection. The property owner or occupant shall be responsible for such removal.
(Ord. No. 3625, § 1, 5-27-08)

Brevard

(c) *Placement.* Refuse containers shall be placed for collection at ground level and directly accessible from the street or alley from which collection is made. Residential refuse containers shall be placed at curbside prior to collection and shall be removed within reasonable time thereafter. A suitable permanent location, satisfactory to the director, may be established for containers of commercial customers.
(Code 1980, §§ 17-83--17-85)

Conover

(g) Containers shall be stored on the owner/occupants property for collection in a suitable location. Containers must be removed from the public right-of-way following collection.

Davidson

(b) Rollout carts may be placed at the curb on the night before the scheduled pickup. Rollout containers and other receptacles must be removed from the curb and placed out of sight by 8:00 a.m. on the day after they are collected. It is the responsibility of the householder to pick up loose debris around the collection area.

Hendersonville

(2) *Time requirements.* The mobile containers shall be placed in the required location for collection no earlier than 7:00 p.m. on the day preceding a designated pickup day and shall be removed from the curbside location no later than 7:00 p.m. on the designated pickup day. Except during these hours, the containers shall be kept in a location no closer to the street than the front line of the residence. Containers must be curbside no later than 7:00 a.m. on collection day.

AA.00000530 (24)

Hickory

(b) Rollout containers shall be placed for service as follows:

(1) For those residences serviced from the street and receiving curbside service, refuse containers are to be placed at the curb not prior to 8:00 p.m. the night prior to the day of the collection and no later than 7:00 a.m. on the day of collection.
(2) Rollout containers must be removed from the collection point not later than 9:00 p.m. the day of collection.

Lenoir

Sec. 17-22. Storage.

Every person producing or having refuse on his property shall provide enough refuse containers to store all the refuse from one collection day to the next. The refuse containers shall not be permanently placed on the street right-of-way. (Code 1977, § 4-2012)

Mooresville

(b) Roll-out containers may be placed at the curb on the night before the scheduled pickup. Roll-out containers and other receptacles must be removed from the curb by 6:00 a.m. on the day after they are emptied. It is the responsibility of the householder to pick up loose debris around the collection area.

Newton

(a) *Collection schedule; placement for collection.* Collection of garbage and recyclables will be once weekly on the same day. All garbage containers, trash, and recycling bins shall be placed on the street no earlier than dusk on the evening prior to scheduled collection and no later than 7:00 a.m. on collection days. Containers shall be removed as far as practical and out of sight, where possible, from the street by the owner or occupant of the premises by midnight on the day of collection. No containers of any type are to be placed, kept or left on the street for any purpose from midnight Friday until dusk Sunday unless approved by the director. Failure to abide by this provision will result in the following penalty: Residents who place or leave their garbage containers and recycling bins on the street will be in violation of this section and shall receive a warning for the first offense. Second or future violations will result in a $25.00 citation. Appeals can be made to the public works director or his designee.

Statesville

Rollout containers may be placed at the curb on the night before the scheduled pickup. Rollout containers and other receptacles must be removed from the curb by 8:00 a.m. on the day after they are collected. It is the responsibility of the householder to pick up loose debris around the collection area. No person shall be entitled to use more than two (2) rollout containers per pickup.

Waynesville

(d) It shall be the duty of the landlord, tenant, or storekeeper not to allow a receptacle to remain on the street right-of-way for a period of longer than 12 hours after the receptacle is emptied by the street/sanitation department.

Mayor Clark suggested that staff draft a letter or flyer stating that the City offers backyard service just as a reminder.

The City Manager stated that a letter would work for some and not others. There are citizens that do not allow City vehicles or staff in the back of their property and choose to bring their garbage to the street. He added that citizens are actually doing the City a favor when they bring their trash bins out to street. This saves staff time and on fuel costs.

A discussion followed.

It was the consensus of Council to have staff place a flyer or door hanger at residences placing their garbage at the street, asking them to remove garbage cans from the street by the end of the day of collection. It was agreed that if this approach does not work, Council could consider an ordinance in the future.

AA.00000531 (24)

DISCUSS POSSIBLE PURCHASE AND FINANCING OF FIRE TOWER TRUCK: Finance Director Harriett Thomas advised that she had recently sent out requests for proposals for financing $860,000 for the purchase of a new tower truck for the Fire Department to all area banks and banks with which the City has had financing relationships in the past, such as BB&T and RBC. Ms. Thomas stated that she received responses from four banks. After receiving the responses, she learned that the Local Government Federal Credit Union (LGFCU) was now doing government financing, so she also requested information from them. In addition, City staff we had a meeting with a representative of the United States Department of Agriculture (USDA), Marvin Hutchinson, to discuss the possibility of USDA financing of the truck.

The following is a summary of the results received from the banks:

Bank	Rate	Term	Annual Payment
RBC Bank	5.23%	10 yrs	$110,988.88
Asheville Savings	3.99%	10 yrs	$104,717.52
Mountain 1st	5.63%	10 yrs	$113,056.92
BB & T	4.19%	10 yrs	$105,714.68

Ms. Thomas stated that ten years is the maximum length of time a commercial bank will finance a vehicle. The LGFCU also responded, but would only finance 80 percent of the purchase price for ten years on a vehicle.

Ms. Thomas reported that the conversation with the USDA resulted in Mr. Hutchinson sending an application that staff is working to submit. The USDA appears willing to finance the truck for 20 years at 4.375% for an annual payment of $64,961.74. This loan would not have a prepayment penalty, so should cash flow permit, the City could possibly make additional payments to reduce the amount of interest paid.

The City Manager suggested that Council give tentative approval to a 20 year financing term with USDA for the fire tower truck. Formal approval will be needed by Council once the loan offer is received from USDA.

Mayor Clark stated that Council may want to look at a 15 year financing term, as the City would pay a great deal of interest for a 20 year financing term.

Mayor Pro Tem Little stated that he would rather go with a 20 year financing term and make additional payments.

Mayor Clark said that he had no problem with the 20 year financing term if the City will make efforts to make additional payments, to lessen the actual payment period.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to give tentative approval for the financing of a fire tower truck in the amount of about $860,000 for a 20 year term with the United State Department of Agriculture, as recommended by staff.

Note: Councilman Martin left the meeting after this motion.

CONSIDER APPROVAL OF ORDINANCE TO AMEND CITY TRAFFIC SCHEDULE: The City Manager stated that he had drafted an ordinance to amend the Traffic Schedule to make three changes, as follows:

AA.000000532 (24)

A. The first change involves revising the stop signs at McDowell Avenue and Oak Street. DOT has nearly completed the McDowell Avenue extension project. Staff would recommend that traffic on Oak Street stop in both direction and traffic on McDowell Avenue have the right of way proceeding through the intersection. The enclosed ordinance deletes the stop sign on North McDowell Avenue at Oak Street and adds a stop sign on westbound Oak Street at McDowell Avenue. There is already a regulation for a stop sign on eastbound Oak Street at McDowell Avenue.

B. The second changes modifies the no right turn on red regulation at Main and Court Streets. Instead of right turn on red movements being prohibited at all times at Main and Court Streets, right turn on red movements will be prohibited at this intersection Monday through Friday 8:00 a.m. to 5:00 p.m. This change matches the signs recently installed by DOT at the intersection.

C. The third change adds a stop sign at the intersection of Woodvine Drive and Hillcrest Drive. Woodvine Drive was previously a private street that was taken over by the City after an annexation that took effect last year. A stop sign is needed for safety reasons.

The City Manager stated that he would recommend approval of the proposed Traffic Schedule Ordinance that would make the three changes noted above.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to adopt the following Ordinance amending the Traffic Schedule as recommended by the City Manager:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
MCDOWELL AVENUE (NORTH)	STOP SIGN	AT OAK ST.
MAIN STREET (NORTH)	NO RIGHT TURN ON RED	AT COURT STREET SOUTHERLY
MAIN STREET (SOUTH)	NO RIGHT TURN ON RED	AT COURT STREET NORTHERLY
COURT STREET (EAST)	NO RIGHT TURN ON RED	AT MAIN STREET WESTERLY
COURT STREET (WEST)	NO RIGHT TURN ON RED	AT MAIN STREET EASTERLY

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
OAK STREET (EAST)	STOP SIGN	WEST BOUND AT MCDOWELL AVENUE
MAIN STREET (NORTH)	NO RIGHT TURN ON RED MONDAY	AT COURT STREET SOUTHERLY

AA.000000533 (24)

	THROUGH FRIDAY 8:00 A.M. TO 5:00 P.M.	
MAIN STREET (SOUTH)	NO RIGHT TURN ON RED MONDAY THROUGH FRIDAY 8:00 A.M. TO 5:00 P.M.	AT COURT STREET NORTHERLY
COURT STREET (EAST)	NO RIGHT TURN ON RED MONDAY THROUGH FRIDAY 8:00 A.M. TO 5:00 P.M.	AT MAIN STREET WESTERLY
COURT STREET (WEST)	NO RIGHT TURN ON RED MONDAY THROUGH FRIDAY 8:00 A.M. TO 5:00 P.M.	AT MAIN STREET EASTERLY
WOODVINE DRIVE	STOP SIGN	AT HILLCREST DRIVE

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of September, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-09-09-15-8

Councilman Owenby stated that he still thinks that the City will eventually need a traffic signal Oak Street/McDowell Avenue intersection.

ADD ON – PAINTING OF DOWNTOWN POLICE PARKING SPACES: Mayor Pro Tem Steve Little suggested that the police parking spaces located downtown be painted with a blue outline and include text stating that the spaces are for police parking only.

It was the consensus of Council that this would be a good idea and to request staff to complete this work.

CITY MANAGER REPORT: The City Manager gave a brief report on current projects.

The City Manager stated that the quilt blocks previously approved by Council have been installed on either end of the Depot. He complimented the McDowell Arts Council President Heather Cotton and people involved with the new McDowell County Quilt Trail for this work.

The Farmer's Market is winding down for the season. On September 22, one of the last days of the Tuesday market, the YMCA will take food sold at the market and give a healthy cooking demonstration. The growers, MBA Executive Director Freddie Killough and Cooperative Extension Director Dan Smith all thought this would be a nice conclusion to the season. Dan and Freddie are working to schedule other markets during the fall and winter, such as a pumpkin market and a green market.

AA.000000534 (24)

The City Manager advised that Wal Mart had donated $2,000 to the Farmer's Market project, bringing the total amount pledged and raised for the project to $54,000. He stated that this donation should ensure that the entire project, including wiring work, will be completed without the use of any City funds.

The City Manager stated that he had spoken to Police Chief Mika Elliott about the idea of Councilman Owenby for the Police Department to complete regular checks on elderly persons living alone in the City. Chief Elliott thought this was a great idea. His only concern was ensuring follow through with telephone calls on a daily basis if we have large numbers of people signing up for such a program. The City Manager stated that staff subsequently learned that the Sheriff's Department will soon revive an old program to make regular calls to elderly citizens, using an automated dialing system. Chief Elliott talked to Sheriff Greene and determined that the program will be designed to work very closely to the way suggested by Councilman Owenby, except that an automated phone dialer will be used instead of humans to make the calls. After a period of time, law enforcement could be dispatched to check on people not responding to the phone calls. Sheriff Greene is willing to have this program be a joint effort between his department and the Marion and Old Fort Police Departments.

The City Manager stated that the City would help to promote sign ups for the program, have forms available at City buildings for sign ups and would check on people who live in the City who did not respond to the phone calls. He added that this program seems to meet the goals discussed by Council at the Planning Session of checking on elderly citizens without placing an undue burden on staff for making numerous daily phone calls.

Sheriff Greene indicated that the Sheriff's Department has the necessary computer software and is waiting on a computer they have ordered. He proposed a joint press conference to announce the program. Since things may move quickly with this program, the City Manager said he wanted to make sure that Council had no problem with the City participating in this program. Mayor Clark and Council members expressed no objections to the City participating in this program.

The City Manager advised that he had asked staff to come up with recommendations and options for the replacement of hollies on Main and Henderson Streets by early October, at which time the options can be discussed with the Tree Board, the MBA Board, the public and Council.

The City Manager stated that staff is also working to produce a rendering of the revised Downtown Streetscape Plan preferred by Council, so that the plan can be presented to the MBA Board, public and Council for review within the next two months. The City can also then obtain some preliminary feedback from DOT. He added that he had spoken to DOT District Engineer Doug McNeal, who felt that the three lane section on Main Street with parallel parking stood a much better chance of approval with DOT than did a two lane section with angled parking on both sides.

The City Manager stated that Planning and Development Director Heather Cotton is working to finalize a plan for way finding signage in the downtown area and around the City, as part of the N.C. STEP Program. He said that staff hoped to have recommendations for review by the N.C. STEP Leadership Committee, MBA Board, downtown merchants, the public and Council by late October.

The City Manager advised that the City is in the process of switching banking services from Bank of America to Mountain First Bank. This process will be completed no later than October 1.

The City Manager advised that the City had not received further reports of problems with the downtown wireless network since one of the antennas on the Griffith building was moved. He added that City staff will be resetting the system weekly as a precaution and that he has asked MBA

AA.000000535 (24)

The City Manager advised that Wal Mart had donated $2,000 to the Farmer's Market project, bringing the total amount pledged and raised for the project to $54,000. He stated that this donation should ensure that the entire project, including wiring work, will be completed without the use of any City funds.

The City Manager stated that he had spoken to Police Chief Mika Elliott about the idea of Councilman Owenby for the Police Department to complete regular checks on elderly persons living alone in the City. Chief Elliott thought this was a great idea. His only concern was ensuring follow through with telephone calls on a daily basis if we have large numbers of people signing up for such a program. The City Manager stated that staff subsequently learned that the Sheriff's Department will soon revive an old program to make regular calls to elderly citizens, using an automated dialing system. Chief Elliott talked to Sheriff Greene and determined that the program will be designed to work very closely to the way suggested by Councilman Owenby, except that an automated phone dialer will be used instead of humans to make the calls. After a period of time, law enforcement could be dispatched to check on people not responding to the phone calls. Sheriff Greene is willing to have this program be a joint effort between his department and the Marion and Old Fort Police Departments.

The City Manager stated that the City would help to promote sign ups for the program, have forms available at City buildings for sign ups and would check on people who live in the City who did not respond to the phone calls. He added that this program seems to meet the goals discussed by Council at the Planning Session of checking on elderly citizens without placing an undue burden on staff for making numerous daily phone calls.

Sheriff Greene indicated that the Sheriff's Department has the necessary computer software and is waiting on a computer they have ordered. He proposed a joint press conference to announce the program. Since things may move quickly with this program, the City Manager said he wanted to make sure that Council had no problem with the City participating in this program. Mayor Clark and Council members expressed no objections to the City participating in this program.

The City Manager advised that he had asked staff to come up with recommendations and options for the replacement of hollies on Main and Henderson Streets by early October, at which time the options can be discussed with the Tree Board, the MBA Board, the public and Council.

The City Manager stated that staff is also working to produce a rendering of the revised Downtown Streetscape Plan preferred by Council, so that the plan can be presented to the MBA Board, public and Council for review within the next two months. The City can also then obtain some preliminary feedback from DOT. He added that he had spoken to DOT District Engineer Doug McNeal, who felt that the three lane section on Main Street with parallel parking stood a much better chance of approval with DOT than did a two lane section with angled parking on both sides.

The City Manager stated that Planning and Development Director Heather Cotton is working to finalize a plan for way finding signage in the downtown area and around the City, as part of the N.C. STEP Program. He said that staff hoped to have recommendations for review by the N.C. STEP Leadership Committee, MBA Board, downtown merchants, the public and Council by late October.

The City Manager advised that the City is in the process of switching banking services from Bank of America to Mountain First Bank. This process will be completed no later than October 1.

The City Manager advised that the City had not received further reports of problems with the downtown wireless network since one of the antennas on the Griffith building was moved. He added that City staff will be resetting the system weekly as a precaution and that he has asked MBA

Executive Director Freddie Killough to do some weekly checks to make sure the system is working in various spots.

The City Manager advised that the Wastewater Improvements Project is going well. Ronny Turner Construction is nearing completion of the pump stations and has completed work on the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Construction is scheduled to continue through October. Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction will last well into 2010.

The City Manager advised that city crews began work on September 8 on a water line replacement on Montevista Avenue. In the meantime, the City is flushing the Montevista water line every Friday.

The City Manager stated that City crews had to spend considerable time the past two weeks making repairs to the large water line running from the Water Plant to the water tanks. This line was leaking in a couple of places. The City worked to avoid a line blowout like was experienced along Old Greenlee Road in late June. On September 9, City crews had to shut off water to the Pleasant Gardens area to make the necessary repairs to the water line. He added that City crews worked extremely hard that day inn adverse working conditions to make the needed repair and to minimize the time of the service disruption.

The City Manager stated that the City will in the near future go out to bid on the water and sewer extension on US 221 North to the new ABC store site, with an alternate bid to extend service farther north to the Quality Plus gas station. The City will also soon go out to bid on the short sewer extension needed to serve properties at the intersection of Highway 226 South and Fairview Road.

COUNCILMAN COMMENTS:

Councilman Cuthbertson suggested that staff look closely at the identified mobile food vendor location at the Depot.

Councilman Cuthbertson stated that the Urban Forestry workshop recently held at Countryside Barbecue was a great success.

Councilman Cuthbertson also stated that the City of Morganton has new logo, "Nature's Playground."

Mr. Cliff McLarty was present for this meeting and advised that soil erosion and sedimentation permits have been obtained for the proposed Super Wal Mart development on Sugar Hill Road at I-40. He added that this project remained on track for a property closing in mid January.

CLOSED SESSION – DISCUSS A MATTER INVOLVING THE LOCATION OF BUSINESS OR INDUSTRY UNDER N.C.G.S. 143-318.11(a)(4): The City Manager advised that a Closed Session is requested under N.C.G.S. 143-318.11(a)(4) to discuss a matter involving the location of business or industry.

Upon a motion by Councilman Cuthbertson, seconded by Councilman Owenby, those members of Council present voted to go into Closed Session.

REGULAR SESSION: Upon a motion by Councilman Owenby, seconded by Councilman Cuthbertson, those members of Council present voted to go back into Regular Session.

Mayor Clark announced that no action was taken during the Closed Session.

AA.00000537 (24)

ADJOURNMENT: Upon a motion by Councilman Mayor Pro Tem Little, seconded by Councilman Owenby, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 6, 2009 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Mike Edwards, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Harriett Thomas, CPA, Finance Director; Kellie Duncan, Police Corporal; Karen Stepp, Police Telecommunicator; Wendy McAnally, News Reporter, The News Bulletin; Mike Conley, News Reporter, The McDowell News.

GUESTS PRESENT: Mott Buff, Nebo, NC; Margaret, Claire & Ellen Anderson, 10 Fern Avenue, Marion, NC; Kasey Lister 60 Mustang Drive, Nebo, NC; Cliff McLarty, North Madison Street, Marion, NC; Johnny Mann, Marion, NC; Susan Pyatt, MACA Executive Director; Jill & Mike Lucas, Quilt Trail Representatives; Jack Shafer, Viewpoint Drive, Marion, NC.

CITIZEN OF THE MONTH – SELECTED BY COUNCILMAN EDWARDS:

COACH JOHNNY ANDERSON
November 30, 1941 – August 11, 2009

Councilman Mike Edwards stated that he was happy to honor the memory of the late Coach Johnny Anderson who had touched our community in many ways. Coach Anderson's wife, Mrs. Margaret Anderson and two of his grandchildren were present for this meeting to accept this honor.

Councilman Edwards stated that anyone playing under Coach Anderson learned a lot about sports as well as about life.

AA.000000539 (24)

Coach Anderson was born on November 30, 1941 in Marion. He graduated from Marion High School in 1960 and entered East Carolina University on a full football scholarship. Coach Anderson graduated from ECU in 1965 with a BS degree in Physical Education and History.

Coach Anderson was the first Head Football and Track Coach at McDowell High School. He also served as Assistant Head Football Coach and Head Football Coach at Freedom High School in Morganton. Coach Anderson was multi-talented and had many wins during his coaching tenure.

Win, lose or draw, Coach Anderson was a good sport in everything he did.

Some of Coach Anderson's honors through the years include:

- Player of the week at ECU
- Member of winning Eastern Bowl and Tangerine Bowl Teams
- Published article on "Developing a Winning Attitude" in a National Publication, The Coaching Clinic, in 1970
- Football Conference Coach of the year; 1970, 1982, 1986 & 1989
- Several Conference Championships while at McDowell and Freedom High Schools
- Assistant and Head Coach of the North Carolina East/West Football Game
- Conference Track Coach of the Year in 1980 & 1981
- Offensive Coordinator Shrine Bowl – 1989
- McDowell High School Annual Dedication – 1991
- Original Inductee into the McDowell High School Hall of Fame - 2009

Coach Anderson achieved over ONE HUNDRED WINS in Football during his career.

Coach Anderson passed away in August of this year when he lost a fight with cancer. Councilman Edwards stated that everyone will miss Coach Anderson; however, we will remember him as well. He set an example to others in all that he did.

Mayor Clark, Council Members, friends and family all shared kind words about Coach Johnny Anderson.

AA.000000540 (24)

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – September 15, 2009 Regular City Council Meeting Minutes
September 15, 2009 Closed Session Council Meeting Minutes

PRESENTATION OF ADVANCED LAW ENFORCEMENT CERTIFICATE TO POLICE CORPORAL KELLIE DUNCAN:
Police Chief Mika Elliott stated that it was his privilege to present to Police Corporal Kellie Duncan her Advanced Law Enforcement Certificate.

Chief Mika Elliott does a great job for the City of Marion as an officer, coordinating the National Night Out event every year and performing other duties. He noted that the Advanced Law Enforcement Certificate involves a great commitment of time and hard work and that he is proud of Corporal Duncan for this achievement.

The certificate read as follows:

State of North Carolina
Department of Justice
Criminal Justice Education and training
Standards Commission
To all to whom these presents may come
Greeting
Be it known that in recognition of the attainment of training and educational objectives commensurate with the role of a professional criminal justice officer and of personal devotion and service to the people of North Carolina, the Attorney General and the Chairman and Members of the North Carolina Criminal Justice Education and Training Standards Commission, through the authority vested in them by the laws of the State, do hereby award to
MONNICA KELLIE DUNCAN
this
Advanced Law Enforcement Certificate
With all the rights and privileges thereunto belonging.

AA.00000541 (24)

In Testimony Whereof we fix our hand this 29th day of May 2009 in the City of Raleigh in the State of North Carolina in the United States of American.

_____
Attorney General

_____
Commission Chairman

_____
Director Criminal Justice Standards Division

Mayor Clark and Council Members all commended Corporal Duncan for a job well done.

INTRODUCTION OF NEW EMPLOYEE: Police Chief Mika Elliott stated that it was his privilege to introduce the Police Department's newest employee, Teleommunicator Karen Stepp. Chief Elliott stated that Karen comes to the City highly trained and experienced from the McDowell Sheriff's Department.

Chief Elliott, Mayor Clark and Council wished Karen well with her new position.

PUBLIC APPEARANCE – MCDOWELL ARTS COUNCIL ASSOCIATION: Ms. Heather Cotton, President of the McDowell Arts Council Association (MACA) and other representatives of MACA appeared before Council.

Ms. Cotton stated that MACA has been working to hire an architect to complete a design for the renovation of their entire building on South Main Street. The total cost of the renovation would be $38,350. MACA is $18,350 short with this effort.

Ms. Cotton stated that MACA is applying for an $18,350 Golden Leaf Foundation grant to fund the design work. In the event the grant is not funded, and to allow the project to move forward sooner rather than later, MACA has pledged to raise $8,000 of this funding gap themselves and would request a $10,000 loan from the City at no interest. The loan would be paid back within approximately one year's time. Information on this request was presented to Council for their review.

AA.000000542 (24)

Mayor Pro Tem Little stated that it is an exciting thing that people can now go downtown to the MACA building and purchase crafts made in the area. He stated that the craft gallery is a tremendous asset and draw for Downtown Marion.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, Council voted unanimously to loan $10,000 to the McDowell Arts and Crafts Association, for a one year term at no interest, for the purpose of funding for the design of the renovation to the MACA building.

Councilman Owenby asked if the City had the money to loan.

The City Manager stated that funds were available, especially given that the money would be paid back in one year's time.

After the vote regarding this item, Ms. Cotton presented Mayor Clark and Council Members with a McDowell Quilt Trail Certificate of Authenticity for the Where Main Street Meets the Mountains Quilt Square and a Certificate for the Grape Basket Quilt Block that were recently placed on the Historic Marion Tailgate Market Shed on West Henderson Street. She also presented each member with a "Where Main Street Meets the Mountains" Quilt Square pin.

PUBLIC COMMENT PERIOD: Mr. Jack Shafer was present for this meeting and stated that he had recently captured some beautiful photographs of a double rainbow that was above City Hall. He stated that he would like to e-mail the photos to the City Manager.

Mayor and Council thanked Mr. Shafer for coming to the meeting and for sharing these photos with the City.

SET SCHEDULE FOR NOVEMBER/DECEMBER CITY COUNCIL MEETINGS: The City Manager stated that Council has traditionally cancelled the first Council meeting in November when it falls on a City Election Day.

The City Manager stated that he would therefore recommend that Council cancel the November 3 meeting. City Council will have meetings on October 20 and November 17, so the cancellation of this meeting should not pose a problem.

AA.0000000543 (24)

The City Manager stated that, in accordance with the City Code, the only Council meeting in December is set for Tuesday, December 1.

Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to cancel the November 3 Council meeting.

DISCUSS COMMUNITY BUILDING RENTAL REQUEST: The City Manager stated that he had been contacted by Mike and Dora Cantey and met with them on October 1. The Canteys are interested in renting the Community Building kitchen for catering events. Such events would not necessarily take place in the Community Building. Mr. Cantey has already spoken to the Health Department and understands that he and his mother would have to meet all health regulations, including possibly becoming licensed. The City Manager stated that he advised Mr. Cantey that the City does not have a rental category for kitchen only use.

The City Manager reported that the City currently rents the entire main level of the Community Building for $200 (or $30 for civic groups renting the building on a set schedule). He stated that he had discussed this idea with Finance Director Harriett Thomas and Public Works Director Chris Hollifield. The City Manager stated that staff felt that they could justify recommending a lower amount, perhaps $100, for a kitchen only rental. However, staff is also concerned about harming the City's ability to rent the entire facility. Some groups might not mind if the kitchen was being used, but many groups might correctly believe they are entitled to use of the whole building, including the kitchen, for their $200 rental. The City Manager stated that the Community Building is rented most weekends for private functions and such events typically involve the use of the kitchen. The rental of the Community Building and especially the use of the kitchen is less frequent during the week.

The City Manager presented several options for consideration, as follows:

A. The City could advise the Canteys that the rental charge is $200, period. The Canteys could therefore rent the building when available like anyone else.

B. The City could rent the kitchen to the Canteys for $100, but only on Mondays through Thursdays, perhaps no more than two weeks in advance and on Fridays through Sundays no more than a few days in advance. In either case, the City would only rent the

AA.00000544 (24)

kitchen if the rest of the building was not used or if the renter of the rest of the building gave their consent.

C. The City could rent the kitchen to the Canteys for $100 whenever the building is not being used, with no limit on days of rentals or notice. This would increase the number of available rentals to the Canteys, but could cut the City out of $200 rentals.

D. The City could rent the kitchen to the Canteys for $100 Mondays through Thursdays and for $200 Mondays through Thursdays, with no limits on days of rental or notice. This would provide for full payment of rental fees on weekends.

The Canteys have stated that they would be flexible and understood that the Community Building might not be available when they want it.

Mayor Clark stated that he had a problem charging the Canteys $100, when others could rent the facility for $200. He said that if the Canteys want the facility in advance, they should pay $200 like anyone else would.

Councilman Owenby stated that he agreed that it would be wrong to cut the price for one person.

The City Manager stated that any arrangement approved for the Canteys would need to be adopted as policy and made available to anyone else desiring to rent only the Community Building kitchen.

Councilman Martin stated that it comes to mind something that the former City Manager Earl Daniels used to say, if you do it for one, you have to do it for all.

Mayor Pro Tem Little stated that the Community Building is for the community. He had never thought about people using the kitchen to cook in for events held elsewhere. He added that he does not want to see the City do something that would interfere with how the Community Building is used.

Councilman Owenby asked if staff could get a cost estimate of what it would cost to upgrade the basement kitchen to a commercial status. The City Manager stated that the cost would likely be substantial, in the thousands of dollars.

AA.00000545 (24)

Mayor Clark stated that if the City were going to look at upgrading a kitchen to commercial status, he would be in more favor of upgrading the Depot kitchen.

A discussion followed.

It was the consensus of Council to leave the Community Building rental rules as they are and that anyone can rent the entire Community Building Main Level, including the kitchen, for the current rental charge

Mayor Pro Tem Little stated the perhaps some local churches could help meet the needs of the Canteys.

ADD ON – WATER/SEWER BILLING ISSUE DISCUSSION: Finance Director Harriett Thomas stated that a new water and sewer billing system was approved in the 2008-09 budget. The system the City has been using is a DOS based program. The City's new computers do not support DOS based programs.

Ms. Thomas stated that the City has been in the process of changing over to the new water and sewer billing system and has been late getting the water and sewer bills out this month. Ms. Thomas stated that it could be October 7 or 8 before bills are mailed, which is one week later than the normal mailing date of the first of the month. Ms. Thomas requested that the due date for the bills be extended from the normal deadline of 5:00 p.m. on the 15th of the month to 5:00 p.m. on the 26th day of the month.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, Council voted unanimously to extend the deadline for the payment of water and sewer bills in October from 5:00 p.m. on the 15th of the month to 5:00 p.m. on the 26th day of the month.

Councilman Cuthbertson stated that the City should have a policy in place for this type of incident to allow staff to handle such situations without having to wait for a Council meeting.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted unanimously to adopt the following policy allowing for extensions of water and sewer payments as needed:

AA.00000546 (24)

WATER AND SEWER BILLING POLICY – EXTENSION OF DEADLINE TO PAY WATER AND SEWER BILLS WITHOUT PENALTY

It shall be the policy of the City of Marion to mail water and sewer bills by the 1st day of the month. In the event water and sewer bills are not mailed by the 1st day of the month, the City Manager is authorized to extend the deadline for paying water and sewer bills without penalty by a number of days not less than the number of days past the 1st day of the month that the water and sewer bills are actually mailed.

ADOPTED this the 6th day of October, 2009.

A. Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Policy Number: P-09-10-06-1

ADD ON – RECOGNITION OF WOODMEN OF THE WORLD – DONATION OF FLAGS TO CITY: Mayor Clark stated that he would like to take this opportunity to thank the Woodmen of the World for the donation of flags to the City through the years.

Mayor Clark stated that he recently attended the district meeting of the Woodmen of the World and received ten flags for the City. Mayor Clark asked that staff draft a letter thanking the Woodmen of the World for this generous donation.

ADD ON – COUNCILMAN CUTHBERTSON – MOBILE FOOD VENDER DISCUSSION: Councilman Cuthbertson stated that he would like to see Council go ahead and put to rest the mobile food vendor issue. He advised that the City has taken a lot of heat for the recent decision to follow the recommendation of the Planning Board and increase the permit fee for mobile

AA.000000547 (24)

food vendors from $100 per year to $1,200 per year. Councilman Cuthbertson said he would like to see Council go back to its original decision.

Mayor Pro Tem Steve Little stated that he would like to invite the public to come to a meeting and discuss this issue. He proposed advertise that such a meeting would be held at the next Council meeting and that Council would welcome any and all input from the public over the next two weeks. Mayor Pro Tem Little stated that Councilman Cuthbertson is right, Council has dealt with this issue enough and needs to put it to rest in the near future.

Mayor Pro Tem Little added that such a meeting would give interested people the opportunity to send in comments by mail, e-mail, telephone or by attending the next Council meeting. He stated that there have been many comments about this issue, which has captured the imagination of the public and taken up much more time than it deserves.

Councilman Owenby stated that previous discussions of this item had already been advertised in the McDowell News.

Mayor Clark stated that the City first needed to study other places where this type of vendor is working, so that the appropriate charge could be determined. The City Manager asked Planning and Development Director Heather Cotton if research had been conducted into what other cities charge for mobile food vendor permits. Ms. Cotton advised that the permit fees vary somewhat, but average around $100 per year.

Councilman Edwards stated that he would discuss changing the permit fees if there is enough interest. However, he questioned who had really objected to Council's last action.

Councilman Edwards stated that he had visited Ms. Miller's hot dog stand in front of the Gazebo Parking Lot on North Main Street and that Council's action had not prevented Ms. Miller from going into business. He noted that there were no other serious inquiries to his knowledge. Councilman Edwards added that if there is a need to re-visit the issue, Council should do so; otherwise, Council should leave the issue alone.

Councilman Martin stated that he would make a motion to rescind the ordinance adopted by Council at the September 15, 2009 City Council meeting establishing a $1,200 permit fee per year for mobile food vendors in the C-1

AA.0000005/48 (24)

Central Business District and thereby charge only a $100 business privilege license for the operation of mobile food vendors anywhere in the City. Councilman Cuthbertson seconded the motion.

Councilman Edwards stated that City Council should not change its mind on this issue every time the wind blows. He said that such action makes Council look like it is flip-flopping and that he believes Council is moving too quickly on this issue.

Mayor Pro Tem Little stated that he would rather put this item on the next agenda, as he had previously suggested.

A discussion followed.

The vote carried four to one in favor of the motion by Councilman Martin, as follows:

Mayor Pro Tem Little	Yes
Councilman Cuthbertson	Yes
Councilman Martin	Yes
Councilman Owenby	Yes
Councilman Edwards	No

The ordinance adopted by Council read as follows:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND DEVELOPMENT DEPARTMENT TO INCLUDE MOBILE FOOD VENDING PERMIT FEES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. That the City of Marion Planning & Development Department Fee Schedule be amended to include the following:

Mobile Food Vendor Permit. There shall be no charge for a permit for the operation of mobile food vendor units in the City of Marion. The City shall charge the applicable business privilege license fee for such units.

SECTION 2. Ordinance Number O-09-09-15-9 adopted on September 15, 2009 establishing a $1,200 permit fee for mobile food vendor units in the C-1 Central Business

AA.00000549 (24)

District and all conflicting ordinances are hereby rescinded upon the effective date of this Ordinance.

SECTION 3. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of October 2009.

A. Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-09-10-06-1

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects, as follows:

The City Manager advised that he and Mr. Bill Hendley from the McDowell Trails Association had been talking to Norfolk Southern (NS) about the acquisition of the Peavine Rail Line right of way. Mr. Hendley proposed to NS that the community lease the Peavine right of way for one dollar per year. The City Manger stated that he had talked to Mr. George Meade with NS to see how realistic this proposal is and if NS will insist on receiving some money. Mr. Meade said he was working on Mr. Hendley's proposal and realizes that the City has little or no money to put into buying the right of way. The City Manager stated that he had sent a letter to the Federal Surface Transportation Board, requesting another six month extension in the negotiating period with NS, this extension will last until April 1, 2010. Mr. Meade said that NS would not object to the extension request.

The City Manager advised that he, Police Chief Elliott, and Public Works Superintendent Roger Estes had met with Mark Teague with DOT on September 24 to look at options for a high visibility crosswalk at Main and Court Streets. The new crosswalk will be ten feet (versus six feet) wide and have 24 inch white crosswalk lines spaced 24 inches apart painted facing traffic. The striped crosswalks will be more visible to oncoming traffic and differentiate the crosswalk from the stop bars at the intersection. The City

AA.000000550 (24)

Manager presented Council with a drawing of the revised crosswalk. Both the revised crosswalks and stop bars will be painted white, by Federal regulation. The City Manager stated this is probably the City's best chance in the near future to make the crosswalks more visible. Mayor Clark and Council members agreed by consensus to authorize the City Manager to inform DOT that the proposed crosswalk design was acceptable to the City.

The City Manager stated that he had also received a request from a downtown business owner for a pedestrian crossing signal at Court and Logan Streets. He stated that the City subsequently made a request to DOT for pedestrian crossing signals at this location in the hopes that some or all of the work could be done at the same time as the traffic signal replacement.

Mayor Pro Tem Little asked what was going on with the massive auger that was being used at the intersection of Court and Logan Streets. Public Works Director Chris Hollifield advised that DOT will be placing a new pole that will hold all the traffic lights at the intersection.

Councilman Cuthbertson stated that the City needed to make sure this section of sidewalk is safe for the public, especially with the Mountain Glory Festival coming up this weekend. The City Manager stated that staff would contact DOT and make sure the public's safety is ensured.

The City Manager stated that staff will be working with Census Bureau on ways to promote the census. The Manager presented Council with a copy of a letter sent inviting various persons to a Census Complete Count Committee meeting on Tuesday, October 13 at 8:30 a.m. at the Community Building. The letter has been sent to people in media, business, the faith community and representing local non-profits/civic clubs.

The City Manager advised that he and Mr. Hollifield had identified the exact locations for the five mobile food vendor locations downtown, as had been suggested by Councilman Cuthbertson.

The City Manager advised that the County Volunteer Center is planning to use the Farmer's Market Shelter on Saturday, October 24 for Make a Difference Day. Staff checked to make sure there would be no conflict with planned sales by growers on that day. Under the City's Shelter Policy, staff is authorized to approve requests to use the Shelter by units of government, non-profit groups and civic groups.

AA.00000551 (24)

The City Manager advised that a pumpkin market was scheduled to be held at the Farmer's Market Shelter on Tuesday, October 27. However, Dan Smith with Cooperative Extension now feels that there are not enough pumpkin growers in the County to make for a worthwhile sale. The City Manager stated that Mr. Smith and Marion Business Executive Director Freddie Killough had set up a fall seasonal market on that day.

The City Manager advised that the Mountain Glory Festival is scheduled for Saturday, October 10. The number of craft vendors may be down by as many as 20, although Ms. Killough has been trying to do a late push to attract more vendors.

The City Manager advised that the Prison told the City that inmate work crews will not be available to the City for Mountain Glory, based on orders from Raleigh. The City will be able to use inmates assigned to the City full time. The City may have as many as five inmates by the time of Mountain Glory. The City Manager reported that City employees will start work on the set-up for Mountain Glory earlier than usual to compensate for having less help.

The City Manager advised the holly trees in the downtown area have outgrown the spaces in which they are planted. The City Manager advised that he had asked staff to come up with recommendations and options for the replacement of hollies on Main and Henderson Streets by early to mid October, along with way finding signage recommendations and the Downtown Streetscape Plan recommendations. These recommendations can be presented to the Planning Board, Tree Board, MBA Board, N.C. STEP Leadership Committee, the public and Council. The City Manager stated that staff specifically plans to present the recommendations to Council at the October 20 Council meeting.

Councilman Edwards stated that he hoped Council remembered that downtown businesses complained many years ago about large trees blocking their storefronts.

The City Manager advised that City crews would begin work after the Mountain Glory Festival on the construction of a three lane street section at the Fleming Avenue entrance to Marion Elementary School. He added that City crews will only be able to work at the location part of the day and will not work during the morning and afternoon rush hours at the school.

AA.000000552 (24)

The City Manager advised that, within the next week, the City would sign a Performance Agreement with the Sugar Hill Road commercial developer, Jim Price of WRS Realty, which would lock in the $977,100 Rural Center grant to fund one-half of the costs of the Sugar Hill Road Water and Sewer Extension. The City Manager stated that the Performance Agreement commits WRS with creating at least 100 net new full-time jobs. He added that Mr. Price stated that he plans to close on the property in mid January and that everything remains on track with the project.

The City Manager advised that staff has met with the Hospital, Health Department, County and others to discuss planning for a possible H1N1 (swine flu) outbreak in our community. He added that the City would have an educational session on the H1N1 flu for City employees the next days as part of the City's on-going Wellness Program that is funded by grants from the N.C. League of Municipalities.

The City Manager stated that at the Marion Business Association (MBA) meeting this morning, the MBA Board asked if the City would commit to funding $5,000 toward the purchase of July 4th fireworks in the City's 2010-11 budget, so that the MBA can lock in last year's fireworks price.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, Council voted to commit $5,000 out of the City's 2010-11 budget toward the July 4th fireworks display.

COUNCILMAN COMMENTS:

Mayor Clark asked when McDowell Avenue is going to be paved. The City Manager stated that DOT District Engineer Doug McNeal stated two weeks ago that the paving would be completed in about three weeks. Mayor Clark stressed the need for the City to press DOT to complete the paving work before the weather turned cold, especially since the project appeared to have extended past the anticipated completion date.

Councilman Martin advised of a sight distance problem with landscaping at the intersection of South Logan Street and West Henderson Street. The City Manager stated that staff would look at the location and cut back landscaping as needed.

AA.000000553 (24)

Mayor Pro Tem Little stated that he received a call from a lady complaining about yellow curbs painted in front of her property at Oak Avenue and Wilhemenia Street. The lady stated that she would like to have another parking place in front of her house. Councilman Martin stated that the whole block is suppose to have yellow curbs but some of the yellow paint has faded. He said this issue has been dealt with before. Council gave no direction to look into this complaint.

Councilman Cuthbertson asked if the traffic signal timing at West Henderson and Railroad Streets had been fixed. Councilman Martin stated that DOT had completed this work.

Councilman Owenby stated that a concerned citizen in the West Marion area is requesting a speed hump on Ridley Street. Councilman Martin stated that curves on this street slowed traffic down. Council gave no direction to look into this request.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, Council voted unanimously to adjourn.

AA.000000554 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 20, 2009 at 7:00 P.M. in the Marion Community Building located at 191 North Main Street.

BOARD MEMBERS PRESENT: Mayor A. Everette Clark, Mayor Pro Tem Steve Little, Councilmen Lloyd Cuthbertson, Billy Martin and Cecil Owenby.

Councilman Edwards was not present for this meeting due to illness.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, The McDowell News; Van McKinney, News Reporter, WBRM Radio; Wendy McAnally, News Reporter, The News Bulletin.

GUESTS PRESENT: Mark Hoskins, 111 Crawford Street Apt. F25, Marion, NC; Sandra Hoskins, 95 Morgan Street Apt. #2A, Marion, NC; Lou Godfrey & Deb Cooper, 74 South Main Street, Marion, NC; Joyce Halter, 150 North Madison, Marion, NC; Cliff McLarty, North Madison Street, Marion, NC; Steven O'Kelly, 83 North Madison Street, Marion, NC; Juanita Doggett, 192 North Garden Street, Marion, NC; Ted Alexander, Mayor, City of Shelby and N.C. STEP Program Coach, 409 Beaumonde Avenue, Shelby, NC; Josh King, Transportation Planner, Isothermal Planning and Development Commission, Rutherfordton, NC; Nancy Clark, Fleming Avenue, Marion, NC; Robert Hawkins, 527 East Oak Street, Marion, NC; Bunnie Burgin, 186 Pleasant Meadow Drive, Marion, NC; Walt Bagwell, 250 Forest Road, Marion, NC; Steve Brown, 350 South Garden Street, Marion, NC; Marc Cook, 496 Rutherford Road, Marion, NC; James Tarpley, 75 Viewpoint Drive, Marion, NC; Alma Lambert, 229 Mackey Farm Drive, Old Fort, NC.

CONSENT AGENDA: Mayor Clark stated that Mr. Josh King, Transportation Planner for Isothermal Planning and Development Commission, was present for this meeting and asked that Mr. King update Council on the resolution proposed for Council adoption under the Consent Agenda.

Mr. King gave a brief overview of the proposed resolution, which asks that the North Carolina Department of Transportation (NCDOT) exclude highway funding for the Appalachian Regional Commission (ARC) area from NCDOT equity formulas for highway funding. In essence, Federal highway money that was earmarked for the ARC region, due to recognition by the Federal government that highway construction is more expensive in mountainous areas, is being used by NCDOT to supplant funds that would normally come to Western North Carolina.

Mayor Clark stated that, anyway this issue is examined, Western North Carolina is being short changed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – October 6, 2009 Regular City Council Meeting Minutes.

B. Adopt Resolution Requesting the North Carolina Department of Transportation to Exclude the Appalachian Development Highway System From Equity Formulas:

RESOLUTION
OF
CITY OF MARION

REQUESTING THE NORTH CAROLINA GENERAL ASSEMBLY
TO EXCLUDE THE

AA.00000555 (24)

APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM FUNDING FROM THE NC DOT EQUITY FORMULA

WHEREAS, in 1964, the President's Appalachian Regional Commission (ARC) reported to Congress that economic growth in Appalachia would not be possible until the Region's isolation had been overcome: and

WHEREAS, Congress authorized the construction of the Appalachian Development Highway System (ADHS) in the Appalachian Development Act of 1965; and

WHEREAS, the cost of building highways through Appalachia's mountainous terrain is very high, so the Region has never been served by adequate roads; and

WHEREAS, the nation's interstate highway system has largely bypassed the Appalachian Region, going through or around the Region's rugged terrain as cost-effectively as possible; and

WHEREAS, the City of Marion, in McDowell County, is in the heart of the Southern Appalachian Region and has been isolated by geographical barriers; and

WHEREAS, the ARC report and the Appalachian governors have placed top priority on a modern highway system as the key to economic development; and

WHEREAS, the ADHS was designed to generate economic development in previously isolated areas, supplement the interstate system, connect Appalachia to the interstate system, and provide access to areas within the region as well as to markets in the rest of the nation; and

WHEREAS, the ADHS program was designed to channel additional funding into the Appalachian Region, not to supplant existing funding; and

WHEREAS, in 1998, the Federal Transportation Act known as TEA21 and subsequent acts began including ADHS funding in North Carolina's minimum guarantee for transportation funding essentially supplanting existing funding; and

WHEREAS, because ADHS funding is no longer considered additional money for North Carolina, it must, by law, be included in the state's equity distribution for highway improvements; and

WHEREAS, completion of the ADHS remains a top priority for the Appalachian Regional Commission; and

WHEREAS, Western North Carolina, as a region, is more economically tied to its neighboring states versus the balance of North Carolina; and

WHERAS, under current funding policies, North Carolina Department of Transportation Division 13's allocation of ADHS money counts toward our division's allotment through the equity formula and, as a result, decreases the availability of other funds to our region.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

1. The City of Marion, in McDowell County, concludes that counting the ADHS funding against North Carolina's minimum guarantee and counting the funding received by North Carolina against this region's equity "fair share" violate the spirit and intent of the ADHS legislation.
2. The City of Marion, in McDowell County, respectfully requests the North Carolina General Assembly to exclude the ADHS funding from the NCDOT equity formula in order to complete these remaining corridors to benefit the people of Southern Appalachian and Western North Carolina.
3. The City of Marion, in McDowell County, respectfully requests the United States Congress to exclude the ADHS funding from the minimum return of transportation funding to the State of North Carolina.
4. The City of Marion, in McDowell County, requests that all funding of ADHS projects from 1992 to present not count against "equity adjustments" and adjustments be made to current equity calculations to correct the violation of the spirit of the ADHS program.

ADOPTED this the 20th day of October, 2009.

A. Everette Clark, Mayor

AA.000000556 (24)

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-10-20-1

PUBLIC HEARING – APPROVAL OF ANNEXATION ORDINANCE – HIGHWAY 226 SOUTH/JUSTICE/McCOYLE PROPERTY AREA: Mayor Clark opened the Public Hearing.

The City Manager advised that this public hearing is required on the annexation request by the Justice and McCoyle families for 2.46 acres of property at the intersection of Highway 226 South and Fairview Road. This property includes property owned by Mr. Butch Justice that is the location of his U-Haul/Taxicab business and an adjacent lot he leases from Ms. McCoyle. If adopted, the annexation would become effective December 31, 2009.

There were no citizens present to discuss this ordinance.

Mayor Clark closed the Public Hearing.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Owenby, those members of Council present voted to adopt the following Ordinance extending the corporate limits of the City of Marion to include the Highway 226 South/Justice/McCoyle Area as follows:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
HIGHWAY 226 SOUTH-JUSTICE/MCCOYLE PROPERTIES

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, October 20, 2009, after due notice by publication on Wednesday, October 7, 2009; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of December 31, 2009:

TRACT I:

BEGINNING on an iron stake in the northeast margin of Highway No. 190 and in the F.O. Stott old line at a point where said line crosses the northeast margin of said highway, and runs thence with said F.O. Stott's old line North 43 ½ East 28 poles to an iron stake, Holland's corner; thence with Holland's line North 28 West 2 poles to an iron stake; then North 8 West 8 ½ poles to an iron stake; then South 55 West 37 4/5 poles to an iron stake on the bank of Highway 190; then with the northeast margin of said highway South 58 East 16 3/5 poles to the BEGINNING.

EXCEPTING and RESERVING, HOWEVER, from this indenture, that certain ¾ acre tract conveyed in McDowell County Deed Book 87 at Page 209.

DEED REFERENCE: Tract I being all of that property conveyed to Adolph Justice and wife, Victoria Justice by that deed recorded in Book 519 at page 22, McDowell County Registry. [Parcel Identification Number: 1710.02-98-0660]

AA.000000557 (24)

TRACT II:

BEING a 0.88 acre tract and parcel of land shown on that survey for Adolph (Butch) Justice prepared by R.L. Greene Surveying and Mapping, PLS, dated April 6, 2009 and further identified as Map File 9-040, from which the following metes and bounds description is taken:

BEGINNING on an existing iron pipe located at the common corner of those properties either now or formerly owned by Mary Joyce McCoyle as described in Book 783 at Page 407 and Deed Book 84 at Page 272, said existing iron pipe marking the easternmost corner of that property either now or formerly owned by Adolph Justice et ux as described in Book 519 at Page 22, and marking the 5th corner of that property either now or formerly owned by Joyce Annette Martin as described in Book 529 at Page 584, said existing iron pipe being located South 47 degrees 00 minutes 33 seconds East 194.75 feet from an existing solid iron pin marking the 6th corner of the Martin property, and running thence from said BEGINNING a new line across the McCoyle property South 35 degrees 13 minutes 26 seconds East a total off 190.29 feet (passing a 5/8-inch iron rebar set at 177.67 feet) to an unmarked point in the centerline of Fairview Road (SR 1741); thence with the McCoyle line and along and with the centerline of said Fairview Road South 72 degrees 30 minutes 11 seconds West 325.65 feet to an unmarked point at or near the intersection of Fairview Road (SR 1741) and NC Highway 226, said unmarked point marking the 2nd corner of the McCoyle property as described in Deed Book 84 at Page 405; thence leaving the centerline of Fairview Road and running along and with the centerline of NC Highway 226 and continuing with the McCoyle line North 48 degrees 45 minutes 57 seconds West 55.00 feet to an unmarked point marking the beginning corner of the McCoyle property as described in Deed Book 84 at Page 405; thence leaving the centerline of NC Highway 226 and continuing with the common boundary of the McCoyle property as described in Deed Book 84 at Page 405 and Deed Book 84 at Page 272 and the Justice property as described in Book 519 at Page 22 (Tract I herein) North 48 degrees 07 minutes 36 seconds East a total of 325.26 feet (passing a 5/8-inch iron rebar set at 22.50 feet) to the point and place of BEGINNING.

DEED REFERENCE: Tract II being those properties conveyed to Mary Joyce McCoyle by those deeds recorded in Deed Book 84 at Page 405 and Deed Book 84 at Page 272. [portions of Parcel Identification Number: 1710.02-98-3671]

Section 2. Upon and after December 31, 2009, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 20th day of October, 2009.

Ordinance Number: O-09-10-20-2

PRESENTATION OF RECOMMENDED DOWNTOWN STREETSCAPE PLAN/WAY FINDING SIGNAGE PLAN AND RECOMMENDATIONS FOR REPLACEMENT OF DOWNTOWN TREES: Planning and Development Director Heather Cotton gave a presentation on the proposed Downtown Streetscape Plan, which included recommendations for new way finding signage and for replacement of downtown trees. Ms. Cotton stated that the purpose of this plan is to

AA.000000558 (24)

build on Marion's achievements and supplement other initiatives that make specific recommendations regarding downtown Marion's revitalization. Ms. Cotton stated that previous planning efforts include marketing, branding, and transportation that address specific focus areas for improvements. The need for those plans, as well as this plan, were identified as objectives in the 2003 Downtown Master Plan completed by Marion's Downtown Advisory Committee. Ms. Cotton stated that the completion of this Downtown Streetscape Plan means that all items from the 2003 Downtown Master Plan will have been implemented.

Ms. Cotton further stated that this plan is intended to pick up where the other planning efforts stop and move efforts forward to meet existing objectives and convert the community's vision for downtown into a reality. The intent of this plan is not to revisit previous planning efforts or make changes to existing recommendations. This plan is intended to build on previous plans by identifying existing parking conditions, design features, landscaping, wayfinding signage, and guidelines for implementation. Simply planning for a better downtown will not lead to its success- it will require a concerted effort by City leaders, local businesses and residents, as well as new investors.

Ms. Cotton reported that the recommendations included in this plan are the result of many studies, workshops, and community input opportunities where a vision for a socially vibrant, economically prosperous, and aesthetically attractive downtown emerged from many facets of the community. This document transforms the results from those early efforts into a set of recommendations that will, if implemented, lead to revitalization – a process that with a concerted effort will evolve from public improvements to private investment.

Ms. Cotton stated that the vision of this Plan is to…

Revitalize downtown Marion so that it becomes a vibrant destination, and a place with public and civic interest in protecting and enhancing the integrity of the communities historic assets, promoting private investment in vacant and underutilized buildings, and fostering a more inviting atmosphere for community activity to take place.

Ms. Cotton stated that the City invited citizens to participate in an activity to identify community strengthens and weaknesses. The City gave each participant or group of participants a disposable camera and form to identify what they thought to be strengths and weaknesses to be in Marion. The information was collected and divided into four categories, strength, weakness, opportunity, or constraint. The existing conditions were evaluated based on the following criteria for each category.

Strength: A feature or element within the downtown that serves to enhance downtown either by appearance or in attracting people to the area.
Weakness: A feature or element that detracts either aesthetically from the appearance of downtown or discourages people from coming to downtown for social or economic activity.
Opportunity: Is an activity that can be accomplished to improve upon the strengths and weaknesses identified.
Constraint: Is a financial, regulatory, physical barrier that will make it difficult to achieve outcomes, but must be taken into consideration to move forward.

The following is a list of what the focus group identified:

Strengths	Weaknesses
• Many buildings located downtown are in good structural condition. • Main Street has attractive features such as decorative lamp-posts and hanging baskets that enhance the appearance of downtown. • Utility lines have been placed	• Main Street is a NC DOT controlled highway. • Main street is absent of a dedicated left turn lane. • Many buildings downtown have empty and/or unattractive storefronts, or are poorly

AA.000000559 (24)

underground to enhance the appearance of downtown. • Spacious sidewalks to accommodate commerce and pedestrians. • Attractive public spaces such as the gazebo, community building, and Marion Train Depot. • Conveniently located government and public services.	maintained by property owner. • There is a lack of retail and restaurants located downtown. • Parallel parking on both sides of Main Street is difficult to maneuver in traffic. • Poor maintenance along railroad right-of-way creates a negative appearance. • Limited retail or commercial occupancy on upper floors. • Limited landscaping and street trees.
Opportunities	Constraints
• Revitalize downtown keeping with its historic context to make it a more inviting space for economic and social activity (i.e matching benches, trash receptacles, traffic light poles). • Continue to make improvements on secondary streets downtown that have been improved upon on Main Street (installation of decorative lamp posts, underground utilities, consistent traffic light poles, trash receptacles, hanging baskets, signage etc). • Install more landscaping, traffic calming and safety devices, and way-finding signage to make downtown safer and more inviting for both pedestrians and vehicles. • Redesign on-street parking to provide spaces that will accommodate more vehicles on Main Street. • Increase residential housing opportunities downtown.	• Narrow right-of-way widths along Main Street limit reconfiguration alternatives that meet NCDOT street design standards. • Railroad right-of-way configuration impedes street design designation and reconfiguration. • Limited site distance and visibility at the intersection of East Railroad Street and Main Street. • Inadequate railroad crossing on Garden Street.

Ms. Cotton stated that one of many positive outcomes from the community analysis is that many of the challenges that were identified can be overcome with effort. There were only a few areas that were identified as constraints to the overall revitalization of downtown and with some intuitive wisdom many of these issues may be mitigated. The following will outline recommendations to build upon the strengths and opportunities and outcome the weaknesses and constraints to achieve the community's vision of a revitalized downtown Marion.

Ms. Cotton stated that each year thousands of visitors travel through or past the City of Marion on their way to another destination for leisure or business. Some of these motorists are tourists visiting the historic, cultural, and natural resources that the Western North Carolina region has to offer not realizing that some of those destinations are located in and around Marion. Other motorists, traveling through the area for business are unaware that the community offers state of the art services not readily available in the region, such as free public wireless access. For these reasons, a comprehensive wayfinding program is essential for marketing and promoting Marion to travelers, attracting visitors, and a key strategy of generating greater economic prosperity.

Ms. Cotton reported that the City of Marion does not have a comprehensive wayfinding system in place that assists motorists with information or guidance to select destinations. Many of the existing signs are dated, and are need of replacement to reflect the attractive character of the community. To

AA.000000560 (24)

enhance historic downtown Marion and promote the community as a destination for visitors and business, it is essential to have an attractive and comprehensive signage system in place.

Ms. Cotton advised that the design of the Wayfinding Signage is based on recommendations provided by Arnett and Moldrow Consultants during the Branding and Marketing Study conducted in the fall of 2008.

Directional Signage Notes:
Directional Signage in the downtown plan have been designed to meet US Dept of Transportation, Federal Highway Administration, Manual on Uniform Traffic Control Devices, 2003 Edition, Part 2 Signs, Section 1A.01 Function and Purpose of Signs, Standard D. Special Purpose Road, defined as " a low-volume, low-speed road that serves recreational areas or resource development activities, or that provides local access.

Signage Plan:
Signs are defined by their function as follows:

1. Regulatory Signs: Giving notice of traffic laws or regulations
2. Warning Signs: Giving notice of a situation that may not be readily apparent.
3. Guide Signs: Giving notice of route destinations, directions, distances, services, points of inters, and other geographical, recreational, or cultural information.

Design Goals:

1. Designed to provide high visibility by day or night.
2. High legibility with adequately sized typography and symbols.
3. Uniformity of design, position, and application.
4. Use of quality materials for longevity.
5. Appropriate choice of design and color to enhance the community.

Ms. Cotton advised that parking lots and paved areas are an essential part of an effective urban transportation system, but can be unsightly in their basic functional design. Landscaping improves appearance, prevents soil erosion, provides shade, reduces stormwater drainage problems, as well as reduces detrimental effects of wind and noise. Selecting appropriate trees for sidewalks, parking lots, and other paved areas is challenging. Paved surfaces are engineered to quickly shed water, often in directions that either deprive trees of adequate soil moisture or leave their roots submerged in excess water. Stress on a tree is exacerbated by the heat absorption of concrete, asphalt, and other similar surfaces. Lack of soil confines roots, restricts their growth, reduces anchorage, and limits moisture and nutrients. The stress of compaction and low soil fertility, coupled with other physical, environmental, and human factors, creates an unfriendly environment for trees. Identifying all these factors is an important part of selecting "the right tree for the right location".

Ms. Cotton stated that, though not every location will have the same conditions, each of the following factors deserves equal consideration to insure that the right tree is selected for the right location on Main Street and within the downtown area.

Physical Considerations:
1. The size and scale of the proposed streetscape design including the height of buildings, width of right-of-way, and distance between tree stalls and buildings.
    - The average building height downtown is between twenty-four to thirty-six feet.
    - The existing right-of-way is approximately sixty-eight feet.
    - Tree stalls are five feet (5') wide, and by design can be extended lengthwise as necessary to accommodate growth.
2. The type and mixture of land uses located in the downtown.
    - Street-level storefronts predominantly commercial
    - Upper and lower levels storage, residential, and commercial.
    - Tree height not limited as a result of overhead power lines on Main Street, which provides a unique opportunity for a taller tree selection.
3. Plan for the mature size of a tree.
4. Select trees with spreads that will not interfere with pedestrians, vehicles, and or accessibility.

Maintenance Considerations:
Examples:

AA.000000561 (24)

1. large leaves are considered slippery when wet and can be become a public hazard if not collected.
2. It is costly to repair asphalt and concrete damaged by trees that have above-ground and ground-level root systems.
3. Trees that are weak or have soft wood are susceptible to natural or manmade damage. Limbs can break during wind events or when other physical stress is placed on them.
4. As the amount and frequency of pruning increases so does the cost and resources to maintain a healthy tree.

Socio-Economic Considerations:

1. A tree that is too small can lack shade for pedestrians, can be damaged or damage vehicles parking on the street due to inadequate clearance, block visibility to storefronts from the street, and not provide the right scale with its surroundings making the street appear empty, uninviting, and stark.
2. Small bushy and multi-stemmed trees can block visibility for motorists and block visibility of storefronts from the street.
3. Ornamental trees or other trees that provide visual interest enhance the overall appearance of the streetscape throughout the year or seasonally.
4. Trees that are vase, oval, or round in shape provide more shade, which keep pedestrians, patrons, and vehicles cool and comfortable, as well as lower energy costs for residents and business owners.
5. (one value we often forget) The life expectancy of a tree can create a strong sense of stability for a location by minimizing the amount of changes taking place over time, and help minimize the negative appearance of empty storefronts.

Environmental Considerations:

1. A tree species should be selected that has minimal risk of pest infestation or susceptibility to disease. Such as Hemlocks, which are dying as a result of a pest known as the Whoolly Adelgid.
2. A tree should be selected that can thrive in an urban environment under varying conditions, including but are not limited to drought tolerance, poor drainage, compacted soil, air pollution, and limited planting areas.
3. Each tree species may have a variety of cultivators that have very different growth patterns, gender specific characteristics, or may be limited in availability. Some varieties may be small while others are tall, some may drop fruit or have an unpleasant smell while others don't, or some may be a new specimens and therefore difficult to find and costly.
4. Every effort should be made to avoid a monoculture tree stock to reduce the risk of any unforeseen condition that can occur, which has the potential to kill or significantly damage the entire stock. This can be accomplished by selecting different varieties for each block or by street.
5. Under no circumstances should a tree be selected that is a known invasive species to the region.

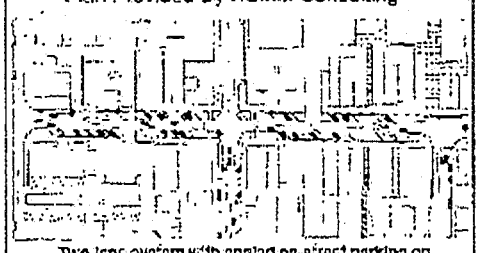
Ms. Cotton stated that street furniture and other amenities can enhance the overall appearance of an area, and provide features that make a location a more inviting place for social activity to occur. The inclusion of such features can be costly to a streetscape enhancement project, however there are many innovative ways to include the public in this phase of the enhancement project. One example is an "adopt a bench" program, which allows for the public to make a donation in honor or in memory of a family member or friend. The donation can pay for all or a portion of the bench purchase, which would include a bronze plaque identifying the dedication. Another example is the incorporation of public art into the enhancement, which further promotes the community's unique identity.

Ms. Cotton reported that all future streetscape improvements should reflect similar elements that were identified and installed at the Historic Depot. Ornate and decorative elements such as traffic poles, scrolls, finishes, furniture, base covers, lighting should be similar in design, finish, and color where possible. As a recommendation of this plan all such elements include a black powder-coated finish.

Ms. Cotton presented slides during her presentation, as follows:

AA.000000562 (24)

Historic Downtown Marion



Streetscape Enhancement Plan

Existing Conditions

- 2 Travel Lanes in Each Direction
- Parallel Parking on Both Sides of Main Street
- Limited Vegetation
- Absence of a Dedicated Left Turn Lane
- Spacious Sidewalks

Plan Provided By HSMM Consulting

Two-lane system with angled on-street parking on both sides between Fort St. and Henderson St.

Revised Streetscape Plan

Three Lane with Center Turn Lane Only

Parallel parking with approximately 7 feet of maneuverability between parking space and oncoming traffic

On-Street Parking

Main Street between Fort Street & State Street

Existing

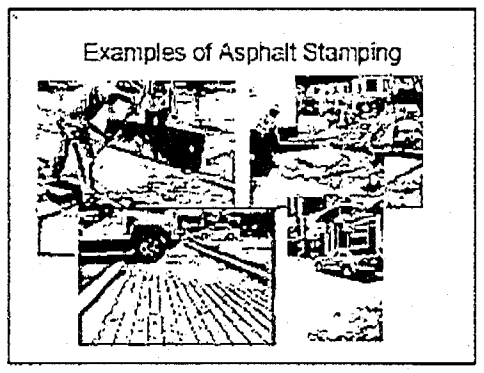
Fort Street to Court Street——————19 Marked Spaces
Court Street to Henderson Street——————29 Marked Spaces
Henderson Street to State Street——————27 Marked Spaces

Proposed*

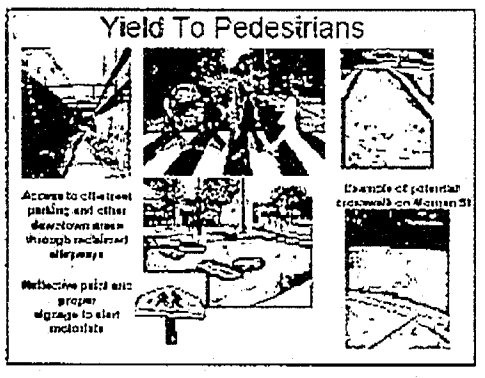
Fort Street to Court Street — 15 Spaces (Remain Unchanged)
Court Street to Henderson Street – 20 Spaces (9 Spaces Lost)
Henderson Street to State Street – 14 Spaces (5 Spaces Lost)

*Note: To be confirmed upon field review of plans.

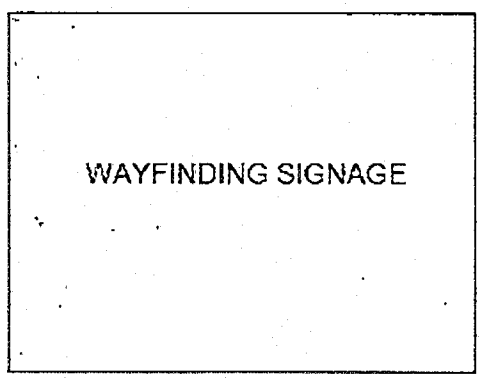
Advantages & Disadvantages to Revised Design



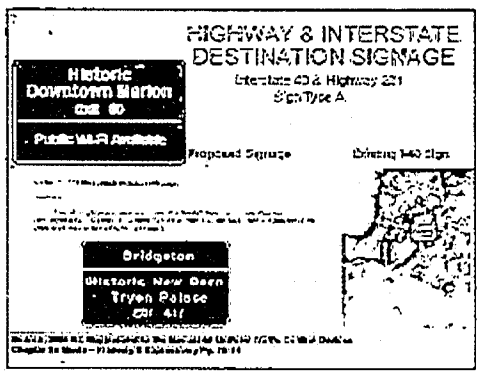
ADVANTAGES



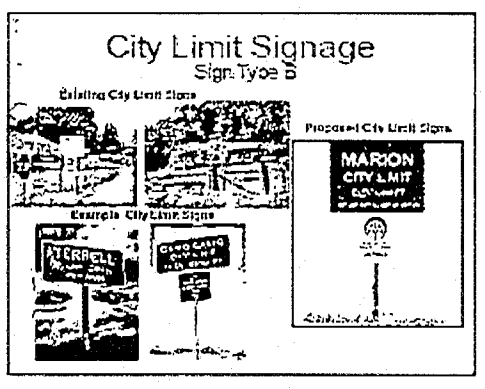
- Sidewalk width remains the same
  - Providing additional opportunities for street furniture
  - More areas for socializing, dining, and window shopping
- No curb/curb and gutter demolition/construction
- Parking on both Sides of Main Street
- More maneuverability for motorists utilizing on-street parking
- Sufficient Space for mid-sized Street Cars.



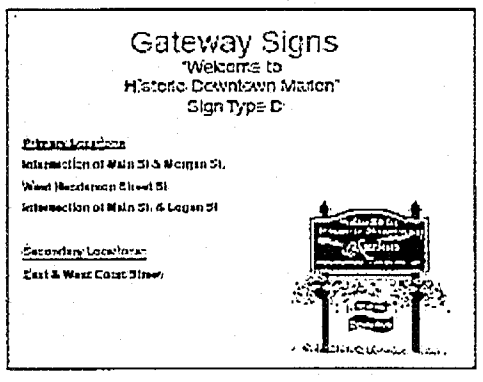
DISADVANTAGE

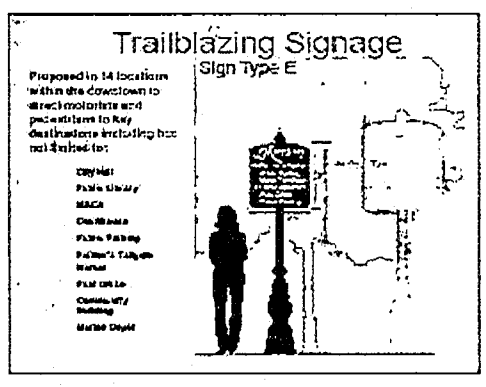


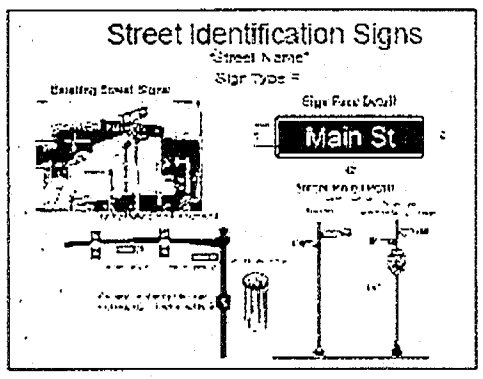
- Decreased Number of On-Street Parking when compared to Current System

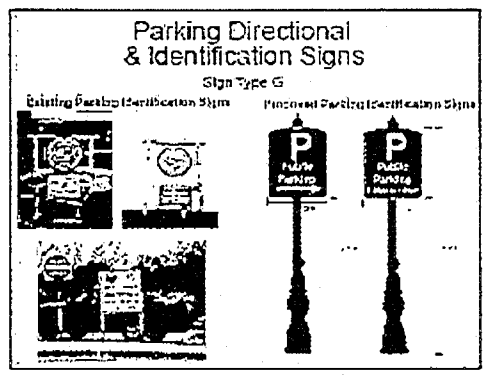


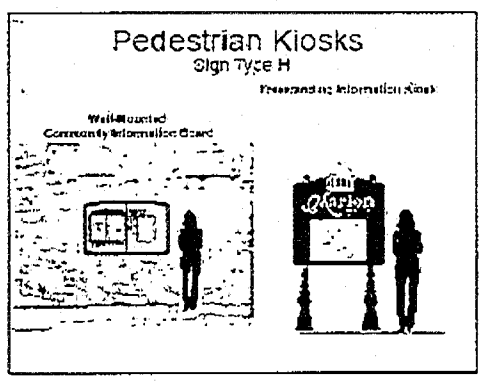
AA.000000563 (24)



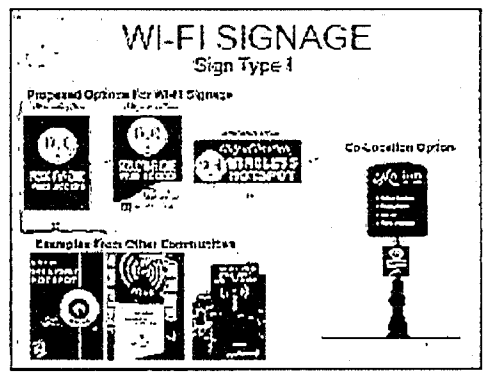


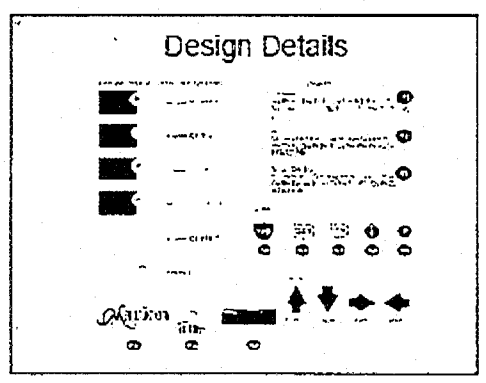


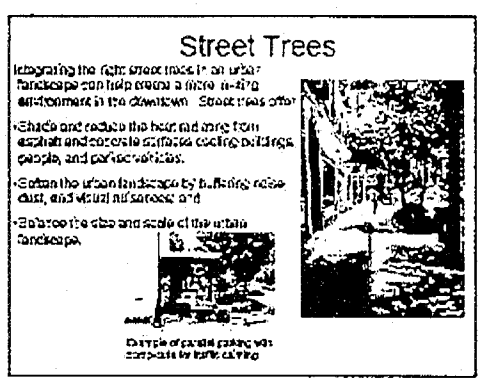


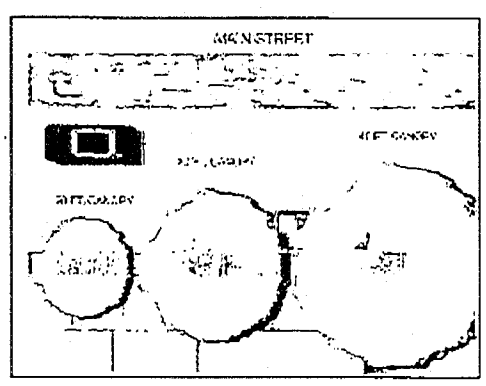


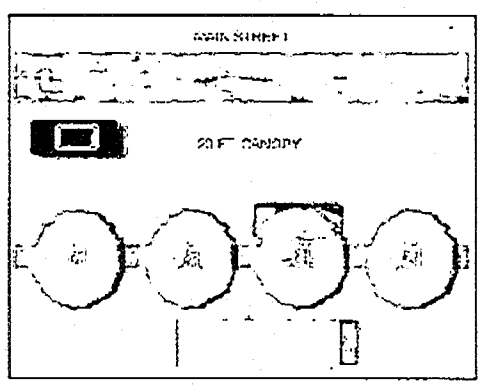
AA.000000564 (24)

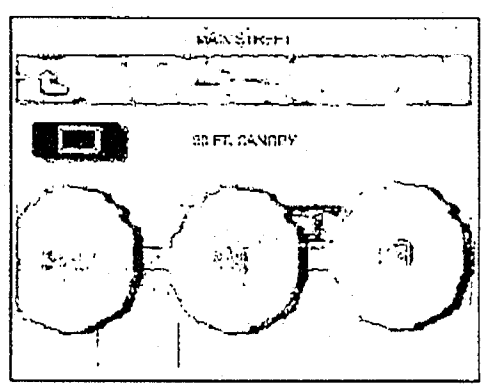




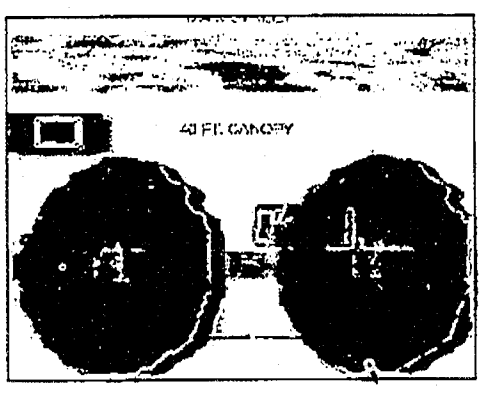


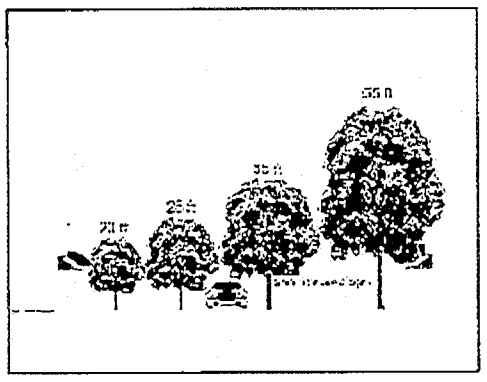


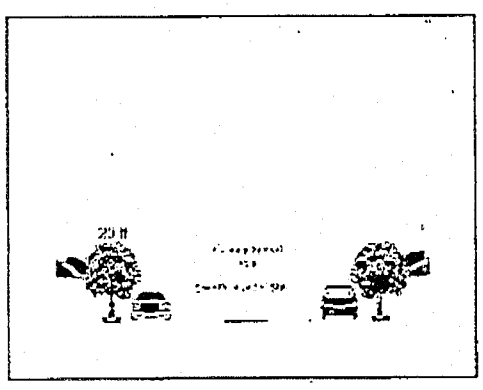


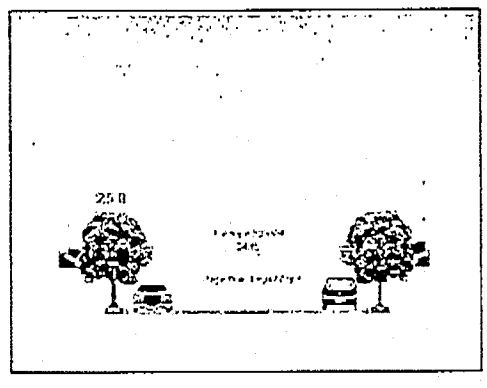


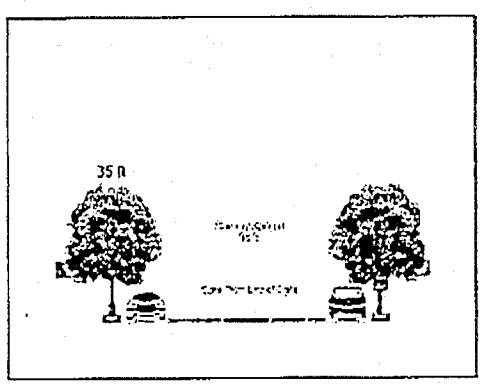
Street Trees & Landscaping



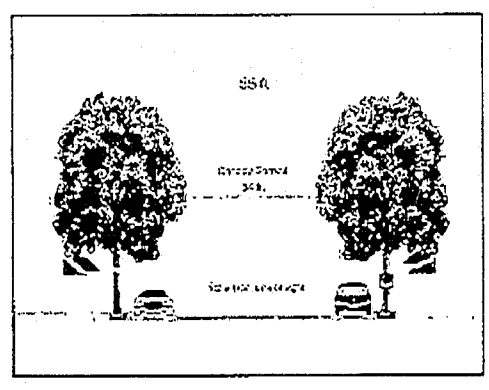


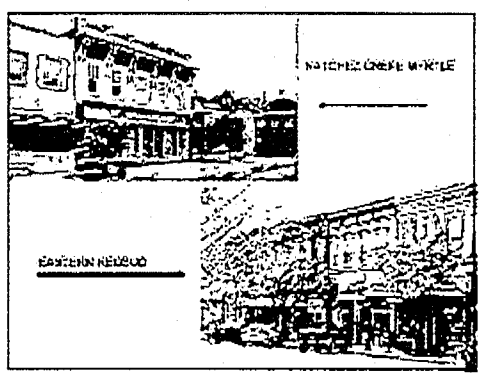


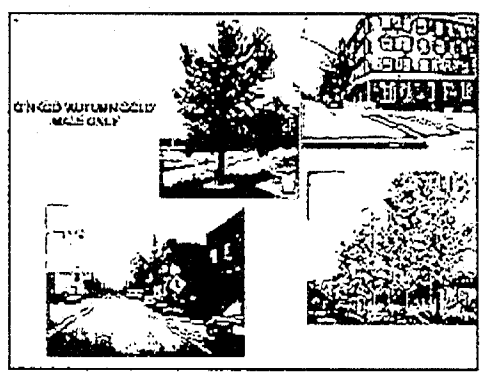


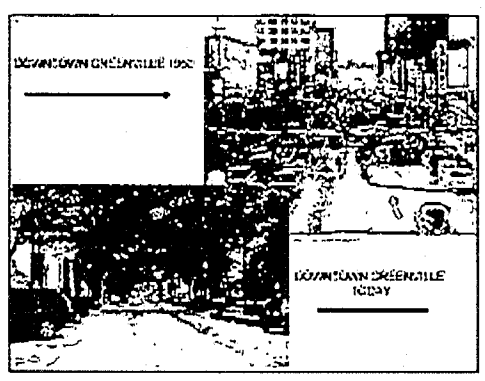


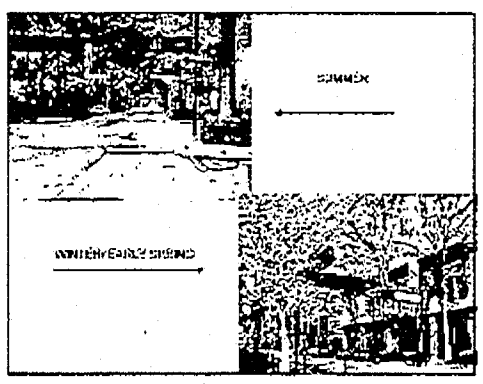
AA.000000566 (24)



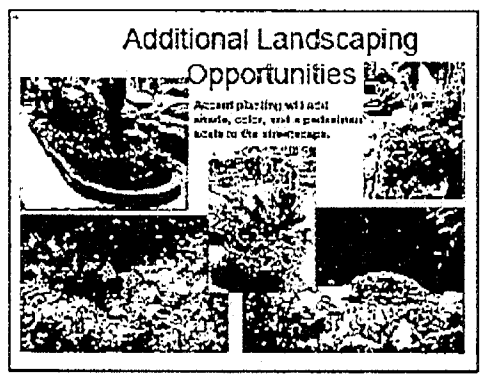








AA.000000567 (24)



City Manager Bob Boyette thanked Ms. Cotton, stating that she had done a great job with this presentation and in updating the Downtown Streetscape Plan, along with completing all her other jobs and duties. He added that the City's original consultant, HSMM, had produced a good plan, but had since gone out of business and been bought out by another company.
Mr. Josh King, Transportation Planner for Isothermal Planning and Development Commission, spoke to Council about funding options for the Downtown Streetscape Plan.

Mr. King advised that, in the past, every two or so years, the North Carolina Department of Transportation (NCDOT) issued a call for projects as part of the Enhancement Program. The projects are submitted and funded through a grant cycle. NCDOT provided upfront funding for all costs associated with the project. Funds were allocated based on an equity formula approved by the Board of Transportation. The formula was applied at the county level and aggregated to the regional level, as follows:

½ equity
¼ population
¼ the number of municipal governments

Mr. King stated that now applications for the Enhancement Program are routed through the State Transportation Improvement Program Process (STIP) and put through the Strategic Planning Office

AA.00000568 (24)

of Transportation (SPOT) funding process. NCDOT is in the first phases of implementing this new model with all its associated challenges.

Mr. King offered the following points about the Enhancement Program:

- NCDOT and the Federal Highway Administration have warned there will be less "general" funds available for traditional enhancement projects.
- However, there will be more funds available for less traditional projects like sidewalks tied into job access for low income individuals, trails systems linking home, schools and work. Multi-modal (driving AND walking, biking, or transit) projects will have the greatest advantage.
- NCDOT has passed a complete streets policy which could mean more sidewalks and trails tied into new road project.
- Land use controls and access management will also be playing a larger role in transportation in the near future and could be tied to funding.

Mr. King stated that the Isothermal Rural Transportation Planning Organization (RPO) has been exploring new options for funding and passing these findings along to City staff. The Safe Routes to School Program is an example of this. Cities and counties can now submit Enhancement Program project directly to the RPO's for consideration.

Mr. King stated that the next RPO meeting will be held on November 12, 2009 and he would encourage everyone to attend and participate in the process.

Mr. King noted that the City had used Enhancement Program funding for the Depot project. Councilman Cuthbertson stated that the $1.4 million Depot project was implemented at a cost to the City of only ten cents on the dollar, due to the receipt of the Enhancement Grant funding.

Mr. Mike Ornberg asked what the timeline is for getting in line for this type of money. Mr. King stated that, with the current transition in the Enhancement Program, it could take five to ten years to obtain money for implementation of the Downtown Streetscape Plan and that there is no guarantee the project could be funded at all.

Mayor Clark added that the City had received notice of NCDOT's five year work plan, so it could be assumed that it would take more than five years to get this project funded. He noted that the City and County recently met with NCDOT Board Member Wanda Proffitt and Division Engineer Jay Swain and showed the proposed Downtown Streetscape Plan. Mayor Clark advised that Mr. Swain and Ms. Proffitt liked the Plan and thought it could be approved by NCDOT.

Mayor Pro Tem Little stated that, over the years, we have had TIP's that ran for five or more year and governors serving four year terms, often leading to nothing getting done.

Mayor Clark stated that one bright spot is that $40,000 of the needed $250,000 to implement the Plan is already available through the N.C. STEP program for the way finding signage component of the Plan. Mayor Clark stated that Council wants to do what is pleasing to the majority of the public. These plans are not in concrete and can be changed.

The City Manager stated that the City, Downtown Advisory Committee and others had worked hard to implement the 2003 Downtown Master Plan. The Downtown Streetscape Plan has been delayed due to difficulty getting NCDOT to accept the original two lane, angled parking design for Main Street. The City Manager stated that the holly trees have absolutely outgrown the spaces on the Main Street sidewalk and that doing nothing is probably not an option with the trees.

Mr. Ted Alexander, Mayor of Shelby and the City of Marion's N.C. STEP Program Coach for the past few years, stated that he has first hand knowledge of the great work being done by the City of

Marion. He said that the Plan presented tonight by Ms. Cotton is every bit as professional as a consulting firm could do. Mr. Alexander added that the overall concept is outstanding and Marion has gone all out in a good way to produce a final product that can and will serve Marion for many years.

Mike Ornberg stated that he is very pleased with what he sees here tonight. He said that he has hoped that Marion's downtown could catch up with progress made in other communities, but that the proposed Plan would actually end up being better than most other towns.

Mr. Cliff McLarty stated that his first question would be how long it would take to get started on the Plan and an anticipated response time from NCDOT officials.

Ms. Cotton stated that she felt it reasonable to anticipate a 30 to 60 day turnaround time from DOT, once plans drawn to scale were prepared and submitted. The project could then proceed, depending on funding and authorization from City Council, upon NCDOT approval.

Mr. McLarty stated that the reason he is asking about the time frame is that NCDOT needs to be held accountable to a reasonable time period to review and approve the Plan.

Mayor Clark stated that, last week when the City and County met with NCDOT officials, the City was told that NCDOT would act on reviewing and hopefully approving the Plan as quickly as possible.

The City Manager stated that the time required for NCDOT approval should be greatly reduced with the three lane proposal for Main Street, instead of proposing a two lane section.

Mike Ornberg stated that what he sees is exciting and that the proposed Plan could bring great economic gain for the City as well as the County. He said he wanted to be assured that the Mayor and Council Members are are excited about the Plan as he is.

Mayor Clark stated that he definitely likes the proposed Plan and is ready to go forward with it, although the City may have to implement the Plan in phases.

Mayor Pro Tem Little stated that he too is excited about this project. He said that, at first, he was in favor of going from a four lane section on Main Street to a two lane section with angled parking. However, he now feels that the three lane section is the safest, most practical option. Mayor Pro Tem Little added that the City has gone with different species of trees along Main Street through the years and it is now time to replace the hollies. Mayor Pro Tem Little also stated that he does not like the idea of closing East Henderson Street. He said he is on board with the whole plan and in favor of everything except the street closing. Mayor Pro Tem Little said he was almost ready to make a motion that Council adopt and implement the Plan, but that he supposed it would be better to make sure there are no further comments from the public.

Councilman Cuthbertson stated that he had spent much time discussing this project with City staff. He said he is in favor of the project. Councilman Cuthbertson noted that the City had been trying for several years to develop a Plan acceptable to NCDOT and had even proposed the City taking over Main Street from NCDOT. He added that NCDOT had discouraged the City from taking this action, due to the high cost of future needed repairs to or replacement of the bridge on Main Street over the railroad tracks. Councilman Cuthbertson stated that he serves as a Council representative on the City of Marion Tree Board and that the Tree Board had discussed options for replacing the holly trees downtown for many months.

Councilman Owenby stated that he likes the proposed trees well enough and added that everyone present for the meeting likely had a different opinion about what trees should be planted downtown. He said he personally likes the holly trees. Councilman Owenby stated that he had never seen a tree

AA.000000570 (24)

that brought business to town. He still feels that Main Street looks good just like it is. Councilman Owenby stated that is all for signage and most of the proposed Plan, except for the roundabouts and the closing of East Henderson Street, which he strongly opposes.

Councilman Martin stated that he applauds Ms. Cotton for the presentation and all the work that she and everyone else has done on this project. He stated that he is all for beautification of the downtown. The roundabouts may not be feasible but, otherwise, he would like to see the Plan implemented in the next year. Councilman Martin said he is board 110 percent with the Plan.

Ms. Bunnie Burgin was present for this discussion and thanked Ms. Cotton for the work she had done. She stated that the one thing in her mind is that the two lane section on Main Street with angled parking would be better. Ms. Burgin stated that she wants to see the downtown traffic calm down and that the two lane section would definitely slow down traffic. She does not understand why two lanes would not work in Marion, when it works in other towns.

Ms. Burgin stated that another thing that has bothered her is the communication we have in the City. She would have liked to have seen notice of the Plan presentation announced in the media. Ms. Burgin feels that the City has been working on this Plan for a long time and she hopes that the citizens that care can make their comments known.

Cliff McLarty asked what caliper of trees the City was considering. Ms. Cotton stated that the proposal was for 2 inch caliper trees.

Mr. McLarty stated that, in his experience, he would recommend larger caliper trees. Mr. McLarty asked where Council would be getting the money for this project.

The City Manager noted that the estimated cost of implementing the Downtown Streetscape Plan is around $250,000, not including the two roundabouts, the closing of East Henderson Street and the Railroad Walk. With the availability of $40,000 in N.C. STEP Program funds for the way finding signage and opportunities to raise money for street trees and street furniture, the City's net cost may be around $200,000. The City Manager noted that if Council wished to implement the Plan, minus the two roundabouts, the closing of East Henderson Street and the Railroad Walk, he would suggest the City borrowing from the General Capital Reserve Fund, which currently has a little over $512,000, and then paying the Fund back over time, perhaps $25,000-$50,000 per year, depending on available funding. This strategy was used to construct the South Garden Street Parking Lot.

The City Manager said this is a perfect type of project for a General Capital Reserve Fund. He added that City funding of the project is likely a necessity, since Mr. King indicated that NCDOT Enhancement Funding could take five to ten years or more, which is likely an unacceptable time frame for everyone in the room tonight.

Mr. McLarty asked how much the cost for the trees would be. The City Manager stated that the trees would only cost a few thousand dollars, depending on the variety and size chosen. Mr. McLarty suggested that the City allow people to purchase memorial or honorary trees and that he would be happy to buy the first one.

Councilman Cuthbertson stated that, at the last Tree Board meeting, Duke Energy representative Phil Ray stated that this is a good time to plant trees.

Mayor Clark stated that he remembers back in the early 1970's when the City Council was looking for money to make payroll. He added that Council has been careful through the years with the public's money but that it was certainly appropriate to invest money in projects that will benefit the community. Mayor Clark advised that years ago there was a tax district in the downtown area. The tax district is still in place, but the rate is set at $0.00. Another thought is that perhaps the City could use Powell Bill funds reserved for street projects for some of this project.

AA.00000571 (24)

Ms. Joyce Halter asked why the City plans to keep the sidewalks as large as they are now. Ms. Halter suggested making the sidewalks smaller to accommodate angled parking.

Mayor Clark stated that the City was fortunate to have wide sidewalks, but that all options could be considered. He added that one obstacle to this suggestion is that underground wiring is located under the brick portion of the sidewalks adjacent to the curb on Main Street.

One citizen stated that, as the project stands now, the City would need to present the Streetscape Plan to NCDOT. The citizen asked if the City could proceed with the project and then be reimbursed later if grant money is obtained.

The City Manager said that he did not know of any grants that would reimburse the City for work already completed.

Mr. Ornberg stated that one more thing he would like to say is that lack of parking in downtown Marion is a perception. One cure for this perception is when a town is developed, people start coming back to a downtown as a whole, not just to particular businesses, and they are more willing to walk from parking areas.

Mayor Clark stated that City Council has three things to consider: the tree replacements, the way finding signage and the Streetscape Plan. The Streetscape Plan will have to go to NCDOT for approval as soon as the final draft is completed. Mayor Clark added that the City will never get everyone to agree to all components of the recommendations.

Mayor Clark asked the City Manager, in response to Ms. Burgin's previous question about communication, to describe efforts the City is considering regarding communication. The City Manager stated that he had been in municipal government for over sixteen years. For many years, simply putting news releases in the newspaper was sufficient to reach almost everyone. In recent years, the City had used newspapers, radio, television, the City website and the City channel to communicate with citizens. However, there is now a segment of the population that does not get their news from the sources he had listed; therefore, the City is talking with a local communications consultant about the idea of updating the City website and City channel and using other forms of communication, including social networking sites, to communicate with more people. The City Manager stated that the City would have to change with the times to reach all people.

Mr. Steve Brown stated that he liked the Plan and hoped to have it implemented. He encouraged City Council not to take away from the current width of the downtown sidewalks.

Ms. Lou Godfrey stated that she liked the proposed Plan. She suggested that, to go along with the theme of promoting the historic downtown, she would suggest a historic museum in the downtown area.

Mr. Mark Hoskins stated that the City needs sidewalks on North Main Street. Mayor Clark stated that he agreed and that Council recognized this need. The City Manager suggested that sidewalks on North Main Street, along with roundabouts and the Railroad Walk, might be good long term projects to proposed for Enhancement Program funding to NCDOT.

Mayor Pro Tem Little suggested that staff seek to have a rendering of the proposed Downtown Streetscape Plan ready for Council to review at the November 17 Council meeting.

After further discussion, Council agreed to solicit public comments on the proposed Downtown Streetscape Plan via information posted on the City website and displayed at City Hall. Comments received by the public will be compiled and presented to Council at the November 17 Council

AA.000000572 (24)

meeting, at which time Council indicated that it may be ready to authorize the implementation of the Downtown Streetscape Plan, depending on the nature of the comments received.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF PERMIT TO OPERATE A PLACE OF AMUSEMENT – STATE STREET: The City Manager advised that John and Cheryl Tarantino had submitted an application to operate a place of amusement, to contain four or more video poker machines, at 39 State Street. This location is two doors down from the You're Special Beauty Shop located behind Austin's Furniture. The Tarantinos operate a retail business and would have the video machines located in a back room of the business. The City Manager stated that, under the City Code provisions for places of amusement, Council review of such applications is required. City Council may deny a permit to any person who has been convicted of unlawfully selling intoxicating liquors or narcotic drugs, or is not a citizen and resident of this state, or is an excessive user of intoxicating liquor or narcotic drugs, or is deemed by Council to be unfit to conduct a business for which the license is applied as a result of the criminal background check.

The City Manager presented Council with information on the legality of video poker machines in North Carolina. He said that a Superior Court judge overturned the State's ban on video poker machines in February. This decision has been appealed by the State. Another Superior Court judge issued a ruling prohibiting law enforcement from enforcing the State ban. Therefore, for now, the City apparently cannot enforce the State ban on video poker machines.

The City Manager advised that the Police Department conducted a criminal background check on Mr. and Mrs. Tarantino and determined that neither have a criminal record. The location proposed by the Tarantinos is in the C-1 Central Business District, which permits billiard and pool halls, video game parlors and other coin operated amusements or recreational machine parlors. The Tarantinos do not appear to have ever been convicted of unlawfully selling intoxicating liquors or narcotic drugs, to be an excessive user of intoxicating liquor or narcotic drugs or be unfit to conduct a business for which the license is applied as a result of the criminal background check. In addition, the Tarantinos are residents of North Carolina, as required by the Game Room Ordinance.

Mayor Pro Tem Little stated that he does not know this couple. However, video poker machines are illegal under state law and he would not vote to approve this request.

Mayor Clark asked if the City could charge someone for operating video poker machines. The City Manager stated that the only possible charge would be for an ordinance violation for not obtaining the required City license.

The City Manager stated that other businesses in the City had video poker machines and asked if Council wanted to table this request until such time as staff could inventory such businesses.

Mayor Pro Tem Little stated that the question before Council was considering approval of the license for the Tarantinos and that Council needed to deal with that question.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to deny the request by John and Cheryl Tarantino to operate a place of amusement, to contain four or more video poker machines, at 39 State Street.

CONSIDER APPOINTMENT TO PLANNING BOARD/BOARD OF ADJUSTMENT/HISTORIC PRESERVATION COMMISSION:
The City Manager advised that, at the October 1 Planning Board Meeting, the Planning Board voted unanimously to recommend to Council that Marc Cook be appointed as an alternate member of the

AA.00000573 (24)

Planning Board/Board of Adjustment/Historic Preservation Commission, with a term to expire on June 30, 2012. The City Manager stated that Mr. Cook is willing to serve and would provide a great link between the Planning Board and the Marion Business Association, as well as the business community.

The City Manager advised that the ordinance establishing the Planning Board authorizes up to six alternate members.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to appoint Mr. Marc Cook to the Planning Board/Board of Adjustment/Historic Preservation Commission, with a term to expire on June 30, 2012, as recommended by the Planning Board.

The current members of the Planning Board/Board of Adjustment/Historic Preservation Commission, including Mr. Cook, are as follows:

Regular Members	**Alternate Members**
Glenys Gilbert Term Expires June 30, 2010	Joan Keuper Term Expires June 30, 2010
Gary Walker Term Expires June 30, 2010	Connie Martin Term Expires June 30, 2010
Robert Elledge Term Expires June 30, 2011	Virginia Williams Term Expires June 30, 2011
Kit Alverson Term Expires June 30, 2011	John Morrow Term Expires June 30, 2012
Dudley Thompson Term Expires June 30, 2012	Rex Wood Term Expires June 30, 2012
	Marc Cook Term Expires June 30, 2012

Staff
Heather Cotton, AICP, Planning and Development Director

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City had a tremendous Mountain Glory Festival on October 10, despite the threat of rain and being short a few vendors. Thank you notes were sent to Marion Business Association (MBA) Executive Director Freddie Killough and the MBA Board, as well as the Public Works, Police and Fire Departments, thanking them for their hard work with year's Festival. The Public Works Department had a lot of extra work setting up this year due to the recent loss of inmate labor. The City Manager stated that the City also sent a thank you note from Mayor Clark to the Festival volunteers. He added that the Festival Committee had a Festival wrap-up meeting on October 14. The Festival Committee discussed some ideas for improving the Festival and noted that almost all feedback regarding the Festival had been positive.

The City Manager advised that the City had received the signed Performance Agreement from the Sugar Hill Road commercial developer. This Performance Agreement is being sent to the Rural Center to lock in the City's $1 million grant for the water and sewer extension on Sugar Hill Road to I-40.

AA.00000574 (24)

The City Manager advised that Mr. Sam Dotson with Marion Correctional Institution had informed him that the City has been approved for two additional full time inmates to work at Public Works, bringing the City's total number of inmates to five. The inmates have been doing a great job for the City, with no complaints.

The City Manager asked if Council still wanted NCDOT to install the 10 foot wide, high visibility crosswalks at Main and Court Streets, as endorsed by Council at the October 6 meeting, given that it appeared the City would be implementing a Downtown Streetscape Plan with decorative crosswalks in the downtown area in the near future. Mayor Clark and Council members agreed that there would be no need for NCDOT to install the 10 foot wide crosswalks at Main and Court Streets in advance of the Downtown Streetscape Plan implementation.

The City Manager advised that the City had made a request to NCDOT for a pedestrian crossing signal at Court and Logan Streets, in the hopes that some or all of the work could be done at the same time as the traffic signal replacement at the intersection.

The City Manager reported that the NCDOT District Engineer Doug McNeal advised that he now hopes to obtain full funding from DOT for a sidewalk on West Henderson Street between Reid Street at Horton's and Wilhemenia Street. This sidewalk would include a connection to the existing City sidewalk on California Avenue. The City Manager noted that this sidewalk was one of Council's top sidewalk extension priorities.

The City Manager advised that the City had its initial Census Complete Count Committee meeting on October 13 at 8:30 a.m. at the Community Building. This Committee is being formed to assist with developing ways to promote the 2010 Census. The Committee came up with some great ideas to promote the Census. The City will follow up with a news release about the Census, inviting other people to join the Committee, and meet again in early December.

The City Manager advised that there will be a fall seasonal market at the Farmer's Market Shelter on Tuesday, October 27. Cooperative Extension Director Dan Smith and Marion Business Association Executive Director Freddie Killough are looking to schedule other seasonal markets as well.

The City Manager advised that City crews will soon begin work on constructing a three lane street section at the Fleming Avenue entrance to Marion Elementary School. He added that the City crews will only be able to work part of the day and will not work during the morning and afternoon rush hours at the school.

The City Manager advised that City crews had cleared and graded the new Eastfield Park and are now working on constructing and equipping the Park over the next couple of months. He added that work on the Clinchfield Park would then follow.

The City Manager advised that Ronny Turner Construction is nearing completion of the pump stations and has completed work on the force main sewer line that will pump wastewater flow from the Catawba River Wastewater Plant to the Corpening Creek Wastewater Plant. Construction is scheduled to continue through October or November.

The City Manager reported that Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction will last well into 2010.

The City Manager advised that the City would soon be implementing one of the final recommendations of the North Carolina League of Municipalities Performance Measurement Project with the mapping of violent and property crimes by location. Mr. Cliff McLarty stated that this information would be very useful to the public.

AA.00000575 (24)

The City Manager advised that The News Bulletin has asked the City, County and Town of Old Fort to contribute $150 each toward sponsoring a Veteran's Day section in The News Bulletin on November 11.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little those members of Council present voted to authorize the City contributing $150 toward sponsoring a Veteran's Day section in The News Bulletin on November 11.

The City Manager reported that NCDOT Division Engineer Jay Swain advised the City and County last week that the McDowell County sections of the US 221 widening were on track for construction in 2014 or 2015. He noted that the City continued to push for this widening project, to enhance the City's north-south connections.

COUNCILMAN COMMENTS:

Mayor Clark stated that NCDOT Division Engineer Jay Swain advised the City and County last week that the NCDOT Rail Division is making progress in bringing passenger rail service to Western North Carolina. He noted that Norfolk Southern Railway has signed on to the concept of passenger rail service and that NCDOT is seeking Federal funds to upgrade the tracks to accommodate high speed passenger trains.

Mayor Pro Tem Little stated that a small square of sidewalk on South Garden Street that had recently been dug out by PSNC Energy needed to be repaired. The City Manager stated that the City would contact PSNC and direct that this repair be made immediately.

Councilman Cuthbertson advised that a section of the sidewalk beside the First Baptist Church on Fort Street is not level and may need repairs. The City Manager stated that staff would look at the location and determine what repairs were needed.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Little, seconded by Councilman Martin, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

C . Approve Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA
2009-10 BUDGET ORDINANCE
(First Amendment)

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Budget Ordinance for the City of Marion, North Carolina for the fiscal year 2009-10 as adopted by the Marion City Council on the 16th day of June, 2009 is hereby amended as follows:

GENERAL FUND

a. General Fund Expenditures, Administration, Account Number 10-420-7400, Capital Outlay is increased from $-0- to $8,600.

b. General Fund Expenditures, Police, Account Number 10-510-0200, Salaries & Wages is increased from $1,032,520 to $1,060,952.

c. General Fund Expenditures, Police, Account Number 10-510-0300, FICA is increased from $79,010 to $81,185.

d. General Fund Expenditures, Police, Account Number 10-510-0500, Retirement is increased from $97,033 to $99,837.

e. General Fund Expenditures, Police, Account Number 10-510-0600, Insurance is increased from $200,667 to $207,964.

f. General Fund Expenditures, Police, Account Number 10-510-3330, National Night Out Supplies is increased from $1,500 to $3,200.

g. General Fund Expenditures, Police, Account Number 10-510-5100, Guns and Ammo is increased from $8,500 to $10,500.

AA.000000578 (24)

h. General Fund Expenditures, Police, Account Number 10-510-7400, Capital Outlay is increased from $63,400 to $70,155

i. General Fund Expenditures, Streets, Account Number 10-560-7400, Capital Outlay is increased from $2,650 to $5,750.

j. General Fund Expenditures, Non-departmental, Account Number 10-660-5400, Unemployment Insurance is decreased from $15,000 to $3,000.

k. General Fund Expenditures, Non-departmental, Account Number 10-660-9000, Transfer to General Fund Capital Projects is increased from $-0- to $16,000.

l. General Fund Expenditures, Non-departmental, Account Number 10-660-9500, Transfer to Capital Reserve is decreased from $32,000 to $-0-.

m. General Fund Expenditures, Non-departmental, Account Number 10-660-9600, Insurance, Bonds, Workers Comp is decreased from $156,600 to $146,600.

n. General Fund Revenues, Account Number 10-321-1000, Wine & Beer Tax Revenue is decreased from $34,000 to $11,350.

o. General Fund Revenues, Account Number 10-334-1400, OJT Revenue is increased from $-0- to $3,418.

p. General Fund Revenues, Account Number 10-334-1600, Federal Drug Asset Revenue is increased from $-0- to $5,108.

q. General Fund Revenues, Account Number 10-334-1700, State Controlled Substance Revenue is increased from $-0- to $1,200.

r. General Fund Revenues, Account Number 10-342-1300, National Night Out Revenues is increased from $-0- to $1,700.

s. General Fund Revenues, Account Number 10-342-2100, County Fire Protection Revenue is increased from $220,000 to $295,000.

t. General Fund Revenues, Account Number 10-370-0000, Powell Bill Allocation is increased from $182,666 to $192 803.

u. General Fund Revenues, Account Number 10-399-0000, Fund Balance Appropriated is decreased from $450,290 to $401,240.

WATER AND SEWER FUND

a. Water and Sewer Fund Expenses, Utility Line Maintenance, Account Number 30-810-0400, Professional Fees, is increased from $3,500 to $17,000.

b. Water and Sewer Fund Expenses, Utility Line Maintenance, Account Number 30-810-7400, Capital Outlay, is increased from $83,000 to $148,000.

c. Water and Sewer Fund Revenues, Account Number 30-299-0000, Fund Balance Appropriated is increased from $132,967 to $211,467.

WATER AND SEWER CAPITAL PROJECTS FUND

a. Water and Sewer Capital Project Fund Expenses, Account Number 31-172-0400, Corpening Creek – Capital Improvements, is increased from $2,626,700 to $3,128,064.

b. Water and Sewer Capital Project Fund Expenses, Account Number 31-178-1000, 221N Extension/Hankins Road, is increased from $380,000 to $462,465.

c. Water and Sewer Capital Project Fund Revenues, Account Number 31-370-0200, Long Term Debt Proceeds - WWTP, is increased from $2,100,000 to $2,601,364.

AA.00000579 (24)

d. Water and Sewer Capital Project Fund Revenues, Account Number 31-380-1000, 221N – EPA Grant, is increased from $380,000 to $385,700.

e. Water and Sewer Capital Project Fund Revenues, Account Number 31-385-0100, Transfer from Water & Sewer – 221N, is increased from $-0- to $76,765.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 17th day of November, 2009.

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–09–11–17–1

D . Approve Fire Department Relief Shift Honorariums – Council approved the payment of honorarilums to volunteer firefighters who have worked relief shifts in place of paid firefighters, in accordance with the following schedule:

MARTY COWARD 66 WEST CROSS ST MARION, NC 28752	$ 780.00
BRADLEY STYLES 835 SPAULDING RD. APT. 324 D MARION, NC 28752	$ 819.00
TERRY DEPOYSTER 69 GROVE ST. MARION, NC 28752	$1,378.00
SCOTTY RADFORD 838 SPAULDING RD. MARION, NC 28752	$2,905.50
TIM MOORE 262 MAPLE AVE. MARION, NC 28752	$ 2,145.00
CHRISTOPHER BURNETTE 62 LUKIN ST. MARION, NC 28752	$ 1,267.50
WAYNE DURKEE 341 HUNTER DR. MARION, NC 28752	$ 1,625.00
JULIE MACE 249 CARSON ST. MARION, NC 28752	$ 715.00
TOTAL	$11,635.00

PUBLIC APPEARANCE – RONNIE B URGIN: Mr. Ronnie Burgin was present for this meeting and advised that he owned property at the intersection of Baldwin Avenue and Perry Street that it was his understanding that sidewalks are being planned by McGill Associates adjacent to his property. Mr. Burgin said he wanted to know why this work is being planned without his knowledge.

AA.0000000580 (24)

Mayor Clark stated that the City had applied for two grant to construct these sidewalks in order to build the sidewalks for the safety of children walking to nearby schools. He added that the City did not receive the funding; therefore, the project is not going to happen anytime soon. Mayor Clark stated that the City first needed to obtain the grant funding and then would contact adjacent property owners to acquire any necessary property.
Mr. Burgin also asked why it cost $200.00 to make a request to the Planning Board.

The City Manager stated that the $200.00 charge covered the cost of legal advertising and the mailing of notices to adjoining property owners. Mayor Clark added that the fee that is paid is designed to cover the City's costs, so that the general taxpayers do not have to subsidize such requests. Mayor Clark stated that he agrees with Mr. Burgin that the fees are high. He noted that the fees are set by Council and can be changed by Council at any time.

Mayor Clark stated that the requirements for legal advertising and mailed notices for certain types of zoning requests is a good example of one of the unfunded mandates from higher levels of government with which the City has to deal.

PRESENTATION OF AAA TRAFFIC SAFE COMMUNITY AWARD: Police Chief Mika Elliott presented the Mayor and Council a Traffic Safe Community Award from AAA Carolina. Chief Elliott stated that the City of Marion and 14 other cities in North Carolina were selected by AAA as Traffic Safe Communities. This is the second year in a row that the City of Marion has received this award.

The award read as follows:

OUTSTANDING
AAA Carolinas
Foundation for Traffic Safety's
2009 Outstanding
North Carolina
Traffic Safe
Community
Marion
Population less than 10,000

Mayor Clark stated that he did not apply for this award; instead, the award is given for efforts made to improve traffic safety in the community. He added that the award demonstrates the efforts being made to promote traffic safety in Marion.

Mayor Clark, Council Members and the City Manager commended the Police Department for receiving this award and for continued efforts to improve traffic safety in Marion.

PRESENTATION OF AWARD FOR WATER PLANT PERFORMANCE FROM NORTH CAROLINA PUBLIC WATER SUPPLY SECTION: The City Manager stated that, for several years, the City had received an Award from the North Carolina Public Water Supply Section for Turbidity Removal Optimization. The City received the award again in 2008 and was among 16 out of 189 water plants, or among eight percent of water plants, receiving this award. Since this award was first presented eight years ago, the City of Marion is one of only two water plants in North Carolina to receive the award each year.

The City Manager presented the award to Water Plant Superintendent Steve Miller. He added that Mr. Miller and his staff do a great job for the City producing high quality water for the community every day.

The certificate read as follows:

NC's Area Wide Optimization
Program
Certificate of Facility Optimization
Turbidity Removal
2008
City of Marion Treatment Facility
NCDENR

Terry L. Pierce	Division of Environmental Health	Jessica G. Miles
Director, DEH	NC Public Water Supply Section	Chief, PWSS

Mayor Clark and Council Members commended Mr. Miller on the work of the Water Plant staff and on the receipt of this award.

PRESENTATION OF GREEN CHALLENGE ADVANCED LEVEL RECOGNITION AWARD FROM NORTH CAROLINA LEAGUE OF MUNICIPALITIES: Mayor Clark advised that the City of Marion had received a Green Challenge Advanced Level Recognition Award from the North Carolina League of Municipalities (NCLM) at the NCLM annual conference in Greenville in late October. Mayor Clark presented the award to the City.
The City Manager stated that the award was given to the City of Marion for efforts pursued to promote conservation and environmental stewardship. The City was among only 22 cities statewide to receive this award. The City Manager noted that the City received enough points to qualify for the award, due to its curbside recycling program, anti-idling policy for vehicles, efforts to promote energy and fuel consideration, its tree planting and preservation program, Wastewater Plant improvements and projects to plan and construct parks and greenways.

Mayor Clark stated that Susan Burgess, Mayor Pro Tem of Charlotte, came up with the idea for the Green Challenge when she served as President of the NCLM two years ago.

The award read as follows:

NC LEAGUE
GREEN CHALLENGE
ADVANCED LEVEL

CITY OF MARION
2009

CONSIDER APPROVAL OF RECOMMENDED DOWNTOWN STREETSCAPE PLAN/WAY FINDING SIGNAGE PLAN AND RECOMMENDATION FOR REPLACEMENT OF DOWNTOWN TREES: Planning and Development Director Heather Cotton appeared before Council and advised that, at the October 20, 2009 City Council meeting, staff presented recommendations for the Downtown Streetscape Enhancement Plan. At the meeting, City Council directed that time be given for the community to review the proposed plan and provide comments for consideration prior to adoption of the plan. Ms. Cotton stated that staff installed an exhibit of the proposed streetscape plan in the lobby of City Hall and provided access to the plan, the PowerPoint presentation, and notes from the presentation on the City Website. During this time, Staff has maintained a list of all the public comments that have been received regarding the proposed plan, which were presented for City Council review. Ms. Cotton advised that 16 comments were received and summarized the comments, which included some positive comments about the plan and some suggestions for changes to the plan. Comments received were as follows:
Grace Fernandez: Believes that handicapped accessibility was disregarded in the plan, and feels that adequate number of handicapped accessible parking spaces needs to be incorporated on Main Street and not on side streets where slope is a concern.

AA.000000582 (24)

Clarence Rutherford: Thinks that there are cosmetic things about the plan that make it inviting because it changes the streetscape of our downtown. However, does not agree with several of the items in the new plan. Reducing lanes and leaving "parallel parking" creates traffic issues, most people do not like to parallel park. it reduces the parking options in downtown, it causes loading issues for local businesses. Also, thinks that closing East Henderson St. is not needed. It just makes it more difficult for traffic to bypass Main St. Does not want to see roundabouts installed, there is no advantage or need to spend the money on this element. Likes the new signage, trees and sidewalk structure. Wants City to fight DOT recommendations and use angled parking., and use the money for the roundabouts to build a new courthouse off of main street so this space can be converted into more downtown parking and business opportunities.

Carol Rogers: Would like to see the parallel parking spaces gone. When other small towns get a facelift, most have pull in parking on Main Street. Believes this is much easier for visitors to get in and out of parking spots. She would like to see painted murals on some of the buildings that go down side streets.

Stephanie Truett: Enjoyed looking at the proposed plans and agrees our town is long over due for a facelift. She will applaud when the hollies are replaced, and loves the color of the Ginko but also loves the shape of the Zelkova. Believes every town needs more signs and directions and ours is no different. She hopes never to see the roundabouts, thinks they are a nightmare! Was glad the presentation included pictures of downtown Greenville. I could only hope our streets feel that welcoming some day.

Joe Jones, McDowell Distributing Company: McDowell Distributing relies on parking and the loading zone. The loading zone is vital to his business to operate as it receives and ships freight daily. Is concerned the plan will not only bring very limited access to his business and other businesses, it will lower the value of property.

James and Jenny Tarpley, VISIO photography: Like the plan and thinks it will move Marion in the right direction for maximizing the downtown aesthetic and encouraging business growth in the downtown area. Would like to see the plan move forward quickly and doesn't get lost in the mix of other priorities.

Bunnie Burgin: Why not have three-lane section the whole length of downtown? It was explained that a three-lane configuration is proposed the entire length of Main Street from Morgan St to Logan St.

Jennifer Fox: Downtown Streetscape Plan will bring more business to downtown area and therefore destroy the area by making it less residential, and more business will mean more trash.

Russell Neighbors: Has some concern about one bumpout on the Westside of Main Street between Court and Henderson. He is concerned this will take away loading area for McDowell Distributing and other business.

Robert Siebert: Marion Video Games – Likes the streetscape plan

Mark Lawing Backyard Creations: Take $250,000 for downtown plan and put it to cleaning up the railroad right-of-way bank on East Court Street.

Eugene Holland Marion Tire: Take money for downtown plan and put it toward enhancing the police department.

Lou Godfrey – Main Street Gifts: Likes the plan but also wants leased city parking lot at Logan St and Henderson Street repaved and lighted.

AA.000000583 (24)

Joe Jones: Needs to preserve loading zone on Main Street

Dean Wall: Suggested a statue of General Francis Marion at City Hall

Sandy Rabb: Prefers the angled parking configuration for the downtown.

Ms. Cotton stated that staff provided a response to clarify reoccurring concerns regarding the lack of loading zones and handicapped accessible parking in the plan in an effort to reassure the community that their concerns and suggestions were creditable and that these elements would be given further consideration in the final plan.

Ms. Cotton reported that staff has also completed a comprehensive cost estimate for implementing elements of the streetscape plan. The cost estimate is divided into two phases. Phase One includes implementation of all signage, landscaping, and site amenities, as well as all roadway enhancements for Main Street with the exception of the center lane pavement stamping. The total estimated cost to implement the first phase of the streetscape plan on Main Street is $223,807, considering the availability of topsoil from City property and the receipt of $40,000 in N.C. STEP Program funds. Ms. Cotton stated that Phase Two of the streetscape plan includes crosswalks, bumpouts and landscaping on portions of Logan, Garden, West Court and West Henderson Streets in the downtown. The projected cost of Phase Two is $119,178. Ms. Cotton advised that Phase Three involves the milling, resurfacing, and stamping of the center turn-lane between the north end and south end of the Main Street study area, as well as on portions of Logan, Garden, West Court and West Henderson Streets in the downtown area. The cost estimate to complete Phase Three of the streetscape project is $424,018. A copy of the proposed cost estimate was presented to Council for further review.

Ms. Cotton gave the following Power Point Presentation:

Historic Downtown Marion

Streetscape Enhancement Plan

Public Comments & Cost Estimate

AA.000000584 (24)

Public Comments

City of Marion received a total of 16 separate public comments regarding the streetscape plan.

Items commented on include:

4: Concerns no loading zones or ADA parking offered on-street.

3: General favor for the plan to help attract new business, another commented liked the plan would like to see off-street parking lot Logan/Henderson resurfaced and lighted.

2: In favor of the proposed center turn-lane

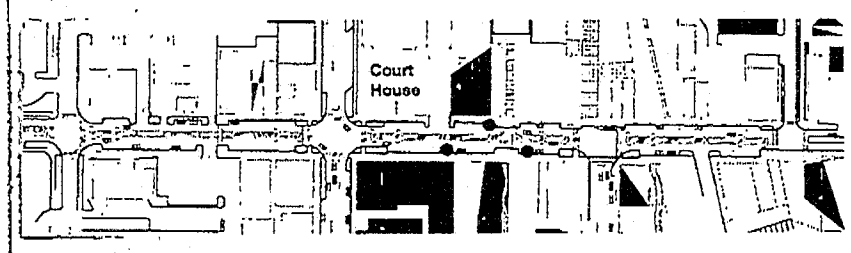
2: Not in favor of parallel parking would prefer angled parking

2: Not in favor of plan instead money should be used to clean railroad ROW, another commented that money should be used to enhance police department.

2: Not in favor of the plan it will bring more business and trash, and less residential.

1: Suggestion that a statue of Gen. Francis Marion be placed at City Hall.

1: Love the Ginko tree and like the shape of the Zelkova.



Streetscape Improvements

On Street Parking Between Fort Street and State Street
Existing On-Street Parking = 65 Spaces
Original Design for Angled Parking = 72 Spaces
Revised Design for Parallel Parking = 57 Spaces

Difference Equals a Reduction of
Eight (8) On-Street Parking Spaces

No changes are proposed to the existing location of loading zones
ADA accessible parking will be maintained at Gazebo Parking Lot and two new ADA accessible parking spaces will be established on Main St between Court St. and Henderson Street.

Elevation Sketch of Revised Streetscape Plan

Two Lane with Center Turn Lane

AA.000000585 (24)

Cost Estimate Defined

- Three Phases of Development
- Divided into five sections
  - Curb, "bump-outs", & landscaping
  - Wayfinding signage
  - Site amenities
  - Pavement enhancement
  - Painting, restriping, and pavement symbols
- Cost estimate is based on figures obtained from local vendors, previous bids, and NC DOT Div. 13 annual average construction costs.

Cost Estimate for Streetscape Improvements

Phase One = $254,798
Phase Two = $99,315
Phase Three = $353,348
Subtotal of Streetscape Improvements = $707,461
Contingency Costs (20% of total) = $133,493

Total Estimated Cost For All Improvements*
$840,954

*Does not include the cost of construction for the proposed roundabouts, railroad walk or greenway, land acquisition, opening and modifying alleys between Main Street and off-street parking.

Phase One Implementation
Main St. Improvements & Wayfinding Signage

Curb, "bump-outs", & landscaping - $118,305
Wayfinding signage - $61,100
Site amenities – $15,482
Pavement enhancement – $45,399
Painting, restriping, and pavement symbols - $14,507

Subtotal Construction Cost = $254,798
w/ Contingency Cost = $42,960
Total Estimated Construction Cost = $297,757

Phase One Implementation
Main St. Improvements & Wayfinding Signage continued

Phase One Subtotal = 297,757
NC Rural Center STEP Grant = ($40,000)
Topsoil (Public Works)= ($33,950.00)

Total Estimated Cost = $ 223,807

AA.000000586 (24)

Phase Two Implementation

Logan St & Garden St. Improvements

Crosswalks at the Intersection of:
- Garden at New St, Fort St, & Court St. (12) = $23,341
- Logan at Fort St , Court St, & Henderson St (12) = $26,775
- Crosswalk on Morgan St. (1) = $1,087
- Crosswalk Crescent Dr. & Sidewalk = $6,111

Curb, "Bump-outs", Landscaping
- E. Court between Garden & Logan = $38,709
- Logan St, W. Court, & W. Henderson = $3,292

Phase Two Subtotal = $99,315
Contingency Cost (20%) = $19,863

Total Estimated Construction Cost = $ 119,178

Phase Three Implementation

Center Turn Lane Improvements
Stamping, Restriping, and Symbols

Main Street: Logan St to Fort St. = $74,473

Main Street Fort St to Henderson St. = $54,708

Main Street Henderson St to Morgan St.= $92,982

Garden St = $55,257

Logan St = $60,034

Henderson St = $15,894

Phase Three Subtotal = $353,348
Contingency Cost (20%) = $70,670

Total Estimated Construction Cost = $ 424,018

The City Manager asked Ms. Cotton to detail the specific trees recommended to replace the downtown holly trees.

Ms. Cotton stated that the proposed streetscape plan has been presented to different boards and committees, including the Tree Board, the Planning Board, the Marion Business Association Board and the N.C. STEP Program Community Leadership Team. All boards and committees reviewing the plan came up with the same recommendations for the male only Autumn Gold Ginkgo tree. These trees will reach a height of about 35 feet. The trees proposed for bump outs are October Glory Maples. These trees will grow even taller than the Gingko tree.

Mr. Joe Jones stated that the loading zone and handicapped parking spaces are needed on South Main Street between Court and Henderson Streets.

The City Manager stated that everyone is in agreement that the loading zone will remain where it is. Ms. Cotton stated that two handicapped parking spaces are proposed in the block of Main Street between Court and Henderson Streets.

The City Manager stated that there will be a net loss of parking spaces in the Court to Henderson block of Main Street due to the proposed bump outs and mid-block crossing.

Mr. Jones also stated that he had a problem with the fact that he did not know about any of the plans. No one at anytime contacted him regarding this issue.

The City Manager stated that the presentation to Council at the October 20 meeting was intended to introduce the Downtown Streetscape Plan. Council then directed that staff seek public comment. The City Manager stated that the City used every media source it could to spread the word, which led to Mr. Jones and others learning about the plan recommendations and making comments.

Mr. Jones asked if Council had to vote on the proposed plan.

AA.00000587 (24)

Mayor Clark stated that Council would need to vote on the plan and that is why the matter is being discussed. He added that Council wants to hear what the public thinks about the plan tonight before taking any vote.

Mr. Jones said that he appreciated the City Manager calling him to discuss the plan after he posted a comment on the City website.

Mr. Russell Neighbors stated that he appreciated the effort of Council and asked that Council note that he has concerns about South Main Street losing parking spaces. He added that the block his business is located in between Court and Henderson Streets would lose nine spaces and North Main Street will not lose any.

Mr. Neighbors said that he believes that it is unfair to take parking spaces from one block and that the loss of parking spaces will be an unfair burden on business owners on South Main Street. Mr. Neighbors added that he feels that this whole plan could have been handled better. He noted that one of his buildings on South Main Street is shown on the plans as being reclaimed for an alleyway.

Mayor Clark thanked Mr. Neighbors for his comments.

Mr. Bill Griffith asked if the lanes would be the same width as they are now. He said he would like to see wider lanes, even if it meant taking up some of the side walk. Mr. Griffith stated that he does not feel that many people walk on the sidewalks anyway. He also stressed the need for better signage directing motorists to downtown parking lots.

Mayor Pro Tem Little noted that the lanes would be slightly wider and that the parking area would be wider as well, which should greatly enhance the safety of people parking on Main Street.

Mayor Clark stated that one of the things that this plan will offer is way finding signage, starting at I-40 and the Highway 221 Bypass and extending downtown. This signage will direct people to the downtown area and help them locate available public parking.

Mayor Clark stated that he had a business in the downtown at one time and that he knows how important parking is. He suggested the need to improve private parking lots behind buildings on Main Street and to provide better access between these parking lots and the street.

Mayor Clark stated that Council wants this undertaking to be done in the correct way.

Mr. Jones stated that he can see problems experienced with delivery trucks stopping at his business. He said that he often needs police assistance with such trucks but does not always feel that he receives the assistance he needs. The City Manager stated that the City is always willing to help and that Mr. Jones should call if he experiences problems.

Mr. Neighbors asked if there have been any studies conducted regarding how much traffic will back up if the traffic pattern on Main Street is modified from four lanes to three lanes.

Ms. Cotton stated that no such studies have been done but that the North Carolina Department of Transportation (NCDOT) would likely conduct some kind of review when it received the plan. She noted that NCDOT had indicated that a two lane section would bottleneck traffic, but that a three lane section was much more acceptable, as it provide accommodation and stacking for turning traffic.

Mr. Mike Ornberg stated that someone brought to his attention the fact that angled parking causes many visibility problems with large and small vehicles parking next to one another and that he is therefore against angled parking.

AA.000000588 (24)

Mr. Russell Anderson stated that he lives in the City on Highland Drive. He said that, as a taxpayer, he wanted to go on record as being opposed to the roundabouts. Mr. Anderson said that he feels that in these economic times residents are getting less service and the City needs to be conservative with spending money in the same manner as families have to do.

Mr. Brandon Houck stated that he has concerns about the financing of the streetscape proposal. He suggested that Council consider letting citizens and business owners purchase trees and benches to absorb some of the cost. Mr. Houck stated that, in his opinion, the streetscape plan will make the downtown area more attractive but will not necessarily bring in more business. He suggested that Council look for grant money before spending tax payers money.

Mr. Marc Cook stated that the suggestion to sell memorial and honorary trees and furniture had been suggested at the October 20 Council meeting and endorsed by the Mayor and Council Members.

The City Manager stated that the main funding stream for this sort of project was the NCDOT Enhancement Program. He noted that NCDOT has not accepted applications for this fund in several years. The City Manager reported that NCDOT has now changed the program to be more like the Transportation Improvement Program. Jurisdictions wanting enhancement funding must get on the State's priority list and it may take five to ten years or more to be funded. The City Manager stated that this program was discussed at the October 20 Council meeting and that the long time frame for funding was not acceptable to people in the room.

Mr. Houck stated that the City needs volunteers in the downtown area to assist with cleanup projects and to take pride in the City.

Mayor Pro Tem Little stated that the City would take Mr. Houck up on this suggestion.

Mr. Ornberg stated that he wanted to let people know that what the City is now looking at has been in the works for approximately six years. This plan will help businesses and attract visitors to downtown.

Mr. Ornberg also stated that he and Council Member Owenby had disagreed on some of the plan but agreed that the streetscape plan is just one piece of the pie to get people into the downtown area.

The City Manager stated that, as far as funding for the project goes, assuming that Council does not wish to spend over $424,000 for decorative asphalt stamping on center turn lanes in downtown, the total cost of the remaining project, including Phases One and Two, would be about $342,000. He stated that the City has $40,000 in N.C. STEP funds earmarked for the wayfinding signage, could receive some money through donations for memorial or honorary plantings and street furniture and could fund the rest by borrowing from the City's General Capital Reserve Fund. The City Manager stated that this fund was established by Council many years ago to save money for large capital projects such as this one that the City could otherwise not afford. He stated that this fund currently had over $512,000. The City Manager proposed that the City borrowing from itself was preferable to seeking a loan and paying interest.

Councilman Cuthbertson stated that, if the project is pursued, the City would be spending a lot of money, but would also be putting money back into the local economy. He added that he does feel that the decorative benches are a little too expensive. Councilman Cuthbertson noted that some of the plan, such as the installation of trees and signage, can be done before NCDOT approval is received.

Mr. Anderson stated that he would ask Council to look at this plan like they would look at their own home. He said he would like to do a lot to his home but he cannot afford it. Mr. Anderson said that a lot of people are talking about this plan. He said that he does not feel that the City can compete with the new Super Wal Mart project and keep businesses and people downtown.

AA.0000000589 (24)

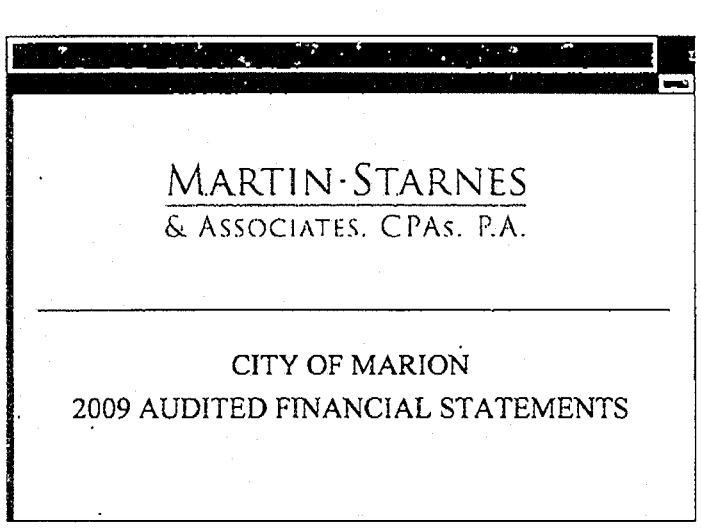
Mayor Pro Tem Little stated that he agrees with much of what Mr. Anderson said regarding Super Wal Mart and, that if there was a simple solution to attracting people and business downtown, the City would have already pursued it. He noted that the City cannot force anyone to go into business or to stay in business. Mayor Pro Tem Little advised that the City does not know if the new streetscape plan will bring in more people; however, the City needs to do what it can and that he feels that the plan is a step in the right direction.

Mr. Anderson stated that he did not know how the City will get people to come downtown when people are at Super Wal Mart, the construction of which will hurt the City. The City Manager stated that the City will receive property tax, sales tax and utility revenues from the Super Wal Mart and surrounding development and that such revenues will hopefully help the City offset some of the devastating revenue losses experienced in prior years.

Mr. Jones stated that the City needs specialty shops such as are found in Black Mountain.

Mayor Clark stated that people need a reason to come downtown and that it is a question of which comes first, the streetscape improvements or business development.

Mr. Earl Daniels asked if the underground wiring under the Main Street sidewalk would stay in place during the streetscape makeover. Mayor Clark replied that it would.



A discussion followed.

Councilman Cuthbertson made a motion to adopt and implement the proposed Downtown Streetscape Plan and to send the Plan to the North Carolina Department of Transportation for review and approval, with the deletion of the following items: the proposed roundabouts on the north and south ends of Main Street, the proposed closing of East Henderson Street, the acquisition of private property to open up alleyways connecting Main Street and parking areas behind buildings facing Main Street and asphalt stamping on the proposed center turn lanes on Main Street, Logan Street and Garden Street. Mayor Pro Tem Little seconded the motion and the motion was approved unanimously by those Council Members present.

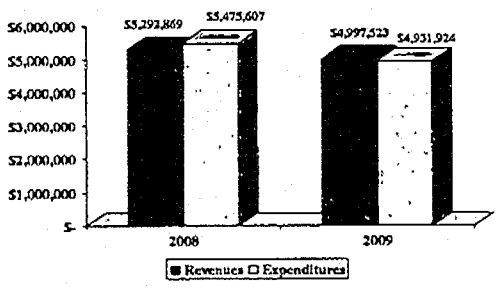
After further discussion, Council directed that staff bring back recommendations at the next Council meeting regarding options to add back as many on-street parking spaces as possible on Main Street between Court and Henderson Streets. Ms. Cotton stated that she was confident that at least two, and perhaps more, parking spaces could be added by reducing the size of bumpouts in that block.

PRESENTATION OF 2008-09 CITY AUDIT REPORT:

Ms. Gaye Dagenhart of Martin Starnes and Associates, the City's Auditor presented the following presentation to Council concerning the City's 2008-09 audit.

AA.0000005690 (24)

Audit Highlights



- Unqualified opinion
- No findings or questioned costs
- No material internal control weakness identified
- Cooperative staff

Discussion

&

Questions

MARTIN·STARNES
& ASSOCIATES, CPAs, P.A.

Ms. Dagenhart summarized that the City received an unqualified, or clean, audit opinion, there were no questioned costs, there were no findings or management letter comments and the auditors encountered a very cooperative City staff.

AA.000000594 (24)

Mayor Pro Tem Little commended Ms. Dagenhart for her concise yet thorough presentation, and for having the slides. Councilman Cuthbertson stated that it was particularly good to receive the presentation in advance.

Finance Director Harriett Thomas stated that she would like to take the opportunity to thank Martin Starnes & Associates, as well as her assistant, Ms. Dawn Penland, for their work during the audit.

The City Manager stated that as usual, the City received an unqualified, or clean, opinion, no findings and no management letter comments. He commended Ms. Thomas and her staff for their excellent work in overseeing the City's finances every day.

Upon a motion by Mayor Pro Tem Little, seconded by Councilman Cuthbertson, those members of Council present voted to approve the Audit Report as presented by Martin Starnes & Associates.

PUBLIC COMMENT PERIOD: There were no other unscheduled citizens present to speak to Council.

UPDATE ON REQUEST TO DOT FOR SIGNAGE ON US 221 BYPASS: The City Manager advised that Mr. Ricky Williams, owner of The Steakhouse on the Five Lane, wrote a letter to the McDowell News in late October, asking for the State and/or City to erect signage on the north and south ends of the Highway 221 Bypass, directing motorists to nearby restaurants, including his restaurant and others. These signs would be identical to ones located on the interstate. Mr. Williams stated that he represented many restaurants who were willing to pay to advertise on such signs.

The City Manager stated that he had contacted Marshall Williams with the NCDOT Division 13 Office in late October to inquire about the possibility of this request being granted. Mr. Williams was unsure about whether such signs would be allowed at a signalized intersection on a controlled access highway, such as is the case at the intersection of US 221 and US 70 at Wal Mart. He said he would need to obtain a ruling from DOT officials in Raleigh.

The City Manager stated that he learned from Marshall Williams that any restaurant, hotel/motel or gas station within three miles of the interstate is eligible to be listed on blue signs on the interstate and to have "trailblazing signs" at subsequent intersections. The businesses must pay a fee to be listed on such signs. This would mean that restaurants near the southern end of the 221 Bypass are eligible for the program, as long as they meet the listed criteria. The City Manager presented Council with information on this program.

The City Manager stated that he contacted Marshall Williams again on November 16 and learned that NCDOT policy would not allow the blue logo signs to be placed at signalized intersection, such as is present at the intersection of the US 221 Bypass and US 70. The City Manager added that the City has no authority to allow any signs on the Bypass, a highway controlled by NCDOT.

Mayor Clark and Council Members stated that the idea from Ricky Williams is good and authorized the City Manager to continue to work to see if allowances could be granted for the blue logo signs by NCDOT. The City Manager stated that he would talk to Mr. Ricky Williams further and determine how the matter could best be pursued.

CONSIDER REQUEST BY NEBO ELEMENTARY SCHOOL – RENTAL OF COMMUNITY BUILDING/REVISION TO COMMUNITY BUILDING AND DEPOT RULES AND REGULATIONS: The City Manager stated that, as shown in information presented to Council, a request had been received from Nebo Elementary to rent the Community Building for a fundraiser. The fundraiser would consist of bingo games, food and beverage sales and possibly horse and carriage rides. The City Manager advised that the Community Building and Depot Rules and Regulations currently prohibit bingo games at either building.

AA.000000595 (24)

The City Manager stated that, in order to consider this request, Council first would need to amend the Rules and Regulations to create some limited allowance for bingo games. The City Manager reported that Finance Director Harriett Thomas drafted proposed amendments to the Community Building and Depot Rules and Regulations to allow bingo games conducted by civic clubs, schools or non-profit organizations at either building, upon the specific approval of Council.

The City Manager stated that, if Council approves this amendment to the Rules and Regulations, consideration could then be given to the request by Nebo Elementary. Council would need to approve the bingo games and the concept of horse and carriage rides, including any necessary lane or street closures. Councilman Cuthbertson suggested that horses be required to wear diapers, to assist with cleanup. The City Manager stated that the only other issue of concern would be manpower to ensure public safety if the horses ride on the streets. He said that he encouraged Nebo Elementary to consider a route that might cross, but not extend along, Main Street, for enhanced safety. However, Nebo prefers a route that runs along Main Street, so closure of lanes or the entire street may be necessary.

A discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Council Member Cuthbertson, those members of Council present voted to adopt the following Amendments to the Rules and Regulations for Community Building Main Level, the Community Building Basement and the Marion Depot, to approve the request of Nebo Elementary School to conduct bingo games at the Community Building as a fundraiser in December and to authorize staff to approve any lane or roads closures and to provide necessary staffing for the event:

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS
FOR THE
MARION COMMUNITY BUILDING MAIN LEVEL

REVISED NOVEMBER 17, 2009

The Marion Community Building is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building is available to be scheduled for use seven (7) days a week, on a year round basis, excluding days used by local Civic Clubs and Not - For - Profit Organizations.

CIVIC CLUBS AND NOT-FOR-PROFIT ORGANIZATION USING THE COMMUNITY BUILDING ON A REGULAR SCHEDULE

Marion Rotary Club	Every Thursday 7:00am to 2:00pm
Lions Club	1st and 3rd Thursday 2:00pm to 9:00pm
Kiwanis Club	Every Tuesday 1:00pm to 8:30pm
Christian Women's Club	3rd Monday 7:00am to 3:00pm
McDowell Ballroom Dancers	Last Saturday each month 1:00pm to 11:00pm
McDowell Board of Realtors	1st Tuesday 8:00am to 1:00pm

HOURS OF OPERATION

The Community Building may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

AA.0000000596 (24)

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations and paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the event to avoid cancellation. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see #12 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Community Building must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The person or group renting the Community Building may not sublet the building to another person or group.

5. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Any fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

6. The piano in the Community Building shall NOT be moved by anyone other than authorized City employees. If you need the piano moved, please ask that the City have the piano moved for you.

7. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside the kitchen door.

8. Any person using the kitchen of the Community Building is responsible for checking the pilot lights on the gas range; located in the kitchen, to make sure they are burning. In the event they are not, Please call the Marion Police Department at 652-3231.

9. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building. Any grease or cooking residue shall be cleaned from the area immediately following use.

10. No person(s), organization, etc. may use the Community Building for religious services.

11. No persons, firm or private organization will be allowed to use the building for the purpose of offering bingo games to the general public. Civic clubs, schools or non-profit organizations may use the building for bingo games for fund raising purposes upon approval of Council.

AA.000000597 (24)

12. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

13. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use. The podium and the head tables at the Community Building are permanently installed. No attempt should be made to move them.

14. Once the area used has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and reports from the cleaning agency will be used to determine if the security deposits shall be refunded.

15. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

16. The volume for the speaker system is preset. A switch located on the backside of the podium will turn on the equipment. No other equipment, other than the microphone may be hooked to the sound system at any time.

17. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

18. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

19. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Community Building will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

20. Persons or groups renting the Marion Community Building may request to place messages on the permanent sign in front of the building. In order to place a message, the person or group must legibly write out their desired message on a sheet of paper and turn it in at City Hall. Such request must be received at City Hall no later than 48 hours prior to the scheduled date of the event. The person responsible for scheduling the Community Building will forward the message to the Public Works Secretary, who will issue a work order for the message to be spelled out on the Community Building sign.

    The City reserves the right to edit any messages for length and/or content, in the case of language deemed obscene or objectionable. Messages shall contain only the purpose, date and location of the event and the name of the group sponsoring the event (for example: Downtown Business Association Annual Banquet Thursday night, 6:30 P.M.). Personal messages shall not be permitted. Messages advertising political events shall not endorse a specific candidate for any office, but may state the date and time and purpose of a campaign fundraising event held at the Community Building (for example: John Doe for Senate Campaign Dinner, Friday, 7:00 P.M.). In no case shall any message advertising an event not to be located at the Community Building be permitted, unless it is in conjunction with an event sponsored by the City of Marion.

    In no case shall the City display a message more than three business days before an event. If two or more persons or groups renting any part of the Community Building wish to have their message displayed at the same time, the person or group submitting their message to the front counter of City Hall first shall have priority in having their message displayed.

    Letters and keys for the Community Building sign and keys to the Community Building are not to be given out to persons or groups renting the Community Building, except under unique situations approved by the City Manager.

AA.0000005598 (24)

No signs are permitted to be posted in front of or on the Community Building property, except for political signs posted on Election Day.

21. Animals are not permitted inside any part of the Community Building, with the exception of Seeing Eye dogs for legally blind individuals.

22. If the Marion Police Department is called to the Community Building in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

23. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Community Building or on the Community Building property.

These new regulations shall be effective upon adoption.

Adopted this the 17th day of November 2009.

A. Everette Clark, Mayor

CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS
FOR THE
MARION COMMUNITY BUILDING BASEMENT

REVISED NOVEMBER 17, 2009

The Marion Community Building Basement is owned and operated by the City of Marion. This building is available to groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building Basement is available to be scheduled for use seven (7) days a week, on a year round basis.

HOURS OF OPERATION

The Community Building Basement may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, is required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see # 10 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis are exempt from making a deposit.

3. All persons or groups renting the Marion Community Building Basement must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the

AA.000000600 (24)

deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The person or group renting the Community Building Basement may not sublet the building to another person or group.

5. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

6. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside.

7. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building Basement. Any grease or cooking residue shall be cleaned from the area immediately following use.

8. No person(s), organization, etc. may use the Community Building Basement for religious services.

9. No persons, firm or private organization will be allowed to use the building for the purpose of offering bingo games to the general public. Civic clubs, schools or non-profit organizations may use the building for bingo games for fund raising purposes upon approval of Council.

10. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. CITY OF MARION, NORTH CAROLINA

RULES AND REGULATIONS FOR THE MARION DEPOT

REVISED NOVEMBER 17, 2009

The Marion Depot is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Depot is available to be scheduled for use seven (7) days a week, on a year round basis.

HOURS OF OPERATION

The Depot may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

AA.0000000602 (24)

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facilities may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facilities. In addition to the deposit, a valid credit card may also be required (see # 12 below). Civic Clubs and Not–For–Profit Organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Depot must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. The Courtyard area of the Depot shall only be rented in conjunction with rental of the Depot. Persons renting the Depot have the authority to ask unauthorized Courtyard users to leave. Any damages to the Courtyard or surrounding landscaped areas will be the responsibility of the person renting the facility.

5. The person or group renting the Depot may not sublet the building or Courtyard to another person or group.

6. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

7. Each person or group of persons using the kitchen in the facility shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the kitchen floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside. Do not place garbage in refuse in the dumpster belonging to the neighboring business.

8. Barbeque grills or any outside cooking device shall only be used on the paved area of the Depot. Any grease or cooking residue shall be cleaned from the area immediately following use. At no time shall any barbeque grill or outside cooking device be placed on the Courtyard area of the Depot.

9. No motor vehicle of any kind shall be allowed on the Courtyard of the Depot at anytime. All unloading or loading shall be done at curbside.

10. No person(s), organization, etc. may use the Depot for religious services.

11. No persons, firm or private organization will be allowed to use the building for the purpose of offering bingo games to the general public. Civic clubs, schools or non-profit organizations may use the building for bingo games for fund raising purposes upon approval of Council.

AA.000000603 (24)

12. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

13. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use.

14. Once the area used, has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and the cleaning agency will be used to determine if the security deposits shall be refunded.

15. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

16. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

17. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

18. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Depot will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

19. No signs are permitted to be posted in front of or on the Depot property.

20. Animals are not permitted inside any part of the Depot, with the exception of Seeing Eye dogs for legally blind individuals.

21. If the Marion Police Department is called to the Depot in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

22. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Depot, in the Courtyard area on anywhere on the Depot property.

These new regulations shall be effective upon adoption.

Adopted this the 17th day of November 2009.

A . Everette Clark
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Mayor Clark stated that he supports the City assisting with this event as a trial since it will attract people to the downtown area; however, if the City ends up with many groups wanting staff assistance, the City may need to re-evaluate how it will participate.

AA.0000000604 (24)

The City Manager stated that staffing by the City will be kept to a minimum, but that he and the Police Chief agree that the City needs to make sure that the road closure and the horse and carriage rides take place safely.

APPROVE CONTRACT FOR WATER AND SEWER EXTENSION – HIGHWAY 221 NORTH: The City Manager advised that the City had sought bids for the extension of water and sewer service on Highway 221 North to the new ABC Store site and for a short distance beyond, to the Quality Plus Gas House, a point beyond which a pump station would be required for sewer service. A total of 14 bids were received. The low bid was submitted by Terry Brothers Construction Company in the amount of $157,198.00. The City Manager stated that the City could save a few thousand dollars by ending the extension at the ABC Store; however, he recommended that Council go ahead and complete the entire extension as proposed. In the 2009-10 Water and Sewer Fund Budget, the City has $250,000 earmarked for a Transfer to Water and Sewer Capital Projects. This money is undesignated and can be used for the Highway 221 North Water and Sewer Extension, if Council so desires.

A brief discussion followed.

Upon a motion by Mayor Pro Tem Little, seconded by Council Member Martin, those members of Council present voted to award the contract for the Highway 221 North Water and Sewer Extension to Terry Brothers Construction Company in the amount of $157,198.00 as recommended by the City Manager.

DISCUSS STREET REQUEST – FRANCIS DRIVE: The City Manager advised that he had received a complaint from Ms. Vernice Francis of Francis Drive about church buses going up Francis Drive, a narrow, one lane road maintained by the City and located off of Old West Henderson Street near McDonald's and Farm Bureau. The City Manager stated that Ms. Francis has no issue with the church buses themselves, other than the fact that the buses must back out of the road and, in doing so, cannot navigate the 90 degree curve found on the street. The buses end up running off the road and causing ruts in the grass. In addition, Ms. Francis says that the buses have hit the DOT fence and a street sign.

The City Manager stated that he and the Pubic Works Director had looked at the location and observed the ruts made in the grass, but could find no evidence of the street sign and fence being damaged.

The City Manager suggested that one option to address this matter would be to post the street for no large trucks or buses. The City Manager stated that he certainly did not want to propose that the City create an issue with a church, but it is clear that the street cannot handle large vehicles.

It was the consensus of Council to refer this request to the Street Committee for further review and a recommendation.

CONSIDER APPROVAL OF CITY PARTICIPATION IN NATIONAL LEAGUE OF CITIES PRESCRIPTION DISCOUNT CARD PROGRAM FOR CITY RESIDENTS: The City Manager advised that Ms. Nancy Clark recently made him aware of a program offered by the National League of Cities (NLC) that allows NLC member cities to offer prescription discount cards to City residents.

Finance Director Harriett Thomas stated that she had learned more about the program and determined that it provides a 20 percent discount on prescription drugs. The City would need to sign up for the program and then would be supplied discount cards for distribution to City residents. All pharmacies in Marion currently accept this card. There would be very little work for City staff, as NLC provides the cards, card racks, posters and news releases for the City to use.

AA.000000605 (24)

Ms. Thomas stated that she had spoken to the Town Clerk of Tryon who said that the program involves almost no work for City employees; however, they have no idea how many people have used the program.

Upon a motion by Councilman Cuthbertson, seconded by Mayor Pro Tem Little, those members of Council present voted to approve the City's participation in the National League of Cities Prescription Discount Card Program.

CONSIDER APPROVAL OF MUNICIPAL AGREEMENT TO AUTHORIZE INSPECTIONS OF CITY BRIDGES BY DOT: The City Manager presented Council with information regarding the inspection of bridges owned or maintained by the municipality every two years. Public Works Director Chris Hollifield stated that the City has four bridges to inspect, one on Claremont Avenue, two at the Public Works Department and the Prison Pump Station bridge off of Highway 226 South.

Mr. Hollifield reported that there are several options that exist for inspecting the bridges. The City of Marion has always chosen to contract with DOT for bridge inspections and he would request that Council approve an agreement to authorize staff to contract with DOT for the required bridge inspections.

Mayor Pro Tem Little stated that he noticed the cost is not referred to in the agreement.

The City Manager advised that it usually runs approximately $1,500.

Councilman Martin made a motion to approve the Municipal Agreement with the North Carolina Department of Transportation to authorize the inspection of City bridges by NCDOT. The motion was seconded by Councilman Owenby.

The vote was as follows:

Councilman Martin	Yes
Councilman Owenby	Yes
Mayor Pro Tem Little	No
Council Member Cuthbertson	No

Mayor Clark stated that in the event of a tie vote, the Mayor had to vote and break the tie, therefore, Mayor Clark voted Yes.

The vote to approve the agreement with NCDOT carried 3 to 2.

ADD ON – OVERMOUNTAIN VICTORY TRAIL RESOLUTION: The City Manager presented Council with a proposed Resolution asking the National Park Service to select the McDowell House Property as the location of the Overmountain Victory National Historic Trail headquarters and visitor's center.

Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, those members of Council present voted to adopt the following Resolution asking the National Park Service to select the McDowell House Property as the location of the Overmountain Victory National Historic Trail headquarters and visitor's center:

Resolution Regarding the McDowell House Property and the Overmountain Victory National Historic Trail Headquarters and Visitor's Center

AA.000000606 (24)

WHEREAS, Colonel Joseph McDowell was a farmer, lawyer, physician, Revolutionary War hero, frontiersman, statesman and soldier who served in the 3rd U.S. Congress; and

WHEREAS, Colonel McDowell was the son of "Hunting" John McDowell, who received two Royal Land Grants from Governor Tryon for 640 acres located along the Catawba River; and

WHEREAS, Colonel McDowell built a home on a portion of this property circa 1780-1781, which is one of the oldest surviving frame houses in Western North Carolina and is located in Marion, McDowell County, North Carolina; and

WHEREAS, Colonel McDowell led a band of Overmountain Men on a march to Kings Mountain, where he and his fellow Overmountain Men fought in the historic Battle of Kings Mountain; and

WHEREAS, Colonel McDowell and his frontier militiamen fought valiantly to victory in this battle that Theodore Roosevelt would call, "...the turning point of the American Revolution;" and

WHEREAS, Colonel McDowell was extremely important in the early settlement and development of McDowell County, North Carolina, which was later named for him; and

WHEREAS, the Joseph McDowell House is the only remaining home place in North Carolina for which a county was named; and

WHEREAS, the McDowell House, which is located in Marion, McDowell County, North Carolina, was officially added to the Overmountain Victory Historic Trail in September, 2008 and has been designated a state historic landmark; and

WHEREAS, the McDowell House was purchased by McDowell County government in February, 2008, in cooperation with the City of Marion, North Carolina and the McDowell County Tourism Development Authority; and

WHEREAS, a McDowell House Committee, comprised of a cross-section of community leaders and historians, was formed to begin work on plans to study and restore the McDowell House for use as a museum and historic interpretive site, and access point to the Catawba River Greenway; and

WHEREAS, this Committee has begun archaeological work and planning documents regarding future use of the McDowell House; and

WHEREAS, McDowell County, the City of Marion, North Carolina, the McDowell County Tourism Development Authority, and the McDowell House Committee are in agreement that the best use of this property would include co-location with the Overmountain Victory National Historic Trail Headquarters and Visitor's Center; and

WHEREAS, these groups and leaders are aware that the National Park Service is exploring a number of options regarding the relocation of the OVNHT Headquarters and Visitor's Center; and

WHEREAS, the City Council of the City of Marion, North Carolina strongly believes in forming public and private partnerships to accomplish a wide range of goals including economic development, historic preservation, environmental protection and parks and recreation.

NOW THEREFORE BE IT RESOLVED that the City Council of the City of Marion, North Carolina supports efforts to partner with the McDowell County Board of Commissioners and other community agencies to vigorously pursue all options with the National Park Service to move the OVNHT Headquarters and Visitor's Center from its current location to the McDowell House property in Marion, North Carolina, including, but not limited to, use of the existing Joseph McDowell House, additions that exist or could be added to the current historic structure, new structures that could be built elsewhere on the property, or ancillary structures that could be built or occupied off-property and affiliated with the site.

Further, the City Council of the City of Marion, North Carolina supports McDowell County's plans to discuss all ownership options with the National Park Service, full or partial, once further details of National Park Service requirements and interests have been made public. These options include, but are not limited to, gifting, leasing or selling portions of the property to the National Park Service, provided that agreements can be formalized that would allow the county concurrent use of the historic portion of the main house for educational and historical purposes, and provided that access to the Catawba River Greenway can be preserved.

AA.000000607 (24)

Finally, the City Council of the City of Marion, North Carolina joins with the McDowell County Board of Commissioners in agreeing to consider all requests by the National Park Service to assist in the development of the property to meet the needs of the federal government and Overmountain Victory National Historic Trail.

ADOPTED this the 17th day of November, 2009

A. Everette Clark, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager reminded Council of the invitation to the Christmas Parade, scheduled for Sunday, November 22, at 3:00 p.m. The City van will be decorated and ready for Council at City Hall. The van will be moved around 2:30 p.m. that day to the parking lot of Advance Auto Parts. Mayor Clark will be the Grand Marshal of this year's parade.

The City Manager advised that NCDOT District Engineer Doug McNeal had informed him that NCDOT would be able to provide 100 percent funding for a sidewalk along West Henderson Street between Reid Street and Wilhemenia Street. The project will go out to bid this winter and likely be constructed in the spring.

The City Manager advised that DOT's contractor paved the new section of North McDowell Avenue in November. The contractor then completed temporary striping of the street on November 9. The contractor will come back and put down themoplast that is used by DOT for striping these days. The traffic signal work is scheduled to be completed by the end of November, which will allow the street to open.

The City Manager stated that staff had completed the Montevista Avenue water line replacement in late October and have connected water customers to the new water line. This project should correct water quality complaints that have been experienced.

City crews will next work on water extensions to the Eastfield Phase 5 annexation area, including Pine Street, Tunnel Road and Westmoreland Street, along with the replacement of a water line on West Carson Street in the Pleasant Gardens Community near the western end of the City's water system.

The City Manager advised that, by the end of November, the City expects to receive from McGill the final greenway design and floodway and floodplain permitting process for the Catawba River Greenway. He added that the City then hopes to go out to bid with the project in the next few months, hopefully by which time the McDowell Trails Association (MTA) will have raised much, if not all, of the $60,000 local match for the State PARTF grant for the project. The MTA has currently raised $33,000 of the local match.

The City Manager added that he had not yet head from McGill, so he would seek to stress the importance of the City receiving the greenway design and permitting information no later than the end of November.

The City Manager advised that the City had received payment of the final $3,000 of the Marion Rotary Club's $3,000 pledge for the Farmer's Market. The City now has $54,000 received for the Farmer's Market, assuming the use of $20,000 in N.C. STEP Program funds. He added that the City can use another $5,000 in N.C. STEP Program funds. The City Manager stated that the City has

AA.000000608 (24)

spent to date just over $49,000 on the project. The remaining expenditures involve a donor sign and wiring and fixtures for the Shelter. He stated that the City will seek to proceed as soon as possible with the donor sign. The City has been waiting to hear if the Prison will be able to supply inmate labor for a charge before a contractor is hired to wire the Shelter.

Councilman Martin stated that he would feel better if the City hired a professional contractor to do the wiring. After brief discussion, it was the consensus of Mayor Clark and Council Members for staff to hire a contractor to complete the wiring work and installation of needed fixtures, given that funds are now available for this work.

The City Manager stated that Planning and Development Director Heather Cotton and City interns are working on the final address review with the Census Bureau for the 2010 Census. The City hopes to gain anywhere from a few hundred to over 1,000 addresses for the 2010 Census. Ms. Cotton is also making final annexation and boundary changes for the 2010 Census to make sure the City receives credit for all areas of the City.

The City Manager reported that the City continues to seek volunteers for the City's Complete Count Committee to develop ways to promote the 2010 Census and hopes to hold the next meeting of the Committee in early December.

The City Manager advised that the Sugar Hill Road/Super Wal Mart developer continues to indicate that he will close on the property for the development site in mid January. The developer is currently accepting bids for the grading work required for the project and the engineer for the project has submitted utility plans for City review. The City Manager stated that the City can begin the Sugar Hill Road water and sewer extension to I-40 once the City is under contract with the Rural Center for the $1 million grant, the developer closes on the property, an annexation petition is submitted and the developer provides evidence that he will construct a building or buildings with the minimum target property tax value.

The City Manager advised that he, County Manager Chuck Abernathy and Bobbie Young of the Marion Business Association staff are working with the Marion Rotary Club on planning for a New Year's Eve event to be held downtown. The event would be open to the public and be family oriented.

COUNCILMAN COMMENTS:

Mayor Pro Tem Little stated that if Council Members had any particular desire to be on particular committees to let him know as he would like to place them on their committees of interest once he becomes Mayor on December 1.

Mayor Pro Tem Little also pointed out that there will be a large number of people attending the December 1 Council Meeting and that there would be a need to set up more chairs in the Council Chambers.

Mayor Pro Tem Little also stated that it is often hard to hear people speaking during a Council Meeting and suggested that staff begin exploring a sound system for use during meetings.

Councilman Cuthbertson asked about problems being experienced with the City's leaf machine.

The City Manager stated that the City had experienced mechanical problems with one of the leaf machines. Public Works Director Chris Hollifield stated that when the City bought a new leaf machine a few years ago, it kept the old one as a spare. The City had one machine go down recently along with one of the City's two chippers used for brush collection. In addition, the recent havy rain seemed to cause more leaves to fall at once than usual.

AA.00000609 (24)

The City Manager stated that the City tries to avoid overtime; however, he has authorized the Public Works Director to have City employees work overtime as usual so that the City can catch up on leaf and brush collection prior to the holidays, when brush collection schedules will be affected.

Councilman Cuthbertson asked if the City still provide leaf bags to the public. Mr. Hollifield stated that there are leaf bags at the Public Works Department available free to City residents.

Councilman Martin inquired as to what was going on at the intersection of Court and Logan Street. Mr. Hollifield advised that NCDOT is replacing the substandard traffic signal at the intersection with one large pole that will hold all the signal heads for the intersection. This project is a major undertaking and is nearing completion. Mr. Hollifield statted that, once completed, the new traffic signals should be a nice improvement to the downtown area.

ADJOURNMENT: Upon a motion by Councilman Martin, seconded by Mayor Pro Tem Little, those members of Council present voted to adjourn.

A. Everette Clark, Mayor

ATTEST:

ADMINISTRATION OF OATH OF OFFICE TO MAYOR STEVE LITTLE: McDowell Clerk of Superior Court Don Ramsey administered the oath of office to Mayor Steve Little. Mayor Little's wife Alice and daughters Mary and Sally stood with Mayor Little during the administration of the oath of office. Also present to support Mayor Little were his sister Gloria and Brother-in-Law Gene from Garner, North Carolina.

Mr. Ramsey administered the following oath of office to Mayor Little:

I, Stephen R. Little, do solemnly swear (or firm) that I will support and maintain the Constitution and Laws of the United States and the Constitution and Laws of North Carolina not inconsistent therewith, and that I will faithfully discharge the duties of my office as Mayor for the City of Marion, North Carolina, so help me God.

Stephen R. Little

I hereby certify that I, Donald R. Ramsey, Clerk of Superior Court, North Carolina, administered the above Oath of Office to Stephen R. Little, this the 1st Day of December 2009.

ATTEST:

J. Robert Boyette, City Manager/Clerk

Former Mayor A. Everette Clark presented Mayor Steve Little with the gavel and congratulated him on his election.

Mayor Little stated that this is a special and historic meeting, as for the first time in more than a generation, someone other than Everette Clark will serve as Mayor of the City of Marion. He added that Everette Clark will continue to serve the City as a Council Member. Mayor Little advised that this is also a historic meeting in that Juanita Doggett is the first woman elected to serve on the Marion City Council.

Mayor Little stated that, as he had been told, this is not only a big day for the City of Marion, but for all womanhood.

Mayor Little took the opportunity to point out that the young people on the front row are special guests. They represent his Fourth through Sixth grade Sunday School Class at First Baptist Church.

ADMINISTRATION OF OATH OF OFFICE TO COUNCIL MEMBER EVERETTE CLARK: Everette Clark's son, Ansel Clark, Magistrate for McDowell County, administered the oath of Office to Council Member Everette Clark. Council Member Clark's wife Nancy and other family members and friends were also present for the administration of the oath of office.

Mr. Ansel Clark administered the following oath of office to Council Member Clark:

I, A. Everette Clark, do solemnly swear (or firm) that I will support and maintain the Constitution and Laws of the United States and the Constitution and Laws of North Carolina not inconsistent therewith, and that I will faithfully discharge the duties of my office as Council Member for the City of Marion, North Carolina, so help me God.

SPECIAL PRESENTATION BY MAYOR LITTLE: Mayor Little stated that Everette Clark had been a public servant for more than 24 years and that it was a privilege to present a very dignified plaque to a very dignified gentleman, former Mayor A. Everette Clark in appreciation of the twenty-four years he has served the City of Marion as Mayor. Prior to serving as Mayor he served as Council Member for more than 13 years for a total of almost 38 years of consecutive service to the City.

Mayor Little stated that Council Member Clark has served as President of the of the North Carolina League of Municipalities, on the Board of Directors for the National League of Cities and as Chairman of the National League of Cities Small Cities Council, along with holding numerous other positions.

AA.00000615 (24)

Mayor Little advised that Everette Clark has friends all over this country, not just in North Carolina.

Council Member Clark stated that he had many memories over the years. He is most thankful for his wife Nancy being by his side all through the years. He also thanked the people who elected him and all the City employees who have worked with him through the years.

Mayor Little asked Council Member Everette Clark not to be seated just yet and stated that North Carolina Senator Joe Sam Queen was present to make a special presentation to Everette Clark.

Senator Queen stated that it is with great honor that he is here tonight on this historic day to present to former Mayor Everette Clark on behalf of Governor Beverly Perdue, who could not be here tonight, the highest Civic honor in North Carolina, the Order of the Long Leaf Pine.

Senator Queen congratulated Council Member Clark and presented him with the plaque that read as follows:

State of North Carolina
Beverly Eaves Perdue
Governor
Reposing special confidence in the integrity, learning and zeal of

A. Everette Clark
I do by these presents confer
The Order of the Long Leaf Pine
With the rank of Ambassador Extraordinary privileged to enjoy fully all rights granted to members of this exalted order, among which is the special privilege to propose the following North Carolina Toast in select company anywhere in the free world:
Here's to the land
Of the long leaf pine.
The summer land
Where the sun doth shine.
Where the weak grow strong
And strong grow great.
Here's to "down home"
The Old North State
By the Governor
Bev Perdue
Date: December 8, 2009

Council Member Clark thanked Senator Joe Sam Queen for this presentation.

Senator Queen stated that better days are ahead in Marion because of all the things Everette Clark had started.

Mayor Little stated that Planning and Development Director Heather Cotton had another presentation for Everette Clark.

This presentation consisted of various slide photos of Council Member Clark through the years he has served the City, placed on a CD with music playing.

Council Member Clark thanked Ms. Cotton for this presentation. Ms. Cotton and the City Manager advised that Administrative Assistant Debi Sherlin was responsible for putting together the wonderful presentation.

AA.00000616 (24)

APPOINTMENT OF MAYOR PRO TEM: Council Member Cuthbertson nominated Council Member Owenby to serve as Mayor Pro Tem.

There were no other nominations made.

A discussion followed.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to appoint Council Member Cecil Owenby as Mayor Pro Tem.

REAPPOINTMENT OF CITY MANAGER AS CITY'S REPRESENTATIVE ON ISOTHERMAL PLANNING AND DEVELOPMENT COMMISSION BOARD OF DIRECTORS: The City Manager advised that Council has typically reappointed the City Manager as the City's representative on the Isothermal Planning and Development Commission Board of Directors.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to re-appoint City Manager Bob Boyette as the City of Marion's Representative on the Isothermal Planning and Development Commission Board of Directors.

PUBLIC APPEARANCE – LIGHTEN UP FOR LIFE PROGRAM:
Ms. Cara Lafon and Ms. Ruth Hullett from The McDowell Hospital appeared before Council to discuss the Hospital's Lighten Up 4 Life Program.

Ms. Lafon stated that Lighten up 4 Life is a community wide weight loss initiative conducted by McDowell Hospital, sponsored by a variety of local businesses and organizations, and in partnership with Mission Health System. The purpose of this initiative is to help people throughout all of Western North Carolina increase their overall health and fitness through sustainable weight loss strategies.

Ms. Lafon went over who could participate, what can be won for participating, when the competition begins and ends and how to get started.

Council Member Doggett asked if health screenings could be provided. Ms. Lafon stated that screenings would be offered at reduced rates or possibly at no cost.

Ms. Lafon reported that McDowell County has approved a resolution of support for the program and that she would request that City Council adopt a similar resolution of support from the City.

A discussion followed.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following resolution in support of The McDowell Hospital's Lighten Up 4 Life Program:

A RESOLUTION OF THE CITY OF MARION
LIGHTEN UP 4 LIFE

WHEREAS, the City of Marion is committed to promoting healthy lifestyles and improving the well-being of residents and visitors of Marion; and

WHEREAS, the City of Marion places a high priority on quality health care for all members of Marion and appreciates the various entities that are part of our collective health care system, and we further recognize that this important goal is advanced by valuable resources, including The McDowell Hospital; and

AA.00000617 (24)

WHEREAS, by offering this health awareness program and others like it, and by integrating the delivery of primary care with aggressive outreach, community education, healthy resources, and other enabling services, we are empowering the members of our community; and

WHEREAS, we as individuals, and as a collective whole, must engage in behaviors that support physical fitness, ensure we have access to healthy, affordable food, and empower our families with the information essential for healthy living; and

WHEREAS, there are many dedicated men and women in the City of Marion prepared to engage in said health program and to set a healthy example for the well-being of themselves, their families, and their community; and

WHEREAS, this community-wide health program, known as "Lighten Up 4 Life", strives to build awareness of the importance of good health and well-being for every individual, offers educational and supportive services to create healthy lifestyles, and encourages participation from all members of our City, either directly or indirectly;

NOW THEREFORE BE IT RESOLVED, that the City Council of the City of Marion, on behalf of all residents of Marion, does hereby proclaim that January 4th, 2010 is

The Launch Date of the program "Lighten Up 4 Life"

in the City of Marion and urges all residents to participate in activities that promote and involve Lighten Up 4 Life, and results in an individual's overall healthier lifestyle, now and throughout the year.

ADOPTED this the 1st day of December, 2009.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-09-12-01-1

FINAL REVIEW OF DOWNTOWN STREETSCAPE PLAN: Planning and Development Director Heather Cotton stated that, as directed by Council, staff looked over options for adding more on-street parking as part of the Downtown Streetscape Plan, particularly in the block between Court and Henderson Streets.

Ms. Cotton discussed specific details of the proposed addition of two parking spaces that could be added in the block of Main Street between Court and Henderson Streets, as well as other parking spaces that could be added in other blocks. She also gave a brief overview of the Downtown Streetscape Plan for Senator Joe Sam Queen.

Council Member Cuthbertson suggested that the Police Parking Only space on Main Street in front of the Courthouse could perhaps be given up to provide another parking space in the Court to Henderson block of Main Street.

A discussion followed. Council asked the City Manager to consult with the Police Chief and determine if the Police Parking Only space on Main Street in front of the Courthouse could be eliminated without any problems, to provide another parking space in the Court to Henderson block of Main Street.

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to approve the revisions to the Downtown Streetscape Plan as presented by Planning and Development Director Heather Cotton, to include the addition of two on-street

AA.000000618 (24)

parking spaces in the block of Main Street between Court and Henderson Streets and the addition of parking spaces in other blocks.

The City Manager advised that the next step would be to present the revised Downtown Streetscape Plan to the North Carolina Department of Transportation for review and approval, after which time implementation of the Plan could take place.

PUBLIC COMMENT PERIOD:

Senator Joe Sam Queen was present for this meeting, and commended the City of Marion for all the efforts and hard work not just with the Downtown Streetscape Plan, but with the Marion Depot, Community Building, Catawba River Greenway, McDowell House and many other projects that have been completed through the years or which will soon be undertaken.

Senator Queen also commended the work of the McDowell Arts Council, McDowell Trails Association and nonprofit organizations.

Senator Queen expressed his utmost appreciation to the City of Marion and offered his support in any endeavors the City has.

CONSIDER APPROVAL OF AUDIT CONTRACT: Finance Director Harriett Thomas advised that, as shown on information presented to Council, the City's current auditor, Martin Starnes, has proposed a contract to complete the City's annual audit for the next five years. The City has worked successfully with Martin Starnes for the past three years. Ms. Thomas advised that the City went out for bid for auditing services several years ago and Martin Starnes was less expensive than any firm that submitted a proposal. Under the proposal of Martin Starnes, the audit costs would rise from the current amount of $13,800 to $15,000, an increase of 8.7 percent over five years. She added that the City is unlikely to find a more competitive price.

Council Member Cuthbertson added that the expertise of Ms. Thomas as Finance Director and as a Certified Public Accountant has allowed the City to enjoy significant cost reductions for the audit over the past few years.

A discussion followed.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to award a contract for City audit services to Martin Starnes & Associates, with the contract price starting at $13,800 for the 2009-10 audit and increasing to $15,000 for the 2013-14 audit.

SCHEDULE TOWN MEETING AND CITY COUNCIL PLANNING SESSION: The City Manager stated that Council had traditionally held the annual Town Meeting on or around the third Thursday of January. Therefore the City Manager proposed that the Town Meeting be scheduled for Thursday, January 21, at 7:00 p.m. at the Community Building and Thursday, January 28 could be set as a back-up date.

The City Manager stated that Council has also traditionally held a Planning Session not long after the Town Meeting to begin identifying budget priorities for the coming year and to address current and future priorities. This Planning Session could be held at any time desired by Council. As previously reported, the City has received a proposal from the Revis Group to update the City's website and to advise the City on other communications issues. The City Manager proposed that Council review this proposal at a short Planning Session as soon as possible and then schedule a date for a longer Planning Session for around early February.

The dates suggested by the City Manager for the Town Meeting were not convenient for Council.

AA.000000619 (24)

A discussion followed.

It was the consensus of Council to set Tuesday, January 26, 2010 at 7:00 p.m. as the Town Meeting date and time. This meeting will be held at the Community Building. Thursday, February 4, 2010 will be the back-up date. The back-up meeting would be held at City Hall.

It was the consensus of Council to set Tuesday, December 15, 2009 at 6:30 p.m. for the City Council Planning Session for the purpose of discussing communications issues and the proposal of the Revis Group to update the City's website and consult with the City on other means of communications.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that Ms. Danielle Hagerman, one of the City's interns, has recently completed work on an Energy Plan that will allow the City to apply for energy grants. City staff will be assessing possible projects for energy grants.

The City Manager advised that McGill had recently provided the final Catawba River Greenway design and floodway permitting information. After required permits are obtained from the State, the project can go out to bid, hopefully within a few months. The City Manager added that he is working with the Health Department on a Fit Communities grant application. One of the main purposes of the grant would be to provide the remaining local match for Phase One of the greenway (almost $30,000 is needed).

The City Manager advised that as previously reported, the City has signed a performance agreement with the Sugar Hill Road commercial developer that locks in the $1 million Rural Center grant for the water and sewer extension. The water and sewer extension will not begin until the City signs a contract with the Rural Center, the developer closes on the property and the developer submits an annexation petition for the development site. The developer still says he plans to close on the property in mid January and is seeking bids for grading.

At the last Joint Utility Committee meeting, a discussion was held on the City and County asking DOT to add landscaping along Sugar Hill Road and at the I-40/Sugar Hill Road interchange, beyond the plantings already planned, to ensure that the entrance to the new development is attractive. It was agreed by the Committee representatives that this would be a good idea. The City Manager stated that DOT District Engineer Doug McNeal met with Planning and Development Director Heather Cotton and himself that day and proposed that the City ask DOT to take the money designated for the Sugar Hill Road landscaping and put it towards the Downtown Streetscape Plan implementation. The City could come back at a later time and request that DOT install the landscaping on Sugar Hill Road. The City Manager stated that Mr. McNeal did not guarantee the success of such a request, but felt that a good argument could be made.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, Council voted unanimously to direct the City Manager to request that the North Carolina Department of Transportation transfer funds designated for the Sugar Hill Road landscaping and put it towards the Downtown Streetscape Plan implementation.

The City Manager advised that Council Member Martin had suggested that streetlights are needed at the on and off ramps at the West Henderson Street/US 221 Bypass interchange. The City Manager stated that staff could obtain an estimate from Duke Energy for the cost of installing such lights, if desired by Council. It was the consensus of Council to refer this item to the Street Committee.

AA.00000620 (24)

The City Manager advised that staff would be working in the near future to make the donor sign for the Farmer's Market and to hire a contractor to wire the shelter and install light fixtures.

The City Manager advised that the Christmas Parade took place on November 22 despite the rain. The City Manager stated that he had thanked Ms. Freddie Killough of the Marion Business Association, the Police Department, the Public Works and Fire Departments for their efforts to put on the Parade and to make the best of a rainy day.

The City Manager stated that Nebo Elementary will hold their fundraiser for homeless children, to include bingo games, at the Community Building on Tuesday, December 8. This event will not involve horse and carriage rides and a street closure, as Nebo has decided to separate these events. The City Manager stated that he would advise when the horse and carriage rides and street closure is scheduled.

The City Manager stated that the Marion Rotary Club will definitely hold a New Year's Eve Event, to include horse and carriage rides and likely dropping something (perhaps something lighted that resembles a gold nugget). The City will close the street and help provide some staffing of the event to ensure public safety, without objection.

The City Manager asked that Council approve the New Year's Eve Plans and allow the City to be a co-sponsor of the event.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted to approve the City's full support and co-sponsorship of the New Year's Eve Celebration and to authorize the closing of streets and provision of staffing as necessary for the event.

The City Manager stated that work on the McDowell Avenue street extension had been completed and the street had been opened to the public. He added that the Clay Street railroad crossing is scheduled to be closed January 13, 2010, using funds from Norfolk Southern Railway.

The City Manager stated City crews continue work on constructing and equipping the new Eastfield Park and hope to complete this work by the end of 2009.

The City Manager advised that staff had been catching up on leaf and brush collection for the past two weeks. The City Manager stated that he had authorized the Public Works Director to have employees work overtime as necessary to allow the City to catch up on this collection.

The City Manager stated that the E-3 Forum scheduled for Friday, December 11 at the Depot had been canceled and that the next forum would be held in January. Marion Business Association Director Freddie Killough is trying to get Congressman Shuler or his staff to speak at this event.

Planning and Development Director Heather Cotton gave an update on McDowell Arts Council activities, stated that the Safe Routes to School planning process would soon begin and advised of the City winning an award from the North Carolina Main Street Program for the Farmer's Market being the Best Public-Private Partnership for 2009.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Martin congratulated Council Member Doggett and welcomed her to the Marion City Council.

AA.000000621 (24)

Council Member Cuthbertson advised that there are about seven streetlights on Main Street not burning and that the holly tree in front of the Crooked Door Coffee Shop has been cut in half. The City Manager stated that staff would continue to work with Duke Energy to get all the streetlights burning on Main Street.

Council Member Cuthbertson also suggested that the sign stating no parking on market days at the Farmers Market be removed. The City Manager stated that staff would remove the sign immediately.

Mayor Little stated that the new store Catawhale's located on Main Street, has a magnificent store front. He asked that the City Manager send a letter of appreciation to the business.

Council Member Clark thanked Mayor Little, Council Members and staff for the recognition and appreciation shown to him, both tonight and through the years.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Called Session on Tuesday, December 15, 2009 at 6:30 P.M. in the City Council Chambers located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager

GUESTS PRESENT: Chris Revis and Mark Lyons, Revis Group

OPENING DISCUSSION: Mayor Little opened the meeting and welcomed those who were present.

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. Review of Website Development/Communications Proposal from Revis Group – Mr. Chris Revis and Mr. Mark Lyons of the Revis Group presented a proposal for creating a new City website and providing consulting on communications strategies for the City. The cost

AA.000000622 (24)

of the website development is $7,500 and involves a new City website that will be easier for staff to update and for citizens and visitors to navigate. The cost of the community messaging module is $6,500 and involves creation of videos for the City website, creating a presence for the City on a social networking site such as Facebook, advising on possible upgrades to the City Channel and other possible communications strategies for the City. The proposal included 12 months of support at $250 per month.

After discussion, the Mayor and Council Members stated that they agreed with the need to create a new City website and for the City to enhance current methods of communication and to use new means of communication such as Facebook. The Mayor and Council Members stated that they would like the Revis Group to modify the contract so that the City could pay for the website development and community development components during the 2009-10 Fiscal Year and to include 24 months of support, at $250 per month, to begin after the new City website goes on-line. The City Manager was directed to obtain a revised agreement from the Revis Group, for consideration by Council at the January 5 Council meeting.

2. Discuss Idea of Marion 101 Class – The City Manager provided information on a possible Marion 101 Class, to provide City residents and business owners with an overview of City government. This class had been suggested by Council Member Clark. The City Manager stated that he was using a similar class in Newton as a model and that the City could launch the program in Fall 2010. The Mayor and Council members encouraged the City Manager to develop more information about pursuing this project.

3. Discuss Idea of Additional Newspapers Qualifying as Newspapers of General Circulation – The City Manager stated that it had been suggested that the City should determine if other newspapers, such as the News Bulletin, could qualify as newspapers of general circulation for Marion, as defined in the North Carolina General Statutes, for purposes of running legal notices and other required notices. The City Manager discussed State law requirements for such qualification. After brief discussion, the Mayor and Council Members directed the City Manager to talk to the City Attorney and determine if more newspapers could qualify as newspapers of general circulation for Marion. The City Manager will bring back the City Attorney's determination to City Council at a future meeting.

4. Discuss City Hall Sound System – The City Manager presented Council with a proposal from Shelby Music Center for a sound system for the City Council Chambers in City Hall. The proposal was for approximately $3,500. After brief discussion, the Mayor and Council Members agreed by consensus for the City Manager to proceed with the sound system, with some minor modifications to the proposal.

5. Scheduling of Next City Council Planning Session – Council agreed to schedule a date for the next City Council Planning Session at the January 5 Council meeting. The Planning Session will be held after the January 26 Town Meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owneby, Council voted unanimously to adjourn.

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 5, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News; Matt Dymond, News Reporter, The News Bulletin; Freddie Killough, Executive Director, Marion Business Association Director; Jim Neal, Fire Chief; Ray McDaniel, Assistant Fire Chief.

GUESTS PRESENT: Frank Dean, Ann McNutt, Don Markum and Bill Hendley, McDowell Trails Association Representatives; Frieda Ruppe, Marion Police Department Communicator.

OPENING OF MEETING: Mayor Little opened the meeting by stating that there is a separation between church and state and that he feels this is a good separation. We have a variety of people in our community who have different faiths and as a government we do not favor any one religion.

With that being said, Mayor Little stated that he chooses to have one minute of silence and persons can pray or meditate as they wish.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER LLOYD CUTHBERTSON: Council Member Lloyd Cuthbertson selected the Citizen of the Month for January 2010.

BILL HENDLEY

City Council Member Lloyd Cuthbertson stated that Mr. Bill Hendley is only the second non-City resident to be chosen as Citizen of the Month.
Mr. Hendley graduated from Pleasant Gardens High School. He served 22 years in the US Air Force and retired as a Sergeant Major. Mr. Hendley was a Russian translator. Mr. Hendley was an interceptor which means he monitored and translated Russian radio transmission and held the highest security clearance (Top Secret) in the military until he married Olga, a Russian citizen, after he retired from the military.

Mr. and Mrs. Hendley have three sons, Billy, Chris and Alex and one daughter, Christina.

Mr. Hendley is an active Rotarian and was the recipient of the Rotarian of the Year Award in 2009. He drives a school bus, is active in the McDowell County Bee Keepers Association and was recently awarded the Order of the Long Leaf Pine by the Governor of North Carolina.

Council Member Cuthbertson stated that he is honored to be a personal friend of Mr. Hendley.

Mr. Frank Dean stated that Mr. Bill Hendley exemplifies class. He is a visionary, and it is because of Mr. Bill Hendley that the Catawba River Greenway and other projects are happening.

Mayor Little and Council Members all shared kind words about Mr. Hendley.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – December 1, 2009 Regular City Council Meeting Minutes
December 15, 2009 City Council Planning Session Minutes

B. Adopt Resolutions of Intent

1. Eastfield Phase 6

A RESOLUTION STATING THE INTENT OF THE CITY COUNCIL OF MARION TO CONSIDERANNEXATION OF THE AREA DESCRIBED HEREIN AND FIXING THE DATE OF A PUBLIC INFORMATIONAL MEETING AND A PUBLIC HEARING ON THE QUESTION OF ANNEXATION – EASTFIELD PHASE 6

BE IT RESOLVED by the City Council of the City of Marion that:

Section 1. It is the intent of the City Council of the City of Marion to consider annexation of the following described territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina:

BEGINNING at a point at the northern corner of Lot 1969 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 1969 and Lot 3864 Block 48 on the McDowell County Tax Map 1711.06 in a straight southeasterly direction 646 feet to a point at the southeast corner of said Lot 3864, said point also being on the northern boundary of Tunnel Road (SR 1729), thence following the northern boundary of Tunnel Road (SR 1729) approximately 15 feet to the southwestern corner of Lot 6688 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 6688 in a northerly direction 65 feet, thence in a northeasterly direction 110 feet, thence in a southeasterly direction 199 feet to the southeastern point of said Lot 6688, said point also being a point on the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way, thence following the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way in a southerly direction 416 feet to a point, said point being the northeast corner of Lot 2997 Block 37 on the McDowell County Tax Map 1711.06, said point also being on the boundary of the current Marion Corporate Limits, thence following the northern boundary of said Lot 2997 and the boundary of the current Marion Corporate Limits in a straight westerly direction 583 feet to a point, thence following the current Marion Corporate Limits in a generally northerly direction 255 feet, thence in a westerly direction 50 feet, thence in a northerly direction 132 feet to a point, said point being the on the boundary of the current Marion Corporate Limits, said point also being on the southern boundary of Tunnel Road (SR 1729), thence following the current Marion Corporate Limits in a straight northerly direction 50 feet to a point on the current Marion Corporate Limits, said point also being on the southern boundary of Lot 2708, Block 48 on the McDowell County Tax Map, thence following the southern boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a westerly direction approximately 81 feet to the southwest corner of said Lot 2708 and the boundary of the current Marion Corporate Limits; thence following the western boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a generally northerly direction 219 feet to the northwest corner of said Lot 2708, said point also being a point on the boundary of the current Marion Corporate Limits and a point of the northeast corner of Lot 9891 Block 38 on the McDowell County Tax Map, thence following the northern boundary of said Lot 9891 and the boundary of the current Marion Corporate Limits in a westerly direction 142 feet to a point at the northwest corner of said Lot 9891 and the boundary of the current Marion Corporate Limits, said point also being on the eastern boundary of Lot 8965 Block 38 on the McDowell County Tax Map 1711.06, thence following the boundary of the current Marion Corporate Limits in a northerly direction 315 feet to the point of BEGINNING.

Section 2. A public informational meeting on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on February 23, 2010, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to ask questions and receive answers regarding the proposed annexation.

Section 3. A public hearing on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on March 23, 2010, at which time plans for extending services to said territory will be explained

AA.00000625 (24)

and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to be heard.

Section 4. A report of plans for extending services to the above described territory shall be made available for public inspection at the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting. The statement of financial impact contained in the report shall be delivered to the McDowell County Board of Commissioners at least thirty (30) days prior to the date of the public informational meeting.

Section 5. A legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed who have been identified shall be posted in the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting.

Section 6. Notice of the public informational meeting and public hearing shall be given by publication and by first class mail, as required by G.S. 160A-49.

ADOPTED the 5th day of January, 2010.

2. Scott Road

A RESOLUTION STATING THE INTENT OF THE CITY COUNCIL OF MARION TO CONSIDERANNEXATION OF THE AREA DESCRIBED HEREIN AND FIXING THE DATE OF A PUBLIC INFORMATIONAL MEETING AND A PUBLIC HEARING ON THE QUESTION OF ANNEXATION – SCOTT ROAD

BE IT RESOLVED by the City Council of the City of Marion that:

Section 1. It is the intent of the City Council of the City of Marion to consider annexation of the following described territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina:

BEGINNING at a point at the southeast corner of Lot 6224, Block 77 on the McDowell County Tax Map 1710.02, thence following the eastern boundary of said Lot 6224 and the Southern Railroad Right-of-way in a northwesterly direction approximately 672 feet to a point, said point being a northeast point of said Lot 6224 and a point on the southern boundary of Lot 4140, Block 88 on the McDowell County Tax Map 1710.02, thence following the southern boundary of said Lot 4140 in a northeasterly direction approximately 60 feet to a point, said point being the southeast point of said Lot 4140 and a point of the boundary of the Southern Railroad Right-of-way; thence following the boundary of said Lot 4140 and the boundary of the Southern Railroad Right-of-way in a northerly direction approximately 182 feet to a point on the boundary of said Lot 4140 and Southern Railroad Right-of-Way, said point also being the boundary of the current Marion Corporate Limits; thence following the current Marion Corporate Limits in a straight easterly direction approximately 100 feet crossing the Southern Railroad Right-of-Way to a point, said point being on the boundary of the current Marion Corporate Limits, the Southern Railroad Right-of-Way, and the northwest point of Lot 8005, Block 88 on the McDowell County Tax Map 1710.02, thence following the current Marion Corporate Limits and the boundary of said Lot 8005 in a northeasterly direction approximately 157 feet to a point at the northeast corner of said Lot 8005, the current Marion Corporate Limits, said point also being the southwestern boundary of Scott Drive (State Road 1742); thence running in a southeasterly direction along the boundary of the current Marion Corporate Limits 849 feet, thence following the current Marion Corporate Limits in a westerly direction approximately 430 feet to the point of BEGINNING.

Section 2. A public informational meeting on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on February 23, 2010, at which time plans for extending services to said territory

AA.00000626 (24)

will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to ask questions and receive answers regarding the proposed annexation.

Section 3. A public hearing on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on March 23, 2010, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to be heard.

Section 4. A report of plans for extending services to the above described territory shall be made available for public inspection at the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting. The statement of financial impact contained in the report shall be delivered to the McDowell County Board of Commissioners at least thirty (30) days prior to the date of the public informational meeting.

Section 5. A legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed who have been identified shall be posted in the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting.

Section 6. Notice of the public informational meeting and public hearing shall be given by publication and by first class mail, as required by G.S. 160A-49.

ADOPTED the 5th day of January, 2010.

RESOLUTION NUMBER: R-10-01-05-2

C. Adopt Resolution Directing the Clerk to Investigate a Petition for Annexation – Great Meadows Property

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – GREAT MEADOWS/MCDOWELL HIGH SCHOOL ROAD – 2010

WHEREAS, a petition requesting annexation of an area described in said petition was received on December 23, 2009 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clark before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that;

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of this investigation.

Adopted this the 5th day of January, 2010.

Stephen R. Little, Mayor

ATTEST:

AA.000000627 (24)

J. Robert Boyette, City Clerk

RESOLUTION NUMBER: R-10-01-05-3

INTRODUCTION OF NEW EMPLOYEE: Police Chief Mika Elliott introduced Ms. Frieda Ruppe, as the new telecommunicator for the Police Department. Chief Elliott said that Ms. Ruppe came fully trained from the Town of Forest City Police Department and is doing an excellent job for the City.

Mayor Little, Council members and the City Manager welcomed Ms. Ruppe to the City staff.

Chief Elliott stated that he was under the weather and asked to be excused for the remainder of this meeting.

PUBLIC APPEARANCE – McDOWELL TRAILS ASSOCIATION – DISCUSS CATAWBA RIVER GREENWAY PHASE 2 AND CANOE LAUNCH ON CATAWBA RIVER: Mr. Frank Dean, Mr. Bill Hendley, Ms. Ann McNutt and Mr. Don Markum of the McDowell Trails Association (MTA) were present for this discussion.

Mr. Dean presented a proposed lease between the City and Great Meadows Inc. for a canoe launch and nature park on property located on US 221 North Business, adjacent to the proposed Catawba River Greenway. The proposed lease includes a year to year lease for $1 per year of approximately 1.5 acres of property fronting on US 221 North Business and a 20 year lease for $1 per year with two 5 year options for the remaining 13+ acres of property extending to the US 221 Bypass. These properties would provide room for a parking area and canoe launch and additional walking trails to enhance the Greenway. The property contains a three acre pond. This property is adjacent to the Catawba River. Mr. Dean stated that Great Meadows simply asked that it not be liable for the property taxes on the 15 acres which equate to about $200 per year. Mr. Dean suggested that the City pay the City taxes and that the MTA would pay the County taxes. A map was presented to Council to show the proposed areas to be leased.

The suggested proposal presented to Council read as follows:

"Lease Proposal – 15 +/- acres, between Old US 221 North and the by-pass

The land lease conditions as proposed by Great Meadows to the City of Marion for two parcels on the north side of the Catawba River. Access to the two parcels are via the 5-lane to the stop light at the former Ford dealership. Continue north and cross the bridge. The subject property is on the left and adjoins the river. The lease is to be in two sections due to the variance in the lease conditions.

Section 1. Involves the approximate 1.5 acres with frontage on old US 221 North. It will serve as a parking area for the canoe launch and retrieval site, and the point of access to the proposed nature park.

1. Great Meadows, Inc. will lease the parcel to the City of Marion for $1 per year on a year to year basis.

2. Plans for the canoe launch site must be approved by the officers of Great Meadows, Inc. prior to construction.

3. In the event Great Meadows, Inc. secures a long term land lease tenant or purchaser for the parcel Great Meadows, Inc. can terminate the lease.

AA.00000628 (24)

Section 2 involves the remaining approximate 13.88 acres which will serve as a nature park.

The remainder is to have a 20 year lease at $1 per year with 2 five year options to renew. The renewal is to be agreed upon by both parties.

There is no property tax liability to Great Meadows on either of the two parcels. The tax liability is to be shared by the City of Marion and the McDowell Trails Association.

Maintenance for both parcels is to be shared between the City of Marion and the McDowell Trails Association.

The 20 year option to renew has to be agreed upon by both parties."

Mr. Dean further advised that Great Meadows and their tenant, Mr. Jeff Benfield, have agreed to allow Phase 2 of the Catawba River Greenway to stay on the south side of the Catawba River behind Wal Mart, on the condition the City relocates Mr. Benfield's pumps and constructs a fence to keep people out of his nursery stock. Mr. Dean stated that this would eliminate the need for two bridges to be constructed across the Catawba River. He added that Phase 2 of the Greenway will extend from the end of Phase 1 to the McDowell House property. Mr. Dean proposed that the City of Marion own Phase 2, with grant and funding support from McDowell County, with maintenance to be shared between the City and MTA.

Council Member Clark stated that Council had previously agreed to own and maintain Phases 1 and 2 of the Greenway, so this point should not be an issue. Council Member Clark asked who would be held accountable for the liability with the property to be leased and if it would come under the City's insurance policy.

The City Manager stated that he could consult with the City's insurance carrier to determine if a canoe launch and the pond would be a liability concern and have any effect on the City's insurance premiums.

Council Member Clark asked if there would be a place down river for people to take canoes out of the River. Mr. Hendley stated that the MTA is working with other agencies to create a canoe path of 120 miles. There are more launches downstream of this site which are being planned, but which have not been finalized as of yet. Mr. Hendley added that the North Carolina Fish Hatchery would be stocking this section of the River with fish and building a handicapped accessible fishing pier.

Mayor Little thanked Mr. Dean, Mr. Hendley and all MTA representatives for coming to the meeting and all they have done to help with the Catawba River Greenway and other trails projects.

The City Manager stated that the North Carolina Department of Transportation would need to issue an encroachment to allow the Greenway to extend under the US 221 Bypass bridge; however, the City of Morganton had been granted such an encroachment for its greenway, which indicated that approval was likely.

The City Manager noted that a successful project such as the Greenway leads to people wanting to be involved and for budget reasons staff would propose that the City seek bids for design services for Phase 2 of the Greenway, without objection from Council.

The City Manager stated that the proposal on the table involves two separate issues, one regarding approval of the lease agreement with Great Meadows for the canoe launch and nature

AA.00000629 (24)

park on US 221 North Business and one involving agreeing to partner with McDowell County on Phase 2 of the Catawba River Greenway and to seek bids for design services for this phase.

A brief discussion followed.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the following:

1. A lease agreement with Great Meadows Inc. for $1 per year for approximately 1.5 acres of property fronting on US 221 North Business for a canoe launch and nature park, subject to the City Manager consulting with the City's insurance carrier regarding any liability concerns and impacts on insurance premiums.

2. A lease agreement with Great Meadows Inc. for $1 per year for approximately 13 acres of property extending from the 1.5 acres noted in the preceding item to the US 221 Bypass for a nature park, subject to the City Manager consulting with the City's insurance carrier regarding any liability concerns and impacts on insurance premiums.

3. The City partnering with McDowell County and the McDowell Trails Association on Phase 2 of the Catawba River Greenway, with the City owning the property, the County providing grant and funding support and the McDowell Trails Association assisting the City with maintenance.

4. The City bidding out design services for Phase 2 of the Catawba River Greenway.

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIATION:

Ms. Freddie Killough, Executive Director of the Marion Business Association, presented the following report to Council:

October – December, 2009 Quarterly Report to Marion City Council

Economic Development Report

New Businesses Opened – Catauwhale, 20 South Main Street
Envious Beauty, 121 Railroad Street
McDowell House Tea Room, Hwy 70 West
Businesses Closed – Dutchy Debs, 242 North Main Street
Legendary Ford, North Main Street
Business Loan Inquiries – 4
Business Grant Inquiries – 3
Business Visits - Visited All Downtown Businesses for Christmas Promotion.
Property Referral Inquiries – 2
Contacts with interested Commercial Developers – 2

Other Economic Activity – E-3 Forum, November 13. 25 attended. Scott Hamilton of AdvantageWest was guest speaker.

MBA continues to maintain listing of commercial properties in the City of Marion.

Special Events Report

October 10, Mountain Glory Festival – Profit - $7,500.00+
November 22, Christmas Parade – Low turn-out due to rain
December 3, Melodies on Main – Great turn-out
December 22, Merchant Drawing, 23 businesses participated. Created lots of excitement.
December 31, New Year's Eve Celebration – Marion Rotary did a great job. MBA/City gave support services. Several hundred people attended.

Upcoming Events

Friday, January 8 – E-3 Forum with Congressman Heath Shuler

AA.000000630 (24)

Friday, February 5 – E-3 Forum with Commerce Secretary Keith Crisco
Friday, March 5 – E-3 Forum with Local Agency Reports

Marion Calendar of Events
2010 Calendar of Events

Saturday, March 27 – Easter Bonnet Parade @ YMCA
Saturday, May 1 – Sidewalk Yard Sale – Main Street
Friday, June 4 - First Friday Concert & Livermush Festival – Main Street
Saturday, June 26 – Honey Bee Arts Festival – Main Street
Saturday, July 3 – Independence Day Celebration
Monday, July 19 – Folkmoot @ East Junior High
Tuesday, August 3 – National Night Out – Main Street
Friday, August 6 – First Friday Concert
Saturday, August 7 – Sidewalk Yard Sale – Main Street
Monday, September 6 - Labor Day Concert @ Historic Depot – Terry McKinney
Saturday, October 9 – Mountain Glory Festival - Main Street
Sunday, November 21 – Christmas Parade - Main Street
Thursday, December 2 – "Melodies on Main" Christmas Celebration
December – Blue Ridge Craftshow @ MACA
December 31 – Rotary of Marion New Year's Eve Celebration

Every Thursday Night, 7:00 PM - Bluegrass Music Jam @ Depot

It was the consensus of Council to have Ms. Killough come on a quarterly basis to brief Council on current affairs.

Ms. Killough also stated that the Farmer's Market has been selected by the North Carolina Main Street as the best Public Private Partnership in North Carolina.

Council Member Clark stated that he wished the City could come up with a pool of money to assist with persons wanting to open businesses in the City. He suggested that this would be a good Planning Session topic.

Ms. Killough also gave a brief update on the First Annual New Year's Eve Celebration held the previous Thursday evening. She stated that several hundred or more people attended this event, enjoyed many activities and supported downtown businesses that were open, particularly restaurants and the coffee shop.

Mayor Little and Council Members thanked Mr. Don Markum who made the gold nugget used for the New Year's Eve celebration. Mayor Little stated that it was a wonderful sight to see the gold nugget dropping over Main Street at Midnight.

Ms. Killough advised that the New Year's Eve Committee held a wrap up meeting earlier in the day and is already making plans for next year.

The City Manager stated that many organizations assisted with the New Year's Eve celebration, including the Marion Rotary Club, the City of Marion, McDowell County, the Marion Business Association, the McDowell Arts Council Association, the McDowell Chamber of Commerce, the North Carolina Gold Festival, McDowell Cement and First Baptist Church.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

AA.000000631 (24)

CONSIDER APPROVAL OF CONTRACT WEBSITE DEVELOPMENT/COMMUNICATIONS CONSULTING: The City Manager advised that as discussed at the December 15 City Council Planning Session, the Revis Group submitted a revised proposal for their website development and communications consulting services. The revised proposal calls for the $7,500 cost of the website development and the $6,500 cost of the community messaging module to be paid by the end of the 2009-10 Fiscal Year. The City Manager stated that the proposal also has been revised to include support services being billed at the rate of $250 per month for 24 months. The 24 month period begins after the new City website is on-line. Approval of the agreement by Council is needed to allow the Revis Group to begin work on this project.

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to approve a contract with the Revis Group in the amount of $7,500 for website development, in the amount of $6,500 for the community messaging module and to include 12 hours of support per month for a cost of $250 per month for 24 months, said 24 month period to begin after the new website is launched.

CONSIDER APPROVAL OF CONTRACT – FIRE BRUSH TRUCK: The City Manager advised that, as shown on the memo presented to Council, bids were sought for the purchase of a new quick response truck (brush truck) for the Fire Department, as previously authorized by Council. Staff had originally forecast that the truck would cost $110,000. The City Manager stated that after Chief Neal and the Fire Department developed detailed specifications, they increased the estimated budget to $125,000.

Fire Chief Jim Neal presented the detailed specifications on the proposed quick response truck. He stated that the City sought bids from four companies. Two companies declined to bid. Bids were received as follows:

Slagle's Fire Equipment	$142,922.00
Anchor-Richey	$132,125.00

Chief Neal stated that, after negotiation, the low bidder, Anchor-Richey reduced the price of the truck to $128,525.00.

The City Manager stated that he had originally thought that the City would use the additional $75,000-$80,000 in revenue anticipated from the extra two cent Marion Area Fire District tax and use $32,000 in funds earmarked for Transfer to Capital Reserve. However, in a recent Budget Ordinance Amendment, the $32,000 in funds earmarked for Transfer to Capital Reserve was eliminated to make up for the reduction in Beer and Wine Tax revenue for this year ($22,650). The City Manager reported that this same Budget Ordinance Amendment reduced the budgeted General Fund Balance Appropriation by $49,050. With the Budget Ordinance amendment eliminating the $32,000 Transfer to Capital Reserve, the City Manager said the General Fund will be around $50,000-$55,000 short. The City Manager stated that staff did not recommend financing this truck in order to save interest costs. The options at this point are taking the additional $50,000-$55,000 out of the General Fund Balance (and thereby bringing the budgeted General Fund Balance back up to its original level) or lowering the cost by any means necessary. The City Manager advised that cost savings options include:

A. Rebidding – Two companies declined to bid and staff is not optimistic that rebidding would result in any lower cost.

B. Swapping the diesel pump with a pump with a gasoline powered engine – This change would lower the cost of the truck by $6,000. Jim and the Fire Department much prefer the diesel pump, but are willing to give it up if deemed absolutely necessary.

AA.000000632 (24)

C. Selling the existing 1986 brush truck – The Fire Department has proposed keeping the current brush truck, so that another four wheel drive vehicle will be available. However, if Council wishes to cut costs further, the truck could be sold and perhaps gain a few thousand dollars. Staff does not believe that the current truck would bring much more than $5,000.

The City Manager summarized that cost savings proposals or rebidding will at most save the City a few thousand dollars, so the City will at least need to use $40,000 in General Fund Balance, unless Council wishes to finance the truck. The City Manager added that it is worth noting that the current brush truck has served the City for 23 years and that the new truck would be expected to have at least a 20 year life as well.

Mayor Little stated that we have the proposal and asked for comments.

Council Member Clark stated that he would suggest keeping the diesel pumps, as this will lengthen the life of the truck. He asked the City Manager if the City could afford the truck at this time.

The City Manager stated that the budget is a moving target, but that staff preferred paying cash for the truck this year, so that the City would not have to budget for debt payments in future years. Council Member Clark stated that he agreed with this strategy.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to award the contract for the purchase of a quick response vehicle for the Fire Department to Anchor-Richey in the amount of $128,525.00.

PRESENTATION OF STREET COMMITTEE RECOMMENDATIONS: The City Manager stated that the Street Committee met on December 3 and reviewed the following items:

A. The Street Committee looked at Francis Drive, where the City has recently received complaints about large vehicles going down Francis Drive, being unable to turn around and having to back out the street, creating ruts on the grass and possibly other damage. The Street Committee recommended that a warning sign reading "No Large Vehicle Turnaround" should be placed at the beginning of Francis Drive off Old West Henderson Street. The City has a similar sign in place on Forest Heights Drive.

B. The Street Committee looked at complaints regarding drainage on Oak Street near the Highland Drive intersection and a recent request for a sidewalk along Oak Street. The Street Committee and staff feel that there is no solution to the drainage issue, other than a future major project to install curb and gutter along Oak Street, and even if curb and gutter is installed, it is uncertain whether there is enough fall to allow for adequate drainage. The drainage issue appeared to be relatively minor. Given the number of projects the City has on the Street and Sidewalk Priority List, the Street Committee did not recommend adding the installation of curb and gutter and a sidewalk on Oak Street to the priority list at this time.

C. The Street Committee looked at the suggestion of Council Member Martin that street lights be installed on the on and off ramps of the Highway 221 Bypass at the West Henderson Street exit. The Street Committee suggested that staff determine the feasibility and cost of this installation with Duke Energy and DOT. Staff has discussed this possibility with Duke Energy and DOT. Duke Energy personnel stated that DOT would need to give some direction about the allowance for such street lights. DOT division staff have referred this matter to DOT staff in Raleigh and the City is awaiting direction before any quotes can be given by Duke Energy and a decision can be made regarding the placement of the streetlights.

Council stated no objection to the recommendations of the Street Committee. No action was necessary for this item.

DISCUSS PROJECTS TO INSTALL THREE LANE SECTION ON FLEMING AVENUE AT MARION ELEMENTARY SCHOOL ENTRANCE: Public Works Director Chris Hollifield gave a presentation showing pictures of how flexible delineator barriers could be used

AA.000000633 (24)

at the Fleming Avenue entrance to Marion Elementary School, as part of the planned widening of Fleming Avenue at this location to three lanes, to prevent the left turn movement prohibited by City ordinance.

A discussion followed.

A motion was made by Council Member Owenby, seconded by Council Member Martin, to refer this item to the Street Committee.

Council Member Clark asked that the Street Committee also look at the possibility of prohibiting through truck traffic on Robert Street, given the large number of log trucks and other large trucks that use Robert Street in front of Marion Elementary School.
Council Member Doggett stated that large trucks are a problem on many residential streets.

The City Manager advised that Council Member Clark had suggested to him, based on citizen requests, that the City look at creating allowances for golf carts on lower speed streets in the City

Council voted unanimously to refer the items noted above to the Street Committee for review and recommendation.

SCHEDULE CITY COUNCIL PLANNING SESSION: The City Manager advised that Council agreed at the December 15 Planning Session to consider at the January 5 meeting a date for the next Planning Session.

The City Manager stated that the Town Meeting is scheduled for January 26, 2010. The Planning Session could be set after that date.

Mayor Little stated that the City has held Planning Session in different ways and that he would like to see Council take their time and discuss issues without interruptions.

Council Member Clark outlined some of the planning retreats Council had taken out of town in the past and suggested that such a retreat should be considered again at some point.

Council Member Cuthbertson suggested that Council start with a brainstorming session prior to holding a full Planning Session.

It was the consensus of Council to hold the Planning Session for brainstorming only on Thursday, February 25, from 6:00 p.m. until 9:00 p.m. at City Hall.

RESCHEDULE MARCH 16 CITY COUNCIL PLANNING SESSION:
The City Manager advised that Mayor Little and perhaps some Council Members will be attending the National League of Cities Conference in Washington, D.C. from March 13-17, which will conflict with the March 16 City Council meeting. The City Manager proposed changing the March 16 Council meeting to March 23.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to change the regularly scheduled March 16 City Council Meeting to March 23.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that he had received a letter from DOT Division Engineer Jay Swain, advising that DOT was exploring the request the City made requesting that policy be changed to allow the blue logo signs to be placed at signalized intersections along controlled access highways, such as at the northern and southern ends of the Highway 221 Bypass. The City Manager stated that he had since spoken further with DOT Division 13 staff, who forwarded the

AA.00000634 (24)

request to DOT in Raleigh. DOT Division 13 staff said that they would support the request, but could offer no guarantees of success. The City Manager reported that he subsequently received word from DOT staff in Raleigh that the request was being reviewed. He added that restaurant owners who have asked for such a change are being kept abreast of the progress of this matter.

The City Manager advised that Planning and Development Director Heather Cotton had submitted the Downtown Streetscape Plan to DOT for review on December 14. The City Manager added that Ms. Cotton, Public Works Director Chris Hollifield and he met with DOT District Engineer Doug McNeal on December 22 to discuss the details and timing of the plan in more detail. The City Manager stated that Mr. McNeal seemed encouraged that the plan could be approved, perhaps with only some minor modifications.

As directed by Council at the December 1 meeting, the City Manager said that he and Police Chief Mika Elliott discussed the Police Parking Only space on Main Street in front of the Courthouse. The City Manager stated that both Chief Elliott and he agree that this space is not needed and could be better used for public parking, thus allowing the City to gain another public parking space in the critical Court to Henderson block of Main Street. The City Manager added that police officers could park in public parking spaces as they are available, without tying up such a prime space for Police Parking Only. The City Manager stated that this change would be reflected on the Downtown Streetscape Plan, without objection from Council. Mayor Little and Council members stated no objection to this recommendation.

The City Manager stated that he had directed staff to begin the condemnation process on the next round of dilapidated houses. He hopes that staff will have ordinances prepared to begin the condemnation process at an upcoming Council meeting.

The City Manager stated that the City's contractor is nearing completion on the replacement of the Hospital Pump Station on Rankin Drive. The replacement of the pump station will allow for adequate wastewater capacity for development along the Sugar Hill Road corridor and Hospital area.

The City Manager advised Ronny Turner Construction is almost complete with the work to eliminate the Catawba River Wastewater Plant and to turn the facility into a pump station to pump wastewater flow from the northern part of the City to the Corpening Creek Wastewater Plant. Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in the summer of 2009. This construction project is making good progress and will last well into 2010.

The City Manager stated that he had asked McGill Associates for a report on where the Wastewater Improvements Project stands with change orders. He noted that only a small fraction of the contingency budgeted for the project has been used for change orders. The City Manager stated that he had encouraged City staff and McGill to look at needed work that could be completed with money that will likely be left over for this project. The City Manager suggested that demolition work and cosmetic work not originally proposed in the project therefore may be able to take place at the Corpening Creek Wastewater Treatment Plant.

The City Manager advised that the City continues to work with the U.S. Census Bureau to promote the 2010 Census. He added that City Sanitation personnel recently delivered flyers door to door in the City. The flyers contained information about the 2010 Census. This information is also posted at City Hall, on the City website and on the City's government access channel.

The City Manager stated that he and Mayor Little had sent out thank you notes to numerous internal departments and external agencies and individuals involved with last week's New Year's Eve Celebration.

AA.00000635 (24)

The City Manager stated that he would like to thank the Public Works Department for the effort made with snow removal with the snowstorm experienced two weeks ago.

Mayor Pro Tem Owenby stated that, when the Downtown Streetscape Plan is implemented and Main Street is reduced to three lanes, it may be more difficult for the City to push snow to the middle of the street as has been the City's practice for many years.

Council Member Martin stated that he agreed that City personnel did a great job clearing streets quickly, but that he believed that snow was left in the middle of streets for too long.

COUNCIL MEMBER COMMENTS:

Mayor Little presented the following list of Mayor Appointed Committees to Council Members and stated that if they had questions to please let him know.

MAYOR APPOINTED COMMITTEES
JANUARY 2010

STREET COMMITTEE
Council Member Clark
Council Member Cuthbertson

FIRE COMMITTEE
Council Member Cuthbertson
Council Member Martin

RECREATION COMMITTEE
Council Member Doggett
Mayor Pro Tem Owenby

POLICE COMMITTEE
Council Member Clark
Council Member Doggett

SAFETY COMMITTEE
Council Member Cuthbertson

UTILITY COMMITTEE
Council Member Martin
Mayor Pro Tem Owenby

CEMETERY COMMITTEE
Council Member Clark
Mayor Pro Tem Owenby

TREE COMMITTEE
Council Member Cuthbertson
Council Member Doggett

COUNCIL ON AGING
Council Member Clark

FIREMEN'S RELIEF FUND
Council Member Doggett
Council Member Martin

Council Member Clark asked if any of the Council Members had taken the ethics course required by the State for local elected officials. The City Manager advised that Council Member Doggett would receive the required ethic training, as part of the Essentials of Municipal Government

AA.000000636 (24)

course held by the School of Government in late January. Member Clark suggested that the City Manager seek to schedule. The City Manager stated that he had asked Isothermal Planning and Development Commission to schedule ethics training in the Isothermal region. After brief discussion, it was agreed that the City Manager would contact the N.C. League of Municipalities, School of Government and Isothermal Planning and Development Commission and state the willingness of the City to host ethics training at a City facility.

Council Member Cuthbertson stated that there was a tree limb on Claremont Street blocking the sidewalk. The City Manager asked Public Works Director Chris Hollifield to make sure this problem was corrected.

Council Member Cuthbertson also asked if the City Traffic Schedule had been changed to reflect the new traffic pattern at North McDowell Avenue and Oak Street. The City Manager stated that the Traffic Schedule had been changed accordingly, by action of Council.

Council Member Cuthbertson stated that the ABC Store had a record day of sales on New Year's Eve, taking in $25,000 in one day.

Council Member Cuthbertson asked where the City stood with the legality of video poker machines. The City Manager stated that there was a recent court ruling upholding the State ban on video poker machines. He added that this ruling is being studied and that local law enforcement is looking at a coordinated enforcement effort, if so allowed by the court ruling.

Council Member Doggett thanked the City Manager for the time he had spent conducting several orientation sessions with her regarding City issues and operations.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.000000637 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 19, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson and Billy Martin.

Mayor Steve Little was not present for this meeting due to being out of the country on a mission trip to Belize.

Council Member Juanita Doggett was not present for this meeting due to the passing of her mother earlier that day.

OTHERS PRESENT: Bob Boyette, City Manager; Tammy Rose, Personnel Technician; (Filling in for Administrative Assistant Debi Sherlin who was in Savannah, Georgia due to a death in the family); Heather Cotton, AICP, Planning and Development Director; Mika Elliott, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News; Matt Dymond, News Reporter, The News Bulletin.

GUESTS PRESENT:

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – January 5, 2010 Regular City Council Meeting Minutes

B. Approve Annexation Reports and Plan of Services

2010 ANNEXATION AREAS – ANNEXATION REPORT AND PLAN OF SERVICES

INTRODUCTION TO ANNEXATION

North Carolina's Constitution (Art. VII, Sec. 1) directs the General Assembly to "...provide for the organization and government and the fixing of boundaries..." In response to this charge the General Assembly has provided three general law procedures to effect municipal annexations. Those procedures embody the principle that land development for urban purposes should be within an incorporated municipality.

Annexation is the procedure whereby the corporate limits of a municipality are extended to encompass additional land, which, in most cases, is "urban in character." In addition to providing urban services to people that need them, annexation is a tool to implement policies and plans adopted by the community. Annexation is one method of achieving the community's growth objective, which is balanced and directed growth. Annexation is also a method of strengthening the tax base of a municipality, which will allow the locality to provide an adequate level of services to its citizens.

The City of Marion has four (4) methods available to it for annexation; these are: (1) action by the General Assembly, (2) annexation of contiguous areas upon petition of all owners of real property by G.S. Chapter 160-A, Article 4A, Part 1 (G.S. 160A-31 and G.S. 160A-31.1, (3) annexation of non-contiguous (satellite) areas upon petition of all owners of real property by G.S. Chapter 160A, Article 4A, Part 4 (G.S. 160A-58 through G.S. 160A-58.8 and (4) by authority granted to municipalities under 5,000 population by G.S. Chapter 160A, Article 4A, Part 2 (G.S. 160A-33 through G.S. 160A-42).

Action by General Assembly. The General Assembly may at any time enlarge the boundaries of a municipality by special act. This method is especially useful in annexing territory that cannot be annexed under one of the general law procedures because of some local condition. It is thus an important method even though not often used.

Annexation of Contiguous Areas upon Petition of All Owners of Real Property. The governing body of any municipality may annex by ordinance any areas contiguous to its boundaries upon presentation to the governing board of a petition signed by the owners of all real property located within such area. (G.S. 160A-31 and 160A-31.1)

This procedure, first enacted in 1947 in a more restricted form, involves a public hearing and a finding that the petition and the area to be annexed meet the statutory requirements. The procedure is most often used to annex small areas, new subdivisions, and tracts with only a few property owners. Of all methods, this is the most frequently used.

Annexation of Non-Contiguous (Satellite) Areas Upon Petition of All Owners of Real Property. Upon petition signed by all owners of real property in the area, the governing body of a qualified municipality may annex by ordinance certain "satellite" areas whose boundaries do not at any point touch its primary corporate limits. The primary corporate limits consist of the boundaries of a municipality as defined in its charter and as enlarged by annexation of contiguous territory according to applicable laws or diminished by exclusion of contiguous territory of the General Assembly. (G.S. 160-58 through G.S. 160A-58.8)

Before July 1, 1974, the effective date of the general satellite annexation statute, eleven cities had secured satellite annexation authority by special acts, starting with Raleigh in 1967. The satellite procedure, although not often used, is typically employed when owners of satellite property want municipal services or regulations for their property – usually retail establishments, new subdivisions, and occasionally industry.

Annexation of Areas meeting Statutory Standards. On the recommendation of the Municipal Government Study Commission (created by the 1957 General Assembly) the 1959 General Assembly enacted a new and comprehensive municipal annexation statute. The statute defines "developed for urban purposes" and provides that such an area that is contiguous to a municipality's boundaries may be annexed by ordinance if the municipality can provide the area with services on the same basis that it provides services within its existing boundaries. Reports must be prepared that (1) show that urban development in the area proposed for annexation meets the statutory standards and (2) detail the municipality's plans for extending and financing services to the area upon annexation. A special examination of the proposed annexation's effect on any rural fire department must be made. Under some circumstances, arrangements to contract with these departments

AA.000000639 (24)

for services, to assist in meeting their financing needs, or to employ their personnel must be offered. The statute requires extensive notice to affected property owners and a public hearing. After following these steps and finding that all the statutory standards and requirements have been met, the municipal governing board may effect an annexation by ordinance. The statute includes extensive safeguards to assure that citizens in the areas that are annexed receive municipal services as planned. There is no requirement for a petition or a referendum, either within the area proposed for annexation or within the existing municipality. These annexations, based on statutory standards, are subject to the following requirements.

Standards the Area Must Meet Under G.S. 160A-36:

(1) Contiguity. The area must be contiguous to the existing municipal boundary. "Contiguous area" means any area which, at the time the annexation procedures are initiated, either abuts directly on the municipal boundary or is separated from the municipal boundary by a street pr street right-of-way, a creek or river, the right-of- way of a railroad or other public service corporation, or lands owned by the municipality, another political subdivision or the State. (G.S. 160A-41(1).

If the entire territory of a county water and sewer district created under G.S. 162A-86(b1) is being annexed, the annexation shall also include any non-contiguous pieces of the district so long as the largest part of the district is contiguous.

(2) One-Eighth Common Boundary. At least one-eighth (12.5%) of the total external boundary of the area must coincide with the municipal boundary.

(3) Unincorporated. No part of the area may be within another incorporated municipality.

(4) Developed to Urban Standards. The area must be "developed for urban purposes" under G.S. 160A-36(c) as of the time of the approval of the annexation report. That means the area must meet one of the tests set forth in (A) through (C) below. Note that areas of streets and street right-of-way may not be used to determine total acreage in making these calculations:

(A) Use + Subdivision Test. The area is developed such that it meets both of the following tests:

(1) Use Test. At least sixty percent (60%) of the total number of lots and tracts are used for residential, commercial, industrial, Institutional or governmental purposes; and

(2) Subdivision Test. The area is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts three acres or less in size.

OR

Nonresidential Urban Areas. The area is developed such that at the time of the approval of the annexation report, all tracts in the area are used for commercial, industrial, governmental, or institutional purposes.

OR

(C) Water/Sewer District. The annexation area is the entire area of any county water and sewer district created under G.S. 162A-86(b1), so long as the municipality contracts with the district to operate the sewer system and the contract provides that the area is developed for urban purposes. The area of an abolished water and sewer district is still considered a water and sewer district even after its abolition under G.S. 162A-87.2(b).

(5) Boundaries. Recorded property lines and streets must be used in setting the boundaries of the annexation area. Some or all of the boundary of a county water and sewer district may be used when the entire district not already within corporate limits of a municipality is being annexed.

ADVANTAGES OF ANNEXATION

Many of the property owners in the area proposed for annexation may feel that annexation offers no advantages for them. This assessment is only superficial, as the following advantages will prove:

Water and Sewer – Areas unserved by Marion's water and sewer system will be served within a reasonable time after annexation. These services are needed to protect the health and safety of the

AA.00000640 (24)

residents. Customers already served by City water and/or sewer will enjoy a 60 percent decrease in water and sewer rates.

Police Protection – Police protection would be provided by the Marion Police Department on a 24-hour basis. City police protection involves more frequent patrols and a more rapid response rate when emergencies arise. The McDowell County Sheriff's Department now provides protection to unincorporated areas of McDowell County.

Fire Protection – Usually a change in fire insurance ratings occurs when an area is annexed into the city limits. The City now has a Class 5 rating while areas outside the municipality have a Class 9 rating.

Some insurance companies will give a reduction in rates once the property has been annexed into the city limits and the class rating has been changed; however, the practice of a reduction in rates is not uniform among insurance companies.

Streetlights – Areas annexed by the City of Marion will be provided with streetlights, which help prevent crime and accidents.

Solid Waste Collection and Disposal – Marion will provide for the collection and disposal of solid waste (garbage and trash) for all newly annexed areas. The property owners now must dispose of their solid waste themselves or contract for this service from a private contractor.

Streets – The City of Marion will maintain all streets which meet City requirements except those which are continually maintained by the North Carolina Department of Transportation.

Right to Vote – Residents in the areas annexed by the City of Marion will be able to vote in City elections and hold City office.

Tax Exemption – Real and personal property taxes are an allowable exemption on both the State and Federal income tax forms.

Annexation will offer some advantages to the City of Marion also. These advantages are as follows:

Increased Revenues – The property tax levy would provide the largest source of new revenue from newly annexed areas. Revenues from water and sewer services would provide funds for general operation of those services.

Such revenues as utility franchise taxes, sales taxes, beer and wine taxes and Powell Bill funds are collected by the State and returned to the municipalities.

The distribution of franchise taxes to the municipalities is based on the gross receipts from sales. Powell Bill funds are based on a combination of local street mileage and population.

Increased Tax Base – The new values of real and personal property will increase the appraised tax valuation for Marion. This will increase the City's debt limit and enable it to expand its borrowing capability, as well as its services and facilities.

Increased Population – The increased population will enhance Marion's desirability as a site for new commercial and industrial expansion and support new levels of community service. An increase in population quite often results in an increase in State and Federal funding.

SECTION I

SUMMARY OF REPORT

Pursuant to the authority vested in the City Council of the City of Marion by Part 2, Article 4A, Chapter 160-A of the General Statutes of North Carolina, a Resolution of Intent to consider annexation of the areas covered by this report was adopted by the City Council at a regular meeting held on January 5, 2010. A notice of the public informational meeting to be held on February 23, 2010 and the public hearing to be held on March 23, 2010 on the question of annexation is being published in accordance with legal requirements and the Resolution of Intent.

A municipality exercising its authority to annex shall make plans for the extension of services to the area proposed to be annexed and shall, prior to the public hearing provided for in G.S. 160A-35, prepare a report setting forth such plans to provide services to such areas. The report shall include:

AA.00000641 (24)

Annexation Report and Services Plan
G.S. 160A-35

G.S. 160A-35 requires a detailed annexation report and services plan. The report must include the following information:

1. A map or maps of the municipality and the adjacent territory to show:

   A. The present and proposed boundaries.

   B. The present major trunk water mains and sewer interceptors and outfalls and any proposed extensions of water mains and sewer outfalls to serve the area to be annexed. The map must bear the seal of a registered professional engineer.

2. A statement showing that the area meets the standards of G.S. 160A-36.

3. A statement setting forth the plans for extending to the annexation area such major services performed within the municipality. The plan must specifically provide for:

   A. Police protection, fire protection, solid waste collections, street maintenance and street lighting services on substantially the same basis and in the same manner as provided in the rest of the municipality as of the effective date of the annexation. If a water distribution system is not available in the area to be annexed, the plans must provide for reasonably effective fire protection until such time as water lines are made available under existing municipal extension policies. A contract with a rural fire department is an acceptable method of providing fire protection, and a contract with a private solid waste collection firm is an acceptable method of providing solid waste collection services.

   B. Extension of major trunk water mains and sewer outfall lines so that property owners in the area will be able to secure public water and sewer service according to the municipal policies in effect for extending such services to individual lots or subdivisions. If requested in writing by any owner of an occupied dwelling unit or an operating commercial or industrial property no later than five (5) days after the public hearing, the report and plans must be amended, at the time of adoption of the ordinance to provide for the extension of water and sewer lines to the property or a point on a public street or road right-of-way adjacent to the property, in accordance with the current financial policies of the municipality for making such extensions. Where extension of water and sewer is necessary, the plans must set out a timetable for completion of construction as soon as possible but not more than two (2) years after the effective date of annexation. In areas where the installation of sewer is not economically feasible due to the unique topography of the area, the city must provide septic system maintenance and repair service until such time as sewer service is provided to properties similarly situated.

4. A statement of the method under which the municipality plans to finance extension of services to the annexed area.

5. A statement of the impact of the annexation on any rural fire department providing service in the area to be annexed and a statement of the impact of the annexation on fire protection and fire insurance rates in the area to be annexed, if the area is in an insurance district, a rural fire protection district or a county fire protection service district. The rural fire department is required to make available to the municipality within thirty (30) days following the municipality's written request, information within its possession or control necessary for preparation of the impact statement, including but not limited to operational, financial and budgetary information. If the rural fire department fails to respond within forty-five (45) days following receipt of a written request, it forfeits its rights to negotiate a contract to provide fire protection under G.S. 160A-37.1 or receive a proportionate share of debt payments under G.S. 160A-37.2. The city must include in its written request reference to the section containing the requirements [G.S. 160A-35(4)] or no forfeiture will occur.

6. A statement showing how the proposed annexation will affect the city's finances and services, including city revenue change estimates. This statement must also be delivered to the clerk of the county board of commissioners at least thirty (30) days before the date of the public information meeting.

This report has been prepared by the City of Marion in compliance with the foregoing requirements and is available for public inspection at the office of the City Clerk.

AA-000000642 (24)

SECTION II

BOUNDARY DESCRIPTIONS

EASTFIELD PHASE 6 AREA

BEGINNING at a point at the northern corner of Lot 1969 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 1969 and Lot 3864 Block 48 on the McDowell County Tax Map 1711.06 in a straight southeasterly direction 646 feet to a point at the southeast corner of said Lot 3864, said point also being on the northern boundary of Tunnel Road (SR 1729), thence following the northern boundary of Tunnel Road (SR 1729) approximately 15 feet to the southwestern corner of Lot 6688 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 6688 in a northerly direction 65 feet, thence in a northeasterly direction 110 feet, thence in a southeasterly direction 199 feet to the southeastern point of said Lot 6688, said point also being a point on the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way, thence following the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way in a southerly direction 416 feet to a point, said point being the northeast corner of Lot 2997 Block 37 on the McDowell County Tax Map 1711.06, said point also being on the boundary of the current Marion Corporate Limits, thence following the northern boundary of said Lot 2997 and the boundary of the current Marion Corporate Limits in a straight westerly direction 583 feet to a point, thence following the current Marion Corporate Limits in a generally northerly direction 255 feet, thence in a westerly direction 50 feet, thence in a northerly direction 132 feet to a point, said point being the on the boundary of the current Marion Corporate Limits, said point also being on the southern boundary of Tunnel Road (SR 1729), thence following the current Marion Corporate Limits in a straight northerly direction 50 feet to a point on the current Marion Corporate Limits, said point also being on the southern boundary of Lot 2708, Block 48 on the McDowell County Tax Map, thence following the southern boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a westerly direction approximately 81 feet to the southwest corner of said Lot 2708 and the boundary of the current Marion Corporate Limits; thence following the western boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a generally northerly direction 219 feet to the northwest corner of said Lot 2708, said point also being a point on the boundary of the current Marion Corporate Limits and a point of the northeast corner of Lot 9891 Block 38 on the McDowell County Tax Map, thence following the northern boundary of said Lot 9891 and the boundary of the current Marion Corporate Limits in a westerly direction 142 feet to a point at the northwest corner of said Lot 9891 and the boundary of the current Marion Corporate Limits, said point also being on the eastern boundary of Lot 8965 Block 38 on the McDowell County Tax Map 1711.06, thence following the boundary of the current Marion Corporate Limits in a northerly direction 315 feet to the point of BEGINNING.

SCOTT ROAD AREA

BEGINNING at a point at the southeast corner of Lot 6224, Block 77 on the McDowell County Tax Map 1710.02, thence following the eastern boundary of said Lot 6224 and the Southern Railroad Right-of-way in a northwesterly direction approximately 672 feet to a point, said point being a northeast point of said Lot 6224 and a point on the southern boundary of Lot 4140, Block 88 on the McDowell County Tax Map 1710.02, thence following the southern boundary of said Lot 4140 in a northeasterly direction approximately 60 feet to a point, said point being the southeast point of said Lot 4140 and a point of the boundary of the Southern Railroad Right-of-way; thence following the boundary of said Lot 4140 and the boundary of the Southern Railroad Right-of-way in a northerly direction approximately 182 feet to a point on the boundary of said Lot 4140 and Southern Railroad Right-of-Way, said point also being the boundary of the current Marion Corporate Limits; thence following the current Marion Corporate Limits in a straight easterly direction approximately 100 feet crossing the Southern Railroad Right-of-Way to a point, said point being on the boundary of the current Marion Corporate Limits, the Southern Railroad Right-of-Way, and the northwest point of Lot 8005, Block 88 on the McDowell County Tax Map 1710.02, thence following the current Marion Corporate Limits and the boundary of said Lot 8005 in a northeasterly direction approximately 157 feet to a point at the northeast corner of said Lot 8005, the current Marion Corporate Limits, said point also being the southwestern boundary of Scott Drive (State Road 1742); thence running in a southeasterly direction along the boundary of the current Marion Corporate Limits 849 feet, thence following the current Marion Corporate Limits in a westerly direction approximately 430 feet to the point of BEGINNING.

SECTION III

STATEMENT SHOWING THAT THE AREAS PROPOSED TO BE ANNEXED MEETS THE LEGISLATIVE STANDARDS PRESCRIBED BY G. S. 160A-36

EASTFIELD PHASE 6 AREA

AA.000000643 (24)

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 5th day of January, 2010, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 3,278 feet, of which 1,826 feet (or 55.70%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 78.57% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	14
Number of lots and tracts used for:	
Residential	9
Commercial	0
Industrial	2
Institutional	0
Governmental	0
Total	11
Percentage of lots and tracts developed for urban purposes	78.57%
Total Residential and Vacant Acreage	6.95
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	6.95
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

SCOTT ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 5th day of January, 2010, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 2,599 feet, of which 1,660 feet (or 63.87%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 80.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	5
Number of lots and tracts used for:	

AA.00000644 (24)

Residential	4
Commercial	0
Industrial	0
Institutional	0
Governmental	0
Total	4
Percentage of lots and tracts developed for urban purposes	80.00%
Total Residential and Vacant Acreage	5.51
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	5.51
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	100.00%

SECTION IV

STATEMENT SETTING FORTH PLANS FOR EXTENDING CITY SERVICES TO THE AREA PROPOSED TO BE ANNEXED AND METHODS OF FINANCING THESE SERVICES

City services will be provided to the areas proposed for annexation upon the effective date of annexation in accordance with the General Statutes of North Carolina as follows:

EASTFIELD PHASE 6 AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 23 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area once or more each 24 hours.

Additional patrol street mileage for the proposed annexation area is approximately 0.22 miles. Assuming the area is patrolled a minimum of three (3) times a day, a 0.22 mile patrol route would require approximately 481 traveled miles per year. An estimate of 50 miles would be required to handle calls for this area. The patrol vehicles average ten (10) miles to a gallon of gas and $.09 per mile in maintenance cost.

Using the figures above, the estimated additional expenses to provide police services to the proposed area of annexation would be $156.11 per year ($108.32 for gas and $47.79 for maintenance.) The funding for this additional expense will come from anticipated revenues in the area and be budgeted in the City's General Fund.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $156.11.

AA.000000645 (24)

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $320.88 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is already close to areas served by existing city water lines and fire hydrants, property owners in the area to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there is one customer currently on City sewer service. Once the area is annexed, the loss in revenues due to water and sewer rates being decreased by 60 percent is estimated to be approximately $18.99 monthly and $227.88 annually.

Sewer service is available to all properties located in the area proposed for annexation and water service is available to part of the area. A water extension of approximately 1,220 feet will be needed along Tunnel Road. The estimated cost of the water extension is $18,300.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved, with the exception of Atwood Street, which is a private dirt road. All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina or are private streets. It is proposed that

AA.00000646 (24)

the State of North Carolina will continue maintenance on the public streets in the area and that privately maintained streets will remain private.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 3 streetlights installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $7.72 per month per streetlight.

The estimated cost for providing streetlights to the area proposed for annexation will be $277.92 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,600 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 20 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $500.00 will cover annual fuel cost. An additional $150.00 is estimated for vehicle maintenance for a total annual cost of $650.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $160 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SCOTT ROAD AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 23 other sworn officers, 4 telecommunication officers and 1 police aide/ordinance enforcement officers. At least 1 telecommunication officer and 4 sworn officers are on duty at all times. All telephone calls are

AA.00000647 (24)

automatically tape-recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area once or more each 24 hours.

Additional patrol street mileage for the proposed annexation area is approximately 0.13 miles. Assuming the area is patrolled a minimum of three (3) times a day, a 0.13 mile patrol route would require approximately 284 traveled miles per year. An estimate of 10 miles would be required to handle calls for this area. The patrol vehicles average ten (10) miles to a gallon of gas and $.09 per mile in maintenance cost.

Using the figures above, the estimated additional expenses to provide police services to the proposed area of annexation would be $86.44 per year ($59.98 for gas and $26.46 for maintenance.) The funding for this additional expense will come from anticipated revenues in the area and be budgeted in the City's General Fund.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $86.44.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 1 to 4 minutes depending on traffic conditions. The route to this area is easily accessible to fire fighting equipment.

The fire department has two diesel-powered pumpers, one 1,000 GPM (gallons per minute) pumper and two 1,250 GPM pumpers. The department also has two diesel powered pumper/tankers that carry 1,000 gallons of water. The pump capacities of each truck are 1,250 GPM and 1,500 GPM, respectively. The department also has a four-wheel drive brush unit, an equipment van, a four wheel drive pickup truck and the Chief's car.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 26 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $166.38 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating when the area is annexed into the city. Since the area to be annexed is within 1,000 feet of existing water lines and fire hydrants, property owners in the areas to be annexed should already be receiving the insurance rating in effect for the city. However, because of the difference in policies of insurance companies, individual property owners should check

AA.00000648 (24)

with their insurance representative to determine what effect, it any, annexation will have on their insurance rates. City water service will be extended to the area annexed and fire hydrants added if necessary on the same basis and in the same manner as provided in the rest of the City.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are no customers currently on City water or sewer service. Once the area is annexed, the loss in revenues due to water and sewer rates being decreased by 60 percent is estimated to be approximately $0.00 monthly or $0.00 annually

Sewer service is available to all properties located in the area proposed for annexation. A water extension of approximately 880 feet will be needed on Scott Road. The estimated cost of the water extension is $13,200.

The City will ensure that on the effective date of annexation water and sewer service will be provided in the area annexed on substantially the same basis as provided in the rest of the City. Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from anticipated revenues in the area and be budgeted in the City's Water and Sewer Fund.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the State of North Carolina will continue maintenance of the public streets in the area.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 2 streetlights installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $7.72 per month per streetlight.

The estimated cost for providing streetlights to the area proposed for annexation will be $185.28 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks are able to collect solid waste from approximately 20 residences before unloading into the packer unit. There are approximately 2,600 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 200 residences in a six to seven hour period. There are 4 residential units

AA.000000649 (24)

in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $200.00 will cover annual fuel cost. An additional $50.00 is estimated for vehicle maintenance for a total annual cost of $250.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $32 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SECTION V

ESTIMATED REVENUES

EASTFIELD PHASE 6 AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2010, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$534,800.00
Estimated Property Taxes	2,727.48

WATER AND SEWER REVENUES

One structure in the area to be annexed is currently being billed for City sewer service. The annexation of this area will result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $227.88 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$1,417.45
Powell Bill Revenue	861.08
Utility Franchise Tax	720.00
Beer and Wine Tax	197.12

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2010 will increase the population by approximately 53 people for a population of 7,503.

SCOTT ROAD AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2010, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

AA.00000650 (24)

Current Taxable Value	$277,300.00
Estimated Property Taxes	1,414.23

WATER AND SEWER REVENUES

No structures in the area to be annexed are currently connected to City water or sewer service. Therefore, the annexation of this area will result in no revenue losses for the City due to water and sewer rates being reduced by 60 percent.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$ 289.93
Powell Bill Revenue	176.13
Utility Franchise Tax	144.00
Beer and Wine Tax	40.32

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2010 will increase the population by approximately 53 people for a population of 7,503.

C. Receive Certificate of Sufficiency – Great Meadows/McDowell High School Road Annexation Request:

CERTIFICATE OF SUFFICIENCY –
GREAT MEADOWS/MCDOWELL HIGH
SCHOOL ROAD ANNEXATION - 2010

To the City Council of the City of Marion:

I . J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-31.

In witness whereof, I have hereunto set my hand and seal of the City of Marion this the 6th day of January, 2010.

(Seal)

J. Robert Boyette, City Clerk

D. APPROVE RESOLUTION FIXING THE DATE OF PUBLIC HEARING ON THE QUESTION OF ANNEXATION – GREAT MEADOWS/MCDOWELL HIGH SCHOOL ROAD ANNEXATION REQUEST:

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTIONS OF ANNEXATION PURSUANT TO G.S. 160A-31 – GREAT MEADOWS – MCDOWELL HIGH SCHOOL ROAD - 2010

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, February 16, 2010.

Section 2. The area proposed for annexation is described as follows:

BEGINNING at a point at the northeast corner of Lot 2170, Block 65 on the McDowell County Tax Map 0792.00; thence following the northern boundary of said Lot 2170 in westerly direction 177.05 feet; then in a southeasterly direction 41.72 feet to a point on the boundary of said Lot 2170 and the northwest corner of Lot 4067, Block 13 on the McDowell County Tax Map 1702.03; thence in a following the boundary of said Lots 2170 and 4067 in a northeasterly direction 149.75 feet to the point of BEGINNING.

Section 3. Notice of the public hearing shall be published once in the News Bulletin, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

AA.000000660 (24)

Adopted this the 19th day of January, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-10-01-19-1

PRESENTATION OF INTERMEDIATE LAW ENFORCEMENT CERTIFICATE TO OFFICER D. J. BARRIER: Chief Elliott presented Police Officer D. J. Barrier with his Intermediate Law Enforcement Certificate from the State of North Carolina. The certificate read as follows:

Department of Justice
Of the State of North Carolina
North Carolina Criminal Justice Education and Training Standards Commission

By virtue of the authority vested in the laws of the State and in recognition of, the satisfactory completion of the basic training requirements and the demonstrated ability to perform those tasks required of a criminal justice officer, the North Carolina Criminal Justice Education and Training Standards Commission hereby awards to

Dennis Jerel Barrier II
This
Intermediate
Law Enforcement Certificate

Signed this 2nd day of December, 2009.

Commission Chairman

Mayor Little and Council Members all congratulated Officer Barrier on this achievement.

PUBLIC APPEARANCE - JOSH KING – ISOTHERMAL AND DEVELOPMENT COMMISSION RURAL TRANSPORTATION PLANNING ORGANIZATION : Mr. Josh King, the Regional Planner for Isothermal Planning and Development Commission appeared before Council and stated that this recent election brought some changes to the make up of several municipal boards throughout the region. He said he wanted to remind Council about the Isothermal Rural Transportation Planning Organization (RPO) and its functions mandated by NCDOT.

Mr. King gave a presentation of past, current and planned RPO activities to Council and encouraged the City to continue participating in the RPO and to let him know how he could help.

Council Member Clark stated that the City had tried for years to advance several transportation requests, without success. He asked how the RPO intended to lobby for the requests of cities and counties. Mr. King stated that the RPO had worked out objective criteria so that projects could be ranked within the region. Council Member Clark stated that it would be difficult for cities and counties in the region to rank each other's projects without truly objective criteria.

AA.000000661 (24)

Council Member Clark asked what the RPO had accomplished in Marion. Mr. King listed several items, including help with parking studies, grant applications and technical assistance.

Mayor Little thanked Mr. King for his appearance and for providing Council with this information.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

REVIEW REQUEST FOR CITY TO TAKE OVER MAINTENANCE OF LEACH STREET EXTENSION: The City Manager advised that, as shown in information presented to Council, three property owners with property fronting on what was formerly called Leach Street Extension in the Eastfield area have requested that the City take over maintenance of the dirt street, pave the street and then move water meters from Yancey Road to property lines. The City Manager stated that there are currently three homes that use this street. This section of dirt street is 280 feet long, according to the County tax maps; however, the actual dirt street is only about 205 feet long. The tax maps show a 40 foot right of way. The City Manager advised that one of the property owners, Mr. Mark Shuman, had stated that he had researched the old subdivision maps and believes that there is adequate right of way in place. The City Manager advised that he did the same and found a map showing a 40 foot right of way for Leach Street Extension.

Council Member Clark stated that the City should take over maintenance of the street and eventually pave the street, since the area was now in the City Limit. Council Member Martin stated that he agreed with this opinion.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted for the City to take over maintenance of Leach Street Extension and for staff to explore paving of the street as soon as practical.

CONSIDER AWARD OF CONTRACT – PURCHASE OF STREET DEPARTMENT VEHICLE: The City Manager advised that the City had recently submitted bids to replace the truck of Public Works Superintendent Roger Estes that was recently totaled in a traffic accident. Bids were sought from nine dealerships and received from three. The City Manager stated that, for comparison, the City sought bids for a pickup truck and SUV.
Staff asked that consideration be given to buying a mid-size SUV and therefore the City Manager stated that he would recommend awarding a contract to Phillips Ford in Carthage for the purchase of a 4X4 Ford Explorer in the amount of $22,240.41. A Jeep Liberty could be purchased from Stamey Chrysler Jeep Dodge for $20,743, but the Jeep is considered to be a bit small. The City Manager advised that the City is receiving about $8,800 net from insurance for Roger's truck, so the net costs would be a little more than $13,000.

The bids were as follows:

Vendor	Make/Model	Cost
4X4 Truck:		
Bobby Jones Ford Augusta GA	2010 Ford F150 XL 4X4 Truck	$19,590.20
Phillips Ford Carthage NC	2010 Ford F150 4X4 XL Truck	$20,139.97
Stamey Chrysler, Jeep, Dodge Marion NC	2010 Dodge Ram 1500	$21,028.00

AA.000000662 (24)

4X4 SUV

Bobby Jones Ford Augusta, GA	2010 Ford Explorer XLT 4X4	$24,584.20
Phillips Ford Carthage, NC	2010 Ford Explorer XLT 4X4	$22,240.41
Stamey Chrysler, Jeep, Dodge, Marion NC	2010 Jeep Liberty 4X4	$20,743.00

Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council presented to award the contract for the purchase of a vehicle for the Street Department to Phillips Ford in Carthage, North Carolina in the amount of $22,240.41 for a 2010 Ford Explorer XLT 4X4.

RECEIVE STREET COMMITTEE RECOMMENDATIONS: The City Manager stated that the Street Committee met on January 11 and reviewed several locations and made the following recommendations:

A. The Street Committee recommended that Council adopt an ordinance to prohibit through truck traffic the entire length of North McDowell Avenue, Azalea Street and Robert Street, as suggested by Council Member Clark. This would keep large through trucks from passing by Marion Elementary School. The City Manager suggested that Council authorize him to draft an ordinance for approval and that Council may wish to notify property owners along these streets of the proposed restriction.

B. The Street Committee recommended the placement of flexible delineators to prohibit left turns from Fleming Avenue into Marion Elementary School, as had been presented by Public Works Director Chris Hollifield at the January 5 Council meeting.

C. The Street Committee felt that the issue of allowing golf carts on certain lower speed streets in the City would be more appropriate as a future Planning Session topic.

D. The Street Committee looked at a drainage complaint at 250 Church Street in the Clinchfield neighborhood. A proposed solution was identified, the cost of which is currently being estimated. The City Manager stated that he will bring the proposal to Council for review as soon as the cost estimate is prepared.

It was the consensus of Council to approve the recommendations of the Street Committee, including authorizing the placement of flexible delineators at the Fleming Avenue entrance of Marion Elementary School and considering approval of an ordinance to prohibit through truck traffic on Robert Street, Azalea Street and North McDowell Avenue at the February 2 Council meeting.

CITY MANAGER COMMENTS: The City Manager advised that he advised the School of Government, N.C. League of Municipalities, Western Carolina University Local Government Training Program and Isothermal Planning and Development Commission that the City was willing to host the required ethics training. The League told the City Manager that the ethics training will begin around the state in March, but that they were not sure if locations had been set. The City Manager said that he had later learned that a webinar had been scheduled for the ethics training on March 25 and that he and County Manager Chuck Abernathy had discussed holding a joint session for the City, County and Town of Old Fort. The City Manager said that he would advise Council once the date and location of the webinar was set.

The City Manager advised that the Town Meeting is scheduled for Tuesday, January 26, at 7:00 p.m. at the Community Building. City staff will be present and the usual guests have been invited to attend.

AA.00000663 (24)

The City Manager reported that he continued to work with NCDOT to request a Statewide policy change to allow blue logo signs advertising motels, restaurants and gas stations to be placed at signalized intersections along controlled access highways, as had been sought by several restaurants in the City.

The City Manager reported that Planning and Development Director Heather Cotton and he had met with DOT District Engineer Doug McNeal in late December to review the Downtown Streetscape Plan. The City Manager advised that he was awaiting comments on the plan from DOT and that Mr. McNeal was optimistic that the plan could be approved with very little modification.

The City Manager stated that he spoke with Marsh Dark of McDowell Insurance about the proposed lease of property on Highway 221 Business from Great Meadows for a canoe launch and nature park. Mr. Dark indicated that the City's insurance carrier had no concerns about liability and would not increase the City's premiums as a result of the lease.

The City Manager reported that the water and sewer lines on Highway 221 North to the ABC store site had been completed, to allow the ABC store to open on January 15.

The City Manager stated that the City's contractor is nearing completion on the replacement of the Hospital Pump Station on Rankin Drive. Ronny Turner Construction is also within about a month of the completion of the work to eliminate the Catawba River Wastewater Plant and to turn the facility in a pump station to pump wastewater flow from the northern part of the City to the Corpening Creek Wastewater Plant. Laughlin Sutton Construction began work on the Corpening Creek Plant improvements in late June. This construction is going well and will last well into 2010.

The City Manager advised that the Revis Group had begun work on the new City website.

The City Manager stated that State permits had been received for the first phase of the Catawba River Greenway and that the project would soon go out to bid.

The City Manager reported that the Clay Street railroad crossing had been closed on January 13. NCDOT will remove the traffic signal at Clay and East Court Streets by late January and the signal heads and equipment will be given to the City.

COUNCIL COMMENTS: None

ADJOURNMENT: Upon a motion by Council Member, seconded by Council Member Martin, those members of Council present voted to adjourn in memory of the loss in the past week of several members of the City's extended family, including Gladys Doggett, mother of Council Member Juanita Doggett, retired City employee Harvey Gouge, Angie Sherlin, daughter of retired Public Works Director Glen Sherlin and Chris Edwards, son of retired City employee Donna Edwards.

OPENING OF MEETING: Mayor Little opened the meeting and thanked everyone present for attending. City Council members also stated their appreciation to the invited guests and the public for their presence.

The City Manager introduced City staff and invited guests.

AA.000000665 (24)

CITIZEN COMMENTS: Mr. Ricky Williams of 1610 North Main Street, owner of the Steak House, stated that he was appearing on behalf of numerous restaurants and 200 plus employees on North Main Street. Mr. Williams said he wanted to express his appreciation to the City for its effort and support to convince the N.C. Department of Transportation to erect blue logo signs on Highway 221 Bypass advertising motels, restaurants and gas stations. He asked how this process was going.

The City Manager stated that the DOT Division staff in Asheville had been helpful and supportive of the request and had forwarded the request to DOT staff in Raleigh. The City Manager stated that a Statewide policy change was needed and that the City Council was committed to pushing for such a change. He said that he would keep Mr. Williams informed as progress is made.

Mayor Little thanked Mr. Williams for bringing this matter to the City's attention and stated that he was confident that DOT would do the right thing and make the policy change, in which case businesses across the State could thank Ricky Williams for the idea.
Ms. Kellie Vaden of 97 Dusty Arch Drive asked Duke Energy representatives why her electric bill continues to increase each month. Ms. Vaden stated that she lives alone and does not have a clothes dryer and her bill was over $300.00 last month. Mr. James Nation, Duke Energy Representative stated that the region had seen the coldest temperatures in over 15 years and that power usage had increased as a result. He said he would be happy to meet with Ms. Vaden after the meeting to discuss her issues and to schedule an assessment of how she can make her home more energy efficient.

Mayor Little stated that other people had mentioned to him recent large increases in their power bill from Duke Energy. He said that the recent cold temperatures and the recently approved rate increase could not account for bills rising by as much as 700 percent. Mr. Nations stated that Duke was approved for a 3.2 percent rate increase effective January 1, 2010, with a similar increase scheduled to be effective on January 1, 2011.

Council Member Cuthbertson stated that his power bill also had doubled. He said that he had heard from people who claimed that their bill rose dramatically for no reason each December.

Mr. Robert Hawkins of 527 East Oak Street stated that his neighbor's heat pump had run constantly for the past month, which could provide explanation of power bills doubling. Mr. Nations stated that Duke can check the efficiency of heat pumps for customers.

Mr. Don Hallingse of PSNC Energy stated that PSNC often sees its peak usage in December due to cold weather and people being at home during the holidays.

Ms. Virginia Norton of 199 Circle C Street advised of recent problems with her telephone service, along with customer service issues with Verizon. Mr. Chris Vaughn of Verizon stated that he would address Ms. Norton's problems immediately.

Council Member Cuthbertson stated that there was a flooding issue on North Main Street in front of theMarion City Square during recent heavy rains. Mr. Doug McNeal of DOT stated that he would look into this location, noting that DOT was aware of drainage issues in that area.

Council Member Cuthbertson also stated that there was a telephone pole on Rutherford Road near Mi Publito Restaurant that was leaning. Mr. Vaughn stated that the pole in question had been replaced earlier in the week.

AA.00000666 (24)

Mayor Pro Tem Owenby advised that the local weather forecast on the Weather Channel had not been visible for two weeks. Mr. Doug Underwood of Charter Communications stated that he would look into this problem immediately.

Council Member Doggett stated that her Verizon Wireless high speed internet had been very slow recently. Mr. Vaughn advised that Verizon Wireless was a separate company from Verizon, but that he could give Council Member Doggett a contact.

Council Member Cuthbertson asked if Charter provided call waiting i.d. with its telephone service. Mr. Underwood stated that Charter did provide this service.

Fire Chief Jim Neal stated that the City of Marion Fire Department, McDowell County EMS and other agencies had been experiencing for several months a rash of traffic accidents on I-40 Westbound near Mile Marker 81 during periods of rainfall. Mr. McNeal stated that DOT was studying this issue and trying to determine the cause of the accidents, so that necessary repairs could be made.

Mr. James Nations ask if high speed internet would be coming to the Montford Cove area in the near future. Neither Charter nor Verizon had any plans to expand service into Montford Cove, but representatives from both companies said they would check into the possibility.

Mr. Ricky Williams stated that a no truck turn around sign needs to be placed on US 221 North near Baxter Healthcare. He said that trucks often miss the turn into Baxter and then cannot turn around. Mr. McNeal said that he would pass this idea on to the DOT Division Traffic Engineer.

Mayor Little asked when Charter planned to offer high definition (HD) service in Marion. Mr. Underwood stated that Charter lacked bandwidth on the Marion system and said that such improvements would definitely not take place this calendar year. Administrative Assistant Debi Sherlin stated that she had received many phone calls from people advising that Charter customer service representatives had blamed the presence of the City channel on the Marion Charter lineup for Charter not offering HD service. She asked if the existence of the City channel had anything to do with the lack of HD service in Marion. Mr. Underwood stated that the City channel took up only a small amount of bandwidth and that it would take much more bandwidth to provide HD service. The City Manager asked Mr. Underwood if Charter could instruct its customer service representatives not to make such statements. Mr. Underwood stated that this communication would be made, as it would be incorrect to blame the presence of the City channel on the lack of HD service in Marion.

Mr. James Nations asked if the City would be having any events this year in the downtown area that would encourage shopping at home. Ms. Freddie Killough, Executive Director of the Marion Business Association, gave a summary of downtown events held in the past year and planned for 2010, including some new events.

Mayor Little complimented the Marion Business Association and other agencies for the work in holding the first annual New Year's Eve Event in the Downtown area a few weeks ago.

The City Manager stated that the City, County, Marion Business Association, McDowell Chamber of Commerce and the McDowell Tourism Development Authority are working together on plans to possibly host Cycle North Carolina in Marion, an event that could bring over 1,200 cyclists through the community.

Mr. Ricky Williams stated that he had heard that Rutherford County wanted to take the N.C. Gold Festival away from McDowell County. Mayor Little stated that the community could not let that occur, as the Gold Festival is extremely important to the City and County.

AA.000000667 (24)

The City Manager advised that the next E-3 Forum would be held at the Depot on Friday, February 5, beginning at 8:00 a.m. N.C. Commerce Secretary Keith Crisco will speak. Council Member Clark had invited Secretary Crisco. The City Manager added that Ms. Killough is working to reschedule Congressman Heath Shuler to speak at the March E-3 Forum.

Ms. Killough stated that the City and McDowell County Farm Bureau would be receiving later that week an award from the North Carolina Main Street Program, recognizing the Farmer's Market as the Best Public-Private Partnership in North Carolina for 2009.

Mayor Little and Council Members thanked everyone again for attending this year's Town Meeting and for their participation.

ADJOURNMENT: The Town Meeting was adjourned at 8:15 P.M.

Stephen R. Little, Mayor

COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 2, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Scott Spratt, Interim Police Chief; Chris Hollifield, Public Works Director, Steve Basney, Utility Maintenance Superintendent; Dean Ollis, Sanitation Superintendent; Mika Elliott, Retired Police Chief; Fred McCormick, Retired Utility Maintenance Crew Leader; Rusty Jenkins, Police Investigative Sergeant; Rick Gutierrez, Police Investigative Sergeant; Brenda Bailey, Police Administrative Assistant; Jack Wood, Community Policing Coordinator; Mike Conley, News Reporter, McDowell News; Matt Dymond, News Reporter, The News Bulletin; Marc Cook, President, Marion Business Association; Freddie Killough, Executive Director, Marion Business Association.

GUESTS PRESENT: Dale Elliott, 3419 Hwy. 70 West, Marion, NC; Barry and Darren Bailey, Marion, NC; Kay Cline, 45 Beck Street, Marion, NC; Donaiel and Eris Allen 135 Oak Avenue, Marion, NC; Mike & Kathy Rabb 217 South Garden Street, Marion, NC; Lee & Kathy Elliott, 206 Reid Street, Marion, NC; Sheriff Dudley Greene, McDowell County Sheriff's Department, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER BILLY MARTIN: Council Member Billy Martin selected the Citizen of the Month for February 2010.

Mrs. Donaiel Avery Allen

Council Member Billy Martin stated that Mrs. Allen is a native of McDowell County and the eldest of four children born to Minister Donald Avery of Asheville, NC and Mrs. Jimmie Avery Wilkins of Lenoir, NC. Mrs. Allen resides in the West Marion Community and with her husband Eris Allen and has three children, Tonda, Rakeem and Marquesha.

Mrs. Allen is employed with Strategic Interventions in Nebo. She earned an Associate's Degree in Human Services Technology from Western Piedmont Community College in Morganton and is currently a Junior at Gardner Webb University majoring in Human Services with a concentration in Psychology.

Mrs. Allen also serves as a licensed minister under Pastor Michael Smith of Mt. Moriah Missionary Baptist Church. She founded and directs the "Anointed Praise & Mime Ministry" and has set a wonderful example for others in the community who may have thought they would want to do things that make a difference. Mrs. Allen is dedicated to all she does and willing to go that extra mile to achieve her goals.

Mrs. Donaiel Allen possesses a "Right" spirit and has stated that her everyday aspirations are to serve God, her family and humanity.

Mayor Little, Council Members, family and friends all shared kind words about Mrs. Allen.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – January 19, 2010 Regular City Council Meeting Minutes
January 26, 2010 Annual Town Meeting Minutes

B. Receive Certification of Mailing – 2010 Annexation Areas

CERTIFICATION OF MAILING OF 2010 ANNEXATION AREA NOTICES

I, J. Robert Boyette, City Manager of the city of Marion, certify that notices were mailed by First Class mail on January 21, 2010 to all persons owning property in the 2010 Annexation Areas, including the Eastfield Phase 6 Area and the Scott Road Area.

AA.00000670 (24)

Signed this the 21st day of January, 2010.

J. Robert Boyette
City Manager
City of Marion

C. Receive Report of Unpaid 2009 Real Property Taxes

As stated in G.S. 105-369(a), the Tax Collector must report to governing board total unpaid 2008 taxes that are liens on real property.

As shown in a report from Tax Collector Claudia Hall, as of January 25, 2010, the amount of unpaid 2009 City of Marion real property taxes was $177,758.79.

D. Approve Advertisement of Delinquent 2009 real Property Taxes

As stated in General Statute 105-369(c), the Tax Collector must advertise tax liens on Real Property at least once between March 1 and June 30.

Council approved the advertisement of delinquent City of Marion 2009 Real Property Taxes in The News Bulletin on Wednesday, May 12, 2010.

E. Approve Award of Duty Weapon and Badge to Retired Police Chief Mika Elliott

Council approved the recommendation of the City Manager to award retired Police Chief Mika Elliott his duty weapon, a Glock 9mm handgun with serial number EVY777, his holster and his badge, as is tradition for retiring officers.

F. Approve Property Tax Refund

Council approved a tax refund of $834.53 to Willard and Linda Laws. It was discovered that property in the name of Willard and Linda Laws had been billed incorrectly. Their house burned down in 2006 which was attached to parcel 170110472142. The tax records were not corrected to remove the value of the house from that parcel number, therefore 2007, 2008 and 2009 were billed incorrectly. They rebuilt, but the value of the new home was put on Parcel 170110471095, an adjoining piece of property that is also owned by Laws. According to the McDowell County Tax Office, this has been corrected for 2010.

The value of the house that burned down was $53,650 @ $0.51 per $100.00 valuation, the taxes were $273.62. The 2007, 2008 and 2009 taxes were paid in full on Parcel 170110472142, at this time the 2009 taxes are unpaid on Parcel 170110471095 (Parcel Statements attached). Below is a breakdown of the year and amount paid each year.

2007 - Amount paid $273.62 (Principal)
2008 – Amount paid $287.29 (Principal $273.62 + Interest $13.67)
2009- Amount paid $273.62 (Principal)

Mr. Laws has requested any refund be applied to his 2009 taxes that are still outstanding.
Based on the above information $834.53 will be applied to the 2009 taxes.

PRESENTATION OF MAIN STREET CHAMPION AWARD FOR BEST PUBLIC PRIVATE PARTNERSHIP FOR FARMER'S MARKET AWARD: Ms. Freddie Killough, Executive Director of the Marion Business Association (MBA) advised that the North Carolina Main Street Program selected the Farmer's Market Project as one of two Best Public-Private Partnership projects in North Carolina for 2009. Ms. Killough and Council Member Everette Clark received the award the previous week at the annual North Carolina Main Street Conference in New Bern. Council Member Clark stated that the Farmer's Market was the most impressive project presented with an award at the conference.

Mayor Little presented the award to MBA President Marc Cook and to
McDowell County Farm Bureau Representative Wayne Miller.

Mayor Little and Council Members stated their appreciation to the MBA, McDowell County Farm Bureau, City staff and other donors for their efforts in constructing the Farmer's Market shelter.

PRESENTATION OF MAIN STREET AWARD: Ms. Freddie Killough, Executive Director of the Marion Business Association (MBA), advised that the MBA selects a Main Street Champion that is recognized by the North Carolina Main Street Program annually. She reported that the MBA had selected Kathy Rabb as the Main Street Champion for Marion for 2009.
Mayor Little presented information on Ms. Rabb's accomplishments, as follows:

- Ms. Rabb has been active on the MBA Board of Directors since 1996.
- Ms. Rabb is a longtime volunteer for downtown events, including July 4th, the Christmas Parade and the Mountain Glory Festival, and faithfully attends monthly board meetings.

AA.000000671 (24)

- Ms. Rabb has served as Chairperson of the MBA Design Committee, meticulously reviewing all façade grant applications. Having a wonderful sense of design, she does her homework with each application and offers detailed suggestions for the project. She always presents a well thought-out opinion.
- Ms. Rabb and her husband are former small business owners and currently own downtown property. They strive to maintain small businesses that will be an asset to the downtown and the community. As realtors, they have a keen insight into the fabric of the community and are on the front line of welcoming new people and businesses to Marion.
- Ms. Rabb has a long range vision of Marion and knows most every business owner. She believes every business owner has a responsibility to give back to the community in some form. She is a wonderful champion for civic pride, knowing that each person has something unique to offer to the community.
- Ms. Rabb is active in her church, current Chairperson of the Marion Christian Women's Connection, former Chairperson of the McDowell Economic Development Association, past President of the Marion Business Association and a former member of the City of Marion Planning Board.

Mayor Little and Council Members all commended Ms. Rabb for all she does for the City of Marion and for the downtown area.

Ms. Killough provided an update on the 2010 Farmer's Market schedule. She said that she had recently met with growers using the Farmer's Market and that the growers wanted to start the Tuesday afternoon market in May and go through October. During the peak season, the growers want to be open on Saturdays.

Mayor Little stated that he is proud that not a single dollar of tax money was used for the Farmer's Market project, due to grants and donations received for the project. Ms. Killough added that Marion is the envy of farmer's markets in the region because of the shade provided by the beautiful structure.

Council Member Clark stated that Ms. Killough has been asked to serve on a North Carolina Main Street Program committee to select future award recipients.

RECOGNITION OF RETIRED UTILITY MAINTENANCE CREW LEADER FRED MCCORMICK: The City Manager advised that Mr. Fred McCormick retired on December 31 after 21 years of service to the City. He most recently served as Crew Leader in Utility Maintenance.

Mayor Little presented Mr. McCormick with a plaque and a sesquicentennial medallion. The Plaque read as follows:

In Appreciation
To
Fred McCormick
For Your Years of Dedication and
Service While Serving as
Crew Leader & Equipment Operator II
For the City of Marion Water Department
August 7, 1989 – January 1, 2010

Presented this 2nd Day of February, 2010
By
Mayor Stephen R. Little and Marion City Council

The City Manager advised that the City's greatest assets are not equipment and buildings, it is the great employees of the City. The City Manager stated that Fred served the City faithfully and worked extremely hard over the years. He said that the City is sorry to see Fred retire, but wishes him the best for the future.

Mayor Little, Council Members and City staff all shared kinds words about Fred McCormick.

RECOGNITION OF RETIRED POLICE CHIEF MIKA ELLIOTT:
The City Manager advised that Mika Elliott retired on January 31 after seven years of service as Police Chief. He said that the City has had many Police Chiefs over the years, but that Mika Elliott took the Police Department to a new level. The City Manager added that the City is sad to see Chief Elliott's service with the City come to an end, but wishes him the best in his retirement.

Mayor Little stated that when Mika Elliott was selected as Police Chief, the City wanted someone who was knowledgeable and dependable. He added that Mika has fit these descriptions and provided so much more.

AA.000000672 (24)

Mayor Little presented Chief Elliott with a plaque and sesquicentennial medallion. The Plaque read as follows:

In Appreciation
To
Mika Elliott
For Your Years of Dedication and
Service While Serving as
Police Chief
For the City of Marion
February 3, 2003 – February 1, 2010

Presented this 2nd Day of February, 2010
By
Mayor Stephen R. Little and Marion City Council

The City Manager presented Chief Elliott with his badge and service weapon, as is tradition for retired police officers.

Sheriff Dudley Greene thanked Chief Elliott for his great service to the community and for his cooperation with the Sheriff's Department. Sheriff Greene presented Chief Elliott with a certificate of appreciation, as follows:

Office of the Sheriff
McDowell County
North Carolina
Certificate of Appreciation
Presented to
Chief Mika Elliott
For his steadfast promotion of strong working
Relations between our agencies
And the
Cooperative support he provided to the McDowell County Sheriff's Office
As Chief of Marion Police

Mayor Little, Council Members, City staff, friends and family members all shared kinds words about Chief Elliott.

Mayor Little stated that Council would take a brief recess and share refreshments with honored guests.

Council Member Martin had to be excused from the remainder of this meeting due to sickness.

PUBLIC COMMENT PERIOD:.

Mr. Matt Dymond was present for this meeting and stated that on behalf of the Woodlawn Fire Department, he wanted to thank Council for the fire hydrant that was recently placed on US 221 North just north of the Gas House. He said that the fire hydrant would be useful to the Woodlawn Fire Department and the community for firefighting purposes.

CONSIDER ADOPTION OF ORDINANCE TO PROHIBIT THROUGH TRUCK TRAFFIC ON NORTH MCDOWELL AVENUE, AZALEA STREET AND ROBERT STREET: The City Manager stated that, at the January 19 Council meeting, Council directed him to draft an ordinance to prohibit through trucks on North McDowell Avenue, Azalea Street and Robert Street. Language is recommended in the proposed ordinance to apply the restriction to trucks with three or more axles or a gross weight of 13,000 pounds or more, based on information from DOT and other cities. The City Manager stated that the ordinance would apply only to through truck traffic, not to local deliveries.

The City Manager stated that he sent notice to residents of these streets to make them aware of the proposed restriction and that the City had received positive feedback from residents.

Council Member Doggett asked how truck drivers would be notified.

The City Manager stated that signs would be placed and that the enforcement effort could start with warning for a period of time.

Council Member Cuthbertson stated that McDowell County Schools is aware of the proposed change and supports the restriction, due to safety concerns at Marion Elementary School, located on Robert Street.

AA.00000673 (24)

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council present voted to approve the following ordinance amending the Traffic Schedule as follows:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
NORTH MCDOWELL AVENUE	NO THROUGH TRUCKS WITH THREE AXLES OR MORE OR A GROSS VEHICLE WEIGHT OF 13,000 LBS. OR MORE	ENTIRE LENGTH OF STREET
AZALEA STREET	NO THROUGH TRUCKS WITH THREE AXLES OR MORE OR A GROSS VEHICLE WEIGHT OF 13,000 LBS. OR MORE	ENTIRE LENGTH OF STREET
ROBERT STREET	NO THROUGH TRUCKS WITH THREE AXLES OR MORE OR A GROSS VEHICLE WEIGHT OF 13,000 LBS. OR MORE	ENTIRE LENGTH OF STREET

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 2nd day of February, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-10-02-02-1

CONSIDER REQUEST TO ALLOW SEPTIC TANK INSTALLATION: Public Works Director Chris Hollifield stated that Mr. Lee Charles of Patton's Scrap Metal is planning to relocate his business from Highway 221 North Business to Highway 226 South. The new location has access to City sewer; however, said access is 407 feet from the property line and across Corpening Creek. The City Policy Regarding Sewer Service for Properties at Lower Elevations than Available Sewer Lines allows property owners to request approval from the City Council to install a septic tank if the property in question is more than 300 feet from a gravity sewer line. Approval of the Health Department is also required. The Health Department has already reviewed the request, but referred Mr. Charles to the City.

Mr. Hollifield advised that, due to the 407 foot distance involved in Mr. Charles running a private sewer line, the necessary aerial crossing of Corpening Creek, the fact that an easement would be needed (the property has no road frontage) and the fact that Mr. Charles would need to install a private grinder pump to pump his

AA.000000674 (24)

wastewater to the nearest gravity sewer line. Mr. Hollifield said that Council approval of a septic tank at this location is therefore recommended.
