The City Manager added that this situation appears to fit the adopted policy perfectly and that two other such requests have been approved in recent years where properties were more than 300 feet from a gravity sewer line.

Mr. Lee Charles was present for this discussion and stated that he would be using a small trailer with one bathroom on this property.

Mayor Little stated that this type of situation is exactly why the policy was adopted.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council presented voted to approve the installation of a septic tank by Mr. Lee Charles of Patton's Scrap Metal for his new business location on NC 226 South, based on the fact that the property in question is more than 300 feet from a City gravity sewer line.

CONSIDER ADOPTION OF RESOLUTION TO APPROVE SETTLEMENT OF INTERBASIN TRANSFER LAWSUIT:

The City Manager stated that, as previously reported, the Protect the Catawba River Coalition has proposed a settlement of the lawsuit with the cities of Concord and Kannapolis regarding the interbasin transfer (IBT) both cities have sought and for which partial approval has been given by the State.

The City Manager presented a copy of a resolution that would approve the settlement. A news release summarizing the settlement and the actual settlement documents were also presented.

The City Manager stated that, in general, the settlement would provide Concord and Kannapolis some, but not all, of the IBT they have sought. The IBT would be further limited in periods of drought, depending on the severity of the drought. Concord and Kannapolis will be prohibited from withdrawing more than 3 millions per gallon (mgd) of water from the Catawba River until July 1, 2015 and after they are withdrawing at least 5 mgd from the Yadkin River.

The City Manager stated that most, if not all, of the Coalition members have approved or intend to approve the settlement. He provided a list of Coalition members who have approved the settlement so far and those which plan to approve the settlement in the near future. The City Manager stated that Council could certainly reject the settlement and continue the lawsuit, but without financial support from most Coalition members.

Mayor Little stated that he feels the settlement is a good compromise and should be approved.

Mayor Pro Tem Owenby asked if State law would be impacted by the settlement.

Mayor Little stated that the settlement would not be binding on the State and would not change State law. However, he believes it is the best result for the City of Marion and other Coalition members.

Council Member Clark stated that he has a problem with the agreement, since it is nothing but a promise. He said that the burden of enforcing the conditions agreed to by Concord and Kannapolis would fall on the Coalition members. Council Member Clark advised that he thought the point of the legal fight was to stop interbasin transfers. This settlement will limit the IBT, but will not stop it entirely. He added that he would have liked to have waited until the U.S. Supreme Court heard the case of *South Carolina v. North Carolina*, in which South Carolina is suing North Carolina over the approval of the IBT.

Council Member Clark said that he recognized that the City does not have the money to continue the legal fight and that this may be the best result, but that he still does not like the idea of settling.

Mayor Little said that a legal settlement is often nothing but a promise. He added that he also has a problem with the agreement, but that this is likely the best outcome possible for the City.

Council Member Clark stated that it was apparent from the beginning that Concord and Kannapolis would receive the water needed, due in large part to the State's major investment in a Biotechnology Center in Kannapolis.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, those members of Council present voted to approve the proposed Resolution authorizing the settlement of the lawsuit, *Protect the Catawba Coalition, Catawba River Foundation, et al. v. The Environmental Management Commission, et al* as follows:

RESOLUTION OF CITY OF MARION

AA.000000675 (24)

**AUTHORIZING APPROVAL OF SETTLEMENT OF CONTESTED CASE: COALITION TO PROTECT THE CATAWBA V.
N.C. ENVIRONMENTAL MANAGEMENT COMMISSION**

WHEREAS, in response to the request by the cities of Concord and Kannapolis, North Carolina for a certificate authorizing the interbasin transfer ("IBT") from the Catawba River, the City of Marion joined together with other local governments in North and South Carolina in forming the Protect the Catawba Coalition ("Coalition") monitoring and expressing concern regarding the IBT request; and

WHEREAS, after the North Carolina Environmental Management Commission ("EMC") granted the requested IBT to Concord and Kannapolis, the Coalition and its member local governmental entities authorized the filing of a Petition for Contested Case Hearing ("Petition") at the North Carolina Office of Administrative Hearings ("OAH") challenging the IBT (the "Appeal"); and

WHEREAS the Coalition and its members are dedicated to taking all necessary actions to protect the Catawba River and its environment and water users, including our citizens, and to that end have been actively pursuing the Appeal and also successfully secured the amendment of the North Carolina law governing the issuance of future IBTs, in order to protect the Catawba River and its water users, including our citizens and businesses; and

WHEREAS, based on the fact that the Appeal process contemplates that parties should consider mediation of the issues in any appeal, representatives of the Coalition participated in a multi-day mediation of the Appeal with the Catawba Riverkeeper and representatives of the other parties in the Appeal, which mediation resulted in a tentative settlement agreement embodied in a proposed settlement agreement; and

WHEREAS the proposed settlement agreement protects the Catawba River and its environment and water users by significantly limiting interbasin withdrawals from the Catawba by Concord and Kannapolis during times of drought; and

WHEREAS the proposed settlement agreement protects the Catawba River and its environment and water users by significantly limiting interbasin withdrawals from the Catawba by limiting withdrawals from the Catawba until Concord and Kannapolis have taken sufficient actions to withdraw at least half of their allowed withdrawal from the Yadkin River; and

WHEREAS the proposed settlement agreement protects the Catawba River and its environment and water users by significantly limiting interbasin withdrawals from the Catawba
by requiring Concord and Kannapolis to engage in stringent water conservation measures as a condition of their withdrawals; and

WHEREAS the proposed settlement agreement protects the Catawba River and its environment and water users by imposing additional conditions and restrictions on Concord and Kannapolis and their use of the water from the Catawba, including provisions regarding pricing, sale and resale, measurement, reporting and other provisions designed to ensure that the settlement accomplishes its purposes; and

WHEREAS the proposed settlement agreement explicitly provides a private right to monitor and enforce its terms and conditions by the Coalition and any Coalition member signatory, including the right to stipulated daily monetary penalties in the event of default; and

WHEREAS the proposed settlement agreement, through its terms and conditions, provides protections and assurances to the Coalition and its member entities that would not have been available through a pursuit of the Appeal, due to the nature of the IBT appeal process.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Marion approves of the terms of the proposed settlement agreement and authorizes its execution and implementation on its behalf as a member of the Coalition, subject to execution of the proposed settlement agreement by Concord and Kannapolis and the Catawba Riverkeeper; and

NOW, THEREFORE, BE IT FURTHER RESOLVED that counsel for the Coalition, Hunton & Williams LLP, is hereby authorized: (a) to sign the settlement agreement on behalf of the City of Marion in a form approved by the City Manager and/or substantially in the form of the attached proposed settlement agreement on its behalf individually and as a member of the Coalition, (b) to file appropriate documents at OAH to withdraw and dismiss the Appeal; and (c) to take such other actions as re reasonable and necessary to implement the settlement agreement in the form approved.

This Resolution is effective upon its adoption this the 2nd day of February, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-10-02-02-1

CONSIDER REQUEST FROM BOY SCOUTS FOR USE OF DEPOT:
The City Manager presented Council with a letter from Mr. Jim Wilken,

AA.000000676 (24)

District Commissioner of the Boy Scout Swamp Fox District. Mr. Wilken requests that Council waive the $200 rental fee for the Depot to allow the Boy Scouts to hold a 100th Birthday Party for the Boy Scouts of America on Sunday, February 28.

The City Manager stated that Mr. Wilken stated that the event would take place between 1:00 p.m. and 2:30 p.m. on Sunday, February 28 and the building will be needed for setup and clean up between 10:00 a.m. and 4:00 p.m. that day.

Council Member Cuthbertson stated that Council has typically not waived rental fees for the Community Building or Depot, to provide proper tracking of revenues and expenditures for the operations of these buildings, but has on occasion made contributions to non-profit organizations to cover the cost of the rent. Council Member Cuthbertson stated that he felt that a $200 donation to the Boy Scouts would be appropriate in this case.

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, those members of Council present voted to donate $200.00 to the Boy Scouts Swamp Fox District to cover the cost of the rental of the Depot for a 100th Birthday Party for the Boy Scouts, on the condition that the Boy Scouts pay the proper deposit and follow all rules and regulations in place for the Depot.

ADOPT RESOLUTION TO ACCEPT ADDITIONAL FEDERAL STIMULUS FUNDING FOR WASTEWATER IMPROVEMENTS PROJECT: The City Manager stated that, as previously reported, the State of North Carolina had verbally offered the City another $260,000 (or 10 percent) in Federal Stimulus (ARRA) funding for the Wastewater Improvements Project. This funding would be one-half grant and one-half loan, paid back over 20 years at no interest.

The City Manager reported that subsequent discussions with the State indicated that the additional money would need to be used for part of a project already designed, permitted and preferably bid. He advised that the City did not have enough additional project that had already been bid, so the State had decided to award the additional funds to another project.

No action was required by Council, since the State's offer had been withdrawn.

REVIEW PROPOSAL – CITY HALL SOUND SYSTEM: The City Manager stated that Mayor Little had suggested in December that the City look at the possibility of installing a sound system in the City Council Chambers.

The City Manager stated that he had received a proposal from Shelby Music Center, which had been recommended by Woody Killough. This proposal includes a 14 input mixer, 6 ceiling mount speakers, 7 wireless clip-on microphones, 3 wireless handheld microphones and other hardware and installation costs. The total cost for the equipment and installation is $5,957.90 plus sales tax, for which the City receives a reimbursement from the State.

The City Manager reported that, after discussion, staff feels that the City could eliminate one of the ceiling mounted speakers and only have one wireless handheld microphone, instead of three. This microphone could be placed at the podium and passed to the audience if necessary. The elimination of one of the speakers and two of the handheld microphones would reduce the cost down to about $5,130.90.

Mayor Little stated that it is important that everyone present at meetings be able to hear; therefore, he would support the proposal.

Mayor Pro Tem Owenby stated that he also felt that the sound system should be approved.

Upon a motion by Council Member Owenby, seconded by Council Member Cuthbertson, those members of Council voted to authorize the City Manager to contract for the purchase and installation of a sound system for the City Council Chambers in City Hall.

ADOPT ORDINANCES TO START CONDEMNATION PROCESS ON DILAPIDATED STRUCTURES: Planning and Development Director Heather Cotton advised that City staff had identified several dilapidated structures in the City that are in need of immediate repair or demolition, including a mobile home on Morehead Road, a house on Spring Street, a house on Bostic Street in Eastfield and a commercial building on North Main Street (near the Berryhill auto repair shop).

Ms. Cotton stated that Council needed to adopt ordinances to start the condemnation process for these structures. Ms. Cotton also presented background information, including photos of each structure. The process will continue with notice being provided to property owners, a hearing being scheduled with

AA.0000006777 (24)

property owners and a time frame being given to repair and demolish each structure. If property owners do not take action within the prescribed timeline, staff can bring ordinances back to Council to authorize the City to take appropriate action, which would likely be demolition.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to adopt the following ordinances to start the condemnation process for the four identified structures:

CITY OF MARION
ORDINANCE CONCERNING PARTICULAR ABANDONED STRUCTURES

WHEREAS, on the 21st day of January, 2003, the City of Marion enacted an Ordinance pursuant to and in compliance with Part 6, Article 19, Chapter 160A of the North Carolina General Statutes;

WHEREAS, said Ordinance was amended on the 4th day of April, 2006 to change the public officer designated to exercise powers of said Ordinance;

WHEREAS, this Ordinance provides for the repair, closure or demolition of any abandoned structure which the City Council finds to be a health or safety hazard as a result of the attraction of insects, rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities;

NOW, THEREFORE, the City of Marion, by action of the City Council, **HEREBY ORDAINS** the following:

Section 1. That the City Council finds as a fact that one or more abandoned structures located on the real property which is located within the corporate limits of the City of Marion as herein described as Morehead Road, Marion, McDowell County, North Carolina, Tax ID 1711.09-05-1666, and as further described in Exhibit A.

Section 2. That the City Council finds as a fact that the abandoned structures(s) referred to above constitutes a health and safety hazard as a result of the attraction of insects, rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities; and

Section 3. That the public officer named in the Ordinance adopted on the 21st day of January 2003, as amended on the 4th day of April 2006, which governs hazardous abandoned structures, shall carry out the provisions and procedures contained therein.

ADOPTED THIS the 2nd day of February, 2010

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Ordinance Number: 10-02-02-5

Council Member Doggett noted that there was a vehicle parking in front of the Spring Street house and asked if the house was occupied. Ms. Cotton stated that it was her understanding that the house is not occupied, but that staff could verify that point.

Council Member Cuthbertson stated that the structure on North Main Street has two owners, Eugene Holland and Anthony Austin, contrary to what was included in the Council agenda packet. Ms. Cotton stated that she would correct the information so that notices would be sent to the correct owners.

CONSIDER AWARD OF CONTRACT – PURCHASE OF POLICE CARS: Finance Director Harriett Thomas stated that bids for two marked police cars were opened on Thursday, January 14, 2010 at 2:00 p.m. City staff mailed out seven bid notices and received back three bids.

Ms. Thomas reported that, after negotiation with the low bidder, the bids were as follows:

Vendor	Make/Model	Cost for 2 Vehicles
Ilderton Dodge, High Point, NC	Dodge Charger	$63,340.00
Capital Ford Inc, Raleigh, NC	Ford Crown Victoria	$66,258.88
Phillips Ford, Carthage, NC	Ford Crown Victoria	$69,069.02

Ms. Thomas advised that the bid from Ilderton Dodge consists of $40,052.00 for the chassis to be delivered by the City to Light-n-Up for the installation of emergency equipment and detailing for $23,288.00.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to award the contract for the purchase of two marked police cars to Ilderton Dodge for Dodge Chargers in the amount of $63,340.00.

Mayor Little asked if the City was buying all new equipment.

Interim Police Chief Scott Spratt stated that the City reduced the costs by reusing the radars and radios from the old cars. He said that other equipment, such as lights and consoles, could not be reused, due to new standards for lights and the equipment becoming old and obsolete.

Council Member Clark asked what would be done with the old equipment. Interim Chief Spratt said that the old equipment is essentially worthless, since it is obsolete.

Council Member Clark said that the City should be getting rid of old vehicles when new vehicles are purchased. The City Manager stated that he had gone through a process last year with department heads whereby justifications were made for all vehicles in the City fleet. Several vehicles were identified as not being needed and were disposed of by the City. The City Manager added that the City disposed of an equal number of vehicles as were purchased new, unless there was a compelling reason or need to keep an extra vehicle.

Ms. Thomas stated that old vehicles are sold by the City using the on-line auction service, Gov Deals.

Council Member Cuthbertson asked how the Dodge Chargers are working as police cars. Interim Chief Spratt said that the Chargers are performing well and are actually preferred by the officers.

Council Member Doggett asked how often the City replaces vehicles.

Ms. Thomas stated that the City tries to stretch out the life of vehicles as much as possible, but that Police cars generally had to be replaced around 100,000 miles. The City Manager stated that the City had tried a few years ago to delay purchasing police cars for a year and had bad results, as maintenance costs escalated.

Council Member Doggett asked if the City had ever purchased used cars. Council Member Clark stated that the City had bought used cars many years ago to save money, but often ended up with another agency's junk. He said that the purchase of about two police cars per year was the way to go.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects..

AA.000000680 (24)

The City Manager stated that, as directed by Council, he notified all local emergency agencies of the recent closing of the Clay Street railroad crossing. On January 26, DOT removed the traffic signal at East Court and Clay Streets. City staff installed stop signs and new traffic pattern signs at the intersection. DOT gave the City the traffic signal heads and associated equipment.

The City Manager noted that Mayor Pro Tem Owenby had received a complaint about a bank impairing the visibility at the East Court and Clay Street intersection. He said that the Street Committee may want to look further at this intersection.

Council agreed by consensus to refer this matter to the Street Committee for review and a recommendation.

The City Manager stated that Planning and Development Director Heather Cotton had been working with the County on a joint $200,000 Energy Grant. The City initially wanted to request relamping of City buildings and replacement of inefficient heating and air systems. However, the State wanted as quick a payback period as possible. Relamping typically provides a quicker payback than HVAC system replacement. To improve the chances of funding, City staff therefore focused on relamping. This grant would not require any match and would potentially save the City hundreds if not thousands of dollars per year in electrical costs.

The City Manager stated that the City is going out to bid for Phase 1 of the Catawba River Greenway. The bid opening will be held on February 23 and staff hopes to have the bids ready for Council to review at the March 2 Council meeting.

The City Manager advised that the City Attorney is preparing the lease approved by Council with Great Meadows for the canoe launch/nature park site on US 221 North Business.

The City Manager advised that the new Police Chief will start work between February 15 and March 1, depending on how quickly paperwork is approved by the State, as is required for all new law enforcement hires.

The City Manager stated that the City's contractor has completed the water and sewer line extension to the Gas House on Highway 221 North. He added that work continues on the Wastewater Improvements Project.

The City Manager advised that the Revis Group has begun work on the new City website, to be followed by consulting work regarding the City channel, Facebook and other communications issues. The City Manager stated that he would advise as progress is made.

The City Manger advised that, as previously reported, WRS Realty indicates that they will close on the property for the Super Wal Mart development site on Sugar Hill Road in mid to late April. WRS plans to begin construction almost immediately with an anticipated opening of the Super Wal Mart in Spring 2011. Staff will begin the water and sewer extension upon WRS satisfying the conditions previously communicated.

The City Manager reported that he is working with Isothermal Planning and Development Commission to submit an Appalachian Regional Commission (ARC) grant application in the amount of $300,000 for the Sugar Hill Road water and sewer extension. ARC is stressing job creation with this round of funding, so the City should stand a good chance of funding.

The City Manager thanked the Public Works Department for the great job they recently did with the snow removal.

COUNCIL MEMBER COMMENTS:

Council Member Cuthbertson stated that the Local Emergency Planning Committee recently discussed issues involving addressing on Clay Street, now that the street was divided by the closed railroad crossing. He advised that the Committee discussed redesignating part of Clay Street as East Oak Street to aid in emergency response. Council Member Cuthbertson reported that the Committee also proposed that Azalea Street be eliminated and that the street be redesignated as Robert Street.

Council Member Cuthbertson suggested that the Street Committee review these recommendations. Council agreed by consensus to review these matters to the Street Committee for review and recommendation.

AA.000000681 (24)

Mayor Little presented a thoughtful card received from Council Member Doggett, thanking Council for its visits and flowers during the recent passing of her mother. Mayor Little stated that he regrets that he was out of the country when Mrs. Doggett passed away.

ADJOURNMENT: Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 16, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

RESOLUTION NUMBER: R-10-02-16-3

PUBLIC APPEARANCE – MR. ROSS MOORE – ROLLING THUNDER: Mr. Ross Moore of Rolling Thunder appeared before Council with other representatives of Rolling Thunder, Mr. A. J. Stacey and Mr. Michael Keller, a Vietnam vet of the 82nd Airborne.

Mr. Moore stated that Rolling Thunder is a non-profit organization. Members donate their time because they believe in the issues promoted by the organization. The major function of Rolling Thunder, Inc. is to publicize POW-MIA Issues, to educate the public that many American prisoners of war were left behind after all previous wars and to help correct the past and to protect future veterans from being left behind should they become prisoners of war or missing in action. Mr. Moore said Rolling Thunder is also committed to helping American veterans from all wars.

Rolling Thunder was incorporated in 1995 and is a 501(C)(4) non-profit organization with over 80 chartered chapters throughout the United States and with members abroad. Membership is comprised of men and women with 40 to 45 percent of members being non-veterans. Mr. Moore said that while many of its members ride motorcycles, a person does not have to own or ride a motorcycle to be a member, just the time and willingness to be an advocate for troops, veterans, and POW/MIA's.

Mr. Moore said that Rolling Thunder wants to locate its first chapter west of I-77 in Marion. The organization is meeting at the National Guard Armory the 3rd Saturday of each month at 2:00 P.M. and wanted to speak to Council to publicize the new chapter.

Mayor Little welcomed the members of Rolling Thunder and stated that he feels that the organization chose a great location for a new chapter in Marion.

AA.000000684 (24)

Council Member Clark asked if members of Rolling Thunder would be willing to participate with military funerals. Mr. Moore stated that the organization is happy to help out if so desired by families.

Council Member Doggett stated that her father had been a prisoner of war and that she certainly appreciated the efforts being made by Rolling Thunder.

PUBLIC HEARING ADOPTION OF ANNEXATION ORDINANCE – GREAT MEADOWS/MCDOWELL HIGH SCHOOL ROAD ANNEXATION: Mayor Little opened the Public Hearing.

The City Manager advised that the City has gone through the annexation process for the request of Great Meadows to annex their property on McDowell High School Road. This 0.07 acre property is a small portion of a larger parcel at the intersection of North Main Street and McDowell High School Road. The City Manager reported that commercial development was planned for the property and that annexation of the entire property was therefore needed.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Annexation Ordinance annexing the Great Meadows/McDowell High School Road property effective February 28, 2010.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
GREAT MEADOWS – MCDOWELL HIGH SCHOOL ROAD - 2010

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, February 16, 2010, after due notice by publication on Wednesday, January 27, 2010; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of February 28, 2010:

BEGINNING at a point at the northeast corner of Lot 2170, Block 65 on the McDowell County Tax Map 0792.00; thence following the northern boundary of said Lot 2170 in a westerly direction 177.05 feet; then in a southeasterly direction 41.72 feet to a point on the boundary of said Lot 2170 and the northwest corner of Lot 4067, Block 13 on the McDowell County Tax Map 1702.03; thence in a following the boundary of said Lots 2170 and 4067 in a northeasterly direction 149.75 feet to the point of BEGINNING.

Section 2. Upon and after February 28, 2010, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 16th day of February, 2010.

Ordinance Number: O-10-02-16-2

PUBLIC HEARING – ZONING TEXT AMENDMENT – ALLOW RESIDENTIAL LIVING QUARTERS IN M1 INDUSTRIAL DISTRICT: Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton stated that staff had proposed a zoning text amendment to revise the Zoning Ordinance to allow residential living quarters as an accessory use in the M-1 Industrial Zoning District. The proposed text amendment would allow for one single family residential dwelling unit with an approved principal use of property. Ms. Cotton stated that the City identified the need to convert a City-owned building into residential living quarters to house interns and/or temporary living quarters for a new employee establishing in Marion. In addition, this change would allow other industrial/manufacturing operations to offer a residential incentive as well as an opportunity to improve onsite security and safety.

Ms. Cotton reported that the Planning Board recommended approval of this zoning text amendment in a 4-0 vote at their regularly scheduled meeting held on February 4, 2010.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance to allow residential living quarters as an accessory use in the M-1 Industrial Zoning District.

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. That Chapter 21, Zoning, Section 21.206.2 Permitted Uses within the M-1 Industrial Zoning District is amended to add the following:

Sec. 21-206.2. Permitted uses. Within the M-1 Industrial District the following uses are permitted:

(1) Contractor's plants or storage yards.

(2) Commercial recreation conducted entirely within an enclosed building.

(3) Industrial equipment machinery repair and service.

(4) Lumber yards, building materials storage.

(5) Machine shops.

(6) Plumbing shops and their accessory storage yards.

(7) Radio and television stations and masts.

(8) Signs, as regulated by Article VII, section 21-131.

(9) Tire recapping shops.

(10) Trucking terminals.

(a) Wholesale establishments for storage of oil, fuel oil and gasoline.

(b) Temporary retail sales for itinerant merchants as defined in section 10-172 of the Marion City Code provided that the temporary sale last no longer than seven (7) consecutive days and are not held more than once per quarter.

See section 21-86 for parking requirements.

(11) One residential unit to serve as accessory living quarters to a permitted principal use.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 16th day of February, 2010.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-10-02-16-3

PUBLIC HEARING – ZONING TEXT AMENEDMENT - ALLOW TEMPORARY COLLECTION CENTERS FOR NON-PROFIT DONATIONS: Mayor Little opened the Public Hearing.

AA.0000006686 (24)

Planning and Development Director Heather Cotton stated that the City had received a request from Goodwill Industries in Asheville to amend the Zoning Ordinance to expand the duration of time for the placement of temporary structures for donation collection centers. Ms. Cotton advised that current regulations do not allow for donation collection centers except for those associated with a permanent business and the placement of a temporary structure is only permitted for a 30-day period twice a year. Goodwill does not have a permanent business location and would like to establish a temporary tractor trailer in Marion to collect donations for an extended period of time.

Ms. Cotton stated that she drafted a zoning text amendment to allow for a 60-day time extension for non-profit collection centers, provided that such collection centers are adequately staffed, hours of operation are posted, and all trash and/or materials not accepted for donation are removed from the site each day.

Ms. Cotton advised that the Planning Board recommended denial of this zoning text amendment in a 4-0 vote at their regularly scheduled meeting on February 4, 2010. Ms. Cotton stated that the Planning Board felt that additional allowances for temporary collection centers were not needed, as they could present a visual eyesore and could divert donations from the community.

Ms. Cotton presented written comments received from God's Country and Family Services of McDowell County which between them operate three thrift stores in the City, requesting denial of the zoning text amendment.

Rev. Bill Warren of McDowell Mission Ministries located on State Street stated that he is against the zoning text amendment for the reasons cited by the Planning Board. He reported that Marion now has many thrift stores and that allowing an organization without a permanent location in the community to accept donations and take them out of the community is just wrong. Rev. Warren noted that 100 percent of the profits from McDowell Mission Ministries are used for the benefit of the community.

Zachary Killough spoke on behalf of God's Country, located in the Lady Marian Plaza on North Main Street. Mr. Killough stated that the God's Country ministry has been going on for a long time and one hundred percent of the profits go back into the community. He said that temporary collection centers would be an eyesore and would not benefit the community. Mr. Killough asked Council to deny the amendment.

Council Member Cuthbertson stated that he looks at creating more allowances for temporary collection centers as retail leakage and feels that the request should be denied.

Council Member Doggett stated that she is also opposed to expanding the time period for temporary collection centers.

There were no other persons present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to accept the Planning Board's recommendation and deny the request for a zoning text amendment to expand the time period allowed for temporary collection centers operated by non-profit organizations.

PUBLIC HEARING APPROVAL OF USDA LOAN FOR FIRE TOWER TRUCK – ADOPT RESOLUTION APPROVING FINANCING: Mayor Little opened the Public Hearing.

Finance Director Harriett Thomas stated that this Pubic Hearing is for comment on the City's proposed USDA Rural Development loan for the purchase of an aerial platform truck for the Fire Department. The loan will be for a maximum of $860,000 at four percent for a term of 20 years. Bids have been received for this truck and are being reviewed by the Fire Chief to ensure compliance with the specifications.

Mr. Marvin Hutchinson of USDA was present for this meeting and stated that this public hearing is to put public on notice that the City of Marion is planning to accept a USDA loan to purchase the fire truck.

Mayor Little asked if there were any questions from any guests present for this meeting.

Mayor Pro Tem Owenby asked what the interest rate would be for the life of the loan. Mr. Hutchinson stated that the interest rate will be four percent for the life of the loan, although the interest could be lowered if the April 1 interest rate charged by USDA goes down. The interest rate will never increase above four percent. Mr. Hutchinson added that there will be no prepayment penalty and no application fees.

Council Member Cuthbertson asked about the time frame for approving the loan. Mr. Hutchinson stated that, if Council approved the loan tonight, he should be able to have funds available in less than 30 days.

AA.000000687 (24)

Council Member Clark asked what the payment would be for the truck. Mr. Hutchinson stated that the payments would be $64, 820 per year. The first annual payment will be due one year from the date of truck delivery.

There were no other questions.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted to authorize the City to enter into a loan with USDA for up to $860,000, at four percent interest and with a term of 20 years, to finance the purchase of an aerial platform truck for the Fire Department.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADMINISTER OATH OF OFFICE NEW POLICE CHIEF MARK BROOKS: The City Manager stated that over the last few months, he went through a lengthy process to hire a new Police Chief to replace retired Police Chief Mika Elliott. The City Manager stated that the City received 96 applications, but that he ended up hiring someone not far from Marion, Mr. Mark Brooks, Police Captain with the City of Shelby.

The City Manager introduced Mr. Brooks who comes to the City with about 25 years experience in municipal law enforcement, the last 21+ years with the City of Shelby. The City Manager added that Mr. Brooks impressed the interview panel and himself with his education, experience and professionalism during the recent interview and assessment process.

Mayor Little administered the following Oath of Office to Chief Brooks. Mr. Brooks' wife, Katherine, held the Bible during the oath.

I, **Mark LeGrand Brooks,** do solemnly swear (or affirm) that I will support the Constitution of the United States; so help me God.

I, **Mark LeGrand Brooks,** do solemnly swear (or affirm) that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are, or may be, established for the government thereof; and that I will endeavor to support, maintain and defend the Constitution of said state, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; so help me God.

I, **Mark LeGrand Brooks,** do solemnly swear (or affirm) that I will be alert and vigilant to enforce the criminal laws of this State; that I will not be influenced in any matter on account of personal bias or prejudice; that I will faithfully and impartially execute the duties of my office as a law enforcement officer according to the best of my skill, abilities, and judgement; so help me God.

I, **Mark LeGrand Brooks,** do solemnly swear (or affirm) that I will well and truly execute the duties of Police Officer for the City of Marion, North Carolina, according to the best of my skill and ability, according to law; so help me God.

SWORN to and subscribed before me,
This the 16th day of February, 2010

Stephen R. Little, Mayor
City of Marion, North Carolina

Chief Brooks started that it is a privilege to serve the City of Marion and he takes it as a great responsibility. He added that he already spoken with many of the officers and feels the City has great men and women working in the Police Department. Chief Brooks stated that there are things that can be improved and that any changes will be for the good of the department and the City.

Mayor Little and Council Members welcomed Chief Brooks and wished him great success in the future.

McDowell County Sheriff Dudley Greene thanked the City for the invitation to be at the meeting and stated that he hopes continue the great working relationship with the City as Chief Brooks assumes command.

AA.000000688 (24)

Chief Deputy Sam Arrowood of the McDowell County Sheriff's Department, Clerk of Court Don Ramsey, members of the North Carolina Highway Patrol, family of Chief Brooks and other guests were also present for this meeting and wished Chief Brooks well.

Mayor Little stated that it is very appropriate and symbolic to have Sheriff Greene and Chief Deputy Arrowood, as well as members of the North Carolina Highway Patrol, here tonight to demonstrate the excellent cooperation that exists among law enforcement agencies in the community.

The City Manager stated that there is one more item to cover, being that Chief Brooks needs a badge. The City Manager presented Chief Brooks with his badge. Chief Brooks received a standing ovation from all persons present.

Mayor Little stated that Council would take a brief intermission to share fellowship and refreshments with Chief Brooks and guests.

Mayor Little called the meeting back in session.

CONSIDER ADOPTION OF RESOLUTION - AUTHORIZING THE SALE OF PROPERTY OWNED BY THE CITY OF MARION:

The City Manager stated that the City had received a written offer from Mr. Roberto Sierra of 115 West Wilhemenia Street to purchase the City owned property adjacent to his property for $2,000. As shown on a map presented to Council, this property is 0.32 acres in size and has 93 feet of street frontage.

The City Manager stated that Mr. Calvin Little had made a $2,000 offer on the same property and failed to schedule a closing for the property, so it was placed back on the market.

The City Manager stated that Council adoption of a resolution is necessary to start the upset bid process. The City would then obtain the necessary five percent bid deposit from Mr. Sierra, as well as the cost of legal advertising. Once the notice is published, interested persons will have ten days to raise the bid by at least ten percent of the first $1,000 plus five percent of any additional amount. If an upset bid is received, the process repeats itself. If no upset bids are received, Council can then adopt a resolution to authorize the final sale of the property and the closing could be scheduled.

Mayor Little asked if there were any questions or concerns from anyone. There were no questions.

Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted to adopt the following Resolution authorizing the sale of City property on West Wilhemenia Street for $2,000, subject to upset bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Roberto Sierra has submitted a bid in the amount of $2,000 for the purchase of approximately 0.32 acres of property owned by the City of Marion located on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385) that is approximately 0.32 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Roberto Sierra to purchase the above described property for $2,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. Roberto Sierra of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,000.

Adopted this the 16th day of February, 2009.

Stephen R. Little, Mayor

RESOLUTION NUMBER: R-10-02-16-1

ADOPT RESOLUTION TO APPROVE CITY SUSTAINABILITY PLAN: Planning and Development Director Heather Cotton advised that Council approval of a Sustainability Plan is needed to assist the City with energy grant applications. The Plan promotes environmental stewardship through energy conservation, water conservation, waste reduction and pollution prevention, among other items. Ms. Cotton provided a brief overview of the proposed Plan.

Council Member Clark asked about section three of the resolution, which states that the City would develop, promote, and implement sustainable stewardship education programs within the community.

Ms. Cotton stated that the City can implement these items through educational materials placed on the City website, the City's Government Access Channel and other printed materials.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Resolution approving the City's Sustainability Plan.

City of Marion
Sustainability Resolution

WHEREAS, Sustainability means satisfying our present needs without compromising the ability of future generations to meet their needs; and

WHEREAS, the City of Marion is committed to lead by demonstrating sustainable stewardship that will yield cost savings to taxpayers by reducing operating costs, providing healthy work environments for city staff and public, protecting, conserving and enhancing the city's resources, and establishing community standards of sustainable practices; and

WHEREAS, the City of Marion is committed to designing, constructing, and operating city facilities to minimize environmental impacts by incorporating the use of resource and energy efficient materials, renewable resources, alternative energy sources, water conservation, waste reduction, pollution prevention; and

WHEREAS, the City of Marion should be a leader in North Carolina by setting policies, guidelines, goals, and strategic actions that will result in a more sustainable community.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF MARION, NORTH CAROLINA

Section 1: The Marion City Council hereby adopts the City of Marion Sustainability Plan as a guiding document for all city operations and public outreach;

Section 2: That the City Manager may direct City staff to develop policies, guidelines, and strategic actions for sustainable practices for City facilities and services;

Section 3: The City will develop, promote, and implement sustainable stewardship education programs within the community; and

Section 4: That the City Manager may direct city staff to provide on-going training and education opportunities for staff to further sustainable stewardship.

Section 5: This resolution shall become effective upon adoption.

ADOPTED THIS the 16th day of February, 2010

Stephen R. Little
Mayor

Resolution Number: 10-02-16-2

CITY MANAGER COMMENTS: The City Manager advised that he had recently spoken to Randy Hollifield about his plans to raise money to bring the traveling Vietnam Memorial Wall to Marion. Mr. Hollifield told him that several organizations, including the County, have agreed to serve on a committee to discuss this project. He asked for a representative from the City.

The City Manager stated that he told Mr. Hollifield that the City would be happy to serve on the committee, although he could not in any way promise any money from the City. The City Manager presented Council with information about this project and asked that Council advise him if they had any interest in being involved in the project.

AA.000000690 (24)

The City Manager advised that the December snowstorm had been declared a Federal disaster, making local governments, the school system and volunteer fire departments eligible for reimbursement. Snow removal is not an eligible expense. The City Manager reported that the City hopes to receive between $5,000 and $6,000 in reimbursements.

The City Manager advised that the next City Council Planning Session is scheduled for Thursday, February 25, from 6:00 p.m. to 9:00 p.m. at City Hall. This Planning Session will be for brainstorming only, per previous agreement by Council.

The City Manager advised that the N.C. STEP Program Leadership Committee has recommended scaling back the approved Made in McDowell Project to about $10,000 (the original budget for this project was $50,000). Part of the money earmarked for Made in McDowell has already been used for the downtown wireless network and for the Farmer's Market, resulting in there now being about $40,000 designated for Made in McDowell. The City Manager reported that the N.C. STEP Program Leadership Committee recommended using the money not used for Made in McDowell to cover the full costs of the way-finding signage (another $12,000-$15,000 estimated) with the remaining $15,000 being designated for the MACA building renovation. The City Manager asked Council for their approval of the reallocation of the N.C. STEP money, so that a request could be made to the N.C. Rural Center. He added that the N.C. Rural Center stated that a re-designation of the N.C. STEP Program funds would not be a problem.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, Council voted to reallocate the N.C. STEP Program money as recommended by the N.C. STEP Program Leadership Committee to reduce the budget for the Made in McDowell project to $10,000, with leftover money used to fully fund the way finding signage, with any remaining funds allocated for the MACA building renovation project.

The City Manager advised that the School of Government will hold a webinar for the required ethics training for local elected officials on Thursday, March 25 from 4:00 p.m. to 6:00 p.m. The City has registered for this webinar and will hold it at the Community Building. The Town of Old Fort and McDowell County plan to participate. The City Manager added that the N.C. League of Municipalities had asked if other cities could participate, if they did not have a location to receive the training. Mayor Little and City Council members agreed by consensus that the City would be willing to have any local elected officials attend the webinar who wished to do so.

The City Manager stated that the Revis Group has begun work on the new City website, to be followed by consulting work regarding the City channel, a Facebook page for the City and other communications issues.

The City Manager stated that the City had received word from DOT that streetlights will not be feasible on the on and off ramps of the Highway 221 Bypass at the West Henderson Street exit, due to Federal requirements that would involve 15 or more lights to be installed per ramp.

Council Member Cuthbertson asked if the City could place more powerful streetlights at the Highway 226/221 intersection, since the intersection is quite dark. The City Manager stated that he would inquire with Duke Energy to see if brighter lights could be used.

The City Manager stated that DOT staff in Raleigh are still reviewing the City's request to allow restaurants, gas stations and motels to place blue logo signs at signalized intersections along the US 221 Bypass.

The City Manager advised that as previously reported, WRS Realty indicates that they will close on the property for the Super Wal Mart development site on Sugar Hill Road in early to mid April. WRS plans to begin construction almost immediately with an anticipated opening of the Super Wal Mart in Spring 2011. The City will begin the water and sewer extension upon WRS satisfying the conditions previously communicated.

COUNCILMAN COMMENTS:

Council Member Owenby asked about the request made from the owner of KG's Quik Stop, asking for annexation of his property. The City Manager stated that this property is located on US 221 North, near Tom's Creek Road, at a location the City to which the City could not provide full services, especially water and sewer service.

AA.000000691 (24)

Council Member Cuthbertson asked if the City's contractors who had completed the Wastewater Improvements Project had been back in touch with the owners of the Harvest Drive-In regarding needed repair work. The City Manager asked Public Works Director Chris Hollifield to make sure that the project engineer and/or contractor contacts the owner of the Harvest about this needed repair work.

Council Member Clark stated that a manhole also needs to be repaired on North Main Street near the mail box between Moondoggy's Restaurant and the Harvest Drive In. The City Manager asked Mr. Hollifield to make sure this repair was completed.

Council Member Doggett stated that she had received several complaints from Hillcrest Drive residents about numerous recent power outages and the need for trees to be trimmed by Duke Energy. The City Manager stated that he has spoke with the District Manager for Duke Energy about these complaints and hopes to have a meeting with Duke representatives in the next week or two to discuss areas that need tree trimming, in order to prevent repeated power outages.

ADJOURNMENT: Upon a motion by Council Member Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adjourn.

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Called Session on Thursday, February 25, 2010 at 5:30 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager

GUESTS PRESENT: Chris Revis, Revis Group

OPENING DISCUSSION: Mayor Little opened the meeting and welcomed those who were present.

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

A. Review of Ideas for Proposed Website Economic Development Video - Mr. Chris Revis presented his preliminary ideas for the economic development video to be produced for the City's website. Mr. Revis also provided a preview of the revised City website. After discussion, Mayor Little and Council Members agreed by consensus for Mr. Revis to proceed with the video and website in accordance with his recommendations.

B. Brainstorming – Mayor Little, Council Members and the City Manager identified several possible topics for consideration by Council in the near or distant future. These ideas included:

1. Growth priorities
2. Marion City Government 101 class for public
3. Transportation Improvement Program/DOT Enhancement Program priorities

4. Street and sidewalk project priorities

5. Retiree health insurance benefits

6. Expansion of Downtown Façade Grant Program

7. Placement of historic markers

8. Explore grants to fund revolving loan fund for new business development

9. Allowances for golf carts on residential and lower speed streets

10. Research possible expansion of no smoking ordinance to include parks and areas outside doors of City building, to the limit allowed by State law

11. Elimination of "Children at Play" signs due to potential liability

12. Contract with Robert Segal, CPA on contingency basis to identify opportunities to find lost revenues and cost savings

13. Water and sewer connections

14. Changes in policies for brush collection

15. Changes in policies for large item collection

16. Changes in policies for placement of utility trailers for solid waste collection

17. Changes in policies for residential garbage collection

18. Explore changes to health insurance coverage to reduce costs

19. Obtain additional equipment for snow removal on sidewalks

20. Downtown appearance issues

21. Encouraging more use of upper floors in downtown area, particularly residential uses

22. Development of strategic plan to incorporate short and long term goals for City

23. Implementation of Urban Forestry Plan completed last year, including possibly having a certified arborist

24. Working with YMCA and other organizations to produce educational materials and/or signage about walking trails in the City, showing the distance of designated paths, the amount of calories burned on a trail, etc.

25. Planning for future Water Treatment Plant renovations

26. Programs/grants to improve housing in City

C. Determination of How Identified Discussion Topics Will be Handled: Mayor Little and Council Members assigned each discussion topic to one of four categories: Items to be Discussed at Future City Council Planning Sessions, Items to be Discussed at Future City Council Meetings, Items to be Handled by Staff and Items to be Trashed or Considered in the Distant Future. The items were assigned as follows, using the same numbers listed above:

<u>Items to be Discussed at Future City Council Planning Sessions</u>

1. Growth priorities

3. Transportation Improvement Program/DOT Enhancement Program priorities

4. Street and sidewalk project priorities

5. Retiree health insurance benefits

6. Expansion of Downtown Façade Grant Program

9. Allowances for golf carts on residential and lower speed streets

13. Water and sewer connections

20. Downtown appearance issues

21. Encouraging more use of upper floors in downtown area, particularly residential uses

22. Development of strategic plan to incorporate short and long term goals for City

12. Contract with Robert Segal, CPA on contingency basis to identify opportunities to find lost revenues and cost savings

Items to be Handled by Staff

2. Marion City Government 101 class for public

8. Explore grants to fund revolving loan fund for new business development and bring recommendations to City Council.

10. Research possible expansion of no smoking ordinance to include parks and areas outside doors of City building, to the limit allowed by State law, and bring recommendations to City Council.

15. Policies on large item collection. Research possible changes and bring recommendations to City Council.

18. Explore changes to health insurance coverage to reduce costs and bring recommendations to City Council.

19. Obtain additional equipment for snow removal on sidewalks

Items to be Trashed or Considered in the Distant Future

14. Changes in policies for brush collection

16. Changes in policies for placement of utility trailers for solid waste collection

17. Changes in policies for residential garbage collection

D. Scheduling of Next City Council Planning Session – Council agreed to schedule the next City Council Planning Session for Tuesday, March 30 at 6:00 p.m. at City Hall.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.000000694 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 2, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Jim Neal, Fire Chief; Gaye Noblitt, Police Administrative Sergeant; Kellie Duncan, Police Corporal; Ray McDaniel, Assistant Fire Chief; Stephen Irish, News Reporter, The News Bulletin.

GUESTS PRESENT: Ricky Williams, The Steak House; Tim, Scott and Matthew Noblitt, Pine Street, Marion, NC; Wayne and Darlene Ollis, Sunny Street, Marion, NC; George Williams, Jr., Shuttle Truck Service, Inc., Marion, NC; Brenda & Barry Bailey, Marion, NC; Doris Prichard 1610 North Main Street, Marion, NC; Sandra Hensley, Shuttle Truck Service, Inc., Marion, NC; Roger Reel, Chowtime Pizza, Marion, NC; Kit Cosgrove, Hospice of McDowell County; Sim Butler Hospice of McDowell County.

Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER JUANITA DOGGETT: The citizen of the month was held over until March 23, 2010.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – February 16, 2009 Regular City Council Meeting Minutes

B. Adopt Resolution Directing Clerk to Investigate a Petition for Annexation – Day's Inn/SAA Incorporated Property – US 221 South

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-58.1 - DAY'S INN – U.S. 221 SOUTH – 2010:

WHEREAS, a petition requesting annexation of an area described in said petition was received on February 19, 2010 by the City of Marion; and

WHEREAS, 16A-58.2 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 2nd day of March, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-10-03-02-1

AA.000000695 (24)

PUBLIC APPEARANCE – KIT COSGROVE – HOSPICE OF McDOWELL: Ms. Kit Cosgrove introduced herself to Mayor Little Council Members and stated that she wanted to make a presentation about Hospice of McDowell County. Ms. Cosgrove's presentation was as follows:

I am Mary John Smith: I am as old as these mountains, as young as a rainbow, and as fleeting as time. I might be 100 or a newborn babe, and perhaps I fall squarely in the middle of those age markers that define a life span. I am white, black, yellow, brown, red, Hispanic and a mixture of all that is good and yes, all that is God. I am a practicing Baptist, Catholic, Methodist, Episcopalian, Presbyterian and all religions who claim Christianity as their foundation. I may also practice Judaism, Muslimism Buddhism, Separatism, Atheism, or Agnosticism. And sometimes I practice no "ism" at all. I am wealthy beyond my wildest imagination I am middle class, and sometimes I am without any means and I rely entirely on the assistance of the government, area churches, civic clubs, and everyone I know and all who see me coming. I live in a house, an apartment, or a condominium; I may even live in a castle. I live in a nursing home, an assisted living home, a homeless shelter, my car, or even a cardboard box under the train trestle. I have an abundance of loving, committed, family, and friends and I may have alienated everyone in my life leaving on one who chooses to be available to me. I have cancer, AIDS, heart disease, complications from my diabetes, I can't catch my breath, kidney failure, Alzheimer's dementia, failure to thrive, diseases yet unspecified, and sometimes the dwindles and no one can really put a finger on what is happening to make things not quite right. And today, at this moment I am dying. I have always been dying since having taken my first breath. I have always known that I would die and today I am facing my mortality and this fragile, fleeting, and finite life I have always known would end and never truly believed would happen to me. I have never died before and my family and friends have never been forced to consider their world without me. It is awkward, sometimes frightening, and completely unknown which makes for a very difficult time for me and those whom I love. We suddenly don't seem to know what to say to one another and I am so sorry I haven't brought this up years earlier in our life together so that we each would really know what I want my life to look like when it is my time to go. Instead of talking about my Five Wishes I somehow believed that those whom I love would simply know. Instead of saying "When it is my time to go I want to be at home with my family and life surrounding me: instead I have left my wife, husband, children, doctor, pastor, friends or even strangers to imagine my wishes without a road map.

I could have helped more if I had a little by been clear that I do not want to be tube fed through my nose when I no longer feel like eating which is quite likely to happen as a part of my body's natural process of slowing down. I might have saved us all a lot of agony, if I have simply said "if I am ever diagnosed with something terminal and incurable please don't please don't ask for CPR when I stop breathing or my heart just flat gives out. I'm told very few people in my condition survive such an assault and for what purpose? To live a little long with all my chest bones cracked and bruised? No thank you! I might have said earlier than later "when it is my time" when my medical treatment plan changes from seeking a cure to offering comfort I welcome hospice of McDowell County to come into my life to help me start the conversations that can no longer be placed in the good intentions box of "some day". I have learned from my doctor that the word hospice means both host and guest. Hospice of McDowell County hosts my experience with which they have some familiarity and they do so as a guest in my home.
The Hospice of McDowell County is serving people like me who are living well until there is no more breath. Delivering Hospital like services in the comfort of my home teaching me and my family, friends, loved ones that we can do an awful lot of good together that cannot be done as well in any other setting. The nurses, nursing assistants, family and faith resource coordinators, and trained volunteers help us start those tough conversations that we wanted to have and never quite knew how to start. What do I want my life to look like at the end of my life? I want my loved ones to be in charge of my care, I want to participate fully in my life without the distress of pain or symptoms as much as is possible with the intervention of medications that hospice will provide when the medications are related to my terminal illness. I want to remain hopeful that today will be a good day and I will be able to go fishing. Have fellowship with my rotary club, enjoy the blooms in my garden and delight in the first breath of spring after this long hard winter. The Hospice of McDowell County serving Marion, Nebo, Pleasant Gardens, Old Fort, Glenwood, Hankins and all the communities of McDowell County since 1994. The home town hospice born out of a grass roots effort of McDowell County doctors, nurses, clergy, social workers, and my neighbors in the belief that people living with a terminal illness have the right to be inspired by hope that their physical, emotional, and spiritual needs will be taken care of at home with their family and loved ones in attendance. The family and friends are taught how to care for me without fearing they will do me harm. And when I am laid upon the shelf I will have lived well through all of my days. That is what I want my life to look like at the end of my life. My only regret is that I didn't make the time to have that important conversation sooner giving those who love me most a clear direction when we got to this fork in the road. I will briefly mention the story of J.J. Fortune, a high school senior, who was adopted as a child by Max Fortune and his wife, Ruth, because they had a mission of bringing learning challenged young boys into their home and developing them. They touched the lives of more than 150 challenged children over the years through providing a foster home and one adoption, which was J.J. Diane Brooks, the director of our Children's Grief and Loss Program, "A Safe Harbor", worked with J.J. due to the impending death of Max. She and some of the teachers and counselors who have worked with J.J. in the Exceptional Children's Program planned a mock graduation for J.J. so that Max

AA.000000696 (24)

could share in that proud moment. Even a school bus driver attended. It was a very moving celebration complete with cap and gown and diploma. It was well timed because Max passed away the next week.

Ms. Cosgrove thanked Council for listening to her presentation and asked if anyone had any questions.

Mayor Little stated that he is an attorney and works extensively in estate planning. He said he often works with people whom Hospice of McDowell County is assisting. Mayor Little advised that the community probably does not fully appreciate how important Hospice of McDowell County is to this community. Mayor Little added that he also appreciates Mr. Sim Butler of Hospice being present and helping with the presentation.

Council Member Martin welcomed Ms. Cosgrove to the community.

Council Member Clark echoed what Mayor Little said, adding that you truly appreciate Hospice when you see their services at work in your own family. He added that many people worked extremely hard to get Hospice of McDowell County to the point it is today.

Council Member Doggett stated that her mother, who passed away recently, was under Hospice care and could not have been treated any better.

PRESENTATION BY POLICE DEPARTMENT: Police Chief Mark Brooks announced that, after observing the Police Department for a short time, it did not take him long to find out the great work and contribution provided by Administrative Sergeant Gaye Noblitt. Chief Brooks stated that he had subsequently recommended the promotion of Sergeant Noblitt to Lieutenant and clearly placing her in command of the Police Department Administrative Division. Chief Brooks stated that he would therefore like to ask Sergeant Noblitt to receive a new oath of office as Police Lieutenant.

Mayor Little administered the oath of Office to Lieutenant Noblitt as follows:

I, **Kimberly Gaye Noblitt,** do solemnly swear (or affirm) that I will support the Constitution of the United States; so help me God.

_____

I, **Kimberly Gaye Noblitt,** do solemnly swear (or affirm) that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are, or may be, established for the government thereof; and that I will endeavor to support, maintain and defend the Constitution of said state, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; so help me God.

_____

I, **Kimberly Gaye Noblitt,** do solemnly swear (or affirm) that I will be alert and vigilant to enforce the criminal laws of this State; that I will not be influenced in any matter on account of personal bias or prejudice; that I will faithfully and impartially execute the duties of my office as a law enforcement officer according to the best of my skill, abilities, and judgment; so help me God.

_____

I, **Kimberly Gaye Noblitt,** do solemnly swear (or affirm) that I will well and truly execute the duties of Police Officer for the City of Marion, North Carolina, according to the best of my skill and ability, according to law; so help me God.

_____

SWORN to and subscribed before me,
This the 2nd day of March, 2010

Stephen R. Little, Mayor
City of Marion, North Carolina

Chief Brooks pinned lieutenant's bars on Lieutenant Noblitt's uniform collar and Lieutenant Noblitt's husband, Tim, pinned her lieutenant's badge to her uniform.

Mayor Little, Council Members, the City Manager, family and friends all congratulated Lieutenant Noblitt on her promotion and for a job well done over 20+ years for the City.

Fire Chief Jim Neal congratulated the City Manager for picking Chief Brooks as Police Chief. He added that, as a result of that choice, Chief Brooks came in and immediately recognized talent in the department. Gaye has always been a team player and a person that the Fire Department could always count on for help.

AA.00000697 (24)

DISCUSS DOT RESPONSE TO LOGO SIGN REQUEST – US 221 BYPASS: The City Manager advised that DOT in Raleigh had sent a letter denying the City's request to change DOT rules to allow logo signs advertising restaurants, motels and gas stations to be placed at signalized intersections on controlled access highways. DOT states that the changes the City requested would require a change in State statutes and the State administrative code. DOT also advised that a petition could be made for an amendment to the existing rules. This process would take two years. The City Manager stated that this letter is certainly not a great example of cooperation from our State government.

The City Manager stated that he would welcome direction from Council as to how to proceed. He said that he had written a letter to local restaurant owners Ricky Williams and Rob Noyes, with copies sent to County Manager Chuck Abernathy, Freddie Killough and Rod Birdsong, advising them of DOT's response.

Mayor Little stated that when he read the letter he was shocked and that he did not appreciate that type of attitude from State officials. He said that fortunately Governor Perdue does not have the same attitude as some people in her administration.

Council Member Clark asked if the City's billboard ordinance pertaining to the US 221 Bypass could possibly be amended to provide an exception for a billboard to advertise local businesses. The City Manager stated that the ordinance could be explored.

Council Member Cuthbertson stated that part of the problem is that DOT rules state that no signs are permitted along the 221 Bypass, period.

Council Member Clark stated that he would like to see Council explore all possibilities to assist our local food establishment owners.

The City Manager stated that the City could also ask Senator Queen and Representative Gillespie to introduce legislation to allow the logo signs, as requested, and also petition the State for a rule change.

Mayor Little stated that Mr. Ricky Williams, owner of The Steakhouse was present, and had written a letter to Council. On the request of Mr. Williams, Mayor Little read the following letter:

Mr. Williams asked Mayor Little to read his letter. The letter read as follows:

"I would like to thank you again for your effort and support on behalf of the business establishments and their employee' on the five lane. I feel the next steps the city should proceed with is a petition to the North Carolina Office of Administrative Hearings, publisher of the rules, to amend an existing rule. According to Mr. Ron King from the NC Department of Transportation it would take approximately two years for this process. We could also go to Raleigh to voice our concerns jointly.

In the mean time I would like to see the city erect a digital marquee sign at the US 221 Bypass/Hwy 70 intersection that businesses could advertise on the five lane, visible from both directions, a V-shaped billboard.

Thank you for the opportunity to bring our concerns to you tonight, on behalf of our businesses, employees and their families."

Mayor Little thanked Mr. Williams for his continued patience while dealing with this matter.

Mr. Rod Birdsong, Executive Director of the McDowell Chamber of Commerce, stated that he was impressed that City Council has taken an interest in this request. Mr. Birdsong also stated that he is in favor of contacting Senator Queen and Representative Gillespie and asking for their assistance in introducing legislation.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to take the following steps to continue the City's efforts to create allowances for blue logo signs on the US 221 Bypass:

1. To contact Senator Queen and Representative Gillespie, asking them to introduce legislation to create allowances for blue logo signs at signalized intersection within controlled access highways such as the US 221 Bypass.

A.A.000000698 (24)

2. To petition the North Carolina Office of Administrative Hearings, asking for a rule change to create allowances for blue logo signs at signalized intersection within controlled access highways such as the US 221 Bypass.

3. Exploring the possibility of amending City ordinances and DOT rules to allow a billboard to be placed on the US 221 Bypass to advertise local businesses.

Council Member Doggett asked for clarification of this request and motion.

The City Manager briefly explained why DOT will not allow blue logo signs at signalized intersection, but will at grade separated intersections.

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIATION – DISCUSS MAIN STREET SOLUTIONS FUND: The City Manager advised that the City of Marion and the Marion Business Association are eligible to apply for a new grant program from the North Carolina Department of Commerce, Division of Community Assistance called the Main Street Solutions Fund. The grant is available for private business development, creation of revolving loan funds, public improvements and other activities. The projects that can be considered should be "Shovel Ready", meaning that projects are ready to begin implementation as soon as the grant is awarded. Grant amounts are $20,000.00 minimum, and up to $300,000.00 maximum with private investment. The more matching investment that can be provided will strengthen the grant application. Job creation must be proven as a result to the grant. Timelines for the awarded grant projects to be completed are one year, two years and three years, with one year projects receiving highest priority. The grant is available only to businesses located in the downtown business district.

The City of Marion would administer the grant and applications will be submitted in conjunction with the City of Marion and Marion Business Association. Grants will be on a reimbursement basis.
The following information would be needed to apply:

- Description of Project:
- Confirmed funding source(s):
- Project Timeline:
- Number of jobs that will be created:
- What are your top two concerns for your business? What does your business need to be more successful?

The City Manager advised that Marion Business Association Executive Director Freddie Killough had sent letters to downtown businesses and property owners, asking them to submit proposals for the grant by March 15. The City must submit the grant application to the State by April 15.

The City Manager stated that he and Ms. Killough both would suggest that Council consider job creation a priority. If multiple proposals are submitted, Council could either combine the applications, keeping the total request under $300,000 or choose the projects to submit.

Mayor Pro Tem Owenby stated that he would like to see the City go for the entire $300,000 and divide the amount between businesses submitting proposals.

Council Member Cuthbertson stated that if the City is going to set priorities, it should go ahead and do so upfront.

Council Member Doggett asked if this would this be an opportunity for new businesses or existing businesses. The City Manager stated that it would be for both.

Council Member Clark stated that he served on the North Carolina Community Development Council and would like to ask the North Carolina Department of Commerce some questions about the program before final decisions are made.

Mayor Little suggested that this item be placed on back on the next agenda for discussion, after proposals are submitted by local businesses.

Council Member Cuthbertson stated that he still feels that job creation should be the top priority.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

RECEIVE STREET COMMITTEE RECOMMENDATIONS: The City Manager stated that the Street Committee met on February 17 and made the following recommendations:

AA.000000699 (24)

A. Regarding the sight distance complaint received by Mayor Pro Tem Owenby at the intersection of Oak Street and North McDowell Avenue, the Street Committee and staff felt that the stop bar on Oak Street could simply be moved closer to the intersection. If vehicles pull up to the new stop bar, there should be no sight distance issue.

B. The Street Committee recommended renaming the one block section of Azalea Street to Robert Street. Robert Street would therefore extend to North McDowell Avenue. One house would be impacted by this change.

C. The Street Committee recommended renaming the portion of Clay Street between East Oak Street and the railroad tracks to East Oak Street. This change would lessen confusion by emergency vehicles now that Clay Street is split by the railroad tracks. About four or five houses would be impacted.

The City Manager stated that no action is needed regarding the first recommendation. Staff checked with Eddie Epley at the County 911Center and he said that there would be no problem changing the street names as proposed and assigning addresses. The City Manager added that letters had been sent to residences affected by the proposed street name changes and no objections had been stated.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to approve the recommendations of the Street Committee to rename Azalea Street to Robert Street, to rename Clay Street north of the railroad tracks to East Oak Street and to adopt the following ordinance amending the Traffic Schedule to account for the street name changes.

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
OAK STREET (EAST)	PARKING PROHIBITED	BOTH SIDES OF STREET FROM CLAY STREET TO HIGHLAND DRIVE
AZALEA STREET	STOP SIGN	AT PARK AVENUE
	NO THROUGH TRUCKS WITH THREE AXLES OR MORE OR A GROSS VEHICLE WEIGHT OF 13,000 LBS. OR MORE	ENTIRE LENGTH OF STREET
CLAY STREET	PARKING PROHIBITED	EAST SIDE, FROM E. COURT 128 FT. SOUTHERLY (CENTER OF RAILROAD TRACKS)
		EAST SIDE, FROM NE CORNER OF CLAY AND STATE ST. 1267 FT. NORTHERLY
		NORTH END, EAST AND WEST SIDE FROM MORGAN TERRACE TO EAST COURT ST.
		WEST SIDE, FROM E. COURT TO STATE ST. EXCEPT SUNDAYS. HANDICAPPED PARKING IS PERMITTED BEGIN 30 FT. FROM STATE ST. 200 FT. NORTHERLY
		WEST SIDE, FROM STATE ST. TO E. COURT ST.

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
OAK STREET (EAST)	PARKING PROHIBITED	BOTH SIDES OF STREET FROM CURVE NORTHWEST OF INTERSECTION OF MORGAN TERRACE AND EAST OAK STREET TO

AA.000000700 (24)

		HIGHLAND DRIVE
		BOTH SIDES OF STREET FROM MORGAN TERRACE TO EAST COURT STREET
		EAST SIDE, FROM E. COURT 128 FT. SOUTHERLY (CENTER OF RAILROAD TRACKS)
		WEST SIDE, FROM EAST COURT STREET TO RAILROAD TRACKS
	STOP SIGN	AT EAST COURT STREET
CLAY STREET	PARKING PROHIBITED	WEST SIDE FROM STATE STREET TO RAILROAD TRACKS EXCEPT SUNDAYS.
		HANDICAPPED PARKING IS PERMITTED BEGINNING 30 FT. FROM STATE STREET EXTENDING 200 FT. NORTHERLY
		EAST SIDE, FROM THE NE CORNER OF CLAY STREET AND STATE STREET TO RAILROAD TRACKS

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 2nd day of ~~March~~, 2010.

Stephen R. Little
Mayor

ATTEST:
J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-10-03-02-1

Council Member Clark stated that when Marion Elementary School was dismissed early today, traffic was backed up all the way to Garden Street.

CONSIDER REQUEST TO APPROVE STREET CLOSURE: The City Manager stated that he had received an e-mail from Jacque Mentink of ERA Mountain View Properties. Ms. Mentink is requesting permission to close Main Street between Fort and Court Streets for a Customer Appreciation Day from 12:00 Noon to 4:00 p.m. on Saturday, May 15. ERA would have several activities for the public on the street.

The City Manager stated that Marion Business Association Executive Director Freddie Killough had suggested to Ms. Mentink that the street closure not take place until 12:00 Noon, due to Main Street Exxon and other businesses being open on Saturday mornings.

The City Manager reported that Council has typically approved this type of requests to close the street in the past when there are events provided that are open to the public. With this event, the Police Department could handle the street closing, so that the City does not incur overtime expenses with the Public Works Department.

Council Member Clark ask if DOT officials would allow this type of street closure. The City Manager stated that DOT would allow the street closure, if the City sends in the proper paperwork.

Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted unanimously to approve the request by ERA Mountainview Properties to close Main Street between Fort and Court Streets for a Customer Appreciation Day from 12:00 Noon to 4:00 p.m. on Saturday, May 15.

AA.000000701 (24)

AWARD LANDSCAPING CONTRACT: The City Manager advised that bids for the City's landscaping services were opened on February 23. Six requests for bids were mailed and notice of the bid request was published in the local newspaper. The only bid received for the City's landscaping services was from L.L. Moore Landscapes & Lawn Service, the City's current landscaper. Mr. Moore bid $480.00 per week, a 3.5% increase over last year's price of $465.00.

The City Manager stated that Mr. Moore has requested that he would like to be awarded this contract for the next three years with no price increase. L.L. Moore Landscapes & Lawn Service has been the contractor for the City of Marion landscaping services for at least 16 years.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Clark, Council voted unanimously to award the contract for City landscaping services to L.L. Moore Landscapes & Lawn Service for the 2010, 2011 and 2012 landscaping seasons in the amount of $480.00 per week.

AWARD CONTRACT FOR PURCHASE OF FIRE TOWER TRUCK:

The City Manager stated that the City had recently accepted bids for the purchase of a new fire tower truck. The City received several bids for the tower truck. One of the bidders did not include air packs which were included in the specifications. However, staff later determined that the City can purchase the air packs separately for a lower price, so staff evaluated the bids without air packs included.

The City Manager low bid without air packs is from C.W. Williams for a Rosenbauer truck in the amount of $826,450. However C.W. Williams offers discounts of $16,000 if 50 percent of the cost is paid at the time the truck is ordered and $33,000 if 100 percent of the cost is paid at the time the truck is ordered. The truck would not be available for 365-395 days while it is being constructed. The City Manager stated that the City typically would not prepay for a truck one year in advance. This truck also contains a 2010 diesel engine, which requires the use of a fuel additive called urea. The most conservative estimates for the cost of the urea are $4 per gallon and could increase. It is also possible that the urea additive is corrosive. The technology with the 2010 diesel engines is also unproven. The City Manager stated that Fire Chief Jim Neal advised that this engine will be used only for three years, when a new, cleaner engine will be mandated. The City is therefore concerned about the availability of the fuel additive and parts for an engine that will only be used for three years.

Because of the delay in the availability of the truck, the required use of the fuel additive and the uncertainty of the new diesel engine, the City Manager stated that staff looked at the difference between the low bidder and the second low bidder, Slagle Fire Equipment for a stock KME truck. Slagle's price is $828,251, which is $1,801 higher than the Williams bid. The KME truck, however, has been built and could be obtained within 45-60 days. The KME truck also has a 2009 diesel engine and would not require the fuel additive.

The City Manager stated that, based on the Slagle/KME truck being available almost immediately versus the Williams/Rosenbauer truck not being available for 365-395 days and the fact the Slagle/KME truck contains a 2009 diesel engine versus the Williams/Rosenbauer truck having a 2010 diesel engine requiring the use of a fuel additive, he would recommend that Council reject the low bid from C.W. Williams and award the contract for the purchase of the fire tower truck to Slagle Fire Equipment for the stock KME truck.

The bids with air packs were:

- Slagle Fire Equipment (KME) Stock Unit - first come first serve $862,061.00
- Fire Connections, Inc. $917,095.00 Less 100% prepay $891,968.00 ($25,127.00 discount)
- Fire Connections, Inc. $887,090.00 Stock Unit SO#134210 - first come first serve
- Triad Fire, Inc.(Pierce Manufacturing) (not quoted with air packs)
- C.W. Williams & Company, LLC (Rosen Bauer) $856,550.00 100% prepay at time of order - $823,500.00 ($33,000.00 discount); 50% prepay at time of order - $840,500.00 ($16,000.00 discount).

Without air packs:

- Slagle Fire Equipment (KME) Stock Unit - first come first serve $828,251.00
- Fire Connections, Inc. (not quoted without air packs)
- Triad Fire, Inc.(Pierce Manufacturing) $830,297.00
- C.W. Williams & Company (Rosen Bauer) $826,450.00 100% prepay at time of order - $793,450.00 ($33,000.00 discount); 50% prepay at time of order - $810,450.00 ($16,000.00 discount).

The City Manager added that the new truck would replace a tower truck with a 1968 chassis that the City had between 1995 and 2008, when it was taken out of service due to the truck not passing the annual inspection and due to the cost of repairs being hundreds of thousands of dollars, an amount many time higher than the worth of the truck. The City Manager noted that the City had now been without an aerial truck for more than 16 months.

AA.00000702 (24)

Chief Neal stated that the Fire Department could have used an aerial truck at the Kelly Automotive Fire on North Main Street last week. He added that the KME truck is needed, since it will be available within a few weeks, and since the Fire Department is very familiar with this type of truck.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to reject the $826,450 bid of the low bidder, C.W. Williams & Company, and to award the contract for a new fire tower truck to the second low bidder, Slagle Fire Equipment, in the amount of $828,251, due to the fact the City of Marion currently does not have an aerial fire truck in service and due to the award of the contract to Slagle Fire Equipment being in the best interest of the City and the Fire Department by having the new truck from Slagle delivered within 45-60 days and including a 2009 diesel engine instead of the truck from C.W. Williams being delivered in 365-395 days and including a 2010 diesel engine that requires the use of fuel additives.

CONSIDER ADOPTION OF RESOLUTION – AUTHORIZING THE SALE OF PROPERTY OWNED BY THE CITY ON WEST YANCEY STREET BY NEGOTIATED OFFER AND UPSET BID: The City Manager advised that he had received a written offer from Mr. Steven O'Kelly of 83 South Madison Street to purchase the City owned property on West Yancey Street for $2,000. This property is 0.20 acres in size and has 75 feet of street frontage. The property also contains a dilapidated building the City was going to demolish. The City Manager stated that the City can sell the property with the existing building. The City acquired this property through tax foreclosure. Council would need to adopt a resolution to start the upset bid process. Upon Council adoption of the resolution, the City would obtain the necessary five percent bid deposit from Mr. O'Kelly, as well as the cost of legal advertising. Once the notice is published, interested persons will have ten days to raise the bid by at least ten percent of the first $1,000 plus five percent of any additional amount. If an upset bid is received, the process repeats itself. If no upset bids are received, Council can adopt a resolution to authorize the final sale of the property and the closing can be scheduled.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Resolution authorizing the sale of City property on West Yancey Street in the amount of $2,000, subject to upset bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Steven O'Kelly has submitted a bid in the amount of $2,000 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Steven O'Kelly to purchase the above described property for $2,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. Steven O'Kelly of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,000.

Adopted this the 2nd day of March, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-03-02-2

AA.000000703 (24)

ADD ON – HOUSE BURNING REQUEST – ANNUAL FIRE COLLEGE: Fire Chief Jim Neal advised that the annual Fire College will be held in a few weeks and that he would request permission to burn a dilapidated house at 106 West Grayson Street and possibly a house on Park Avenue for training during the March 19-21Fire College. Chief Neal stated that all paperwork would be completed for these houses.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, Council voted unanimously to approve the burning of houses at 106 West Grayson Street and on Park Avenue during the March 19-21 Fire College.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager stated that he had placed a letter in front of each Council Member from the City's auditor, Martin Starnes & Associates. Each year, Martin Starnes asks that Council complete a short survey about fraud. The City Manager asked that each Council Member please complete this survey and mail or e-mail it to Martin Starnes.

The City Manager advised that the School of Government will hold a webinar for the required ethics training for local elected officials on Thursday, March 25 from 4:00 p.m. to 6:00 p.m. The Town of Old Fort and McDowell County plan to participate and other cities and counties will be invited as well.

The City Manager advised that the City opened bids on February 23 for Phase 1 of the Catawba River Greenway. Eight bids were received. The low bid was about $102,000 more than McGill had estimated. Staff and McGill are talking to the low bidder about ways to reduce the project costs substantially and he hopes to have the bids ready for Council to review at the March 23 Council meeting. The City Manager commended Planning and Development Director Heather Cotton for her efforts in identifying ways to cut the project budget substantially.

The City Manager advised that the City' contractor has completed the replacement of the Hospital Pump Station on Rankin Drive. The replacement of the pump station will allow for adequate wastewater capacity for development along the Sugar Hill Road corridor and Hospital area. The old pump station on Rankin Drive will soon be demolished.

The City Manager stated that the State has approved the City's request to allow the television towers to remain on Mt. Ida. The City is preparing a new deed for the 2.58 acres to be subdivided and a final site plan for the State. Once these items are completed, the City will pay the State for the appraised value of the land ($20,600), reimbursing them for the grant proceeds for this part of the property. UNC-TV and WLOS will pay for all associated costs with this request.

The City Manager stated that he had received a phone call from a parent of the First Baptist Daycare describing the difficulty the Daycare has crossing the street at the Fort and Logan Street intersection. The suggestion was to have a pedestrian crossing signal placed at this intersection. The City Manager stated that the City would need to request the placement of a pedestrian crossing signal at this location.

Council Member Clark suggested that the City request the crosswalk as part of the Safe Routes to School Program. Mayor Little and Council Members agreed by consensus to authorize the City Manager to submit the request for a pedestrian crossing signal at the Fort and Logan Street intersection in the manner deemed most appropriate.

The City Manager stated that he and Public Works Director Chris Hollifield had met recently with Duke Energy. Mr. Hollifield advised that Duke is planning on starting another round of tree trimming in the City in a few weeks. He also reported that Duke will be eliminating the need for an antiquated transformer that has caused recurring problems in the Fern Avenue area. Mr. Hollifield stated that the planned work by Duke will hopefully address some recent complaints received from residents in the Hillcrest Drive area.

COUNCIL MEMBER COMMENTS:

There were no comments from Council Members.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session, one week later than their normally scheduled meeting, on Tuesday evening, March 23, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Gaye Noblitt, Police Administrative Lieutenant; Jamie Harklerode, Police Sergeant; Mike Conley, News Reporter, McDowell News; Steve Irish, News Reporter, The News Bulletin.

GUESTS PRESENT: C. W. Pool, Marion, NC; Margrett Hyatt, Forest City, NC; Judge Randy Pool ,501 East Glenview Street, Marion, NC; Kathy Pool, Marion NC; Dr. Mike Murray, Associate Superintendent, McDowell County Schools; Stephanie Harklerode, Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER JUANITA DOGGETT:
Council Member Juanita Doggett selected the Citizen of the Month for March 2010.

The Honorable Judge Randy Pool

City Council Member Juanita Doggett advised that, in December 2008, the Honorable Judge Randy Pool engaged in talks with the Associate Superintendent of McDowell Schools, Dr. Mike Murray, and his Central Office staff about his desire to support the schools in keeping students in school and out of the court system. The increased enforcement by the school system, starting in the 2007-2008 school year, with two additional attendance counselors working truancy enforcement, demonstrated to Judge Pool and others that the schools were facing a daunting problem. Judge Pool committed his own time and the resources of the court to begin an intervention through family truancy meetings that began in January of 2009. Since the start of this joint effort by the courts, the Department of Social Services and the school system, the number of six or more unexcused absences have been reduced by as much as 70 to 80 percent in McDowell County.

Upon reviewing the favorable statistics and the response of school administrators, the HonorableJudge Randy Pool committed his time and resources for a second year. The collaborative truancy meetings continue to bring parents and students into the Schools' Central Office to participate with a team of court, DSS, and school officials to discus issues and strategies which will prevent further truancy. This effort has begun to reduce the number of truancy cases being seen in juvenile and criminal court. It is the belief of the school administration and those involved in this effort that intervening with families early, when truancy first occurs, will help reduce the dropout rate in McDowell County and give youth a better chance at a brighter future.

The Marion City Council, the Superintendent of McDowell Schools, Dr. Ira Trollinger, the Board of Education, and School System administrators and leaders wish to participate in the recognition and expression of appreciation to Judge Pool for this leadership and dedication to the youth of McDowell County.

Council Member Doggett stated that she was proud to recognize Judge Randy Pool as Citizen of the Month for March 2010.

Judge Pool is married to Kathy and has two daughters, Tyler and Krista, who live out of the area. Judge Pool's father, C.W. Pool was in attendance for this honor.

Council Member Doggett stated that she also wanted to thank Dr. Mike Murray and Dr. Conway with the School System for all of their help with compiling the information needed for this recognition.

Mayor Little, Council Members, family and friends all shared kind words about The Honorable Judge Pool.

PUBLIC APEARANCE – JUDGE RANDY POOL – DISCUSS TRUANCY COURT: Judge Pool gave a brief overview of how the Truancy Court is working in McDowell County.

AA.00000705 (24)

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

PRESENTATION OF ADVANCE LAW ENFORCEMENT CERTIFICATE TO SERGEANT JAMIE HARKLERODE

Police Chief Mark Brooks stated that one of our own has achieved one of the highest ranks of law enforcement and presented Sergeant Jamie Harklerode with his Advanced Law Enforcement Certificate from the State of North Carolina that read as follows:

STATE OF NORTH CAROLINA
DEPARTMENT OF JUSTICE
CRIMINAL JUSTICE EDUCATION AND TRAINING
STANDARDS COMMISSION
To all to whom these presents may come
Greeting

Be it known that in recognition of the attainment of training and educational objectives commensurate with the role of a professional criminal justice officer and of personal devotion and service to the people of North Carolina, the Attorney General and the Chairman and Members of the North Carolina criminal Justice Education and Training Standards Commission, through the authority vested in them by the laws of the State, do hereby award to

James Riley Harklerode III
This
Advanced Law Enforcement Certificate
With all the rights and privileges thereunto belonging.

In Testimony Whereof we fix our hand this 19th day of February 2010 in the City of Raleigh in the State of North Carolina in the United States of America.

_____ Attorney General _____ Member

_____ Commission Chairman _____ Member

_____ Director, Criminal Justice Standards Division _____ Member

Chief Brooks read a letter from Wayne Woodard, Director of the North Carolina Department of Justice Criminal Justice Standards Division that read as follows:

Dear Officer Harklerode III,

The Criminal Justice Education and Training Standards Commission recently met in regular session. Among other transactions, the Commission accepted nominations of those candidates qualified to receive the Law Enforcement Officers' and the Criminal Justice Officers' Advanced Certificate.

After examination of your credentials, the commission unanimously approved issuance of the Advanced Certificate to you.

May I be the first to offer you congratulations on the attainment of this most significant award. Your dedication to your chosen profession is evidenced in the fact that you are one of a very select group of officers to receive this honor.

Sincerely,

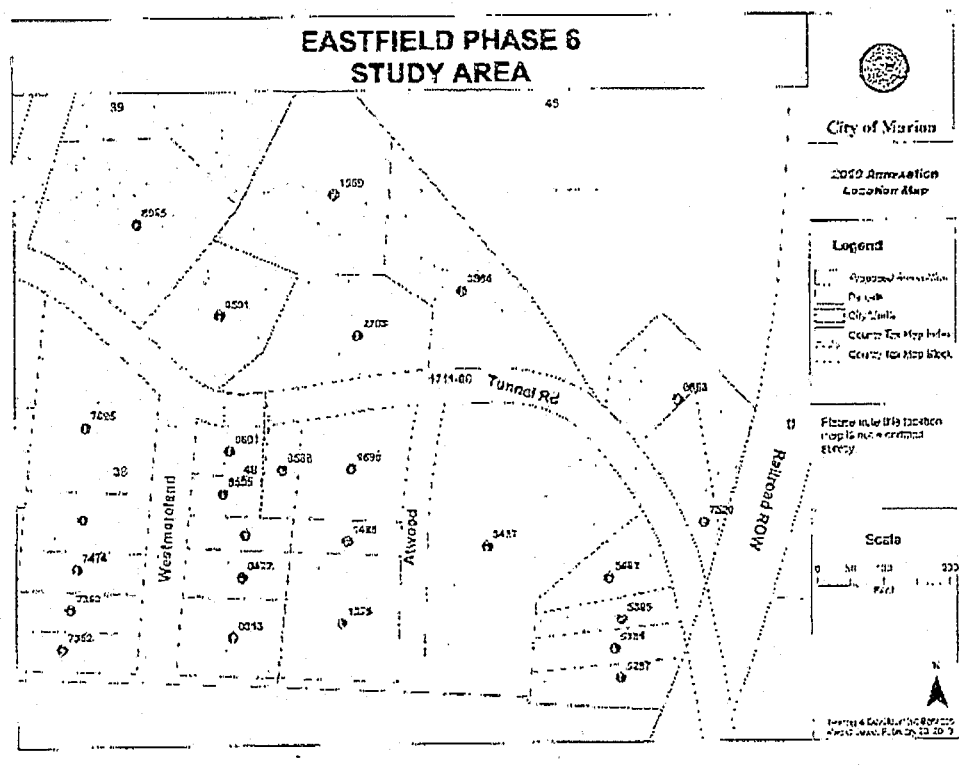
Wayne Woodard

Sergeant Harklerode introduced his wife, Stephanie, and stated that her support was probably the biggest reason he was here tonight.

Mayor Little, Council Members and the City Manager thanked Officer Harklerode for a job well done and commended him for his dedication to the City.

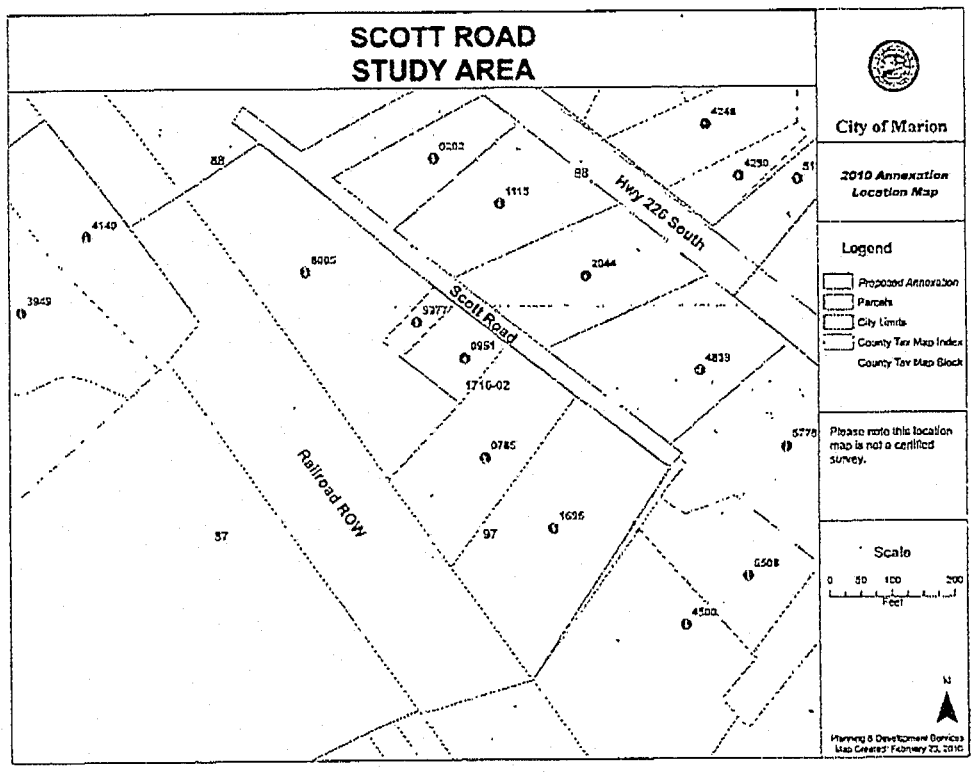
PUBLIC HEARING – 2010 ANNEXATION AREAS:

The City Manager advised that public hearings are required for the two 2010 annexation areas. These areas include about 60 people.



In accordance with State Law, the City Manager gave an overview of the Annexation Report and Plan of Services for each area.

A. Eastfield Phase 6 Area



B. Scott Road

The City Manager stated that adoption of the ordinances to annex these areas would be considered at a future meeting and that these annexations will take effect on June 30, 2010.

The City Manager presented maps of the annexation areas for Council's review, as follows:

AA.00000709 (24)

Mayor Little opened the public hearing for the Eastfield Phase 6 Annexation Area.

There were no persons present to speak regarding the Eastfield Phase 6 Annexation Area.

Mayor Little closed the Public Hearing for the Eastfield Phase 6 Annexation Area.

Mayor Little opened the public hearing for the Scott Road Annexation Area.

There were no persons present to speak regarding the Scott Road Annexation Area.

Mayor Little closed the Public Hearing for the Scott Road Annexation Area.

No action was necessary on this item by Council.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present.

DISCUSS PRIORITIES FOR MAIN STREET SOLUTIONS GRANT FROM N.C. DEPARTMENT OF COMMERCE: The City Manager advised that Council had directed that staff put back on this agenda the Main Street Solutions Grant from the N.C. Department of Commerce so that priorities for grant applications could be set.

The City Manager presented Council with summaries of proposals received from downtown businesses for this grant. He advised that the City can apply for a grant for up to $300,000 and can pool applications up to that limit. Grant applications are due in to the State by April 15.

AA.000000710 (24)

The City Manager reported that the State will not release grant funds until the project is complete and the jobs are created. In essence, businesses will have to front the money for their project and then apply for reimbursement after project completion (much like our Small Business Grant Program).

The City Manager stated that Council could apply for funding for the City to establish a Revolving Loan Program; however, the City could also potentially apply for grant funding from USDA to establish a Revolving Loan Fund Program.

The City Manager reported that downtown property and business owners were asked to submit proposals for the grant. Projects had to include building renovations and not be used to purchase equipment, under the rules established for this program by the State.

The City Manager advised that three applications were received. One application did not qualify for the grant, since it requests only the purchase of equipment and establishment of programs. Two qualifying applications were received. One project involves a new commercial business that requested $104,000 for building renovations. This business plans to employ seven full-time and 13 part-time people. The second project involves an expansion of an existing commercial business that requested $126,000 for building renovations. The business plans to add three to four new jobs.

The City Manager stated that Council could select one of the two qualifying projects for the City's grant application or could bundle the two proposals, since they total less than the $300,000 grant maximum.

Mayor Little asked how the businesses would complete the projects if grant funds would not be received until after the project is completed.

The City Manager stated that the two qualifying businesses have been made aware that the State would not pay the grant funds until the project was completed. Both businesses say they can obtain financing on the promise that grant funds will be received. He noted that the businesses cannot complete the projects until the grants are awarded and contracts are signed with the State.

Council Member Clark asked how the businesses would know for sure if they would receive the grant funding, if they had to borrow money to complete their projects. The City Manager stated that he thought that the State would enter into a contract with the City that would commit the State to paying the grants upon completion of selected projects, but that he would obtain verification on this point from the State.

After brief discussion, Mayor Little stated that it sounded as if the consensus of Council would be to bundle the two qualifying proposals from downtown businesses.

Council Member Clark called for the question.

Upon a motion by Council Member Martin seconded by Council Member Cuthbertson, Council voted unanimously to direct staff to bundle the two qualifying proposals, totaling $230,000, as received from downtown businesses, and submit a grant application for the Main Street Solutions Fund administered by the North Carolina Department of Commerce.

ADOPT RESOLUTION AUTHORIZING THE SALE OF CITY PROEPRTY ON WEST YANCEY STREET BY NEGOTIATED OFFER AND UPSET BID AND REFECTING PREVIOUS OFFER TO PURCHASE SAID PROPERTY DUE TO THE SUBMISSION OF A QUALIFYING UPSET BID:

The City Manager stated that, as shown in the information presented to Council, the City received an upset bid in the amount of $2,500 from Mr. Wynn Jackson on March 17 for the City property on West Yancey Street. This bid was received during the ten day upset bid period and upsets the previous bid of Mr. Steven O'Kelly for $2,000. In accordance with State law, Council action is needed to adopt the attached resolution to reject Mr. O'Kelly's offer and to accept the new offer Mr. Jackson, subject to publication and upset bid.

The City Manager stated that the property in question is 0.20 acres in size and has 75 feet of street frontage. The property also contains a dilapidated building the City was going to demolish. The City acquired this property through tax foreclosure. Upon Council adoption of the resolution, the City will obtain the necessary five percent bid deposit from Mr. Jackson, as well as the cost of legal advertising. Once the notice is published, interested persons will have ten days to raise the bid by at least ten percent of the first $1,000 plus five percent of any additional amount. If an upset bid is received, the process repeats itself. If no upset bids are received, Council can adopt a resolution to authorize the final sale of the property and the closing can be scheduled.

Mayor Little stated that he meant to look at the laws for this type of bid process.

The City Manager stated that he feels the City is well within the time frame for this type of bid.

AA.00000711 (24)

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Resolution authorizing the sale of property owned by the City of Marion on West Yancey Street to Mr. Wynn Jackson in the amount of $2,500, subject to publication and upset bid, as follows:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on February 24, 2010, Mr. Steven O'Kelly submitted a bid in the amount of $2,000 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on March 2, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. O'Kelly to purchase the property, as described above, for a sum of $2,000, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. O'Kelly; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on March 10, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on March 17, 2010, Mr. Wynn Jackson submitted a bid in the amount of $2,500 for the purchase of the property described above; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Mr. Jackson is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Mr. O'Kelly and to complete the sale of the property described above to Mr. Jackson, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Mr. Steven O'Kelly to purchase the above described property for $2,000, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

3. The City Clerk shall refund Mr. O'Kelly the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Mr. Wynn Jackson to purchase the above described property for $2,500, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Mr. Wynn Jackson of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,500.

Adopted this the 23rd day of March, 2010.

Stephen R. Little, Mayor

RESOLUTION NUMBER: R-10-03-23-3

AA.000000712 (24)

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROEPRTY ON WEST WILHEMENIA STREET: The City Manager stated that, at the February 16 Council meeting, Council adopted a resolution accepting the offer of Mr. Roberto Sierra to purchase a 0.32 acre parcel owned by the City on West Wilhemenia Street for $2,000, subject to upset bid. After receiving the required five percent bid deposit from Mr. Sierra, as well as requiring him to prepay for the required legal advertising, the City published notice in the News Bulletin of the proposed sale on March 3 that interested persons had ten days to submit an upset bid. The ten day upset bid process passed with no further bids. Therefore, Council action is needed to approve the resolution to authorize the final sale of this property to Mr. Sierra.

The City Manager noted that the City would insist that closing take place within 30 days if at all possible.

Upon a motion by Council Member Owenby, seconded by Council Member Cuthbertson Council voted unanimously to adopt the resolution authorizing the final sale of City property on West Wilhemenia Street to Mr. Roberto Sierra in the amount of $2,000, as follows:

Resolution Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Roberto Sierra has submitted a bid in the amount of $2,000 for the purchase of approximately 0.32 acres of City property located on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385); and

WHEREAS, the City Council of the City of Marion adopted a resolution on February 16, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Sierra to purchase the property, as described below, for a sum of $2,000; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Sierra; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on March 3, 2010, caused notice of the proposed sale of the property, as described below, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. Sierra.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Wilhemenia Street (McDowell County Parcel Identification Number 1701.18-22-7385) that is approximately 0.32 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Roberto Sierra to purchase the above described property for $2,000 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

Adopted this the 23rd day of March, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-03-23-2

DISCUSS WEBSITE VIDEOS: The City Manager stated that Mr. Chris Revis had sent him an e-mail, apologizing for not getting back to Council about the City website videos discussed at the February 25 Council Planning Session. The City Manager advised that Mr. Revis had recently ruptured his patella tendon and has been out of commission for some time. The City Manager reported that Mr. Revis thought that it might be good to make sure that Mayor Little and Council Members agreed on the intent and audience for the videos and proposed the following goals for the videos:

A. Promote to website visitors the economic, tourism and lifestyle opportunities that exist in Marion, with the idea that we want them to come experience it for themselves.

AA.00000713 (24)

B. Use the videos as a morale booster to City residents and business owners to show that the City is becoming more actively involved in their success.

C. Share with other municipalities to show how we are trying to attract external interest and raise awareness within our tax base.

Mayor Little stated that he personally liked Goals A and B and saw Goal C as by-product, as the City is now seeking to show off to other cities.

Council Member Martin stated that he liked Goals A and B as well.

It was the consensus of Council for the City Manager to advise Mr. Revis that Council's main goals for the website videos were as follows:

A. Promote to website visitors the economic, tourism and lifestyle opportunities that exist in Marion, with the idea that we want them to come experience it for themselves.

B. Use the videos as a morale booster to City residents and business owners to show that the City is becoming more actively involved in their success.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that he had sent a letter to Doug McNeal with DOT, asking for the installation of pedestrian crossing signals at Fort and Logan Streets and some way for pedestrians to trigger the signal to change, if it is not activated by a vehicle after a reasonable period of time. The City Manager stated that support letters were sent to DOT regarding this request by the parent making the original request, First Baptist Church and the First Baptist Church Children's Center.

Council Member Clark stated that he did not understand why DOT would put up a large pole and new traffic signals at the intersection of Logan and Court Streets and not install pedestrian crossing signals. The City Manager stated that he asked DOT to install pedestrian crossing signals at the Logan and Court Street intersection at the same time the new signals were being installed. He said that DOT did not pursue the pedestrian crossing signals at the time due to cost.

The City Manager advised that the next City Council Planning Session is scheduled for Tuesday, March 30 at 6:00 p.m. at City Hall.

The City Manager advised that, after talking with the County 911 Center and the Public Works Department, the effective date for the street name changes approved by Council on Azalea and Clay Street has been set for April 1. On this date, street signs and 911 records will be changed. This will also give people time to obtain their new address from the 911 Center.

The City Manager advised that, as noted earlier, City crews completed the extension of water service to all unserved streets in Eastfield. The City is now working on the replacement of an old, undersized water line on West Carson Street off of Highway 70 West near the western end of the City's water system. The City may then look at extending water service to some sewer-only service areas on Forsyth Street and perhaps Virginia Drive off of Virginia Road.

The City Manager advised that Finance Director Harriett Thomas ended up making a Federal and State disaster claim for our December snowstorm in the amount of more than $18,000. FEMA would not accept a claim for time and equipment for snow removal, but did agree to pay for overtime, equipment time and materials use to pretreat streets with brine. The City Manager stated that the City hopes to hear soon if this full amount will be paid. All indications are that the City will receive the full amount claimed.

The City Manager advised that the annual City Open House for the Third Graders has been set for Friday, April 23. The event should take place as in past years. This will be the Eighth Annual Open House. Old Fort Elementary will not participate. The home school children have chosen not to participate this year and the City has invited both private schools in the county to be present, Marion Christian Academy and New Manna. The City will have fewer than 500 children this year, much less than the City had the first few years of the Open House when Old Fort Elementary did participate. The City Manager reported that Baxter has already committed to cook lunch and provide food and drinks and that Administrative Assistant Debi Sherlin is working on schedules and to recruit volunteers to ride the buses.

The City Manager advised that Planning and Development Director Heather Cotton is working with McGill Associates and the Catawba River Greenway Phase 1 low bidder on ways to bring the project back within budget. The City Manager stated that the low bid was $102,000 over the project budget, but Ms. Cotton has

AA.000000714 (24)

done a great job identifying ways that should significantly reduce the project cost. Staff hopes to have a recommendation to present to Council at the April 6 meeting, so that this project can start in the near future.

The City Manager advised that the City continues to work with the Census on ways to promote the 2010 Census. He stated that City Sanitation personnel delivered Census information to each household in the City in December and that the City has received Census information to display at City Hall.

The City Manager advised that the School of Government will hold a webinar for the required ethics training for local elected officials on Thursday, March 25 from 4:00 p.m. to 6:00 p.m. The Town of Old Fort, McDowell County, the School Board and perhaps elected officials from other cities and counties plan to participate.

The City Manager advised that he had informed Shelby Music that Council had approved the purchase and installation of a sound system for the City Council Chambers. Shelby Music should be able to start this project in the next couple of weeks.

The City Manager advised that the Street Committee needs to look at a drainage issue on Glenview Street. Council agreed by consensus to refer the drainage issue to the Street Committee for a recommendation.

The City Manager stated that, at the March 18 Joint Utility Committee meeting, Mayor Little suggested that the City Council and County Commissioners have dinner together in late April. Mayor Little stated that he proposed that this gathering be a fellowship event, with no business discussed.

Mayor Pro Tem Owenby stated that he thought this would be a good idea.

Council Member Doggett stated that she also agreed that this would be a good idea.

It was the consensus of Council to set Thursday, April 22 as the proposed date for this gathering, with Thursday, April 29 as a back-up date. The City Manager will work with the County Manager to schedule the gathering. Council agreed that the City will pay for the initial dinner.

COUNCIL MEMBER COMMENTS:

Council Member Clark advised that he attended a meeting the previous Thursday at McDowell Technical Community College regarding how Appalachian Regional Commission (ARC) funds should be spent. He noted that the City needs to continue to put pressure on NCDOT to change the equity formula for transportation funding in North Carolina, so as not to count ARC funds that are supposed to be designated for Western North Carolina against the equity formula.

Council Member Martin stated that he had a citizen bring to his attention that other cities are planting apple trees in their parks. Apples are available for the public to enjoy. He said he would like to see the City of Marion do something similar. Council Member Martin suggested that people could purchase the trees in memory or in honor of family and/or friends.

Mayor Pro Tem Owenby thanked Mayor Little for the proclamation he signed the week before honoring Ms. Tassie Bradley's 102nd birthday and thanked the City Manager for presenting the proclamation to Ms. Bradley.

Council Member Doggett stated that a utility pole that had been changed out in front of P & R Produce on Rutherford Road is almost in the road.

Council Member Cuthbertson stated that a utility pole on South Main Street had been replaced and the old pole is still there.

Council Member Clark stated that there are numerous instances of Duke Energy not removing old power poles all over the City. However, the City has no way to force Duke Energy to remove such poles.

ADJOURNMENT: Upon a motion by Council Member Cuthbertson , seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Called Session on Tuesday, March 30, 2010 at 6:00 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

Council Member Everette Clark was out of town and unable to attend this meeting.

OTHERS PRESENT: Bob Boyette, City Manager

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. Growth Priorities
2. Transportation Improvement Program/DOT Enhancement Program Priorities
3. Street and Sidewalk Project Priorities
4. Retiree Health Insurance Benefits
5. Expansion of Downtown Façade Grant Program
6. Allowances for Golf Carts on Residential and Lower Speed Residential Streets
7. Water and Sewer Connections
8. Downtown Appearance Issues
9. Encouraging Greater Use of Upper Floors in Downtown Area
10. Development of Strategic Plan
11. Implementation of Urban Forestry Plan
12. Working with YMCA to Designate Walking Trails in Downtown Area and Develop Educational Materials
13. Planning for Future Water Treatment Plant Renovations
14. Programs/Grants to Improve Housing in City
15. Scheduling of Next City Council Planning Session

No action was taken on these items. Items requiring City Council action will be included in the 2010-11 or future budgets or placed on future City Council meeting agendas for consideration.

Council agreed to schedule the next City Council Planning Session as a Budget Workshop in late May or early June. The exact meeting date and time will be set at a regular City Council meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adjourn.

COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 6, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News; Stephen Irish, News Reporter, The News Bulletin.

GUESTS PRESENT: Bob & Sonja Elledge, Marion, NC; Pat Brown, Tree Board Member, 435 Montevista Avenue, Marion, NC; Steve Swaim, Duke Energy Representative; Phil & Betty Ray, Duke Energy/Tree Board, Hillsborough, NC; Nancy Clark, Tree Board Chairperson, 330 Fleming Avenue, Marion, NC; Cliff McLarty, North Madison Street, Marion, NC.

OPEN MEETING: Mayor Little openeded the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY MAYOR PRO TEM OWENBY: Mayor Pro Tem Owenby selected the Citizen of the Month for April 2010.

Bob Elledge

Mayor Pro Tem Owenby stated that he was proud to present Bob Elledge as his citizen of the month. Mr. Elledge is married to Sonya and they reside in Marion.

Mr. Elledge has served on the City of Marion Planning Board/Adjustment since 2000. He has also served on other Boards and in Civic Organizations.

Mr. Elledge is a member of the First Baptist Church and has served as Sunday School Teacher, Audio-Visual Chairperson and as a Deacon in the Church.

Mr. Elledge has worked for the old Burgin Hardware Store, the Employment Security Commission and the McDowell County Department of Social Services where he served as the ADAP teacher for a group of sixty (60) mentally handicapped and developmentally disabled adults.

Mr. Elledge has also served on the McDowell County Board of Elections and has gotten to know many people in Marion and McDowell County through the years.

Mayor Little, Council Members, family and friends all shared kind words about Bob Elledge.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – March 23, 2010 Regular City Council Meeting Minutes
March 30, 2010 City Council Planning Session Minutes

B. Approve Amended Annexation Report and Plan of Services

2010 ANNEXATION AREAS – ANNEXATION REPORT AND PLAN OF SERVICES – AMENDED APRIL 6, 2010

The Annexation Report and Plan of Services for the City of Marion 2010 Annexation Areas is hereby amended as follows:

1. Section IV, Statement Setting Forth Plans for Extending City Services to the Areas Proposed to be Annexed and Methods of Financing these Services, is amended by deleting the section on street maintenance for the Scott Road Area in its entirety and replacing it with the following:

SCOTT ROAD AREA

STREET MAINTENANCE

AA.000000717 (24)

All of the streets in the area proposed for annexation are paved. All streets in the annexation area are maintained by the State of North Carolina. It is proposed that the City will take over maintenance of Scott Road, upon approval of the North Carolina Department of Transportation. The estimated cost for providing street maintenance to the area proposed for annexation will be $500.00 annually.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis as provided in the rest of the City.

2. Section V, Estimated Revenues, is amended by deleting the estimated revenues for the Scott Road Area in its entirety and replacing it with the following:

SCOTT ROAD AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2010, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$277,300.00
Estimated Property Taxes	1,414.23

WATER AND SEWER REVENUES

No structures in the area to be annexed are currently connected to City water or sewer service. Therefore, the annexation of this area will result in no revenue losses for the City due to water and sewer rates being reduced by 60 percent.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$ 289.93
Powell Bill Revenue	510.73
Utility Franchise Tax	144.00
Beer and Wine Tax	40.32

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area and other proposed annexations to take effect on June 30, 2010 will increase the population by approximately 53 people for a population of 7,503.

3. Section VI, Revenues and Cost Estimates, is amended by deleting the revenues and cost estimates for the Scott Road Area in its entirety and replacing it with the following:

SCOTT ROAD AREA

ESTIMATED ANNUAL REVENUES	
Property Tax	$ 1,414.23
Local Sales Tax	289.93
Powell Bill	510.73
Utility Franchise Tax	144.00
Beer and Wine Tax	40.32
Total Estimated Annual Revenues	$ 2,399.21
ESTIMATED ANNUAL EXPENDITURES	
Police Department	$ 86.44
Fire Department	0.00
Street Department	500.00
Streetlights	185.28
Solid Waste/Recycling	250.00
Total Estimated Annual Expenditures	$ 1,021.72
ESTIMATED LOSS IN REVENUE	
Fire Service District Tax	$ 166.38
Water and Sewer Revenues	0.00
Total Estimated Revenue Loss	$ 166.38
ESTIMATED ONE-TIME EXPENDITURES	
Water Extension	$13,200.00
Recycling Containers	32.00

AA.00000718 (24)

Total One-Time Expenditures $13,232.00

This amended Annexation Report and Plan of Services for 2010 Annexation Areas is hereby adopted by the City Council of the City of Marion this the 6th day of April, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

C. Approve Resolution Authorizing Submission of Main Street Solutions Fund Grant

RESOLUTION
AUTHORIZING SUBMISSION OF MAIN STREET SOLUTIONS FUND GRANT APPLICATION

WHEREAS, the City of Marion is fortunate to have a historic downtown and active downtown program, as evidenced by the City's designation as a Main Street Community and the downtown commercial area's listing on the National Register of Historic Places; and

WHEREAS, the City of Marion has for several decades supported improvements and made investments in the downtown area; and

WHEREAS, the North Carolina Department of Commerce recently announced the creation of the Main Street Solutions Fund to result in building renovation and job creation in designated downtown areas in qualifying communities; and

WHEREAS, the City received proposals from downtown building and business owners for projects qualifying for funding under the Main Street Solutions Fund grant; and

WHEREAS, the City of Marion now desires to submit an application for a Main Street Solutions Fund grant to enhance the downtown economy.

NOW THEREFORE BE IT RESOLVED that the City Council of the City of Marion authorizes the submission of a Main Street Solutions Fund grant application to allow for building improvements at two businesses in the downtown area, thereby creating new full-time and part-time jobs and greatly enhancing the economic vitality and climate of Marion's downtown area.

BE IT FURTHER RESOLVED that the City Council of the City of Marion hereby authorizes J. Robert Boyette, City Manager, and successors to said position to submit an application for the Main Street Solutions grant for the projects listed above and to sign a grant agreement with the North Carolina Department of Commerce on behalf of the City of Marion.

Adopted by the City Council of the City of Marion this the 6th day of April, 2010.

Stephen R. Little, Mayor

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-04-06-2

RECOGNITION OF PHIL RAY, DUKE ENERGY REPRESENTATIVE ON TREE BOARD: The City Manager advised that the City wished to publicly recognize Mr. Phil Ray for his many years of service to the City of Mairon Tree Board upon the occasion of his upcoming retirement from Duke Energy. The City Manager said that the City and the Tree Board will miss Mr. Ray and all he brought to Marion through the years.

Mayor Little asked Mr. Ray to come forward. Mayor Little and Council Members shared kind words about Mr. Ray and thanked him for his service to the City. Mayor Little asked if members of the Tree Board wanted to say anything.

Tree Board Chairperson Nancy Clark stated that she had only been on the Tree Board a short time and had already learned to appreciate what Phil Ray brought to Tree Board meetings with his inspiring advice and expertise. Ms. Clark stated that if she was the governor, she would present Mr. Ray with the Order of the Long Leaf Pine. However, the best she could offer was a poem patterned after the Order of the Long Leaf Pine, as follows:

AA.00000719 (24)

Here's to the man trimming the long leaf pines
All over North Carolina where the sun doth shine
Where the pines grow weak, he makes them great
Here's to Phil Ray – known all across the State!

Ms. Pat Brown, Tree Board Member, stated that Phil Ray had brought a wealth of knowledge to the Tree Board and that he had a great personality. Marion was lucky to have Phil through the years and he will be missed.

Mr. Steve Swaim, former District Manager with Duke Energy, was also present for this recognition. Mr. Swain stated that he came to honor Phil Ray, and stated that behind every good man is a good woman, and this is very rue with Mr. Ray's wife Betty. Mr. Swaim stated that he and Mr. Ray worked shoulder to shoulder for many years from Orange County all the way to McDowell County. He advised that Mr. Ray is the authority on trees in Duke Energy and is a certified arborist. Mr. Swaim stated that he appreciated Mr. Ray for his service and thanked City Council for recognizing Mr. Ray.

Mayor Little presented Mr. Ray with a plaque that read:

In Appreciation
To
Phillip R. Ray
For Your Years of Dedication and Service
To the
City of Marion
While Serving as
Duke energy representative
For the
City of Marion Tree Committee

1996 – 2010
Presented This 6th Day of April 2010
By
Mayor Stephen R. Little
And
Marion City Council

Mayor Little also presented Mr. Ray with a coffee cup signifying the City's Logo "Marion, Where Main Street Meets the Mountains" and a City of Marion Sesqecentennial Medallion.

ADOPTION OF ANNEXATION ORDINANCES – 2010 ANNEXATION AREAS: The City Manger stated that with the completion of the annexation process for the 2010 Annexation Areas, he would recommend that Council adopt ordinances to annex the Eastfield Phase 6 and Scott Road areas, effective June 30, 2010.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt an Ordinance to extend the corporate limits of the City of Marion to include the Eastfield Phase 6 Area as follows:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS
OF THE CITY OF MARION UNDER THE AUTHORITY
GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2
OF THE GENERAL STATUTES OF NORTH CAROLINA – EASTFIELD PHASE 6 AREA - 2010

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 23, 2010, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

AA.000000720 (24)

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the northern corner of Lot 1969 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 1969 and Lot 3864 Block 48 on the McDowell County Tax Map 1711.06 in a straight southeasterly direction 646 feet to a point at the southeast corner of said Lot 3864, said point also being on the northern boundary of Tunnel Road (SR 1729), thence following the northern boundary of Tunnel Road (SR 1729) approximately 15 feet to the southwestern corner of Lot 6688 Block 48 on the McDowell County Tax Map 1711.06; thence following the boundary of said Lot 6688 in a northerly direction 65 feet, thence in a northeasterly direction 110 feet, thence in a southeasterly direction 199 feet to the southeastern point of said Lot 6688, said point also being a point on the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way, thence following the western boundary of the Carolina Clinchfield & Ohio Railroad Right-of-Way in a southerly direction 416 feet to a point, said point being the northeast corner of Lot 2997 Block 37 on the McDowell County Tax Map 1711.06, said point also being on the boundary of the current Marion Corporate Limits, thence following the northern boundary of said Lot 2997 and the boundary of the current Marion Corporate Limits in a straight westerly direction 583 feet to a point, thence following the current Marion Corporate Limits in a generally northerly direction 255 feet, thence in a westerly direction 50 feet, thence in a northerly direction 132 feet to a point, said point being the on the boundary of the current Marion Corporate Limits, said point also being on the southern boundary of Tunnel Road (SR 1729), thence following the current Marion Corporate Limits in a straight northerly direction 50 feet to a point on the current Marion Corporate Limits, said point also being on the southern boundary of Lot 2708, Block 48 on the McDowell County Tax Map, thence following the southern boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a westerly direction approximately 81 feet to the southwest corner of said Lot 2708 and the boundary of the current Marion Corporate Limits; thence following the western boundary of said Lot 2708 and the boundary of the current Marion Corporate Limits in a generally northerly direction 219 feet to the northwest corner of said Lot 2708, said point also being a point on the boundary of the current Marion Corporate Limits and a point of the northeast corner of Lot 9891 Block 38 on the McDowell County Tax Map, thence following the northern boundary of said Lot 9891 and the boundary of the current Marion Corporate Limits in a westerly direction 142 feet to a point at the northwest corner of said Lot 9891 and the boundary of the current Marion Corporate Limits, said point also being on the eastern boundary of Lot 8965 Block 38 on the McDowell County Tax Map 1711.06, thence following the boundary of the current Marion Corporate Limits in a northerly direction 315 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 5th day of January, 2010, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 3,278 feet, of which 1,826 feet (or 55.70%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 78.57% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 19, 2010 and filed in the office of the Clerk for public inspection on January 22, 2010.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $18,300, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of the City of Marion into the area to be annexed under this ordinance. (No sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2010.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 6th day of April, 2010.

AA.00000721 (24)

Stephen R. Little, Mayor

ATTEST: APPROVED AS TO FORM:

J. Robert Boyette, City Clerk City Attorney

Ordinance Number: O-10-04-06-1

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt an Ordinance to extend the corporate limits of the City of Marion to include the Scott Road Area as follows:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – SCOTT ROAD AREA - 2010

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on March 23, 2010, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point at the southeast corner of Lot 6224, Block 77 on the McDowell County Tax Map 1710.02, thence following the eastern boundary of said Lot 6224 and the Southern Railroad Right-of-way in a northwesterly direction approximately 672 feet to a point, said point being a northeast point of said Lot 6224 and a point on the southern boundary of Lot 4140, Block 88 on the McDowell County Tax Map 1710.02, thence following the southern boundary of said Lot 4140 in a northeasterly direction approximately 60 feet to a point, said point being the southeast point of said Lot 4140 and a point of the boundary of the Southern Railroad Right-of-way; thence following the boundary of said Lot 4140 and the boundary of the Southern Railroad Right-of-way in a northerly direction approximately 182 feet to a point on the boundary of said Lot 4140 and Southern Railroad Right-of-Way, said point also being the boundary of the current Marion Corporate Limits; thence following the current Marion Corporate Limits in a straight easterly direction approximately 100 feet crossing the Southern Railroad Right-of-Way to a point, said point being on the boundary of the current Marion Corporate Limits, the Southern Railroad Right-of-Way, and the northwest point of Lot 8005, Block 88 on the McDowell County Tax Map 1710.02, thence following the current Marion Corporate Limits and the boundary of said Lot 8005 in a northeasterly direction approximately 157 feet to a point at the northeast corner of said Lot 8005, the current Marion Corporate Limits, said point also being the southwestern boundary of Scott Drive (State Road 1742); thence running in a southeasterly direction along the boundary of the current Marion Corporate Limits 849 feet, thence following the current Marion Corporate Limits in a westerly direction approximately 430 feet to the point of BEGINNING.

Section 2. The City Council hereby finds and declares that the above described territory meets the requirements of G.S. 160A-36, in that:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 5th day of January, 2010, the date upon which this annexation proceeding was begun.

The aggregate external boundary line of the area to be annexed is 2,599 feet, of which 1,660 feet (or 63.87%), coincides with the City boundary. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality.

The area to be annexed is developed for urban purposes in that 80.00% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 100.00% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Section 3. It is the purpose and intent of the City of Marion to provide services to the area being annexed under this ordinance, as set forth in the report of plans for services approved by the City Council on January 19, 2010 and filed in the office of the Clerk for public inspection on January 22, 2010.

Section 4. The City Council hereby finds and declares that, on the effective date of annexation prescribed in Section 8 hereof, the City of Marion will have sufficient funds approved, in the amount of $13,200, to finance the estimated cost of construction of water and sewer facilities found necessary in the report of plans for services to extend the basic water system of

AA.00000722 (24)

the City of Marion into the area to be annexed under this ordinance. (No sewer extensions are necessary in the area to be annexed).

Section 5. From and after the effective date of this annexation, the territory annexed and its citizen and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City.

Section 6. The newly annexed territory described above shall be subject to City taxes according to G.S 160A-58.10.

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on June 30, 2010.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 6th day of April, 2010.

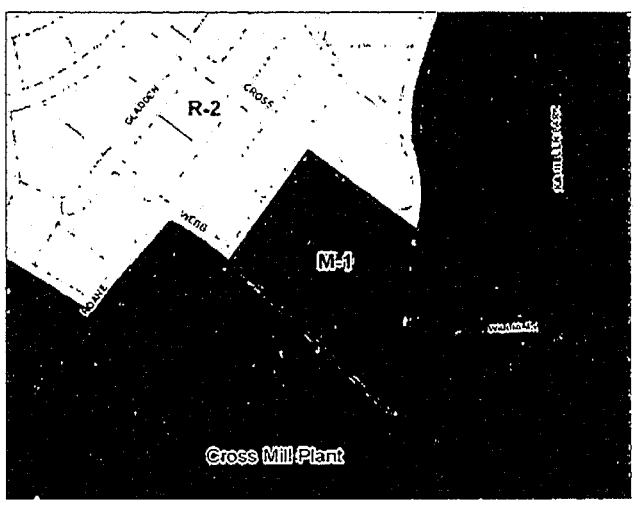
ATTEST:

J. Robert Boyette, City Clerk



APPROVED AS TO FORM:

City Attorney

Ordinance Number: O-10-04-06-2

PUBLIC HEARING – ZONING MAP AMENDMENT: Planning and Development Director Heather Cotton advised that the proposed ordinance would amend the *Official Zoning District Map* to rezone a residential block in the Crossmill Community from M1 Industrial to R2 General Residential.

Ms. Cotton stated that on March 22, 2010, a resident at 100 West Cross Street applied for a building permit to install an unattached garage on her property. The M1 Zoning district requires a twenty-five foot (25 ft.) rear yard setback, while the R2 General Residential Zoning District requires only a ten foot (10 ft.) rear setback. Staff reviewed the zoning within Crossmill and found that many of the residential homes adjacent to the old Crossmill Plant are still zoned industrial. Staff recommended that the resident gauge interest from her neighbors to see if there was group application to rezone all within the area. The three other the same block between Oliver and petition to have their properties discussed in detail the existing and Ms. Betty Stock, one of the largest area. Ms. Stock is in favor of rezoning that she owns on the block, but wanted rezone other residential properties later date and after further review of

further interest in a residential properties property owners within Carson Streets signed a rezoned. Staff proposed zoning with land owners in the four of the properties to reserve her right to within the area at a her options.

Ms. Cotton stated that staff recommended approval of the rezoning to the Planning Board. The Planning Board recommended approval of the rezoning request in a 5-0 vote at their regularly scheduled meeting held April 1, 2010.

Mayor Little opened the Public Hearing for discussion.

Council Member Doggett asked how this rezoning would affect the residents in Cross Mill.

Ms. Cotton advised that the rear yard setbacks are different between the R-2 and M-1 district and there are more allowances for residential uses, which would be a benefit to existing residential properties.

Council Member Clark stated that this situation is interesting to him. He said this rezoning should have been done years ago; however, it was evidently missed.

There was no one else present wishing to discuss this request.

Mayor Little closed the Public Hearing.

AA.00000723 (24)

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted to adopt the following Ordinance to amend the Official Zoning Map to change properties bounded by Webb, Oliver, Carson and Webb Streets in the Cross Mill neighborhood from the M-1 Industrial zoning classification to R-2 General Residential:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
CROSSMILL REZONING

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to rezone properties in the Crossmill Community, having the Parcel Identification Numbers 1701.10-35-8525, 1701.10-35-8570, 1701.10-35-9445, 1701.10-35-9331, 1701.10-35-8377, 1701.10-35-8422, and 1701.10-35-7467, from the M1 Industrial Zoning District to the R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on April 1, 2010.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon adoption.

Adopted this the 6th day of April 2010.

Stephen R. Little
Mayor

J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-10-04-06-3

CONSIDER REQUEST FROM MACA TO ADOPT RESOLUTION STATING THAT QUILT BLOCKS ARE NOT CONSIDERED SIGNS UNDER THE CITY'S ZONING ORDINANCE:

Planning and Development Director Heather. Cotton stated that a letter had been sent from the McDowell Arts Council Association (MACA) asking the City to clarify the Zoning Ordinance to make it clear that quilt blocks are not considered signs. Ms Cotton stated that she felt that the proper thing to do would be to obtain City Council interpretation that, for Zoning Ordinance purposes, quilt blocks will not be considered signs.

Ms. Cotton stated that the Planning Board met on April 1 and unanimously recommended that Council adopt a resolution stating that quilt blocks are not considered signs. Ms. Cotton stated that staff would therefore request Council adoption of a resolution to approve the request from MACA that quilt blocks not be considered signs.

The letter read as follows:

Dear Mayor and City Council,

As you know, MACA established the McDowell Quilt Trail program in June 2009, with the installation of the "Where Main Street Meets the Mountains" block and the "Grape Basket" block, and today we have twenty-five blocks installed or in production across McDowell County. The program has generated a lot of interest, and continues to grow in popularity throughout Marion and the surrounding community. Our story is even spreading across the country with an Atlanta-based author who wants to document our trail in an upcoming book, and our website continues to receive hits from all over the country. The purpose of this project was to promote art, celebrate our history, and support greater economic prosperity for our community. The purpose of this letter is to request that the City of Marion officially recognize our new McDowell Quilt Trail program as a public art project, which would greatly help us further our program's mission.

As with all new programs, it has been a learning experience for us, and we continue to make improvements each day to make the program even more successful. One such experience was our lack of understanding regarding specific requirements for development activity within the City. We appreciate Ms. Cotton, our MACA Board President and City Planning Director, who helped explain the requirements so that we do not make the same mistakes in the future. Please know that we will do our part to communicate any activity that may require City approval before proceeding, however we would like to make one request that we feel would be a great benefit to MACA, the City and our hosts, and resolve a growing debate among various interests.

One of the City's regulations that Ms. Cotton and I discussed is the City's Sign Ordinance. According to the City Code, a sign is defined as *"any display of letters, words, numbers, figures, devices, emblems, pictures, logos, or any other means whereby the same are made visible for the purpose of*

making anything known, whether such display be on, or attached to, or as a part of a structure, surface, or any object whether manmade or natural." While it is clear that our quilt blocks could be interpreted as a sign under this definition, it is not the intent of our program to create quilt blocks for the purpose of advertising a particular business. The host contract specifically does not allow the private use of quilt blocks for advertising, or use as a logo. MACA uses the blocks to promote the Arts Council and to promote the County as a whole. In an effort to be in compliance with City Code, protect everyone's interests, and avoid any future conflict, on behalf of the Board of Directors I would like to request that the City Council deem the McDowell Quilt Trail as a public art project and exempt it from the requirements of the City of Marion's Sign Ordinance.
Thank you for this opportunity to hear our request. I would be happy to answer any questions that you may have regarding MACA or the Quilt Trail program. As always, we thank you for your ongoing support for promoting arts in the community and the generous support you have shown to our organization.

Sincerely,

Susan Pyatt, Executive Director
McDowell Arts Council Association

Council Member Cuthbertson stated that he had been asked about this matter and that he had advised that Council never intended to consider quilt blocks signs. He said he understood that at least one person had paid a sign permit fee for a quilt block. Ms. Cotton stated that MACA had already paid one sign permit fee for a quilt block and that other applications were on hold, pending the outcome of this decision.

Council Member Cuthbertson stated that Council should approve the request by MACA and authorize the reimbursement of any sign permit fees paid for quilt blocks.

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Resolution stating that quilt blocks are not considered signs for Zoning Ordinance purposes and to authorize the reimbursement of any sign permit fees paid for the placement of quilt blocks:

City of Marion
Resolution
McDowell Arts Council
McDowell Quilt Trail Program

WHEREAS, the McDowell Arts Council Association was established on February 28, 1978 with a mission to "Bring Arts to the People and People to the Arts"; and

WHEREAS, the McDowell Arts Council Association is committed to promoting local artistic heritage and sharing this legacy while promoting local artists and enriching life in McDowell County; and

WHEREAS, the McDowell Arts Council Association established the McDowell Quilt Trail in July 2009 to promote the arts, heritage, and the local economy;

WHEREAS, the City Council recognize that arts are instrumental in creating a vibrant community with unique places that yield cultural, social, and economic benefits;

WHEREAS, the City Council support the McDowell Arts Council Association in its efforts to promote arts in the community.

NOW THEREFORE BE IT RESOLVED that the Marion City Council does hereby support the McDowell Arts Council Association and their McDowell Quilt Trail program, and further do hereby exempt the program from the requirements of Section 21-121 *Signs* of the Marion City Code.

ADOPTED THIS the 6th day of April, 2010.

Stephen R. Little
Mayor

ATTEST:
J. Robert Boyette
City Manager/Clerk

Resolution Number: 10-04-6-1

CONSIDER AMENDMENT TO PLANNING AND DEVELOPMENT FEE SCHEDULE
ORDINANCE: Planning and Development Director Heather Cotton advised that Mr. Jeff Silver, owner of Signs By Design at 26 Highland Drive, recently applied for an application to install an off-premise directional sign on an existing on-premise sign located at 705 East Court Street. Mr. Silver was upset with the $250 permit cost of an off-premise directional sign due to the size limitation of no greater than eight square feet and the limitation of permitted content in comparison to an off-premises advertising sign, which can be three hundred square feet with no limits on content. He made a request to the Planning and Development Department to change the fee schedule that would make the permit fee for off-premises directional signs consistent with on-premises advertising signs.

Ms. Cotton presented the following comparison in cost for the sign being requested is identified below:

- Current cost for 8 square foot. off-premises directional sign is $250.00

AA.00000725 (24)

- Under the on-premise sign fee schedule the permit cost would be $30.00

Ms. Cotton therefore recommended that Council adopt an amendment to the Planning and Development Services Fee Schedule Ordinance to place off-premise directional signs in the same permit fee category as small on-premise signs.

Council Member Doggett stated that she was glad to see this addressed and thought that the request should be approved.

Council Member Clark stated he agrees that the permit fee should be lowered for small off-premise directional signs. He said that the reason the permit fee is so high for off-premise directional signs is because there is no limit on how many directional signs can be placed. Council Member Clark stated that he thought Council should set a limit on how many directional signs should be placed, since no one likely wanted the City to be cluttered with such signs.

Mayor Little stated that he was on the Committee that worked on the off-premise sign ordinance and that the committee discussed not wanting people to place an unlimited number of such signs around the City.

Ms. Cotton stated that she has issued permits for only two off-premises directional signs in recent years, but that a limit on the number of signs was a good idea.

A discussion followed.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance amending the Planning and Development Department Fee Schedule to lower the permit fee for off-premises directional signs and to limit businesses to no more than two off-premises directional signs:

AN ORDINANCE
ESTABLISHING FEES FOR THE PLANNING AND DEVELOPMENT DEPARTMENT FOR OFF-PREMISES DIRECTIONAL SIGN PERMIT FEES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. That the City of Marion Planning & Development Department Fee Schedule be amended to include the following:

SIGN PERMITS.
This section shall apply to all signs regulated pursuant of Section 706 *Signs, billboards and other advertising structures* of Chapter 21 *Zoning* of the Code of the City of Marion.

On Premise Signs & Off Premise Directional Signs. The permit fee for an on-premise sign or off-premise directional sign that is twenty-four (24) square feet or less that does not require a footing and/or an electrical inspection shall be $30.00 plus $1.00 for each additional square foot over 24 square feet. An on-premise sign or off-premise directional sign that is twenty-four (24) square feet or less that does require a footing and/or an electrical inspection shall be $60.00 plus $1.00 for each additional square foot over 24 square feet. The fee for a temporary two (2) week spectacular sign or directional sign permit and all other thirty (30) day temporary sign permits shall be $20.00. No fee shall be charged for a temporary sign permit for non-profit organizations with offices or locations within the City Limits.

Off-Premise Advertising Signs. The initial fee for an off-premise sign permit shall be $250.00 plus $1.00 for each additional square foot over one hundred square feet. The fee shall include footing and/or an electrical inspection. An annual renewal fee shall be charged for all off-premise advertising signs. Failure to renew an off-premise sign shall result in a revocation of permit. The annual off-premise sign fee will be as follows:

OFF-PREMISE SIGN FEE SCHEDULE	
Sign Face	**Annual Renewal Fee**
0-100 square feet	$125.00
101-200 square feet	$125.00 + $0.25 per square foot
201-300 square feet	$125.00 + $0.50 per square foot

SECTION 2. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of April 2010.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-10-04-06-4

AWARD CONTRACT – CONSTRUCTION OF CATAWBA RIVER GREENWAY PHASE 1: The City Manager advised that the City sought bids for the construction of Phase 1 of the Catawba River Greenway. Bids were received from eight firms and opened on February 23. The low bid, not including the alternate bid, was from

AA.00000726 (24)

Eagle Wood, Inc. of Denver, North Carolina, was in the amount of $402,010.34, which was more than $102,000 over budget.

The City Manager reported that Planning and Development Director Heather Cotton worked with the City's consulting engineer, McGill Associates and the low bidder to identify ways to reduce the cost of the Greenway. These ideas are outlined in the letter from McGill presented to Council, and include reducing the width of the Greenway from 10 feet to 8 feet, reducing the size of the parking lot and, most importantly rerouting the Greenway around a marshy area. The City Manager stated that, based on these changes, Eagle Wood has submitted a revised bid of $286,945.74, which brings the project in under budget. He said that the City will still not be able to complete work requested under the alternate bids, which would include paving the access road and parking lot, but the City will be able to construct an eight foot Greenway for the entire identified length of Phase One.

The City Manager stated that he would recommend that Council award the contract for the construction of the Catawba River Greenway Phase One to Eagle Wood, Inc. in the amount of $402,010 and approved Change Order One to reduce the amount of the contract by $115,064.60, for a net contract amount of $286,945.74.

Upon a motion by Council Member Cuthbetson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to award the Contract to Eagle Wood, Inc. in the amount of $402,010 and approved Change Order One to reduce the amount of the contract by $115,064.60, for a net contract amount of $286,945.74.

Council Member Clark asked who will oversee the project. Ms. Cotton stated that McGill Associates will supply construction administration and inspection services for the project.

Council Member Clark stressed the need to direct McGill to have frequent inspections to make sure the contractors construct the project properly.

The City Manager stated that the City is fortunate to have dedicated McDowell Trails Association volunteers like Frank Dean and Bill Hendley, who can assist City staff and McGill with inspections.

PUBLIC COMMENT PERIOD: Mr. Cliff McLarty was present for this meeting and stated that he would like to request that a shelter of some sort be installed at the Community Building Park Splash Pad to shield parents and grandparents from direct sunlight while watching their children.

The City Manager stated that Council Member Doggett had mentioned this idea to him the day before and that City crews should be able to design and construct an attractive looking shelter, as part of the planned improvements to the Community Building Park later in the year.

UPDATE ON DOT LOGO SIGN REQUST: The City Manager stated that he had explored opportunities for a billboard along the US 221 Bypass, petitioned for a State rule change to increase allowances for DOT logo signs at signalized intersections at either end of the US 221 Bypass and asked Senator Queen and Representative Gillespie to introduce legislation to increase allowances for the logo signs, as directed by City Council previously.

The City Manager stated that he had heard back from DOT officials in Raleigh that they would look into the request. He advised that he would also follow-up on the request with Senator Queen and Representative Gillespie. The City Manager further advised that State rules, as well as County and City ordinances, would make it almost impossible for a billboard to be placed on US 221 south of the US 221/US 221 North Business intersection. He said that it would be easier to get the logo sign rules changed, especially since the City's request seemed relatively minor.

Council Member Doggett asked if this request involved the blue DOT logo signs. The City Manager stated that the request did involve the blue DOT logo signs.

Mayor Little stated that this continues to be a great idea and encouraged the City Manager to keep up the efforts with this request.

No action was necessary on this item/.

PRESENT RECOMMENDATIOSN FOR 2010 STREET PAVING/ RESURFACING: The City Manager presented Council with a memo from Public Works Director Chris Hollifield detailing recommendations and options for the City's Spring 2010 street paving and resurfacing, to include the resurfacing of several streets and the paving of Leach Street Extension in Eastfield (as previously directed by Council). The City Manager stated that he would recommend that Council endorse the staff prioritization for street resurfacing or approve a revised priority list and then authorize staff to seek bids for the street

AA.00000727 (24)

resurfacing. He added that staff can present the bids to Council once they are received and a determination can then be made by Council which streets can be resurfaced this year, based on available funds.

The recommended priority list was as follows:

1. 4th Street, Clinchfield - resurfacing
2. 5th Street, Clinchfield – resurfacing
3. Leach Street Extension – paving of dirt road
4. Montevista Avenue - resurfacing
5. New Street (North Garden Street to North Madison Street) – resurfacing
6. Robert Street – resurfacing
7. Maple Avenue – resurfacing of a small section of street near East Court Street

The City Manager stated that the Public Works Director has estimated that it will cost $131,324 to resurface and pave the streets shown on the priority list. The City Manager stated that the City normally spends $80,000-$110,000 on street resurfacing each year. Last year, the City paved several dirt roads and limited the number of streets we resurfaced. He said that the City currently has $189,422 in its Powell Bill account. The City will spend some money on street patching and should receive around $180,000 in Powell Bill revenues in early October. The City Manager stated that, as discussed at the March 30 Council Planning Session, he hopes to reserve enough money in Powell Bill funds to be able to consider contracting a project or two in the next year, as has periodically done in the past.

The City Manager stated that staff had also received requests for speed humps at 22 locations and that he would welcome Council guidance regarding whether to study and present recommendations for these speed humps. If so, the City could ask pavers to submit a unit price for speed humps and Council could award a contract for as many speed humps they wish.

A discussion followed.
Council Member Cuthbertson stated that the City should focus on patching and resurfacing streets, given the rough winter experienced in the area, and not construct additional speed humps.

The City Manager stated that staff may have one speed hump to recommend in a high volume, cut through area.

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to endorse the Spring 2010 street resurfacing and paving priority list recommended by staff and authorize staff to seek bids for this work.

PRESENT REQUEST FROM YMCA FOR USE OF DEPOT FOR STRONG KIDS CAMPAIGN EVENT: The City Manager advised that Mr. Tim Blenco, Executive Director of the Corpening YMCA, submitted a letter, requesting free use of the Depot on Tuesday evening, April 27, from 5:30 p.m. to 7:00 p.m. for a Strong Kids Campaign Victory Dinner. The Strong Kids Campaign is an effort of the YMCA to raise money for financial assistance to allow young people to join the YMCA and attend camps and other programs.

The City Manager stated that Council typically does not waive charges for rentals of the Depot or Community Building, but has on occasion made a donation to a requesting non-profit organization that can be used to pay the rent. The YMCA is an organization to which the City could make a donation.

Upon a Motion by Mayor Pro Tem, seconded by Council Member Cuthbertson, Council voted unanimously to make a$200 donation to the Corpening YMCA that could be used to pay the Depot rent.

REQUEST – CITY PARKING LOT - NEW COFFEE SHOP: Mr. Matthew Hebb walked into the Council Chamber during this segment of the meeting and asked that he be allowed to speak to Council.

Mr. Hebb stated that he is opening a coffee shop on West Henderson Street and would like to request that Council change the hours of City owned off-street parking lot to allow parking between the hours of 6:00 a.m. and 2:00 a.m., since he planned for his business to be opened these hours, at least on weekends. Mr. Hebb stated that he has recently moved from Asheville and wished to commend the Planning and Development Department staff, who have been excellent to work with, especially as compared to the City of Asheville.

Council Member Clark stated that this suggestion sounded good to him and that staff should look at the request and bring a recommendation back to Council at the next meeting.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

AA.00000728 (24)

The City Manager advised that a letter was sent to the Federal Surface Transportation Board, requesting a six month extension of the negotiating period with Norfolk Southern Railway (NS) for the Peavine Rail Line. He said that the City had talked with NS periodically, but recently learned that the NS contact had retired. His supervisor suggested that the City extend the negotiating period again and check back in a few weeks after a replacement is hired.

The City Manager stated that he had spoken to the supervisor of the retired NS contact in late March and told him that the City ideally wanted the right of way donated to the City. The NS contact said he would see what he could do. A few days later, NS sent one of their real estate people to look at the right of way with the City Manager. This NS representative agreed that the right of way is good for little other than a trail or rail line and that he would do what he could to make the City the best deal possible. The City Manager said he urged both people with NS to convince NS to give the City the right of way and neither NS representative indicated that such a request was out of the question.

The City Manager advised that the City's Census participation (response) rates were initially good, but now lagged behind the County, State and National rates. He said that he would like to have City Sanitation personnel deliver a letter to all households in the City, asking people to mail back their Census forms as soon as possible. Mayor Little and City Council Members expressed no objection to this suggestion by the City Manager and recommended that one side of the notice be in English and the other side in Spanish.

The City Manager stated that the City is waiting to hear whether it was funded for the State Energy Grant application submitted in conjunction with the County. This grant was written to relamp most City buildings with more energy efficient lighting.

The City Manager stated that he and Ms. Cotton, along with Council Member Cuthbertson (representing McDowell County Schools) met on March 30 with the consultants working with the Muddy Creek Restoration Partners on plans and a grant application for a greenway and stormwater treatment along the creek behind the Police Department and the School Central Office. The consultants are working on cost estimates to determine if the City could apply an in-kind service match for the grant. The City Manager said the grant is due April 30, so he should have more information at the April 20 Council meeting.

The City Manager stated that staff is awaiting the receipt of comments from DOT for the Downtown Streetscape Plan. Planning and Development Director Heather Cotton reported that she had received verbal approval from DOT for the downtown way finding signage and that written approval would hopefully be received in the near future. She added that she would next seek DOT approval for the interstate/bypass way-finding signage.

The City Manager advised that the City's annual City Open House for the Third Graders has been set for Friday, April 23. Old Fort Elementary will not participate. New Manna Christian School will participate for the first time. The home school children will not participate this year, nor will Marion Christian Academy, although both the home schoolers and Marion Christian Academy may participate next year.

The City Manager advised that complaints had been received about Ronny Turner Construction not completing punch list repairs and patching related to the Wastewater Improvements Project. Needed work includes patching on Finley Road and Cross Street and patching and drainage work on Bungalow Drive. The City Manager stated that staff had been pushing McGill to get the contractor to complete this work for some time. He advised that McGill indicated that the contractor would be in the next two days to complete the punch list work and that staff would check to make sure the work is done.

Council Member Clark stated that Ronny Turner Construction has not completed this project in the manner in which the contract states and in a timely manner. He gave an example of a large cut across Finley Road remaining open and uncovered for several months. Council Member Clark made a motion that if the punch list items are not completed by Thursday, that the City will issue a stop work order and initiate steps to terminate the contract.

The motion died from lack of a second.

Mayor Little stated that he would like this issue placed on the next agenda if the punch list items are not completed this week.

The City Manager stated that Shelby Music would be in on Thursday to install the sound system for the City Council Chambers.

The City Manager stated Planning and Development Director had developed a design for the Farmer's Market sign and Building Inspector Jay Suttles was close to selecting an electrician to complete the needed

AA.000000729 (24)

wiring work and light installation at the Farmer's Market. Both are working to complete these projects by the time the Market opens in late May. The City Manager stated that he, Ms. Cotton and Marion Business Association Director had chosen a good place for the donor sign on the far eastern end of the Shelter closest to the railroad tracks. He said that there have also been requests for benches under the Shelter. If there is money left over in the project, benches can be purchased.

The City Manager advised that the Revis Group is making great progress on the new City website, to be followed by consulting work regarding the City channel, Facebook and other communications issues. The City Manager stated that the Revis Group has stated that the website should go live on April 30 and has proposed holding a launch party on or before that date at their office to publicize the new website. Mayor Little and City Council Members expressed no objection to the idea of the launch party being held at the Revis Group office to publicize the new City website.

The City Manager commended Police Chief Mark Brooks for going through all Police Department policies and updating the Department's Policy Manual. He said that Chief Brooks wants to pursue national accreditation of the department and is seeking a grant to assist with this effort. The City Manager further stated that he is hearing many positive comments from the public about Chief Brooks visiting businesses and meeting people in the community.

COUNCIL MEMBER COMMENTS:

Council Member Doggett stated that a section of New Street where City Maintenance ends at the New Manna Church property has issues with speeding. She said that there have been many near misses. Mr. Cliff McLarty stated that he has witnessed a lot of problems at that location as well.

Mayor Clark stated that the Street Committee could look at this request. Council stated no objection to the Street Committee and staff looking at this matter.

Mayor Little stated that he wanted Council to think about an ordinance prohibiting City employees from talking on cell phones while driving a City vehicle. He advised that many cities had adopted similar restrictions.

ADJOURNMENT: Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.00000730 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening April 20, 2010 at 6:00 P.M. in the City Council Chamber located at 194 North Main Street.

***Note**: Due to Mayor Little and Council Member Doggett having another engagement to attend, it was the consensus of Council to start this meeting at 6:00 P.M. in lieu of 7:00 P.M., with the scheduled Public Hearing still held at 7:00 PM as advertised. Notice of the earlier meeting time was provided in accordance with State law.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Gaye Noblitt, Police Lieutenant; Joshua Piercy, Police Corporal; Mike Conley, News Reporter, McDowell News; Steve Irish, News Reporter, The News Bulletin.

GUESTS PRESENT: Chris Revis and Mark Lyons, The Revis Group; Brittany Hollifield and Danylle Cupp Photojournalists from McDowell Technical Community College; Matthew Hebb, 151 Roane Street, Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Martin, seconded by Mayor Pro Owenby, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – April 6, 2010 City Council Minutes

B. Adopt Resolution of Consideration for Annexation

RESOLUTION IDENTIFYING THE AREA DESCRIBED HEREIN AS BEING UNDER CONSIDERATION FOR ANNEXATION

BE IT RESOLVED by the City Council of the City of Marion:

SECTION 1. That pursuant to G.S. 160A-37 (1), the following described areas are hereby identified as being under consideration for future annexation by the City of Marion under the provisions of Part 2, Article 4A of Chapter 160A of the General Statutes of North Carolina.

The description below is in reference to the map which will be certified as the actual area under consideration. This map will be placed on display in the Office of the City Planner and the City Clerk.

This Resolution of Consideration will include these described areas which are contiguous to the City Limits of the City of Marion on the 20th day of April, 2010.

Areas under consideration will include all properties which are either contiguous to, have access to, or are in development which are directly connected to the streets listed as boundaries. This is to be understood unless otherwise stated. This description will include all properties which lie between these listed boundaries and the area currently under consideration as noted above.

DESCRIPTION OF AREAS UNDER CONSIDERATION

BEGINNING at a point located at the intersection of U.S. Highway 70 East and the center of the bridge over Southern Railway. Thence in a straight line traveling in a Southerly direction, to the center of the bridge at the intersection of Fairview Road (SR 1741) and Interstate 40. Thence in a straight line, in a Southerly direction, to a point 2600 feet South of Interstate 40 located on N.C. Highway 226 South. Thence following a line 2600 feet South of and parallel to Interstate 40 in a Westerly direction, to a point where said line intersects with Marler Road (SR 1257). Thence following Marler Road (SR 1257) in a Northerly direction to its intersection with Zion Hill Road (SR 1137). Thence following in a straight line, in a Northerly direction, to a point on Interstate 40 located 1300 feet West of Nix Creek Road (SR 1911). Thence following a line 1300 feet West of and parallel to Nix Creek Road (SR1311) in a Northwesterly direction to a point located 650 feet to the end of Waycaster Road (SR 1319). Thence in a straight line Northerly direction to a point located 650 feet West of the end of Clear Creek Road (SR 1422). Thence following the line 650 feet North of and parallel to Clear Creek Road (SR 1422) in a Easterly direction to a point located 650 feet West of Lake Tahoma Road (N.C. Highway 80. Then following the line 650 feet West of and parallel to Lake Tahoma Road (N.C. Highway 80) to a point 650 feet West of the intersection of Lake Tahoma Road (N.C. Highway 80) and Tom's Creek Road (SR 1434). Thence following a line 650 feet West of and parallel to Tom's Creek Road (SR 1434) in a Northerly and Easterly direction to a point located on U.S. 221 North 650 feet North of the intersection of U.S. 221 North to Tom's Creek Road (SR 1434). Then in a straight line in an Easterly direction to the

AA.00000731 (24)

intersection of Cannon Road (SR 1553) and CSXT Railroad. Thence in a straight line in a Southeasterly direction to the intersection of Hankins Road (SR 1502) and Yancey Road (SR 1504). Thence in a straight line in a Southeasterly direction to the intersection of Hankins Road (SR 1501) and Yancey Road (SR 1504). Thence in a straight line in a Southeasterly direction to the point of BEGINNING.

SECTION 2. Owners of agricultural land, horticultural land and forestland within the area(s) under consideration for annexation as described in Section 1 above are hereby notified that they may have rights to a delayed effective date of annexation. G.S. 1604A-49 (f1) and (f2) provides that land being taxed at present-use value qualifies for delayed annexation, and land that is eligible for present use value taxation but which has not been in actual production for the time period required by G.S. 105-277.3 may qualify for delayed annexation by making application to the McDowell County Tax Assessor for certification. For qualified tracts, the annexation will not become effective for most purposes until the last day of the month in which the tract or part thereof becomes ineligible for present use value classification under G.S. 105277.4 or no longer meets the requirements of G.S. 160A-49 (f1) and (f2). Until annexation of a tract becomes effective, the tract will not be taxed by the City and will not be entitled to services from the City.

SECTION 3. That a copy of this Resolution shall be filed with the City Clerk.

ADOPTED this the 20th day of April, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-10-04-20-1

C. Approve Waiver of Civil Citation Penalty

Ms. Virginia Greene was issued a $10.00 parking citation on April 6, 2010 for parking in a handicapped parking space in the Lowe's Parking Lot without having a handicapped placard visible. Ms. Greene provided evidence to the City Manager that she possesses a handicapped placard and simply failed to display it on April 6. Therefore, Council approved the waiver of the $10.00 penalty for this citation.

D. Adopt Ordinance to Add Habitat Drive to Traffic Schedule:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
HABITAT DRIVE	STOP SIGN	AT CHURCH STREET (CF)
		AT SHORT STREET (CF)

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of April, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-10-04-20-2

E. Approve Street Closure – Main Street – Going Home Free Will Baptist Church for Car Show:

Council approved the closure of Main Street between Fort and Court Streets on Saturday, May 8 from 4:00 p.m. to 8:00 p.m. for the Run to the Son Annual Car Show to be held by Going Home Free Will Baptist Church.

AA.000000732 (24)

F. Adopt Resolution Authorizing the Sale of City Property on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on March 17, 2010, Mr. Wynn Jackson submitted a bid in the amount of $2,500 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on March 23, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Jackson to purchase the property, as described above, for a sum of $2,500, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Jackson; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on March 31, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on April 7, 2010, Hopewell Road, LLC submitted a bid in the amount of $2,675 for the purchase of the property described above; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Hopewell Road, LLC is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Mr. Jackson and to complete the sale of the property described above to Hopewell Road, LLC, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Mr. Wynn Jackson to purchase the above described property for $2,500, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

3. The City Clerk shall refund Mr. Jackson the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Hopewell Road, LLC to purchase the above described property for $2,675, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Hopewell Road, LLC of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,675.

Adopted this the 20th day of April, 2010.

Stephen R. Little, Mayor

RESOLUTION NUMBER: R-10-04-20-2

G. Adopt Resolution Directing Clerk to Investigate a Petition for Annexation – McDowell County Schools/Lukin Street Property:

AA.00000733 (24)

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – MCDOWELL COUNTY SCHOOLS/LUKIN STREET - 2010

WHEREAS, a petition requesting annexation of an area described in said petition was received on April 15, 2010 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 20th day of April, 2010.

RESOLUTION NUMBER: R-10-04-20-3

H. Receive Certificate of Sufficiency – McDowell County Schools/Lukin Street Annexation:

CERTIFICATE OF SUFFICIENCY – MCDOWELL CONTY SCHOOLS/LUKIN STREET ANNEXATION – 2010

To the City Council of the City of Marion:

I, J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-31.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 20th day of April, 2010.

(Seal)

J. Robert Boyette, City Clerk

I. Approve Resolution Fixing the Date of Public Hearing on the Question of annexation – McDowell County Schools/Lukin Street Property:

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – MCDOWELL COUNTY SCHOOLS – LUKIN STREET - 2010

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, May 18, 2010.

Section 2. The area proposed for annexation is described as follows:

Tract One

BEING that certain 2.55 acre tract as shown on the recorded plat recorded in Book 4 at page 264, McDowell County Register of Deeds to which reference is hereby made for a full metes and bounds description.

This conveyance is made SUBJECT to the right of way easement shown on recorded plat referred to above.

AA.00000734 (24)

AND BEING a portion of the lands described in that certain Deed dated January 19, 1978 from Grayson W. Davis and wife, Patricia W. Davis to Foothills Industries of McDowell County, Inc., and recorded in the Office of the Register of Deeds for McDowell County, NC in Book 269 at page 494, to which reference is hereby made.

A map showing the above described property is recorded in Plat Book 4, Page 264.

Tract Two

BEGINNING on an iron pin set in the property line common to Arthur Hooper and Foothills Industries of McDowell County, Inc., said iron pin being located North 48 degrees 59 minutes 14 seconds East 237.88 feet from an existing iron pin, the 2nd corner of the Foothills Industries of McDowell County, Inc. property of which this description is a part, and runs thence from said beginning iron pin and with the Hooper line, North 48 degrees 59 minutes 14 seconds East 127.04 feet to an existing angle iron, the 3rd corner of said Foothills Industries of McDowell County, Inc. property; thence with the line of Brown, South 87 degrees 12 minutes 17 seconds East 197.02 feet to an iron pin set in the J. C. Webb line; thence with said Webb line, South 43 degrees 23 minutes 50 seconds East 211.87 feet to an existing iron; thence continuing with said Webb line, South 76 degrees 45 minutes 19 seconds East 15.16 feet to an existing iron pin; thence with the lines of Ramsey and Washburn, South 47 degrees 00 minutes 36 seconds West 248.87 feet to an iron pin set; thence a new line North 47 degrees 15 minutes 38 seconds West 370.88 feet to the BEGINNING. Containing 1.89 acres, description furnished by R.L. Greene.

AND BEING a portion of the lands described in that certain Deed dated January 19, 1978 from Grayson W. Davis and wife, Patricia W. Davis to Foothills Industries of McDowell County, Inc., recorded in the Office of the Register of Deeds for McDowell County, NC in Book 269 at page 494 to which reference is hereby made.

Reference is hereby made of Foothills Industries of McDowell County, Inc. property recorded in Plat Book 4 at page 204, McDowell County Register of Deeds (plat prepared by R. L. Greene, dated July 12, 1984).

Section 3. Notice of the public hearing shall be published once in The News Bulletin, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 20th day of April, 2010.

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-10-04-20-4

PRESENTATION OF INTERMEDIATE LAW ENFORCEMENT CERTIFICATE TO CORPORAL JOSHUA PIERCY: Chief Brooks presented Police Corporal Joshua Piercy with his Intermediate Law Enforcement Certificate from the North Carolina Department of Justice.

Chief Brooks presented Officer Piercy with his certificate that read as follows:

Department of Justice
Of the State of North Carolina
North Carolina Criminal Justice Education and Training standards Commission
By virtue of the authority vested in the laws of the State and in recognition of the satisfactory completion of the basic training requirements and the demonstrated ability to perform those tasks required of a criminal justice officer, the North Carolina Criminal Justice Education and Training Standards Commission hereby awards to

JOSHUA ANDREW PIERCY
This
Intermediate
Law Enforcement Certificate

Signed this 30th day of March, 2010

_____
Commission Chairman

_____
Director, Criminal Justice
Standards Division

Chief Brooks stated that Corporal Piercy serves on the night shift and has been with the City for about four years.

AA.00000735 (24)

Mayor Little and Council Members thanked Corporal Piercy for a job well done and commended him for his dedication to the City.

PREVIEW OF UNDATED CITY WEBSITE: Mr. Chris Revis and Mr. Mark Lyons of the Revis Group presented Council with a short preview of the City of Marion's new website.

The City Manager added that Planning and Development Director Heather Cotton and other City staff have worked closely with the Revis Group to provide information for this website.

Mr. Lyons stated that the beta site for the new website would be visible by April 30 and the site is scheduled to go live by May 15.
Mayor Little and Council Members made some suggestions on how the website could be improved, but expressed their approval with the general appearance and content of the website.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

COSIDER ADOPTION OF ORDINANCE TO EXTEND HOURS FOR PARKING IN CITY OFF-STREET PARKING LOTS: The City Manager advised that, as requested by Mr. Matthew Hebb of the Caffeine Underground, he drafted an ordinance to extend the hours of parking in City all-day off-street parking lots, except for the South Garden Street parking lot. The City Manager advised that he had originally proposed that parking be allowed in these parking lots between 6:00 a.m. and 2:00 a.m. The City Manager also reported that he added a provision to the draft ordinance to allow parking at all times for persons residing within two blocks of a parking lot, if such residents display a City parking tag or sticker (we could decide later whether to charge for said tag). The idea of this provision is to further encourage upper floor residential uses in the downtown area.

The City Manager stated that he sent a proposed ordinance to Matthew Hebb and encouraged him to provide comments and/or attend the April 20 Council meeting. Mr. Hebb suggested that, with his coffee shop staying open until 2:00 a.m., his employees would need to be able to park until about 3:00 a.m. Based on these comments, the City Manager said he revised the draft ordinance to allow parking between 6:00 a.m. and 3:00 a.m. He added that it would almost make sense to eliminate the restrictions altogether, but it might be good to leave a few hours when parking is restricted if for no other reason than to make a statement that the City does not want people parking overnight.

Mr. Hebb was present for this discussion. He said he supported the proposed ordinance and agreed that there should be a time when parking is restricted, so as not to encourage overnight parking.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance amending the hours of parking for City owned off-street parking lots as follows:

ORDINANCE
AMENDING CHAPTER 18
TRAFFIC
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 18, Traffic, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 18 is amended by deleting Section 18-258 in its entirety and replacing it with the following:

Sec. 18-258. All-day parking lots.

(a) The parking lots described in subsections (2) through (6) of section 18-256 are hereby designated as all-day parking lots. No person shall park any motor vehicle and leave such vehicle parked in any of the above described all-day parking lots between the hours of 3:00 a.m. and 6:00 a.m. local time, except for persons residing within two blocks of a particular parking lot, who may park their personal vehicles in the all-day parking lot closest to their residence at any time the lot does not carry restrictions of use in accordance with posted signs if a parking tag or sticker issued by the City is displayed.

(b) The parking lot described in subsection (7) of section 18-256 is hereby designated as an all-day parking lot with restrictions of use at certain times in accordance with posted signs. No person shall park any motor vehicle and leave such vehicle parked in the above described all-day parking lot between the hours of 3:00 a.m. and 6:00 a.m. local time, except for employees of the McDowell County Emergency Medical Services, who may park their personal vehicles in this parking lot while on duty at any time the lot does not carry restrictions of use in accordance with posted signs.

(Code 1982, § 7-1192; Ord. of 9-2-97, § 1; Ord. No. O-01-10-02-2, § 3, 10-2-01; Ord. No. O-06-03-07-3, § 3, 3-7-06; Ord. No. O-06-05-02-2, § 3, 5-2-06)

AA.0000007936 (24)

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of April, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-10-04-20-3

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager presented Council with a draft sketch of the historic marker recognizing Roy Williams. The draft showed the proposed wording that had been suggested for the sign. The City Manager related that, per previous Council direction, no City funds would be used for this sign.

Mayor Pro Tem Owenby asked how the City would go about raising the money for the marker. The City Manager suggested that an appeal could be made to the public for funds, once the design and cost of the sign were identified.

Council Member Martin stated that he felt the wording was fine with one minor change.

The City Manager's asked for Council to provide any further edits to the sign design or wording to him as soon as possible, so that the design could be sent to a marker company in order for an estimate to be prepared.

The proposed

ROY WILLIAMS
National championship winning college basketball coach
for University of North Carolina and Member of
Basketball Hall of Fame. Born 1950 in Marion General
Hospital, which stands one block north.

No action was taken on this item.

The City Manager advised that the Catawba River Greenway ground breaking is scheduled for Friday, April 30 at 12:00 Noon on the Greenway site. Mayor Little stated that this is a very exciting moment for the City and that we would like as many Council Members as possible to attend.

Council Member Cuthbertson stated that he would be out of town that day and unable to attend.

The City Manager stated that the Sugar Hill Road/Super Wal Mart commercial development property closing is scheduled to take place on April 26, with construction to follow soon thereafter. Mayor Little related that the deeds have been signed for the property to be included in the development.

The City Manager stated that Planning and Development Director Heather Cotton had completed the sign design for the Farmer's Market donor sign and the sign will soon be made by a sign company. He added that Building Inspector Jay Suttles is working with electricians to wire the shelter and install lighting. Both projects will be completed by the time the market opens in late May.

The City Manager advised that the City had been awaiting the receipt of comments from DOT for the Downtown Streetscape Plan. He stated that DOT District Engineer Doug McNeal had told him the week before that the Plan generally looked good and that DOT would provide feedback on a couple of details. The City Manager added that Mr. McNeal was working to obtain $50,000 in DOT funding for the project and to obtain approval of the resurfacing of Main Street by 2011. The City Manager advised that downtown way finding signage would be installed by the end of June.

The City Manager stated that city crews would be working for the next couple of weeks to complete patching of City streets. As previously reported, the cold weather was very hard on our streets this year. City crews will also work to complete the Eastfield Community Park by summertime.

Mayor Little stated that the patching of State Steeet, where a water line was recently completed, needed to take place. Public Works Director Chris Hollifield stated that the patching is half way complete and will be completed later in the week, as soon as there is dry weather and asphalt is available.

AA.000000737 (24)

Council Member Martin stated that there is an urgent need for patching on sections of Logan Street adjacent to the Community Building Park. The City Manager advised that Logan Street is a DOT street and the need for patching would be communicated immediately to DOT District Engineer Doug McNeal.

The City Manager advised that the State had approved the City's request to allow television towers to remain on Mt. Ida and that a revised deed for the property had been submitted and recorded to allow the tower site to be subdivided from the grant funded tract. This will allow the grant to be closed out. The City will need to pay the State for the appraised value of the land ($20,600), reimbursing them for the grant proceeds for this part of the property. UNC-TV and WLOS will pay for all associated costs with this request.

The City Manager advised that Mr. James Nations of Duke Energy had identified 30 power poles in the City that could be removed, as had been mentioned previously by Council.

Council Member Clark stated that he had spoken with Mr. Steve Swaim of Duke Energy about the many abandoned power poles in the City that needed to be removed, that word got back to Mr. Nations, resulting in these 30 poles being identified for removal. Council Member Clark suggested that the City send a note to Mr. Swain thanking him for his efforts and congratulating him on his upcoming retirement. The City Manager said that he would do so.

The City Manager advised that the Eight Annual City Open House for the Third Graders has been set for Friday, April 23. The event will take place as in past years. Old Fort Elementary will not participate. New Manna Christian School will participate for the first time. The home school children will not participate this year, nor will Marion Christian Academy, although both the home schoolers and Marion Christian Academy may participate next year. Baxter Healthcare will cook lunch and provide food and drinks.

Council Member Clark stated that a lot of cities are now hosting such open house events, but Marion was one of the first cities to do so.

The City Manager stated that he had received notice that the City and County had been selected for a Source Protection Award for the Buck Creek Watershed Plan. He advised that the award would be received in May and could then be formally presented to City Council.

The City Manager advised that he and Planning and Development Director Heather Cotton along with Council Member Cuthbertson (representing McDowell County Schools) met on March 30 with the consultants working with the Muddy Creek Restoration Partners on plans and a grant application for a greenway and stormwater treatment along the creek behind the Police Department and the School Central Office. The consultants are working on cost estimates to determine if the City could apply an in-kind service match for the grant. The City Manager stated that after this meeting, additional discussions were held with Dr. Chris Nevant and McDowell County Schools and both property owners have agreed to donate part of their property to implement the proposed design. The grant application is due April 30 and it may take several months to learn if the project has been funded.

The City Manager presented Council with a copy of a news release regarding the annual Downtown Cleanup on Saturday, April 24. The City Manager stated the City will have volunteers and City staff picking up trash and weed eating that day.

Planning and Development Director Heather Cotton advised of current McDowell Arts Council Association activities, including a Port-a-Pit chicken dinner on May 7.

The City Manager stated that the joint dinner meeting with the County Commissioners was scheduled for Thursday evening, April 29 at 5:45 PM at Countryside Barbeque on Rutherford Road.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Owenby stated that he had received complaints about a barking dog on Lincoln Avenue. However, the man who had complained had provided very little information, so not much can be done without more details being provided.

Mayor Little stated that the next E-3 forum will be held on Friday, April 30 at the Depot. Congressman Heath Shuler will speak. Mayor Little said that the starting time will be later than usual at 8:45 a.m., since Congressman Shuler said he must take his son to school that morning.

AA.0000007738 (24)

Mayor Little stated that a Closed Session needs to be held at the May 4 Council meeting to discuss a matter involving the acquisition of real property.

Council Member Cuthbertson stated that he had forwarded information to the City Manager on a possible grant program for a shelter at the Community Building Park Splash Pad, as had been discussed at the previous Council meeting.

Council Member Clark advised that changes may be coming to the City's health insurance as a result of recent Federal health care legislation. The City Manager stated that he is anxiously waiting to receive the City's health insurance rates for 2010-11. He said that the City's claim history for the past 12 months had been very good and the City's Wellness Program continued to be a great attribute for the City.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – DAY'S INN/US 221 SOUTH SATELLITE ANNEXATION: Mayor Little stated that it is now 7:00 PM, as advertised for the Day's Inn/US 221 South Annexation public hearing. Mayor Little opened the Public Hearing.

The City Manager advised that the City had completed the annexation process for the Day's Inn/US 221 South satellite annexation request. A public hearing must be held on the proposed annexation, after which time Council may adopt an ordinance to annex the property, effective June 30, 2010.

There were no citizens present to discuss this annexation request.

Mayor Little closed the Public Hearing.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance to extend the Corporate Limits of the City of Marion to include the Day's Inn/US 221 South satellite annexation property:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
DAY'S INN/SAA INCORPORATED/US 221 SOUTH - 2010

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, April 20, 2010, after due notice by publication on Wednesday, April 7, 2010; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of June 30, 2010:

BEGINNING on an existing iron pin, said existing iron pin marking the southern margin of the right-of-way for Interstate I-40 said, existing iron pin also being located North 86 degrees 01 minutes 39 seconds West 317.52 feet from a P.K. Nail set in the western margin of the right-of-way for U.S. Highway 221; thence, South 86 degrees 01 minutes 39 seconds East 317.52 feet to a P.K. Nail set in the western margin of the right-of-way for U.S. Highway 221; thence, South 86 degrees 01 minutes 39 seconds East 50.00 feet to a point in the centerline of U.S. Highway 221; thence, following the centerline of U.S. Highway 221, South 04 degrees 00 minutes 19 seconds West 493.86 feet to a point in the centerline of U.S. Highway 221; thence, leaving U.S. Highway 221, South 86 degrees 10 minutes 28 seconds West 50.48 feet to an existing iron pin set in the western margin of the right-of-way for U.S. Highway 221; thence, South 86 degrees 10 minutes 28 seconds West 93.96 feet to an existing iron pin set; thence, North 03 degrees 19 minutes 55 seconds West 140.06 feet to an existing iron pin set; thence, South 87 degrees 43 minutes 16 seconds West 237.69 feet to an existing iron pin set; thence, South 76 degrees 03 minutes 12 seconds west 363.82 feet to an existing iron pin set near a creek; thence, North 15 degrees 08 minutes 24 seconds West 24.96 feet to an existing iron pin set in the margin of the right-of-way of Interstate I-40; thence, following the margin of the right-of-way for Interstate I-40. North 38 degrees 56 minutes 28 seconds East 193.12 feet to a right-of-way monument; thence, North 43 degrees 29 minutes 26 seconds East 226.23 feet to a right-of-way monument, thence, North 46 degrees 13 minutes 58 seconds West 9.71 feet to a right-of-way monument, thence, North 46 degrees 26 minutes 42 seconds East 203.05 feet to an existing iron pin set in the southern margin of the right-of-way for Interstate I-40, said existing iron pin marking the point and place of beginning. Containing 5.61 acres more or less as shown by that certain unrecorded plat of survey dated the 20th of November 2004 and prepared by Surveying Dimensions, Donald R. McEntire, Registered land surveyor, #L-4183.

AND BEING the same land as described in and conveyed by that certain deed which is duly recorded in the office of the Register of Deeds for McDowell County in Deed Book 485 at page 610.

AA.000000739 (24)

Section 2. Upon and after June 30, 2010, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 20th day of April, 2010.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting with the McDowell County Board of Commissioners on Thursday, April 29, 2010 at 5:45 P.M. at Countryside Barbeque located at 2070 Rutherford Road.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members Juanita Doggett and Billy Martin.

Council Members Everette Clark and Lloyd Cuthbertson could not be present for the meeting due to scheduled meetings out of town.

MCDOWELL COUNTY BOARD OF COMMISSIONER MEMBERS PRESENT: Chairman David Walker, Vice Chairman Barry McPeters, Commissioners Michael Lavender and Andy Webb.

Commissioner Dean Buff was not present for the meeting.

OTHERS PRESENT: Bob Boyette, City Manager; Chuck Abernathy, McDowell County Manager; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Karin Conley.

WELCOME/COMMENTS: Mayor Little and Chairman Walker opened the meeting and welcomed those who were present. Mayor Little stated that no business would be conducted tonight, as this was a meeting to allow fellowship between the City Council and Board of Commissioners.

Chairman Walker stated that he appreciated the working relationship between the City and County and what the City did for the community and its citizens every day.

Mayor Little invited everyone present to attend the Catawba River Greenway Phase 1 groundbreaking the next day at 12:00 Noon at the Greenway site off of Highway 70 West.

It was agreed by general consensus that the County would host a similar gathering within the next six months.

ADJOURNMENT: The meeting was adjourned at 6:50 P.M.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, May 4, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, and Billy Martin.

Council Member Juanita Doggett was not present for this meeting due to being out of town.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Marc Cook, President, Marion Business Association; Freddie Killough, Executive Director, Marion Business Association; Mike Conley, News Reporter, McDowell News; Kaitlyn Evans, News Reporter, The News Bulletin.

GUESTS PRESENT: Tom & Jaime Stone P.O. Box 1516 Marion, NC; Margaret Lawing 220 California Avenue, Marion, NC; Ed Rankin P.O. Box 639 Marion, NC; Lisa Hanlon 1344 Old Highway 10E Marion, NC; Marc Cook 206 North Madison Street, Marion, NC; Jed & Susan Rankin 462 Forest Heights Drive Marion, NC; Beth Ross 74 Rainbow Trout Drive, Marion, NC; Scott Hagaman 50 Deep Woods Drive Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY MAYOR STEPHEN R. LITTLE: Mayor Stephen R. Little selected the Citizen of the Month for April 2010.

Jaime Rankin Stone

Mayor Little stated that Jamie Rankin Stone grew up in Marion and in the First Baptist Church. She was active in the Youth Choir at First Baptist Church, as well as the symphonic band and the marching band at McDowell High School. Mrs. Stone was also a majorette, a member of the National Honor Society and graduated with honors from McDowell High School. She graduated with honors from Western Piedmont Community College with an A.S. degree in Medical Laboratory Technology and later graduated Summa Cum Laude from N.C. State University with a B.S. degree in Health Occupations Education. Ms. Stone is a licensed Clinical Laboratory Scientist with Specialty in Chemistry.

Mayor Little advised that Mrs. Stone's first job was at the Marion General Hospital in the 1970's. She then worked a few years in her father's business, Marion Credit, before moving to Raleigh and working in the chemistry lab at Rex Hospital. Mrs. Stone later worked with St. Joseph's Hospital and then with a company called Becton Dickinson where she traveled over the country installing and repairing lab equipment in clinics and doctor's offices. Health issues forced Ms. Stone to retire early.

Mrs. Stone later responded to an ad in the McDowell News for volunteers for a free medical clinic in March 2009. She fell in love with the clinic work and become the clinic director in April of that year. When this clinic closed, Mrs. Stone put together a Steering Committee to start a new clinic under the leadership of Dr. Scott Hagaman at the First Baptist Church. The Clinic was named the Good Samaritan Clinic, reopened on February 16, 2010 and has been a tremendous success.

Mayor Little stated that Mrs. Stone also enjoys spending time with her family and she and her husband recently bought their dream home on Airport Road.

Council Member Cuthbertson arrived for this meeting at 7:15 PM during the Citizen of the Month presentation.

Mayor Little, Council Members, family and friends all shared kind words about Mrs. Jaime Rankin Stone.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Clark, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – April 20, 2010 Regular City Council Meeting Minutes

B. Approve Budget Ordinance Amendments:

CITY OF MARION, NORTH CAROLINA
2009-2010 BUDGET ORDINANCE

Tuesday, June 8, 8:00 AM - MBA Annual membership meeting and breakfast.
Saturday, June 26 – Honey Bee Arts Festival – Main Street

Every Thursday Night, 7:00 PM – Free Bluegrass Music Jam @ Depot

Marion Business Association Executive Director Freddie Killough invited Mayor Little and Council Members to attend the next E-3 Forum scheduled for Friday, May 7 at the Depot.
Mayor Little thanked Mr. Cook and Ms. Killough for their presentation and for the hard work of the Marion Business Association.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

PRESENTATION OF BUCK CREEK SOURCE WATER PROTECTION PLAN: Public Works Director Chris Hollifield gave a brief presentation on the Buck Creek Source Water Protection Plan that the City, County, State and other agencies and citizens worked on for the past year. The purpose of the Plan is to improve water quality in the Buck Creek Watershed, the City's main water supply, and to ensure that the City has an adequate quantity of water.

A copy of the plan was presented to each Council Member.

Council Member Clark stated that this is an important document and that Council Members only received the document on Friday. Council Member Clark said that the Plan appeared to be very good, but he wanted to make sure that what the Plan called on the City to do to protect the Watershed was not too much of a burden on the City's staff resources. Mayor Little suggested that approval of this document should be tabled until Council has time to review the document in more detail.

The City Manager stated that Council adoption of the Plan is not needed at the present time and that he agreed it would be a good idea to understand the City's responsibilities. The City Manager advised that the City and County had recently been selected to receive a State Source Water Protection award for this Plan. He advised that many people have worked hard on this project, particularly Public Works Director Chris Hollifield and Water Plant Superintendent Steve Miller.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, those members of Council present voted to table consideration of the Source Water Protection Plan until the June 1 Council meeting, at which meeting further review of the Plan can take place.

CONSIDER ADOPTION OF ORDINANCE TO INCREASE PROHIBITIONS AGAINST TOBACCO USE IN CITY PARKS AND ON CITY PROPERTY: The City Manager stated that, as discussed during the February 25 Council Planning Session, he had drafted an ordinance to extend prohibitions against tobacco use to areas outside of City buildings, in City parks and under the Farmer's Marker Shelter. The ordinance proposes that tobacco use continue to be prohibited in all City buildings and vehicles, and also prohibited on sidewalks in front of City buildings, within 30 feet of public entrances to City buildings, within 10 feet of non-public entrances to City buildings, within all City parks, under the Farmer's Market Shelter and in other areas designated as no smoking areas and would become effective July 1, 2010. The City Manager stated that, in many of these areas such as City parks and under the Farmer's Market shelter, tobacco use has been prohibited by Council by policy. He added that signs will need to be

AA.000000744 (24)

placed to make people aware of the ordinance. Council Member Cuthbertson said he would check with the McDowell County Schools Tobacco Prevention Program to see if the Program had grant funds that could pay for the signs.

The City Manager stated that the City Attorney looked at the ordinance he had prepared for consistency for State law. The City Manager stated that the City Attorney suggested that a subsection be added to make it clear that violations would not extend to private property.

The City Manager stated that he had also reviewed the draft ordinance with department heads and have heard no comments or proposed changes.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to adopt the following Ordinance to extend prohibitions against tobacco use in City parks and on City property, effective July 1, 2010:

ORDINANCE
AMENDING CHAPTER 11
OFFENSES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 11, Offenses, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 11 is amended by deleting Section 11-18 in its entirety and replacing it with the following:

Sec. 11-18. Use of tobacco products in city-owned buildings, vehicles, parks and in certain locations around city facilities prohibited.

(a) Smoking or the use of any tobacco product is prohibited in the following locations:

(1) Inside all buildings or structures owned or leased by the City.

(2) In any vehicle owned or leased by the City.

(3) On the following grounds and locations:

(a) On all sidewalks in front of any building or structure owned or leased by the City

(b) Within a thirty foot radius of any public entrance to any building or structure owned or leased by the City

(c) Within a ten foot radius of any non-public entrance to any building or structure owned or leased by the City

(d) Within any park or greenway owned or leased by the City, including but not limited to the Community Building Park, the Community Building Splash Pad, the North Main Street Gazebo Park, the South Main Street Gazebo Park, the West Marion Community Park, the Cross Mill Community Park, the Eastfield Community Park, the Clinchfield Community Park, the Catawba River Greenway and the Historic Depot Courtyard

(e) Under the Historic Marion Tailgate Market Shade Shelter

(f) At any other location designated and posted as a "no smoking area" by the City

(b) It shall be unlawful for anyone to deposit any portion of a cigarette, cigar, smoking device, or any refuse related to smoking on property, sidewalks, streets, alleys and rights-of-way owned, leased or maintained by the City, except in a receptacle designated for that purpose.

(c) It shall be a defense to any violation under this Section that the violation occurred on private property.

Section 3. This ordinance shall become effective on July 1, 2010.

Adopted this the 4th day of May, 2010.

City Manager/Clerk

Ordinance Number: O-10-05-04-2

CONSIDER APPROVAL OF SEWER CONNECTION OUTSIDE CITY – POULTRY PROCESSING FACILITY – AG SERVICES DRIVE OFF OF HIGHWAY 226 SOUTH: The City Manager advised that McDowell County had submitted a request for a water and sewer connection for the new poultry processing facility to be constructed on Ag Services Drive off of Highway 226 South. The water connection can be approved by staff; however, Council approval of the sewer connection is needed, given that the property in question is located outside the City Limits.

The City Manager reported that McGill Associates sent a letter advising that the Corpening Creek Wastewater Plant can handle the wastewater flow from this facility, as long as a grease trap proposed for the facility is installed.

The City Manager stated that staff agrees with McGill's opinion that the City can handle the wastewater flow with no problems, as long as the grease trap is installed and maintained properly.

Council Member Clark asked how much water the facility would use.

The City Manager stated that the projected wastewater flow would be 8,000-9,000 gallons per day and that a private pump station would be installed.

Council Member Clark asked who would be inspecting the grease trap and if it would be pumped out on a regular basis. Council Member Clark stated that the reason he asked is because, when Marion Correctional Institution was built, the City had major problems with the pump station, resulting in an expensive lawsuit. The City Manager stated that the County Building Inspector would technically inspect the grease trap, since the facility is outside the City, but that the grease trap would be subject to regular inspections by the City and would have to be pumped out regularly, as required by the City Code. He said that it might be prudent for the City to direct that City staff inspect the grease trap before it is installed to make sure it is sufficient.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, those members of Council present voted to approve the request of McDowell County for a sewer connection for the poultry processing facility on Ag Services Drive outside the City Limits, on the condition a grease trap is installed and also inspected and approved by the City, and that the grease trap is maintained and pumped out in accordance with the City Code.

CONSIDER ADOPTION OF CITY COUNCIL ETHICS POLICY: The City Manager stated that the North Carolina General Assembly passed legislation in 2009 requiring all local governing boards to adopt an Ethics Policy by the end of 2010. He advised that the City recently received a copy of a Model Ethics Policy drafted by the School of Government.

The City Manager stated that he had taken this Model Ethics Policy and made only some very slight adjustments to create a draft City of Marion Ethics Policy.

Council Member Clark stated that he feels this the Model Ethics Policy is just a set of rules and feels that the City can do a better job to make a true Code of Ethics.

A brief discussion followed.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council present voted to table this item and to review the draft Ethics Policy in more detail at the May 25 Council Budget Workshop/Planning Session.

CONSIDER APPROVAL OF SPRING 2010 RESURFACING/PAVING CONTRACT: Public Works Director Chris Hollifield advised that the City recently sought bids for the resurfacing of six streets and the paving of one street, as previously authorized by Council. Only one paving company, Johnson Paving of Marion, responded with a bid. Johnson bid $107,575 for 1.25" paving on the six streets to be resurfaced, 2" paving on Leach Street Extension and the placement of one speed hump next to the Rock Tenn plant on Burgin Street. Mr. Hollifield stated that the City normally goes with 1.25" asphalt for our resurfacing. This work will hopefully take place in May or June.

AA.000000746 (24)

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to authorize the placement of a speed hump on Burgin Street and award the contract for the Spring 2010 Street Resurfacing and Paving to Johnson Paving in the amount of $107,573, to include 1.25" paving on the six streets to be resurfaced, 2" paving on Leach Street Extension and the placement of one speed hump on Burgin Street.

SCHEDULE BUDGET WORKSHOP: The City Manager stated that he hoped to distribute the proposed 2010-11 City Budget to City Council no later than the May 18 City Council meeting. He said that Council typically holds one budget workshop in late May, usually on the last Tuesday of the month.

The City Manager stated that he would propose that Council schedule a Budget Workshop for Tuesday, May 25, beginning at 6:00 p.m. at City Hall, or on another date if desired by Council. A second Budget Workshop can be scheduled if necessary.

The City Manager advised that Council had already agreed to hold a Pre-Budget Workshop on Monday, May 10 to discuss several budget related issues before the budget proposal is finalized.

It was the consensus of Council to schedule a Budget Workshop/Planning Session on Tuesday, May 25 at 6:00 P.M at City Hall.

ADD ON – RESOLUTION - AUTHORIZING THE SUBMISSION OF GRANT – SUGAR HILL ROAD WATER AND SEWER EXTENTION: The City Manager advised that, after Council packets were prepared, he learned that the City Council needs to adopt a resolution authorizing the submission of a $300,000 Appalachian Regional Commission (ARC) grant application for the Sugar Hill Road Water and Sewer extension.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to adopt the following Resolution authorizing the submission of a $300,000 Appalachian Regional Commission (ARC) grant application for the Sugar Hill Road Water and Sewer extension:

UNITED STATES DEPARTMENT OF AGRICULTURE –
RURAL DEVELOPMENT APPLICATION

RESOLUTION

BE IT RESOLVED, That the City of Marion has authorized the submission of an application to the United States Department of Agriculture, Rural Development office, to administer the Appalachian Regional Commission (ARC) project, which will help fund the construction of water and sewer extensions on Sugar Hill Road to serve a new Wal-Mart Supercenter and provide water and sewer to homes along the route in a distressed Census tract. The grant application amount is $300,000.

ADOPTED by the City Council of the City of Marion this the 4th day of May, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

City Seal

RESOLUTION NUMBER: R-10-05-04-1

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that Administrative Assistant Debi Sherlin found information on a grant program used to fund a shade shelter for a school in Kannapolis, as had been mentioned by Council Member Cuthbertson at the April 20 Council meeting, in relation to a shade shelter for the Community Building Park Splash Pad. He said that the grant period has closed for 2010, but will reopen for 2011 grants in October. Projects are eligible to receive $8,000 grants. The City Manager asked if Council wished to wait and apply for the grant or wanted staff to proceed with the shade shelter. It was the consensus of Council that staff should seek a grant for the shade shelter. If the grant is not funded, the City could construct the shade shelter next Spring.

The City Manager advised that the Eighth Annual City Open House was held on April 23. He said it was a great day with wonderful weather. The City Manager commended Ms. Sherlin, other City staff, volunteers

AA.000000747 (24)

and Baxter Healthcare for their contributions to the day. Mayor Little added that he was able to participate in Open House for the first time and enjoyed the experience of talking to the students.

The City Manager advised that he had asked the DOT District Engineer on April 21 to patch some bad spots on Logan Street behind the Community Building Park and tennis courts, as had been mentioned by Council Member Martin at the April 20 Council meeting. This work has since been done.

The City Manager advised that the City closed on the USDA loan for the fire tower truck on April 30 and have received the truck. Fire Chief Jim Neal and Assistant Fire Chief Ray McDaniel brought the new tower truck and brush truck by City Hall prior to the meeting for Council to see.

The City Manager advised that the closing on the Super Wal Mart commercial development was scheduled to take place on April 26. However, Wal Mart delayed the closing due to a couple of issues that needed to be resolved, including the need for a State stormwater permit. He added that the closing will hopefully soon take place, to be followed by construction.

The City Manager advised that the DOT logo sign request is still pending with DOT officials in Raleigh, but that Senator Queen and Representative Gillespie have offered to introduce legislation regarding this matter if necessary.

The City Manager advised that the Daughters of the Revolution (DAR) have requested to place their logo on a sign placed by the City in four locations, on which several civic clubs currently display their logos.

Council Member Clark made a motion to approve this request and Council Member Cuthbertson seconded it.

Upon further discussion regarding the fact that this approval could set a precedent for other non-profit organizations and that the signs were originally designed for civic club only, Council Member Clark withdrew his motion and Council Member Cuthbertson withdrew his second. The City Manager was directed to instruct the DAR and any other future groups making requests that the signs are limited to civic clubs in McDowell County.

The City Manager stated that he had talked that morning to the Tree Board about Council Member Martin's idea to have people purchase honorary or memorial apple trees to plant in City parks. He said that the Tree Board members liked the idea of planting honorary trees; however, they had concerns about maintenance, spraying and bees as far as apple trees were concerned. The Tree Board suggested that the City set aside\ space for a community garden as long as people or groups would agree to maintain the garden.

The City Manager advised that the City's webcams are functional and that the City's new website will launch on May 17.

COUNCIL MEMBER COMMENTS: Council Member Clark stated that he served on the N.C. League of Municipalities Risk Management Services (RMS) Board of Directors, which oversees three insurance pools, two of which (Worker's Compensation and Health Insurance) the City is a member. He advised that the RMS Board had done everything possible to keep insurance premium rates as low as possible; however, the Health Insurance pool did not have a good year and the premiums of all cities had increased. Council Member Clark said that the City of Marion received the lowest premium increase of any city, at 0.8 percent, due to its excellent claim history and active Wellness Program.

Council Member Clark stated that he feels the City needs to work on completing the Comprehensive Land Use Plan, as he has seen on the RMS Board large claims result from cities not having good plans in place and not following such plans.

CLOSED SESSION TO DISCUSS A MATTER INVOLVING THE ACQUISITION OF REAL PROPERTY UNDER N.C.G.S. 143-318.11(a)(5): Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to go into Closed Session in accordance with N.C.G.S. 143-318.11(a)(5) to discuss a matter involving the acquisition of real property.

REGULAR SESSION: Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to go back into Open Session.

Mayor Little announced that no action was taken during the Closed Session.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to adjourn.

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting on Monday evening, May 10, 2009 at 6:00 P.M. in the Conference Room located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Harriett Thomas, CPA, Finance Director; Chris Hollifield, Public Works Director

OPENING OF MEETING: Mayor Little opened the meeting at City Hall at 6:01 p.m.

RECESS MEETING: Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted unanimously to recess the meeting to property proposed as the location of a Clinchfield Community Park off of Branch and Hill Streets at 6:10 p.m.

RECONVENE MEETING: Mayor Little reconvened the meeting at property proposed as the location of a Clinchfield Community Park off of Branch and Hill Streets at 6:10 p.m.

TOUR OF PROPOSED CLINCHFIELD PARK PROPERTY: Public Works Director Chris Hollifield led City Council on a tour of property owned by the City off of Branch and Hill Streets and adjacent property owned by Mr. Frank Boldon that have been proposed for the location of a community park and greenway in the Clinchfield neighborhood. The property extends from Hill Street to Virginia Road. The City Manager advised that the City already owns about four acres and Mr. Boldon is now proposing to donate about six to seven additional acres to the City.

Mr. Hollifield described how grading and drainage will be required on the property.

RECESS MEETING: Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously at 6:40 p.m. to recess the meeting to City Hall at 6:50 p.m.

RECONVENE MEETING: Mayor Little reconvened the meeting at City Hall at 6:50 p.m.

DISCUSSION OF PROPOSED CLINCHFIELD PARK PROPERTY:
Council held a brief discussion about the proposed Clinchfield Park property. Mayor Little and Council Members stated that they felt that it would be in the City's best interest to accept the offer of Mr. Frank Boldon to donate six to seven acres of property located off of Hill Street to be used in combination with existing adjacent property the City already owns for use as a community park and greenway in the Clinchfield neighborhood.

Council directed the City Manager to place consideration of the acceptance of the property from Mr. Boldon on the May 18 City Council meeting agenda.

PRE-BUDGET WORKSHOP/PLANNING SESSION: The City Manager provided an overview of revenue and expenditure issues related to the 2010-11 City Budget. The City Manager presented several items he planned to recommend to balance the budget, mainly involving expenditure cuts to the General Fund Budget.

AA.00000749 (24)

The City Manager stated that the proposed 2010-11 Budget would be presented to Council by the May 18 Council meeting and that Council had previously agreed to hold a Budget Workshop to review the Budget on Tuesday, May 25 at 6:00 p.m. at City Hall.

The City Council discussed ideas for development of future tax base, including growth and economic development.

The City Manager reported that he would be recommending the purchase of a GIS/Computer Aided Dispatch/GPS Tracking System for the Police Department, mainly to be funded with drug seizure funds the City currently has on hand. These funds can only be used for the purchase of Police equipment. Council agreed by consensus for the City Manager to pursue the purchase of this software and equipment.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adjourn the meeting at 8:30 p.m.

C . Adopt Resolution Authorizing the Sale of City Property on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on April 7, 2010, Hopewell Road, LLC submitted a bid in the amount of $2,675 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on April 20, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Hopewell Road, LLC to purchase the property, as described above, for a sum of $2,675, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Hopewell Road LLC; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on April 28, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on May 6, 2010, Mr. Wynn Jackson submitted a bid in the amount of $3,000 for the purchase of the property described above; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Wynn Jackson is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Hopewell Road, LLC and to complete the sale of the property described above to Mr. Wynn Jackson, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Hopewell Road, LLC to purchase the above described property for $2,675, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

3. The City Clerk shall refund Hopewell Road, LLC the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Mr. Wynn Jackson to purchase the above described property for $3,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Mr. Wynn Jackson of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $3,000.

Adopted this the 18th day of May, 2010.

RESOLUTION NUMBER: R-10-05-18-1

AA.00000751 (24)

PUBLIC HEARING – ZONING TEXT AMENDMENT: Mayor Little opened the Public Hearing.

Planning Director Heather Cotton advised that the City of Marion had identified the need to revise the Zoning Ordinance to update the M-1 Industrial Zoning District to include uses that are more representative of current industrial trends. This amendment would also assist the City of Marion and the McDowell County Economic Development Agency (MEDA) in industrial recruitment by affirming a shared commitment and desire to have industries locate in Marion. Ms. Cotton stated that staff has proposed a number of manufacturing and light industrial uses as well as an amendment that would provide flexibility in the code that would allow for administrative interpretation for allowing light industrial land uses not specifically identified within the M-1 Industrial Zoning District.

Ms. Cotton advised that the Planning Board voted unanimously at its meeting on May 6, 2010 to recommend approval of this Zoning Test Amendment.

There were no citizens present to discuss this proposed Zoning Text Amendment.

Council Member Clark stated that the City needs to get the Comprehensive Plan completed as soon as possible. He said that he has attended several meetings as a member of the North Carolina League of Municipalities Risk Management Services Board of Directors and learned that many lawsuits are being filed over zoning issues. Jurisdictions with updated land use plans are in better position to defend such claims.

Mayor Little stated that he has recently seen many lawsuits filed regarding zoning issues as well.

Council Member Clark stated that he supported this proposed and thought it was needed to assist in the recruitment of industry.

The City Manager stated that he appreciated Ms. Cotton's work in preparing this Zoning Text Amendment and making it include many industrial uses that the City hopes to attract.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance amending Chapter 21, Zoning, of the City Code to add permitted uses in the M-1 Industrial District.

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. That Chapter 21, Zoning, Section 21.21 Definition to add the following:

Sec. 21-21 Definitions

Industry, light A use that involves the manufacturing, production, processing, fabrication, assembly, treatment, repair, research, packaging, warehousing, wholesaling, and distribution of finished products, predominately from previously prepared or refined materials or raw materials that do not require refinement.

Industry, heavy Manufacturing or other enterprises with external effects that pose risks due to the involvement of flammable or explosive material, radioactive material, poisons, pesticides, herbicides, solvents, solid waste, sanitary waste, or other hazardous materials in the manufacturing, storage or other processes of such material that have the potential of creating a hazardous condition or public nuisance.

Section 3. That Chapter 21, Zoning, Section 21.206.2 Permitted Uses within the M-I Industrial Zoning District is amended to add the following:

Sec. 21-206.2. Permitted uses. Within the M-1 Industrial District the following uses are permitted:

(1) Contractor's plants or storage yards.

(2) Commercial recreation conducted entirely within an enclosed building.

(3) Industrial equipment machinery repair and service.

(4) Lumber yards, building materials storage.

(5) Machine shops.

(6) Plumbing shops and their accessory storage yards.

(7) Radio and television stations and masts.

(8) Signs, as regulated by article VII, section 21-131.

(9) Tire recapping shops.

AA.00000752 (24)

(10) Trucking terminals.

(a) Wholesale establishments for storage of oil, fuel oil and gasoline.

(b) Temporary retail sales for itinerant merchants as defined in section 10-172 of the Marion City Code provided that the temporary sale last no longer than seven (7) consecutive days and are not held more than once per quarter.

See section 21-86 for parking requirements.

(11) One residential unit to serve as accessory living quarters to a permitted principal use.

(12) Furniture and textile manufacturing

(13) Computer, data processing, data storage, telemarketing, or other similar technology-based use.

(14) Any industrial use deemed by the planning director to be similar in nature to a permitted use listed in this section or any light industrial use that by design and function would not be classified as a heavy industrial use.

21-206.3 Special exceptions. The following uses are permitted as special exceptions as provided for in Article XII, Section 21-303.2 of this Ordinance:

(1) Automobile wrecking, junk and salvage yards provided that:

(A) All motor vehicles stored or kept in such yards shall be so kept that they will not catch and hold water in which mosquitoes may breed and so that they will not constitute a place or places in which rats, mice, or other vermin may be harbored, reared, or propagated.

(B) Because of the tendency for salvage yards to promote the breeding of vermin, such operation shall be permitted no closer than two hundred (200) feet from any established residential zone.

(C) All outdoor storage of salvage and wrecking operations shall be conducted entirely within an enclosed opaque fence, screen, or wall, excepting driveway area, from eight (8) to twelve (12) feet in height. Storage between the road and street and such fence, screen, or wall is expressly prohibited. Any fence, screen, or wall for screening purposes shall be properly painted or otherwise maintained in good condition.

(D) All such yards shall be so maintained as to be in sanitary condition and so as not to be a menace to the public health or safety.

(E) The number of vehicular access driveways permitted on any single street frontage shall be limited to:

1. One driveway where the parcel to be used as a maximum road or street frontage of one hundred (100) feet or less.

2. Two (2) driveways where the road or street frontage exceeds one hundred (100) feet. Driveways used for ingress and egress shall be limited to twenty-five (25) feet in width.

(F) For the purposes this section 21-206.3, an inoperable or junked motor vehicle shall not be deemed to be viewed from a public roadway if it is stored on a site that is the subject of an approved screening plan, as defined herein and approved by the body issuing the permit, or within an enclosed structure which visually conceals the inoperable motor vehicles.

(G) In order to maintain safety for pedestrian and vehicle traffic, vehicles associated with automobile repair shops, automobile sales, tire sales and services, towing and wrecking service businesses may not be parked, displayed, stored or repaired within four feet of the curb or the edge of the road if no curb exists.

(H) On-site traffic areas shall be provided and arranged in such a manner as to provide easily identifiable ingress and egress, adequate customer and employee parking, access for emergency vehicles, and adequate turnarounds such that backward movement onto the public roadways is avoided.

(I) Inoperable motor vehicles shall not be stored in the customer or employee parking spaces required per the Off-Street Parking Requirements set out in Section 21-86.

(J) The provisions contained in Chapter 9, Article III concerning Abandoned, Nuisance or Junked motor vehicles continue to apply.

(K) Automobile graveyards, Automobile wrecking, junkyards and salvage yards must obtain a permit from the Zoning Office.

(L) Those junk yards or automobile graveyards lawfully existing at the time that sub-section (F) through (L) of Section 21-206.3(1) of this Ordinance are adopted shall have five (5) years from the adoption of the Ordinance to come into full compliance with the provisions in Section 21-206.3 (1)(F) through (L).

(2) Manufacturing and processing operations provided, however, that no permit shall be issued except in conformance with Article XII, Section 21-206.3of this Ordinance and further provided that these uses are subject to such conditions as the Board shall require in order to prevent smoke, odor, noise, dust or other efforts that would be detrimental to the health, safety and general welfare of the community.

(A) Where in the opinion of the Board engineering data or other studies are needed to determine the possible adverse effects of a proposed industry on the health, safety, and welfare of the community, the Board may require the applicant to submit such data or other studies prepared by competent engineers or other technical people.

(3) Planned unit developments, in accordance with the requirements in Section 21-255.

(4) Trade lots and/ or Flea Markets located totally within an existing structure.

(5) Commercial recreation conducted in open, partially enclosed or screened facilities.

(6) Any industrial use deemed by the planning director to be similar in nature to any industrial use that by design and function would be classified as a heavy industrial use.

Section 3. This ordinance shall become effective upon its adoption.

AA.000000753 (24)

Adopted this the 18th day of May, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-10-05-18-1

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

CONSIDER ACCEPTANCE OF ADDITIONAL PROPERTY FOR CLINCHFIELD PARK: The City Manager stated that, last year, the City received a generous donation of four acres of property off of Hill Street from Frank and Debra Boldon. This property was planned as the location of the Clinchfield Community Park. The City Manager stated that, as discussed at the May 10 Council Planning Session, Mr. and Mrs. Boldon are now proposing to donate approximately six to seven more of the remaining 8.65 acres they own adjacent to the City owned property off of Hill Street. This additional property would allow for more room and a flatter area in which to construct the Clinchfield Community Park and adjacent greenway.

The City Manager added that grading and drainage work will be needed and that will likely be the focus of City funding for 2010-11, with the actual park construction likely taking until 2011-12, due to budget limitations.

Public Works Director Chris Hollifield advised that the additional property offers greater flexibility for the park construction as well as ample land for Arbor Day plantings.

Mayor Little stated that Mr. and Mrs. Boldon have been very generous to the City of Marion through the years. He advised that the Boldons funded the beautiful hanging baskets on Main Street and now have given the City the necessary property on which to construct a first class park for the Clinchfield area. Mayor Little stated that the City is thankful for the Boldons' generosity and wishes to express its appreciation to them.

Mayor Little asked if the City has received a letter from the State confirming that the City will not be issued any fines for existing sedimentation and erosion control violations on the property. The City Manager stated that he had asked the N.C. Department of Environment and Natural Resources for a statement in writing that the City will not inherit any fines or be subject to fines if the City accepts the property and follow an agreed upon schedule for clearing the violations. He said that he would follow up and make sure this letter is received.

Upon a Motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to accept the donation of six to seven acres of property located off of Hill Street from Frank and Debra Boldon, contingent on the N.C. Department of Environment and Natural Resources providing a statement in writing that the City will not inherit any fines or be subject to fines if the City accepts the property and follows an agreed upon schedule for clearing the existing sedimentation and erosion control violations.

REVIEW REQUEST FOR SEWER CONNECTION: The City Manager advised that, as shown in the information presented to Council, Johnny and Kathryn Broome of 569 East Oak Street had submitted a letter requesting to be released from a sewer connection contract they signed on April 5. The Broomes state that City staff did not tell them that the City would not install the private service line on their property between the sewer tap and their house. The City Manager stated that he informed the Broomes that he had never heard of a customer who assumed that the City would install a private service line. The City Manager reported that the Broomes paid $100 down and are requesting that this amount be refunded.

The City Manager stated that the sewer connection had not yet been made. He further noted that he had advised the Broomes that they were not permitted to repair or replace their septic tank. Mrs. Broome said their septic tank only needs to be pumped at the current time.

The City Manager advised that, if Council wishes to release the Broomes from the contract, it might be reasonable to state that the $100 they paid down will be kept as an administrative fee.

Council Member Clark asked if the Broomes septic tank had failed. The City Manager stated that the Broomes say it has not. Council Member Clark said he had no problem with releasing the Broomes from this contract, but said that eventually they will need to go on sewer when their septic tank fails. He said this is a pay me now or pay me later situation.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Clark, Council voted unanimously to release Johnny and Kathryn Broome of 569 East Oak Street from the sewer connection

AA.0000000754 (24)

contract they signed with the City on April 5 and to refund them the $100 down payment made on this contract.

Mayor Pro Tem Owenby suggested that the contract language include a statement that the work to be done by the City does not include work on the service line on private property.

Council Member Doggett suggested that the contact language also include a statement that the City will keep any down payment that is made in the event the contract is broken prior to the service connection being made.

CITY MANAGER REPORT: The City Manager gave a brief report on current projects.

The City Manager presented an invitation to the final E-3 forum on Friday, May 21, at which community agencies will discuss economic development. The City Manager advised that he would be giving a presentation on behalf of the City.

The City Manager advised that the Catawba River Greenway contractor, Eagle Wood, Inc., from Denver, N.C., has started construction on the Greenway.

The City Manager advised that the City's annual Health Fair for employees was held on Wednesday, May 12, from 10:00 a.m. to 2:00 p.m. at the Depot.

The Health Fair and other wellness initiatives have helped the City receive premium reductions on health insurance in recent years.

Council Member Clark stated that the City of Marion's Wellnesss Program is ahead of most other cities and is really paying off with lower insurance premiums.

The City Manager advised that the new City website went live the evening before. He said that City staff worked with the Revis Group to finalize the new website. The City Manager stated that the launch party for the new website would likely be held the following week at the Revis Group office.

The City Manager advised that city crews have completed their work to construct and equip the new Eastfield Park. Johnson Paving will pave the basketball court and walking track within the next two weeks \ and the City will then plant grass. The Park should be officially open within 30 days.

The City Manager advised that the Muddy Creek Restoration Partners Had submitted a Section 319 grant application to the State for the stormwater treatment/greenway project behind the Police Department, Dr. Nevant's office and the School Central Office on South Main Street. The grant application did not propose any cash match from the City, since the City will be able to count the value of property donations from the three property owners listed above and provide some in-kind services from City crews. The City Manager said that it may be several months before the City receives word if the grant is funded.

The City Manager advised that he attended the meeting of the Vietnam Memorial wall Committee on May 11. The committee plans to bring the Wall That Heals to Marion in mid May 2011. The wall would be placed on the YMCA soccer field.

The City Manager advised that he and Planning and Development Director Heather Cotton met with DOT District Engineer Doug McNeal the week before regarding the Downtown Streetscape Plan. He said that Mr. McNeal advised that the overall plan looks good and that written approval should soon be forthcoming.The City Manager reported that Mr. McNeal will direct a few minor changes to the plan. Mr. McNeal is also working on obtaining $50,000 in DOT funding for the project and obtaining approval for DOT to resurface Main Street by 2011.

The City Manager presented Council with the draft 2010-11 City budget and gave a brief overview of budget highlights, as follows:

- The total recommended budget for all five funds (General Fund, Water and Sewer Fund, Internal Service Fund, General Capital Reserve Fund and Water and Sewer Capital Reserve Fund) is $9,519,019.
- The budget is a 3.61 percent, or $356,368, decrease over the amended 2009-10 City budget.
- The budget decrease is mainly due to the loss of hundreds of thousands of dollars in revenues.
- The budget includes very conservative revenue and expenditure estimates, due to continuing uncertainty about the State and National economy.

AA.000000755 (24)

- The 2009-10 City budget was a 9.9 percent, or $1,044,256, decrease over the 2008-09 City budget.

- There is no recommended tax rate increase. This will be the 43rd year in a row that the City of Marion has not increased taxes.

- The City's property tax base is expected to increase by a small amount due to continued modest growth in the City offset partially by reductions in business personal property values.

- The budget calls for a six percent increase in water and sewer rates. This is the fifth year of a five year six percent annual water and sewer rate increase approved by the City Council in 2006.

- The budget provides for funding for several projects, inclucing:

  - Funding for street, sidewalk, curb and drainage projects, $197,719
  - Code enforcement expenses for dilapidated housing demolition, $15,000
  - Purchase of computers for Police Department, $4,500
  - Miscellaneous Fire Department capital needs, $10,000
  - Purchase of two pickup trucks for Street Division, $40,000
  - Sand spreader and snow blade to equip additional vehicle for snow removal for Street Division, $20,000
  - Purchase of 4X4 tractor with blade and bucket for snow removal on sidewalks and other areas for Street Division, $14,000
  - Miscellaneous Street Division equipment, $2,000
  - Purchase of eight dumpsters, $6,500
  - Mini park funding, including work on Clinchfield Community Park, $25,000
  - Purchase of water and sewer pipe, valves and hydrants, $75,000
  - Purchase of underground punch or tamp in Utility Maintenance Division, $3,000
  - Purchase of replacement meter reading vehicle, $20,000
  - Paving work at Water Plant, $10,000
  - Installation of security cameras at Water Plant, $16,000
  - **Replacement of valves at Water Plant, $26,000**
  - Replacement of vehicle at Water Plant, $20,000
  - Rehabilitation of Goodrum Drive and Grayson Street wastewater pump stations, $16,500
  - Cement for Goodrum Drive and Victory Drive wastewater pump stations, $2,500
  - Purchase of equipment at Wastewater Plant, $13,500

- There are other projects planned by the City for completion in 2010-11, but which are included in project budgets instead of the annual budget. These projects include the Wastewater Improvements Project (involving the elimination of the Catawba River Wastewater Treatment Plant, the transfer of wastewater flow from that Plant to the City's larger Corpening Creek Wastewater Treatment Plant and improvements to the Corpening Creek Plant to make the facility a true 3 million gallon per day plant capable of meeting current and future State and Federal regulations), the Sugar Hill Road water and sewer extension to I-40 to serve the Wal Mart Supercenter development and surrounding areas, the Downtown Streetscape Plan implementation and other projects.

The City Manager stated that he appreciates the work City staff has done to offer options for cutting the budget and that he particularly thanks Finance Director Harriett Thomas for her tremendous efforts to put together the budget document and to go through numerous revenue and expenditure options until the budget was sufficiently balanced.

The City Manager noted that City Council had agreed to hold a Budget Workshop/Planning Session on Tuesday, May 25 at 6:00 P.M. at City Hall.

COUNCIL MEMBER COMMENTS:

Council Member Clark asked if the Catawba River Wastewater Treatment Plant was close to being taken off line, as part of the $6.6 million Wastewater Improvements Project.

The City Manager stated that the Catawba River Plant is hopefully within a few days of being taken off line. The contractor is beyond the scheduled completion date, due to weather.

Council Member Cuthbertson asked about property tax collection percentages. The City Manager provided information on tax collection percentages for 2009 and prior years.

AA.000000756 (24)

Council Member Cuthbertson commented on the letter to the editor in the McDowell News that day regarding older, unattended children at the splash pad bullying younger children. The City Manager stated that the City had not received any complaints about this matter.

Council Member Cuthbertson asked if there was a policy in place requiring children at the Splash Pad to be supervised by an adult. The City Manager said that signs could be posted to this effect if desired by Council. Mayor Little stated that some things such as this should be common sense and not require the posting of signs. Council took no action to direct the placement of any additional signs at the Splash Pad.

Council Member Cuthbertson asked if the lights were in at the Farmers Market Shelter. The City Manager advised that power has been extended to the Shelter, but the lights are not in yet. The lights will hopefully be installed by next week's Market.

Council Member Cuthbertson stated that the School System is donating at least 25 signs to the City regarding the no tobacco use ordinance recently approved by Council for City parks and around entrances to City buildings.

Mayor Little stated that he was disappointed with the pale color of many of the flowers in the downtown hanging baskets. He said that he thought the City's landscape contractor, Lawrence Moore, had been told the City wanted more color in the baskets.

The City Manager stated that Mr. Moore understood this instruction and had expressed his disappointment in the baskets not having more color. The City Manager stated that City staff would contact Mr. Moore about this matter.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

J. Robert Boyette, City Manager

AA.00000757 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting on Tuesday evening, May 25, 2009 at 6:00 P.M. in the Conference Room located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Juanita Doggett and Billy Martin.

Council Member Lloyd Cuthbertson could not attend this meeting due to a scheduled event out of town.

OTHERS PRESENT: Bob Boyette, City Manager; Harriett Thomas, CPA, Finance Director

BUDGET WORKSHOP/PLANNING SESSION: The City Manager provided an overview of his proposed 2010-11 City budget. The budget was reviewed in detail by the Mayor and City Council and the City Manager presented the City's current financial picture and outlook. The City Manager also presented proposed water and sewer rate increases, a proposed $5 per year motor vehicle license tax for the City, adjustments to the privilege license schedule and increases in building permit and commercial garbage fees. After reviewing available revenues and needed expenditures, it was agreed that a two percent cost of living adjustment for City employees would remain in the 2010-11 budget, given that the City has not given a cost of living increase in two years.

After discussion and review, Council directed no changes to be made to the budget as presented by the City Manager.

The public hearing on the budget and consideration of adoption of the 2009-10 City budget will be held on Tuesday, June 15, 2010 at 7:00 p.m. at City Hall.

The City Council also discussed issues involving a proposed GIS/GPS system for the Police Department, residency requirements for certain City positions, placement of children at play signs, commercial cardboard recycling and the idea of accident and/or fire response fees. The City Council also reviewed and suggested changes to a draft Ethics Policy. No action was taken by City Council regarding any of the items that were discussed.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adjourn the meeting.

Stephen R. Little, Mayor

PRESENTATION OF CERTIFICATE TO POLICE SERGEANT JAMIE HARKLERODE – COMPLETION OF TACTICAL TRAINING PROGRAM: Police Chief Mark Brooks stated that Sergeant Jamie Harklerode came before Council a few weeks ago to receive his Advanced Law Enforcement certificate and comes again to receive his certificate for completion of the Tactical Training Program from the North Carolina Department of Justice.

Chief Brooks presented a news release from the North Carolina Justice Academy stating that Sergeant James Harklerode III completed the Tactical Training Certificate Program that read as follows:

The Marion Police Department is proud to announce that Sergeant James Harklerode III recently completed the Tactical Training Certificate Program at the North Carolina Justice Academy.

This certificate program is designed to recognize the achievement of law enforcement professionals who have dedicated themselves to making their communities and neighborhoods safer for the citizens of North Carolina. Program participants must be sworn members of a law enforcement agency and have at least two years of full-time law enforcement experience. Each participant must complete 500 hours of training within five years of acceptance into the program, to include a variety of tactical oriented courses.

AA.000000760 (24)

Roger Miller, an instructor/coordinator with the Justice Academy, as well as the program coordinator says, "The program has been well received by proactive law enforcement agencies. Those completing the program have mastered important aspects of tactical training and have achieved a high level of professionalism for themselves and their organizations. The commitment of Sergeant Harklerode to complete this program is a direct example of his dedication to protect the community in which he serves. His effort to stay in the forefront of tactical training is a direct reflection on the commitment of the Marion Police Department to ensure that their officers are prepared to meet the day-to-day dangers faced by law enforcement officers today."

The North Carolina Justice Academy, located in Edneyville and Salemburg, develops and conducts training courses for local and state law enforcement professionals. The Justice Academy provides training programs and technical assistance for law enforcement professionals through the five centers of the Training Division: Tactical & Traffic; Investigations; Legal; Law Enforcement Leadership and Commission/In-service.

The Justice Academy is a division of the North Carolina department of Justice under the administration of Attorney General Roy Cooper.

The certificate read as follows:

The State of North Carolina Department of Justice
The North Carolina Justice Academy
Issues this Certificate thereby certifying that
James R. Harklerode
has completed the prescribed specialized hours in the
Tactical Training Certificate Program
this 1st day of May, 2010

Sergeant Harklerode gave a brief overview of some of the training that he had received during this training.

Mayor Little stated that is an awesome achievement and that this training will allow the City to be better prepared in the event a catastrophic event ever occurs.

Sergeant Harklerode advised that we have to hope for the best but plan for the worst.

Mayor Little and Council Members commended Sergeant Harklerode on this achievement.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

PRESENTATION OF NORTH CAROLINA SOURCE WATER PROTECTION AWARD FOR BUCK CREEK SOURCE WATER PROTECTION PLAN: Public Works Director Chris Hollifield presented Mayor Little with the North Carolina Source Water Protection Award the City recently received from the State for the Buck Creek Source Water Protection Plan.

Mayor Little read the certificate as follows:

CERTIFICATE OF ACHIEVEMENT
FOR
SOURCE WATER PROTECTION

This certifies that the
City of Marion
having successfully completed a source water
is hereby awarded this certificate of recognition for plan approval
given at Greensboro, North Carolina by
North Carolina Rural Water Association and
North Carolina Department of Environment and Natural Resources

This twelfth day of May, two thousand and ten

Jay Frick	**Daniel Wilson**
NC Source Water Protection	NCRWA Executive
Program Coordinator	Director

The City Manager commended Mr. Hollifield and Water Plant Superintendent Steve Miller for their hard work on this project.

AA.000000761 (24)

REVIEW OF BUCK CREEK SOURCE WATER PROTECTION AWARD PLAN: The City Manager reported that Council directed at the May 4 Council meeting that review of the Buck Creek Source Water Protection Plan take place at the June 1 Council meeting.

Public Works Director Chris Hollifield presented a summary he had prepared of the City's responsibilities in implementing the Plan in terms of money and staff time, as follows:

The Major elements generated through the watershed protection process for Buck Creek (BC) and attributed to the City of Marion. The following list is Meant to be a rough approximation of the amount of City of Marion resources required for each element and not a comprehensive list of specific tasks to be accomplished.

Major Elements	Challenges
* Develop water use agreement for Buck Creek ° Involves: City of Marion Lake Tahoma HOA, Agriculture users	Large amount of staff time, willingness of partners to participate, and lack of continuity as agriculture users are somewhat transient- moderate cost
* Control recreational activities around Buck Creek intake	Large amount of staff time, difficult to enforce with little to no jurisdiction, other Than the intake parcel of land, poor track Record in the past – minimum cost
* Educate agriculture users on Contaminants and encourage Pesticide mixing BMP's	Moderate amount of staff time, loss of Dr. Dan Smith, mixing station success based on governmental grants – minimum cost
* Establish a community action group To interact with public concerning SWP education and BMP's	Large amount of staff time, several year long timeframe to this project, willingness of partners/public to participate, long range Management of SWP threats – moderate cost.

The City Manager stated that two items not on the list that are already being worked on is the placement of signs on Highway 70 West by NCDOT marking the watershed area and the ordering of a flow gage to measure how much water is available in Buck Creek.

Mr. Hollifield reported that the State has indicated that if there are any items Council is not comfortable with, the Plan can be revised accordingly.

Mayor Little thanked Mr. Hollifield for all his work.

Council Member Clark commended Mr. Hollifield as well. He asked if the Plan included the Clear Creek and Mackey Creek intakes.

The City Manager stated that the Plan technically included these intakes, but the group was not as concerned about these intakes since they were surrounded by the National Forest.

The City Manager suggested that Council allow staff to work with the State to tweak the language of the Plan as needed.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the Buck Creek Source Water Protection Plan with the City Manager given authorization to work with the State to make minor modifications to the language of the Plan as needed.

UPDATE ON DOWNTOWN STRETSCAPE/WAY FINDING SIGNAGE IMPLEMENTATION: Planning and Development Director Heather Cotton advised that this item is an update to City Council on the status of implementation of the Downtown Streetscape Project, and a request to implement a new sponsorship program.

Ms. Cotton stated that the City of Marion has worked with the NC DOT over the past several months to work through comments provided by the NC DOT Division 13 office and to obtain approval for the Downtown Streetscape Plan. While street realignment and other design details such as storm drainage and curb radii have taken time to work through, the NCDOT has indicated that they are general support of the streetscape design. City staff had meet with representatives from NC DOT on several occasions and are

AA.000000762 (24)

working through several phases to implement the project. These phases are indicated below with a brief description and estimated time for implementation.

- Staff met with NCDOT on May 14th, 2010 to discuss comments and recommended changes to street design and schedule for project implementation.
- Final wayfinding sign documents submitted to NCDOT on May 14th 2010, and approved by NCDOT on May 17, 2010.
- Wayfinding signage footer request for bids closed May 24, 2010. Harris Grading was selected as the low bidder on the project for a total of $13,228.54.
- Wayfinding sign fabrication request for bids advertised May 19th, 2010. Closing date for bids is June 11th, 2010.
- Wayfinding installation later summer 2010.
- Construction documents developed based on NCDOT comments and approval (pending). Estimated schedule for developing construction documents is summer 2010.
- Tree installation, replacing Foster Holly's with Ginkgo Biloba" Autumn Gold" males. Fall 2010.
- Curbing, drainage, and bump-out installation late fall to late spring 2010-2011.
- Additional island landscaping spring 2011.
- NCDOT street resurfacing summer 2011.
- Crosswalk stamping and final pavement striping fall 2011.

Ms. Cotton reported that elements approved in the streetscape plan including hardscape features (benches, bicycle racks, trash receptacles, planters, etc) as well as other amenities such as walking trails were identified in the plan with funding being provided in part or in whole from private sources. One option presented in the plan was a recommendation to implement a sponsorship program. This program would allow citizens, organizations, and businesses to fund a portion of the cost of public bench, tree or other item in the program giving recognition by identifying the donor, or his/her designee(s) in the form of a memorial or honorable recognition on the item being sponsored. Attached is an example of a form and list of items that if the program were approved could be sponsored as part of the streetscape program. As part of establishing this program, Staff would work with the Marion Business Association, the City of Marion Tree Board, and the YMCA on specific items identified in the sponsorship program to establish a proposed fee schedule and guidelines for program implementation.

Ms. Cotton stated that, in addition to the sponsorship program for benches, trees, and other items, the City has been collaborating with various other organizations with similar interests to partner on specific projects. The City of Marion has been fortunate to receive both technical assistance and access to funding that will help pay for unfunded projects associated with the Streetscape Plan. Two of those projects include a defined urban walking trail and the riverwalk trail along Young's Creek.

Ms. Cotton added that the City of Marion has numerous trail projects either under construction or within the planning and design stage. Many of these trails will connect to one another over time creating a comprehensive system of sidewalks, trails, and greenways that will allow people to move throughout the community by bike or on foot. Downtown is no exception. It is a very popular venue for many walkers and joggers and a central hub where are sidewalks and urban trails connect. Those who use city sidewalks live in close proximity to the downtown, and walk in the evenings and mornings as a way to get exercise, socialize with family and friends, and window shop along Main Street. In an effort to attract more of the same, Staff has identified an opportunity to create a standard trail marker that would create a brand for city trails and encourage citizens to engage in healthy activities. The marker is designed so that it can be placed at standard intervals, which would allow people to calculate their distance traveled from one point to another. The YMCA wellness program is currently working on a designated walking trail for downtown in which these medallions could be placed. To help with trail identification, anyone can sponsor a medallion, which will be placed at consecutive intervals along a designated route. These medallions can also be incorporated into the Catawba River Greenway, Peavine Trail, Mt. Ida and other future walking trail projects to brand all of the City's walking trails and promote health and fitness community wide.

Ms. Cotton concluded by stating that the City has also been working with Equinox Environmental through the Muddy Creek Partnership on a stormwater /greenway enhancement project that if funded will be a

AA.00000763 (24)

wonderful asset to the community both for its environmental enhancement and as a public amenity for recreation and education. The project would include rain gardens, invasive species removal along the stream bank, dead tree removal, installation of native plants, and walking trail between the Marion Police Department and the McDowell County School Administration building. The project is contingent on grant funding from the EPA Division of Water Quality, which was submitted in April by Equinox Environmental. If awarded, the grant will pay for the construction of the project with the City's local match being equivalent to the value of land donated for the project. This project will be a big step towards creating a walking trail along young's creek as identified in the Streetscape Plan with the added benefit of converting an unsightly creek into an attractive and sustainable amenity. A copy of the proposed master plan is attached for your review.

Council Member Martin commended Ms. Cotton for the work she has done with this plan, stating that she has done a marvelous job.

Council agreed by consensus to endorse the sponsorship plan suggested by Ms. Cotton.

Council Member Doggett suggested that the sponsorship amounts for downtown elements should be made more cost effective. Ms. Cotton stated that she would work to obtain input from the public and the Marion Business Association on an appropriate amount to charge for sponsorship of particular items.

ADOPT REVISIONS TO PRIVILEGE LICENSE ORDINANCE: Finance Director Harriett Thomas appeared before Council and presented Council with revisions to the privilege license ordinance.

Ms. Thomas stated that the new Privilege License Tax Ordinance would increase privilege licenses tax for businesses not restricted by law. For most businesses the tax would increase from $25.00 to $35.00 per year. For merchants, the tax is based on the number of employees; changes have been made as follows:

Currently:		Proposed:	
2 or less employees	$ 25.00	2 or less employees	$ 35.00
3 to 10 employees	35.00	3 to 10 employees	50.00
11 to 20 employees	50.00	11 to 20 employees	100.00
21 to 25 employees	100.00	21 to 25 employees	200.00
26 or more employees	150.00	26 to 50 employees	500.00
50 to 100 employees	1,000.00	101 or more employees	2,500.00

Tax on manufacturers is also based on the number of employees; changes have been made as follows:

Currently:		Proposed:	
15 or less employees	$ 50.00	15 or less employees	$ 75.00
16 to 50 employees	75.00	16 to 50 employees	100.00
51 to 100 employees	100.00	51 to 100 employees	150.00
101 to 200 employees	150.00	101 to 200 employees	200.00
201 to 300 employees	180.00	201 to 300 employees	250.00
301 to 400 employees	200.00	301 to 400 employees	300.00
401 to 500 employees	250.00	401 to 500 employees	350.00

Ms. Thomas stated that, in addition, day care facilities and instruction (dance, music, etc.) are based on the number of children/students and nursing/retirement homes on the number of beds, taxes have been increased proportionately as the number increases. Making these changes would increase the privilege license taxes collected by approximately $10,000 per year.

Ms. Thomas thanked Mayor Little and Council Members and stated she would answer any questions Council might have.

The City Manager stated that the main reason the City looked at the license tax revisions was to create more of a spread between the taxes paid by small and large businesses in the interest of fairness. The biggest impact of the changes will fall on chain stores, not on small locally owned businesses. He added that research by staff showed that large chain stores paid many times more in privilege license taxes in other communities than was proposed with these changes.

A.A.000000764 (24)

Mayor Pro Tem Owenby stated these changes were reasonable and probably overdue.

Council Member Cuthbertson asked about the impact of the changes on restaurants. The City Manager stated that he could obtain this information.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Doggett, Council voted unanimously to adopt the following Ordinance amending Chapter 10 of the Licenses, Permits and Business Regulations as follows:

CITY OF MARION, NORTH CAROLINA
ORDINANCE AMENDING CHAPTER 10
LICENSES, PERMITS AND BUSINESS REGULATIONS

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 10, Licenses, Permits and Business Regulations, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 10 is amended by deleting Article II, Business License Tax in its entirety and replacing it with the following:

ARTICLE II
BUSINESS LICENSE TAX

DIVISION 1.
GENERAL

Sec. 10-1. Definitions.

When used in this ordinance (unless the context requires a different meaning):

a) "Business" includes each trade, occupation, profession, business and franchise taxed under this ordinance.

b) "Person" includes any individual, trustee, executor, other fiduciary, corporation, unincorporated association, partnership, sole proprietorship, company, firm, or other legal entity.

c) "Seasonal in Nature" a business is seasonal in nature when it is operated within the City for less than six months of the year.

Sec. 10-2. Construction of this ordinance.

This ordinance is enacted for revenue purposes only. Therefore, it should be construed to require payment of the maximum tax permitted under its terms. In addition issuance of a license in accordance with this ordinance does not excuse a licensee from compliance with any other applicable ordinance or statute. This ordinance does not prevent the City from imposing license taxes on additional businesses, from increasing or decreasing the amount of any license tax or from regulating any business taxed.

DIVISION 2.
LEVY

Sec. 10-3. Levy of tax.

An annual privilege license tax is hereby levied on each business conducted within this City listed in the schedule of taxes contained in Section 10-32 of this ordinance in the amounts set forth in those sections.

Sec. 10-4. Who must pay tax.

Each person who conducts a business within this City is subject to this ordinance. A person "conducts business: when he or she engages in one act of business taxed under this ordinance, he or she conducts the business "within the City" if he or she maintains a business location within the City; or if, either personally or through agents, he or she (1) solicits business within the City limits or (2) picks up or delivers goods or services within the City limits.

Sec. 10-5. Period of license; due date.

a) Annual license. Unless the section of this ordinance levying the privilege license tax applicable to a particular business provides otherwise, a license issued in accordance with this ordinance is good for the twelve-month period beginning July 1 and ending June 30. The tax is due on July 1 of each year. However, if a person begins a business after July 1 of a year, the tax for that year is due before the business is begun.

b) Licenses for periods shorter than one year. If the section of this ordinance levying the privilege license tax applicable to a particular business so provides, a license may be issued for a period of one day, one week, or some comparable period of less than a full license year. A person may not commence a business conducted within the City and taxed under such a provision until the privilege license tax due is paid and may not continue such a business beyond the period for which the license is issued.

Sec. 10-6. Proration of tax.

AA.000000765 (24)

If a business is begun after January 31 and before July 1, the amount of tax due is half the amount otherwise due. If a business is seasonal in nature and if the amount of tax is not based on gross receipts, the amount of tax due is half the amount otherwise due.

Sec. 10-7. Refunds.

If for any reason a licensee discontinues his or her business during the license year, he or she is not entitled to a refund.

Sec. 10-8. Separate businesses.

A separate license is required and a separate privilege license tax must be paid for each place of business unless two or more places of business under common ownership are contiguous to each other, communicate directly with and open into each other, and are operated as a unit. In addition a separate privilege license tax must be paid for each business taxable under this ordinance conducted by the taxpayer at any one location; however, the tax collector may issue a single license for all taxable business conducted at one location by a single taxpayer.

Sec. 10-9. Exemptions.

a) Generally. Except as otherwise provided in this section or by state law, no person is exempt from the payment of a privilege license tax levied by this ordinance.

b) Charitable organizations. A person who operates a business for a religious, educational, civic, patriotic, charitable, or fraternal purpose, when the entire gross income of the business is used for such a purpose, is exempt from paying any privilege license tax levied by this ordinance.

c) Blind persons and members of the armed forces and merchant marine. Blind persons and persons who serve in the United States armed forces or the merchant marine are exempt from paying any privilege license tax levied by this ordinance to the extent provided by G.S. 105-249 and G.S. 105-249.1.

d) Must obtain license. A person exempt from paying a privilege license tax levied by this ordinance shall nevertheless obtain a license from the tax collector. The license shall state that the licensee is exempt from paying the privilege license tax.

DIVISION 3.
LICENSES

Sec. 10-10. Application.

A person shall apply to the tax collector for each license required by this ordinance no less than thirty days before the date the tax is due. The application, which shall be submitted on forms proved by the tax collector, shall contain:

a) The name of the applicant and whether the applicant is an individual, a partnership, a corporation, or some other entity.

b) The nature of the business.

c) Where the business is conducted.
d) An address where notices and statements may be mailed to as required by this ordinance.
e) Whether the business is regulated by a state occupational licensing board subject to G.S. Chapter 93B, and if so, the serial number of the state license the applicant currently holds.

f) Any other information the tax collector determines to be necessary to compute the amount of the tax due.

Sec. 10-11. Reasons for refusal or revocation of a license.

The tax collector shall refuse to issue a license or shall revoke a license for either of the following reasons:

a) The applicant misrepresents a fact relevant to the amount of tax due or his or her qualifications for a license.

b) The applicant refuses to provide information necessary to compute the amount of tax due.

Sec. 10-12. Unqualified applicants; right to a conference.

After receipt of the completed application, if the tax collector believes that a reason exists for refusing a license under Section 10-11 of this ordinance, the tax collector shall refuse to accept payment of the tax and shall not issue the license. At the applicant's request, the tax collector shall, in accordance with Section 10-21 of this ordinance, give the applicant a written statement of the reason for refusing the license. The applicant may, within ten days after the day the statement is received, request a conference to discuss the refusal. In the request, the applicant shall specify why the application for a license should not be refused. The tax collector shall arrange the conference within a reasonable time.

If the collector refuses to issue a license, the applicant may reapply for a license at any time thereafter. If the reason for which the application was refused no longer exists, and if no other reason exists for refusing to issue a license, the tax collector shall issue the license in compliance with Section 10-13 of this ordinance.

Sec. 10-13. Tax collector to issue license; payment of tax a prerequisite.

After receipt of the complete application, if the tax collector believes that no reason exists for refusal of a license under Section 10-11 of this ordinance, the tax collector shall determine the amount of tax due and notify the applicant of that amount. The tax collector shall not issue a license until the tax is paid.

AA.000000766 (24)

Sec. 10-14. Amount of tax disputed.

If disputes arise over the amount the tax collector determines to be due, the applicant may either refuse to pay and request a conference with the tax collector to discuss the determination or pay the amount and request a conference to discuss the right to a refund. If a conference is requested, the tax collector shall arrange it within a reasonable time.

Sec. 10-15. Revocation.

The tax collector shall revoke a license if a reason exists to revoke it as set forth in Section 10-11 of this ordinance. Before revoking a license, the tax collector shall give the licensee written notice of the grounds for revocation, in accordance with Section 10-21 of this ordinance. The licensee may within ten days after the day on which notice is served request a conference with the tax collector in writing. The request shall specify the reasons why the license should not be revoked. The tax collector shall arrange the conference within a reasonable time.

If the licensee fails to request a conference within ten days after the day on which notice is served, the tax collector shall revoke the license. If the licensee requests a conference, the tax collector may not revoke the license until after the conference.

If the tax collector revokes a license, the former licensee may apply for a new license anytime thereafter. If the reason for which the license was revoked no longer exists and if no other reason exists for refusing to issue a license, the tax collector shall issue the license in accordance with Section 10-13 of this ordinance.

Sec. 10-16. Form and contents of license.

A license shall show the name of the person licensed, the place where the business is conducted (if it is to be conducted at one place), the nature of the business licensed, the period for which the license is issued, and the amount of tax paid. In addition, if a machine is licensed, the license shall show the serial number of the machine. The tax collector shall keep a copy of each license issued.

Sec. 10-17. Assignments.

A license may be assigned if (1) a business licensed under this ordinance and carried on at a fixed place is sold as a unit to any person, and (2) the purchase is to carry on the same business at the same place. Such a change shall be reported to the tax collector in accordance with Section 10-18 of this ordinance. Otherwise, each license issued under this ordinance is a personal privilege and is not assignable.

Sec. 10-18. Changes in the business conducted by a licensee during the tax year.

A licensee or an assignee shall report a change in the information contained in the license application to the tax collector within ten days after the change occurs. If information shown on the license itself is affected, the licensee or assignee shall surrender the license to the tax collector when reporting the change.

a) Changes affecting the amount of tax due. If there are no reasons for revoking the license under Section 10-11 of this ordinance and the change results in the imposition of a separate or additional tax, the tax collector shall reissue a license reflecting the change upon payment of the separate or additional tax.

b) Change not affecting the amount of tax due. If there are no reasons for revoking the license under Section 10-11 of this ordinance and the change does not result in an imposition of a separate or additional tax due, the tax collector shall reissue a license reflecting the change upon payment of a fee of $5.00.

c) Change requiring refusal of a license. If there is a reason for revoking the license under Section 10-11 of this ordinance, the tax collector shall refuse to reissue a license and shall instead begin proceedings to revoke the license in accordance with Section 10-15 of this ordinance.

Sec. 10-19. Tax collector to furnish duplicates.

Upon satisfactory proof that a license has been lost or destroyed, the tax collector shall furnish a duplicate for a fee of $5.00.

Sec. 10-20. Record of conferences.

The tax collector shall maintain for three years a record of each conference held in accordance with this Division. The record shall contain the applicant's or licensee's name, the date of the conference and a brief statement of the issues discussed and the result reached. After three years, the tax collector shall dispose of the record in accordance with G.S. 121-5.

Sec. 10-21. Providing notice to an applicant or licensee.

Whenever this ordinance requires the tax collector to give a written statement or notice to an applicant or a licensee, the tax collector may do so in one of three ways:

a) By personally delivering the statement of notice to the applicant or licensee;

b) By mailing the statement or notice by registered or certified mail and returning the receipt requested to the address specified for that purpose in the license application; or

c) By causing the statement or notice to be served on the applicant or licensee in accordance with the procedures for service of process under Rule 4, North Carolina Rules of Civil Procedure.

DIVISION 4.
ENFORCEMENT AND COLLECTION

AA.000000767 (24)

Sec. 10-22. Duty to determine whether tax due.

Each person has the duty to determine whether the business he or she conducts is taxed under this ordinance and if so, whether that tax has been paid for the current tax year.

Sec. 10-23. Tax collector to investigate.

If the tax collector has reason to believe that a person is conducting a business in the city in violation of this ordinance, the tax collector shall conduct an investigation to determine the person's tax liability.

Sec. 10-24. Duty to permit inspection.

Each person who conducts business in the city shall permit the tax collector to inspect the business premises during normal business hours to determine the nature of the business conducted there.

Sec. 10-25. Duty to post license.

A licensee shall post the license or licenses conspicuously in the place of business licenses. If the licensee has no regular place of business, the license must be kept where it may be inspected at all times by the proper city officials. If a machine is licensed, the license shall be affixed to the machine. .

Sec. 10-26. Notice of deficiency.

If the tax collector determines that a person has not paid the full amount of tax due under this ordinance, either for the current license year or for a prior license year, the tax collector shall give the person written notice of deficiency, in accordance with Section 10-21 of this ordinance. The notice of deficiency shall specify the total amount of tax due; the section of this ordinance upon which the tax is based; the amount of tax paid; any interest due; the balance owed; the manner and time period in which the person may respond to the notice of the deficiency; and the consequences of failing to respond as specified.

Sec. 10-27. Request for a conference.

The person may, within ten days after the day on which notice is served, request a conference in writing. The request shall specify the person's objections to the notice of deficiency. By way of illustration but not limitation, a person who receives notice of a deficiency may object on the following grounds:

a) That the tax has already been paid;

b) That the tax collector miscalculated the amount of tax due;

c) That the tax collector based his calculation on incorrect or insufficient information concerning the nature of business conducted;

d) That the tax collector based the determination on an erroneous interpretation of a section of this ordinance that establishes a category of business subject to a particular tax.

Sec. 10-28. Deficiency to become final.

If the taxpayer fails to request a conference under Section 10-27 of this ordinance, the deficiency becomes final and the tax collector shall proceed to collect the deficiency.

Sec. 10-29. Conference held.

If the taxpayer requests a conference, the tax collector shall not proceed to collect the deficiency until hearing the taxpayer's objections and determining that the deficiency should become final. The tax collector shall maintain a record of each conference held for three years in accordance with Section 10-27 of this ordinance. The record shall contain the name of the taxpayer, the date of the conference, a brief statement of the issues discussed, and the results of the discussion. After three years, the tax collector shall dispose of the record in compliance with G.S. 121-5.

Sec. 10-30. Collection of deficiency.

a) The tax collector may use any of the following methods to collect a deficiency:
   1) Criminal prosecution in accordance with Section 10-31(a) of this ordinance; or
   2) Equitable relief in accordance with Section 10-31(b) of this ordinance; or
   3) The remedies of levy, sale, attachment and garnishment in accordance with G.S. 160A-207.

b) Any person who continues to conduct a business taxed under this ordinance without payment of the tax is liable for the additional tax of five (5) percent every thirty days as imposed by G.S. 105-109.

Sec. 10-31. Enforcement of ordinance.

a) Criminal Remedies. Conducting business within this City without having paid the privilege license tax imposed by this ordinance, or without a valid license issued in accordance with this ordinance, or without posting a license in compliance with Section 10-25 of this ordinance is a misdemeanor, punishable as provided in G.S.105-109 or 14-4. Each day that a person conducts business in violation of this ordinance is a separate offense. Payment of a fine imposed in criminal proceedings in accordance with this section does not relieve a person of the liability for taxes imposed under this ordinance.

b) Equitable Remedies. In addition to the criminal remedies set forth in subsection (a) of this section and in compliance with G.S. 160A-175(d), the City may seek an injunction against any person who conducts a business in violation of this ordinance.

Sec. 10-32. Schedule of license taxes.

A license tax shall be levied and collected for the privilege of engaging in the businesses on the attached schedule within the municipal limits of the City of Marion, North Carolina.

Section 3. This Ordinance shall become effective on July 1, 2010.

Adopted this the 1st day of June 2010.

Stephen R. Little, Mayor

ATTEST:
J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-10-06-01-1

Schedule of Privilege License Taxes

On the following businesses, the taxes set forth herein shall be levied and collected:

Soft drinks, manufacture, production, bottling, and/or distribution	105-113.50A
Vending machines, including weighing machines	105-65.1

City License Taxes – Allowed by Law:

ABC Licenses:

AA.000000769 (24)

Each person who obtains a permit from the state Alcoholic Beverage Control (ABC) Commission to sell alcoholic beverages – malt beverages, fortified and unfortified wine – must also purchase a local ABC license to engage in that business. And to obtain the license, the permit holder must pay a tax to the local governments in which the business is conducted. Once the applicant for a license holds the appropriate ABC permit and tenders the correct amount of payment for the tax, issuance of the local government license is mandatory, a tax collector may no withhold issuance of an ABC license because the applicant has failed to comply with a local zoning or other regulatory requirement:

Per year:	
On-premises malt beverage	$ 15.00
Off-premises malt beverage	$ 5.00
On-premises unfortified wine, fortified wine or both	$ 15.00
Off-premises unfortified wine, fortified wine or both	$ 10.00

In addition, tax may be levied on a beer or wine wholesaler located in the City. The wholesaler tax may not be charged to a business located outside the City:

Per year:	
Beer	$ 37.50
Wine	$ 37.50
Both	$ 62.50

Advertising:

a) Engaging in the business of soliciting or contracting for advertisings, or engaged in the business of advertising or agents distributing advertising matter, circulars, and flyers , other than resident merchants, and is not specifically classified and taxes by this Division and is not prohibited by State Statutes:

Per year	$ 35.00

b) Engaging in the business of outdoor advertising by placing, erecting or maintaining one or more outdoor advertising signs or structures of any nature by means of signboards, poster boards, painted bulletins, or other painted matter; or any other outdoor advertising devices, erected up the grounds, wall or roofs of buildings:

Per year	$ 35.00

c) In addition, the person, firm or corporation owning or maintaining signboards, poster boards, painted bulletins, or other outdoor advertisements of any nature shall comply with the City of Marion Ordinance entitled "Off-Premise Advertising". Each signboard, poster board, painted bulletin, or other outdoor advertisement shall have imprinted on the same the name of such person, firm or corporation in sufficient size to be plainly visible and permanently affixed thereto.
d) This shall not apply to newspapers or periodicals published within the City.
e) No person, firm or corporation may operate a motor vehicle or other conveyance equipped with radio, phonograph, loudspeaker or other sound magnifying device to produce sound effects for advertising purposes.
f) Distribution in the City of Marion, sign tacking, posting on poles, trees, buildings, fences, or other structures except licensed billboards is prohibited.

Agricultural, Implements & Machinery:

Engaging in the business of selling agricultural implements and machinery:

Per year	$ 25.00

Amusements – General:

1. Giving, offering, or managing any form of entertainment or amusement for which an admission is charged and that is not otherwise taxed or specifically exempted:

Per year	$ 25.00

2. Circuses and Animal Shows – exhibiting performances, such as a circus or dog show, or any other similar show, exhibition or performance not taxed in other sections:

Per day	$ 25.00

3. Dances and Athletic Contests – giving or managing any dance or athletic contest of any kind that charges an admission in excess of fifty cents:

Per year	$ 25.00

4. Electronic video games and pinball machines - owning or operating machines that play electronic video games or pinball when a coin is deposited in the machine. A person or firm is deemed to be owning or operating an electronic video game machine or pinball machine if he has a machine located at his own place of business or if he places or exhibits machines at business locations other than his own:

Per year – video games	$ 5.00 per machine
Per year – pinball machines	$ 25.00

5. Movie Theaters – operation of a movie theater for compensation. The license tax levied under this section is on each "room" used for screening movies, therefore, movie theatres that operate two, three, or more screening rooms must pay a separate tax for each room. For any movie theater operated three days or less each week, the maximum city tax is half the tax otherwise allowed:

Per year	$200.00

AA 000000770 (24)

6. Outdoor (drive-in) Theatres – operating an outdoor or drive-in theatre for compensation:

Per year	$100.00

7. Music Machines – operating, maintaining, or placing on location any machine or machines that play records or produce music:

Per year	$ 5.00 per machine

8. Pool Tables – operating billiard or pool tables, whether by slot (coin) or otherwise:

Per year	$ 25.00

9. Riding and amusement devices such as Ferris wheels, merry-go-rounds, shooting galleries, skating rinks and swimming pools:

Per year	$ 25.00

10. Traveling theatrical company engaged in giving exhibitions or performances in a tent, hall or other similar place:

Per day	$ 25.00

11. Exemptions and special provisions – G.S. 105-40 exempts from the tax levied by this section the following organizations and activities:
    a) All exhibitions, performances, and entertainments, except as expressly provided as being taxable produced by local talent exclusively, for the benefit of religious, charitable, benevolent, or educational purposes, as long as no compensation is paid to the local talent;
    b) the North Carolina Symphony;
    c) all exhibits, shows, attractions, and amusements operated by a society or association organized under the provisions of G.S. Chapter 106 (agricultural organizations) where a permit has been obtained from the Secretary of Revenue to operate without paying a license tax;
    d) outdoor historical dramas
    e) elementary and secondary school athletic contests, dances, and other amusements;
    f) dances and other amusements promoted and managed by a qualifying corporation that operates a center for the performing and visual arts if the dance or other amusement is held at the center;
    g) a person exempt from NC income tax who operates a teen center;
    h) arts festivals held by a person exempt from NC income tax provide the following conditions are met (1) the person holds no more than two arts festivals a year, (2) each of the arts festivals lasts no more than seven days, (3) the community festival involves a variety of exhibitions and activities, the majority of which are held outdoors and are open to the public.

Antique Dealers:
Engaged in the business of selling or dealing, either in a permanent or itinerant location, in what is commonly known as antiques:

Per year	$ 35.00

Art Dealers:
Engaged in the business of selling art goods:

Permanent – per year	$ 35.00
Itinerant – per year	$100.00

Asphalt or Asphalt Supplies – Dealers, Sellers or Distributors:
Engaged in the business of selling, dealing or distributing asphalt or asphalt supplies:

Per year	$ 50.00

Provided, however, where a "building materials" tax is paid, this tax shall not be collected.

Athletic Events and Contests:
See Amusements Section

Athletic Supplies and Sporting Goods:
Engaging in selling or distributing athletic supplies or sporting goods, or fishing tackle:

Per year	$ 35.00

Automobile Dealers:
Engaging in the business of buying, selling, distributing, servicing, storing, or exchanging motor vehicles, trailers, semi trailers, tires, tools, batteries, electrical equipment, lubricants or automotive equipment, radios designed for exclusive use in automobiles, and supplies:

Permanent – per year	$ 25.00
Itinerant, seasonal or temporary temporary	$300.00

Premises on which cars are stored or sold, if owned or operated by a licensed dealer under the same name, shall no be considered a separate place of business when this business is conducted within the corporate limits of any city in which the licensed business is conducted.

Automobile Rentals:

AA.000000771 (24)

See Rental Service Section.

Automobile Repairs and Service Stations:
Engaging in the business of servicing, storing, painting, repairing, welding, or upholstering motor vehicles, trailers, and semi trailers; or retail selling or delivering of any tires, tools, batteries, electrical equipment, automotive accessories, radios designed for exclusive use in automobiles, supplies, motor fuels, lubricants, or any such commodities.

Per year	$ 12.50

Automotive Retail and Wholesale Supply Dealers:
Engaging in the business of buying, selling, distributing, exchanging, or delivering automotive accessories, including radios designed for exclusive use in automobiles, parts, tires, tools, batteries, or other automotive equipment or supplies, or any such commodities at retail or wholesale.

Per year	$ 37.50

Provided, any person engaged in the business in the section and having no located place of business, but selling to retail dealers by use of some form of vehicle, shall pay a license tax for each vehicle used in carrying on such business:

Per year	$ 37.50 per vehicle

Automotive Washing and Waxing:
Engaging in the business of washing and/or waxing of automobiles:

Per year	$ 50.00

Automotive Wrecker / Towing Service:
Engaging in the business of operating an automotive wrecker / towing service:

Per year	$ 50.00

Bakery Products – Manufacturing, Selling and Delivery:
Engaging in the business of operating a bakery or preparing or manufacturing breads, cakes, crackers or doughnuts, offering such products for sale at wholesale or delivery of bakery products within the City:

Per year	$ 35.00

Provided, however, that this tax shall no apply to merchants selling bakery products, bread, cakes, crackers or doughnuts as a part of their regular merchandise unless a separate bakery department is in the same building. In addition, the tax shall not be collected from restaurants on which the restaurant tax has been paid.

Barber Shops, Beauty Shops and Manicurists:
Engaging in the business of conducting a barber shop or engaged in the business of cosmetology for each barber, manicurist, beautician or beauty shop operator:

Per year	$ 2.50 per chair or Manicurist

Beer:
See ABC License Section

Bicycle Dealer and Repair:
Engaging in the business of selling or repairing bicycles:

Per year – selling	$ 25.00
Per year – repairing	$ 25.00

Billiard and/or Pool Tables:
See Amusements Section.

Boats and Boat Supplies:
Engaging in the business of selling boats or boat supplies:

Per year	$ 35.00

Book Stores and Stationers
Engaging in the business of selling books and stationary items:

Per year	$ 35.00

Bowling Alleys:
Engaging in the business of operating a bowling alley:

Per year	$ 10.00 per lane

Building Materials:
Engaging in the business of selling lumber and/or other building materials, includes glass, paints and cabinet makers:

Per year	$ 35.00

Every firm, person or corporation located outside the City limits but which deliver products or services inside the City to customers procured in the regular course of
business unless the business is covered by some other license tax levied herein.

AA.000000772 (24)

Cafes and Cafeterias:
See Restaurant section

Campgrounds, Trailer Parks and Tent Camping Areas:
Engaging in the business of operating a for profit campground, trailer park, tent-camping area, or similar place and advertising or soliciting transient patronage. It is irrelevant whether rental to patrons is on a daily, weekly, biweekly, or monthly basis:

Per year $ 12.50

Candy Manufacturing:
Engaging in the business of manufacturing candy or other confectioneries:

Per year $ 35.00

Carpet and Rug Cleaning:
Engaging in the business of cleaning carpets and rugs:

Per year $ 35.00

Caterers:
Engaging in the business of catering:

Per year $ 35.00

Cement – Ready Mixed:
See Building Materials section.

Christmas Trees:
See Peddler Section.

Chain Stores and/or Branch Stores:
Engaging in the business of operating or maintaining in this state, under the same management, supervision or ownership, with two or more stores, or mercantile

establishments where goods, wares or merchandise are sold or offered for sale, or
from which such are sold or distributed at wholesale or retail, or controlling by lease, either as lessor or lessee or by contract, the manner in which any such store or stores are operated, or the varieties, character, or brands of merchandise which are sold therein.

Per year $ 50.00

Excluded from the tax are those stores that are operated on a franchise basis where the varieties of goods sold are controlled by contract, but the ownership of each store is separate. Moreover, the store that is designated the principal office of the chain is not subject to the tax levied by this section.
A store is still a chain store within the meaning of this section, even though the various stores in the chain are operated under separate charters of incorporation, if there is common ownership of a majority of stock in such separately incorporated companies. In like manner the section applies to any group of stores a majority interest in which is owned by an individual or partnership.

Check-Cashing Businesses:
See Loan Agencies, Pawnbrokers, and Check-Cashing Businesses.

Cigar, Cigarette and Tobacco Retailers and Wholesalers:
Engaging in the business of selling, either as a retailer or as a jobber, cigars, cigarettes, chewing tobacco, smoking tobacco, snuff, or any other tobacco product:

Per year	$ 25.00

Weapons Dealers:
See Firearms and Other Weapons Dealers Section.

Welders:
Engaging in the business of welding:

Per year	$ 35.00

Wine Sales:
See ABC License Section.

PRESENTATION OF VEHICLE POLICY – POLICE CHIEF MARK BROOKS: Police Chief Mark Brooks appeared before Council and stated that, when he was conducting his research on the Marion Police Department prior to his beginning work with the City, he requested information from the Police Department employees regarding various issues within the department. One issue that was mentioned repeatedly was the lack of a 'Take Home Vehicle' policy. Chief Brooks stated that Police Department employees were seeing several officers from other departments (some from other counties) who live in the Marion area bringing their police vehicles home. Departments that have Take Home Vehicle policies were attracting some of Marion's officers (or applicants) to consider those agencies over Marion and this was also a factor in department morale.

In order to address this issue, Chief Brooks stated that he had written a Take Home Vehicle policy that he believes would be very well received from the City's officers and benefit the City. This policy would begin

AA.000000783 (24)

with officers who live within the City or the City's one mile extraterritorial police jurisdiction and, as vehicles are available, extend to other officers. Chief Brook reported that marked police units within the jurisdiction produce what he considers to be two primary benefits for the City—the deterrence effect of having a marked police unit within a community and the opportunity for the officer to quickly respond to emergencies.

In order to make a few vehicles available for this, Chief Brooks stated that he had shuffled some little-used vehicles around in order to make vehicles available for officer use. By utilizing already owned vehicles and holding onto a couple of the department's older vehicles, this transition can occur as efficiently as possible. Chief Brooks stated that Council should also keep in mind that vehicles that are maintained by one officer are kept in better condition and the life of the vehicle is extended by several years, as opposed to vehicles that are being driven constantly by one officer after another.

Chief Brooks presented council with a copy of his proposed policy and asked for Council's blessing in implementing it.

Council Member Martin stated that Chief Brooks had made an excellent presentation and that he supported this idea.

A discussion followed.

Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to approve the following Take Home Vehicle Policy, with authorization given to make minor modifications as necessary:

POLICE DEPARTMENT TAKE HOME VEHICLE POLICY

I. POLICY STATEMENT

It is the policy of the Marion Police Department to provide take-home vehicles to personnel to increase police presence in our community and improve public safety. By increasing the visibility of marked police cruisers and availability of off-duty personnel, the department can provide a safer environment where our citizens and guests live and work.

II. PROCEDURES

A. The following personnel are eligible, subject to availability, for the take-home vehicle program:

1. Chief of Police and Division Lieutenants;
2. Residential Police Officers—Officers who live within the corporate limits of the City of Marion or within the extra-territorial jurisdiction as defined in *NCGS 160A-286;
3. Officers who reside outside the area referenced in #2 (with a six mile limit) when vehicles are available;
4. Personnel who are subject to on-call duty—Investigators Criminal/Narcotic) ;
5. Other specialized positions approved by the Chief of Police.

III. AUTHORIZATION FOR USE

Personnel who are issued take-home vehicles under this program are authorized to drive their vehicle to and from work and for other authorized departmental business.

IV. RESPONSIBILITIES OF PERSONNEL

A. Officers issued take-home vehicles are to keep their vehicle secured at all times.

B. Officers shall not modify vehicle equipment or accessories without the approval of the Division Lieutenant.

C. Officers assigned take-home vehicles are responsible for ensuring preventive maintenance and repairs are performed on the vehicle in a timely manner. Officers are also responsible for the upkeep and cleanliness of their assigned vehicle.

D. While officers are utilizing a take-home vehicle, they are subject to being dispatched to emergency calls involving exigent circumstances. At no time will an off-duty officer respond to a call for service without an on-duty unit responding to assist.

E. If an off-duty officer is in the general proximity of an emergency call for service, they should respond appropriately and assist as needed.

AA.00000784 (24)

F. Failure to abide by these responsibilities may result in loss of the privilege of being issued a vehicle for Take-Home use.

*** 160A-286. Extraterritorial jurisdiction of policemen.**

In addition to their authority within the corporate limits, city policemen shall have all the powers invested in law-enforcement officers by statute or common law within one mile of the corporate limits of the city, and on all property owned by or leased to the city wherever located.

Any officer pursuing an offender outside the corporate limits or extraterritorial jurisdiction of the city shall be entitled to all of the privileges, immunities, and benefits to which he would be entitled if acting within the city, including coverage under the workers' compensation laws. (1971, c. 698, s. 1; c. 896, s. 4; 1973, c. 426, s. 46; c. 1286, s. 24; 1991, c. 636, s. 3.)

ADOPT DEMOLITION ORDINANCES: The City Manager advised that staff recommends the adoption of ordinances to authorize staff to proceed with demolition of an old mobile home owned by Betty Keeter at 201 Morehead Road and a dilapidated commercial building owned by Eugene Holland and Anthony Austin at 1890 North Main Street. The City Manager stated that staff has gone through the demolition process for these structures and, to date, no action has been taken by the property owner on Morehead Road. The City Manager stated that the North Main Street property owners were in the process of demolishing their structure.

The City Manager stated that, upon Council action, staff would proceed with asbestos inspection and removal and demolition of these structures, before the end of the 2009-10 Fiscal Year, if action has not been taken by the property owner to demolish the structures.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance authorizing staff to proceed with the demolition process at 201 Morehead Road as follows:

CITY OF MARION
AN ORDINANCE CONCERNING
PARTICULAR UNINHABITABLE DWELLINGS
AND/OR HAZARDOUS ABANDONED STRUCTURES

WHEREAS, on the 21st day of January, 2003, the City of Marion enacted an Ordinance pursuant to and in compliance with Part 6, Article 19, Chapter 160A of the North Carolina General Statutes, which provides for the repair, closure or demolition of dwellings that have been found to be unfit for human habitation and abandoned structures which have been found to be a health or safety hazard; and

WHEREAS, pursuant to and in compliance with the said Ordinance a certain dwelling(s)/structures(s) located on property described at 201 Morehead Road, having Parcel Identification Number 1711.09-05-1666 and as more fully described in Exhibit A was found to be unfit for human habitation or hazardous; and

WHEREAS, the owners(s) of the above-described property is as follows: Betty Keeter; and

WHEREAS, on the 17 day of May 2010, the public officer designated in the above-referenced Ordinance issued an order to the owners of the property described above which required the owner(s) to obtain a permit to demolish by May 27, 2010 (a copy of the order is attached hereto as Exhibit B); and

WHEREAS, the owners have failed to comply with the above-stated order.

NOW, THEREFORE, the City of Marion, by action of the City Council, **HEREBY ORDAINS** the following:

Section 1. That the public officer designated in the above-referenced Ordinance is hereby ordered to proceed to effectuate the above-referenced Ordinance and Part 6, Article 19, Chapter 160A of the North Carolina General Statutes by taking such action as is necessary to carry out the repair, removal or demolition of the dwelling or structure as indicated in the attached order; and

Section 2: That the public officer shall comply with all applicable provisions and procedures contained within the Ordinance and Part 6, Article 19, Chapter 160A of the North Carolina General Statutes.

ADOPTED THIS the 1st day of June, 2010

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: 10-06-01-2

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance authorizing staff to proceed with the demolition process at 1890 North Main Street as follows:

CITY OF MARION
AN ORDINANCE
CONCERNING PARTICULAR UNINHABITABLE DWELLINGS
AND/OR HAZARDOUS ABANDONED STRUCTURES

AA.00000785 (24)

WHEREAS, on the 21st day of January, 2003, the City of Marion enacted an Ordinance pursuant to and in compliance with Part 6, Article 19, Chapter 160A of the North Carolina General Statutes, which provides for the repair, closure or demolition of dwellings that have been found to be unfit for human habitation and abandoned structures which have been found to be a health or safety hazard; and

WHEREAS, pursuant to and in compliance with the said Ordinance a certain dwelling(s)/structures(s) located on property described at 1890 N. Main St. having the Parcel Identification Number 1702.03-04-4707, and as more fully described in Exhibit A was found to be unfit for human habitation or hazardous; and

WHEREAS, the owners(s) of the above-described property is as follows: Max Eugene Holland; and Anthony Austin.

WHEREAS, on the 17 day of May, 2010, the public officer designated in the above-referenced Ordinance issued an order to the owners of the property described above which required the owner(s) to obtain a permit to demolish by the 27th day of May, 2010 (a copy of the order is attached hereto as Exhibit B); and

WHEREAS, the owners have failed to comply with the above-stated order.

NOW, THEREFORE, the City of Marion, by action of the City Council, **HEREBY ORDAINS** the following:

Section 1. That the public officer designated in the above-referenced Ordinance is hereby ordered to proceed to effectuate the above-referenced Ordinance and Part 6, Article 19, Chapter 160A of the North Carolina General Statutes by taking such action as is necessary to carry out the repair, removal or demolition of the dwelling or structure as indicated in the attached order; and

Section 2: That the public officer shall comply with all applicable provisions and procedures contained within the Ordinance and Part 6, Article 19, Chapter 160A of the North Carolina General Statutes.

ADOPTED THIS the 1st day of June, 2010

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: 10-06-01-3

The City Manager noted that staff had also prepared an ordinance to initiate the condemnation process for the former Kelly Automotive building at 138 North Main Street. This building was damaged by fire a few months ago. The City Manager advised that staff had worked with the property owner for some time to urge that the structure be repaired or demolished, but had recently learned that the property had been purchased by Mr. Tom Cline. It was the consensus of Council to defer action for the Cline property for a few weeks to allow Mr. Cline time to take action on his own. If no action is taken, then the ordinance to initiate the condemnation process will be brought back before Council at a future meeting.

CONSIDER ADOPTION OF CITY COUNCIL EITHICS POLICY:

The City Manger advised that, at the May 25 Council Budget Workshop/Planning Session, Council proposed changes to the Model Ethics Policy prepared by the School of Government, mainly involving the elimination of Section 1, Legal Responsibilities. The City Manager presented the revised policy, including the changes directed by Council.

Mayor Pro Tem Owenby noted that local elected officials have to take the ethics training and adopt ethics policies, but the General Assembly members adopting such laws in Raleigh do not.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following City of Marion Ethics Policy:

CODE OF ETHICS
CITY OF MARION, NORTH CAROLINA
PREAMBLE

WHEREAS, the Constitution of North Carolina, Article 1, Section 35, reminds us that a "frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty," and

WHEREAS, a spirit of honesty and forthrightness is reflected in North Carolina's state motto, Esse quam videri, "To be rather than to seem," and

WHEREAS, Section 160A-86 of the North Carolina General Statutes requires local governing boards to adopt a code of ethics, and

WHEREAS, as public officials we are charged with upholding the trust of the citizens of this City, and with obeying the law.

AA.000000786 (24)

NOW THEREFORE, in recognition of our blessings and obligations as citizens of the State of North Carolina and as public officials representing the citizens of the City of Marion, and acting pursuant to the requirements of Section 160A-86 of the North Carolina General Statutes, we the City Council of the City of Marion do hereby adopt the following General Principles and Code of Ethics to guide the City Council in its lawful decision-making.

GENERAL PRINCIPLES UNDERLYING THE CODE OF ETHICS

- The stability and proper operation of democratic representative government depend upon public confidence in the integrity of the government and upon responsible exercise of the trust conferred by the people upon their elected officials.
- Governmental decision and policy must be made and implemented through proper channels and processes of the governmental structure.
- Council members must be able to act in a manner that maintains their integrity and independence, yet is responsive to the interests and needs of those they represent.
- Council members must always remain aware that at various times they play different roles:
  - As advocates, who strive to advance the legitimate needs of their citizens
  - As legislators, who balance the public interest and private rights in considering and enacting ordinances, orders, and resolutions
  - As decision-makers, who arrive at fair and impartial quasi-judicial and administrative determinations.
- Council members must know how to distinguish among these roles, to determine when each role is appropriate, and to act accordingly.
- Council members must be aware of their obligation to conform their behavior to standards of ethical conduct that warrant the trust of their constituents. Each official must find within his or her own conscience the touchstone by which to determine what conduct is appropriate.

CODE OF ETHICS

The purpose of this Code of Ethics is to establish guidelines for ethical standards of conduct for the City Council and to help determine what conduct is appropriate in particular cases. It should not be considered a substitute for the law or for a Council member's best judgment. Throughout this Code, the term "Council member" is used to refer to City elected officials. The term "Council member" in all instances includes the Mayor and Council members of the City of Marion.

Section 1. Council members should act with integrity and independence from improper influence as they exercise the duties of their offices. Characteristics and behaviors consistent with this standard include the following:

- Adhering firmly to a code of sound values
- Behaving consistently and with respect toward everyone with whom they interact
- Exhibiting trustworthiness
- Living as if they are on duty as elected officials regardless of where they are or what their doing
- Using their best independent judgment to pursue the common good as they see it, presenting their opinions to all in a reasonable, forthright, consistent manner
- Remaining incorruptible, self-governing, and unaffected by improper influence while at the same time being able to consider the opinions and ideas of others
- Disclosing contacts and information about issues that they receive outside of public meetings and refraining from seeking or receiving information about quasi-judicial matters outside of the quasi-judicial proceedings themselves
- Treating other Council members and the public with respect and honoring the options of others even when the Council members disagree with those opinions
- Not reaching conclusions on issues until all sides have been heard
- Showing respect for their offices and not behaving in ways that reflect badly on those offices
- Recognizing that they are part of a larger group and acting accordingly
- Recognizing that individual Council members are not generally allowed to act on behalf of the Council but may only do so if the Council specifically authorizes it, and that the Council must take official action as a body

Section 2. Council members should avoid impropriety in the exercise of their official duties. Their official actions should be above reproach. Although opinions may vary about what behavior is inappropriate, this Council will consider impropriety in terms of whether a reasonable person who is aware of all the relevant

AA.00000787 (24)

facts and circumstances surrounding the Council member's action would conclude that the action was inappropriate.

If a Council member believes that his or her actions, while legal and ethical, may be misunderstood, the member should seek the advice of the City Attorney and should consider publicly disclosing the facts of the situation and the steps taken to resolve it (such as consulting with the attorney).

Section 3. Council members should faithfully perform the duties of their offices. They should act as the especially responsible citizens whom others can trust and respect. They should set a good example for others in the community, keeping in mind that trust and respect must continually be earned.

Council members should faithfully attend and prepare for meetings. They should carefully analyze all credible information properly submitted to them, mindful of the need not to engage in communications outside the meeting in quasi-judicial matters. They should demand full accountability from those over whom the Council has authority.

Council members should be willing to bear their fair share of the Council's workload. To the extent appropriate, they should be willing to put the Council's interest ahead of their own.

Section 4. Council members should conduct the affairs of the Council in an open and public manner. They should comply with all applicable laws governing open meetings and public records, recognizing that doing so is an important way to be worthy of the public's trust. They should remember when they meet that they are conducting the public's business. They should also remember that local government records belong to the public and not to Council members or their employees.

In order to ensure strict compliance with the laws concerning openness, Council members should make clear that an environment of transparency and candor is to be maintained at all times in the governmental unit. They should prohibit unjustified delay in fulfilling public records requests. They should take deliberate steps to make certain that any closed sessions held by the Council are lawfully conducted and that such sessions do not stray from the purposes for which they are called.

Adopted by the City Council of the City of Marion this the 1st day of June, 2010.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Policy Number: O-10-06-01-1

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the Livermush Festival will take place on Main Street on Friday, June 4. There will be music and activities, as usual. Hunter's Livermush will again be the main sponsor for this event and will cook and provide Livermush free of charge. There will also be Livermush Festival t-shirts for sale.

The City Manager advised that DOT had informed him in mid May that they will upgrade the traffic signals at Fort and Logan Streets and install pedestrian crossing signals, as requested by the City, First Baptist Church and the First Baptist Church Children's Center. City staff are also in the process of installing a handicapped ramp on the southwestern corner of this intersection. The other three corners are already handicapped accessible.

The City Manager advised that since he had not heard back from DOT about the request for them to help the City with the petition for a rule change to expand allowances for DOT logo signs on the US 221 Bypass, he had asked Senator Queen and Representative Gillespie to introduce legislation on the City's behalf on this matter. With the General Assembly session likely being very short this year, it may not be possible to introduce such legislation this year. Representative Gillespie spoke to a DOT contact in Raleigh on May 25 who said that DOT will not assist the City with the petition to change the rules regarding the DOT logo signs. The City Manager presented Council with a copy of the petition for rule change that he had put together in accordance with State law.

AA.00000788 (24)

Planning and Development Director Heather Cotton reported that the City and County have been funded for a State Energy Grant to relamp most City and County buildings. This project will save the City thousands of dollars in energy costs per year.

The City Manager advised that, as of Thursday, the Catawba River Wastewater Plant has been taken off line\ and all wastewater flow from that plant is being pumped to the Corpening Creek Wastewater Plant. Laughlin Sutton Construction continues work on the Corpening Creek Plant improvements. This construction will last through late summer.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that, at the last Council Planning Session, a discussion was held regarding liability issues involving Children at Play signs. He said he mentioned this sign to the North Carolina League of Municipalities Risk Management Services and was told that the League recommends that the signs be placed, as long as the signs contain the word "caution."

Council Member Cuthbertson reported a street light out at the intersection of Broad and Willow Streets and also on Railroad Streets. The City Manager stated that these street lights would be reported to Duke Energy.

Council Member Cuthbertson stated that he recently went to a meeting at Isothermal Planning and Development Commission and spoke to a Council Member in Spindale who told him that the Town of Spindale had 80 employees a few years ago and, due to budget cuts, now has less than 40 employees. He noted other drastic measures being taken by Spindale to cut its budget.

Mayor Little stated that next Tuesday morning is the Marion Business Association Business Annual Meeting/Breakfast. He encouraged Council members to attend.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to adjourn.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, June 15, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Heather Cotton, AICP, Planning and Development Director; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News; James & Gwen Evans, News Reporters, The News Bulletin.

GUESTS PRESENT: Allen Azazian and Alesia Swepson Ferguson, 80 West Grayson Street, Marion, NC; Paula Swepson, 220 West Grayson Street, Marion, NC; Elizabeth Berry, 4688 Mt. Olive Church Road, Morganton, NC.

CITIZEN OF THE MONTH FOR JUNE AND JULY - SELECTED BY COUNCIL MEMBER MARTIN:
Council Member Billy Martin presented the Citizen of the Month for June and July.

ALESIA SWEPSON FERGUSON

Council Member Martin stated that Ms. Alesia Swepson Ferguson is a native of Marion and a graduate of McDowell High School, Class of 1978. She is married to Allen Ferguson and they have three children and three grandchildren.

Ms. Ferguson has worked for Baxter Healthcare for thirty years and is a member of the Mount Moriah Missionary Baptist Church. Her passion is missionary work in the community, visiting the sick and shut-ins and always offering an encouraging word to all.

Ms. Ferguson has went gone through some trying time recently, with her son being in a serious motor vehicle accident, and Ms. Ferguson being diagnosed with cancer, which is now in remission. She has kept her spirits up, been undaunted by all the obstacles and misfortunes and recently answered a call to the ministry.

Mayor Little, Council Members, family and friends all shared kind words about Ms. Freguson.

C. Approve Personnel Policy Amendment

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

Section 1. That Article VI, Work Conditions and Expectations, Section 18. Residency is amended by deleting Section 18 in its entirety and replacing it with the following:

Section 18. Residency

The City Manager is required to maintain residence in the City Limits of Marion. The City Council may grant the City Manager a reasonable period of time after his or her initial appointment to establish residency in the City.

The following positions are designated as emergency response sensitive positions and are encouraged to maintain a principal residence within the City Limits of Marion:

Fire Chief
Police Chief
Public Works Director

Persons in these positions wishing to reside outside the City Limits may request a waiver from this requirement. The City Manager may grant a waiver from this requirement, if the ability to respond to emergency situations is not hampered; however, such positions should reside no more than six (6) miles from the primary City Limits, which does not include satellite annexation areas.

An employee falling under this requirement who plans to change residence must give prior notice to the City Manager.

Section 2. This amendment shall become shall become effective upon its adoption.

H. Adopt Resolution Authorizing the Sale of City Property on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on May 6, 2010, Mr. Wynn Jackson submitted a bid in the amount of $3,000 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on May 18, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Wynn Jackson to purchase the property, as described above, for a sum of $3,000, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Wynn Jackson, LLC; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on May 26, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on June 4, 2010, Hopewell Road, LLC submitted a bid in the amount of $3,200 for the purchase of the property described above; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Hopewell Road, LLC is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Mr. Wynn Jackson and to complete the sale of the property described above to Hopewell Road, LLC, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Mr. Wynn Jackson to purchase the above described property for $3,000, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

AA.00000794 (24)

3. The City Clerk shall refund Mr. Wynn Jackson the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Hopewell Road, LLC to purchase the above described property for $3,200, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Hopewell Road, LLC of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $3,200.

Adopted this the 15th day of June, 2010.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 15th day of June 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–10–06–15–7

PUBLIC HEARING – ADOPTION OF 2010-11 BUDGET ORDINANCE: Mayor Little opened the public hearing.

The City Manager gave a brief overview of the recommended 2010-11 City budget, as follows:

- The total recommended budget for all five funds (General Fund, Water and Sewer Fund, Internal Service Fund, General Capital Reserve Fund and Water and Sewer Capital Reserve Fund) is $9,519,019.
- The budget is a 3.61 percent, or $356,368, decrease over the amended 2009-10 City budget.
- The budget decrease is mainly due to the loss of hundreds of thousands of dollars in revenues.
- The budget includes very conservative revenue and expenditure estimates, due to continuing uncertainty about the State and National economy.

AA.000000795 (24)

- The 2009-10 City budget was a 9.9 percent, or $1,044,256, decrease over the 2008-09 City budget.
- There is no recommended tax rate increase. This will be the 43rd year in a row that the City of Marion has not increased taxes.
- The City's property tax base is expected to increase by a small amount due to continued modest growth in the City offset partially by reductions in business personal property values.
- The budget calls for a six percent increase in water and sewer rates. This is the fifth year of a five year six percent annual water and sewer rate increase approved by the City Council in 2006.
- The budget provides for funding for several projects, including:
    - Funding for street, sidewalk, curb and drainage projects, $197,719
    - Code enforcement expenses for dilapidated housing demolition, $15,000
    - Purchase of computers for Police Department, $4,500
    - Miscellaneous Fire Department capital needs, $10,000
    - Purchase of two pickup trucks for Street Division, $40,000
    - Sand spreader and snow blade to equip additional vehicle for snow removal for Street Division, $20,000
    - Purchase of 4X4 tractor with blade and bucket for snow removal on sidewalks and other areas for Street Division, $14,000
    - Miscellaneous Street Division equipment, $2,000
    - Purchase of eight dumpsters, $6,500
    - Mini park funding, including work on Clinchfield Community Park, $25,000
    - Purchase of water and sewer pipe, valves and hydrants, $75,000
    - Purchase of underground punch or tamp in Utility Maintenance Division, $3,000
    - Purchase of replacement meter reading vehicle, $20,000
    - Paving work at Water Plant, $10,000
    - Installation of security cameras at Water Plant, $16,000
    - Replacement of valves at Water Plant, $26,000
    - Replacement of vehicle at Water Plant, $20,000
    - Rehabilitation of Goodrum Drive and Grayson Street wastewater pump stations, $16,500
    - Cement for Goodrum Drive and Victory Drive wastewater pump stations, $2,500
    - Purchase of equipment at Wastewater Plant, $13,500

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Mayor Pro Tem Owenby stated that he wanted to personally thank the City staff who worked so hard on this budget.

Mayor Little thanked the City Manager and staff as well and stated that he was so glad to see the City be able to fund a modest salary increase for City employees.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following ordinance adopting the 2010-11 Budget:

BUDGET ORDINANCE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 11. There is hereby levied a tax at the rate of fifty-one ($ .51) per one hundred ($100) valuation of property as listed for taxes as of January 1, 2010 for the purpose of raising the revenue listed as "Current Year Property Taxes" in the General Fund in Section 2 of this Ordinance. These rates are based on estimated total valuation of property for the purpose of taxation of $348,101,840 and estimated rate of collection of
96%.

Section 12. The Budget Officer is hereby authorized to transfer appropriations within a fund as contained herein under the following conditions:

A. He may transfer amounts between objects of expenditure within a department without limitation and without a report being required.

B. He may transfer amounts up to $1,000.00 between departments of the same fund with an official report on such transfers at the next regular meeting of the City Council.

C. He may not transfer any amounts between funds nor from any contingency appropriation within any fund.

Section 13. Copies of the Budget Ordinance shall be furnished to the Finance/Budget Officer of the City to be kept on file for direction in the disbursement of funds.

ADOPTED this the 15th day of June, 2010

Stephen R. Little, Mayor

ATTEST:

AA.00000798 (24)

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–10–06–15–1

Council Member Clark stated that he to wanted to echo what Mayor Pro Tem Owenby had said and was thankful for all the years the City has had financial stability.

Mayor Little stated that there had not been a tax increase by this Board since before the City Manager was born.

The City Manager stated that he appreciated all the department heads for what they did to help with this year's budget, especially Ms. Harriett Thomas, who worked hard to prepare the budget document and to be patient in producing numerous versions of the proposed budget.

APPROVE SIDEWALK ENCROACHMENT – PLACEMENT OF TABLE AND CHAIRS - CAFFIEND UNDERGROUND – WEST HENDERSON STREET: The City Manager advised that, as indicated on the information presented to Council, the Caffiend Underground at 24 West Henderson Street has submitted a release and agreement for a sidewalk encroachment to allow table and chairs to be placed on the West Henderson Street sidewalk next to their business. Council approval of this request is required under the City Code before a food service establishment may place table and chairs on the sidewalk. A rough site plan was presented to Council for their information.

The City Manager stated that this agreement contains a hold harmless release and is the same as previously approved for other downtown food service establishments. Staff has determined that there is sufficient room to allow the placement of the table and chairs and still provide for safe pedestrian movement along the sidewalk. The City Manager recommended approval of the request.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request by the Caffiend Underground at 24 West Henderson Street for a sidewalk encroachment to allow table and chairs to be placed on the West Henderson Street sidewalk next to their business, contingent upon the business owner signing the release and agreement printed below.

STATE OF NORTH CAROLINA
RELEASE AND AGREEMENT
COUNTY OF McDOWELL

THIS RELEASE is executed and entered into this the _____ day of_____, 20____. By_____
(hereinafter referred to as "undersigned").

1. It is further acknowledged by the undersigned that use of streets, sidewalks, and other public places located within the municipal limits of the City of Marion is subject to regulation by the City.

2. It is further acknowledged that Section 15-134 of Marion City Code prohibits the placing of any items on the public sidewalk unless the merchant wishing to do so first provides the City Manager with a signed notarized statement accepting total and complete responsibility for any accidents or other problems relating to the items placed on the sidewalk in front of their business.

3. Pursuant to section 15-134 of Marion City Code, the undersigned hereby request permission to place items on the sidewalk directly in front of the following business:_____

   Specific items to be placed on the sidewalk: _____

   Beginning and ending dates and times for such items to remain on sidewalk:_____

   Other Conditions: _____

   _____

4. Undersigned hereby agrees to indemnify the City and to hold the City harmless from any and all claims, damages, or liability to any person whatsoever, (including attorneys fees, costs of court and any other expenses) which may arise from or in any way related to, the placement of the items described above on the sidewalk. Should any such claim be made against the City, the undersigned agrees to assume the cost of defending such claim, and to reimburse the City for any expenses it incurs in the defense such claim. Undersigned agrees to maintain sufficient liability insurance coverage to enable it to comply with the provisions of this Release and Agreement.

   Undersigned maintains liability insurance on the premises in questions with:_____
   and agrees to forward a copy of this Release and Agreement to its Insurer.

5. Undersigned stipulates that, by the promises and representations contained herein, it has induced the City to allow it to place the items referred to above on the public sidewalk. Undersigned acknowledges that such permission may at any time be immediately withdrawn if undersigned is found to be in violation of any part of Section 15-134 of the Marion City Code, or if, in the sole discretion of the City, the items placed on the sidewalk, or the activities associated with them, are considered an unreasonable hazard or violation of law. Undersigned hereby releases the City from any and all liability either associated with the City's exercise of its discretion in making such determination, or in any other way arising from the placement or presence of the items referred to above on the sidewalk, or from any activities associated in any way with such items.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

AA.000000799 (24)

APPROVAL OF WATER AND SEWER RATE AND TAP FEE ORDINANCE: The City Manager presented Council with copy of the Water and Sewer Rate and Tap Fee Ordinance that provides for a six percent rate increase in all service categories, to be effective with the August 1, 2010 billing (reflecting July usage). This is the fifth year of a five year six percent rate increase instituted by Council in 2006.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance establishing water and sewer rates as follows:

ORDINANCE

ESTABLISHING WATER/SEWER RATES, CONNECTION FEES, COST RECOVERY CHARGES AND OTHER MISCELLANEOUS CHARGES

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That new water/sewer rates, connection (tap fees) fees, cost recovery charges and other miscellaneous charges are hereby established as follows:

	INSIDE CITY	OUTSIDE CITY
Water Rates:	**$2.13 per 1,000 Gallons, plus $12.06 Service Charge per month**	**$5.34 per 1,000 Gallons, plus $30.13 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$13.41**	**$33.54**
Master Meter Rate	**$2.13 per 1,000 Gallons, plus $9.62 Service Charge per month**	**$5.34 per 1,000 Gallons, plus $24.05 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.96**	**$27.39**

	INSIDE CITY	OUTSIDE CITY
Sewer Rates:	**$2.13 per 1,000 Gallons, plus $12.06 Service Charge per month**	**$5.34 per 1,000 Gallons, plus $30.13 Service Charge per month**
Minimum Rate for 2,000 gallons or less	**$13.41**	**$33.54**
Master Meter Rate	**$2.13 per 1,000 Gallons, plus $9.62 Service Charge per month**	**$5.34 per 1,000 Gallons, plus $24.05 Service Charge per month**
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	**$10.96**	**$27.39**

	INSIDE CITY	OUTSIDE CITY
Metered Sewer Rates for Private Wells	**$3.08 per 1,000 Gallons, plus $12.06 Service Charge per**	**$7.70 per 1,000 Gallons, plus $30.13 Service Charge per**

AA.000000800 (24)

month month

Important Notices:

All sewer charges are based on water meter readings, unless a sewer metering device approved by the City has been installed.

When more than one unit is served by a Master Meter, such as a mobile home park, shopping center or apartment complex, the monthly service charge is $10.96 for water and $10.96 for sewer in the City, and $27.39 for water and $27.39 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $33.54 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $13.41 per month per residential unit shall be charged for sewer service.

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350

RESIDENTIAL ACCOUNTS

	INSIDE CITY	OUTSIDE CITY
WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the city of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the city's water and/or sewer system, the following procedure shall apply:

Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to city policy.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

	WATER	SEWER	WATER AND SEWER
FAST FOOD/PIZZA RESTAURANTS	$100.00	$100.00	$ 200.00

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS-continued:

The city manager shall determine the appropriate deposit for any commercial, industrial or master meter customer not listed in the preceding schedule. At the end of six months of service, the city will determine the average use by averaging the three highest months. The customer will be billed for any additional amount for the proper deposit. If the amount is not received in thirty days, the utility bill will be increased each month for twelve consecutive months until the proper deposit has been received. If the average monthly deposit is lower than the amount the city has received from the initial deposit, the city will credit the water account of the customer for the amount of the difference in the initial deposit and the average monthly bill.

Ordinance Number: O-10-06-15-2

APPROVAL OF COMMERCIAL GARBAGE/RECYCLING RATE ORDINANCES: Finance Director Harriett Thomas advised that staff is proposing an increase in commercial garbage and recycling fees of six percent, said increase to take effect July 1, 2010. This increase keeps this service self sustaining and would provide additional revenue for the City.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance establishing Commercial Garbage and Recycling rates:

ORDINANCE

COMMERCIAL GARBAGE / RECYCLING COLLECTION RATES

BE IT ORDAINED by the City Council of the city of Marion, North Carolina as follows:

Section 1. That new rates for Commercial Garbage / Recycling Collections are hereby established as follows:

Plan "A"
Industrial / Commercial Dumpsters

Pickups per Week	Monthly Charge
1	$ 125
2	302
3	482
4	660
5	840

Pickups per Month	Monthly Charge
1	$ 35
2	60
3	88

Plan "B"
Apartment Complexes

Pickups per Week	Monthly Charge
1	$ 9 (minimum charge)
2	70
3	131
4	191
5	255

Plan "C"
Commercial Can Services (3 – 35 gallon cans)

Pickups per Week	Monthly Charge
1	$ 16 (minimum charge)

AA.00000804 (24)

Plan "D"
Commercial Recycling Services (see description in contract)

Flat Monthly Charge $ 16

Section 2. The Ordinance adopted on June 17th 2008 is rescinded upon the effective date of this Ordinance.

Section 3. All other ordinances, in conflict with this Ordinance, are rescinded upon the effective date of this Ordinance.

Section 4. This Ordinance shall become effective July 1, 2010.

Adopted this the 15th day of June 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–10–06–15–3

CONSIDER ADOPTION OF MOTOR VEHICLE TAX ORDINANCE: The City Manager advised that the ordinance presented to Council would provide for an annual tax of $5 per vehicle as previously discussed by Council. This tax would be listed on the annual tax bill and be effective July 1, 2010. The City Manager stated that many other cities currently levy such a tax.

Mayor Pro Tem Owenby and Council Member Clark noted that the City had such a tax many years ago.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance establishing a motor vehicle tax in the City of Marion:

ORDINANCE
AMENDING CHAPTER 18
TRAFFIC
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 18, Traffic, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 18 is amended by adding Article VII, Tax on Motor Vehicles, as follows:

ARTICLE VII.

TAX ON MOTOR VEHICLES

Sec. 18-266. Privilege tax.
(a) *Imposed; scope.* Each self propelled motor vehicle licensed by the state which is resident within the city on January first of each year shall be subject to an annual privilege tax of $5.00. The tax shall be imposed for the fiscal year beginning on July first following the January first date on which the motor vehicle becomes resident in the city. For purposes of determining whether the vehicle is "resident" within the city, the provisions of the Machinery Act (G.S. § 105-304 and ch. 105, art. 22A) shall be applicable, and any such motor vehicle which, under the Machinery Act, would be taxable for ad valorem property taxes shall be subject to the tax imposed in this section.
(b) *Administration; enforcement.* The county tax assessor is authorized to issue the tax bills for the tax imposed herein and shall collect the tax imposed herein. The county tax assessor shall have the powers of listing, assessing; discovery, collection, levy, attachment, garnishment, release and rebate authorized under the Machinery Act, to the same extent as such powers and authorities are available for the listing, assessing and collection of ad valorem taxes under the Machinery Act.
(c) *Effective date.* The privilege tax imposed by this section shall be effective for the ensuing 2010-2011 fiscal year and for all fiscal years thereafter.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of June, 2010.

Stephen R. Little
Mayor

Ordinance Number: O-10-06-15-4

ADOPT PLANNING AND DEVELOPMENT FEE SCHEDULE ORDINANCE: Planning and Development Director Heather Cotton advised that an evaluation of building permit fees and other department fees was conducted to determine how the City of Marion's fee schedule compared to other jurisdictions within the region including City of Morganton, Town of Black Mountain, Burke County, and McDowell County. The department also evaluated two systems for calculating permit fees including the City's current system and the International Code Council (ICC) Building Valuation System. Currently, Burke County and the Town of Black Mountain utilize the ICC Building Valuation System while City of Marion, City of Morganton, and McDowell County use a system based on a model that multiplies total square feet by type of construction (see ordinance). A comparison of permit fees is provided below based on the two formulas commonly used to calculate permit fees. These fees include a large mercantile (retail) development, medium size office building, and a single-family residential development.

Ms. Cotton stated that calculations are based on the two formulas.

FORMULA ONE:

City of Marion Existing and Proposed Formula:

Fee rate by building type/construction type (as identified in ordinance) x square feet = building permit fee

FORMULA TWO:

ICC Formula:

Department Budget multiplied by *the percentage of dept budget supported by previous year building fee revenue* divided by *total annual construction value* = Permit Fee Multiplier

City of Marion Building Permit Fee Multiplier Based on 2009-2010 Figures Equals:

$212,986 multiplied by 0.11(11%) divided by $1,999,516 = 0.012

Building Permit Fee Formula:

Total Square Feet x *Square Foot Construction Cost* x *Permit Fee Multiplier* (0.012)

Example of Multipliers Used In Other Areas:

ICC System if based on City of Marion permit fee multiplier: 0.012

Burke County current permit fee multiplier = 0.004

Town of Black Mountain permit fee multiplier = 0.008

Table of Permit Fees By Jurisdiction:

	Large Mercantile Commercial Retail (100,000 sq. ft.)	Mid-Size Business Office (10,000 sq. ft.)	Single-Family Residential (1200 sq. ft.)
McDowell County .	$2240	$440	$105
Marion's Existing Rates	$11,466	$2,631	$335
Marion's Proposed Rates	$26,070	$3,581	$335
Morganton	$26,070	$3,581	$481
Burke County	$34,800	$4,816	$532
Black Mtn	$72,336	$9,817	$634
ICC System	$95,700	$13,498	$1497

Benefits and Other Factors to Consider:

As shown above, the ICC permit fee multiplier is based on the department's budget and revenues, and results in a substantial increase in building permit fees across all types of construction. If Marion were to convert to the ICC formula, Staff would recommend establishing a value similar to surrounding jurisdictions so that fees would be consistent those prescribed regionally, or select an arbitrary value that is more representative of current or proposed permit fees under the City of Marion's existing and/or proposed system.

A second factor to consider is the cost of construction. Under the current system, the City of Marion does not factor in cost of construction due to the range of values and lack of consistency among building types. The only way to resolve this issue is to establish a cost of construction value that is adopted by ordinance (i.e. the cost of construction shall be calculated based on the International Code Council Cost of Construction Table as may be amended). Adopting such language will eliminate the ability for arbitrary values to be estimated by the applicant, and the range of values that could be calculated for the exact same construction.

Third factor to consider is that under the Marion, McDowell, and Morganton model permit fees are not only based on new construction, but also broken down by type of construction (e.g. electrical, mechanical, plumbing, etc). Therefore, there would not be one standard permit fee for all construction types, but a fee based on type of work being preformed.

Ms. Cotton stated that, after evaluating each system, staff is recommending that the department continue to use its current system for calculating building permit fees, and in doing so increase current rates for all commercial/non-residential development approximately fifty percent and maintain existing rates for all residential development as shown above. With the exception of residential rates, changes to the current commercial will be the same as the City of Morganton's building permit rates established in 2008.

A discussion followed.

Mayor Little stated that this fee comparison is an eye opener. He said that, even with the increase, the City's permit fees would still be considerably less than what is charged in Black Mountain and Asheville.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance establishing fees for the Planning and Development Department:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND DEVELOPMENT DEPARTMENT

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. CERTIFICATE OF OCCUPANCY/COMPLIANCE. The City of Marion shall charge a $60.00 fee for a certificate of occupancy (C.O.) for a change of use for a building, land, or structure in the City of Marion if a building permit is required. The fee for the certificate of occupancy can be credited to the building permit. This fee includes Zoning and Building Code review as well as an initial and final inspection.

SECTION 2. SIGN PERMITS. This section shall apply to all signs regulated pursuant of Section 706 *Signs, billboards and other advertising structures* of Chapter 21 *Zoning* of the Code of the City of Marion.

On Premise Signs. The permit fee for an on-premise sign that is twenty-four (24) square feet or less that does not require a footing and/or an electrical inspection shall be $30.00 plus $1.00 for each additional square foot over 24 square feet. An on-premise sign that is twenty-four (24) square feet or less that does require a footing and/or an electrical inspection shall be $60.00 plus $1.00 for each additional square foot over 24 square feet. The fee for a temporary two (2) week spectacular sign or directional sign permit and all other thirty (30) day temporary sign permits shall be $20.00. No fee shall be charged for a temporary sign permit for non-profit organizations with offices or locations within the City Limits.

Off-Premise Signs. The initial fee for an off-premise sign permit shall be $250.00 plus $1.00 for each additional square foot over one hundred square feet. The fee shall include footing and/or an electrical inspection. An annual renewal fee shall be charged for all off-premise advertising signs. Failure to renew an off-premise sign shall result in a revocation of permit. The annual off-premise sign fee will be as follows:

OFF-PREMISE SIGN FEE SCHEDULE	
Sign Face	**Annual Renewal Fee**
0-100 square feet	$125.00
101-200 square feet	$125.00 + $0.25 per square foot
201-300 square feet	$125.00 + $0.50 per square foot

SECTION 3. FEES FOR APPLICATION TO THE BOARD OF ADJUSTMENT, PLANNING COMMISSION AND CITY COUNCIL. A fee of $200.00 will be charged for each application processed through the Planning and Inspections Department that requires action by the Board of Adjustment, Planning Commission and/or City Council excluding cell tower applications and subdivision review applications. This fee includes administrative processing, staff analysis, advertising, and public notice.

SECTION 4. CELL TOWERS. A Cell tower permit application fee shall be $2,500.

SECTION 5. SUBDIVISION REVIEW. The following fees shall apply to subdivision review applications.

SUBDIVISION REVIEW FEE SCHEDULE	
Review Process	**Application Fee**
Sketch Plan/Preliminary Plat	$100.00
Minor Subdivision Plat	$50.00
Major Subdivision Plat	$150.00 + $2.00 per lot

No Infrastructure	
Major Subdivision Plat Infrastructure	$200 + $2.00 per lot

SECTION 6. GIS MAPS. The following fees shall apply for the production of a city map.

GIS MAP PRODUCTION FEES			
Size	**Black and White**	**Color**	**Aerial**
8.5" x 11"	$2.00	$4.00	$6.00
11" x 17"	$6.00	$8.00	$14.00
17" x 22"	$8.00	$10.00	$20.00
22" x 34"	$12.00	$16.00	-------
34" x 44"	$16.00	$24.00	-------

SECTION 7. COPIES OF CITY CODE AND ORDINANCES. The following fees shall apply for requested copies of the Zoning Regulations, Subdivision Regulations, and all other sections of the Code and Ordinances:

DOCUMENT REPRODUCTION FEES	
Document	**Fee**
City Code Chapter 21 Zoning	$15.00
City Code Chapter 16 Subdivision	$10.00
Sections of Code & Ordinances	$0.20 per page
City Code on CD	$5.00

SECTION 8. BUILDING PERMITS. Building permit fees for all new buildings and additions to existing buildings constructed in the City of Marion will be based on the total number of square feet in the building, addition or structure by using the permit chart below. There will be a minimum fee of $100.00 per trade for commercial and $60.00 for residential. Dwelling units in a multi-family structure are calculated individually. Building permit fees includes plan review for zoning compliance.

Building permit fees shall be determined by using the following formula:
A x B = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 9. HOMEOWNERS RECOVERY FUND: The City shall charge all licensed general contractors a $10.00 fee for the construction and/or alteration of a single-family residential dwelling unit, including townhouses and condominiums. The fee will be collected for each dwelling unit and will be in addition to the City's regular building permit. The City will forward $4.00 of each fee collected to the North Carolina Licensing Board for General Contractors. (G.S. 87-15.6)

SECTION 10. RENOVATION TO EXISTING BUILDINGS. Renovation and/or alteration permits will be required for renovation to existing buildings, and for enclosing porches or carports, installing or removing structural supports. Building permit fees will be based on the Permit Chart with a minimum fee per trade of $100.00 for commercial and $60.00 for residential.

Building permit fees shall be determined by using the following formula:
A x B x 0.20 = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 11. ELECTRICAL INSPECTIONS. Fees for electrical inspections shall be determined by the Permit Chart.

SECTION 12. PLUMBING INSPECTIONS. Fees for plumbing inspections shall be determined by the Permit Chart.

SECTION 13. MECHANICAL INSPECTIONS. Fees for mechanical inspections shall be determined by the Permit Chart.

City Manager/ Clerk

Ordinance Number: O-10-06-15-8

ADOPT 2010-11 CITY FEE SCHEDULE: The City Manager presented Council with the proposed 2010-11 City Fee Schedule, which mostly contains fees already adopted by Council.

The City Manager noted one new fee, a $50 fee for well testing. The City Manager stated that realtors and homeowners had requested a local alternative for testing private wells. People wishing to have their wells tested must currently send samples off to private labs or drive samples to Forest City.

Mayor Pro Tem Owenby asked if the Health Department does not do this type of testing. Council Member Clark stated that the Health Department will not do this kind of testing. He added that the City performing this testing will be a good service to realtors as well as property owners in the County.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following fee and rate schedule to be effective July 1, 2010.

City of Marion

Fee and Rate Schedule – Effective July 1, 2010

AA.000000809 (24)

I. Water and Sewer Rate Rates
II. Business Privilege License
III. Planning and Inspections Fee Ordinance
IV. Copy Charges
V. Community Building and Community Building Basement Rental Rates
VI. Depot Building Rental Rates
VII. Oak Grove Cemetery / Mausoleum / Columbarium Charges
VIII. Septic Hauler Charges
IX. Leaf and Trash Bag Sales
X. Fire Department Water Sales
XI. Weed and Grass / Junked Vehicle / Solid Waste Ordinance Violations
XII. Parking / Ordinance Violations / Fingerprinting Charges
XIII. Solid Waste Collection Charges

City of Marion
Fee and Rate Schedule – Effective July 1, 2010

I. Water and Sewer Rates

	INSIDE CITY	OUTSIDE CITY
Water Rates:	$2.13 per 1,000 Gallons, plus $12.06 Service Charge per month	$5.34 per 1,000 Gallons, plus $30.13 Service Charge per month
Minimum Rate for 2,000 gallons or less	$13.41	$33.54
Master Meter Rate	$2.13 per 1,000 Gallons, plus $9.62Service Charge per month	$5.34 per 1,000 Gallons, plus $24.05 Service Charge per month
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	$10.96	$27.39

	INSIDE CITY	OUTSIDE CITY
Sewer Rates:	$2.13 per 1,000 Gallons, plus $12.06 Service Charge per month	$5.34 per 1,000 Gallons, plus $30.13 Service Charge per month
Minimum Rate for 2,000 gallons or less	$13.41	$33.54
Master Meter Rate	$2.13 per 1,000 Gallons, plus $9.62 Service Charge per month	$5.34 per 1,000 Gallons, plus $24.05 Service Charge per month
Master Meter Minimum Rate for 2,000 gallons Or less (per unit served)	$10.96	$27.39
	INSIDE CITY	OUTSIDE CITY
Metered Sewer Rates for Private Wells	$3.08 per 1,000 Gallons, plus $12.06 Service Charge per month	$7.70 per 1,000 Gallons, plus $30.13 Service Charge per month

Important Notices:

All sewer charges are based on water meter readings; unless a sewer metering device approved by the City has been installed.

AA.0000000810 (24)

When more than one unit is served by a master meter, such as a mobile home park, shopping center or apartment complex, the monthly minimum charge is $10.96 for water and $10.96 for sewer in the City, and $27.39 for water and $27.39 for sewer outside the City, whether said units are occupied or not.

A residence using a private well, with no water meter, shall pay a flat rate of $33.54 per month per residential unit for sewer service, if located outside the City Limits. If the residence using a private well, with no water meter, is located inside the City Limits, a flat rate of $13.41 per month per residential unit shall be charged for sewer service.

Customers with approved irrigation taps shall not be charged for sewer service, as long as said irrigation system is not connected in any part to the City sewer system.

WATER SERVICE CONNECTION FEES (TAP FEES) AND COST RECOVERY CHARGES (CRC):

WATER METER SIZE	INSIDE CITY TAP FEE	INSIDE CITY CRC CHARGE	OUTSIDE CITY TAP FEE	OUTSIDE CITY CRC CHARGE
¾"	$ 540	$ 540	$ 1,350	$ 1,350
1"	630	1,620	1,575	4,050

DEPOSIT AND/OR PREPAYMENT FOR NEW ACCOUNTS:

RESIDENTIAL ACCOUNTS

	INSIDE CITY	OUTSIDE CITY
WATER DEPOSIT	$ 30.00	$ 60.00
SEWER DEPOSIT	$ 30.00	$ 60.00

In cases where an existing residential water and/or sewer customer has been a water and/or sewer customer of the City of Marion for a period of no less than five consecutive years, and has made no late payments in the previous twelve months, and moves to another location on the City's water and/or sewer system, the following procedure shall apply:
Any increase in the deposit required to be paid to bring the customer's deposit up to the current level listed above may be paid in three equal installments, to be added to the customer's first three water and/or sewer bills in the new location. If the customer fails to make any of the required payments, their service may be cut off pursuant to City policy.

In cases where an existing institutional water and/or sewer customer with multiple (more than one) existing meters or services has been a water and/or sewer customer of the City of Marion for a period of no less than 20 consecutive years, and has made no late payments in the previous twelve months, and installs or acquires an additional meter or service, no additional deposits shall be charged for said additional meter or service, beyond what the customer has already paid to the City.

COMMERCIAL, INDUSTRIAL AND MASTER METER ACCOUNTS

The water and/or sewer deposit for commercial, industrial, and master meter accounts shall be an amount equal to the average monthly charge for water and/or sewer service, but not less than the residential deposits. The initial deposits for commercial, industrial and master meter accounts shall be as follows:

INSIDE CITY

	WATER	SEWER	WATER AND SEWER

GENERAL BUSINESS	$ 100.00	$ 100.00	$ 200.00

The City Manager shall determine the appropriate deposit for any commercial, industrial or master meter customer not listed in the preceding schedule. At the end of six months of service, the City will determine the average use by averaging the three highest months. The customer will be billed for any additional amount for the proper deposit. If the amount is not received in thirty days, the utility bill will be increased each month for twelve consecutive months until the proper deposit has been received. If the average monthly deposit is lower than the amount the City has received from the initial deposit, the City will credit the water account of the customer for the amount of the difference in the initial deposit and the average monthly bill.

Planning, Building and Fire Inspection Fees:

AN ORDINANCE ESTABLISHING FEES FOR THE PLANNING AND INSPECTIONS DEPARTMENT AND FIRE INSPECTIONS

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. CERTIFICATE OF OCCUPANCY/COMPLIANCE. The City of Marion shall charge a $60.00 fee for a certificate of occupancy/compliance (C.O.) for a change of use for a building, land, or structure in the City of Marion if a building permit is required. The fee for the certificate of occupancy can be credited to the building permit. This fee includes Zoning and Building Code review as well as an initial and final inspection. The City of Marion shall charge a $30.00 fee fro a zoning compliance permit that does not require a building permit.

Mobile Food Vendor Permit. The City of Marion shall charge an annual $100.00 administrative permit fee for the operation of one (1) mobile food vendor unit in the City of Marion, each additional mobile food vending unit and/or location shall be $50.00.

SECTION 2. SIGN PERMITS. This section shall apply to all signs regulated pursuant of Section 706 *Signs, billboards and other advertising structures* of Appendix A *Zoning* of the Code of the City of Marion.

On Premise Signs. The permit fee for an on-premise sign that is twenty-four (24) square feet or less that does not require a footing and/or an electrical inspection shall be $30.00 plus $1.00 for each additional square foot over 24 square feet. An on-premise sign that is twenty-four (24) square feet or less that does require a footing and/or an electrical inspection shall be $60.00 plus $1.00 for each additional square foot over 24 square feet. The fee for a temporary two (2) week spectacular sign or directional sign permit and all other thirty (30) day temporary sign permits shall be $20.00. No fee shall be charged for a temporary sign permit for non-profit organizations with offices or locations within the City Limits.

Off-Premise Signs. The initial fee for an off-premise sign permit shall be $250.00 plus $1.00 for each additional square foot over one hundred square feet. The fee shall include footing and/or an electrical inspection. An annual renewal fee shall be charged for all off-premise advertising signs. Failure to renew an off-premise sign shall result in a revocation of permit. The annual off-premise sign fee will be as follows:

OFF-PREMISE SIGN FEE SCHEDULE	
Sign Face	**Annual Renewal Fee**
0-100 square feet	$125.00
101-200 square feet	$125.00 + $0.25 per square foot
201-300 square feet	$125.00 + $0.50 per square foot

SECTION 3. FEES FOR APPLICATION TO THE BOARD OF ADJUSTMENT, PLANNING BOARD AND CITY COUNCIL. A fee of $200.00 will be charged for each application processed through the Planning and Inspections Department that requires action by the Board of Adjustment, Planning Board and/or City Council excluding cell tower applications and subdivision review applications. This fee includes administrative processing, staff analysis, advertising, and public notice.

SECTION 4. CELL TOWERS. A Cell tower permit application fee shall be $2,500.

SECTION 5. SUBDIVISION REVIEW. The following fees shall apply to subdivision review applications.

SUBDIVISION REVIEW FEE SCHEDULE	
Review Process	**Application Fee**
Sketch Plan/Preliminary Plat	$100.00
Minor Subdivision Plat	$50.00
Major Subdivision Plat No Infrastructure	$150.00 + $2.00 per lot
Major Subdivision Plat Infrastructure	$200 + $2.00 per lot

SECTION 6. GIS MAPS. The following fees shall apply for the production of a City map.

AA.000000814 (24)

GIS MAP PRODUCTION FEES			
Size	**Black and White**	**Color**	**Aerial**
8.5" x 11"	$2.00	$4.00	$6.00
11" x 17"	$6.00	$8.00	$14.00
17" x 22"	$8.00	$10.00	$20.00
22" x 34"	$12.00	$16.00	--------
34" x 44"	$16.00	$24.00	--------

SECTION 7. COPIES OF CITY CODE AND ORDINANCES. The following fees shall apply for requested copies of the Zoning Regulations, Subdivision Regulations, and all other sections of the Code and Ordinances:

DOCUMENT REPRODUCTION FEES	
Document	**Fee**
City Code Appendix A Zoning	$15.00
City Code Chapter 16 Subdivision	$10.00
Sections of Code & Ordinances	$0.05 per page
City Code on CD	$5.00

SECTION 8. BUILDING PERMITS. Building permit fees for all new buildings and additions to existing buildings constructed in the City of Marion will be based on the total number of square feet in the building, addition or structure by using the permit chart below. There will be a minimum fee of $100.00 per trade for commercial and $60.00 for residential. Dwelling units in a multi-family structure are calculated individually. Building permit fees includes plan review for zoning compliance.

Building permit fees shall be determined by using the following formula:

A x B = Fee
A = Total gross building floor area
B = Fee per square foot (see fee table below)

SECTION 9. HOMEOWNERS RECOVERY FUND: The City shall charge all licensed general contractors a $10.00 fee for the construction and/or alteration of a single-family residential dwelling unit, including townhouses and condominiums. The fee will be collected for each dwelling unit and will be in addition to the City's regular building permit. The City will forward $4.00 of each fee collected to the North Carolina Licensing Board for General Contractors. (G.S. 87-15.6)

SECTION 10. RENOVATION TO EXISTING BUILDINGS. Renovation and/or alteration permits will be required for renovation to existing buildings, and for enclosing porches or carports, installing or removing structural supports. Building permit fees will be based on the Permit Chart with a minimum fee per trade of $100.00 for commercial and $60.00 for residential.

Building permit fees shall be determined by using the following formula:

A x B x 0.20 = Fee
A = Total gross building floor area
B = Fee per square foot (see fee table below)

SECTION 11. ELECTRICAL INSPECTIONS. Fees for electrical inspections shall be determined by the Permit Chart.

SECTION 12. PLUMBING INSPECTIONS. Fees for plumbing inspections shall be determined by the Permit Chart.

SECTION 13. MECHANICAL INSPECTIONS. Fees for mechanical inspections shall be determined by the Permit Chart.

Plan "D" – Commercial Recycling Service (see description in contract)

Monthly charge:	$ 16.00

CONSIDER ADOPTION OF ORDINANCE TO ELIMINATE CITY RESIDENCY REQUIREMENT FOR CERTAIN CITY POSITIONS: The City Manager advised that, as discussed at the May 25 Council Budget Workshop/Planning Session, he had drafted an ordinance to eliminate City residency requirements for the Police Chief and Fire Chief positions. The City Manager stated that he could find no residency requirement for the Public Works Director position in the City Code. The City Manager would continue to have a City residency requirement under the City Code.

The City Manager stated that, as authorized earlier in the agenda, there will be Personnel Policy provisions that govern residency restrictions for the Police Chief, Fire Chief and Public Works Director positions.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Martin, Council voted unanimously to adopt the following ordinance amending Chapter 7, Fire Prevention and Protection, and Chapter 14, Police, of the Marion City Code:

ORDINANCE
AMENDING CHAPTER 7
FIRE PREVENTION AND PROTECTION
AND CHAPTER 14
POLICE

AA.000000818 (24)

MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 7, Fire Prevention and Protection, of the Code of Ordinances, City of Marion, North Carolina, is amended by deleting Section 7-2(b) in its entirety.

Section 2. That Chapter 14, Police, of the Code of Ordinances, City of Marion, North Carolina, is amended by deleting Section 14-28 in its entirety.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of June, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-10-06-15-5

CONSIDER REAPPOINTMENTS TO CITY ADVISORY BOARDS: The City Manager stated that, as shown in information presented to Council, there are several terms on City advisory boards that will expire on June 30. On the Planning Board/Board of Adjustment/Historic Preservation Commission, the terms of Glenys Gilbert and Gary Walker as Regular Members and Joan Keuper and Connie Martin as Alternate Members will expire. Ms. Gilbert is no longer able to attend meetings on a regular basis, so staff recommends moving Marc Cook from an Alternate Member slot to a Regular Member position, with a term to expire on June 30, 2013.

The City Manager reported that Ms. Keuper had informed Ms. Heather Cotton that she intends to move to Buncombe County in the near future, so she does not wish to be reappointed. He added that Ms. Martin is willing to be reappointed as an alternate member and that contact had not yet been made with Mr. Walker to determine if he is willing to be reappointed as a Regular Member.

The City Manager advised that the term of Robert Ayers on the ABC Board will expire on June 30. Mr. Ayers is willing to be reappointed and is recommended for a new term to expire on June 30, 2013.

The City Manager stated that the terms of Pat Brown and Phil Tate on the Tree Board will expire on June 30. Ms. Brown does not wish to be reappointed, stating that she feels it is time to give someone else a chance to serve. Consideration could be given to reappointing Mr. Tate, who is willing to be reappointed.

The City Manager presented Council with a copy of the current Advisory Board member list for reference and consideration.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to appoint Marc Cook and reappoint Gary Walker as Regular Members of the Planning Board/ Board of Adjustment/Historic Preservation Commission, to reappoint Connie Martin as an Alternate Member of the Planning Board/ Board of Adjustment/Historic Preservation Commission and to appoint Glenys Gilbert as an Alternate Member of the Planning Board/Board of Adjustment/Historic Preservation, said terms to end June 30, 2013.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to reappoint Mr. Robert Ayers to another three year term on the ABC Board, said term to end June 30, 2013.

Council agreed to consider other advisory board appointments at future meetings.

ADD-ON ITEM – WAY FINDING SIGNAGE CONTRACT: Planning and Development Director Heather Cotton advised that bids had recently been sought for wayfinding signs to be placed in the downtown area. Five bids were received. The low bid came from a company called ADCON from Fort Collins, Colorado, in the amount of $85,625. This company has worked in many states. Ms. Cotton gave a brief overview of the proposed signs.

The City Manager stated that the wayfinding signs are an NC STEP Project, so it is vital that the City complete this phase of the Downtown Streetscape Plan by September 30, in order to receive the City's full share of NC STEP funds. The City Manager projected that the City will have about $62,672 in NC STEP funds to put toward the wayfinding signs, which is $22,672 higher than the $40,000 in NC STEP funds the City originally projected would be

AA.00000819 (24)

available for this project. Unfortunately, the wayfinding signs came in $24,525 higher than the original $61,100 estimate. In addition, the footers for the signs will cost an additional $13,228.

The City Manager advised that before making a recommendation about the wayfinding signs, he thought it was important to re-evaluate the entire Downtown Streetscape Plan project budget. The original projected costs and revised costs were presented to Council. The City Manager stated that he does not know if the contract prices for the construction, painting and equipment items will change at this point, so these items are still shown at their original projected cost.

Downtown Streetscape Plan Budget

Phase One:

	Original Projected Cost	Revised Projected Cost	Increase/ Decrease
Curbs, Bumpouts, Landscaping	$118,305	$118,305	$ 0
Wayfinding Signage	61,100	85,625	+ 24,525
Wayfinding Footers	0	13,228	+ 13,228
Site Amenities (benches, trash Receptacles, etc.)	15,482	15,482	0
Pavement Enhancement	45,399	45,399	0

	Original Projected Cost	Revised Projected Cost	Increase/ Decrease
Painting, Restriping, Pavement Symbols	14,507	14,507	0
Contingency	42,960	42,960	0
Subtotal, Phase One	297,753	335,506	+ 37,753
Phase Two:			
Logan and Garden Street Crosswalks	57,314	57,314	0
Logan and Garden Street Curbs, Bumpouts, Landscaping	42,001	42,001	0
Contingency	19,863	19,863	0
Subtotal, Phase Two	119,178	119,178	0
Total, Phases One Two	416,931	454,684	+ 37,753
Cost Reductions/Off-Setting Revenues:			
NC STEP Grant	(40,000)	(62,672)	- 22,672
Use of Topsoil from City Property	(33,950)	(33,950)	0
Donations	(0)	(10,000)	- 10,000
NCDOT Funding	(0)	(50,000)	- 50,000
Net Total, Phase	**$342,981**	**$298,062**	**- 44,919**

The City Manager advised that despite the wayfinding signs coming in $37,753 more than was originally projected, available revenues from NC STEP grant funds ($22,672), donations ($10,000) and NCDOT funding ($50,000) are projected to be $82,672 higher than originally projected, resulting in a net effect of the total Downtown Streetscape Plan costs decreasing by $44,919.

The City Manager advised that the Downtown Streetscape Plan budget figures shown above are subject to change as contract prices are received for additional components of the project and as NCDOT funds and donations are received. He added that if prices for additional components of the Downtown Streetscape Plan come in higher than expected or if NCDOT funds or donations do not come in as projected, parts of the overall Plan can be cut or revised.

AA.000000820 (24)

Therefore, in light of the fact that it is crucial that the City spend NC STEP funds by September 30, and since the revised projected Downtown Streetscape Plan budget looks encouraging at the present time, the City Manager recommended that Council award a contract for the purchase of the wayfinding signs to ADCON in the amount of $85,625.

Council Member Doggett asked if City Staff could install the signs or will this work have to be contracted. The City Manager advised that the City can install the signs.

Council Member Clark asked if the City could pick the low bids for each type of sign and therefore save money. Ms. Cotton advised that the bidders likely conditioned their bid on receiving a contract for the entire wayfinding signage package.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the contract for the purchase of downtown wayfinding signs to ADCON in the amount of $85,625.

Mayor Little stated that the installation of the wayfinding signage will be a great asset to the City.

CITY MANAGER COMMENTS: The City Manager advised that the City had closed out the Mt. Ida PARTF and LWCF grants, which will allow the City to receive the final ten percent of the $247,500 grants.

The City Manager advised that the Livermush Festival took place on Main Street on Friday, June 4. There were music and activities, as usual. Hunter's Livermush was the main sponsor for this event again and cooked and provided livermush free of charge. There was a record crowd and Hunter's sold out after giving away 600 livermush sandwiches. Coverage of the event was provided by WLOS. The event turned out to be very successful.

The City Manager advised that the closing on the Super Wal Mart development property on Sugar Hill Road took place on June 7. He said that City staff and himself attended a preconstruction conference for the development on June 8. The City Manager stated that work will begin on the water and sewer extension as soon as the developer signs an annexation petition. The grading on the site will begin very soon, with the construction of the Super Wal Mart building and the retail shops starting in January and being scheduled for completion in September 2011.

The City Manager advised that the Tuesday afternoon Farmer's Market opened on May 18 and will run each week through October 26. A Saturday morning market will run from mid to late June through August. The donor sign was installed at the Farmer's Marker Shelter in early June and the lights will be installed in the very near future.

The City Manager advised that as reported at the June 1 Council meeting, he sent a petition to DOT, asking for a rule change to expand allowances for DOT logo signs on the US 221 Bypass. The City Manager also asked Senator Queen and Representative Gillespie to introduce legislation on the City's behalf on this matter. Senator Queen's office called on June 8 and said that Senator Queen was requesting a meeting with DOT about this issue.

The City Manager stated that work is nearly complete on the Eastfield Community Park and asked Council if it wished to have an official dedication of the park. Council agreed by consensus that a dedication should be scheduled for a Saturday morning around 10:00 a.m. after grass is established at the Park. Mayor Little stated that the opening of the Park is a signifiicant achievement for the City and for the Eastfield Community.

The City Manager advised that repairs are scheduled to be made on the Water Plant basins, which will require the Water Plant to be off-line. To conserve water, the City Manager stated that it will be necessary to close the Splash Pad at the Community Building. Signs have been posted concerning this closing at the Splash Pad and a news release has been sent to the media, posted on the City website and sent to day care centers.

The City Manager advised that the last few years Council has had an annual Advisory Board/Volunteer Appreciation Dinner for all City Volunteers and asked if Council wants to have one this year. It was the consensus of Council to have this dinner on a Thursday evening in August.

COUNCIL MEMBER COMMENTS:

Mayor Little commended Chief Brooks on a ceremony he had at the Police Department the day before for a new officer being administered the oath of office. He stated that this was a very dignified and moving ceremony, appropriate for the occasion.

Council Member Clark asked that the Police Department look for yard sale signs posted on poles.

AA.00000821 (24)

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, July 20, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

D. Adopt Resolution Authorizing the Sale of City Property on West Yancey Street by Negotiated Offer and Upset Bid Rejecting Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on June 4, 2010, Hopewell Road, LLC submitted a bid in the amount of $3,200 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on June 15, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Hopewell Road, LLC to purchase the property, as described above, for a sum of $3,200, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Hopewell Road, LLC; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on June 23, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on July 2, 2010, Mr. Wynn Jackson submitted a bid in the amount of $3,600 for the purchase of the property described above; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Mr. Wynn Jackson is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Hopewell Road, LLC and to complete the sale of the property described above to Mr. Wynn Jackson, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Hopewell Road, LLC to purchase the above described property for $3,200, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

3. The City Clerk shall refund Hopewell Road, LLC the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Mr. Wynn Jackson to purchase the above described property for $3,600, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Mr. Wynn Jackson of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269.

AA.000000823 (24)

Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $3,600.

Adopted this the 20th day of July, 2010.

Stephen R. Little, Mayor

PUBLIC HEARING – ADOPTION OF ANNEXTION ORDINANCE – MCDOWELL SCHOOLS/LUKIN STREET ANNEXATION: The City Manager advised that the City had completed the annexation process for the requested satellite annexation of the 4.47 acre McDowell County Schools/Lukin Street property. A Public Hearing is now required on this

AA.000000824 (24)

request, after which time Council could approve an ordinance to annex the property effective July 31, 2010.

Mayor Little opened the Public Hearing.

Council Member Cuthbertson stated that the Alternative Education Center property included in this request is in serious need of City water and sewer service prior to the school year beginning in August. The City Manager advised that the School System is underway with the water and sewer extension to this property.

There were no citizens present to discuss this annexation.

Mayor Little closed the Public Hearing.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following ordinance to extend the Corporate Limits to include the McDowell County Schools property on Lukin Street, effective July 31, 2010:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
MCDOWELL COUNTY SCHOOLS/LUKIN STREET PROPERTY - 2010

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, July 20, 2010, after due notice by publication on Wednesday, July 7, 2010; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of July 31, 2010:

Tract One

BEING that certain 2.55 acre tract as shown on the recorded plat recorded in Book 4 at page 264, McDowell County Register of Deeds to which reference is hereby made for a full metes and bounds description.

This conveyance is made SUBJECT to the right of way easement shown on recorded plat referred to above.

AND BEING a portion of the lands described in that certain Deed dated January 19, 1978 from Grayson W. Davis and wife, Patricia W. Davis to Foothills Industries of McDowell County, Inc., and recorded in the Office of the Register of Deeds for McDowell County, NC in Book 269 at page 494, to which reference is hereby made.

A map showing the above described property is recorded in Plat Book 4, Page 264.

Tract Two

BEGINNING on an iron pin set in the property line common to Arthur Hooper and Foothills Industries of McDowell County, Inc., said iron pin being located North 48 degrees 59 minutes 14 seconds East 237.88 feet from an existing iron pin, the 2nd corner of the Foothills Industries of McDowell County, Inc. property of which this description is a part, and runs thence from said beginning iron pin and with the Hooper line, North 48 degrees 59 minutes 14 seconds East 127.04 feet to an existing angle iron, the 3rd corner of said Foothills Industries of McDowell County, Inc. property; thence with the line of Brown, South 87 degrees 12 minutes 17 seconds East

AA.000000825 (24)

197.02 feet to an iron pin set in the J. C. Webb line; thence with said Webb line, South 43 degrees 23 minutes 50 seconds East 211.87 feet to an existing iron; thence continuing with said Webb line, South 76 degrees 45 minutes 19 seconds East 15.16 feet to an existing iron pin; thence with the lines of Ramsey and Washburn, South 47 degrees 00 minutes 36 seconds West 248.87 feet to an iron pin set; thence a new line North 47 degrees 15 minutes 38 seconds West 370.88 feet to the BEGINNING. Containing 1.89 acres, description furnished by R.L. Greene.

AND BEING a portion of the lands described in that certain Deed dated January 19, 1978 from Grayson W. Davis and wife, Patricia W. Davis to Foothills Industries of McDowell County, Inc., recorded in the Office of the Register of Deeds for McDowell County, NC in Book 269 at page 494 to which reference is hereby made.

Reference is hereby made of Foothills Industries of McDowell County, Inc. property recorded in Plat Book 4 at page 204, McDowell County Register of Deeds (plat prepared by R. L. Greene, dated July 12, 1984).

Section 2. Upon and after July 31, 2010, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 20th day of July, 2010.

PUBLIC HEARING - ADOPTION OF ANNEXATION ORDINANCE - – CITY OWNED PROPERTY OFF OF SUGAR HILL ROAD: The City Manager advised that the City has completed the annexation process for the annexation of the 0.52 acre City property located off of Sugar Hill Road adjacent to the McDowell County Schools/Lukin Street property. The City property is contiguous to the current City Limits. A Public Hearing is now required on this request, after which time Council could approve an ordinance to annex the property effective July 31, 2010.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Doggett, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following ordinance to extend the Corporate Limits to include the City owned property off of Sugar Hill Road, effective July 31, 2010:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
CITY OWNED PROPERTY OFF OF SUGAR HILL ROAD - 2010

WHEREAS, the City Council has adopted a resolution under G.S. 160A-31 stating its intent to annex the area described below; and

AA.000000826 (24)

WHEREAS, a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, July 20, 2010, after due notice by publication on Wednesday, July 7, 2010; and

WHEREAS, the City Council finds that the proposed annexation meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of July 31, 2010:

First Tract:

BEGINNING on an iron stake, Mrs. Snyder's and Burgin's corner in the old Wiseman line (now Bailey's), said stake being Marion Buckner's beginning corner, and runs west (var. 5 degrees) with said old line 167 feet to an iron stake; then South 3-30 West 93 feet to an iron stake; then South 78-15 East 77 feet to an iron stake in Buckner's outside line; then North 48 East with said line 137 feet to the BEGINNING. Containing one-third (1/3) acre, more or less. Surveyed by M.V. Snypes on December 10, 1946.

Second Tract:

BEGINNING on an iron stake, Buckner's Southeast corner, said stake located South 78 West 5 feet and 2 inches from a Spanish oak pointer and runs South 42 East with the old line 140 ½ feet to a stake on the East bank of the old Nix Creek Road; then North 86 degrees 15 minutes West with the road 191 ½ feet to an iron stake on the Northeast bank of said road, Buckner's Southwest corner; then North 44 degrees, 45 minutes East with Buckner's line 137 feet to the BEGINNING. Containing ¼ acre, more or less.

AND BEING THE SAME IDENTICAL PROPERTY described in the Deed from Tuie R. Boone to Billy L. Brown and wife, Ruth B. Brown, and recorded in McDowell County, North Carolina 194 at Page 562.

Section 23. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 20th day of July, 2010.

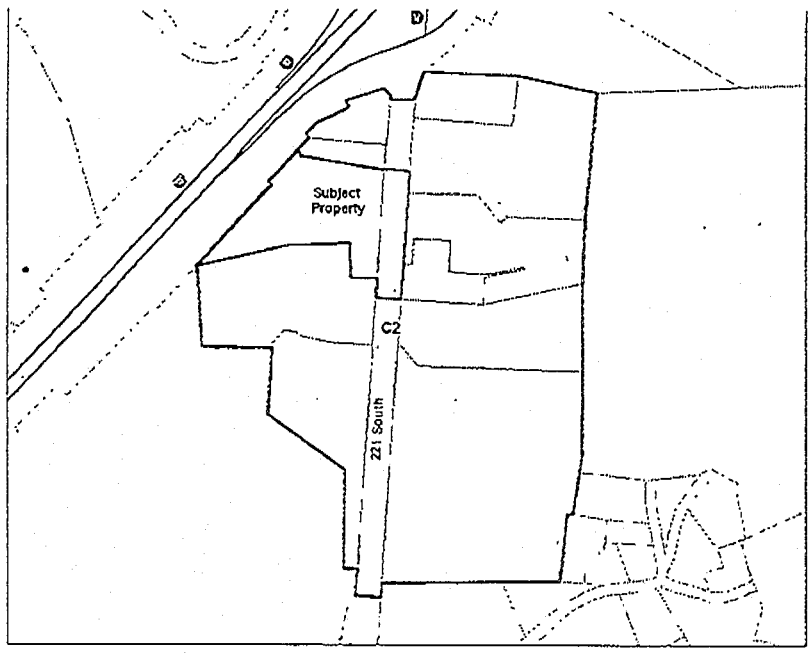
Ordinance Number: O-10-07-20-2



PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO DAY'S INN/US 221 SOUTH ANNEXATION AREA:

Mayor Little opened the Public Hearing.

The City Manager advised that on April 20, 2010, City Council adopted Ordinance No. O-10-04-20-1extending the corporate limits of Marion to include the Days Inn Annexation Area. The annexation became effective on June 30, 2010.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Day's Inn Annexation Area is most compatible with Section 21-205, *C-2 General Business* zoning district. The C-2 General Business Zoning District is established as a district where the principal use of land is for

AA.000000827 (24)

commercial purposes. The Day's Inn annexation area consists of two lots with an existing hotel consisting, which is surrounded by compatible commercial uses.

The City Manager advised that the Planning Board voted unanimously at their meeting on July 1, 2010 to recommend that C-2 zoning be assigned to this area.

There were no citizens present to discuss this item.

Mayor Little closed the public hearing

Mayor Pro Tem Owenby asked if the Day's Inn wanted to come into the City. The City Manager stated that the Day's Inn had requested annexation.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance to assign C-2 General Business District zoning to the US 221 South/Day's Inn Property.

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO DAYS INN ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include Days Inn Annexation Territory, as adopted by City Council on April 20, 2010 Ordinance Number O-10-04-20-1, zoning the area as C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing July 1, 2010.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective July 20, 2010.

Adopted this the 20th day of July 2010.

Ordinance Number: O-10-07-20-6

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO AIRPORT ROAD ANNEXION AREA: Mayor Little opened the Public Hearing.

The City Manager advised that on June 2, 2009, City Council adopted Ordinance No. O-09-06-02-1 extending the corporate limits of Marion to include the Airport Road Annexation Area. The annexation became effective on June 30, 2010.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Airport Road Annexation Area is most compatible with Section 21-202, *R-2 General Residential* zoning district and R-1 Single-Family Residential. The R-2 General Residential Zoning District is proposed for one parcel, an area of approximately three acres, where the principal use of land is for multifamily residential purposes. The R-1 zoning is recommend for a small portion of the two parcels where a majority of land and associated land uses were already within the city limits prior to the Airport Road annexation. The Airport Road annexation extended the city limits to include those smaller portions of land, and this ordinance would extend the existing zoning R-1 classification for each parcel.

The City Manager advised that the Planning Board voted unanimously at their meeting on July 1, 2010 to recommend that R-2 zoning be assigned to the apartments on Airport Road and that the R-1 zoning be assigned to the remainder of this area.

Mayor Little closed the public hearing.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adopt the following ordinance amending the *Official Zoning District Map* to assign the R-2 General Residential Zoning District and R-1 Single-Family Residential to the Airport Road Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO AIRPORT RD ANNEXATION

Ordinance Number: O-10-07-20-7

PUBLIC HEARING =- ZONING MAP AMENDMENT – ASSIGN ZONING TO GREAT MEADOWS/MCDOWELL HIGH SCHOOL ROAD ANNEXATION AREA: Mayor Little opened the Public Hearing.

The City Manager advised that on February 16, 2010, City Council adopted Ordinance No. O-10-02-16-2 extending the corporate limits of Marion to include the Great Meadows/ McDowell High School Road Annexation Area. The annexation became effective on February 28, 2010.

The purpose of this ordinance is to assign appropriate zoning designations to the annexation area that are most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the Great Meadows/McDowell High School Road Annexation Area is most compatible with Section 21-205, *C-2 General Business* zoning district. The C-2 General Business Zoning District is established as a district where the principal use of land is for commercial purposes. The Great Meadows/McDowell High School Road annexation area consists of a very small area of land that was not within the City Limits. This area was subdivided from a larger tract of land and recombined with another piece of land located within the City Limits for the purposes of providing secondary access to a new commercial development.

The City Manager advised that the Planning Board voted unanimously at their meeting on July 1, 2010 to recommend that C-2 zoning be assigned to this area.

There were no citizens present to discuss this issue.

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include McDowell High Drive Territory, as adopted by City Council on February 16, 2010 Ordinance Number O-10-02-16-1, zoning the area as C-2 General Business Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing July 1, 2010.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective July 20, 2010.

Adopted this the 20th day of July 2010.

Stephen R. Little
Mayor

City Manager/Clerk

Ordinance Number: O-10-07-20-8

PUBLIC HEARING – ZONING TEXT AMENDMENT: Mayor Little opened the Public Hearing.

The City Manager advised that Staff had proposed this Zoning Text Amendment to revise the sign ordinance based on multiple requests for providing greater flexibility in the placement of "A-Frame" signs within the DO Downtown Overlay District. The amendment would allow for "A-Frame" signs to be located no less than two and half feet from the curb to avoid obstructing access in and out of parked vehicles and no greater than five feet from the curb to avoid obstructing the sidewalk and limiting pedestrian movement. This ordinance does not change the existing location next to the building which would allow business owners to place "A-Frame"

AA.000000835 (24)

signs within three feet of the building. In addition to location, the ordinance adds additional design requirements for materials and finishes of "A-Frame" signs.

The City Manager stated that the Planning Board reviewed Staff's changes, and held further discussion regarding the size of A-Frame Signs. Several Planning Board Members noted that it appeared several A-Frame Signs in the downtown exceeded the current size permitted within the code and made recommendation to increase the size of the signs from four square feet (4 sq. ft.) to "no greater than three feet wide and six feet in height". The proposed changes are all underlined in the attached ordinance.

There were no citizens present to discuss this item.

Mayor Little closed the public hearing.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance amending the Zoning Ordinance as follows:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Sec.21-131(9) *Permanent signs.* This subsection shall govern regulations for signs permanently installed on a site and which are required to obtain a sign permit in accordance with subsection 21-7.6(2) of this chapter.

(3) In the DO, Downtown Overlay District, commercially zoned properties, free-standing portable signs are permitted subject to the following requirements:

(A) Only permitted in the downtown overlay district.

(B) Placement shall be within three (3) feet of the building or no less than two and half (2 ½) feet from the edge of curb and no greater than five (5) feet from the curb to avoid both vehicular and pedestrian obstruction.

(C) Inside during off (closed) hours.

(D) No more than one (1) per entrance.

(E) No greater than three feet (3) wide and six (6) feet in height.

(F) Only used to list specials or menus.

(G) Sign shall be constructed of durable materials to withstand normal weather conditions. Unfinished and/or untreated plywood or other material unsuitable for outdoor conditions shall be prohibited.

(H) Signs shall be constructed utilizing colors and materials that compliment the downtown business décor and give the appearance of being commercially constructed. Spray-painted messages shall be prohibited.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of July 2010.

Stephen R. Little
Mayor

City Manager/ Clerk

Ordinance Number: O-10-07-20-9

PUBLIC APPEARANCE – MICHAEL BALDWIN, USPTA TENNIS PROFESSIONAL:
Mr. Michael Baldwin, a USPTA Tennis Professional at Little Switzerland, appeared before Council to request permission to teach tennis lessons and possibly organize tennis tournaments at the Community Building Tennis Courts. He stated that he thought that Marion had some of the finest tennis courts of any small town he had seen. Mr. Baldwin advised that he had discussed his proposal with the City Manager, who suggested he make this presentation to City Council.

Mr. Baldwin stated that he is a tennis professional and currently gives tennis lessons at the Switzerland Inn, in Little Switzerland and volunteers for Mt. Heritage High School in Burnsville.

Mr. Baldwin stated that he is a great grandfather; however, he is in good health and is looking for permission to enter into an agreement by taking baby steps to see if people in Marion would be interested in tennis lessons.

Mr. Baldwin stated that he would like to create the beginning steps of a quality program that would allow others to come in and continue to promote tennis as a means to improve fitness in the community. He said that tennis has been good to him and he would like to give back some of what he has learned by sharing tennis with citizens of Marion. Mr. Baldwin advised that he would not do anything to monopolize the time and/or the courts at the Marion Community Building and would like to pursue a teaching concept for all ages with Council's permission.

Mr. Baldwin's proposal requested that he be allowed to teach tennis lessons and organize tennis tournaments, on a schedule agreed upon with the City. He suggested that he keep the revenue derived from the lessons, but give back to the City by providing free advice to the City regarding the tennis courts and giving free adult and/or children's tennis clinics periodically.

Mayor Pro Tem Owenby asked Mr. Baldwin if he would give the City free advice regarding the maintenance of and needed improvements to the tennis courts, as stated in the proposal. Mr. Baldwin stated that he would.

Council Member Clark stated that he has served as a City elected official for almost 39 years and knows a lot of the background regarding the tennis courts. He said he would like to the see the City pursue an agreement with Mr. Baldwin, but cautioned Council to be careful to make sure the courts are not monopolized and remain available to the public. Council Member Clark added that the tennis courts were built and maintained with tax dollars and need to be available to the public.

He advised that the City had problems years ago with persons teaching lessons at the tennis courts, keeping all the money for themselves and the City not knowing anything about it.

The City Manger presented Council with the section of Chapter 12 of the City Code that pertains to the tennis courts. Section 12-27 prohibits any money making activities, lessons for a fee or tournaments on the tennis courts without the approval of the City Council.

The City Manager stated that he had checked with other cities and presented Council with information showing that several cities have entered into contracts with tennis professionals. Some of these contracts involve the City receiving a flat fee or percentage of the revenues the professional receives.

Council Member Clark stated that the tennis lessons should be offered to everyone and that no one should ever be charged a fee to use the courts.

AA.000000837 (24)

Council Member Martin stated that he did not want people wanting to learn tennis to be turned away due to lack of money.

Mr. Baldwin stated that he does not need to do this to put food on the table, but would want to charge a reasonable amount for lessons. This is a seasonal activity and that he actually goes to Florida during the winter. This would be for the good of the community and would encourage physical activity for all ages.

Council Member Cuthbertson stated that his son went to a tennis academy to improve his tennis game and played in high school. He said that the tennis courts are not used nearly as much as they were 20 or more years ago.

Council Member Doggett stated that she played tennis in college and would like to see the courts used more. She added that the promotion of tennis fit in with the City's cooperation with the YMCA to complete a Community Healthy Living Index assessment and to promote health and fitness in general.

Mayor Little stated that he was impressed with Mr. Baldwin's proposal and would like to see it pursued.

The City Manager stated that Mr. Baldwin's offer to conduct free clinics could potentially alleviate concerns that people might be unable to receive tennis lessons due to lack of resources. He suggested that, if Council wished to pursue this idea, Council authorize him to work with Mr. Baldwin on a draft agreement that could then be brought back to Council for review and consideration.

Council Member Martin made a motion to authorize the City Manager to negotiate an agreement with Mr. Baldwin and bring it back to Council for review at a later date. Council Member Clark seconded the motion. Council voted unanimously to approve the motion.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

APPROVE 2009-10 FISCAL YEAR TAX SETTLEMENT: The City Manager advised that, under State Law, at the end of each Fiscal Year, Council must review and approve the year end Property Tax Settlement.

The City Manager presented the 2009-10 Fiscal Year Property Tax Settlement, as prepared by Tax Collector Claudia Hill, for Council's review and approval.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the 2009-10 Fiscal Year Property Tax Settlement as follows:

2009 TAX SETTLEMENT

July 1, 2009 - June 30, 2010

Uncollected - Personal	10,325.73
TOTAL	**$1,790,213.63**

APPROVE ORDER OF COLLECTION FOR 2010 PROPERTY TAXES: The City Manager advised that , under State Law, after the prior year property tax adjustments and tax settlement have been approved by Council, action is needed to order the collection of the current year taxes before the tax bills can be mailed.

The City Manager advised that the City anticipates mailing property tax bills by the middle of August, if not sooner.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously the order of collection for 2010 property taxes as follows:

ORDER OF COLLECTION OF TAXES

STATE OF NORTH CAROLINA
CITY OF MARION

To the Tax Collector of the City of Marion:

You are hereby authorized, empowered and commanded to collect the taxes set forth in the tax records for the year 2010 filed in the office of the Tax Collector and in the tax receipts herewith delivered to you, in the amounts and from the taxpayers likewise therein set forth. Such taxes are hereby declared to be a first lien upon all real property of the respective taxpayers in the City of Marion, and this order shall be a full and sufficient authority to direct, require, and enable you to levy on and sell any real or personal property of such taxpayers, for and on account thereof, in accordance with law.

Witness my hand, and official seal, this 20th day of July, 2010.

ADOPT RESOLUTION TO APPROVE WATER SHORTAGE RESPONSE PLAN: Public Works Director Chris Hollifield presented Council with a summarized version of the Water Shortage Response Plan. He advised that the State required public water systems to have such plans in place, or else be forced to use the State's default plan.

The City Manager advised that Mr. Hollifield had done a good job giving flexibility to the City in setting the five levels of water shortages and not requiring the City to move to a higher, stricter level of water shortage unless absolutely necessary due to local conditions.

Council Member Clark asked if research had been done over the last thirty years regarding water availability at Mackey Creek.

Mr. Hollified stated that he had reviewed several years of data, but not going back as far as 30 years.

Council Member Clark thanked Mr. Hollifield for all the work he had done in developing this plan and making it as reasonable as the State would allow.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Resolution approving the City Water Shortage Response Plan as follows:

CITY OF MARION
RESOLUTION
APPROVING WATER SHORTAGE RESPONSE PLAN

WHEREAS, North Carolina General Statute 143-355 (1) requires that each system that provides public water services or plans to provide such services shall, either individually or together with other systems, prepare and submit a Water Shortage Response Plan; and

WHEREAS, as required by the statute and in the interest of sound local planning, a Water Shortage Response Plan for the City of Marion has been developed and submitted to the City Council for approval, and

WHEREAS, the City Council finds that the Water Shortage Response Plan is in accordance with the provisions of North Carolina General Statute 143-355 (1) and that it will provide appropriate guidance for the future management of water supplies for the City of Marion, as well as useful information to the Department of Environment and Natural Resources for the development of a state water supply plan as required by statute.

NOW, THERFORE, BE IT RESOLVED by the City Council of the City of Marion that the Water Shortage Response Plan entitled, Water Shortage Response Plan dated March 29, 2010 is hereby approved and shall be submitted to the Department of Environment and Natural Resources, Division of Water Resources; and

BE IT FURTHER RESOLVED that the City Council intends that this plan shall be revised to reflect changes in relevant data and projections at least once every five years or as otherwise requested by the Department, in accordance with the statute and sound planning practice.

Adopted by the City Council of the City of Marion this the 20th day of July, 2010.

AA.00000840 (24)

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

RESOLUTION NUMBER: R-10-07-20-1

Water Shortage Response Plan
Marion, North Carolina
2010

The procedures herein are written to reduce potable water demand and supplement existing drinking water supplies whenever existing water supply sources are inadequate to meet current demands for potable water.

I. Authorization

The Marion City Manager shall enact the following water shortage response provisions whenever the trigger conditions outlined in Section IV are met. In his absence, the WFP Chief of Operations will assume this role.
Mr. Robert Boyette
Marion City Manager
(828) 652-3551
Email: bboyette@mairionnc.org

Mr. Steven Miller
Marion WFP Chief of Operations
Phone: (828) 652-2428
E-mail: smiller@marionnc.org

II. Notification

The following notification methods will be used to inform water system employees and customers of a water shortage declaration: employee e-mail announcements, notices at municipal buildings, notices in water bills. Required water shortage response measures will be communicated through *The McDowell News*, PSA announcements on local radio and cable stations and on the City's website (http://www.marionnc.org) Declaration of emergency water restrictions or water rationing will be communicated to all customers by telephone through use of reverse 911.

III. Levels of Response

Five levels of water shortage response are outlined in the table below. The five levels of water shortage response are: voluntary reductions, mandatory reductions I and II, emergency reductions and water rationing. A detailed description of each response level and corresponding water reduction measures follow below.

Stage	Response	Description
1	Voluntary Reductions	Water users are encouraged to reduce their water use and improve water use efficiency; however, no penalties apply for noncompliance. Water supply conditions indicate a potential for shortage.
2	Mandatory Reductions I	Water users must abide required water use reduction and efficiency measures; penalties apply for noncompliance. Water supply conditions are significantly lower than the seasonal norm and water shortage conditions are expected to persist.
3	Mandatory Reductions II	Same as in Stage 2
4	Emergency	Water supply conditions are substantially diminished and

AA.00000841 (24)

	Reductions	pose an imminent threat to human health or environmental integrity.
5	Water Rationing	Water supply conditions are substantially diminished and remaining supplies must be allocated to preserve human health and environmental integrity.

In Stage 1, Voluntary Reductions, all water users will be asked to reduce their normal water use by 5%. Customer education and outreach programs will encourage water conservation and efficiency measures including: irrigating landscapes a maximum of one inch per week; preventing water waste, runoff and watering impervious surfaces; watering plants deeply to encourage root growth; washing only full loads in clothes and dishwashers; using spring-loaded nozzles on garden hoses; and identifying and repairing all water leaks.

In Stage 2, Mandatory Reductions I, all customers are expected to reduce their water use by 10% in comparison to their previous month's water bill. In addition to continuing to encourage all voluntary reduction actions, the following restrictions apply: irrigation is limited to a half inch per week between 8PM and 8AM; outdoor use of drinking water for washing impervious surfaces is prohibited; and all testing and training purposes requiring drinking water (e.g. fire protection) will be limited.

In Stage 3, Mandatory Reductions II, customers must continue actions from all previous stages and further reduce water use by 20% compared to their previous month's water bill. All non-essential uses of drinking water are banned and garden and landscape irrigation must be reduced to the minimum amount necessary for survival. Additionally, in Stage 3, a drought surcharge of 1.5 times the normal water rate may apply.

In Stage 4, Emergency Reductions, customers must continue all actions from previous stages and further reduce their water use by 25% compared to their previous month's water bill. A ban on all use of drinking water except to protect public health and safety is implemented and drought surcharges may increase to 2 times the normal water rate.

The goal of Stage 5, Water Rationing, is to provide drinking water to protect public health (e.g. residences, residential health care facilities and correctional facilities). In Stage 5, all customers are only permitted to use water at the minimum required for public health protection. Firefighting is the only allowable outdoor water use and pickup locations for distributing potable water will be announced according to Marion's Emergency Response Plan. Drought surcharges may increase to 5 times the normal water rate.

IV. Triggers

The City of Marion's water sources are three creeks Mackey, Buck and Clear. The following measurements trigger entry into corresponding water restriction stages, when Clear Creek is offline and the Buck Creek intake is operating at 1.3 million gallon capacity.

Stage	Creek Operating Conditions
1	Length of the weir wetted area has been reduced by 50% for 3 consecutive days
2	Length of the weir wetted area has been reduced by 75% for 3 consecutive days
3	Length of the weir wetted area has been reduced by 85% on any day
4	Mackey Creek flow is coming fully into the trough and no longer in both the trough and over the weir and Stage 3 conditions exist
5	Mackey Creek flow is stopped and Stage 3 conditions exist

Return to Normal

When water shortage conditions have abated and the situation is returning to normal, water conservation measures employed during each phase should be decreased in reverse order of implementation. Permanent measures directed toward long-term monitoring and conservation should be implemented or continued so that the community will be in a better position to prevent shortages and respond to recurring water shortage conditions.

V. Enforcement

AA.000000842 (24)

The provisions of the water shortage response plan will be enforced by City of Marion City Manager, or his or her designee. Violators may be reported to the City's dedicated water conservation hotline, (828)652-3551. Citations are assessed according to the following schedule depending on the number of prior violations and current level of water shortage.

Water Shortage Level	First Violation	Second Violation	Third Violation
Voluntary Reductions	N/A	N/A	N/A
Mandatory Reductions (Stages 2 and 3)	Warning	$250	Discontinuation of Service
Emergency Reductions	$250	Discontinuation of Service	Discontinuation of Service
Water Rationing	$500	Discontinuation of Service	Discontinuation of Service

Drought surcharge rates are effective in Stages 3, 4 and 5.

VI. Public Comment

Customers will have multiple opportunities to comment on the provisions of the water shortage response plan. First, a draft plan will be will be available at City Hall for customers to view. Notice of the draft plan will be published in *The News Bulletin of McDowell County* as well as on the City of Marion's website. All subsequent revisions to the draft plan will be published at least 30 days prior to an adoption vote by Marion's City Council.

VII. Variance Protocols

Applications for water use variance requests are available from the Utility Department at City Hall. All applications must be submitted to the Utility Department for review by the City Manager or his or her designee. A decision to approve or deny individual variance requests will be determined within two weeks of submittal after careful consideration of the following criteria: impact on water demand, expected duration, alternative source options, social and economic importance, purpose (i.e. necessary use of drinking water) and the prevention of structural damage.

VIII. Effectiveness

The effectiveness of the Marion water shortage response plan will be determined by comparing the stated water conservation goals with observed water use reduction data. Other factors to be considered include frequency of plan activation, any problem periods without activation, total number of violation citations, desired reductions attained and evaluation of demand reductions compared to the previous year's seasonal data.

IX. Revision

The water shortage response plan will be reviewed and revised as needed to adapt to new circumstances affecting water supply and demand, following implementation of emergency restrictions, and at a minimum of every five years in conjunction with the updating of our Local Water Supply Plan. Further, a water shortage response planning work group will review procedures following each emergency or rationing stage to recommend any necessary improvements to the plan to Marion's City Council. The City of Marion City Manager is responsible for initiating all subsequent revisions.

DISCUSS ADVISORY BOARD APPOINTMENTS: The City Manager advised that Ms. Glenys Gilbert had accepted Council's appointment as an Alternate Member of the Planning Board/Board of Adjustment/Historic Preservation Commission. He said that the City currently has five Alternate Planning Board Members: Ms. Gilbert, Connie Martin, John Morrow, Virginia Williams and Rex Wood. The City Manager advised that the City could use another active Alternate Member.

The City Manager further reported that Mr. Gary Walker submitted a letter giving his resignation from the Planning Board/Board of Adjustment/Historic Preservation Commission. Gary's resignation now leaves the City with four Regular Planning Board Members, plus the Alternate

AA.000000843 (24)

Member. Therefore, it is vital that a Regular Member and an Alternate Member be appointed as soon as possible. The City Manager stated that the Planning Board recommended on July 1 that John Morrow be moved from an Alternate Member slot to a Regular Member.

Mayor Little suggested that Ms. Jane Brown be contacted regarding serving as an Alternate Member on the Planning Board. Mayor Little also stated that he would recommend Mr. Gary Arnold to serve as an Alternate Member.

Council Member Doggett suggested that Ms. Becky Cross be contacted to see if she would serve as an Alternate Member of the Planning Board.

The City Manager was directed to contact the three people listed above to determine their willingness to serve as an Alternate Member of the Planning Board and to bring this information back to Council at a future meeting so that appointments could be made.

After discussion, Council discussed offering the Regular Member slot on the Planning board first to current Alternate Member Virginia Williams, based on her tenure as an Alternate Member, and then to current Alternate Member John Morrow, if Ms. Williams is not willing to serve as a Regular Member. This information will be brought back to Council at a future meeting so that appointments can be made.

The City Manager advised that there is still one open slot on the Tree Board. The next Tree Board meeting will be in August, at which time the Tree Board could discuss possible names to serve on the Tree Board. The Tree Board recommendation will be presented to Council at a later date.

The City Manager advised that the McDowell County Department of Social Services has requested that a City elected official be appointed as a municipal representative to the McDowell County Partnership for Children and Families Board. The City Manager stated that he understands that Council members have served on this Board in the past.

Mayor Little asked Council Members to consider serving on the McDowell County Partnership for Children and Families Board.

CONSIDER APPROVAL OF CITY FLEXIBLE BENEFITS PLAN:

The City Manager advised that, in order to reduce medical insurance premiums for the City, the City increase the annual insurance deductible from $500/$1,000 to $750/$1,500 and the annual total out of pocket from $2,000/$4,000 to $2,500/$5,000. This change saves the City approximately $15 per employee per month or a total of approximately $16,900 per year.

The City Manager stated that staff explored ways to save employees money and found one way is to establish a Flexible Spending Account (FSA). This is an account where prior to January 1 of each year an employee estimates out-of-pocket medical expenses. The City then deducts this amount (pre-tax) evenly over the 26 bi-weekly payrolls and remits it to a third party administrator. The employee receives a debit card to be used at the pharmacy or medical provider to pay the out-of-pocket medical expenses up to the amount estimated. If the employee does not use the full amount or leaves employment, the remaining amount is forfeited. If the employee uses all of the estimated funds before year-end, then leaves employment during the year, there is a risk of the City having to pay the short-fall. However, at no time will the employee be allowed to spend more than the estimate for the year. The employee saves taxes as this medical expense is being paid with pre-tax dollars and the City saves money by reducing the taxable FICA wages. The City saves $7.65 for every $100 the employee puts in this pre-tax account. The employee saves this same amount plus income taxes (amount depends on their tax bracket). There is also an option for employees paying daycare expenses for dependents to pretax those payments.

AA.00000844 (24)

The City Manager stated that, since a third party administrator is required, the City would incur costs for this service. He advised that the City received quotes from two vendors providing this service. Based on an employee participation of 33% (31 employees), the City's cost would be:

Vendor	1st Year	Thereafter
Paychex	$3,361	$2,166
AFLAC	$2,606	$2,256

The City Manager advised that the costs would increase with more employee participation, but FICA tax savings would also increase. Both vendors would provide employee training at no additional costs. The City already has a relationship with the local AFLAC representative and although the on-going cost is slightly more, start up cost is substantially less. The City Manager stated that he and Finance Director Harriett Thomas would therefore recommend , should Council chose to offer this program to the employees, to contract with AFLAC for the third party administrative services.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the Flexible Spending Plan as presented and to select AFLAC as the City's third party administrator for this program.

DISCUSS REQUEST FOR SEWER EXTENSION: Director of Public Works Chris Hollifield advised that he had received a phone call from Ms. Joy Shuford and that she is requesting that sewer service be extended to a single family dwelling and two 8 unit apartment buildings on Padgett Drive off of Highway 70 West in the Pleasant Gardens Community. Mr. Hollifield stated that Padgett Drive is located almost directly across from Mitch Gillespie's car wash next to the PG Fire Department. A sewer extension of about 400-500 feet would be required, but the City would pick up 19 units on sewer, plus some not currently on water.

Mr. Hollifield advised that construction costs were estimated to be $50,000-$60,000, but that the City would immediately received $16,200 in connection fees for the properties for which service is requested, plus potential additional connection fees from additional properties. In addition, the monthly revenues from water and sewer sales from the properties for which service is requested will result in a 3.7 year payback for the City for this extension. This payback could be reduced if additional properties go on City water and sewer.

Mr. Hollifield stated that Ms. Shuford is in a hurry, because her septic system is failing.

The City Manager advised that Ms. Padgett understands the connections fees that will be required and that he will meet with her to make sure she knows that the monthly water and sewer bill may run as much as $70 per unit per month.

Council Member Clark asked if the water and sewer lines going to Ms. Padgett's house were large enough to serve other properties. Mr. Hollifield stated that the lines will be of adequate size to allow for service to additional properties.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to approve the request by Ms. Joy Shuford for a sewer extension to serve properties at 40, 77 and 109 Padgett Drive, subject to Ms. Shuford committing to pay the connection fees for these properties prior to construction commencing.

CITY MANAGER COMMENTS: The City Manager advised that N.C. Secretary of Transportation Eugene Conti sent a letter, acknowledging receipt of the City's request for a State rule change to expand allowances of DOT logo signs to signalized intersections adjacent to

AA.000000845 (24)

controlled access highways. Secretary Conti's letter advises that the rule change request will be reviewed by DOT staff.

The City Manager advised that Senator Hagan had sent a letter, stating her opposition to Federally mandated collective bargaining. The City had previously received such a letter from Senator Burr. Some cities have adopted resolutions regarding the collective bargaining, but the City Manager stated that he did not know if the adoption of a resolution would be of any use, since both North Carolina Senators were already in opposition to mandated collective bargaining.

Mayor Little stated that he would agree that senators from other states probably did not care what the City of Marion, North Carolina thought about mandated collective bargaining.

Council Member Clark stated that he just attended a Small Cities Council Meeting and that every small city is opposed to mandated collective bargaining.

The City Manager advised that work has been completed on the Eastfield Community Park, except for hydroseeding. Due to the hot weather, the City will wait until August to hydroseed. This may delay the official opening of the park and the dedication, although the park is now open for use by the public.

The City Manager advised that the City's contracted street paver has completed the resurfacing of four streets, along with paving of Leach Street Extension in the Eastfield Community. Two streets still need to be resurfaced, along with the installation of a speed hump next to Rock Tenn on Burgin Street, as directed by Council.

The City Manager advised that the School System is working on the water and sewer connection to the Alternative Education Center property on Lukin Street.

The City Manager advised that the Tuesday afternoon Farmer's Market opened on May 18 and will run each week through October 26. The Tuesday market reached its capacity with vendors by late June. The Saturday morning market opened in late June and will run through August. The Market continues to do very well.

The City Manager advised that the fundraising is underway for the Roy Williams historic marker. So far, the City has received pledges and donations totaling of $1,675. The City needs to raise about $2,700 for this project.

The City Manager advised that the construction of Phase 1 of the Catawba River Greenway is ahead of schedule. As of early July, the contractor had put stone down on the path, seeded the sides of the trail and was working on the small boardwalk/bridge needed, as well as the fishing pier. The work is projected to be completed by September.

The City Manager stated that the Phillips family has agreed to donate the property for Phase 2 of the Greenway, which will allow the Greenway to be extended under the US 221 Bypass to the McDowell House property. The City Manager stated that staff, without objection, will request a waiver from the N.C. Parks and Recreation Trust Fund to allow the City to accept this property prior to applying for State grants in January.

The City Manager advised that the lease with Great Meadows for the canoe launch and wilderness area on Highway 221 North Business across the river from Legendary Ford took effect on July 1. The McDowell Trails Association will work on constructing the canoe launch, using inmate work crews once they become available again in the next few months.

AA.0000000846 (24)

The City Manager advised that the Phillips family continues to be a great friend to the City of Marion.

The City Manager advised that, on July 6, City crews began work on the project to add a turn lane and flexible delineators at the Fleming Avenue entrance into Marion Elementary School.

The City Manager reported that DOT was underway with the requested construction of a sidewalk on West Henderson Street between Wilhemenia Street and Horton's Store. DOT has also recently paved the dirt portion of Forest Park Drive in the Eastfield community, as requested by the City.

Council Member Clark stated that the sidewalk on Robert Street near Fleming Avenue has a problem with standing water. Last winter, City crews had to work on the sidewalks to remove ice. He suggested that this situation needs to be corrected. The City Manager stated that staff would look at options to correct this problem.

The City Manager advised that DOT has given the City the go-ahead to proceed with preparing final construction drawings for the Downtown Streetscape Plan. The City hopes to begin construction this fall and that DOT will provide $50,000 in funding and resurface Main Street in the project area in 2011, after which time the decorative crosswalks can be installed.

The City Manager advised that the State did not approve the requested grant for the greenway and stormwater treatment project behind the Police Department, Nevant and McDowell County Schools property on South Main Street.

The City Manager reported that complaints have been received regarding a sight distance issue on Rutherford Road at the Morning Dew Coffee Shop. The City Manager suggested that the Street Committee look at the location. Council agreed by consensus to authorize the Street Committee to look at this location.

Mayor Little noted that there is a bush in front of Moondoggy's Restaurant on North Main Street that is blocking the sight distance from the Harvest driveway. The City Manager stated that staff would look at the location and ask the owner of Moondoggy's to trim the landscaping that is blocking the sight distance.

COUNCIL MEMBER COMMENTS:

Mayor Little invited Council to attend the administration of the Oath of Office for a new Police Officer at the Police Department at 10:00 a.m. on Thursday. The City Manager stated that he would get the specific information to Council in case they wish to attend.

Council Member Doggett thanked the Public Works department for their recent effort to repair a sinkhole on North Garden Street in front of her home.

Mayor Pro Tem Owenby advised that there is still a sizable pothole on North Garden Street between New Street and Fleming Avenue. The City Manager advised that City crews would take care of patching this location.

Council Member Cuthbertson reported a street light out at Willow and Broad Street. He said that Duke Energy responded to a previous call to repair this light, but failed to fix the problem. The City Manager stated that this light will be reported again to Duke Energy.

Council Member Cuthbertson stated that he had received a complaint regarding a dilapidated house on Circle Street in the Clinchfield area.

AA.000000847 (24)

Council Member Martin advised that he had observed a dilapidated house next to the West Marion Community Park.

The City Manager stated that he would report these two houses to staff so that they can be added to the City's dilapidated housing priority list for action this year.

Mayor Little stated that the pavement at the Garden Street railroad crossing had broken that day, most likely due to the torrential rainfall received in Marion. Public Works Director Chris Hollifield stated that he would report this problem to Norfolk Southern Railroad, since the City was not permitted to repair asphalt at the crossing.

Council Member Martin reminded Council that no decision had been made regarding the person who had previously offered to him to buy apple trees to be planted in the community parks. He said that this same person also suggested that the City consider putting water fountains in the community parks.

Council Member Cuthbertson stated that the Tree Board did not feel that apple trees would be a good idea due to bees.

Council Member Clark suggested that the City plant some apple trees in the West Marion park and see what happens. It was the consensus of Council to authorize the City to receive the donation of apple trees to plant in the West Marion Park on a trial basis.

Mayor Little stated that he did not think that the placement of water fountains in the parks would be a good idea, because they would inevitably be vandalized. Council gave no direction to authorize the placement of water fountains in community parks.

Council Member Doggett stated that the dog walkers appreciate the bags on Main Street and would like to see hand sanitizer dispensers placed along Main Street. Council took no action to authorize the placement of hand sanitizer dispensers along Main Street.

Council Member Clark asked that a letter be sent from the City thanking Duke Energy for their recent replacement of outdated equipment on fern Avenue, which should greatly improve power reliability in the Fern and Fleming Avenue. Council Member Martin asked that the City also thank Duke Energy for their recent response to a power outage on Holly Hill Drive. The City Manager stated that he would draft a letter to Duke Energy, thanking them for the replacement of the equipment and for response to the power outage.

Council Member Clark gave a brief report on a National League of Cities Small Cities Council meeting that he had recently attended in Athens, Tennessee.

Mayor Little stated that he appreciated the time and energy Council Member Clark puts into attending these meetings and represent the City of Marion.

Mayor Little stated that he would be absent for the first Council meeting in August.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.00000848 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, August 3, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

Mayor Little was not present for this meeting due to being out of the country.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News; Kaitlyn Evans, News Reporter, The News Bulletin.

GUESTS PRESENT: Darren Waugh, President, Marion Business Association; Freddie Killough, Executive Director, Marion Business Association, Jeannie Davis, 151 Ridge Road, Marion NC; Reverend Ray Davis, 151 Ridge Road, Marion NC; Katherine Brooks, Shelby, NC.

OPEN MEETING: Mayor Pro Tem Owenby opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER CLARK: Council Member Everette Clark selected the Citizen of the Month for August 2010.

REVEREND RAY DAVIS

City Council Member Everette Clark stated that it was a privilege to present Reverend Ray Davis as his Citizen of the Month.

Rev. Davis grew up in Cleveland County and has lived in Marion for the past twenty-five years. He is married to Jeannie Davis and they have four children and four grand children.

When Rev. Davis first came to Marion, he was the Pastor of Pleasant Hill United Methodist Church. He has now been the Pastor at Clinchfield United Methodist Church for the past seventeen years. He started with eight members and now has around 200 members. That in its self speaks volumes for Rev. Davis. Pastors do not typically stay that long at one church unless things are going really well.

Rev. Davis holds five services a week at his church. There is one on each Sunday morning. Then he holds a service on Sunday, Tuesday, Wednesday and Thursday evenings.

Clinchfield United Methodist Church also offers various other programs such as Meals that Heals, a Soup Kitchen, and three other food programs that include a back pack program which fed 285 children with the assistance of another church in Nebo a hot meal one weekend. They provide snacks for eighteen classes in the McDowell County School System.

Rev. Davis and other volunteers of his church assist the battered women's shelter, the McDowell Pregnancy Care Center, give leftover food to the homeless shelter and much more. Last month, the Church gave away twenty seven thousand pounds of food.

Council Member Clark stated that when he asked Rev. Davis to be his citizen of the month, Rev. Davis stated that he does not need to be recognized, adding that it is the people who volunteer to assist him with all these ministries that need honored

AA.000000849 (24)

Clinchfield United Methodist Church has been nominated for the Governor's Volunteer Award for their service to the community.

Council Member Clark stated that Rev. Davis and his church members are all setting examples for the community.

Rev. Davis gave an overview of some of the programs his church conducts and thanked all those who have assisted him.

Mayor Pro Tem Owenby and Council Members all shared kind words about Rev. Ray Davis.

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – July 20, 2010 Regular City Council Meeting Minutes

B . Adopt Resolution of Intent

A RESOLUTION STATING THE INTENT OF THE CITY COUNCIL OF MARION TO CONSIDERANNEXATION OF THE AREA DESCRIBED HEREIN AND FIXING THE DATE OF A PUBLIC INFORMATIONAL MEETING AND A PUBLIC HEARING ON THE QUESTION OF ANNEXATION – SUGAR HILL ROAD AREA – 2010-11

BE IT RESOLVED by the City Council of the City of Marion that:

Section 1. It is the intent of the City Council of the City of Marion to consider annexation of the following described territory pursuant to Chapter 160A, Article 4A, Part 3 of the General Statutes of North Carolina:

BEGINNING at a point on the boundary of Lot 0375, Block 18 on the McDowell County Tax Map 1700.05, said point also being the current boundary of Marion Corporate Limits thence following the eastern boundary of said Lot 0375 and the Marion Corporate Limits in a southwesterly direction approximately 1027 feet to a point, thence 100 feet in a easterly direction to a point, said point being a southern boundary of said Lot 0375, Marion Corporate Limits, and the northern boundary of Steppe Street (SR 1269); thence crossing Steppe Street (SR 1269) in a southerly direction 60 feet to a point on the southern boundary of Steppe Street (SR 1269), said point also being a point on the northern boundary of Lot 7042, Block 07 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 7042 in a southeasterly direction 331.26, thence in a southwesterly direction 209.64, thence in a northwesterly direction 121.64 to a point, said point being on the southwestern boundary of said Lot 7042 and the southeastern point of Lot 5960, Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 5960 in a southwesterly direction 250.19 feet, thence following the boundary of said Lot 5960 in a northwesterly direction 165.55 feet to a point, said point being on the southwestern boundary of said Lot 5960, and the southeastern point of lot 3894, Block 06 of the McDowell County Tax Map 1700.09; thence following the boundary of said lot 3894 in a southwesterly direction 118.17 feet to a point, said point being the southern point of said lot 3894, and a point on the northern boundary of Meadow Lane (SR 1271); thence crossing Meadow Lane (SR 1271) in a southwesterly direction 60 feet to a point on the southern boundary of Meadow Lane (SR 1271), said point also being a point on the northern boundary of Lot 2652 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 2652 in a southeasterly direction 100.41 feet, thence in a southwesterly direction approximately 381.83 feet to a point, said point being the southern point of said lot 2652 and the eastern point of lot 0465 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said lot 0465 in a southeasterly direction approximately 94.23 feet, thence in a southwesterly direction approximately 29.76 feet; thence in a southeasterly direction 178.12 feet to a point; said point being the southeastern point of said lot 0465 and the northern point of Lot 2097, Block 06 on the McDowell County Tax Map 1700.09, thence following the boundary of said Lot 2097 in a southeasterly direction 238.13 feet, thence in a southwesterly direction 218.27 feet, thence in a southeasterly direction 334.81 feet, thence in a westerly direction 360.26 feet to a point, said point being the southwestern point of said lot 2097 and the southeastern point of Lot 8087 Block 05 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 8087 in a westerly direction 59.24 feet to a point, said point being the southwestern point of said Lot 8087 and the southeastern point of Lot 5823, Block 95 on the McDowell County Tax Map 0790.12; thence following the boundary of said Lot 5823 181.37 feet, thence in a northwesterly

direction 496.54 feet to a point, said point being the western point of said Lot 5823, and a point on the eastern boundary of Sugar Hill Road (SR 1001) and the northern point of Mill Road (SR 1189); thence crossing Mill Road (SR 1189) in a southwesterly direction 40 feet to a point on the southern boundary of Mill Road (SR 1189), said point also being a point on the eastern boundary of Sugar Hill Road (SR 1001), thence following the eastern boundary of Sugar Hill Road (SR 1001) in a southerly direction 1524.35 feet to a point on the eastern boundary of Sugar Hill Road (SR 1001), said point also being the northwestern point of Lot 9430, Block 84 on the McDowell County Tax Map 0790.04; thence following the boundary of said Lot 9430 in a easterly direction 245.44 feet, thence in a southeasterly direction 69.17 feet, thence in a southerly direction 448.97 feet, thence in a southeasterly direction, 165.52 feet, thence in a northwesterly direction 507.63 feet to a point, said point being the southwestern point of said lot 9430 and a point on the eastern boundary of Sugar Hill Road (SR 1001); thence crossing Sugar Hill Road (SR 1001) in a northwesterly direction approximately 326.09 feet to a point on the western boundary of Sugar Hill Road (SR 1001), said point also being a point on the southeastern boundary of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 2578 in a southwesterly direction 402.91 feet to a point, said point being the southern point of said Lot 2578 and the eastern point of Lot 0336, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 0336 426.96 feet to a point, said point being a southern point of lot 0336 and the eastern point of Lot 7147, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 7147 in a southwesterly direction 319.58 feet, thence in a northeasterly direction 288.76 feet, thence in a easterly direction 43.35 feet, thence in a northwesterly direction 39.24 feet, thence in a northeasterly direction approximately 41.55 feet to a point, said point being the northern point of said Lot 7147, and the southwestern point of Lot 0336, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said lot 0336 in a northeasterly direction 306.86 feet, thence in a northwesterly direction 43.07 feet, thence in a northeasterly direction 56.4 feet, thence in a northwesterly direction 245.4 feet, thence in a northeasterly direction 152.04 feet, thence in a southeasterly direction 307.2 feet to a point, said point being a northeastern point of said Lot 0336 and the northwestern point of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the northern boundary of said Lot 2578 in a easterly direction 383.04 feet to a point, said point being the northeastern point of said Lot 2578 and a point on the western boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a easterly direction 60 feet to a point on the eastern boundary of Condrey Road (SR 1190), said point also being a point on the western boundary of Lot 7617, Block 84 on the McDowell County Tax Map 0790-04; thence following the eastern boundary of Condrey Road (SR 1190) in a generally northern direction 1,466.48 feet to a point, said point being on the northern boundary of said Lot 1829 and a point on the southern boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a northerly direction 60 feet to a point on the northern boundary of Condrey Road (SR 1190), said point also being a point on the southern boundary of Lot 2160, Block 96 on the McDowell County tax map 0790-12; thence following the boundary of said Lot 2160 in a northerly direction 192.63 feet, thence in an easterly direction 441.01 feet to a point, said point being the northeastern point of said Lot 2160 and the western boundary of Sugar Hill Road (SR 1001), thence following the western boundary of Sugar Hill Road (SR 1001) in a northeasterly direction 224.47 feet to a point, said point being on the western boundary of Sugar Hill Road (SR 1001) and the southern boundary of Veterans Drive (SR 1191); thence crossing Veterans Drive (SR 1191) in a northeasterly direction 60 feet to a point on the northern boundary of Veterans Drive (SR 1191), said point also being the southern point of Lot 7572, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 7572 in a northwesterly direction 138.53 feet, thence in a northeasterly direction 119.98 feet to a point, said point being the northern point of said lot 7572 and the western point of Lot 8671, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said lot in a northeasterly direction 101.64 feet to a point, said point being the northern point of said Lot 8671 and the western point of Lot 9740, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 9740 in a northeasterly direction 100.15 feet to a point, said point being the northern point of said Lot 9740 and the western point of Lot 0778, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 0778 in a northeasterly direction 126.03 feet to a point, said point being the northern point of said Lot 0778 and the southwestern point of Lot 8057, Block 06 on the McDowell County Tax Map 1700-09; thence following the boundary of said Lot 8057 in a northeasterly direction approximately 18.62 feet, thence in a northwesterly direction 103.49 feet, thence in a westerly direction 118.13 feet, thence in a northerly direction 184.68 feet, thence in a northeasterly direction 125.59 feet, thence in a easterly direction 139.82 feet to a point, said point being the northeastern point of said Lot 8057 and the northwestern point of Lot 2038, Block 97 on the McDowell County Tax Map 0790-12; thence following the northern boundary of said Lot 2038 in a easterly direction 292.15 feet to a point, said point being the northeastern point of said Lot 2038 and the northwestern point of Lot 4156, Block 07 on the McDowell County Tax Map 1700-09; thence following the northern boundary of said Lot 4156 in a easterly direction 228.05 feet to a point, said point being on the northern boundary of said Lot 4156 and the southwestern point of Lot 5325, Block 07 on the McDowell County Tax Map 1700-09; thence following the boundary of said Lot 5325 in a northwesterly direction 246.15 feet, thence in a northeasterly direction 75.31 feet to a point, said point being the northern point of said Lot 5325 and the northwestern point of Lot 6430, Block 07 on the McDowell County Tax Map 1700-05; thence following the boundary of said Lot 6430 in a northeasterly direction 96.72 feet to a point, said point being the northern point of said Lot 6430 and the western point of Lot 7500, Block 07 on the McDowell County Tax Map 1700-05: thence following the boundary of said Lot 7500 in a northeasterly direction

AA.000000851 (24)

149.89 feet to a point, said point being on the northern boundary of said Lot 7500 and a point on the southern boundary of Ben Street (SR 1185); thence crossing Ben Street (SR 1185) in a northwesterly direction 30 feet to a point on the northern boundary of Ben Street (SR 1185), said point also being the southern point of Lot 6776, Block 07 on the McDowell County Tax Map 1700-05; thence following the boundary of said Lot 6776 in a northwesterly direction 205.5 feet to a point, said point being the western point of said Lot 6776 and being on the southeastern boundary of Lot 3923, Block 07 on the McDowell County Tax Map 1700-05; thence following the boundary of said Lot 3923 in a southwesterly direction 237.97 feet, thence in a southeasterly direction 102.01 feet, thence in a westerly direction 215.53 feet, thence in a northwesterly direction 418.1 feet, thence in a westerly direction 135.03 feet, thence in a northerly direction 144.54 feet, thence in a easterly direction approximately 297.23 feet, thence in a northeasterly direction 148.89 feet to a point, said point being on the northern boundary of said Lot 3923 and the southwestern point of Lot 4264, Block 08 on the McDowell County Tax Map 1700-05; thence following the boundary of said Lot 4264 in a northeasterly direction 157.76 feet to a point, said point being the northern point of said Lot 4264 and the southern boundary of Lukin Street (SR 1191), thence crossing Lukin Street (SR 1191) in a northerly direction 30 feet to a point on the northern boundary of Lukin Street (SR 1191), thence following the northern boundary of Lukin Street (SR 1191) in a southeasterly direction 153.51 feet to a point, said point being on the northern boundary of Lukin Street (SR 1191), and the western point of Lot 6220, Block 08 on the McDowell County Tax Map 1700-05; thence following the boundary of said Lot 6220 and the western boundaries of Lots 6277, 7332, 7398, 8464 and 9521, Block 08 on McDowell County Tax Map 1700-05 in a northeasterly direction 507.58 feet to a point, said point also being on the boundary of the Marion Corporate Limits, thence following the boundary of the Marion Corporate Limits and the eastern boundary of said Lot 9521 in a southerly direction 124.25 feet to a point, said point being on the eastern boundary of said Lot 9521 and on the western boundary of Lot 0737, Block 08 on the McDowell County Tax Map 1700-05; said point also being Marion Corporate Limits, thence following the current boundary of the Marion Corporate Limits in a straight easterly direction 248.14 feet, thence in a straight westerly direction 318.34 feet to a point, said point being the eastern point of said Lot 1039 and on western boundary of Sugar Hill Road (SR 1001), thence crossing Sugar Hill Road (SR 1001) in a southeasterly direction 60 feet to the point of BEGINNING.

Section 2. A public informational meeting on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on September 20, 2010, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to ask questions and receive answers regarding the proposed annexation.

Section 3. A public hearing on the question of annexing the above described territory will be held at City Hall at 7:00 P.M. on October 19, 2010, at which time plans for extending services to said territory will be explained and all residents and property owners in said territory and all residents of the City of Marion will be given an opportunity to be heard.

Section 4. A report of plans for extending services to the above described territory shall be made available for public inspection at the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting. The statement of financial impact contained in the report shall be delivered to the McDowell County Board of Commissioners at least thirty (30) days prior to the date of the public informational meeting.

Section 5. A legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed who have been identified shall be posted in the office of the City Clerk at least thirty (30) days prior to the date of the public informational meeting.

Section 6. Notice of the public informational meeting and public hearing shall be given by publication and by first class mail, as required by G.S. 160A-49.

ADOPTED the 3rd day of August, 2010.

Stephen R. Little, Mayor

Business for Breakfast
Small Business Networking & Burning Questions Answered for:
Great Customer Service,
Marketing, Networking, Merchendising,
Hiring for Success, etc.
Great Customer Service - 7:30 AM-9:00 AM
Friday, August 6, 2010 @ Marion Depot
All Small Businesses are Welcome! For more information call - 652-2215
Marion Business Association and MTCC Small Business Center
Future Breakfast for Business Dates
Friday, October 1, 2010
Friday, December 3, 2010
Friday, February 4, 2011
2010 Friday, April 1, 2011
Friday, June 3, 2011

Council Member Cuthbertson stated that the turn out for the New Year's Eve event was probably well over 1,000 people.

Council Member Cuthbertson also stated that he would like to see the MBA do more to promote improvements to rear facades in the downtown area, particularly those between Main Street and the Farmer's Market.

Council Member Clark asked if any thought had been given for a group to embark on a market study of needed businesses and active recruiting of such businesses located in other cities. MBA Executive Director Freddie Killough advised that a market study had been completed and that a more active recruiting program could be considered by the MBA's new Economic Development Committee.

The City Manager stated that the City appreciates the Marion Business Association staff, Board and volunteers for all they do for the City and that the MBA now has a rotating board that is bringing a lot of new faces to the organization and to events.

Mayor Pro Tem Owenby thanked Mr. Waugh for his report.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

APPROVE ORDINANCE – TRAFFIC SCHEDULE ADDITIONS:
The City Manager presented Council with an ordinance, advising that it reflects various additions to the Traffic Schedule, including a stop sign on Atwood Drive at Tunnel Road in an area annexed June 30, 2010 and a stop sign on Leach Street Extension (newly accepted for maintenance and paved by the City) at Yancey Street. The ordinance also has the affect of naming the newly paved street Leach Street Extension, which it was previously named many years ago prior to being re-addressed as Yancey Street.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance amending Section 18 of the Traffic Schedule:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.00000854 (24)

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
ATWOOD DRIVE	STOP SIGN	AT TUNNEL ROAD
LEACH STREET EXTENSION	STOP SIGN	AT YANCEY STREET

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 3rd day of August, 2010.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-10-08-03-1

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager stated that National Night Out was taking place on Main Street that evening and commended Police Chief Mark Brooks and the Police Department for putting on the best National Night Out event yet.

Chief Brooks stated that Police Corporal Kellie Duncan had done a great job planning and coordinating National Night Out. Chief Brooks stated that Marion's event is bigger than the ones he participated in while serving in Shelby.

The City Manager noted that City property tax bills will be mailed on or before August 15, which is about normal for the City.

The City Manager stated that the City's contracted street paver completed the resurfacing of six streets, along with paving of Leach Street Extension in the Eastfield Community and the installation of a speed hump on Burgin Street next to Rock Tenn, as directed by Council.

The City Manager advised that DOT had informed him in Late July that they had no major comments regarding the Downtown Streetscape Plan. The City is now getting construction drawings prepared so the City can bid out the project. If all goes well, DOT will provide the City with at least $50,000 in funding for the project and then resurface Main Street by 2011. The City hopes to complete the installation of landscaping and construction of the bumpouts this fall. The decorative crosswalks would then be installed after DOT resurfaces Main Street in 2011.

The City's contracted sign vendor is currently making the way finding signs. The City obtained an extension of the $200,000 NC STEP Grant from June 30 to September 30, which should allow time to complete the project.

AA.000000855 (24)

The City Manager advised that Marion will be a stop on the Cycle NC bicycle route from Biltmore Estate to the coast. Marion will be the second stop and host riders the evening of Sunday, September 26. The YMCA has agreed to allow the riders to camp on their soccer field. The City is working with the MBA, MEDA, County, TDA and Chamber to provide for some musical entertainment and it appears that the School System will provided buses to take riders to restaurants and the downtown area this weekend. It is expected that several hundred people or more will come into the community, resulting in a significant economic boost.

The City Manager advised that the annual Advisory Board/Volunteer Dinner has been scheduled for Thursday, August 12, at 6:00 p.m. at the Community Building. Countryside Barbeque will cater the meal. The City Manager stated that Council should feel free to bring a guest.

The City Manager advised that the Street Committee needs to meet regarding a sight distance issue and a drainage issue. Council agreed by consensus to refer these matters to the Street Committee for review and a recommendation if necessary.

The City Manager advised that Duke Energy informed him after 5:00 PM that afternoon that there is a planed power outage scheduled to take place at 2:00 AM for approximately thirty minutes. Duke wanted to have the power outage at 9:00 PM, but he informed Duke that the outage needed to take place much later in the evening.

COUNCIL MEMBER COMMENTS:

Council Member Doggett commended the Public Works Department for the great work performed in building a retaining wall on Fleming Avenue, as part of the project to widen the street to three lanes at the Marion Elementary School entrance..

Council Member Cuthbertson stated that the streetlight at Willow and Broad Streets was finally repaired by Duke Energy, after being reported to Duke by the City twice.

Council Member Martin stated that the beautiful retaining wall on Railroad Street is being defaced due to persons mowing and blowing grass onto sidewalk and into the wall itself making it unsightly. The City Manager stated that staff would contact the adjacent property owner and ask him, per City ordinances, not to blow grass onto the sidewalk and retaining wall.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

INTRODUCTION TO ANNEXATION

North Carolina's Constitution (Art. VII, Sec. 1) directs the General Assembly to "...provide for the organization and government and the fixing of boundaries..." In response to this charge the General Assembly has provided three general law procedures to effect municipal annexations. Those procedures embody the principle that land development for urban purposes should be within an incorporated municipality.

Annexation is the procedure whereby the corporate limits of a municipality are extended to encompass additional land, which, in most cases, is "urban in character." In addition to providing urban services to people that need them, annexation is a tool to implement policies and plans adopted by the community. Annexation is one method of achieving the community's growth objective, which is balanced and directed growth. Annexation is also a method of strengthening the tax base of a municipality, which will allow the locality to provide an adequate level of services to its citizens.

The City of Marion has four (4) methods available to it for annexation; these are: (1) action by the General Assembly, (2) annexation of contiguous areas upon petition of all owners of real property by G.S. Chapter 160-A, Article 4A, Part 1 (G.S. 160A-31 and G.S. 160A-31.1, (3) annexation of non-contiguous (satellite) areas upon petition of all owners of real property by G.S. Chapter 160A, Article 4A, Part 4 (G.S. 160A-58 through G.S. 160A-58.8 and (4) by authority granted to municipalities under 5,000 population by G.S. Chapter 160A, Article 4A, Part 2 (G.S. 160A-33 through G.S. 160A-42).

Action by General Assembly. The General Assembly may at any time enlarge the boundaries of a municipality by special act. This method is especially useful in annexing territory that cannot be annexed under one of the general law procedures because of some local condition. It is thus an important method even though not often used.

Annexation of Contiguous Areas upon Petition of All Owners of Real Property. The governing body of any municipality may annex by ordinance any areas contiguous to its boundaries upon presentation to the governing board of a petition signed by the owners of all real property located within such area. (G.S. 160A-31 and 160A-31.1)

This procedure, first enacted in 1947 in a more restricted form, involves a public hearing and a finding that the petition and the area to be annexed meet the statutory requirements. The procedure is most often used to annex small areas, new subdivisions, and tracts with only a few property owners. Of all methods, this is the most frequently used.

Annexation of Non-Contiguous (Satellite) Areas Upon Petition of All Owners of Real Property. Upon petition signed by all owners of real property in the area, the governing body of a qualified municipality may annex by ordinance certain "satellite" areas whose boundaries do not at any point touch its primary corporate limits. The primary corporate limits consist of the boundaries of a municipality as defined in its charter and as enlarged by annexation of contiguous territory according to applicable laws or diminished by exclusion of contiguous territory of the General Assembly. (G.S. 160-58 through G.S. 160A-58.8)

Before July 1, 1974, the effective date of the general satellite annexation statute, eleven cities had secured satellite annexation authority by special acts, starting with Raleigh in 1967. The satellite procedure, although not often used, is typically employed when owners of satellite property want municipal services or regulations for their property – usually retail establishments, new subdivisions, and occasionally industry.

Annexation of Areas meeting Statutory Standards. On the recommendation of the Municipal Government Study Commission (created by the 1957 General Assembly) the 1959 General Assembly enacted a new and comprehensive municipal annexation statute. The statute defines "developed for urban purposes" and provides that such an area that is contiguous to a municipality's boundaries may be annexed by ordinance if the municipality can provide the area with services on the same basis that it provides services within its existing boundaries. Reports must be prepared that (1) show that urban development in the area proposed for annexation meets the statutory standards and (2) detail the municipality's plans for extending and financing services to the area upon annexation. A special examination of the proposed annexation's effect on any rural fire department must be made. Under some circumstances, arrangements to contract with these departments for services, to assist in meeting their financing needs, or to employ their personnel must be offered. The

AA.000000858 (24)

statute requires extensive notice to affected property owners and a public hearing. After following these steps and finding that all the statutory standards and requirements have been met, the municipal governing board may effect an annexation by ordinance. The statute includes extensive safeguards to assure that citizens in the areas that are annexed receive municipal services as planned. There is no requirement for a petition or a referendum, either within the area proposed for annexation or within the existing municipality. These annexations, based on statutory standards, are subject to the following requirements.

Standards the Area Must Meet Under G.S. 160A-36:

(1) Contiguity. The area must be contiguous to the existing municipal boundary. "Contiguous area" means any area which, at the time the annexation procedures are initiated, either abuts directly on the municipal boundary or is separated from the municipal boundary by a street pr street right-of-way, a creek or river, the right-of- way of a railroad or other public service corporation, or lands owned by the municipality, another political subdivision or the State. (G.S. 160A-41(1).

If the entire territory of a county water and sewer district created under G.S. 162A-86(b1) is being annexed, the annexation shall also include any non-contiguous pieces of the district so long as the largest part of the district is contiguous.

(2) One-Eighth Common Boundary. At least one-eighth (12.5%) of the total external boundary of the area must coincide with the municipal boundary.

(3) Unincorporated. No part of the area may be within another incorporated municipality.

(4) Developed to Urban Standards. The area must be "developed for urban purposes" under G.S. 160A-36(c) as of the time of the approval of the annexation report. That means the area must meet one of the tests set forth in (A) through (C) below. Note that areas of streets and street right-of-way may not be used to determine total acreage in making these calculations:

(A) Use + Subdivision Test. The area is developed such that it meets both of the following tests:

(1) Use Test. At least sixty percent (60%) of the total number of lots and tracts are used for residential, commercial, industrial, Institutional or governmental purposes; and

(2) Subdivision Test. The area is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts three acres or less in size.

OR

Nonresidential Urban Areas. The area is developed such that at the time of the approval of the annexation report, all tracts in the area are used for commercial, industrial, governmental, or institutional purposes.

OR

(C) Water/Sewer District. The annexation area is the entire area of any county water and sewer district created under G.S. 162A-86(b1), so long as the municipality contracts with the district to operate the sewer system and the contract provides that the area is developed for urban purposes. The area of an abolished water and sewer district is still considered a water and sewer district even after its abolition under G.S. 162A-87.2(b).

(5) Boundaries. Recorded property lines and streets must be used in setting the boundaries of the annexation area. Some or all of the boundary of a county water and sewer district may be used when the entire district not already within corporate limits of a municipality is being annexed.

ADVANTAGES OF ANNEXATION

Many of the property owners in the area proposed for annexation may feel that annexation offers no advantages for them. This assessment is only superficial, as the following advantages will prove:

Water and Sewer – Areas unserved by Marion's water and sewer system will be served within a reasonable time after annexation. These services are needed to protect the health and safety of the residents. Customers already served by City water and/or sewer will enjoy a 60 percent decrease in water and sewer rates.

AA.000000659 (24)

Police Protection – Police protection would be provided by the Marion Police Department on a 24-hour basis. City police protection involves more frequent patrols and a more rapid response rate when emergencies arise. The McDowell County Sheriff's Department now provides protection to unincorporated areas of McDowell County.

Fire Protection – Usually a change in fire insurance ratings occurs when an area is annexed into the city limits. The City now has a Class 5 rating while areas outside the municipality have a Class 9 rating.

Some insurance companies will give a reduction in rates once the property has been annexed into the city limits and the class rating has been changed; however, the practice of a reduction in rates is not uniform among insurance companies.

Streetlights – Areas annexed by the City of Marion will be provided with streetlights, which help prevent crime and accidents.

Solid Waste Collection and Disposal – Marion will provide for the collection and disposal of solid waste (garbage and trash) for all newly annexed areas. The property owners now must dispose of their solid waste themselves or contract for this service from a private contractor.

Streets – The City of Marion will maintain all streets which meet City requirements except those which are continually maintained by the North Carolina Department of Transportation.

Right to Vote – Residents in the areas annexed by the City of Marion will be able to vote in City elections and hold City office.

Tax Exemption – Real and personal property taxes are an allowable exemption on both the State and Federal income tax forms.

Annexation will offer some advantages to the City of Marion also. These advantages are as follows:

Increased Revenues – The property tax levy would provide the largest source of new revenue from newly annexed areas. Revenues from water and sewer services would provide funds for general operation of those services.

Such revenues as utility franchise taxes, sales taxes, beer and wine taxes and Powell Bill funds are collected by the State and returned to the municipalities.

The distribution of franchise taxes to the municipalities is based on the gross receipts from sales. Powell Bill funds are based on a combination of local street mileage and population.

Increased Tax Base – The new values of real and personal property will increase the appraised tax valuation for Marion. This will increase the City's debt limit and enable it to expand its borrowing capability, as well as its services and facilities.

Increased Population – The increased population will enhance Marion's desirability as a site for new commercial and industrial expansion and support new levels of community service. An increase in population quite often results in an increase in State and Federal funding.

SECTION I

SUMMARY OF REPORT

Pursuant to the authority vested in the City Council of the City of Marion by Part 2, Article 4A, Chapter 160-A of the General Statutes of North Carolina, a Resolution of Intent to consider annexation of the areas covered by this report was adopted by the City Council at a regular meeting held on August 3, 2010. A notice of the public informational meeting to be held on September 20, 2010 and the public hearing to be held on October 19, 2010 on the question of annexation is being published in accordance with legal requirements and the Resolution of Intent.

A municipality exercising its authority to annex shall make plans for the extension of services to the area proposed to be annexed and shall, prior to the public hearing provided for in G.S. 160A-35, prepare a report setting forth such plans to provide services to such areas. The report shall include:

Annexation Report and Services Plan
G.S. 160A-35

A.000000860 (24)

G.S. 160A-35 requires a detailed annexation report and services plan. The report must include the following information:

1. A map or maps of the municipality and the adjacent territory to show:

   A. The present and proposed boundaries.

   B. The present major trunk water mains and sewer interceptors and outfalls and any proposed extensions of water mains and sewer outfalls to serve the area to be annexed. The map must bear the seal of a registered professional engineer.

2. A statement showing that the area meets the standards of G.S. 160A-36.

3. A statement setting forth the plans for extending to the annexation area such major services performed within the municipality. The plan must specifically provide for:

   A. Police protection, fire protection, solid waste collections, street maintenance and street lighting services on substantially the same basis and in the same manner as provided in the rest of the municipality as of the effective date of the annexation. If a water distribution system is not available in the area to be annexed, the plans must provide for reasonably effective fire protection until such time as water lines are made available under existing municipal extension policies. A contract with a rural fire department is an acceptable method of providing fire protection, and a contract with a private solid waste collection firm is an acceptable method of providing solid waste collection services.

   B. Extension of major trunk water mains and sewer outfall lines so that property owners in the area will be able to secure public water and sewer service according to the municipal policies in effect for extending such services to individual lots or subdivisions. If requested in writing by any owner of an occupied dwelling unit or an operating commercial or industrial property no later than five (5) days after the public hearing, the report and plans must be amended, at the time of adoption of the ordinance to provide for the extension of water and sewer lines to the property or a point on a public street or road right-of-way adjacent to the property, in accordance with the current financial policies of the municipality for making such extensions. Where extension of water and sewer is necessary, the plans must set out a timetable for completion of construction as soon as possible but not more than two (2) years after the effective date of annexation. In areas where the installation of sewer is not economically feasible due to the unique topography of the area, the city must provide septic system maintenance and repair service until such time as sewer service is provided to properties similarly situated.

4. A statement of the method under which the municipality plans to finance extension of services to the annexed area.

5. A statement of the impact of the annexation on any rural fire department providing service in the area to be annexed and a statement of the impact of the annexation on fire protection and fire insurance rates in the area to be annexed, if the area is in an insurance district, a rural fire protection district or a county fire protection service district. The rural fire department is required to make available to the municipality within thirty (30) days following the municipality's written request, information within its possession or control necessary for preparation of the impact statement, including but not limited to operational, financial and budgetary information. If the rural fire department fails to respond within forty-five (45) days following receipt of a written request, it forfeits its rights to negotiate a contract to provide fire protection under G.S. 160A-37.1 or receive a proportionate share of debt payments under G.S. 160A-37.2. The city must include in its written request reference to the section containing the requirements [G.S. 160A-35(4)] or no forfeiture will occur.

6. A statement showing how the proposed annexation will affect the city's finances and services, including city revenue change estimates. This statement must also be delivered to the clerk of the county board of commissioners at least thirty (30) days before the date of the public information meeting.

This report has been prepared by the City of Marion in compliance with the foregoing requirements and is available for public inspection at the office of the City Clerk.

SECTION II

AA.000000861 (24)

BOUNDARY DESCRIPTION

SUGAR HILL ROAD AREA

BEGINNING at a point on the boundary of Lot 0375, Block 18 on the McDowell County Tax Map 1700.05, said point also being the current boundary of Marion Corporate Limits thence following the eastern boundary of said Lot 0375 and the Marion Corporate Limits in a southwesterly direction approximately 1027 feet to a point, thence 100 feet in a easterly direction to a point, said point being a southern boundary of said Lot 0375, Marion Corporate Limits, and the northern boundary of Steppe Street (SR 1269); thence crossing Steppe Street (SR 1269) in a southerly direction 60 feet to a point on the southern boundary of Steppe Street (SR 1269), said point also being a point on the northern boundary of Lot 7042, Block 07 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 7042 in a southeasterly direction 331.26, thence in a southwesterly direction 209.64, thence in a northwesterly direction 121.64 to a point, said point being on the southwestern boundary of said Lot 7042 and the southeastern point of Lot 5960, Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 5960 in a southwesterly direction 250.19 feet, thence following the boundary of said Lot 5960 in a northwesterly direction 165.55 feet to a point, said point being on the southwestern boundary of said Lot 5960, and the southeastern point of lot 3894, Block 06 of the McDowell County Tax Map 1700.09; thence following the boundary of said lot 3894 in a southwesterly direction 118.17 feet to a point, said point being the southern point of said lot 3894, and a point on the northern boundary of Meadow Lane (SR 1271); thence crossing Meadow Lane (SR 1271) in a southwesterly direction 60 feet to a point on the southern boundary of Meadow Lane (SR 1271), said point also being a point on the northern boundary of Lot 2652 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 2652 in a southeasterly direction 100.41 feet, thence in a southwesterly direction approximately 381.83 feet to a point, said point being the southern point of said lot 2652 and the eastern point of lot 0465 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said lot 0465 in a southeasterly direction approximately 94.23 feet, thence in a southwesterly direction approximately 29.76 feet; thence in a southeasterly direction 178.12 feet to a point; said point being the southeastern point of said lot 0465 and the northern point of Lot 2097, Block 06 on the McDowell County Tax Map 1700.09, thence following the boundary of said Lot 2097 in a southeasterly direction 238.13 feet, thence in a southwesterly direction 218.27 feet, thence in a southeasterly direction 334.81 feet, thence in a westerly direction 360.26 feet to a point, said point being the southwestern point of said lot 2097 and the southeastern point of Lot 8087 Block 05 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 8087 in a westerly direction 59.24 feet to a point, said point being the southwestern point of said Lot 8087 and the southeastern point of Lot 5823, Block 95 on the McDowell County Tax Map 0790.12; thence following the boundary of said Lot 5823 181.37 feet, thence in a northwesterly direction 496.54 feet to a point, said point being the western point of said Lot 5823, and a point on the eastern boundary of Sugar Hill Road (SR 1001) and the northern point of Mill Road (SR 1189); thence crossing Mill Road (SR 1189) in a southwesterly direction 40 feet to a point on the southern boundary of Mill Road (SR 1189), said point also being a point on the eastern boundary of Sugar Hill Road (SR 1001), thence following the eastern boundary of Sugar Hill Road (SR 1001) in a southerly direction 1524.35 feet to a point on the eastern boundary of Sugar Hill Road (SR 1001), said point also being the northwestern point of Lot 9430, Block 84 on the McDowell County Tax Map 0790.04; thence following the boundary of said Lot 9430 in a easterly direction 245.44 feet, thence in a southeasterly direction 69.17 feet, thence in a southerly direction 448.97 feet, thence in a southeasterly direction, 165.52 feet, thence in a northwesterly direction 507.63 feet to a point, said point being the southwestern point of said lot 9430 and a point on the eastern boundary of Sugar Hill Road (SR 1001); thence crossing Sugar Hill Road (SR 1001) in a northwesterly direction approximately 326.09 feet to a point on the western boundary of Sugar Hill Road (SR 1001), said point also being a point on the southeastern boundary of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 2578 in a southwesterly direction 402.91 feet to a point, said point being the southern point of said Lot 2578 and the eastern point of Lot 0336, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 0336 426.96 feet to a point, said point being a southern point of lot 0336 and the eastern point of Lot 7147, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 7147 in a southwesterly direction 319.58 feet, thence in a northeasterly direction 288.76 feet, thence in a easterly direction 43.35 feet, thence in a northwesterly direction 39.24 feet, thence in a northeasterly direction approximately 41.55 feet to a point, said point being the northern point of said Lot 7147, and the southwestern point of Lot 0336, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said lot 0336 in a northeasterly direction 306.86 feet, thence in a northwesterly direction 43.07 feet, thence in a northeasterly direction 56.4 feet, thence in a northwesterly direction 245.4 feet, thence in a northeasterly direction 152.04 feet, thence in a southeasterly direction 307.2 feet to a point, said point being a northeastern point of said Lot 0336 and the northwestern point of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the northern boundary of said Lot 2578 in a easterly direction 383.04 feet to a point, said point being the northeastern point of said Lot 2578 and a point on the western boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a easterly direction 60 feet to a point on the eastern boundary of Condrey Road (SR 1190), said point also being a point on the western boundary of Lot 7617, Block 84 on the McDowell County Tax Map 0790-04; thence following the eastern boundary of Condrey Road (SR 1190) in a generally northern

AA.000000862 (24)

direction 1,466.48 feet to a point, said point being on the northern boundary of said Lot 1829 and a point on the southern boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a northerly direction 60 feet to a point on the northern boundary of Condrey Road (SR 1190), said point also being a point on the southern boundary of Lot 2160, Block 96 on the McDowell County tax map 0790-12; thence following the boundary of said Lot 2160 in a northerly direction 192.63 feet, thence in an easterly direction 441.01 feet to a point, said point being the northeastern point of said Lot 2160 and the western boundary of Sugar Hill Road (SR 1001); thence following the western boundary of Sugar Hill Road (SR 1001) in a northeasterly direction 224.47 feet to a point, said point being on the western boundary of Sugar Hill Road (SR 1001) and the southern boundary of Veterans Drive (SR 1191); thence crossing Veterans Drive (SR 1191) in a northeasterly direction 60 feet to a point on the northern boundary of Veterans Drive (SR 1191), said point also being the southern point of Lot 7572, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 7572 in a northwesterly direction 138.53 feet, thence in a northeasterly direction 119.98 feet to a point, said point being the northern point of said lot 7572 and the western point of Lot 8671, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said lot in a northeasterly direction 101.64 feet to a point, said point being the northern point of said Lot 8671 and the western point of Lot 9740, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 9740 in a northeasterly direction 100.15 feet to a point, said point being the northern point of said Lot 9740 and the western point of Lot 0778, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 0778 in a northeasterly direction 126.03 feet to a point, said point being the northern point of said Lot 0778 and the southwestern point of Lot 8057, Block 06 on the McDowell County Tax Map 1700-09; thence following the boundary of said Lot 6220 and the western boundaries of Lots 6277, 7332, 7398, 8464 and 9521, Block 08 on McDowell County Tax Map 1700-05 in a northeasterly direction 507.58 feet to a point, said point also being on the boundary of the Marion Corporate Limits, thence following the boundary of the Marion Corporate Limits and the eastern boundary of said Lot 9521 in a southerly direction 124.25 feet to a point, said point being on the eastern boundary of said Lot 9521 and on the western boundary of Lot 0737, Block 08 on the McDowell County Tax Map 1700-05; said point also being Marion Corporate Limits, thence following the current boundary of the Marion Corporate Limits in a straight easterly direction 248.14 feet, thence in a straight westerly direction 318.34 feet to a point, said point being the eastern point of said Lot 1039 and on western boundary of Sugar Hill Road (SR 1001), thence crossing Sugar Hill Road (SR 1001) in a southeasterly direction 60 feet to the point of BEGINNING.

SECTION III

STATEMENT SHOWING THAT THE AREAS PROPOSED TO BE ANNEXED MEETS THE LEGISLATIVE STANDARDS PRESCRIBED BY G. S. 160A-36

AA.000000863 (24)

SUGAR HILL ROAD AREA

The proposed annexation area meets the general standards of G. S. 160A-36 as follows:

The area is adjacent and contiguous, as defined by G. S. 160A-41(1) as of the 3rd day of August, 2010, the date upon which this annexation proceeding was begun, and shown on the map included herein marked Exhibit A.

The aggregate external boundary line of the area to be annexed is 19,675.80 feet, of which 2,662.70 feet (or 13.53%), coincides with the City boundary, as shown on the map included herein marked Exhibit A. Therefore, at least one eighth (or 12.5%) of the said external boundary coincides with the City boundary.

No part of the area to be annexed is included within the boundary of another incorporated municipality (See Exhibit B).

The area to be annexed is developed for urban purposes in that 90.48% of the total number of lots and tracts in said area are used for residential, commercial, industrial, institutional or governmental purposes as is shown below. 85.90% of the total of residential and vacant acreage consists of lots and tracts three (3) acres or less in size.

Total number of lots and tracts	63
Number of lots and tracts used for:	
Residential	41
Commercial	16
Industrial	0
Institutional	0
Governmental	0
Vacant	6
Total	63
Percentage of lots and tracts developed for urban purposes	90.48%
Total Residential and Vacant Acreage	40.22
Total Residential and Vacant Acreage in lots and tracts three (3) acres or less	34.55
Percentage of Residential and Vacant Acreage in lots and tracts three (3) acres or less	85.90%

SECTION IV

STATEMENT SETTING FORTH PLANS FOR EXTENDING CITY SERVICES TO THE AREA PROPOSED TO BE ANNEXED AND METHODS OF FINANCING THESE SERVICES

City services will be provided to the areas proposed for annexation upon the effective date of annexation in accordance with the General Statutes of North Carolina as follows:

SUGAR HILL ROAD AREA

POLICE PROTECTION

The Marion Police Department presently provides police services for all areas of the City of Marion including preventative and directed patrol, criminal response and investigation, traffic enforcement and other services such as funeral escorts, alarm response, vacation home checks, and animals running at-large. The full-time force is composed of the Chief of Police, 23 other sworn officers, 4 telecommunication officers and 1 ordinance enforcement officer. At least 1 telecommunication officer and 4 sworn officers are scheduled on duty at all times. All telephone calls are automatically tape-

AA.000000864 (24)

recorded. The telecommunication officer has direct communications capability with all City police cars as well as the McDowell County Sheriff's Office, McDowell County Rescue Squad, North Carolina Highway Patrol dispatch, City of Marion Public Works, and all law enforcement agencies in "Region C." The department is connected to the North Carolina Division of Criminal Information (DCI), which provides the department access to motor vehicle, boat, and airplane registration information, driver's license information, stolen property and wanted or missing persons. Network access is also available to the National Crime Information Center (NCIC), Interpol and out of state and Canada motor vehicle information.

Response time to the proposed area of annexation is zero (0) to ten (10) minutes, if a patrol vehicle is readily available. Every effort will be made to patrol the streets in this area once or more each 24 hours.

Most of this area is already being patrolled by the Police Department. Additional patrol street mileage for the proposed annexation area is approximately 0.65 miles. Assuming the area is patrolled a minimum of two (2) times a day, a 0.65 mile patrol route would require approximately 949 traveled miles per year. An estimate of 500 miles would be required to handle calls for this area. The patrol vehicles average ten (10) miles to a gallon of gas and $.09 per mile in maintenance cost.

Using the figures above, the estimated additional expenses to provide police services to the proposed area of annexation would be $428.90 per year ($298.49 for gas and $130.41 for maintenance.) The funding for this additional expense will come from anticipated revenues in the area and be budgeted in the City's General Fund.

No additional personnel will be required to provide service to this area.

The total annual cost to provide police protection to this area is estimated to be $428.90.

The City will ensure that on the effective date of annexation police protection will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

FIRE PROTECTION

The City of Marion is served by the fire department located at the intersection of West Court Street and Logan Street. The fire department is currently protecting an area ranging up to six miles from the station including the area to be annexed. Equipment from this station can respond to the area proposed for annexation in 3 to 5 minutes depending on traffic conditions. The route to this area is easily accessible to firefighting equipment.

The fire department has three diesel-powered pumpers - a 1,000 GPM (gallons per minute) pumper that carries 750 gallons of water, a 1,250 GPM pumper/tanker that carries 1000 gallons of water and a 1500 GPM pumper/tanker that carries 1000 gallons of water. The department has a 102' diesel-powered aerial platform with a 2000 GPM pump. The department also has two four-wheel drive brush units, an equipment van, a four wheel drive pickup truck and the Chief's car. In addition there is a 1000 GPM reserve pumper that carries 500 gallon of water.

There are six paid firefighters and at least one is on duty at all times. The duty firefighter and 29 volunteers are dispatched by the 911 County Emergency Operations Center. All firefighters have pagers and many have portable hand held radios. The fire department also maintains a fire inspections department that handles fire safety inspections of businesses and industries in the city. The fire department is also involved in the field of fire education.

Because of the proximity of the area to be annexed to the station, and because the area is located within the Marion Area Fire District which is already being served by this department, no additional personnel or equipment will be needed. There will be no additional cost as this area is already included in the present operating budget.

The annexation area is located in the Marion Area Fire District. The amount of Service District Tax paid by McDowell County to the City will be reduced by approximately $2,481.84 per year due to the annexation of this area. No other county volunteer fire departments will be affected as a result of the annexation of this area.

There should be no change in property insurance rating for part of the area to be annexed, since the northern part of the area is already close to areas served by existing City water lines and fire hydrants and property owners in part of the area to be annexed should already be receiving the insurance rating in effect

AA.000000865 (24)

for the city. In most of the area to be annexed, where properties are not as close to areas served by City water lines and fire hydrants, property owners may see substantial insurance savings due to the City having a Class 5 insurance rating instead of much of the area to be annexed having a Class 9 rating. However, because of the difference in policies of insurance companies, individual property owners should check with their insurance representative to determine what effect, it any, annexation will have on their insurance rates.

The City will ensure that on the effective date of annexation fire protection will be provided in the area annexed on substantially the same basis and in the same manner as provided by the Marion Fire Department in the rest of the City.

WATER AND SEWER SERVICE

Within the proposed annexation area, there are no customers currently on City water or sewer service. Once the area is annexed, the loss in revenues due to water and sewer rates being decreased by 60 percent is therefore estimated to be approximately $0.00 annually.

Water lines are currently being installed in the area to be annexed along a section of Sugar Hill Road and on Lukin Street. A water extension of approximately 6,640 feet will be needed along Sugar Hill Road, Condrey Road and to serve the Sugar Hill Road Business Park. An extension of approximately 735 feet will be needed on Overlook Drive and Cypress Road will be needed on Cypress Road. The estimated cost of the water extensions are $667,255.

Sewer lines are currently being installed in the area to be annexed along a section of Sugar Hill Road and on Lukin Street. A sewer extension of approximately 12,240 feet (5,720 feet of gravity sewer and 6,520 feet of force main sewer) will be needed along Sugar Hill Road, Condrey Road and to serve the Sugar Hill Business Park. An extension of approximately 780 feet will be needed on Overlook Drive and Cypress Road. The estimated cost of the sewer extensions are $1,991,300.

Water and sewer improvements will be completed in accordance with the time schedule in the General Statutes and provided within two (2) years of the effective date of the annexation.

Funds for water and sewer service will come from North Carolina Rural Center and Appalachian Regional Commission grants, funds provided by the City of Marion and McDowell County and anticipated revenues in the area. The cost of the Overlook Drive and Cypress Road water and sewer extensions will be budgeted in the City's Water and Sewer Fund and the costs of the Sugar Hill Road water and sewer extension will be budgeted as a Capital Project.

Exhibits C and D show the location of existing and proposed water and sewer lines.

STREET MAINTENANCE

All of the streets in the area proposed for annexation are paved, with the exception of Overlook Drive and Cypress Road, which are private dirt roads. All streets in the annexation area are maintained by the State of North Carolina or are private streets. It is proposed that the State of North Carolina will continue maintenance on the public streets in the area and that privately maintained streets will remain private.

The City will ensure that on the effective date of annexation street maintenance service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

STREETLIGHTS

To provide streetlights in the area proposed for annexation, the City will follow the current policy of a streetlight on every other pole in a residential or commercial area.

Exhibit E shows the location of the existing and proposed lights. Upon annexation, the City will work closely with Duke Energy to determine the best location for the lights.

The City will have approximately 15 streetlights installed in the area proposed for annexation. Duke Energy will install the streetlights. The City will be charged approximately $9.89 per month per streetlight.

AA.000000866 (24)

The estimated cost for providing streetlights to the area proposed for annexation will be $1,780.20 annually.

The funds to provide streetlights in the annexation area will come from anticipated revenues in this area and be budgeted in the City's General Fund.

The City will ensure that on the effective date of annexation streetlights will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SOLID WASTE COLLECTION AND RECYCLING

Present City policy provides for solid waste collection and recycling collection once a week at each residence in the city.

For residential collection, the City is currently using a solid waste packer unit and three pickup trucks. Each truck is equipped with a 4 cubic yard capacity for the collection of solid waste. The trucks collect solid waste from residences before unloading into the packer unit. There are approximately 2,600 residential units within the current City Limits. Each truck will average collecting solid waste from approximately 220 residences in a six to seven hour period. There are 42 residential units in the area proposed for annexation. A curbside recycling truck will be used to provide recycling pickup at each residence once each week.

No additional employees or equipment will be required to provide solid waste collection service to this area. It is estimated that $1,500.00 will cover annual fuel cost. An additional $450.00 is estimated for vehicle maintenance for a total annual cost of $1,950.00 to provide solid waste and recyclable collections to the residential units. One time costs, involving $612.36 for the purchase of recycling bins, will also be needed to serve the area to be annexed. Solid waste collection and recycling collection service is currently provided in the city by City of Marion personnel and equipment and will also be provided to the area to be annexed by City of Marion personnel and equipment. These funds for this service will come from revenues collected in this area and budgeted in the City's General Fund.

The City will attempt to contact any solid waste firm servicing the annexation area as required, or which has stated its interest in contracting with the City. If required by the General Statutes, the City will offer to contract with the solid waste firms or will pay such firms for their monetary loss in compliance with the General Statutes.

The City will ensure that on the effective date of annexation solid waste collection service will be provided in the area annexed on substantially the same basis and in the same manner as provided in the rest of the City.

SECTION V

ESTIMATED REVENUES

SUGAR HILL ROAD AREA

PROPERTY TAXES

Based on tax listings at the beginning of January 2010, it is estimated that the proposed annexation will bring in the following tax revenues based on the current City tax rate of $.51 per $100.00 of property value.

Current Taxable Value	$4,136,400.00
Estimated Property Taxes	21,095.64

WATER AND SEWER REVENUES

No structures in the area to be annexed are currently being billed for City sewer service. The annexation of this area will result in water and sewer rates being reduced by 60 percent, resulting in a savings for residents and property owners and a revenue loss for the City of an estimated $0.00 per year.

OTHER REVENUES

Because of changes in distribution formulas from year to year estimates on the following revenues may fluctuate. These estimates are based on formulas and information received from the North Carolina Department of

AA.00000867 (24)

Commerce (Division of Community Assistance), North Carolina Department of Transportation, North Carolina Department of Revenue, Isothermal Planning and Development Commission, North Carolina Office of Budget and Management and Duke Energy.

Local Sales Tax	$ 10,963.24
Powell Bill Revenue	1,693.72
Utility Franchise Tax	2,052.00
Beer and Wine Tax	413.17

POPULATION INCREASE

The City's current population is based on the 2000 Census and annual population certifications from the State of North Carolina. Annexation of this area will increase the population by approximately 92 people for a population of 7,612.

SECTION VI

REVENUES AND COST ESTIMATES

SUGAR HILL ROAD AREA

ESTIMATED ANNUAL REVENUES		
Property Tax		$ 21,095.64
Local Sales Tax		10,963.24
Powell Bill		1,693.72

C. Adopt Resolution in Support of North Carolina's Current Public Alcoholic Beverage Control System:

CITY OF MARION RESOLUTION
IN SUPPORT OF NORTH CAROLINA'S CURRENT
PUBLIC ALCOHOLIC BEVERAGE CONTROL SYSTEM

WHEREAS, Chapter 18B of the North Carolina General Statutes addresses the regulation of alcoholic beverages in our state; and

WHEREAS, current North Carolina law establishes a uniform system of control over the sale, purchase, transportation, manufacture, consumption and possession of alcoholic beverages in North Carolina; and

AA.000000875 (24)

WHEREAS, local government control is central to the current alcoholic beverage control system; it is a local decision to establish and operate ABC stores, and local government, acting through an appointed local ABC Board, balances the control, profits and availability of spirits in its jurisdiction; and

WHEREAS, when local voters approved liquor sales for off-premises consumption, the voters did not vote to allow liquor to be sold in private retail establishments, but only through publicly controlled local ABC stores; and

WHEREAS, current law provides that profits from ABC store sales are returned to local government, and this revenue stream is a critical source of local government funding; and

WHEREAS, it is a priority to maintain current sources of revenue, especially in the current challenging economic times; and

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Marion does hereby support the continuance of the Alcoholic Beverage Control System, and opposes any efforts to privatize the ABC System, diminish local control or to diminish the local government revenue stream afforded from local ABC store profits.

Adopted this the 17th day of August, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-08-17-1

D. Adopt Resolution Authorizing the Sale of City Property on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion on West Yancey Street by Negotiated Offer and Upset Bid and Rejecting a Previous Offer to Purchase Said Property Due to the Submission of a Qualifying Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on July 2, 2010, Mr. Wynn Jackson submitted a bid in the amount of $3,600 for the purchase of approximately 0.20 acres of property owned by the City of Marion located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

WHEREAS, the City Council of the City of Marion adopted a resolution on July 20, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Jackson to purchase the property, as described above, for a sum of $3,600, subject to public notice and upset bid; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Jackson; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on July 28, 2010, caused notice of the proposed sale of the property, as described above, to be published in The News Bulletin, a newspaper of general circulation in the City of Marion; and

WHEREAS, on August 6, 2010, Hopewell Road, LLC submitted a bid in the amount of $5,000 for the purchase of the property described above; and

AA.00000876 (24)

WHEREAS, in accordance with N.C.G.S. 160A-269, the bid submitted by Hopewell Road, LLC is a qualifying upset bid for the purchase of the property described above; and

WHEREAS, the City Council of the City of Marion desires to reject the previous bid of Mr. Wynn Jackson and to complete the sale of the property described above to Hopewell Road, LLC, subject to public notice and upset bid.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council rejects the offer of Mr. Wynn Jackson to purchase the above described property for $3,600, due to the submission of a qualifying upset bid during the required ten day upset bid period after publication of the proposed sale, as provided for in N.C.G.S. 160A-269.

3. The City Clerk shall refund Mr. Jackson the five percent bid deposit that he paid to the City.

4. The City Council accepts the offer of Hopewell Road, LLC to purchase the above described property for $5,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

5. The City Clerk shall notify Hopewell Road, LLC of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

6. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $5,000.

Adopted this the 17th day of August, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-08-17-2

INTRODUCTION OF NEW EMPLOYEES: Police Chief Mark Brooks introduced the City's newest police officers, Randy Seay and Angie Fineberg.

Randy Seay is a rookie officer who is almost finished with his field training. Officer Seay also serves as a drill instructor in the Army Reserves.

Angie Fineberg previously worked for the City of Marion as a Police Officer and is returning to work with the City after having worked for three years as a Police Officer in Black Mountain. Officer Fineberg comes back to the City with considerable experience.

Mayor Little and Council Members welcomed Officers Seay and Fineberg to the City of Marion.

PUBLIC APPEARANCE - MCDOWELL HIGH SCHOOL LINC GROUP: Council Member Doggett stated that she had the pleasure to coordinate the McDowell High School LINC program this summer. Nine rising High School seniors spent eight days learning about their community and visiting various facilities though out the county with a program called LINC.

AA.00000877 (24)

Council Member Doggett stated that LINC is a program to build connectivity with McDowell County through **l**eadership, **i**nvolvement, **n**etworking and **c**ommunity awareness.

Council Member Doggett stated the group gained a wealth of knowledge about County and City government and much more. She stated that the participants visited a County Commission meeting and that two of the participants and the High School Principal, Ben Talbert, were present for tonight's meeting.

Council Member Doggett stated that the students would like to form a Youth Advisory Council to advise the City Council, County Commissioners and School Board on issues affecting youth in the community.

The two students who were present were Melanie Rodriguez and Nnekka Robinson. Miss Rodriguez stated that this program had been a great experience for the students and that she had personally learned a lot about local history as well as current events and projects going on in the City and County. Miss Robinson said that she learned a lot about the County as well.

This program was offered through McDowell Tech and the Chamber of Commerce. Council Member Doggett stated that she had enjoyed this experience and would certainly do it again.

Council Doggett asked Council if the City would support the idea of a Youth Advisory Council. She said she would be willing to serve as the City's liaison to the Youth Council.

Mayor Little commended all the students who participated in this program, as well as High School Principal Ben Talbert. Mayor Little stated that a Youth Advisory Council sounds like an outstanding idea.

Council Member Clark stated that City Council discussed the idea of a Youth Council several years ago, but there was no one able to coordinate the effort. He said he strongly supported this concept and added that the North Carolina League of Municipalities and the National League of Cities have programs that allow young people to attend their meetings. Council Member Clark stated that many communities across the State and nation have Youth Councils.

Council Member Doggett stated that, since the LINC program graduation, she has decided to keep in touch with these young people. She really enjoyed the program and enjoyed getting to know the students, each of whom have a lot to offer this City and County.

Mayor Little thanked Council Member Doggett for her role in this program.

Council Member Clark stated that City Council should support this program monetarily as well.

Council agreed by consensus to support the idea of a Youth Advisory Council. More information and details will be prepared and discussed at a future Council meeting.

GREENWAY UPDATE/SCHEDULE DATE FOR CATAWBA RIVER GREENWAY RIBBON CUTTING AND DEDICATION: Mr. Frank Dean and Mr. Bill Hendley of the McDowell Trails Association (MTA) appeared before Council and presented Mayor Little with a check to the City of Marion in the amount of $20,000 to support the Greenway project. The City Manager advised that this donation brings the total amount raised by the MTA and other local agencies to $30,000. The City's local match for Phase One of the Greenway is estimated to be $60,000, so the MTA and other agencies have raised at least one-half of the local match.

Mr. Dean gave an update on the Catawba River Greenway, advising that the recent rainfall has slowed down the project. However, the Phase One construction should wrap up in the next few

AA.000000878 (24)

weeks. Planning and Development Director Heather Cotton reported that the contractor now projected a completion date of September 1.

Mr. Dean stated that the MTA recommended that Council approve calling the entrance road to the Greenway "Sam Phillips Drive" in honor of the contributions of the Phillips family to the Greenway project and the community over the years.

Mayor Pro Tem Owenby asked if the road should also list the name of the Rabb family, since the Rabb family also donated land for the Greenway. Mr. Bill Hendley of the MTA stated that the Rabb's donation was note used for the Greenway, but would be recognized with a plaque.

A discussion followed.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to name the entrance road into the Greenway as Sam Phillips Drive.

Mr. Dean stated that naming the greenway is up to the City. However, he advised that the MTA recommended that Council consider naming the Greenway the Joseph McDowell Historical Greenway, in honor of Revolutionary War Hero and one of McDowell County's founders, Joseph McDowell.

Council Member Clark stated that he would like to see Catawba be a part of the Greenway name.

A discussion followed.

Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted unanimously to name the Greenway the Joseph McDowell Historical Catawba Greenway.

The City Manager asked if Council wished to schedule a date for a ribbon cutting and dedication of Phase One, perhaps to take place in September.

It was the consensus of Council to hold the ribbon cutting for the Greenway on Sunday, September 19 at 2:00 p.m., with a backup date of Sunday, September 26 at 2:00 p.m. in the event of inclement weather.

Mr. Dean and Mr. Hendley thanked Mayor Little and City Council for the City's support of this project.

PUBLIC HEARING – ZONING TEXT AMENDMENT: Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that this public hearing is to discuss an Ordinance of the City of Marion to amend Section 21-171 *Purpose and Intent* of Division VII *Temporary Uses and Structures* of Article VII *General Provisions* of Chapter 21 *Zoning* of the City of Marion Code to further define the frequency of yard sales in both residential and commercial zoning districts.

Ms. Cotton stated that the purpose of having temporary use regulations within the City Code is to allow for controlled, time-limited uses while ensuring that such uses will not impose an adverse impact on the community and its permanent uses. The current ordinance allows for yard sales to occur for the duration of two days twelve times a year in residential districts, and two days four times a year in commercial districts. The intent of the current ordinance is to allow for residential properties to have one yard sale a month, and one yard sale on commercial properties on a quarterly basis. However, the number of yard sales and their duration continue to grow as do the number of complaints that City Staff receive regarding such sales.

AA.0000000879 (24)

Ms. Cotton reported that the City does not require a permit to conduct a yard sale, and enforcement of the ordinance is challenging since many yard sales occur on weekends. Without making changes to the total number of yard sales permitted, the Planning Board unanimously recommended at their August 5 meeting that the ordinance be amended to further clarify the duration of yard sales. The amendment clarifies that yard sales shall occur for no more than two days at a time within a thirty day consecutive timeframe.

Council Member Doggett stated that she does not want to see the City limit yard sales more than they already are. With the economy the way it is, people have to do a lot of things to make ends meet.

Council Member Clark stated that he feels the proposal still allows for too many yard sales, especially in the residential areas. He added that the City needs to preserve its residential areas.

Council Member Doggett stated that she respectfully disagrees with Council Member Clark and that the ordinance should definitely not be any more restrictive than what the Planning Board recommended.

Council Member Clark suggested that staff should document the number of yard sales that take place, so Council could understand how much of a problem yard sales were in certain areas.

The City Manager stated that City Planning staff did not work on Saturday when most yard sales took place, so the City would either have to adjust the schedule of Planning staff or assign this matter to the Police Department. Council Member Doggett stated that she did not feel this was a good use of staff time, particularly that of police officers.

Ms. Cotton stated that staff currently dealt with yard sales on a complaint basis and through observation of illegally posted yard sale signs and could track the number of complaints received and sign violations observed.

Council Member Clark stated that he could support the Planning Board recommendation, but still believed that it did not go far enough, and asked that the matter be revisited in the future.

There were no citizens present to discuss this item.

A discussion followed.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Doggett, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance to further define the frequency of yard sales in both residential and commercial zoning districts, and to revisit this item in one year to see if it is working:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, Section 21.171 *Purpose and Intent* of Division VII *Temporary Uses and Structures* is amended to read as follows:

Sec. 21-171. Purpose and Intent.

AA.000000380 (24)

(1) Purpose and Intent. It is the purpose of this section to permit temporary uses and structures within the city on a controlled, time-limited basis to minimize adverse impacts on the community. The intent of this section is to establish specific regulations to allow temporary uses while eliminating to the greatest possible extent, any problems, threats, or dangers to the public health, safety or welfare as may exist with any and all such uses.

(2) Permitted temporary uses. Temporary uses shall be limited to a use or use of land, building, or structure not intended to be of a permanent duration. Such uses shall be limited to the following:

(A) Circuses and/or carnivals.
(B) Evangelistic and religious events.
(C) Outdoor bazaars, cookouts and/or similar activities by churches or other nonprofit institutions or organizations.
(D) Open lot sale area for farm produce made or grown by the farm producer or immediate family.
(E) Open lot sales area for Christmas trees.
(F) Contractors' office and/or construction shed including mobile offices during construction on the development site.
(G) Temporary special sales, yard sale or "flea" markets in commercial or industrial zoned districts.
(H) Yard sales conducted outdoors by a resident in their respective yard area.
(I) Other temporary recreational or entertainment related events or activities such as fairs or concerts.
(J) Temporary relocation of manufactured housing for displaced persons as a result of natural or manmade disaster.
(K) Mobile food vendor, push cart, or similar temporary retail food sales.

Itinerant merchants, as defined by the North Carolina General Statutes, shall not be considered a temporary use pursuant to this section. Itinerant merchants shall be subject to the regulations of Chapter 10, article VII of the Marion City Code, rather than the regulations of this section.

(3) Duration, frequency and permitted zoning districts. The following table defines the requirements for duration, frequency, and permitted zoning districts for which a temporary use may occupy a site.

Temporary Use	Maximum Duration per separate use per site	Maximum Frequency of event per person or group per site	Permitted Zoning Districts
Circuses and/or carnivals.	Seven (7) days	One (1) per calendar year	All non-residential zoning districts
Evangelistic and related religious congregations.	Fourteen (14) days	Four (4) per calendar year	All non-residential zoning districts.
Outdoor bazaars, cookouts and/or similar activities by churches or other nonprofit institutions or organizations	Three (3) days	One (1) every three (3) months	All zoning districts
Open lot sales for farm produce	Two (2) days	Twenty-four (24) per calendar year	All commercial zoning districts
Open lot sales for Christmas trees.	Forty-five (45) days	One (1) per year	All commercial zoning districts
Contractors' office and/or construction shed including mobile offices during construction on the development site.	Between issuance of a building permit and a final certificate of occupancy, annual renewal is required.	None	All zoning districts
Temporary special sales, yard sale or "flea" markets in commercial or industrial zoned districts.	Two (2) days every thirty (30) consecutive days	Four (4) times per year	All non-residential zoning districts
Yard sales conducted outdoors by a resident in their respective yard area.	Two (2) days every thirty (30) consecutive days	Twelve (12) times per year	All residential zoning districts
On-Site Estate Auctions	Two (2) days	One (1) per year	All zoning districts
Other temporary recreational or entertainment related events or activities such as fairs or concerts.	One (1) day except fourteen (14) days for an annual event.	One (1) per month for one (1) day events; one (1) per year for fourteen (14) day events.	All non-residential zoning districts.
Temporary relocation of manufactured housing for displaced persons as a result of natural or manmade disaster	Eighteen (18) months unless authorized by City Council	None	Within a designated disaster relief area.
Mobile food vendor	365 days	Annually	C-1, C-2, & M-1

A.A.000000881 (24)

Section 2. This ordinance shall become effective upon its adoption.

Adopted this the 17th day of August 2010.

Stephen R. Little
Mayor

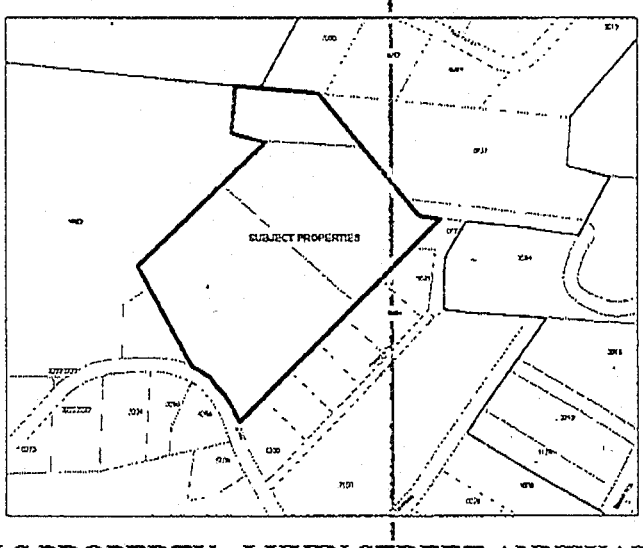
ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-10-08-17-2

Council Member Clark stated that he would also be keeping an eye on this matter.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO MCDOWELL COUNTY SCHOOLS AND CITY PROPERTIES ON LUKIN STREET:



Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that the Planning Board voted unanimously on August 5 to recommend that Council assign O-I Office and Institutional zoning to two annexation areas on Lukin Street, including City owned property and property owned by McDowell County Schools. These annexation areas took effect on July 31, 2010.

Ms. Cotton stated that the O-I zoning would be consistent with the School use and adjacent property owned by the McDowell Hospital.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance assigning O-I Office and Institutional zoning to annexation areas located off of Lukin Street:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO CITY PROPERTY AND MCDOWELL COUNTY SCHOOLS PROPERTY - LUKIN STREET ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the McDowell County Schools/Lukin Street Annexation Territory and the City of Marion Property Annexation Territory, as adopted by City Council Ordinance Numbers O-10-07-20-1 and O-10-07-20-2, zoning the area as O-I Office Institutional Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

AA.000000882 (24)

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing July 1, 2010.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective August 17, 2010.

Adopted this the 17th day of August 2010.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

Ordinance Number: O-10-08-17-1

PUBLIC APPEARANCE – SMITHSON MILLS – DISCUSS POULTRY PROCESSING FACILITY OFF OF HIGHWAY 226 SOUTH: Mr. Smithson Mills appeared before Council to discuss the poultry processing facility to be built by McDowell County next to the Ag Barn off of Highway 226 South.

Mr. Mills presented Council with an update on the project. He said that the facility will process birds and rabbits for small scale producers who have no access to slaughter facilities. The facility will increase the ability of these small producers to create income.

Mr. Mills stated that approximately $900,000 in grant funds from the North Carolina Rural Center and other agencies have been dedicated to this project. Bids have been received and construction can begin in a few weeks, with an anticipated completion date of early 2011.

Mr. Mills reported that the project has no money to cover the more than $19,000 the City will charge for water and sewer connection fees. He asked Council to give the facility at least a six month grace period to begin making payments on the water and sewer connection, under the City's adopted payment plan for business and industrial utility connections.

Council Member Clark stated that the Rural Center has given grant money for utility connection fees in the past. Mr. Mills advised that the Rural Center would not allow such a use of funds this grant cycle.

The City Manager advised that, under previously adopted Council policy, the City can finance a connection fee of this dollar range for up to four years.

Mayor Little stated that he would hope that Council would allow some flexibility for this unique situation and grant the facility a one year delay in beginning payments on the water and sewer connection on the condition that the utility connections are fully paid within the prescribed four year time period.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to grant the McDowell County Poultry Processing Pilot Plant off of Highway

AA.000000383 (24)

226 South a one year delay, until August 1, 2011, to begin making payments on the water and sewer connections, on the condition that the utility connections are fully paid no later than August 1, 2014.

Mayor Pro Tem Owenby asked what would happen if the facility fails. Mr. Mills stated that several grant agencies have confidence that the project is viable and that the facility will not fail.

Council Member Cuthbertson stated that his one concern would be to make sure grease from the facility does not become a problem for the City's Wastewater Treatment Plant. Mr. Mills described the grease trap that would be installed at the facility to prevent grease from clogging up wastewater lines.

Council Member Martin asked if there would be a smell from the facility. Mr. Mills stated that the facility would not emit odors and, fortunately, had no residential neighbors, excepting the Minimum Security Prison.

RECOGNITION OF BOY SCOUT: Mayor Little stated that he would like to take a moment to welcome A Boy Scout, Will Seaman, who was present for the meeting. Mayor Little advised that Will is a member of Boy Scout Troop 805 and is working on merit badges for his Eagle Scout designation. Mayor Little thanked Will for coming to the meeting.

PUBLIC APPEARANCE – CHRIS REVIS – THE REVIS GROUP: Mr. Chris Revis appeared before Council and stated that the last time he spoke with Council, it had been agreed that he would produce an economic development video for the City website.

Mr. Revis presented a preview of an economic development video featuring Ms. Nancy Spencer talking about the benefit of running hometown, small businesses in Marion.

Mr. Revis stated that this is not a finished product, but just something he wanted to show to see if this is the direction Council wants to go with the video. He proposed that other film be shot with other local businesses, perhaps to include a local industry and a nationally known local business.

Mayor Little stated that the video looks good to him.

Council Member Cuthbertson asked how many of these videos the City have on its website.

Mr. Revis stated that there would be three or four such videos.

Council agreed by consensus to give Mr. Revis its approval for the concept of the economic development videos.

Mr. Revis said he would be working with the City Manager on this project.

PRESENTATION OF CERTIFICATE FROM U.S. CENSUS BUREAU: The City Manager stated that the U.S. Census Bureau recently sent a letter and a certificate, thanking the City for its help with the 2010 Census. The Census numbers will hopefully be available sometime in early 2011.

The City Manager called on Planning and Development Director Heather Cotton to come before Council and presented Ms. Cotton with the certificate, advising that Ms. Cotton had to put up with a lot during this process and deserves all the credit for the hard work that went into this lengthy process.

Mayor Little and Council Members thanked Ms. Cotton for her hard work with the 2010 Census.

AA.000000884 (24)

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present.

CONSIDER ADOPTION OF ORDINANCES TO BEGIN CONDEMNATION PROCEDURES ON VARIOUS DILAPIDATED HOUSES: Planning and Development Director Heather Cotton advised that, pursuant to Part 6, Article 19, Chapter 160A of the N.C. General Statutes, the Planning and Development Services Department is requesting authority to take action to demolish or have rehabilitated structures located on properties deemed by the City's Building Inspector to be a health and safety hazard by creating dangerous conditions that constitute a threat to children, frequent use by vagrants, conducive to criminal activity, and/or create a fire hazard.

Ms. Cotton presented Council with a current list of dilapidated/abandoned structures located throughout the City, including those that have been mitigated and those included in the department's request (yellow). Ordinances and supporting documents for each of the subject properties were included for City Council review.

The following properties were proposed for condemnation procedures:

1711.05-27-3773 – 150 Perry Street
1701.14.23.9290 – 175 Ridley Rd (identified by the Fire Department as a possible training burn location)
1701.14-33-1627 – 107 Parker Dr. (identified by the Fire Department as a possible training burn location)
1712-17-12-5083 – 32 Circle Lane CL

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the following Ordinances to begin the condemnation process on properties listed above:

CITY OF MARION
ORDINANCE CONCERNING
PARTICULAR ABANDONED STRUCTURES
150 PERRY STREET

WHEREAS, on the 21st day of January, 2003, the City of Marion enacted an Ordinance pursuant to and in compliance with Part 6, Article 19, Chapter 160A of the North Carolina General Statutes;

WHEREAS, said Ordinance was amended on the 4th day of April, 2006 to change the public officer designated to exercise powers of said Ordinance;

WHEREAS, this Ordinance provides for the repair, closure or demolition of any abandoned structure which the City Council finds to be a health or safety hazard as a result of the attraction of insects, rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities;

NOW, THEREFORE, the City of Marion, by action of the City Council, **HEREBY ORDAINS** the following:

Section 1. That the City Council finds as a fact that one or more abandoned structures located on the real property which is located within the corporate limits of the City of Marion as herein below described as 150 Perry Street (formerly 923 Perry St.), Marion, McDowell County, North Carolina, Tax ID 1711.05-27-3773, and as further described in the Warranty Deed recorded in Book 898, Page 401 of the McDowell County Register of Deeds and attached hereto as Exhibit A.

Section 2. That the City Council finds as a fact that the abandoned structures(s) referred to above constitutes a health and safety hazard as a result of the attraction of insects, rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities; and

AA.000000885 (24)

Section 3. That the public officer named in the Ordinance adopted on the 21st day of January 2003, as amended on the 4th day of April 2006, which governs hazardous abandoned structures, shall carry out the provisions and procedures contained therein.

ADOPTED THIS the 17th day of August, 2010

City Manager/Clerk

Ordinance Number: 10-08-17-5

CONSIDER APPROVAL OF CITY PARTICIPATION IN NC WATERWARN: The City Manager stated that as shown in the information presented to Council, the N.C. League of Municipalities (NCLM) is recommending that all public water suppliers join NC WaterWARN, a State-wide mutual aid process for dealing with water utility related emergencies. The City of Marion previously signed a State-wide mutual aid compact, but this organization would focus on utility issues.

The City Manager stated that NC WaterWARN is something that the NCLM is pushing and there is no urgency. The City Manager stated that he just wanted to introduce the request to Council.

Council Member Clark asked that we Council postpone action on this item until the proposed agreement can be reviewed in more detail. Council agreed by consensus to postpone action on this matter until an unspecified future date.

CONSIDER ADVISORY BOARD APPOINTMENTS: The City Manager advised that, as previously reported, there was one vacancy on the Tree Board for a term to expire on June 30, 2013, due to Pat Brown not being willing to be reappointed. However, Ms. Brown is now willing to be reappointed. Therefore, the staff recommendation would be to reappoint Pat Brown to a three year term on the Tree Board, to expire on June 30, 2013.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to reappoint Ms. Pat Brown to a three year term on the Tree Board, said term to end June 30, 2013.

The City Manager reported that the Planning Board/Board of Adjustment/Historic Preservation Commission has one Regular Member slot that is vacant for a term to expire on June 30, 2013. Planning and Development Director Heather Cotton is checking with Council's first preference for this position and will hopefully have an answer in the near future.

The City Manager stated that, if one of the Alternate Members moves up to a Regular Member slot, the Planning Board will have two Alternate Member vacancies. He said he checked with the people identified by Council at the last meeting as possible candidates for Alternate Member slots. Two of the people respectfully declined serving, but Ms. Jane Brown stated that she would be willing to serve. The City Manager advised that Ms. Brown stated that she previously served on the Planning Board many years ago.

AA.000000888 (24)

Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, Council voted unanimously to appoint Ms. Jane Brown to the Planning Board/Board of Adjustment/Historic Preservation Commission as an Alternate Member, said term to expire on June 30, 2013.

CONSIDER ADOPTION OF RESOLUTION – AUTHORIZING THE SALE OF PROPERTY OWNED BY THE CITY ON WEST HIGH STREETS BY NEGOTIATED OFFER AND UPSET BID: The City Manager advised that on August 9, the City received a written offer from Mr. Marco Reyes of 93 West Wilhemenia Street to purchase the City owned property on West High Street for $1,000. The property is 0.30 acres in size and has 103 feet of street frontage. The City acquired this property, along with three other parcels, from Hill Evans several years ago.

The City Manager reported that, on August 10, the City received a written offer from Mr. Guy Jackson to purchase the same property on West High Street, plus two other parcels the City owns on West Grayson Street and one parcel the City owns off of West High Street for $2,000. These four parcels total 1.84 acres and represent the remainder of property offered for sale by the City, other than the lot on West Yancey Street. Mr. Jackson also asked that the City give him preference, when possible to dump fill dirt and debris, as allowed by law, on these properties, to build them up for future productive use.

The City Manager stated that he had prepared resolutions to accept both offers, but would recommend adoption of the resolution to accept Mr. Jackson's offer, since it involves more money and would rid the City of three parcels that would be difficult to sell, given their topography.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, Council voted unanimously to adopt a the following Resolution authorizing the sale of four parcels of property that are approximately 1.84 acres in size, owned by the City of Marion and located on West High Street and West Grayson Street to Mr. Guy Jackson for $2,000, subject to publication of the notice of sale and acceptance of upset bids:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. Guy Jackson has submitted a bid in the amount of $2,000 for the purchase of four parcels of property that are approximately 1.84 acres in size, are owned by the City of Marion and are located on West High Street and West Grayson Street (McDowell County Parcel Identification Numbers 1701.18-22-5263, 1701.18-22-5387, 1701.14-22-5595 and 1701.17-21-2976).

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The four parcels owned by the City of Marion on West High Street and West Grayson Street (McDowell County Parcel Identification Numbers 1701.18-22-5263, 1701.18-22-5387, 1701.14-22-5595 and 1701.17-21-2976) that are approximately 1.84 acres in size are hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Guy Jackson to purchase the above described property for $2,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. Jackson of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

AA.000000889 (24)

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $2,000.

Adopted this the 17th day of August, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-08-17-3

SCHEDULE DATE FOR CITY COUNCIL PLANNING SESSION: The City Manager stated that Council had typically held Planning Sessions every few months and wanted to see if Council wished to hold a Planning Session sometime in September.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to schedule the next City Council Planning Session for Tuesday, September 28 at 6:00 P.M. at City Hall.

DISCUSSION OF PLANS/SCHEDULE FOR MARION 101 CITIZENS ACADEMY: The City Manager advised that, as discussed at a Council Planning Session this past Spring, the City is now ready to launch a citizens academy for City residents and business owners. The academy is entitled "Marion 101." A proposed news release and schedule about the class was presented to Council Members. This information was based heavily on a similar program started last year in Newton.

The City Manager said that the proposal calls for the academy to be held on seven consecutive Thursdays from September 16 until October 28. Each session would begin at 6:30 p.m. and end by 9:00 p.m., if not earlier. The sessions would include overviews and tours of City facilities and services.

The City Manager stated that he would propose capping the class at 25 people. The City will bus people to different locations on as many as four of the sessions. The YMCA has agreed to provide transportation for class participants in their large bus and only charge their actual costs for operation of the bus and to pay the bus driver.

It was the consensus of Council to begin seeking participants and move forward with the academy.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that, in early August, the DOT contractor completed work on the installation of a sidewalk on West Henderson Street between Wilhemenia Street and Horton's Store. DOT has also recently upgraded the traffic signals at Fort and Logan Streets and installed pedestrian crossing signals, as requested by the City, First Baptist Church and the First Baptist Church Children's Center.

The City Manager advised that City property tax bills were mailed on August 4, earlier than usual and less than one week after the County's tax bills were mailed. The City Manager commended

AA.000000890 (24)

Tax Collector Claudia Hill who has worked extremely hard to get the tax information from the County early this year and to make all necessary corrections so the bills could be mailed early.

The City Manager stated that the City has been working with the YMCA on their Community Healthy Living Index (CHLI) assessments. Dean Ollis, Debi Sherlin and Tammy Rose assisted the YMCA with the community assessment in Eastfield. Council Member Doggett and the City Manager will be working on the Garden Street community assessment on August 23. Dean Ollis and the City Manager will help with the West Marion community assessment later this month. Other community and workplace assessments are also planned. These assessments will allow the YMCA to complete a report that will be a snapshot of health and fitness in the community and which can help with future grant applications and identifying opportunities for positive change.

The City Manager advised that, as previously reported, Marion will receive exhibits from the American Veteran Traveling Tribute as part of a McDowell County Salute to Veterans Celebration Wednesday, May 11 through Monday, May 16. The exhibits include an 80 percent size replica of the Vietnam Memorial Wall, the Cost of Freedom Memorial, 911 Memorials and other exhibits and tributes. The preliminary plan calls for the exhibits to first travel to the High School football field on Wednesday, May 11 for opening ceremonies, then to travel by motorcade down the Five Lane and Main Street to the Courthouse Lawn for a wreath laying ceremony, at which City, County, State and Federal elected officials would be invited to speak and finally travel to the YMCA soccer fields, where the exhibits will remain until Monday, May 16. A committee has been formed to coordinate the event and is working out the plans for the event. The City Manager stated that he would continue to attend the committee meetings and will advise as more information is received.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that this weekend is the Bluegrass Festival at Tom Johnson's Camping Center, which should bring many people into the community and create a boost to the local economy.

Council Member Martin stated that the dilapidated house on Ridley Street next to the West Marion Park, for which Council approved starting condemnation procedures earlier in the agenda, was owned by Mr. Carl Forney, who recently passed away. Council Member Martin asked that staff be sensitive to Ms. Forney during this time.

Council Member also mentioned that he had received reports of odors coming from the Finley Road pump station behind CVS Pharmacy on North Main Street. Council Member Clark stated that he also received such a complaint from CVS. The City Manager stated that City staff had been working on this issue, but would consult the City's consulting engineer, McGill Associates.

Council Member Cuthbertson stated that the three lane section on Fleming Avenue at the Marion Elementary School entrance looks great and asked if the City was now ready to put up flexible delineators at the location to prohibit left turns into the School parking lot from Fleming Avenue. Public Works Director Chris Hollifield reported that the delineators were being ordered. Council Member Cuthbertson also suggested that "New Traffic Pattern" signs be placed in both directions on Fleming Avenue. The City Manager stated that he and Mr. Hollifield had discussed these signs that morning and that the signs would be in place by the time school started on August 25.

Council Member Cuthbertson reported that the Street Committee recently looked at a drainage issue affecting Oakwood Drive. The City Manager stated that City staff was waiting to hear from Duke Energy, which had created the drainage problem.

Council Member Doggett thanked Council for their support with the High School LINC program and the concept of a Youth Advisory Council.

AA.00000891 (24)

ADJOURNMENT: Upon a motion by Council Member Cuthbertson , seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, September 7, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Chris Hollifield, Public Works Director; Mark Brooks, Police Chief; Ray McDaniel, Assistant Fire Chief; Kevin Owenby, Fire Inspector; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Jane McDaniel, 96 Jay Dan Drive, Marion, NC; Joe Gorecki, 406 Yancey Road, Marion, NC; Brady and Mary Ann Brooks 20 Meredith Lane, C-1 Marion, NC; Ginger and Harper Webb, 468 Yancey Road, Marion, NC; Becky Gorecki 20 Meredith Lane, Marion, NC; Kimberly, Emma and Pilfer Owenby, 1761 Nix Creek Road, Marion, NC; Jeff Mast, Banner Greenhouse, Nebo, NC; Jacob Gorecki 118 Baxter Lane, Nebo, NC.

OPENING OF MEETING: Mayor Little the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER JUANITA DOGGETT: Council Member Doggett selected the Citizen of the Month for September 2010.

Becky Gorecki

Council Member Doggett stated that she had known Becky Gorecki for about ten years. Over those years, she had witnessed Becky's humor, her joy and sorrows, and her passion for helping others.

Becky moved to Marion from Moore County in 1963 with her parents Brady and Mary Ann Brooks. Becky has three children, Ginger Webb, Jacob and Joseph Gorecki and four grandchildren.

Becky started working with the Health Department in 1980. She is currently the Nursing Supervisor for Rutherford and Polk counties and for McDowell Home Health.

AA.000000892 (24)

Council Member Doggett stated that she nominated Becky for Citizen of the Month for the following reasons.

Becky previously served on the Head Start Board, as Chairperson of the Social Services Board, on the CAP-BA Board and as a member of the United Way Board. Becky was also a foster parent for six years.

Becky is presently serving on the Senior Center Focal Point Advisory Committee, is a part of the First Baptist Mission Team to Belize, serves on the Red Cross Board, the Good Samatarian Clinic Board and also volunteers herself and time with the clinic.

Mayor Little, Council Members, family members and friends all shared kind words about Ms. Gorecki.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Member Owenby, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda, excluding item C for further discussion, as follows:

A. Approval of Minutes – August 17, 2010 Regular City Council Minutes

B. Receive Certification of Mailing

CERTIFICATION OF MAILING OF SUGAR HILL ROAD ANNEXATION AREA – 2010 NOTICES

I, J. Robert Boyette, City Manager of the City of Marion, certify that notices were mailed by First Class mail on August 19, 2010 to all persons owning property in the City of Marion's Sugar Hill Road Annexation Area – 2010.

Signed this the 19th day of August, 2010.

J. Robert Boyette
City Manager
City of Marion

DISCUSSION – APPROVE BUDGET ORDINANCE AMENDMENTS: Council Member Clark asked that this item be discussed separately from the Consent Agenda. Council Member Clark asked staff to explain why the Budget Ordinance Amendments for the Hospital Pump Station Project including all revenues and expenditures from the project being reduced to zero.

Finance Director Harriett Thomas advised that the Budget Ordinance Amendment account for the closeout of the Hospital Pump Station project. She said that the money was spent for the project, but the revenues and expenditures must be reduced to zero to close out the project, else the project would continue to be shown on the City's books.

Council Member Clark said he just wanted it to be clear that the money was spent on the project and the project was completed.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Budget Ordinance Amendments.

C. Approve Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA

AA.000000893 (24)

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 7th day of September 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–10–09–07–1

EMPLOYEE RECOGNITION – KEVIN OWENBY: Asssistant Fire Chief Ray McDaniel stated that Fire Chief Jim Neal could not be present for this meeting due to a prior engagement.

Assistant Chief McDaniel stated that Kevin Owenby joined the Marion Fire Department on February 15, 1990 as a volunteer firefighter. Mr. Owenby was fired on September 24, 2004 as the City's first full-time Fire Inspector and has conducted 92 hours of classroom time to become a level three fire inspector. A level three fire inspector is the highest level possible in North Carolina and includes the capability of inspecting hazardous facilities, institutional facilities, high rise buildings, and any other commercial buildings.

Assistant Chief McDaniel reported that fire prevention and code enforcement has greatly reduced the number of deaths and the amount of property damage to people and business throughout the United States in the last twenty years. Fire inspection, code enforcement, fire prevention, and preplanning are just as important as having the proper equipment in saving lives and property. He stated that the Fire Department would rather prevent fires than fight them and Kevin Owenby is a key to preventing fires in the City.

Assistant Chief McDaniel presented Mr. Owenby with a certificate that read as follows:

North Carolina Code Officials
Qualification Board
STANDARD CERTIFICATE
This is to certify that
KEVIN WENDELL OWENBY

HAVING GIVEN SATIFFACTORY EVIDENCE SHOWING ALL THE NECESSRY QUALIFICATIONS WITH REGARD TO CHARACTER, EDUCATION, AND EXPERIENCE AS REQUIRED BY THE ACT OF THE GENERAL ASSEMBLY OF JUNE 13, 1977, AS AMENDED, WAS EXAMINED – DULY CERTIFIED - AWARDED THIS CERTIFICATE – AND IS HEREBY AUTHORIZED TO SERVE WHILE EMPLOYED BY A CITY, A COUNTY OR THE SATE AS

FIRE INSPECTOR LEVEL III
IN THE STATE OF NORTH CAROLINA
IN TESTIMONY WHEREOF: THE CODE OFFICIALS QUALIFICATION BOARD ISSUES THIS CERTIFICATE UNDER THE SEAL OF THE BOARD AND SIGNATURES OF THE CHAIRMAN AND SECRETARY.

THIS 27TH DAY OF JULY, 2010

CEO ID Nmumber: 10726

AA.000000895 (24)

20186

CERTIFICATE NUMBER Attest: SECRETARY CHAIRMAN

Mayor Little, Council Members and the City Manager all congratulated Mr. Owenby on this certification and thanked him for his service to the City.

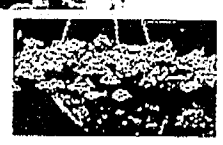
PRESENTATION – DOWNTOWN HANGING BASKETS: Public Works Director Chris Hollifield stated that he and the City's contracted landscaper Lawrence Moore had studied options for improving downtown hanging baskets and saving money as well. After considering pricing and quality, Mr. Hollifield said that he and Mr. Moore determined that Banner Greenhouses will offer the City a better price and much better quality than our the City's current contracted greenhouse (Gina's Greenhouse).

Jeff Mast of Banner Greenhouses was present to discuss options for the hanging baskets so they can begin working on them in preparation for next spring. Mr. Mast showed options for the baskets and said that Banner would check on the baskets throughout the year as part of the contract.

After discussion, Mayor Little and Council Members agreed by consensus for the City to contract with Banner Greenhouses for the downtown hanging baskets starting in 2011 and to go with Combo #2 as shown below.

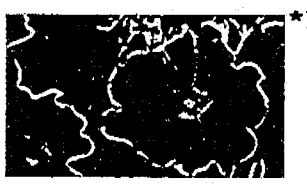
BANNER GREENHOUSES

City of Marion
Spring 2011
20" Coco Baskets

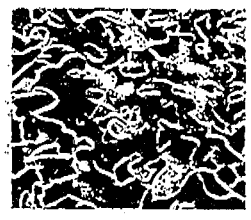


Combo #1

***Dipladenia Rio** – Flowers all summer long, great in hot humid climates.

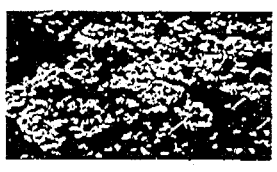


***Angelonia Angel Mist Spreading** - Tough low-maintenance, thrives through extreme heat, humidity, and drought. Works well in every sunny setting.



AA.000000896 (24)

Combo #2

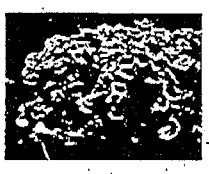


***Petunia Sanguna Lipstick** - Superb bloom coverage makes hanging baskets overflow with color.

***Ipomoea Marguerite** – Bright chartreuse color provides light color contrast in mixed containers.

Combo #3

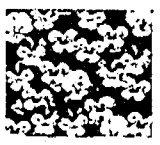
***Geranium Caliente Coral** - The Calientes are an Ivy/Zonal cross. This series has excellent mounding growth habit that makes them very versatile plants in baskets.



*** Euphorbia Breathless Blush** – Heat tolerant, displays a showy mass of self-cleaning flowers all Summer.

Combo #4

- **Lantana Bandana Cherry Sunrise** - The Bandana™ series is in a Lantana class of its own. Larger flowers and a superior uniform mounded habit.



*** Vinca Cora Cascade Magenta** - Cora Cascade is a survivor and thrives in heat and humidity. Super large blooms cover the plant – no bald spots! Vigorous trailing plants fill baskets beautifully.

Fall Combo

- **Viola Endurio**

Unique, mounding, spreading habit
Perfect for hanging baskets, with good bloom coverage over the entire plant

PUBLIC COMMENT PERIOD:

There were no unscheduled citizens present for this meeting.

REVIEW/CONSIDER APPROVAL OF WELLNESS INCENTIVE PROGRAM: Finance Director Harriett Thomas advised, that as previously discussed, staff has drafted a proposed Wellness Incentive Program to encourage participation in wellness activities as well as tobacco cessation. Staff is proposing that, effective July 1, 2011, all City employees be charged 10 percent of their medical insurance premium. Five percent of the insurance premium would be discounted by participating in the City's annual Health Fair/blood screening (or by showing proof of an equivalent blood screening by a physician) on or before May 31 of each year and by attending at least two of the City's three scheduled Lunch n' Learn sessions provided on City

AA.000000897 (24)

time (or by completing an on-line Health Assessment offered by Cigna in lieu of one of the Lunch n' Learn sessions). Five percent of the insurance premium would be discounted for employees signing affidavits affirming that they are tobacco use free as of July 1, 2011.

The City Manager advised that like the State, if a reasonable number of employees admit their tobacco use and as long as the City does not have reasonable suspicion of tobacco use by employees signing such affidavits stating that they are tobacco use free, staff will not recommend blood tests to determine tobacco use.

Ms. Thomas stated that , as an added incentive, staff would propose to make tobacco cessation the focus of the City's Wellness Program this year, by promoting and hosting tobacco cessation classes in conjunction with the Health Department, and offering to pay up to one-half of the employee's co-pay for prescription tobacco cessation medication or for over-the-counter tobacco cessation products.

The City Manager stated that Council Member Cuthbertson checked with the School System and verified that the State plans to continue offering insurance incentives for employees not using tobacco products, although the State has decided not to contract with an outside company to test employees for tobacco use.

The City Manager advised that other cities and the State have implemented components of the recommended program, but staff has not found a local government combining incentives for tobacco cessation and Wellness Program participation.

Mayor Pro Tem Owenby stressed the need to explain this Plan in detail to employees. The City Manager stated that employees had been told the concept of this Plan and that further education would take place.

Council Member advised that he serves on the North Carolina League of Municipalities Risk Management Services Board that oversees the League's three insurance polls. He stated that more local governments would likely be moving to such incentive plans.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the City of Marion Wellness Incentive Plan as shown below:

WELLNESS INCENTIVE PROGRAM

The City of Marion provides medical insurance to its employees. Recognizing that the key to improving an employee's overall health is by promoting wellness and increasing awareness, the City has provided for its employees a wellness program, "Wellness for Life".

As of July 1, 2011 the City will begin charging each employee 10% of the total medical insurance premium (employee only portion) with the option of discounting that fee. To exercise this option and for an employee to receive a discount, he/she must actively participate in the following program(s) offered through the "Wellness for Life" program.

- To qualify for a 5% discount, the employee must be TOBACCO USE FREE (includes smokeless tobacco) as of July 1, 2011. The employee will be required to submit an affidavit affirming that he/she is tobacco use free. Wellness for Life has made a tobacco cessation program available to all employees.

- To qualify for an additional 5% discount, the employee must participate in the following wellness activities offered through "Wellness for Life".

  a) Complete annual blood screenings done either at the employee annual Health Fair or by a personal physician by or before May 31 of each year. By doing so and upon receipt of verification, the premium will be discounted by 3%.

AA.000000898 (24)

b) Attend two Lunch 'n Learn sessions coordinated by the Wellness Program beginning in July of the current fiscal year. For each session attended, an employee will receive a 1% discount, OR

c) In the event an individual is unable to attend one of the Lunch 'n Learn sessions, he/she may complete the online Health Assessment offered through the City's insurance agent, Cigna @ myCigna.com. Complete information on the program is available through the personnel office.

TOBACCO CESSATION PROGRAM

In an effort to assist employees in their long term goal of tobacco use cessation, the City of Marion's wellness program, Wellness for Life, is providing City employees with assistance in accomplishing their goals.

Wellness for Life provides for assistance in the form of a tobacco cessation program. This program offered through the McDowell County Health Department offers employees the option of attending meetings in a group setting where individuals are provided with literature and information to help them through the transition period and to re-learn life without tobacco. This program is offered at no cost to employees. In order to provide an individual program for City employees, a total of eight (8) individuals are needed. However, individuals may attend sessions already provided by the Health Department.

The City will further assist employees financially in reaching these goals. The City's insurance provider, Cigna, will pay the cost of the prescription tobacco cessation aids such as Chantix, etc. The employee pays a co-pay on these prescriptions. Over-the-counter aids are also available with no assistance by insurance. The City will assist employees by paying one half (1/2) of the cost of either the prescription (co-pay) or over-the-counter product. Sufficient verification will need to be provided by the employee. Further details are available through the City Personnel Office.

CONSIDER AWARD OF CONTRACT FOR HIGHWAY 226 SOUTH SEWER EXTENSION: The City Manager advised that as shown on information presented to Council from McGill Associates, the City recently sought bids for the extension of sewer service on Highway 226 South around the Fairview Road/NC 226 South intersection. Bids from six contractors were opened on August 19. The low bid was received from Freestone Construction LLC of Waynesville in the amount of $81,620.00. McGill has worked with the owner of this firm previously and recommended the award of the contract to Freestone Construction LLC.

The bids received were as follows:

Freestone Construction LLC	$ 81,620.00
T & K Utilities, Inc.	83,385.00
Steppe Construction, Inc.	84,912.05
Huntley Construction Co.	94,512.00
Terry Brothers Construction Co., Inc.	115,315.00
Bryant's land & Development Ind.	136,266.01

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, Council voted unanimously to accept the low bid of Freestone Construction in the amount of $81,620.00 to complete the extension of sewer service on Highway 226 South around the Fairview Road/NC 226 South intersection.

CONSIDER APPROVAL OF CITY PARTICIPATION IN NC WATERWARN: The City Manager advised that, at the August 17 Council meeting, Council Member Clark asked that action not be taken on the NC WaterWARN agreement, due to concerns he had. The City Manager stated Council Member Clark and he later received an e-mail from Ellis Hankins with the N.C. League of Municipalities, advising that this is a good agreement that should create no concerns for municipalities. Council Member Clark advised that he had heard Mr. Hankins talking about another agreement (as referred to in the e-mail from Ellis) and that he has no further objections to the City participating in NC WaterWARN.

AA.000000899 (24)

The City Manager presented Council with information about NC WaterWARN stating that the N.C. League of Municipalities is recommending that all public water suppliers join NC WaterWARN, a State-wide mutual aid process for dealing with water utility related emergencies. The City of Marion previously signed the State-wide mutual aid compact, so this agreement appears to be consistent with past practice. There would be no costs to the City and the City would never be compelled to provide mutual aid. After discussion, the City Manager stated that he and the Public Works Director would recommend that Council approve the agreement authorizing the City's participation in NC WaterWARN.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following agreement authorizing the City of Marion to participate in NC WaterWARN:

North Carolina Water and Wastewater Agency Response Network Mutual Aid and Assistance Agreement For Water and Wastewater Utilities

This Agreement is made and entered into by public and private Water and Wastewater Utilities in North Carolina that have, by executing this Agreement, manifested their intent to participate in an Intrastate Program for Mutual Aid and Assistance. This Agreement is authorized under Section 160A-318 of the North Carolina General Statutes which provides that public and private Water and Wastewater Utilities may contract with each other to provide mutual aid and assistance in restoring water and sewer in the event of natural disasters or other emergencies.

ARTICLE I. PURPOSE

Recognizing that emergencies may require assistance in the form of personnel, equipment, materials, and supplies from outside the area of impact, the signatory utilities established an Intrastate Program for Mutual Aid and Assistance. Through the Mutual Aid and Assistance Program, Members coordinate response activities and share resources during emergencies whether localized to the utilities or a declared disaster. This Agreement sets forth the procedures and standards for the administration of the Intrastate Mutual Aid and Assistance Program.

ARTICLE II. DEFINITIONS

A. Authorized Official— An employee or officer of a Member that is authorized by the Member's governing board or management to:

- ☐ request assistance;
- ☐ offer assistance;
- ☐ Refuse to offer assistance or;
- ☐ Withdraw assistance under this Agreement.

B. Disaster – An emergency event that reaches a specific financial threshold related to magnitude of loss and property damage.

C. Confidential Information – Information defined NCGS 132-1.2 as confidential information or NCGS 132-1.7 as sensitive public security information.

D. Emergency— An unanticipated and/or sudden natural or manmade event that requires immediate action and is, or is likely to be, beyond the control of the services, personnel, equipment, and facilities of a Mutual Aid and Assistance Program Member.

E. Incident Command System (ICS) – A standardized on-scene emergency management system designed for use for all kinds of emergencies and is applicable to small as well as large and complex incidents. ICS is the combination of facilities, equipment, personnel procedures, and communications operating within a common organization structure, designed to aid in the management of resources during incidents.

F. Indemnity – Security against hurt, loss, or damage. An exemption from incurred penalties or liabilities.

G. Indemintee – A party to this Agreement that is entitled to be indemnified by another party to this Agreement pursuant to the terms of Article X.

H. Indemnitor – A part to this Agreement that is obligated to indemnify another party to this Agreement pursuant to the terms of Article X.

I. Large water and or wastewater utility— A utility that is represented with a population in excess of 10,000.

AA.00000900 (24)

J. Member— Any public or private Water or Wastewater Utility that manifests intent to participate in the Mutual Aid and Assistance Program by executing this Agreement.

K. Mutual Aid and Assistance Agreement – A formal agreement among emergency responders to lend assistance across jurisdictional boundaries when required; either by an emergency that exceeds local resources or a disaster

L. National Incident Management System (NIMS)— A national, standardized approach to incident management and response that sets uniform processes and procedures for emergency response operations.

M. The North Carolina Water and Wastewater Agency Response Network (NCWaterWARN) - A network of public and private water and wastewater utilities united under an agreement to provide and receive mutual aid and assistance to signatories to the agreement during emergencies ranging from those that may arise from declared disasters or are specific to a single utility.

N. Period of Assistance— A specified period of time when a Provider assists a Recipient. The period commences when personnel, equipment, materials, or supplies depart from a Provider's facility and ends when the resources return to their facility (portal to portal). All protections identified in the agreement apply during this period. The specified Period of Assistance may occur during response to or recovery from an emergency, as previously defined.

O. Provider— A Member that responds to a request for assistance under the Mutual Aid and Assistance Program.

P. Recipient— A Member who requests assistance under the Mutual Aid and Assistance Program.

1 *Miriam-Webster*. Retrieved August 22, 2007, from Miriam-Webster.com website: http://www.m-w.com/

Q. Small water and or wastewater Utility— A utility is represented with a population less than 10,000.

R. Private Water Utility— An entity that is not a unit of government that owns or operates a water and/or wastewater utility, whether on a for-profit or not-for-profit basis.

S. Public Utility— A unit of government that owns or operates a water and/ or wastewater utility.

ARTICLE III. ADMINISTRATION

The Mutual Aid and Assistance Program shall be administered through the North Carolina Water and Wastewater Agency Response Network (NCWaterWARN) Committee. The purpose of the NC WARN Committee is to provide coordination of the Mutual Aid and Assistance Program before, during, and after an emergency. The NCWaterWARN Committee, under the leadership of an elected Chairperson, shall meet quarterly as deemed necessary by the Chair to address Mutual Aid and Assistance Program issues. The administration of NCWaterWARN will be through the NCWaterWARN Committee. The committee shall consist of a chair and vice chair, an eastern regional section, a western regional section, and (3) At-Large members. The NC WARN Committee shall consist of an eastern regional section with three (3) seats representing large and small public water and wastewater utilities and private water systems. The western regional section shall consistent of three (3) seats representing large and small public water and wastewater utilities and private water systems. Also, there shall be three (3) At-Large seats for additional representatives from either large and small public water and wastewater utilities or private water systems. NC WARN regional sections include the following counties divided into an eastern regional section and a western regional section. The regional sections are divided along the central division regions of NC Department of Environment and Natural Resources (NCDENR). A map of the regional sections is included in Appendix A of this agreement. Eastern Regional Section— Montgomery, Anson, Moore, Richmond, Person, Orange, Chatham, Lee, Hoke, Scotland, Granville, Durham, Wake, Harnett, Cumberland, Robeson, Vance, Warren, Franklin, Johnston, Sampson, Bladen, Columbus, Northampton, Halifax, Nash, Wilson, Wayne, Duplin, Pender, New Hanover, Brunswick, Edgecombe, Greene, Lenoir, Gates, Hertford, Bertie, Martin, Pitt, Craven, Jones, Onslow, Beaufort, Pamlico, Carteret, Hyde, Dare, Washington, Tyrrell, Chowan, Perquimans, Pasquotank, Camden, and Currituck. Western Regional Section— Cherokee, Graham, Swain, Clay, Macon, Jackson, Haywood, Transylvania, Madison, Buncombe, Henderson, Mitchell, Yancey, McDowell, Rutherford, Polk Avery, Burke, Watauga, Caldwell, Cleveland, Ashe, Alleghany, Wilkes, Alexander, Catawba, Lincoln, Gaston, Surry, Yadkin, Iredell, Mecklenburg, Stokes, Forsyth, Davie, Davidson, Rowan, Cabarrus, Stanley, Union, Rockingham, Guilford, Randolph, Caswell, and Alamance. Representatives from large and small public water and wastewater utilities and private utilities shall be elected at the NC WARN Annual Meeting. Election and voting procedures will be described in the NC WARN Operational Procedures.

Under the leadership of the NCWaterWARN Committee Chair, NCWaterWARN Committee Members shall plan and coordinate emergency preparedness and response activities for the Mutual Aid and Assistance Program. The NCWaterWARN Committee Chair (or his/her designee) shall maintain a master list of all members of the Mutual Aid and Assistance Program. The NCWaterWARN Committee shall elect a Chair and a Vice Chair. The first Chair and Vice Chair will serve a two (2) year term and subsequent Chairs and Vice Chairs will serve one (1) year thereafter. The NCWaterWARN Committee shall:

A. Convene an annual meeting for members.

B. Provide for the development and maintenance of a database of all participating utilities through one of the members, sponsor agencies, or participating agencies or associations.

C. Meet as a NCWaterWARN Committee at least quarterly, as needed and at the discretion of the Chair, to address and resolve concerns, create and modify procedures and any additional policy or legal issues related to NCWaterWARN.

AA.000000901 (24)

D. Provide for the development and maintenance of a secure website.
E. Include an advisory board in its meetings to provide input based on the expertise of their agency.

The additional responsibilities of the Chair are described throughout the agreement. Those duties will be highlighted in the agreement for review by the NCWaterWARN Committee and the Sponsors. Those duties will be listed together in the protocols. The NCWaterWARN shall have an advisory board that consists of representatives from partner agencies and stakeholders. Representatives to the advisory board from the respective agencies shall be named by those agencies. The advisory board is not a voting member. NCWaterWARN Advisory Board may include at least one representative from the following agencies:

- ☐ North Carolina Department of Environment and Natural Resources Public Water Supply Section
- ☐ North Carolina Department of Environment and Natural Resources Division of Water Quality
- ☐ North Carolina Section of the American Water Works Association and Water Environment Association
- ☐ North Carolina Rural Water Association
- ☐ North Carolina Waterworks Operators Association
- ☐ North Carolina Emergency Management
- ☐ North Carolina League of Municipalities
- ☐ Eastern Water and Wastewater Network
- ☐ Environmental Protection Agency Region IV
- ☐ Department of Homeland Security Protective Security Advisor

Other agencies may be invited to join or have representation on the advisory board at the discretion of the NCWaterWARN Committee.

ARTICLE IV. PROCEDURES

In coordination with other response partner agencies, *the* NCWaterWARN Committee shall develop operational and planning procedures for the Mutual Aid and Assistance Program. These procedures shall be reviewed at least annually and updated as necessary.

ARTICLE V. PRE-EVENT PLANNING

Members shall identify resources available for deployment and develop plans for housing and providing for the necessities and maintenance of personnel and equipment deployed to provide mutual aid and assistance when a request for assistance is made by the member. In addition, Members shall provide training to their response personnel related to:

- ☐ NIMS compliance
- ☐ Mutual aid response protocols
- ☐ Required documentation for providing mutual aid and assistance and for receiving mutual aid and assistance

ARTICLE VI. REQUESTS FOR ASSISTANCE

Member Responsibility: Members shall identify an Authorized Official and alternates, provide contact information including 24-hour access, and maintain resource information made available by the utility for mutual aid and assistance response. In the event of an Emergency, a Member's Authorized Official may request mutual aid and assistance from a participating Member. Requests for assistance can be made orally or in writing. When made orally, the request for personnel, equipment, materials, and supplies shall be prepared in writing as soon as practicable. Requests for assistance shall be directed to the Authorized Official of the participating Member. The Chair will be notified of all activations of the agreement. Specific protocols for requesting aid shall be provided in the required procedures (Article IV). *Response to a Request for Assistance:* After a Member receives a request for assistance, the Authorized Official evaluates whether resources are available to respond to the request for assistance. Following the evaluation, the Authorized Representative shall inform, as soon as possible, the Recipient whether it has the resources to respond. If the Member is willing and able to provide assistance, the Member shall inform the Recipient about the type of available resources and the approximate arrival time of such assistance. *Discretion of Provider's Authorized Official:* Execution of this Agreement does not create any duty to respond to a request for assistance. When a Member receives a request for assistance, the Authorized Official shall have absolute discretion as to the willingness to respond and/or availability of resources. An Authorized Member's decisions on the availability of resources shall be final.

ARTICLE VII. PROVIDER PERSONNEL

National Incident Management System: When providing assistance under this Agreement, the Requesting Utility and Responding Utility shall be organized and shall function under the National Incident Management System if State or Federal preparedness funding is desired.

Control: Provider personnel shall remain under the direction and control of the Provider. The Recipient's Authorized Official shall coordinate response activities with the designated supervisor(s) of the Provider(s). Whenever practical, Provider personnel must be self sufficient for up to 72 hours. *Food and Shelter:* The Recipient shall supply reasonable food and shelter for Provider personnel. If the Recipient is unable to or fails to provide food and shelter for Responding personnel, the Provider's designated supervisor is authorized to secure the resources necessary to meet the needs of its personnel. The cost for such resources should not exceed the State per diem rates for that area without further justification of good faith efforts to secure accommodations within the per diem. The Recipient remains responsible for reimbursing the Provider for all costs associated with providing food and shelter, if such resources are not provided.

AA.000000902 (24)

Communication: The Recipient shall provide Provider personnel with radio equipment as available, or radio frequency information to program existing radio, in order to facilitate communications with local responders and utility personnel. *Status:* Unless otherwise provided by law, the Provider's officers and employees retain the same privileges, immunities, rights, duties, and benefits as provided in their respective jurisdictions. *Licenses and Permits:* To the extent permitted by law, Provider personnel who hold licenses, certificates, or permits evidencing professional, mechanical, or other skills shall be allowed to carry out activities and tasks relevant and related to their respective credentials during the specified Period of Assistance. Members should comply with NIMS credentialing where applicable. *Right to Withdraw:* The Provider's Authorized Official retains the right to withdraw some or all of its resources at any time. Notice of intention to withdraw must be communicated to the Recipient's Authorized Official as soon as possible.

ARTICLE VIII. COST REIMBURSEMENT

Unless otherwise mutually agreed in whole or in part, the Recipient shall reimburse the Provider for each of the following categories of costs incurred while providing aid and assistance during the specified Period of Assistance. Such cost may include damage or loss to equipment.
Personnel: Provider personnel are to be paid for assigned duty during a specified Period of Assistance (refer to definition of period of assistance in Article II) according to the terms provided in their employment contracts or other conditions of employment. Either Member may require Provider's personnel to observe a rest period prior to travel back to the Provider's base
of operations to ensure safety of personnel. The Provider designated supervisor(s) must keep accurate records of work performed by personnel during the specified Period of Assistance. Recipient reimbursement to the Provider must consider all personnel costs, including salaries or hourly wages, costs for fringe benefits, and indirect costs. *Equipment:* The Recipient shall reimburse the Provider for the use of equipment during a specified Period of Assistance, including but not limited to, reasonable rental rates, all fuel, lubrication, maintenance, transportation, and loading/unloading of loaned equipment. All equipment shall be returned to the Provider in similar condition to its condition at the time of the request for mutual aid and assistance. As a minimum, rates for equipment use must be based on the Federal Emergency Management Agency's (FEMA) Schedule of Equipment Rates. If a Provider uses rates different from those in the FEMA Schedule of Equipment Rates, the Provider must provide such rates in writing to the Recipient prior to supplying resources. Mutual agreement on rates other than FEMA Schedule of Equipment Rates must be reached in writing prior to dispatch of the equipment. Reimbursement for equipment not referenced on the FEMA Schedule of Equipment Rates must be developed based on actual recovery of costs. If Provider must lease a piece of equipment while its equipment is being repaired, Recipient shall reimburse Provider for such rental costs. *Materials and Supplies:* The Recipient must reimburse the Provider in kind or at actual replacement cost, plus handling charges, for use of expendable or non-returnable supplies. The Provider must not charge direct fees or rental charges to the Recipient for other supplies and reusable items that are returned to the Provider in a clean, damage-free condition. Reusable supplies that are returned to the Provider with damage must be treated as expendable supplies for purposes of cost reimbursement. *Payment Period:* The Provider must provide an itemized bill to the Recipient for all expenses it incurred as a result of providing assistance under this Agreement. The Provider must send the itemized bill to the authorized official not later than ninety (90) days following the end of the Period of Assistance. The Recipient must pay the bill in full on or before the one hundred eightieth (180th) day following the billing date. Unpaid bills become delinquent upon the one hundred eighty-first (181st) day following the billing date, and, once delinquent, the bill accrues interest at the rate of prime, as reported by the *Wall Street Journal,* plus two percent (2%) per annum. *Records* – Each Provider and their duly authorized representatives shall have access to a Recipient's books, documents, notes, reports, papers, and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a cost bill or making a financial, maintenance, or regulatory audit. Each Recipient and their duly authorized representatives shall have access to a Provider's books, documents, notes, reports, papers, and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a cost bill or making a financial, maintenance, or regulatory audit. Such records shall be maintained and made accessible for at least three (3) years or longer where required by law.

ARTICLE IX. DISPUTES

Any claim arising out of or relating to this agreement shall be subject to mediation as a condition precedent to the institution of legal or equitable proceedings by any Member. The parties shall share the mediator's fee and any filing fees equally. Mediation shall be held in the County of the Providing Member if a place has not been mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court of competent jurisdiction. Claims not resolved by mediation shall be decided by a court of competent jurisdiction unless the parties mutually agree otherwise.

ARTICLE X. LIABILITY

Each Member shall be responsible for any and all claims, demand, suits, actions, damages and causes of action related to or arising out of or in any way connected with its own actions, and the actions of its personnel, in providing mutual aid and assistance rendered or performed pursuant to the terms and conditions of this Agreement.

ARTICLE XI. INDEMNIFICATION

In the event of a liability, claim, demand, action, or proceeding of whatever kind or nature arises out of a specified Period of Assistance, the Members who receive and provide assistance during said Period of Assistance shall indemnify and hold harmless those other Members, NCWaterWARN Committee and Sponsor Agencies, but had no involvement with the transaction or occurrence that is the subject of the aforementioned claim, action, demand, or other proceeding of whatever kind or nature is limited to execution of this Agreement.

ARTICLE XII. WORKERS' COMPENSATION CLAIMS

AA.0000009903 (24)

Communication: The Recipient shall provide Provider personnel with radio equipment as available, or radio frequency information to program existing radio, in order to facilitate communications with local responders and utility personnel. *Status:* Unless otherwise provided by law, the Provider's officers and employees retain the same privileges, immunities, rights, duties, and benefits as provided in their respective jurisdictions. *Licenses and Permits:* To the extent permitted by law, Provider personnel who hold licenses, certificates, or permits evidencing professional, mechanical, or other skills shall be allowed to carry out activities and tasks relevant and related to their respective credentials during the specified Period of Assistance. Members should comply with NIMS credentialing where applicable. *Right to Withdraw:* The Provider's Authorized Official retains the right to withdraw some or all of its resources at any time. Notice of intention to withdraw must be communicated to the Recipient's Authorized Official as soon as possible.

ARTICLE VIII. COST REIMBURSEMENT

Unless otherwise mutually agreed in whole or in part, the Recipient shall reimburse the Provider for each of the following categories of costs incurred while providing aid and assistance during the specified Period of Assistance. Such cost may include damage or loss to equipment.
Personnel: Provider personnel are to be paid for assigned duty during a specified Period of Assistance (refer to definition of period of assistance in Article II) according to the terms provided in their employment contracts or other conditions of employment. Either Member may require Provider's personnel to observe a rest period prior to travel back to the Provider's base
of operations to ensure safety of personnel. The Provider designated supervisor(s) must keep accurate records of work performed by personnel during the specified Period of Assistance. Recipient reimbursement to the Provider must consider all personnel costs, including salaries or hourly wages, costs for fringe benefits, and indirect costs. *Equipment:* The Recipient shall reimburse the Provider for the use of equipment during a specified Period of Assistance, including but not limited to, reasonable rental rates, all fuel, lubrication, maintenance, transportation, and loading/unloading of loaned equipment. All equipment shall be returned to the Provider in similar condition to its condition at the time of the request for mutual aid and assistance. As a minimum, rates for equipment use must be based on the Federal Emergency Management Agency's (FEMA) Schedule of Equipment Rates. If a Provider uses rates different from those in the FEMA Schedule of Equipment Rates, the Provider must provide such rates in writing to the Recipient prior to supplying resources. Mutual agreement on rates other than FEMA Schedule of Equipment Rates must be reached in writing prior to dispatch of the equipment. Reimbursement for equipment not referenced on the FEMA Schedule of Equipment Rates must be developed based on actual recovery of costs. If Provider must lease a piece of equipment while its equipment is being repaired, Recipient shall reimburse Provider for such rental costs. *Materials and Supplies:* The Recipient must reimburse the Provider in kind or at actual replacement cost, plus handling charges, for use of expendable or non-returnable supplies. The Provider must not charge direct fees or rental charges to the Recipient for other supplies and reusable items that are returned to the Provider in a clean, damage-free condition. Reusable supplies that are returned to the Provider with damage must be treated as expendable supplies for purposes of cost reimbursement. *Payment Period:* The Provider must provide an itemized bill to the Recipient for all expenses it incurred as a result of providing assistance under this Agreement. The Provider must send the itemized bill to the authorized official not later than ninety (90) days following the end of the Period of Assistance. The Recipient must pay the bill in full on or before the one hundred eightieth (180th) day following the billing date. Unpaid bills become delinquent upon the one hundred eighty-first (181st) day following the billing date, and, once delinquent, the bill accrues interest at the rate of prime, as reported by the *Wall Street Journal,* plus two percent (2%) per annum. *Records* – Each Provider and their duly authorized representatives shall have access to a Recipient's books, documents, notes, reports, papers, and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a cost bill or making a financial, maintenance, or regulatory audit. Each Recipient and their duly authorized representatives shall have access to a Provider's books, documents, notes, reports, papers, and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a cost bill or making a financial, maintenance, or regulatory audit. Such records shall be maintained and made accessible for at least three (3) years or longer where required by law.

ARTICLE IX. DISPUTES

Any claim arising out of or relating to this agreement shall be subject to mediation as a condition precedent to the institution of legal or equitable proceedings by any Member. The parties shall share the mediator's fee and any filing fees equally. Mediation shall be held in the County of the Providing Member if a place has not been mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court of competent jurisdiction. Claims not resolved by mediation shall be decided by a court of competent jurisdiction unless the parties mutually agree otherwise.

ARTICLE X. LIABILITY

Each Member shall be responsible for any and all claims, demand, suits, actions, damages and causes of action related to or arising out of or in any way connected with its own actions, and the actions of its personnel, in providing mutual aid and assistance rendered or performed pursuant to the terms and conditions of this Agreement.

ARTICLE XI. INDEMNIFICATION

In the event of a liability, claim, demand, action, or proceeding of whatever kind or nature arises out of a specified Period of Assistance, the Members who receive and provide assistance during said Period of Assistance shall indemnify and hold harmless those other Members, NCWaterWARN Committee and Sponsor Agencies, but had no involvement with the transaction or occurrence that is the subject of the aforementioned claim, action, demand, or other proceeding of whatever kind or nature is limited to execution of this Agreement.

ARTICLE XII. WORKERS' COMPENSATION CLAIMS

Recipient shall not be responsible for reimbursing any amounts paid or due as benefits to Provider's employees under the terms of the North Carolina Workers' Compensation Act, Chapter 97 of the General Statues, due to personal injury or death occurring during the period of time such employees are engaged in the rendering of aid and assistance under this Agreement. It is mutually understood that Recipient and Provider shall be responsible for payment of such workers' compensation benefits only to their own respective employees. Further, it is mutually understood that Provider will be entirely responsible for the payment of workers' compensation benefits to its own respective employees pursuant to G.S. 97-51.

ARTICLE XIII. NOTICE

A Member who becomes aware of a claim or suit that in any way, directly or indirectly, contingently or otherwise, affects or might affect other Members of this Agreement shall provide prompt and timely notice to the Members who may be affected by the suit or claim. Each Member reserves the right to participate in the defense of such claims or suits as necessary to protect its own interests.

ARTICLE XIV. CONFIDENTIAL INFORMATION

Pursuant to NCGS 132-1.7, any Member shall maintain in the strictest confidence and shall take all reasonable steps necessary to prevent the disclosure of any confidential information shared between Members under this Agreement. If any Member, third party, or other entity requests or demands, by subpoena or otherwise, that a Member disclose any confidential information disclosed under this Agreement, the Member shall immediately notify the owner of the confidential information and shall take all reasonable steps necessary to prevent the disclosure of any confidential information by asserting all applicable rights and privileges with respect to such information and shall cooperate fully in any judicial or administrative proceeding relating thereto.

ARTICLE XV. EFFECTIVE DATE

This Agreement shall be effective after the Water and/or Wastewater Utility's authorized representative executes the Agreement. An executed copy will be provided to the NCWaterWARN Committee Chair as soon as possible.

ARTICLE XVI. WITHDRAWAL

A Member may withdraw from this Agreement by providing written notice of its intent to withdraw to NCWaterWARN Committee Chair. Withdrawal takes effect sixty (60 days after the NCWaterWARN Committee Chair receives notice. Membership may be suspended or revoked by the NCWaterWARN Committee for failure to comply with the Articles of this Agreement.

ARTICLE XVII. MODIFICATION

Modifications to this Agreement may be made to incorporate programmatic operational changes to support the Agreement. Modifications require a two-thirds majority vote of Members. The NCWaterWARN Committee Chair must provide written notice to all Members of proposed modifications to this Agreement sixty (60) days in advance of the vote. The NCWaterWARN Committee Chair must provide written notice to all members of approved modifications to this Agreement. Approved modifications take effect sixty (60) days after the date upon which notice of the approved modifications are sent to the Members. No provision of this Agreement may be modified, altered, or rescinded by individual parties to the Agreement.

ARTICLE XVIII. SEVERABILITY

The Members agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

ARTICLE XIX. PRIOR AGREEMENTS

This Agreement supersedes all prior Agreements between Members to the extent that such prior Agreements are inconsistent with this Agreement.

ARTICLE XX. MULTIPLE AGREEMENTS

When multiple mutual aid and assistance agreements exist between two Members, if inconsistencies exist between the agreements, the conditions of this Agreement take precedence except by mutual written acceptance of an alternate agreement of both Members for that specific event.

ARTICLE XXI. PROHIBITION ON THIRD PARTIES AND ASSIGNMENT OF RIGHTS/DUTIES

This Agreement is for the sole benefit of the Members and no person or entity must have any rights under this Agreement as a third-party beneficiary. Assignments of benefits and delegations of duties created by this Agreement are prohibited and must be without effect.

ARTICLE XXII. INTRASTATE AND INTERSTATE MUTUAL AID AND ASSISTANCE PROGRAMS

To the extent practicable, Members of this Agreement shall participate in Mutual Aid and Assistance activities conducted under the North Carolina Statewide Mutual Aid and Assistance Agreement and the Interstate Emergency Management Assistance Compact (EMAC). Members may voluntarily agree to participate in an interstate Mutual Aid and Assistance Program for water and wastewater utilities through this Agreement if such a Program were established. Now, therefore, in

AA.000000905 (24)

consideration of the covenants and obligations set forth in this Agreement, the Water and Wastewater Utility listed here manifests its intent to be a Member of the Intrastate Mutual Aid and Assistance Program for Water and Wastewater Utilities by executing this Agreement on this _____ day of _____ year of_____.

APPENDIX A. NCWaterWARN REGIONAL MAP

ACKNOWLEDGEMENT OF THE CITY MANAGER'S BIRTHDAY: Mayor Little stated that Council wanted to take the opportunity to recognize City Manager Bob Boyette on his 40th birthday, which occurred two days prior. Birthday cake was served to honor the City Manager.

Mayor Pro Tem Owenby and City Council Member Martin stated that they needed to leave due to other engagements just prior to the City Manager's Comments.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the contractor had completed the paving work on the Greenway in late August and was finishing up final clean-up work. Along with the McDowell Trails Association and inmate labor, City crews will be completing final cleanup work and install trash cans, benches, etc. The ribbon cutting/dedication for the Greenway will be Sunday, September 19 at 2:00 p.m., with Sunday, September 26 at 2:00 p.m. the backup date in case of inclement weather.

AA.000000906 (24)

The City Manager stated that he had sent a letter to the Phillips family, advising them of the decision by Council to name the entrance road to the Greenway as "Sam Phillips Drive," thanking them for their continued generosity and inviting them to the ribbon cutting.

The City Manager stated that Building Inspector Jay Suttles had received a letter from Terry McKinney, owner of a dilapidated structure on Circle Lane in Clinchfield. Mr. McKinney has asked for six months to allow him to clean up and sell the property. The City Manager stated that the owner of dilapidated houses on Perry Street had also asked for more time to allow him to repair the houses. The City Manager stated that he and Planning and Development Director Heather Cotton had discussed and agreed to give both property owners a reasonable amount of time, up to six months, to repair or demolish these houses. No objections were stated to this proposal by Mayor Little or Council Members.

The City Manager advised that he had sent an e-mail to DOT, requesting again the placement of pedestrian crossing signals at West Court and Logan Streets, due to the fact that pedestrians cannot see the traffic signal when they attempt to cross the street. The City Manager stated that he continues to hear requests for such pedestrian crossing signals from people who cross the street at this intersection.

The City Manager stated that he thought Council would be interested in seeing the memo he had distributed to and went over in detail with departments concerning cost cutting measures. The City Manager stated that he would be closely tracking expenditures and will make necessary cuts as needed to keep the budget balanced. If any major issues arise, he will discuss them with Council.

The City Manager advised that as previously reported, Mayor Little had received a letter, advising that the City had received a Rural Center Planning Grant in the amount of $22,800 for a study of future Water Plant improvements. The City asked for $40,000, so staff will need to discuss with McGill Associates how this project can be completed with a lower amount of money.

The City Manager advised that as previously reported, Ford Miller's contract with the company that will demolish the Marion Manufacturing building took effect on September 1. This company has already secured their permits, so the demolition will likely begin very soon. The City Manager stated that the City and County did what they could to preserve the building, but that grant funds were simply not available to fund the immediate roof repairs needed for the building.

The City Manager advised that staff is making preparations for the Marion 101 class, which will start on Thursday, September 16 at 6:30 p.m. at City Hall and run each Thursday night through October 28. 23 people have signed up for the class so far.

The City Manager advised that work has been completed on the Eastfield Community Park and the park is now open to the public. The park has recently been hydroseeded and the date for a dedication for the park can soon be set.

The City Manager stated that there are some parking issues on Robert Street that he would request for review by the Street Committee. Mayor Little and Council Members agreed by consensus to refer these matters to the Street Committee for review and recommendations.

Public Works Director Chris Hollifield stated that he was working with a group from Eastfield Elementary School that was planning to adopt a corner of the Eastfield Community Park to make a butterfly garden.

COUNCIL MEMBER COMMENTS:

AA.00000907 (24)

Council Member Clark stated that he would not be at the September 21 City Council meeting due to being at a North Carolina League of Municipalities Risk Management Services Retreat.

Council Member Clark stated that he would be serving on the Nominating Committee for the North Carolina League of Municipalities Conference in Winston-Salem in October and that if any Council Member was interested in serving on the League Board, to let him know.

Council Member Doggett stated that McDowell Technical Community College is sponsoring a job fair on Wednesday, September 22, 2010 from 2:00pm to 5:00pm in the Harold Smith Building, Room 113. The City Manager advised that staff could put the job fair announcement on the city channel.

ADJOURNMENT: Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, September 21, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Council Members Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

Mayor Pro Tem Cecil Owenby was not present for this meeting due to a prior family commitment honoring his birthday.

Council Member A. Everette Clark was not present for this meeting due to being out of town attending a North Carolina League of Municipalities Risk Management Board Meeting.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: No guests present.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, those members of Council present voted to approve the consent agenda as follows:

AA.000000908 (24)

A. Approval of Minutes – September 7, 2010 Regular City Council Meeting Minutes

B. Adopt Resolution Directing Clerk to Investigate a Petition for Annexation – Marion Retail Investment/Wal Mart Supercenter Property – Sugar Hill Road:

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-58.1 – MARION RETAIL INVESTMENT/WAL MART SUPERCENTER DEVELOPMENT – SUGAR HILL ROAD - 2010

WHEREAS, a petition requesting annexation of an area described in said petition was received on September 13, 2010 by the City of Marion; and

WHEREAS, 160A-58.2 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 21st day of September, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-10-09-21-2

C. Approve Language Access Plan Required for Community Development Block Grant Application

Language Access Plan
4-1
City of Marion

The purpose of this Policy and Plan is to ensure compliance with Title VI of the Civil Rights Act of 1964, and other applicable federal and state laws and their implementing regulations with respect to persons with limited English proficiency (LEP). Title VI of the Civil Rights Act of 1964 prohibits discrimination based on the ground of race, color or national origin by any entity receiving federal financial assistance. Administrative methods or procedures, which have the effect of subjecting individuals to discrimination or defeating the objectives of these regulations, are prohibited.

In order to avoid discrimination on the grounds of national origin, all programs or activities administered by City of Marion must take adequate steps to ensure that their policies and procedures do not deny or have the effect of denying LEP individuals with equal access to benefits and services for which such persons qualify. This Policy defines the responsibilities the agency has to ensure LEP individuals can communicate effectively.

This policy and plan is effective September 30, 2010.

Scope of Policy

These requirements will apply to the Isothermal Planning & Development Commission (**herein referred to as "the agency"**) including subcontractors, vendors, and subrecipients.

AA.000000909 (24)

The agency will ensure that LEP individuals are provided meaningful access to benefits and services provided through contractors or service providers receiving subgrants from the agency.

Definitions

A. Limited English Proficient (LEP) individual – Any prospective, potential, or actual recipient of benefits or services from the agency who cannot speak, read, write or understand the English language at a level that permits them to interact effectively with health care providers and social service agencies.

B. Vital Documents – These forms include, but are not limited to, applications, consent forms, all compliance plans, bid documents, fair housing information, citizen participation plans, letters containing important information regarding participation in a program; notices pertaining to the reduction, denial, or termination of services or benefits, the right to appeal such actions, or that require a response from beneficiary notices advising LEP persons of the availability of free language assistance, and other outreach materials.

C. Title VI Compliance Officer: The person or persons responsible for compliance with the Title VI LEP policies.

D. Substantial number of LEP: 5% or 1,000 people, whichever is smaller, are potential applicants or recipients of the agency and speak a primary language other than English and have limited English proficiency.

Providing Notice to LEP Individuals

A. The agency will take appropriate steps to inform all applicants, recipients, community organizations, and other interested persons, including those whose primary language is other than English, of the provisions of this policy. Such notification will also identify the name, office telephone number, and office address of the Title VI compliance officer(s).

List the current name, office telephone number and office address of the Title VI compliance officers:

City of Marion
PO Drawer 700 MarionNC
828)

(Note: The agency must notify the DCA compliance office immediately of changes in name or contact information for the Title VI compliance officer.)

B. The agency will post and maintain signs in regularly encountered languages other than English in waiting rooms, reception areas and other initial points of contact. The signs will inform applicants and beneficiaries of their right to free language assistance services and invite them to identify themselves as persons needing such services.

Identify areas within the agency where these signs will be posted:
The required posting will be posted in the Commissions reception area; and in the offices of all Community Development Staff; also in the Section 8 Office reception area located at 111 West Court Street Rutherfordton NC 28139

C. The agency will include statements of the right to free language assistance in Spanish and other significant languages in all outreach material that is routinely disseminated to the public (including electronic text).

D. The agency will also disseminate information in the following manner:

The Agency will disseminate explanatory pamphlets in Spanish translation including copies of the approved language assistance plan and Fair Housing pamphlets in Spanish translation to the City and County government offices. Contents will also be distributed to the Department of Human Health and Services (*Describe how information will be disseminated. This may include, but not be limited to: dissemination of pamphlets explaining the rights in this policy*).

Provision of Services to LEP Applicants/Recipients

A. Assessing Linguistic Needs of Potential Applicants and Recipients

AA.00000910 (24)

1. The agency will assess the language needs of the population to be served, by identifying:

   a. the language needs of each LEP applicant/recipient
   b. the points of contact where language assistance is needed; and
   c. the resources needed to provide effective language assistance, including location, availability and arrangements necessary for timely use.
   d. Other (*describe*):

2. Determining the Language Needs of the Population to be Served

   The agency is responsible for assessing the needs of the population to be served. Such assessment will include, but not be limited to the following:

   a. The non-English languages that are likely to be encountered in its program will be identified.

   b. An estimate of the number of people in the community for whom English is not the primary language used for communication will be completed and updated annually. To identify the languages and number of LEP individuals local entities should review:

      i. census data
      ii. school system data
      iii. reports from federal, state, and local governments
      iv. community agencies' information, and
      v. data from client files
      vi. Other (*specify*):

   c. The points of contact in the program or activity where language assistance is likely to be needed will be identified.

3. Determining the Language Needs of Each Applicant/Recipient

   The agency will determine the language needs of each applicant/recipient. Such assessment will include, but not be limited to the following:

   a. At the first point of contact, each applicant/recipient will be assessed to determine the individual's primary language.

   Check all methods that will be used:

      ☐ multi-language identification cards, a poster-size language list, or the use of "I speak" peel-off language identification cards for indicating preferred languages

      ☐ English proficiency assessment tools, provided they can be administered in a manner that is sensitive to and respectful of individual dignity and privacy

      ☐ Other (describe):

   b. If the LEP person does not speak or read any of these languages, the agency will use a telephone interpreting service to identify the client's primary language.

   c. Staff will not solely rely on their own assessment of the applicant or recipient's English proficiency in determining the need for an interpreter. If an individual requests an interpreter, an interpreter will be provided free of charge. A declaration of the client will be used to establish the client's primary language.

   d. When staff place or receive a telephone call and cannot determine what language the other person on the line is speaking, a telephone interpreting service will be utilized in making the determination.

   e. If any applicant/recipient is assessed as LEP, they will be informed of interpreter availability and their right to have a language interpreter at no cost to them with a notice in writing in the languages identified in Section C. Provisions of Written Translations.

B. Provision of Bilingual/Interpretive Services

AA.00000911 (24)

1. The agency will ensure that effective bilingual/interpretive services are provided to serve the needs of the non-English speaking population. The provision of bilingual/interpretive services will be prompt without undue delays. In most circumstances, this requires language services to be available during all operating hours.

   This requirement will be met by: The City intends to work with the county to establish a memorandum of understanding with the Department of Human Health and Services for the use of a bilingual staff member when needed during all operating hours. When necessary the City will rely on a telephone interpreter service and/or contract with an independent agent such as teachers who are teaching spanish in the public school system or local community college. (*describe whether the agency has bilingual staff, and if so, how many and in what Sections/Programs/Divisions, whether the agency uses contractual services to meet this requirement, whether the agency relies on telephone interpreter services, etc.*)

2. The agency will provide language assistance at all level of interaction with LEP individuals, including telephone interactions.

   Describe how this requirement will be met: As stated above the City intends to work with the county to establish a memorandum of understanding with the Department of Human Health and Services for the use of qualified bilingual employees and when necessary the City will rely on a telephone interpreter service and/or contract with and independent agent such as teachers who are teaching spanish in the public school system or local community college.
   (*Note: The agency may use paid interpreters, qualified bilingual employees, and qualified employees of other agencies or community resources. Telephone interpreter services should only be utilized as a back-up system or where other language assistance options are unavailable.*)

3. Interpreter Standards

   a. Those providing bilingual/interpretive services will meet the linguistic and cultural competency standards set forth below. The agency will ensure that interpreters and self-identified bilingual staff, have first been screened to ensure that the following standards are met before being used for interpreter services:

      i. Can fluently and effectively communicate in both English and the primary language of the LEP individual
      ii. Can accurately and impartially interpret to and from such languages and English
      iii. Has a basic knowledge of specialized terms and concepts used frequently in the provision of the agency's services
      iv. Demonstrates cultural competency
      v. Understands the obligation to maintain confidently
      vi. Understands the roles of interpreters and the ethics associated with being an interpreter

      Describe how the agency ensures the competency of bilingual staff and interpreters:
      The City will use only qualified bilingual interpreters who are already serving in that capacity in one of local City or county government offices.

   b. When staff members have reason to believe that an interpreter is not qualified or properly trained to serve as an interpreter, the staff member will request another interpreter.

4. Using Family Members or Friends as Interpreters

   a. Applicants/recipients may provide their own interpreter; however the agency will not require them to do so.

   b. The agency will first inform an LEP person, in the primary language of the LEP person, of the right to free interpreter services and the potential problems for ineffective communication. If the LEP person declines such services and requests the use of a family member or friend, the agency may utilize the family member or friend to interpret only if the use of such person would not compromise the effectiveness of services or violate the LEP person's confidentiality. The agency will monitor these interactions and again offer interpreter services, if it appears there are problems with this arrangement.

c. The agency will indicate in the LEP individual's file that an offer of interpreter services was made and rejected; that the individual was informed of potential problems associated with using friends or family members and the name of the person serving as an interpreter at the LEP individual's request.

d. Only under extenuating circumstances shall the agency allow a minor (under the age of 18 years) to temporarily act as an interpreter. The agency will keep a written record of when it has used a minor as an interpreter, and this information will be shared with the DCA upon request.

5. The agency will ***not*** require the applicant/recipient to pay for bilingual/interpretive services.

C. Provision of Written Translations

1. The agency must provide written materials in languages other than English where a substantial number or percentage of the population eligible to be served or likely to be directly affected by the program needs services or information in a language other than English to communicate effectively.

2. Translation of Vital Documents

a. The agency will ensure that vital documents for locally designed programs are translated into Spanish.

b. When DCA forms and other written material contain spaces in which the local entity is to insert information, this inserted information will also be in the individual's primary language. When such forms are completed by applicants/recipients in their primary language, the information must be accepted.

c. If, as a result of the local language assessment, it appears there are a substantial number of potential applicants or recipients of the agency (defined as 5% or 1,000 people whichever is less) who are LEP and speak a language other than Spanish, the agency will translate and provide vital documents in the appropriate language.

d. The agency will keep a record of all vital documents translated, and will submit this information to DCA at their request.

3. If the primary language of an LEP applicant or recipient is a language other than Spanish AND the language does not meet the threshold for translation as defined in the preceding paragraph, the LEP individual will be informed in their own language of the right to oral translation of written notices. The notification will include, in the primary language of the applicant/recipient, the following language: IMPORTANT: IF YOU NEED HELP IN READING THIS, ASK THE AGENCY FOR AN INTERPRETER TO HELP. AN INTERPRETER IS AVAILABLE FREE OF CHARGE.

D. Documentation of Applicant/Recipient Case Records

1. The agency will maintain case record documentation in sufficient detail to permit a reviewer to determine the agency's compliance with this policy.

2. The agency will ensure that case record documentation, including computerized records if appropriate, identifies the applicants/recipient's ethnic origin and primary language. In those cases where the applicant/recipient is non-English speaking, the agency will:

a. Document the individual's acceptance or refusal of forms or other written materials offered in the individual's primary language.

b. Document the method used to provide bilingual services, e.g., assigned worker is bilingual, other bilingual employee acted as interpreter, volunteer interpreter was used, or client provided interpreter. When a minor is used as interpreter, the agency will document the circumstances requiring temporary use of a minor and will provide this information to DCA upon request.

3. Consent for the release of information will be obtained from applicants/recipients when individuals other than agency employees are used as interpreters and the case record will be so documented.

E. Staff Development and Training

AA.00000913 (24)

1. The agency will provide staff training at new employee orientation and continuing training programs. The training will include, but not be limited to:

   a. Language assistance policies and procedures, resources available to support such procedures, methods of effective use of interpreters, and familiarization with the discrimination complaint process.

   b. Cultural awareness information, including specific cultural characteristics of the groups served by the agency to provide a better understanding of, and sensitivity to, the various cultural groups to ensure equal delivery of services.

2. The agency will provide or ensure training is provided for bilingual staff and interpreters employed or utilized by the agency. This includes the ethics of interpreting, including confidentiality; methods of interpreting; orientation to the organization; specialized terminology used by the agency; and cultural competency.

3. The agency will ensure that applicable grantees, contractors, cooperative agreement recipients and other entities receiving state or federal dollars are trained in the requirements of this policy.

   Describe how this provision will be met: The Agency will inform applicable grantees, contractor's cooperative agreement recipients and and all other entities recieiving state and federal dollars by distrubuting informational letters regarding updates and training with the LEP, including providing a copy of the Language Access Plan. The agency will ensure that all dates, times and location are clearly noted on the informational documentation.

4. The agency will collect and maintain the following information about training provided to staff: the date(s) of such training, the content of such training, the number and types of credit hours awarded; and the names and identifying information of each attendee at the training. The agency will ensure that grantees, contractors, cooperative agreement recipients and other applicable funded entities collect and maintain such information as well.

Compliance Procedures, Reporting and Monitoring

A. Reporting

   1. The agency will complete an annual compliance report and send this report to DCA. (Format will be supplied by DCA)

B. Monitoring

   1. The agency will complete a self-monitoring report on a quarterly basis, using a standardized reporting system providing by the DCA. These reports will be maintained and stored by the Title VI compliance officer and will be provided to the DCA upon request.

   2. The agency will cooperate, when requested, with special review by the DCA .

Applicant/Recipient Complaints of Discriminatory Treatment

A. Complaints

   1. The agency will provide assistance to LEP individuals who do not speak or write in English if they indicate that they would like to file a complaint. A complaint will be filed in writing, contain the name and address of the person filing it or his/her designee and briefly describe the alleged violation of this policy.

   2. The agency will maintain records of any complaints filed, the date of filing, actions taken and resolution.

   3. The agency will notify the appropriate agency or Division within DCA of complaints filed the date of filing, actions taken and resolution. This information will be provided within 30 days of resolution.

B. Investigation

   1. The DCA Compliance Office will conduct an investigation of the allegations of the complaint. The investigation will afford all interested persons and their representatives, if any, an opportunity to submit evidence relevant to the complaint.

AA.00000914 (24)

2. The investigation will not exceed 30 days, absent a 15-day extension for extenuating circumstances.

C. Resolution of Matters

1. If the investigation indicates a failure to comply with the Act, the local unit of government, agency Director or his/her designee will so inform the recipient and the matter will be resolved by informal means whenever possible within 60 days.

2. If the matter cannot be resolved by informal means, then the individual will be informed of his or her right to appeal further to the Department of Justice. This notice will be provided in the primary language of the individual with Limited English Proficiency.

3. If not resolved by DCA, then complaint will be forwarded to DOJ, HUD Field Office.

SUBMITTED AND APPROVED BY:

Date

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROPERTY ON WEST YANCEY STREET: The City Manager stated that, at the August 17 Council meeting, Council adopted a resolution accepting the offer of Hopewell Road, LLC to purchase a 0.20 acre parcel owned by the City on West Yancey Street for $5,000, subject to upset bid. After receiving the required five percent bid deposit from Hopewell Road, LLC, as well as requiring them to prepay for the required legal advertising, City staff published notice in the McDowell News of the proposed sale on August 27, advising that interested persons had ten days to submit an upset bid. The ten day upset bid process passed with no further bids. Therefore, Council action is needed to approve the following resolution to authorize the final sale of this property to Hopewell Road, LLC.

Upon a Motion by Council Member Martin, seconded by Council Member Cuthbertson, those members of Council present voted to adopt the following Resolution authorizing the final sale of City property on West Yancey Street to Hopewell Road, LLC:

Resolution
Authorizing Final Acceptance of Offer to Purchase
Certain Property Owned by the City of Marion
After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on August 6, 2010, Hopewell Road, LLC submitted a bid in the amount of $5,000 for the purchase of approximately 0.20 acres of City property located on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687); and

AA.00000915 (24)

WHEREAS, the City Council of the City of Marion adopted a resolution on August 17, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Hopewell Road, LLC to purchase the property, as described below, for a sum of $5,000; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Hopewell Road, LLC; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on August 27, 2010, caused notice of the proposed sale of the property, as described below, to be published in the McDowell News, a newspaper of general circulation in the City of Marion; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Hopewell Road, LLC.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcel owned by the City of Marion on West Yancey Street (McDowell County Parcel Identification Number 1701.14-33-9687) that is approximately 0.20 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Hopewell Road, LLC to purchase the above described property for $5,000 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

Adopted this the 21st day of September, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-09-21-1

ADOPT JOINT RESOLUTION OF MARION CITY COUNCI, MCDOWELL COUNTY BOARD OF EDUCATION AND MCDOEWLL COUNTY BOARD OF COMMISSIONERS ESTABLISHING YOUTH ADVISORY COUNCIL: The City Manager advised that, as previously discussed by Council, the County prepared the attached resolution of the City Council, Board of Commissioners and School Board to establish a Youth Advisory Council for all three boards. The Youth Advisory Council will primarily consist of participants of the Junior LINC class each year. Council Member Doggett, County Manager Chuck Abernathy, High School Principal Ben Talbert and the City Manager had an initial meeting with the Youth Council on September 10 to discuss the possible structure of the committee.

Upon a Motion by Council Member Cuthbertson, seconded by Council Member Martin, those members of Council present voted to adopt the following joint resolution with the McDowell County Board of Commissioners and the McDowell County Board of Education establishing a Youth Advisory Council for all three governing boards:

Joint Resolution of the Marion City Council, the McDowell County Board of Education and the McDowell County Board of Commissioners

WHEREAS, the McDowell Chamber of Commerce established the Leadership Involvement Networking Community (LINC) program to facilitate the development of leadership in McDowell County, and

AA.00000916 (24)

WHEREAS, one of the first recommendations of the LINC participants was to expand the program to include a leadership component, and

WHEREAS, the first "Junior LINC" class met in the Summer of 2010 and included over ten High School participants that gained tremendous insight and experience into the various operations of the business, government, educational and non-profit organizations, and

WHEREAS, the Marion City Council, the Board of Education and the McDowell County Board of Commissioners recognize the need to establish a Youth Advisory Council to advise and participate in various public policy decisions that are made each year affecting young citizens.

NOW, THEREFORE BE IT RESOLVED, that the Marion City Council, the McDowell County Board of Education and the McDowell County Board of Commissioners hereby designate the "Junior LINC" participants as the McDowell Youth Advisory Board and agree to involve this entity in various public policy questions that arise each year affecting the young people of this community.

ADOPTED, this the _____ day of _____ 2010.

City of Marion

McDowell County School Board

County of McDowell

ADVISORY BOARD APPOINTMENTS: The City Manager advised that Ms. Virginia Williams had advised that she would be willing to accept appointment as a Regular Member of the Planning Board/Board of Adjustment/Historic Preservation Commission, to fill a vacant Regular Member position on this Board.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, those members of Council present voted to appoint Ms. Virginia Williams to a three year term as a Regular Member of the Planning Board/Board of Adjustment/Historic Preservation Commission, said term to expire on June 30, 2013.

SCHEDULE DATE FOR EASTFIELD COMMUNITY PARK DEDICATION: The City Manager stated that, as previously discussed, City staff have now hydroseeded the new Eastfield Community Park. Grass will soon be established in the Park, which will allow Council to schedule a dedication of the Park. The City Manager stated that Council direction on when to hold the dedication would be welcomed and that the City will certainly want to invite the School System to this dedication, given their generosity in making the land for the Park available to the City at no charge.

Council Member Cuthbertson advised that Eastfield Elementary School had just started their three week break the day before, so it will be mid-October before the School could be involved.

It was the consensus of Council to direct the City Manager to coordinate with the principal of Eastfield Elementary School on setting the date for the Park dedication, to occur at such time as Eastfield Elementary School is back in session.

SELECT VOTING DELEGATE FOR N.C. LEAGUE OF MUNICIPALITIES CONFERENCE: The City Manager advised that Council needs to select a voting delegate and alternate for the N.C. League of Municipalities conference in Winston-Salem October 24-26. The League's business meeting will be Monday afternoon, October 25.

AA.00000917 (24)

The City Manager reported that Council Member Clark and Council Member Doggett are the only City representatives registered to attend this conference.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, those members of Council present voted to appoint Council Member Clark as the City's voting delegate for the N.C. League of Municipalities conference in Winston-Salem October 24-26 and Council Member Doggett as the City's alternate voting delegate.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

Police Chief Mark Brooks advised that McDowell County is one of six counties in North Carolina to be selected as part of a Federal High Intensity Drug Trafficking Area (HIDTA). The three counties in the local region (McDowell, Buncombe and Henderson) will receive annual Federal funding of $150,000 for this effort. Chief Brooks is working on ways for the City to directly benefit from this funding.

The City Manager advised that the contractor had completed paving and the final clean-up work on the Greenway in late August. City crews then worked with the McDowell Trails Association and inmate labor to perform mowing, weed-eating, trash removal, etc. The City is in the process of ordering trash cans and benches and having signs made for the Greenway.

The City Manager added that the ribbon cutting/dedication for the Greenway will be Sunday, September 19th at 2:00 p.m., with Sunday, September 26th at 2:00 p.m. as the backup date in case of inclement weather.

The City is obtaining an appraisal of the land to be donated by the Phillips family for Phase 2 of the Greenway, so that we can then request a waiver from the State to allow us to acquire the property before we apply for State Parks and Recreation Trust fund grants in January.

The City Manager advised that the fireworks test previously reported will take place after dark on Friday evening, September 24 at the County Recreation Department ballfield on West Court Street, to determine if smaller size shells needed to comply with recent State law changes for fireworks displays can be visible at this location. A news release has been sent to the media about the fireworks test.

Council Member Cuthbertson asked that flyers be distributed to nearby residents about the fireworks test. He added that the former Cross Mill ballfield is owned by Ms. Betty Stock and may be an alternate place to have the fireworks.

The City Manager advised that the City is having construction drawings prepared (after pricing some engineering firms) for the bumpouts on Main Street and a typical crosswalk design. These drawings were required by DOT. However, on September 13, DOT District Engineer Doug McNeal spoke to the City Manager about DOT potentially administering a contract for part or all of the bumpouts. The City Manager stated that Planning and Development Director Heather Cotton met with Doug McNeal on September 14 and Mr. McNeal stated that DOT had committed to provide $50,000 in funding and would pull out a section of the bumpout work of that value, but had decided not to administer the entire contract. Therefore, the City will still have to complete the construction drawings. The City will have Withers and Ravenel start on the construction drawings immediately. DOT will need to approve the construction drawings. Both of these steps will take some time. Mr. McNeal felt that it was now likely that resurfacing Main Street in the project area, which apparently has been committed to by DOT, will take place in April 2012, after which time the decorative crosswalk installation can occur.

AA.00000918 (24)

The City Manager advised that Ms. Cotton is applying for an encroachment approval from DOT to allow the holly trees to be replaced with the gingko trees. Based on prices obtained for the new gingko trees, Ms. Cotton is proposing to replace one gingko tree for each holly tree. Ms. Cotton and the City's contracted landscaper, Lawrence Moore, are working to order the trees, which should be able to be planted in November.

The City Manager reported that the downtown way finding signs should arrive around September 30. Staff would propose installing the signs after Mountain Glory on October 9, so that the Main Street sidewalk is not a mess during the Festival.

The City Manager reported that the Marion 101 Citizens Academy class began on September 16 and will run each Thursday night through October 28. A total of 26 people registered for the class.

The City Manager advised that the water and sewer extension on Sugar Hill to I-40 had been released. Surveying work began the week of September 13. The City Manager stated that he had asked the City consulting engineers, McGill Associates to develop a tentative schedule for the water and sewer extension, something the developer has requested, as soon as possible.

The City Manager advised that Isothermal is submitting another Community Development Block Grant (CDBG) request for sidewalks and drainage improvements along a small part of Baldwin Avenue, all of Perry Street and parts of Yancey Street. The City was invited to re-apply by the State, which is a good sign. A public hearing is required for this grant application and has been scheduled to take place at the September 28 City Council Planning Session. The City Manager stated that he had advertised the special meeting notice for the Planning Session to include this public hearing, as well as the Planning Session itself.

The City Manager advised that the Planning is nearly completed for this year's Mountain Glory Festival, which will take place on Saturday, October 9. As previously reported, the Festival will sponsor a talent show for the community on Saturday, October 2 at East Junior High. The winners of the contest will be required to perform at Mountain Glory to claim their prizes (savings bonds). Going Home Free Will Baptist Church will hold a car show in the Wachovia parking lot on the day of the Festival. Freddie has more entertainment booked, especially local acts, for the two outdoors stages than ever before. Vendor applications are coming in very well. The City Manager stated that it looks like this should be a great Festival.

COUNCIL MEMBER COMMENTS:

Council Member Cuthbertson asked, since the annexation of the Alternative Education Center on Lukin Street took effect on July 31, who would be in charge of providing a School Resource Officer. The City Manager stated that Police Chief Mark Brooks was in discussions with the Sheriff's Department and School System about this point. The City Manager added that the City now had responsibility for five public schools in the City, leaving the County only serving seven, with the Town of Old Fort serving one. He said he hoped the County would continue assisting with the AEC, but that the City Police Department would definitely answer calls.

Mayor Little stated that he had confidence that Chief Brooks could handle this matter.

Council Member Doggett stated that she had walked on the new Joseph McDowell Historic Catawba Greenway the evening before and that it was a wonderful experience. She said that there were 35-40 cars in the parking lot and a large number of people walking on the Greenway.

ADJOURNMENT: Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to adjourn.

AA.000000919 (24)

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 5, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson and Juanita Doggett.

Council Member Billy Martin was not present for this meeting due to being out of town on a scheduled trip.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: No guests present.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cecil Owenby, seconded by Council Member Cuthbertson, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – September 21, 2010 City Council Minutes

B. Receive Certificate of Sufficiency – Marion Retail Investment/Wal Mart Supercenter Development – Sugar Hill Road

CERTIFICATE OF SUFFICIENCY – MARION RETAIL INVESTMENT/WAL MART SUPERCENTER DEVELOPMENT – SUGAR HILL ROAD - 2010

To the City Council of the City of Marion:

I. J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-58.1.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 22nd day of September, 2010.

(Seal)

AA.00000920 (24)

J. Robert Boyette, City Clerk

C. Approve Proclamation – Lights on After School Day

City of Marion Proclamation
"Lights On After School Day"

WHEREAS, the citizens of Marion, NC stand firmly committed to quality afterschool programs and opportunities because they:

* Provide safe, challenging, engaging and fun learning experiences to help children and youth develop their social, emotional, physical, cultural and academic skills.

* Support working families by ensuring their children are safe and productive after the regular school day ends.

* Build stronger communities by involving our students, parents, business leaders and adult volunteers in the lives of our young people, thereby promoting positive relationships among children, youth, families and adults.

* Engage families, schools and diverse community partners in advancing the welfare of our children.

WHEREAS, the Corpening Memorial YMCA has provided significant leadership in the area of community involvement in advancing the education and well-being of our youth, grounded in the principle that quality afterschool programs are key to helping our children become successful adults.

WHEREAS, *Lights On Afterschool*, a national celebration of afterschool programs on October 21, 2010 promotes the critical importance of quality afterschool programs in the lives of children, their families and their communities.

WHEREAS, more than 28 million children in the U.S. have parents who work outside the home, and 15.1 million children have no place to go after school.

WHEREAS, many afterschool programs across the country are facing funding shortfalls so severe that they are being forced to close their doors and turn off their lights.

THEREFORE BE IT RESOLVED that I, Mayor Stephen R. Little do hereby proclaim October 21, 2010, as *"Lights On Afterschool* Day"; AND BE IT FURTHER RESOLVED that I enthusiastically endorse *Lights On Afterschool* and commit Marion, NC to engage in innovative afterschool programs and activities that ensure the lights stay on and the doors stay open for all children after school.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

PRESENTATION OF AWARD FOR WATER PLANT PERFORMANCE FROM NORTH CAROLINA PUBLIC WATER SUPPLY SECTION: The City Manager advised that, for several years, the City has received an Award from the North Carolina Public Water Supply Section for Turbidity Removal Optimization. The City received the award again in 2009 and were among 20 out of 189 water plants (or among 11 percent of water plants) receiving this award. Since this award was first presented nine years ago, the City of Marion is one of only two water plants in North Carolina to receive the award each year.

AA.00000921 (24)

Mayor Little and the City Manager presented the award to Water Plant Superintendent Steve Miller and thanked him for the great job he and the Water Plant staff are doing to provide high quality, safe drinking water for the City and surrounding community.

Council Members also thanked Mr. Miller and his staff for their hard work and dedication.

The certificate read as follows:

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

CONSIDERATION OF ORDINANCE TO ESTABLISH NO PARKING AREAS ON ROBERT STREET ANDAPPROVAL OF STREET PROJECT ON ROBERT STEREET NEAR MARION ELEMENTARY SCHOOL: The City Manager advised that the Street Committee met on September 17 and recommended that the following actions be taken:

A. Establish a no parking area on the south side of Robert Street for the first 70 feet off of Fleming Avenue. This no parking area gives vehicles, especially buses, room enough to make the turn off of Fleming onto Robert.

B. Eliminate the grass strip between the curb and sidewalk and repour the curb to widen the street for parking, on Robert Street between Fleming Avenue and the exit from Marion Elementary School. This project would be proposed after completion of projects by City crews on 6th Street, East Marion (curb replacement) and Crawford Street (sidewalk repair).

C. Paint a white line to mark the edge of the parking lane on Robert Street in the areas in front of, east and west of the school, where the curb has been removed and will be removed to create a wider parking lane.

D. Establish a no parking area on the north side of Robert Street between Fleming Avenue and Richard Drive. Parking is currently prohibited in this area Monday through Friday 8:00 a.m. to 4:00 p.m. The Street Committee felt that parking in this area is unsafe at any time and noted that First United Methodist Church does not use this side of the street for parking.

E. The City Manager advised that the Street Committee did not discuss this item, but he noted that the Traffic Schedule listed a no parking area on the south side of Robert Street that corresponds roughly with the area between the entrance and exit to the traffic circle in front of Marion Elementary School. Parking has been allowed in this area except in front of the driveways and fire hydrant. The City already has prohibitions against parking in driveways or in front of fire hydrants, so this restriction seems unnecessary.

AA.00000922 (24)

The City Manager stated that, as a courtesy, he had also sent property owners adjacent to the area of the proposed parking and street changes (Brown, Reeves, Boyd, First United Methodist Church and Marion Elementary School) a letter advising them of the recommendation. No comments have been received from any of these property owners and no one was present for the meeting.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, those members of Council present voted to adopt the following Ordinance to establish and modify no parking areas on Robert Street and to authorize staff to complete a street project to eliminate the grass strip between the curb and sidewalk and repour the curb to widen the street for parking on the south side of Robert Street between Fleming Avenue and the exit from Marion Elementary School:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
ROBERT STREET	PARKING FROM RICHARD 8AM-4PM MON-FRI	NORTH SIDE, 1198 PROHIBITED FEET DRIVE WESTERLY
	PARKING PROHIBITED	SOUTH SIDE, 450 FEET FROM FLEMING 85 FEET EASTERLY

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
ROBERT STREET	PARKING PROHIBITED	NORTH SIDE, FROM THE INTERSECTION OF ROBERT STREET AND FLEMING AVENUE TO THE INTERSECTION OF ROBERT STREET AND RICHARD DRIVE
	PARKING PROHIBITED	SOUTH SIDE, FROM THE INTERSECTION OF ROBERT STREET AND FLEMING AVENUVE EXTENDING 70 FEET EASTERLY

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 5th day of October, 2010.

Stephen R. Little, Mayor

Ordinance Number: O-10-10-05-1

CONSIDER APPROVAL OF REQUEST TO ALLOW USE OF FARMER'S MARKET SHELTER BY CAFFIEND UNDERGROUND ON SATURDAY, OCTOBER 30 FOR HALLOWEEN CONSTUME CONTEST: The City Manager advised that, as shown on information presented to Council, Caffiend Underground is requesting use of the Farmer's Market Shelter on Saturday, October 30 from the afternoon through evening for a Halloween Costume Contest. This event will be open to the public. The Farmer's Market policy allows for private use of the shelter only with the approval of Council.

The City Manager reported that Council has previously authorized closure of streets for events held by private businesses that were open to the public, so this request appears to be consistent with this past practice.

The City Manager stated that Caffiend Underground has agreed to abide by the rules for the Farmer's Market and to sign a responsibility statement agreeing to pay for any damages to the shelter.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, those members of Council present voted to approve this request to allow Caffiend Underground to use the Farmer's Market Shelter on Saturday, October 30 for a Halloween Costume Contest.

Council Member Clark asked if the City had any guidelines for the Farmer's Market. For instance, would a Church be allowed to have a service under the Shelter?

The City Manager stated that the Farmer's Market policy adopted by Council prohibits the use of the Shelter for religious services or for flea markets. Private uses of the Shelter are permitted only with Council approval.

Council Member Cuthbertson asked who would monitor the parking that day to prohibit people from parking under the Shelter. The City Manager stated that City staff could put up the chains that block people from parking under the Shelter the evening before the event, if so desired by Caffiend Underground.

STREET REQUEST: The City Manager stated Ms. Vernice Francis of Francis Street, located off of Old West Henderson Street near McDonald's, is requesting placement of a mirror in the 90 degree curve on her street. The City Manager stated that he did not recall Ms. Francis mentioning this request previously when City officials and DOT Members met with her regarding other issues in this area last year.

The City Manager stated that the Street Committee may wish to look at this request. Francis Street is a dead end street with only about two houses past Ms. Francis' house.

Public Works Director Chris Hollifield stated that he had looked at the location and thought that a mirror could be justified, since the curve is so sharp and the street is so narrow.

It was the Consensus of those members of Council present to have the Street Committee look at this request and report back to Council.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

AA.00000924 (24)

The City Manager advised that plans are nearly completed for the Mountain Glory Festival, to be held on Saturday, October 9. All entertainment has been booked and vendor space is full. The Festival will have a record of number of vendors totaling about 125 and more entertainment and activities than ever.

The City Manager advised that the fireworks test on September 24 went well and demonstrated that four inch shells will be visible when shot from the Recreation Department site on West Court Street. Therefore, the Marion Business Association can continue using this location for the July 4 fireworks display.

The City Manager advised that the City had received a deed from Norfolk Southern Railway for the purchase of 33 acres of the old Peavine Rail Line right of way from State Street to Jacktown Road, a distance of about 2.4 miles, for $2,500. The deed has been recorded and the City now owns the trail. The City Manager advised that City staff will be doing some clean-up work and minor improvements to make sure the trail is safe before it officially opens. The McDowell Trails Association has offered its help.

The City Manager advised that, for now, the trail will end at the southern edge of the First Christian Church property on Rutherford Road and barricades will be installed to block access to the trestle behind Mi Pueblito Restaurant on Rutherford Road, until such time as the trestle can be demolished.

Council Member Clark stated that the City needs to make sure the trail is added to the City's liability insurance policy. The City Manager stated that staff would take care of this notification.

Council Member Clark stated that the City may be able to find someone to take down the trestle for the timber.

The City Manager stated that paving work had been completed on Cross Street, Finley Road and Bungalow Drive as part of the Wastewater Improvements Project and that the project was now nearly complete, except for some add-on work to take advantage of all available grant funds.

Mayor Little asked if the odor control issue with the Finley Road pump station had been solved with the recent addition of a new automated chemical feed system. The City Manager advised that the chemical feed system appeared to be working, as there had been no further complaints about odor in that area and since City staff had not noticed any odors.

Council Member Clark stated that he smelled a strong odor several weeks ago while passing the Corpening Creek Wastewater Treatment Plant. Public Works Director Chris Hollifield stated that this odor could have been due to weather or due to changes in the way aeration takes place at the renovated Plant.

The City Manager reported that three sessions of the Marion 101 Citizens Academy had been completed, with four left to go. The class continues to go well. About 24 people are actively participating.

The City Manager reported that the splash pad at the Community Building Park will close for the season on Friday, October 15.

The City Manager advised that, without objection, the City would issue a news release asking people to trick or treat on Saturday, October 30, as is the City's tradition when Halloween falls on a Sunday.

The City Manager stated that the downtown wayfinding signs had arrived and looked great. The signs will begin to be installed after Mountain Glory. The gingko trees that will replace the holly

AA.000000925 (24)

trees on Main Street are being ordered and should be planted in November. Staff is looking for locations to replant the holly trees that will be removed.

The City Manager reported that the DOT State Traffic Engineer advised him that DOT will not approve the City's request for a rule change to create more allowances for blue logo signs on the 221 Bypass, but had stated that the Tourist Oriented Destination Sign (TODS) program may be able to accomplish what the City wants. More information will be forthcoming about the TODS program from DOT in the near future.

The City Manager advised that Administrative Assistant Debi Sherlin had spoken with Susan Pool, Principal of Eastfield Elementary School, and had set a tentative date for the Eastfield Park dedication for Friday, October 22 at 1:00P.M. Mayor Little and several Council members had conflicts with this date, so staff will contact Ms. Pool and reschedule a date.

The City Manager reported that two Norfolk Southern officials on two separate occasions looked at the unsightly railroad banks next to Main Street. Council Member and Mrs. Clark had made the initial contact to allow this visit to occur. The City Manager stated that the engineer who made the second visit said that the railroad would advise the City of options to clean up and stabilize the banks. There is no guarantee anything will happen, but this is more progress than has ever been made on this issue. Mayor Little stated that if there is anyone in North Carolina who can get something done, that person is Everette Clark.

COUNCIL MEMBER COMMENTS:

Council Member Cuthbertson asked about a drainage situation on Oakwood Drive behind Fist United Methodist Church that the Street Committee had previously examined. The City Manager stated that he would check on the status of work to install silt fences to address this problem. Council Member Clark stated that silt fences will only be a temporary solution to this issue and that further drainage work will be needed by the City and/or the Church.

Council Member Doggett commended City staff on a job well done in recently installing the water and sewer connection on US 221 South at the Day's Inn. She stated that this was a big project and a difficult location in which to work.

CLOSED SESSION: Upon a motion by Council Member Cuthbertson, seconded by Mayor Pro Tem Owenby, those members of Council present voted to go into Closed Session in accordance with N.C.G.S. 143-318.11(a)(4) to discuss a matter involving the location of business of industry.

REGULAR SESSION: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Doggett, those members of Council present voted to go back into Regular Session.

Mayor Little announced that no action was taken during the Closed Session.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Doggett, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

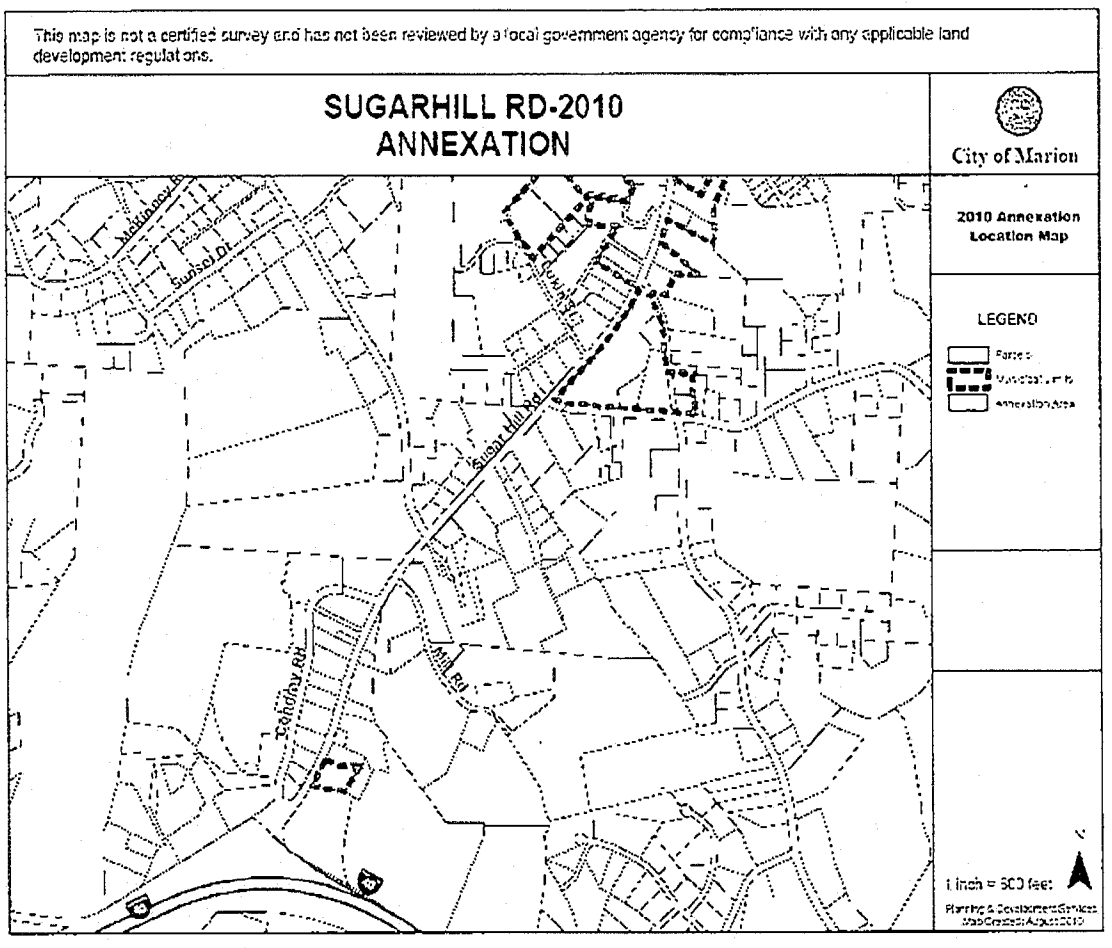
l. General Capital Project Fund Expenditures, Account Number 11-520-0900, Streetscape - Contingency is increased from $-0- to $39,493.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 19th day of October 2010.

Stephen R. Little, Mayor

ATTEST:



J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–10–10–19-01

PUBLIC HEARING – SUGAR HILL ROAD ANNEXATION AREA:

Mayor Little opened the Public Hearing.

The City Manager advised that a public hearing has been scheduled for tonight's meeting, as required by State law, for the Sugar Hill Road annexation area. This area includes about 92 people. The City Manager presented a map of the annexation area for Council's review, as follows:

In accordance with State Law, the City Manager gave an overview of the Annexation Report and Plan of Services for the Sugar Hill Road area.

The City Manager stated that adoption of the ordinance to annex this area would be considered at a future meeting and that the effective date of the annexation would be set for a time between 40 and 400 days after the adoption of the annexation ordinance.

Ms. Wilma McKinney of 85 Lukin Street stated that her property was over three acres in size and asked if it would automatically be excluded from the annexation area or if it had to be subdivided. Mayor Little advised that State law set limits on how much large acreage property could be in an annexation area, but this area met the State law requirements for subdivision. He added that Ms. McKinney would certainly not have to subdivide her property unless she so wished.

Mr. Russell McDaniel asked various questions about water and sewer service on behalf of his mother, who owns property in the annexation area. The City Manager and Public Works Director Chris Hollifield answered Mr. McDaniel's questions about water and sewer connection fees and line locations.

Mr. Paul Bartlett asked questions about water and sewer line locations and service and about tax rates. The City Manager and Mr. Hollifield answered Mr. Bartlett's questions.

Ms. Doris Burgin asked questions about City services, which were answered by the City Manager.

Mayor Little closed the Public Hearing. Mayor Little announced that Council could not vote on the approval of the annexation at this meeting, under State law requirements, but would take up consideration of the annexation ordinance at a future meeting.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

STREET REQUEST: The City Manager advised that, as reported at the October 5 Council meeting, Ms. Vernice Francis of Francis Street requested placement of a mirror in the 90 degree

AA.000000929 (24)

curve on her street. At the October 5 Council meeting, Council referred this matter to the Street Committee for review.

The City Manager reported that the Street Committee met on October 14 to review this request. After review, the Street Committee and staff recommended that a mirror not be installed, due to safety reasons. Instead, the recommendation was to have City staff widen the street in the curve to enhance safety. The City Manager stated that City staff felt that such widening could take place without much trouble or expense. He added that this idea was mentioned to Ms. Francis and other residents of Francis Drive and everyone thought this was a great solution.

The Mayor and Council Members agreed by consensus to authorize staff to complete the recommended street widening project on Francis Drive. The City Manager stated that this project would be worked into the Street and Sidewalk Priority List in the near future.

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROEPRTY ON WEST GRAYSON AND WEST HIGH STREETS: The City Manager reported that the City has completed the upset bid process for the sale of four parcels of City property on West High Street and West Grayson Street, totaling 1.84 acres. After two upset bids were received after the initial offer from Mr. Guy Jackson of $2,000 was approved by Council at the August 17 Council meeting, the high bidder ended up being Mr. Marco Antonio Cruz Reyes of West Wilhemenia Street in the amount of $3,750. The required ten day upset bid period for Mr. Reyes' bid ended with no further upset bids, so the City Manager recommended Council adoption of a resolution to authorize the final sale of the property noted above to Mr. Reyes in the amount of $3,750. He added that the City will ask that the closing take place within 30 days if at all possible.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Resolution authorizing the final acceptance of the offer to purchase property owned by the City after solicitation of upset bids by Mr. Reyes.

Resolution
Authorizing Final Acceptance of Offer
to Purchase Certain Property Owned by
the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, on August 10, 2010, Mr. Guy Jackson submitted a bid in the amount of $2,000 for the purchase of approximately 1.84 acres of City property located on West Grayson Street and West High Street (McDowell County Parcel Identification Numbers 1701.18-22-5263, 1701.18-22-5387, 1701.14-22-5595 and 1701.17-21-2976); and

WHEREAS, the City Council of the City of Marion adopted a resolution on August 17, 2010, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Guy Jackson to purchase the property, as described above, for a sum of $2,000, subject to publication of the proposed sale and acceptance of upset bids; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Jackson; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on August 27, 2010, caused notice of the proposed sale of the property, as described above, to be published in the McDowell News, a newspaper of general circulation in the City of Marion; and

WHEREAS, on September 3, 2010, Mr. Tom Burnette submitted a bid in the amount of $3,516 for the purchase of the property described above, upsetting the bid of Mr. Guy Jackson; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Burnette; and

AA.00000930 (24)

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on September 10, 2010, caused notice of the proposed sale of the property, as described above, to be published in the McDowell News, a newspaper of general circulation in the City of Marion; and

WHEREAS, on September 17, 2010, Mr. Marco Antonio Cruz Reyes submitted a bid in the amount of $3,750 for the purchase of the property described above, upsetting the bid of Mr. Tom Burnette; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Reyes; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on September 24, 2010, caused notice of the proposed sale of the property, as described above, to be published in the McDowell News, a newspaper of general circulation in the City of Marion; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to Mr. Marco Antonio Cruz Reyes.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The parcels owned by the City of Marion on West Grayson Street and West High Street (McDowell County Parcel Identification Numbers 1701.18-22-5263, 1701.18-22-5387, 1701.14-22-5595 and 1701.17-21-2976) that are approximately 1.84 acres in size are hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. Marco Antonio Cruz Reyes to purchase the above described property for $3,750 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

Adopted this the 19th day of October, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-10-10-19-1

CONSIDER APPROVAL OF SALE OF TIMBER – OLD WASTEWATER TREATMENT PLANT PROPERTY: The City Manager advised that, as previously discussed and authorized, he contacted John Rutland, the consultant forester who helped the City with timber sales in the late 1990's, concerning the possible sale of timber at the City's old wastewater plant property off of College Drive next to the Universal Furniture property. The City is being required by the State to remove vegetation from some of the old sludge pits on this property, so staff thought that a timber sale could at least cover the costs of the removal of this vegetation, if not make some money for the City.

The City Manager stated that Mr. Rutland talked with several timber buyers and presented a draft agreement to authorize the sale of timber on the old wastewater treatment plant property to Powell Industries, Inc. for $10,000. Mr. Rutland would receive 10 percent of this amount. Mr. Rutland advised that this is the best price the City is likely to obtain for some time. The City Manager stated that he would recommend that Council authorize the timber sale outlined in the agreement presented to Council.

AA.00000931 (24)

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to authorize the sale of timber on the City's old wastewater treatment plant property on College Drive to Powell Industries, Inc. for a minimum amount of $10,000, with Mr. Rutland receiving 10 percent of any amount paid by Powell Industries, Inc.

APPROVAL OF FEE SCHEDULE FOR FIRE RE-INSPECTIONS:
The City Manager advised that, as discussed at the September 28 Planning Session and as shown in a memo from Fire Chief Jim Neal that he presented to Council, staff is proposing that Council approve fees for the second and subsequent fire re-inspections. This fee would be in addition to fines that may be issued for non-compliance.

The City Manager stated that there would be no charge for the initial fire inspection or for the first re-inspection. Fees would be charged beginning with the second re-inspection as follows:

Second Re-Inspection - $25.00 fee
Third Re-Inspection - $50.00 fee
Fourth Re-Inspection - $75.00 fee
Fifth Re-Inspection - $100.00 fee

The City Manager stated that he would request Council approve the fees as presented.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the fire re-inspection fees as follows:

Second Re-Inspection - $25.00 fee
Third Re-Inspection - $50.00 fee
Fourth Re-Inspection - $75.00 fee
Fifth Re-Inspection - $100.00 fee

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the 27th Annual Mountain Glory Festival was held on Saturday, October 9. The Festival had a record number of vendors, activities and entertainment. There was great weather and tremendous crowds, making it a fantastic day. The City Manager presented a thank you note from Marion Business Association (MBA) staff Freddie Killough and Bobbie Young, thanking the City for its efforts with the Festival. The City Manager advised that he sent thank you notes to the We received a thank you note from Freddie and Bobbie, as presented to council and the City Manager stated that he sent thank you notes to the MBA, along with City staff. A thank you note was also sent from Mayor Little to the Festival volunteers.

The City Manager advised that the dedication of the new Eastfield Community Park has been scheduled for Wednesday, October 20 at 1:30 p.m. This date was set by Susan Pool, Principal of Eastfield Elementary. Students from Eastfield Elementary will participate. The City Manager asked that Council Members who are available try to attend this short dedication ceremony.

The City Manager advised that City crews will be working to clean and address some safety and drainage issues on the Peavine Trail recently acquired from Norfolk Southern. He added that the City has received approval to allow people walking the trail to park at the old Rescue Squad building on State Street and at First Christian Church on Rutherford Road. Barricades have been placed to block access to the trail south of the First Christian Church parking lot and to prevent people from walking across the trestle behind Mi Pueblito Restaurant. The City ended up acquiring about 2.4 miles of trail. A total of 1.4 miles of the trail will be opened for now.

The City Manager advised that five sessions of Marion 101 have been held so far. The Marion 101 class started on September 16 and will run each Thursday night through October 28. He

AA.000000932 (24)

asked the Mayor and Council Members if at all possible to be present for the final session and graduation on October 28.

Council Member Doggett advised that City staff are to be commended for the great job they have done planning and presenting each of the session. She said that she has really enjoyed attending the Marion 101 sessions.

The City Manager advised that DOT had verbally committed to provide $50,000 in funding for the Downtown Streetscape Plan and to resurface Main Street from the curve at Rutherford Road all the way to the old Legendary Ford property, along with East Court Street from Baldwin Avenue to downtown in Spring 2011. The City will soon be replacing the holly trees on Main Street with new gingko trees. Removal of the holly trees has already begun. Installation of new way finding signs on the downtown area will begin in November.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that the e-mail forwarded to City Council by the City Manager, advising that the North Carolina League of Municipalities is considering a policy proposal to lobby for authorization for local government to levy accident response fees, is very significant and could go a long way to allow municipalities to recover costs incurred as a result of reckless or negligent actions by motorists that cause motor vehicle crashes.

Council Member Doggett commended the City's contracted landscaper, Lawrence Moore, for the beautiful fall displays in front of City Hall and the Community Building.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, November 2, 2010 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby, Council Members A. Everette Clark, Lloyd Cuthbertson, Juanita Doggett and Billy Martin.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Harriett Thomas, Finance Director; Jim Neal, Fire Chief; Matthew Crawford, Firefighter; Mike Conley, News Reporter, McDowell News.

AA.00000933 (24)

GUESTS PRESENT: Clyde Day, Marion, NC; Representing McDowell Mission Ministries: Ed Krause, President; Kathy Evans, Vice President; Becky Cross, Treasurer; Rhonda Bokanoski, Secretary; Rev. Bill Warren, Executive Director; Cliff Wisor, Staff; Linda Cloherty, Pat Faulkner, Jewell McNeal, Dewey Rayburn and Otis Hill, Board Members; Jim Burgin, Volunteer.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER LLOYD CUTHBERTSON: Council Member Lloyd Cuthbertson selected the Citizen of the Month for November 2010.

Clyde Day

Council Member Lloyd Cuthbertson stated that Mr. Clyde Day was born in Mountain City, Tennessee. Mr. Day's early and his early ambition was to be a truck driver.

Mr. Day is married to Margaret and has one son Ken and two grandchildren who live in Morganton.

Mr. Day Served in the Navy during World War II from 1941-1946. He served in the Reserves after the war and was reactivated by the Navy to serve in the Korean War from 1951 to 1953.

Mr. Day received a BS in Chemistry and Biology from East Tennessee State University in 1950. He was awarded a Masters in Biology from Appalachian State Teachers College (now Appalachian State University) in 1955.

Mr. Day began his career in education in Tennessee where he was principal of a small elementary school. He taught biology at Appalachian State University for one year and then taught at Lees-McRae College in Banner Elk for several years. Mr. Day also served as an adjunct faculty member at McDowell Technical Community College for over eight years.

After returning from World War II, he taught science at Nebo High School until he was reactivated for the Korean War. He taught at Glenwood High School for nine years and served as principal of Marion Elementary for sixteen years.

Mr. Day retired in June, 1981 with 33.778 years of service including his military time.

Mayor Little, Council Members and friends all shared kind words about Mr. Day.

CONSENT AGENDA: Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – October 19, 2010 Regular City Council Meeting Minutes

INTRODUCTION OF NEW EMPLOYEE: Fire Chief Jim Neal stated that it was a pleasure to be at this Council Meeting to introduce the Fire Department's newest paid firefighter, Mr. Matthew Crawford. Chief Neal reported that Matthew has been a firefighter since he was a teenager.

After College, Matthew moved to Boone to work as a Fire Inspector and recently moved back to Marion. Chief Neal stated that Matthew was by far the most qualified for the paid firefighter job opening.

AA.000000934 (24)

Matthew is a Level I Fire Inspector and a Level II Firefighter. He started work with the City the week before.

Mr. Crawford stated that he gained a lot of knowledge while serving Boone and is glad to be back in Marion.

Mayor Little and Council Members welcomed Matthew to the City staff.

Council Member Clark stated that the Mayor of Boone, Loretta Clawson, sought him out at the recent North Carolina League of Municipalities Conference specifically to tell him that Marion was getting a great firefighter.

PUBLIC APPEARANCE – MCDOWELL MISSION MINISTRIES:

Ms. Linda Cloherty, a member of the McDowell Mission Ministries Board of Directors stated that she appreciated the chance to address City Council on behalf of the Mission. Ms. Cloherty introduced all the board members and staff of McDowell Mission Ministries that were present for this meeting.

Ms. Cloherty gave an overview of how many men, women and children stay at the homeless shelters in Marion. She advised that food and shelter is just part of what clients get. Clients receive housing in a safe and drug free environment, job search assistance, clothing, personal items, food, transportation, medical and prescription assistance and informal counseling.

Ms. Cloherty stated that Mc Dowell Mission Ministries comes before Council to ask for help. The Mission has never made a funding request to the City or County before and hopes that the City can help to keep homeless people of the community off of the streets.

Ms. Pat Faulkner, another McDowell Mission Ministries Board Member, stated that the services of the Mission provide a valuable service to the community. She said it was sad to think that there could be persons without a place to stay now that the temperatures are dropping.

Ms. Faulkner stated that, since 2000, over 1,300 people had come through the shelters in Marion. She advised that the true health of a community is often told by how it takes care of its needy people. Ms. Faulkner stated that the Friendship Home for Women and Children is in critical need of a new roof and for repairs to damages on the inside of the building. The Mission has obtained an estimate for the new roof of approximately $19,000 and an estimated of $10,000 for the inside repairs. Ms. Faulkner advised that the Mission is requesting $15,000 from the City of Marion and $15,000 from McDowell County for this project. She said that the Mission also requests to be a permanent line item in the City of Marion's annual budget.

Mr. Jim Burgin, owner of Jack Frost Dairy Bar and a volunteer for the Mission, stated that he was here with a unique perspective. Upon a suggestion from Judge Bob Hunter, he placed a donation jar on the counter of his business and raised over $3,000 from the public and matching funds from Jack Frost.

Mr. Ed Krause, President of the McDowell Mission Ministries Board of Directors, advised that he has served on the Mission Board since he moved here. Mr. Krause stated that we are fortunate to have a City of Marion's size that includes a hospital, a Y.M.C.A. and, just as important, homeless shelters.

Mayor Pro Tem Owenby asked where the Mission came up with the idea of asking both the City and the County for the same amount of money, adding that the County is far larger than the City.

AA.000000935 (24)

Rev. Bill Warren, Executive Director of McDowell Mission Ministries, stated that, since the Mission serves both the City and County, it was thought to be fair to ask the City and County for the same amount of money.

Mayor Little thanked all the representatives of the Mission for coming to the meetings and stated that it had been very powerful to hear all the comments, which left no doubt of the genuine need with this request. Mayor Little stated that the City would, however, have to look at its resources before making any type of decision. He advised that City Council would discuss this request further at their Planning Session on Monday, November 8.

Council Member Clark stated that his heart goes out the mission and that Rev. Bill Warren, Executive Director, does a super job. Council Member Clark commended all persons involved with the Mission for the great job they do and thanked them for coming. He stated that the City is facing a budget deficit of about $200,000 for 2010-11 and is trying to make cuts anywhere possible, which makes funding new requests very difficult. Council Member Clark stated that it was also important for the Mission representatives to understand that a penny on the County's tax rate produces about nine times as much revenue as a penny on the City's tax rate and that a change in the method of sales tax distribution by McDowell County had shifted $300,000 in sales tax revenue from the City to the County for 2010-11, with that figure increasing by $50,000 each year.

Council Member Doggett stated that she had personal experience with students at McDowell Technical Community College that had been affected by the Mission in a positive way.

Council Member Cuthbertson stated that the Mission has come a long way since its inception and had helped numerous people over the years.

Council Member Martin stated that the Mission provides a wonderful service to the community and that there was no doubt that there were needs.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF AMENDMENTS TO COMMUNITY BUILDING MAIN LEVEL, COMMUNITY BUILDING BASEMENT AND DEPOT RULES AND REGULARTIONS AND APPROVAL OF COMMMUNITY BUILDING AND DEPOT RATE ORDINANCES:

Finance Director Harriett Thomas appeared before Council and presented proposed amendments to the Rate Ordinances and Rules and Regulations for the Community Building Main Level, Community Building Basement and Depot.

Ms. Thomas stated that the proposed changes involve establishing a $75.00 charge for renting one of the buildings for up to one-half day the day before a scheduled event. The City has previously allowed such use of one of the buildings for decorating free of charge the day before an event, if the building was not already rented. Under the proposed amendments, the rental of one of the buildings the day before an event could be made at the time of reservation for the standard rate or for a reduced fee of $75.00 no more than two weeks prior to the event.

The City Manager stated that the recommendation of this fee was being made in an attempt to adequately cover the cost of the use of the buildings.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, Council voted unanimously to adopt the following Rate Ordinances and Rules and Regulations for the Community Building Main Level, Community Building Basement and Depot:

AA.000000936 (24)

CITY OF MARION, NORTH CAROLINA
ORDINANCE

Ordinance Number: O-10-11-02-2

CITY OF MARION, NORTH CAROLINA
RULES AND REGULATIONS
FOR THE
MARION COMMUNITY BUILDING MAIN LEVEL

REVISED NOVEMBER 2, 2010

The Marion Community Building is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building is available to be scheduled for use seven (7) days a week, on a year round basis, excluding days used by local Civic Clubs and Not - For - Profit Organizations.

CIVIC CLUBS AND NOT-FOR-PROFIT ORGANIZATION USING THE COMMUNITY BUILDING ON A REGULAR SCHEDULE

Marion Rotary Club	Every Thursday 7:00am to 2:00pm
Lions Club	1st and 3rd Thursday 2:00pm to 9:00pm
Kiwanis Club	Every Tuesday 1:00pm to 8:30pm
Christian Women's Club	3rd Monday 7:00am to 3:00pm
McDowell Ballroom Dancers	Last Saturday each month 1:00pm to 11:00pm
McDowell Board of Realtors	1st Tuesday 8:00am to 1:00pm

HOURS OF OPERATION

The Community Building may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations 1and paying the required deposit and payment for the use of the building.

AA.0000000938 (24)

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the event to avoid cancellation. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see #12 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Community Building must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. A person or group wishing to reserve the building for the day immediately preceding the event may do so at the time of making the initial reservation at the standard rate. The building may also be rented for one-half (1/2) day on the day immediately preceding the event at a reduced rate, however, this reservation may not be made earlier than two (2) weeks prior to the scheduled event.

5. The person or group renting the Community Building may not sublet the building to another person or group.

6. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Any fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

7. The piano in the Community Building shall NOT be moved by anyone other than authorized City employees. If you need the piano moved, please ask that the City have the piano moved for you.

8. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside the kitchen door.

9. Any person using the kitchen of the Community Building is responsible for checking the pilot lights on the gas range; located in the kitchen, to make sure they are burning. In the event they are not, Please call the Marion Police Department at 652-3231.

10. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building. Any grease or cooking residue shall be cleaned from the area immediately following use.

11. No person(s), organization, etc. may use the Community Building for religious services.

12. No persons, firm or private organization will be allowed to use the building for the purpose of offering bingo games to the general public. Civic clubs, schools or non-profit organizations may use the building for fund-raising bingo games as approved by Council.

AA.000000939 (24)

13. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

14. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use. The podium and the head tables at the Community Building are permanently installed. No attempt should be made to move them.

15. Once the area used has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and reports from the cleaning agency will be used to determine if the security deposits shall be refunded.

16. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

17. The volume for the speaker system is preset. A switch located on the backside of the podium will turn on the equipment. No other equipment, other than the microphone may be hooked to the sound system at any time.

18. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

19. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

20. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Community Building will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

21. Persons or groups renting the Marion Community Building may request to place messages on the permanent sign in front of the building. In order to place a message, the person or group must legibly write out their desired message on a sheet of paper and turn it in at City Hall. Such request must be received at City Hall no later than 48 hours prior to the scheduled date of the event. The person responsible for scheduling the Community Building will forward the message to the Public Works Secretary, who will issue a work order for the message to be spelled out on the Community Building sign.

    The City reserves the right to edit any messages for length and/or content, in the case of language deemed obscene or objectionable. Messages shall contain only the purpose, date and location of the event and the name of the group sponsoring the event (for example: Downtown Business Association Annual Banquet Thursday night, 6:30 P.M.). Personal messages shall not be permitted. Messages advertising political events shall not endorse a specific candidate for any office, but may state the date and time and purpose of a campaign fundraising event held at the Community Building (for example: John Doe for Senate Campaign Dinner, Friday, 7:00 P.M.). In no case shall any message advertising an event not to be located at the Community Building be permitted, unless it is in conjunction with an event sponsored by the City of Marion.

    In no case shall the City display a message more than three business days before an event. If two or more persons or groups renting any part of the Community Building wish to have their message displayed at the same time, the person or group submitting their message to the front counter of City Hall first shall have priority in having their message displayed.

    Letters and keys for the Community Building sign and keys to the Community Building are not to be given out to persons or groups renting the Community Building, except under unique situations approved by the City Manager.

No signs are permitted to be posted in front of or on the Community Building property, except for political signs posted on Election Day.

22. Animals are not permitted inside any part of the Community Building, with the exception of Seeing Eye dogs for legally blind individuals.

23. If the Marion Police Department is called to the Community Building in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

24. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Community Building or on the Community Building property.

These new regulations shall be effective upon adoption.

Adopted this the 2nd day of November 2010.

Stephen R. Little, Mayor

CITY OF MARION, NORTH CAROLINA
RULES AND REGULATIONS
FOR THE
MARION COMMUNITY BUILDING BASEMENT

REVISED NOVEMBER 2, 2010

The Marion Community Building Basement is owned and operated by the City of Marion. This building is available to groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Community Building Basement is available to be scheduled for use seven (7) days a week, on a year round basis.

HOURS OF OPERATION

The Community Building Basement may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facility may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, is required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facility. In addition to the deposit, a valid credit card may also be required (see # 10 below). Civic Clubs and Not–For–Profit organizations using the building on a regular basis are exempt from making a deposit.

3. All persons or groups renting the Marion Community Building Basement must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

AA.000000942 (24)

4. A person or group wishing to reserve the building for the day immediately preceding the event may do so at the time of making the initial reservation at the standard rate. The building may also be rented for one-half (1/2) day on the day immediately preceding the event at a reduced rate, however, this reservation may not be made earlier than two (2) weeks prior to the scheduled event.

5. The person or group renting the Community Building Basement may not sublet the building to another person or group.

6. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

7. Each person or group of persons using the kitchen shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside.

8. Barbeque grills or any outside cooking device shall only be used on the paved area of the Community Building Basement. Any grease or cooking residue shall be cleaned from the area immediately following use.

9. No person(s), organization, etc. may use the Community Building Basement for religious services.

J. Robert Boyette, City Manager/Clerk

CITY OF MARION, NORTH CAROLINA
RULES AND REGULATIONS
FOR THE
MARION DEPOT

REVISED NOVEMBER 2, 2010

The Marion Depot is owned and operated by the City of Marion. This building is available to civic groups, organizations, and individuals needing a place to meet.

DAYS OF OPERATION

The Depot is available to be scheduled for use seven (7) days a week, on a year round basis.

AA.00000944 (24)

HOURS OF OPERATION

The Depot may be opened as early as one desires; however, it is requested that the person or persons using the building be out by 12:00 Midnight.

RULES AND REGULATIONS

Violations of any of these rules and regulations or any damages to the Facilities may result in forfeiture of all or part of the security deposit held by the City.

1. No one shall be permitted to use the building without first having made proper reservations, paying the required deposit and payment for the use of the building.

2. A cash deposit, as determined by the City Council, shall be required to insure compliance with the rules and regulations governing the use of the building. The deposit must be made at least thirty (30) days in advance of the date the building is to be used. The City may keep any or all of the deposit in the case of any violations of the rules and regulations or any damages to the Facilities. In addition to the deposit, a valid credit card may also be required (see # 12 below). Civic Clubs and Not–For–Profit Organizations using the building on a regular basis shall be exempt from making a deposit.

3. All persons or groups renting the Marion Depot must pay for the use of the building at the time reservations are made. No refunds will be made by the City should the renter not use the building on the date scheduled, unless a cancellation is made at least sixty (60) days in advance of the scheduled event, in which case a refund will be made, except for an administrative service charge of $25.00. In lieu of receiving a refund, a person or group canceling an event more than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months. A person or group canceling an event less than sixty (60) days in advance of the scheduled event may reschedule the building without additional cost at some other open date within the next twelve (12) months, but will not be eligible to receive a refund. Should the person or group fail to reschedule within the designated twelve (12) month period, the entire rental fee will be forfeited. Reservations must be made in person (no reservations by telephone, fax, e-mail or any other electronic means), no earlier than 9:00 A.M. local time and no earlier than the first day of the calendar month prior to the month one year in advance of the proposed use. (Example: if you wish to schedule the building in the month of October 2009, the earliest you can schedule the building is September 1, 2008). In the event two or more persons are at the counter at City Hall at 9:00 A.M., wishing to rent the building on the same day, the name of the one person representing each group shall have their name placed in a box and drawn to determine which person may rent the building on the desired day. In all other situations, reservations shall be accepted on a first come-first served basis. If the deposit is to be refunded, it will be issued by the City within ten (10) work days following the use of the building.

4. A person or group wishing to reserve the building for the day immediately preceding the event may do so at the time of making the initial reservation at the standard rate. The building may also be rented for one-half (1/2) day on the day immediately preceding the event at a reduced rate, however, this reservation may not be made earlier than two (2) weeks prior to the scheduled event.

5. The Courtyard area of the Depot shall only be rented in conjunction with rental of the Depot. Persons renting the Depot have the authority to ask unauthorized Courtyard users to leave. Any damages to the Courtyard or surrounding landscaped areas will be the responsibility of the person renting the facility.

6. The person or group renting the Depot may not sublet the building or Courtyard to another person or group.

7. No decorations of any kind, i.e., plaques, pictures, or any other objects shall be fastened to the walls, ceilings, windows or lighting fixtures by use of nails, tacks, screws, tape, etc. Fixtures, furniture, displays or decorations provided by the user(s) must be removed from the building immediately following the use of the same, so the building will be ready for use for the next group. Failure to remove items shall be cause for revocation of part or all of the rental deposit.

8. Each person or group of persons using the kitchen in the facility shall thoroughly clean the kitchen and all fixtures before leaving the building and shall clean and remove all food from the refrigerator. In addition, the stove must be cleaned and the kitchen floor mopped before leaving the building. At no time shall any of the kitchen appliances be unplugged or moved from their original location. All garbage and refuse shall be removed from the building and placed in the containers located outside. Do not place garbage in refuse in the dumpster belonging to the neighboring business.

AA.000000945 (24)

9. Barbeque grills or any outside cooking device shall only be used on the paved area of the Depot. Any grease or cooking residue shall be cleaned from the area immediately following use. At no time shall any barbeque grill or outside cooking device be placed on the Courtyard area of the Depot.

10. No motor vehicle of any kind shall be allowed on the Courtyard of the Depot at anytime. All unloading or loading shall be done at curbside.

11. No person(s), organization, etc. may use the Depot for religious services.

12. No persons, firm or private organization will be allowed to use the building for the purpose of offering bingo games to the general public. Civic clubs, schools or non-profit organizations may use the building for fund-raising bingo games as approved by Council.

13. Each person using the building will be held responsible for any damages to the walls, floors, windows, appliances and fixtures, furniture and outside areas. Cost for damages will be deducted from the security deposit and in the event the costs exceed the security deposit, the person responsible for renting the facility shall also be held responsible for the additional costs. In order to insure payment for any damages incurred that exceed the security deposit, a guarantee by valid credit card will be required at the time the rental reservation is made. THIS CREDIT CARD WILL ONLY BE USED IF DAMAGES ARE INCURRED THAT EXCEED THE SECURITY DEPOSIT. If damages occur and the card charged is deemed to be invalid and prompt payment is not made, the City will pursue legal action to collect such claims. If the person renting the facility has done so for at least three consecutive occasions without damages, the credit card requirement may be waived. In addition, the credit card requirement may be waived for churches, not-for-profit organizations and civic clubs using the facility on a regular basis.

14. Tables and chairs may be rearranged by persons using the building, but must be returned to their original positions after each use.

15. Once the area used, has been cleaned and set in order, the Marion Police Department must be notified, at 652-3231, to come inspect and lock the building. Reports prepared by the Marion Police Department and the cleaning agency will be used to determine if the security deposits shall be refunded.

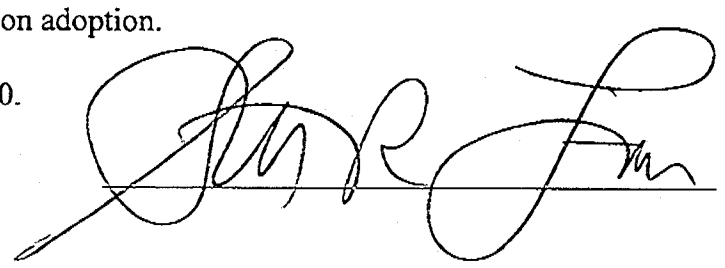
16. The microphone for the sound system may be checked out and signed for through the Marion Police Department. When use of the microphone has been completed, it is to be returned to the Police Department immediately.

17. The officers of the Marion Police Department have authority to enter the building at any time for the purpose on insuring compliance with all rules and regulations.

18. Officers of the Marion Police Department shall have authority to open or look in any ice chests and/or coolers on the premises, to monitor possible alcohol use or other improper activity.

19. It is unlawful for any person to consume any alcoholic beverage on any property owned or controlled by the City of Marion. Possession of alcohol or evidence of consumption of alcohol at the Depot will result in immediate eviction from the premises, forfeiture of security deposit and may result in criminal charges, fines and penalties.

20. No signs are permitted to be posted in front of or on the Depot property.



21. Animals are not permitted inside any part of the Depot, with the exception of Seeing Eye dogs for legally blind individuals.

22. If the Marion Police Department is called to the Depot in reference to a disturbance or due to any violations of Federal, State or Local law, the event may be immediately suspended, all persons evicted from the building after applicable clean-up and the deposit revoked for the event.

23. No skateboards, in-line skates, roller skates or bicycles are allowed inside the Depot, in the Courtyard area on anywhere on the Depot property.

These new regulations shall be effective upon adoption.

Adopted this the 2nd day of November 2010.

AA.000000946 (24)

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

CONSIDER APPROVAL OF FEE SCHEDULE AMENDMENTS:

Finance Director Harriett Thomas advised that in an effort to increase revenues, staff had looked at services the City provides, but does not charge for or only charges a minimum fee. She proposed the following new or increased fees for services:

Service Provided	Current Charge	Proposed Charge
Grass mowing	Actual cost	Actual cost plus $50 Administration fee
Driveway lay-out	-0-	$50 permit fee
Sidewalk Inspections (before and after residents operate equipment on sidewalk)	-0-	$25 permit fee
Portable Toilet sites (verify location is out of public view)	-0-	$25 permit fee
White goods pick-up:		
Without backhoe:		
1-5 items	$15	$ 50
6-10 items	$25	$100
Over 10 items	To be determined by Sanitation Supervisor	To be determined by Sanitation Supervisor
With backhoe:		
1-5 items	$35	$100
6-10 items	$45	$200
Over 10 items	To be determined by Sanitation Supervisor	To be determined by Sanitation Supervisor

Upon a motion by Council Member Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the following amended fees, as part of the City's Fee Schedule:

Service Provided	Current Charge	New Charge
Grass mowing	Actual cost	Actual cost plus $50 Administration fee
Driveway lay-out	-0-	$50 permit fee
Sidewalk Inspections (before and after residents operate equipment on sidewalk)	-0-	$25 permit fee
Portable Toilet sites (verify location is out of public view)	-0-	$25 permit fee
White goods pick-up:		
Without backhoe:		
1-5 items	$15	$ 50
6-10 items	$25	$100
Over 10 items	To be determined by Sanitation Supervisor	To be determined by Sanitation Supervisor

AA.000000947 (24)

With backhoe:		
1-5 items	$35	$100
6-10 items	$45	$200
Over 10 items	To be determined by Sanitation Supervisor	To be determined by Sanitation Supervisor

ADD ON – DECEMBER COUNCIL MEETING DATE: The City Manager stated that a public meeting had been scheduled on Tuesday, December 7 from 5:00 PM – 8:00 PM concerning the selection of the Overmountain Victory Trail (OVT) headquarters. The meeting will provide an opportunity for the public and organizations to make comments concerning the OVT headquarters selection, an item of extreme importance to the City and the entire community.

The City Manager advised that, since a City Council meeting is scheduled for December 7, Mayor Little and he would recommend moving the City Council meeting to December 14, which is also the night of the City Council Christmas Dinner. Dinner would begin immediately following the meeting.

Mayor Little stated that the whole point of changing the meeting is to allow for 100 percent attendance by the Mayor and Council Members at the OVT Headquarters selection meeting on December 7, to fully demonstrate the City's commitment to the OVT headquarters being at the McDowell House in Marion.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to change the date and time of the December 7 City Council meeting to Tuesday, December 14, at 6:00 PM.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the next Council Planning Session is set for Tuesday, November 8 at 6:00 p.m. at City Hall. Dinner will be provided. The focus of this Planning Session will be a review of budget and service level issues. The City Manager provided each Council Member with a proposed agenda for the Planning Session, along with background materials.

Council Member Doggett stated that she would not be able to attend the Planning Session due to a work conflict.

The City Manager advised that, as part of the City's participation in the N.C. STEP Program, the N.C. Rural Center is providing the City of Marion and 14 other cities with a free Asset Management Plan for each City's water and sewer system. The City Manager stated that the City obtained a Rural Center grant for McGill to complete a similar plan in 2006. This Plan will not require the City to provide any local match, so it is a great opportunity for the City to receive a free Plan. The Asset Management Plan seeks to identify all water and sewer assets and develop a program for major repairs and replacements to said assets. The 2010 Asset Management Plan identified over $50 million in water and sewer projects over 10 years. The City Manager stated that the City is not quite five years into the Plan and has already completed or has in motion nearly $10 million worth of projects and have obtained another Rural Center grant to study future Water Plant improvements, a project that was estimated at $3.6 million.

The City Manager advised that as previously reported, the American Academy of Dermatologists has a grant program to fund shade shelters. The grant application period for 2011 opened on October 18. After looking at the grant application on-line for the first time, staff determined that municipalities and governmental organizations are not eligible. Therefore, staff will need to

AA.00000948 (24)

discuss how best to construct the desired shade shelter. The City Manager advised that he had asked Public Works Director Chris Hollifield for a design and cost estimate for the shade shelter.

The City Manager advised that City crews are working to clean the Peavine Trail recently acquired from Norfolk Southern. The City has received approval to allow people walking the trail to park at the old Rescue Squad building on State Street and at First Christian Church on Rutherford Road. Barricades have been placed to block access to the trail south of the First Christian Church parking lot and to prevent people from walking across the trestle. The City ended up acquiring about 2.4 miles. A total of 1.4 miles of the trail will be opened for now.

The City Manager advised that the Greenway continues to see a great deal of traffic. Planning and Development Director Heather Cotton is ordering trash cans and benches and having signs made for the Greenway. The City has announced a program where people can sponsor benches for $500. Two such benches have been sponsored so far.

Mayor Pro Tem Owenby advised of complaints received regarding animals running loose on the Greenway and suggested that signs be placed stating that animals must be on a leash at all times. The City Manager stated that the Public Works Department would place such signs.

The City Manager stated that the last session and graduation for the Marion 101 Citizens Academy was held on Thursday, October 28. A total of 19 people graduated. He stated that staff will prepare for Marion 101 again next year, without objection, and may seek to start the class earlier in the year, to take advantage of sunlight.

The City Manager advised that the Department of Transportation has verbally committed to provide $50,000 in funding for the Downtown Streetscape Plan and to resurface Main Street from the curve at Rutherford Road all the way to the old Legendary Ford property, along with East Court Street from Baldwin Avenue to downtown in Spring 2011. He added that Ms. Cotton has received encroachment approval from DOT to allow the holly trees to be replaced with the gingko trees. This planting will take place in November. The new wayfinding signs will begin to be installed in November.

The City Manager advised that Matthew Jones with Norfolk Southern Railway (NS), with whom Council Member Clark, Marion Business Association Director Freddie Killough and he met a few weeks ago to look at possible improvements to the unsightly Main Street railroad banks, e-mailed him on October 26 and advised that NS engineering staff were working on ideas to address the problems and would be in contact as the project advances.

COUNCIL MEMBER COMMENTS:

Mayor Little invited Council to attend a promotional ceremony at the Police Department on Friday morning at 10:00 a.m.

Council Member Clark asked that a letter be sent to Governor Perdue, asking her to support changes to improve the fairness of sales tax distribution and to oppose ABC privatization. Based on consensus from the Mayor and Council, the City Manager stated that he would draft such letters for signature by Mayor Little and all Council Members.

Council Member Clark also stated that he had a call from a citizen, complaining about the Halloween trick or treat observance this past weekend being on Saturday, October 30, instead of Sunday, October 31.

Council Member Clark stated that he had attended a Continuing Education class in the basement of the Community Building that day and that there were some maintenance issues in the

AA.000000949 (24)

basement that needed attention. The City Manager stated that staff would look at this issue and make necessary repairs.

Council Member Martin extended an invitation for everyone to attend the 100th Anniversary Celebration for Addies Chapel United Methodist Church on Sunday, November 7 at 3:00 PM.

Council Member Doggett stated that she had attended the North Carolina League of Municipalities Conference the week before in Winston-Salem and had enjoyed attending the sessions and had learned a great deal.

CLOSED SESSION UNDER N.C.G.S. 143-318.11(a)(4) TO DISCUSS A MATTER INVOLVING THE LOCATION OF BUSINESS OR INDUSTRY: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Doggett, Council voted unanimously to go into Closed Session in accordance with N.C.G.S. 143-318.11(a)(4) to discuss a matter involving the location of business or industry.

OPEN SESSION: Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to go back into Regular Session.

Mayor Little announced that no action was taken during the Closed Session.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Meeting on Monday, November 8, 2010 at 6:00 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Cecil Owenby, Council Members Everette Clark, Lloyd Cuthbertson and Billy Martin.

Council Member Juanita Doggett could not attend this meeting, due to an unavoidable work conflict involving her involvement in the reaccreditation of McDowell Technical Community College.

OTHERS PRESENT: Bob Boyette, City Manager

AA.000000950 (24)

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. Growth Issues/Priorities
2. City Website/Facebook Page
3. Funding Requests
4. 2010-11 Budget/Cost Cutting Measures
5. Service Prioritization/2011-12 Budget Planning
6. Schedule Next City Council Planning Session

No action was taken on these items. Items requiring City Council action will be included in 2010-11 Budget Ordinance amendments, included in the 2011-12 or future budgets or placed on future City Council meeting agendas for consideration.

Council agreed to schedule the next City Council Planning Session in late January or early February after the annual Town Meeting. The exact meeting date and time will be set at a regular City Council meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ADOPTION OF ANNEXATION ORDINANCE – SUGAR HILL ROAD ANNEXATION AREA: The City Manager advised that, with the completion of the annexation process for the Sugar Hill Road Annexation Area, he would recommend that Council adopt the ordinance to annex the Sugar Hill Road Area, effective January 31, 2011. State law allows the effective date of an annexation to be set between 40 and 400 days after the adoption of the annexation ordinance.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Owenby, Council voted unanimously to adopt the following Ordinance to annex the Sugar Hill Road Area, effective January 31, 2011.

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION UNDER THE AUTHORITY GRANTED BY CHAPTER 160A, ARTICLE 4A, PART 2 OF THE GENERAL STATUTES OF NORTH CAROLINA – SUGAR HILL ROAD AREA - 2010

WHEREAS, all of the prerequisites to adoption of this ordinance prescribed in Chapter 160A, Article 4A, Part 2 of the General Statutes of North Carolina, have been met; and

WHEREAS, the City Council has taken into full consideration of statements presented at the public hearing held on October 19, 2010, on the question of this annexation; and

WHEREAS, the City Council has concluded and hereby declares that annexation of the area described herein is necessary to the orderly growth and development of the City of Marion.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion that:

Section 1. From and after the effective date of this annexation, the following territory shall be annexed to and become a part of the City of Marion, and the corporate limits of the City of Marion shall be extended to include said territory more particularly described by metes and bounds as follows:

BEGINNING at a point on the boundary of Lot 0375, Block 18 on the McDowell County Tax Map 1700.05, said point also being the current boundary of Marion Corporate Limits thence following the eastern boundary of said Lot 0375 and the Marion Corporate Limits in a southwesterly direction approximately 1027 feet to a point, thence 100 feet in a easterly direction to a point, said point being a southern boundary of said Lot 0375, Marion Corporate Limits, and the northern boundary of Steppe Street (SR 1269); thence crossing Steppe Street (SR 1269) in a southerly direction 60 feet to a point on the southern boundary of Steppe Street (SR 1269), said point also being a point on the northern boundary of Lot 7042, Block 07 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 7042 in a southeasterly direction 331.26, thence in a southwesterly direction 209.64, thence in a northwesterly direction 121.64 to a point, said point being on the southwestern boundary of said Lot 7042 and the southeastern point of Lot 5960, Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 5960 in a southwesterly direction 250.19 feet, thence following the boundary of said Lot 5960 in a northwesterly direction 165.55 feet to a point, said point being on the southwestern boundary of said Lot 5960, and the southeastern point of lot 3894, Block 06 of the McDowell County Tax Map 1700.09; thence following the boundary of said lot 3894 in a southwesterly direction 118.17 feet to a point, said point being the southern point of said lot 3894, and a point on the northern boundary of Meadow Lane (SR 1271); thence crossing Meadow Lane (SR 1271) in a southwesterly direction 60 feet to a point on the southern boundary of Meadow Lane (SR 1271), said point also being a point on the northern boundary of Lot 2652 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 2652 in a southeasterly direction 100.41 feet, thence in a southwesterly direction approximately 381.83 feet to a point, said point being the southern point of said lot 2652 and the eastern point of lot 0465 Block 06 on the McDowell County Tax Map 1700.09; thence following the boundary of said lot 0465 in a southeasterly direction approximately 94.23 feet, thence in a southwesterly direction approximately 29.76 feet; thence in a southeasterly direction 178.12 feet to a point; said point being the southeastern point of said lot 0465 and the northern point of Lot 2097, Block 06 on the McDowell County Tax Map 1700.09, thence following the boundary of said Lot 2097 in a southeasterly direction 238.13 feet, thence in a southwesterly direction 218.27 feet, thence in a southeasterly

direction 334.81 feet, thence in a westerly direction 360.26 feet to a point, said point being the southwestern point of said lot 2097 and the southeastern point of Lot 8087 Block 05 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 8087 in a westerly direction 59.24 feet to a point, said point being the southwestern point of said Lot 8087 and the southeastern point of Lot 5823, Block 95 on the McDowell County Tax Map 0790.12; thence following the boundary of said Lot 5823 181.37 feet, thence in a northwesterly direction 496.54 feet to a point, said point being the western point of said Lot 5823, and a point on the eastern boundary of Sugar Hill Road (SR 1001) and the northern point of Mill Road (SR 1189); thence crossing Mill Road (SR 1189) in a southwesterly direction 40 feet to a point on the southern boundary of Mill Road (SR 1189), said point also being a point on the eastern boundary of Sugar Hill Road (SR 1001), thence following the eastern boundary of Sugar Hill Road (SR 1001) in a southerly direction 1524.35 feet to a point on the eastern boundary of Sugar Hill Road (SR 1001), said point also being the northwestern point of Lot 9430, Block 84 on the McDowell County Tax Map 0790.04; thence following the boundary of said Lot 9430 in a easterly direction 245.44 feet, thence in a southeasterly direction 69.17 feet, thence in a southerly direction 448.97 feet, thence in a southeasterly direction, 165.52 feet, thence in a northwesterly direction 507.63 feet to a point, said point being the southwestern point of said lot 9430 and a point on the eastern boundary of Sugar Hill Road (SR 1001); thence crossing Sugar Hill Road (SR 1001) in a northwesterly direction approximately 326.09 feet to a point on the western boundary of Sugar Hill Road (SR 1001), said point also being a point on the southeastern boundary of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 2578 in a southwesterly direction 402.91 feet to a point, said point being the southern point of said Lot 2578 and the eastern point of Lot 0336, Block 84 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 0336 426.96 feet to a point, said point being a southern point of lot 0336 and the eastern point of Lot 7147, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said Lot 7147 in a southwesterly direction 319.58 feet, thence in a northeasterly direction 288.76 feet, thence in a easterly direction 43.35 feet, thence in a northwesterly direction 39.24 feet, thence in a northeasterly direction approximately 41.55 feet to a point, said point being the northern point of said Lot 7147, and the southwestern point of Lot 0336, Block 74 on the McDowell County Tax Map 0790-04; thence following the boundary of said lot 0336 in a northeasterly direction 306.86 feet, thence in a northwesterly direction 43.07 feet, thence in a northeasterly direction 56.4 feet, thence in a northwesterly direction 245.4 feet, thence in a northeasterly direction 152.04 feet, thence in a southeasterly direction 307.2 feet to a point, said point being a northeastern point of said Lot 0336 and the northwestern point of Lot 2578, Block 84 on the McDowell County Tax Map 0790-04; thence following the northern boundary of said Lot 2578 in a easterly direction 383.04 feet to a point, said point being the northeastern point of said Lot 2578 and a point on the western boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a easterly direction 60 feet to a point on the eastern boundary of Condrey Road (SR 1190), said point also being a point on the western boundary of Lot 7617, Block 84 on the McDowell County Tax Map 0790-04; thence following the eastern boundary of Condrey Road (SR 1190) in a generally northern direction 1,466.48 feet to a point, said point being on the northern boundary of said Lot 1829 and a point on the southern boundary of Condrey Road (SR 1190); thence crossing Condrey Road (SR 1190) in a northerly direction 60 feet to a point on the northern boundary of Condrey Road (SR 1190), said point also being a point on the southern boundary of Lot 2160, Block 96 on the McDowell County tax map 0790-12; thence following the boundary of said Lot 2160 in a northerly direction 192.63 feet, thence in an easterly direction 441.01 feet to a point, said point being the northeastern point of said Lot 2160 and the western boundary of Sugar Hill Road (SR 1001), thence following the western boundary of Sugar Hill Road (SR 1001) in a northeasterly direction 224.47 feet to a point, said point being on the western boundary of Sugar Hill Road (SR 1001) and the southern boundary of Veterans Drive (SR 1191); thence crossing Veterans Drive (SR 1191) in a northeasterly direction 60 feet to a point on the northern boundary of Veterans Drive (SR 1191), said point also being the southern point of Lot 7572, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said Lot 7572 in a northwesterly direction 138.53 feet, thence in a northeasterly direction 119.98 feet to a point, said point being the northern point of said lot 7572 and the western point of Lot 8671, Block 96 on the McDowell County Tax Map 0790-12; thence following the boundary of said lot in a northeasterly direction 101.64 feet to a point, said point being the northern point of said Lot 8671 and the western point of Lot 9740, Block 96 on the McDowell County Tax Map 0790-12; AA.000000954 (24)

Section 7. The Mayor of the City of Marion shall cause an accurate map of the annexed territory described in Section 1 hereof, together with a duly certified copy of the ordinance, to be recorded in the office of the register of deeds of McDowell County, and to the office of the Secretary of State in Raleigh. Such a map shall also be delivered to the McDowell County Board of Elections, as required in G.S. 163-288.1.

Section 8. This ordinance shall become effective on January 31, 2011.

As to qualified tracts of agricultural land, horticultural land and forestland, the annexation will become effective on the last day of the month in which the tract or part thereof becomes ineligible for present-use classification under G.S 105-227.4 or no longer meets the requirements of G.S 160A-37(f1)(2).

Adopted this 16th day of November, 2010.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

APPROVED AS TO FORM:

City Attorney

Ordinance Number: O-10-11-16-1

STATE OF NORTH CAROLINA
COUNTY OF MCDOWELL

I, _____, Notary Public of McDowell County, North Carolina, do hereby certify that before me this day personally appeared J. Robert Boyette, who, after first being duly sworn, deposes and says that he is acquainted with Stephen R. Little, who is Mayor of the City of Marion, North Carolina, the corporation executing the foregoing Ordinance to Extend the Corporate Limits of the City of Marion, North Carolina, that he knows the common seal of the City of Marion and that he, the said J. Robert Boyette, Clerk of the City Council of the said City, that he saw the foregoing instrument signed in the name of said corporation by Stephen R. Little, Mayor, as aforesaid, that he saw the Mayor affix the common seal of the said corporation thereto, and that he, the said J. Robert Boyette, Clerk, as aforesaid signed his name in attest action of execution thereof, all ordered by the City Council of the City of Marion, North Carolina, for purposes therein set forth,

Spent most of September working on Mountain Glory Festival.

Events Committee continues to grow!
Volunteer Hours Committed – 101

Upcoming Events
Sunday, November 21 – Christmas Parade
Thursday, December 2 – Melodies on Main
Friday, December 31 – Marion Rotary New Year's Eve Celebration
Every Thursday Night, 7:00 PM – Free Bluegrass Music Jam @ Depot

Mayor Little thanked Mr. Waugh for this presentation and the continued work of the Marion Business Association.

APPROVE STREET CLOSURE FOR NEW YEARS EVE CELEBRATION: The City Manager stated that the City, the County, MBA and Marion Rotary Club have begun planning this year's New Year's Eve Celebration, with the intention to build on last year's inaugural event. The City's role will be supplying labor and equipment, such as police officers for security, a stage for the Courthouse lawn and the Fire tower truck to assist with the dropping of the gold nugget.

The City Manager stated that he would request Council approval of a street closure for this event on Main Street between New and Henderson Streets between 7:00 p.m. and 1:00 a.m. The event will take place between 9:00 p.m. and 12:30 p.m., so the actual street closure may not be needed right at 7:00 p.m.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the street closure for the New Years Eve Celebration between New and Henderson Streets between 7:00 p.m. and 1:00 a.m.

PRESETATION OF 2009-10 CITY AUDIT REPORT: Gaye Dagenhart of Martin Starnes & Associates appeared before Council and presented the City's 2009-10 Audit Report, as follows:

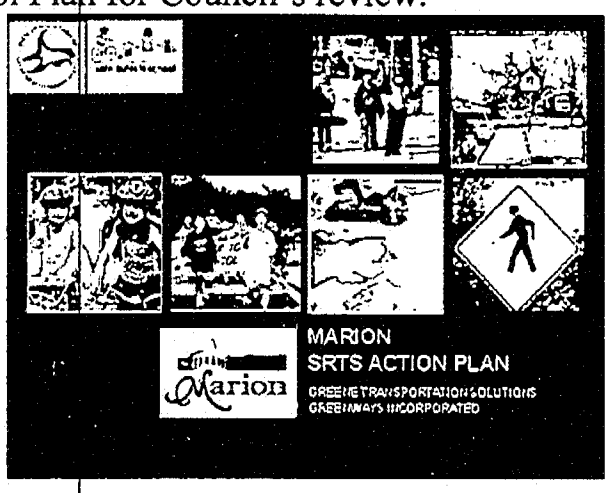
Financial Report Change For 2011

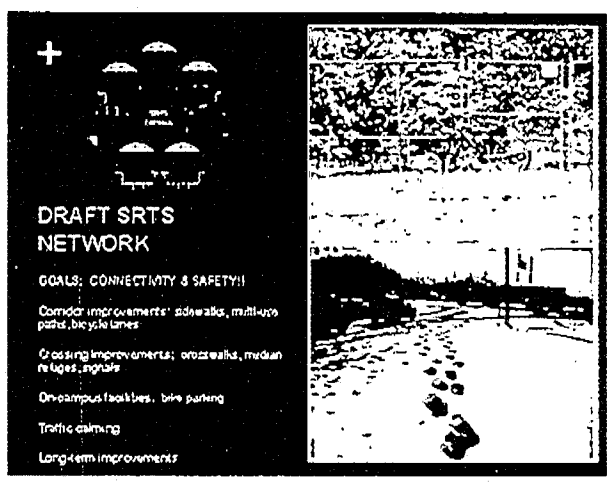
The City's financial statements in 2011 will reflect an accounting standards change regarding special revenue funds and balance reporting.

We will review the City's fund structure in the Spring of 2011 and alert management of any reporting changes that will be necessary.

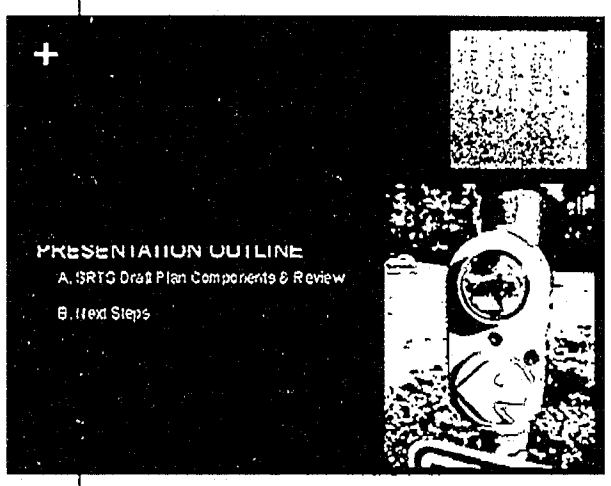
Discussion
&
Questions



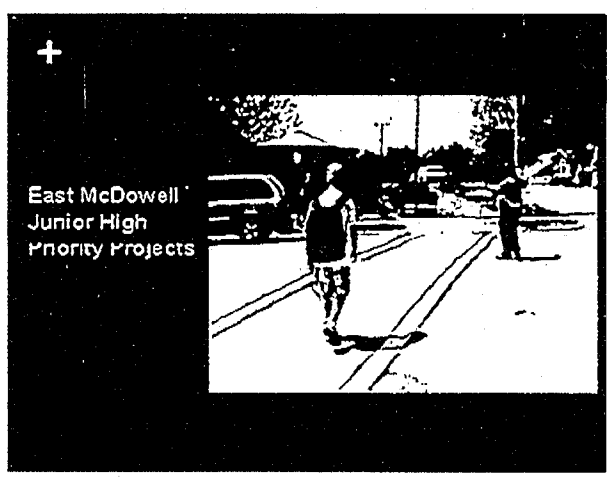
MARTIN·STARNES
& ASSOCIATES, CPAs, P.A.



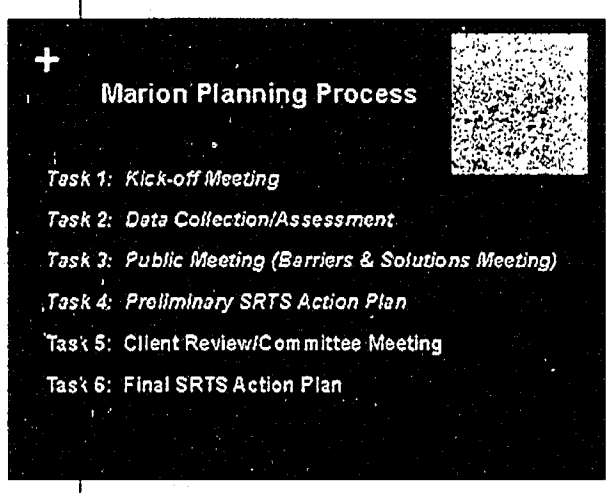
Ms. Dagenhart reported that the City received an unqualified, or clean opinion, for this audit and stressed how helpful Finance Director Harriett Thomas and her staff were during the audit process.



Mayor Little thanked Ms. Dagenhart for the great presentation.



The City Manager stated that he wished to commend Ms. Thomas and her staff for their hard work in managing the City's finances, which has resulted in the City not receiving any findings or management letter comments for five years in a row.



PRESENTATION OF SAFE ROUTES TO SCHOOL PLAN: Planning and Development Director Heather Cotton presented the following highlights of the City's proposed Safe Routes to School Plan for Council's review.

1

The City Manager presented a petition from residents of the Baldwin Avenue area, requesting installation of sidewalks and crosswalks in the Baldwin Avenue, Perry Street and Yancey Street areas. The City Manager stated that the work to obtain this petition came from Baldwin Avenue resident Ms. Emily Shirley, after a young man in her neighborhood was hit by a truck while crossing Baldwin Avenue. The City Manager commended Ms. Shirley for taking action, rather than simply complaining about a problem. He added that the completion of the Plan should open the City up to receiving Safe Routes to School implementation funds and that a Baldwin Avenue sidewalk may be a top priority for such funding.

The City Manager stated that if Council had any comments concerning the proposed Plan to let him know, or to let him know if they felt the Plan is on the right track. The City Manager stated that DOT will need to review and adopt the Plan, so Council will have a month or two to make comments.

Council Member Clark stated that the idea of the Plan was very good, but that there was no way the City could afford to implement all recommendations. He said that he would need to review in more detail the specific projects recommended for implementation.

AA.00000966 (24)

Council Member Martin stated that while looking world news that evening, he saw a report that, in China, when something needs done the country does it, but here, we seem to talk about improvements for years. It is time we stop talking and start doing, while recognizing that the City cannot implement the Plan by itself.

Council agreed to take the proposed Plan under advisement and to look at it in more detail at a future meeting.

MCDOWELL MISSION MINISTRIES FUNDING REQUEST: The City Manager advised that, based on Council discussion at the November 8 Council Planning Session concerning the request for funding from McDowell Mission Ministries at the November 2 Council meeting, he had explored grant opportunities for the McDowell Mission Ministries Friendship Home on Fleming Avenue with the County and Isothermal Planning and Development Commission. The City Manager advised that there may be some long term grant prospects for the Friendship Home, but that there were no grants that could fund urgent roof repairs needed at the building.

The s City Manager reported that the County Commissioners recently voted to provide $10,000 in funding for this project. Council Members are working on opportunities for funding for the project, through local non-profit organizations and civic clubs. The City Manager stated that the UNC School of Government advised that cities could fund homeless shelters, since they serve a public purpose and since State law specifically authorizes such funding.

Council Member Clark made a motion that Council approve $5,000 in one-time funding for needed roof repairs at the McDowell Mission Ministries Friendship Home on Fleming Avenue this project, given the work that the Mission does to keep homeless people off of the streets. The motion was seconded by Council Member Cuthbertson and approved unanimously by Council.

Council Member Martin thanked Council Member Clark for his recommendation and Motion.

Mayor Pro Tem Owenby stated that it seems that every time a non-profit organization asks for something, it is a dire emergency. He said he wonders if such organizations allow problems to grow to the point they become a crisis, instead of fixing problems when they occur.

City Council acknowledged that no commitment would be given to future annual funding for McDowell Mission Ministries, as had been requested by the organization.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the National Park Service (NPS) had recommended that the Overmountain Victory Trail (OVT) headquarters be located in Burke County, instead of the McDowell House. He reported that the NPS would hold a public comment meeting on the selection on Tuesday, December 7, 2010 from 5:00PM – 8:00PM at the Courthouse. Even though the NPS has recommended Burke County for the OVT headquarters, he noted that Council has already changed its Council meeting date from December 7 to 14, so the Mayor and Council Members could attend the public comment meeting.
Mayor Little suggested that he planned to attend and urged all Council Members to attend as well. He said that he would like to convey the City's disappointment in the McDowell House not being chosen for the OVT headquarters location, but also ask for NPS support for the McDowell House renovation going forward.

The City Manager stated that he would coordinate speakers for the public meeting with other organizations such as the County and the McDowell House Committee.

AA.000000967 (24)

Council Member Clark suggested that the community ask for a certain amount, if known, from NPS for the McDowell House project.

The City Manager advised that the Chamber would be holding a ribbon cutting for Low County Dining on Thursday, November 18 at 2:30 p.m.

The City Manager advised that the Christmas Parade would be held on Sunday, November 21 at 3:00 p.m. The Parade line-up will be in the Advance Auto Parts parking lot at 2:30 p.m. The City van will be decorated for the Mayor and Council Members to ride in the Parade and will be at City Hall until 2:30 p.m., at which time it will be moved to Advance Auto Parts.

The City Manager advised that planning continues for the New Year's Eve Celebration. It appears now that all downtown food and beverage establishments will be open New Year's Eve and most if not all will sell hot drinks and in some cases food on the street or sidewalk.

The City Manager advised that City staff and contracted landscaper Lawrence Moore had recently planted gingko trees on Main Street to replace holly trees that had been removed. The installation of way finding signage in the downtown area will soon take place.

Council Member Doggett asked if Christmas lights will be placed on the trees. The City Manager reported that Mr. Moore recommended that lights not be placed on the new gingko trees this year and that mesh enclosures be placed around the trees, to protect them, for the next year.

Council Member Clark stated that he did not believe that a string of Christmas lights would harm the new trees. The City Manager stated that City staff would light the trees if so directed by Council. Council Member Doggett suggested that she sees why the trees should not be lit this year, but would expect the trees to be lit next year.

The City Manager advised that the Wal Mart Supercenter developer recently informed him that construction would start on the Wal Mart Supercenter by February 1 and on the retail shopping center by April 1, with the completion of both building scheduled for September 15. The City Manager advised that the City hoped to start the water and sewer extension on Sugar Hill Road to I-40 in early 2011.

The City Manager reported that McDowell Early College students would visit City Hall the morning of November 21 to learn about municipal government and invited the Mayor and Council Members to speak to the students if available.

COUNCIL MEMBER COMMENTS:
No comments

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

Ordinance Number: O–10–12–14–1

E. Approve ABC Board Requests

Under legislation approved by the North Carolina General Assembly in 2010, ABC Boards have the authority to appoint as their Finance Officer the Finance Officer of the appointing authority with the consent of said appointing authority. Such an appointment may take effect on July 1, 2011. Based on our prior Council discussions at Planning Sessions, the City Manager recommended and Council formally approved the appointment of the City's Finance Director, Harriett Thomas, as the Finance Officer of the Marion ABC System, effective July 1, 2011. The ABC Board will also take action regarding this appointment and record said action in their minutes. This appointment will streamline ABC Board operations and reduce operating expenses, therefore increasing the profits paid to the City by the ABC Board.

Council also formally approved a request by the Marion ABC Board to retain the current level of compensation for ABC Board members, at $275 per month for the Chairman and $250 per month for Board members. This level of compensation has not changed in more than ten years. The recent legislation approved by the North Carolina General Assembly states that approval of the appointing authority is required for any level of ABC Board compensation greater than $150 per Board meeting. The Marion ABC Board typically meets once per month. The City Manager will notify the State ABC Commission of Council's approval of the current level of compensation for the Marion ABC Board Chairman and Board Members.

F. Approve Interlocal Agreement with McDowell County – Motor Vehicle License Tax Billing

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL

AGREEMENT

THIS AGREEMENT is made and entered into this ____ day of _____ 2010 by and between the County of McDowell, a North Carolina Municipal Corporation, hereinafter referred to as "the County", and the City of Marion, a North Carolina Municipal Corporation, hereinafter referred to as "the City".

WITNESSETH

WHEREAS, McDowell County and the City of Marion are political subdivisions of the State of North Carolina, both having the power and authority to enter into this agreement and the signatories hereto have been authorized to execute this document on behalf of the McDowell County Board of Commissioners and Marion City Council; and

WHEREAS, the City has requested that the County bill the City's motor vehicle license tax; and

WHEREAS, the County is willing to bill said tax subject to the execution of an Agreement.

NOW, THEREFORE, the parties wish to reduce their agreement to writing and agree to the following:

AA.000000975 (24)

1. The County and the City mutually agree that this Contract shall become effective on August 1, 2010 and it shall continue in effect until terminated by the consent of both parties.

2. McDowell County agrees to assume all operational responsibility for the billing and collection of the City's motor vehicle license tax, both current and delinquent. The County, through its Tax Department, shall exercise all general duties on behalf of the City of Marion under the North Carolina General Statutes. This authority includes all remedies, including garnishment, attachment and foreclosure, allowed under the law.

3. The City agrees to pay the County an annual amount of $2,000 to offset the County's costs. The annual costs shall be based on a study of the actual cost of billing and collection of the City motor vehicle license tax and may be adjusted based on subsequent studies that are completed.

4. The County shall send an annual statement for billing and collections services after December 1 of each year. The City agrees to remit payment to County within 30 days of receipt.

5. This Agreement may be modified by mutual, written agreement of the parties. Any termination of this Agreement must be made in writing and delivered no later than December 31 of any year prior to the July 1 effective date of the termination. This six month notice of termination must be sent via first class mail or facsimile to the following:

   For County:

   Charles Abernathy
   County Manager
   60 East Court Street
   Marion North Carolina 28752

   For City

   Bob Boyette
   City Manager
   PO Drawer 700
   Marion, NC 28752

6. The City agrees that the County Tax Department shall be authorized to use all lawful means to collect the motor vehicle license tax on behalf of the City. The City agrees to extend full cooperation from its officials, agents and employees in the collection of these taxes

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

G. Request for Use of Farmer's Market Shelter – Caffiend Underground

Council approved the use of the Farmers' Market Shelter on Saturday, October 29, 2011 from 3:00 PM to 12:00 Midnight by Caffiend Underground for the purpose of a Halloween Costume Contest open to the public.

CONSENT ITEM H. - APPROVE RESOLUTION REGARDING TREATMENT OF SMALL REFUNDS OF WATER AND SEWER DEPOSITS: Council Member Clark asked that this item be removed from the consent items for further discussion.

The City Manager suggested that this item be discussed at the next Council Planning Session. The Mayor and Council Members agreed by consensus for this matter to be discussed at the next Council Planning Session.

CONSENT ITEM I. – APPROVE RESOLUTION SUPPORTING COMMUNITY ACTION OPPORTUNITIES APPLICATION FOR GRANT FUNDS FOR COMMUNITY SERVICES BLOCK GRANT FOR EXPANSION INTO MCDOWELL COUNTY: The City Manager advised that Community Action Opportunities (CAO), a non-profit organization operating out of Buncombe and Madison Counties, has asked for County approval and City support of their application for Community Services Block Grant (CSBG) funds from the N.C. Office of Economic Opportunity to allow CAO to expand its services into McDowell County.

Finance Director Harriett Thomas stated that she served as the auditor for CAO for several years and could attest to the good work done by the organization in other counties. She added that CAO has been in existence since 1964. Ms. Thomas reported that McDowell County had endorsed this grant application.

Council Member Clark stated that he serves on the North Carolina Community Development Council, which oversees Community Development Block Grant funds, and wanted to speak to State officials about this organization and the grant they are requesting prior to agreeing to endorse the grant application. Council agreed by consensus to reschedule this item for the January 4 Council meeting.

PUBLIC HEARING- ZONING TEXT AMENDMENT: Planning and Development Director Heather Cotton advised that a request had been submitted on November 12, 2010 by Jeremy Suttles Entertainment to allow for "Bingo Halls" as a permitted use in the C-2 General Business District. Ms. Cotton stated that bingo establishments are regulated by the NC Department of Crime Control and Public Safety. Though several bingo establishments have operated in both C-1 and C-2 Business Districts in the past, the use is not specifically defined within the zoning ordinance. After review of both the Marion City Code and state requirements for the operation of bingo establishments, it is staff's recommendation that the use is substantially different in intent and operation of billiard and pool halls, video game parlors, and other coin operated amusement or recreational machine parlors, and therefore recommended that the Applicant make a request to amend the code.

Ms. Cotton reported that the North Carolina General Statutes gives authorization to the N.C. Department of Crime Control and Public Safety to regulate bingo establishments on an annual basis with an approved license. Organizations that hold a state license for operating a bingo establishment are regulated by strict laws that only allow such activity to take place no more than ten hours a week and no more than twice a week. Other requirements include a cap on prizes awarded, limited to tax exempt organizations, employment criteria, and size of building and

AA.000000977 (24)

property for which bingo can take place. Failure to comply with state regulations can result in the revocation of a state license to operate and/or may constitute a punishable offense.

Ms. Cotton stated that, based on the state requirements summarized above, Staff recommends that bingo establishments be permitted within the C-2 General Business District. The primary reason for this recommendation is concern with regulations that limit the duration and number of days per week bingo activity may take place, which would give the appearance of an empty store front. Another consideration is state regulations placing size requirements on both the building and property where bingo establishments may locate.

Ms. Cotton also advised that staff recommends changes to the code that would allow for billiard and pool halls, video game parlors, or other coin operated amusement facilities to be permitted as an accessory use to a principal business in the C-1 Business District and allow for such uses to be allowed as a principal use within the C-2 General Business District.

Ms. Cotton reported that the Planning Board recommended approval of the Zoning Text Amendments in a 4-0 vote at their December 2 meeting.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council present voted to adopt the following Ordinance, as recommend by the Planning Board:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended by adding the following:

Sec 21-21 Definitions

Bingo Hall. A facility used to conduct bingo games in compliance with state statutory provisions, and open to the public and not in a subsidiary nature to another use.

Section 2. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amending permitted uses within the C-1 Central Business District as follows:

Sec.21-204 (2) Permitted Uses. The following uses are permitted within the C-1 Central Business District:

(7) Billiard and pool hall, video game parlor or other coin operated amusement or recreational machine parlor accessory to a principal use.

Section 3. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to the C-2 General Business District.

Sec. 21-205 (2) Permitted Uses. The following uses are permitted within the C-2 General Business District:

(34) Billiard and pool hall, bingo hall, video game parlor or other coin operated amusement or recreational machine parlor.

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 14th day of December 2010.

Stephen R. Little, Mayor

AA.00000078 (24)

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-10-12-14-2

PUBLIC HEARING – NORTH CAROLINA PARKS AND RECREATION TRUST FUND GRANT - JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY PHASE 2:

Planning and Development Director Heather Cotton gave a brief overview of the proposed N.C. Parks and Recreation Trust Fund (PARTF) grant application for Phase 2 of the Joseph McDowell Historic Catawba Greenway, to extend for approximately 2,800 linear feet from the end of Phase 1 under the US 221 Bypass to the McDowell House property on US 70 West. Council must hold two public hearings on the N.C. Parks and Recreation Trust Fund (PARTF) grant application for Phase 2 of the Greenway, this being the first public hearing.

Ms. Cotton stated that, as part of the City's PARTF application, three recreational elements must be included. The trail itself will not be considered as one of the elements. The trail, however, will require the dedication of right of way to the City. The area that approximately extends from the bank behind the McDowell House to the Catawba River or an area about 60-80 feet wide, whichever is greater, is needed for the trail.

Ms. Cotton reported that one of the recommended required recreational elements for the PARTF application will be a canoe launch across the Catawba River. This canoe launch will be located on property already leased by the City by Great Meadows. It is possible that the City's lease with Great Meadows may need to be tweaked a bit to comply with PARTF grant rules for site control. A second proposed recreational element would be fitness stations along the trail, within the area to be dedicated as right of way, as described above.

Ms. Cotton advised that the final recommended element will be an amphitheater extending from the top of the bank at the rear of the McDowell House down to the Catawba River. The amphitheater will be modeled after the one behind the Mountain Gateway Museum in Old Fort. This amphitheater was designed by Terrell Finley. Mr. Finley said he would be happy to help the City with the design for the proposed amphitheater.

The City Manager stated that he had presented these ideas to the McDowell House Committee on December 1. After discussion, the Committee felt that the amphitheater would not adversely affect the McDowell House property in any way and would allow for presentations and educational programs to take place, thereby creating an asset for the property. Committee members asked that the amphitheater be as large as the site and the project budget will allow.

The City Manager stated that, in addition, parking for the Greenway is also recommended for the part of the McDowell House property directly behind the Sonic Drive-In property. The McDowell House Committee again felt that the parking lot be as large as the site and project budget will allow. The parking lot would also serve the McDowell House.

The City Manager stated that the McDowell House Committee felt that the overall Greenway plans proposed by the City would not detract from the property, would create amenities for the McDowell House site and would be consistent with the vision of all involved parties to continue the Greenway. Therefore, the Committee voted unanimously to recommend approval of the Greenway plans, as they affect the McDowell House property, to the County.

Ms. Cotton stated that the City's PARTF application is due January 31. Before that time, Council will need to hold another public hearing and formally approve the grant application.

AA.000000979 (24)

Ms. Cotton stated noted PARTF rules about site control of property funded by the grant. Coordination will be needed between the City and County to determine whether property donation is needed from the County to the City, a long-term agreement can be put in place regarding the public use of the elements to be funded by the grant or whether other options, such as a joint City-County PARTF grant application for Phase 2, exists to satisfy grant requirements. The State recommended that a joint City-County PARTF application, with the City being the lead applicant, as the simplest solution to site control with the McDowell House property. The City will have site control over the rest of the Phase 2 Greenway through a property donation from Great Meadows, Inc.

The City Manager stated that he had spoken to County Manager Chuck Abernathy concerning the proposed Greenway plans and needed property donation, long-term agreement or joint application to satisfy PARTF requirements. Mr. Abernathy indicated that the concepts and plans sound fine to him and that the County would likely be willing to work with the City on any of the options needed to satisfy PARTF requirements. If the County is a joint grant applicant, the County will need to hold one public hearing in January and also approve the grant application.

The City Manager stated that he and Ms. Cotton met with Mr. Abernathy at the McDowell House site on December 13 to show him the proposed location of Greenway elements and to discuss the grant process.

Council Member Clark suggested that the maintenance of and lease arrangements for the McDowell House portion of the Greenway, the amphitheater and the parking lot would need to be worked out with the County. The City Manager stated that such arrangements could be worked out as the project progressed.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to approve the general concept of the plans and grant application for Phase 2 of the Joseph McDowell Historical Catawba Greenway.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

REQUEST BY MR. GORDAN BUNTIC FOR LICENSE TO OPERATE GAME ROOM/POOL ROOM AT 1155 NORTH MAIN STREET (STUDIO ONE) AND TO AMEND CHAPTER 10 OF CITY CODE TO ALLOW ALCOLHOL SALES IN GAME ROOMS OR POOL ROOMS: The City Manager advised that Mr. Gordan Buntic called and withdrew his request prior to this meeting. Therefore, no action was taken by Council.

AWARD CONTRACT FOR PADGETT DRIVE SEWER EXTENSION: The City Manager advised that, as shown on information presented to Council from McGill Associates, the City recently sought bids for the extension of sewer service to Padgett Drive off of US 70 West in the Pleasant Gardens Community. Bids were received from 10 construction companies, with Disaster Recovery Group, Inc. of Arden submitting the low bid of $58,966. The City Manager stated that staff originally estimated construction costs of $60,000 for this project.

Upon a motion by Council member Clark, seconded by Mayor Pro Tem Owenby, those members of Council present voted to award the contract for the Padgett Drive sewer extension to Disaster Recovery Group, Inc. in the amount of $58,966.

DISCUSS REVISED FAÇADE GRANT PROGRAM: The City Manager advised that the City, County, McDowell Economic Development Association (MEDA) and Marion Business Association (MBA) had been discussing for several months the idea of enhancing the MBA's Façade Grant Program. This issue arose out of discussion at a Council Planning Session earlier this year.

AA.000000980 (24)

The City Manager gave a brief overview of the proposed revisions to the Façade Grant Program, as follows:

Marion Façade Grant Program
Proposed Revision – December 2010

The Joint Utility Committee held a discussion at their meeting on November 18 concerning the implementation of a revised and expanded Downtown Marion Façade Grant Program, involving improvements such as painting, awnings and windows, to upgrade the attractiveness of the downtown area. Downtown Marion is obviously in the City of Marion's jurisdiction but is also the focal point of McDowell County, making its attractiveness and vitality crucial to both the City and County. The City, County, McDowell Economic Development Association (MEDA) and the Marion Business Association (MBA) have been discussing this matter for several months. The MBA already administers a Façade Grant Program, but grant awards are capped at $1,000, which has resulted in the Program not being used very much, thus minimizing the effectiveness of the grant.

The discussion at the November 18 Joint Utility Committee meeting was that a joint effort to expand and improve the Façade Grant Program should be undertaken jointly by the City of Marion, McDowell County, MEDA and the MBA. MEDA and the MBA would take the lead role in directly providing funding, while the City and County would provide support for the Program, the use of labor and equipment in certain cases and assist with marketing and promotion of the Program.

Mayor Steve Little, McDowell County Board of Commissioners Chairman David Walker, MBA President Darren Waugh, MEDA Chairman Butch Justice, County Manager/MEDA Director Chuck Abernathy, MBA Director Freddie Killough and City Manager Bob Boyette met on December 3 and discussed the program in more detail.

An outline for the revised Façade Grant Program is as follows:

1. MEDA would invest $7,500 per year in the Program, through membership and private funds.

2. The MBA would invest $7,500 per year in the Program. The MBA can do under its current budget for at least two years.

3. The total investment of $15,000 per year would be placed in a pool and matched dollar for dollar by the building or business owner, guaranteeing total annual investment of at least $30,000 per year.

4. Grants would be capped at $5,000, but smaller grants could be considered. Therefore, at least three grants would be awarded per year.

5. The City would use its own forces and equipment for certain limited tasks. Examples include removal of false facades, metal awnings and signs overhanging public sidewalks, after the property owner signs a hold harmless waiver.

6. Grants would be approved on a competitive basis by an appointed committee, composed of representatives from all four involved organizations. A grant period of approximately 90 days would open each year, with grant applications being due perhaps as soon as March 31. For the first year, this deadline will likely have to be later.

7. Program guidelines are largely in place but would need to be reviewed and potentially revised, based on input from the four involved organizations. For example, repairs to structures not visible from the public street, roof repairs and interior improvements would not be eligible.

AA.000000981 (24)

8. Approved projects would be required to comply with historic color/décor schemes, along with other criteria established in the Program guidelines. A historic color pallet could be included with the application materials.

9. The Program committee would reserve the right to establish priority areas for grant awards. The Chairpersons and staff of each organization felt that commercial buildings on Main Street and within one block of Main Street should receive priority.

10. Prior to finalizing the Program, the four involved organizations would hold a meeting with Downtown business and building owners, hopefully in January, to receive input regarding the Program guidelines and then would potentially amend the guidelines, based on said input.

The idea of a revised Façade Grant Program has generated considerable excitement among the boards and staff of the four involved organizations. The expanded program, overseen by the City, County, MEDA and MBA working cooperatively, would certainly demonstrate great cooperation and movement on a challenge facing the City: improving the appearance and vitality of the downtown area. The ultimate goal of the Program is to achieve enhanced business activity in the Downtown area.

Approval of the concept of the revised and expanded Façade Grant Program is therefore requested of the Marion City Council, McDowell County Board of Commissioners, McDowell Economic Development Association Board of Directors and the Marion Business Association Board of Directors as soon as possible to allow for the public input meeting to be held in January. After the public input meeting, then each organization can formally and officially approve the Program, based on any changes recommended as a result of the public input meeting. After this formal approval, the Program Committee can be appointed and the grant period can be opened, to allow for grants to be awarded by mid-2011.

The City Manager stated that, at the meeting on December 3 with Mayor Little, Chairman David Walker, Mr. Waugh, Mr. Justice, Ms. Killough, Mr. Abernathy and himself, it was acknowledged that MEDA has the resources to contribute $7,500 per year, while Mr. Waugh and Ms. Killough felt that the MBA could contribute such an amount for at least two years with their current budget.

The City Manager stated that the proposed defined program area would be the commercial downtown area, extending from the Logan/North Main intersection southward to the South Main/Garden Street intersection while also including at least one block on either side of Main Street. Only commercial properties would be eligible for grants.

The four organizations suggested that the County Manager, Freddie Killough and the City Manager work on the Façade Program guidelines and application, which were presented to Council for their review. Some minor tweaking of the guidelines may be needed.

Mayor Little stated that he sees this as a positive program.

Mayor Pro Tem Owenby stated that a lot of people and businesses are not going to have the money for a dollar for dollar match and could use the money up front.

Mayor Little stated that he agrees, given that these are tough economic times. However, at least with this program, business owners would have a chance to cut the price in half.

AA.00000982 (24)

Council Member Clark stated that the concept is great, and that the City has a lot of buildings that are unsightly with paint peeling in the downtown area. He added that he hoped the City would keep working on the unsightly railroad banks adjacent to Main Street as well.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to endorse the concept of the revised Façade Grant Outline as follows:

1. MEDA would invest $7,500 per year in the Program, through membership and private funds.

2. The MBA would invest $7,500 per year in the Program. The MBA can do under its current budget for at least two years.

3. The total investment of $15,000 per year would be placed in a pool and matched dollar for dollar by the building or business owner, guaranteeing total annual investment of at least $30,000 per year.

4. Grants would be capped at $5,000, but smaller grants could be considered. Therefore, at least three grants would be awarded per year.

5. The City would use its own forces and equipment for certain limited tasks. Examples include removal of false facades, metal awnings and signs overhanging public sidewalks, after the property owner signs a hold harmless waiver.

6. Grants would be approved on a competitive basis by an appointed committee, composed of representatives from all four involved organizations. A grant period of approximately 90 days would open each year, with grant applications being due perhaps as soon as March 31. For the first year, this deadline will likely have to be later.

7. Program guidelines are largely in place but would need to be reviewed and potentially revised, based on input from the four involved organizations. For example, repairs to structures not visible from the public street, roof repairs and interior improvements would not be eligible.

8. Approved projects would be required to comply with historic color/décor schemes, along with other criteria established in the Program guidelines. A historic color pallet could be included with the application materials.

9. The Program committee would reserve the right to establish priority areas for grant awards. The Chairpersons and staff of each organization felt that commercial buildings on Main Street and within one block of Main Street should receive priority.

10. Prior to finalizing the Program, the four involved organizations would hold a meeting with Downtown business and building owners, hopefully in January, to receive input regarding the Program guidelines and then would potentially amend the guidelines, based on said input.

This matter will be brought back to Council for final approval after the public input meeting is held.

SCHEDULE TOWN MEETING AND CITY COUNCIL PLANNING SESSION: The City Manager advised that Council had traditionally held the annual Town Meeting on or around the third Thursday of January, which would be January 20 this year. The third Thursday of the month always conflicts with Lions Clubs meetings. In addition, on Thursday, January 20, the

AA.000000983 (24)

N.C. League of Municipalities will hold an Advocacy Goals Conference. The City Manager stated that the City may wish to be represented at this meeting, since the City has a goal that will be considered for endorsement by the League.

The City Manager proposed that the Town Meeting be scheduled for Thursday, January 27, at 7:00 p.m. at the Community Building.

It was the consensus of those members of Council present to set the annual Town Meeting for Thursday, January 27, 2011 at 7:00 p.m. at the Community Building, with Thursday, February 3, 2011 as the alternate date in the event of inclement weather.

APPROVE VOTING DELEGATE FOR N.C. LEAGUE OF MUNICIPALITIES ADVOCACY GOALS CONFERENCE: The City Manager advised that, as shown in information presented to Council, action is needed by City Council to select a voting delegate and alternate voting delegate for the N.C. League of Municipalities Advocacy Goals Conference on Thursday, January 20. The City Manager stated that he would plan on attending if Council wishes, but others may want to attend as well. The conference starts at 9:30 a.m. on January 20. To save money, the City Manager stated that he planned on leaving about 5:30 a.m. on the morning of January 20.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council voted to appoint City Manager Bob Boyette as the City's voting delegate to the N.C. League of Municipalities Advocacy Goals Conference in Raleigh on Thursday, January 20.

SPECIAL PRESENTATION BY MAYOR LITTLE: Mayor Little presented Mayor Pro Tem Cecil Owenby with a 15 year pin for completing 15 years of service as a Council Member with the City of Marion.

Mayor Little stated that he also had a 15 year service pin for Council Member Martin and would present it to him at the next available meeting.

Council Members congratulated both Mayor Pro Tem Owenby and Council Member Martin for their years of dedicated service to the City of Marion.

SPECIAL PRESENTATION BY MAYOR PRO TEM OWENBY:
Mayor Pro Tem Owenby presented Mayor Little with a 25 year pin for completing 25 years of service to the City of Marion, as Council Member and Mayor.

Council Members also congratulated Mayor Little for his years of dedicated service to the City of Marion.

RECOGNITION AND WELCOME BOY SCOUT TROOP 807: Mayor Little recognizes and welcomes Boy Scout Troop 807 for being present for tonight's City Council Meeting.

CITY MANAGER COMMENTS: The City Manager advised that the City had received a letter from the N.C. Rural Center giving notice of the increase of the City's grant award for the Water Plant study to $37,200. The City asked for $40,000, so the City ended up receiving over 90 percent of what was requested, which should allow for the implementation of the project. McGill is working on a revised project scope to account for the funding reduction.

The City Manager reported that the City also received a letter from the Rural Center providing notice of the receipt of a Building Reuse and Restoration Grant in the amount of $29,765 to allow Samir's (Anwer Gillani) to renovate the former Mystik Convenience Store building on North Main Street for a new convenience store that will employ four people.

AA.000000984 (24)

The City Manager advised that the City had an excellent Christmas Parade on November 21, with tremendous weather and perhaps the best crowd ever. The City Manager commended the board, staff and volunteers from the Marion Business Association, the Police Department, Public Works Department and Fire Department for their great work with the Parade.

The City Manager advised that work continues on the Sugar Hill Road commercial development. According to the developer, construction will start on the Wal Mart Supercenter building by February 1 and on the 40,000 square foot retail shopping center by April 1. Right now, the City Manager stated that he is proposing an annexation effective date of March 31 for this property, but discussions are on-going with the developer and Wal-Mart, which may cause the annexation effective date to be as early as January 4.

The City Manager stated that planning is well underway for the Second Annual New Year's Eve Celebration to take place on Main Street on Friday evening, December 31. The event should be bigger than last year's innaugural event.

COUNCILMAN COMMENTS:

Mayor Little advised that he has recently published a book about the construction of the railroad between Old Fort and Ridgecrest, the largest construction project in the United State up to that point.

Council Member Cuthbertson stated that the recent snow plowing and removal effort was great. City workers are to be commended.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Clark, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 4, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Cecil Owenby; Council Members Everette Clark, Lloyd Cuthbertson, and Juanita Doggett.

Council Member Martin could not be due to an emergency involving a family member.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Amanda Mann, Attorney, Troutman & Sanders, Raleigh, NC; Gabriel Elliott 1679 Rockhouse Road, Marion, NC; Briggs Gilliam 1679 Rockhouse Road, Marion, NC; Will Ross 200 Pleasant View Drive, Marion, NC; Jim and Charmaine Brady, 754 Rutherford Road, Marion, NC; Ansel Clark, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – December 14, 2010 Regular City Council Meeting Minutes

B. Adopt Resolution - Building Inspections for Wal Mart Supercenter and Grandview Station Retail Shops on Sugar Hill Road:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MARION, NORTH CAROLINA REGARDING DEVELOPMENT-SPECIFIC CITY AND COUNTY COOPERATION (THE "RESOLUTION")

WHEREAS, Marion Retail Investment, LLC (the "Developer") and Wal-Mart Real Estate Business Trust ("Wal-Mart") are constructing certain buildings and improvements (collectively, the "Development") on Sugar Hill Road in McDowell County (the "County"); and

WHEREAS, the Development is to be permitted pursuant to County development regulations (the "Permitting"); and

WHEREAS, the Development is to be annexed into the City (the "Annexation"); and

WHEREAS, given the overlapping timeframes of the Permitting and the Annexation, the City desires to exercise its statutory rights to cooperate with the County in connection with the Permitting and Annexation.

NOW THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. The foregoing recitals are true and correct and are hereby incorporated into the body of this Resolution as if fully set forth herein.

2. The Development, including without limitation all construction and improvements, is fully vested under current County development regulations and is allowed to proceed to completion under County development regulations, even after the property is annexed into the City, which completion includes without limitation the issuance of the building permit and Certificate of Occupancy.

3. The City will recognize the building permit and Certificate of Occupancy as issued by the County, and pursuant to N.C. Gen. Stat. § 160A-413, the City Council will request the County Board of Commissioners to direct County building inspectors to exercise their powers within the City's jurisdiction and empower them to do so until the City Council officially withdraws its request.

4. In the event the County refuses to cooperate as set forth herein, then following annexation the City will inspect the Development to the standards set forth in the County development regulations and will issue all necessary building permits and Certificates of Occupancy as set forth therein pursuant to N.C. Gen. Stat. § 153A-353.

5. For purposes of this Resolution, the Development does not include Developer's retained outparcels for which no site specific development plans have been prepared.

6. This Resolution shall take effect immediately upon its passage.

ADOPTED this the 4th day of January, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-11-01-04-2

C. Adopt Resolution - Verification From Municipality that Marion Fire Department is a City Department:

CITY OF MARION
RESOLUTION

VERIFICATION FROM MUNICIPALITY

WHEREAS, The Volunteer Fire Department of the City of Marion serves as an Agency of the City; and

WHEREAS, The Volunteer Fire Department of the City of Marion has requested confirmation of this Agency relationship; and

WHEREAS, This Agency's relationship is long-standing and generally acknowledged.

NOW, THEREFORE, Be it resolved that the City of Marion does hereby confirm this Agency's relationship and does verify by this Resolution that relationship.

ADOPTED this the 4th day of January, 2011.

Stephen R. Little
Mayor

D. Adopt Interlocal Agreement Regarding Building Inspections for Wal Mart Supercenter and Grandview Station Retail Shops on Sugar Hill Road:

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL

AGREEMENT

THIS AGREEMENT is made and entered into this ____ day of _____ 2011 by and between the County of McDowell, a North Carolina Municipal Corporation, hereinafter referred to as "the County", and the City of Marion, a North Carolina Municipal Corporation, hereinafter referred to as "the City".

WITNESSETH

WHEREAS, McDowell County and the City of Marion are political subdivisions of the State of North Carolina, both having the power and authority to enter into this agreement and the signatories hereto have been authorized to execute this document on behalf of the McDowell County Board of Commissioners and Marion City Council; and

WHEREAS, the City has, by resolution, requested that the County provide building inspection services for the Wal Mart Supercenter building and Grandview Station retail shops, located on Sugar Hill Road in the City of Marion, for which site specific development plans have been prepared; and

WHEREAS, the County is willing to provide said services.

NOW, THEREFORE, the parties wish to reduce their agreement to writing and agree to the following:

1. The County and the City mutually agree that this Contract shall become effective on January 4, 2011, the effective date of annexation for the Marion Retail Investment, LLC/Wal Mart Supercenter/Sugar Hill Road annexation.

2. The County agrees to provide building inspection services for the Wal Mart Supercenter building and Grandview Station retail shops, located on Sugar Hill Road in the City of Marion, for which site specific development plans have been prepared, up through the issuance of certificates of occupancy for the buildings described above.

3. The County agrees to hold harmless the City from any claim or loss of any kind as a result of any act or omission of the County's building inspector or other employee or designee in any way involved with the inspection and evaluation of work at the site.

4. The County and the City mutually agree that this Contract does not include outparcels on the Marion Retail Investment, LLC site on Sugar Hill Road.

5. The County and the City mutually agree that this Contract shall immediately terminate upon the issuance of certificates of occupancy for the Wal Mart Supercenter and Grandview Station retail shops, after which time the City shall immediately assume responsibility for providing building inspections services to said buildings.

6. The County shall provide the City with a copy of all permits, inspection reports and other records related to the buildings described above.

7. No payment shall be made by the City for building inspections services provided by the County, but the County will be entitled to retain all building permit fees it collects for the buildings described above during the duration of this Contract.

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – MARION RETAIL INVESTMENT/WAL MART SUPERCENTER DEVELOPMENT - SUGAR HILL ROAD ANNEXATION: The City Manager advised that the City has completed the annexation process for the Marion Retail Investment/Wal Mart Supercenter Development annexation on Sugar Hill Road. A public hearing is required on this proposed annexation. The City Manager stated that the property owner had requested that the annexation take effect immediately, upon adoption of the annexation ordinance after the public hearing.

Mayor Little opened the public hearing.

There were no citizens present to discuss this item.

The City Manager acknowledged that Ms. Amanda Mann, an attorney with Troutman & Sanders from Raleigh working with Wal-Mart on this project, was present for this public hearing.

Ms. Mann stated to Mayor Little and Council Members that she had really enjoyed working with City Manager Bob Boyette on this project over the past few months.

Mayor Little closed the public hearing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, those members of Council present voted to adopt the following ordinance to annex the Marion Retail Investment/Wal Mart Supercenter Development property on Sugar Hill Road, effective immediately.

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
MARION RETAIL INVESTMENT/WAL MART SUPERCENTER DEVELOPMENT – SUGAR HILL ROAD - 2010

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, January 4, 2011, after due notice by publication on Wednesday, December 22, 2010; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

AA.000000989 (24)

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of January 4, 2011:

Commencing at the USGS Monument "CLAIR" having NC grid coordinates N: 715228.370 E: 1107750.191; thence with a tie line S 41-40-21 W for 12,268.92 feet to a concrete right of way monument located along the eastern right of way of Sugar Hill Road (SR 1001) and the western transitional right of way of Mill Road (SR 1189) also being the Point of Beginning: thence with said transitional right of way N 84-33-13 E for 49.22 feet to a concrete right of way monument; thence with said western right of way along a concave curve to the south west having a radius of 331.37 feet, an arc length of 209.41 feet, and a chord bearing and distance of S 30-45-20 E for 205.94 feet to an Iron pin; thence S 12-26-29 E for 44.34 feet to a concrete right of way monument; thence with a line N 77-13-07 E for 58.90 feet to a concrete right of way monument located along the eastern right of way of said Mill Road; thence with a line S 15-24-35 W for 38.27 feet to a point located in said Mill Road; thence with said Mill Road S 02-04-23 W for 103.29 feet to a point; thence S 33-17-00 E for 54.50 feet to a point; thence S 23-36-40 E for 31.30 feet to a PK nail; thence S 22-47-07 E for 62.86 feet to a PK nail; thence S 29-29-21 E for 39.90 feet to a PK nail; thence S 33-33-37 E for 71.38 feet to a PK nail; thence S 33-33-37 E for 71.38 feet to a PK nail; thence S 36-15-42 E for 72.22 feet to a PK nail; thence S 36-45-44 E for 50.13 feet to a PK nail; thence S 40-09-20 E for 42.99 feet to a PK nail; thence S 44-16-57 E for 63.68 feet to a PK nail; thence S 56-59-38 E for 46.37 feet to a MAG nail; thence S 29-59-03 E for 19.26 feet to a MAG nail; thence S 65-31-56 E for 51.02 feet to an iron pin; thence with the common line of McKinney (D.B. 438. pg. 406) S 20-30-23 W for 233.77 feet to an iron pin; thence S 67-52-50 E for 196.26 feet to an iron pin; thence N 24-37-19 E for 228.27 feet to an iron pin; thence S 39-27-48 E for 123.66 feet to an iron pin; thence with the common line of Cardell (D.B. 694 pg. 760) S 42-00-45 E for 71.57 feet to an iron pin; thence S 24-29-47 E for 24.18 feet to an iron pin, thence S 24-50-48 E for 33.95 feet to an iron pin; thence S 36-51-02 E for 49.18 feet to an iron pin; thence S 42-48-17 E for 54.79 feet to an iron pin; thence S 33-24-18 E for 119.18 feet to an iron pin; thence S 35-14-55 E for 78.73 feet to an iron pin; thence S 19-22-49 E for 90.32 feet to an iron pin; thence S 08-43-24 E for 83.28 feet to an iron pin; thence S 14-41-59 E for 34.83 feet to an iron pin; thence with the common line of Tupper (D.B. 588 pg. 209) S 09-47-15 W for 45.37 feet to an iron pin; thence S 28-45-23 W for 77.84 feet to an iron pin; thence S 08-48-36 E for 99.07 feet to an axle; thence S 04-32-32 W for 60.00 feet to an iron pin; thence with the common line of CMH Homes (D.B. 920 pg. 447) and Pearsall (D.B. 814 pg. 969) respectively S 04-27-25 W for 191.47 feet to an iron pin; thence with said common line of Pearsall S 10-49-06 W for 139.73 feet to an iron pin; thence with the common line of Woody (D.B. 478 pg. 924) N 50-02-29 W for 17.22 feet to an iron pin; thence S 05-21-59 W for 577.85 feet to an iron pin located along the northern right of way of Interstate 40; thence with said northern right of way N 58-43-50 W for 190.32 feet to a concrete right of way monument; thence S 31-33-54 W for 34.86 feet to a concrete right of way monument; thence N 58-45-47 W for 559.75 feet to a concrete right of way monument; thence S 31-20-35 W for 65.02 feet to a concrete right of way monument; thence N 59-35-46 W for 537.01 feet to a concrete right of way monument; thence N 27-49-49 E for 11.93 feet to a concrete right of way monument; thence N 63-17-00 W for 250.88 feet to an iron pin; thence leaving said northern right of way and with the common line of Carolina Energies, Inc. (D.B. 631 pg. 152) N 13-09-28 W for 37.85feet to an iron pin; thence N. 15-36-28 W for 130.57 feet to an iron pin; thence N 05-32-40 E for 57.08 feet to an iron pin; thence N 01-07-46 E for 57.87 feet to an iron pin; thence N 12-07-53 E for 180.96 feet to an iron pin; thence N 11-42-13 E for 147.35 feet to an iron pin; thence N 64-35-55 W for 63.42 feet to an iron pin; thence with the common line of My Wife, LLC (D.B. 932 pg. 759) N 29-42-40 E for 52.74 feet to an iron pin; thence N 27-11-06 E for 114.33 feet to an iron pin; thence N 27-35-42 E for 21.62 feet to an iron pin; thence with a line N 83-40-23 W for 116.78 feet to an iron pin; thence with the common line of my Wife, LLC (D.B. 932 pg. 759) N 74-16-43 W for 99.59 feet to an iron pin located along said eastern right of way of Sugar Hill Road; thence with said eastern right of way along a concave curve to the north west having a radius of 1607.60 feet, an arc length of 40.80 feet, and a chord bearing and distance of N 26-54-27 E for 40.80 feet to an iron pin; thence leaving said eastern right of way and with the common line of Gurley Properties (D.B. 852 pg. 719) S 74-16-43 E for 83.03 feet to an iron pin; thence N 81-26-02 E for 192.17 feet to an iron pin; thence S 27-53-08 W for 49.89 feet to an iron pin; thence N 30-49-34 E for 57.05 feet to an iron pin; thence N 25-20-44 E for 161.45 feet to an iron pin; thence N 09-50-19 W for 64.51 feet to an iron pin; thence N 10-40-40 W for 47.61 feet to an iron pin; thence with the common line of Holmes & Moore (D.B. 843 pg. 618) N 01-56-38 E for 68.88 feet to an iron pin; thence with the common line of NCDOT (D.B. 659 pg. 382) N 70-39-15 W for 190.59 feet to an iron pin located along said eastern right or way of Sugar Hill Road; thence with said eastern right of way N 18-53-42 E for 215.29 feet to a concrete right of way monument; thence along a concave curve to the south east having a radius of 2362.21 feet, an arc length of 605.61 feet, and a chord bearing and distance of N 28-03-53 E for 603.94 feet to the point of Beginning containing 2,466,926 Sq. Ft. or 56.633 Acres more or less.

Section 2. Upon and after January 4, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled

AA.0000000990 (24)

to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 4th day of January, 2011.

Stephen R. Little, Mayor

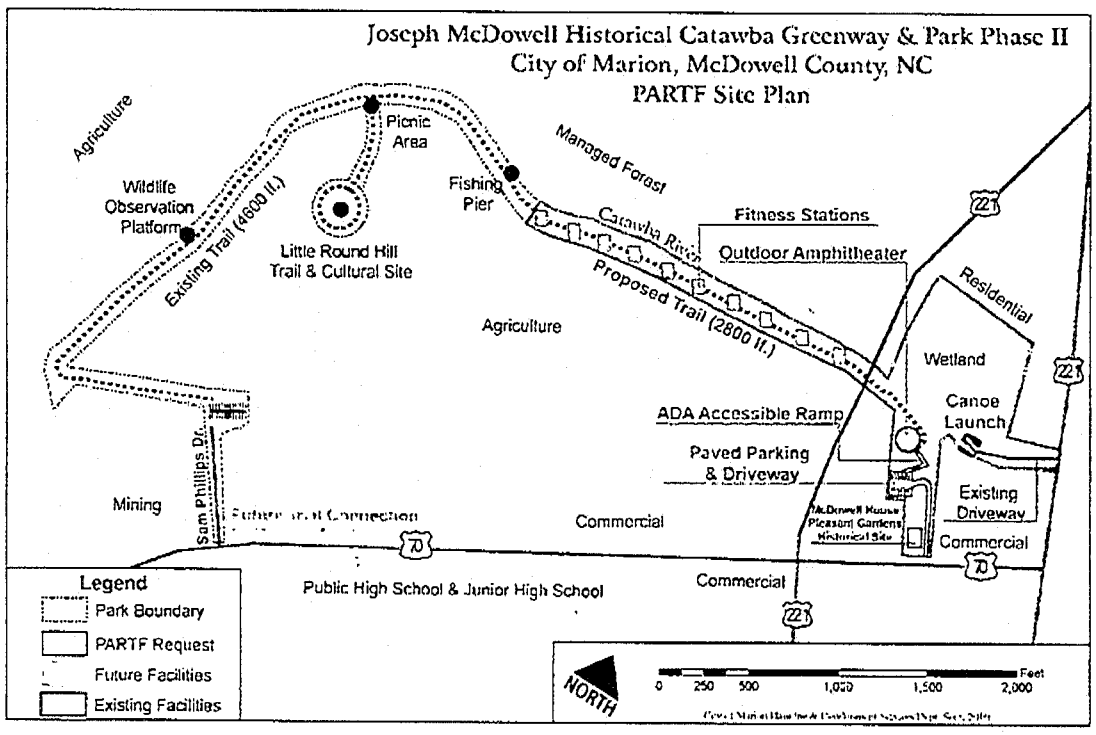
City Attorney

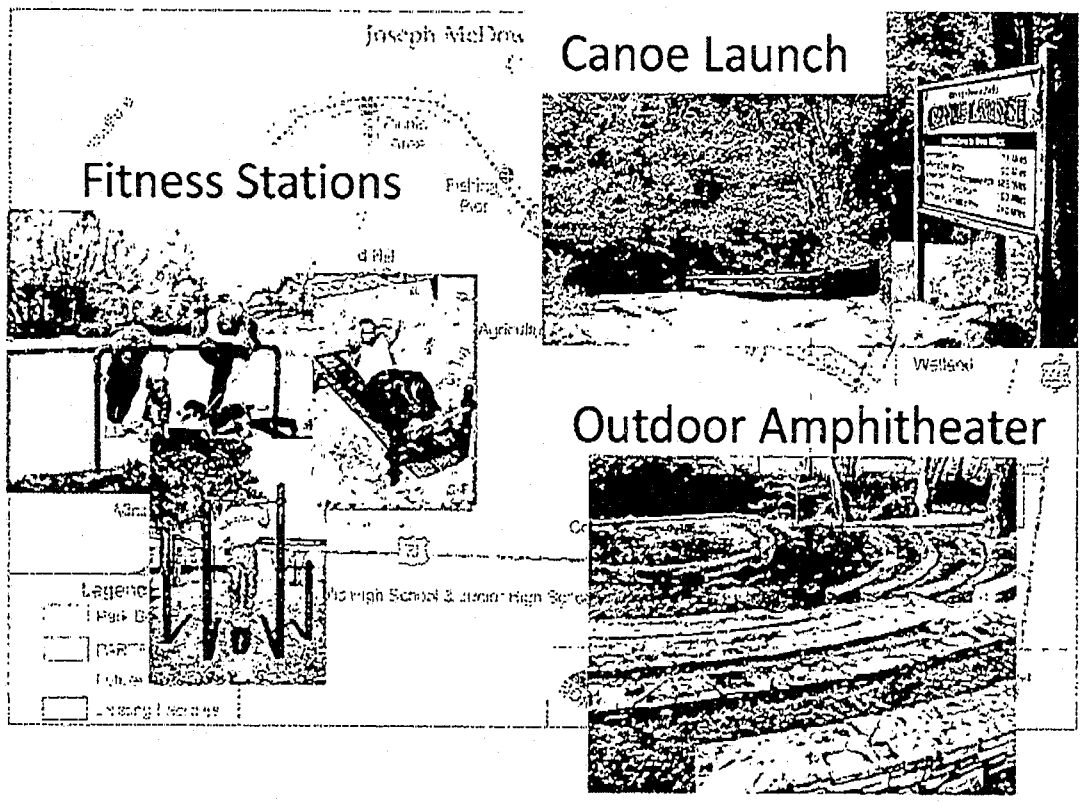
Ordinance Number: O-11-01-04-1

PUBLIC HEARING – NORTH CAROLINA PARKS AND RECREATION TRUST FUND AND RECREATIONAL TRAILS PROGRAM GRANT APPLICATIONS – JOSEPH MCDOWELL HISTORIC CATAWBA GREENWAY PHASE 2: The City Manager advised that this would have been the second of two public hearings on the N.C. Parks and Recreation Trust Fund (PARTF) grant application for Phase 2 of the Greenway. The first public hearing was held at the December 14 Council meeting, after which Council endorsed the general concept of Phase 2 and the idea of submitting a joint grant application with the County. The State also recently announced a new grant cycle for its Recreational Trails Program (RTP). Since holding two public hearings on the RTP grant application would be helpful, staff has now scheduled two public hearings on both grant applications. The first public hearing is this one and the second public hearing needs to be held at the January 18 Council meeting, after which time staff will ask Council to adopt a resolution authorizing the submission of both grant applications.

Mayor Little opened the public hearing.



Planning and Development Director Heather Cotton gave an overview of the proposed Joseph McDowell Historical Catawba Greenway Phase 2 project. She stated that the projected cost of Phase 2 of the Greenway, including 2,800 feet of greenway, fitness stations, a canoe launch on the north side of the Catawba River and construction of a paved parking lot and amphitheater behind the McDowell House, is estimated to be $440,000. The City plans to seek $220,000 in funding from PARTF (which will provide no more than 50 percent funding) and the maximum grant amount of $75,000 from RTP. This would leave a $145,000 local match, less the value of the donated land, which is about $38,000. The McDowell Trails Association has already asked for $165,000 from one major donor and the County seems willing to make a contribution, given that the McDowell House property will be directly improved.



Ms. Cotton advised that the County will hold a public hearing on these grant applications at the January 10 County Commission meeting and will also adopt a resolution authorizing the submission of the grant applications. She stated that, after consulting State officials, staff recommended a joint grant application with the County as the best way to score points for the grant application and to ensure public site control of the entire Phase 2 project site.

Ms. Cotton's report was as follows:

Joseph McDowell Catawba River Greenway|

Catawba River Greenway PHASE II
NC DENR PART F APPLICATION Site Plan

Mayor Little commended Ms. Cotton on the excellent work she has done on this and many other projects.

The City Manager mentioned that, as previously suggested by Council Member Clark, the City may still want to enter into a lease agreement with the County, after the grant is received, to clearly define maintenance responsibilities for the trail, amphitheater and parking lot.

Council Member Doggett asked how much the City's share of the Phase 2 project would be.

Ms. Cotton stated that the City's local match would be approximately $105,000, less any funds raised by the McDowell Trails Association. Ms. Cotton stated that the Greenway is now listed as a State and Regional Trail of Importance, which should increase the chance of funding.

AA.000000992 (24)

There were no other citizens present to discuss this item.

Mayor Little closed the public hearing.

Council Member Cuthbertson stated that something needs to be done to keep vehicles off the greenway. The City Manager advised that City staff had met with the McDowell Trails Association and developed a plan to install a removable bollard to keep unauthorized vehicles off of the Greenway.

Council Member Clark stated that ATVs have been a problem on the Pea Vine trail and that this trail needs to be posted. The City Manager stated that staff would work to post this trail.

PUBLIC HEARING – PROPOSED APPROVAL OF LEASE OF A PORTION OF CITY'S MOUNT IDA PROPERTY TO SINCLAIR COMMUNICATIONS, LLC AND UNC-TV FOR USE AS THE LOCATION OF TRANSLATOR TOWERS: The City Manager advised that the City had gone through an extended process to obtain approval from the N.C. Parks and Recreation Trust Fund to subdivide part of the Mt. Ida property from the City's larger grant funded parcel. Approval was given by the State for this subdivision in 2010. Council previously approved the concept of leasing tower space on Mt. Ida to television stations for $300.00 per month for 10 years, the maximum lease term allowed by State law without taking upset bids. The City Manager said he has negotiated with both television stations an additional provision for the lease payment to be adjusted annually by the change in the Consumer Price Index for the U.S. South Region for the preceding 12 months. The proposed Sinclair Communications/WLOS lease was presented for Council's review. WLOS has already reviewed and approved this lease. The City Manager stated that he is still awaiting comments from UNC-TV, but the basic terms have been approved by the State.

The City Manager reported that a public hearing is required on this lease. The public hearing has been advertised, in accordance with State law.

Mayor Little opened the public hearing.

Mayor Little commended the City Manager for using accurate terminology in the agreement that states that the annual rent increase is tied to increases in the annual change in the Consumer Price Index for the South Region.

Council Member Clark stated that he was glad the City Manager covered the fact that the City did not guarantee an access road in this agreement.

Council Member Clark stated that he would like to see the City place revenue generated from these tower leases in a special account for future development of the Mt. Ida property, including an access road and trails. Council agreed to discuss this idea at a future Council Planning Session.

There were no other citizens present to discuss this item.

Mayor Little closed the public hearing

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following resolution authorizing the lease of a portion of the City's Mt. Ida property to Sinclair Communications/WLOS-TV and UNC-TV for 10 years for $300.00 per month, with an annual adjustment based on the change in the Consumer Price Index for the U.S. South Region for the preceding 12 months:

Resolution Authorizing the Lease of Certain Property Owned by the City of Marion to Sinclair Communications, LLC and UNC-TV

AA.00000993 (24)

WHEREAS, N.C.G.S. 160A-272 authorizes City Councils to lease municipal owned property that will not be needed by the municipality during the term of the lease; and

WHEREAS, N.C.G.S. 160A-272 further authorizes City Councils to lease any municipal owned property for a term of up to ten years by resolution at any meeting, after ten days public notice; and

WHEREAS, the City of Marion owns property on Mount Ida; and

WHEREAS, television towers owned by Sinclair Communications, LLC d/b/a WLOS-TV and UNC-TV are located on a portion of said property; and

WHEREAS, Sinclair Communications, LLC d/b/a WLOS-TV and UNC-TV desire to enter into a lease with the City of Marion to allow said television towers to remain; and

WHEREAS, in accordance with N.C.G.S. 160A-272, the City of Marion, on December 22, 2010, caused notice of the proposed lease of the property, as described above, to Sinclair Communications, LLC d/b/a WLOS-TV and UNC-TV to be published in The McDowell News; and

WHEREAS, the City Council of the City of Marion has determined that said property will not be needed by the City during the ten year term of this lease.

NOW THEREFORE THE CITY COUNCIL OF THE CITY OF MARION RESOLVES:

Section 1. The City Council of the City of Marion does hereby agree to lease the property described on the attached lease agreement to Sinclair Communications, LLC d/b/a WLOS-TV for use as the location of translator towers on said property for a period from March 1, 2011 to December 31, 2020. The lease payments will be $3,600.00 per year with annual increases based on the increase in the Consumer Price Index for the U.S. South Region for the preceding 12 months.

Section 2. The City Council of the City of Marion does hereby agree to lease the property described on the attached lease agreement to UNC-TV for use as the location of translator towers on said property for a period from January 1, 2011 to December 31, 2020. The lease payments will be $3,600.00 per year with annual increases based on the increase in the Consumer Price Index for the U.S. South Region for the preceding 12 months.

Section 3. This resolution shall be effective upon its adoption and the execution of the attached leases by all involved parties.

Adopted this the 4th day of January, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-01-04-1

STATE OF NORTH CAROLINA

LEASE AGREEMENT

COUNTY OF MCDOWELL

THIS LEASE AGREEMENT, made and entered into, this the ____ day of _____, 2011, by and between **CITY OF MARION, NC,** Lessor (hereinafter called CITY) and **SINCLAIR COMMUNICATIONS, LLC, d/b/a WLOS-TV,** Lessee (hereinafter called WLOS-TV);

WITNESSETH:

AA.000000994 (24)

A. WLOS-TV has since 1977 maintained a television translator station on land now owned by the CITY on top of Mount Ida to serve Marion and the McDowell County area.

B. CITY and WLOS-TV desire to continue this arrangement under a new Lease Agreement.

NOW THEREFORE, in consideration of the mutual promises and undertakings of CITY and WLOS-TV set forth in this Lease and for other good and valuable consideration, it is agreed as follows:

1. PREMISES. CITY does hereby rent and lease to WLOS-TV that certain tract of land located in Marion Township, McDowell County, and more particularly described on the Attachment A. This lease is non-exclusive and does not preclude the CITY from continuing to lease the premises to other towers currently located and operating on said property.

2. EASEMENTS. WLOS-TV is granted a right-of-way and easement for an access road and for power and telephone lines for the period of this Lease and any extensions thereof, said easements being more particularly described in the Attachment A.

3. TERM. The term of this Lease shall be for a period of almost ten (10) years beginning on March 1, 2011, and ending on December 31, 2020, unless sooner terminated in accordance with this Agreement.

4. RENT. WLOS-TV agrees to pay to CITY as rental for the premises, the sum of THREE HUNDRED and NO/100 DOLLARS ($300.00) per month for 2011. The rent in each successive year during the term shall be increased each January 1st for the upcoming year, beginning on January 1, 2012, based on the Consumer Price Index for the U.S. South Region for the preceding 12 months (as shown on http://data.bls.gov/cgi-bin/surveymost?cu). Rent shall be payable in advance beginning on March 1, 2011 and on the 1st day of each month thereafter. WLOS-TV may at its option elect to pay the monthly rental amounts on a quarterly or annual basis. Rental payments shall be considered late if not paid within fifteen (15) days of the due date. In the event WLOS-TV should fail to pay the rental when due, there shall be no forfeiture of this Lease for non-payment of rent until the rent has been unpaid for thirty (30) days after notice of delinquent rent is given by certified mail to the General Manager of WLOS-TV, with a copy to the General Counsel, as set forth in Section 9 below.

5. ACCESS.

a. WLOS-TV's employees, its agents, and service representatives are granted free access, ingress, egress, and regress to and through the premises for the purpose of installing, constructing, operating, inspecting, repairing, removing, replacing, and maintaining the equipment and facilities of WLOS-TV. The CITY has no obligation to construct or maintain any roadway within the easement area that might be needed for WLOS-TV to access the premises.

b. WLOS-TV shall have sole responsibility for its own personnel and for personnel of any of its contractors at all times while such persons are on the premises and while traveling to and from the premises.

6. LIABILITY. WLOS-TV shall be liable and agree to hold CITY harmless for the negligence of, or damage caused by, its employees, agents, and representatives in connection with the exercise of the rights and privileges herein granted.

7. INSURANCE AND TAXES. WLOS-TV will be responsible for all insurance and taxes, if any, on WLOS-TV's property.

8. TERMINATION AND EQUIPMENT REMOVAL. WLOS-TV has the right to remove any of its property from the premises at any time. At the termination of this Agreement, WLOS-TV shall have six (6) months to remove its property from the premises. WLOS-TV property left on the premises after six months from the date of termination of this Agreement shall become the property of CITY.

9. NOTICE. Any notice, payment, or other obligation under this Lease shall be deemed satisfied when properly addressed and mailed or delivered to the following:

TO CITY:	J. Robert Boyette City of Marion P.O. Drawer 700 Marion, NC 28752 Telephone: (828)652-3551
TO WLOS-TV:	General Manager

WLOS-TV
100 Technology Drive

With a copy to: Sinclair Communications, LLC
Attn: General Counsel
10706 Beaver Dam Road
Cockeysville, MD 21030
Telephone: (410) 568-1500

10. BINDING ON ASSIGNS. This Agreement is binding upon the parties hereto, their successors and assigns.

11. ENTIRE AGREEMENT. This instrument contains the entire Agreement between the parties and no statements, promise, inducement, representation of prior Agreement which is not contained in or referenced by this Agreement shall be valid as a condition of this Agreement.

12. AMENDMENT. No amendment or modification of this Lease Agreement shall be valid unless made in writing and signed by an officer of WLOS-TV and by CITY.

13. CONSTRUCTION OF LANGUAGE. The term Lease, Lease Agreement, or Agreement shall be inclusive of each other and also shall include renewals, extensions, or modifications of the Lease Agreement. Words of any gender shall be held to include any other gender, and words of the singular shall be held to include the plural and plural the singular. The paragraph headings are not a part of this Lease and shall have no effect upon the interpretation of this Lease. This Agreement shall be governed by, construed and enforced in accordance with the laws of North Carolina and any court action may be brought only within the courts of North Carolina.

14. SUBLEASES. WLOS-TV shall not sublease space on its tower without the express written permission of CITY.

IN TESTIMONY WHEREOF, this Lease has been executed by the parties hereto, in duplicate originals, as of the date first above written.

ATTACHMENT A

BEING a 2.58 acre tract and parcel of land shown on that survey for the City of Marion prepared by R.L. Greene, PLS, last revised 10/10/1990 and identified as R-90-091, and from that survey for the City of Marion prepared by R.L. Greene, PLS, originally dated 10/29/2009, last revised 3/23/2010, and identified as Map File 9-114R:

BEGINNING on a 5/8-inch rebar with cap set (which is located South 06 degrees 37 minutes 56 seconds West 2,232.18 horizontal ground feet from NCGS monument "Claire" which bears NAD 83/2007 coordinates of N = 715,228.477 feet and E = 1,107,750.029 feet) and running thence new lines South 38 degrees 26 minutes 28 seconds East 190.43 feet to a 5/8-inch rebar with cap set; thence continuing with new lines the following eight (8) courses and distances generally along the eastern margin of a gravel road, all to unmarked points: South 70 degrees 18 minutes 30 seconds East 30.18 feet, South 34 degrees 58 minutes 52 seconds East 47.48 feet, South 09 degrees 05 minutes 59 seconds East 49.35 feet, South 02 degrees 06 minutes 24 seconds West 50.50 feet, South 04 degrees 19 minutes 49 seconds East 15.76 feet, South 05 degrees 30 minutes 08 seconds West 81.34 feet, South 10 degrees 00 minutes 38 seconds West 40.02 feet, and South 19 degrees 10 minutes 21 seconds West 41.36 feet to a 5/8-inch rebar with cap set in the line of that property either now or formerly owned by Gurley Properties, LLC, as described in Book 852 at Page 719; thence with the Gurley line and crossing a gravel road North 82 degrees 14 minutes 29 seconds West 10.46 feet to a 5/8-inch rebar with cap set; thence continuing with the following nine (9) new lines generally along the western margin of a gravel road, all to unmarked points: North 31 degrees 59 minutes 11 seconds East 1.13 feet, North 19 degrees 10 minutes 21 seconds East 41.52 feet, North 10 degrees 00 minutes 38 seconds East 38.82 feet, North 05 degrees 30 minutes 08 seconds East 80.08 feet, North 04 degrees 19 minutes 49 seconds West 15.46 feet, North 02 degrees 06 minutes 24 seconds East 50.08 feet, North 09 degrees 05 minutes 59 seconds West 46.07 feet, North 34 degrees 58 minutes 52 West 41.83 feet and North 70 degrees 18 minutes 30 seconds West 10.89 feet; thence a new line South 51 degrees 33 minutes 32 seconds West 419.21 feet to a 5/8-inch rebar with cap set in the Gurley line; thence running along and with the Gurley line North 82 degrees 14 minutes 29 seconds West 290.33 feet to a 5/8-inch rebar with cap set; thence leaving the Gurley line and running a new line North 51 degrees 33 minutes 32 seconds East 620.16 feet to the point and place of **BEGINNING**.

TOGETHER WITH the non-exclusive perpetual road right-of-way and easement over the existing private road which is open, visible and in use, leading from US Highway 221, as the same is set forth and described in Book 949 at Page 226, reference tc said deed being made for a more particular description by metes and bounds.

SUBJECT TO the rights of others in and to the non-exclusive perpetual road right-of-way and easement in, over and through the property of the Grantors the boundaries of which are described as follows: **BEGINNING** at a 5/8-inch rebar with cap set located North 82 degrees 14 minutes 29 seconds West 1,008.31 feet from the existing iron pin marking the third corner of the Hamill property as described in Deed Book 186 at Page 493 and the 5th corner as described in Book 949 at Page 226, said 5/8-inch rebar being also in the line of that property either now or formerly owned by Richard Allen Gurley et ux as described in Book 399 at Page 591, Book 399 at Page 596, Book 365 at Page 836, Book 403 at Page 541, Book 400 at Page 438 and Book 421 at Page 683, and running thence from said **BEGINNING** along the following nine (9) new lines generally along the western margin of a gravel road, all to unmarked points: North 31 degrees 59 minutes 11 seconds East 1.13 feet, North 19 degrees 10 minutes 21 seconds East 41.52 feet, North 10 degrees 00 minutes 38 seconds East 38.82 feet, North 05 degrees 30 minutes 08 seconds East 80.08 feet, North 04 degrees 19 minutes 49 seconds West 15.46 feet, North 02 degrees 06 minutes 24 seconds East 50.08 feet, North 09 degrees 05 minutes 59 seconds West 46.07 feet, North 34 degrees 58 minutes 52 West 41.83 feet and North 70 degrees 18 minutes 30 seconds West 10.89 feet to a 5/8-inch rebar with cap set; thence North 38 degrees 26 minutes 28 seconds East approximately 19 feet (crossing the gravel road) to a 5/8-inch rebar with cap set; thence the following eight (8) courses and distances generally along the eastern margin of a gravel road, all to unmarked points: South 70 degrees 18 minutes 30 seconds East 30.18 feet, South 34 degrees 58 minutes 52 seconds East 47.48 feet, South 09 degrees 05 minutes 59 seconds East 49.35 feet, South 02 degrees 06 minutes 24 seconds West 50.50 feet, South 04 degrees 19 minutes 49 seconds East 15.76 feet, South 05 degrees 30 minutes 08 seconds West 81.34 feet, South 10 degrees 00 minutes 38 seconds West 40.02 feet, and South 19 degrees 10 minutes 21 seconds West 41.36 feet to a 5/8-inch rebar with cap set in the Gurley line; thence with the Gurley line and crossing the gravel road North 82 degrees 14 minutes 29 seconds West 10.46 feet to the point and place of **BEGINNING**.

TOGETHER WITH and **SUBJECT TO** the right of way, and all other rights and privileges conveyed and described in Deed Book 55 at Page 148.

DEED REFERENCE: Being a portion of that property conveyed to the City of Marion by that deed recorded in Book 949 at Page 226, McDowell County Registry [portion of Parcel Identification Number: 1701.16-82-1836].

STATE OF NORTH CAROLINA

LEASE AGREEMENT

COUNTY OF MCDOWELL

THIS LEASE AGREEMENT, made and entered into, this the ____ day of _____, 2010, by and between **CITY OF MARION, NC,** Lessor (hereinafter called CITY) and the **STATE OF NORTH CAROLINA,** for the benefit of The University of North Carolina Center for Public Television, Lessee (hereinafter called the UNC-TV);

WITNESSETH:

A. The State of North Carolina has developed a state-wide public television network known as UNC-TV consisting of main transmitting stations and smaller translator stations.

B. UNC-TV has, since 1980, maintained a translator station on land owned by the CITY on top of Mount Ida to serve Marion and the McDowell County area.

AA.0000000998 (24)

C. CITY and UNC-TV desire to continue this arrangement under a new Lease Agreement.

NOW THEREFORE, in consideration of the mutual promises and undertakings of CITY and UNC-TV set forth in this Lease and for other good and valuable consideration, it is agreed as follows:

1. PREMISES. CITY does hereby rent and lease to UNC-TV that certain tract of land located in Marion Township, McDowell County, and more particularly described on the Attachment A. This lease is non-exclusive and does not preclude the CITY from continuing to lease the premises to other towers currently located and operating on said property.

2. EASEMENTS. UNC-TV is granted a right-of-way and easement for an access road and for power and telephone lines for the period of this Lease and any extensions thereof, said easements being more particularly described in the Attachment A.

3. TERM. The term of this Lease shall be for a period of ten (10) years beginning on January 1, 2011, and ending on December 31, 2020, unless sooner terminated in accordance with this Agreement.

4. RENT. UNC-TV agrees to pay to CITY as rental for the premises, the sum of THREE HUNDRED and NO/100 DOLLARS ($300.00) per month for 2011. The rent in each successive year during the term shall be increased each January 1st for the upcoming year, beginning on January 1, 2012, based on the Consumer Price Index for the U.S. South Region for the preceding 12 months (as shown on http://data.bls.gov/cgi-bin/surveymost?cu). Rent shall be payable in advance beginning on March 1, 2011 and on the 1st day of each month thereafter. UNC-TV may at its option elect to pay the monthly rental amounts on a quarterly or annual basis. Rental payments shall be considered late if not paid within fifteen (15) days of the due date. In the event UNC-TV should fail to pay the rental when due, there shall be no forfeiture of this Lease for non-payment of rent until the rent has been unpaid for thirty (30) days after notice of delinquent rent is given by certified mail to the General Manager of UNC-TV, with a copy to the General Counsel, as set forth in Section 9 below.

5. ACCESS.

a. UNC-TV's employees, its agents, and service representatives are granted free access, ingress, egress, and regress to and through the premises for the purpose of installing, constructing, operating, inspecting, repairing, removing, replacing, and maintaining the equipment and facilities of UNC-TV. The CITY has no obligation to construct or maintain any roadway within the easement area that might be needed for UNC-TV to access the premises.

b. UNC-TV shall have sole responsibility for its own personnel and for personnel of any of its contractors at all times while such persons are on the premises and while traveling to and from the premises.

6. LIABILITY. UNC-TV shall be liable and, to the extent permitted under North Carolina law, hold CITY harmless for the negligence of, or damage caused by, its employees, agents, and representatives in connection with the exercise of the rights and privileges herein granted as provided by North Carolina General Statutes Sections 143-291, et seq., entitled "Tort Claims Against State Departments and Agencies".

7. INSURANCE AND TAXES. UNC-TV will be responsible for all insurance and taxes, if any, on UNC-TV's property.

8. TERMINATION AND EQUIPMENT REMOVAL. UNC-TV has the right to remove any of its property from the premises at any time. At the termination of this Agreement, UNC-TV shall have six (6) months to remove its property from the premises. UNC-TV property left on the premises after six months from the date of termination of this Agreement shall become the property of CITY.

9. NOTICE. Any notice, payment, or other obligation under this Lease shall be deemed satisfied when properly addressed and mailed or delivered to the following:

TO CITY: J. Robert Boyette
City of Marion
P.O. Drawer 700
Marion, NC 28752
Telephone: (828)652-3551

TO UNC-TV: The University of North Carolina for Public Television
P.O. Box 14900

AA.0000009999 (24)

Research Triangle Park, North Carolina 27709-4900
Telephone: (919)549-7000

10. CONDITIONS OF CONTINUATION. The parties to this Agreement understand and agree that the continuation of this Lease for its term and the payment of the costs established by this Agreement is subject to and conditioned upon: (1) the availability of State funds to UNC-TV for the purposes of this Lease, and (2) the continuation of licensing by the Federal Communications Commission. If, through no fault of UNC-TV, funds are not appropriated for this lease or UNC-TV loses it FCC license, then this lease can be terminated upon six (6) months advance written notice to the CITY.

11. BINDING ON ASSIGNS. This Agreement is binding upon the parties hereto, their successors and assigns.

12. ENTIRE AGREEMENT. This instrument contains the entire Agreement between the parties and no statements, promise, inducement, representation of prior Agreement which is not contained in or referenced by this Agreement shall be valid as a condition of this Agreement.

13. AMENDMENT. No amendment or modification of this Lease Agreement shall be valid unless made in writing and signed by an office of the UNC-TV and by CITY.

14. APPROVAL BY COUNCIL OF STATE.
This Lease was approved by the Governor and Council of State, as required by law at a meeting held in Raleigh, North Carolina on the ____, day of _____, 2010.

15. CONSTRUCTION OF LANGUAGE. The term Lease, Lease Agreement, or Agreement shall be inclusive of each other and also shall include renewals, extensions, or modifications of the Lease Agreement. Words of any gender shall be held to include any other gender, and words of the singular shall be held to include the plural and plural the singular. The paragraph headings are not a part of this Lease and shall have no effect upon the interpretation of this Lease. This Agreement shall be governed by, construed and enforced in accordance with the laws of North Carolina and any court action may be brought only within the courts of North Carolina.

16. SUBLEASES. UNC-TV shall not sublease space on its tower without the express written permission of CITY.

IN TESTIMONY WHEREOF, this Lease has been executed by the parties hereto, in duplicate originals, as of the date first above written.

REVIEW SAFE ROUTES TO SCHOOL PLAN/RECEIVE REPORT OF YMCA COMMUNITY HEALTHY LIVING INDEX ASSESSMENT: Planning and Development Director Heather Cotton stated that, at the November 16 Council meeting, Council expressed a desire to review the proposed Safe Routes to School Plan (SRTS) in more detail. She said that NCDOT will be reviewing the draft Plan and wants to finalize it in the near future; therefore, it is vital that Council provide final comments on the draft SRTS plan.

Ms. Cotton gave an overview of the SRTS Program, which is a nationwide program to promote healthy living through engineering, enforcement, education, encouragement, and evaluation. This project was a technical assistance grant awarded to the City of Marion for five schools within Marion to review policies, programs, and infrastructure that are barriers to children walking and bicycling to school which could help them meet their daily physical fitness needs and reduce the number of health complications that occur as a result of lack of physical activity.

Ms. Cotton stated that she was here to provide Council with the recommendations that the projects consultants presented to the SRTS Action Team on November 5, 2010. She said that she has reviewed the document and has proposed grammatical changes and minor changes regarding City vs. DOT control of streets listed in the Plan. Ms. Cotton stated she needed to know from Council any additional changes, amendments, or deletions to the recommendations they have provided so that the document can be forwarded to NCDOT for their approval. The planning contract between the consultants and NC DOT will ends this February, so the Plan needs to be wrapped up quickly.

Ms. Cotton outlined the following priority projects in the SRTS Plan:

East McDowell Junior High School
Project 1: State Street at Main Entrance to School: Crossing Improvement

- Provide high visibility crosswalks
- Curb bulb outs to students better visibility of on-coming traffic
- And a median refuge to reduce the distance and time a child is walking in a vehicular area

Corridor Ownership: State Street-City Control

Project 2: State Street Corridor Improvements (Southside of State from where the sidewalk ends to Baldwin Avenue

- Add a sidewalk that will improve access to the private property (Men's Shelter) and improve safety of children walking to both Eastfield and Clinchfield Neighborhoods.

Corridor Ownership: State Street-City Control

Project 3: Baldwin Avenue Corridor Improvements (between 6th street north to Court Street)

- Add sidewalk along one side (dependant on obstacles light poles, topo, etc)
- Install high visibility crosswalks at the intersections of Baldwin Avenue and all side streets between 6th Street and Matilda.
- Install a school zone flashing light to alter motorists they are in a school zone and children are present.

Corridor Ownership: Baldwin Avenue–NCDOT Control

Project 4: Baldwin Avenue School Entrance Improvements

- Install sidewalk along north side of school entrance road
- Install high visibility crosswalk at intersection of school entrance and Baldwin Avenue

Corridor Ownership: Baldwin Avenue-NCDOT Control; East McDowell Junior High School Entrance-McDowell County School Control. Coordination between NCDOT and McDowell County Schools required.

Project 5: State Street and Clay Street Improvements

- Install high visibility crosswalks at intersection of State Street and Clay Street

Corridor Ownership: Clay Street and State Street – City Control

AA.00001001 (24)

Marion Elementary
Project 1: Robert Street Sidewalk & Midblocks (Robert Street, between Fleming Avenue and Richard Drive, adjacent to Marion Elementary School.

- Install sidewalk on north side of Robert Street
- Install high visibility crosswalks and curb-bulbouts at these crossings (This improvement was completed just prior to the plan draft. Changes to the draft are being made by the consultant to reflect changes at Marion Elementary)

Corridor Ownership: Robert Street and Fleming Avenue–City Control

Project 2: Robert Street and Fleming Avenue Intersection.

- Install high visibility crosswalks and curb ramps, and curb bulbouts to minimize distance children are in traffic lanes and provide better visibility to oncoming traffic. (This improvement may be amended to reflect changes the City has made at Marion Elementary)

Corridor Ownership: Robert Street and Fleming Avenue-City Control

Project 3: Robert Street and Park Avenue Intersection

- Install high visibility crosswalk, move the vehicle stop bar back, and add curb ramps.

Corridor Ownership: Robert Street and Park Avenue–City Control

Project 4: Fleming Avenue Traffic Calming

- (This improvement was completed just prior to the plan draft. Changes to the draft are being made by the consultant to reflect recent changes at Marion Elementary)

Corridor Ownership: Fleming Avenue-City Control

Eastfield Elementary School
Project 1: Perry Street Corridor Improvements

- Install sidewalks along one side of Perry Street from Baldwin to Eastfield School entrance.
- Install high visibility crosswalks at all intersections
- Realign and create a three-way intersection at Yancey Street and Perry Street to slow the movement of vehicles.

Project 2: Tunnel Road and Morris Street

- Provide a sidewalk along Tunnel Road from Yancey Street to Westmoreland Drive
- Provide Sidewalk from entrance of school to Tunnel Road.
- Install high visibility crosswalks and pedestrian signage at all intersections
- Add School Zone from Pine Street to Westmoreland.

Project 3: Yancey Street Corridor (Between Clark Street and Perry Street)

- Install sidewalk along Yancey Street between Perry Street and Clark Street
- Install high visibility crosswalks and pedestrian signage at each intersection along Yancey Street
- Install sidewalks on Leach and Clark (Staff recommendation to better define sidewalk extension projects on Leach, Bostic, and Clark Streets)
- Extend school zone to Perry Street.

Corridor Ownership: All NCDOT Controlled

West Junior High School (McDowell High School)

Project 1. US 70/ High School Road Crossing

- Install signalized high visibility crosswalk and center island refuge on US 70 West.
- Install sidewalk along High School Road.

Corridor Ownership: NCDOT controlled

Project 2. US 70 Corridor Improvements

- Install sidewalk along both sides of US 70 to connect McDowell High Drive with nearby commercial land uses and public greenway.
- Enhance school zone signage with flashing lights and consider greater speed limit reduction during school hours.

AA.00001002 (24)

- Install pedestrian crossings at signalized intersections once sidewalks are installed.

Project 3. High School Road Corridor Improvements
- Add sidewalk to north side of High School Road

Corridor Ownership: NCDOT controlled

Phoenix Academy (Lukin Street just off Sugar Hill Road

Project 1. Sugar Hill Road Sidewalk Extension
- Add sidewalk to north side of Sugar Hill Road from current terminus to Grandview Station/Super Wal-Mart Center (if completed in phases- phase one should connect to Lukin Street)
- Once sidewalk is installed add a crosswalk with a pedestrian refuge at the signalized intersection of Sugar Hill Road and entrance to Grandview Station. (Staff Recommendation)

Project 2. Sugar Hill Road and Reid Street/ Grace Corpening Drive
- Add sidewalk on Sugar Hill Road from Reid Street to Wilhemenia Street
- Add high visibility marked crosswalks at all intersections.
- Add pedestrian signalization at Sugar Hill Road and Reid Street.
- Connect sidewalk to existing signals and provide pedestrian signage.

Corridor Ownership: NCDOT controlled

Project 3. Lukin Street Sidewalk and School Zone Improvements
- Provide a sidewalk on one side of Lukin Street connecting school to Sugar Hill Road sidewalk to improve pedestrian access.
- Improve school zone markings on Lukin St.

Other Staff recommended changes include:
1. **Eliminating all recommended grass strips between roads and sidewalks.**
2. **Ensure all improvements are updated accordingly in the final plan.**
3. **Add final cost estimates on recommended projects.**

Council provided some suggested changes and deletions to the Plan. Ms. Cotton stated that these comments would be forwarded to NCDOT. The Plan will be brought back for Council approval at a future meeting, after the NCDOT comments are received.

Will Ross from the YMCA gave a brief presentation on the YMCA Community Healthy Living Index (CHLI) assessment process completed in 2010 in several communities and work places in and around the City. This plan identified ways to improve healthy living through sidewalks, parks, nutrition, etc. He thanked the City for its assistance with this project. Mr. Ross invited Council and staff to a meeting at the YMCA on Wednesday, February 16 at 2:00p.m., at which time the CHLI plan will be presented.

SPECIAL PRESENTATION BY MAYOR LITTLE: Mayor Little was scheduled to make a presentation to Council Member Martin. However, Council Member Martin was absent from this meeting due to a family emergency. This presentation will be made at a future meeting.

ACKNOWLEDGEMENT BY MAYOR LITTLE: Mayor Little took the opportunity to acknowledge Mr. Jim Brady, owner and operator of the Morning Dew Coffee Shop, and thanked him for supplying the wonderful coffee to our Citizens of the Month. He noted that the next Citizen of the Month will be presented in February.

PUBLIC COMMENT PERIOD: Ms. Charmaine Brady of Rutherford Road stated that she travels on Baldwin Avenue frequently and feels that the speed limit on this road should be reduced. The City Manager stated that Baldwin Avenue is a DOT Street. Ms. Cotton stated that she could request to the SRTS Plan consultant that the speed limit on Baldwin Avenue be reduced, without objection. Mayor Little and Council Members agreed by consensus for Ms. Cotton to pass this request for the Baldwin Avenue speed limit to be reviewed to the SRTS consultant for possible inclusion in the SRTS Plan.

AA.000001003 (24)

Mr. Jim Brady of Rutherford Road appeared before Council and stated that he wished to speak to Council about various issues involving the Marion Business Association (MBA).

Mr. Brady stated that he and his wife had lived in Marion for three years and that as he drove here tonight he noticed 19 empty storefronts in the downtown area. Mr. Brady stated that he feels that the MBA does not meet up to same standard as City departments and feels that the community needs another voice in the economic development area. He said that he would like to know how many grants were applied for and received by the MBA in Fiscal Year 2009-10.

Mr. Brady said he wondered when the last time businesses were canvassed about special events and the actual fiscal benefits they reap from such events and how the benefits compares to the cost of the event. He noted that Mountain Glory should be held on multiple days and questioned the benefit vs. cost of the recent New Year's Eve event.

The City Manager stated that Council gets quarterly reports from the President of the Marion Business Association. Mr. Brady asked that Council direct the MBA director to include his requested information on the reports they receive.

Mayor Little stated that in the last ten months there have been 21 ribbon cuttings for new businesses in the City of Marion, which he said symbolizes that the City is experiencing some growth. Mayor Little stated that he wished that the City had the silver bullet to create jobs and improve economic development. However, he suggested that government can only do so much and that it is up to the private sector and entrepreneurs to create businesses and jobs. Mayor Little added that the City cannot create customers for businesses or make individual businesses stay open. He stated that the City would welcome any ideas.

Council Member Doggett stated that she would also like to see the figure on grants applied for and received added to the MBA quarterly report.

The City Manager advised that the MBA has committees that oversee various functions, such as economic development, special events and the Mountain Glory Festival.

Mayor Little stated that he would encourage Mr. Brady to join the MBA so that he could have the insight on how it operates.

Council Member Clark stated that the MBA hosts Breakfast for Business meetings at various times during the year as a way to obtain input from businesses and to allow businesses to ask questions and make comments.

Mr. Brady asked why the Mountain Glory Festival was only held for one day. If it is such a success, why not have it more often. The City Manager stated that the Mountain Glory Festival Committee has repeatedly stated that it does not feel that Mountain Glory can successfully be expanded to multiple days, despite MBA Executive Director Freddie Killough and he bringing this idea to the Committee on multiple occasions. The City Manager stated that the majority of the people who assist with Mt. Glory are volunteers and the Committee does not feel the volunteer base will support the idea of a multi-day festival.

Mayor Little stated that there is a group of volunteers who get up very early each Mountain Glory day just to greet vendors and to assist with vendor set up for the Festival.

Council Member Cuthbertson stated that Ms. Killough did not work for the City and that the City's contract was with the MBA.

AA.00001004 (24)

Mr. Brady said he understood this but felt that the City should ask for more information from the MBA to determine whether they were doing a good job. Mr. Brady complimented City staff and departments for their excellent work, but stated that he did not have enough information to evaluate the success of the MBA.

The City Manager added that if Mr. Brady would e-mail him exactly what information he thought should be included in the quarterly reports, he would ask the MBA to put such information in the reports. Mr. Brady said that he would do so.

YMCA REQUEST: The City Manager advised that, as shown on information presented to Council, the YMCA is requesting use of the Depot at no charge for their Major Gifts Business Luncheon on Wednesday, February 23 from 11:00 a.m. to 1:30 p.m.

The City Manager advised that Council had previously made a $200 donation to the YMCA for such use earlier in 2010 and also noted that the YMCA has not charged the City for use of their bus for Marion 101 Academy Class.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Clark, those members of Council present voted to make a $200 donation to the YMCA to cover the cost of renting the Depot for their Major Gifts Business Luncheon on Wednesday, February 23 from 11:00 a.m. to 1:30 p.m.

CONSIDER APPROVAL OF RESOLUTION SUPPORTING COMMUNITY ACTION OPPORTUNITIES APPLICATION FOR GRANT FUNDS FOR COMMUNITY SERVICES BLOCK GRANT FOR EXPANSION INTO MCDOWELL COUNTY: The City Manager advised that the Community Action Opportunities (CAO), a non-profit organization operating out of Buncombe and Madison Counties, has asked for County approval and City support of their application for Community Services Block Grant (CSBG) funds from the N.C. Office of Economic Opportunity to allow CAO to expand its services into McDowell County. CAO addresses issues arising out of poverty in a number of ways. The County has approved CAO's request to be McDowell County's designee for CSBG funds. The City Manager stated that the resolution presented to Council would provide for Council support of this designation and the grant application. Information on the organization was presented to Council.

The City Manager further advised that, at the December 14 Council meeting, Council Member Clark asked that action on this item be deferred until such time he could discuss this organization and their grant request with the State, since he serves on the North Carolina Community Development Council.

Council Member Clark stated that he had done extensive research into CAO and felt that they are a good organization that helps people in a number of ways.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Owenby, those members of Council present voted to adopt the following resolution supporting the submission of Community Action Opportunities for State grant funds:

RESOLUTION
SUPPORTING THE SUBMISSION OF COMMUNITY ACTION OPPORTUNITIES' APPLICATION FOR GRANT FUNDS FOR COMMUNITY SERVICES BLOCK GRANT TO NC OFFICE OF ECONOMIC OPPORTUNITY
FOR EXPANSION INTO MCDOWELL COUNTY

WHEREAS, the Federal Government has provided Community Services Block Grant funding to the State of North Carolina; and

WHEREAS, the N.C. Office of Economic Opportunity has been delegated the responsibility for the administration of this grant program, establishing necessary procedures; and

AA.000001005 (24)

WHEREAS, McDowell County is eligible to receive an allotment of funds to support the low income citizens of this county; and

WHEREAS, close to 15% of the population of McDowell County, NC lives in poverty, with 11% of the population being unemployed; and

WHEREAS, while most poverty-related organizations focus on a specific area of need, such as job training, health care, housing or economic development, Community Action Agencies reach out to low-income people in their communities, address their multiple needs through a comprehensive approach, develop partnerships with other community organizations, involve low-income clients in the agency's operations, and administer a full range of coordinated programs designed to have a measurable impact on poverty; and

WHEREAS, in order to reduce poverty in its community, a Community Action Agency works to better focus available local, state, private, and federal resources to assist low-income individuals and families to acquire useful skills and knowledge, gain access to new opportunities and achieve economic self-sufficiency; and

WHEREAS, Community Action Opportunities is a catalyst for individual, family and community change. Community Action Opportunities helps hundreds of people each year in Buncombe and Madison Counties to transform their lives. As a Community Action Agency, founded in 1964 by the Economic Opportunity Act, Community Action Opportunities works with citizens who live on limited incomes, elected public officials and private sector representatives to confront and solve the problems that cause poverty; and

WHEREAS, since 1993 Community Action Opportunities has administered Community Service Block Grant dollars in accordance with The Community Services Block Grant Act, Title VI, Subtitle B, of the Omnibus Budget Reconciliation Act of 1981, Public Law 97-35 and the Community Opportunities, Accountability and Training and Educational Services Act of 1998, Public Law 105-285 to run the Life Works Self Sufficiency Program; and

WHEREAS, the Life Works Program is nationally recognized as a "best practice" program by Virtual Community Action Programs, a national resource to support excellence in Community Action, and assists adults in making necessary changes to improve their lives and strengthen their families by strengthening support networks between community programs, businesses and colleges in order to increase participants' life skills and employment options; and

WHEREAS, Community Action Opportunities, if selected, will enter into an agreement with the NC Office of Economic Opportunity to carry out the program.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Marion does hereby adopt this resolution:

1. Supporting the filing of a designation application by Community Action Opportunities;
2. Supporting Community Action Opportunities, if selected by the Governor as McDowell County's designee or eligible entity, to complete the application for funding.

ADOPTED this the 4th day of January 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-01-04-3

APPROVAL OF DOWNTOWN STREETSCAPE PLAN SPONSORSHIP PROGRAM:

Planning and Development Director Heather Cotton presented a proposed Downtown Streetscape Sponsorship Program to allow businesses and indivduals to contribute to the cost of installing various fixtures within Downtown Marion that have been preselected to compliment the Downtown Marion Streetscape Plan. Items to be sponsored included benches, planters, trees and bicycle racks.

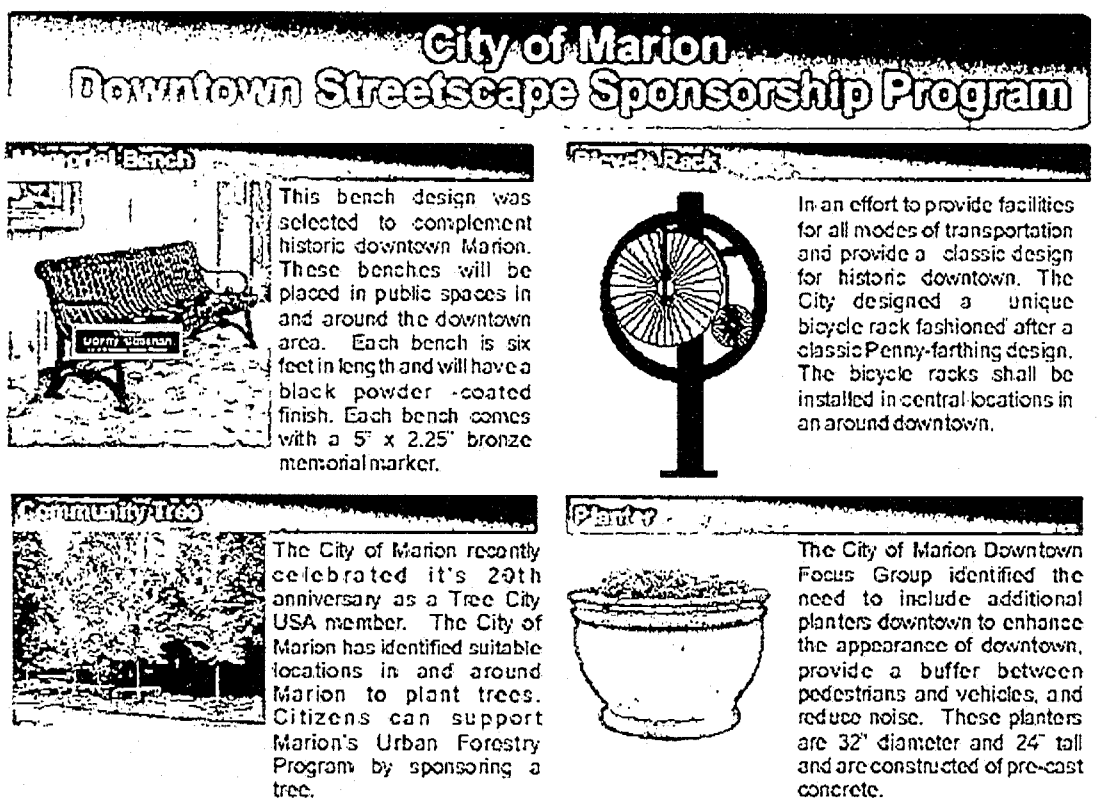
AA.000001006 (24)

Ms. Cotton stated that powder-coated steel benches are available for sponsorship and will be installed at approved sites in the order payment is received. Requests for installing benches in specific locations will be heavily considered but cannot guaranteed do to site constraints and other similar factors. The cost to sponsor a six-foot bench is $600, which includes a commemorative plaque and installation. This cost also provides maintenance for the life of the bench.

Ms. Cotton stated that the 36" pre-cast concrete planters will be placed on sidewalks in downtown to provide additional opportunities for landscaping and to further enhance the appearance of downtown and buffer sound of vehicular traffic. The planters are available for sponsorship for $450 each and will be installed at approved sites in the order requests are received, and will include a 4"x 6" anodized aluminum commemorative plaque.

Ms. Cotton reported that trees may be sponsored in select public locations. The species of trees planted will be determined by planting location, tree species compatibility, and the City's Urban Forestry Management Plan. Trees ordered from April 1 through October 15 will be planted in the late fall. Trees ordered October 16 through March 31 will be planted in the spring. The cost of a tree is $100, a 4"x6" anodized aluminum engraved commemorative plaque can be installed with a sponsored tree for an additional $50.00.

Ms. Cotton advised that a bicycle rack may be installed on the sidewalk in approved locations to provide facilities for bicycle and promote bicycle transportation. Requests for installing bicycle racks in specific locations will be considered, but sponsors are asked to consider central locations within the downtown vicinity. A bicycle rack is available for sponsorship for $250 each and will be installed at approved sites in the order requests are received.



Ms. Cotton reported that the application process to sponsor an item identified in Marion's Streetscape Program begins with the interested party submitting an application form to City Hall. The applicant will be contacted by a City staff to verify sponsor information and provide an estimated date of installation for each item. Upon full receipt of payment, the City will order the item from a predetermined vendor. Payment is non-refundable once the order has been placed. A City staff member will contact the sponsor once the item is received and provide an updated status on installation.

Ms. Cotton advised that the cost of a sponsored item provides for approximately half the total retail cost of the item, installation, and maintenance for the life of the item. Order time for items is approximately six to eight weeks with the exception of trees, which will be purchased and installed based on specific species growing requirements. Upon delivery, the Public Works Department will work as quickly as possible to install an item, however in some cases it may require up to four weeks to arrange installation. The sponsor will be contacted once installation has been completed. While the City of Marion will make every effort to insure the longevity of each item, sponsorships are accepted with the understanding that they will be maintained for approximately 10 years at a specified location, after which the disposition of the gift is at the sole discretion of the City of Marion.

Ms. Cotton stated that the City reserves the right to remove and relocate sponsored items and their associated acknowledgments/memorial plaques, when they interfere with safety, maintenance or construction activities. The City will attempt to contact each identifiable sponsor notifying them of any action related to the disposition of the sponsored item. In certain situations, such as emergencies, the notification may be made after the action is taken. In the event an item must be permanently removed, the City will seek an alternative location consistent with this policy.

Ms. Cotton added that, when an item requires replacement, City staff will attempt to contact the donor to provide the opportunity to sponsor the new item. However, if efforts to contact the donor fail, then another sponsor will be allowed to sponsor a replacement item.

Upon a motion by Mayor Pro Tem Owenby, seconded by Council Member Cuthbertson, those members of Council present voted to approve the Downtown Streetscape Plan Sponsorship Program as presented.

City of Marion
Downtown Streetscape Sponsorship Program

Bench

This bench design was selected to complement historic downtown Marion. These benches will be placed in public spaces in and around the downtown area. Each bench is six feet in length and will have a black powder -coated finish. Each bench comes with a 5" x 2.25" bronze memorial marker.

Penny Rack

In an effort to provide facilities for all modes of transportation and provide a classic design for historic downtown. The City designed a unique bicycle rack fashioned after a classic Penny-farthing design. The bicycle racks shall be installed in central locations in an around downtown.

Community Tree

The City of Marion recently celebrated it's 20th anniversary as a Tree City USA member. The City of Marion has identified suitable locations in and around Marion to plant trees. Citizens can support Marion's Urban Forestry Program by sponsoring a tree.

Planter

The City of Marion Downtown Focus Group identified the need to include additional planters downtown to enhance the appearance of downtown, provide a buffer between pedestrians and vehicles, and reduce noise. These planters are 32" diameter and 24" tall and are constructed of pre-cast concrete.

Mr. Jim Brady asked if the City had looked at using a local craftsman to make the bike racks. Mr. Cotton advised that this could be explored, but that a particular style had been indentified.

ADD ON – MAYOR PRO TEM OWENBY: Mayor Pro Tem Owenby stated that he has served as Mayor Pro Tem for a year and that he would like to step down and let another Council Member have a chance to serve. With that being said, Mayor Pro Tem Owenby stated that he would like to nominate Council Member Lloyd Cuthbertson to serve as Mayor Pro Tem.

Council Member Clark stated that he would second the nomination. There were no other nominations made. Those members of Council present voted to elect Council Member Cuthbertson to serve as Mayor Pro Tem.

AA.000001008 (24)

ADD ON – RESOLUTION HONORING MARGOT F. CHRISTENSEN: Council Member Clark made a motion to adopt the following resolution honoring Ms. Margot F. Christensen. Ms. Christensen retired from the North Carolina League of Municipalities on December 31 after more than 27 years of service and has helped the City of Marion and all cities and towns in North Carolina tremendously over the years.

The motion was seconded by Mayor Pro Tem Owenby. Those members of Council present voted to adopt the following resolution honoring Margot F. Christensen upon her recent retirement from the North Carolina League of Municipalities:

CITY OF MARION RESOLUTION HONORING MARGOT F. CHRISTENSEN

WHEREAS, Margot F. Christensen served as Public Affairs Director for the North Carolina League of Municipalities for more than 27 years until her retirement on December 31, 2010; and

WHEREAS, Margot F. Christensen planned, wrote and edited over 300 issues of both *Southern City* and *League Letter*, earning awards for these publications, while also overseeing League communications efforts, promoting the League's three Risk Management pools, spearheading the League's 2008 centennial celebration and working on numerous other projects; and

WHEREAS, from a public relations standpoint, Margot F. Christensen offered sound advice and counsel to League staff regarding discussing and lobbying for the membership's issues, leading the League's media relations efforts and presenting the League and its member municipalities in a very positive light; and

WHEREAS, Margot F. Christenson's work was often behind-the-scenes in nature, but was vital to the success of the League and its membership; and

WHEREAS, Margot F. Christensen was a great friend of the City of Marion and all League members and her professionalism, leadership and assistance will be missed.

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Council Members of the City of Marion do hereby express their appreciation to Margot F. Christensen for the lasting contributions she made to the North Carolina League of Municipalities and all cities, towns and villages in North Carolina and wish her the best of success in her retirement.

ADOPTED this the 4th day of January, 2011.

Resolution Number: **R-11-01-04-5**

SCHEDULE CITY COUNCIL PLANNING SESSION:
Council agreed by consensus to schedule Planning Sessions for Tuesday, February 8 and Tuesday, February 22 (if necessary). Both Planning Sessions would be held at 6:00 PM at City Hall.

AA.000001009 (24)

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the Marion Business Association Freddie Killough had received word that the City did not receive the grant sought to install ceiling fans in the Farmer's Market Shelter.

The City Manager gave a brief review of the New Year's Eve Celebration held on December 31 and thanked the Marion Rotary Club, Marion Business Association, County, City staff and others for their work in making this second annual event a success.

The City Manager advised that this year's Town Meeting is scheduled for Thursday, January 27 at 7:00 P.M. at the Marion Community Building. Invitations have been sent out to Duke Energy, Frontier, PSNC Energy, Charter Communications, the Post Office, McDowell County Emergency Management and NCDOT.

The City Manager advised that the Wastewater Improvements Project is essentially complete, except for paving at the Corpening Creek Wastewater Plant and some add-on items involving repairs to the primary clarifiers at Corpening Creek to allow every dollar of our $5.3 million in grants to be spent.

The City Manager advised that Bill Hendley and Frank Dean looked at the trestle on the Pea Vine Trail behind Mi Pueblito on Rutherford Road and now share the City's opinion that the trestle must be demolished. The City Manager stated that he continues to hear comments from the public, wondering why the City could not just build a platform and handrails over the current trestle. The City Manager advised that these comments assume that the trestle is structurally sound, something the City does not know to be true. He asked Council if it wished for the City to hire a structural engineer to make a determination about the condition of the trestle.

Mayor Little and Council Members agreed by consensus that no money should be spent on such a review and that the City should instead explore ways for the trestle to be demolished in the future.

The City Manager advised that the final push for fundraising for the Roy Williams historic marker is underway. About $625 more in donations is needed. A news release was sent to the media the day before about this fundraising effort.

Police Chief Mark Brooks stated that he had three officers that had been promoted and two newly hired officers and would be having a promotional/swearing in ceremony at the Police Department on Friday, January 7 at 9:00AM

COUNCIL MEMBER COMMENTS:

Mayor Little stated that he would be going out of the country next week on a mission trip to Belize and that were two events he hopes Council can attend, the Dr. Martin Luther King, Jr. Service at Addie's Chapel United Methodist Church on Monday, January 17 at 11:00 AM and the Community Inmate Work Program luncheon at the Community Building on Wednesday, January 19 at 11:30 AM.

Council Member Doggett stated that, since the grant to provide ceiling fans for Farmer's Market was not funded, perhaps staff could explore acquiring surplus fans for the Shelter.

Council Member Doggett advised that the City needs signs at the Greenway stating that dogs need to be kept on a short leash. Ms. Cotton reported that language stating that animals must be kept on a leash was included on a sign listing rules and regulations for the Greenway. This sign has just arrived and will soon be installed.

AA.000001010 (24)

ADJOURNMENT: Upon a motion by Council Member Clark , seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 18, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

Mayor Little was absent from this meeting due to being out of the country on a mission trip to Belize.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Harriett Thomas, CPA, Finance Director; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Darren Waugh, President, Marion Business Association; Freddie Killough, Executive Director, Marion Business Association; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Kendall Waugh 25 Alma Morgan Drive, Marion, NC; Tonya Waycaster, Marion, NC; Wendy Gibson 52 Circle Drive, Marion, NC; Ken & Kim McElreath 53 Valley Street, Marion, NC; Bill Greenlee, Carson House Representative, Marion, NC.

OPEN MEETING: Mayor Pro Tem Cuthbertson opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – January 4, 2011 Regular City Council Meeting Minutes

PUBLIC APPEARANCE – MR. BILL GREENLEE – CARSON HOUSE: Mr. Bill Greenlee appeared before Council representing the Carson House. Mr. Greenlee stated that the Carson House is in need of some financial assistance. The Carson House receives annual assistance from the County and would like to have some from the City of Marion. Mr. Greenlee stated that the Carson House had 1,700 visitors this past year from thirty different states and five of the people were from other countries.

Mr. Greenlee stated that the original land for the City of Marion was donated by Mr. Carson. He stated that the Carson House Board would request that the City include $6,000 in its budget for the Carson House.

Council Member Clark asked what amount the County gave to the Carson House. Mr. Greenlee stated that the County gave $10,000 per year.

Council Member Clark stated that Council would be having Planning Session in February and could look at and discuss this request; however, the City's budget was very tight and that funding could certainly not be guaranteed. He noted the threat of the State taking local revenues in the coming year to balance the State budget.

Mayor Pro Tem Cuthbertson advised that the coming budget would be the toughest one ever faced by the City. He said that Council could take the request under advisement, but that new funding would be difficult.

Council agreed by consensus to discuss this request at their Planning Session in February.

Mayor Pro Tem Cuthbertson and Council Members thanked Mr. Greenlee for coming to the meeting.

PUBLIC APPEARANCE – RELAY FOR LIFE: Ms. Kendall Waugh and Ms. Tonya Waycaster appeared before Council and gave a presentation about Relay for Life, scheduled to take place in May. Ms. Waugh and Ms. Waycaster presented information and statistics regarding how much money has been raised from Relay for Life to go toward cancer research. They also discussed the prevalence of cancer in the community.

Ms. Waugh and Ms. Waycaster invited Council to attend the Relay for Life Kick –Off, scheduled for Thursday, January 27, 2011 at 6:00 P.M. at the McDowell High School Media center. They encouraged Council Members and City employees to form Relay for Life teams, asked Council to consider the City being a sponsor and noted that the County Commissioners had challenged Council members to participate in a fundraising challenge.

Council Member Martin thanked Ms. Waugh and Ms. Waycaster for what they do with Relay for Life, stating that he now knows first hand what Relay for Life does from personal experience. He said that he hoped Council could participate in some fashion, but noted that Council would have to discuss the matter at its Planning Session, given how tight the City budget is.

Mayor Pro Tem Cuthbertson and Council Members thanked Ms. Waugh and Ms. Waycaster for coming to the meeting.

PUBLIC APPEARANCE – MARION BUSIENSS ASSOCIATION – QUARTERLY REPORT: Mr. Darren Waugh, President of the Marion Business Association (MBA), appeared before Council and gave the MBA quarterly report.

Friday, April 1
Friday, June 3
Friday, August 5
Friday, October 7
Friday, December 2

The City Manager noted the many events undertaken by the MBA in the final quarter of 2011 and the work being done to enhance the Downtown Façade Grant Program.

Mayor Pro Tem Cuthbertson and Council Members thanked Mr. Waugh for an excellent report and for the work of the MBA.

PUBLIC HEARING – ZONING TEXT AMENDMENT – ATM LOCATIONS: Planning and Development Director Heather Cotton advised that a request was submitted on December 10, 2010 by the State Employees Credit Union (SECU) to amend the City of Marion Zoning Ordinance to allow for automatic teller machines (ATMs) to be a permitted use within the C-2 General Business District.

Ms. Cotton stated that staff has reviewed the Applicant's request and recommends that automatic teller machines (ATMs) be permitted within both the C-2 General Business District and the C-1 Central Business District as a permitted use, which are accessory to either a bank or other commercial building. Staff would further recommend that ATM's not located on the same property as a bank or other financial institution, be limited to one independently-located terminal to minimize vehicular stacking in parking lots, and ingress and egress problems that could arise from multiple drive-through ATM terminals. This amendment would allow for ATM machines to be permitted in both the C-1 Central Business District and the C-2 General Business District.

Ms. Cotton reported that the Planning Board voted 4-0 in favor of recommending approval of the proposed text amendment at a public hearing held January 4, 2011.

Mayor Pro Tem Cuthbertson opened the Public Hearing.

Police Chief Mark Brooks suggested that the ordinance include language that ATMs be required to have security cameras.

Ms. Wendy Gibson, representative of the SECU, stated that all SECU ATMs have security cameras.

There were no other citizens present to discuss this item.

Mayor Pro Tem Cuthbertson closed the Public Hearing.

Council Members stated that they would support the recommendation of Chief Brooks to require security cameras to be placed at all ATMs.

AA.00000101 4 (24)

Ms. Cotton advised that pursuant to North Carolina General Statute and direction by the NC Dept. of Emergency Management, staff is recommending changes to Chapter 8 Flood Hazard Management Ordinance that will give the local floodplain administrator the authority to regulate the size, placement, and installation of LP tanks in a designated special flood hazard area.

Ms. Cotton reported that the Planning Board voted 4-0 in favor of recommending approval of the proposed amendment at a public hearing held January 4, 2011.

Mayor Pro Tem Cuthbertson opened the Public Hearing.

Council Member Clark asked how this ordinance would be monitored.

Ms. Cotton stated that staff would monitor these tanks and provide information to property owners, especially in campgrounds, as well as to LP gas companies.

There were no citizens present to discuss this item.

Mayor Pro Tem Cuthbertson closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to adopt the following Ordinance:

ORDINANCE
AMENDING CHAPTER 8 FLOOD HAZARD MANAGEMENT
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 8, Flood Hazard Management, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

ARTICLE 5. PROVISIONS FOR FLOOD HAZARD REDUCTION.

SECTION A. GENERAL STANDARDS.

In all Special Flood Hazard Areas the following provisions are required:

(4) Electrical, heating, ventilation, plumbing, air conditioning equipment, and other service facilities shall be designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding to the Regulatory Flood Protection Elevation in accordance with the Federal Emergency Management Agency's manual *Principles and Practices for the Design and Construction of Flood Resistant Building Utility Systems*, Ed. 1999, as may be amended. These include, but are not limited to, HVAC equipment, water softener units, bath/kitchen fixtures, ductwork, electric/gas meter panels/boxes, utility/cable boxes, hot water heaters, electric outlets/switches, and LP fuel tanks."

*****

ARTICLE 5. PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION B. SPECIFIC STANDARDS.

(6) Recreational Vehicles

(c) no more than two (2) "40-pound" LP tanks shall be permitted per recreational vehicle located within a designated floodway; campgrounds and other approved sites that provide fuel service to recreational vehicles shall properly install and anchor all LP tanks in accordance Art. (5) Sec. A. General Standards of this ordinance, and with the National Fire Protection Association Chapter 58 (NFPA 58) Liquefied Petroleum Gas Code, Ed. 2011 as may be amended."

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 18th day of January 2011.

Stephen R. Little, Mayor

Ordinance Number: O-11-01-18-2

PUBLIC HEARING – ADOPTION OF RESOLUTION AUTHORIZING NORTH CAROLINAS PARKS AND RECREATION TRUST FUND AND RECREATIONAL TRAILS PROGRAM GRANT APPLICATIONS FOR PHASE 2 OF THE JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY: Planning and Development Director Heather Cotton advised that this is the third public hearing on the N.C. Parks and Recreation Trust Fund (PARTF) grant application for Phase 2 of the Joseph McDowell Historical Catawba Greenway. The first public hearing was held at the December 14 Council meeting, after which Council endorsed the general concept of Phase 2 and the idea of submitting a joint grant application with the County. The second public hearing was held at the January 4 Council meeting. That public hearing was the first hearing on the Recreational Trails Program (RTP) grant for the Greenway, making tonight's public hearing the second hearing on the RTP grant.

Planning and Development Director Heather Cotton gave an overview of the proposed Joseph McDowell Historical Catawba Greenway Phase 2 project. She stated that the projected cost of Phase 2 of the Greenway, including 2,800 feet of greenway, fitness stations, a canoe launch on the north side of the Catawba River and construction of a paved parking lot and amphitheater behind the McDowell House, is estimated to be $477,600. The City plans to seek $238,800 in funding from PARTF (which will provide no more than 50 percent funding), plus property acquisition, and the maximum grant amount of $75,000 from RTP. This would leave a $163,000 local match, less the value of the donated land, which is about $38,000. The McDowell Trails Association has already asked for $165,000 from one major donor and the County seems willing to make a contribution, given that the McDowell House property will be directly improved.

Ms. Cotton advised that the County held a public hearing on these grant applications at their January 17 County Commission meeting and adopted a resolution authorizing the submission of the grant applications. She stated that the grant applications would be done jointly with McDowell County to show site control of the entire site.

Ms. Cotton stated that, after the public hearing, Council action was requested to adopt a resolution to authorize the PARTF and RTP grant applications for Phase 2 of the Greenway.

Mayor Pro Tem Cuthbertson opened the public hearing.

There were no other citizens present to discuss this item.

Mayor Pro Tem Cuthbertson closed the public hearing.

Council Member Owenby asked if McDowell County would be contributing any money to the project.

The City Manager stated that County officials seemed favorable to contributing to the project, given the direct benefit to the County's McDowell House property.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Resolution authorizing North Carolina Parks and Recreation Trust Fund and Recreational Trail Program Grant Applications for Phase 2 of the Joseph McDowell Historical Catawba Greenway:

RESOLUTION BY THE CITY OF MARION CITY COUNCIL
AUTHORIZING NORTH CAROLINA PARKS AND RECREATION TRUST FUND AND
RECREATIONAL TRAIL PROGRAM GRANT APPLICATIONS

AA.0000010/6 (24)

WHEREAS, the North Carolina Department of Environment and Natural Resources, Division of Parks and Recreation has been authorized by the North Carolina General Assembly to award grant funds to eligible park, recreation and open space projects including recreational trails; and

WHEREAS, the City of Marion seeks to develop phase II of the Joseph McDowell Historical Catawba Greenway in the city with funds from this grant funding that will provide recreational opportunities including public access to the Catawba River as well as protect a vital natural and cultural resource; and

WHEREAS, the City of Marion developed a site plan and cost estimate for phase II of the Catawba River Greenway; and

WHEREAS, the City of Marion projects the total cost of construction for phase two of the Greenway is an estimated $477,600; and

WHEREAS, the City of Marion intends to implement this project and apply for one or both grants in conjunction with McDowell County; and

WHEREAS, the City of Marion intends to request funding from two sources within the Division of Parks and Recreation including $75,000 from the Recreational Trail Program (RTP) and $238,800 from the Parks and Recreation Trust Fund (PARTF).

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARION THAT:

Section 1. The City Council will allocate $163,000 in local match including the total appraised value of 3.9 acres acquired by private donation and dedicate funds from the City's General Fund to match the amount awarded by the State if the grant applications are approved. These funds will be available when the grant is awarded in the Summer of 2011.

Section 2. The City Council will provide for the efficient operation and maintenance of the project on completion of the greenway trail and associated facilities.

Section 3. J. Robert Boyette, City Manager, and successors so titled is hereby authorized to submit an application to the Division of Parks and Recreation for the Recreational Trails Program and the Parks and Recreation Trust Fund and directed to provide such information as the appropriate State agency may request in connection with the City's application.

Section 4. The City of Marion has substantially compiled or will substantially comply with all Federal, State and local laws, rules, regulations and ordinances applicable to the project and to the Federal and State grants and loans pertaining thereto.

Section 5. This resolution shall be effective upon its adoption.

Adopted this the 18th day of January, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-01-18-1

PUBLIC HEARING - ECONOMIC DEVELOPMENT INCENTIVES:

The City Manager advised that a public hearing has been advertised concerning proposed economic development incentives for a proposed industry expansion. The industry expansion involves the investment of $18,500,000 in machinery and equipment and the expansion and the creation of 124 new jobs at wages exceeding the average local wage. The City Manager stated that staff believes that these improvements and the jobs to be created will stimulate the local economy and promote business in the City of Marion. The City Manager presented a proposal to provide the industry with annual cash grants to be paid out of the City's General Fund in an amount not to exceed 50 percent of the additional property tax paid to the City as a result of the project, as compared to a baseline tax value prior to the project, for a period not to exceed five years.

AA.000001017 (24)

The City Manager stated that Council approval of the economic incentives is recommended, subject to an agreement being signed with the company, after the project is announced by the State.

Mayor Pro Tem Cuthbertson opened the Public Hearing.

There were no citizens present to discuss this item.

Mayor Pro Tem Cuthbertson closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to approve economic development incentives for an industry expansion, involving the investment of $18,500,000 in machinery and equipment and the expansion and the creation of 124 new jobs at wages, with the following conditions:

1. The incentives will be annual cash grants to be paid out of the City's General Fund in an amount not to exceed 50 percent of the additional property tax paid to the City as a result of the project, as compared to a baseline tax value prior to the project, for a period not to exceed five years.
2. The City of Marion has determined that the value of such public benefit as calculated under NCGS 158-7.1 would be at least equal to if not greater than the benefits provided to the industry.

3. An agreement concerning the incentives shall be approved by Council and signed by the company prior to any cash grant payments being made by the City.

RESOLUITON OF SUPPORT OF PUBLIC MOUNTAIN TROUT WATER DESIGNATION FOR CATAWBA REIVER IN THE AREA OF THE JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY: Planning and Development Director Heather Cotton advised that a request was received from the North Carolina Wildlife Resources Commission (NCWRC), Division of Inland Fisheries for a Resolution of Support from the City of Marion to allow NCWRC to manage a section of the Catawba River along the Joseph McDowell Historic Catawba Greenway as a Public Mountain Trout Water under the State's delayed harvest regulations.

Ms. Cotton said that this designation will allow the NCWRC to stock Rainbow, Brown, and Brook trout and enforce fishing laws associated with delayed harvest regulations. Under the delayed harvest regulations, anglers must practice catch and release with single artificial lures from October 1 through the first Saturday in June. Starting the first Saturday in June through October 1, anglers can harvest fish. NCWRC would stock fish from March through June, and again in October through November.

Ms. Cotton reported that NCWRC assessed the temperatures and available habitat and determined that this regulation and management philosophy would best fit the Catawba River along the greenway. The NCWRC conducted a trout economic study in 2008 and estimated a single Delayed Harvest trout fishery contributed an annual average of 2.2 million dollars to local businesses.

Ms. Cotton advised that NCWRC hopes to bring this reach of river into the Trout Program during this next regulation cycle. If everything goes accordingly fish could be in the Catawba as early as October of 2012. In order to do so, NCWRC needs approval from the City of Marion.

Ms. Cotton reported that, as stated above, the community will benefit from this program in a number of ways. In addition, this designation will strengthen the City's grant applications for the Catawba River Greenway Phase 2 extension. Further, NCWRC has had discussions to assist

AA.00000101B (24)

the City with the development of the Canoe Launch site, one of the elements identified as a "new recreational element" in the PAFTF application in an effort to provide more public access along the Catawba River.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to adopt the following Resolution supporting the North Carolina Wildlife Resources Commission Public Trout Water Designation for a section of the Catawba River in the area of the Joseph McDowell Historical Catawba Greeway as follows:

RESOLUTION BY THE CITY OF MARION CITY COUNCIL
SUPPORT FOR NC WILDLIFE RESOURCES COMMISSION (NCWRC)
PUBLIC TROUT WATER DESIGNATION FOR SECTION
OF CATAWBA RIVER

WHEREAS, the North Carolina Wildlife Resources Commission (NCWRC) is dedicated to the wise-use, conservation, and management of the state's fish and wildlife resources;

WHEREAS, NCWRC assessed the temperatures and available habitat on a portion of the Catawba River contiguous to the City of Marion's Joseph McDowell Historic Catawba Greenway;

WHEREAS, NCWRC determined that the assessed area was a good site for Public Trout Water Designation;

WHEREAS, the Public Trout Water Designation will allow NCWRC to stock Rainbow, Brown, and Brook Trout in this section of the Catawba River and enforce state fishing laws;

WHEREAS, NCWRC intends to expand the Public Trout Water Designation to this stretch of River during the next regulatory cycle and have an effective designation by October 2012; and

WHEREAS, the Public Trout Water Designation will lead to increased recreation and sport angler activities, increase educational opportunities, and enhance local economic revenue.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARION

Section 1. The City of Marion has made public access for recreational activity a priority along this stretch of river by developing a one-mile ADA accessible greenway and ADA accessible fishing pier.

Section 2. The City of Marion has plans to extend the greenway along the Catawba River to provide additional public access for multiple recreational purposes including access for fishing.

Section 3. The City of Marion supports NCWRC in its efforts to seek Public Trout Water Designation for this section of the Catawba River recognizing all the benefits it will provide to the community.

Section 4. This resolution shall be effective upon its adoption.

Adopted this the 18th day of January 2011

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-01-18-1

PUBLIC COMMENT PERIOD: Mr. and Mrs. Ken McElreath appeared before Council complaining about tires stacked behind Scott's Automotive on North Main Street. Mr. McElreath stated that he reported problems last year with the unsightly tires and the mosquito problems they caused. After many months, the tires were removed, but have now again proliferated. He asked that something be done before the problems with mosquitoes arise again.

Planning and Development Director Heather Cotton stated that the City has had many zoning violations with this property and that the property is now under a Notice of Violation. She outlined measures that could be taken to address this matter.

AA.00001019 (24)

The City Manager asked Ms. Cotton to make sure that the violation was dealt with in the strictest way possible, given the repeat violations, and that fines be issued on a daily basis if necessary, until the violations are corrected.

Mr. McElreath stated that he appreciated the assistance.

No action was required for this item.

APPROVE AUDIT CONTRACT: Finance Director Harriett Thomas advised presented to Council the contract for City audit services for 2010-11from Martin, Starnes and Associates. The proposed audit cost for 2010-2011 is $15,700, consisting of $14,200 for basic audit services (prior year $13,800) and $1,500 for services related to the Single Audit. Ms. Thomas stated that staff has been very pleased with the quality of service received from Martin Starnes over the past several years and would recommend Council approval of the contract as presented.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to contract with Martin, Starnes and Associates to complete the City's 2010-11 audit for an amount of $15,700, consisting of $14,200 for basic audit services and $1,500 for services related to the Single Audit.

CONSIDER AMENDMENT TO PLANNING AND DEVELOPMENT DEPARTMENT FEE SCHEDULE ORDINANCE: The City Manager advised that, as previously reported, staff found a 20+ year old provision in the Zoning Ordinance that requires owners of off-premise signs (billboards) to obtain an annual permit from the City for such signs. The annual permit fee is $125.00 plus an additional amount for signs larger than 100 square feet. Hankins Baptist Church received a notice, asking them to pay $125.00 for their annual permit. The City Manager stated that he had subsequently spoke to Mr. Larry Cline with Hankins Baptist, which led to him submitting a letter requesting that non-profit organizations be exempted from paying a fee for the annual off-premise sign permit renewal. The City Manager stated that staff prepared an ordinance for Council's consideration. This ordinance would exempt non-profit organizations with a physical location in McDowell County and owning off-premise advertising signs from the annual off-premise sign permit renewals. Businesses and individuals owning such signs would still have to pay the fee for the permit renewal.

The City Manager stated that he had also spoken to Nancy Spencer on January 4 and later received an e-mail from her, stating her objections to the $125 per year annual permit fees for off-premise signs. Ms. Spencer's sign is smaller than the typical billboard, but is still technically an off-premise sign. The City Manager stated that if Council wished to create further exemptions, based on Ms. Spencer's objections, they could certainly do so.

The City Manager stated that, in addition, staff came up with the idea of instituting an ABC permit fee, something that many larger cities charge. City staff have to complete a zoning and building inspection for establishments such as restaurants, convenience stores, grocery stores and superstores that are seeking ABC licenses and the Police Chief also must comment on the location of the establishment and the character of the applicant. The City Manager advised that, in the proposed ordinance, a category is added for ABC permits, with the lowest fee being $100 for establishments of less than 50,000 square feet. Establishments with 50,001 to 100,000 square feet would pay a permit fee of $400, while establishments over 100,000 square feet would pay a permit fee of $800. The City Manager stated that staff feels that ABC licenses have a great value to the applicant and it is reasonable for the City to charge an ABC permit fee, given the work that must be put into review of said license requests.

Council Member Martin asked if this item could be further discussed at the Planning Session in February. The City Manager stated that such discussion would be fine, if so desired by Council.

AA.0000001020 (24)

The City Manager advised that City crews would soon be installing identification signs at the Peavine Trail, as well as signs prohibiting motorized vehicles on the trail.

The City Manager advised that the City and County were now ready to proceed with implementation of a $59,000 State Energy Grant to relamp most City owned buildings and some County buildings. The County is going out to bid for this work, which should allow the relamping to occur by Spring. The relamping will save the City $13,000 in annual energy costs.

The City Manager stated that he wished to thank City crews for the great work with the recent snow removal. He stated that City staff faced an unusual situation, with low temperatures for several days, and that staff has come up with a new approach to plow ice-prone streets first and to increase the amount of brine pre-applied to streets. The City Manager also noted that City garbage collection was not affected during the snowstorm.

COUNCIL COMMENTS:

Council Member Martin expressed thanks to Council for their individual and collective prayers during recent illness experienced by his wife, Connie, and his grandson, Benjamin. He said that the support and prayers lifted up his family during this difficult time.

Council Member Doggett stated that she would like to see the City participate in some way with the fundraising effort for Relay for Life.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

A.A.00000102I (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 1, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Tracy Childers 26 Hillside Drive, Marion, NC; Abby Hollifield, South Garden Street, Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Owenby, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – January 18, 2011 Regular City Council Meeting Minutes

B. **Receive Report of Unpaid 2010 Real Property Taxes**

Tax Collector Claudia Hill presented a memo to Council advising that, as stated in G.S. 105-369(a), the Municipal tax collector must report to the Governing Board the total unpaid 2010 taxes that are liens on Real Property.

As of the date of the memo, January 25, 2011, the amount of unpaid 2010 Real Property taxes was $164,017.98. Delinquent taxes were as follows:

C. Approve Advertisement of Delinquent 2010 Real Property Taxes

Tax Collector Claudia Hill presented Council with a memo advising that, as stated in General Statute 105-369(c), the Tax Collector must advertise tax liens on Real Property at least once between March 1 and June 30.

Council approved the request of Ms. Hill to advertise City of Marion delinquent 2010 real property taxes in The McDowell News on Wednesday, May 11, 2011.

D. Approve Resolution Directing the Clerk to Investigate the Sufficiency of a Petition for Annexation – Silver/Yancey Road

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – YANCEY ROAD – SILVER PROPERTY - 2011

WHEREAS, a petition requesting annexation of an area described in said petition was received on January 26, 2011 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 1st day of February, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

RESOLUTION NUMBER: R-11-02-01-1

AA.00001034 (24)

SPECIAL PRESENTATION BY MAYOR LITTLE: Mayor Little stated that it was with great pleasure that he recognize Council Member Billy Martin for completing 15 years of service as an elected official with the City of Marion. He noted that Council Member Martin had not been able to be present when other such presentations were made previously, due to family illness. Mayor Little presented Council Member Martin with a 15 year service pin.

Council Member Martin thanked Mayor Little and stated that serving on City Council is not a job to him, it is a passion.

PUBLIC COMMENT PERIOD: No citizens were present wishing to speak to Council during the Public Comment Period.

APPROVE ORDINANCE – TRAFFIC SCHEDULE ADDITIONS:
The City Manager presented a proposed ordinance to Council reflecting various additions to the Traffic Schedule, including streets added as a result of the Sugar Hill Road Area annexation on January 31 and the inclusion of streets missed in previous updates. He noted that almost all of the streets missed in previous updates are private roads that carry no City regulations or streets that exit into areas within the City. The deletion of the stop sign regulation on Atwood Drive is due to this street being a private road. The City does not typically place stop signs on private drives.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adopt the following ordinance amending the City Traffic Schedule:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
ATWOOD DRIVE	STOP SIGN	AT TUNNEL ROAD

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
LUKIN STREET	STOP SIGN	AT SUGAR HILL ROAD
OVERLOOK DRIVE (WEST)	NONE	
CYPRESS ROAD	NONE	
BEN STREET	STOP SIGN	AT LUKIN STREET
STEPPE STREET	STOP SIGN	AT SUGAR HILL ROAD
MEADOW LANE	STOP SIGN	AT SUGAR HILL ROAD
VETERANS DRIVE	NONE	

WEST MARION BUSINESS PARK DRIVE	NONE	AT SUGAR HILL ROAD
MILL ROAD	STOP SIGN	AT SUGAR HILL ROAD
CONDREY ROAD	STOP SIGN	AT SUGAR HILL ROAD
		AT WORLEY ROAD
WORLEY ROAD	STOP SIGN	AT SUGAR HILL ROAD
BUENA VISTA RIDGE	STOP SIGN	AT STROUD STREET
COOL BREEZE DRIVE	NONE	
CREEKVIEW COURT	NONE	
ADDIE'S CHAPEL DRIVE	NONE	
JACKSON STREET	NONE	
SAM PHILLIPS DRIVE	STOP SIGN	AT US 70 WEST
HANKINS ROAD	STOP SIGN	AT US 221 NORTH BUSINESS
BUNGALOW DRIVE	NONE	
WOODY STREET	STOP SIGN	AT RIDGE STREET
PLATO DRIVE	NONE	
COLLEGE DRIVE	NONE	
BARNES ROAD	STOP SIGN	AT US 221 SOUTH
POTEAT ROAD	STOP SIGN	AT NC 226 SOUTH
ATWOOD DRIVE	NONE	

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 1st day of February, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-02-01-1

REQUEST FROM DOT – SIDEWALK ADDITION ON US 70 WEST FROM WEST MCDOWELL JUNIOR HIGH SCHOOL PARKING LOT TO GREENWAY ENTRANCE: The City Manager advised that, as shown on information presented to council, NCDOT is strongly considering
funding a requested sidewalk from the West Junior High School ballfield parking lot to US 70, a crosswalk across US 70 and a sidewalk extending to the Greenway entrance. This crosswalk and sidewalk have been requested by West McDowell Junior High School and were on the City's Safe Routes to School Plan presented to Council in January.

AA.000001036 (24)

The City Manager advised that, in order for DOT to construct the sidewalk, the City must agree to maintain it. He stated that the area in which the sidewalk would be constructed is technically outside the City. However, eventually this part of US 70 will develop, so Council may wish to consider the City accepting maintenance of the sidewalk. The City Manager suggested that one way to justify this sidewalk could be the City annexing US 70 West from the edge of the Lowe's property to the Greenway entrance. The City Manager stated that he was not sure at this point how a highway only annexation would be accomplished, but that he could explore this possibility if so desired by Council.

The City Manager stated that under North Carolina law, counties are not permitted to maintain sidewalks and DOT does not maintain sidewalks, so City maintenance is the only way this project could take place.

Council Member Clark asked if just the area of the sidewalk could be annexed. The City Manager stated that he has heard of cities annexing street rights-of-way, but was not sure exactly how the process for such an annexation would work.

Mayor Little asked if the neighboring property to the proposed sidewalk, Great Meadows could donate needed property or give the City a sidewalk easement. The City Manager advised that DOT was planning to install the sidewalk on Highway right of way. He also said that Great Meadows would also likely not wish to give up prime commercial road frontage.

Council Member Clark stated that there are a lot of things to consider before agreeing to this request, such as would the City have insurance coverage on the sidewalk, even though it is not in the City Limits and who would cover the liability and cost of the maintenance?

Mayor Pro Tem Cuthbertson stated that the maintenance on a new sidewalk should be very minimal. He added that this was a good chance to get the sidewalk installed and would hate to see this opportunity pass by.

Council Member Owenby stated that he would be in favor of tabling this item until more information could be obtained.

Mr. Tracy Childers, a teacher at West McDowell Junior High School, advised that he had made the request for the sidewalk to NCDOT and that over 400 students signed a petition all requesting that this sidewalk be installed. He described the great connection the sidewalk would make from the school to the Greenway.

Council Member Clark added that he would like to see the sidewalk extended eastward to the Lowe's property to make a connection to commercial areas.

Council Member Clark stated that he hoped Mr. Childers understood his concerns about liability if the City agreed to maintain this project. Mr. Childers said that he certainly understood and appreciated any assistance the City could provide with this project.

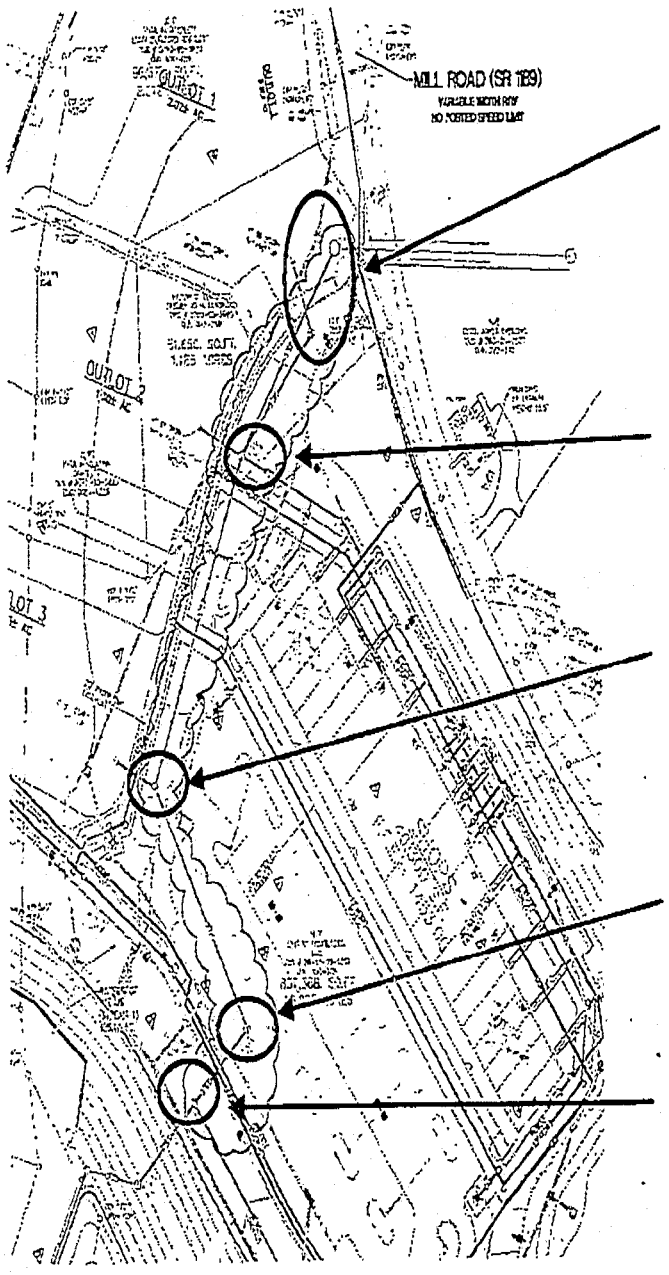
Council Member Clark made a motion that the City agree to maintain the sidewalk proposed by the North Carolina Department of Transportation and extending from the West Junior High School ballfield parking lot to the Greenway entrance, on the condition that liability insurance coverage can be provided for this sidewalk on the City's insurance policy, that the area of the sidewalk can be annexed by or donated to the City and that a request is made to NCDOT to extend the sidewalk eastward along US 70 West in the direction of Lowe's. Mayor Pro Tem Cuthbertson seconded the motion. All Council Members voted in present of the motion, which was carried unanimously.

AA.000001037 (24)

Council Member Doggett asked that Mr. Childers thank the students who wrote to DOT and made this project a reality.

The City Manager stated that he would obtain information on the conditions listed in the motion and convey such information to Council.

DISCUSS SUGAR HILL ROAD WATER AND SEWER EXTENSION PROJECT: Public Works Director Chris Hollifield reported that the City has an opportunity to serve the West Marion Business Park on Sugar Hill Road with gravity sewer service, as part of the City's Sugar Hill Road water and sewer extension project. This area is below grade and will require a pump station in order to provide sewer service unless an adjustment is made to the Wal-Mart Supercenter outparcel sewer line. Mr. Hollifield said that if the last five outparcel manholes were lowered, the Business Park could be served without a pump station being needed. The Wal Mart Supercenter developer, WRS, has submitted a proposal for their contractor to complete this work.



Mr. Hollifield stated that the manholes are labeled on the Wal-Mart utility drawing as #5, #11, #12, #13, and #17. These manholes would be maintained by the City anyway due to sewer flow from both the outparcels as well as the Grandview Station retail shops. The manholes are currently at a depth that ranges from 10 – 20 feet. Once the manholes were lowered to accommodate gravity sewer flow from the Business Park, they would range in depth from 20 – 34 feet.

Mr. Hollifield advised that, while working at a greater depth does present challenges, the City is no worse off in the adjusted state than it was at the original design depth. The current equipment owned by the City will allow it to dig to a depth of 10 feet maximum; therefore, the City would not have been able to reach the deepest area of the original design. Working beyond 10 feet in depth would require the City to contract with a utility contractor for excavation. It is also important to note that to work in a depth beyond 10 feet also requires a protective trench device that must be designed by a structural engineer. Mr. Hollifield said that the City would most certainly contract out a project in the depth range of 10 feet + due to trench safety requirements as well as equipment limitations.

Mr. Hollifield reported that the sewer lines that connect the manholes in question are specified to be ductile iron (DIP) and would carry gravity flow only. He said that he does not expect maintenance disasters like line breaks with the new line due to the fact that the pipes are not being used in a pressure capacity. Mr. Hollifield said that he would also propose that daily maintenance be performed using the City of Marion's Wastewater Treatment Plant jet rodder machine. The operation of the jet rodder should not be affected by the proposed adjustments.

Mr. Hollifield presented a visual presentation of the proposed plans and gave a further synopsis of how the proposed changes would work. He advised that the proposed cost of the work was $162,129, which is significantly cheaper than the $200,000+ cost of installing a pump station and the perpetual electrical and maintenance costs on a pump station.

AA.000001039 (24)

Red indicates original design
Green indicates adjusted design to avoid PS
Yellow indicates additional excavation

Council Member Clark expressed concerns about the City being asked to approve a $162,129 expenditure without bids being taken. He said he understood that it would be difficult to ask the developer to take bids when they already have a contractor hired, but that he still found the process to be less than ideal. Council Member Clark also asked if McGill Associates had estimated the cost of the pump station that would not be needed as a result of this work. The City Manager stated that McGill had estimated a cost of $200,000. Mr. Hollifield added that McGill had not done detailed design on the pump station, since the idea to eliminate the pump station had been identified, but that he thought a pump station might run $300,000 or more, based on the City's past experience.

Council Member Clark stated that the City had to install pump stations in the past that were not needed, due to State regulatory interference, so it was certainly a good thing to avoid a pump station if possible. He suggested that the City receive a 40 foot permanent easement, in addition to a 40 foot temporary easement, given the depth of the line.

Mayor Little said that he thought the idea of a wider permanent easement was excellent.

Mayor Pro Tem Cuthbertson stated that the costs of a pump station would be forever, so the City's savings from eliminating a pump station would be far greater than just the initial cost of a pump station.

AA.000001040 (24)

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the proposal from WRS and their contractor Clary Hood in the amount of $162,129.00 to complete work to lower the sewer line and manholes across the Wal Mart development on Sugar Hill Road, in an effort to eliminate a pump station and the associated $200,000+ cost, subject to the City receiving a 40 foot permanent easement from WRS across their development property.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that he and Planning and Development Director Heather Cotton met with DOT District Engineer Doug McNeal in late January about the Downtown Streetscape Plan. Mr. McNeal said DOT is ready to go out to bid on milling Main Street in the downtown area (from the South Main/Rutherford Road curve to the North Main/Logan curve) and spot milling on North Main Street out to the Legendary Ford building at the North Main/US 70 West intersection and on East Court Street to the railroad underpass east of the former Swift Galey building. This work would take place at night, to avoid disruptions to traffic and businesses. DOT would then resurface Main Street in the downtown area, except for the parking strip in which the City would be doing the concrete bumpout work, and all of North Main Street and East Court Street. Striping and signal modifications would then be done by DOT.

The City Manager said that the City would then complete the concrete bumpout work, assuming the bids come in within budget. The City would pave the parking strips and complete striping work, through a reimbursable agreement with DOT. As a final step, the City will complete the decorative crosswalk stamping at downtown intersections prior to the Mountain Glory Festival.

The City Manager said that he has asked DOT for advance notice of when the milling work will begin, so that the public can be identified. He said that DOT is currently seeking bids for such work, which may begin between March and June.

Council Member Clark asked if staff had talked about upcoming requirement on retro reflectivity of street and traffic signs.

Public Works Director Chris Hollifield stated that he was working on plan for implementation of this unfunded mandate, but had not yet received a quote. He said he anticipated the cost to be in the tens of thousands of dollars in a few years.

The City Manager stated that the City would obtain bids on the concrete bumpout work, after final approval of the Downtown Streetscape Plan by DOT.

The City Manager stated that he had a parking issue that the Street Committee would need to look at. Council agreed by consensus to refer this matter to the Street Committee for review.

The City Manager advised that City staff had recently installed locking bollards for the Greenway, to prevent vehicular access. The City has also installing the rules sign at the trail entrance, along with benches and trash cans.

The City Manager reported that the City is now the owner of the property for Phase 2 of the Greenway, after the deed for this property donation was signed by Byron Phillips on January 26. The Phillips family also extended the City's lease on property for the canoe launch site on the north side of the Catawba River off of Highway 221 North Business from 20 years to 30 years, which is important as a term of 25 or more years can be funded by the N.C. Parks and Recreation Trust Fund and count toward the City's grant match.

The City Manager advised that identification signs and signs prohibiting motorized vehicles have been installed on the Pea Vine Trail. He further advised that a local man is interested in taking

AA.000001041 (24)

down the trestle on the Pea Vine Trail, but that the City will first require the man to signing a hold harmless agreement, releasing the City from liability.

The City Manager advised that the City has pledges in the amount of $3,850 for the Roy Williams historic marker as of January 24. He said that the marker will be ordered in the near future, now that fundraising has been completed. No City funds will be used for the marker.

The City Manager stated that the Marion Business/McDowell Economic Development Association/City County Downtown Façade Grant Program had been launched that day, with two meetings held with property and business owners in the project area. Grants will be accepted until March 31. The City Manager noted that Council needed to appoint a City representative to serve on the Review Committee for the Façade Grant Program.

COUNCIL COMMENTS:

Mayor Pro Tem Cuthbertson advised that Ms. Terri Silver had asked when the annexation of her property on Yancey Road would take effect. The City Manager stated that he was projecting an effective date of March 31. Mayor Pro Tem Cuthbertson stated that he would pass on this information to Ms. Silver.

Council Member Doggett stated that someone had mentioned to her that better directional signage needed to be placed directing motorists to Historic Downtown Marion, as in places there are not such directional signs once motorists exit the Highway 221 Bypass. The City Manager stated that the wayfinding signs that would soon be installed included some "Welcome to Historic Downtown Marion" signs to be placed at the edge of the downtown area, but that additional DOT signs were needed. These additional signs would be part of a second phase of wayfinding signs to include I-40 and the Highway 221 Bypass.

Council Member Clark noted that he had seen in other states the placement of Business Interstate signs to direct motorists off of Interstates into cities and then back on the interstate. He said that he thought such an idea should be implemented in McDowell County.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

C. Adopt Resolution Fixing the Date of Public Hearing on the Question of Annexation – Silver/Yancey Road Annexation

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – SILVER/YANCEY ROAD - 2011

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

AA.000001044 (24)

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, March 22, 2011.

Section 2. The area proposed for annexation is described as follows:

TRACT ONE

BEGINNING on an iron pin, it being the Southeast corner of that certain lot of land described in a deed from Thurley F. Steppe to Troy Messer and wife, Hilda P. Messer, dated March 29, 1955, and which is recorded in Deed Book 132, at page 114, of McDowell County Deed Records, and runs thence N 21 E 188 feet to an iron pin; thence S 56 deg. and 30 min. E 50 feet to a iron pin; thence S 21 W 188 feet to an iron pin; thence N 56 deg. and 30 min. W 50 feet to the Beginning, let the same contain what it may.

TRACT TWO

BEGINNING on an iron stake, the Southeast corner of the tract of land described in a deed dated April 2, 1951, from Oliver S. Franklin to Helen F. Swofford, and also being located S 56 deg. and 30 min. E 200 feet from the Beginning corner of a tract of land described in a deed from Oliver S. Franklin to Olive F. Webster, dated April 2, 1951, and runs thence N 26 deg. 45 min. E 189 feet to an iron stake, the Northeast corner of the Helen F. Swofford lot; thence S 56 deg, 30 min. E 80 feet to an iron stake; thence S 21 W 188 feet to an iron stake; thence N 56 deg. 30 min. W 100 feet to the Beginning and being in all respects the same tract of land described in a deed from Oliver S. Franklin to Thurley F. Steppe, dated April 2, 1951, and recorded in Deed Book 116, at page 309 of McDowell County Deed Records.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 15th day of February, 2011.

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

Section 1. That Article V, The Pay Plan, Section 13. Longevity Pay – Pay Amounts is amended by deleting the first paragraph in its entirety and replacing it with the following:

Pay Amounts

Annual longevity pay amounts are based on the length of consecutive years of service with the City of Marion. For employees with hire dates prior to February 15, 2011, amounts shall be computed in the following manner:

Article V, The Pay Plan, Section 13. Longevity Pay – Pay Amounts is further amended by adding the following as the last paragraph in the section:

For employees with hire dates after February 15, 2011, pay amounts shall be computed as $50 per year for each year of service with the City of Marion.

Section 2. This amendment shall become effective on February 15, 2011.

ATTEST:

J. Robert Boyette, City Manager/Clerk

Policy Number: P-11-02-15-1

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO SUGAR HILL ROAD AND MARION RETAIL INVESTMENT/WAL-MART SUPERCENTER ANNEXATION AREAS: Planning and Development Director Heather Cotton advised that City Council recently adopted Ordinance Numbers 10-11-16-1 and 11-01-04-1 extending the corporate limits of Marion to include the Wal-Mart Supercenter development as well as properties that border Sugar Hill Road. Council now needs to adopt an ordinance to assign zoning to these newly annexed areas.

Ms. Cotton advised that the purpose of the recommended ordinance is to assign a zoning designation to the annexed areas that will be most compatible with the existing uses within the area and provide a mechanism to regulate such uses. Based on Marion City Code, the annexation area is most compatible with Section 21-205 *C-2 General Business Zoning District.* The C-2 General Business Zoning District is established as a district where the principal use of land is for commercial purposes.

Ms. Cotton reported that the newly annexed area also includes a concentration of residential properties

AA.000001049 (24)

on the northeastern end of Sugar Hill Road and Lukin Street. Staff is proposing that this area be assigned the R-2 General Residential Zoning District. She said that some of these properties along Sugar Hill Road will most likely transition into commercial in the future as utilities are expanded, and properties are sold for commercial uses. Staff is currently evaluating this corridor within the comprehensive land use study and opportunities for improving the transition of residential to commercial uses in this and similar areas.

Ms. Cotton advised that staff had recommended assigning R-2 General Residential zoning to the northern part of the Sugar Hill Road annexation areas and C-2 General Business zoning to the southern part of the annexation areas. The Planning Board approved staff's recommendation at their February 3, 2011 meeting.

Mayor Little opened the Public Hearing.

Mr. Doug Stamey asked when the water and sewer installation would get started on Sugar Hill Road.

The City Manager stated that construction would hopefully start within 60 days. He noted that it is the City's goal to make water service available to the Wal-Mart development by July 1 and sewer available to the Wal-Mart development by August 1. The City Manager stated that service to properties off of Sugar Hill Road may take a little longer.

Mayor Little stated that it is the City's desire to extend water and sewer service as soon as possible and to try to comply with Wal-Mart's timeline if at all possible.

Mr. Dirk Burleson of Rutherford Electric Membership Corporation stated that Rutherford EMC owns the old Sugar Hill Road Truck Stop that will be served by City water and sewer. He commended City Manager Bob Boyette and Public Works Director Chris Hollifield for the way they have worked with his company and provided information and help with the water and sewer project.

The City Manager thanked Mr. Burleson for his assistance.

Mayor Little stated that he would also like to thank Doug and Rita Stamey for being present for this meeting and stated that it is always a pleasure to deal with Stamey Chrysler Dodge Jeep.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Doggett, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to amend the Official Zoning District Map to assign the R-2 General Residential and C-2 General Business Zoning District designation to the Sugar Hill Road Annexation Area and the Marion Retail Investment/Wal-Mart Supercenter Annexation Area as follows:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
SUGAR HILL RD/WALMART SUPER CENTER

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Sugar Hill Rd. Annexation Territory adopted by City Council on January 4, 2011 Ordinance Number O-11-01-04-1 and the Marion Retail Investment/Walmart Super Center Annexation adopted by City Council on November 16, 2011 Ordinance Number O-10-11-16-1,

AA.000001050 (24)

Section 3: The City of Marion is assigning the R-2 General Residential and C-2 General Business Zoning Districts to the newly incorporated areas as indicated on the amended Official Zoning District Map attached hereto as Exhibit A.

Section 4. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 5. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on February 3, 2010.

Section 6. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 7. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 8. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 9. This ordinance shall become effective upon its adoption.

Adopted this the 15st day of February 2011.

Stephen R. Little
Mayor

Ordinance Number: O-11-01-15-1

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting wishing to speak to Council.

REVIEW/CONSIDER AWARD OF CONTRACT – PURCHASE OF PUMPS AND EQUIPMENT FOR SUGAR HILL ROAD WATER AND SEWER EXTENSION: The City Manager stated that, as shown on information presented to Council, the City opened bids recently for the purchase of pumps and generators for the pump stations to be constructed as part of the Sugar Hill Road Water and Sewer Extension Project. This project was broken into two contracts, Contract One (the extension needed to serve the Wal Mart Supercenter and related retail shops) and Contract Two (including additional extensions to serve the West Marion Business Park and Stamey Chrysler Dodge Jeep. The City Manager stated that the City took pump and generator bids separately to speed up the project to meet Wal Mart's stated deadlines for water and sewer service being available.

The low bids were as follows:

Contract One

Pumps – Carolina Pumpworks	$57,477.00
Generators – Nixon Power Services	$45,674.00
Subtotal	$103,151.00

Contract Two

Pumps – Carolina Pumpworks	$20,682.00
Generators – Nixon Power Services	$20,914.00
Subtotal	$41,596.00

AA.00001051 (24)

Total, Contracts One and Two	$144,747.00

The City Manager advised that McGill has worked successfully with both companies and recommends award of the contracts to the low bidders, as stated above. The City Manager added that, unfortunately, the City does not yet have the approval of the U.S. department of Agriculture to award any contacts. Therefore, the City Manager asked that Council agree for the City to proceed with the purchase of the equipment. The final contract award and payments to the low bidders would not occur until the City is given the go-ahead by USDA. Hopefully USDA approval will be received in time for an official contract award in March

The City Manager advised that in the meantime, the low bid companies have agreed to provide McGill with shop drawings to make sure the equipment to be supplied fully meets City specifications. This process will take about two weeks, so the City will lose not time.

It was the consensus of those members of Council present to approve the low bids for the purchase of pumps and generators for the Sugar Hill Road water and sewer extension, subject to final USDA approval, as follows:

Contract One

Pumps – Carolina Pumpworks	$57,477.00
Generators – Nixon Power Services	$45,674.00
Subtotal	$103,151.00

Contract Two

Pumps – Carolina Pumpworks	$20,682.00
Generators – Nixon Power Services	$20,914.00
Subtotal	$41,596.00
Total, Contracts One and Two	$144,747.00

Formal action by Council will need to take place at a future meeting, after USDA approval occurs.

CONSIDER APPROVAL OF REVISED ELECTIONS AGREEMENT WITH McDOWELL COUNTY: The City Manager advised that, as previously reported, the McDowell County Board of Elections recently informed the County that a new elections agreement is needed between the City and County, due to changes in State law and the standard election agreement template.

The City Manager presented Council with a copy of the proposed agreement, preceded by a memo and e-mail from the Board of Elections and information from County Manager Chuck Abernathy.

The City Manager stated that County Elections Director Kim Welborn noted in her e-mail that the major change is limiting the County's charges to the City to only the actual cost of the election. The annual cost of salaries has been excluded from the document. The County has been charging the City for compiling the list of voters, something Board of Elections Member Jack Wood said the County now gets for free from the State. The agreement no longer mentions the City paying for this information.

AA.00000105Z (24)

The City Manager also presented Council with a copy of a memo from the County Manager to the County Commissioners, describing this agreement as routine. The County Commissioners approved this agreement in January and Council approval of the agreement is now requested.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to approve the Elections Agreement between the City of Marion and McDowell County as follows:

NORTH CAROLINA
MCDOWELL COUNTY

MUNICIPAL AGREEMENT

THIS AGREEMENT made and entered into this the 17th day of January, 2011 by and between the City of Marion, A municipal corporation hereinafter referred to as "Municipality" and the McDowell County Board of Elections hereinafter referred to as "Board of Elections" and the McDowell County Board of Commissioners hereinafter referred to as "Commissioners".

WITNESSETH

THAT, WHEREAS, The above named Municipality will continue its agreement with the Board of Elections to conduct its future municipal elections; and

WHEREAS, the Board of Elections will conduct said municipal elections upon proper execution of this Agreement; and

WHEREAS, Parties to this agreement acknowledge that fair and accurate elections cannot take place without the Board of Elections receiving accurate and complete voting district and voting schedule information from the Municipality sufficiently in advance of the election to assign voters properly; and

WHEREAS, when contracting with a county board of elections for the conduct of its elections, a municipality is required to pay the actual cost of conducting said election. For budgeting purposes, however, the Board of Elections understands that it would benefit municipal officials to have the most accurate estimate of costs possible for allocation of budget revenues.

Barring new laws, annexations, districting, redistricting, ward changes, and other changes by the Municipality and other variables, the Board of Elections does not anticipate the cost of each succeeding election to increase more than ten percent. If it learns that the increase will exceed ten percent, the county board of elections will notify the Municipality as soon as they are aware. The Board of Elections, therefore, estimates that the current year's municipal election costs will not be likely to increase more than ten percent of its most recent odd-numbered election costs billing.

To determine the ten percent estimated increase; the Municipality should refer to is files for the most recent odd-numbered–year election billing with comprehensive sheet showing complete and detailed related charges billed and explanations as to arrival at prorate charges.

NOW, THEREFORE, IT IS MUTALLY UNDERSTOOD AND AGREED BETWEEN THE PARTIES HERETO THAT:

1) The Board of elections shall conduct all elections required by law or duly called by said Municipality, all as by law provided.

2) It is the responsibility of the municipality to provide the Board of Elections with clear and accurate maps, districts, municipal lines, government changes, and proof of preclearance. The

AA.000001053 (24)

Board of Elections cannot assure voters are properly assigned to districts without accurate information to all facts necessary to conduct an election, promptly but in no event less than 90 days before filing begins. A form provided by the Board of Elections will be sent to the Municipality in advance of the filing date giving all information as to the form of government, the offices to be elected and all other dates and relevant election information. This form must be signed by the mayor, city manager, or other designated official and returned to the Board of Elections 30 days before filing begins.

3) The Municipality shall pay to the Board of Elections the actual cost of conducting an election within thirty days of receipt of billing, subject to the setoff of retained filing fees and all funds shall be deposited in the McDowell County General Fund. Actual costs of an election shall include, but is not limited to all expenses, travel, actions, and labor in the preparation for and conduct of all primaries, runoffs, and elections. Actual costs shall also include expenses, transportation, and labor costs for elections protests, petition examinations, and petition certification that may arise from the election. The Board of Elections shall not be responsible for any expenses arising from litigation from a municipal election, except as to allegations that the Board failed to follow the instructions of the Municipality as to the election or was negligent in the conduct of the election. In addition, if the Municipality requires annexation activation, ward defining, districting, or redistricting work, actual costs will be charged by the Board of Elections to the Municipality in the year of municipal elections. Reference should be made to previous billings for estimated cost of such work that may include mailing of annexation notifications, required overtime of staff and related cost of supplies. The Municipality shall be entitled to a detailed billing for the incurred costs.

4) If the Board of Elections conducts an election for said Municipality simultaneously with a countywide election, all actual expenses incurred for conducting the municipal election in excess of the cost for the countywide election shall be reimbursed by said Municipality to the Board of Elections.

5) The number of and compensation of poll workers and voting machine technicians, along with election preparations and training and programming of voting machines, as well as other matters directly related to any election, shall be determined according to federal election laws, North Carolina Administrative Code and General Statutes of North Carolina by the State Board of Elections and the McDowell County Board of Elections.

6) The North Carolina State Board of Elections and the McDowell County Board of Elections have jurisdiction over election matters. Therefore, any questions or problems concerning election, including billing, should be brought directly to the McDowell County Board of Elections for resolution. If not resolved satisfactorily within a reasonable or statutory period, appeals may be made to the North Carolina State Board of Elections under the provisions of NCGS 163-285.

7) All municipal filing fees paid to the Board of Elections shall be deposited to the general fund of McDowell County and deducted from the Municipality's election costs. The Municipality will be provided exact written information as to the fees collected.

8) The term of this Agreement shall be for a two-year period, commencing on the 17th day of January, 2011 and terminating on January 16, 2013. The term of this Agreement shall be automatically extended for successive two (2) year periods unless either party provides verified hand delivered notice to the other party of its intent to terminate the agreement no later than the first day of December of the year prior the termination is to be effective.

9) If the Municipality desires to allow absentee voting in its elections or to eliminate absentee ballots, it shall be the responsibility of the Municipality to comply with the provisions of NCGS 163-302.

AA.000001054 (24)

IN TESTIMONY WHEREOF, said Municipality has caused this instrument to be executed in its corporate name by its Mayor, its Official Seal to be affixed and attested by its Clerk, and the McDowell County Board of Elections has caused this instrument to be executed in its name by all members and attested by its Director in duplicate originals, the day and year first above written; one duplicate original to be retained by each of the parties hereto.

Council Member Doggett asked what the City's election costs averages. The City Manger stated that the City's average costs are approximately $5,000 to $6,000 per year.

APPOINT CITY REPRESENTATIVE TO FAÇADE GRANT REVIEW COMMITTEE:
The City Manager advised that in recent meetings to discuss the expanded Downtown Façade Grant Program, the City, County, Marion Business Association and McDowell Economic Development Association representatives proposed having each participating organization appoint one person to serve on a review committee for Façade Grant applications. In addition, it was suggested that one additional at-large committee member be appointed. Kathy Rabb's name has been mentioned for this at-large position, given her vast experience with reviewing Façade Grant applications in the past.

The City Manager stated that he, Marion Business Association Executive Director Freddie Killough and County Manager Chuck Abernathy would provide advice and assistance to the committee, but would not vote on awards. He stated that Council action is needed to appoint a City representative to the Façade Grant Review Committee and to suggest an at-large appointment, if so desired.

AA.000001055 (24)

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, those members of Council present voted to appoint Council Member Doggett as the City representative on the Façade Grant review Committee.

Council Member Owenby asked who could apply for the grants, property owners or tenants. The City Manager advised that either property or business owners could apply, but the property owner would have to sign and approve the application.

Upon a motion by Council Member Owenby, seconded by Council Member Martin, those members of Council present voted to appoint Ms. Kathy Rabb as a Community At-Large representative on the Façade Grant Review Committee, subject to concurrence by the Marion Business Association, McDowell County and McDowell Economic Development Association.

ADD ON – RESOLUTION AUTHORIZING SUBMISSION OF STATE REVOLVING FUND WASTEWATER GRANT: The City Manager stated that, as previously reported, the City's best possible project for the upcoming State Revolving Fund wastewater cycle is the extension of sewer service to the south side of I-40 on Sugar Hill road to serve the Marion Travel Plaza and possibly other properties as well. A Preliminary Engineering Report is not required for the grant application, which is due February 15. Therefore, the costs of initial application should be minimal.

The City Manager stated that Council adoption of a resolution was needed to authorize the submission of this grant application.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, those members of Council present voted to adopt the following resolution, authorizing submission of a State Revolving Fund Application:

RESOLUTION BY CITY COUNCIL OF THE CITY OF MARION

WHEREAS, The Federal Clean Water Act Amendments of 1987 and the North Carolina the Water Infrastructure Act of 2005 (NCGS 159G) have authorized the making of loans and grants to aid eligible units of government in financing the cost of construction of a wastewater collection system and,

WHEREAS, The City of Marion has need for and intends to construct a wastewater collection system project described as the construction of a wastewater pump station and force main in order to decommission a non-compliant wastewater treatment plant and provide connection to the wastewater system of the City of Marion,

WHEREAS, The City of Marion intends to request State loan and/or grant assistance for the project,

NOW THEREFORE BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF MARION:

That the City of Marion the **Applicant**, will arrange financing for all remaining costs of the project, if approved for a State loan and/or grant award.

That the **Applicant** will adopt and place into effect on or before completion of the project a schedule of fees and charges and other available funds which will provide adequate funds for proper operation, maintenance, and administration of the system and the repayment of all principal and interest on the debt.

That the governing body of the **Applicant** agrees to include in the loan agreement a provision authorizing the State Treasurer, upon failure of the (unit of government) to make scheduled repayment of the loan, to withhold from the (unit of government) any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan.

That the **Applicant** will provide for efficient operation and maintenance of the project on completion of construction thereof.

AA.000001056 (24)

That Stephen R. Little, Mayor, the **Authorized Official**, and successors so titled, is hereby authorized to execute and file an application on behalf of the **Applicant** with the State of North Carolina for a (loan or grant) to aid in the construction of the project described above.

That the **Authorized Official**, and successors so titled, is hereby authorized and directed to furnish such information as the appropriate State agency may request in connection with such application or the project: to make the assurances as contained above; and to execute such other documents as may be required in connection with the application.

That the **Applicant** has substantially complied or will substantially comply with all Federal, State, and local laws, rules, regulations, and ordinances applicable to the project and to Federal and State grants and loans pertaining thereto.

Adopted this the15th day of February, 2011 at Marion, North Carolina.

(Signature of Chief Executive Officer)

(Title)

Resolution Number: R-11-02-15-5

ADD ON – MARCH CITY COUNCIL MEETING DATE: The City Manager advised that Council's next two regular scheduled meeting will be March 1 and March 15. He noted that Mayor Little will be attending, as well as paying his own way, the National League of Cities meeting in Washington, D.C. and will be out of town for the March 15 meeting.

Mayor Little stated that Council could go ahead and meet on March 15 or reschedule the meeting until March 22, when he would be back in town.

Upon a Motion by Council Member Martin, seconded by Council Member Owenby, those members of Council present voted to reschedule the second City Council meeting in March from March 15 to March 22.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager presented information on the change in position from the N.C. Department of Environment and Natural Resources Public Water Supply Section regarding water fluoridation. As previously reported, the U.S. Department of Health and Human Services recently recommended that the level of water fluoridation be lowered to 0.7 milligrams per liter (parts per million) from a range of 0.7 to 1.2 milligrams per liter. The State is now recommending a range of 0.7 to 1.0 milligrams per liter. In order for the City not to risk falling below the minimum level of 0.7 milligram, staff has set the fluoride level at 0.8 milligrams per liter, to give the City some leeway. The City Manager advised that this change will be implemented immediately and will save the City money on chemical costs.

The City Manager advised that City staff have installed locking bollards for the Greenway, to prevent vehicular access. Staff also installed a rules sign at the trail entrance. All the benches for Phase 1 of the Greenway (6) and the Round Hill spur trail (4) have been sponsored. Six of the benches have been installed and four more are being ordered.

The City Manager noted that Planning and Development Director Heather Cotton submitted the City's N.C. Parks and Recreations Trust Fund (PARTF) grant for Phase 2 of the Greenway in late January. However, it appears that the State will take funds appropriated for recreational grants, making it very likely that funding for the greenway will have to wait until at least next year.

The City Manager advised that the kickoff meeting for the McDowell County Comprehensive Transportation Plan will be held on Wednesday, February 23 at 12:00 Noon at the Community

AA.000001057 (24)

Building. As previously reported, this Plan will be completed for the City, County and Town by DOT with assistance from the Isothermal RPO at no cost to local governments. The City Manager suggested that it may be good for the Street Committee to be involved in these meetings, if so desired. Mayor Little and Council Members agreed by consensus for the Street Committee to work with staff and interested Planning Board members on this process. Recommendations will be brought back to Council as decisions need to be made.

The City Manager further advised that the Isothermal RPO wanted input on projects for the DOT 10-15 year Transportation Improvement Plan work plan. Mayor Little and Council Members agreed by consensus for the Street Committee to work with staff and interested Planning Board members on this process. Recommendations will be brought back to Council as decisions need to be made.

COUNCIL MEMBER COMMENTS: Mayor Pro Tem Cuthbertson asked about the meeting at the YMCA the following day concerning the YMCA's recently completed Community Healthy Living Index (CHLI). Planning and Development Director Heather Cotton advised that the meeting would be an unveiling of the CHILI Assessment and that she would present the City's recently completed Safe Routes to School Plan. Mayor Little, Mayor Pro Tem Cuthbertson, Council Member Doggett, Ms. Cotton and the City Manager all indicated that they planned to attend this meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Meeting on Tuesday, February 22, 2011 at 6:00 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Juanita Doggett, Billy Martin and Cecil Owenby.

Council Member Everette Clark was not present due to being out of town.

OTHERS PRESENT: Bob Boyette, City Manager

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. 911/Dispatching

AA.000001058 (24)

2. Use of Mt. Ida Tower Rents
3. Possible Purchase of Sprayer for Downtown Hanging Baskets
4. Request by Pendergraph Company for City Infrastructure Assistance for Proposed Multi-Family Development on North Main Street
5. Discuss Property Sale
6. Idea to Not Pay for Meals for Travel Unless Overnight Travel is Involved
7. Request to Allow Concealed Weapons on Greenway
8. Powell Bill Street Changes
9. Idea from Council Member Clark for City to Open up a Drive/Street from State/Main intersection Beside Old Jong's and Heileg Myers Buildings
10. Sign Ordinance
11. Marion 101`Citizens Academy
12. Clinchfield Park

No action was taken on these items. Items requiring City Council action will be included in the 2011-12 or future budgets or placed on future City Council meeting agendas for consideration.

Council agreed to schedule the next City Council Planning Session/Budget Workshop for late May or early June to review the proposed 2011-12 City budget. The exact date and time of this session will be set at a Regular City Council meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to adjourn.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 1, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Matt Huggins, Police Officer; Daniel Hoskins, Police Officer, Tim Cox, Police Officer; D.J. Barrier, Police Corporal; Lucrica Reinhardt, Utility Collections Clerk; Mike Conley, News Reporter, McDowell News.

AA.000001059 (24)

GUESTS PRESENT: Terry Young, McDowell County Emergency Management Director; John & Debra Bailey, Marion, NC; Bo Daniels, Marion, NC; Jeremy Suttles and Kellie Ewart, 671 East Court Street, Marion, NC; Ethan Patrick, Marion, NC; Linda King 245 5th Street, Marion, NC.

Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – Mayor Little announced that the Citizen of the Month presentation would be held over until the April 5 City Council meeting, at which time Council Member Billy Martin will present the next Citizen of the Month.

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – February 15, 2011 Regular City Council Meeting Minutes and February 22, 2011 City Council Planning Session Minutes

B. Approve Reimbursement Resolution – Sugar Hill Road Water and Sewer Extension Project

RESOLUTION DECLARING THE INTENT TO REIMBURSE EXPENDITURES – SUGAR HILL ROAD WATER AND SEWER EXTENSION PROJECT

WHEREAS, the City Manager has described to the City Council the desirability of adopting a resolution, as provided under federal tax law, to facilitate the City's using financing proceeds to restore the City's funds when the City makes capital expenditures prior to closing on a bond issue or other financing.

BE IT RESOLVED by the City Council of the City of Marion as follows:

1. The project is for the City of Marion Sugar Hill Road Water and Sewer Extension Project.

2. The project is to be financed. The currently expected type of financing is an installment financing contract as allowed for under N.C.G.S 160A-20. The currently expected maximum amount of bonds or other obligations to be issued or contracted for the project is $1,102,125.

3. Funds that have been advanced, or may be advanced from the Water and Sewer Fund, the Water and Sewer Capital Reserve Fund, the General Fund or the General Capital Reserve Fund for project costs are intended to be reimbursed from the financing proceeds.

Adopted this 1st day of March, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-03-01-2

INTRODUCTION OF NEW EMPLOYEES: Police Chief Mark Brooks introduced new Police Officers Matt Huggins, Daniel Hoskins and Tim Cox. All are sworn officers who are off to a great start with the City.

AA.000001060 (24)

Finance Director Harriett Thomas introduced new Utility Collection Clerk, Ms. Lucrica Reinhardt. Ms. Reinhardt replaced Libb Whitseide, who retired last fall, and is also off to a great start with the City.

Mayor Little and Council Members welcomed Mr. Huggins, Mr. Hoskins, Mr. Cox and Ms. Reinahrdt and wished them well in their service with the City.

PUBLIC APPEARANCE – ANNETTE BRYANT: Ms. Annette Bryant appeared before Council and thanked them for the beautiful Christmas Lights that were displayed this past Christmas season in Downtown Marion.

Ms. Bryant stated that she went out on Christmas Day and enjoyed taking pictures in the downtown area. As a token of appreciation; she presented Mayor Little, Council Members and the City Manager with a coffee mug displaying the various scenes she captured while walking the downtown.

Mayor Little thanked Ms. Bryant and stated that this was very kind of her, adding that she is a great photographer.

PUBLIC HEARING – ADOPTION OF RESOLUTION TO AUTHORIZE APPLICATION TO LOCAL GOVERNMENT COMMISSION FOR APPROVAL OF FINANCING FOR SUGAR HILL ROAD WATER AND SEWER EXTENSION AND ADOPTION OF RESOLUTION APPROVING FINANCING AGREEMENT WITH BB&T FOR SAID PROJECT: The City Manager advised that State law requires local governments to obtain approval from the N.C. Local Government Commission (LGC) before entering into loans for construction projects. Therefore, such approval is needed for financing for the Sugar Hill Road Water and Sewer Extension Project. The City Manager stated that the City is seeking to finance $1,102,225 for this $2.4 million project. The other $1.3 million in funding will come from a North Carolina Rural Center Grant and a Federal Appalachian Regional Commission grant.

Finance Director Harriett Thomas reported that bids were sought from nine banks. Responses were received from three banks. Mountain First Bank withdrew their proposal, because they could not provide government rates. Carolina First Bank did not meet the specifications in the request for proposals. Therefore, the only qualifying proposal was received from BB&T, with an interest rate of 3.31 percent for a ten year loan term. Ms. Thomas stated that staff recommended Council adoption of a resolution approving the proposal from BB&T, subject to LGC approval.

The City Manager advised that a public hearing is required on the City's application for financing of this project. After the public hearing, Council adoption of a resolution is needed to authorize staff to submit an application to the LGC for approval of financing for the Sugar Hill Road Water and Sewer Extension Project.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark , seconded by Council Member Martin, Council voted unanimously to approve the following resolution approving the proposal from BB&T to finance $1,102,225 for the City's Sugar Hill Road Water and Sewer Extension Project over ten years, at an interest rate of 3.31 percent, and approving the following resolution authorizing staff to submit an application to the Local Government Commission for approval of financing for the Sugar Hill Road Water and Sewer Extension Project:

AA.00001061 (24)

CITY OF MARION
RESOLUTION
APPROVING FINANCING TERMS

WHEREAS: The City of Marion ("City") has previously determined to undertake a project for financing water and sewer line extensions (the Project"), and the Finance Officer has now presented a proposal for the financing of such, Project.

BE IT THEREFORE RESOLVED, as follows:

1. The City hereby determines to finance the project through Branch Banking the Trust Company (BB&T") in accordance with the proposal dated February 28, 2011. the amount financed shall not exceed $1,102,225.00, the annual interest rate (in the absence of default or change in tax status) shall not exceed 3.31%, and the financing term shall not exceed 10 years from closing.

2. All financing contracts and all related documents for the closing of the financing (the "Financing Documents") shall be consistent with the foregoing terms. All officers and employees of the City are hereby authorized and directed to execute and deliver any Financing documents, and to take all such further action as they may consider necessary or desirable, to carry out the financing of the Project as contemplated by the proposal and this resolution. The Financing Documents shall include a Financing Documents shall include a Financing Agreement and Deed of Trust and a Project Fund Agreement as BB&T may request.

3. The Finance Officer is hereby authorized and direct to hold executed copies of the Financing Documents until the conditions for the delivery of the Financing Documents have been completed to such officer's satisfaction. The Finance Officer is authorized to approve changes to any Financing Documents previously signed by City officers or employees, provided that such changes shall not substantially alter the intent of such documents or certificates from the intent expressed in the forms executed by such officers. The Financing Documents shall be in such final forms as the Finance Officer shall approve, with the Finance Officer's release of any Financing Document for delivery constituting conclusive evidence of such officer's final approval of the Document's final form.

4. The City shall not take or omit to take any action the taking or omission of such shall cause its interest payments on this financing to be includable in the gross income for federal income tax purposes of the registered owners of the interest payment obligations. The City hereby designated its obligations to make principal and interest payments under the Financing Documents as "qualified tax-exempt obligations" for the purpose of Internal Revenue Code Sections 265(b)(3).

5. The City intends that the adoption of this resolution will be a declaration of the City's official intent to reimburse expenditures for the project that is to be financed from proceeds of the BB&T financing described above. The City intends that funds that have been advance, or that may be advanced, from the City's general fund, or any other City fund related to the project, for project costs may be reimbursed from the financing proceeds.

6. All prior actions of City officers in furtherance of the purposes of this resolution are hereby ratified, approved ad confirmed. All other resolutions (or parts thereof) in conflict with this resolution are hereby repealed, to the extent of the conflict. This resolution shall take effect immediately.

Approved by the City Council of the City of Marion this 1st day of March, 2011.

Stephen R. Little
Mayor

RESOLUTION NUMBER: R-11-03-01-3

RESOLUTION AUTHORIZING THE FILING OF AN APPLICATION FOR APPROVAL OF A FINANCING AGREEMENT AUTHORIZED BY NORTH CAROLINA GENERAL STATUTE 160A-20

WHEREAS, the City of Marion, North Carolina desires to extend water and sewer utilities along Sugar Hill Road to Interstate 40 to better serve the citizens of Marion and to serve a large commercial development being constructed at said location; and

AA.0000001082 (24)

WHEREAS, the City of Marion desires to finance the Project by the use of an installment contract authorized under North Carolina General Statute 160A, Article 3, Section 20; and

WHEREAS, findings of fact by this governing body must be presented to enable the North Carolina Local Government Commission to make its findings of fact set forth in North Carolina General Statute 159, Article 8, Section 151 prior to approval of the proposed contract;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Marion, North Carolina, meeting in regular session on the 1st day of March, 2011, make the following findings of fact:

1. The proposed contract is necessary or expedient in order to finance $1,102,225 of water and sewer improvements for the City of Marion.

2. The proposed contract is preferable to a bond issue for the same purpose because: 1) the total costs of the financing are not sufficient to warrant the expenses involved in a General Obligation Bond issue; 2) the proposed project is too expensive to be funded through current revenues and/or fund balance, thus the installment contract method of financing proves to be the best alternative for the City of Marion; and 3) the desired term of the sewer system financing is ten to fifteen years, thereby making bonds a less desirable alternative.

3. The sum to fall due under the contract will be adequate and not excessive for the proposed purpose and the rate of interest will be approximately the same or lower than that of a general obligation bond issue, when considering total costs involved in a referendum, legal expenses, insurance etc.

4. The City of Marion's debt management procedures and policies are good because the City adheres to its Budget Ordinance, has a history of timely debt obligation payments, and maintains an acceptable level of unappropriated fund balance. The City Manager and Finance Officer constantly monitor the City's fiscal structure and periodically report the financial condition to the City Council.

5. The City of Marion has entered into an Interlocal Agreement with McDowell County, under which the County will reimburse the City on an annual basis for 40 percent of the City's debt service for this project.

6. The increase in taxes necessary to meet the sums to fall due under the proposed contract will be 0.0 cents per $100 valuation and is not deemed to be excessive.

7. The City of Marion is not in default in any of its debt service obligations.

8. The attorney for the City of Marion has rendered an opinion that the proposed Project is authorized by law and is a purpose for which public funds may be expended pursuant to the Constitution and laws of North Carolina.

9. The probable net revenues of the project to be financed will be sufficient to meet the sums to fall due under the proposed contract.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the City Manager is hereby authorized to act on behalf of the City of Marion in filing an application with the North Carolina Local Government Commission for approval of the Project and the proposed financing contract and other actions not inconsistent with this resolution.

This resolution is effective upon its adoption this 1st day of March, 2011.

The motion to adopt this resolution was made by Council Member Clark, seconded by Council Member Martin, and passed by a vote of 5 to 0.

AA.000001063 (24)

PRESENTATION ON EMERGENCY PREPAREDNESS BY MCDOWELL COUNTY EMERGENCY MANAGEMENT DIRECTOR TERRY YOUNG: McDowell County Emergency Management Director Terry Young appeared before Council and gave a brief presentation on emergency preparedness and Severe Weather Awareness Week.

Mr. Young stated that everyone needs to be prepared for disasters and advised that both the City and County are prepared. Mr. Young also stated that City crews did an excellent job keeping the streets clear during snow events over the past two winters.

Mr. Young briefed Council on several projects being worked on by Emergency Management and presented Council with a pamphlet regarding the need to be prepared for disasters and the importance of being self-sufficient for the first 72 hours of an emergency.

Mayor Little thanked Mr. Young for all the presentation and information and for his service to McDowell County.

CONSIDER APPROVAL OF LICENSE FOR PLACE OF AMUSEMENT – MARION'S FUN FACTORY – 671 EAST COURT STREET, APT. C: The City Manager advised that, as shown in the information, presented to Council from Police Lieutenant Gaye Noblitt, Mr. Jeremy Suttles has submitted an application requesting a license to operate a place of amusement called Marion's Fun Factory at 671 East Court Street, Apt. C. Mr. Suttles proposes to have two pool tables and 15 arcade games in this business. He currently operates a bingo parlor at this location.

The City Manager advised that the Police Department background check showed no criminal record for Mr. Suttles. He reported that the City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or

(2) Is not a citizen or resident of this state; or

(3) Is an excessive user of intoxicating liquor or narcotic drugs; or

(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager stated that Mr. Suttles is a resident of North Carolina, does not have a criminal record and there is no evidence that he is an excessive user of intoxicating liquor or drugs. The City Manager stated that he would therefore recommend that Council approve the license for Mr. Suttles to operate Marion's Fun Factory at 671 East Court, Apt. C, with two pool tables and 15 arcade games.

Mayor Pro Tem Cuthbertson asked what the City Code requires as far as visibility of windows for this type of facility. Mayor Little stated that he remembered the City Code having such requirements.

Ms. Linda King stated that the windows of the business provided for excellent visibility. The City Manager stated that staff would check the City Code and make sure the business is in compliance.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the license for Mr. Jeremy Suttles to operate Marion's Fun Factory at 671 East Court, Apt. C, with two pool tables and 15 arcade games.

PUBLIC COMMENT PERIOD: Mr. John Bailey was present for this meeting and stated that he would like to discuss the bids that were recently received for City mowing contracts.

AA.0000001064 (24)

Mayor Little stated that that was the next item on the Council meeting agenda.

There were no other unscheduled citizens present to speak to Council.

CONSIDER AWARD OF STREET RIGHT OF WAY AND CEMETERY MOWING BIDS: Finance Director Harriett Thomas advised that the City recently took bids for street right of way and Oak Grove Cemetery mowing services.

Ms. Thomas stated that bids for street right of way mowing services were opened on Tuesday, February 22, 2011 at 2:00 pm. A total of 14 requests for bids were mailed and notice of the bids was advertised in the local newspaper. Bids were received from the following five companies:

RJ's Lawn and Landscaping (Randy Jones)	$1,500.00
Millers Lawncare & Landscaping (Eric Miller)	$1,500.00
Bailey Services (John Bailey)	$1,300.00
Appalachian Grounds Mgt. (Richie Atkins)	$1,185.00
Truett Insulation, Inc. (Mitchell Truett)	$1,150.00

Ms. Thomas reported that Truett Insulation, Inc. (Mitchell Truett), was the lowest bidder at $1,150.00 per week. She stated that Roger Estes, Public Works Superintendent, met with Mr. Truett, who seemed very professional and knowledgeable; however, before the contract is awarded, Mr. Estes would like to have the opportunity to discuss the job further with him to determine if he owns the proper equipment, has the personnel needed to complete the required work, etc. Ms. Thomas stated that awarding this contract would save the City $1,100.00 over last year's contract.

Ms. Thomas also presented the bids for the City's Oak Grove Cemetery mowing services that were opened on Tuesday, February 22, 2011 at 2:00 pm. A total of 14 requests for bids were mailed and notice of the bids was advertised in the local newspaper. Bids were received from the following eight companies:

Johnnie's Lawn Care (Johnnie McLaughlin)	$1,200.00
Bailey Services (John Bailey)	$ 900.00
McClure Nursery & Landscaping (Dean McClure)	$ 900.00
Appalachian Grounds Mgt. (Richie Atkins)	$ 800.00
Pinnacle Landscape Management (Kyle Fiore)	$ 785.00
Truett Insulation, Inc. (Mitchell Truett)	$ 750.00
Millers Lawncare & Landscaping (Eric Miller)	$ 750.00
RJ's Lawn and Landscaping (Randy Jones)	$ 700.00

Ms. Thomas reported that RJ's Lawn and Landscaping (Randy Jones) was the lowest bidder at $700.00 per week. She stated that Roger Estes, Public Works Superintendent, would like to have the opportunity to discuss the job further with Mr. Jones him to determine if he owns the proper equipment, has the personnel to complete the required work, etc. Ms. Thomas reported that awarding this contract would save the City $2,200.00 over last year's contract.

Mr. John Bailey, who provided street right of way and Cemetery mowing services for the City for the past three years, stated that sometimes low bid is not the best bid. He noted that he realized he was not the low bidder, but stated that he had offered a five year contract with no price increases.

Council Member Owenby asked if the City knew anything about Mr. Truett and Mr. Jones. Ms. Thomas stated that Mr. Estes took Mr. Truett around to the street right of way mowing sites and feels that he is professional and can do the work. Ms. Thomas stated that Mr. Estes has not yet met with Mr. Jones.

AA.000001065 (24)

Council Member Martin asked about a discrepancy in the City Manager's Agenda Comments, where it said in one place that the low bids were $150 per week less than charged by Mr. Bailey and in another place that the low bids were $350 per week less than Mr. Bailey. The City Manager stated that the low bids were $150 less than what the City paid Mr. Bailey for the past three years, but the low bids were $350 per week less than what Mr. Bailey had bid for the new contract.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to postpone the award of the street right of way and Oak Grove Cemetery mowing contracts until City staff can do an in-depth interview with both low bidders, to determine if the low bidders can perform the needed work.

Council Member Clark stated that mowing will need to begin in mid-April, so that the City can have the Cemetery looking good for Easter in late April.

Mr. Bailey stated that the City should start mowing on April 1.

The City Manager apologized that all the information was not presented tonight. He said that City staff should have talked to the low bidders before this meeting. The City Manager stated that mowing early and late in the season had been covered by City staff for the past two years, to reduce the contract costs.

Mayor Pro Tem Cuthbertson stated that it might be good to have Mr. Estes present at the next Council meeting to answer any questions Council might have about the low bidders and the mowing contracts.

CONSIDER AMENDMENT TO PLANNING AND DEVELOPMENT DEPARTMENT FEE SCHEDULE ORDINANCE: The City Manager advised that, as discussed at the February 8 Council Planning Session, City staff came up with the idea of instituting an ABC permit fee, something that many larger cities charge. He noted that City staff has to complete a zoning and building inspection for establishments such as restaurants, convenience stores, grocery stores and superstores that are seeking ABC licenses and the Police Chief also must comment on the location of the establishment and the character of the applicant. On the attached ordinance, a category is added for ABC permits, with the lowest fee being $100 for establishments of less than 50,000 square feet (which would apply to most convenience stores and restaurants). Establishments with 50,001 to 100,000 square feet (which would apply to larger grocery stores) would pay a permit fee of $400, while establishments over 100,000 square feet (including superstores) would pay a permit fee of $800. The City Manager stated that staff feels that ABC licenses have a great value to the applicant and it is reasonable for the City to charge an ABC permit fee, given the work that must be put into review of said license requests. The City does not issue ABC licenses, but forwards comments on zoning compliance, building and fire code compliance, the location of the establishment and the character of the applicant to the N.C. ABC Commission, which decides whether or not to issue the license.

Council Member Clark stated that he feels the fees recommended by staff are too high, especially for large stores.

The City Manager stated that the $800 fee would only apply to superstores and that the fee would only apply for new ABC permits or the transfer of such permit to new owners.

Council Member Clark stated that he did not see enough difference in the work required for large and small stores to justify the difference in fees. He suggested possible fee tiers of $100, $300 and $500, instead of $100, $400 and $800.

Council Member Owenby stated that he would like to see the fees studied further.

AA.000001066 (24)

Council Member Martin stated that he had no problem with the idea of such fees in concept, but would like information on the fees charged by other cities.

A brief discussion followed.

Upon a Motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to postpone action on this item until the next Council meeting and to direct the City Manager to bring back information on ABC permit fees charged by other cities.

AWARD CONTRACTS FOR PUMP AND GENERATOR PURCHASE – SUGAR HILL ROAD WATER AND SEWER EXTENSION PROJECT: The City Manager advised that, as reported at the February 15 Council meeting, the City recently sought bids for the purchase of pumps and generators for the Sugar Hill Road Water and Sewer Extension Project. He said action on award of the contracts for this equipment was postponed at the February 15 Council meeting, because the U.S. Department of Agriculture (USDA), administering a Federal Appalachian Regional Commission (ARC) grant that will partially fund this project, had not given its approval to allow the contracts to be awarded.

The City Manager stated that the USDA approval had still not been given; therefore, Council to award the contracts for the pump and generator purchase will have to be postponed again.

The City Manager advised that City staff and the City's consulting engineers, McGill Associates, had spent countless hours with USDA officials and that approval was being withheld due to paperwork and contract issues.

Mayor Little stated that the USDA has been unreasonable to deal with on this project.

Council Member Martin stated that he understood from the City Manager that some local governments people turn down these ARC grants because of the delays and hurdles put forward by the Federal Government.

The City Manager stated that the City's grant administrator, Isothermal Planning and Development Commission, let the City down on this project by giving poor advice on bidding the project before the USDA authorized such bidding to take place, by not being responsive and not following through on certain items. The City Manager stated that the bureaucratic hurdles from the USDA would not matter if the City had unlimited time to complete the project. However, the City is on a very tight time schedule to complete the project, as the City has made commitments for water and sewer service to Wal-Mart, based on the understanding from USDA staff that the review process was going well. He said that USDA staff now said that, due to parts of the approval process being completed out of order and due to paperwork issues, the City would have to start the process over and re-bid the project, something that will threaten the project and the 400 jobs and $20 million on tax base being created by the Wal-Mart Supercenter development.

The City Manager stated that he is awaiting advice from N.C. ARC Manager Olivia Collier about what the City can do to deal with this issue. He noted that the City is fortunate to have the $977,100 N.C. Rural Center grant, so the loss of the ARC grant would hurt, but not be devastating.

Council Member Clark stated that the City has received ARC grants in the past and should not have to give up a $200,000 - $300,000 ARC grant due to the Federal bureaucracy. He stated that the offices of Senator Richard Burr, Senator Kay Hagan, Congressman Heath Shuler and Governor Beverly Perdue should be contacted the next day and asked to provide assistance with this matter. Council Member Clark stated that ARC money was intended for purposes such as

AA.000001067 (24)

the Sugar Hill Road/Wal-Mart Supercenter project and that the City should not be dealing with petty issues from USDA that threaten this project.

Mayor Little stated that, at this point, starting the process over does not serve any purpose. He said this is a case of a Federal agency flexing its authority.

Council Member Clark stated that he feels by making these contacts, with Federal and State elected government officials, the red tape can be cut and the project can get back on track.

The City Manager advised that the City needs to be under contract with this project by early April to meet Wal-Mart's desired timeline.

Mayor Little and Council Members agreed by consensus to direct the City Manager to immediately contact the offices of Senator Richard Burr, Senator Kay Hagan, Congressman Heath Shuler and Governor Beverly Perdue and ask each office to assist the City with convincing the USDA to approve the Sugar Hill Road Water and Sewer Extension Project ARC Grant in a timely manner, by the end of March, to allow the City to be under contract for this project in early April, to meet the desired water and sewer service timeline of the Wal-Mart Supercenter.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that staff hopes to receive word soon from DOT District Engineer Doug McNeal about when the milling and resurfacing work will take place on Main Street in the downtown area, on North Main Street and on East Court Street, to allow the City to follow with completion of the Downtown Streetscape Plan. The City Manager stated that he would advise Council and the public as soon as the schedule is set.

The City Manager also advised that the way finding signs have begun to be installed. Staff is awaiting the receipt of brackets from the sign company to make installation easier.

The City Manager advised that city crews began work in late February on the curb and sidewalk project on Robert Street near Marion Elementary School. He stated that Public Works Director Chris Hollifield is evaluating how best to proceed with the next two scheduled large projects, a curb replacement on Crescent Drive and a curb and sidewalk replacement on Park Drive. The City Manager stated that he hoped to have recommendations to present to Council on these projects by April.

The City Manager advised that, based on Council direction at the February 15 Council meeting, staff had worked with McGill on a grant application for the upcoming State Revolving Fund wastewater cycle. The City submitted a grant for the sewer extension under I-40 to Marion Travel Plaza on Sugar Hill Road for funding. The State will not have a spring funding cycle for water projects. The next water funding cycle will be due on September 1. The City Manager stated that the City will hopefully learn how much, if any, grant money will be received in the next few months.

The City Manager advised that The Wastewater Improvements Project is essentially complete, except for paving at the Corpening Creek Wastewater Plant and some add-on items involving repairs to the primary clarifiers at Corpening Creek to allow every dollar of our $5.3 million in grants to be spent. This work will take place over the next month or two to allow the project and all grants to be closed out.

The City Manager advised that a contractor would soon start on grading of the Clinchfield Park and implementation of the approved Erosion Control Plan for the property, as has been required by the State. Public Works Director Chris Hollifield advised that plans are to start either this week or next with grading. He described some of the work to take place with this project.

AA.000001068 (24)

COUNCIL MEMBER COMMENTS:

Council Member Clark that he had recently been in the Community Building and that the floors are badly in need of repair. The City Manager stated that Public Works Superintendent Roger Estes actually has inmate crews lined up to do work on the floors within the next 30 days.

Mayor Pro Tem Cuthbertson stated that one of the picnic tables at the Greenway is missing a bench. Public Works Director Chris Hollifield stated that this is a handicapped spot. Mayor Pro Tem Cuthbertson suggested that this spot be marked as handicapped, since it appears that a bench is missing. The City Manager stated that staff would place such a sign.

Mayor Pro Tem Cuthbertson stated a better physical barrier is needed to keep people from blocking the overflow parking area at the Greenway. The City Manager stated that staff continued to work on ways to address this problem.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 22, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

This date was one week later than the regularly scheduled meeting so that Mayor Little could attend the National League of Cities Conference in Washington, D.C.

a. Capital Reserve Fund Expenditures, Account Number 75-491-0000, Transfer to General Fund Capital Projects is increased from $-0- to $72,000.

b. Capital Reserve Fund Expenditures, Account Number 75-999-0000, Future Expenses is decreased from $769,471 to $697,471.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.
Adopted this the 22nd day of March 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–11–03–22-4

G. Approve Mowing Agreement with North Carolina Department of Transportation

Approved Mowing Agreement, copy on file, with the North Carolina Department of Transportation to allow the City to be paid $2,500 per year for mowing State street rights-of-way. DOT will pay for four mowing cycles. The agreement allows the City to receive some reimbursement for mowing, even though the mowing does not cover all of the City's costs. The agreement is for three years and is retroactive to January 1, 2009.

H. Approve Proclamation – McDowell County Salute to Veterans Week – May 9-15, 2011

CITY OF MARION, NORTH CAROLINA PROCLAMATION
MCDOWELL COUNTY SALUTE TO VETERANS WEEK
MAY 9-15, 2011

WHEREAS, America is the land of the free and home of the brave; and

AA.000001072 (24)

WHEREAS, American men and women, devoted to liberty and freedom have unflinchingly answered their nation's call to arms to fight in the air, on the land and on the sea, thousands of miles from home, enforcing our founding fathers' vision; and

WHEREAS, we still believe today that the blessings of liberty, freedom and justice require constant vigilance, determination, and sacrifice; and

WHEREAS, every man, woman and child in our great nation owes a debt of gratitude to those who served their country so unselfishly; and

WHEREAS, these brave Soldiers, Sailors, Airmen, Marines and Coast Guardsmen were the sons and daughters of our land; and

WHEREAS, McDowell County answered the call and 140 of her brave made the supreme sacrifice in World War I, World War II, Korea, Vietnam and Iraq, so we can continue to live free.

NOW, THEREFORE, BE IT RESOLVED, that the County of McDowell, the City of Marion, and the Town of Old Fort in the great State of North Carolina do jointly declare the week of May 9-15, 2011 "McDowell County Salute to Veterans Week" and

BE IT FURTHER RESOLVED, that all are asked to commemorate the contributions and sacrifices of those men and women who placed their lives in harm's way, preserving American values and protecting democracy for the world, and

BE IT FURTHER RESOLVED, the observance of "McDowell County Salute to Veterans Week" appropriately pays honor and expresses gratitude to all those that have ever worn a uniform of any of our great military services and gave so much to the world and our great nation.

PROCLAIMED this the 22nd day of March, 2011 by the Mayor and City Council of the City of Marion, North Carolina.

Stephen R. Little, Mayor

PRESENTATION OF COMMENDATIONS BY POLICE CHIEF MARK BROOKS:

Police Chief Mark Brooks stated that he wished to commend two officers who have recently gone above and beyond the call of duty.

Chief Brooks stated that he would like to nominate April Noles, the Ordinance Officer (civilian position) for the Marion Police Department for a Region C Certificate of Commendation. Ms. Noles handles animal control and parking enforcement duties for the City of Marion.

On March 17, 2011, Ms. Noles was engaged in parking enforcement duties on East Court Street near the McDowell County Courthouse when she observed a vehicle parked in the "jury parking" area with the motor running. She noticed that the windows were rolled up and an elderly gentleman was slumped over the steering wheel. Ms. Noles approached the vehicle at which time a small explosion occurred from the engine compartment of the vehicle, followed by a plume of smoke. Ms. Noles notified dispatch of the situation, requested assistance and immediately opened the door of the vehicle. She assisted the disoriented elderly gentleman in getting out of the vehicle who was then transported to McDowell Hospital suffering from carbon monoxide poisoning. Hospital personnel confirmed that the gentleman was suffering from a near fatal level of carbon monoxide.

Chief Brooks stated that the attentive and quick actions of Ms. Noles may have saved this individual's life. Medics reported that if he had not been extracted from vehicle he would have died.

Chief Brooks stated that with that being said he would present Ms. Noles with the Region C Letter of Commendation and also presented her with a Challenge Coin.

Mayor Little, Council Members and the City Manager expressed their appreciation to Ms. Noles for her heroism and for the great job she does for the City.

AA.000001073 (24)

Chief Brooks also recognized Officer Matt Huggins, stating that on March 11, 2011, Officer Huggins responded to a disturbance call on East Oak Street. Upon arrival, he knocked on the door at which time a male subject kicked open the door and advanced towards Officer Huggins. Officer Huggins ordered the subject to stop as he backed into the yard. At that time Officer Huggins noticed that the subject was holding a knife in his hand. After the second command to stop, the subject continued to advance towards Officer Huggins, who, after giving proper warnings, tazed the subject, who fell on the ground with the knife still in his hand. The subject got up and advanced again towards Officer Huggins who warned the subject another time and gave a second cycle of the tazer to him. Again, the subject got up and advanced at Officer Huggins for a third-time and after ignoring verbal warnings again, Officer Huggins utilized the tazer for the third time. At this time a back-up officer arrived and both officers struggled with the subject and were finally able to get him handcuffed. The subject continuously made threatening remarks about hurting the officers.

The weapon held by the suspect was a kitchen knife approximately six inches in length with a fixed 2.5 inch blade. Although criminal charges have been secured, at this time the subject is being held for mental commitment.

Officer Huggins was in a position where lethal force would have been clearly justifiable. His actions to retreat and utilize the tazer (repeatedly) no doubt saved this man's life.

Chief Brooks stated that it should also be noted that Officer Huggins has only been officer for less than four months.

With all that being said, Chief Brooks stated that he would also like to present Officer Huggins with the Region C Letter of Commendation and also presented him with a Challenge Coin.

Mayor Little, Council Members and the City Manager expressed their appreciation to Officer Huggins for his extraordinary bravery and for the great job he is doing for the City, noting that Officer Huggins showed the judgment of a veteran officer in this situation.

CONSIDER AWARD OF STREET RIGHT OF WAY AND CEMETERY MOWING CONTRACTS: The City Manager advised that, as shown on the memos presented to Council, the City recently sought bids for street right of way and cemetery mowing services. The City received five bids for street right of way mowing, with the low bid received from Truett Insulation of Nebo in the amount of $1,150 per week, which is $50 per week less than what the City paid for this service for the past three years. The City received eight bids for the Oak Grove Cemetery mowing, with RJ's Landscaping (Randy Jones) of Marion submitting the low bid in the amount of $700 per week, which is $100 per week less than what the City paid for this service for the past three years.

Public Works Superintendent advised that he had met with Mr. Truett and Mr. Jones, who were also present for this discussion. Mr. Estes stated that both contractors have the proper equipment and appear capable of completing the required work. He noted that both contractors have provided proof of insurance to Purchasing Agent Brenda Williams.

Based on this documentation and information, the City Manager stated that staff would recommend that Council award the street right of way mowing contract to Truett Insulation in the amount of $1,150 per week and the Oak Grove Cemetery mowing contract to RJ's Landscaping in the amount of $700 per week.

The City Manager noted that Truett had offered the City a three contract, with a 2.5 percent increase in years two and three. Mr. Randy Jones presented a signed offer to also provide a three year contract, with a 2.5 percent increase in years two and three.

AA.00001074 (24)

Council Member Clark asked if other bidders had the opportunity to provide a quote for a three year contract. The City Manager stated that Bailey's Landscaping offered a five year contract, but at a much higher price. The City Manager stated that this was a case of the City negotiating with the low bidders. He advised that the three year contracts, even with the 2.5 percent increase in years two and three, would still average out to be less per year than the next lowest bid for each contract.

Council Member Owenby asked if Mr. Estes had seen the work of Truett's and RJ's. Mr. Estes stated that he had not, but had seen their equipment and talked to each about the City expectation. Mr. Estes noted that he had not seen the work of the City's most recent contractor, Bailey's, prior to that company being awarded a contract.

Mayor Pro Tem Cuthbertson stated that it needed to be understood that Oak Grove Cemetery is very important, and if it is not maintained properly, then City Council will hear about it. The City Manager stated that both he and Mr. Estes had stressed this point to Mr. Jones.

Mayor Pro Tem Cuthbertson stated that he would hesitate in awarding a three year contract to someone who has not previously performed mowing work for the City.

The City Manager noted that Bailey's received a three year contract three years ago, without having previously worked for the City.

Council Member Doggett stated that she feels a three year contract with the price of gas going up would be a good thing for the City, given how gas prices have risen so rapidly recently.

Council Member Doggett made a motion to award the street right of way mowing contract to Truett Insulation for a period of three years, with a first year contract amount of $1,150 per week and an option for Truett to increase the contract price for years two and three by a maximum of 2.5 percent each year and to award the Oak Grove Cemetery mowing contract to RJ's Landscaping for a period of three years, with a first year contract amount of $700 per week and an option for RJ's to increase the contract price for years two and three by a maximum of 2.5 percent each year. The motion was seconded by Council Member Martin.

A brief discussion on the motion followed.

Council Member Clark stated that he would make a substitute motion to award the street right of way mowing contract to Truett Insulation for a period of one year, at an amount of $1,150 per week and to award the Oak Grove Cemetery mowing contract to RJ's Landscaping for a period of one year, at an amount of $700 per week. The motion was seconded by Mayor Pro Tem Cuthbertson.

The vote on the substitute motion carried four to one as follows:

Clark	Yes
Cuthbertson	Yes
Martin	Yes
Owenby	Yes
Doggett	No

PRESENTATION BY TREE BOARD: Tree Board Members John Reese and Nancy Clark were present for this meeting.

Mr. Reese presented Council with an overview of the Tree Board's plan for 2011.

AA.00001075 (24)

Mr. Reese stated that City Staff, especially Public Works Superintendent Roger Estes, Planning Director Heather Cotton and Administrative Assistant Debi Sherlin, all did a fantastic job working with the Tree Board.

Mr. Reese stated that the Tree Board had come a long way in its 20+ years of existence and accomplished a great deal for the City; however, this is the first time that they have given a report to City Council.

Mr. Reese stated that most of the Tree Board's plan for 2011 had been implemented, so he briefly highlighted a few issues.

Mr. Reese stated that the City had needed a Certified Arborist to work with for some time and that the City's landscaping contractor, Mr. Lawrence Moore, had recently been certified, which will benefit the City.

Mr. Reese stated that he would like to prepare a Power Point presentation on tree planting and protection for use for presentations to civic clubs, organizations and schools.

Mr. Reese stated that there are a few tree-related challenges facing the City, including looking at the condition of cherry trees in Oak Grove Cemetery and some of the older, larger trees in the Community Building Park.

Mayor Little stated that he appreciated the support and dedication of Mr. Reese, Mrs. Clark and all Tree Board members to the City over the years.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – SILVER/YANCEY ROAD PROPERTY: The City Manager advised that a public hearing is required on the requested annexation of the 3.56 acre Silver property on Yancey Road. This property is contiguous to the City Limits and contains a two unit apartment building. If approved, the effective date of the annexation would be March 31, 2011.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this ordinance.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, Council voted unanimously to adopt the following Ordinance annexing the Silver/Yancey Road property, effective March 31, 2011:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
SILVER/YANCEY ROAD PROPERTY

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, March 22, 2011, after due notice by publication on Wednesday, March 9, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

AA.000001076 (24)

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of March 31, 2011:

TRACT ONE

BEGINNING on an iron pin, it being the Southeast corner of that certain lot of land described in a deed from Thurley F. Steppe to Troy Messer and wife, Hilda P. Messer, dated March 29, 1955, and which is recorded in Deed Book 132, at page 114, of McDowell County Deed Records, and runs thence N 21 E 188 feet to an iron pin; thence S 56 deg. and 30 min. E 50 feet to a iron pin; thence S 21 W 188 feet to an iron pin; thence N 56 deg. and 30 min. W 50 feet to the Beginning, let the same contain what it may.

TRACT TWO

BEGINNING on an iron stake, the Southeast corner of the tract of land described in a deed dated April 2, 1951, from Oliver S. Franklin to Helen F. Swofford, and also being located S 56 deg. and 30 min. E 200 feet from the Beginning corner of a tract of land described in a deed from Oliver S. Franklin to Olive F. Webster, dated April 2, 1951, and runs thence N 26 deg. 45 min. E 189 feet to an iron stake, the Northeast corner of the Helen F. Swofford lot; thence S 56 deg, 30 min. E 80 feet to an iron stake; thence S 21 W 188 feet to an iron stake; thence N 56 deg. 30 min. W 100 feet to the Beginning and being in all respects the same tract of land described in a deed from Oliver S. Franklin to Thurley F. Steppe, dated April 2, 1951, and recorded in Deed Book 116, at page 309 of McDowell County Deed Records.

Section 2. Upon and after March 31, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 22nd day of March, 2011.

Stephen R. Little, Mayor

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY PHASE 2 PROPERTY: The City Manager advised that a public hearing is required on the annexation of the City owned Joseph McDowell Historical Catawba Greenway Phase 2 property. If approved, the annexation would become effective March 31, 2011.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this Public Hearing.

Mayor Little closed the Public Hearing.

AA.00001077 (24)

Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adopt the following Ordinance annexing the Joseph McDowell Historical Catawba Greenway Phase 2 property, effective March 31, 2011:

AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY PHASE 2 - 2011

WHEREAS, the City Council has adopted a resolution under G.S. 160A-31 stating its intent to annex the area described below; and

WHEREAS, a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, March 22, 2011, after due notice by publication on Wednesday, March 9, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described contiguous property owned by the City of Marion is hereby annexed and made part of the City of Marion as of March 31, 2011:

BEGINNING on an unmarked point located at the easternmost corner of that property conveyed to the City of Marion by that deed recorded in Book 1018 at Page 504, said unmarked point being also located at the top of the bank of the Catawba River, and running thence from said BEGINNING along the top of the bank at the edge of the Catawba River the following 56 calls and distances all to unmarked points: South 74 degrees 48 minutes 29 seconds East 45.94 feet, South 88 degrees 40 minutes 19 seconds East 44.24 feet, North 75 degrees 06 minutes 21 seconds East 123.77 feet, North 79 degrees 52 minutes 25 seconds East 43.09 feet, North 71 degrees 12 minutes 06 seconds East 36.07 feet, North 73 degrees 20 minutes 54 seconds East 43.94 feet, North 60 degrees 07 minutes 44 seconds East 57.49 feet, North 72 degrees 14 minutes 10 seconds East 40.30 feet, North 77 degrees 58 minutes 17 seconds East 41.88 feet, North 79 degrees 48 minutes 18 seconds East 51.95 feet, South 87 degrees 13 minutes 40 seconds East 34.01 feet, North 81 degrees 05 minutes 23 seconds East 49.41 feet, North 83 degrees 05 minutes 05 seconds East 51.21 feet, North 89 degrees 03 minutes 43 seconds East 48.88 feet, North 86 degrees 32 minutes 12 seconds East 51.45 feet, North 89 degrees 26 minutes 07 seconds East 42.97 feet, North 85 degrees 15 minutes 13 seconds East 33.75 feet, South 82 degrees 26 minutes 52 seconds East 41.30 feet, North 88 degrees 04 minutes 28 seconds East 47.43 feet, North 89 degrees 11 minutes 27 seconds East 36.95 feet, North 78 degrees 27 minutes 20 seconds East 20.25 feet, South 88 degrees 42 minutes 47 seconds East 38.63 feet, North 80 degrees 42 minutes 11 seconds East 33.01 feet, North 86 degrees 23 minutes 40 seconds East 33.15 feet, North 79 degrees 33 minutes 04 seconds East 35.94 feet, South 87 degrees 47 minutes 21 seconds East 39.56 feet, North 82 degrees 34 minutes 00 seconds East 31.88 feet, North 85 degrees 27 minutes 51 seconds East 33.47 feet, North 86 degrees 09 minutes 07 seconds East 43.31 feet, North 76 degrees 50 minutes 03 seconds East 40.69 feet, South 86 degrees 55 minutes 24 seconds East 36.00 feet, North 80 degrees 57 minutes 44 seconds East 25.79 feet, North 84 degrees 44 minutes 16 seconds East 31.97 feet, South 81 degrees 09 minutes 47 seconds East 31.55 feet, North 85 degrees 43 minutes 43 seconds East 34.18 feet, North 86 degrees 11 minutes 56 seconds East 36.21 feet, North 78 degrees 10 minutes 44 seconds East 20.87 feet, North 87 degrees 25 minutes 40 seconds East 28.84 feet, South 85 degrees 17 minutes 03 seconds East 22.61 feet, North 82 degrees 10 minutes 43 seconds East 34.31 feet, North 82 degrees 37 minutes 24 seconds East 31.73 feet, North 84 degrees 55 minutes 29 seconds East 39.21 feet, North 83 degrees 48 minutes 02 seconds East 50.07 feet, North 82 degrees 07 minutes 18 seconds East 47.80 feet, North 87 degrees 21 minutes 29 seconds East 33.95 feet, North 69 degrees 17 minutes 46 seconds East 41.90 feet, North 85 degrees 19 minutes 11 seconds East 32.79 feet, South 82 degrees 03 minutes 35 seconds East 27.36 feet, South 87 degrees 18 minutes 31 seconds East 18.44 feet, South 83 degrees 10 minutes 46 seconds East 32.65 feet, South 77 degrees 27 minutes 56 seconds East 7.90 feet, South 66 degrees 09 minutes 01 seconds East 14.81 feet, South 84 degrees 13 minutes 16 seconds East 26.28 feet, South 70 degrees 12 minutes 36 seconds East 18.79 feet, North 71 degrees 36 minutes 59 seconds East 10.01 feet, North 51 degrees 14 minutes 05 seconds East 6.10 feet and North 86 degrees 16 minutes 19 seconds East 11.04 feet; said unmarked point being the current boundary of the City of Marion corporate limits; thence leaving the edge of the Catawba river and running along the current boundary of the Marion corporate limits South 16 degrees 19 minutes 25 seconds East 13.62 feet to a 5/8-inch rebar set and South 01 degrees 52 minutes 37 seconds East 69.14 feet to a 5/8-inch rebar set bearing the following coordinates: N=726,090.853 feet and E=1,098,534.808 feet; thence the following 17 courses and distances, new lines, all to 5/8-inch rebars set: North 75 degrees 02 minutes 51 seconds West 65.76 feet, North 79 degrees 18 minutes 36 seconds West 70.83 feet, North 87 degrees 13 minutes 26 seconds West 59.57 feet, South 70 degrees 54 minutes

AA.000001078 (24)

Section 2. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 22nd day of March, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-11-03-22-2

PUBLIC HEARING ADOPTION OF ANNEXATION ORDINANCE – HANEY/US 70 PROPERTY: The City Manager advised that a public hearing is required on the requested annexation of the 0.80 acre Haney property on US 70 East. This residential property is located 0.16 miles from the current City Limits. If approved, the annexation would become effective March 31, 2011.

Mayor Little opened the Public Hearing.

Mr. Matthew Hebb, who is in the process of purchasing the property to be annexed, thanked City Manager Bob Boyette for all he had done in assisting him with this process.

Mayor Little stated that Mr. Hebb had demonstrated how to run a successful business, Caffiend Underground, since he came to Marion.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance annexing the Haney Property on US 70 East, effective March 31, 2011:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION, NORTH CAROLINA – HANEY PROPERTY/US 70 EAST - 2011

WHEREAS, the City Council has been petitioned under G.S. 160A-58.1 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

AA.000001079 (24)

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, March 22, 2011, after due notice by publication on Wednesday, March 9, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-58.1(b);

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-58.2, the following described territory is hereby annexed and made part of the City of Marion as of March 31, 2011:

BEING ALL OF THOSE TWO CERTAIN TRACTS OF LAND as recorded in Deed Book 199, at Page 155 and Deed Book 466, at Page 419 of the McDowell County Deed Registry, containing a total of 0.80 acre and being more fully described by metes and bounds per new unrecorded plat of survey as follows:

BEGINNING on a point in the centerline of U.S. Hwy. 70, the same being the Southwest corner of tract recorded in Deed Book 199, at Page 156 of the McDowell County Deed Registry and also being the Southeast corner of the Harris lands as described in Deed Book 267, at Page 730 of the McDowell County Deed Registry, and runs thence, with the Harris line (Book 267, at Page 730 and Book 270, at Page 638), North 40 degrees 30 minutes 00 seconds West 339.50 feet, passing an iron pin found on line at 17.14 feet to a PK nail set in the centerline of Conley Road, State Road No. 1536; thence, with said centerline North 36 degrees 42 minutes 03 seconds East 102.18 feet to a PK nail set; thence, leaving said centerline and with the line of Vallini (Book 411, at Page 859), South 40 degrees 30 minutes 00 seconds East 362.14 feet, passing an iron pin found on line at 344.99 feet to a point in the centerline of U.S. Hwy. 70; thence, with said centerline, South 49 degrees 30 minutes 00 seconds West 99.64 feet to the **BEGINNING**, containing 0.80 acre. ALL CALLS USED in this description were taken from an unrecorded plat of survey prepared by C & R Surveying, dated May 31, 1995, numbered C-4195, entitled "Survey for Floyd & Debra Bradford", hereby incorporated by reference as if fully set out.

SUBJECT TO the right of way for U.S. Hwy. 70 and State Road No. 1536, Conley Road, to each of their full legal widths

AND BEING the same property described and conveyed in Deed Book 811 at Page 891 of the McDowell County Deed Registry.

Section 2. Upon and after March 31, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 22nd day of March, 2011.

Ordinance Number: O-11-03-22-3

AA.000001080 (24)

PUBLIC HEARING ZONING MAP AMENDMENT – ASSIGN ZONING TO HANEY/US 70 ANNEXATION AREA: Planning and Development Director Heather Cotton advised that the purpose of this proposed ordinance is to assign an appropriate zoning designation to the Haney/US 70 East annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the subject area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes, and which allows some flexibility for commercial uses. While the property includes one single-family residence, it is located in an area that includes a mixture of land uses. Therefore, Staff recommended the R-2 General Residential designation

Ms. Cotton reported that the Planning Board recommended Council approval of an ordinance to assign R-2 zoning to this area in a 5-0 vote at their regularly scheduled meeting on March 3, 2011.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this zoning issue.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Cuthbertson, those members of Council present voted unanimously to adopt the following ordinance to assign the R-2 General Residential Zoning District to the US70/Haney annexation area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO HANEY/ HIGHWAY 70 EAST ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Haney/Highway 70 East Annexation Territory, as adopted by City Council Ordinance Number O-11-03-22-3.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing March 3, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

AA.000001081 (24)

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 22nd day of March 2011.

Stephen R. Little
Mayor

City Manager/Clerk

Ordinance Number: O-11-03-22-5

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO SILVER/YANCEY ROAD ANNEXATION AREA:

Planning and Development Director Heather Cotton advised that the purpose of this ordinance is to assign an appropriate zoning designation to the Silver/Yancey Road annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the subject area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. The property includes more than one residential dwelling, therefore Staff recommended that the property be designated R-2 General Residential.

Ms. Cotton reported that the Planning Board recommended Council approval of an ordinance to assign R-2 zoning to this area in a 5-0 vote at their regularly scheduled meeting on March 3, 2011.

Mayor Little opened the Public Hearing.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance to assign the R-2 General Residential Zoning District to the Silver/Yancey Road annexation area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO SILVER ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

AA.000001082 (24)

Section 2: The City of Marion is amending the Official Zoning District Map to include the Silver Annexation Territory, as adopted by City Council Ordinance Number O-11-03-22-1.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing March 3, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 22nd day of March 2011.

City Manager/Clerk

Ordinance Number: O-11-03-22-6

PUBLIC HEARING – ZONING MAP AMENDMENT – REZONING OF PROPERTY ON NORTH MAIN STREET: Planning and Development Director Heather Cotton advised that a request had been received from the Pendergraph Company to rezone a 13+ acre property on North Main Street, adjacent to the Main Street Car Wash, from C-2 General Business to R-2 General Residential. Ms. Cotton stated that the purpose of proposed ordinance is to amend the current zoning designation for the purpose of developing the property as multi-family residential. The R-2 General Residential district will be most compatible with the proposed use for the property and provide a mechanism to regulate such uses. Based on Marion City Code, the proposed use is most compatible with Section 21-203(3) *R-2 General Residential Zoning District*, Planned Unit Development. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes. R-2 General Residential allows eight (8) dwelling units or less per parcel. Staff has received an application from the applicant to develop 48-units, two buildings with 8-units each and one building with 16 units.

Staff has received a number of inquiries from adjacent property owners regarding plans for the site, but no one has expressed opposition towards those plans. Staff finds that the proposed rezoning will not have a negative impact on the surrounding area and that is compatible with adjacent land uses. The rezoning will allow for new, code complaint affordable workforce housing opportunities in close proximity to employment areas.

Ms. Cotton advised that the Planning Board recommended approval of an ordinance to rezone the property to R-2in a

AA.000001083 (24)

5-0 vote at their regularly scheduled meeting on March 3, 2011.

Mayor Little opened the Public Hearing.

Mr. Paige Gibson, an adjoining property owner to the property requested for rezoning, asked if the streets into the proposed apartment complex would be public or private. Ms. Cotton stated that the developer had stated so far that the roads into the apartment complex would be private.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to adopt the following Ordinance to
amend the *Official Zoning District Map* by changing a 13.84 acre vacant parcel from C-2 General Business to R-2 General Residential:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map from C-2 General Business to R-2 General Residential for property located on North Main Street/Highway 221 Business and having the Parcel Identification Number 1702.03-30-6307.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on March 3, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon its adoption.

Adopted this the 22nd day of March 2011.

Ordinance Number: O-11-03-22-8

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

APPROVE RESOLUTION REGARDING TREATMENT OF SMALL REFUNDS OF WATER AND SEWER DEPOSITS: Finance Director Harriett Thomas advised that, as

AA.0000010B4 (24)

previously reported, staff had discussed a few months ago the idea of eliminating refunds of small water and sewer deposits, since it costs more to process such refunds than the amount of the refund itself. Ms. Thomas noted that some cities and counties have adopted policies not to issue refunds of less than $5.00. This matter was discussed at the February 8 Council Planning Session, at which time Council stated that such a resolution would be acceptable as long as the City would still issue refunds of less than $5.00 if requested to do so by the customer.

Ms. Thomas said that she revised the resolution to state that refunds of less than $5.00 will not be issued, unless requested by the customer.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adopt the following resolution regarding the treatment of small refunds by the City:

RESOLUTION
REGARDING TREATMENT OF SMALL REFUNDS OF
WATER & SEWER DEPOSITS

WHEREAS, the finance office has determined certain Water & Sewer customer accounts may have an overpayment of less than five dollars ($5.00); and

WHEREAS, these payments are usually the result of the remaining Water & Sewer security deposit after applying such deposit to a final bill; and

WHEREAS, the cost to the finance office of making a refund is usually larger than the amount of the refund itself; and

WHEREAS, a significant number of these small deposit amounts are never cashed and must be escheated to the state after one year; and

WHEREAS, accurate records of all deposit refunds, by customer and amount, is maintained by the finance office for audit purposes.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Marion does hereby adopts this resolution permitting the finance office to treat overpayments of five dollars ($5.00) or less as nonrefundable unless the customer specifically requests a refund.

ADOPTED this the 22nd day of March, 2011.

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-03-22-1

ADOPT RESOLUTION OF INTENT – STREET CLOSING – UNNAMED ALLEYWAY OF OLD WEST HENDERSON STREET: The City Manager advised that, as shown in information presented to Council, the City had received a request from Gurley Properties, LLC to close an unnamed alleyway off of Old West Henderson Street next to the McDonald's property. This alleyway does not appear on County tax maps, but is shown on old plats of the area. Mr. Gurley owns all property around the alleyway and wants the alleyway eliminated to create a larger commercial site. The first step in the street closing process is the adoption of a Resolution of Intent by Council. After adoption of the resolution, notice of the proposed street closing will be published in the newspaper and posted on the property.

AA.000001085 (24)

The City Manager advised that a public hearing would need to be held on the request at the May 3 meeting, after which time Council may take action to close the street. No other properties, other than the property owned by Gurley Properties, are affected by the street closing. A copy of Mr. Gurley's application to close this street and excerpts of the North Carolina General Statutes pertaining to street closing were presented for Council's review.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adopt the following Resolution of intent to close an unnamed alleyway off of Old West Henderson Street.

RESOLUTION OF MARION CITY COUNCIL
INTENT TO CLOSE AN UNNAMED ALLEYWAY OFF OF OLD WEST HENDERSON STREET

BE IT RESOLVED THAT, Pursuant to the provisions of North Carolina General Statutes 160A-299, the Marion City Council, hereby declares its intent to permanently close an unnamed alleyway off of Old West Henderson Street, as requested by the applicant, Gurley Properties, LLC. The alleyway in question is surrounded by property owned by the applicant.

A public hearing is called to be held in the City Council Chamber at the City Hall, Marion, North Carolina at 7:00 P.M. on May 3, 2011, at which hearing any person may be heard on the question of determining whether or not the closing of said portion of said street would be detrimental of the public interest or the property rights of any individual.

BE IT FURTHER RESOLVED that a copy of this resolution shall be published once a week for four (4) successive weeks in the McDowell News, Marion, North Carolina, prior to the date of said public hearing, and that a copy of the same shall be sent by registered or certified mail to Gurley Properties, LLC, 380 Holly Hill Drive, Marion NC 28752, who is the owner of property adjoining said portion of said street as shown on the McDowell County tax records.

BE IT FURTHER RESOLVED that a notice of the closing and public hearing shall be prominently posted in at least two places along that portion of said street which is to be closed

ADOPTED this the 22nd day of March, 2011.

Mayor

ATTEST:

J. Robert Boyette
City Manager/Clerk

RESOLUTION NUMBER: R-11-03-22-2

CONSIDER APPROVAL OF INTERLOCAL AGREEMENT WITH MCDOWELL COUNTY – DISPATCHING CONSOLIDATION: The City Manager advised that, as previously reported, City and County staff have worked to prepare the attached draft Interlocal Agreement between the City and County to consolidate dispatching services. Under the agreement, the consolidated dispatching operation will be housed, starting July 1, 2011, in the basement of the Police Department, allowing the Police Department to remain open 24 hours per day. The City will pay for two dispatchers, saving the City a considerable amount of money estimated to be about $90,000 or more per year, since the City now funds four full-time dispatchers plus two reserve dispatchers. Using 911 funds, the County will reimburse the City for dispatching software and maintenance already paid for by the City, as well as a proportionate share of overhead expenses, to the degree allowed by State law. The County will also use 911 funds to make all physical improvements needed to house the dispatching operation in the Police Department basement, subject to City approval of all such changes.

A.A.000001086 (24)

The City Manager stated that the City and County will probably need 60 to 90 days to prepare for the consolidation. The County Commissioners will likely approve this agreement at their April 11 meeting.

The City Manager commended Police Chief Mark Brooks for amount of time he had put into this proposal and for working with County Emergency Management Director Terry Young on the draft agreement.

Mayor Pro Tem Cuthbertson asked what the first year savings would be.

The City Manager stated that the City should save about $90,000 per year in personnel expenses, about $5,000 to $10,000 per year in over head expenses and receive close to $80,000 in one-time money by selling the City's dispatching software and remaining four years of a maintenance contract to the County. Therefore, he estimated the first year saving to be $170,000 to $180,000 and recurring savings of $90,000 to $100,000 in subsequent years. He noted that this is a moving target and subject to some change.

Council Member Clark asked what value the City would be getting for the building. The City Manager stated that he inquired about rent for the building, but was told by the County that 911 funds cannot be used for rent or debt service on buildings. He said that this fact was verified by Finance Director Harriett Thomas.

Council Member Clark stated that he understands that the County only wants to use 911 funds to pay the City, but noted that the County could use other funds as well. He stated that, if the County truly wanted to save money, the Sheriff's Department dispatchers should be part of the consolidation. Council Member Clark showed information that the per capita cost for City residents for law enforcement was several times higher than that of County residents.

Mayor Little stated that the proposal could perhaps be a more perfect arrangement; however, that does not mean that the proposed agreement is not good for the City.

Council Member Doggett stated that she feels that this is a win-win proposal for the City and the County.

Council Member Clark stated that he feels the City need a study of this proposal to see what is fair and equitable to everyone. He said that the City does not need to be short-sighted with this matter and that he feels that this proposal does not properly benefit City residents. Council Member Clark stated that he likes knowing who he is talking to when he calls the Police Department.

Council Member Doggett stated that she would not know who she was talking to if she called the Police Department and neither would the average person. She said that what matters is whether the call is handled properly.

Police Chief Mark Brooks stated that it is important to note the time delay involved when someone calls 911 needing law enforcement. He said that such calls must be transferred to the Police Department or Sheriff's Department, which may take 15-20 seconds. Chief Brooks stated that seconds count in an emergency.

Mayor Little stated that the per capita cost of law enforcement will always be higher for City residents, not just in Marion, but in every city in North Carolina, due to City residents receiving a higher level of service.

AA.000001087 (24)

Mayor Little stated that this agreement addresses the concerns expressed by Council at the February 8 Planning Session. He said that he personally has enough confidence in a County employee handling an emergency call as he does a City employee.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted 4 to 1 to approve the following Interlocal Agreement between McDowell County and the City of Marion, consolidating dispatching services as of July 1, 2011.

The vote was as follows:

Mayor Pro Tem Cuthbertson	Yes
Council Member Doggett	Yes
Council Member Martin	Yes
Council Member Owenby	Yes
Council Member Clark	No

The City Manager asked for authority to make minor changes, not affecting the content of the agreement, in the event the County made minor changes to the document during approval.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL

AGREEMENT

THIS AGREEMENT is made and entered into this ____ day of _____ 2011 by and between the County of McDowell, a North Carolina Municipal Corporation, hereinafter referred to as "the County", and the City of Marion, a North Carolina Municipal Corporation, hereinafter referred to as "the City".

WITNESSETH

WHEREAS, McDowell County and the City of Marion are political subdivisions of the State of North Carolina, both having the power and authority to enter into this agreement and the signatories hereto have been authorized to execute this document on behalf of the McDowell County Board of Commissioners and Marion City Council; and

WHEREAS, the City and County have discussed consolidation of dispatching in order to improve efficiency, enhance service and reduce costs; and

WHEREAS, the County is willing to provide law enforcement dispatching and after hours non-emergency dispatching for the City of Marion, with the combined dispatching operation taking place in the lower level of the City of Marion's Police Department building at 270 South Main Street, subject to the execution of an Agreement.

NOW, THEREFORE, the parties wish to reduce their agreement to writing and agree to the following:

1. The County and the City mutually agree that this Contract shall become effective at 12:00 a.m. on July 1, 2011 and it shall continue in effect until terminated by the consent of both parties, as discussed in more detail below.

2. The County agrees to assume all operational responsibility for law enforcement dispatching for the City's Police Department. The County, through its Emergency Management Department, shall exercise all law enforcement dispatching duties for the City. In addition, the County Emergency Management Department will continue to dispatch the McDowell County Emergency Medical Service, County Volunteer and Municipal Fire Departments in McDowell County, the McDowell County Rescue Squad and Emergency Management calls.

3. The County and the City mutually agree that the combined dispatching operation will be managed by McDowell County, with input provided through the appointment of a County 911 Advisory Committee, as detailed in a separate Memorandum of Understanding.

AA.0000001088 (24)

4. The County and the City mutually agree that the combined dispatching operation will be housed in the lower level of the City Police Department building at 270 South Main Street, unless a different location is agreed to by both parties.

5. The County further agrees to assume all operational responsibility for non-emergency calls and visits to the Police Department when Police Department personnel are unavailable. This responsibility shall include dispatching City water, wastewater and street crews as necessary and dispatching City personnel for non-emergency duties including, but not limited to, opening and closing the Marion Community Building and Depot.

6. The City agrees to pay the County for salary and benefits for two full time dispatchers. In calculating the costs to be paid by the City, the City shall not be required to pay more for salary and benefits for two positions than the County does for positions it directly funds, provided that the City will pay for periodic salary and benefit increases for the two positions for which it pays the County, as long as said increases are not greater than that provided to other dispatchers and other County employees.

7. The County shall send a quarterly billing statement to the City for dispatching services. Said statement shall itemize the salary and benefits for the two positions for which the City is charged. The City agrees to remit payment to County within 30 days of receipt.

8. As of the effective date of this agreement, the County agrees to hire three of the City's current four full-time dispatchers and will consider hiring the City's fourth full-time dispatcher, as long as said dispatchers meet the minimum qualifications set by the County. Any of the City's full-time dispatchers hired by the County will be paid no less than their City paid compensation, will receive the same benefits as other County employees, will have their sick leave balance transferred to the County and will have their years of service with the City considered as County service for purposes of calculating longevity pay, vacation leave, sick leave or other benefits.

9. The County agrees to cross train all dispatchers to handle fire, emergency medical service, rescue squad, emergency management and law enforcement calls and to require all dispatchers to obtain in a timely manner any certifications required to allow said personnel to handle fire, emergency medical service and law enforcement calls.

10. The City further agrees to provide space for the County Addressing Coordinator/Dispatching Supervisor and Emergency Management Director, to allow the public to have access to the Addressing Coordinator as needed on a daily basis and to allow a City/County Emergency Operations Center to be established in the Police Department Training Room. It is acknowledged that the Training Room shall be used by the City at all times as it sees fit, except when needed for emergency situations, in which case it shall serve as a joint City/County Emergency Operations Center.

11. The County agrees to make physical improvements needed to the Police Department building to accommodate the dispatching operations, the space needed for the County Addressing Coordinator/Dispatching Supervisor, Emergency Management Director and for the City/County Emergency Operations Center. All such improvements will be approved by the City prior to being made.

12. To the extent allowed utilizing 911 funds and subject to the availability of said funds, the County further agrees to reimburse the City for a proportionate share of all overhead expenses related to the dispatching operation, the space needed for the County Addressing Coordinator/Dispatching Supervisor and the Emergency Management Director. This proportionate share shall be based on the square footage of building used for County operations and on the number of telephone lines used for County operations. Items to be reimbursed proportionally include, but are not limited to utility (electrical, water, sewer and natural gas) costs, garbage collection expenses, document shredding expenses, telephone expenses, computer maintenance costs, cable television charges, Internet charges, property insurance, building maintenance and generator operations and maintenance costs.

13. To the extent allowed by 911 Fund guidelines, the County further agrees to reimburse the City for law enforcement dispatching software expenses previously incurred by the City, as well as for the remaining years on the pre-paid maintenance contract for said software.

14. The County agrees that a Committee shall be formed, with representation from the City, to provide input and make recommendations regarding the combined dispatching operation.

15. This Agreement may be modified by mutual, written agreement of the parties. Any termination of this Agreement must be made in writing and delivered no later than December 31 of any year prior to the July

AA.000001089 (24)

1 effective date of the termination; however no termination may be made until this agreement has been in place at least two (2) years. This six month notice of termination must be sent via first class mail or facsimile to the following:

For County:

Charles Abernathy
County Manager
60 East Court Street
Marion North Carolina 28752

For City:

Bob Boyette
City Manager
PO Drawer 700
Marion, NC 28752

IN WITNESS WHEREOF, the parties have executed this agreement on the day and year first above written.

CONSIDER AWARD OF CONTRACTS FOR VEHICLE PURCHASES: Finance Director Harriett Thomas advised that eight bid packets were sent out for a small Sport Utility Vehicle for the Water Plant. Four bids were received and opened on Tuesday, March 8, 2011 at 10:00 a.m. as follows:

Crossroads Ford Morganton, NC	Escape 4x4 - 4 Cylinder	$19,294.00
Stamey Chrysler-Jeep-Dodge Marion, NC	Liberty 4x4 - 6 Cylinder	$20,805.50
Jim Barkley Toyota Marion, NC	Rav4 4x4 - 4 Cylinder	$22,812.00
Everett Chevrolet Hickory, NC	Equinox AWD - 4 Cylinder	$22,819.00

AA.00000.1090 (24)

Ms. Thomas stated that Crossroads Ford in Morganton submitted the low bid for a 2011 Ford Escape 4X4 in the amount of $19,294.00. She noted that this was the only bid below the City's $20,000 budget for this vehicle. Ms. Thomas stated that Stamey Chrysler Jeep Dodge of Marion submitted the next low bid in the amount of $20,805, but that this bid was $1,511 higher than the low bid and was for a vehicle with worse gas mileage (5 mpg lower).

The City Manager stated that the City always gives local dealerships the opportunity to bid, but sometimes they choose not to do so.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to award the contract for the purchase of a Sport Utility Vehicle for the Water Plant to Crossroads ford for a 2011 Ford Escape 4X4 in the amount of $19,294.

Finance Director Harriett Thomas stated that fifteen bid packets were sent out for a 4X2 and a 4X4 pickup truck to be used in the Street Department.

The following bids were received and opened on Tuesday, March 8, 2011 at 11:00 am:

4X2 Truck

Bobby Jones Ford, Augusta, GA	2011 F-150 XL	$15,349.35
Jim Cook Chevrolet, Marion, NC	2011 Silverado	$15,599.00
Crossroads Ford, Morganton, NC	2011 F-150 XL	$15,746.00
Everett Chevrolet, Hickory, NC	2011 Silverado	$16,442.80
Stamey, Chry-Jeep-Dodge, Marion, NC	2011 Dodge Ram 1500	$18,278.50

4X4 Truck

Bobby Jones Ford, Augusta, GA	2011 F-150 XL	$18,296.35
Jim Cook Chevrolet, Marion, NC	2011Silverado	$18,400.00
Crossroads Ford, Morganton, NC	2011 F-150 XL	$18,310.35
Everett Chevrolet, Hickory, NC	2011 Silverado	$19,132.25
Stamey, Chry-Jeep-Dodge, Marion, NC	2011 Dodge Ram 1500	$20,904.50

Ms. Thomas stated that, for the Street Department 4X2 truck, the low bid came in from Bobby Jones Ford in Augusta, GA in the amount of $15,349.35 for a Ford F-150. However, the next lowest bid from Jim Cook Chevrolet in Marion in the amount of $15,599 for a 2011 Chevrolet Silverado, which is only $249.65 higher than the low bid.

Ms. Thomas stated that, for the Street Department 4X4 truck, the low bid came in from Bobby Jones Ford in Augusta, GA in the amount of $18,296.35 for a Ford F-150. However, the next lowest bid from Jim Cook Chevrolet in Marion in the amount of $18,400 for a 2011 Chevrolet Silverado, which is only $103.65 higher than the low bid.

The City Manager stated that staff felt that the City could certainly justify paying a combined $353.30 more for these two trucks from Jim Cook Chevrolet due to savings over the life of the truck if the City has to take the vehicle into the dealership for service. The City Manager noted that Council has gone with a local dealership previously when the difference in price was a few hundred dollars.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to award the contract for the purchase of a Street Department 4X2 truck to Jim Cook Chevrolet in the amount of $15,599 for a 2011 Chevrolet Silverado and to award the contract for the purchase of a Street Department 4X4 truck to Jim Cook Chevrolet in the amount of $18,400 for a 2011 Chevrolet Silverado.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

AA.000001091 (24)

The City Manager advised that he had received a letter from DOT on March 10, advising that DOT had changed their rules on the blue logo signs to allow such signs at signalized intersections adjacent to the end of controlled access highways, such as the US 221 Bypass. This is a result of close to 18 months of efforts by the City to convince DOT to change the rules. It appears that DOT will now accept applications for such logo signs. The City Manager stated that he sent Ricky Williams of the Steakhouse and Rob Noyes of Countryside Barbeque/Hook and Anchor Seafood a letter notifying them of this change, since they had initiated this matter. The City Manager also stated that he also called and left Mr. Williams and Mr. Noyes a message to make them aware of this change. The City Manager stated that Mr. Williams left a return message and advised that he truly appreciated the City's efforts to bring about this change.

The City Manager stated that this is at least the third change in Statewide policy brought on as a direct result of requests of the City of Marion.

The City Manager advised that, as previously reported, the Asheville chapter of SCORE (Service Corps of Retired Executives) wants to begin doing free small business counseling in Marion and McDowell County. The City Manager advised that he, Freddie Killough, Rod Birdsong, and County Manager Chuck Abernathy met a few weeks ago with SCORE representatives to discuss how the program will work. Bill Mance, a volunteer with SCORE and formerly with Baxter Healthcare, will be the lead person on this project. The City Manager presented Council with a draft marketing plan prepared by SCORE for this project. The Chamber will initially host the counseling sessions.

The City Manager advised that he sent an e-mail to the offices of Senator Burr, Senator Hagan and Congressman Shuler on March 14, asking them to oppose plans to divert postal carriers and services from the Nebo Post Office to the Marion Post Office. He also asked them to seek a new Post Office for Marion. The City Manager stated that the senate and congressional staffs had indicated that they would try to assist with this matter, to the best of their ability, although they said that they could not guarantee that anything would be done by the Postal Service, but they would try to advance our requests.

The City Manager advised that Public Works Director Chris Hollifield had worked out a better plan to prevent vehicles from blocking the driveway into the overflow parking area at the Greenway, as requested by Mayor Pro Tem Cuthbertson. City crews made a more prominent driveway into the overflow parking area.

The City Manager advised that he anticipates having the Community Building floors refinished by the end of March, as had been requested by Council Member Clark.

The City Manager advised that Administrative Assistant Debi Sherlin had scheduled the City Open House for the 3rd Graders to take place on Friday, April 15. He noted that all public elementary schools in the County would participate, along with New Manna Christian Academy.

Mayor Little urged Council Members to participate in the Open House if at all possible.

The City Manager stated that Duke Energy had planned a scheduled power outage from 12:00 Midnight until 3:00 A.M. late Saturday night/early Sunday morning on April 3. The power outage will affect the North Main Street, Highway 221 North Business, Highway 221 North, Highway 70 West and Highway 80 areas. The outage is being scheduled to repair damage to some transmission lines in the area.

The City Manager advised that City crews were nearly complete with the curb and sidewalk project on Robert Street near Marion Elementary School. Public Works Director Chris Hollifield is evaluating how best to proceed with the City's next two scheduled large projects, a curb replacement on Crescent Drive and a curb and sidewalk replacement on Park Drive. The

AA.000001092 (24)

City Manager stated that he hopes to have recommendations ready to present to Council on these projects, along with street resurfacing recommendations, in April.

The City Manager advised that City crews will next work on construction of a Shade Shelter at the Community Building Park Splash Pad, after the Robert Street curb/sidewalk project is completed. The City wants to have the Shade Shelter completed before the Splash Pad opens in May, if possible. Public Works Director Chris Hollifield advised that the Shade Shelter will essentially be a mini picnic shelter inside the fence at the Splash Pad and provide for room for parents and grandparents to watch children, while staying out of the sun.

The City Manager stated that, without objection from Council the Street Committee needs to look at a drainage issue on Ann Street. The Mayor and Council Members expressed no objection to the Street Committee looking at this drainage issue.

The City Manger advised that McGill Associates had resubmitted information to USDA for the Appalachian Regional Commission (ARC) grant for the Sugar Hill Road water and sewer project. The City will have to re-bid the project, but he anticipates having bids come in before the end of March, which should allow the City to award construction contracts at the April 5 Council meeting. The N.C. Local Government Commission (LGC) should also approve the financing of this project on April 5.

As previously reported, the Rural Center will allow the City to expand the project to include the water and sewer extensions to the Stamey Chrysler and West Marion Business Park areas. This will provide the City an additional $300,000 in grant funding over what would have been received, depending on the amount of the second bids.

The City Manager reported that the City can hopefully be underway with the water and sewer construction by mid-April.

The City Manager further advised that Wal-Mart has signed a contract to begin construction on the Supercenter building. The developer has advised that construction on the retail shops will begin in mid-April. Both the Wal-Mart Supercenter and retail shops are scheduled to open between September 15 and early October.

The City Manager advised that the City's contractor had started grading the Clinchfield Park and implementing the approved Erosion Control Plan for the property, as has been required by the State.

Mr. Hollifield gave a brief report on the recent water tank inspection. This is the 15 year inspection. He noted that only some very minor issues were found. The next inspection will take place in five years.

The City Manager stated that on a final note, he wished he had time to mention everything that City staff works on each day. He specifically cited great work performed by Police Chief Mark Brooks, Finance Director Harriett Thomas, Public Works Director Chris Hollifield and Planning Director Heather Cotton. The City Manager stated that the City is fortunate to have such a dedicated and hard-working staff and commended the staff present for all they do.

Mayor Little echoed what Mr. Boyette said, stating that since he has lived here, the long term top quality leadership that former Mayor Everette Clark and former City Manager Earl Daniels has continued.

Council Member Clark stated that if there was one thing he could say about this Council, it is that they sometimes have their differences but always agree to disagree and then move forward in a civil manner, something that many boards have a difficult time doing.

AA.000001093 (24)

Council Member Martin stated that he agrees with Council Member Clark. In the 16 years he has served the City of Marion, Council has from time to time disagreed on specific issues, but has always gotten along as one body.

Council Member Owenby stated that if everyone thought like he did, they would be wrong a good part of the time.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Cuthbertson stated that he would like to send a thank you letter to Randy Hollifield for donating the trees that were planted on Arbor Day at the Joseph McDowell Historical Catawba Greenway. The City Manager stated that such a letter would be sent.

Mayor Pro Tem Cuthbertson also stated that he would like to invite the School Superintendent, Associate Superintendents, Principals and School Board to the City of Marion Open House set for April 15. The City Manager stated that staff would send such an invitation.

Council Member Clark stated that Mr. Lawrence Moore had recently become a Certified Arborist and that he would like to see the City acknowledge him at a Council meeting. The City Manager stated that staff would invite Mr. Moore to a Council meeting for recognition.

Council Member Clark stated that Council Member Doggett had mentioned at one point being involved with an Advisory Committee with high school students. He said that the City of Newton has a leadership class that contains approximately 25 students. The City brings in business and civic leaders, along with governmental officials, to talk to and work with the students. It has proven to be a great committee.

Council Member Doggett stated that the Chamber of Commerce has started a Youth LINC program for rising High School Seniors and that approximately 60 names have been submitted to participate. The High School is now working to narrow this list.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.000001094 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 5, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Chris Hollifield, Public Works Director; Jim Neal, Fire Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Aiden & Peaches Freeman 106 North Wood Court, Morganton, NC; Lee & Harriett Freeman, 20 West High Street, Marion, NC; Adrianna & Jared Freeman, 106 North Wood Court, Morganton, NC; Larry & Gloria Boyce, 107 Edgewood Drive, Marion, NC; Robert Hawkins, 527 East Oak Street, Marion, NC; Ryan Freeman, 50 Sheppard Drive, Asheville, NC, 28806.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER MARTIN: Council Member Billy Martin selected the Citizen of the Month for April 2011.

Lee & Harriett Boyce Freeman

Council Member Martin stated that the Lee and Harriett Freeman had been married for 54 years and he chose to present them together, because that is who they are. They have three children Aiden, Cindy and Ryan, and they have six grandchildren. Mr. Freeman is the son of Columbus and Onie Freeman and grew up in Lake Lure. Mrs. Freeman is the daughter of Adam and Lizzie Boyce and grew up in Marion.

The Freemans are anchors in their community and have been excellent examples of the importance of family and the value of working hard to achieve one's goals. They have always demonstrated love, devotion and respect for one another. They have always shown kindness and always willing to help others in need of assistance.

Council Member Billy Martin stated that it was a privilege to present Lee & Harriett Boyce Freeman as his Citizens of the Month.

Mayor Little and Council Members all shared kind words about Lee and Harriett Freeman.

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson , Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – March 22, 2011 Regular City Council Meeting Minutes

B . Approve Waiver of Civil Citation - Council waived the $10.00 penalty for a handicapped parking citation for Karen Buchanan for parking in a handicapped space in the Lowe's parking lot without a handicapped placard being displayed. Ms. Buchanan provided evidence that she possesses a valid handicapped placard and stated that she simply failed to display the handicapped placard.

AA.000001095 (24)

C. Approve McDowell Trails Association "Discover the Park" Event at Joseph McDowell Historical Catawba Greenway on Thursday, May 12" - Council approved the McDowell Trails Association (MTA) proposed "Discover the Park" event to be held at the Joseph McDowell Historical Catawba Greenway on May 12, 2011 from 3:00 p.m. to 6:00 p.m. The purpose of the event is to raise awareness about the Greenway, to increase MTA membership and to raise funds toward Phase Two of the Greenway.

PUBLIC COMMENT PERIOD: Mr. Robert Hawkins stated that he was proud of the City Council and that he felt that City Council does a great job for the City.

APPROVE HOUSE BURNING TRAINING EXERCISE BY FIRE DEPARTMENT: Fire Chief Jim Neal advised that McDowell Technical Community College, in conjunction with the Marion Fire Department, is planning to conduct a live burn exercise on three houses located at 150, 160 and 170 Perry Street. The exercise is scheduled for April 29 and 30 and will be open to all county departments. Chief Neal noted that these three houses are on the City's dilapidated housing list.

Chief Neal stated that all proper notifications with the State and the surrounding neighborhood will be handled through McDowell Technical Community College.

Chief Neal stated that most likely a small section of adjacent streets will need to be closed to traffic during the exercise because of the location of the hydrant. Chief Neal stated that the Police Department will be notified prior to the live burn.

Mayor Pro Tem Cuthbertson asked how many firefighters would be participating in the training exercise. Chief Neal stated that approximately 20 to 30 firefighters would likely participate.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the live burn training exercise at 150, 160 and 170 Perry Street as requested by the Fire Department and McDowell Technical Community College, contingent upon all State and Federal requirements being met with the exercise.

ADOPT RESOLUTION APPROVING REGIONAL HAZARD MITIGATION PLAN: Fire Chief Jim Neal advised that, as reported last year, the City, McDowell County and the Town of Old Fort, partnered with Mitchell, Avery and Yancey Counties to complete a Regional Hazard Mitigation Plan. The Plan is called the Toe River Regional Hazard Mitigation Plan. Hazard mitigation plans are required to be prepared and adopted by local governments periodically in order for the local government and citizens to be eligible to receive Federal and State aid in the event of a declared disaster. The State has mandated that hazard mitigation plans be prepared on a regional basis, unless jurisdictions wish to pay for the plan preparation themselves. McDowell County was combined with Mitchell, Avery and Yancey Counties for purposes of this plan. The City did not have to spend any money on preparation of this plan. Having this plan in place will allow the City to apply for grants for which the City might not otherwise be eligible.

The City Manager stated that he presented Council with a copy of the 354 page proposed plan in their Council agenda packet last Friday for their review. He noted that he realized that this was a huge document and that Council may need more time to review the document.

The City Manager stated that Chief Neal had been the City's main representative on the Regional Hazard Mitigation Plan Committee.

The City Manager asked Chief Neal if this plan would put any requirements or compulsory actions on the City. Chief Neal stated that the plan would not; instead, it was mainly a document describing hazards in the region and the best way for dealing with said hazards.

AA.000001096 (24)

Council Member Clark stated that he did not like to rubber stamp anything and that he would like a chance to review the document further. He added that it is curious that McDowell County was linked with the mountain counties to the north, counties to which McDowell County rarely has much connection.

After a brief discussion, Council agreed by consensus to take no action on this item and to discuss the proposed plan further at the May 3 Council meeting.

REJECT INITIAL BIDS FOR SUGAR HILL ROAD CONSTRUCTION CONTRACT ONE AND PUMP AND GENERATOR PURCHASE: The City Manager advised that, as previously reported, the City opened bids on February 15, 2011 for the Sugar Hill Road Water and Sewer Improvements Construction Contract One. The bid information was presented to Council. The low bid was received from Davis Grading, Inc. in the amount of $932,652.42.

The City Manager stated that the City received informal bids in February for the purchase of pumping equipment for the Sugar Hill Road Water and Sewer Improvements. The bid information was presented to Council. The low bid was received from Carolina Pumpworks in the amount of $78,159.00.

The City Manager reported that the City received informal bids in February for the purchase of generator equipment for the Sugar Hill Road Water and Sewer Improvements. The bid information was presented to Council. The low bid was received from Nixon Power Services in the amount of $65,461.00.

The City Manager stated that, as Council was aware, the United Stated Department of Agriculture (USDA), administrator of the City's Appalachian Regional Commission (ARC) grant for the Sugar Hill Road Water and Sewer Improvements Project, directed that the City rebid the contracts listed above. Therefore, Council action is needed to reject all initial bids received in February for the Sugar Hill Road Water and Sewer Improvements Construction Contract One, Pumping Equipment Purchase and Generator Equipment Purchase.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to reject all initial bids received in February for the Sugar Hill Road Water and Sewer Improvements Construction Contract One, Pumping Equipment Purchase and the Generator Equipment Purchase.

CONSIDER AWARD OF SUGAR HILL ROAD WATER AND SEWER EXTENSION CONSTRUCTION CONTRACTS ONE AND TWO AND PUMP AND GENERATOR PURCHASE: The City Manager stated that, as Council is aware, the City recently sought bids for the Sugar Hill Road Water and Sewer Extension Project, including formal bids for Construction Contracts One and Two and informal bids for the purchase of pumping equipment and generator equipment. Four memos from McGill Associates containing the bids and recommendations were presented to Council for their information.

The City Manager reported that a total of four bids were received for the Construction Contract One re-bid on March 29, 2011. This contract involves the extension of water and sewer service on Sugar Hill Road to the Wal-Mart Supercenter site. The low bid was submitted by Buckeye Construction, Inc. of Canton, in the amount of $876,231.50 (which is $56,420.92 lower than the initial low bid). The price listed above includes the use of ductile iron pipe, which the City is requesting the United States Department of Agriculture (USDA) to allow the Appalachian Regional Commission (ARC) grant for the project to fund. Ductile iron has proven to be a sturdier material for the City, but is a few dollars more per linear foot. If USDA does not allow the use of ductile iron pipe, PVC pipe, which was bid as an alternate, will be used. McGill has worked successfully with Buckeye Construction in the past and recommends that this contract be awarded to them.

AA.000001097 (24)

The City Manager stated that a total of 14 bids were received for Construction Contract Two on February 15. This contract involves the extension of water and sewer service to the West Marion Business Park and the Stamey Chrysler Dodge Jeep areas. The low bid was submitted by T&K Utilities, Inc. of Asheville in the amount of $232,905.00. This contract is not being funded by ARC, so ductile iron pipe only was bid. McGill has worked successfully with T & K Utilities in the past and recommends that this contract be awarded to them.

The City Manager reported that a total of four bids were received informally in March for the pumping equipment re-bid. The low bid was received from The 419 Group of Myrtle Beach, South Carolina in the amount of $67,141.00 (which is $11,018.00 lower than the initial low bid). McGill has not previously worked with The 419 Group, but is familiar with the Homa pumping equipment to be provided by The 419 Group. McGill checked into this company and believes that they have the experience and capability to provide the equipment specified for the project. Therefore, McGill recommends that this contract be awarded to The 419 Group.

The City Manager advised that a total of three bids were received informally in March for the generator equipment re-bid. The low bid was received from Cummins Atlantic of Charlotte in the amount of $65,000.00 (which is $461.00 lower than the initial low bid). McGill has worked successfully with Cummins Atlantic in the past and recommends that this contract be awarded to them.

Mayor Little noted that the cumulative effect of the re-bidding of Construction Contract One, the pumping equipment and the generator equipment is a reduction in project costs of $67,899.92.

The City Manager reported that the total estimated project cost is now $1,969,546.50, which is much lower than the estimated project budget of $2,402,225. This means that the City can either reduce the amount of debt service needed from $1.1 million down to around $800,000 or less, or the City could use the entire loan amount and pursue additional project, such as looking at extending water service south of I-40 to Marion Travel Plaza, along with extending sewer service to that location as well if the City receives a State Revolving Fund grant for which an application has already been submitted. If the full loan amount is chosen, the County would still pay 40 percent of the debt service.

Based on the bidding process and McGill's recommendations as shown above, the City Manager stated that he would recommend that:

A. Council award the contract for Sugar Hill Road Water and Sewer Improvements Construction Contract One to Buckeye Construction, Inc. of Canton, in the amount of $876,231.50.

B. Council award the contract for Sugar Hill Road Water and Sewer Improvements Construction Contract Two to T & K Utilities, Inc. of Asheville in the amount of $232,905.00.

C. Council award the contract for Sugar Hill Road Water and Sewer Improvement Pumping Equipment Purchase to The 419 Group of Myrtle Beach, South Carolina in the amount of $67,141.00.

D. Council award the contract for Sugar Hill Road Water and Sewer Improvement Generator Equipment Purchase to Cummins Atlantic of Charlotte in the amount of $65,000.00.

The City Manager noted that the North Carolina Local Government Commission approved the City's financing of the project through a loan with BB&T earlier that day. He noted that the USDA was still completing its review of the bids, but had no objection to Council awarding the bids, contingent on USDA approval of the bids.

AA.000001098 (24)

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to:

A. Award the contract for Sugar Hill Road Water and Sewer Improvements Construction Contract One to Buckeye Construction, Inc. of Canton, in the amount of $876,231.50, contingent upon USDA review and approval.

B. Council award the contract for Sugar Hill Road Water and Sewer Improvements Construction Contract Two to T & K Utilities, Inc. of Asheville in the amount of $232,905.00, , contingent upon USDA review and approval.

C. Council award the contract for Sugar Hill Road Water and Sewer Improvement Pumping Equipment Purchase to The 419 Group of Myrtle Beach, South Carolina in the amount of $67,141.00, contingent upon USDA review and approval.

D. Council award the contract for Sugar Hill Road Water and Sewer Improvement Generator Equipment Purchase to Cummins Atlantic of Charlotte in the amount of $65,000.00, contingent upon USDA review and approval.

Council Member Clark stated that it was a great situation for the City to come in over $400,000 under budget on this project. He stated that he felt it would be best for Council to defer action on whether to use the additional loan funds to fund further extensions until the City was further along with the 2011-12 budget process.

Council Member Clark asked about details of the BB&T loan. The City Manager stated that the loan was for a maximum of $1,102,225 for a 10 year term at 3.31 percent. The City's annual debt payments will be $129,920. 12, with McDowell County paying 40 percent or $51,968.05 of the annual debt service, for a net annual debt service cost to the City of $77,952.05.

CONSIDER ADOPTION OF RESOLUTION AUTHORIZING THE SALE OF CITY PROPERTY ON OLD WEST HENDERSON STREET BY NEGOTIATED OFFER AND UPSET BID: The City Manager advised that McDonald's USA submitted an offer to purchase 0.133 acres of excess right of way owned by the City on Old West Henderson Street for $14,706. The City has a 100 foot right of way on Old West Henderson Street, which is much more than is needed.

The City Manager presented Council with a copy of a map showing the property to be purchased. The purchase price is based on a recent appraisal from Brent Anderson, a copy of which was also presented for Council's information. The appraisal of $12,000 was based on a 0.109 acre purchase. After talking with McDonald's officials, the purchase area was increased to 0.133 acres and the offer increased proportionately based on the appraisal.

The City Manager stated that to accept the offer of McDonald's USA, action is needed to adopt a resolution, in which case the City would publish notice of Council's acceptance of the offer and allow the public ten days to submit an upset bid. He noted that Council may also reject the offer or make a counteroffer.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Owenby, Council voted unanimously to adopt the following Resolution accepting the offer of McDonald's USA to purchase 0.133 acres of excess right of way owned by the City on Old West Henderson Street for $14,706, subject to upset bid.

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

AA.000001099 (24)

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, McDonald's USA has submitted a bid in the amount of $14,706 for the purchase of 0.133 acres of excess right of way owned by the City of Marion located on Old West Henderson Street, as shown in the attached Exhibit A.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The right of way owned by the City of Marion on Old West Henderson Street, as shown in the attached Exhibit A that is approximately 0.133 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of McDonald's USA to purchase the above described property for $14,706, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify McDonald's USA of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $14,706.

Adopted this the 5th day of April, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-04-05-1

The City Manager stated that the City may soon also receive an offer to purchase City right of way from the proposed developer on the parcel next to the McDonald's property on Old West Henderson Street. He asked if the sale of adjacent property should also be based on the appraisal commissioned by McDonald's. Council agreed by consensus that sale of adjacent property should also be based on the appraisal commissioned by McDonald's.

Council Member Clark stated that he has concerns about some of the things that McDonald's USA was asking the City to do, in their proposed contract. The City Manager stated that he would not suggest that the City sign the McDonald's contract, since it required environmental assurances and the City to provide Phase 1 and Phase 2 Environmental Assessments. He noted that the offer of McDonald's to purchase the property simply came in the form of their proposed contract, but the City was under no obligation to sign the contract.

Mayor Little said that the City could simply sell the property on an "as is" basis. Council Members expressed no objection to this suggestion.

REVIEW STREET COMMITTEE RECOMMENDATION: The City Manager advised that the Street Committee met on March 25 and looked at a drainage situation at a property at the corner of Ann Street and State Street, roughly located across from East McDowell Junior High School. The property owner, Jeff Barnes, needs to take care of drainage coming from adjacent properties that are higher in elevation than his. He is proposing to buy materials if the City will install a catch basis and storm drainage pipe to take stormwater from Ann Street, and to which he can tie his drainage system, to State Street.

AA.000001100 (24)

The City Manager stated that Mayor Pro Tem Cuthbertson, Council Member Clark and staff recommend approval of this request, since the City will receive some benefit. This would be a construction project of less than one week, according to Public Works Director Chris Hollifield. Mr. Hollifield is currently working up the cost of materials to present to Mr. Barnes.

Mr. Hollifield gave a description of the proposed project and the benefit to the City.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the Street Committee recommendation for the City to install catch basins and drainage pipe on Ann Street, conditioned on the purchase of materials by the neighboring property owner, Mr. Jeff Barnes.

The City Manager stated that Mr. Barnes has been very complimentary of the City's response to his request. He moved here from a large city and has been impressed with how the City works for its citizens.

CONSIDER REQUEST FROM MOUNTAIN GLORY FESTIVAL COMMITTEE: The City Manager stated that, as shown in a memo presented to Council, the Mountain Glory Festival Committee has recommended the purchase of a 15' x 15' canopy, a 12' x 12' canopy and 48 safety vests, using Mountain Glory Festival restricted funds. The total cost of these items is about $1,500. The Mountain Glory Festival account has been used from time to time in the past to purchase items that are of benefit to the community. The Festival account currently has about $20,000 in it.

The City Manager stated the he would recommend approval of the Mountain Glory Festival Committee request to use Mountain Glory Festival funds to purchase a 15' x 15' canopy, a 12' x 12' canopy and 48 safety vests.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to approve the request from the Mountain Glory Festival Committee to purchase a 15' x 15' canopy, a 12' x 12' canopy and 48 safety vests, using Mountain Glory Festival funds.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City Open House will be on Friday, April 15 from 9:30 a.m. until 2:00 p.m. and welcomed Council to drop in at any City facility (City Hall, Fire Department, Police Department, Public Works Department, Wastewater Plan or Water Plant) or to join students, teachers and volunteers for lunch at the Community Building between 11:00 a.m. and 1:00 p.m. Baxter Healthcare will once again provide and cook the hot dog lunch. All eight public elementary schools, including Old Fort, are definitely participating, along with New Manna Christian School.

As suggested by Mayor Pro Tem Cuthbertson, Administrative Assistant Debi Sherlin sent a letter to the School System, inviting the School Board, Central Office staff and School principals to come to the Open House.

The City Manager advised that, as authorized by Council in individual polling he did with them, he sent a letter to the State, advising of the City's interest in seeking Community Development Block Grant (CDBG) funds for needed infrastructure for the proposed 56 unit apartment complex off of Highway 70 West behind the Verizon Wireless building. Council will need to formally approve the grant application and hold public hearings at future meetings, but this letter will allow the developer to receive additional points for their N.C. Housing Finance Agency application.

AA.00000110 1 (24)

Council Member Clark asked if the apartment complex in question had been approved for funding yet. The City Manager stated that the developer has indicated that they are almost guaranteed North Carolina Housing Finance Agency funding, if the City supports the CDBG application.

Council Member Clark asked if there were dedicated apartment units in the development for elderly and handicapped individuals. The City Manager stated that it was possible that there were such dedicated units, but that he had not heard for certain.

The City Manager stated that he had not mentioned to Council in great detail the crime mapping and statistics information now available on the City website, as part of the new software purchased for the Police Department last year. He advised that Police Chief Mark Brooks would give a presentation about this information at a future meeting. Chief Brooks gave a brief description of some of the information available to the public on the City website, including crime mapping and statistics and a section where people could provide anonymous tips.

The City Manager stated that Frank Dean recently suggested to him that the City allow "naming rights" to be sold for the two bridges on Phase 1 of the Greenway for $8,000 each. That amount is recommended because Charles and Bunnie Burgin donated $8,000 and have a plaque on the Round Hill Bridge marking their donation. The bridges on the Greenway could also have a plaque or marker noting such a donation. Mayor Little and Council Members expressed no objection to this suggestion.

The City Manager advised that city crews refinished the Community Building floors in late March, as had been requested by Council Member Clark. Public Works Director Chris Hollifield stated that this work had been a collaborative project between City employees and inmates, with the inmates doing the majority of the work. He said that the City hopes to refinish the floors on a more regular basis.

Council Member Clark stated that he had seen the completed work and agreed that the floors look great.

The City Manager stated that he, Marion Business Association Executive Director Freddie Killough, Police Chief Mark Brooks and Fire Chief Jim Neal continue to participate in the planning for the McDowell County Salute to Veterans Celebration. The displays will first travel to the High School ballfield on Wednesday, May 11 for a ceremony, followed by a procession down North Main Street and a short ceremony at the Courthouse. Mayor Little and Council Members, along with other elected officials, are invited to the Courthouse ceremony. The City and County Managers are working on a short program for this ceremony. The display will then travel to the YMCA, where it will be set up and remain until Monday, May 16. There will be scheduled activities on Friday evening, Saturday and Sunday.

The City Manager stated that Mr. Randy Hollifield, Chairperson of the McDowell County Salute to Veterans Committee, was to be applauded for coming up with the idea.

The City Manager advised that Downtown Façade Grant applications were due on March 31. The Façade Grant Review Committee will meet by mid-April and make recommendations on grant awards. The City Manager said that approximately $5,000 in grant funding will likely still be available, even after the initial grants are awarded, so it is likely that another round of grant applications will be held.

COUNCIL MEMBER COMMENTS:

Council Member Doggett stated that she had seen signs in the downtown area concerning "Road Work" and asked if that was related to the milling and resurfacing of Main Street in the

AA.000001102 (24)

downtown area. The City Manager stated that the signs were related to the milling and resurfacing of Main Street in the downtown area by DOT, but that DOT has not yet given the City a date when the work will begin.

Mayor Little, Council Member Clark and Mayor Pro Tem Cuthbertson stated that they would not be able to attend the April 19 City Council meeting. Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to cancel the April 19 City Council meeting.

The City Manager stated that a Special Council Meeting may need to be held before the end of April to approve Appalachian Regional Commission (ARC) grant contracts and documents for the Sugar Hill Road Water and Sewer Extension Project. Mayor Little and Council Members agreed by consensus to call such a Special Meeting, in accordance with State law, as soon as the ARC grant contracts and documents are ready for approval.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting on Monday evening, May 10, 2010 at 6:00 P.M. in the Conference Room located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett and Billy Martin.

Council Member Cecil Owenby was not present due to health reasons.

OTHERS PRESENT: Bob Boyette, City Manager; Harriett Thomas, CPA, Finance Director

OPENING OF MEETING: Mayor Little opened the meeting.

PRE-BUDGET WORKSHOP/PLANNING SESSION: The City Manager provided an overview of revenue and expenditure issues related to the 2011-12 City Budget. The City Manager presented several items he planned to recommend to balance the budget, mainly involving expenditure cuts to the General Fund Budget. The City Manager advised that he would propose that the City tax rate remain at $0.51/$100 valuation, marking the 44th year in a row that the City has not increased the tax rate.

AA.000001103 (24)

The City Manager reported that he expected the total 2011-12 budget to be less than the total 2010-11 amended budget as of this date. He stated that his goal was to present Council a budget that maintained services at the current level, but did not contain any layoffs if at all possible. The City Manager also reported that he would not recommend any increases to major fees, such as water and sewer charges and commercial garbage rates.

A discussion was held on the purchase of needed large vehicles in the Public Works Department. After discussion, Council directed that the City Manager seek for the City to self-finance such needed vehicles, instead of pursuing outside vehicles. The City Manager stated that he would prioritize such vehicles, based on their condition, their importance to the core services of the City and the speed at which such vehicles could be replaced.

Mayor Little and Council Members expressed their agreement with the general direction of the 2011-12 budget, as expressed by the City Manager.

The City Manager stated that the proposed 2011-12 Budget would be presented to Council by the May 17 Council meeting and that Council had previously agreed to hold a Budget Workshop to review the Budget on Tuesday, May 24 at 6:00 p.m. at City Hall.

The City Manager also noted that modifications would be needed to the City's Wellness Incentive Policy adopted last year, due to conflicts with State and Federal law. A revised policy will be presented for Council consideration at an upcoming meeting.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adjourn the meeting.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, May 17, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Juanita Doggett and Billy Martin.

Council Member Cecil Owenby was absent from this meeting due to illness.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Harriett Thomas, CPA, Finance Director; Chris Hollifield, Public Works Director; Rusty Jenkins, Police Patrol Lieutenant; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Lawrence Moore, 1159 Greasy Creek Road, Marion, NC; Pat Brown 435 Montevista Avenue, Marion, NC; Amy Bridges and Teresa Spires, Isothermal Planning and Development Commission Representatives; Frank Dean and Bill Hendley, McDowell Trails Association.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – May 3, 2011 Regular City Council
Meeting Minutes and May 10, 2011 Council Pre-Budget Workshop/Planning Session Minutes

RECOGNIZE CITY LANDSCAPER LAWRENCE MOORE FOR RECIEPT OF ARBORIST CERTIFICATION: The City Manager stated that the City's contracted landscaper, Lawrence Moore, had recently been named a Certified Arborist by the International Society of Arboriculture. He stated that the Tree Board had encouraged Mr. Moore to obtain this certification. The City Manager recognized Tree Board Member Pat Brown who was in attendance for this meeting.

Mayor Little read the certification plaque and also noted a McDowell News article about Mr. Moore's certification. Mayor Little also mentioned that Mr. Moore being named "Best Lawn Care" in McDowell County in 2010, as part of the McDowell News "Best In McDowell County" promotion.

Mayor Little stated that, as a token of the City's appreciation, he would like to present Mr. Moore with a Tree City USA Cap that the City had received this year.

Mayor Little stated that many people have come through Marion from all over the United States and bragged about Marion's beauty, including the flowers and plantings in the downtown area. Mayor Little stated that he is very proud of Marion and that Mr. Moore has been a large part of its success.

City Council Members and staff congratulated Mr. Moore on his certification and thanked him for his work for the City over the years.

AA.000001105 (24)

PUBLIC APPEARANCE – MCDOWELL TRAILS ASSOCIATION: Mr. Frank Dean of the McDowell Trails Association (MTA) appeared before Council and stated that he recently went to a meeting in Tennessee and had the opportunity to walk on a greenway, where he observed beautiful swings in a sturdy frame placed along the greenway.

Mr. Dean presented Council with a photograph of the swings and stated that he thought this type of swing would make a great addition to the Joseph McDowell Historical Catawba Greenway. He asked for Council's permission to sell sponsorships in the amount of $500.00 to cover the cost of building the swing and frame structure. Mr. Dean proposed that High School masonry students could help build the frames.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to approve the request by Mr. Dean to allow the McDowell Trails Association to sell sponsorships to cover the cost of placing swings in sturdy frames at various locations along the Joseph McDowell Historical Catawba Greenway.

Mr. Dean commended Planning and Development Director Heather Cotton for the great job she had done for the Greenway and other projects for the City of Marion and stated that the MTA would work with Ms. Cotton to develop promotional and sponsorship materials for the swings.

Mr. Dean stated that he would also like to propose to Council another matter that may be more controversial: restrooms for the Greenway. Mr. Dean stated that the Greenway has exceeded all expectations with its use by the public. He said that the only negative comments he generally heard from people was the need for restrooms. Mr. Dean presented a letter from McDowell County Schools Superintendent Dr. Ira Trollinger requesting restrooms for the Greenway for the many students who visit the trail.

Mr. Dean proposed that Council authorize two portable toilets to be placed in the middle of the Greenway for six months, the maximum time period the Health Department allows, with the MTA and the City splitting the costs. Mr. Dean further proposed that Council authorize City staff and the MTS to explore options and costs for permanent restrooms, which could be constructed by High School masonry students or perhaps inmates.

The City Manager asked Mr. Dean if he had an estimated cost for the portable toilets, since they could be expensive over an extended period of time. Mr. Dean projected the costs to be $100 per month per portable toilet, for a total projected cost of $600 for the City and $600 for the MTA over six months. The City Manager also suggested that the portable toilets, if approved, be located at the parking lot, instead of at the midpoint of the Greenway, for easier servicing. Mr. Dean stated that this was a good point and that the parking lot would make a better location for the portable toilets.

The City Manager stated that the City would likely need to provide the materials for the permanent restrooms and would also need to extend utilities to the site. He stated that Public Works Director Chris Hollifield had estimated the cost of a water extension could be $86,000, if the City extended a 12" water line along Highway 70 West to continue the line size that terminates currently at the High School Road. The City Manager stated that a sewer extension, involving installation of a small pump station, was estimated to cost another $27,000, but noted that a septic tank was also an option.

Council Member Clark stated that he would suggest simply extending a 2" or smaller water service line to the site and the smallest size sewer line possible. Mr. Hollifield provided some details and ideas for the size needed for the water and sewer lines.

AA.000001106 (24)

Mayor Little stated that the City has had multiple bad experiences with public restrooms through the years. He noted how public restrooms were virtually destroyed by vandals on Main Street several years ago, causing him great concern.

Mr. Dean stated that the MTA would at least like the opportunity to explore the possibilities of putting permanent restrooms on the Greenway and report back to Council with more information.

Mayor Pro Tem Cuthbertson stated that Mr. Dean should go see the restrooms that were built last year at the Canal Bridge Boat Landing on Lake James.

Council Member Clark said he supported the concept of permanent restrooms on the Greenway, as long as it could be done in the most cost effective manner possible.

Council Member Doggett stated that she also thought Mr. Dean's suggestions were good ideas.

The City Manager noted that the portable toilets, if placed in the Greenway parking lot, would need to be screened in order to comply with the City Code.

A brief discussion was held.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to authorize the City to place two portable toilets in the parking lot of the Joseph McDowell Historical Catawba Greenway for a maximum period of six months, with the City and McDowell Trails Association equally sharing in the cost of the portable toilets, and also to authorize City staff and the McDowell Trails Association to explore options and costs for permanent restrooms at the Greenway and to report back to Council on the options and costs.

Mr. Dean thanked Council for the City's continuing and unwavering support of the MTA and the Greenway.

PUBLIC HEARING – ZONING TEXT AMENDMENT – LIMIT HEIGHT AND SIZE OF FREESTANDING SIGNS IN DO DISTRICT AND INCREASE ALLOWANCES FOR TEMPORARY A-FRAME SIGNS IN DO DISTRICT: Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that this proposed zoning text amendment involves amending the sign regulations limiting the height and size of free-standing signs in the Downtown Overlay District and neighborhood commercial areas, and allowing greater flexibility for approving portable signs in the Downtown Overlay when signs of unique artistic quality do not meet the specific requirements for portable signs.

Ms. Cotton stated that staff had concerns with the one size fits all height limits for free-standing signs within the City of Marion and had therefore proposed amending the City Code to avoid additional signs from being installed that detract from the overall appearance of the community. She advised that the City Code is quite lenient in allowances for size, height, and architectural detail of free-standing signs in all commercial zoning districts; and with the exception of lighting, the Code does not regulate signs based on site visibility, architectural consistency, and/or the scale of surrounding buildings, land uses, typography, or other features.

Ms. Cotton stated that, while the current height of free-standing signs is appropriate for a general business district where travel speeds are higher, a 30 foot high sign in the historic downtown or within a neighborhood setting is more obtrusive and out of context with the surrounding area. Ms. Cotton advised that the City's Zoning Administrator is approving applications for signs that have no apparent connection to a site or surrounding area and instead approving applications that

AA.000001107 (24)

request approval for the maximum size, height, and number that the Code will allow. In large part, applications often consist of the same 30-foot high 100 square foot internally illuminated sign on a steel post. One example is a recent approval of two new Wells Fargo signs that will replace the existing 17-foot high forty square foot Wachovia Signs on Main and Logan Streets. While Staff was able to convince the company to lower the height of the sign from 30 feet to 26 feet, Wells Fargo still wants close to a 100 square foot sign face, which is more than double the current size of the existing signs or any other sign within the C-1 Central Business District.

Ms. Cotton stated that the Planning Board recommended that the maximum height of free-standing signs within the Downtown Overlay District and B-1 neighborhood District be reduced from 30 feet to 20 feet and that the maximum size of free-standing signs in the same district be reduced in size from 100 square feet to 50 square feet in size, to be consistent with existing signs within the area.

Ms. Cotton reported that the second amendment is to regulations allowing portable signs in the Downtown Overlay District, which will provide greater flexibility for downtown businesses to promote themselves in a creative and attractive manner. Last summer, the City of Marion provided greater flexibility in size and location of portable signs in downtown along with more stringent standards on appearance. While trying to provide flexibility within the City Code that would allow for creative and attractive new signage, the Planning Board did not consider content. Ms. Cotton stated that the City Code allows portable signs for specials and menus only. The signs that the Planning Board had attempted to permit through the ordinance amendment did not meet that requirement. After a discussion with the Marion Business Association (MBA), staff drafted new language that would allow flexibility within the code, but at the same time protect the intent of the regulations. Ms. Cotton stated that the Planning Board recommended new language to allow for approval of any sign that does not comply with the regulations for portable signs within the Downtown Overlay District, if such sign has special artistic qualities, adds to the appearance of downtown, and receives a favorable recommendation from the MBA.

Council Member Clark stated that the artistic signs may cause controversy and asked who would make the final decision. The City Manager stated that the MBA Board would make the final decision if it wished or could delegate that responsibility to a sub-group, such as the Façade Grant Review Committee.

Council Member Doggett stated that she likes the creative and decorative signs that several of the downtown businesses place in front of their businesses.

Mayor Pro Tem Cuthbertson stated that the main thing is that the signs do not interfere with pedestrian traffic.

Council Member Clark stated that he had no problem with the proposed amendments, but noted that is possible that the amendments may require tweaking in the future if certain provisions do not work as well as intended.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to approve the following ordinance amending Chapter 21, Zoning, of the Marion City Code:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000001108 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 21 *Zoning*, Article VII. *General Provisions*, Division IV, *Sign Regulations*, is amended by adding the following:

Sec. 21-131.9. Permanent signs.

This subsection shall govern regulations for signs permanently installed on a site and which are required to obtain a sign permit in accordance with subsection 21-131.2. of this chapter.

(1) In the C-1, C-2, B-1, O-I, M-1, DO zoning district the following general regulations shall apply unless otherwise indicated:

(A) *Illuminated signs.* The following regulations shall apply to all illuminated signs:

1. No sign having flashing, intermittent or animated illumination shall be permitted within three hundred (300) feet of property in any residential district unless illumination from such sign is not visible from such property.

2. No illuminated sign shall be permitted within fifty (50) feet of property in any residential district unless the illumination of such sign is so designed that it does not shine or reflect light onto such property. Any illuminated sign that is permitted in a residential district shall not reflect light or shine onto any property in the residential district except the property on which the sign is located.

(B) *Freestanding signs.* The following regulations shall apply to all freestanding signs:

1. No freestanding on-premises sign shall exceed one hundred (100) square feet in sign area as defined in section 21-131.1. of this chapter. If two (2) or more businesses are located on the same property, one (1) freestanding sign shall be permitted an additional six (6) square feet to advertise for each additional business.

2. A freestanding on-premises sign may exceed the one hundred (100) square foot sign area provided the following conditions are met:

a. The scale of the sign is in proportion with the building or site to which it pertains and does not overshadow the building or surrounding area.

b. The sign is consistent with building design and surrounding structures, and is appropriate to the type of use to which it pertains. Design elements, such as the size, shape, materials, lighting, color, lettering style, and arrangement of the sign shall present a professional quality appearance.

c. Special circumstances exist that require deviation from the standard requirements.

d. The sign area is no larger than three hundred (300) square feet.

e. The sign application is approved by the board of adjustment.

3. No free-standing on-premises sign attached to the ground shall be erected to exceed thirty (30) feet in height within the C-2, O-I, and M-1, as defined in section 21-131.1., unless the following conditions are met:

a. The property in which the sign is located shall be zoned C-2 and shall be no less than two (2) acres in size.

b. The sign shall be within a 1,000-foot radius of the center point of the I-40 interchange.

c. The sign height shall be no greater than fifty (50) feet above the street grade of the adjacent interstate.

d. The sign shall be used only for advertising restaurants, lodging, and/or gas

AA.000001109 (24)

stations.

e. The sign shall not be located within four hundred (400) feet of another sign that is greater than thirty (30) feet in height.

4. No free-standing on-premises sign attached to the ground shall be erected to exceed twenty (20) feet in height and fifty (50) square feet of face within the DO and B-1 districts.

5. There shall be no more than two (2) freestanding signs permitted per property. If the property has multiple road frontages, one (1) additional sign may be permitted for each additional road frontage.

6. No part of any free-standing on-premises sign shall extend into any street right-of-way. In the event a right-of-way does not exist, the sign shall be placed in conformity with the setback requirements of the district in which it is located.

***

(3) In the DO, downtown overlay district, commercially zoned properties, free-standing portable signs are permitted subject to the following requirements.

(A) Only permitted in the downtown overlay district.

(B) Placement shall be within three (3) feet of the building or no less than two and half (2 ½) feet from the edge of curb and no greater than five (5) feet from the curb to avoid both vehicular and pedestrian obstruction.

(C) Inside during off (closed) hours.

(D) No more than one (1) per entrance.

(E) No greater than three feet (3) wide and six (6) feet in height.

(F) Only used to list specials or menus.

(G) Sign shall be constructed of durable materials to withstand normal weather conditions. Unfinished and/or untreated plywood or other material unsuitable for outdoor conditions shall be prohibited.

(H) Signs shall be constructed utilizing colors and materials that compliment the downtown business décor and give the appearance of being commercially constructed. Spray-painted messages shall be prohibited.

(I) Signs having unique artistic qualities that enhance the appearance of downtown but do not meet the requirements of this section may be approved upon favorable recommendation by the Marion Business Association.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 17th day of May 2011.

Stephen R. Little
Mayor

City Manager/ Clerk

Ordinance Number: O-11-05-17-1

PUBLIC HEARING – ZONING TEXT AMENDMENT: Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that this text amendment would provide a distinguishable difference between an auto repair shop and a heavy truck repair center (vehicles over 26,000 lbs) within the C-2 General Business District. Currently, the City Code

AA.00000110 (24)

allows for auto repair as a permitted use. This ordinance would add heavy truck repair (26,000 lbs and greater) as a Special Exception to ensure the use complies with conditional requirements as set for in Section 21-302.2 *Special Exceptions*.

Ms. Cotton advised that auto repair is a permitted use in the C-2 General Business District. Staff determined that a commercial truck service center, servicing heavy duty trucks rated a Class 7 or higher and having a Gross Vehicle Weight Rating (GVWR) of 26,001 lbs or greater, is substantially different than an automotive repair service center in size and impact; and that greater care should be given to compatibility with existing uses both on and off-site; internal traffic circulation on-site including the maneuverability of large commercial trucks to access service bays without impeding traffic circulation; and general accessibility without the need for backing onto a public road or causing traffic to stack on a public road as a result of poor internal traffic circulation.

Ms. Cotton stated that this ordinance amendment would allow such uses in the future with the ability to provide greater guidance over the size, scale, and placement of such development to ensure that the impact of such use does not have a negative impact on adjacent properties as well as traffic flow on public roads.

The Planning Board recommended approval of the ordinance amendment.

Council Member Doggett asked if this amendment would create allowances for heavy truck repair in the downtown area. Ms. Cotton stated that allowances would only be created in the C-2district, which is mainly along highway commercial areas, but also includes property in the downtown area. Ms. Cotton stated that heavy truck repair would only be allowed in the C-2 district upon approval of a Special Exception, requiring case by case review. Ms. Cotton stated that it was very unlikely that a downtown property would have the space to allow for heavy truck repair.

A brief discussion was held.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to adopt the following ordinance amending Chapter 21, Zoning, of the Marion City Code:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended by adding the following:

Section 2. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to the C-2 General Business District.

Sec. 21-205 (3) Special exceptions. The following uses are permitted as special exceptions as provided for in article XIII, section 21-302.2 of this ordinance.

(1) Tire recapping centers and heavy duty truck repair having a Class 7 or greater rating (Gross Vehicle Weight Rating (GVWR) of 26,001 pounds or greater). Provided all recapping and other repair activities are conducted completely within an enclosed building and in such a manner that noise, odor, smoke, and other debris associated with this type of operation, will not be offensive to adjoining property owners. Further provided that there will be no outside storage of any materials, including tires, old or new. It is not the intent of this section to prohibit tire displays. Tire displays shall be limited to no more than ten (10) tires.

(A) Tires may be temporarily located outside, only during business hours of the recapping operations, for the purpose of loading and unloading tires.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 17th day of May 2011.

Ordinance Number: O-11-05-17-2

PUBLIC HEARING – NORTH CAROLINA ADOPT A TRAIL GRANT FOR ADDITION OF GRAVEL ON PEAVINE TRAIL: Planning and Development Director Heather Cotton stated that staff is proposing to apply for a State Adopt a Trail Grant to add gravel to part of the Peavine Trail. This grant has a maximum award of $5,000. This amount would allow the City to place gravel on about 1,600 linear feet of the Peavine Trail, starting at State Street and moving southward to Virginia Avenue. No City match is required.

Mayor Little opened the Public Hearing.

No one spoke during the public hearing.

Mayor Little closed the Public Hearing.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, those members of Council present voted to approve the following Resolution authorizing the City to submit a State Adopt a Trail grant application to add gravel to part of the Peavine Trail as follows:

RESOLUTION BY THE CITY OF MARION CITY COUNCIL
AUTHORIZING A NORTH CAROLINA PARKS & RECREATION GRANT APPLICATION

WHEREAS, the North Carolina Department of Environment and Natural Resources, Division of Parks and Recreation has been authorized by the North Carolina General Assembly to award grant funds to eligible park, recreation and open space projects including recreational trails.

WHEREAS, the City of Marion purchased 3.5 miles (33.3 acres) from the Norfolk Southern Railway Company known as the Peavine Line September for the purpose of providing a public shared-use recreational trail.

WHEREAS, The City of Marion seeks to develop 1600 linear feet of the Peavine from State Street to Virginia Avenue.

WHEREAS, The City of Marion projects the total cost of construction for this section of the Peavine Trail at an estimated $5,000.

WHEREAS, the City of Marion intends to request $5,000 in funding from the Division of Parks and Recreation Adopt-A-Trails (AAT) grant offered through the N.C. Trails Program.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARION THAT:

Section 1. The City Council agrees to make available funds towards the Peavine Trail Project when the Adopt-A-Trail grant is awarded, and request reimbursement not to exceed $5,000 from the N.C. Trails Program once construction of the project is complete no later than March 31, 2012.

Section 2. The City Council will provide for the efficient operation and maintenance of the project on completion of the Peavine trail.

Section 3. J. Robert Boyette, City Manager, and successors so titled is hereby authorized to submit an application to the Division of Parks and Recreation for the N.C. Trails Program and directed to provide such information as the appropriate State agency may request in connection with the City's application.

Section 4. The City of Marion has substantially compiled or will substantially comply with all Federal, State and local laws, rules, regulations and ordinances applicable to the project and to the Federal and State grants and loans pertaining thereto.

Section 5. This resolution shall be effective upon its adoption.

Adopted this the 17th day of May, 2011.

Stephen R. Little, Mayor

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-05-17-3

APPROVAL OF RESOLUTION AUTHORIZING ACCEPTANCE OF COMMUNITY DEVELOPMENT BLOCK GRANT – EASTFIELD AREA SIDEWALKS: The City Manager advised that Council action is needed to approve the resolution authorizing acceptance of the City's $606,970 Community Development Block Grant (CDBG) for Eastfield Area sidewalks, to authorize execution of the grant documents, to approve the administrative contract with Isothermal Planning and Development Commission for this project, to approve signatories for the grant and to approve various plans and policies for this project.

Ms. Teresa Spires of Isothermal Planning and Development Commission appeared before Council and went over specifics of the project and required approvals. Ms. Spires stated that no City match is required for the grant and the grant will cover the administrative costs. There is a short time frame for implementation of this grant. Ms. Spires went over the plans to be adopted as part of the approvals. She noted that the City already has all of the plans in place, but that each must be updated for a new CDBG project. Ms. Spires also noted that Council will need to appoint a Citizen Committee in the grant area within the next few months.

Ms. Spires stated that adoption of the resolution will allow IPDC to get started with procuring an engineer for the project and other necessary steps.

Council Member Clark noted some typographical errors in the administrative agreement that need to be corrected. Ms. Spires stated that she would correct the errors. Council Member Clark asked if IPDC would be paid $50,000 to administer the grant. Ms. Spires stated that this figure was correct.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to approve the following resolution authorizing acceptance of the City's $606,970 Community Development Block Grant (CDBG) for the Eastfield Area Sidewalk and Drainage Project, to authorize execution of the grant documents, to approve the administrative contract with Isothermal Planning and Development Commission for this project, to approve signatories for the grant and to approve various plans and policies for the grant:

RESOLUTION AUTHORIZING ACCEPTANCE OF COMMUNITY DEVELOPMENT BLOCK GRANT, EXECUTION OF GRANT DOCUMENTS, APPROVING ADMINISTRATIVE CONTRACT, AUTHORIZING SIGNATORIES FOR GRANT DOCUMENTS AND APPROVING VARIOUS POLICIES RELATED TO THE GRANT

BE IT RESOLVED, that the City of Marion has authorized the acceptance of a Community Development Block Grant, Community Revitalization category from the Department of Commerce to address drainage needs in the Yancey Street and Perry Street area of town. Activities involved include drainage improvements and the installation of sidewalks along Perry and Yancey Streets, as well as a portion of Baldwin Avenue.

BE IT FURTHER RESOLVED that the Marion City Council approves the administrative contract with the Isothermal Planning & Development Commission.

BE IT FURTHER RESOLVED that the Marion City Council authorizes the City Manager to sign any and all documents related to the Grant.

BE IT FURTHER RESOLVED that the Marion City Council approves the following policies as required by the Department of Commerce for the CDBG program:

AA.00000114 (24)

- Fair Housing Plan and Complaint Procedure
- Section 504 Survey and Grievance Procedure
- Section 3 plan
- Equal Employment Opportunity Plan
- Code of Conduct
- Citizen Participation Plan and the Citizen Advisory Committee
- Anti-displacement and Voluntary Temporary Relocation Plan
- Language Access Plan

BE IT FURTHER RESOLVED that the City Council approves all signers listed on the official signatory card.

Adopted this the 17th day of May 2011.

Stephen R. Little
Mayor

City Manager/Clerk

Resolution Number: R-11-05-17-1

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting wishing to speak to Council.

ADOPT RESOLUTION APPROVING REGIONAL HAZARD MITIGATION PLAN: The City Manager advised that, as previously reported, the City of Marion, McDowell County and the Town of Old Fort partnered with Mitchell, Avery and Yancey Counties to complete a Regional Hazard Mitigation Plan called the Toe River Regional Hazard Mitigation Plan. The City Manager advised that, as Council may recall, hazard mitigation plans are required to be prepared and adopted by local governments periodically in order for the local government and citizens to be eligible to receive Federal and State aid in the event of a declared disaster. The State has mandated that hazard mitigation plans be prepared on a regional basis, unless jurisdictions wish to pay for the plan preparation themselves. The City Manager stated that McDowell County was combined with Mitchell, Avery and Yancey Counties for purposes of this plan.

The City Manager advised that Council had a copy of the plan for their review. The City did not have to spend any money on preparation of this plan.

The City Manager advised that Council had briefly discussed this plan at the April 5 Council meeting and asked for more time to review the large document. Unless Council has major questions or concerns, the City Manager stated that he would recommend that Council adopt the resolution approving the Regional Hazard Mitigation Plan.

Council Member Clark noted that he had gone through the document and found several factual errors in the plan. He suggested that the City Manager identify any errors and report them to the County, as part of the approval.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to adopt the following Resolution approving the Regional Hazard Mitigation Plan and direct the City Manager to identify any factual errors in the plan and to report them to McDowell County Emergency Management for correction in the final version of the document:

RESOLUTION TO ADOPT THE
TOE RIVER REGIONAL HAZARD MITIGATION PLAN

WHEREAS, the City of Marion is vulnerable to an array of natural hazards that can cause loss of life and damages to public and private property; and

WHEREAS, the City of Marion desires to seek ways to mitigate situations that may aggravate such circumstances; and

WHEREAS, the development and implementation of a hazard mitigation plan can result in actions that reduce the long-term risk to life and property from natural hazards; and

WHEREAS, it is the intent of the City Council to protect its citizens and property from the effects of natural hazards by preparing and maintaining a local hazard mitigation plan; and

WHEREAS, it is also the intent of the City Council to fulfill its obligation under North Carolina General Statutes, Chapter 166A: North Carolina Emergency Management Act and Section 322: Mitigation Planning, of the Robert T. Stafford Disaster Relief and Emergency Assistance Act to remain eligible to receive state and federal assistance in the event of a declared disaster affecting the City of Marion; and

WHEREAS, the City of Marion, in coordination with Avery County, Banner Elk, Crossnore, Elk Park, Grandfather Village, Sugar Mountain, Newland, McDowell County, Old Fort, Mitchell County, Bakersville, Spruce Pine, Yancey County and Burnsville, has prepared a multi-jurisdictional hazard mitigation plan with input from the appropriate local and state officials;

WHEREAS, the North Carolina Division of Emergency Management and the Federal Emergency Management Agency have reviewed the Toe River Regional Hazard Mitigation Plan for legislative compliance and has approved the plan pending the completion of local adoption procedures;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Marion hereby:

1. Adopts the Toe River Regional Hazard Mitigation Plan; and

2. Agrees to take such other official action as may be reasonably necessary to carry out the proposed actions of the Plan.

Adopted this the 17th day of May, 2011.

RESOLUTION NUMBER: R-11-05-17-2

APPALACHIAN REGIONAL COMMISSION GRANT – SUGAR HILL ROAD WATER AND SEWER EXTENSION: The City Manager advised that the United State Department of Agriculture has directed that formal approval of the City's Appalachian Regional Commission (ARC) grant for the Sugar Hill Road Water and Sewer Extension Project is needed.

The City Manager presented Council with a list of conditions and gave an overview of the conditions, policies and plans which must be understood and agreed to by Council before further consideration may be given to the application. These conditions, policies and plans include:

1. Organization
2. Equal Opportunity and Assurance Agreements
3. Debarment Certification
4. Drug Free Workplace Certification
5. Insurance and Bonding
6. Applicant Contribution
7. Final Plans and Specifications
8. Contract Documents
9. Procurement of Construction Services and Supplies/Equipment
10. Errors and Omissions
11. Davis-Bacon Act Requirements
12. Mitigation Measures
13. Fund Disbursement and Reporting
14. Excess Funds
15. Audits and Accounting Methods
16. Grant Administration and Memorandum of Agreement
17. Other Conditions

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to accept the $300,000 Appalachian Regional Commission grant for the Sugar Hill Road Water and Sewer extension Project and to approve the package of documents related to the grant, including the following items:

1. Organization
2. Equal Opportunity and Assurance Agreements
3. Debarment Certification
4. Drug Free Workplace Certification
5. Insurance and Bonding
6. Applicant Contribution

17. Other Conditions

ADD ON – RESOLUTION AUTHORIZING FINAL SALE OF CITY RIGHT OS WAY ON OLD WEST HENDERSON STREET TO FDFEE DEVELOPMENT, LLC: The City Manager advised that the 10 day upset bid period for the proposed sale of 0.07 acres of City right of way on Old West Henderson Street to FDFEE Development, LLC for $7,750 ended on May 16, with no upset bids being received. Therefore, Council may adopt a resolution authorizing the final sale of the property.

The City Manager stated that no Public Hearing is required for this approval.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, those members of Council present voted to adopt the following
resolution authorizing the final sale of 0.07 acres of City right of way on Old West Henderson Street to FDFEE Development, LLC for $7,750.

Resolution Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, FDFEE Development, LLC has submitted a bid in the amount of $7,750 for the purchase of approximately 0.07 acres of excess right of way owned by the City of Marion located on Old West Henderson Street, as shown in the attached Exhibit A.

WHEREAS, the City Council of the City of Marion adopted a resolution on May 3, 2011, in accordance with N.C.G.S. 160A-269, accepting the offer of FDFEE Development, LLC to purchase the property, as described below, for a sum of $7,750; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from FDFEE Development, LLC; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on May 6, 2011, caused notice of the proposed sale of the property, as described below, to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described below to FDFEE Development, LLC.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The right of way owned by the City of Marion on Old West Henderson Street, as shown in the attached Exhibit A that is approximately 0.07 acres in size is hereby declared to be surplus to the needs of the City of Marion.

AA.00000118 (24)

2. The City Council accepts the offer of FDFEE Development, LLC to purchase the above described property for $7,750 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

Adopted this the 17th day of May, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-05-17-4

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that City crews have completed work on the Community Building Park Splash Pad Shade Shelter. The Splash Pad is scheduled to open on Friday, May 20. Public Works Director Chris Hollifield gave details on the Shade Shelter.

The City Manager advised that staff had received a request involving designation of a no-parking area on Tremont Street and would request permission to review the request with the Street Committee. Mayor Little and City Council Members agreed by consensus for the City Manager to review this request with the Street Committee and to forward any recommendations to Council for review at a future meeting.

The City Manager stated that the timing of final implementation of the Downtown Streetscape Plan keeps changing, but for the better. He advised that a DOT contractor was scheduled to begin the milling of Main Street in the downtown area and spot milling on North Main Street to Legendary Ford and on East Court Street to the City Limits in early June. The DOT contractor was then to have resurfaced the streets listed above, except for the parking lanes of Main Street in the downtown area. The City would have then had a contractor come in and construct the concrete bumpouts and decorative crosswalks in the downtown area and then resurface the parking lanes. However, to avoid Main Street being torn up for a long period of time, City staff has convinced DOT to administer and inspect the entire scope of work as one project. DOT will fund the milling, resurfacing and striping and provide $50,000 of Federal funding for the bumpouts. The City will have to pay for the striping of parking spaces and the cost of the bumpouts and decorative crosswalks, less the $50,000 of Federal funding to go toward this work.

The City Manager stated that receipt of Federal money by DOT will delay the start of the project until about August. The DOT contractor will then mill and resurface Main Street in the downtown area, North Main and East Court Streets and resurface and restripe the three travel lanes Main Street in the downtown area. The contractor will also construct the bumpouts and decorative crosswalks and restripe the parking spaces. The project will likely take until November to be completed, meaning that the construction work will still be taking place during the Mountain Glory Festival in October.

The City Manager stated that the City will have the opportunity to review bids to make sure they fit within the City's budget for the components the City will have to fund.

AA.000001119 (24)

The City Manager stated that the Wastewater Improvements Project should be completed by mid-May, with paving at the Corpening Creek Wastewater Plant and some add-on items involving repairs to the primary and secondary clarifiers at the Corpening Creek Plant, to allow every dollar of the City's $5.3 million in grants for this project to be spent.

The City Manager stated that as authorized at the May 3 Council meeting, City staff is seeking bids for the resurfacing of six streets, for the curb replacement on North Garden Street and Crescent Drive and for the curb and sidewalk replacement on Park Avenue. Staff will bring the bids to Council for review once they are received.

The City Manager stated that the Façade grant applications were due on March 31. Five applications were received. The Façade Grant Review Committee met in mid April and recommended five grant awards to the Marion Business Association and McDowell Economic Development Association Boards. The five approved projects include one repainting and awning installation and four awning projects. The five grants will use a little less than $10,000 of the $15,000 in grant funding. Therefore, a new announcement is being made of a second round of funding to give out
the remaining $5,000 in grants. The second round of funding will be due on May 19. The Marion Business Association expects at least $5,000 grant application to be received by the May 19 deadline.

The City Manager stated that the McDowell County Salute to Veterans Celebration was held from May 11-16. He noted that the event was a great success, with many thousands of people visiting the American Veterans Traveling Tribute displays at the YMCA during this time.

The City Manager thanked Patrol Lieutenant Rusty Jenkins for the great job he and the Police Department staff did in coordinating the procession of the displays from the High School to downtown and then to the YMCA on May 11 and handling traffic control on North Main Street and downtown on Wednesday and on Sugar Hill Road adjacent to the YMCA throughout the event. The Fire Department displayed a large American flag on the City's tower truck. The Public Works Department provided a stage, canopy and folding chairs for the event, along with safety vests for volunteers.

The City Manager stated that the annual Health Fair for City employees will be held on Wednesday, May 18 at the Depot.

Public Works Director Chris Hollifield advised that the Utility Maintenance Division would be flushing fire hydrants throughout the water distribution system in order to clean main water lines beginning at 11:00 p.m. each night until approximately 5:00 a.m. each morning from Monday, May through Friday, May 27.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that he has concerns about the 31 percent water loss shown in the monthly report of the Water Plant. The City Manager stated that this figure was definitely higher than the City wants. Public Works Director Chris Hollifield noted that the water loss figure is an estimate and can involve some combination of poor estimating of non-metered water usage and actual water leaks. The City Manager stated that staff could explore again the completion of a Water Audit for the City.

Mayor Pro Tem Cuthbert son asked if the speed trailer recently placed on Broad Street took traffic counts. Patrol Lieutenant Rusty Jenkins stated that the speed trailer sign has some age on it and no longer is capable of recording information such as traffic counts.

AA.000001120 (24)

Council Member Doggett stated that she had spoken with Ms. Ann Harley of Broad Street, who had commended the City Police Department for placing the speed trailer on Broad Street, which had a great effect on reducing speeding on the street.

2011-12 BUDGET OVERVIEWS:

The City Manager gave a presentation of his recommended 2011-12 City Budget, as follows:

Proposed City of Marion
Budget
2011-12

May 17, 2011

2011-12 Budget Overview

- Total proposed budget of $9,739,776
- Reduction of $52,957, or 0.54%, from 2010-11 budget as of this date
- Budget reduction would have been more if not for the need for several vehicle replacements, particularly in the Public Works Department, and if the City had chosen to finance vehicles, which would cost more in the long run

2

2011-12 Revenues

- Budget contains very conservative estimates for revenues
- Assumes reductions in sales tax and utility franchise tax revenue and only modest gains in other revenues
- No increases in water and sewer rates or connection fees, commercial garbage fees or building permit fees are proposed

3

AA.000001121 (24)

2011-12 Revenues

- Tax rate proposed to remain at $.51 per $100 valuation. This is the 44th consecutive year with no tax increase in the City

2011-12 Expenditures

- One position proposed for elimination later in Fiscal Year. Some offset possible if grant funding is received.
- No cost of living increases for City employees.
- Continued reductions in travel and training expenditures.
- Some investment in capital outlay spending for projects and vehicle and equipment replacement.

5

Current City of Marion Projects

- Completion of Wastewater Improvements Project ($6.5 million), including elimination of Catawba River Wastewater Plant and improvements to Corpening Creek Plant
- Working with developers on industrial, commercial and residential development projects in various locations around City
- Participating in planning for future McDowell House renovations
- Completion of Pedestrian Plan for City
- Working on completion of Comprehensive/Land Use Plan
- Sugar Hill Road Water and Sewer Extension ($2 million)
- Working to improve cost effectiveness of recycling program.

6

Current City of Marion Projects

- Catawba River Greenway Phase 1 and 2
- Mt. Ida future trail development
- Eastfield Park
- Clinchfield Park
- Downtown Streetscape Plan/Wayfinding signage implementation
- Improved snow plowing and removal procedures
- Shade shelter for Community Building Park Splash Pad/other improvements planned
- Various sidewalk replacements and extensions
- Peavine Trail acquisition and improvements
- Traffic flow improvements at Marion Elementary School

7

Current City of Marion Projects

- Enhancement of Downtown Façade Grant Program
- Annual street resurfacing
- City website improvements
- Efficiency improvements for ABC Board
- Planning drainage and appearance improvements at Oak Grove Cemetery
- Continued promotion of and enhancements to Farmer's Market
- Padgett Drive Sewer Extension
- Energy Grant implementation with County to reduce energy costs

8

Current City of Marion Projects

- Continued replacement of fire apparatus, including a tower truck and a brush truck
- Continuing to stress residential police patrols and business visits and checks
- Continued replacement of old valves and equipment at Water Plant
- Security enhancements at Water Plant and water intakes
- Buck Creek Watershed Planning
- Paving private and DOT roads in City

9

Current City of Marion Projects

- Wellness Program enhancements to improve employee health/reduce health insurance costs
- Start of Marion 101 Citizens Academy
- 9th Annual City Open House for 3rd Grade
- Grant for creek clean-up/stabilization off South Main Street
- 911/Dispatching consolidation with County
- Working on Comprehensive Transportation Plan for County, in conjunction with County and Town of Old Fort
- Beginning Police Department accreditation process

10

Current City of Marion Projects

- Scott Road Water Extension
- Highway 226 South/Fairview Road Sewer Extension
- Tunnel Road Water Extension
- Several water line replacements
- Planning for large street projects - Park Avenue curb/sidewalk replacement and North Garden/Crescent curb replacement
- CDBG Grant – Eastfield Area Sidewalks

11

AA.000001123 (24)

Grants

- Since 2001, the City has received 95 separate grants totaling over $13.8 million
- These grants have involved every City department and nearly every City service or function and allowed many projects and activities to take place that the City could have otherwise not afforded to undertake

12

Summary

- City has worked on all these and other projects and has grown by 62 percent since 2000 with no growth in full-time staff. The City will have 92 full-time positions effective July 1, 2011, the exact same number that the City had in the 2000-01 Fiscal Year.

13

The City Manager advised that Council had previously scheduled a Budget Workshop and Planning Session to be held at City Hall on Tuesday, May 24 at 6:00 p.m., at which time more details could be discussed about the proposed 2011-12 budget.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to adjourn.

COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting on Tuesday evening, May 24, 2011 at 6:00 P.M. in the Conference Room located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Juanita Doggett and Billy Martin.

Council Member Everette Clark could not attend this meeting due to being out of town.

Council Member Cecil Owenby could not attend this meeting due to illness.

OTHERS PRESENT: Bob Boyette, City Manager

AA.0000011124 (24)

BUDGET WORKSHOP/PLANNING SESSION: The City Manager provided an overview of his proposed 2011-12 City budget. The budget was reviewed in detail by the Mayor and City Council and the City Manager presented the City's current financial picture and outlook.

After discussion and review, Council directed no changes to be made to the budget as presented by the City Manager.

The public hearing on the budget and consideration of adoption of the 2011-12 City budget will be held on Tuesday, June 21, 2011 at 7:00 p.m. at City Hall.

The City Council also held a Planning Session and discussed the following items:

A. Recreation

B. Amendments to Planning and Development Department Fee Schedule Ordinance

C. Idea of Downtown Appearance Standards

D. Requested Infrastructure Extensions/Possible Growth Areas

E. Sewer Only Customers

F. Speed Humps

G. Advisory Board Appointments

H. Civil Citation Appeals Ordinance

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to adjourn the meeting.

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, June 7, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett and Billy Martin.

Council Member Cecil Owenby was not present for this meeting due to illness.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Jamie Harklerode, Patrol Lieutenant; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: David Deal, 203 Shamrock Drive, Morganton, NC

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – May 17, 2011 Regular City Council Meeting Minutes and May 24, 2011 Planning Session/Budget Workshop Minutes

B. Approval of Revised Wellness Incentive Policy:

CITY OF MARION WELLNESS INCENTIVE POLICY

The City of Marion provides medical insurance to its employees. Recognizing that the key to improving an employee's overall health is by promoting wellness and increasing awareness, the City has provided for its employees a wellness program, "Wellness for Life".

As of July 1, 2011 the City will begin charging each employee 5% of the total medical insurance premium (employee only portion) with the option of discounting that fee. To exercise this option and for an employee to receive a discount, he/she must actively participate in the following program(s) offered through the "Wellness for Life" program.

- To qualify, the employee must participate in the following wellness activities offered through "Wellness for Life".

  a) Complete annual blood screenings done either at the employee annual Health Fair or by a personal physician by or before May 31 of each year. By doing so and upon receipt of verification, the premium will be Discounted by 3%.

  b) Attend two Lunch 'n Learn sessions coordinated by the Wellness Program beginning in July of the current fiscal year. For each session attended, an employee will receive a 1% discount, OR

  c) In the event an individual is unable to attend one of the Lunch 'n Learn sessions, he/she may complete the online Health Assessment offered through the City's insurance provider. Complete information on the program is available through the Personnel Office.

TOBACCO CESSATION

In an effort to assist employees in their long term goal of tobacco use cessation, the City of Marion's wellness program, Wellness for Life, is providing City employees with assistance in accomplishing their goals.

AA.000001126 (24)

Wellness for Life provides for assistance in the form of a tobacco cessation program. This program offered through the McDowell County Health Department offers employees the option of attending meetings in a group setting where individuals are provided with literature and information to help them through the transition period and to re-learn life without tobacco. This program is offered at no cost to employees. In order to provide an individual program for City employees, a total of eight (8) individuals are needed. However, individuals may attend sessions already provided by the Health Department.

The City will further assist employees financially in reaching these goals. The City's insurance provider will pay the cost of the prescription tobacco cessation aids such as Chantix, etc. The employee pays a co-pay on these prescriptions. Over-the-counter aids are also available with no assistance by insurance. The City will assist employees by paying one half (1/2) of the cost of either the prescription (co-pay) or over-the-counter product. Sufficient verification will need to be provided by the employee. Further details are available through the City Personnel Office.

This policy replaces the Wellness Incentive Policy adopted by the City Council on September 7, 2010.

Adopted by the City Council of the City of Marion this the 7th day of June, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

POLICY NUMBER: P-11-06-07-1

C. Adopt Planning and Development Fee Schedule

AN ORDINANCE ESTABLISHING FEES
FOR THE PLANNING AND DEVELOPMENT DEPARTMENT

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. CERTIFICATE OF OCCUPANCY/COMPLIANCE. The City of Marion shall charge a $60.00 fee for a certificate of occupancy (C.O.) for a change of use for a building, land, or structure in the City of Marion if a building permit is required. The fee for the certificate of occupancy can be credited to the building permit. This fee includes Zoning and Building Code review as well as an initial and final inspection.

SECTION 2. SIGN PERMITS. This section shall apply to all signs regulated pursuant of Section 706 *Signs, billboards and other advertising structures* of Chapter 21 *Zoning* of the Code of the City of Marion.

On Premise Signs. The permit fee for an on-premise sign that is twenty-four (24) square feet or less that does not require a footing and/or an electrical inspection shall be $30.00 plus $1.00 for each additional square foot over 24 square feet. An on-premise sign that is twenty-four (24) square feet or less that does require a footing and/or an electrical inspection shall be $60.00 plus $1.00 for each additional square foot over 24 square feet. The fee for a temporary two (2) week spectacular sign or directional sign permit and all other thirty (30) day temporary sign permits shall be $20.00. No fee shall be charged for a temporary sign permit for non-profit organizations with offices or locations within the City Limits.

Off-Premise Signs. The initial fee for an off-premise sign permit shall be $250.00 plus $1.00 for each additional square foot over one hundred square feet. The fee shall include footing and/or an electrical inspection. An annual renewal fee shall be charged for all off-premise advertising signs. Failure to renew an off-premise sign shall result in a revocation of permit. The annual off-premise sign fee will be as follows:

OFF-PREMISE SIGN FEE SCHEDULE	
Sign Face	**Annual Renewal Fee**
0-100 square feet	$125.00

AA.00001127 (24)

101-200 square feet	$125.00 + $0.25 per square foot
201-300 square feet	$125.00 + $0.50 per square foot

SECTION 3. FEES FOR APPLICATION TO THE BOARD OF ADJUSTMENT, PLANNING COMMISSION AND CITY COUNCIL. A fee of $200.00 will be charged for each application processed through the Planning and Inspections Department that requires action by the Board of Adjustment, Planning Commission and/or City Council excluding cell tower applications and subdivision review applications. This fee includes administrative processing, staff analysis, advertising, and public notice.

SECTION 4. CELL TOWERS. A Cell tower permit application fee shall be $2,500.

SECTION 5. SUBDIVISION REVIEW. The following fees shall apply to subdivision review applications.

SUBDIVISION REVIEW FEE SCHEDULE	
Review Process	**Application Fee**
Sketch Plan/Preliminary Plat	$100.00
Minor Subdivision Plat	$50.00
Major Subdivision Plat No Infrastructure	$150.00 + $2.00 per lot
Major Subdivision Plat Infrastructure	$200 + $2.00 per lot

SECTION 6. GIS MAPS. The following fees shall apply for the production of a city map.

GIS MAP PRODUCTION FEES			
Size	**Black and White**	**Color**	**Aerial**
8.5" x 11"	$2.00	$4.00	$6.00
11" x 17"	$6.00	$8.00	$14.00
17" x 22"	$8.00	$10.00	$20.00
22" x 34"	$12.00	$16.00	-------
34" x 44"	$16.00	$24.00	-------

SECTION 7. COPIES OF CITY CODE AND ORDINANCES. The following fees shall apply for requested copies of the Zoning Regulations, Subdivision Regulations, and all other sections of the Code and Ordinances:

DOCUMENT REPRODUCTION FEES	
Document	**Fee**
City Code Chapter 21 Zoning	$15.00
City Code Chapter 16 Subdivision	$10.00
Sections of Code & Ordinances	$0.20 per page
City Code on CD	$5.00

SECTION 8. BUILDING PERMITS. Building permit fees for all new buildings and additions to existing buildings constructed in the City of Marion will be based on the total number of square feet in the building, addition or structure by using the permit chart below. There will be a minimum fee of $100.00 per trade for commercial and $60.00 for residential. Dwelling units in a multi-family structure are calculated individually. Building permit fees includes plan review for zoning compliance.

Building permit fees shall be determined by using the following formula:
A x B = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 9. HOMEOWNERS RECOVERY FUND: The City shall charge all licensed general contractors a $10.00 fee for the construction and/or alteration of a single-family residential dwelling unit, including townhouses and condominiums. The fee will be collected for each dwelling unit and will be in addition to the City's regular

AA.00001128 (24)

building permit. The City will forward $4.00 of each fee collected to the North Carolina Licensing Board for General Contractors. (G.S. 87-15.6)

SECTION 10. RENOVATION TO EXISTING BUILDINGS. Renovation and/or alteration permits will be required for renovation to existing buildings, and for enclosing porches or carports, installing or removing structural supports. Building permit fees will be based on the Permit Chart with a minimum fee per trade of $100.00 for commercial and $60.00 for residential.

Building permit fees shall be determined by using the following formula:
A x B x 0.20 = Fee
A= Total gross building floor area
B= Fee per square foot (see fee table below)

SECTION 11. ELECTRICAL INSPECTIONS. Fees for electrical inspections shall be determined by the Permit Chart.

SECTION 12. PLUMBING INSPECTIONS. Fees for plumbing inspections shall be determined by the Permit Chart.

SECTION 13. MECHANICAL INSPECTIONS. Fees for mechanical inspections shall be determined by the Permit Chart.

AA.00000112B (24)

SECTION 15. MISCELLANEOUS INSPECTIONS. Fees for miscellaneous inspections will be as follows:

MISCELLANEOUS INSPECTION PERMITS	
Inspection Type	**Fee**
Fuel Storage Tank	$60.00
Swimming Pools	$60.00
Insulation	$60.00
Demolition	$60.00
Other Required Inspection	$60.00
Return Inspection	$60.00
ABC INSPECTION PERMITS	
Inspection Type (Size of Establishment)	**Fee**
0-50,000 Square Feet	$100.00
50,001-100,000 Square Feet	$400.00
100,001 and Larger	$600.00

Section 16. WORK WITHOUT PERMIT. The City of Marion shall charge a penalty double the standard permit fee for all activities requiring a zoning or building permit and/or inspection.

Section 17. FIRE INSPECTIONS. Fees for fire inspections will be as follows:

FIRE INSPECTION FEES	
Inspection Type	**Fee**
First Inspection	$0.00
First Re-Inspection	$0.00
Second Re-Inspection	$25.00
Third Re-Inspection	$50.00
Fourth Re-Inspection	$75.00
Fifth Re-Inspection	$100.00

Section 18. This ordinance shall become effective on July 1, 2011.

Adopted this 7th day of June, 2011.

Stephen R. Little
Mayor

ATTEST:

J. Robert Boyette
City Manager/ Clerk

Ordinance Number: O-11-06-07-4

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – WALL/HIGHWAY 226 SOUTH PROERPTY: Mayor Little opened the Public Hearing.

The City Manager advised that this public hearing is required on the requested annexation of the 2.68 acre Wall property on Highway 226 South. This industrial property contains the Walco building. If adopted, the annexation would become effective June 30, 2011.

There were no citizens present to discuss this Annexation.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Cuthbertson, seconded by Council Member Martin, those members of Council present voted to adopt the following Ordinance to annex the Wall property on Highway 226 South effective June 30, 2011.

AA.00001130 (24)

**AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
HIGHWAY 226 SOUTH/WALL PROPERTY-2011**

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, June 7, 2011, after due notice by publication on Wednesday, May 25, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of June 30, 2011:

BEGINNING at a point under the center of the culvert on North Carolina Highway #26, under which culvert Muddy Creek (sometimes referred to as Young's Creek) flows through the G.P. Poteat, Sr. land, and runs thence with the meanders of Muddy Creek and with the center of the same, North 12 degrees West 69 feet to a stake in the creek; thence continuing with the center of said creek, North 41 degrees and 30 minutes West 119 feet to a stake in the center of said creek; then with the center of said creek North 20 degrees 110 feet to a stake; thence with the center of said creek North 3 degrees East 86 feet to a stake in said creek; thence with the center of said creek North 39 degrees West 177 feet to a stake in said creek; thence with the center of said creek North 74 degrees and 30 minutes West 76 feet to a stake in said creek; thence with the center of said creek North 36 degrees West, 46 feet to a stake in said creek; thence with the center of said creek North 19 degrees and 15 minutes West 128 feet to a stake in said creek; thence with the center of said creek North 74 degrees West 74 feet to a stake in said creek; thence with the center of said creek North 58 degrees West 73 feet to a stake in said creek; thence with the center of said creek North 42 degrees and 30 minutes West 59 feet to a stake in said creek; thence with the center of said creek North 0 degrees and 15 minutes West 68 feet to a stake in said creek; thence North 45 degrees West 144 feet to an iron stake in said creek; thence North 15 degrees West 47 feet to an iron stake; thence North 44 degrees East 178 feet to the center of the Southern Railroad tracts; thence with and along the center of the Southern Railroad tract, South 51 degrees East 884 feet to a stake in the center of said tracts; thence South 8 degrees and 30 minutes West 625 feet to a point in the center of the hard surface pavement on North Carolina Highway # 26; thence with the center line of the hard surface or pavement of North Carolina Highway #26, 73 feet to the BEGINNING.

Section 2. Upon and after June 30, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 7th day of June, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

AA.00000131 (24)

Ordinance Number: O-11-06-07-2

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CIVIL CITATION APPEAL: The City Manager advised that Ms. Meaghan Nicole Bartlett received two citations for improper parking and overtime parking on February 28 for parking in an unmarked space on East Court Street adjacent to the County Administration Building. The City Manager presented Council with information showing that Ms. Bartlett had served as a juror on the date of the citation and apparently did not read her materials or understand where she was supposed to park. Council has traditionally waived the penalty for parking citation written to jurors; however, Ms. Bartlett did not park in a legal space and did not submit her appeal for more than two months. The City Manager stated that the City Code technically requires appeals to be submitted within two months.

The City Manager stated that, since Ms. Bartlett was parked in an illegal space, he would propose that Council waive the $10.00 citation for overtime parking and uphold the $10.00 citation for improper parking. The City could then give Ms. Bartlett seven days to pay this citation or else incur late penalties.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, those members of Council present voted to waive the $10.00 citation for overtime parking and all late charges, and to uphold the $10.00 citation for improper parking, for citations issued to Ms. Meaghan Nicole Bartlett on February 28 for parking in an unmarked space on East Court Street adjacent to the County Administration Building.

CONSIDER ADOPTION OF NO PARKING ORDINANCE – END OF TREMONT STREET: The City Manager advised that, as shown on information presented to Council, Ms. Patricia Barnes of 90 Tremont Street recently contacted the Police Department about issues getting in and out of her driveway at the end of the street due to vehicles parked in front of 89 Tremont Street across from her house.

The City Manager stated that Police Administrative Lieutenant Gaye Noblitt had looked at the location and submitted information and photos for Council's review. She verified the parking issue and stated that Ms. Barnes had requested that a no parking area be designated across from her house.

The City Manager stated that the Street Committee met with Ms. Barnes on May 23 and that after review, the Street Committee recommended that the north side of Tremont Street from a point across from the edge of Ms. Barnes' driveway to the end of City maintenance on Tremont Street be designated as a no parking area. This will still leave room for one vehicle to park in front of 89 Tremont Street, in addition to the two driveways that are located at that house. Ms. Barnes said that this action would likely solve her problem.

The City Manager stated that if compliance is not achieved, the entire area in front of 89 Tremont Street could be designated as a no parking area in the future.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to adopt the following Ordinance amending Section 18 of the Traffic Schedule:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

AA.000001132 (24)

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION	
TREMONT STREET	PARKING	NORTH SIDE, BEGINNING 155 FT. EAST OF THE SE CORNER OF TREMONT STREET AND ALABAMA AVENUE CONTINUING TO END OF CITY MAINTENANCE ON TREMONT STREET	PROHIBITED

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 7th day of June, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-06-07-3

CONSIDER APPROVAL OF SPRING 2011 STREET RESURFACING/PAVING CONTRACT: The City Manager advised that, as shown in information from Public Works Director Chris Hollifield, the City recently sought bids for the resurfacing of six streets (Circle and Cross Street EM, Holly Hill Drive, State Street, Hillside Drive, Virginia Road and Woodvine Drive), as previously authorized by Council. Three paving companies responded with bids. Maymead of Mountain City, Tennessee submitted the low bid in the amount of $82,772.48 for 1.25" paving on the six streets to be resurfaced. The City Manager stated that the City normally goes with 1.25" asphalt for our resurfacing. Five of the streets would be resurfaced using Powell Bill Funds ($80,835.52) and one street, Woodvine Drive, would be resurfaced using Street Department funds ($1,942.96) since Woodvine is not wide enough to use Powell Bill funding. The City Manager reported that the City currently has over $196,000 in our Powell Bill account and could handle this expenditure, while still hopefully being able to complete a contracted project in 2011-12. He also noted that the recent sinkhole repair on Burgin Street ended up costing about $7,000, less than staff feared it might cost.

The City Manager reported that the City is currently seeking bids for the North Garden Street/Crescent Drive curb replacement and the Park Avenue sidewalk/curb replacement, as previously authorized by Council, and hope to be able to present bids to Council for consideration at the June 21 Council meeting.

The City Manager advised that State law directs cities to accept the lowest responsible bidder. A City generally needs some firm reasons to not award a contract to the low bidder. In this case, the low bid from Maymead is $16,110.08 lower than the second low bid and the City does not have any specific negative experiences with Maymead related to street resurfacing that can be cited.

The City Manager stated that Mr. Hollifield had estimated a cost of $100,979 ($98,537 Powell Bill/$2,442 General Fund) for this resurfacing work, so the Maymead bid will come in

AA.000001133 (24)

$18,206.52 under this amount, making it more likely that the City could complete a contracted project such as Park Avenue in 2011-12.

The bids received for the 2011 Resurfacing Project were as follows:

Maymead	1.25" inch resurfacing of streets	$ 82,772.48
Mountain City, TN	1.5" inch resurfacing of streets	$ 97,077.12
J.T. Russell & Sons	1.25" asphalt resurfacing	$ 98,882.56
Conover, NC	1.5" asphalt resurfacing	$115,964.80
Johnson Paving	1.25" asphalt	$ 99,924.52
Marion, NC	1.5" asphalt	$117,780.14

Council Member Clark stated that he has concerns about the difference in this price between Maymead and the other bidders. He said that he would like to know what asphalt plant Maymead proposed to use and whether Maymead would use recycled materials.

Mr. Hollifield said that he suspects that Maymead may propose the use of some recycled materials, since DOT now allows such use. He stated that he assumed that Maymead would obtain asphalt from the local plant, but that he could find out plans for use of recycled materials and the asphalt plant to be used from Maymead.
Council Member Clark stated that the quality of the material is very important, as is the location of the asphalt plant. He noted that Maymead's quality has improved in recent years and said he has no problem awarding Maymead the contract, assuming that the materials are sufficient and the asphalt is not cold by the time it reaches Marion.

The City Manager stated that, in fairness to all bidders, he would suggest asking all three bidders for this information. Mayor Little and Council Members expressed no opposition to the City Manager's recommendation.

Council Member Martin asked if the City would suffer any harm by delaying action on the contract award. The City Manager stated that the work would not take place until July 1; therefore, there would be no problem in obtaining the requested information from the bidders.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, those members of Council present voted to defer action on the award of the street resurfacing contract until the June 21, and to direct staff to obtain information from all three bidders regarding the location of the asphalt plant to be used and whether recycled materials would be used for the street resurfacing.

CONSIDER ADOPTION OF REVISED PRIVILEGE LICENSE ORDINANCE: The City Manager advised that, as shown on information from Finance Director Harriett Thomas, staff is proposing some adjustments to business privilege license taxes for 2011-12. The City Manager stated that the changes are found in the license tax schedule at the end of the ordinance and involve achieving greater separation between small and large businesses.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to adopt the following Ordinance amending Chapter 10 of the Licenses, Permits and Business Regulations as follows:

CITY OF MARION, NORTH CAROLINA
ORDINANCE AMENDING CHAPTER 10
LICENSES, PERMITS AND BUSINESS REGULATIONS

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 10, Licenses, Permits and Business Regulations, of the Code of Ordinances, City of Marion, North Carolina,is amended as follows:

AA.00001134 (24)

Section 2.. Chapter 10 is amended by repealing Article II, Business License Tax, in its entirety and replacing it with the following:

ARTICLE II
BUSINESS LICENSE TAX

DIVISION 1.
GENERAL

Sec. 10-1.Definitions.

When used in this ordinance (unless the context requires a different meaning):

a) "Business" includes each trade, occupation, profession, business and franchise taxed under this ordinance.

b) "Person" includes any individual, trustee, executor, other fiduciary, corporation, unincorporated association, partnership, sole proprietorship, company, firm, or other legal entity.

c) "Seasonal in Nature" a business is seasonal in nature when it is operated within the City for less than six months of the year.

Sec. 10-2.Construction of this ordinance.

This ordinance is enacted for revenue purposes only. Therefore, it should be construed to require payment of the maximum tax permitted under its terms. In addition issuance of a license in accordance with this ordinance does not excuse a licensee from compliance with any other applicable ordinance or statute. This ordinance does not prevent the City from imposing license taxes on additional businesses, from increasing or decreasing the amount of any license tax or from regulating any business taxed.

DIVISION 2.
LEVY

Sec. 10-3. Levy of tax.

An annual privilege license tax is hereby levied on each business conducted within this City listed in the schedule of taxes contained in Section 10-32 of this ordinance in the amounts set forth in those sections.

Sec.10-4. Who must pay tax.

Each person who conducts a business within this City is subject to this ordinance. A person "conducts business: when he or she engages in one act of business taxed under this ordinance, he or she conducts the business "within the City" if he or she maintains a business location within the City; or if, either personally or through agents, he or she (1) solicits business within the City limits or (2) picks up or delivers goods or services within the City limits.

Sec. 10-5.Period of license; due date.

a) Annual license. Unless the section of this ordinance levying the privilege license tax applicable to a particular business provides otherwise, a license issued in accordance with this ordinance is good for the twelve-month period beginning July 1 and ending June 30. The tax is due on July 1 of each year. However, if a person begins a business after July 1 of a year, the tax for that year is due before the business is begun.

b) Licenses for periods shorter than one year. If the section of this ordinance levying the privilege license tax applicable to a particular business so provides, a license may be issued for a period of one day, one week, or some comparable period of less than a full license year. A person may not commence a business conducted within the City and taxed under such a provision until the privilege license tax due is paid and may not continue such a business beyond the period for which the license is issued.

Sec.10-6.Proration of tax.

AA.000001135 (24)

If a business is begun after January 31 and before July 1, the amount of tax due is half the amount otherwise due. If a business is seasonal in nature and if the amount of tax is not based on gross receipts, the amount of tax due is half the amount otherwise due.

Sec. 10-7.Refunds.

If for any reason a licensee discontinues his or her business during the license year, he or she is not entitled to a refund.

Sec. 10-8.Separate businesses.

A separate license is required and a separate privilege license tax must be paid for each place of business unless two or more places of business under common ownership are contiguous to each other, communicate directly with and open into each other, and are operated as a unit. In addition a separate privilege license tax must be paid for each business taxable under this ordinance conducted by the taxpayer at any one location; however, the tax collector may issue a single license for all taxable business conducted at one location by a single taxpayer.

Sec. 10-9.Exemptions.

a) Generally. Except as otherwise provided in this section or by state law, no person is exempt from the payment of a privilege license tax levied by this ordinance.

b) Charitable organizations. A person who operates a business for a religious, educational, civic, patriotic, charitable, or fraternal purpose, when the entire gross income of the business is used for such a purpose, is exempt from paying any privilege license tax levied by this ordinance.

c) Blind persons and members of the armed forces and merchant marine. Blind persons and persons who serve in the United States armed forces or the merchant marine are exempt from paying any privilege license tax levied by this ordinance to the extent provided by G.S. 105-249 and G.S. 105-249.1.

d) Must obtain license. A person exempt from paying a privilege license tax levied by this ordinance shall nevertheless obtain a license from the tax collector. The license shall state that the licensee is exempt from paying the privilege license tax.

DIVISION 3.
LICENSES

Sec. 10-10.Application.

A person shall apply to the tax collector for each license required by this ordinance no less than thirty days before the date the tax is due. The application, which shall be submitted on forms proved by the tax collector, shall contain:

a) The name of the applicant and whether the applicant is an individual, a partnership, a corporation, or some other entity.

b) The nature of the business.

c) Where the business is conducted.
d) An address where notices and statements may be mailed to as required by this ordinance.
e) Whether the business is regulated by a state occupational licensing board subject to G.S. Chapter 93B, and if so, the serial number of the state license the applicant currently holds.

f) Any other information the tax collector determines to be necessary to compute the amount of the tax due.

Sec. 10-11.Reasons for refusal or revocation of a license.

The tax collector shall refuse to issue a license or shall revoke a license for either of the following reasons:

a) The applicant misrepresents a fact relevant to the amount of tax due or his or her qualifications for a license.

b) The applicant refuses to provide information necessary to compute the amount of tax due.

AA.00000136 (24)

Sec. 10-12.Unqualified applicants; right to a conference.

After receipt of the completed application, if the tax collector believes that a reason exists for refusing a license under Section 10-11 of this ordinance, the tax collector shall refuse to accept payment of the tax and shall not issue the license. At the applicant's request, the tax collector shall, in accordance with Section 10-21 of this ordinance, give the applicant a written statement of the reason for refusing the license. The applicant may, within ten days after the day the statement is received, request a conference to discuss the refusal. In the request, the applicant shall specify why the application for a license should not be refused. The tax collector shall arrange the conference within a reasonable time.

If the collector refuses to issue a license, the applicant may reapply for a license at any time thereafter. If the reason for which the application was refused no longer exists, and if no other reason exists for refusing to issue a license, the tax collector shall issue the license in compliance with Section 10-13 of this ordinance.

Sec. 10-13.Tax collector to issue license; payment of tax a prerequisite.

After receipt of the complete application, if the tax collector believes that no reason exists for refusal of a license under Section 10-11 of this ordinance, the tax collector shall determine the amount of tax due and notify the applicant of that amount. The tax collector shall not issue a license until the tax is paid.

Sec. 10-14.Amount of tax disputed.

If disputes arise over the amount the tax collector determines to be due, the applicant may either refuse to pay and request a conference with the tax collector to discuss the determination or pay the amount and request a conference to discuss the right to a refund. If a conference is requested, the tax collector shall arrange it within a reasonable time.

Sec. 10-15.Revocation.

The tax collector shall revoke a license if a reason exists to revoke it as set forth in Section 10-11 of this ordinance. Before revoking a license, the tax collector shall give the licensee written notice of the grounds for revocation, in accordance with Section 10-21 of this ordinance. The licensee may within ten days after the day on which notice is served request a conference with the tax collector in writing. The request shall specify the reasons why the license should not be revoked. The tax collector shall arrange the conference within a reasonable time.

If the licensee fails to request a conference within ten days after the day on which notice is served, the tax collector shall revoke the license. If the licensee requests a conference, the tax collector may not revoke the license until after the conference.

If the tax collector revokes a license, the former licensee may apply for a new license anytime thereafter. If the reason for which the license was revoked no longer exists and if no other reason exists for refusing to issue a license, the tax collector shall issue the license in accordance with Section 10-13 of this ordinance.

Sec. 10-16.Form and contents of license.

A license shall show the name of the person licensed, the place where the business is conducted (if it is to be conducted at one place), the nature of the business licensed, the period for which the license is issued, and the amount of tax paid. In addition, if a machine is licensed, the license shall show the serial number of the machine. The tax collector shall keep a copy of each license issued.

Sec. 10-17.Assignments.

A license may be assigned if (1) a business licensed under this ordinance and carried on at a fixed place is sold as a unit to any person, and (2) the purchase is to carry on the same business at the same place. Such a change shall be reported to the tax collector in accordance with Section 10-18 of this ordinance. Otherwise, each license issued under this ordinance is a personal privilege and is not assignable.

Sec.10-18. Changes in the business conducted by a licensee during the tax year.

A licensee or an assignee shall report a change in the information contained in the license application to the tax collector within ten days after the change occurs. If information shown on the license itself is affected, the licensee or assignee shall surrender the license to the tax collector when reporting the change.

AA.00001137 (24)

a) Changes affecting the amount of tax due. If there are no reasons for revoking the license under Section 10-11 of this ordinance and the change results in the imposition of a separate or additional tax, the tax collector shall reissue a license reflecting the change upon payment of the separate or additional tax.

b) Change not affecting the amount of tax due. If there are no reasons for revoking the license under Section 10-11 of this ordinance and the change does not result in an imposition of a separate or additional tax due, thetax collector shall reissue a license reflecting the change upon payment of a fee of $5.00.

c) Change requiring refusal of a license. If there is a reason for revoking the license under Section 10-11 of this ordinance, the tax collector shall refuse to reissue a license and shall instead begin proceedings to revoke the license in accordance with Section 10-15 of this ordinance.

Sec. 10-19.Tax collector to furnish duplicates.

Upon satisfactory proof that a license has been lost or destroyed, the tax collector shall furnish a duplicate for a fee of $5.00.

Sec. 10-20.Record of conferences.

The tax collector shall maintain for three years a record of each conference held in accordance with this Division. The record shall contain the applicant's or licensee's name, the date of the conference and a brief statement of the issues discussed and the result reached. After three years, the tax collector shall dispose of the record in accordance with G.S. 121-5.

Sec. 10-21.Providing notice to an applicant or licensee.

Whenever this ordinance requires the tax collector to give a written statement or notice to an applicant or a licensee, the tax collector may do so in one of three ways:

a) By personally delivering the statement of notice to the applicant or licensee;

b) By mailing the statement or notice by registered or certified mail and returning the receipt requested to the address specified for that purpose in the license application; or

c) By causing the statement or notice to be served on the applicant or licensee in accordance with the procedures for service of process under Rule 4, North Carolina Rules of Civil Procedure.

DIVISION 4.
ENFORCEMENT AND COLLECTION

Sec. 10-22.Duty to determine whether tax due.

Each person has the duty to determine whether the business he or she conducts is taxed under this ordinance and if so, whether that tax has been paid for the current tax year.

Sec. 10-23.Tax collector to investigate.

If the tax collector has reason to believe that a person is conducting a business in the city in violation of this ordinance, the tax collector shall conduct an investigation to determine the person's tax liability.

Sec. 10-24.Duty to permit inspection.

Each person who conducts business in the city shall permit the tax collector to inspect the business premises during normal business hours to determine the nature of the business conducted there.

Sec. 10-25.Duty to post license.

A licensee shall post the license or licenses conspicuously in the place of business licenses. If the licensee has no regular place of business, the license must be kept where it may be inspected at all times by the proper city officials. If a machine is licensed, the license shall be affixed to the machine. .

Sec.10-26.Notice of deficiency.

AA.000001138 (24)

If the tax collector determines that a person has not paid the full amount of tax due under this ordinance, either for the current license year or for a prior license year, the tax collector shall give the person written notice of deficiency, in accordance with Section 10-21 of this ordinance. The notice of deficiency shall specify the total amount of tax due; the section of this ordinance upon which the tax is based; the amount of tax paid; any interest due; the balance owed; the manner and time period in which the person may respond to the notice of the deficiency; and the consequences of failing to respond as specified.

Sec.10-27.Request for a conference.

The person may, within ten days after the day on which notice is served, request a conference in writing. The request shall specify the person's objections to the notice of deficiency. By way of illustration but not limitation, a person who receives notice of a deficiency may object on the following grounds:

a) That the tax has already been paid;

b) That the tax collector miscalculated the amount of tax due;

c) That the tax collector based his calculation on incorrect or insufficient information concerning the nature of business conducted;

d) That the tax collector based the determination on an erroneous interpretation of a section of this ordinance that establishes a category of business subject to a particular tax.

Sec.10-28.Deficiency to become final.

If the taxpayer fails to request a conference under Section 10-27 of this ordinance, the deficiency becomes final and the tax collector shall proceed to collect the deficiency.

Sec. 10-29.Conference held.

If the taxpayer requests a conference, the tax collector shall not proceed to collect the deficiency until hearing the taxpayer's objections and determining that the deficiency should become final. The tax collector shall maintain a record of each conference held for three years in accordance with Section 10-27 of this ordinance. The record shall contain the name of the taxpayer, the date of the conference, a brief statement of the issues discussed, and the results of the discussion. After three years, the tax collector shall dispose of the record in compliance with G.S. 121-5.

Sec.10-30.Collection of deficiency.

a) The tax collector may use any of the following methods to collect a deficiency:
   1) Criminal prosecution in accordance with Section 10-31(a) of this ordinance; or
   2) Equitable relief in accordance with Section 10-31(b) of this ordinance; or
   3) The remedies of levy, sale, attachment and garnishment in accordance with G.S. 160A-207.

b) Any person who continues to conduct a business taxed under this ordinance without payment of the tax is liable for the additional tax of five (5) percent every thirty days as imposed by G.S. 105-109.

Sec.10-31.Enforcement of ordinance.

a) Criminal Remedies. Conducting business within this City without having paid the privilege license tax imposed by this ordinance, or without a valid license issued in accordance with this ordinance, or without posting a license in compliance with Section 10-25 of this ordinance is a misdemeanor, punishable as provided in G.S.105-109 or 14-4. Each day that a person conducts business in violation of this ordinance is a separate offense. Payment of a fine imposed in criminal proceedings in accordance with this section does not relieve a person of the liability for taxes imposed under this ordinance.

b) Equitable Remedies. In addition to the criminal remedies set forth in subsection (a) of this section and in compliance with G.S. 160A-175(d), the City may seek an injunction against any person who conducts a business in violation of this ordinance.

Sec.10-32. Schedule of license taxes.

A license tax shall be levied and collected for the privilege of engaging in the businesses on the attached schedule within the municipal limits of the City of Marion, North Carolina.

Section 3. This Ordinance shall become effective on July 1, 2011.

Adopted this the 7th day of June 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-06-07-6

Schedule of Privilege License Taxes

On the following businesses, the taxes set forth herein shall be levied and collected:

City License Taxes – Prohibited by Law:

Business	General Statute
Alcoholic Beverage Businesses:	
Malt beverages, brewery	105-113.70(d)
Unfortified wines, winery	105-113.70(d)
Fortified wines, winery	105-113.70(d)
Amusements:	
Motion pictures; manufacture, sale, lease, furnishing, and distribution	105-36
Dealers in Various Types of Merchandise:

Soft drinks, manufacture, production, bottling, and/or distribution	105-113.50A
Vending machines, including weighing machines	105-65.1

City License Taxes – Allowed by Law:

ABC Licenses:
Each person who obtains a permit from the state Alcoholic Beverage Control (ABC) Commission to sell alcoholic beverages – malt beverages, fortified and unfortified wine – must also purchase a local ABC license to engage in that business. And to obtain the license, the permit holder must pay a tax to the local governments in which the business is conducted. Once the applicant for a license holds the appropriate ABC permit and tenders the correct amount of payment for the tax, issuance of the local government license is mandatory, a tax collector may no withhold issuance of an ABC license because the applicant has failed to comply with a local zoning or other regulatory requirement:

Per year:	
On-premises malt beverage	$ 15.00
Off-premises malt beverage	$ 5.00
On-premises unfortified wine, fortified wine or both	$ 15.00
Off-premises unfortified wine, fortified wine or both	$ 10.00

In addition, tax may be levied on a beer or wine wholesaler located in the City. The wholesaler tax may not be charged to a business located outside the City:

Per year:	
Beer	$ 37.50
Wine	$ 37.50
Both	$ 62.50

Advertising:
a) Engaging in the business of soliciting or contracting for advertisings, or engaged in the business of advertising or agents distributing advertising matter, circulars, and flyers , other than resident merchants, and is not specifically classified and taxes by this Division and is not prohibited by State Statutes:

Per year	$35.00

b) Engaging in the business of outdoor advertising by placing, erecting or maintaining one or more outdoor advertising signs or structures of any nature by means of signboards, poster boards, painted bulletins, or other painted matter; or any other outdoor advertising devices, erected up the grounds, wall or roofs of buildings:

Per year	$35.00

c) In addition, the person, firm or corporation owning or maintaining signboards, poster boards, painted bulletins, or other outdoor advertisements of any nature shall comply with the City of Marion Ordinance entitled "Off-Premise Advertising". Each signboard, poster board, painted bulletin, or other outdoor advertisement shall have imprinted on the same the name of such person, firm or corporation in sufficient size to be plainly visible and permanently affixed thereto.
d) This shall not apply to newspapers or periodicals published within the City.
e) No person, firm or corporation may operate a motor vehicle or other conveyance equipped with radio, phonograph, loudspeaker or other sound magnifying device to produce sound effects for advertising purposes.
f) Distribution in the City of Marion, sign tacking, posting on poles, trees, buildings, fences, or other structures except licensed billboards is prohibited.

Per year	$25.00

Amusements – General:
1. Giving, offering, or managing any form of entertainment or amusement for which an admission is charged and that is not otherwise taxed or specifically exempted:

AA.000001141 (24)

Per year	$25.00

2. Circuses and Animal Shows – exhibiting performances, such as a circus or dog show, or any other similar show, exhibition or performance not taxed in other sections:

Per day	$25.00

3. Dances and Athletic Contests – giving or managing any dance or athletic contest of any kind that charges an admission in excess of fifty cents:

Per year	$25.00

4. Electronic video games and pinball machines - owning or operating machines that play electronic video games or pinball when a coin is deposited in the machine. A person or firm is deemed to be owning or operating an electronic video game machine or pinball machine if he has a machine located at his own place of business or if he places or exhibits machines at business locations other than his own:

Per year – video games	$ 5.00 per machine
Per year – pinball machines	$ 25.00

5. Movie Theaters – operation of a movie theater for compensation. The license tax levied under this section is on each "room" used for screening movies, therefore, movie theatres that operate two, three, or more screening rooms must pay a separate tax for each room. For any movie theater operated three days or less each week, the maximum city tax is half the tax otherwise allowed:

Per year	$200.00

6. Outdoor (drive-in) Theatres –operating an outdoor or drive-in theatre for compensation:

Per year	$100.00

7. Music Machines – operating, maintaining, or placing on location any machine or machines that play records or produce music:

Per year	$5.00 per machine

8. Pool Tables – operating billiard or pool tables, whether by slot (coin) or otherwise:

Per year	$ 25.00

9. Riding and amusement devices such as Ferris wheels, merry-go-rounds, shooting galleries, skating rinks and swimming pools:

Per year	$ 25.00

10. Traveling theatrical company engaged in giving exhibitions or performances in a tent, hall or other similar place:

Per day	$ 25.00

11. Exemptions and special provisions – G.S. 105-40 exempts from the tax levied by this section the following organizations and activities:
    a) All exhibitions, performances, and entertainments, except as expressly provided as being taxable produced by local talent exclusively, for the benefit of religious, charitable, benevolent, or educational purposes, as long as no compensation is paid to the local talent;
    b) the North Carolina Symphony;
    c) all exhibits, shows, attractions, and amusements operated by a society or association organized under the provisions of G.S. Chapter 106 (agricultural organizations) where a permit has been obtained from the Secretary of Revenue to operate without paying a license tax;
    d) outdoor historical dramas
    e) elementary and secondary school athletic contests, dances, and other amusements;
    f) dances and other amusements promoted and managed by a qualifying corporation that operates a center for the performing and visual arts if the dance or other amusement is held at the center;
    g) a person exempt from NC income tax who operates a teen center;
    h) arts festivals held by a person exempt from NC income tax provide the following conditions are met (1) the person holds no more than two arts festivals a year, (2) each of the arts festivals lasts

AA.000001142 (24)

no more than seven days, (3) the community festival involves a variety of exhibitions and activities, the majority of which are held outdoors and are open to the public.

Antique Dealers:
Engaged in the business of selling or dealing, either in a permanent or itinerant location, in what is commonly known as antiques:

Per year	$ 35.00

U - Drive It Companies:
See Rental Service Section.

Upholstery Shops:
Engaging in the business of operating an upholstery shop or repair shop for furniture or automobile upholstery:

Per year	$ 35.00

AA.000001157 (24)

Undertakers and Coffin Retailers:
Engaging in the business of burying the dead or the retail sale of coffins:

Per year	$ 50.00

Video Games:
See Amusements Section

Video Rental:
Engaging in the business of operating a video rental store or rental of video games:

Per year	$ 25.00

Weapons Dealers:
See Firearms and Other Weapons Dealers Section.

Welders:
Engaging in the business of welding:

Per year	$ 35.00

Wine Sales:
See ABC License Section.

CONSIDER ACCEPTANCE OF STREET LEADING TO MAPLE LEAF BALLFIELDS AND ACTION TO NAME THE STREET MAPLE LEAF DRIVE: The City Manager advised that, as discussed at recent Joint Utility Committee meetings and at the May 24 Council Budget Workshop/Planning Session, McDowell County has requested that the City accept maintenance of the street leading to the Maple Leaf Ballfields. If this action is taken, Council would also need to name the street. The City Manager stated that City and County staff recommend naming the street "Maple Leaf Drive", although Council could certainly give the street another name if so desired.

The City Manager stated that the street would be accepted until the point it widens out into the parking lot, a distance of approximately 608 feet. The street is wide enough to be placed on the City's Powell Bill map effective for the 2011-12 Fiscal Year, which will generate a few hundred additional dollars of annual Powell Bill revenue for the City. If accepted, the City would likely complete some spot patching on the street in 2011-12 and then consider it for resurfacing in 2012-13.

The City Manager presented Council with a copy of a map of the proposed street to be accepted by the City for their review.

Mayor Little stated that it had been suggested to him that the City should first seek to have DOT take over maintenance of the street. He asked if such a request could be made.

The City Manager stated that the City could certainly make such a request; however, DOT seems to be shying away from taking over streets inside municipal limits.

Council Member Clark asked how much Powell Bill money the City would get from this street each year.

The City Manager stated that the City could possibly get another $400 in Powell Bill revenues. However, it would probably cost $10,000 to resurface the street.

Council Member Clark stated that it was nice to want to help, but that the return on the City taking over this street would be terrible. He said it would take 25 to 30 years for the City to recoup its investment. Council Member Clark stated that the City has to watch every penny, given the current budget situation. He said that he agreed that the City should first ask DOT to

AA.000001158 (24)

take over maintenance of the street or to resurface the street. If DOT refuses, then the City can take over the street.

Mayor Pro Tem Cuthbertson asked if the Maple Leaf Ballfields are in the City Limits. The City Manager stated that the property is in the City Limits.

Council Member Martin stated that he has no problem with Council Member Clark's suggestion to ask DOT to take over maintenance of the street. However, he said that virtually every child in the County uses the Maple Leaf Ballfield and the City maintenance and improvement of the street would be a greater good for everyone. Council Member Martin stated that he would like to see the City patch the major potholes on the street, while the City is discussing maintenance of the street with DOT, since the County has a major tournament taking place at Maple Leaf in early July. Council Member Martin stated that it was not going to hurt the City to take over this road.

Council Member Clark stated that it is going to hurt the City when 8,000 taxpayers pay for the resurfacing and maintenance of the street, instead of all of the taxpayers in the County.

It was the consensus of Mayor Little and Council Members to direct staff to request that DOT take over maintenance of the street leading to the Maple Leaf ballfields, or that DOT at least resurface the street. If DOT will not accept maintenance of the street or resurface it, then Council will consider having the City assume maintenance of the street.

The City Manager asked if Council was agreeable to the concept of naming the street Maple Leaf Drive. Mayor Little and Council Members indicated by consensus that they had no problem with naming the street Maple Leaf Drive, but asked the City Manager to advise the property owner of Ivan's Restaurant and Lightning Strike Sports Center of the proposed change, so that the property owner can have an opportunity to provide input.

The City Manager said that he would bring information back to Council on the request to DOT and the naming of the street at the June 21 Council meeting.

CONSIDER REAPPOINTMENTS TO CITY ADVISORY BOARDS:

The City Manager advised that, as shown on information presented to Council, there are several terms on City advisory boards that will expire on June 30. On the Planning Board/Board of Adjustment/Historic Preservation Commission, the terms of Bob Elledge and Kit Alverson as Regular Members will expire. The City Manager stated that there are still two vacant Alternate Positions on the Planning Board/Board of Adjustment/Historic Preservation Commission. Mr. Elledge and Mr. Alverson are both willing to be reappointed for new three year terms.

The term of Bill Smith will expire on June 30. Mr. Smith is willing to be reappointed for a new three year term.

The terms of Joan Hensley and Steve Brown on the Tree Board will expire on June 30. Ms. Hensley and Mr. Brown are both willing to be reappointed for new three year terms.

The City Manager noted that Council could also choose a new ABC Board Chairman if they so desired. Jim Isaacs currently serves as the ABC Board Chairman.

The City Manager presented Council with a list of current advisory board members.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, those members of Council present voted to make the following advisory board appointments:

AA.000001159 (24)

1. To reappoint Kit Alverson and Bob Elledge to three year terms on the Planning Board/Board of Adjustment/Historic Preservation Commission, said terms to expire June 30, 2014.

2. To reappoint Bill Smith to a three year term on the ABC Board, said term to expire June 30, 2014.

3. To reappoint Joan Hensley and Steve Brown to three year terms on the Tree Board, said terms to expire June 30, 2014.

4. To appoint Robert Ayers as the Chairman of the ABC Board, effective July 1, 2011.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City had recently received a glowing inspection report from Ray McCall of the North Carolina Department of Environment and Natural Resources concerning the Water Plant. The City Manager stated that he had come to expect such great performance from Water Plant Superintendent Steve Miller and the Water Plant staff, but it is always nice to hear how well the Water Plant complies with the sanitary, operations and maintenance standards of the State. The City Manager stated that he had commended Mr. Miller on the efforts of the Water Plant staff.

The City Manager stated that City crews recently completed some needed work to the bank above Cross Mill Park, which provided for better drainage and an improved disc golf course on the site. Public Works Director Chris Hollifield stated that there was a huge valley developing on the property due to drainage. Staff had to remove the bridge and slope the entire back side of the park. It looks much better and can now be mowed and maintained. There is now a small drainage pond on this property.

The City Manager advised that DOT has gone out to bid for the implementation of the Downtown Streetscape Plan, to include installation of concrete bumpouts on Main Street and decorative crosswalks on Main Street and side streets, along with milling and resurfacing work on Main Street in the downtown area. DOT will soon have for the City an agreement to execute for this project, stating their engineer's estimate and that DOT will contribute $50,000 in Federal funding toward the project.

The City Manager reported that DOT anticipates the Downtown Streetscape work starting around mid-August and concluding by November. Unfortunately, the project will still be underway during Mountain Glory in October. DOT will administer and inspect the concrete bumpouts and decorative crosswalk work, along with the milling and resurfacing of Main Street in the downtown area and spot milling on North Main Street to Legendary Ford and on East Court Street to the City Limits. This will minimize the time that Main Street is torn up during the project.

The City will have to pay for the striping of parking spaces and the cost of the bumpouts and decorative crosswalks, less the $50,000 of Federal funding to go toward this work. DOT will allow the City to see the bids before they are awarded, to make sure the project is within the City's budget.

The City Manager stated that the Wastewater Improvements Project should be completed by early June. Patching of asphalt at the Corpening Creek Wastewater Plant damaged during the renovation project was completed in late May and final work to repair the primary and secondary clarifiers at Corpening Creek is scheduled to wrap up in early June, to allow every dollar of the $5.3 million in grants to be spent.

AA.000001160 (24)

The City Manager stated that he and Mayor Little have discussed the idea of holding a ribbon cutting or dedication for the Wastewater Plant, to recognize funding agencies and State and Federal officials who helped the City with the project. The City Manager suggested scheduling such a ceremony to take place after the project has been completed.

Mayor Pro Tem Cuthbertson stated that City staff needs to look at the driveway entrance leading into Jim Cook's Chevrolet. A section of the road is sinking, due to the Wastewater Improvements Project. Public Works Director Chris Hollifield said that he would look at the location and make sure that corrective action was taken.

The City Manager advised that in April, the Façade Grant Review Committee recommended five Façade Grant awards to the MBA and MEDA Boards. The five approved projects included one repainting and awning installation and four awning projects. The five grants will use a little less than $10,000 of the $15,000 in grant funding. Therefore, a new announcement was made of a second round of funding to give out the remaining $5,000 or so in grants. Applications for the second round of funding were due on May 19. Two applications were received, one for a building repainting (Russell Neighbors) and one for a sign replacement (Joel Austin). The Review Committee had stated early in the process that they would not consider a sign replacement, unless it was part of a larger application. Therefore, the Review Committee recommended approval of the building repainting by Mr. Neighbors. This project will take the remaining $5,000 in Façade Grant funding for 2010-11. The six approved Façade Grant projects will be completed over the next six months.

County Manager Chuck Abernathy has already expressed interest in MEDA funding a second phase of Façade Grant next year, something the MBA seems to want to do as well.

The City Manager stated that City contractors are making good progress with the extension of water and sewer service on Sugar Hill Road to I-40. The City hopes to meet the desired service dates of Wal-Mart, but should be prepared to provide pump and haul service if sewer service is not in place by the time Wal-Mart needs sewer service.

The City Manager advised that, as discussed at the May 24 Council Budget Workshop/Planning Session, the City may have $200,000 to $300,000 left over after the Sugar Hill Road water and sewer extension is completed. The City has discussed with the County the idea of using excess loan funds to extend water and/or sewer service under I-40 to the south side of Sugar Hill Road to serve the Ashworth Road Industrial Park and Marion Travel Plaza. $200,000 to $300,000 will not come close to funding this extension, so the excess loan funds would need to be combined with funding from other sources.

Public Works Director Chris Hollifield gave a brief update on the Oak Grove Cemetery stream restoration project. Contractors have begin work on this project, with City crews providing in-kind services.

The City Manager advised that, last year, Council Member Doggett suggested that the City and YMCA work to develop a map/brochure of downtown walking trails of varying difficulty, in an effort to promote fitness. The Planning Department has an additional intern that will be able to work 1-2 days a week for the City this summer, at no charge. The intern will work on developing 4-5 walking routes of varying difficulty.

The City Manager advised that he and Police Chief Mark Brooks had recently discussed the concept of revising the City's Noise Ordinance, to be based on specific decibel levels, as had been requested by a local business. The City Manager asked for Council's permission for staff to develop such recommendation to present back to Council at a future meeting. Mayor Little said

AA.000001161 (24)

that he thought such an approach would be a great idea. Council Members expressed no opposition to the City Manager's proposal.

had mentioned to Council at the May 24 Budget Workshop/Planning Session a recent issue with noise at the Main Street Pub and Deli that will soon open in the former Bridal Showcase location at Main and Henderson Streets. The business owner in question wanted something that could better define what level of noise is allowed and subsequently spoke to Freddie Killough and Heather Cotton. Freddie advocated on behalf of the business to Heather.

COUNCIL MEMBER COMMENTS:

Mayor Little stated that. for information only, today is the 64th wedding anniversary for his father-in-law and mother-in-law, Rev. Dewey and Virginia Hobbs.

Council Member Clark stated that he is thrilled to hear that Council Member Owenby is doing much better and is recovering from recent illness. Mayor Little and Council Members all expressed their desire for Council Member Owenby's quick recovery.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, those members of council present voted to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, June 21, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Jamie Harklerode , Patrol Lieutenant; Chris Hollifield, Public Works Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Carla Payne 247 Snyder Road, Marion, NC; Robbie Price 35 Circle C Street, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence. Mayor Little welcomed back Council Member Cecil Owenby, who had been unable to attend recent meetings due to illness.

AA.00000162 (24)

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – June 7, 2011 Regular City Council Meeting Minutes

B. Approval of Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA
2010-2011 BUDGET ORDINANCE

C. Approval of Ordinance Amendment – Health and Sanitation

ORDINANCE
AMENDING CHAPTER 9
HEALTH AND SANITATION
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 9, Health and Sanitation, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 9 is amended by repealing Section 9-34 in its entirety and replacing it with the following:

Sec. 9-34. Regulation of metal containers (dumpsters) for businesses.

(a) Each business, commercial establishment, or industry, that generates more than three (3) thirty-five-gallon containers of solid waste per week, shall be required to use a metal container (dumpster).

AA.000001165 (24)

(b) The city will provide an eight-cubic-yard container (dumpster) for each business requesting solid waste pick-up services by the city. The city shall own and maintain the container (dumpster). The city council shall set a monthly rental charge for use of each container. In addition, a monthly service fee, based on per container pickup, will be charged each business. The service fee shall be at such rates as may be established from time to time by the city council. Each business must enter a contract with the city or provide for removal of its own solid waste.

(1) All accounts shall be paid by the due date shall be printed on the bill.

(2) Customers who fail to pay the amount charged for solid waste services by 5:00 p.m. local time, the fifteenth day of the month in which the statement is received shall be charged a late penalty in the amount stated in the current ordinance establishing commercial garbage/recycling collection rates. Customers who fail to pay the amount charged for solid waste services by 5:00 p.m. local time the twenty-fifth day of the month in which the statement is received shall be charged an additional late penalty in the amount stated in the current ordinance establishing commercial garbage/recycling collection rates and solid waste service to the premises shall be terminated.

(3) Delinquent accounts where solid waste service has been terminated shall not have such services restored until such delinquent account, including all penalties, has been paid in full.

(c) It shall be unlawful to pile garbage or trash on or around a container. The lid to each container must remain closed at all times except when trash or garbage is being placed in the container, the container is being cleaned or repaired, or when the container is being emptied. If the establishment is producing more garbage or trash than can be adequately handled by the container the public works director or his designee can require added pickups.

(d) The public works director or his designee shall determine the location or placement of each container.
(Ord. of 6-25-87, §§ 3.1--3.4; Ord. of 4-19-88, § 1; Ord. of 6-20-00, § 1)

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 21st day of June, 2011.

Stephen R. Little, Mayor

Resolution Number: R-11-06-21-1

PUBLIC HEARING – ADOPTION OF 2011-12 BUDGET ORDINANCE: Mayor Little opened the Public Hearing.

The City Manager advised that a public hearing is required on the proposed 2011-12 City Budget. The proposed budget totals $9,739,776 which represents a decrease of 0.54 percent, or $52,957, over the amended 2010-11 budget and an increase of 2.32 percent, or $220,757, over the original 2010-11 budget. The City Manager stated that the proposed budget calls for no property tax increase and no increases in water and sewer rates, commercial garbage rates and most fees. At the May 24 Budget Workshop, Council directed no changes to the proposed budget.

There was no one present wishing to speak during this public hearing.

Mayor Little closed the Public Hearing.

Council Member Clark stated that he would vote for the budget; however, he did have some concerns. He said that the City is in a revaluation year and that property tax revenues will be flat or see a modest increase at best. Council Member Clark said that the City's revenues are on a downward spiral. He noted that the 2011-12 budget will involve a transfer from the Water and Sewer Fund to the General Fund to balance the budget, which is a big concern.

Council Member Clark stated that it also bothers him that there is no raise for City employees in this year's budget, especially when next year will be an even tougher year in his opinion. He stated that he feels that Council needs to be very concerned about the City's finances and watch every dollar carefully.

Council Member Owenby stated that he is glad the City has not had to lay off any employees this year. He said that most people are thankful to have a job these days and said that he believes the proposed budget is the best the City could do.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adopt the 2011-12 Budget Ordinance as follows:

BUDGET ORDINANCE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. The following amounts are hereby appropriated in the General Fund for the operation of the City Government and its activities for the fiscal year beginning July 1, 2011 and ending June 30, 2012 in accordance with the chart of accounts heretofore established by the City:

TOTAL	**$ 277,786**

Section 11. There is hereby levied a tax at the rate of fifty-one ($ .51) per one hundred ($100) valuation of property as listed for taxes as of January 1, 2011 for the purpose of raising the revenue listed as "Current Year

AA.000001169 (24)

Property Taxes" in the General Fund in Section 2 of this Ordinance. These rates are based on estimated total valuation of property for the purpose of taxation of $368,659,678 and estimated rate of collection of 96%.

Section 12. The Budget Officer is hereby authorized to transfer appropriations within a fund as contained herein under the following conditions:

A. He may transfer amounts between objects of expenditure within a department without limitation and without a report being required.

B. He may transfer amounts up to $1,000.00 between departments of the same fund with an official report on such transfers at the next regular meeting of the City Council.

C. He may not transfer any amounts between funds nor from any contingency appropriation within any fund.

Section 13. Copies of the Budget Ordinance shall be furnished to the Finance/Budget Officer of the City to be kept on file for direction in the disbursement of funds.

ADOPTED this the 21st day of June, 2011

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–11–06–21–2

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

REQUEST BY MS. CARLA PAYNE FOR A LICENSE TO OPERATE A PLACE OF AMUSEMENTS AT 84 SOUTH MAIN STREET – (MAIN STREET PUB & DELI) : The City Manager advised that Ms. Carla Payne was present for this meeting and had submitted an application for a license to operate a place of amusements, with a pool table, as part of Main Street Pub and Deli in the former Bridal Showcase location at the corner of Main and Henderson Streets.

The City Manager stated that, on May 3, Council approved an ordinance lifting restrictions on selling liquor in places of amusements. As required by the City Code, and as shown in information presented to Council, the Police Department had completed a background check and determined that Ms. Payne does not have a criminal record. The City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or

(2) Is not a citizen or resident of this state; or

(3) Is an excessive user of intoxicating liquor or narcotic drugs; or

(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager reported that the criminal background check indicates that Ms. Payne appears to satisfy the requirements listed above. Therefore, the City Manager stated that he sees no reason to justify Council denying the request for a license and recommended that Council approve a license for Ms. Payne.

Ms. Payne stated that she appreciated the professionalism and assistance provided by City staff and the Marion Business Association during the renovation process.

AA.000001170 (24)

Mayor Little commended Ms. Payne on undertaking this business endeavor.
Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the request for a license to operate a place of amusements, with a pool table, as part of Main Street Pub and Deli at 84 South Main Street.

REQUEST BY ROBBIE PRICE FOR A LICENSE TO OPERATE A PLACE OF AMUNSEMENTS AT 500 NORTH MAIN STREET SUITE 13 (JB's FAMILY FUN LAND) IN THE MARION CITY SQUARE (BI-LO) SHOPPING CENTER: The City Manager advised that Mr. Robbie Price was present for this meeting and had submitted an application for a license to operate a place of amusements, with 10 to 20 video games and 5 to 10 pool tables, as part of JB's Family Fun Land to be located at 500 North Main Street Suite 13 in the Marion City Square (Bi-Lo) Shopping Center.

As required by the City Code, and as shown in information presented to Council, the Police Department completed a background check and determined that Mr. Price does not have a criminal record. The City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or

(2) Is not a citizen or resident of this state; or

(3) Is an excessive user of intoxicating liquor or narcotic drugs; or

(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager stated that the criminal background check indicates that Mr. Price appears to satisfy the requirements listed above. Therefore, the City Manager said that he saw no reason to justify Council denying the request for a license and recommended that Council approve a license for Mr. Price.

Council Member Martin stated that he knows Mr. Price and feels he will do the right thing with this business.

Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to approve the request for Mr. Robbie Price for a license to operate a place of amusements, with 10 to 20 video games and 5 to 10 pool tables, as part of JB's Family Fun Land to be located at 500 North Main Street Suite 13 in the Marion City Square (Bi-Lo) Shopping Center.

CONSIDER APPROVAL OF SPRING 2011 STREET RESURFACING/PAVING CONTRACT: The City Manager advised that, as shown in the information presented to Council from Public Works Director Chris Hollifield, the City recently sought bids for the resurfacing of six streets (Circle and Cross Street EM, Holly Hill Drive, State Street, Hillside Drive, Virginia Road and Woodvine Drive), as previously authorized by Council. Three paving companies responded with bids. Maymead of Mountain City, Tennessee submitted the low bid in the amount of $82,772.48 for 1.25" paving on the six streets to be resurfaced. The City Manager stated that the City normally goes with 1.25" asphalt for our resurfacing. Five of the streets would be resurfaced using Powell Bill Funds ($80,835.52) and one street, Woodvine Drive, would be resurfaced using Street Department funds ($1,942.96) since Woodvine is not wide enough to use Powell Bill funding. The City Manager advised that the City currently has over $196,000 in our Powell Bill account and could handle this expenditure, while still hopefully being able to complete a contracted project in 2011-12.

AA.000001171 (24)

The City Manager stated that State law directs cities to accept the lowest responsible bidder. A City generally needs some firm reasons to not award a contract to the low bidder. In this case, the low bid from Maymead is $16,110.08 lower than the second low bid.

The City Manager reported that, at the June 7 Council meeting, Council directed that staff obtain information from each of the three bidders regarding where each paver would obtain asphalt and whether each would use recycled materials.

Public Works Director Chris Hollifield reported that Maymead and Johnson Paving planned to use asphalt plants in Woodlawn, while J.T. Russell proposed using an asphalt plant in Catawba County. Mr. Hollifield stated that Johnson Paving would not use any recycled materials, while Maymead proposed to use a mixture of 15 percent recycled material, while J.T. Russell proposed the use of 20 percent recycled material. Mr. Hollifield further advised that DOT allowed the use of up to 50 percent recycle material.

Council Member Clark asked if the use of recycled materials led to issues with the durability of the asphalt, citing streets such as Robert Street, which has potholes, as an example.

Mr. Hollifield said that he had not had any discussions with DOT or any of the paving companies about whether the use of recycled materials caused problems with the durability of asphalt.

A brief discussion followed.

Council Member Clark stated that the City had no choice but to award the contract to Maymead, but that he would stress the need for close, constant inspections of the resurfacing work.

Mayor Pro Tem Cuthbertson asked if Council should go with 1.5" resurfacing, since that bid was within the City's original budget.

Council Member Clark stated that he would suggest that the City stay with the normal 1.25" resurfacing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to award the contract for 2011 Street Resurfacing to Maymead in the amount of $82,772.48 for 1.25" paving on the six streets to be resurfaced (Circle and Cross Street EM, Holly Hill Drive, State Street, Hillside Drive, Virginia Road and Woodvine Drive), with the direction given to staff to provide close inspections of the resurfacing work.

REVIEW STREET PROJECT BIDS/CONSIDER CONTRACT AWARD: The City Manager advised that, as authorized by Council in May, staff sought bids for a curb replacement on North Garden Street and Crescent Drive and for a curb and sidewalk replacement on Park Avenue. These bids were received on Friday, June 17. The bid information was presented to Council at this meeting. The City Manager advised that the City will have sufficient Powell Bill funds to contract only one of these projects and that he would recommend that the contracted project be Park Avenue, based on need and citizen feedback.

Public Works Director Chris Hollifield stated that he sent out bids and received five bids back for a curb replacement on North Garden Street and Crescent Drive and for a curb and sidewalk replacement on Park Avenue, as follows:

North Garden Street/Crescent Drive

	Street/Cement	Utility
Steppe Construction	$169,176.25	$91,612.50
Evans Construction	$293,424.60	NO BID

AA.00000172 (24)

Iron Mtn Construction	$212,609.89	$91,250
F&S Contractors	NO BID	**$81,317.44**
Harris Grading	**$153,426.78**	NO BID

Harris Grading is the low bidder for the Street portion of North Garden/Crescent with a bid of $153,426.78. F&S Contractors is the low bidder for the Utility portion of North Garden/Crescent with a bid of $81,317.44.

Park Avenue

	Street Cement	**Utility**
Steppe Construction	$215,019.10	$125,650
Evans Construction	$427,826.80	NO BID
Iron Mtn Construction	$292,346.92	$126,850
F&S Contractors	NO BID	**$121,971.30**
Harris Grading	**$172,895.86**	NO BID

Harris Grading is the low bidder for the Street portion of Park Avenue with a bid of $172,895.86. F&S Contractors is the low bidder for the Utility portion of Park Avenue with a bid of $121,971.30.

The City Manager presented Council with a project cost analysis.

Park Avenue and North Garden Street/Crescent Drive Street and Utility Project Cost Analysis

Powell Bill Fund Balance – June 17, 2011	**$182,412.95**
Revenues: Estimated 2011-12 Powell bill revenues (Oct. and Jan. Distributions)	$200,000.00
Expenditures: 2011 Powell Bill Map Preparation (R.L. Greene)	-&500.00
2011-12 Powell Bill Reimbursement to General Fund for use of Street Dept. Labor on Powell Bill Streets	-$50,000.00
2011 Street Resurfacing (Maymead bid for Resurfacing is included in Park Avenue project bid)	-$80,835.52
Miscellaneous/Unexpected Costs	-$10,000.00
Amount Potentially Available for Powell Bill Contracted Project(s)	**$171,077.43**
Harris Grading Park Avenue Project Bid (Includes $39,500 bid for Park Avenue Street resurfacing, which could be separately bid)	**$172,895.56**
Potential Amount to cut from Harris Grading Park Avenue Bid by City completing part of project (Turner Street to Robert Street)	**$20,000.00**
Harris Grading North Garden Street/Crescent Drive Project Bid	$153,426.78
F & S Contractors Park avenue Water Line Replacement Bid	**$121,971.30**
Potential Amount to cut from F& S Contractors Park Avenue Water Line Replacement Bid by City Completing part of project (Turner Street to Robert Street)	**$30,000.00**
F & S Contractors North Garden Street/crescent Drive Water Line Replacement Bid	$81,317.44

Mr. Hollifield stated that he had looked at ways to save $20,000 on the street portion of Park Avenue and $30,000 on the utility portion of Park Avenue, as requested by the City Manager.

AA.000001173 (24)

Mr. Hollifield advised that, if City crews complete the curb and sidewalk work on Park Avenue between Turner and Robert Street, approximately $21,000 can be saved. If City crews complete about 800 linear feet of the water line installation, from Robert Street to a point between Turner Street and Cardinal Lane, approximately $30,000 can be saved. He advised that the City had considerable experience working with the low bidder for the street portion of the project, Harris Grading, and the low bidder for the utility portion of the project, F & S Contractors, and that both contractors had no issue splitting the project with City crews.

The City Manager stated that he realized that staff had presented a lot of numbers to Council and that no decision was expected tonight.

Council Member Clark stated that he agreed that Park Avenue should be the top project to contract. He said that he was comfortable that the City had enough Powell Bill funding to do the street portion of the project, but would like to hear more information about the City's ability to afford the utility part of the project.

The City Manager stated that the utility part of the project was vital, since Park Avenue had old unlined cast iron and asbestos cement water lines that were long past their expected lives. He said that spending $90,000 on the utility part of the project was his recommended limit, but that he could have additional information for Council to review at the July 19 Council meeting.

Council Member Clark noted that the City will soon need to address potholes on Fern Avenue.

Council agreed by consensus for this item to be put on the July 19 Council meeting agenda for further discussion.

ADOPT REVISED COMMERCIAL GARBAGE RATE ORDINANCE: Finance Director Harriett Thomas stated that ,while there would be no commercial garbage rate increase this year, the City does need to amend the Commercial Garbage Rate Ordinance to clarify late fees.

Ms. Thomas advised that commercial garbage accounts are billed through the City's water and sewer billing system, whenever possible. The billing system cannot have multiple late fees, so Ms. Thomas stated that she drafted an amendment to the Commercial Garbage Rate Ordinance to apply the water and sewer late fees to commercial garbage accounts.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Commercial Garbage/Recycling Ordinance:

ORDINANCE
COMMERCIAL GARBAGE / RECYCLING COLLECTION RATES

BE IT ORDAINED by the City Council of the city of Marion, North Carolina as follows:

Section 1. That new rates for Commercial Garbage / Recycling Collections are hereby established as follows:

Plan "A"

Ordinance Number: O–11–06–21-4

UPDATE ON REQUEST FOR CITY ACCEPTANCE OF STREET LEADING TO MAPLE LEAF BALLFIELDS: The City Manager advised that, at the June 7 City Council meeting, Council directed him to request that DOT assume maintenance of or resurface the road leading to the Maple Leaf Ballfields. The City Manager stated he met with Public Works Director Chris Hollifield met with Doug McNeal with DOT on June 9 to look at the street. Mr. McNeal stated that DOT would investigate the request and said that he certainly could not make a commitment. The City Manager stated that, at DOT request, he had the Isothermal RPO place a traffic counter on the street, since traffic counts may be one way for DOT to justify taking over the road, especially since there are not the minimum number of property owners on the road to justify DOT acceptance. The City Manager stated that it may take some time to receive the DOT answer. The City Manager stated that he had advised Chuck Abernathy of the City's request to DOT and he said he understood. In the meantime, the City Manager reported that he had

AA.000001175 (24)

authorized Mr. Hollifield to patch two potholes on the road for the County, in preparation for a large tournament to be played at Maple Leaf in early July.

The City Manager stated that Council could go ahead and take action to name the street "Maple Leaf Drive", regardless of whether the City takes over the road immediately or not. The City Manager reported that he had sent a letter to Asta Enterprises, owner of Ivan's and Lightning Lanes and the only private property owner affected by a street name change, advising of the proposed naming of Maple Leaf Drive (which would require an address change for both businesses) and asking for input by the time of tonight's meeting. The City Manager stated that he had received no objections from Mr. Asta as of the time of the meeting.

Mayor Little suggested that Council go ahead and name the street Maple Leaf Drive.

Council Member Clark asked if any consideration had been given to naming the street Bill Kehler Drive. The City Manager stated that this name had not come up in any discussions so far.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to name the road leading to the Maple Leaf Ballfields off of Finley Road as Maple Leaf Drive.

DOWNTOWN STREETSCAPE PROJECT UPDATE: The City Manager advised that DOT had developed estimates for the Downtown Streetscape Project that were more than $200,000 over the City's budget for the project. The City Manager stated that the main differences between the estimate and the original budget are the costs for storm drainage and wheelchair ramps, which were not adequately accounted for in the City's budget.

The City Manager reported that DOT opened bids for the project earlier today in Asheville and that he did not have definite numbers yet. He suggested that Council adjourn this meeting until Friday morning, June 24 at 9:00 A.M. at City Hall, at which time Council can meet with DOT District Engineer Doug McNeal and City staff and determine ways to cut project costs, if necessary.

Mayor Little stated that Council definitely needs to receive the bid totals and discuss the project in more detail before a decision can be made.

It was the consensus of council to resume this discussion on Friday morning at 9 A.M. in the conference room at City Hall.

CONSIDER RESCHEDULING OF AUGUST 2 COUNCIL MEETING: The City Manager advised that, each year, the first City Council meeting conflicts with the National Night Out Event, which begins at 6:00 p.m. The City Manager wanted to see if Council wished to reschedule the August 2 Council meeting to another night or consider cancelling the meeting, so as to allow Council to attend the National Night Out Event.

Upon a motion by Council Member Owenby seconded Mayor Pro Tem Cuthbertson, Council voted unanimously to cancel the August 2, 2011 City Council Meeting. It was agreed that a special Council meeting could be scheduled, if necessary.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager stated that Planning Board Chairman Kit Alverson submitted a letter, proposing that speed limits be decreased on various DOT streets and highways in and around the City. Mr. Alverson stated that this was an "unofficial" recommendation from the Planning Board, gathered through informal discussions he had with most Planning Board members.

AA.00000176 (24)

The City Manager stated that Council may want to refer this matter to the Street Committee or back to the Planning Board for an official recommendation, or choose to take no action.

Neither Mayor Little nor any Council Member expressed a desire to take any action regarding this letter.

The City Manager advised that he had received a letter from the N.C. Parks and Recreation Trust Fund (PARTF), advising that the City's PARTF grant for Phase 2 of the Greenway was not approved. The application will automatically be considered for PARTF funding in September and December.

The City Manager advised that Public Works Director Chris Hollifield had worked out a great deal with Appalachian Outhouses to place two portable toilets at the Greenway parking lot for six months, as had been authorized by Council at a previous meeting. The City will have one regular and one ADA accessible toilet, serviced weekly, for a total cost of about $934. The cost will be split between the City and the McDowell Trails Association, meaning that each organization will be responsible for paying about $467 total over six months, which is less than what had been projected. The toilets should be in place within the next month.

The City Manager noted that Council Member Doggett had suggested that the City and YMCA work together to develop a map and brochure of downtown walking trails of varying difficulty, in an effort to promote fitness. The City Manager stated that Planning and Development Director Heather Cotton had an intern from Appalachian State University working on this project this summer and that a map and proposed brochure would be developed by the end of the summer.

The City Manager advised that the annual July 4th Celebration will take place on Monday, July 4. The event will begin, as usual with a parade on Main Street at 6:00 p.m. The Parade line-up will be in the Bank of America. City staff will have the City van decorated and at City Hall until 5:30 p.m., when it will be moved to the Bank of America parking lot, if the Mayor and Council wish to ride in the Parade. Randy Hollifield, a Vietnam veteran and Chairman of the McDowell County Salute to Veterans Committee will lead the Parade, with all veterans wishing to participate serving as Grand Marshals. A street dance will then follow, with some vendors on the street. The fireworks show will begin at 9:45 p.m.

The City Manager advised that the Wastewater Improvements Project should be completed by mid-June. Patching of asphalt at the Corpening Creek Wastewater Plant damaged during the renovation project was completed in late May and final work to repair the primary and secondary clarifiers at Corpening Creek is scheduled to wrap up in early June, to allow every dollar of the $5.3 million in grants to be spent.

The City Manager stated that Mayor Little and he had discussed the idea of holding a ribbon cutting or dedication for the Wastewater Plant, to recognize funding agencies and State and Federal officials who helped with the project.

Council Member Clark stated that the patching at the Wastewater Plant did not look good and that all of the asphalt needs to be resurfaced. Council Member Clark also said that the whole Plant needs attention. He advised that weeds needs to be trimmed, the basins and buildings need to be pressure washed and equipment that is not working needs to be removed.

The City Manager stated that City staff had not stressed the appearance of the Wastewater Plant while it was under construction, but that he would see that appearance issues were addressed. The City Manager stated that there should be no equipment not working at the Plant, once construction concluded.

AA.000001177 (24)

The City Manager asked if Council wished to set a date for the City's annual Advisory Board/Volunteer Dinner. It was agreed for staff to select a date in August for the dinner. Mayor Little stated that the dinner is a good thing for the City to do and would like to see all Council Members attend when the date is scheduled.

Public Works Director Chris Hollifield gave an overview of the Sugar Hill Road water and sewer extension. He advised that the water line is complete and is now being tested, so that it can be placed in service. Good progress is being made on the sewer line and pump station construction and City staff and McGill Associates are optimistic that sewer service may be in place or close to being in place by August 1.

Mr. Hollifield advised that construction had been completed on the grant funded project to clean up the creek between Oak Grove Cemetery and the Duke Energy substation on Rutherford Road. As part of the project, underbrush was removed, the creek was stabilized and the area's appearance was improved.

The City Manager advised that contractors recently installed new lights in most City buildings, along with one County building, as part of a $59,000 State Energy Grant received by the City and County. Planning and Development Director Heather Cotton estimates that the relamping will save about $13,000 for the City in annual energy costs.

COUNCIL MEMBER COMMENTS:

Council Member Doggett stated that she attended earlier in the afternoon and evening a tour held by the N.C. Cooperative Extension Service of various sites in McDowell County, including the Joseph McDowell Historical Catawba Greenway. She noted that the group made many positive comments about the Greenway.

Council Member Doggett commended the City Manager on how he handled the recent visit of Governor Perdue at the Depot, at which the announcement of the Rock Tenn expansion was made.

Mayor Pro Tem Cuthbertson stated that he would suggest that something be put on the City Channel, advising that the City is not doing tree trimming currently taking place in the City and that a contractor for Duke Energy is doing the work. He further suggested that the message state that the City has no control over what Duke Energy or its contractors do. Mayor Pro Tem Cuthbertson stated that the City is getting a black eye over the tree trimming.

Council Member Clark stated that the National League of Cities recently celebrated the 10th Anniversary of Small Cities Week. He noted that the first Small Cities week started in Marion in June 2001.

Council Member Clark stated that he would like to see Council start a monthly recognition program for students at Marion and Eastfield Elementary Schools and for the Mayor and/or a Council Member to go each month and present the awards.

Council Member Owenby thanked Mayor Little and Council Members for cards, encouragement and prayers during his recent illness. He said that he is doing well and is expecting a complete recovery.

The City Manager thanked Patrol Lieutenant Jamie Harklerode for filling in tonight in place of Chief Brooks, who is with his son while he undergoes surgery.

AA.000001178 (24)

ADJOURN MEETING UNITL FRIDAY, JUNE 24: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council to adjourn this meeting until 9:00 A.M. on Friday, June 24, 2011 at City Hall, located at 194 North Main Street in Marion.

RECONVENING OF TUESDAY, JUNE 21 CITY COUNCIL MEETING:

Mayor Little opened the meeting, reconvened from the June 21, 2011 Council Meeting.

COUNCIL MEMBERS PERSENT: Mayor Little, Mayor Pro Tem Cuthbertson, Council Members Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERES PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director, Harriett Thomas, CPA, Finance Director; Chris Hollifield, Public Works Director; Freddie Killough, Executive Director, Marion Business Association, Margaret Love and Lou Godfrey, Downtown Business Owners/Operators; Doug McNeal and Scott Killough, North Carolina Department of Transportation.

DOWNTOWN STREETSCAPE PROJECT UPDATE: The City Manager gave an overview of the proposed Downtown Streetscape Project, including revised traffic flow on Main Street and the installation of concrete bumpouts and decorative crosswalks, in addition to new street trees and wayfinding signs that have already been installed.

The City Manager advised that he had reported on Tuesday evening that DOT estimates called for the Project to be more than $200,000 below the City's project budget. DOT opened bids on Tuesday and the project is within the City's budget. The City's share of the project will be $315,000. The City Manager presented Council with a Municipal Agreement that DOT is requesting that the City adopt. The City Manager stated that he would suggest, if Council wishes to undertake the project, that Council authorize the agreement to be executed on or after July 1, 2011.

Mayor Little thanked the City Manager for the overview and welcomed Doug McNeal and Scott Killough from DOT. Mr. McNeal provided details on the bid and the project. The low bidder for the project is Maymead.

The City Manager stated that he wanted to make sure that the City had input regarding change orders. Mr. McNeal stated that the City could certainly have input and that change orders would be avoided wherever possible. He noted the $315,000 to be paid by the City includes a 10 percent contingency amount, so he hopes to refund the City money at the end of the project.

Council Member Doggett asked why the City must pay for the project up front.

Mr. McNeal stated that DOT has recently directed that cities pay up front for recent projects, since State finances are so tight.

The City Manager stated that Maymead would be using 15 percent recycled material for street resurfacing for the City and asked if a similar amount would be used by Maymead for the Downtown Streetscape Project.

Mr. McNeal stated that DOT does not notice a difference in recycled materials until it is over 30 percent and that he expects the percentage to be around 15 percent for this project.

Council Member Clark stated that he would like to go back to Council Member Doggett's question. Through the years, DOT has done projects on a reimbursement basis and he thinks that should continue to be the case. Council Member Clark noted that the Municipal Agreement from DOT calls for the City to pay $461,500 toward the project.

AA.000001179 (24)

Mr. McNeal stated that the correct figure is $315,000 and that a new Municipal Agreement, with the correct figure, will be provided to the City for execution. He said that the original Municipal Agreement was based on estimates, but that the executed agreement could be based on the actual bids.

Council Member Clark stated that he also has issues with paragraph four in the agreement, regarding the City providing right of way and relocating any utilities.

Mr. McNeal stated that right of way is in place for the project and no utilities will need to be relocated, other than the standard raising of valves and manholes in the street. He said that these are standard clauses in all DOT agreements.

Council Member Clark stated that the City does have underground lines and conduits and asked if the project could create any problems with this underground lines.

Public Works Director Chris Hollifield stated that all these lines had been located and marked, so no problems are anticipated.

Mayor Little ask if there would be any unforeseen costs with the project, beyond the $315,000 the City must pay up front to DOT.

Mr. McNeal stated that 8 percent of the cost is for engineering and 10 percent is contingency.

Council Member Clark asked if the $315,000 figure therefore covers everything.

Mr. McNeal stated that the $315,000 was all inclusive.

Council Member Clark stated that he felt that DOT should reimburse the City any leftover contingency funds within 30 days after the project is completed.

Ms. Lou Godfrey asked questions about details of the project and the completion date, which Mr. McNeal answered.

Council Member Clark made a motion to approve a Municipal Agreement with DOT to complete the Downtown Streetscape Project, providing for the City to pay DOT $315,000, with the understanding that the Mayor is authorized to execute the agreement on or after July 1, 2011, and with the stipulation that DOT reimburse the City for any unused funds within 30 days after the project is completed. The motion was seconded by Council Member Martin and unanimously approved by Council.

DISCUSSION – MAPLE LEAF DRIVE: Council Member Doggett asked if Mr. McNeal felt that DOT would be willing to assume maintenance of or resurface Maple Leaf Drive, as previously requested by the City.

Mr. McNeal stated that no, he does not feel that DOT will take over the road, given its very poor condition. However, he has made the request and it is being reviewed.

Council Member Doggett asked if the door would be closed on DOT taking over the street if the City Council voted for the City to take over the streets and authorize the City to repave the street, if DOT would not do so.

Mr. McNeal stated that such an action would have no negative impact on the prospect of DOT assuming maintenance of or resurfacing the street.

AA.000001180 (24)

Council Member Doggett stated that she would therefore move that Council accept maintenance of Maple Leaf Drive and appropriate funding to resurface the street in 2011-12, if DOT does not agree to assume maintenance of or resurface the street. She said that she believed that resurfacing the street would be an economic boost to the City, as the Maple Leaf Ballfields are now hosting large tournaments, bringing in people from outside the community. Council Member Martin seconded the motion.

Council Member Clark stated that he felt that Council should let DOT look at the street and finish the study. He said that it would take $10,000 - $15,000 to resurface the street and that the City would only receive about $300 per year in Powell Bill funding. Council Member Clark said that the City paying for the resurfacing of the street would not be a good deal for City taxpayers and that he does not see why City money should be used to improve a road that is used by the entire county.

Council Member Doggett stated that she disagrees and feels that the tournaments the Maple Leaf Ballfields can host will bring money into the City, such as to offset the cost of the resurfacing.

Council Member Owenby stated that he agrees with Council Member Clark.

The City Manager stated that the City could go ahead and place Maple Leaf Drive on the City's Powell Bill Map, if so desired by Council.

Mayor Pro Tem Cuthbertson asked if the City added the street to the Powell Bill Map now, would the City start receiving Powell Bill funding for the street in 2011-12. The City Manager stated that the City would receive Powell Bill funding for the street if the street is added to the Powell Bill Map now.

The motion failed with a 3 to 2 vote as follows:

Doggett	Yes
Martin	Yes
Clark	No
Owenby	No
Cuthbertson	No

Mayor Pro Tem Cuthbertson stated that his vote is based strictly on the City's finances.

Council Member Clark stated that if the County would pay for the resurfacing of the street, he would support the City assuming maintenance of the street.

Mayor Little stated that he would convey this message to the County.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

C. Approve Street Closure Request:

Council approved a request from the Marion Firefighters Association request to hold its annual car show on Sunday, September 4, 2011 on Main Street. Main Street will be closed from Fort to Henderson Streets between 12:00 P.M. and 5:00 P.M.

D. Approve Resolution Directing the Clerk to Investigate the Sufficiency of a Petition for Annexation – Garden Creek Road/O'Malley Property:

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – O'MALLEY-GARDEN CREEK ROAD PROPERTY - 2011

AA.000001182 (24)

WHEREAS, a petition requesting annexation of an area described in said petition was received on June 28, 2011 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 19th day of July, 2011.

Stephen R. Little, Mayor

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO HARRIS/US 70 EAST ANEXATION AREA: Mayor Pro Tem Cuthbertson opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a public hearing was held by City Council on June 7, 2011 adopting the annexation (Ordinance No. O-11-06-07-1) for the Harris/US 70 East annexation area, which includes an existing single-family home.

Ms. Cotton stated that the purpose of this ordinance would be to assign an appropriate zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the subject area is most compatible with Section 21-202, *R-2 General Residential* zoning district. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes, and which allows some flexibility for commercial uses. While the property includes one single-family residence,

AA.00000184 (24)

it is located in an area that includes a mixture of land uses. Therefore, Staff recommended the R-2 General Residential designation

Ms. Cotton stated that the Planning Board unanimously voted to recommend assigning R-2 General Residential zoning to this property at their regularly scheduled meeting on July 7, 2011.

There were no citizens present to discuss this item.

Mayor Pro Tem Cuthbertson closed the Public Hearing.

Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adopt the following Ordinance assigning R-2 General Residential zoning to the Harris/US 70 East annexation area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO HARRIS/ HIGHWAY 70 EAST ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Harris/Highway 70 East Annexation Territory, as adopted by City Council Ordinance Number O-11-06-07-1, assigning the property to the R-2 General Residential Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing July 7, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

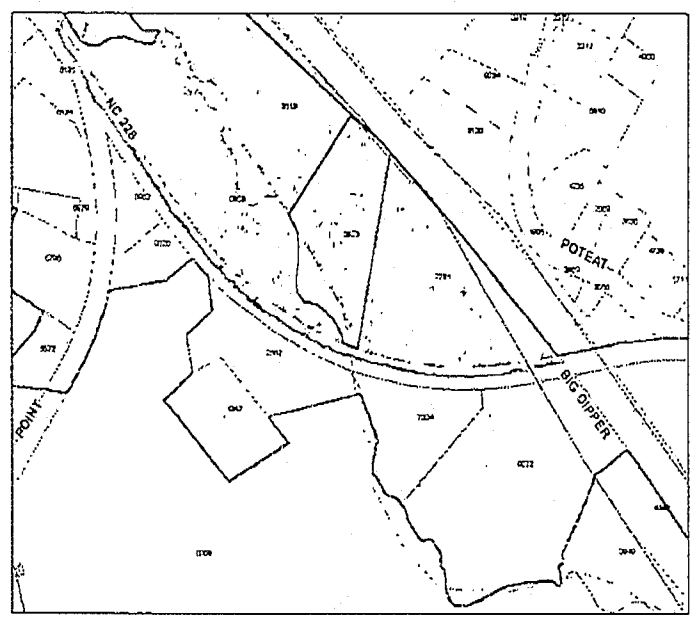
Section 8. This ordinance shall become effective upon approval.

Adopted this the 19th day of July 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk



Ordinance Number: O-11-07-19-1

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO WALL/HIGHWAY 226 SOUTH ANNEXATION AREA:

Mayor Pro Tem Cuthbertson opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a public hearing was held by City Council on June 7, 2011 approving the annexation, (Ordinance No. O-11-06-07-2) for the Harris/US 70 East annexation area, which includes an existing industrial building.

Ms. Cotton stated that the purpose of this ordinance would be to assign an appropriate zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the subject area is most compatible with Section 21-206, *M-1 Industrial* Zoning District, which is established as a district to provide areas for manufacturing, warehousing, and other similar uses. The property includes a commercial building approximately 8,000 square feet in size which has been utilized for industrial purposes. In addition, the property is located between two other industrially zoned properties. Therefore, Staff recommended the M-1 Industrial designation.

Ms. Cotton reported that the Planning Board unanimously recommend assigning M-1 Industrial zoning to this property at their regularly scheduled meeting on July 7, 2011.

Mayor Pro Tem Cuthbertson closed the Public Hearing.

There were no citizens present to discuss this item.

Mayor Pro Tem Cuthbertson stated that the business at this property has several portable signs along Highway 226 South.

Ms. Cotton stated that she was aware of these signs and would have City staff pick them up the next day, if they had not already been removed earlier in the day.

Upon a motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance assigning M-1Industrial zoning to the Wall/Highway 226 South annexation area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO HIGHWAY 226 SOUTH/WALL ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Highway 226 South/Wall Property Annexation Territory, as adopted by City Council Ordinance Number O-11-06-07-2, assigning the property to the M-1 Industrial Zoning District.

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing July 7, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

AA.000001186 (24)

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon approval.

Adopted this the 19th day of July 2011.

Stephen R. Little, Mayor

ATTEST:

Ordinance Number: O-11-07-19-2

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

APPROVE 2010-11 FISCAL YEAR TAX SETTLEMENT: The City Manager advised that, under State Law, at the end of each Fiscal Year, Council must review and approve the year end Property Tax Settlement.

The City Manager presented Council with a copy of the 2010-11 Tax Settlement prepared by the Tax Collector for Council's review. The settlement shows that charges and credits for taxes balance, as required by law. The City Manager stated that the City ended up collecting 96 percent of 2010-11 property taxes by June 30. This document must be approved by Council before the current year tax bills can be mailed.

Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to approve the 2010 City of Marion Property Tax Settlement as prepared and presented.

AA.000001187 (24)

APPROVE ORDER OF COLLECTION FOR 2011 PROEPRTY TAXES: The City Manager advised that ,under state law, after the prior year property tax adjustments and tax settlement have been approved, Council action to order the collection of current year taxes is required before tax bills can be mailed.

The City Manager presented Council with a copy of the Order of Collection for 2011 Property Taxes for approval. He stated that City staff anticipate mailing City tax bills by the middle of August, if not sooner.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the following order of collection for 2011 City of Marion property taxes:

ORDER OF COLLECTION OF TAXES

STATE OF NORTH CAROLINA

CITY OF MARION

To the Tax Collector of the City of Marion:

You are hereby authorized, empowered and commanded to collect the taxes set forth in the tax records for the year 2011 filed in the office of the Tax Collector and in the tax receipts herewith delivered to you, in the amounts and from the taxpayers likewise therein set forth. Such taxes are hereby declared to be a first lien upon all real property of the respective taxpayers in the City of Marion, and this order shall be a full and sufficient authority to direct, require, and enable you to levy on and sell any real or personal property of such taxpayers, for and on account thereof, in accordance with law.

Witness my hand, and official seal, this 19th day of July, 2011.

(Seal)

Stephen R. Little
Mayor
City of Marion

ATTEST:

J. Robert Boyette
City Manager/Clerk
City of Marion

REVIEW STREET PROJECT BIDS/CONSIDER CONTRACT AWARD: The City Manager advised that, as authorized by Council in May, staff sought bids for a curb replacement on North Garden Street and Crescent Drive and for a curb and sidewalk replacement on Park Avenue. These bids were discussed by Council at the June 21 Council meeting and were presented to Council again for review, along with an analysis of the bids and available Powell Bill money. The City Manager stated that, on the street side, Council seemed fairly comfortable with the recommendation of Public Works Director Chris Hollifield for the low bid contractor, Harris Grading, to complete the sidewalk and curb replacement on Park Avenue from East Court to Turner Streets and having City crews complete the sidewalk and curb replacement from Turner to Robert Streets (and also on the very short dead end block of Park Avenue past Robert Street if necessary). This approach would save about $21,000 off of the contract price, reducing the contract price to about $132,000. The City Manager reported that, as discussed at the June 21 Council meeting, this would still leave the City with a cushion of about $30,000 in the Powell Bill account and possibly more, if Council decides not to spend $70,000 on street resurfacing in addition to the Park Avenue resurfacing work, which was bid at $39,500 as part of Harris + Grading's overall Park Avenue bid.

AA.000001188 (24)

On the water side, the City Manager advised that Mr. Hollifield has recommended City crews installing the last 800 feet of water line between Robert Street and a point between Turner Street and Cardinal Lane. The low bid contractor, F & S Contractors, would install the remainder of the water line. This approach would reduce the contract price by $29,000, down to $92,000. The City Manager recommended that Council authorize staff to spend up to $90,000 on the contracted water line project. He stated that the City has $128,000 budgeted for contracted projects in Utility Maintenance in the Water and Sewer Fund for 2011-12 and spent about $70,000 in 2010-11. This line item pays for temporary labor in Utility Maintenance and contracted labor for needed projects. The City Manager said that he believed that the City's Water and Sewer Fund could handle an expenditure of $90,000 in this line item, but not any more.

Council Member Clark asked if the City's completion of part of the water and street projects would hold up the contractors. Mr. Hollifield stated that both low bid contractors had extensive experience working with the City and understood how this project would take place, so there should be no issues.

Council Member Clark asked some questions about the details of the sidewalk construction, which Mr. Hollifield answered.

The City Manager stated that this project involves a great deal of money; however, Park Avenue has a lot of needs.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to award the following contracts:

1. For Harris Grading, the low bid contractor for the sidewalk, curb and street resurfacing project, to complete the sidewalk and curb replacement on Park Avenue from East Court to Turner Streets and to complete street resurfacing on Park Avenue from East Court to Robert Streets, for an amount of $132,000. City crews will complete the sidewalk and curb replacement from Turner to Robert Streets and also on the very short dead end block of Park Avenue past Robert Street, if necessary.
2. For F&S Contractors, the low bid contractor for the water line project, to complete a water line replacement on Park Avenue between East Court Street and a point located between Cardinal Lane and Turner Street, for an amount of $90,000. City crews will complete the water line installation between the end of the F&S Contractors project and Robert Street.

REVIEW SIDEWALK/STOP SIGN REQUESTS: The City Manager advised that he received a letter from Linda and Jim Cable of 669 Oak Street, requesting additional stop signs at the East Oak Street/Lamar Street intersection. This area already has speed humps. The City Manager presented Council with a map of the East Oak/Lamar intersection, indicating where the Cables live in proximity to the intersection.

The City Manager further reported that Mr. Lloyd Burleson of School Street called on June 20 to request a sidewalk on Ridge Road between School Street and East Court Street. The City Manager advised Mr. Burleson that the City was aware of the interest in Clinchfield in sidewalks, but that the installation of sidewalks would be difficult or impossible on most streets in the mill village, due to houses being so close to the street. Ridge Road is an exception to this pattern, since houses on that street are set back a good distance from the street. Mr. Burleson was told that the City had asked DOT to fund, as a first step, a sidewalk extension along East Court from Branch Street (at Dr. Hensley's dental office) to Yancey Street at Clinchfield Baptist. The City Manager stated that he told Mr. Burleson that he would pass on his request to Council, but that the City had a backlog of sidewalk requests.

The City Manager presented Council with a copy of the current Street, Sidewalk and Park Priority List. The City Manager advised that this priority list could be reviewed and modified by

AA.000001189 (24)

Council in any way they desire. The City Manager stated that, if Council agrees that the Ridge Road sidewalk should be a priority, guidance would be appreciated regarding where Council wished the project placed on the priority list.

Council Member Doggett stated that she would request that these requests be referred to the Street Committee. She asked if the Ridge Road sidewalk should be added to the Street, Sidewalk and Park Priority List. The City Manager suggested that Council allow the Street Committee to make a recommendation regarding whether a sidewalk on Ridge Road should be added to the priority list and then Council could make the final determination.

Council Member Clark stated that referring them to the Street Committee would be fine. He said he knew these locations well. He stated that it may be a stretch to approve a three-way stop sign at East Oak and Lamar Streets. Council Member Clark stated that he agreed that a sidewalk on Ridge Road was needed, as he often sees people walking on the side of the road. He suggested that an asphalt path would be a much cheaper alternative to installing curbing and a concrete sidewalk.

By consensus, Council agreed to refer these requests to the Street Committee. The Street Committee will review the request and present a recommendation back to Council at a future Council meeting.

REQUEST FOR A LICENSE TO OPERATE A PLACE OF AMUSEMENTS: The City Manager advised that Mr. Jacob Asta submitted an application for a license to operate a place of amusements, with 20 video games and 16 bowling lanes, at Ivan's Restaurant & Bar and Lightning Lanes on Maple Leaf Drive. The Police Department recently determined that Mr. Asta did not currently possess such a license for these establishments.

The City Manager reported that, on May 3, Council approved an ordinance lifting restrictions on selling liquor in places of amusements. Therefore, consideration may be given of Mr. Asta's request for a place of amusements license. As required by the City Code, the Police Department completed a background check and determined that Mr. Asta does not have a criminal record. The City Manager reported that the City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or

(2) Is not a citizen or resident of this state; or

(3) Is an excessive user of intoxicating liquor or narcotic drugs; or

(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager advised that the criminal background check indicates that Mr. Asta appears to satisfy the requirements listed above. The City Manager stated that, therefore, Council could approve a license for Mr. Jacob Asta to operate a place of amusements at Ivan's Restaurant & Bar and Lightning Lanes on Maple Leaf Drive if they so desired.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request of Mr. Jacob Asta for a license to operate a place of amusements, with 20 video games and 16 bowling lanes, at Ivan's Restaurant & Bar and Lightning Lanes on Maple Leaf Drive.

SCHEDLE PLANNING SESSION: The City Manager advised that he would recommend that Council schedule a Planning Session for late July or August to review the draft Comprehensive/Land Use Plan and to discuss other items as necessary.

AA.000001190 (24)

Council agreed by consensus to schedule the Planning Session for Tuesday, August 9 at 7:00 P.M. at City Hall.

Council Member Clark stated that he wanted to make sure adequate time was given in advance of the meeting and at the Planning Session to review the proposed Plan, which he said was vital to shape the future growth and development of the City. Council Members agreed that they would devote the time at the Planning Session to adequately review and discuss the document.

Planning and Development Director Heather Cotton stated that she would have the draft Comprehensive/Land Use Plan ready for Council to review one week before the August 9 Planning Session.

ADD ON ITEM–CONSIDER APPROVAL OF MOBILE FOOD VENDOR APPLICATION: Planning and Development Director Heather Cotton advised that she had received an application from Mr. Jon Hartman of Holly's Deli & Desserts to operate a mobile food vendor cart in the West Henderson Street Parking Lot in front of the Farmer's Market. Mr. Hartman has recently purchased the hot dog cart formerly operated in front of the Gazebo on North Main Street by Lisa Miller. Mr. Hartman will operate the cart in the same way as Ms. Miller, except for having a different location. Ms. Cotton stated that Mr. Hartman has met all of the requirements, of the new ordinance, except for obtaining the necessary liability insurance, signing a City Release and Hold Harmless Form and paying the application fee.

Ms. Cotton stated that Council action is needed to approve the application.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to approve the application of Mr. Jon Hartman of Holly's Deli & Desserts to operate a mobile food vendor cart in the West Henderson Street Parking Lot in front of the Farmer's Market, subject to Mr. Hartman meeting all City Code requirements including, but not limited to, the following:

1. Obtaining the necessary liability insurance
2. Signing a City Release and Hold Harmless Form
3. Paying the required application and license fee.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City would be holding the annual Advisory Board/Volunteer Dinner on Thursday, August 11, at 6:30 p.m. in the Community Building. Invitations will be sent to advisory board members and volunteers. Council was invited to attend this dinner if at all possible and to bring a guest.

The City Manager advised that Ms. Jennifer Fox of Tremont Street had called him on July 6 and later sent an e-mail. Ms. Fox believes that Council should adopt an ordinance to fine people who do not recycle and also not allow people to leave their garbage cans out by the street at all times. The City Manager advised that Council could discuss these ideas more at the next Planning Session is they so desired. Council expressed no objection to discussing this matter at the next Planning Session.

The City Manager reminded Council that the August 2 Council meeting had been cancelled. This will give Council the opportunity to attend the National Night Out event, scheduled for 6:00 p.m. that evening on Main Street. The next Council meeting will be held on August 16.

The City Manager advised that the MACA reception/tour has been scheduled for Thursday, July 28 at 5:30 p.m. at MACA.

AA.000001191 (24)

The City Manager advised that the $6.6 million Wastewater Improvements Project was completed in late June. Everything is now operational at the Wastewater Plant. The City Manager advised that he had directed Larry Carver to work on addressing weedeating, pressure washing and painting at the Wastewater Plant as soon as possible. The weed control and landscaping were addressed immediately. The pressure washing and painting will be scheduled and completed as soon as possible.

The City Manager reported that, regarding the resurfacing of roads at the Wastewater Plant, Public Works Director Chris Hollifield had estimated that it would cost about $40,000 to complete this work. While City staff had identified the resurfacing as a future need, the resurfacing work was not included in the 2011-12 budget. The City Manager suggested that this expenditure will need to worked into a future budget, unless Council wishes to direct that the resurfacing work be completed sooner.

The City Manager advised that two portable toilets have been installed at the Joseph McDowell Historic Catawba Greenway.

The City Manager advised that the City's contractors were making great progress with the extension of water and sewer service on Sugar Hill Road to I-40. Water service was available to the Wal-Mart Supercenter prior to July 1, but the developer was not ready on their side of the connection. There is an outside chance that sewer service may be available by the desired date of August 1, although it is more likely that service will be available by September 1. The City will be in a position to provide pump and haul sewer service, if necessary, to the Wal-Mart Supercenter development on or around August 1.

The City Manager reported that the City signed the contract with DOT on July 1 for the implementation of the Downtown Streetscape Project and paid the $315,000 up front contract amount to DOT later in July. DOT's contractor, Maymead, should start work in mid-July on the implementation of the Downtown Streetscape Project, to include installation of concrete bumpouts and decorative crosswalks on Main Street, along with milling and resurfacing of Main Street in the downtown area. Maymead is making great progress with spot milling and resurfacing of East Court Street to the City Limits and on North Main Street to Legendary Ford.

Council Member Doggett stated that she had never seen DOT move so fast as they have on the North Main Street milling and resurfacing project.

The City Manager stated that, without objection from Council, he was looking at holding the Second Annual Marion 101 Citizens Academy in September and October. Council Member Doggett suggested that facility tours be held as early as possible in the schedule, to take advantage of daylight hours. The City Manager stated that he agreed and would seek to schedule the tours accordingly.

The City Manager stated that he would like to personally thank Administrative Assistant Debi Sherlin, the Public Works Department and the Police Department for their work during the Coach Roy Williams Historic Marker Dedication and visit the previous day.

The City Manager advised that Chief Brooks is attending a conference and thanked Patrol Lieutenant Jamie Harklerode for attending the meeting.

The City Manager stated that it was with great sadness he advised that Public Works Director Chris Hollifield is leaving the City of Marion to take a position with the City of Durham. Mr. Hollifield advised that he was moving to be closer to his wife's family. Council Members stated that they were sorry to see Mr. Hollifield leave Marion, but wished him well with the move and new job.

AA.000001192 (24)

COUNCIL MEMBER COMMENTS:

Council Member Doggett stated that the City's contracted street right of way mowers were missing areas of grass near the curb and trees on North Garden Street.

Mayor Pro Tem Cuthbertson stated that Council Member Clark stated that mowers on Rutherford Road are going too fast and missing areas of grass as well. He also advised that grass between the rock wall and fence on the Fleming Avenue side of Marion Elementary school has not been mowed.

The City Manager stated that City staff would address the right of way mowing issues with the City's contractors. He advised that Marion Elementary School had always mowed the area between the rock wall and fence and that he would address this issue with the School.

Mayor Pro Tem Cuthbertson stated that he had been contacted about an abandoned house on 185 Circle Street in Clinchfield. He said that the property needs mowing and that the house needs to be looked at for possible demolition. The City Manager stated that City staff would look at the location and take necessary action.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion held a Special Meeting at the McDowell Arts Council Association building at 50 South Main Street on Thursday, July 28, 2011 at 5:30 P.M.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Ms. Jean Mackey; Susan Pyatt, Executive Director and Board Members, McDowell Arts Council Association.

OPENING OF MEETING: Mayor Little opened the meeting at 5:30 p.m.

MACA TOUR: McDowell Arts Council Association (MACA) Executive Director Susan Pyatt welcomed City Council. She led City Council on a tour of the MACA building and discussed MACA plans for expansion and renovation. MACA is planning a multi-phase renovation of their 22,000 square foot building. Ms. Pyatt stated that the total renovation cost could approach $3 million. She outlined possible funding sources for the renovation, including the upcoming Golden Leaf Foundation Community Investment Initiative and other grant sources.

Ms. Pyatt described efforts that MACA has made in recent years to improve the building. She thanked the City for help with providing N.C. STEP funding to assist with preparation of the renovation plans and for help with cleaning out the building in the past. Ms. Pyatt also updated Council on current and planned MACA programs and initiatives.

AA.0000011 93 (24)

Council Members asked questions about the renovation plans and costs, which Ms. Pyatt answered.

Mayor Little and Council Members thanked Ms. Pyatt and MACA Board members for the reception and tour and commended MACA on their plans to renovate the building, their efforts to establish a gift shop in the building and for all the programs held and added in recent years.
No action was taken by Council.

ADJOURNMENT: Mayor Little adjourned the meeting at 6:45 P.M.

The City Council for the City of Marion held a Special Meeting on Tuesday evening, August 9, 2011 at 7:00 P.M. in the Conference Room located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby

OTHERS PRESENT: Bob Boyette, City Manager; Heather Cotton, AICP, Planning and Development Director

PLANNING SESSION: The City Council held a Planning Session and discussed the following items:

1. Eastfield Area Sidewalks Community Development Block Grant
2. Idea of Elementary School Student Recognition
3. Possible Mountain Street/Pinecrest Drive/Garden Creek Road Sewer Extension
4. Recycling/Garbage Issues
5. Speed Limits
6. Police Programs
7. Comprehensive/Land Use Plan

No action was taken by City Council on any of these issues. All matters requiring Council action will be placed on the agenda of a future City Council meeting for consideration or included in a future Budget Ordinance Amendment or future budget.

AA.000001194 (24)

Council agreed to schedule the next Planning Session for later in the fall.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adjourn the meeting.

C. Adopt Resolution Fixing the Date of Public Hearing on the Question of Annexation – Garden Creek Road/O'Malley Property Annexation

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – O'MALLEY/GARDEN CREEK ROAD

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, September 6, 2011.

Section 2. The area proposed for annexation is described as follows:

TRACT ONE
BEING lots Nos. 42, 43, 44, 45, 46, 47 and 48 in Block C, Map 4, of the J.L. Morgan Pleasant Garden Farm.

Each of the above numbered lots front 25 feet on the West side of the old Macadam Highway and runs back to the center of Garden Creek according to a map of the above described property which is recorded in the Office of the Register of Deeds for McDowell County, North Carolina, in Map Book 1, at page 54, reference is here made to that certain deed dated June 27, 1968, by Annie May Nunnally, widow, to Matthew A. Nunnally, Jr., and recorded in Book 199 at page 513 of the McDowell County Public Registry.

AND BEING THE SAME LANDS described in and conveyed by deed dated July 26, 1976, from Charles Otto Nunnally and wife, Madeline Nunnally, et als to Buddy Biggerstaff and wife, Marjorie Biggerstaff, the same being duly recorded in the Office of the Register of Deeds for McDowell County, to which reference is hereby made.

TRACT TWO
BEING LOTS Nos. 39, 40, and 41 in Block C, Map Four of the J.L. Morgan Pleasant Gardens Farm, each of the above lots fronting 25 feet on the West side of the old Macadam Highway and running back to the center of Garden Creek, according to map of the above described property which is recorded in Map Book 1, at page 54, of McDowell County Deed and Map Records, to which said map reference is here made for a full and complete description of the property herein conveyed.

AND BEING the same lots of land described in that certain Deed from R. Earl Freeman and wife, Helen Louise Freeman, to A. Bryant Hoyle and wife, Mary Rena Hoyle, dated December 8, 1946, and which appears of record in the Office of the Register of Deeds for McDowell County, North Carolina, in Book 100, at page 455, to which said deed reference is herein made.

Reference is also herein made to the Last Will and Testament of Rena M. Hoyle which appears of record in the Office of the Superior Court of McDowell County, North Carolina.

Reference is also herein made to that Deed given by Ellen J. Crawford to Mrs. Rena M. Hoyle, dated December 4, 1947, and recorded in Deed book 100, page 435, in the McDowell County Registry.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 16th day of August, 2011.

D. Approve Records Retention and Disposition Schedule

MUNICIPAL
Records Retention and Disposition Schedule

The record retention and disposition schedule and retention governing the records series listed herein are hereby approved. In accordance with the provision of Chapters 121 and 132 of the General Statutes of North Carolina, it is agreed that the records do not and will not have further use or value for official business, research, or reference purposes after the respective retention periods specified herein and are authorized to be destroyed or otherwise disposed of by the agency or official having custody of them without further reference to or approval of either party to this agreement. It is further agreed that these records may not be destroyed prior to the time periods stated: however, for sufficient reason they may be retained for longer periods. This schedule is to remain in effect from the date of approval until it is reviewed and updated.

APPROVAL RECOMMENDED

City/Town Clerk

Chief Administrative Officer/
City Manger

David Brook, Director
Division of Historical Resources

Mayor

APPROVED

Linda A. Carlisle, Secretary
Department of Cultural Resources

Municipality:_____

EXECUTIVE SUMMARY

According to G.S. 121-5 and G.S. 132-3, you may only destroy public records with the consent of the Department of Cultural Resources. This schedule is the primary way DCR gives its consent. Without approving this schedule, your municipality is obligated to obtain the Department's permission to destroy any record, no matter how insignificant.

Each record series listed on this schedule has specific disposition instructions which will indicate how long that series must be kept in your offices. In some cases, the disposition instructions are simply "Retain in office permanently," which means that those records must be kept in your offices forever.

The Department of Cultural Resources provides microfilming of the minutes of major decision-making boards and commissions in a municipality. Once those records are filmed, we will store the silver negative (the original) in our security vault.

AA.000001197 (24)

There is a nominal fee for filming and duplicate film. Contact the analyst assigned to your municipality for the most current information.

E. Approve Amendment to City Financial Plan for Internal Service Fund

CITY OF MARION, NORTH CAROLINA
2010-2011BUDGET ORDINANCE
(Fifth Amendment)

BE IT ORDAINED by the City Council of the city of Marion, North Carolina as follows:

Section 1. That the Budget Ordinance for the City of Marion, North Carolina for the fiscal year 2010-11 as adopted by the Marion City Council on the 15th day of June, 2010 is hereby amended as follows:

INTERNAL SERVICE FUND

a. Internal Service Fund Expenses, Account Number 35-660-3300, Inventory Purchases, is increased from $195,000 to $206,000.

b. Internal Service Fund Revenues, Account Number 35-399-0000, Fund Balance Appropriated is increased from $77,949to $88,949.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 16th day of August, 2011.

PRESENTATION OF COMMENDATION: Police Chief Mark Brooks advised that it is with great pleasure that he present a commendation to Investigative Sergeant Sgt. Rick Gutierrez for his great work with a recent case. Chief Brooks stated that, on October 21, 2009, Sgt. Gutierrez met with U.S. Postal Inspector Chris Davis at the Police Department. That day, a former employee of the American Boosters had filed a complaint with Sgt. Gutierrez about the business practices of American Boosters owner, Mimi Clark. Just prior to this time, Sgt. Gutierrez had accumulated a complaint from an orthodontist in Oklahoma against American Booster and Clark. American Boosters owed the orthodontist money for products not shipped. Sgt. Gutierrez provided a copy of the orthodontist's complaints along with supporting documentation to Inspector Davis. Sgt. Gutierrez interviewed the former employee which helped attain a Federal search warrant for the business. Sgt. Gutierrez answered many other customer complaints and relayed that information to Inspector Davis. Sgt. Gutierrez helped with the preparation of the search warrant, which was executed on November 23, 2009 at the American Booster Club business located at 675 East Court Street in Marion. On June 8, 2011, a Grand Jury indicted Mimi Wyatt Clark with six counts of Wire fraud. Clark was arrested by agents on June 10, 2011. Sgt. Gutierrez assisted agents in the arrest of Clark that day. Over 700 victims have been identified, with a total loss over $1.1 million dollars from 2006 through 2009. Chief Brooks stated that the actions of Sgt. Gutierrez bring great honor to the City of Marion, the Marion Police Department and to himself.

Chief Brooks also described the work of Sgt. Gutierrez in improving the Police Department's ability to investigate child abuse cases. He noted that Sgt. Gutierrez has formed a great working relationship with the Gingerbread House, a non-profit organization that assists with such cases. Chief Brooks stated that Sgt. Gutierrez has attended many training classes on child abuse investigations and is becoming nationally known as a bilingual investigator.

Mayor Little, Council Members and the City Manager thanked Sgt. Gutierrez for his great work and congratulated him on receiving this commendation.

AA.000001199 (24)

INTRODUCTION OF NEW EMPLOYEES: Chief Brooks introduced the City's newest Police Officer Mr. Jon Padgett. Jon recently filled a vacant Police Officer position and has been working for about two weeks. He is a native of Marion.

Chief Brooks said that he told Jon that if he would treat every citizen like he would want his family to be treated, he would do a great job for the City of Marion.

Mayor Little, Council Members and the City Manager welcomed Jon to the City staff.

Finance Director Harriett Thomas introduced the City's new Tax Collector, Ms. Brett Moore. Brett is also a native of McDowell County and lives in Marion. She has 15 years of experience in tax collection with the McDowell County Tax Department, plus several additional years of experience with the McDowell and Burke County Departments of Social Services. Ms. Thomas stated that Brett is off to a great start with the City.

Mayor Little stated that Brett has many skills. He said he was aware of many people she helped while working with the Department of Social Services and also noted that Brett ran for City Council many years ago.

The City Manager stated that Brett had been a great fit with the City staff and that he has no doubt she will do a great job.

Ms. Thomas added that Brett's familiarity with the County Tax Department is working well for the City. She noted that Brett was working hard to get City tax bills out in the next week, despite being late receiving the City's tax scroll from the County due to the recent revaluation.

Mayor Little, Council Members and the City Manager welcomed Brett to the City staff.

PUBLIC APPEARANCE – MS. CYNTHIA RUSH – DISCUSS EMERGENCY PREPAREDNESS OPEN HOUSE ON AUGUST 20: Ms. Cynthia Rush appeared before Council representing the Church of Jesus Christ of Latter Day Saints on Airport Road.

Ms. Rush stated that her church is having an Emergency Preparedness Open House on Saturday, August 20 from10:00 A.M. to 1:00 P.M. The Open House will focus on many areas of emergency preparedness and the Church is very excited about the event.

Topics will include Shelter in Place, Sheltering your Flock, 72 Hour Kits, Family Evacuation, Water Storage, Financial Planning, Electronic Planning, Gardening in Place and Communications.

Ms. Rush presented Mayor, Council Members and the City Manager with an invitation to the event.

Mayor Little thanked Ms. Rush for coming to the meeting and advised that he planned to attend the event.

PRESENTATION – PROPOSED DOWNTOWN WALKING TRAIL BROCHURE: The City Manager advised that this item is not yet ready to present to Council and will be placed on a future Council agenda.

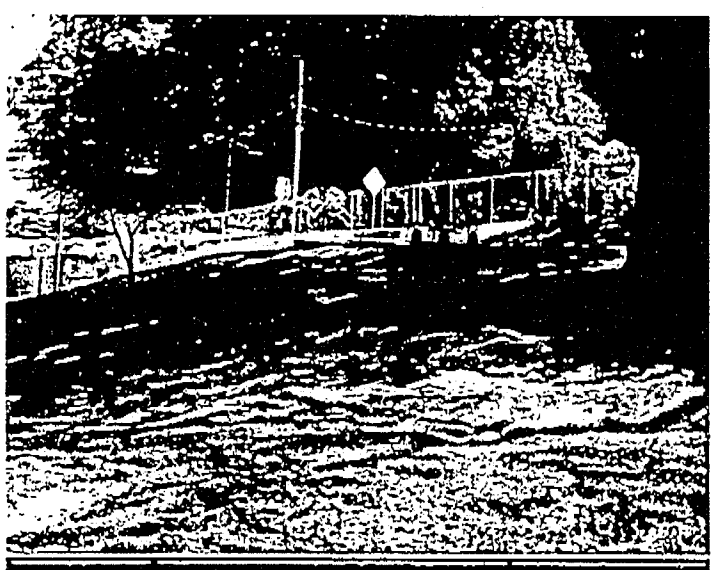
DISCUSSION OF TREE CONDITIONS ON CITY PROPERTY – LAWRENCE MOORE: The City Manager and the City's contracted landscaper, Lawrence Moore, gave Council a presentation on various Tree Board recommendations, as follows:

AA.000001200 (24)

Tree Board Recommendations

August 16, 2011

Community Building Park



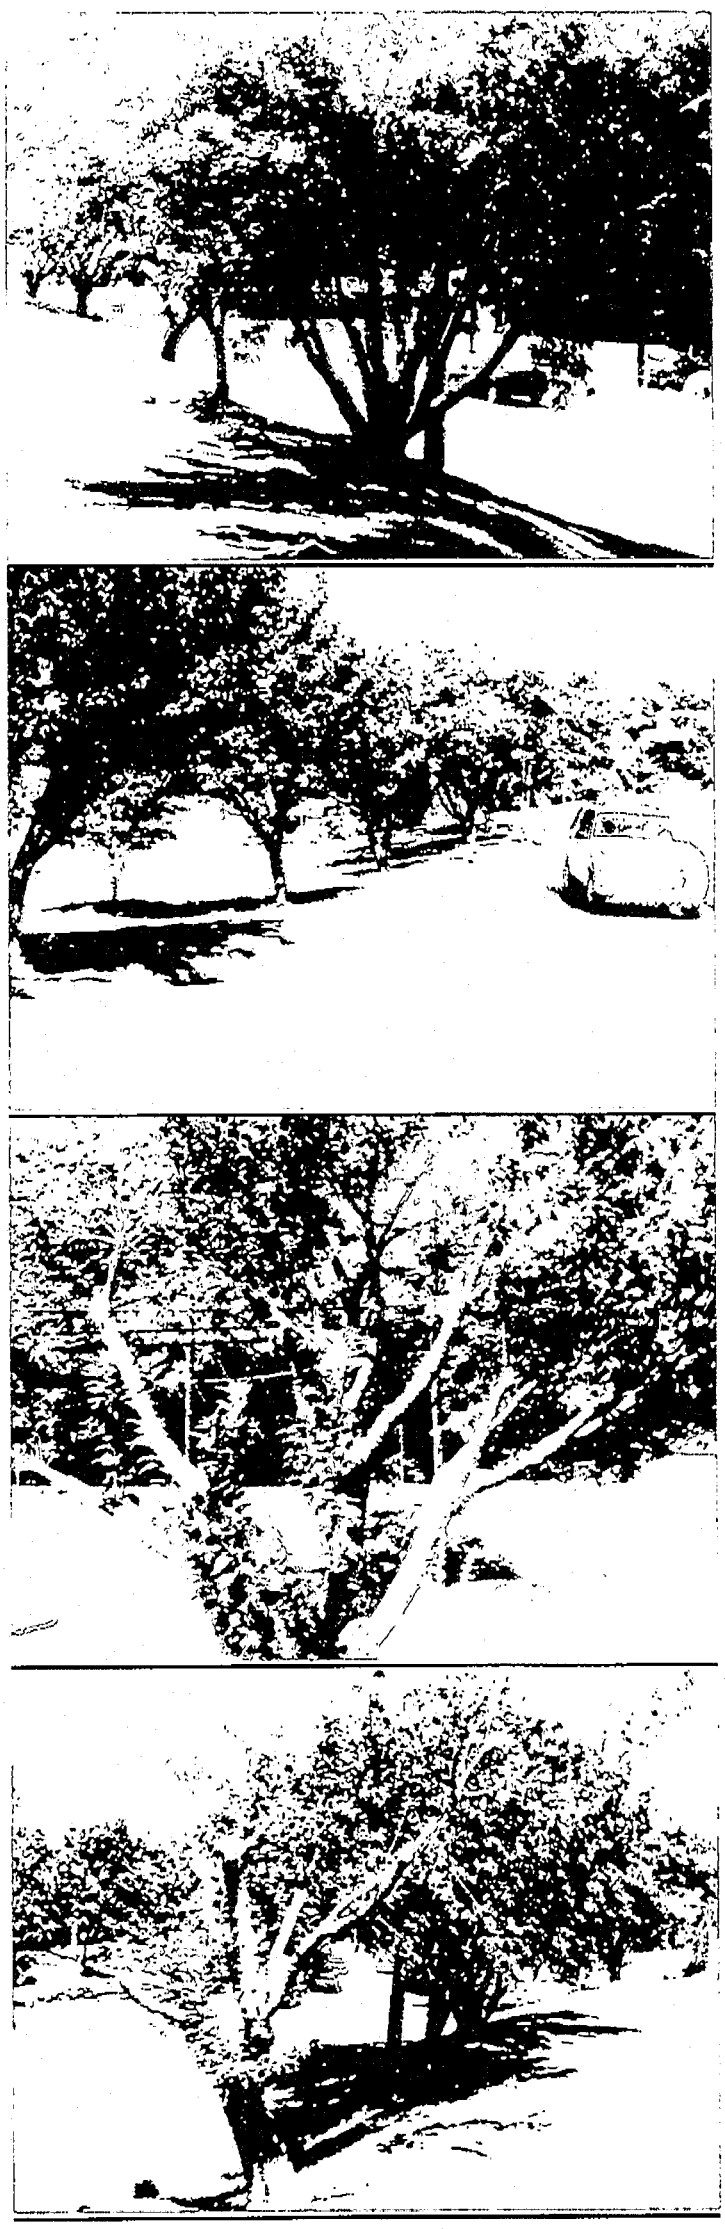
- Remove large oak tree deemed safety hazard
- Estimate of $1,400 to remove
- Schedule removal and announce through news release – park will need to be closed while tree is removed

Community Building Park

- Plant as many as three medium to large trees in place of oak tree
- Fundraising campaign may be pursued to lessen City costs
- Plant trees after Community Building Park improvements are done, including grading work and retaining wall

AA.00001201 (24)

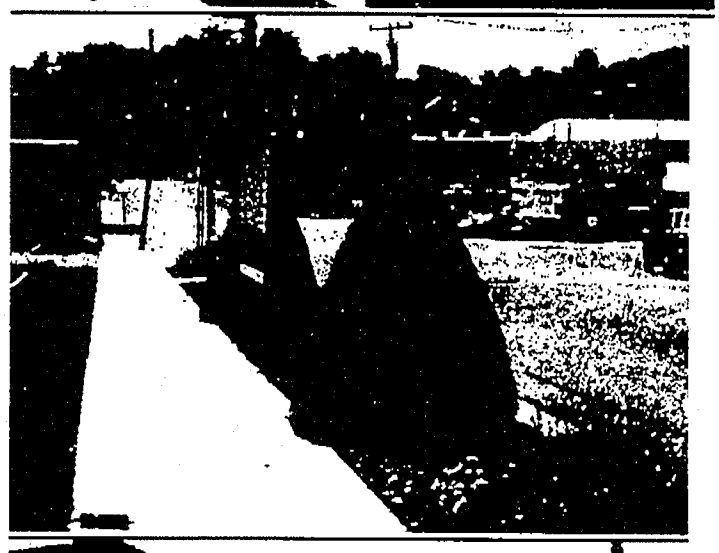
Community Building Park



- Complete major pruning of two poplar trees
- Estimate of $500 for this work
- Goal is to preserve these trees for as long as possible, since they appear to be healthy

Oak Grove Cemetery

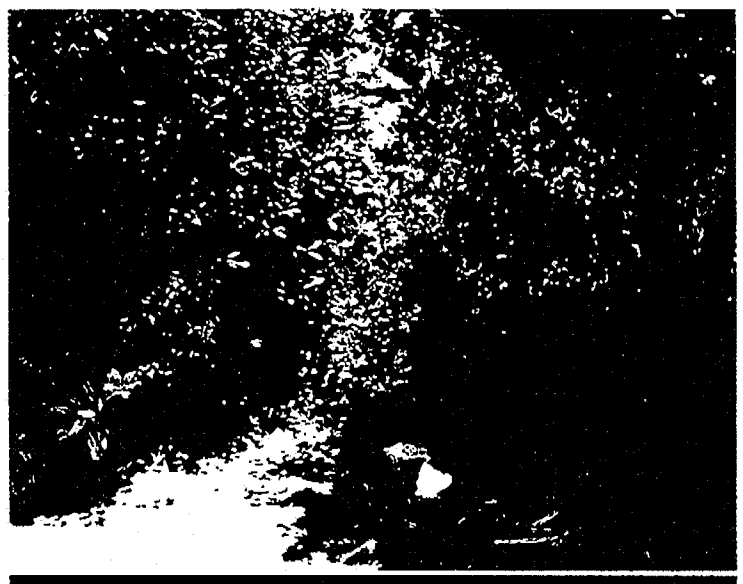
- 10-12 cherry trees in Cemetery next to Rutherford Road are dead or dying
- City has attempted to save these trees in past, but trees are planted too close together and compete with each other for water
- Recommendation is to remove every other tree to reduce replacement costs and to improve health of remaining trees

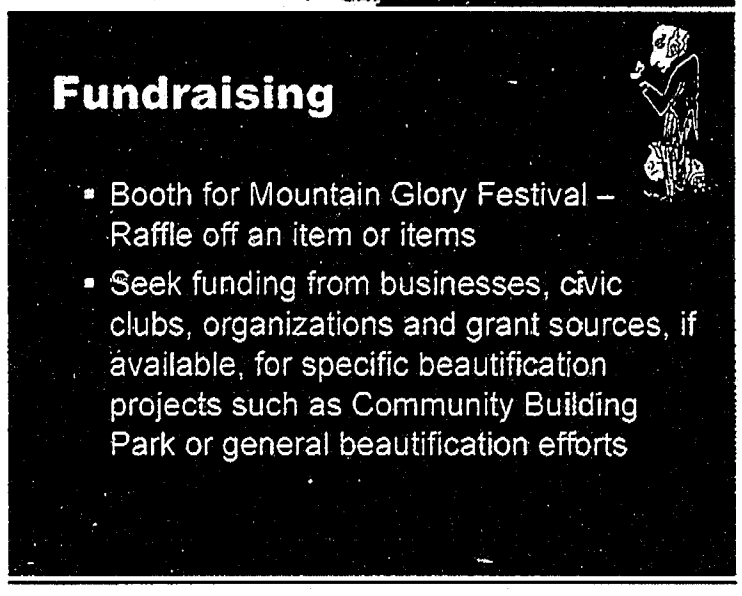


AA.000001202 (24)

Foster Holly Trees

- Pursue different style of pruning similar to what Lawrence Moore has started doing in West Henderson Street Parking Lot
- New pruning style could be used for trees behind Farmer's Market Shelter, on West Henderson, Logan, East Court and South Garden Streets
- Look at lighting trees for Christmas, if feasible





AA.000001204 (24)

AA.000001205 (24)

Mr. Moore and Tree Board Member John Reese provided details about the conditions of the trees listed in the recommendations.

A discussion was held about the recommendations.

Council discussed giving the wood from the oak tree to be removed in the Community Building Park to McDowell Mission Ministries, an organization to which the City can legally donate money or property.

Council Member Clark made a motion that the oak tree in the Community Building Park be removed and the two poplar trees in the Park be pruned, as recommended by the Tree Board, with the wood from the oak tree being authorized for donation to an organization to which the City can legally donate property, with all debris being promptly cleaned up and with the direction being given that future trees will be planted in place of the oak tree at a future time, after needed construction work in the Park takes place. Mayor Pro Tem Cuthbertson seconded the motion. All members voted in favor and the motion passed.

Mayor Pro Tem Cuthbertson stated that Tree Board Members do not ever want trees to be cut down without good reason, but it is evident that the oak tree in the Community Building Park is a hazard and needs to be removed.

Council Member Clark stated that, years ago, City Council talked about creating a beautification committee. He advised that the Tree Board did not wish to fill that role at that time, but that he feels there are areas in the City that need beautification. Council Member Clark said he appreciates the initiative of the Tree Board to want to replant trees at the Community Building Park to replace the oak tree to be removed.

AA.00001206 (24)

Mayor Little stated that it is, because of good ideas like has been discussed tonight, that he would love to see Council have a Planning Session, with no agenda, so that there could be discussion about Council's vision for the City in the future.

Council Member Clark stated that he would like to see the holly trees left like they are, especially along sidewalks. Council Member Doggett stated that she would also like to see the holly trees left as they are.

No action was taken on the foster holly trees.

Upon a motion by Council Member Doggett, seconded by Council Member Clark, Council voted unanimously to approve the recommendation of the Tree Board to remove every other cherry trees from the front of Oak Grove Cemetery.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIATION:
Mr. Boyd Phillips, President of the Marion Business Association (MBA), presented the following reports of MBA activities for the past quarter and for Fiscal Year 2010-11 to Council:

Mayor Little thanked Mr. Phillips for his reports and for the continued efforts of the MBA.

STREET COMMITTEE RECOMMENDATIONS: The City Manager advised that he Street Committee met on July 28 and looked at the request for a three way stop at the Lamar Street/East Oak Street/Virginia Road intersection. As indicated on a map presented to Council, traffic on Lamar Street currently has to stop at this intersection. The Street Committee recommended the placement of a stop sign to require traffic coming from Virginia Road to stop at the intersection. According to a long time resident who lives at this intersection, this was the traffic pattern in place for many years. This gentleman felt that the placement of this stop sign would help with speed and safety issues. Traffic coming from East Oak Street toward the intersection would not need to stop. Traffic going in this direction must go over a speed hump not far from the intersection, which cuts down on speeding in this direction. The City Manager presented Council an ordinance that Council could adopt to authorize the placement of a stop sign on Virginia Road at East Oak Street.

Upon a motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to accept the recommendation of the Street Committee and to adopt the following Ordinance approving the
placement of a stop sign on Virginia Road at Lamar Street:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	**REGULATION**	**REG. APPLICATION**
VIRGINIA ROAD	STOP SIGN	AT LAMAR STREET(CF)

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 16th day of August, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-08-16-1

AA.000001210 (24)

The City Manager reported that the Street Committee also looked at the request for a sidewalk on Ridge Road. As suggested by Council Member Clark at the July 19 Council meeting, the Street Committee liked the concept of adding a five to six foot wide bicycle/pedestrian lane paved in asphalt to the side of Ridge Road. Such an asphalt strip would be much less expensive than adding concrete curb and sidewalk and would be fairly easy to construct along Ridge Road and Church Street to East Court Street. City staff are developing some cost estimates comparing an asphalt strip to a concrete curb and sidewalk. The City Manager said that he would present these estimates to Council when they are prepared. He added that DOT would still need to construct and/or fund a sidewalk on East Court Street from Branch to Church Streets. The City Manager stated that he met with Doug McNeal with DOT on August 5, who thought that such a sidewalk could be feasible. Doug is developing an estimate for this project.

REQEUST FOR USE OF FARMER'S MARKET SHELTER: The City Manager advised that Mr. Ronnie Taylor, on behalf of the band SideStreet, which has played the July 4th Celebration and other local events on multiple occasions, submitted a letter requesting use of the Farmer's Market Shelter on Saturday, April 28, 2012 for a concert featuring local entertainment. The event would be open to the public, but donations would be taken to support local charities. Mr. Taylor requests that City stages be set up for this event. The stages could be set up on Friday and removed on Monday, to avoid any overtime.

Mr. Taylor has spoken with Freddie and has confirmed that there would be no conflict with the Farmer's Market on the proposed date.

The City Manager said that this sounds like a good opportunity to have a free concert that the public could enjoy, to showcase local talent and to help local charities. Mr. Taylor states in his letter that he hopes this could become an annual event. Approval of Council is needed to authorize the use of the Farmer's Market Shelter and City stages for this event.

Council Member Doggett stated that this is a good opportunity to bring people downtown.

Mayor Little stated that he sees this as a positive thing.

Council Member Clark stated that if his only concern was setting a precedent for other people who may wish to use the City stage. He suggested that the City needs guidelines for the use of the stage and may need a fee for such use.

A discussion was held regarding having guidelines for the use of the City stage and a set up and tear down fee charged.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to direct the City Manager to develop recommended guidelines for the use of the stage, to include a set up and tear down fee, for presentation to Council at a future meeting.

DISCUSSION OF WATER AND SEWER CONNECTION – FOOTHILLS PILOT PLANT – AG SERVICES DRIVE: The City Manager advised that, last year, Council agreed to delay billing the water and sewer connection for the Foothills Pilot Plant on Ag Services Drive off of Highway 226 South until six months after the facility opened. The facility was projected to open earlier in 2011, but the construction was delayed due to issues the County had getting a sewer easement across the State's Minimum Security Prison property. Therefore, the billing for the water and sewer connection was to have started this month.

The City Manager presented Council with a copy of an e-mail from Smithson Mills of Mars Hill College, who is overseeing this project, requesting that the water and sewer connection fee billing be delayed until April 1, 2012, which will still be about six months after the facility opens in September or October. This time line is consistent with Council's prior approval to start the

AA.00000121 (24)

billing six months after the opening of the facility, so the City Manager stated that he would recommend Council approval of this request.

Mayor Pro Tem Cuthbertson asked if the approval should be worded to extend until six months after the facility opens. It was the consensus of Council to follow the request, which asked for an extension until April 1, 2012.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request of Smithson Mills of Mars Hills College to delay the billing for the water and sewer connection for the Foothills Pilot Plant on Ag Services Drive off of Highway 226 South until April 1, 2012.

CONSIDER ADOPTION OF RESOLUTION OPPOSING PROPOSED DUKE ENERGY RATE INCREASE: The City Manager advised that, as previously reported, Duke Energy is seeking permission from the N.C. Utilities Commission for a considerable rate increase. The highest rate increase is proposed for residential customers, at 17 percent. Rates will also increase by 14 percent for industrial customers and government facilities and by 8 percent for outdoor lighting. The total impact of the rate increases on the City would be substantial, not to mention the impacts on individuals and businesses. City Council adopted a resolution opposing the last Duke Energy rate increase in 2009. The City Manager advised that he had prepared a resolution opposing the latest rate increase for Council consideration and would recommend approval and authorize the submission of written comments to the N.C. Utilities Commission opposing the rate increases. As shown on information presented to Council, the N.C. Utilities Commission has scheduled a series of public hearings on the proposed rate increases, including one to be held at the McDowell County Courthouse on Thursday, October 27 at 7:00 p.m.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the following Resolution opposing the Duke Energy rate increase:

CITY OF MARION
RESOLUTION
OPPOSING VARIOUS ELECTRICITY RATE INCREASES
FOR NORTH CAROLINA

WHEREAS, the City of Marion recognizes the importance of an adequate and reliable supply of electricity at lowest reasonable cost; and

WHEREAS, on July 1, 2011, Duke Energy Carolinas, LLC filed Docket No, E-7, Sub 989 with the N.C. Utilities Commission for a general rate increase to be effective February, 2012; and

WHEREAS, as stated in the filing, the average North Carolina residential bill -- for 1,000 kilowatt-hours of electricity -- would increase approximately 17 percent, or $19 a month; general service rates (non-residential and non-industrial customers) would increase by approximately 14 percent; industrial customers' bills would go up approximately 14 percent; and outdoor lighting rates would increase by approximately 8 percent; and

WHEREAS, Duke Energy acknowledges that seeking a rate increase during extraordinarily difficult economic times could pose hardship to its customers; and

WHEREAS, despite Duke Energy's proposal to decrease its desired return on equity from 11.5% to 10.7% to mitigate the impact of a rate increase on customers, the proposed rate increases are substantial and ill-timed; and

WHEREAS, public outdoor lighting provided by local governments is important to public safety and benefits all citizens of the State; and

WHEREAS, substantial rate increases for public lighting will reduce the ability of local governments to pay for this service; and

WHEREAS, public lighting consumes electricity in off peak hours to the benefit and increasing the efficiency of power generation facilities; and

AA.000001212 (24)

WHEREAS, the rate increases proposed by Duke Energy to recover costs for increased capacity should not be assigned to the public lighting tariff since such lighting cost increases would disproportionately impact municipal residents; and

WHEREAS, current industrial electrical consumption is severely decreased, the proposed rate increase places a disproportion burden upon the unemployed and underemployed in an effort to build more capacity when capacity is not necessary;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARION THAT:

Section 1. The North Carolina Utilities Commission is urged to reduce Duke Energy's rate increase request to the lowest amount reasonable under applicable law, and rate increases should be spread out over time to minimize customer impact.

Section 2. The creation of a new and substantially more expensive Governmental Lighting tariff in lieu of the existing Public Lighting tariff should be disapproved for the benefit of public safety.

Section 3. Should any rate increase for Public Lighting or Governmental Lighting be approved, the tariff should require Duke Energy to perform regular inspection and maintenance of such lighting as a part of the service without requiring outage reporting by the customer or additional charges for such service.

Section 4. Given the difficult local and State budget circumstances, any rate increases should be made effective in the future at the beginning of governmental fiscal years to assist in budget planning.

Section 5. The City Manager is authorized to convey this resolution to the North Carolina Utilities Commission, and to submit written comments as appropriate in support of this resolution.

Section 6. This resolution shall be effective upon passage.

Adopted this the 16th day of August, 2011.

Stephen. R. Little, Mayor

Attest:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-11-08-16-2

CONSIDER APPROVAL OF BRIDGE INSPECTION AGREEMENT WITH NORTH CAROLINA DEPARTMENT OF TRANSPORTATION: The City Manager advised that, as shown in the information presented to Council, the City of Marion and all cities owning or maintaining bridges are required to inspect said bridges every two years. The City owns three bridges, one on Claremont Street and two at the Public Works Department, and also maintains a bridge leading to the Prison Wastewater Pump Station and adjacent property off of Highway 226 South. Maps were presented by the City Manager showing the location of these bridges.

The City Manager reported that DOT provides three options for bridge inspections. The City has always chosen to have DOT complete the inspections. The City Manager presented a proposed agreement for bridge inspections between the City and DOT, providing for DOT to inspect City bridges. The City is responsible for 20 percent of the cost of the inspections. The City Manager stated that he would recommend Council approval of this agreement, to authorize DOT to inspect City bridges.

A discussion followed.

Council Member Clark asked why the two bridges at the Public Works Department were included, since he thought they should be considered culverts. The City Manager stated that

AA.00000213 (24)

these bridges had been included on the City's bridge inspection list since he had been here, but that he would check to see if these bridges could be considered culverts and removed from the list.

Council Member Owenby asked about the approximate cost of the bridge inspections. The City Manager stated that the City's share of the bridge inspections ran a little over $1,000 two years ago, but would be higher this inspection cycle.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted to approve the agreement allowing DOT to inspect City bridges, with the City covering 20 percent of the cost.

The vote was as follows:

Council Member Clark	Yes
Council Member Doggett	Yes
Council Member Martin	Yes
Council Member Owenby	Yes
Council Member Cuthbertson	No

The motion passed 4-1. Mayor Little stated that he had voted against these bridge inspections for 24 years as a Council Member, because he saw the inspections as an unnecessary Federal mandate.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that he had developed the schedule for the Marion 101 Citizens Academy. Marion 101 will take place on seven consecutive Thursdays from September 8 until October 20. Council is requested to attend the first and last sessions to meet the class participants. All sessions will take place from 6:00 p.m. until 8:30 p.m., except for the final session, which will begin at 5:30 p.m.

The City Manager advised that the City Code currently restricts construction activity from 7:00 a.m. to 6:00 p.m. on weekdays. The Building Inspector may authorize extended hours for up to three days in "emergency" situations. Until recently, the City Manager stated that he had only heard one complaint during his time in Marion about construction activity and that involved the night time roof work at the Bi-Lo Shopping Center several years ago. With the temperatures being so high this summer, the City has had some contractors wanting to start work as early as possible in the morning, which has led to some complaints.

Council Member Clark recently asked the City Manager a question about the restrictions the City has on construction activity and suggested that the City may need exceptions to allow contractors to start work earlier in hot weather. In looking at the days and hours in which construction activity is allowed, the City Manager stated that he thought at first glance that the City's ordinance was too restrictive. Therefore, he surveyed other cities to see if they had restrictions. He compiled examples from 13 other cities and presented the information to Council.

The City Manager stated that, while many cities seem to have the exact same ordinance that Marion does, or something very similar, Council may wish to consider allowing construction activity until later in the evening and on weekends, perhaps in the same manner as Waynesville and Hendersonville (7:00 a.m. to 9:00 p.m. on weekdays and 8:00 a.m. to 9:00 p.m. on weekends). That would seem to be a more practical time to allow construction than just 7:00 a.m. to 6:00 p.m. on weekdays. Language could perhaps also be considered to allow the Building Inspector to grant contractors an earlier start with construction activity in hot weather. Language could be kept to allow the building inspector to have the authority to allow construction activity

AA.00001214 (24)

at other times, in emergency situations, perhaps subject to revocation in residential districts if surrounding residential properties are disturbed.

The City Manager stated that Council direction concerning this matter would be welcomed. Mayor Little and Council Members stated that they would like the City Manager to present a draft ordinance with revised construction hours for Council consideration at a future meeting.

The City Manager advised that he had received a letter from the State, advising that the City had been selected for a $5,000 grant to place gravel on a portion of the Peavine Trail. No local match is required. The City Manager commended Planning and Development Director Heather Cotton on her work to obtain yet another grant for the City.

The City Manager advised that the annual National Night Out Event on August 2 was a great success, with an excellent crowd despite the extremely hot weather. Sgt. Kellie Duncan and all the Police Department staff did a great job planning the event and having a wide range of activities and food for people of all ages. The City Manager stated that he had commended Chief Brooks and the Police Department staff for their efforts. The City Manager stated that he had also thanked Public Works Superintendent Roger Estes and Fire Chief Jim Neal for the help of Public Works and Fire Department staff with the event.

The City Manager advised that contractors are making great progress with the extension of water and sewer service on Sugar Hill Road to I-40. Water service was available to the Wal-Mart Supercenter prior to July 1, but the developer was not ready on their side of the connection. The contractors had the City in a position to be able to pump and haul as of early August. The City Manager stated that the contractors had been making great progress with the sewer extension, but had recently been slowed to a issue with soils at the pump station being constructed behind the Rutherford Electric truck stop on Sugar Hill Road. He said that he hoped the sewer extension could be completed in September.

The City Manager advised of staff efforts to obtain approval for a pump and haul permit, to allow the City a backup option for sewer service, in case the sewer extension is not completed by the time that businesses need sewer service in September.

The City Manager stated that, at the July 19 Council meeting, Council approved Mr. Jon Hartman of Holly's Deli to operate a mobile food vendor hot dog cart in the City's West Henderson Street Parking Lot in front of the Farmer's Market. Mr. Hartman dropped off a request asking for approval to change his main location to North Main Street in front of the Gazebo Park and also to use any of the five approved locations so long as no one else applies to use them. The City Manager advised that Mr. Hartman had technically already asked for approval to use any of the five locations in his original application, so he was not asked to complete another application.

Council Member Clark noted that allowing Mr. Hartman to use all five vendor spaces could be a problem if someone else wanted to set up a mobile food vendor operation. The City Manager advised that Mr. Hartman had agreed to use only his primary space if another vendor wished to have another space.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to authorize Mr. Jon Hartman of Holly's Deli to change his primary mobile food vendor location for his hot dog cart to North Main Street in front of the Gazebo Park and also to use any of the five approved mobile food vendor locations so long as no one else applies to use them. If another vendor applies to use another space, Mr. Hartman will have to revert to using only his primary space.

The City Manager reported that F&S Contractors began work in early August on the water line replacement on Park Avenue. To stay within the $90,000 contract award for this project, F&S

AA.00000121S (24)

will install the water line and City staff will make the 38 taps needed on the new line. This should speed up the project.

The City Manager advised that the DOT contractor, Maymead, is working on the Downtown Streetscape Project, with a scheduled completion date of October 14. He said that DOT and Maymead had stated their intention to complete the street resurfacing before the Mountain Glory Festival on October 8. Council Member Clark suggested having the Mountain Glory Festival on Logan Street and in the West Henderson and Depot parking lots if Main Street is not resurfaced by the time of the Festival.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Cuthbertson stated that County EMS Director William Kehler told him that he is pleased with the traffic changes on Main Street and stated that the new traffic pattern is actually better for emergency vehicles, given the center turn lane.

Mayor Pro Tem Cuthbertson reported tall grass on a lot fronting on Willow Street. The City Manager stated that staff would notify the new owner of the property of this violation.

Mayor Pro Tem Cuthbertson asked Finance Director Harriett Thomas the total of the City's 2011-12 tax billing. Ms. Thomas stated that the County left recent annexations and split properties off of the City's tax scroll, so the final tax billing had not been determined. She said that staff was optimistic that the final billing numbers would exceed the 2011-12 budgeted amount.

Mayor Little invited Council Members to attend the Rural Center grant meeting at the Depot at 8:30 a.m. the following morning and the Golden Lead Foundation Community Investment Initiative meeting at the Depot at 4:00 p.m. the following afternoon.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, September 6, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

AA.00001216 (24)

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Rev. & Mrs. Sonny Reeves 260 Fleming Avenue, Marion, NC; Ronnie Burgin, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER CLARK: Council Member Clark selected the Citizen of the Month for September 2011.

Reverend Sonny Reeves

Council Member Clark stated that it is his honor and privilege to recognize Rev. Sonny Reeves as Citizen for the Month for September.

Rev. Reeves recently retired as Director of the Blue Ridge Baptist Association, which represents 42 Baptist churches in McDowell County. He has been married to his wife, Sandra, for 48 years. They have 2 daughters and one son.

Council Member Clark stated that Rev. Reeves is a genuine person. He grew up Martinsville, Virginia and served in the Marines. Rev. Reeves served several churches as Pastor before coming to Marion.

Council Member Clark asked Rev. Reeves to speak about the Blue Ridge Association and what has been accomplished over the years. Rev. Reeves gave a brief overview of some of the activities of the Association.

Rev. Reeves stated that his plans are to continue to live here in McDowell County when he retires.

Mayor Little and Council Members all shared kind words about Rev. Reeves and congratulated him on his selection as Citizen of the Month.

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Council Member Owenby, Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – August 16, 2011 Regular City Council Meeting Minutes

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – GARDEN CREEK ROAD/O'MALLEY PROPERTY: Mayor Little opened the Public Hearing.

The City Manager advised that this public hearing is required on the requested annexation of the 0.79 acre O'Malley property on Garden Creek Road. This residential property, located adjacent to the City Limits and across Garden Creek from the Miss Jacie's School of Dance and Berryhill properties, contains five residences. After the public hearing, Council may adopt the ordinance presented to annex the property effective immediately.

There were no citizens present to discuss this annexation.

Mayor Little closed the Public Hearing.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to adopt the following ordinance adopting the Garden Creek Road/ O'Malley Property effective immediately:

AA.00001217 (24)

**AN ORDINANCE TO EXTEND
THE CORPORATE LIMITS OF THE
CITY OF MARION, NORTH CAROLINA –
GARDEN CREEK ROAD/O'MALLEY PROPERTY-2011**

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, September 6, 2011, after due notice by publication on Wednesday, August 24, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of September 6, 2011:

TRACT ONE
BEING lots Nos. 42, 43, 44, 45, 46, 47 and 48 in Block C, Map 4, of the J.L. Morgan Pleasant Garden Farm.

Each of the above numbered lots front 25 feet on the West side of the old Macadam Highway and runs back to the center of Garden Creek according to a map of the above described property which is recorded in the Office of the Register of Deeds for McDowell County, North Carolina, in Map Book 1, at page 54, reference is here made to that certain deed dated June 27, 1968, by Annie May Nunnally, widow, to Matthew A. Nunnally, Jr., and recorded in Book 199 at page 513 of the McDowell County Public Registry.

AND BEING THE SAME LANDS described in and conveyed by deed dated July 26, 1976, from Charles Otto Nunnally and wife, Madeline Nunnally, et als to Buddy Biggerstaff and wife, Marjorie Biggerstaff, the same being duly recorded in the Office of the Register of Deeds for McDowell County, to which reference is hereby made.

TRACT TWO
BEING LOTS Nos. 39, 40, and 41 in Block C, Map Four of the J.L. Morgan Pleasant Gardens Farm, each of the above lots fronting 25 feet on the West side of the old Macadam Highway and running back to the center of Garden Creek, according to map of the above described property which is recorded in Map Book 1, at page 54, of McDowell County Deed and Map Records, to which said map reference is here made for a full and complete description of the property herein conveyed.

AND BEING the same lots of land described in that certain Deed from R. Earl Freeman and wife, Helen Louise Freeman, to A. Bryant Hoyle and wife, Mary Rena Hoyle, dated December 8, 1946, and which appears of record in the Office of the Register of Deeds for McDowell County, North Carolina, in Book 100, at page 455, to which said deed reference is herein made.

Reference is also herein made to the Last Will and Testament of Rena M. Hoyle which appears of record in the Office of the Superior Court of McDowell County, North Carolina.

Reference is also herein made to that Deed given by Ellen J. Crawford to Mrs. Rena M. Hoyle, dated December 4, 1947, and recorded in Deed book 100, page 435, in the McDowell County Registry.

Section 2. Upon and after September 6, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

AA.000001218 (24)

ADOPTED this the 6th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-11-09-06-1

PUBLIC COMMENT PERIOD: Mr. Ronnie Burgin appeared before Council to discuss his concerns about the Downtown Streetscape Project, particularly involving reducing Main Street from four lanes to three lanes. Mr. Burgin stated that he used to go to the Post Office on South Main Street from his place of business on North Main Street in ten minutes and that today it took him twenty minutes. Mr. Burgin stated that he had concerns about EMS and other emergency vehicles being able to get through traffic on Main Street with the new traffic pattern.

The City Manager advised that County EMS Director William Kehler has stated that the new traffic pattern works well for EMS and is actually an improvement over the old pattern.

The City Manager stated that the main problem with the new traffic pattern is the traffic signal timing. He stated that DOT had not yet adjusted Main Street traffic signals to the new traffic pattern, despite the City asking them to do so.

Mr. Burgin stated that he does not understand why the City would allow the loss of 11 or 12 parking places on Main Street.

Mayor Little stated that the City is losing a few spaces in the Court Street to Henderson Street block on Main Street, but that the overall effect on downtown is neutral, if not resulting in the gain of some marked parking spaces.

Mayor Pro Tem Cuthbertson stated that he feels that part of the problem is that people does not know what to do during the transition period. He noted that the Grand Strand in Myrtle Beach recently changed from a four lane to a three lane traffic pattern and traffic is flowing well.

Mayor Little stated that when the bump outs are finished, traffic cones are removed and pavement is clearly marked, the situation will be much improved. Right now, the construction zone and new traffic pattern feel and look different, which caused people to have some fear and concerns. Mayor Little stated that, when the overall project is completed, the end result should be a better plan for the downtown area.

The City Manager added that years of work and a great deal of citizen input went into the Downtown Streetscape design. Mayor Little stated that DOT had the final say on the design, since Main Street is a U.S. Highway owned and maintained by DOT.

Council Member Clark stated that he feels there is one place that needs to be addressed and that is at the Marion Post Office. Traffic does not have anywhere to go coming out of the post office and it is creating congestion.

Mr. Burgin stated again that he feels this new traffic design is not going to work. He feels the pattern around the Post Office will create wrecks.

AA.000001219 (24)

Council Member Doggett stated that she feels that left turn signals need to be installed on Main Street at Court Street, for the protection of pedestrians.

Mr. Burgin stated that he has large trucks that cannot make turns at several locations, especially at State and Main Streets.

Mayor Little noted again that the City does not own or maintain Main Street. However, the City will do all that it can to make Main Street as safe and as business friendly as possible.

Council Member Clark stated that several years ago, the City asked the Post Office to work with the City to buy property adjacent to the Post Office on Main Street to connect some parking issues, which would have solved many issues with the traffic at the Post Office. He advised that the Post Office chose not to work with the City at that time.

CONSIDER ADOPTION OF REVISED CITY POLICY – LOANING OF CITY EQUIPMENT: The City Manager advised that Council directed him at the August 16 meeting to draft a recommended policy concerning the use of City stages, in light of the request by Mr. Ronnie Taylor to use a City stage for a concert at the Farmer's Market Shelter next April to benefit local charities.

Rather than create a new policy, the City Manager stated that he had revised the City's existing policy on loaning of City equipment. In the revised policy, he added McDowell Mission Ministries to the list of agencies to which the City may loan equipment, since the City has had a funding relationship with McDowell Mission Ministries within the past two years. In addition, the City Manager stated that he had added language specific to providing City stages for individuals, businesses, organizations or groups meeting certain criteria. This criteria includes avoiding paying overtime to set up or remove the stages, requiring the stages to be set up on public property in the City, requiring the requester to hold an event of public interest open to the public that has been approved pursuant to City policy, prohibiting an admission fee for such events, allowing donations to be accepted if the donations benefit one of the organizations specifically listed in the policy and requiring a setup and removal fee of $50.00 to be paid to the City. The City Manager stated that Council may consider the $50.00 fee to be too high for events that will be required to be for charitable purposes.

Council Member Owenby stated that he feels the proposed set-up and tear down fee of $50.00 would be appropriate for the work involved.

Mayor Pro Tem Cuthbertson and Council Member Doggett stated that they agreed with Council Member Owenby that $50.00 is a reasonable charge. Mayor Pro Tem Cuthbertson suggested that groups using the stage could pay for the $50.00 fee from donations.

Council Member Clark asked why the ABC Board is on the list of organizations to which the City may loan equipment. The City Manager advised that the ABC Board is technically a separate legal entity. Council Member Clark suggested that the ABC Board be removed from the policy and treated like any other City department in being able to use City equipment at any time.

Mayor Pro Tem Cuthbertson stated that the McDowell House should be added to the list of organizations to which the City may loan equipment, since the Carson House is listed.

After a brief discussion, Council agreed by consensus that the ABC Board should be removed from the list of organizations to which the City may loan equipment and the McDowell House added.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the following policy on Loaning of city equipment:

AA.000001220 (24)

City of Marion
Policy on Loaning of City Equipment

The City of Marion, with the exceptions listed below, strictly prohibits the loaning of City owned supplies or equipment to individuals, businesses, groups or outside agencies. The use of City owned vehicles and equipment by an employee for personal use is also strictly prohibited. With the permission of the City Manager, City owned equipment and supplies such as tables, chairs, stages, the p.a. system and other approved equipment, not to include in any case vehicles or motorized equipment, may be loaned to the following outside agencies:

1. McDowell County
2. Town of Old Fort
3. McDowell County Schools
4. McDowell Technical Community College
5. McDowell House
6. McDowell County Rescue Squad
7. McDowell Arts and Crafts Association
8. McDowell Trails Association
9. Carson House
10. Any non-profit agency with which the City has a funding relationship. As of July 1, 2011, these agencies will be restricted to the Marion Business Association (MBA), the McDowell Chamber of Commerce, McDowell Mission Ministries, the Marion Firefighter's Association and the McDowell Economic Development Association (MEDA).

In addition to the preceding, City stages may be set up for individuals, businesses organizations or groups under the following conditions:

1. The stage(s) will be set up and removed by City employees at such times such as to prevent the City paying overtime.

2. The stage(s) will be set up on public property within the City of Marion.

3. An event of public interest will be held that is open to the public and for which approval has been granted pursuant to City policy.

4. The event will not require the payment of an admission fee, although donations may be requested.

5. Any donations received through the event shall be used to fund one of the organizations specifically listed above.

6. A fee of $50.00 shall be paid to the City by the requesting individual, business, organization or group to offset the costs of the setup and removal of the stage(s).

Prior to any equipment or supplies being loaned under this policy, an employee or representative of the agency borrowing the equipment must sign a statement acknowledging the equipment or supplies that they are borrowing, accepting total responsibility for said equipment or supplies and acknowledging that the agency will immediately pay for any damages sustained by the equipment that is borrowed.

Adopted by the City Council of the City of Marion this the 6th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Policy Number: P-11-09-06-1

REQUEST FOR USE OF FARMER'S MARKET SHELTER: The City Manager advised that, as discussed at the August 16 Council meeting, Mr. Ronnie Taylor, on behalf of the band SideStreet (which has played the July 4th Celebration and other local events

AA.00001221 (24)

on multiple occasions), submitted a letter requesting use of the Farmer's Market Shelter on Saturday, April 28, 2012 for a concert featuring local entertainment. The event would be open to the public, but donations would be taken to support local charities. Mr. Taylor requests that City stages be set up for this event.

The City Manager stated that the stages could be set up on Friday and removed on Monday, to avoid any overtime.

The City Manager advised that Mr. Taylor had spoken with Marion Business Association Executive Director Freddie Killough and had confirmed that there would be no conflict with the Farmer's Market on the proposed date.

The City Manager stated that this sounds like a good opportunity to have a free concert that the public could enjoy, and to showcase local talent and to help local charities. Mr. Taylor stated in his letter that he hopes this could become an annual event.

The City Manager added that use of the City stages could then be approved by staff, pursuant to the Loaning of Equipment Policy earlier approved by Council.

Council Member Clark asked who would review bands that play at such events, to make sure they are appropriate. He said that he had confidence that SideStreet would be fine, but noted that some bands could be considered obscene or objectionable.

Mayor Little stated that it would be hard to judge which bands are appropriate and which are not.

Council Member Martin advised that Council could not make such a decision tonight.

The City Manager proposed that Marion Business Association Executive Director Freddie Killough work with Mr. Taylor and other groups using public property for such events to make sure that bands that played are appropriate.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to approve the request of Mr. Ronnie Taylor, on behalf of the band SideStreet, to use the Farmer's Market Shelter on Saturday, April 28, 2012 for a concert featuring local entertainment, with McDowell Mission Ministries being the beneficiary of donations raised from the event.

CONSIDER APPROVAL OF MUNICIPAL AGREEMENT WITH N.C. DEPARTMENT OF TRANSPORTATION TO CONSTRUCT SIDEWALK ON HIGHWAY 70 WEST BETWEEN WEST McDOWELL JUNIOR HIGH SCHOOL BALLFIELD AND GREENWAY ENTRANCE: The City Manager advised that in February, Council approved the maintenance of a sidewalk to be constructed by DOT on Highway 70 West between the West McDowell Junior High School Ballfield and the Greenway entrance, subject to the following conditions:

A. That liability insurance coverage be provided for this sidewalk on the City's insurance policy – The City Manager noted that the City's property and liability insurance agent, Marsh Dark of Morrow Insurance, informed him after the meeting that there are no issues with insurance coverage for the sidewalk, as long as it is owned and maintained by the City.

B. That the area of the sidewalk can be annexed or donated to the City – The City Manager reported that the sidewalk will be constructed on DOT right of way. The City Manager said that he has discussed with DOT District Engineer Doug McNeal the need for DOT to sign an annexation petition for the Highway 70 West right of

AA_000001222 (24)

way between the current City Limits at the western edge of the Lowe's property and the Greenway entrance, a distance of 1,206 feet.

C. That a request be made to DOT to extend the sidewalk eastward along Highway 70 West in the direction of Lowe's – The City Manager advised that he made this request to Mr. McNeal, who told the City Manager that there was not sufficient funding at this time for anything other than the crosswalk and sidewalk from the West Junior High Ballfield to the Greenway entrance.

The City Manager reported that DOT has apparently approved the sidewalk and forwarded the attached Municipal Agreement for approval and execution. DOT will design and construct the sidewalk. In the agreement, the City is responsible for right of way acquisition. However, the sidewalk will be constructed on DOT right of way, so this should not be an issue. If there is any issue with right of way or easements, the Phillips family has already indicated that they will cooperate with the City and provide the necessary property for the sidewalk.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the Municipal Agreement with DOT for the construction of a sidewalk on Highway 70 West between West McDowell Junior High School Ballfield and the Greenway Entrance.

The City Manager stated that he would work with Doug McNeal to obtain the annexation petition for the Highway 70 West right of way from DOT as soon as possible.

CONSIDER ADOPTION OF ORDINANCE TO AMEND CHAPTER 9 OF CITY CODE TO EXTEND DAYS AND HOURS FOR CONSTRUCTION ACTIVITY: The City Manager advised that, as discussed by Council at the August 16 meeting, he drafted an ordinance to expand the days and hours in which construction activity is allowed. The current City Code restricts construction activity to Monday through Friday 7:00 a.m. to 6:00 p.m. and allows the building inspector to grant exceptions from these time periods for up to three days in the case of urgent necessity affecting the public safety.

The City Manager stated that he discussed this with the Building Inspector and would recommend adoption of the proposed ordinance presented to Council, based on other ordinances throughout the region, particularly those in Waynesville and Hendersonville, allowing construction activity 7:00 a.m. to 9:00 p.m. on weekdays and 8:00 a.m. to 9:00 p.m. on weekends. The ordinance would authorize the building inspector to grant exceptions from these time periods for up to three days in emergency situation, in the case or urgent necessity affecting the public safety and in situations involving health or medical reasons (such as extremely hot weather). Exceptions lasting longer than three days would require Council approval.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance amending Chapter 9 of the Health and Sanitation Ordinance to extend the days and hours for construction activity in the City:

ORDINANCE
AMENDING CHAPTER 9
HEALTH AND SANITATION
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 9, Health and Sanitation, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 9 is amended by deleting Section 9-102 (10) in its entirety and replacing it with the following:

AA.000001223 (24)

(10) Construction operations, including excavating, demolition, alteration, or repair of any building in a residential or business district, other than between the hours of 7:00 a.m. to 9:00 p.m. on weekdays and 8:00 a.m. to 9:00 p.m. on weekends. The building inspector is authorized to grant exceptions from these time periods through the issuance of a permit in emergency situations, in the case of urgent necessity in the interest of public safety or in situations necessary for health or medical reasons, which permit may be renewed for a period of three (3) days, or less, while the emergency continues. Exceptions from these time periods for the reasons listed above for a period longer than three (3) days requires the approval of the City Council.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-09-06-2

APPROVE AWARD OF ENGINEERING SERVICES CONTRACT FOR EASTFIELD AREA SIDEWALKS COMMUNITY DEVELOPMENT BLOCK GRANT PROJECT: The City Manager advised that the City recently took proposals for engineering services for the Eastfield Area Sidewalks Community Development Block Grant (CDBG) Project. CDBG guidelines require grantees to take proposals for engineering services. The City advertised this opportunity and received proposals from five firms.

The City Manager stated that a staff committee composed of Finance Director Harriett Thomas, Public Works Superintendent Roger Estes and himself reviewed the proposals and unanimously recommend that Council award the contract to McGill Associates. The ranking sheets were presented for Council review. The City Manager advised that McGill Associates has vast experience with similar projects and has great local knowledge about the City and this project.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to award the contract for engineering services for the Eastfield Area Sidewalks Community Development Block Grant Project to McGill Associates.

DISCUSS REPLANTING OF OLD WASTEWATER TREATMENT PROPERTY ON COLLEGE DRIVE: The City Manager advised that Mr. Scott Ellis from the N.C. Forest Service had provided some ideas for replanting the Old Wastewater Treatment property on College Drive. The City Manager presented a report from the Forest Service, indicating that the cost of site preparation and replanting 35-40 acres of the property would be almost $15,000. A less expensive option would be burning the site, which could cut the costs in half. However, the City Manager stated that both Mr. Ellis and himself have concerns about burning in the College Drive location, due to the property's proximity to McDowell Tech, two prisons, I-40 and Highway 226. The City Manager reported that another option is to let the site grow naturally. He said that yellow poplar is prevalent on the property, although natural growth might not result in as good a stand of timber as replanting.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to let the site grow naturally for the foreseeable future.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager stated that the Tree Board met this morning and has decided to have a booth at this year's Mountain Glory Festival. The Tree Board will not hold a raffle, due to Mountain

AA.00001224 (24)

Glory Festival rules prohibiting such raffles, but will give out free tree seedlings to the public and provide education about tree pruning.

The City Manager stated that the Tree Board also decided not to recommend planting trees at this time in the Community Building Park, to replace the large oak tree recently removed from the Park. The Tree Board wants to wait a year to see if the City can make progress on needed construction work in the Park. The City Manager stated that staff had estimated the cost of implementing the final phase of the Community Building Park Master Plan, including grading work, construction of a retaining wall near the location of the oak tree recently removed, construction of sidewalks in the Park and installation of benches and adult swings, will be around $10,000. The City has $30,000 budgeted for park improvements this year, which will likely have to be used for the scheduled construction of the new Clinchfield Park, making it unlikely that the City could finish the Community Building Park improvements in the 2011-12 Fiscal Year.

The City Manager further reported that the Tree Board recommended that holly trees on the sidewalks in the downtown area continue to be pruned in the same manner as they have been pruned in the past.

Mayor Little and City Council Members expressed general agreement with all of the Tree Board recommendations.

The City Manager advised that Public Works Superintendent Roger Estes has obtained estimates for an asphalt bike trail/sidewalk on Ridge Road, compared to a concrete curb and gutter and sidewalk. The estimate for the asphalt sidewalk from Johnson Paving was $55,000. The estimate for concrete curb and gutter is $156,800. The City Manager stated that Mr. Estes thinks he could get a better price on the asphalt, but it may be good to plan for a higher price just in case. The City Manager suggested that the $55,000 figure would be more than the City could spend this year, but perhaps this project could be added to the Street and Sidewalk Priority list and worked in over the next couple of years. He recommended that Council see if DOT will construct the needed section of sidewalk on East Court Street between Branch and Church Street and then decide if the Ridge Road asphalt sidewalk should be added to the City's priority list.

The City Manager advised that the City's contractors continue to make great progress on the Sugar Hill Road Water and Sewer Extension. Water service is in place to the Wal-Mart Supercenter and progress was being made on the pump stations and sewer line extensions, until the contractors ran into a soil issue at the pump station behind the old truck stop on Sugar Hill Road. McGill determined in late August that an additional two to three feet of soil would need to be excavated to make the soil stable around the retaining wall to be built at this pump station. This excavation will hopefully be done soon to put the project back on track.

The City Manager reported that the City received a pump and haul permit from the State on August 23 and had to start pumping and hauling on August 29, to allow contractors to test restrooms at the Wal-Mart Supercenter site. Wal-Mart is supposed to take possession of their store around mid-September. The stocking and training process will take 4-5 weeks, putting the opening of the store in early October. Some of the stores in the shopping center may be open in late September.

The City Manager stated that Council Member Clark mentioned a few meetings ago new Federal standards requiring States and local governments to replace street and traffic signs with new signs designed to meet retro-reflectivity standards. The idea was to make the signs easier to read, especially at night, by seniors and others who may have vision problems. As shown on information presented to Council, the Federal government has now scrapped plans to set deadlines for the replacement of most signs, unless in a few cases directly related to public safety. Instead, most signs will be able to be replaced in accordance with normal replacement schedules or as needed. The City Manager stated that City staff is aware of the new standards, so the City

AA.000001225 (24)

will make sure that new signs are compliant. Not having to comply with deadlines will save the City thousands of dollars in needless expenses.

The City Manager advised that Marion 101 will be held on seven consecutive Thursdays from September 8 until October 20. Council is requested to attend the first and last sessions to meet the class participants. All sessions will take place from 6:00 p.m. until 8:30 p.m., except for the final session, which will begin at 5:30 p.m. The City Manager stated that a total of 20 people ended up registering for the class.

The City Manager stated that the $6.6 million Wastewater Improvements Project is being closed out. As previously reported, City staff found that the City had some money leftover in the project, so the City is having contractors complete resurfacing of all roads at the Wastewater Plant and to pressure wash and paint tanks at the Plant. This work will wrap up in September. All of the grant agencies have been very impressed by the final product.

Council Member Clark asked for a copy of the accounting for the Wastewater Improvements Project. The City Manager stated that he would provide this information.

The City Manager advised that Maymead is making good progress on the implementation of the Downtown Streetscape Project. The completion date for the project is October 14, but DOT and Maymead both indicate that they will work to have the Main Street resurfacing completed by the time of the Mountain Glory Festival on October 8.

The City Manager advised that, as previously reported, the City was turned down for State Revolving Fund (SRF) funding for the sewer extension under I-40 to serve Marion Travel Plaza on Sugar Hill Road. The City's application is being resubmitted for the September SRF grant cycle. McGill found some scoring errors the State made with their initial review of this application. In addition, the N.C. Division of Water Quality has provided a letter of support for this project. Therefore, Dennie Martin believes that the City stands a much better chance of having this project funded this grant cycle.

COUNCIL MEMBER COMMENTS:

Council Member Clark gave a report on the Southern Municipal Conference meeting he attended the week before in Lexington, Kentucky. He noted that the N.C. League of Municipalities covered all of his travel expenses.

Council Member Doggett stated that she had noticed benches in front of deli and Pub on Main Street chained to signs and asked if these are some of the City's benches installed as part of the Downtown Streetscape Project.

The City Manager stated that these are not the City's benches and the City can deal with the placement of the benches through an encroachment agreement with the business.

Mayor Pro Tem Cuthbertson stated that he had heard numerous complaints about customers smoking on Main Street in front of the Pub and that pedestrians could not walk through that section of the sidewalk without going through a cloud of smoke.

Council Member Clark stated that he is on the N.C. League of Municipalities Nominating Committee and encouraged the Mayor or any Council Member interested to run for a position on the League Board of Directors.

Council Member Doggett stated that she may be interested in running for the N.C. League Board. The City Manager will get Council Member Doggett information on how to put her name forward for the League Board.

AA.000001226 (24)

The City Manger commended Police Chief Mark Brooks on his efforts for the consolidation of the City and County dispatching operations into the lower level of the Police Department and stated that he appreciates all Chief Brooks has done.

Council Member Owenby asked if all of the City dispatchers are now County employees. The City Manager stated that all of the City's full-time dispatchers became County employees on August 1.

CLOSED SESSION – DISCUSS A MATTER INVOLVING THE LOCATION OF BUSINESS OR INDUSTRY UNDER N.C.G.S. 143-318.11(a)(4): Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, those members of Council present voted to go into Closed Session under N.C.G.S. 143-318.11(a)(4) to discuss a matter involving the location of business or industry.

REGULAR SESSION: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to go back into Regular Session.

Mayor Little announced that no action was taken by Council in the Closed Session.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, September 20, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mark Brooks, Police Chief.

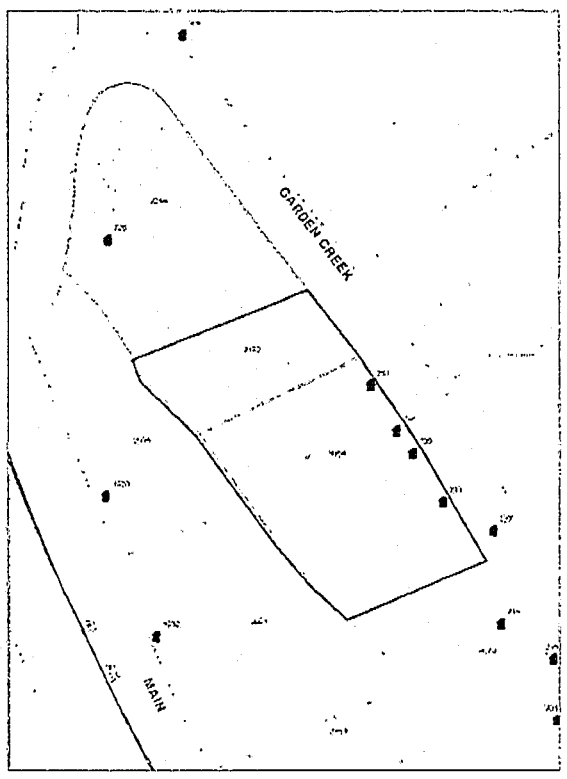
GUESTS PRESENT: Brandon Davis 90 Cherokee Way, Marion, N.C.; Dave Kehler, 1524 North Main Street, Marion, N.C.

OPENING OF MEETING: Mayor Little opened the meeting.

AA.00001227 (24)

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – September 6, 2011 Regular City Council Meeting Minutes and September 6, 2011 Closed Session Minutes



B. Approve Amendment to City Fee Schedule
Council approved amending the City Fee Schedule to establish a $15.00 fee for garnishments and attachments for collection of unpaid taxes or liens, as recommended by Tax Collector Brett Moore

C. Approve Voting Delegate and Alternate for N.C. League of Municipalities Conference

Council Members Everette Clark, Juanita Doggett and City Manager Bob Boyette will be attending the N.C. League of Municipalities Conference. Council designated Council Member Clark to serve as the City's Voting Delegate and City Manager Bob Boyette to serve as the Alternate Voting Delegate.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO GARDEN CREEK ROAD/O'MALLEY PROPERTY:
Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that, on September 6, 2011, Council adopted Ordinance No. O-11-09-06-1, extending the corporate limits to include two parcels of land owned by the O'Malley family on Garden Creek Road. These parcels include one existing single-family home, and a mobile home park with four (4) units.

Ms. Cotton stated that the purpose of this ordinance is to assign an appropriate zoning designation to the annexation area that is most compatible with the existing uses within the area and to provide a mechanism to regulate such uses. Based on Marion City Code, the subject area is most compatible with Section 21-202, *R-2 General Residential*. The R-2 General Residential Zoning District is established as a district where the principal use of land is for residential purposes, and which allows for mobile homes. Therefore, Staff is recommending the R-2 General Residential designation.

Ms. Cotton reported that the Planning Board made a unanimous recommendation for approving Staff's recommendation to assign the R-2 General Residential Zoning District to the Garden Creek Road/O'Malley annexation area.

There were no citizens present to discuss this Public Hearing.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adopt the following Ordinance amending the *Official Zoning District Map* to assign the R-2 General Residential Zoning District to two residential properties located on Garden Creek:

AA.00001228 (24)

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
ASSIGN ZONING TO O'MALLEY/GARDEN CREEK ROAD ANNEXATION

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the O'Malley/Garden Creek Road Annexation Territory, as adopted by City Council Ordinance Number O-11-09-06-1

Section 3. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 4. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing September 1, 2011.

Section 5. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321.1 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 6. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 7. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 8. This ordinance shall become effective upon approval.

Adopted this the 20th day of September 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-09-20-4

APPROVAL OF SUBDIVISION PLAT – DAVE KEHLER BULDERS, INC. – VALE STREET: Planning and Development Director Heather Cotton advised that Dave Kehler Builders had submitted an application for a major subdivision approval. Ms. Cotton stated that Mr. Kehler is requesting to subdivide a parcel of land on Vale Street into eight individual lots. The parent tract is located on the corner of Rutherford Road and Vale Street and has the Parcel Identification Number (PIN) 1701.12-85-7319.

Ms. Cotton stated that the property currently contains one single-family residential unit, which also includes a home occupation approved as a Special Exception in December 2009, as well as a private cemetery located in the northeast corner of the property.

Ms. Cotton advised that the property is zoned R-2 General Residential, and no change to the district would be required as a result of this request or make any use or structure non-conforming as a result of this request.

Ms. Cotton further advised that, pursuant to Chapter 21 *Zoning* of the Marion City Code, Section 21-203 General Residential allows for single family, multi-family dwellings of 8 units or less, any additional density or variation from the bulk regulations would require Special Exception approval as a Planned Unit Development. According to the application, the Applicant is requesting to establish seven (7) new parcels that would each contain a single-family residential unit approximately 1,300 square feet in size, and include common areas deeded to a new incorporated home owner association, which would be responsible for all maintenance in

AA.000001229 (24)

perpetuity, including but not limited, to lawn care, shared driveway, and on-going maintenance of other common areas, and privately owned and operated facilities and services provided to future owners and/or their tenants.

Ms. Cotton presented the following information for Council's consideration:

(1) Ownership Control: City Code Section 16-8 *Sale*, requires that no person requesting a subdivision of land transfer or sell with reference to a plat any lot contained within the proposed subdivision nor shall a building permit be issued until approved by the Marion City Council, and such plat has been recorded by the McDowell County Register of Deeds.

(2) Density Requirements: R-2 General Residential allows for one unit per 7,000 square feet which is equivalent to 6.5 units per acre, with the exception that Section 21.203.(2), which allows multi-family dwellings up to eight (8) units. While, the individual lot sizes are slightly smaller than the Code requires, the number of units proposed is less than the maximum allowable density.

(3) Frontage Requirement: The property will have direct access to Vale Street with a shared common drive for all eight individual parcels, which includes the existing single-family residence. As part of the project, the existing driveway on Vale Street will be realigned to provide access to all parcels. The proposed plan provides for a 25-foot setback of all structures from Vale Street.

(4) Minimum Distance:
   a. Building separation: the buildings are more than 20 feet apart to ensure adequate air, light, privacy, and space for emergency vehicles.
   b. Each dwelling shall have access to a public street via a common private driveway. The driveway is proposed to terminate within the development, utilizing a Cal-du-sac design. In addition, while the Applicant is not proposing to request dedication of the driveway as a public street, the driveway has been designed to accommodate two-way traffic and a cul-de-sac with a 40-foot turning radius to allow access for large wheel-based vehicles such as fire trucks or other emergency vehicles.

(5) Utility Requirements: Water and sewer is available to the site, and has sufficient capacity to serve seven new dwelling units and ancillary uses.

(6) Parking Requirements: Two (2) parking spaces are required per dwelling unit, therefore a total of 14 parking spaces is required. The Applicant is providing 14 parking spaces as well as a few additional parking spaces to accommodate visitor parking.

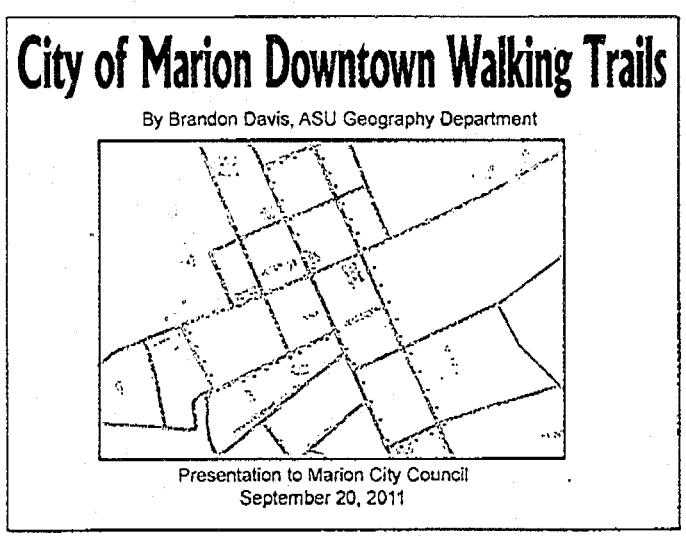
(7) Pedestrian/Bicycle Facilities: The Applicant has not proposed any pedestrian or bicycle facilities as part of the project, and while an existing sidewalk is located on Rutherford Road there is no public sidewalk on Vale Street to tie into nor has any sidewalk improvements been recommended on this residential street. A Planning Board Member made a recommendation that the Applicant install a sidewalk from the entrance of the private drive and connect to the existing sidewalk on Rutherford Rd. The sidewalk would be approximately 150 feet in length. Though not a requirement of the City Code, the Applicant stated that he was not opposed to installing the sidewalk and would work with Mr. Harrison to secure an easement for its installation and work build it to the City's design standards.

(8) Physical Layout: The proposed layout of the development is compatible with adjacent land uses and should not have any adverse impacts as a result of the subdivision and development project. The front entrance of each individual unit will face the private

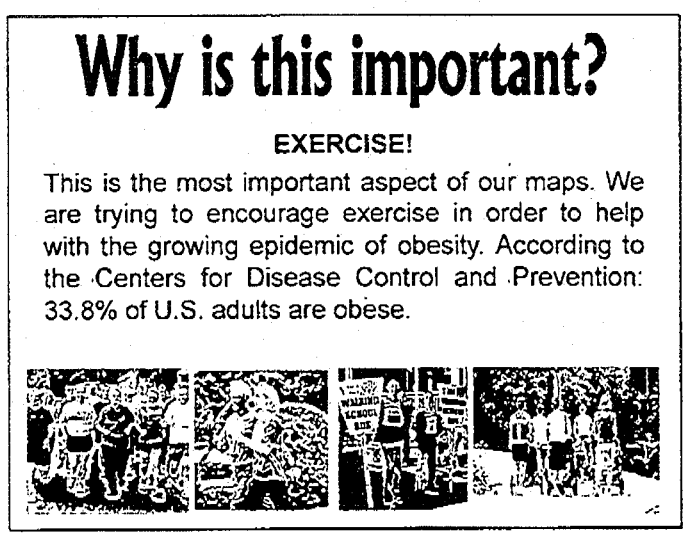
AA.00001230 (24)

driveway. Though not required, Staff would recommend that the Applicant consider the rear façade of each dwelling unit fronting Vale Street, and provide design elements that eliminate or mitigate a "backyard" appearance from the public right-of-way.

(9) Conveyance: The applicant does not wish to convey any of the public areas of the project to the city for maintenance. The applicant has been advised that any conveyance of roads or infrastructure would have to meet the City and State's specifications at the time of installation.

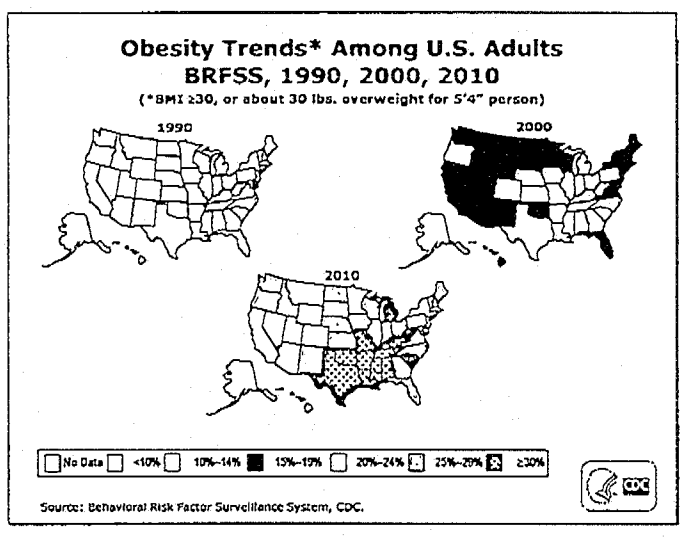


Ms. Cotton stated that the Planning Board, at their meeting on September 6, 2011, had made a unanimous recommendation to approve the major subdivision request.



Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request of Dave Kehler Builders for approval of a major subdivision of McDowell County PIN 1701.12-85-7319, located off of Vale Street.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.



PRESENTATION OF PROPOSED DOWNTOWN WALKING TRAIL BROUCHURE:
Planning and Development Director Heather Cotton stated that she had an intern from Appalachian State University, Brandon Davis, working this summer on a proposed downtown walking trail brochure, as had been suggested by Council Member Doggett.

Mr. Davis presented the following power point presentation and a copy of the proposed draft walking trail brochure to Council and said he welcomed direction on any changes Council may wish to make.

AA.000001231 (24)

More Than Just Fitness

Business. Increasing the number of walkers in the downtown translates into more foot traffic for local businesses. A walker who travels past a shop window is more likely to return to a business if they see something in the window that attracts their attention.

Family. Juggling work, school, and all of life's other demands often leaves little time for family and exercise. Taking a walk downtown not only provides affordable exercise for the whole family, it offers a chance to do something fun together. Many trails pass by playgrounds, historical sites, and shops that offers treats that can be enjoyed by the whole family.

Understanding Your Heart Rate & Improving Your Fitness Regiment

Monitoring heart rate during a fitness routine can be useful in determining how hard your working in order to reach your fitness goals.

For a quick measurement of your heart rate use two fingers on the side of your neck to count the number of heart beats in 10 seconds, multiply that number by six.

For example if you count 10 beats multiply that by 6. You should get 60 bpm (beats per minute).

10 x 6 = 60 heart beats per minute (bpm)

An adult's average resting heart rate is typically between 60 and 80 bpm. Athletes tend to have a lower bpm as a result of physiological changes that occur as a result of regular exercise, while a child's heart rate is based on age.

The American Heart Association recommends exercising somewhere between 50 and 85 percent of your maximum heart rate.

You should always consult your doctor first before starting any new exercise program.

Calculating Target Heart Rate Zone For Men

One of the easiest ways to calculate your maximum heart rate is to subtract your age from 220 and then multiply the total by the desired percentage of maximum bpm.

EXAMPLE:

20 yr old male – 220 = maximum 200 bpm
200 bpm x 0.50 (50%) = 100 bpm and 200 bpm x 0.85 (85%) = 170bpm

A Healthy Target Rate During Exercise Would Equal
100bpm and 170 bpm

30 to 60 minutes of exercise in your target heart rate zone an average of three to four times a week is ideal for maintaining a healthy lifestyle

Some medications and medical conditions can affect your heart rate. You should always consult your doctor first before starting any new exercise program.

AA.0000001232 (24)

Calculating Target Heart Rate Zone For Women

One of the easiest ways to calculate your maximum heart rate is to subtract 88% of your age from 206 and then multiply the total by the desired percentage of maximum bpm.

EXAMPLE:

20 yr old female x 0.88 = 18 – 206 = maximum 188 bpm
188 bpm x 0.50 (50%) = 94 bpm and 188 bpm x 0.85 (85%) = 160bpm

A Healthy Target Rate During Exercise Would Equal
94 bpm and 160 bpm

30 to 60 minutes of exercise in your target heart rate zone an average of three to four times a week is ideal for maintaining a healthy lifestyle

Some medications and medical conditions can affect your heart rate. You should always consult your doctor first before starting any new exercise program.

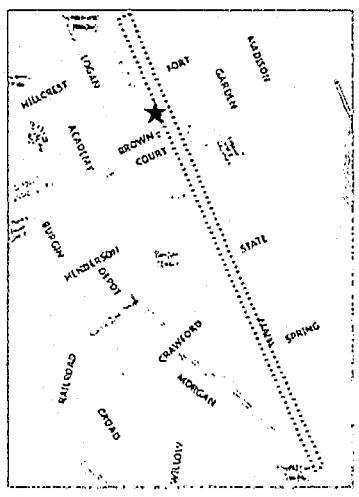
Other Exercise Tips

1. Before walking or running eat fruits or vegetables that are low in fiber such as bananas, plums, cherries, tomatoes, or peaches. Avoid high fiber foods, high-fat foods, and caffeine, which can all cause stomach and other gastrointestinal problems. Wait at least an hour after eating to avoid cramps during exercise.

2. Consuming water before, during, and after physical activity is necessary to stay hydrated and to maintain performance levels. Likewise too much water can also be harmful. Drinking 8 to 16 ounces of water at least 15 minutes before working out; 4-8 oz. water every 15-20 minutes to replace what is being lost during the workout, and 16-24 oz for every lb. lost after a workout are all recommended. Feeling lightheaded, uncoordinated, or experiencing muscle cramps are all signs of dehydration, which if left untreated could lead to heat exhaustion or heat stroke.

3. A 4:1 ratio carbohydrate (4 grams) to protein (1 gram) diet is recommended within 30 minutes of exercising, measured based on 0.3-0.6 grams of carbohydrate for each pound of body weight. Eating a high carbohydrate and protein meal or snack such as pasta, certain fruits and vegetables, and meat aids greatly in replenishing glycogen within the muscles which aids in recovery and greater ability to maintain a consistent training regiment.

You should always consult your doctor first before starting a new exercise program.



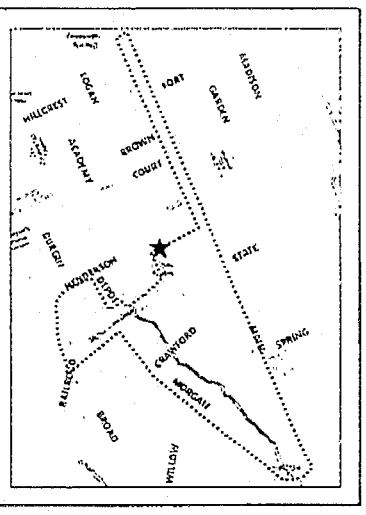
The Main Street Loop

Difficulty Level:
Easy

Length:
1.25 miles

Features:
Wide sidewalks
Signalized crosswalks
Window shopping
Historic architecture

Public Parking Options:
Gazebo parking lot
Brown Drive parking lot
Community Building parking lot
South Main parking lot



The Market Walk

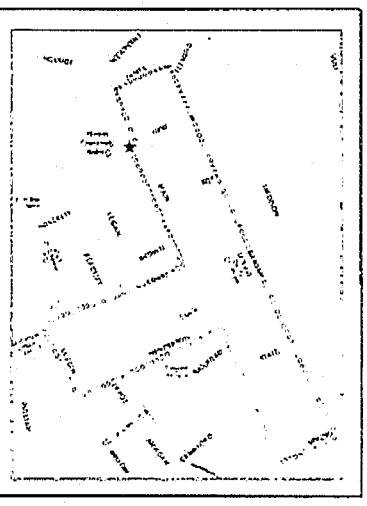
Difficulty Level:
Medium

Length:
1.75 miles

Features:
Marion Tailgate Market
Historic Marion Train Depot
Window Shopping

Public Parking Options:
Marion Depot parking lot
Tailgate Market parking lot
Logan St parking lot
South Main parking lot
Gazebo/Brown Dr. parking lot
Community Building upper parking lot

A.A. 000001233 (24)



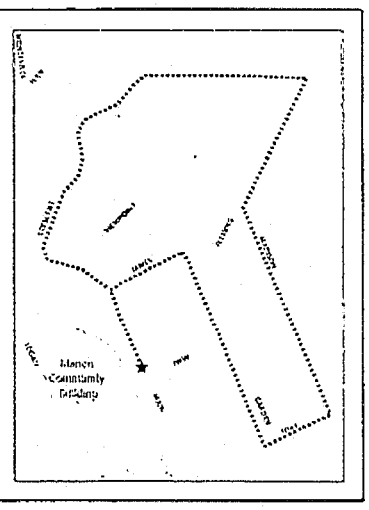
The Big T Trail

Difficulty Level:
Medium

Length:
1.70 miles

Features:
Wide sidewalks
Historic architecture
Tailgate market
Steep slopes for added strength training

Public Parking Options:
Community Building parking lot
Gazebo/Brown Dr. parking lot
Garden St parking lot
Tailgate Market parking lot
Logan St parking lot
South Main parking lot



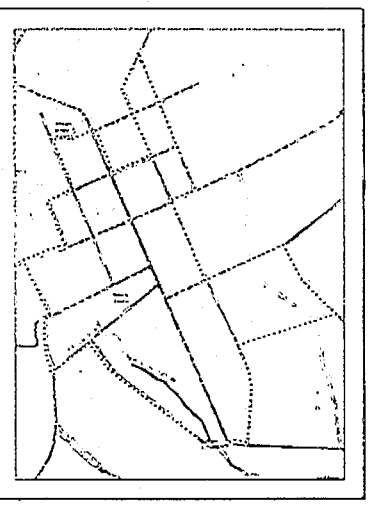
The Roy Williams Walk

Difficulty Level:
Easy

Length:
1 mile

Features:
Passes through quite and shaded residential neighborhoods.
Begins at Roy Williams Historic Marker and travels past his birthplace at the old Marion Hospital.

Public Parking Options:
Community Building upper parking lot.



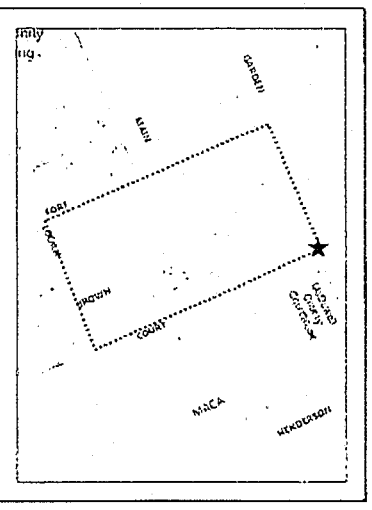
The Downtown 5K

Difficulty Level:
Difficult

Length:
3.11 miles

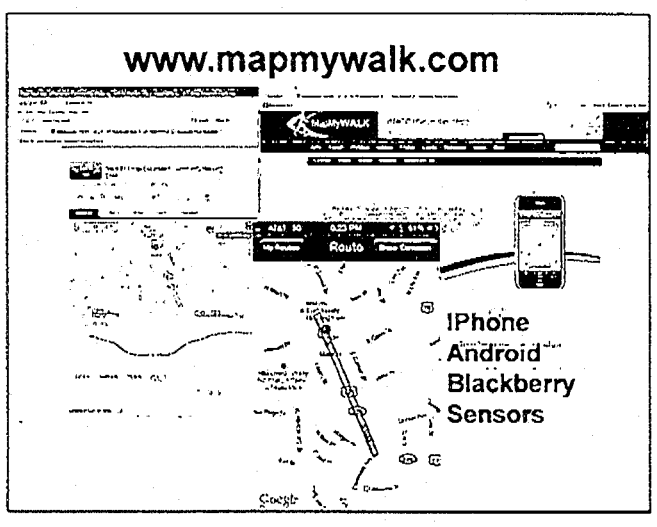
Features:
Varied terrain and slope
Connects with Peavine Rail Trail
Both signalized and unsignalized crossings

Public Parking Options:
Community Building parking lot
Garden Street parking lot
Designated public parking for Peavine Trail at McDowell Rescue Squad

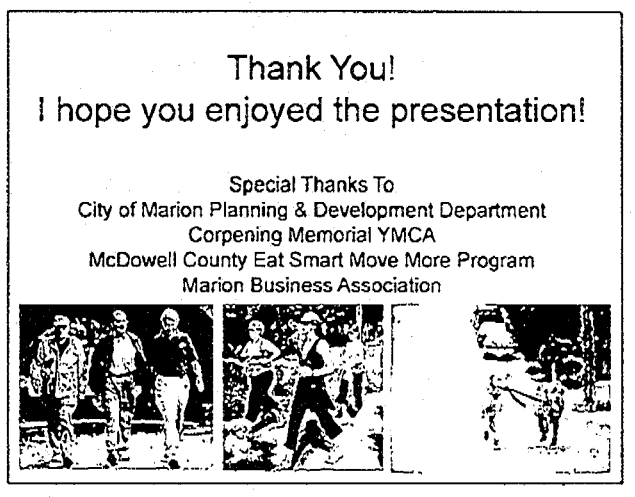


The Courthouse Killer

Difficulty Level:
Difficult



Length:
0.45 miles



Features:
Strength training and endurance extension trail.
Connects with Main St Loop, Market Walk, Downtown 5K, and Big T trails.
Wide sidewalks
Signalized crosswalks

Public Parking Options:
Gazebo parking lot
Brown Drive parking lot

AA.000001234 (24)

Ms. Cotton thanked Mr. Davis for working for free this summer to complete this brochure and also thanked Council Member Doggett for coming up with the idea.

Council Member Clark stated that staff needs to check some of the trail locations to make sure they are safe, have proper crosswalks and signage in place, etc. before the brochures are printed and the City encourages people to walk the marked routes. Ms. Cotton stated that she would make sure that all safety issues are identified and addressed, prior to printing the brochures.

Mayor Little suggested some formatting changes to make the brochure easier to read.

A discussion followed.

Mayor Pro Tem Cuthbertson stated that the City should write a letter of recommendation and commendation for Mr. Davis, in light of his efforts on this project. Mr. Davis said that he would very appreciative to have the City write such a letter. Ms. Cotton said that she would be happy to do so.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Owenby, Council voted unanimously to approve the downtown walking trail brochure, with the incorporation of corrections and formatting changes as needed and with the direction to staff to identify and correct any safety issues prior to the brochure being printed and distributed.

Council Member Owenby stated that it would be good to have the brochures available by the Mountain Glory Festival, if possible.

AA.000001235 (24)

CONSIDER ADOPTION OF PARKING ORDINANCES: The City Manager advised that as part of the Downtown Streetscape Project, ordinances making the following changes are presented for Council consideration:

A. Ordinance to Amend Parking Near Fire Hydrants and Other Restricted Areas – To preserve as much on-street parking as possible as part of the Downtown Streetscape Project, staff has looked at a possible new parking space or loading zone in front of Main Street Exxon on North Main Street. The new space will be near, but not directly in front of, a fire hydrant. As shown on the enclosed pages, the City Code currently prohibits parking within 15 feet of a fire hydrant. An ordinance has been drafted to amend the City Code to grant exceptions from prohibited parking areas, such as within 15 feet of a fire hydrant, where marked parking spaces are placed on public streets by the City or the North Carolina Department of Transportation. The City Manager said that Council could be certain that neither the City nor DOT would allow marked parking spaces to be located in an unsafe location.

B. Ordinance to Designated Parking Space or Loading Zone in front of Main Street Exxon and to Eliminate Police Parking Only Spaces in front of Courthouse and beside Killough's – As noted above, the City has an opportunity to place a new parking space or loading zone in front of Main Street Exxon. The ordinance presented called for a parking space at this location, based on the input from merchants in the block.

The ordinance also calls for the elimination of two Police Parking Only spaces in front of the Courthouse on South Main Street and beside Killough's on West Henderson Street. The City Manager said that he spoke to Police Chief Mark Brooks, who saw no problem with the removal of these spaces.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to adopt the following Ordinances creating exceptions to restrictions on parking where marked parking spaces are added by the City or the North Carolina Department of Transportation:

ORDINANCE
AMENDING CHAPTER 18
TRAFFIC
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 18, Traffic, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 18 is amended by deleting Section 18-223 (c) in its entirety and replacing it with the following:

(c) Exceptions to this section shall apply only in cases where a driver of a vehicle is ordered to drive across a sidewalk or curb by a police officer or traffic control device, in situations where emergency or maintenance work is undertaken by the city or authorized by the city through the issuance of a permit by the public works director or where marked parking spaces are placed on public streets by the City or the North Carolina Department of Transportation.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

AA.00001236 (24)

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-09-20-1

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance amending the Traffic Schedule to add a parking space in front of Main Street Exxon on North Main Street and eliminating Police Parking Only designations on South Main Street and West Henderson Street:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	REGULATION	REG. APPLICATION
MAIN STREET (SOUTH)	PARKING FOR POLICE VEHICLES ONLY	EAST SIDE BEGIN 15 FEET SOUTH OF THE SE CORNER OF SOUTH MAIN ST. AND EAST COURT ST. EXTENDING 21FT. SOUTHERLY
HENDERSON STREET (WEST)	PARKING FOR POLICE VEHICLES ONLY	SOUTH SIDE BEGIN 35 FEET WEST OF THE SW CORNER OF SOUTH MAIN ST. AND WEST HENDERSON ST. EXTENDING 23 FT. WESTERLY
MAIN STREET (NORTH)	PARKING PROHIBITED FORT AND MAIN	EAST SIDE,BEGIN AT THE SE CORNER OF E. CONTINUING 256 FT. SOUTHERLY

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
MAIN STREET (NORTH)	PARKING PROHIBITED FORT AND MAIN	EAST SIDE,BEGIN AT THE SE CORNER OF E. CONTINUING 60 FT. SOUTHERLY

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 20th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-09-20-2

AA.000001237 (24)

Council Member Clark stated that he would like to see the City enforce City Code restrictions on parking with the driver's side of the vehicle against the curb, through warnings or educational materials. The City Manager stated that he would work with Chief Brooks to develop a plan for such warnings and education on this matter.

CONSIDER ADOPTION OF ORDINANCE – AUTHORIZE CRIMINAL HISTORY CHECKS FOR PAWNBROKER LICENSE APPLICANTS: The City Manager advised that the North Carolina General Assembly approved new legislation a year ago that passed on an unfunded mandate for Police Departments to be more involved in reviewing the activities of precious metals dealers (gold and silver) and pawnbrokers. Police Departments must attest to the moral character of such businesses. The City Manager stated that Police Chief Mark Brooks has proposed that Council authorize criminal history checks for applicants for pawnbrokers. Precious metals dealers typically can qualify as pawnbrokers.

Chief Brooks gave a brief overview of the proposed ordinance. These background checks are consistent with checks done on applicants for other licenses, such as taxicabs, peddlers, itinerant merchants or places of amusement. The ordinance has been pre-approved by the SBI, since SBI approval is needed for such criminal history checks.

The City Manager noted that the allowance for such criminal history checks was due to the City of Marion requesting such State legislation about ten years ago.

Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adopt the following Ordinance authorizing criminal history checks for pawnbroker license applicants:

ORDINANCE
AMENDING CHAPTER 10
LICENSES PERMITS AND BUSINESS REGULATIONS
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. This ordinance adopted by the Marion City Council is to provide a policy and procedures for conducting criminal history checks through SBI/DCI on all applicants for pawnbroker licenses. This ordinance is adopted pursuant to the authority vested in the City of Marion by the General Assembly of the State of North Carolina in Section 160A-11 and 160A-12 of the North Carolina General Statutes.

Section 2. That Chapter 10, Licenses Permits and Business Regulations, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 3. Chapter 10 is amended by adding Section 10-152 as follows:

Sec. 10-152. Criminal history check authorized; disqualifications.

In order to protect the public health, safety and welfare of the citizens of Marion and their properties, the procedures herein are established to provide for fingerprinting and criminal history checks on all applicants for pawnbroker licenses. Subject to subsection (c) of this section, a pawnbroker license may be denied for those persons convicted of any crime against a person, or crimes against property where intent is an element, or any drug or gambling related offense.

(a) The city manager, or designee, shall conduct an investigation of any person applying for a pawnbroker license and it shall be a precondition of a pawnbroker license that an applicant for a pawnbroker license shall, upon request, provide fingerprints and all other necessary personal identification including a birth certificate, social security number and driver's license, if available, so that the city manager, or designee, may cause a thorough search to be made of local and state criminal records to determine if the applicant has a history of criminal convictions or the crimes enumerated above by the use of the Division of Criminal Information Network (DCI).

AA.000001238 (24)

(b) The Marion Police Department shall provide the findings from the use of the DCI to the city manager or designee, provided that all necessary agreements with the State Bureau of Investigations Division of Criminal Information have been executed.

(c) An evaluation of any crime for purposes of issuing a pawnbroker license will take into account the nature and the circumstances of the offense and the time frame of the offense as it relates to the pawnbroker license.

(d) Prior to denial or termination of a pawnbroker license based upon criminal history record information (CHRI) received from the Marion Police Department, the city manager shall verify the existence of a record by either obtaining a certified public record or by submitting a fingerprint card of the individual to the criminal information and identification section for verification that the CHRI record belongs to the individual.

Section 4. If this ordinance or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of the ordinance which can be given separate effect and to that end the provisions of this ordinance are declared to be severable.

Section 5. Any ordinance or any part of an ordinance in conflict with this ordinance, to the extent of such conflict, is hereby repealed.

Section 6. This ordinance is adopted in the interest of public health, safety and general welfare of the inhabitants of the City of Marion, North Carolina and shall be in full force and effect from and after its adoption.

Adopted this the 20th day of September, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-11-09-20-3

ADD ON – ENDORSEMENT OF COUNCIL MEMBER DOGGETT'S CANDIDACY FOR N.C. LEAGUE OF MUNICIPALITIES BOARD: The City Manager stated that he would propose that Council take action to endorse the candidacy of Council Member Doggett for the North Carolina League of Municipalities District 11 Board of Directors position or, if that position is not available, for an At-Large position on the League's Board of Directors.

Council Member Clark stated that he is on the League's Nominating Committee and that the public hearing on nominations would be held on Sunday, October 23 in Raleigh during the League's Annual Conference.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to endorse the candidacy of Council Member Doggett for the North Carolina League of Municipalities District 11 Board of Directors position or, if that position is not available, for an At-Large position on the League's Board of Directors, and to authorize Mayor Little to send a letter to the League advising of Council's endorsement.

ADD ON – APPROVAL OF PLACE OF AMUSEMENTS LICENSE FOR RONNIE PATEL – MOUNTAINEER PUB & DELI: The City Manager advised that Mr. Ronnie Patel had submitted an application for a license to operate a place of amusements, with two pool tables and several video games, at Mountaineer Pub & Deli, located in the former Carolina Chocolatiers building at 4201 Highway 221 South, next to the Open Flame Restaurant.

The City Manager reported that the Police Department completed a background check and determined that Mr. Patel does not have a criminal record. The City Code states that Council shall not issue a license for a place of amusement to any person who:

AA.000001239 (24)

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or
(2) Is not a citizen of resident of this state; or
(3) Is an excessive user of intoxicating liquor or narcotic drugs; or
(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager stated that the criminal background check indicates that Mr. Patel appears to satisfy the requirements listed.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request of place of Mr. Ronnie Patel for a license to operate a place of amusements, with two pool tables and several video games, at Mountaineer Pub & Deli, located in the former Carolina Chocolatiers building at 4201 Highway 221 South, next to the Open Flame Restaurant.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager gave an update on the Downtown Streetscape Project. DOT recently adjusted the timing of traffic signals on Main Street in the downtown area to improve traffic flow as part of the Downtown Streetscape Project and will soon install vehicle detection loops at the Main Street/State Street and Main Street/Fort Street intersections. He advised that DOT still believes that the bumpouts and street resurfacing can take place prior to the October 8 Mountain Glory Festival. The City Manager stated that DOT was working to overcome issues with the metal grate that will bridge the gap between the bumpouts and the curbline. Mayor Little advised that he had proposed a solid covering over the trench drain, to avoid the grate being a tripping hazard.

The City Manager stated that he had some questions from Council Members about what will go in the bumpouts. The plans call for brick to be set on a sand base, like we currently have on or brick sidewalks on Main Street. The original plans called for large trees at the bumpouts. DOT did not think that large trees would be a good idea. Since the bricks can be popped out easily, the City could make some planter beds and plant flowers or low shrubs. The City Manager asked for Council direction won what should be planted. After discussion, Council agreed by consensus to have City staff consult with the City's contracted certified arborist, Lawrence Moore, and come back with recommendations on what should be planted in the bumpouts.

Council Member Clark suggested that topsoil be placed in the bumpouts to make it easier for planting. The City Manager stated that this request could be made to DOT.

The City Manager stated that Mr. J.J. Laughridge of Rutherford Road has requested that the City ask DOT again for a traffic signal at the intersection of South Garden Street and Rutherford Road. The City Manager noted that the City had unsuccessfully made this request to DOT in 2000.

Council Member Doggett noted that this was an intersection with poor visibility and that a traffic signal could help improve safety.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to authorize the City Manager to request that DOT install a traffic signal at the intersection of South Garden Street and Rutherford Road.

The City Manager advised that Council Member Clark had suggested that the City ask DOT again to prohibit through trucks on Main Street in the downtown area. This request had also been submitted unsuccessfully to DOT a few years ago during the planning process for the Downtown

AA.000001240 (24)

Streetscape Plan. Council Member Clark said that the prohibition would not affect local deliveries and that trucks simply passing through the downtown area could easily take the Highway 221 Bypass, West Henderson Street and Logan Street.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to authorize the City Manager to request that DOT prohibit through trucks on Main Street in the downtown area.

The City Manager further advised that Council Member Doggett had suggested that DOT install left turn signals on Main Street in both directions at the Court Street intersection, to improve safety for pedestrians. Council Member Doggett stated that the left turn signals would allow traffic turning left from Main Street onto Court Street to clear the intersection, instead of having to race to beat oncoming traffic and thereby endanger pedestrians.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to authorize the City Manager to request that DOT install left turn signals on Main Street in both directions at the Court Street intersection, to improve safety for pedestrians.

The City Manager advised that, as previously reported, the soil issue at the retaining wall for the pump station behind the old truck stop on Sugar Hill Road has been solved and the contractors are back on track with the sewer extension on Sugar Hill Road Water and Sewer Extension. The City Manager stated that he would give Council a projected completion date for the sewer project when one is available. The City Manager stated that the City began accepting wastewater flow from the Wal-Mart Supercenter development on August 29, but had not had to pump and haul due to the wastewater flow being so light. He added that the contractor can hopefully finish up the sewer extension soon and not have to pump and haul for long.

The City Manager advised that Marion 101 will be held on seven consecutive Thursdays from September 8 until October 20. He said that the first two sessions had gone very well.

The City Manager advised that Public Works Superintendent Roger Estes had advised that the City's $30,000 budgeted amount for Parks and Recreation Capital Outlay will need to be used for the Clinchfield Park construction this year. Therefore, the Community Building Park Master Plan final implementation will need to wait until the 2012-13 Fiscal Year. The City Manager stated that the Tree Board had previously recommended that the City wait until the Community Building Park work was completed before planting new trees in the Park.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Cuthbertson stated that the sidewalk is separating from curb on Crawford Street near the old Senior Center building. The City Manager stated that staff would address this issue.

Council Member Clark stated that DOT needed to put packing material in the cuts made at Main Street and Court Street and at Main Street and Henderson Street, as part of the Downtown Streetscape Project. The City Manager stated that this problem had previously been reported to DOT, but that he would mention it again. Planning and Development Director Heather Cotton advised that the contractor or DOT had added stone to the holes, but the large volume of traffic on Main Street keeps the holes dug out.

Council Member Doggett asked if the downtown wireless network is operational yet. The City Manager stated that the network needs some repairs and upgrades, especially since the City has basically spent no money on maintenance of the network since it was installed using N.C. STEP grant funds about three years ago. He said that staff was obtaining quotes for the repairs, but that the City would likely need to spend $5,000 to $10,000 to complete this work. The City Manager asked if this amount of expenditure would be acceptable. Mayor Little stated that the City had no

AA.000001241 (24)

choice but to keep the network operational. Council Members expressed no opposition to the repair work being completed as described by the City Manager.

Council Member Clark stated that there is a section of Burgin Street that needs patching. The City Manager stated that Maymead would patch this location when they completed the City's street resurfacing work, hopefully in October.

Council Member Clark asked when the Public Works Director position would be filled. He said that this is a key position and he feels the position needs to be filled by the first of the year. Council Member Doggett stated that she also had concerns about the vacancy creating extra work for the City Manager and other staff. The City Manager stated that he respected these thoughts, but was hoping to leave the position open for a few months to save money in the current budget. He said that staff were coping well with the vacancy.

Mayor Little invited Council Members to the ribbon cutting for the new Tractor Supply store on North Main Street at 8:30 a.m. on Thursday September 29.

Mayor Pro Tem Cuthbertson asked for an update on recent downtown graffiti. Police Chief Mark Brooks stated that his investigators had been working to try to find the culprits responsible for the recent rash of graffiti in the downtown area.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Owenby, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 4, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: No guests were present for this meeting.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CITIZEN OF THE MONTH: The Citizen of the Month presentation was held over until the November 1, 2011 City Council Meeting.

AA.000001242 (24)

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – September 20, 2011 Regular City Council Meeting

B . Approve Resolution Directing the Clerk to Investigate the Sufficiency of a Petition for Annexation – Shady Lane/Frisbee Property:

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – FRISBEE-SHADY LANE - 2011

WHEREAS, a petition requesting annexation of an area described in said petition was received on September 23, 2011 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 4th day of October, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

RESOLUTION NUMBER: R-11-10-04-1

C. Receive Certificate of Sufficiency – Shady Lane/Frisbee Property Annexation:

Certificate of Sufficiency – Frisbee – Shady Lane Annexation – 2011

To the City Council of the City of Marion:

I, J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-31.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 4th day of October, 2011.

(Seal)

J. Robert Boyette, City Clerk

D. Adopt Resolution Fixing the Date of Public Hearing on the Question of Annexation – Shady Lane/Frisbee Property Annexation:

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – FRISBEE/SHADY LANE

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

AA.000001243 (24)

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, October 18, 2011.

Section 2. The area proposed for annexation is described as follows:

BEGINNING on an existing iron pin, said point of beginning a common corner of the property conveyed to Bruce Frisbee, et ux., recorded in Deed Book 584, Page 973, and said point of beginning being located North 66° 48" 39" West 304.40 feet from N.C.G.S. Monument "Lukin," whose NAD 1983 coordinates are Northing + 215,775.413 meters; and Easting = 335,689.148 meters; and runs thence from said point of beginning and with the common line of the Frisbee property DB 584 Pg 973, North 25° 13' 57" East 166.05 feet to an existing iron pin, said line also being the existing boundary of the City of Marion Corporate Limits, thence South 86° 46' 11" East 66.86 feet to an iron pin set; thence South 25° 13' 40" West 180.40 feet; North 74° 30' 04" 62.91 feet to the BEGINNING, containing 0.23 acres more or less.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

Adopted this the 4th day of October, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Resolution Number: R-11-10-04-2

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

DISCUSS PARKING LOT IMPROVEMENTS: The City Manager advised that several downtown merchants had proposed some improvements to the parking lot the City leases from Russell Neighbors at the intersection of Logan and Henderson Streets. The City Manager presented Council with a map of this parking lot for their information. The proposed improvements are as follows:

A. The addition of lighting in the parking lot – The City Manager stated that it should not be a major expense to add lighting to enhance safety.

B. The addition of plantings, perhaps involving some trees and/or shrubs, in grassy areas next to the pavement – The City Manager stated that staff thought the parking lot would be a great Arbor Day planting location.

C. Rebuilding the steep steps leading from the parking lot to the West Henderson Street sidewalk – The City Manager advised that City crews could likely undertake this work, but to make the steps less steep, the City would likely have to extend the steps about 10 feet into the parking lot. The material cost would be about $2,000 and the City will need the property owner's permission to undertake such work.

D. Spraying weeds growing up through cracks in the pavement – The City Manager reported that this work has been done and can continue to be done periodically, but is a recurring problem because the pavement is full of cracks.

E. The addition of a trash can in the parking lot – The City Manager stated that a trash can has already been placed in the parking lot and will have to be emptied periodically.

AA.00001244 (24)

F. Cleaning up trash in the parking lot – The City Manager advised that this has not been a problem in the past, but has increased according to surrounding businesses. The addition of a trash can might help this issue.

G. Resurfacing the parking lot and entrance from Logan Street – The City manager reported that this item would be a major expense of $14,829, based on an estimate from a local paver, but could perhaps be budgeted in a future Fiscal Year. The merchants understood that this expenditure would have to be planned.

The City Manager advised that Marion Business Association Director Freddie Killough had checked with the property owner, Russell Neighbors, who has no issue with the City planting trees or shrubs or resurfacing the parking lot.

The City Manager stated that he had looked at the parking lot agreement that the City signed with Mr. and Mrs. Neighbors in 2001. This agreement was for one year, renewable for four additional years. Therefore, the agreement expired in 2006, although the City continues to pay Mr. Neighbors the rent of $325 per month originally agreed to in 2001. The original agreement allowed the City to resurface the parking lot and required Mr. Neighbors to guarantee the City five years use of the parking lot after resurfacing, or else he would have had to repay the City a proportionate share of the resurfacing cost (with 20 percent of the cost reduced for each year the City has use of the parking lot, up to five years). Before considering a major expenditure, such as resurfacing, the City Manager suggested that Council may want the City to sign a new lease or even talk about the purchase of the property. Since the City only pays $325 per month for use of the property, and Mr. Neighbors is likely to want a considerable amount for the property, a new lease may be the way to go.

Council Member Doggett asked why the City would want to build steps on private property. Mayor Little stated that safe steps should be provided on property the City leases, to protect the City from liability.

Council Member Clark asked how many parking lots the City leases. The City Manager stated that this is the only parking lot leased by the City, as all other City parking lots are owned entirely or partially by the City.

Council Member Clark stated that, if new steps are needed, perhaps the City should look at building a ramp to provide better handicapped access.

Council Member Doggett stated that she agreed with Council Member Clark that perhaps a ramp should be considered.

Mayor Little suggested that a new ramp would likely be very expensive and that he would not be interested in spending a large sum of money on a ramp.

Council Member Clark stated that, if the City makes significant investment in the parking lot, a longer lease will be needed to ensure that the City will receive reasonable use of the property.

Mayor Little stated that he thought Mr. Neighbors would be willing to sign a new lease.

Council Member Clark stated that eventually the City may be able to use some of the current Rock Tenn parking lot at Logan and Henderson Streets for public parking, once Rock Tenn relocates from the property in a few months. The City Manager stated that, while the Rock Tenn building is being marketed for industrial uses, it is very likely that a new company occupying the property would employ far fewer people than Rock Tenn's current employment of about 250 people.

A brief discussion followed.

AA.000001245 (24)

Council Member Clark made a motion to have City staff compile cost estimates for all proposed work to the parking lot leases by the City at Logan and West Henderson Streets and to contact the property, Russell Neighbors, and determine how much Mr. Neighbors would charge the City for a new five year lease and for a new ten year lease. The motion was seconded by Council Member Martin. All members present voted in favor and the motion was passed.

CONSIDER REQUEST FOR CITY MAINTENANCE OF STREET: The City Manager advised that, as shown in the letter presented to Council, the City received a request from four property owners on Overlook Drive West, off of Lukin Street, asking that the City take over maintenance of and complete the paving of the street. This area was part of the Sugar Hill Road annexation area that was annexed effective January 31, 2011. The City Manager stated that the signed names represent all property owners who access the street.. The McDowell County Board of Education also owns two lots (one house and one vacant lot) that front on the street and Doris Burgin owns a large lot fronting on Overlook Drive West. However, neither the School System nor Ms. Burgin currently use Overlook Drive West for access.

The City Manager presented Council with a map showing the location of Overlook Drive West. The street is privately maintained, but does have a 20 foot right of way, per McDowell County tax maps. Overlook Drive West is approximately 490 feet in length. The City manager noted that property owners indicated in the letter that they would be willing to provide a small amount of property, if necessary, to have the road paved. The City Manager reported that he and Public Works Superintendent Roger Estes have looked at the street and feel that the 20 foot right of way is too narrow to install a 16 foot wide road needed to claim the street for Powell Bill funding. The City Manager stated that at least a 30 foot right of way would be needed. He suggested that the City could ask property owners using Overlook Drive, plus the Board of Education, for 10 feet of additional right of way or the City could ask all property owners fronting on the street, including those who signed the letter, the Board of Education and Ms. Burgin for five feet of right of way each. The City Manager reported that staff is working on an estimated cost to grade and pave the street. This project would be similar to past projects to pave dirt or gravel streets in the Eastfield Community. The property owners understand that no paving could take place until the 2012-13 Fiscal Year, at the earliest. The City Manager added that the City would also likely have to add at least one street light on the road, at minimal cost.

The City Manager stated that council direction is welcomed. Council may wish to refer this request to the Street Committee for review.

Council Member Clark asked if this was a private road. The City Manager stated that it is a private road, but has a dedicated 20 foot right of way. He added that there are trees on one side of the street and a wall on the other side.

Mayor Little stated that he would recommend that this request be referred to the Street Committee.

Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to refer the request for the City to take over maintenance of and pave Overlook Drive West to the Street Committee for review and a recommendation.

CONSIDER STREET REQUEST: The City Manager advised that he had received a call from Mr. Scott Blake of Park Avenue, requesting the placement of two speed humps as part of the Park Avenue street project. Mr. Blake noted that there are many children living between the last curve on Park Avenue and Robert Street and proposed that two speed humps be placed in this stretch. The City Manager stated that Council has traditionally not considered speed humps until the spring and has not approved speed humps for the last three years, except for one on Burgin Street in 2010. The City Manager added that staff has not completed a technical study on this request,

AA.000001246 (24)

pending initial Council direction. A map showing the location of the requested speed humps on Park Avenue was presented to Council.

Council Member Clark stated that some cities, including the City of Newton, are using portable speed humps, made out of a hard rubber material. These speed humps can be placed and relocated fairly easily. Council Member Clark said that he did not know if such speed humps were cost effective, however.

A discussion followed.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to refer the request for speed humps on Park Avenue and consideration of the City purchasing and placing speed humps to the Street Committee for review and recommendations.

COUNCIL MEMBER COMMENTS: Mayor Pro Tem Cuthbertson stated that Planning and Director Heather Cotton had prepared a map, distributed by the City Manager, showing parking losses and gains by block for the Downtown Streetscape Project. Mayor Pro Tem Cuthbertson commended Ms. Cotton for this work, which clearly shows that the Downtown Streetscape Project will not result in the loss of large numbers of parking spaces.

Mayor Little invited Council Members to participate in the set-up for the Mountain Glory Festival on Saturday morning at 6:30 a.m.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that City staff are obtaining quotes for needed repairs and work to the downtown wireless network. The first quote for was more than $10,000, while a second company has estimated that the repair expenses will be less than $2,000. The City Manager stated that the City hopes to have the network operational again by mid-October.

The City Manager advised that the Mountain Glory Festival will be held on Saturday, October 8. The number of vendors is down from the past two years, which were record years for vendors.

The City Manager advised that he had sent a request to DOT Division Traffic Engineer Anna Henderson, requesting that left turn signals be installed on Main Street in both directions at the intersection with Court Street, that a traffic signal be installed at the intersection of South Garden Street and Rutherford Road and that a no through truck designation be established for Main Street in the downtown area. The City Manager reported that DOT District Engineer Doug McNeal had suggested that the City, DOT Division Traffic Engineer Anna Henderson and Mr. McNeal meet to discuss these requests and the City's "big picture" vision for the Downtown area. Unfortunately, Ms. Henderson is on maternity leave, meaning that such a meeting could not take place until late November or early December. The City Manager said that Mr. McNeal indicated his opinion that the City would have a better chance of success with the requests if it waited to meet with Ms. Henderson. The City Manager asked if Council objected to following Mr. McNeal's advice. Neither Mayor Little nor any Council Member objected to the City following Mr. McNeal's advice with this matter.

The City Manager advised that Police Chief Mark Brooks had developed an educational flyer to post on vehicles with the driver's side parked against the curb, in violation of the City Code, as requested by Council Member Clark at the last Council meeting. Police officers will place these flyers on vehicles that are parked left of center, before any tickets are issued.

The City Manager advised that the Golden Leaf Foundation will have their next meeting for the $2 million Community Investment Initiative for McDowell County on Monday, October 17 at

AA.000001247 (24)

1:00 p.m. at the YMCA. The City Manager asked that Council Members try to attend this meeting if possible.

The City Manager advised that, as previously reported, the soil issue at the retaining wall for the pump station behind the old truck stop on Sugar Hill Road has been solved and the contractors were cleared to complete work on the Sugar Hill Road sewer extension. He stated that this work was due to be completed on October 13, but that McGill had advised that the general contractor had been waiting on the retaining wall subcontractor to begin work for three weeks. The City Manager stated that this delay will likely cause the City to incur additional wastewater pump and haul costs, especially once the Wal-Mart Supercenter opens on October 26. He said that he had told McGill Associates, the City's consulting engineer, very directly that the City would charge liquidated damages to the contractor for any and all expenses incurred by the City as a result of the delays.

The City Manager advised that DOT continued to advise that Maymead would complete work on the bumpouts and street resurfacing on Main Street, as part of the Downtown Streetscape Project by the time of the Mountain Glory Festival on Saturday, at least within the Festival area between Henderson and New Streets on Main Street. He said that City staff would supplement work done by the contractor, if necessary, to make sure that the streets and sidewalks were safe for the Mountain Glory Festival.

The City Manager added that City staff would soon present to Council recommendations for landscaping in the new bumpouts.

Mayor Little stated that the City paid a lot of money for the Downtown Streetscape Project and that the City wants the project to be done right.

Council Member Doggett suggested that the City send DOT a bill for any work that has to be done by City crews.

Council Member Clark said that he hopes that DOT keeps a close eye on the contractor, since mistakes are often made when a job is rushed.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, October 18, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

AA.00001248 (24)

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Rick & Beverly Watts, 191 Broad Street, Marion, NC; Kevin Watts, 191 Broad Street, Marion, NC; Janet & Paul Kinsey, Spring Island, SC 29909; Anna Talley, 161 E. Glenview Street, Marion, NC; Steve Harrell, General Manager, RockTenn, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

Mayor Little advised that President Barack Obama visited Marion on Monday, October 17, 2011 as part of his bus tour through North Carolina and Virginia. The President stopped at Countryside Barbeque for lunch and greeted everyone at the restaurant, spending about 45 minutes in Marion. This is perhaps the first visit ever by a sitting President to Marion.

Mayor Little stated that Mayor Pro Tem Cuthbertson, Council Member Doggett, Finance Director Harriett Thomas and City Manager Bob Boyette all were able to meet President Obama. Mayor Little added that Council Member Doggett was shown on MSNBC and was quoted in USA Today, the Wall Street Journal and other publications.

CITIZEN OF THE MONTH – SELECTED BY COUNCIL MEMBER JUANITA DOGGETT: Council Member Juanita Doggett selected the Citizen of the Month for October 2011.

DR. BEVERLY WATTS

Council Member Doggett stated that Dr. Watts and her husband, Rick, moved to Broad Street in Marion in 1986. They have three sons.

Dr. Watts is a mathematics educator. She started tutoring high school students upon arrival in Marion. She taught at Marion Christian Academy for seven years. Most recently, Dr. Watts has been employed by McDowell Technical Community College for fourteen years as a math instructor. She was promoted to Director of Developmental Studies and Quality Enhancement in January. Dr. Watts was a semi-finalist for the Teacher of the Year for the NC Community College System in 2005. She has also taught math classes to local businesses. Dr. Watts served as the advisor of McDowell Tech's chapter of the Phi theta Kappa Honor Society for eight years. Under her guidance, the chapter earned five-star status each year and was ranked as one of the top 100 chapters in the world.

Dr. Watts has been involved in Boy Scouts, serving as Den Leader and Cub Master of Pack 210 at the First United Methodist Church. She started Pack 807 in West Marion and has held various other positions with the Boy Scouts. All three of Dr. Watts' sons earned the rank of Eagle Scout while in Troop 807.

Dr. Watts has also volunteered with the Mountain Glory Festival for over 10 years. She is active in her church, having served many positions there as well.

Mayor Little, Council Members, family and friends all shared kind words about Dr. Watts.

CONSENT AGENDA: Upon a motion by Mayor Pro Cuthbertson, seconded by Council Member Owenby, Council voted unanimously to approve the consent agenda as follows:

AA.000001249 (24)

A. Approval of Minutes – October 4, 2011 Regular City Council Meeting Minutes

PUBLIC APPEARANCE – STEVE HARRELL - GENERAL MANAGER OF THE ROCK TENN FACILITY IN MARION- PRESENTATION OF HISTORIC PHOTOS AND DOCUMENTS FROM FORMER SWIFT GALEY BUILDING: Mr. Steve Harrell, General Manger of the RockTenn facility in Marion, appeared before Council and presented the City of Marion with several large framed historic photos and an album of old historic photos that were found in the former Swift Galey Building that was recently purchased by RockTenn. One of the photos was a panoramic picture of the old Clinchfield Plant from 1937, showing the mill and all its employees. Mr. Harrell stated that RockTenn wanted to ensure that these important pieces of local history were not lost and could be enjoyed by the public for generations to come.

Mr. Harrell also gave a presentation of the work RockTenn is doing to renovate the former Swift Galey building, to allow for Rock Tenn to expand its operations into the building, adding 124 new jobs and investing $25 million. Mr. Harrell said that he hoped the renovation would be completed by early 2012. He thanked the City for its help with the expansion process.

Mayor Little, Council Members and the City Manager thanked Mr. Harrell for RockTenn's confidence in Marion, as indicated by the upcoming expansion.

PUBLIC HEARING – ADOPTION OF ANNEXATION ORDINANCE – SHADY LANE/FRISBEE PROPERTY: The City Manager advised that a public hearing is required on the requested annexation of the 0.23 acre Frisbee property on Shady Lane. The property is located behind the Country Market and Pizza Joint off of Shady Lane. The property is currently vacant, but will be used for the expansion of the Pizza Joint.

Mayor Little opened the Public Hearing.

There were no citizens present to discuss this item.

Mayor Little closed the Public Hearing.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adopt the following ordinance to annex the Shady Lane/Frisbee property effective immediately:

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF MARION, NORTH CAROLINA – FRISBEE/SHADY LANE PROPERTY-2011

WHEREAS, the City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall at 7:00 P.M. on Tuesday, October 18, 2011, after due notice by publication on Thursday, October 6, 2011; and

WHEREAS, the City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Marion, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Marion as of October 18, 2011:

AA.000001250 (24)

BEGINNING on an existing iron pin, said point of beginning a common corner of the property conveyed to Bruce Frisbee, et ux., recorded in Deed Book 584, Page 973, and said point of beginning being located North 66° 48" 39" West 304.40 feet from N.C.G.S. Monument "Lukin," whose NAD 1983 coordinates are Northing + 215,775.413 meters; and Easting = 335,689.148 meters; and runs thence from said point of beginning and with the common line of the Frisbee property DB 584 Pg 973, North 25° 13' 57" East 166.05 feet to an existing iron pin, said line also being the existing boundary of the City of Marion Corporate Limits, thence South 86° 46' 11" East 66.86 feet to an iron pin set; thence South 25° 13' 40" West 180.40 feet; North 74° 30' 04" 62.91 feet to the BEGINNING, containing 0.23 acres more or less.

Section 2. Upon and after October 18, 2011, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Marion and shall be entitled to the same privileges and benefits as other parts of the City of Marion. Said territory shall be subject to municipal taxes according to G.S. 160A-58.10.

Section 3. The Mayor of the City of Marion shall cause to be recorded in the office of the Register of Deeds of McDowell County, and in the office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 above, together with a duly certified copy of this ordinance. Such a map shall also be delivered to the McDowell County Board of Elections, as required by G.S. 163-288.1.

ADOPTED this the 18th day of October, 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

Approved As To Form:

City Attorney

Ordinance Number: O-11-10-18-1

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

RECEIVE STREET COMMITTEE RECOMMENDTIONS: The City Manager advised that he had talked with the Street Committee members individually and reviewed the requests from four property owners on Overlook Drive West, off of Lukin Street, asking that the City take over maintenance of and complete the paving of the street and from Mr. Scott Blake for two speed humps to be installed on Park Avenue.

A. Overlook Drive West – The City Manager advised that Overlook Drive West was part of the Sugar Hill Road annexation area that was annexed effective January 31, 2011. Four property owners on the street requested that the City take over maintenance of the street and eventually pave the street. The street is privately maintained, but does have a 20 foot right of way, per McDowell County tax maps. Overlook Drive West is approximately 490 feet in length. Property owners indicated in the letter that they would be willing to provide a small amount of property, if necessary, to have the road paved. The City Manager stated that the Street Committee recommended that the City take over maintenance of the street and make plans to pave the street in the future, on the condition that adequate right-of-way can be acquired, as needed. The City Manager stated that Public Works Superintendent Roger Estes and he have looked at the street and are finalizing cost estimates for the construction and paving of the street. The City Manager stated that the existing 30 foot right-of-way may be adequate.

Mayor Little stated that the City should be careful and not take too much of the property for the street but, at the same time, should make sure the City has adequate right-of-way for the street.

AA.00001251 (24)

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to accept the recommendation of the Street Committee that the City take over the maintenance of Overlook Drive West, contingent upon receiving any additional right-of-way needed, with direction given to plan for the future paving of the street.

B. Speed Humps – The City Manager stated that he had previously received a call from Mr. Scott Blake of Park Avenue, requesting the placement of two speed humps as part of the Park Avenue street project. Mr. Blake noted that there are many children living between the last curve on Park Avenue and Robert Street and proposed that two speed humps be placed in this stretch. Council has traditionally not considered speed humps until the spring and has not approved speed humps for the last three years, except for one on Burgin Street in 2010. The City Manager stated that Council Member Clark suggested at the last meeting that City Council authorize the purchase of portable speed humps, which are used in other cities. The City Manager stated that he and Mr. Estes talked with representatives of the City of Newton and learned that such speed humps had been placed successfully in that city, at a cost of around $1,250 each. The City Manager advised that staff was waiting on a cost estimate from a company for such portable speed humps. The Street Committee wanted information on the cost of portable speed humps before reviewing this request.

The City Manager stated that he had also received a request regarding a traffic flow concern from a citizen and another request for a street light from a citizen and that perhaps the Street Committee could look at these issues as well.

Mayor Little asked if the portable speed humps are able to withstand being moved from place to place and if they can be put in place easily. The City Manager advised that the City of Newton indicated that one speed hum had been knocked loose by a snow plow, but had been put back with no problems.
Council Member Martin asked for the cost of permanent speed humps. The City Manager advised that the permanent speed humps cost approximately $1,200 each.

Mayor Pro Tem Cuthbertson asked if the City could use Powell Bill funds for the speed bumps. The City Manager stated that he thought Powell Bill money could be used, but that he would check to make sure this was permissible.

Council Member Doggett reminded Council that Broad Street recently submitted a petition for speed humps. Council Member Clark stated that he thought the advantage of the portable speed humps was that they can be moved easily, allowing the City to fulfill more requests for speed humps, although on a temporary basis.

No action was taken on this matter, as more information will be needed before the Street Committee can make a recommendation.

APPROVE NEW LEASE FOR PARKING LOT AT WEST HENDERSON AND SOUTH LOGAN STREETS: The City Manager advised that, as previously reported, Mr. Russell Neighbors gave his consent for the City to undertake improvements to the parking lot the City leases from him at the intersection of West Henderson and Logan Streets. Mr. Neighbors has further indicated that he is willing to sign a new ten year lease for the City to use this parking lot at the current lease rate of $325 per month. The City Manager stated that Public Works Superintendent Roger Estes has worked on some cost figures for the proposed parking lot improvements, as follows:

A. The addition of lighting in the parking lot – This should be an expense of approximately $16.98 per month for one large floodlight, as is in place at the Community Building.

AA.000001252 (24)

B. The addition of plantings, perhaps involving some trees and/or shrubs, in grassy areas next to the pavement – This could be an Arbor Day planting location. There would be no additional cost above what the City normally spends on Arbor Day.

C. Rebuilding the steep steps leading from the parking lot to the West Henderson Street sidewalk – City crews could undertake this work, but to make the steps less steep, the City would likely have to extend the steps about 10 feet into the parking lot. The material cost would be about $2,000.

As an alternative, City staff looked at constructing a ramp coming from the parking lot down to the sidewalk. Given the amount of elevation that would have to be covered, the ramp would be very long and likely require a switchback. The retaining wall would also have to be partially rebuilt. Staff estimates costs of at least $25,000 and probably of close to $50,000.

D. Spraying weeds growing up through cracks in the pavement – Already done by City personnel.

E. The addition of a trash can in the parking lot – Already done by City personnel.

F. Cleaning up trash in the parking lot – Already done by City personnel.

G. Resurfacing the parking lot – The City received a budget estimate of $14,829 for this work.

The City Manager stated that it will be easy to pursue the lighting and planting items this Fiscal Year. Depending on scheduling, the rebuilding of the steps could take place within the next year. The parking lot resurfacing could possibly be worked into next year's budget. At a total capital cost of around $17,000, the City could receive a minimum of 9-10 years use out of the improvements. The City's total investment over 10 years would be as follows:

Rent ($325 per month):	$39,000
Parking Lot Resurfacing:	14,829
Material Cost for Rebuilding Steps:	2,000
Parking Lot Floodlight (1 at $16.98 per month)	2,037
Total Costs over 10 years:	$57,866
Total Costs Per Month:	$ 482

The City Manager advised that he took the City's old parking lot lease with Mr. and Mrs. Neighbors and revised it somewhat. The new lease is for a ten year period at the current lease rate of $325 per month. The City Manager presented the proposed lease to Council, adding that Mr. and Mrs. Neighbors had already reviewed and signed the lease.

Mayor Little and Council Members agreed by consensus that the replacement of the steps was more practical than installing a ramp.

Council Member Clark stated that the City needed to keep in mind the Americans with Disabilities Act requirements when making improvements.

Mayor Pro Tem Cuthbertson stated that this parking lot needs a handicap parking place.

AA.000001253 (24)

Council Member Doggett asked if the City could use empty bank parking lots for temporary handicap parking spaces during festivals, particularly the Mountain Glory Festival.

The City Manager stated that the Mountain Glory Festival Committee had recommended that the Wells Fargo parking lot be a handicapped parking area, but added that there would likely need to be a Festival volunteer to enforce the handicapped parking on that day.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following lease agreement for the parking lot located at West Henderson and South Logan Streets:

STATE OF NORTH CAROLINA
COUNTY OF MCDOWELL

LEASE

THIS LEASE made and entered into this the 18th day of October, 2011, by and between H. Russell Neighbors Jr. and wife Patricia R. Neighbors, Lessors, and the City of Marion, Lessee, all of McDowell County North Carolina:

WITNESSETH

That subject to the terms and conditions herein set out, said Lessor does hereby let and lease unto the Lessee, and said Lessee does hereby accept as Lessee a certain tract of land used as a parking lot on the corner of West Henderson Street and South Logan Street in Marion, McDowell County, North Carolina being more fully described follows:

> All that certain tract of land as recorded in Book 530 on Page 349 of the McDowell Deed Registry together with that certain easement as recorded in Book 530 on Page 351 of the McDowell Deed Registry copies of which are attached hereto as exhibit "A" and incorporated into the body of this lease by reference as if fully set out herein.

TERMS AND CONDITIONS

1. The lease shall begin as of the 1st day of January, 2012, and shall exist and continue until the 31st day of December, 2021.
2. The rental to be paid by said Lessee for the premises shall be Three Hundred Twenty Five Dollars ($325) per month payable by the Lessee within 30 days after billing by the Lessors.
3. Lessee may erect such signage as Lessee deems necessary and appropriate provided said signage is erected in the soil portions of the premises.
4. Lessee accepts the premises in "as is" condition and shall during the term of this lease or any extension thereof be solely responsible for the maintenance repair and upkeep of the premises and to maintain the premises in at least as good condition as the same presently exists, normal wear and tear excepted.
5. Lessee upon the expiration of this lease shall return the premises to Lessor in as good condition as the same now exists, ordinary wear and tear excepted. Lessee shall not be responsible for the erection of any fencing on the premises upon the termination of this lease.
6. Lessee shall add the premises to any policy of liability insurance Lessee maintains on properties owned or leased by Lessee and add Lessors as additional insured on said policy.
7. This lease may not be sublet without the permission of the Lessors. Further, the premises may only be used for the parking of passenger vehicles. Non passenger vehicles requiring commercial tagging are expressly prohibited from the use of the premises.
8. This lease shall not be transferred or assigned, nor the premises or any part thereof sublet by the Lessee, except with the written consent of the Lessors first had and obtained.
9. This lease is made upon the express condition that if the Lessee shall neglect to make any payment of rent when due, or neglect to keep and fulfill nay of the covenants and agreements herein provided on its part to be kept and fulfilled, and shall remain in default

AA.000001254 (24)

thereof for a period of 15 days after notice from the Lessors of any such default, the Lessors, their executors, administrators or assigns may thereupon enter upon the premises and expel the Lessee therefrom, without prejudice to any other remedy which the lessors, their executors, administrators or assigns, may have on account of such default.

10. The Lessors do hereby covenant and agree with Lessee that, subject to the terms and conditions hereinabove set forth, the Lessee shall have and enjoy said premises during the term herein provided for, free from the adverse claims of any and all other persons whomsoever.
11. It is understood and agreed that the rents herein provided to be paid shall be paid to H. Russell and Patricia R. Neighbors Jr., 8 South Main Street, Marion, NC 28752 or at such other address as the said Lessors may, in writing, request the Lessee to pay the same. Lessors shall provide Lessee with Lessor's tax identification number for reporting purposes by separate written communication that shall not be placed in the public record or made accessible to the general public.
12. Lessee may take possession of the premises upon the execution of this lease to begin such alterations as Lessee deems appropriate in accord with the capabilities afforded Lessee herein. Lessee shall be permitted to undertake without prior written consent of the Lessor, the following improvements to the premises: resurfacing of the asphalt area; painting of the asphalt area (e.g. parking lines); drainage work; and subsurface work to the extent necessary to stabilize the parking asphalt. All of the aforementioned work, if undertaken by Lessee, shall be performed at Lessee's expense and performed in a good and workmanlike manner using quality materials, and shall conform to all applicable laws, codes or regulation. Any other improvements to or alterations to the premises shall be conducted with Lessor's prior written consent.
13. This lease shall inure to the benefit of and be binding upon the parties hereto, their heirs, executors, administrators, assigns and successors in interest.

In Testimony Whereof, the Lessors have hereunto set their hands and seals, and the Lessee has caused this lease to be executed in the name of the municipality by persons so authorized to do and sealed with its municipal seal all in duplicate, this day ad year first above written.

Stephen R. Little, Mayor

Attest:

J. Robert Boyette, City Manager/Clerk

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager stated that he wanted to publicly thank Police Chief Mark Brooks for the great work the Police Department did while working on security for President Barack Obama's visit to Marion yesterday. The City Manager stated that, to his knowledge, this was the first sitting President ever to visit Marion. The Fire Department, the McDowell County EMS, the McDowell

AA.000001255 (24)

County Sheriff's Department, the North Carolina Highway Patrol and the Police Department all worked well with the United Stated Secret Service to make the President's visit to Marion safe.

The City Manager advised that as previously reported, the City was turned down for the March State Revolving Fund (SRF) Wastewater funding for the sewer extension under I-40 to serve Marion Travel Plaza on Sugar Hill Road. The application was resubmitted for the September SRF grant cycle. McGill found some scoring errors the State made with their initial review of this application. In addition, the N.C. Division of Water Quality gave us a letter of support for this project.

In early October, the City received a letter, advising that the City was approved for a low interest loan of about 2.4 percent in the amount of $590,900 for this project. The City Manager reported that the City was hoping for grant funding, rather than a loan. The City has until January 2 to submit an engineering report. The City Manager suggested that the City see how much money is left over from the Sugar Hill Road Water and Sewer Extension loan, an amount he figured to be around $200,000, and then determine if there is any chance for any grant funding for this project. Council could then decide if they want to wait on full grant funding to complete the project, or if they want to proceed with some or all loan funding. The City Manager stated that, since Marion was near the bottom of the list of projects funded, it was unlikely that the City would receive any SRF grant funding this cycle.

Based on the project calendar in the letter, the City would have until July 1, 2013 to execute a construction contract, meaning that any debt would not begin until at least 2013-14, which is the Fiscal Year after our Automated Water Meter debt of $106,190.80 rolls off of the Water and Sewer Fund budget. At 2.4 percent interest, the debt payments on $590,900 over 20 years would be $37,330 per year.

As shown in information presented to Council, McGill also asked the Sugar Hill Road Water and Sewer Extension Contract 2 contractor, T&K Utilities, for an estimate of how much they would charge for the Marion Travel Plaza Sewer Extension. Including design, permitting, construction, construction administration, contingencies and other items, the estimated cost of the project is down to $432,650, since McGill would not have to go through a bidding process and the contractor would not have to remobilize. McGill estimates that the City will have $303,000 left over from the Sugar Hill Road Water and Sewer Extension. However, that number assumes that the City will receive our full $300,000 ARC grant, something that is in doubt since the Contract 1 prices came in well under budget.

The City Manager stated that he had also spoken to Dennie Martin with Martin-McGill, who felt that a Clean Water Management Trust Fund (CWMTF) grant could be a possibility for this project. However, the City may also need to seek Clean Water funding for Phase 2 of the Joseph McDowell Historical Catawba Greenway and may need to choose only one project for which to seek Clean Water funding.

Council Member Clark asked what the Marion Travel Plaza extension would serve. The City Manager stated that it would serve only the Marion Travel Plaza at first, but give the City a foothold on the south side of I-40 for future development.

Council Member Clark stated that he feels that the City should not spend much of any local money, above $25,000 or so, on the project. He said that he believes grant funding eventually be available.

Mayor Little stated that he agrees with Council Member Clark and that the City should focus on the greater good; which would involve seeking CWMTF funding for Phase 2 of the Greenway.

AA.000001256 (24)

Council agreed by consensus for the City to seek CWMTF funding for Phase 2 of the Greenway and to hold out for grant funding for the sewer extension to Marion Travel Plaza.

The City Manager advised that the 28th Annual Mountain Glory Festival was held on Saturday, October 8 and went very well. The number of vendors was down about ten from the past two years, which were record years for vendors. However, the City had great weather and as large a crowd as ever seen at Mountain Glory. The City Manager stated that City Public Works staff worked hard, with the assistance of DOT and Maymead, to make sure that the Downtown Streetscape Project work was completed in the Festival area to allow the Festival to take place safely. The City Manager commended the Marion Business Association (MBA) Board, staff and volunteers, the Public Works Department, the Police Department and the Fire Department for their efforts in making the Festival such a success.

The City Manager advised that he and Mayor Little attended the wrap-up meeting of the Mountain Glory Festival on October 12. The Committee felt that this year's Festival was the best ever. The Committee members suggested several improvements for next year's Festival. The City Manager stated that improvements will be explored and communicated with Council and the MBA Board prior to implementation.

The City Manager advised that it is taking a little more time than first anticipated to assess the six downtown walking trails for needed safety improvements. City staff will seek to finish this assessment in the near future, make improvements needed on City sidewalks and streets (such as crosswalks or sidewalk repairs) and ask DOT for any needed improvements on State maintained streets (such as crosswalks or pedestrian crossing signals). The DOT requests may need to be made as part of the City's planned meeting with DOT Division Traffic Engineer Anna Henderson in early December, after she returns from maternity leave.

The City Manager advised that staff plans to have recommendations ready very soon to present to Council on landscaping in the new bumpouts on Main Street, as part of the Downtown Streetscape Project. By the time of the November 1 meeting, the City anticipates that Maymead's work on the Downtown Streetscape Project should be completed or almost completed, depending on weather.

The City Manager reported that, now that the Mountain Glory Festival is over, City staff will work to make sure the gingko trees are lighted for Christmas. The skirts around the gingko trees will be removed as this work takes place prior to the November 20 Christmas Parade.

The City Manager advised that the public hearing on the proposed Duke Energy rate increase, to be conducted by the North Carolina Utilities Commission, will be held on Tuesday, October 25 at 7:00 p.m. at the Courthouse. He added that it would be helpful to have as much City representation as possible at this public hearing.

The City Manager advised that as previously reported, the soil issue at the retaining wall for the pump station behind the old truck stop on Sugar Hill Road has been solved and the contractors were cleared to finish the retaining wall for the pump station behind the old truck stop, as part of the sewer extension on Sugar Hill Road. The wall subcontractor had been slow in showing up to complete this work, so the City Manger directed McGill to advise the general contractor that the City planned to charge liquidated damages for any added expenses, especially pump and haul service, incurred after the contract completion date plus allowances for weather and our delays with the soil issue.

The City Manager stated that the City started accepting wastewater flow from the Wal-Mart Supercenter development on August 29, to allow contractors to test restrooms. For about one month, the wastewater flow had been very little, meaning that the City really did not have to pump and haul. However, flow increased in late September when Wal-Mart began stocking the

AA.000001257 (24)

new store and training new employees. The City Manager stated that McGill has worked out an agreement with the contractor, whereby the contractor will be responsible for any pump and haul needed as of October 26, the date that the Wal-Mart store opens.

The City Manager advised that Maymead is finishing up work on the resurfacing and patching of City streets.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that he would like to acknowledge the recent death of Former Police Chief and Volunteer Firefighter John Beck and would like for the City Council to adjourn this meeting in memory of Chief Beck.

Mayor Pro Tem Cuthbertson asked if the Downtown Streetscape Project striping would soon take place. The City Manager advised that the striping should be taking place soon, according to DOT.

Mayor Pro Tem Cuthbertson advised that the City received confirmation of the receipt of a grant for a greenway and stormwater improvements along the creekbank behind the Police Department, Nevant and School Central Office properties on South Main Street.

Council Member Doggett asked if the downtown wireless network was yet operational. The City Manager stated that the network should be operational within a few days, according to the City's contractor. He added that the delays in making the needed repairs were due to the City seeking the best possible price for the work. The City Manager advised that the anticipated cost of the work was less than $1,000.

Council Member Doggett suggested that the City put some type of reflective tape on the Main Street bumpouts, since many are hard to see. The City Manager asked that he would forward this suggestion to DOT.

Council Member Doggett stated that she would like the City to display the photos and documents donated by RockTenn, so that the public could enjoy them. Council Member Clark stated that perhaps the City could display them in the Community Building, Depot or at City Hall. He also asked that the City send RockTenn a thank you note for this donation.

Mayor Little advised that the previous day, October 17, was the nine year anniversary of the death of his brother-in-law and community friend Mr. Warren Hobbs.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn the meeting in memory of former Police Chief John Beck, who passed away the previous week.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

AA.000001258 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, November 1, 2011 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Cecil Owenby.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Mark Brooks, Police Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: No guests were present for this meeting.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A . Approval of Minutes – October 18, 2011 Regular City Council Meeting Minutes

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

ADOPT UPDATED RESOLUTION FOR MUTUAL AID ASSISTANCE WITH OTHER LAW ENFORECMENT AGENCIES: The City Manager advised that Council had adopted a Resolution for Mutual Aid Assistance with other Law Enforcement Agencies in 1987. The standard resolution authorizing law enforcement mutual aid has since been updated by the State. It is recommended that Council adopt the current standard resolution.

The City Manager stated that this resolution is similar to the previous one approved in 1987, with the addition of some references to the General Statutes and additional mention of Worker's Compensation insurance.

Council Member Clark asked who would be responsible for Worker's Compensation and liability insurance coverage in mutual aid situations. The City Manager advised that the intent of mutual aid is for each agency to be responsible for providing Worker's Compensation and liability insurance coverage for its employees in mutual aid situations. Council Member Clark stated that he understood the intent, but that the City needed some assurances. Mayor Little said that the City could say that it will not be liable for any situation that happens to an employee of another agency in a mutual aid situation, but that such a statement will not be of value.

After discussion, Council agreed to have staff request and keep records of insurance coverage of other agencies with whom the City enters into mutual aid agreements.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Resolution Adopting a Policy for Mutual Assistance with other Law Enforcement Agencies:

CITY OF MARION
RESOLUTION
ADOPTING A POLICY FOR MUTUAL ASSISTANCE
WITH OTHER LAW ENFORCEMENT AGENCIES

AA.000001259 (24)

WHEREAS, pursuant to North Carolina General Statutes § 160A-288, the governing body of a city or county may adopt appropriate guidelines for the purpose of mutual assistance with other municipal and county law enforcement agencies; and

WHEREAS, pursuant to said laws, the law enforcement assistance to be rendered authorizes lending officers to work temporarily with officers of the requesting agencies, including in an undercover capacity, and lending equipment and supplies; and

WHEREAS, it is deemed to be in the best interests of the citizens of the City of Marion to adopt a reasonable policy and guidelines whereby reciprocal law enforcement assistance can be both rendered to and obtained from other government jurisdictions; and

WHEREAS, such reciprocal assistance is necessary for effective law enforcement for the protection of the citizens of the City of Marion;

NOW, THEREFORE, BE IT RESOLVED BY THE MARION CITY COUNCIL THAT:

1. The Police Chief is hereby authorized to enter into mutual assistance arrangements with other municipal and county law enforcement agencies, provided that the head of the requesting law enforcement agency makes such a request in writing.

2. The Police Chief is hereby authorized to permit officers of the Marion Police Department to work temporarily with officers of the requesting agency, including in an undercover capacity, and the Police Chief may lend such equipment and supplies to requesting agencies as he deems advisable.

3. All such request and authorizations shall be in accordance with North Carolina General Statutes § 160A-288, as applicable.

4. While working with a requesting agency, an officer shall be subject to the lawful operational commands of the officer's superior officers in the requesting agency in addition to those the officer normally possesses.

5. While on duty with the requesting agency, an officer shall be subject to the lawful operational commands of the officer's superior officers in the requesting agency, but the officer shall for personnel and administrative purposes, remain under the control of the officer's own agency, including for purposes of pay. An officer shall furthermore be entitled to worker's compensation and the same benefits to the extent as though he were functioning within the normal scope of the officer's duties.

6. The Police Chief is hereby authorized to enter into mutual assistance agreements with other law enforcement agencies in accordance with such reasonable arrangements, terms and conditions as may be agreed upon between the respective heads of the law enforcement agencies.

Adopted this the 1st day of November, 2011.

Stephen R. Little, Mayor

J. Robert Boyette, City Manager/Clerk

Resolution Number: R-11-11-01-1

AA.000001260 (24)

CONSIDER APPROVAL OF ORDINANCE TO REVISE PROHIBITIONS CONCERNING CONCEALED WEAPONS ON CITY PROPERTY TO COMPLY WITH RECENT CHANGES TO STATE LAW: The City Manager advised that, as previously reported, the North Carolina General Assembly made changes to the concealed weapons statutes this past legislative session. The City Manager presented summaries of the new law from the N.C. League of Municipalities and the UNC School of Government to Council. Under the new law, which takes effect December 1, local governments cannot prohibit concealed weapons in parks, but can prohibit them in recreational facilities. Essentially, local governments must be specific in identifying areas where concealed weapons are prohibited. The City Manager reported that , on greenways or trails with no ballfields or playgrounds, such as the Catawba River Greenway or the Peavine Trail, the City can no longer prohibit concealed weapons.

The City Manager stated that he had sought examples of ordinances from other cities and drafted an ordinance before Council for their review. The new ordinance provides definitions for City Recreational Facilities and City Buildings, specifically listing the facilities and buildings that fall under each category. The new ordinance prohibits the open carry of weapons on any City property, street, alley, right-of-way or sidewalk. The new ordinance also makes necessary technical corrections to comply with the new State law. The City Manager advised that the City may need to revise signs at City buildings and recreational facilities to comply with the new law, but will do so only if necessary.

The City Manager stated that he had reviewed the new ordinance with Police Chief Brooks, who recommended prohibiting the open carry of weapons on all City property and concealed weapons to the limit of State law. The City Manager reported that he did not review the proposed ordinance with the City Attorney, but did review the draft ordinance with Mayor Little, who thought it was fine.

The City Manager presented Council with a copy of the City's current ordinance prohibiting concealed weapons in City buildings and parks.

Council Member Doggett said that she did not understand the reasoning for the change in State law.

Mayor Little stated that he can see no reason for allowing concealed weapons in parks or greenways.

Council Member Clark stated that it is a shame that local control was taken away by the General Assembly on this issue.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adopt the following Ordinance:

ORDINANCE
AMENDING CHAPTER 11
OFFENSES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 11, Offenses, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Chapter 11 is amended by deleting Section 11-16 in its entirety and replacing it with the following:

Sec. 11-16. Weapons prohibited on city property.

AA.00000126.1 (24)

(a) Definitions. The following words, terms and phrases, when used in this Article, shall have the meanings ascribed to them in this section:

(1) City Recreational Facility shall mean the following properties, including all buildings, parking lots, internal driveways and walkways and any other improvements associated with the listed properties, but excluding areas within the State or City public rights of way:

a. The Community Building Park, on North Main Street, including playground, basketball court, tennis court, splash pad and all other athletic facilities.

b. The West Marion Community Park, on Addie's Chapel Drive, including playground and basketball court.

c. The Cross Mill Community Park, on Granby Street, including playground, basketball court, volleyball court and disc golf course.

d. The Eastfield Community Park, on Perry Street, including playground and basketball court.

e. The Clinchfield Community Park, on Hill Street, including playground and basketball court.

(2) City Building or Public Property shall mean the following properties including all buildings, parking lots, internal driveways and walkways and any other improvements associated with the listed properties, but excluding areas within the State or City public rights of way.

a. City Hall, on North Main Street

b. Community Building, on North Main Street

c. Historic Depot, on Depot Street

d. Police Department, on South Main Street

e. Fire Department, on West Court Street

f. Public Works Department/City Warehouse, on Shop Drive

g. City Firing Range, on Old Greenlee Road

h. Water Plant, on Old Greenlee Road

i. Wastewater Treatment Plant, on NC Highway 226 South

j. Marion ABC Store #1, on East Court Street

k. Marion ABC Store #2, on US 221 North

l. Buck Creek Water Intake, on US 70 West

m. Historic Marion Tailgate Shelter, on West Henderson Street

(b) Concealed Weapons. As allowed by N.C.G.S. § 14-415.23, the City prohibits the carrying of concealed handguns as follows:

(1) It is prohibited, and not within the scope of any concealed handgun permit, for any person to possess or carry a concealed handgun in or upon any City Building and appurtenant premises as specifically described herein above.

(2) It is prohibited, and not within the scope of any concealed handgun permit, for any person to possess or carry a concealed handgun in or upon any City Recreational Facility as specifically described herein above.

(3) State law (presently N.C.G.S. § 14-269(b) provides that certain persons are not subject to the prohibition against carrying concealed weapons. Such persons are also exempt from the prohibitions in this subsection.

(4) State law (presently N.C.G.S. §14-415.23) provides that notwithstanding local ordinances forbidding concealed handguns on recreational facilities, handgun permittees are allowed to secure a handgun "in a locked vehicle within the trunk, glove box, or other enclosed compartment or area within or on the motor vehicle." Therefore, handguns stored in such areas shall not be in violation of this section.

(5) A conspicuous notice shall be posted at each entrance to any property set forth in subsection (a)(1) or (a)(2), indicating that carrying a concealed weapon or possession of a weapon, unless expressly allowed by State law, is prohibited therein, as well as on the premises thereof. Signs on buildings shall be visibly posted on the exterior of each entrance by which the general public can access the building. The City Manager or his designee shall exercise discretion in determining the number and appropriate location of signs to be placed on or within appurtenant premises and parks.

(c) Open Weapons on City Recreational Facilities, in City Buildings and on City Public Property. As allowed by N.C.G.S. § 160A-189, it shall be unlawful for any person to display weapons (unconcealed) on any City Recreational Facilities as defined herein above, in any City Building as defined herein above, on any City Public Property as defined herein above, on any other City owned or controlled property or on any street, alley, right-of-way or sidewalk owned or controlled by the City. As used in this section, "weapon" shall mean a rifle, pistol, shotgun, bowie knife, dirk, dagger, sling shot, loaded cane, metallic knuckles, razor, shurikin, stun gun, or other dangerous or deadly item of like kind. This prohibition shall not apply to the following persons:

(1) Officers and enlisted personnel of the armed forces of the United States when in discharge of their official duties as such and acting under orders requiring them to carry arms and weapons;

(2) Civil officers of the United States while in the discharge of their official duties;

(3) Officers and soldiers of the militia and the national guard when called into actual service;

(4) Sworn law enforcement officers.

(d) Seizure of Weapons. The Chief of Police or any member of the Police Department is hereby authorized to seize and hold any firearm or mechanism involved in a violation of this Section, and to hold such property, subject to release only upon an order of a court of appropriate jurisdiction.

(e) Punishment. Any person who violates any provision of this Section shall be guilty of a misdemeanor and shall be punished in accordance with Chapter 1 of the Marion City Code.

(f) Exception. Notwithstanding any other provision of this Section, the Chief of Police may, in his discretion, issue a permit authorizing the display and discharge of certain weapons in connection with organized training and certification programs, or competitions conducted by bona fide civic groups or entities. All such permits must be in writing, with such terms and conditions as the Chief of Police may require, provided that all permits must contain provisions that clearly absolve and release the City from any and all liability related to the event.

General statutory reference and authority:
N.C. Gen. Stat. 14-409.40 "Statewide uniformity of local regulation"
N.C. Gen. Stat. 14-415.11 "Permit to carry concealed handgun; scope of permit"
N.C. Gen. Stat. 14-415.23 "Statewide uniformity"
N.C. Gen. Stat. 160A-189 "Firearms"
N.C. Gen. Stat. 160A-190 "Pellet Guns"
N.C. Gen. Stat. 14-269 "Carrying concealed weapons"

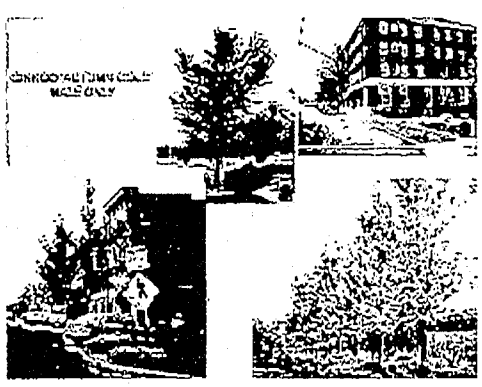
Section 3. This ordinance shall become effective at 12:01 a.m. on December 1, 2011.

Adopted this the 1st day of November, 2011.

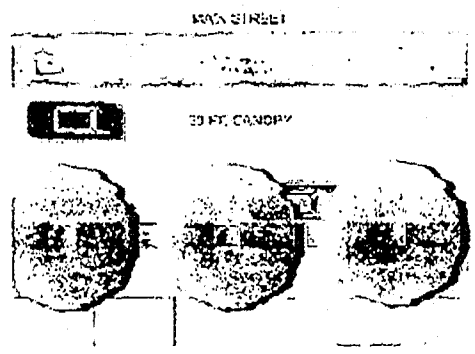
Stephen R. Little, Mayor

ATTEST:

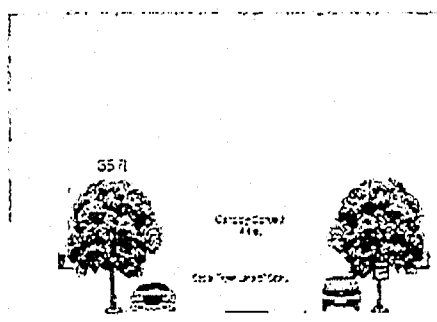
J. Robert Boyette, City Manager/Clerk



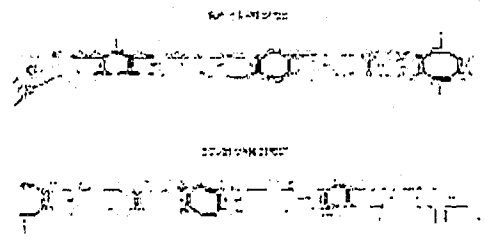
Ordinance Number: O-11-11-01-1



REVIEW MAIN STREET LANDSCAPING RECOMMENDATIONS: The City Manager advised that the Downtown Streetscape Project was nearing completion. One part of the project that needs to be finalized is landscaping in the new bumpouts on Main Street. Planning and Development Director Heather Cotton gave the following presentation to Council concerning landscaping recommendations for the Downtown Streetscape Project:

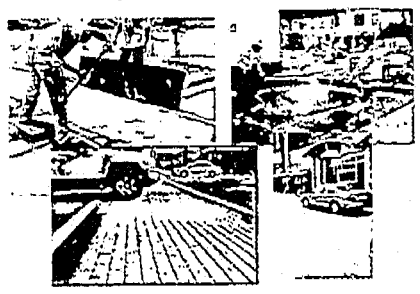


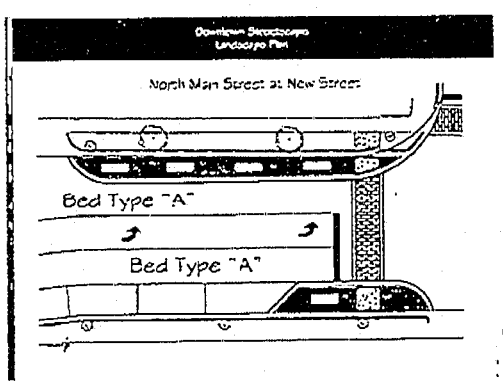
11/2/2011

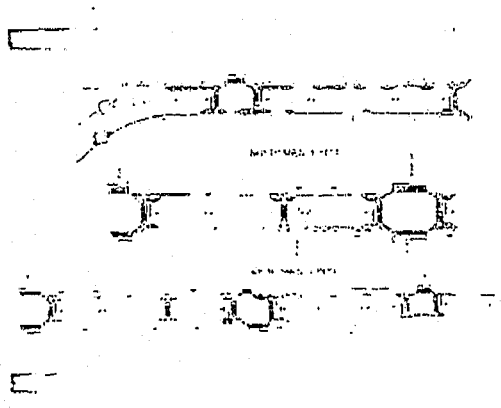


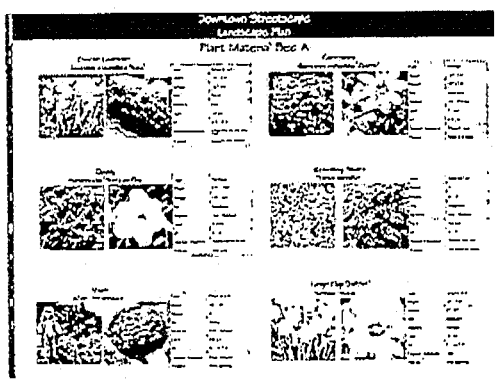
Downtown Marion
Landscape Plan

Street Trees & Landscaping

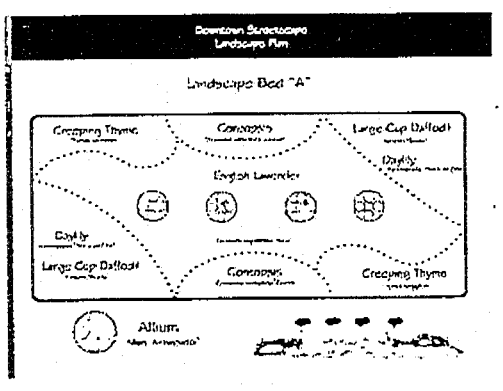




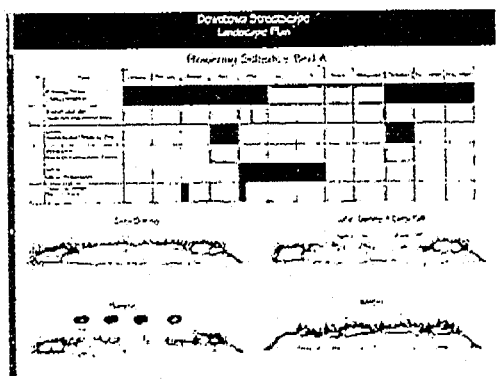




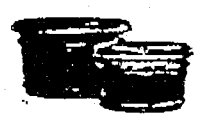
AA.0000001264 (24)



Examples of Asphalt Stamping

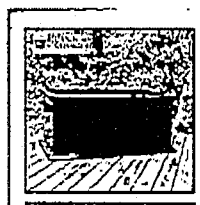


11/2/2011



LANDSCAPE PLANTERS

Fiberglass Planters
Commercial Grade Resin and Molded Polyethylene



34" = $249.00 = $7968.00
30" = $199.00 = $6368.00
25" = $99.00 = 3168.00

Total = $17,504

22" W x 35" wide = $564.00=$18,048

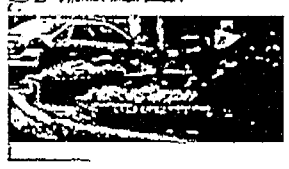
Fiberglass Composite
60"Lx 24" W x 24"H $977.00 = $31,264

24" H x 21" W $480.00 = $16,360

Cement Planters
(sand aggregate and dried silica cement 30% lighter than concrete) 3000 p.s.i

City Center Inverted Bell (sand aggregate 30% lighter than concrete)
22" vertical/24" wide top $844.00 = $27,008

Plaza Cylinder Planters
22" vertical/24"/29" wide top
$854.00 = $27,329



Other Planter Types

Wood Planters
Brick Planters
Rock Planters

Pros:
Can Be Constructed Locally.

Can Be Built to Desired Size and Shape.

Con:
Will require encroachment agreement from DOT

STAFF RECOMMENDATIONS

- Utilize as much as possible native species, perennials, and bulbs to conserve water, reduce maintenance, and reduce annual planting costs. (Use annuals only as necessary to fill in space for added color as needed)
- Stick to bright showy colors such as purple, fuchsia, and bright yellows. Avoid red and white colors which will compete or become washed out against the predominately neutral toned buildings, brick and painted crosswalks.
- Utilize Commercial Grade Fiberglass Resign Containers lighter weight for easy installation and lower cost. Use all three sizes for greater visual interest, buffer outdoor spaces from roadway, and create the illusion of larger areas of green space.

Cost Estimate For Landscape Plan

UNIT COST FOR PLANTS & INSTALLATION
Large Flower Beds (32" wide by 84" long)/(2.6' x 7') = $240
Small Beds: (35" wide by 60" long)/(2.9' x 5') = $180
Flower Pots: (36" Max Diameter) = $40.00

TOTAL COST FOR PLANTS & INSTALLATION
20 Large Flower Beds = $4800.00
3 Small Beds = $540.00
32 Flower Pots = $6,620.00
Total For Plants & Installation: $6,620.00

34" = $7968.00
30" = $6368.00
25" = $3168.00
Total = $17,504.00

TOTAL COST: OPT A (1 Size): $14,588 OPT B (3 Size) $24,124

3

Ms. Cotton stated that that she had worked with City Arborist and Landscaper Lawrence Moore to develop the landscaping recommendations. She noted that a large part of the expense involves replacing the large flower containers in the downtown area. The City used to have about 32 of these pots, but most have broken and/or crumbled over the years. Ms. Cotton estimated the total cost of the landscaping recommendations to be $24,124, with the costs going down if fewer flower pots were purchased. She added that it would probably be in the City's best interest to look into purchasing a water tank to make watering the new landscaping easier.

The City Manager reported that the City has about $25,000 left in the Downtown Streetscape Project budget and about $28,000 in the Mountain Glory Festival account. The City Manager stated that he would feel comfortable recommending spending $10,000 to $12,000 of the Mountain Glory Festival account to replace the large flower pots and then using the remainder of the Downtown Streetscape Project funds, to the degree Council finds appropriate, to implement additional landscaping in the bumpouts and purchase trash cans for downtown. The City

AA.000001266 (24)

Manager stated that the plan shown by Ms. Cotton was conceptual only and that there could be reductions in the number of plant beds and flower pots and changes in the exact species of plants.

A discussion followed.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to approve the concept of the Downtown Streetscape Project landscaping plans as presented, to authorize staff to make necessary deviations to the plan, while staying within the Downtown Streetscape Project, to authorize the use of Mountain Glory Festival funds as needed to fund the landscaping recommendations and to authorize staff to explore options for irrigation to make watering downtown landscaping less time intensive and more consistent.

ADD ON - Y.M.C.A. REQUEST – DEPOT RENTAL FEES: The City Manager advised that, over the past two years, the Y.M.C.A. has assisted the City's Marion 101 Citizen's Academy by providing bus transportation at no cost. He stated that Council had given donations to the Y.M.C.A. the year before to cover two Depot rentals. The City Manager advised that the Y.M.C.A. was requesting this year the use of the Depot on Wednesday, December 7, 2011 for the McDowell Health Coalition's annual meeting and the use of the Depot on another date in Spring 2012, said date to be determined at a later date, for the Y.M.C.A.'s Annual Healthier Communities Campaign Victory Celebration. The City Manager reported that the cost of the two Depot rentals would be $400.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the donation of $400 to the Y.M.C.A. to cover the use of the Depot on Wednesday, December 7, 2011 for the McDowell Health Coalition's annual meeting and the use of the Depot on another date in Spring 2012, said date to be determined at a later date, for the Y.M.C.A.'s Annual Healthier Communities Campaign Victory Celebration.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City had completed our $6.6 million Wastewater Improvements Project, with paving of the roads in the Wastewater Plant.

Council Member Clark asked if the City spent all grant funds. The City Manager stated that, to his knowledge, all or nearly all grant funds were spent on the Wastewater Improvements Project.

The City Manager stated that he had advised McGill that Council does not wish to have a loan for the sewer extension under I-40 to serve Marion Travel Plaza on Sugar Hill Road and that the City instead wishes to keep seeking grant funding for this project.

The City Manager advised that Planning and Development Director Heather Cotton had done an initial assessment of the six downtown walking trails and identified several needed safety improvements. The City Manager stated that he needed to go over the proposed improvements with Ms. Cotton. He reported that the City will make improvements needed on City sidewalks and streets, such as crosswalks or sidewalk repairs, and that the City will ask DOT for any needed improvements on State maintained streets, such as crosswalks or pedestrian crossing signals. The City Manager added that the DOT requests may need to be made as part the City's planned meeting with DOT Division Traffic Engineer Anna Henderson in early December, after she returns from maternity leave.

The City Manager advised that Maymead has almost finished the Downtown Streetscape Project. The City Manager said that he had informed DOT that the City wants to retain on-street parking in front of the old Heilig Meyers building on South Main Street but, as he had previously reported, DOT stated that the only way to retain the parking would be to move the curb line back

AA.00001267 (24)

about three feet. The City Manager reported that he was awaiting word from DOT as to whether such work would affect the overall Downtown Streetscape Project budget.

The City Manager stated that he and Police Chief Mark Brooks would meet with the Postmaster the following day to seek new locations for drive-up mailboxes in the downtown area, so that people dropping off mail will not have to go through the crowded Post Office parking lot.

The City Manager advised that the Sugar Hill Road sewer extension should be completed around mid-November. He noted that the contractor put in service a temporary pump on October 26 that eliminated the need for pump and haul service from the Wal-Mart Supercenter and Grandview Station Shopping Center and the resulting expense to the City. The City Manager added that he still anticipated the City having a little over $200,000 left over the Sugar Hill Road Water and Sewer Extension project. These funds can be used for other water or sewer extensions if so desired by Council.

The City Manager advised that the City had concluded a successful Second Annual Marion 101 Citizen's Academy with the final session and graduation on Thursday, October 27. The City had 15 people participate in Marion 101 this year. The City Manager commended Administrative Assistant Debi Sherlin for her great work organizing Marion 101 and communicating with participants and all City staff for their efforts in giving presentations about City services and conducting tours of City facilities.

The City Manager advised that Maymead had completed the resurfacing of City streets in late October.

The City Manager advised that the Golden Leaf Foundation would have their next meeting for the $2 million Community Investment Initiative for our County on Monday, November 28 at 2:00 p.m. at the YMCA. The City Manager stated that individual projects have not yet been discussed, but that the Initiative is now focusing on economic development and education as its major subject areas.

The City Manager advised that DOT began planting landscaping along Sugar Hill Road in late October, per prior agreement with the City. DOT is installing the plantings and maintaining them for one year, after which time the City would assume maintenance. The City Manager reported that City staff intentionally worked with DOT on a plan for low maintenance plantings, to keep the City's on-going maintenance costs as low as possible.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Cuthbertson advised that he noticed City crews took out a decorative street light on North Main Street near the Gazebo Park. The City Manager advised that the street light was being relocated a short distance, at the direction of DOT, so that the street light would not interfere with the new mid-block crosswalk at the same location.

Council Member Clark asked if the new police cars had been purchased. The City Manager stated that the City had sought bids for the new vehicles and that the bids would be presented to Council for consideration at the November 15 Council meeting.

Council Member Clark advised that he was sorry that Council Member Doggett was not elected to the North Carolina League of Municipalities District 11 Board of Director's position at the League's Annual Conference the week before; however, Council Member Doggett impressed the League Board and staff with her interest and credentials. Council Member Clark stated that he was confident that Council Member Doggett would be appointed to a League Legislative Action Committee and that she should continue to put her name forward for the League Board.

AA.000001268 (24)

Council Member Doggett stated that she appreciated the kind words and did not mind losing the election to an experienced Council Member from the City of Newton.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, November 15, 2011at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Council Members A. Everette Clark, Billy Martin and Cecil Owenby.

BOARD MEMBERS ABSENT: Mayor Pro Tem Lloyd Cuthbertson was absent for this meeting due to another commitment out of town. Council Member Juanita Doggett was absent for this meeting due to a scheduled event taking place of town.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Harriett Thomas, CPA Finance Director; Gaye Noblitt, Administrative Lieutenant; Dawn Penland, Accounting Assistant.

GUESTS PRESENT: Marsha Carroll, Rachel Kinninger, Hilda Newton, Jo Curtis and Gwen Straub; McDowell County Animal Outreach Representatives; Gary Stamey, N.C. Department of Agriculture Representative; Darren Waugh, Marion Business Association; Mr. and Mrs. Billy Tindall, Marion NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Owenby, seconded by Council Member Martin, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – November 1, 2011 Regular City Council Meeting Minutes

B. **Approve Longevity Pay**

Council approved the annual longevity pay for City employees and the purchase of a turkey at Thanksgiving for City full-time and part-time employees and contract workers. The longevity pay is broken down by department as follows:

AA.000001269 (24)

DEPARTMENTAL SUMMARY - LONGEVITY 2011

DEPARTMENT		GROSS AMOUNT
ADMIN	420	$6,119.80
PURCHASING	445	1,132.80
INSPECTIONS	500	2,245.88
POLICE	510	11,024.36
FIRE	530	3,247.56
PUBLIC WORKS/ADMIN	545	310.80
FLEET MAINTENANCE	555	1,469.40
STREET	560	6,201.68
SANITATION	580	3,513.16
WATER UTILITIES	810	3,747.44
WATER FILTER PLANT	812	3,280.40
WASTE TREATMENT PL	816	4,939.80
	GRAND TOTAL	$47,233.08

C. Approve Fire Department Relief Shift Honoraria

Council approved the payment of relief shift honoraria to volunteer firefighters who have donated their time to work relief shifts for paid staff. The following honoraria were approved:

Christopher Burnett	$ 169.00
Marty Coward	$ 702.00
Terry Depoyster	$2,301.00
Wayne Durkee	$ 195.00
Chris Lister	$ 312.00
Tim Moore	$ 871.00
Scotty Radford	$2,736.50
Total	$7,286.50

PUBLIC HEARING – ZONING TEXT AMENDMENT – TO ALLOW ANIMAL SHELTERS AS A PERMITTED USE IN THE M-1 INDUSTRIAL DISTRICT AND AS A SPECIAL EXCEPTION IN THE C-2 GENERAL BUSINESS DISTRICT: Mayor Little opened the Public Hearing.

Planning and Development Director Heather Cotton advised that a request had been submitted by McDowell County Animal Outreach, Inc. (MCAO) to amend the Zoning Ordinance to allow for a non-profit animal shelter to be permitted as a Special Exception in the C-2 General Business District and as a permitted use in the M-1 Industrial District. She stated that the City does not have animal shelters or board kennels listed as a permitted land use category within any zoning district within the municipal limits. Historically, the County has maintained an animal shelter and conducted its operations outside of the City of Marion. Ms. Cotton reported that MCAO, a non-profit organization, has been working with McDowell County over the last several months to

AA.000001270 (24)

take over operations of the County Animal Shelter, which includes establishing a new facility in a more centralized location. Staff has worked with the Applicant to draft revisions to the City Code to allow such facility as well as applicable regulations to ensure compatibility with surrounding area in which they locate. Ms. Cotton stated that the proposed text amendment contained several requirements, including a 500 foot separation requirement for animal shelters from residential zoning district.

Ms. Cotton advised that the Planning Board unanimously recommended at their meeting on November 3, 2011 the approval of the Zoning Text Amendment, with an additional requirement to allow for outdoor kennels only between dawn and dusk.

Ms. Cotton added that she spoke with an Environmental Health Specialist with the Rutherford McDowell Polk Health Dept. to see if there were any environmental concerns with an animal shelter or kennel being located within close proximity to other land uses. The Health Department representative indicated that there are no state health regulations that would prohibit an animal shelter, kennel, or similar facility to locate adjacent to another land use such as a residence, restaurant, or other use. She stated that if an animal shelter or similar use were to locate outside the City limits that their office would review the uses method of waste disposal because both fur and animal waste would be prohibited from entering the septic system, and all such waste would have to be collected and removed off site by means of solid waste disposal.

Ms. Cotton stated that, according to Wastewater Treatment Superintendent Larry Carver, an onsite pre-treatment sediment tank system must be installed to separate such matter including but not limited to animal waste, hair, chemicals, and other waste considered harmful to the City's sewer system. This tank would allow for the separation of harmful materials prior to entering the sewer system. It is further recommended that all solid waste including all animal waste, straw, cedar chips , fur, bedding, bones, and all other similar matter be collected prior to washing down any animal enclosure and disposed of through solid waste management and not disposed of through the sewer system. Any remaining material would discharge into an approved sediment tank where the materials would discharge into a screen and settling pit before being discharged into the City sewer system. This process would be similar for boarding kennels, large veterinary clinics, animal show grounds, zoological parks, or any other animal holding facility. Similar sediment tanks are required for restaurants, auto-repair, and other similar uses.

Ms. Cotton reported that the Health Department cited an additional concern with flies, their attraction to animal waste, and the ability to transport harmful matter from the animal shelter to restaurants in the area and strongly recommended adequate pest control including but not limited routine pest control and limiting the amount of open outdoor animal areas suggested screened in outdoor enclosures to mitigate any potential problems associated with flies.

Ms. Cotton stated that, in addition to this research, she had two concerned questions from the public:

1. What will be the process for disposal and transport of animals that have been euthanized especially those that have been quarantined for rabies, parvo, or other potentially harmful diseases?
2. Concern regarding a "Trap Neuter and Release of Community Cats" Program, which would release cats back into the wild within the City Limits.

The ordinance recommended for adoption by the Planning Board read as follows:

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000001271 (24)

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended by adding the following:

Section 2. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to 21-21 *Definitions*.

Kennel: Any lot, building, structure, enclosure or premises whereupon or wherein are kept five or more dogs, cats or similar small animals in any combination, whether such keeping is for care, pleasure, profit, breeding, or exhibiting, and including places where dogs or cats or similar small animals in any combination are boarded, kept for sale, care, or kept for hire.

Section 3. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to Section 21-205.*3 Special Exceptions* of the C-2 General Business District.

Sec. 21-205 (3) Special exceptions. The following uses are permitted as special exceptions as provided for in article XIII, section 21-302.2 of this ordinance.

(9) Boarding Kennel or Animal Shelter

a. Property is located no less than 500 feet from any residential zoning district.
b. All activity is located on property no less than two acres in size.
c. All kennels shall be contained within a fully enclosed building or designed in a manner that would prohibit outdoor access between dusk and dawn.
d. The setback requirement for any outdoor animal enclosure shall include the following:
    i. The front yard setback shall be the same or greater than the principal building.
    ii. Side and rear yard setbacks shall be a minimum 20 feet from the property line.
e. All outdoor enclosures shall be screened by a solid or opaque fence a minimum of six feet in height.
f. All drainage and dust from an outdoor enclosure, kennel, or other containment area shall be controlled in a manner that does not create a nuisance and/or a hazard to the public or an adjacent property.
g. The facility shall be maintained and operated in such a manner that all animal odors, noise, refuse and/or other onsite activities deemed as a public nuisance and/or hazard shall not be detectable beyond the property line in which the animal shelter or kennel is located.
h. The facility operates in compliance with all other applicable city codes including but not limited to Chapter 3 *Animals* as may be amended.

Section 4. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to Section 21-206.*2 Permitted Uses* of the M-1 Industrial District.

Sec. 21-206 (2) Permitted uses. Within the M-1 Industrial Zoning District the following uses are permitted.

(13) Boarding Kennel or Animal Shelter

a. Property is located no less than 500 feet from any residential zoning district.
b. All activity is located on property no less than two acres in size.
c. All kennels shall be contained within a fully enclosed building or designed in a manner that would prohibit outdoor access between dusk and dawn.
d. The setback requirement for any outdoor animal enclosure shall include the following:
    iii. The front yard setback shall be the same or greater than the principal building.
    iv. Side and rear yard setbacks shall be a minimum 20 feet from the property line.
e. All outdoor enclosures shall be screened by a solid or opaque fence a minimum of six feet in height.
f. All drainage and dust from an outdoor enclosure, kennel, or other containment area shall be controlled in a manner that does not create a nuisance and/or a hazard to the public or an adjacent property.
g. The facility shall be maintained and operated in such a manner that all animal odors, noise, refuse and/or other onsite activities deemed as a public nuisance and/or hazard shall not be detectable beyond the property line in which the animal shelter or kennel is located.
h. The facility operates in compliance with all other applicable city codes including but not limited to Chapter 3 *Animals* as may be amended.

Section 4. This ordinance shall become effective upon its adoption.

Rachel Kinninger and Marsha Carroll, representing MCAO, stated that they would be happy to answer any questions Council had about the request.

Mr. Billy Tindall stated that he and his wife are new residents and are supportive of the animal shelter locating in the former Legendary Ford building, since it is vacant along with the old Wal-Mart building on Highway 70 West. He said that he thought the shelter would be an asset to the community.

Council Member Billy Martin asked if KFC or anyone else has expressed any concern about the shelter being located so close to the restaurant. Ms. Cotton stated that KFC has not expressed any concerns so far and that the Health Department's main concern involved flies transporting

AA.000001272 (24)

bacteria from animal waste to the restaurant. She added that the Health Department stressed the need for the animal shelter to keep animal waste removed and to take all reasonable steps to reduce the number of flies on the property.

Council Member Clark advised that, since there apparently needed to be a settling pit on the animal shelter property, how would the animal shelter keep flies away. He also expressed concerns about restaurants being located close to potential animal shelter location and that the 500 foot separation requirement between animal shelters and residential zoning districts is not strict enough. Council Member Clark noted that the Zoning Text Amendment would establish allowances for animal shelters all over the City, not just at the former Legendary Ford building.

Ms. Kinninger stated that the shelter would have to meet all standards of the N.C. Department of Agriculture and that the State Inspector was present to address any issues Council may have.

Ms. Carroll stated that MCAO will abide by all State regulations and will work to keep the property clean and free of odor and flies.

Council Member Owenby stated that if he had the Legendary Ford property, he would want to rent it, so he understood the position in which the property owners found themselves. However, he said that he also believed that the 500 foot separation requirement between animal shelters and residential zoning districts is not strict enough. Council Member Owenby suggested that the Planning Board may need to study the separation between animal shelters and residential areas or restaurants a bit more.

Ms. Cotton noted that the Legendary Ford property is just over 500 feet from the nearest residential zoning area located on Garden Creek Road, which is why that particular distance was chosen.

Ms. Kinninger stated that other animal shelters are located in cities, many in commercial areas. She cited examples from Asheville, Charlotte, Greenboro, Morganton, Raleigh and New York City.

Ms. Carroll asked Mr. Gary Stamey with the N.C. Department of Agriculture if the proposed site would meet all State requirements. Mr. Stamey said that he had looked at the Legendary Ford property and felt that it was a site that could meet all applicable regulations.

Ms. Gwen Straub stated that the environmental effects from the former car dealership, along with the noise and smell, were worse than what would be experienced with the animal shelter.

Council Member Clark asked if the Planning Board had heard all of the concerns and issues mentioned by Ms. Cotton. Ms. Cotton advised that many of the issues had arisen since the Planning Board meeting.

Council Member Clark stated that he thinks the Planning Board should go back and study these issues, since they did not hear all of the information that Council has heard.

Ms. Kinninger stated that the property owner has been very patient with MCAO and needs to know if MCAO will rent the Legendary Ford property; therefore, it is very important that Council make a decision tonight.

Council Member Martin asked how violations to the ordinance would be handled. Council Member Clark stated that Council will receive calls if there are problems. Ms. Cotton added that enforcement action could be taken under the City Code if there are problems, but the City would first seek voluntary compliance.

AA.00001273 (24)

Mr. Stamey stated that he had the power to shut down the facility if it violated State law.

Ms. Cotton suggested that the ordinance could be amended to increase the setbacks from property lines, to reduce noise and odor concerns.

Ms. Kinninger noted that MCAO had no plans for any kennels in front of the building.

Ms. Carroll noted that the first thing MCAO did was contact Mr. Stamey to make sure that the Legendary Ford property would work for an animal shelter. She added that MCAO intends to have the best smelling kennel possible to eliminate any odors possible. Ms. Carroll stated that sanitation would be a top priority. She advised that MCAO wanted to improve the condition of the County Animal Shelter, which is currently a poor reflection on the entire County.

Ms. Straub stated that she supported the proposed shelter and that it would be a good opportunity for school children to come and learn the proper way to keep pets. She said that people around here do not know the proper way to keep pets.

Mayor Little closed the Public Hearing.

Council Member Martin made a motion to approve the Zoning Text Amendment, as recommended by the Planning Board, and give McDowell County Animal Outreach a chance to operate the animal shelter.

The motion died for lack of a second.

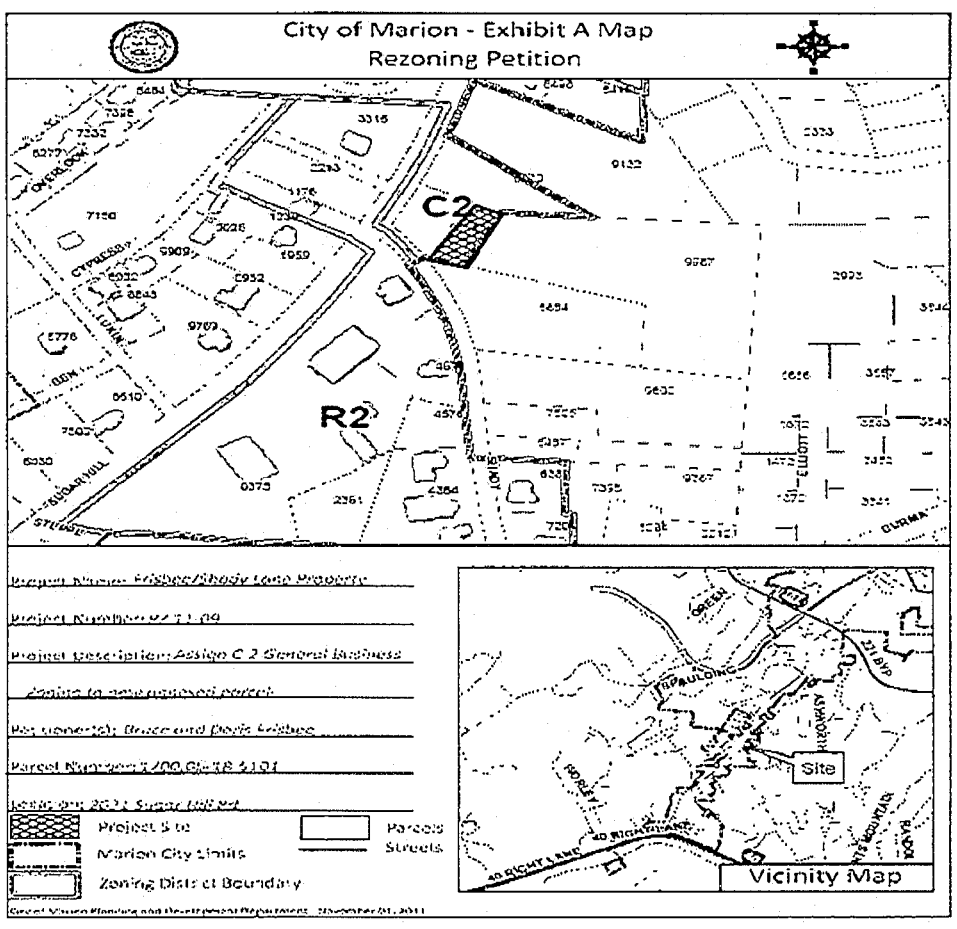
Council Member Owenby made a motion to refer this matter back to the Planning Board for additional study and recommendation. The motion was seconded by Council Member Clark. The vote was as follows:

Council Member Owenby	Yes
Council Member Clark	Yes
Council Member Martin	No

The motion carried 2-1.

Ms. Cotton advised that she could advertise the request for the Planning Board meeting on December 1 and the City Council meeting on December 6.

PUBLIC HEARING – ZONING MAP AMENDMENT – ASSIGN ZONING TO FRISBEE/SHADY LANE ANNEXATION AREA:



Mayor Little Opened the Public Hearing

Planning and Development Director Heather Cotton advised that the ordinance presented to Council would amend the *Official Zoning District Map* to assign the C-2 General Business Zoning District designation to the Frisbee/Shady Lane Annexation Area, located behind the Pizza Joint and Country Market Convenience Store. Ms. Cotton stated that the owners requested annexation for the purpose of expanding the existing restaurant, which required additional land to meet the City's off-street parking requirements.

Ms. Cotton stated that the purpose of this ordinance would be to assign a zoning designation to the annexed area that will be most compatible with the existing uses within the area and provide a mechanism to regulate such uses. Based on the Marion City Code, the annexation area is most compatible with Section 21-205 *C-2 General Business Zoning District*. The C-2 General Business Zoning District is established as a district where the principal use of land is for

AA.000001274 (24)

commercial purposes. Ms. Cotton stated that staff therefore recommended assigning the proposed C-2 General Commercial Zoning as shown on the proposed Official Zoning District Map.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Owenby, seconded by Council Member Martin, those members of Council present voted to adopt the following Ordinance amending Chapter 21 Zoning to assign C-2 General Business District zoning to the Frisbee/Shady Lane Annexation Area:

ORDINANCE
AMENDING CHAPTER 21 ZONING
MARION CITY CODE
FRISBEE/SHADY LANE PROPERTY

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, (hereinafter "City Code") is amended as follows:

Section 2: The City of Marion is amending the Official Zoning District Map to include the Frisbee/Shady Lane Annexation Territory adopted by City Council on October 18, 2011 Ordinance Number O-11-10-18-1.

Section 3: The City of Marion is assigning the C-2 General Business Zoning District to the newly incorporated area as indicated on the amended Official Zoning District Map attached hereto as Exhibit A.

Section 4. The proposed zoning map amendment is consistent with the adopted Comprehensive Plan.

Section 5. Pursuant to Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, the Planning Board considered the zoning map amendment during a duly noticed public hearing on November 3, 2011.

Section 6. In accordance with Sections G.S. 160A-364 and G.S. 160A-384, North Carolina Statutes, and Section 21-321 of the City Code, notice has been given of the public hearing for the proposed adoption of this ordinance.

Section 7. The City Council finds that the adoption of the zoning map amendment is in the best interest of the City and complies with all applicable laws and promotes the health, safety, and welfare of the community.

Section 8. The zoning map amendment is hereby adopted as part of the Official Zoning Map of the City.

Section 9. This ordinance shall become effective upon its adoption.

Adopted this the 15th day of November 2011.

Stephen R. Little, Mayor

ATTEST:

What Does Our State Legislature Face?

- State tax revenues are not enough to fully replace federal stimulus funds that expired in June
- Federal healthcare reform will make it harder for states to control costs
- Federal spending cuts will affect state and local governments to varying degrees

How Did Local Governments Fare in Fiscal Year 2011?

- Property tax revenue fell in the first quarter of 2011, this is likely to continue into 2012
- Sales tax revenue grew by 4% in the first quarter of 2011, the fourth consecutive quarter with growth
- General Fund balance as a percentage of revenues fell an average of 2.1%

Discussion & Questions

City of Marion

MARTIN·STARNES
& ASSOCIATES, CPAs, P.A.

Mr. Costner stressed that the City received an unqualified, or clean, opinion regarding the audit and that the City's finances were in good shape.

The City Manager thanked Mr. Costner for the work done by Martin Starnes in completing the audit thoroughly and efficiently. He added that he also wished to thank Ms. Thomas, Accounting Assistant Dawn Penland and all City departments for the great job they do every day looking after the City's finances. The City Manager stated that the fact that the City has received no audit findings and no management letter for several years in a row demonstrates the great job being done by Ms. Thomas and her staff.

Mayor Little thanked Mr. Costner for his presentation. After brief discussion, Council agreed to consider formal approval of the audit report at a future meeting, when all Council Members were present.

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIATION: Mr. Darren Waugh, Past President of the Marion Business Association (MBA), appeared before Council advising that MBA President Boyd Phillips could not be present for the meeting. Mr. Waugh gave the following report to Council on activities of the MBA:

November 15, 2011
July-September, 2011 Quarterly Report to Marion City Council
Economic Development Report

New Businesses Opened – 8
- Main Street Pub
- Hernandez Ice Cream

September 16, Business for Breakfast Topic – Review of past programs. Streetscape update
Spent September working on Mountain Glory Festival.
Events Committee continues to be very active.
Volunteer Hours Committed – 144

Upcoming Events

Sunday, November 20 – Christmas Parade
Thursday, December 1 – Melodies on Main
Saturday, December 31 – Marion Rotary New Year's Eve Celebration
Every Thursday Night, 7:00 PM – Free Bluegrass Music Jam @ Depot

Mountain Glory Festival Update

200 + volunteer hours plus MBA staff and Public Works staff time
Estimated profit $2,000.00 - Purchased new stage canopies this year
The volunteers for Mountain Glory Festival were superb!!! They were committed, carried out the event with confidence and fulfilled the mission of Mountain Glory Festival which is to showcase the best of Marion. Each person/volunteer was Marion's best!
Most of the entertainment was regional and national competition winners that also represented the best of Marion and McDowell County.
The craft vendors were complimentary of the festival set-up and a very high majority reported better than average sales.
Mountain Glory Festival is the crown jewel event for Marion and it is accomplished by partnership. The Marion Business Association is proud to partner with the City of Marion and the Festival Committee for the successful event.

Mayor Little thanked Mr. Waugh for his presentation and for the work of the MBA. Mayor Little stated that he had been present for many ribbon cuttings in recent months, demonstrating that the business climate is improving in Marion. He encouraged Council Members to attend as many ribbon cuttings as possible.

The City Manager advised that the MBA would soon announce a new grant cycle for the Historic Marion Façade Grant, funded by the MBA and the McDowell Economic Development

AA.000001283 (24)

Association. He added that the next grant cycle would have nearly $21,000 of funding available, since there was unspent grant funds from the past grant cycle.

Mayor Little stated that, if anyone sees Mr. Russell Neighbors, they should commend him for the wonderful job he did in painting his building on South Main Street as part of the Historic Marion Façade Grant Program.

PUBLIC COMMENT PERIOD:

Mrs. Billy Tindall stated that she and her husband moved to Marion two years ago and live on Airport Road. Their first experience with Marion was the New Year's Eve Celebration in 2009. They have really enjoyed living in Marion.

APPROVE STREET CLOSURE FOR NEW YEAR'S EVE CELEBRATION – NEW YEAR'S EVE EVENT: The City Manager advised that the City, County, Marion Business Association and Marion Rotary Club have begun planning this year's Third Annual New Year's Eve Celebration, to take place on Saturday evening, December 31. He stated that the plans were to build on the events held the past two years. The City's role will be supplying labor and equipment, such as police officers for security, a stage for the Courthouse lawn and the Fire tower truck to drop the gold nugget, if necessary, without objection.

The City Manager stated that he would request that Council approve the street closure for this event on Main Street between New and Henderson Streets between 7:00 p.m. and 1:00 a.m. The event will take place between 9:00 p.m. and 12:30 p.m.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, those members of Council present voted to approve the street closure for the New Year's Eve Celebration on Main Street between New and Henderson Streets on Saturday, December 31 from 7:00 p.m. to 1:00 a.m.

REVIEW BIDS/CONSIDER AWARD OF CONTRACT – POLICE DEPARTMENT VEHICLE PURCHASE: The City Manager advised that City staff sought bids for the purchase of three fully equipped Police Department vehicles, including the replacement of one vehicle totaled by a tree falling on it, and for which the City received a full insurance settlement, and the replacement of two vehicles included in the 2011-12 budget. The City budgeted $79,100 for two fully equipped vehicles and received an insurance settlement of $46,000 for the totaled vehicle, providing total available funding of $125,100. He advised that the insurance settlement was received in June, so this funding will be carried over from the 2010-11 Fiscal Year to the current Fiscal Year as fund balance appropriation.

The City Manager stated that, for the two police cars, the low bid was received from Bobby Jones Ford for two 2012 Ford Crown Victorias in the amount of $31,681.48 each, for a total amount of $63,362.96. The City will also need to purchase in-car computers ($650 each or $1,300 total) and radars ($2,100 each or $4,200 total), increasing the total expenditure for the two vehicles to $68,862.96, which is $10,237.04 less than was budgeted for these vehicles.

The City Manager reported that, for the sport utility type vehicle, the low bid received was from Vic Bailey Ford for a 2012 Ford Expedition in the amount of $31,830.25 for a vehicle with running boards, something that City staff has requested. No additional expenses are anticipated for this vehicle. Therefore, this vehicle will cost $14,169.75 less than the insurance settlement we received. The City Manager advised that the City only plans to carry over the amount of the insurance settlement needed for the new vehicle.

AA.000001284 (24)

After review of the bids, the City Manager advised that he would recommend that Council award a contract to Bobby Jones Ford for the purchase of two 2012 Ford Crown Victorias in the amount of $31,681.48 each, for a total amount of $63,362.96, and a contract to Vic Bailey Ford for a 2012 Ford Expedition in the amount of $31,830.25 for a sport utility police vehicle with running boards.

Upon a motion by Council Member Clark, seconded by Council Member Owenby, those members of Council present voted to award the contract to Bobby Jones Ford for the purchase of two 2012 Ford Crown Victorias in the amount of $31,681.48 each, for a total amount of $63,362.96, and a contract to Vic Bailey Ford for a 2012 Ford Expedition in the amount of $31,830.25 for a police vehicle with running boards as recommended.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager stated that he appreciated Police Lieutenant Gaye Noblitt being here for the Council Meeting while Chief Brooks is in training.

The City Manager advised that Maymead is seeking to finish the Downtown Streetscape Project. He described how DOT had agreed to have the contractor move the curbline in front of the old Heilig Meyers building on South Main Street in order to preserve parking at this location. The City Manager advised that DOT indicated that the only way to retain the parking at this location would be to move the curb line back about three feet. He added that DOT advised that the City had saved enough money for the project by eliminating three bumpouts to pay for the curb work on South Main Street. Therefore, the City Manager advised that he had given DOT the go-ahead to proceed with this work. City crews are removing the awning, siding and brick planters from the front of the old Heilig Meyers building, and are moving two gingko trees back a few feet and working with Duke to move three decorative street lights back a few feet.

Mayor Little stated that this was a good, creative and satisfying way to retain parking in the South Main Street area, while also removing a false façade from a building.

The City Manager reported that he and Police Chief Mark Brooks continue to work with the Postmaster to seek new locations for drive-up mailboxes in the downtown area, so that people dropping off mail will not have to go through the crowded Post Office parking lot.

The City Manager stated that City personnel have worked to make sure the gingko trees are lighted for Christmas. The skirts around the gingko trees were removed after Mountain Glory, immediately improving the appearance of the downtown area.

The City Manager advised that the Sugar Hill Road Sewer Extension is almost completed. As previously reported, the project contractor installed a temporary pump on October 26 that eliminated the need for further pump and haul from the Wal-Mart Supercenter and Grandview Station Shopping Center and the resulting costs. The City Manager reported that the City still anticipates having a little over $200,000 left over the Sugar Hill Road Water and Sewer Extension project. These funds can be used for other water or sewer extensions if so desired by Council.

The City Manager stated that the City continues to stress to Wal-Mart the need to fill the former Wal-Mart building on Highway 70 West. The City Manager stated that he understand that progress is being made to lease at least part of the old Wal-Mart building, but nothing will likely happen until after the first of the year.

AA.000001285 (24)

The City Manger advised that the Park Avenue water line replacement had been completed, with some work done by City crews and other work done by F&S Contractors. City crews have begun the sidewalk and curb replacement on Park Avenue between Turner and Robert Street and a contractor will soon start on the sidewalk and curb replacement between East Court and Turner Streets.

The City Manager stated that DOT District Engineer Doug McNeal was seeking funding for a sidewalk on East Court Street from Branch to Church Streets, to allow the City to consider an asphalt sidewalk extension on Church Street and Ridge Road.

The City Manager advised it appeared that the City was in line to receive a State Parks and Recreation Trust Fund (PARTF) grant in January for one-half of the costs of Phase 2 of the Catawba River Greenway. He stated that the City could also seek a Recreation Trails Program (RTP) grant for this project in early 2012. The City Manager reported that the City had explored a Clean Water Management Trust Fund (CWMTF) grant for the Greenway, but learned that CWMTF will only fund property acquisition, something that is not needed in this case. He added that the City hopes to have all potential grant funding for Phase 2 approved by mid-2012. The McDowell Trails Association is working on plans for fundraising and the City also hopes to receive some County funds for the parking lot behind the McDowell House and/or the amphitheater.

The City Manager advised that DOT finished up planting landscaping along Sugar Hill Road in late October, per prior agreement with the City. DOT is installing the plantings and maintaining them for one year, after which time the City would assume maintenance. City staff intentionally worked with DOT on a plan for low maintenance plantings, to keep future City maintenance costs as low as possible.

The City Manager advised that the Farmer's/Craft Market will be open at the Farmer's Market Shelter on Tuesdays from 3:00 p.m. through 5:30 p.m. through December 20 and on the first and third Saturdays of November and December from 10:00 a.m. through 12:00 Noon. Farmer's and crafters are invited to participate.

The City Manager advised that Council's Annual Christmas Dinner had been scheduled for Tuesday, December 13 at 7:00 p.m. at Low Country Dining. Mayor Little stated that everyone would be asked to pay for their own meals, so that the City bore no expense with this event. Mayor Little added that Council members are invited to his home for dessert and bingo after the dinner.

The City Manager advised that a reception will be held on Tuesday, November 29 from 4:30 p.m. until 6:00 p.m. in honor of Council Member Cecil Owenby, who completes his 16 years of service with the City on December 6.

Mayor Lttle stated that he and the entire City deeply appreciate the 16 years of service Council Member Owenby has given to the City. He added that Cecil has served the citizens of Marion throughout his life, not just during the 16 years he served on Council.

Council Member Clark stated that he appreciated Council Member Owenby and that he was very well respected throughout the community. He added that he has always admired the wise, unselfish decisions that Cecil was willing to make.

Mayor Little stated that Council Members are invited to be present for the annual Pilot Club lighting of the Christmas Tree on the Courthouse Lawn, to take place on Sunday, December 4 at 3:00 p.m.

AA.000001286 (24)

The City Manager advised that the next meeting of the Golden Leaf Foundation Community Assistance Initiative will take place on Monday, November 28 at 2:00 p.m. at the YMCA.

COUNCIL MEMBER COMMENTS: None

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to adjourn.

i. General Fund Revenues, Account Number 10-335-0300, Sale of Real Estate is increased from $-0- to $22,770.

j. General Fund Revenues, Account Number 10-392-2000, Property Insurance Reimbursement is increased from $-0- to $2,540.

k. General Fund Revenues, Account Number 10-399-0000, Fund Balance Appropriated is decreased from $476,527 to $468,429.

GENERAL FUND CAPITAL RESERVE

AA.000001291 (24)

a. General Fund Capital Reserve Fund Expenditures, Account Number 75-491-0000, Transfer to General Fund Capital Projects – Streetscape, is increased from $271,251 to $317,470.

b. General Fund Capital Reserve Fund Expenditures, Account Number 75-999-0000, Future Expenses, is decreased from $469,794 to $423,575.

WATER AND SEWER FUND

a. Water and Sewer Fund Revenues, Account Number 30-335-0100, Property Insurance Reimbursement is increased from $-0- to $8,579.

b. Water and Sewer Fund Revenues, Account Number 30-299-0000, Fund Balance Appropriated is decreased from $345,737 to $337,158.

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 6th day of December 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–11–12–06 – 1

PUBLIC HEARING- ZONING TEXT AMENDMENT – ADD ANIMAL SHELTERS AS A PERMITTED USE IN THE M-1 INDUSTRIAL DISTRUCT AND AS A SPECIAL EXCEPTION IN THE C-2 GENERAL BUSINESS DISTRICT:

Mayor Little stated that, based on an unofficial polling of Council Members prior to this meeting, he expects this item to pass unanimously.

Mayor Little asked that guests present in support of the animal shelter to raise their hand. There were many hands raised in support of the shelter.

Mayor Little asked that guests present in opposition of the animal shelter to raise their hand. There were no hands raised in opposition to the shelter.

Mayor Little opened the Public Hearing.

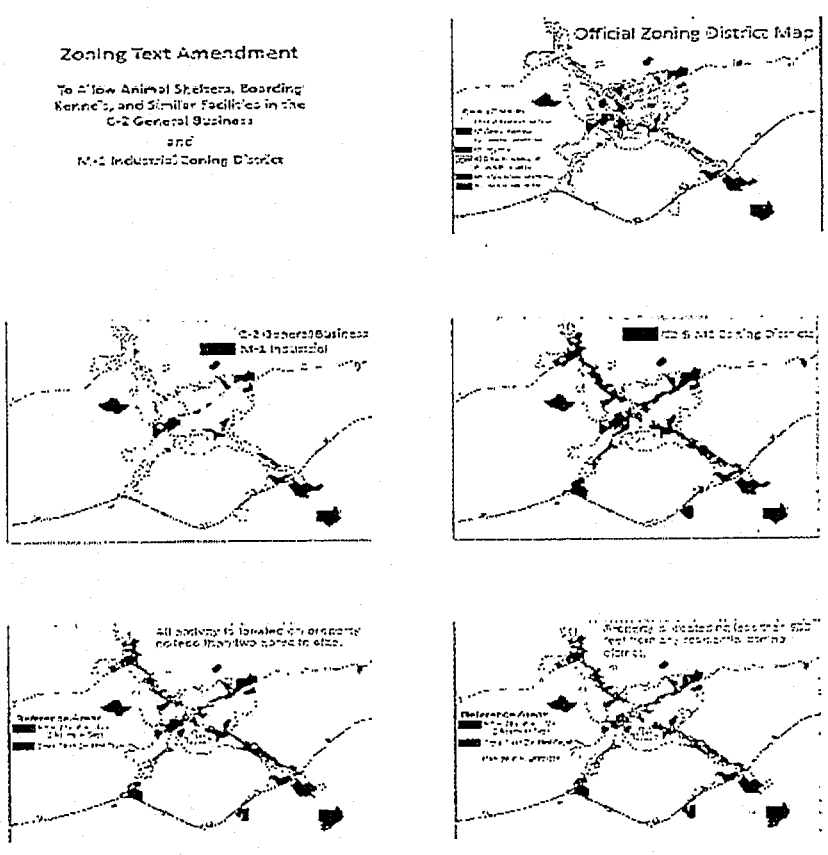
City Manager Bob Boyette called on Planning and Development Director Heather Cotton to give the staff report.

Ms. Cotton advised that a request had been made by members of the McDowell County Animal Outreach, Inc. (MCAO) for a zoning text amendment to allow for a non-profit animal shelter to be permitted as a Special Exception in the C-2 General Business District and as a permitted use in the M-1 Industrial District.

Ms. Cotton stated that the City does not have animal shelters or boarding kennels listed as a permitted land use category within any zoning district within the municipal limits. After being returned to the Planning Board for further review and study, a revised ordinance has been drafted that would apply further restrictions on animal shelters, boarding kennels, and other facilities that operate in either the C-2 or M-1 Zoning Districts. The Planning Board reviewed municipal regulations on animal shelters from across the state, analyzed properties that would qualify as suitable sites for animal shelters within the City Limits, reviewed information provided by the

AA.000001292 (24)

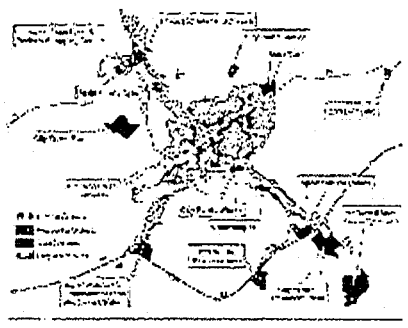
applicant, considered comments from the public including adjacent property owners, and reviewed comments from Staff regarding site plan analysis, setback and landscape buffer yard requirements, as well as waste management operations. Ms. Cotton presented the revised ordinance and the supplemental documents reviewed by the Planning Board to Council for their review.



Ms. Cotton reported that changes to the proposed ordinance include redefined public health and safety standards, replacement of subjective language, additional setback and landscape requirements, signage requirements, and waste management requirements.

Ms. Cotton stated that, prior to the Planning Board meeting, City staff, including Wastewater Treatment Superintendent Larry Carver, met MCAO representatives on site on two occasions to conduct a smoke test and a dye test of sewer system. Mr. Carver and his staff determined that all drains in both buildings including the garage area, are attached to the City sewer system. Mr. Carver further indicated that a dry sweep and removal of solid waste prior to washing the kennel areas would be sufficient, that the installation of a pre-treatment system would not be necessary for the animal shelter operation and that the animal shelter would not have a negative impact on the City's sewer system.

Ms. Cotton reported that the owner of KFC, as well as the McDowell Trails Association, had indicated their full support for the animal shelter being located in the former Legendary Ford building on Highway 221 North, as proposed by MCAO, while Byron Phillips of Great Meadows stated that he had no objection to the request. She added that the owner of Sonic stated that he could not give an opinion on the zoning request, in accordance with company policy.



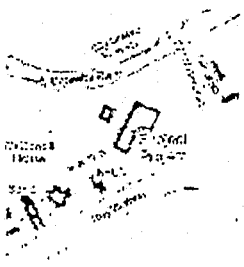
Ms. Cotton stated that the Planning Board unanimously recommended that the zoning ordinance be amended with the noted changes and gave the following Power Point presentation with details on the recommended ordinance:

12/8/2011

AA.000001293 (24)

12/9/2011

Additional Amendments Nov. 16th

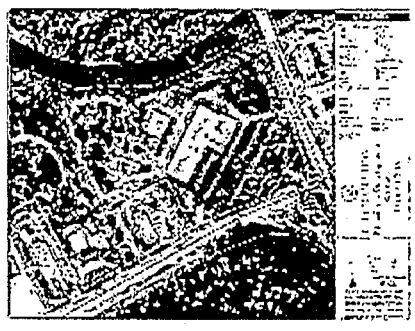


- All lighting shall be controlled and/or fully enclosed to direct glare in a manner that would not be obtrusive when between cars and drivers.
- The setback requirements for any outdoor animal enclosure shall include the following:
  - The front yard setback shall be the same or greater than the principal building.
  - Side and rear yard setback shall be a minimum 25 feet from the property line.
- All outdoor enclosures shall be screened by a solid and opaque fence a minimum of 6 feet in height.
- The facility shall be maintained and operated in such a manner that all animal odors, noise, and/or other nuisances which are deemed as a public nuisance and/or hazard, shall not be detectable beyond the property line which the animal shelter or kennel is located.
- The facility operator is compliant with all other applicable city codes including but not limited to chapter 3 as each may be amended.

Additional Recommendations From Planning Board

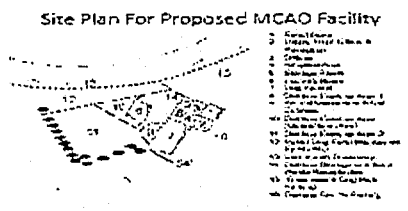
- Transition landscaping shall be provided on the south and west property lines as follows:
  - The transition landscaping shall consist of a mixture of evergreen trees and shrubs.
  - Landscaping shall be installed and maintained so that within three years of planting, the landscaping shall form a visual screen at least six feet in height and 75% opaque between the animal shelter and the adjacent property to the south and west. Landscaping shall be maintained in a healthy and growing condition.
- Animals shall not be kept outside between the hours of 10:00 p.m. and 7:00 a.m. except for animals that are under the direct supervision of a person for the purpose of exercising, training, or playing.
- Animal waste shall be removed from the enclosures at least once per day.
- Animal waste shall be disposed of in a manner that protects against the pollution of surface water and groundwater.
- Animal carcasses shall be properly disposed of in a timely manner and in accordance with all federal, state, and local laws and regulations.
- The facility shall be operated in conformance with all applicable federal, state, and local laws and regulations.

Special Exception Approval By
Board of Adjustment
For
McDowell County Animal Outreach



General Area & Adjacent Land Uses

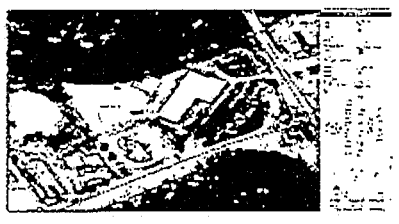
The City has received favorable opinions and general approval from the following property owners and interested stakeholders:



- [illegible]
- Mayor Phil Price
- McDowell Trails Association

and no adjacent property owner has come forward in opposition.

AA.000001294 (24)



Site Plan For Proposed MCAO Facility

Planning Board Review

- Review of ordinances from 6 municipalities from across the NC.
- Staff report on results of Waste Treatment Pool smoke & dye test.
- Answers to list of general operation questions provided by the applicant.
- Analysis of proposed zoning setbacks and landscape requirements
- Consistency with the Comprehensive Land Use Plan and Future Land Use Map currently under revision.

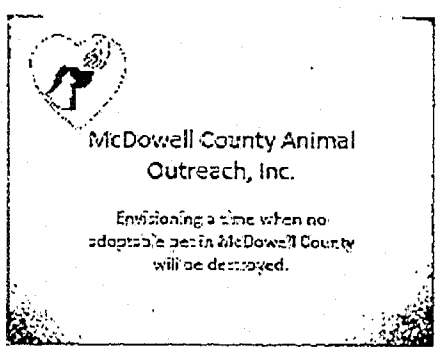
Conditions of BOA Approval

- Market City Council approves amendments to the Zoning Ordinance to allow for Animal Shelters with the City of Market's C-2 General Business District.
- No less or greater than [illegible] McDowell County Animal Outreach, Inc. maintains a NO Kill, Wait Necessary Sentence Rate for the Calendar Year as set for the Installation of the Calendar Year Ordinance Update.
- Initial and ongoing Wildlife or Nuisance Animal Issues are contained inside, outdoor enclosures with shade and water or removed or relocated by trapping and other specialists.
- With such provision [illegible] Emergency Conditions to create a 24 hour evaluation plan, at the Director's sole removal [illegible] of animals.

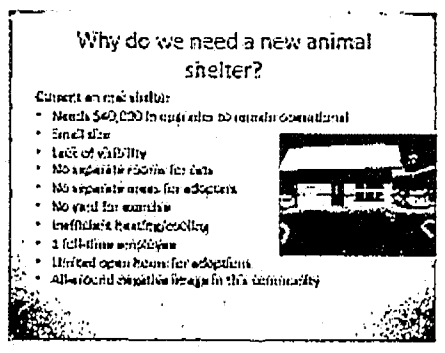
Ms. Marsha Carroll, Vice President and Charter Member of the McDowell County Animal Outreach Inc., thanked Council for allowing MCAO representatives to present information they feel is pertinent to Council's decision concerning the zoning request and, in particular, MCAO's desire to locate the animal shelter at the former Legendary Ford property at 66 Highway 221 North.

Ms. Carroll stated that MCAO is a local animal welfare organization that was organized and incorporated in 2004. The organization consists of 200 members and volunteers and. MCAO, over their eight year history, has adopted over 600 animals, with no building and no website, just with a small group of committed individuals who believed in a dream.

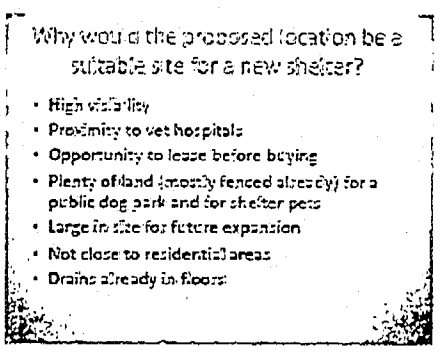
Ms. Carroll stated that MCAO's mission has always been to save the lives of homeless adoptable animals and to spay and neuter them and to teach our children responsibility of caring for animals.



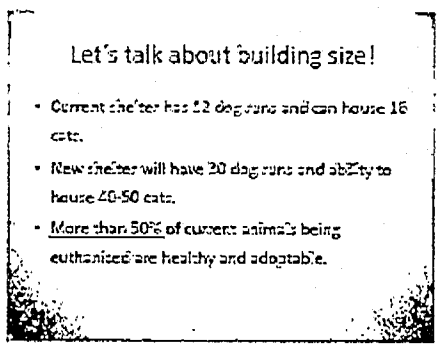
AA.000001295 (24)



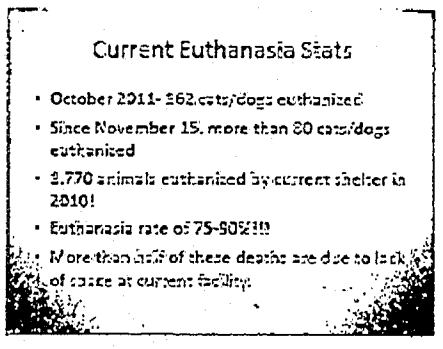
Ms. Carroll stated that MCAO believes that this vision can be fulfilled with the proposed shelter being located in the former Legendary Ford building. MCAO plans to lease the property with the goal of purchasing the property as soon as possible.



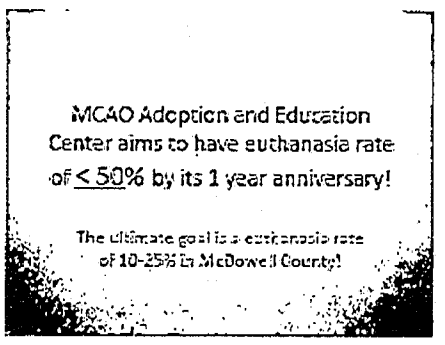
Ms. Carroll thanked City Council Members and stated that Ms. Rachel Kinninger of MCAO would be able to answer most questions Council may have.

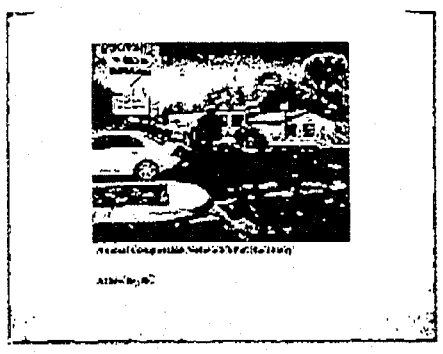


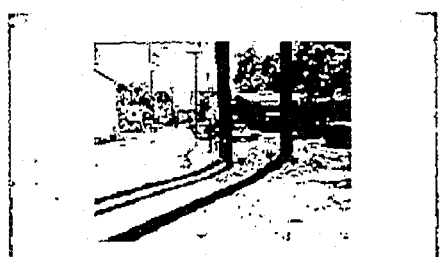
Ms. Kinninger presented the following power point presentation, providing additional details on MCAO's plans for the former Legendary Ford building.



12/9/2011







AA.00000129 (24)

Asheville Humane Society

Anti-Cruelty Society- Chicago

MCAO Adoption and Education Center

Overview:

- 2 full-time employees + myself and president
- 1 Volunteer for every 10 animals
- Open extended hours 5 days a week
- Grand Opening Feb. 2012
- Open admission shelter
- 1 year budget:

MCAO Adoption and Education Center

- Noise, Odor, Pest control:
  - Sound insulation in ceilings- plastic covered
  - Enriching environment for dogs
  - Vegetative buffer along NC fencing
  - Industrial automatic odor treatment
  - Weekly industrial odor eliminator down drains and on outside concrete
  - Daily disinfectant is also a deodorizer
  - Sealant on all concrete floors and sidewalls
  - No porous surfaces in animal areas
  - Monthly fly treatments and other pest control by reputable company

AA.0000001297 (24)

MCAO Adoption and Education Center

- Waste Disposal:
  - All drains connected to city sewer
  - Wastewater Supt intercepts: dry sweep and hair traps installed in future if needed
  - Waste picked up at least twice daily in/outside
  - Disposal in trash bags and into dumpster
  - Dumpster behind building on side farthest from restaurants
  - Dog park will have trash bins and waste pick-up bags
  - Fill dirt in shade by dog play area to prevent run-off going to river

MCAO Adoption and Education Center

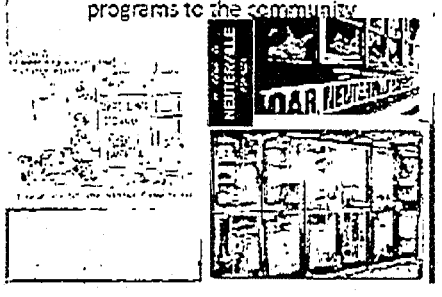
- Safety Concerns:
  - "Illegal to Abandon" signs posted
  - If abandonment problems continue, cameras installed and portable kennel outside
  - Abandonments infrequent at current shelter
  - Anything dogs outside contained and double fencing!
  - No overnight outdoor kennels
  - Rules clearly posted and enforced for dog park
  - Dangerous animal quarantine in separate building
  - Separate fenced entrance area between dog park and Grammes dog park and parking lot
  - Emergency Evacuation Plan- main building in 500 yr flood zone; current shelter "moth balled"
  - Emergency contact phone # posted after-hours

We have the support of many area businesses!

Loss of tax $$$ to City.....

How MCAO Adoption and Education Center will benefit the City

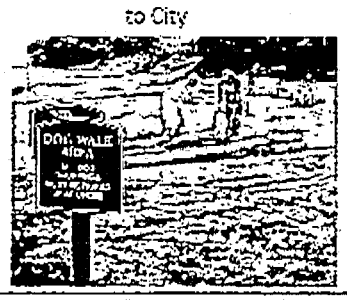
- Bring business to hurting area of city
- Creating jobs
- Provide shelter/care for City picked-up animals
- Greater safety from stray dogs
- One main hub for all things "animal"



Innovative and needed animal programs to the community

AA.000001298 (24)

12/8/2011

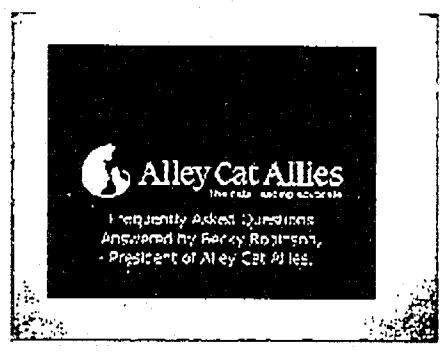


Innovative and needed animal programs to the community

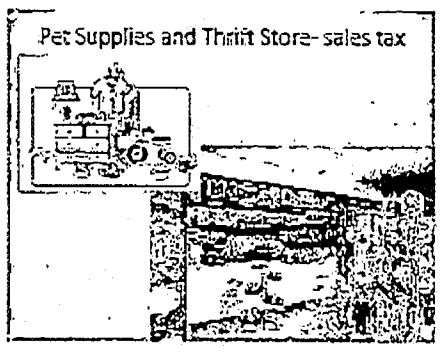
Public dog park- maintained at no cost to City

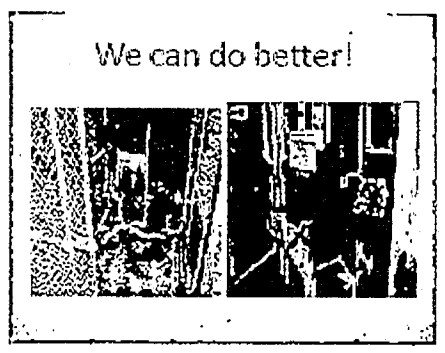
Public dog park- maintained at no cost to City

Public dog park- maintained at no cost to City



Public dog park- maintained at no cost to City





- TNR of community cats to reduce overpopulation problems
  - Only proven method of reducing outdoor cat populations
  - Current method of killing not working!
  - TNR cats will be healthy, vaccinated, spayed/neutered, and tested negative for deadly diseases before Return.
  - Cats are only returned to exact location they came from.
  - Alternatives for when property owner uncooperative

AA.000001299 (24)

Council Member Clark stated that he wanted to thank Ms. Cotton and the Planning Board members for all they did over the last three weeks to research animal shelter regulations and to create a better ordinance.

Council Member Clark stated that he feels a lot better about his decision tonight as he just tries to do what is best for the City. He said that MCAO members were probably upset at him in November for proposing to send this matter back to the Planning Board for further study, but that he believes that the result was a better ordinance that allows for MCAO to move forward with the animal shelter while also protecting adjacent properties.

There were no other persons present wishing to speak to Council.

Mayor Little closed the Public Hearing.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council unanimously approved the following ordinance, as recommended by the Planning Board, to amend the Zoning Ordinance to allow for non-profit animal shelters to be permitted as a Special Exception in the C-2 General Business District and as a permitted use in the M-1 Industrial District:

AA.000001300 (24)

ORDINANCE
AMENDING CHAPTER 21
ZONING
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina, is amended by adding the following:

Section 2. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to 21-21 *Definitions*.

Kennel: Any lot, building, structure, enclosure or premises whereupon or wherein are kept five or more dogs, cats or similar small animals in any combination, whether such keeping is for care, pleasure, profit, breeding, or exhibiting, and including places where dogs or cats or similar small animals in any combination are boarded, kept for sale, care, or kept for hire.

Section 3. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to Section 21-205.*3 Special Exceptions* of the C-2 General Business District.

Sec. 21-205 (3) Special exceptions. The following uses are permitted as special exceptions as provided for in article XIII, section 21-302.2 of this ordinance.

(9) Boarding Kennel or Animal Shelter

a. Property is located no less than 500 feet from any residential zoning district.

b. All activity is located on property no less than two acres in size.

c. All kennels shall be contained within a fully enclosed building or designed in a manner that would prohibit outdoor access between dusk and dawn.

d. The setback requirement for any outdoor animal enclosure shall include the following:
   i. The front yard setback shall be the same or greater than the principal building.
   ii. Side and rear yard setbacks shall have a minimum 20 foot setback from the property line.
   iii. A solid 20 foot wide landscape buffer yard utilizing a double row of evergreen trees no less than eight feet in height at installation and no less than twenty feet in height at maturity shall be installed and maintained in perpetuity between any outdoor enclosure and an adjacent property line, or no less than 50 feet with a solid opaque fence.
   iv. All outdoor enclosures shall be screened by a solid or opaque fence a minimum of six feet in height.
   v. No outdoor animal enclosure shall be located any closer than 150 feet from any structure occupied as a residential use existing at the time of approval.

e. The facility shall be maintained and operated in such a manner that all animal odors, noise, refuse and/or other onsite activities deemed as a public nuisance and/or hazard shall not be detectable beyond the property line in which the animal shelter or kennel is located.

f. A waste management plan that demonstrates compliance with applicable state and local regulations and which ensures sanitary handling of animal waste and prevents contamination or pollution of adjacent lands or water bodies shall be submitted to and approved by the administrator prior to establishment of such uses.

g. All animal waste shall not be stored within 100 feet or any property line.

h. Kennels shall at all times maintain a sanitary and humane environment pursuant to all applicable state and local regulations.

i. The facility operates in compliance with all other applicable city codes including but not limited to Chapter 3 *Animals* as may be amended.

j. A sign clearly visible and located at the entrance of the building/facility shall be posted containing 24 hour emergency contact information for the facility including no less than two (2) telephone numbers where the persons responsible for the facility may be contacted at any hour of the day or night. The sign shall comply with regulations established for *Signs* in Section 21-131 of this Code.

AA.000001301 (24)

k. The approving authority may impose additional conditions upon the operation of any kennel, including but not limited to hours of operation, the size and scale of a kennel, or the number of animals to be housed within a kennel.

l. The City shall conduct an inspection as deemed necessary of a facility and shall report any violation to the approving authority. After reviewing the findings of the administrator and upon conclusion of the kennel operator's due process procedures as set forth in Chapter One of the City Code, the approving authority may revoke permits for the operation of any kennel that has been found to be in violation of this ordinance.

Section 4. That Chapter 21, Zoning, of the Code of Ordinances, City of Marion, North Carolina is amended by adding the following to Section 21-206.*2 Permitted Uses* of the M-1 Industrial District.

Sec. 21-206 (2) Permitted uses. Within the M-1 Industrial Zoning District the following uses are permitted.

(13) Boarding Kennel or Animal Shelter

a. Property is located no less than 500 feet from any residential zoning district.

b. All activity is located on property no less than two acres in size.

c. All kennels shall be contained within a fully enclosed building or designed in a manner that would prohibit outdoor access between dusk and dawn.

d. The setback requirement for any outdoor animal enclosure shall include the following:
   i. The front yard setback shall be the same or greater than the principal building.
   ii. Side and rear yard setbacks shall have a minimum 20 foot setback from the property line.
   iii. A solid 20 foot wide landscape buffer yard utilizing a double row of evergreen trees no less than eight feet in height at installation and no less than twenty feet in height at maturity shall be installed and maintained in perpetuity between any outdoor enclosure and an adjacent property line, or no less than 50 feet with a solid opaque fence.
   iv. All outdoor enclosures shall be screened by a solid or opaque fence a minimum of six feet in height.
   v. No outdoor animal enclosure shall be located any closer than 150 feet from any structure occupied as a residential use existing at the time of approval.

e. The facility shall be maintained and operated in such a manner that all animal odors, noise, refuse and/or other onsite activities deemed as a public nuisance and/or hazard shall not be detectable beyond the property line in which the animal shelter or kennel is located.

f. A waste management plan that demonstrates compliance with applicable state and local regulations and which ensures sanitary handling of animal waste and prevents contamination or pollution of adjacent lands or water bodies shall be submitted to and approved by the administrator prior to establishment of such uses.

g. All animal waste shall not be stored within 100 feet or any property line.

h. Kennels shall at all times maintain a sanitary and humane environment pursuant to all applicable state and local regulations.

i. The facility operates in compliance with all other applicable city codes including but not limited to Chapter 3 *Animals* as may be amended.

j. A sign clearly visible and located at the entrance of the building/facility shall be posted containing 24 hour emergency contact information for the facility including no less than two (2) telephone numbers where the persons responsible for the facility may be contacted at any hour of the day or night. The sign shall comply with regulations established for *Signs* in Section 21-131 of this Code.

k. The approving authority may impose additional conditions upon the operation of any kennel, including but not limited to hours of operation, the size and scale of a kennel, or the number of animals to be housed within a kennel.

l. The City shall conduct an inspection as deemed necessary of a facility and shall report any violation to the approving authority. After reviewing the findings of the administrator and upon conclusion of the kennel operator's due process procedures as set forth in Chapter One of the City Code, the approving

AA.000001302 (24)

authority may revoke permits for the operation of any kennel that has been found to be in violation of this ordinance.

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of December 2011.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-11-12-06-2

PUBLIC APPEARANCE – MICAH CURRIE – REQUEST THREE WAY STOP AT INTERSECTION OF FLEMING AVENUE AND MONTEVISTA AVENUE: Mr. David Currie appeared before Council, on behalf of his son Micah who is working on a 4-H project, to request the placement of a three-way stop at the intersection of Fleming Avenue and Montevista Avenue.

Mr. Currie stated that heavy traffic, speed and poor visibility are issues at this intersection. He also noted that there is a school zone near the area.

Mr. Currie presented Council with a copy of a petition that read as follows:

The intersection of Fleming and Monte Vista Avenues in Marion consistently experiences traffic in excess of the posted (25 MPH) safe speed for the associated school zone and for the character of the residential neighborhood surrounding this section of roadway. Past measures taken in response to complaints of vehicular collisions, such as installing a parabolic mirror facing Monte Vista Avenue have been patently ineffective. The residents ask that City Council members take immediate action to correct the situation in order to protect children, pedestrians, pet-owners exercising their animals and ultimately, law-abiding drivers as speeders transition from Airport Road into this more densely-populated neighborhood area. A three way stop at the intersection will create a traffic pattern that encourages vehicular traffic to slow in preparation for the reduced speeds already posted upon entering the neighborhood.

The petition had 33 signatures.

Mr. Currie asked that Council consider approval of this request.

Mayor Little suggested that this matter be referred to the Street Committee for review and a recommendation.

Mayor Little stated that he appreciated the work Mr. Currie had put into this request.

Mr. Larry Brown stated that he had lived at 435 Montevista Avenue, at the intersection of Fleming and Montevista Avenues, for 47 years. Mr. Brown advised that he appreciated the work put into the request by Mr. Currie and that he agrees that there is a speeding problem; however, he and Mrs. Brown would like to go on record as opposing a three way stop.

Mayor Little thanked Mr. Brown and Mr. Currie and referred this request to the Street Committee which will report back to Council at a future meeting.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present for this meeting.

ELECTION OF MAYOR PRO TEM: The City Manager advised that the City Code requires Council to elect a Mayor Pro Tem after each City election.

AA.000001303 (24)

Council Member Martin nominated Council Member Cuthbertson as Mayor Pro Tem. Council Member Clark seconded the nomination.

Mayor Little asked if there were any other nominations.

Council Member Clark made a motion that the nominations be closed and that Council Member Lloyd Cuthbertson be elected Mayor Pro Tem. The motion was seconded by Council Member Martin. All Council members voted in a favor of the motion and the motion was carried.

REAPPOINTMENT OF CITY MANAGER AS CITY'S REPRESENTATIVE ON ISOTHERMAL PLANNING AND DEVELOPMENT COMMISSION BOARD OF DIRECTORS: The City Manager advised that, at the organizational meeting of City Council after an election, Council has typically reappointed the City Manager as the City's representative on the Isothermal Planning and Development Commission Board of Directors.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to reappoint the City Manager as the City's Representative on the Isothermal Planning and Development Commission Board of Directors.

CONSIDER AWARD OF CONTRACT FOR PURCHASE OF FRONT LOADER COMMERCIAL GARBAGE TRUCK: The City Manager advised that, as shown in the memo presented to Council, the City recently sought bids for the purchase of a 40 yard front loader commercial garbage truck. Staff is recommending that the contract for the purchase of this truck be awarded to Amick Equipment Company for a 2011 Autocar ACX 64 truck in the amount of $207,204.00. While this is not the low bid, it is considered to be the lowest responsible bid for a truck that fully meets City specifications, does not create future maintenance issues and is available within the next 60 days. The low bid new truck would not be available for 240-275 days, an unacceptable time frame, given the condition of the City's current commercial garbage truck. The City Manager presented Council with an e-mail from the City of Morganton, agreeing with the staff recommendation, for the reasons listed in the memo and above, since the City of Morganton has expressed interest in piggybacking on the City's bids for this truck.

The City Manager advised that the City budgeted $195,000 in 2011-12 for the purchase of this truck, but staff does not feel that this is a realistic amount to purchase the truck the City needs. Staff hopes to come in under budget on the planned purchase of a dump truck in the Sanitation Department, which should partly or completely offset the additional cost of the front loader truck.

For the reasons listed on the memo presented to Council and the above, the City Manager stated that he would recommend that Council award the contract for the purchase of a 40 yard front loader refuse collection truck to Amick Equipment Company for a 2011 Autocar ACX64 truck in the amount of $207,204.00.

Council Member Clark asked if this was a diesel truck, noting that the last diesel fire truck purchased had to have a particular fuel additive.

Sanitation Superintendent Dean Ollis stated that the recommended truck is a diesel truck and that the fuel additive referenced by Council Member Clark is now standard for all new diesel trucks.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to award the contract for the purchase of a 40 yard front loader refuse collection truck to Amick Equipment Company for a 2011 Autocar ACX64 truck in the amount of $207,204.00 as recommended.

DISCUSS COMMERCIAL CARDBOARD RECYCLING: The City Manager advised that staff had been looking for ways to eliminate the $29,000 annual expense the City pays to GDS

AA.00001304 (24)

for commercial cardboard recycling. The City has a three year contract with GDS that expires on June 30, 2012. The City Manager stated that he initially thought that the City had to provide GDS with a six month termination notice; however, the contract actually only requires a 60 day notice.

The City Manager stated that he had had discussions with the County about the possibility of the County taking over collection of the cardboard dumpsters and that Sanitation Superintendent Dean Ollis had advised that the City can collect the cardboard if necessary. Under either scenario, the City would need to purchase new cardboard dumpsters. Staff believes that the City stands a good chance of receiving State grant funding to pay for part or all of the cost of the new dumpsters.

The City Manager stated that, without objection, staff would work to obtain funding, if possible, for the replacement cardboard dumpsters and negotiate with the County for the best deal possible to transition collection of cardboard effective July 1, 2012. The City Manager advised that he would then bring a recommendation to Council for the City to contract with the County for commercial cardboard recycling collection or for the City to collect the cardboard with City forces. No contract will be entered into with the County unless authorized by Council.

The City Manager advised that he would therefore request Council permission to authorize staff to provide notice to GDS that the City will terminate the commercial cardboard recycling contract effective June 30, 2012. The City Manager presented Council with a copy of a proposed termination letter for their review.

Council Member Clark suggested that this item be further discussed at our planning session, but that he had no problem with authorizing the termination notice to be sent to GDS.

Mayor Pro Tem Cuthbertson stated that the termination notice may spark GDS to send in a proposal to the City that is better than the City's current arrangement.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to authorize staff to provide notice to GDS that the City will terminate the commercial cardboard recycling contract effective June 30, 2012.

REVIEW REQUEST TO ALLOW ON-STREET PARKING ON WEST WILHEMENIA STREET: The City Manager advised that Mr. Roberto Sierra had requested that on-street parking be allowed in the dead end block of West Wilhemenia Street from Oak Avenue to the end of the street. The City Manager suggested that this item be referred to the Street Committee for review and a recommendation back to Council.

Mayor Little and Council Members agreed that this item should be referred to the Street Committee.

SCHEDULE TOWN MEETING AND CITY COUNCIL PLANNING SESSION: The City Manager advised that Council has traditionally held the annual Town Meeting on or around the third or fourth Thursday of January. Due to Mayor Little being out of the country for a mission trip on the third Thursday of January, the City Manager advised that he would propose that the Town Meeting be scheduled for Thursday, January 26, at 7:00 p.m. at the Community Building. Thursday, February 2 could be set as a back-up date.

The City Manager stated that Council has also traditionally held a Planning Session not long after the Town Meeting to begin identifying budget priorities for the coming year and to address current and future priorities. This Planning Session could be held at any time desired by Council, perhaps in early February. Given other issues that Council will likely need to provide direction on in the near future, such as the possible water extension to the Universal Furniture property, the

AA.000001305 (24)

Golden Leaf Foundation Community Investment Initiative and the commercial cardboard recycling issue, it might also be helpful to schedule a Planning Session for later in December or in early January.

It was the consensus of Council to schedule the Town Meeting for Thursday, January 26, 2012 at 6:00 P.M. at the Marion Community Building, to set Thursday, February 2 at 6:00 P.M. at the Marion Community Building as the backup date for the Town Meeting in the event of inclement weather and to hold a Planning Session on Tuesday, January 10 at 6:00 P.M. at City Hall.

ADD ON – RESOLUTION – ALEX ALEXANDER: Council Member Clark stated that former North Carolina League of Municipalities President, former NLC Board Member and current North Carolina League of Municipalities Risk Management Services Board member E.H. (Alex) Alexander was retiring from elected service with the Town of Red Springs this month. Council Member Clark asked that Council adopt a resolution honoring Mr. Alexander's service.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adopt the following Resolution honoring E.H. (Alex) Alexander upon his retirement from elected service:

CITY OF MARION RESOLUTION HONORING
E.H. "ALEX" ALEXANDER

WHEREAS, E.H. "Alex" Alexander is completing 24 years of dedicated service on the Town of Red Springs Board of Commissioners in December, 2011, including many years as Mayor Pro Tem; and

WHEREAS, E.H. "Alex" Alexander will complete 15 years of dedicated service on the North Carolina League of Municipalities Risk Management Services Board of Trustees in February, 2012, including being Vice-Chair of the Board and presiding as Chair of the Board for the past two years; and

WHEREAS, E.H. "Alex" Alexander has served in many other leadership capacities, including leading the North Carolina League of Municipalities as President in 1995-1996 and representing North Carolina on the National League of Cities Board of Directors and several NLC Committees; and

WHEREAS, E.H. "Alex" Alexander has been a tireless advocate for the Town of Red Springs and also municipal interests on a Local, Statewide and National basis, making every organization in which he served better because of his dedication and experience; and

WHEREAS, E.H. "Alex" Alexander has been a great friend of all municipalities across North Carolina and the entire United States and his professionalism, leadership, integrity and experience will be missed.

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Council Members of the City of Marion do hereby express their appreciation to E.H. "Alex" Alexander for the lasting contributions he has made to the Town of Red Springs and to all cities, towns and villages in North Carolina and across the United States and wish him the best of success in his retirement from public life at this time.

ADOPTED this the 6th day of December, 2011.

Stephen R. Little
Mayor

Lloyd Cuthbertson
Mayor Pro Tem

AA.000001306 (24)

CITY MANAGER COMMENTS: The City Manager advised that, as previously directed by Council, consideration of approval of the City's 2010-11 Audit and that it would be placed on the January 3 City Council Agenda for approval.

The City Manager advised that the County had given permission for the relocation of a mailbox at the Library to make it a drive-up mailbox and for one to be placed in the back of the City-County Parking Lot on South Garden Street. The Post Office will likely relocate a mailbox from Bank of America to the South Garden Street Parking Lot. The Post Office also plans drive-up mailboxes in the Bi-Lo and Wal-Mart Supercenter parking lots, increasing the number of drive-up mailboxes in the City from one to five. The City Manager stated that he had learned about the County's approval on November 17, but had to wait until November 28 to notify the Postmaster, due to his vacation. He then learned that the Marion Postmaster would be working out of Asheville for the next few months. The City Manager stated that he had talked to the replacement Postmaster, who said that she would put in work orders for the relocated mailboxes. The City Manager stated that, hopefully, the Post Office can install the new mailboxes soon and improve traffic flow at the Post Office.

Mayor Little stated that, while driving to his office one day recently, he decided to drop off mail at the Post Office. He said that fortunately he saw a large line of vehicles backed up in the parking lot before turning into the entrance of the Post Office parking lot; otherwise, he would have to wait 15 or 20 minutes simply to drop off mail. Mayor Little said that having drive-up mailboxes located throughout the City should have a positive impact on traffic flow in the downtown area.

The City Manager advised that, by the time of this meeting he had anticipated Maymead having the Downtown Streetscape Project completed. However, weather has not been cooperating and DOT recently suspended the painting of the decorative crosswalks until spring, when temperatures are consistently above 50 degrees, the minimum temperature needed for the paint to properly adhere to the road surface. The City Manager stated that DOT had pledge that the contractor would correct the painting deficiencies currently being experienced at most of the crosswalks, due to the painting work taking place during cold weather.

The City Manager stated that he did not obtain consensus from Council on the idea proposed by DOT District Engineer to prohibit large trucks from turning right from East Court Street onto North Main Street and that this item, along with other issues involving downtown traffic flow, can be further discussed at the January 10 Council Planning session.

The City Manager advised that the Marion Business Association will soon announce the next grant cycle for the Historic Marion Façade Grant Program, funded by the MBA and the McDowell Economic Development Association. The Façade Grant Program will have $15,000 in MBA and MEDA funding, plus almost $6,000 unspent from this year's grant cycle, resulting in almost $21,000 being available in grants. It appears that the funding cycle will take place from about February 1 through March 31, with publicity going out about the grant application period in January.

The City Manager advised that the Sugar Hill Road Sewer Extension was completed, with the exception of power being connected to two pump stations. He said that Duke Energy forecasted that the power should be connected to these two pump stations later in the month.

The City Manager advised that City crews and a contractor had completed work on the Park Avenue water line replacement. He added that City crews had started work on the curb and sidewalk replacement on Park Avenue between Turner and Robert Streets in late October and that a contractor would soon start work on the curb and sidewalk replacement on Park Avenue between East Court Street and Turner Street.

AA.00001307 (24)

The City Manager advised that the Golden Leaf Foundation had completed the planning process for the $2 million Community Assistance Initiative for our County and would be accepting project proposals through January 17. The City Manager stated that Council direction would be needed on the City's applications no later than the January 10 Council Planning Session, to allow for applications to be submitted by the deadline.

COUNCIL MEMBER COMMENTS: Mayor Little presented Council Members with a proposal for Council committees for the next year. He stated that he proposed to eliminate committees that did not meet. The proposed committee assignments are as follows:

Utility Committee:	Council Member Martin Council Member Doggett
Street Committee:	Council Member Clark Council Member Ramsey
Tree Board:	Mayor Pro Tem Cuthbertson
Fireman's Relief Fund:	Council Member Clark Council Member Doggett
Council on Aging:	Mayor Pro Tem Cuthbertson

Mayor Little asked that Council Member let him know as soon as possible if there were any changes they wished to make to the committee assignments.

Council Member Clark asked if the County has reimbursed the City for overpayments of election expenses from past years. The City Manager advised that the agreement approved by the City Council, McDowell County Board of Commissioners and the McDowell County Board of Elections did change the way the County would charge the City for election expenses going forward, but that there had been no reimbursement for possible past overpayments by the City. Council Member Clark asked that this matter be discussed at the January 10 Council Planning Session.

ADJOURNMENT: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 3, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Billy Martin and Don Ramsey.

AA.000001308 (24)

Council Member Juanita Doggett was not present for this meeting due to suffering a broken leg that required surgery earlier that day.

Mayor Little was not present for this meeting due to an automobile accident he experienced earlier in the day in another County.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Heather Cotton, AICP, Planning and Development Director; Harriett Thomas, CPA, Finance Director; Mark Brooks, Police Chief; Dean Ollis, Sanitation Superintendent; Freddie Killough, Executive Director, Marion Business Association Director; Matthew Crawford, Firefighter; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Charles & Evelyn Stockton, 77 Lucky Street, Marion, NC; Leann, Lisa and Allen Whitesides, 6064 Bat Cave Road, Old Fort, NC; Carol Godfrey, 70 Lake View Drive, Old Fort, NC; Ronnie Burgin, P.O. Box 507, Marion, NC; Joy Strassel, Western North Carolina Housing Partnership; Jim Edwards, Executive Director, Isothermal Planning and Development Commission; Niki Stockton and James Kinnon, 123 Lucky Street, Marion, NC; Joseph Strassel, Hendersonville, NC; Steve Brown, 537 South Garden Street, Marion, NC; Amy Moomaw, 537 Rutherford Road, Marion, NC; Stephanie Goudreau, 28 Alma Morgan Drive, Marion, NC; Jon Sarver, 5 Chiles Avenue, Asheville, NC.

OPENING OF MEETING: Mayor Pro Tem Cuthbertson opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to approve the consent agenda as follows:

A. Approval of Minutes – December 6, 2011 Regular City Council Meeting Minutes

B. Approve Personnel Policy Amendment

City of Marion
Personnel Policy Amendment

The Personnel Policy of the City of Marion, as adopted on February 21, 2006, is hereby amended as follows:

Section 1. That Article VII, Leaves of Absence, Section 4.Vacation Leave – (c) Vacation Leave – Maximum Accumulation is amended by deleting the paragraph in its entirety and replacing it with the following:

Vacation Leave – Maximum Accumulation

Vacation leave may be accumulated up to 200 hours maximum for 40 hour employees, up to 210 hours maximum for 42 hour employees and up to 280 hours maximum for 56 hour employees. At the end of each calendar year, vacation accumulated beyond this amount will automatically be converted to sick leave on an hour to hour basis. Additional accumulated vacation time may be converted to sick leave upon written request from the employee and approval by City Manager. If the employee separates from service, payment for accumulated vacation leave shall not exceed the maximum accumulation listed above. Like regular sick leave, any unused converted sick leave may be counted toward creditable service at retirement, if allowed by the rules of the Local Government Employees' Retirement System.

Section 2. This amendment shall become effective on January 3, 2012.

Adopted this the 3rd day of January 2012.

AA.0000013O9 (24)

Stephen R. Little, Mayor

ATTEST:

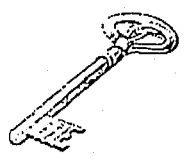
Policy Number: P-12-01-03-1



RECOGNITION OF CHARLES STOCKTON RETIREMENT: The City Manager reported that a true legend of the City of Marion, Charles Stockton, had retired from the City on December 31, after more than 20 years of service. The City Manager stated that, when he came to Marion 11 years ago, he quickly learned that Charles Stockton was one of the best employees the City had and a man who would do whatever it took to get the job done.

The City Manager added that, while the City is selfishly sad to see Mr. Stockton retire, everyone realizes that it is what Mr. Stockton and his family want and are therefore happy for him.

Mayor Pro Tem Cuthbertson, Council Members and City employees all shared kind words about Mr. Stockton, thanking him for all he did for the City and wishing him the best in his retirement.

Mayor Pro Tem Cuthbertson and Council Members presented Mr. Stockton with a plaque that read as follows:

This Honorary Key
Represents
An Open Invitation
To the
" City of Marion "

For

Charles Stockton
Honoring
20 Years of Dedication and Service
to the City of Marion
August 7, 1991 – December 31, 2011
Presented this 3rd day of January, 2012
By
Mayor Stephen R. Little and Marion City Council

The City Manager also presented Mr. Stockton with a brass medallion struck during the Sesquicentennial Celebration of the City and County in 1993.

ADD ON – PRESENTATION BY WESTERN NORTH CAROLINA HOUSING PARTNERSHIP – PROPOSED SENIOR HOUSING DEVELOPMENT – BAKERSVILLE ROAD: Planning and Development Director Heather Cotton introduced Ms. Joy Strassel of Western North Carolina Housing Partnership, who was present to address Council regarding a proposed senior housing development on Bakersville Road.

AA.000001310 (24)

Ms. Strassel stated that WNC Housing Partnership is proposing a new Senior Citizen (55+) affordable apartment development of up to 48 units on property owned by Hospice of McDowell County on Bakersville Road. Ms. Strassel said that she appreciated Council hearing the presentation on short notice, since time was of the essence with this project.

Ms. Strassel presented the following information regarding the proposed development:

- WNC Housing Partnership is a 501(c)(3) organization that works with Regional Council of Government such as Isothermal Planning and Development Commission (IPDC) to develop high quality, attractive communities that meet or exceed market rate standards. WNC Housing Partnership has developed 22 communities with more than 500 units since 1995 and plans a 32 unit development in Newland in 2012.

- The North Carolina Housing Finance Agency (NCHFA, a regulatory agency) just awarded a WNC Housing Partnership project, Gateway Village in Gastonia, a highly coveted Housing Excellence Award based on the high quality of the apartment community, architecture, curb appeal, quality floor plans, community amenities, location and beautification.

- The same footprint used in Gastonia is proposed for the Marion site. The proposed design features a craftsman style exterior and gives the appearance of a row of townhomes.

- WNC Housing Partnership proposes a 48 unit senior (55+) apartment community situated between Airport and Bakersville Roads, on approximately 6 +/-acres located behind the Hospice of McDowell County building. 30 one bedroom/one bath units and 18 two bedroom/two bath units are proposed.

- This low density community will feature green space and outstanding curb appeal enhancing the existing parcel and surrounding neighborhood.

- Amenities and interiors include; balcony or patio, washer dryer, large bedroom, bath, storage space, eat-in kitchen and pantry, elevators, clubroom, library, gazebo, covered entry featuring rocking chairs..

- The critical element needed is the ability to improve approximately ¼ of a mile of Bakersville Road, with the City seeking Community Development Block Grant (CDBG) funding to make the needed improvements. The City can use any firm it wishes to apply for the CDBG funding.

- The estimated asset valuation of the development is $4.5million. The development will use City water and sewer, providing an estimated $22,000 in utility revenue to the City per year.

- McDowell County is considered a Difficult to Develop Area (DDA), due to topography. The recent Census indicated that there is a real need for high quality, affordable senior housing in McDowell County, that there is a growing local senior population and a significant percentage of the population that is at or below poverty levels.

- This new development would serve the `underserved` with incomes at or below 50% of the County's median income.

- WNC Housing Partnership will work with the IPDC Council on Aging and any other groups that the City Council recommends.

AA.00001311 (24)

Ms. Strassel stated that the proposed development benefits the Citizens of Marion and McDowell County in numerous ways:

1. Meeting the housing needs of a growing senior population
2. Providing high-quality housing and exceptional on-site management including ongoing planned activities for the residents
3. Improvements to the site providing enhanced curb appeal
4. Improvements to Bakersville Road
5. New jobs due to the construction and utility and property tax revenues for the City of Marion

Ms. Strassel reported that WNC Housing Partnership endeavors to work with and meet the needs of the community and County while developing relationships and remaining sensitive to the needs of Hospice of McDowell County. She is cautiously optimistic that the project can be submitted to the North Carolina Housing Finance Agency for tax credit funding by the application deadline of January 23, if the City Board of Adjustment approves the development on January 5 and if Hospice of McDowell County chooses to proceed with the sale of the property.

Ms. Strassel added that her organization uses a highly regarded management company with a proven track record of screening, expert care of the development, resident management and 100 percent scores from State agency audits. She stated that Partnership Property Management has the expertise to create a close–knit sense of community for seniors with ongoing planned activities and focus on a quality living environment

Mayor Pro Tem Cuthbertson stated that he noticed in the artist's rendering of the development that the apartments would be two story. He asked if an elevator would be in place. Ms. Strassel stated that there would be an elevator in the facility.

Council Member Clark asked if Bakersville Road would be the entrance into this proposed facility.

Ms. Strassel stated that Bakersville Road would be the entrance.

Council Member Clark stated that this would create a lot more traffic including EMS traffic, in an area that already has a lot of traffic. He advised that the City needs to make sure that all needed infrastructure improvements, including street improvements and any needed water line upgrades to maintain adequate water pressure in the area, are included in the CDBG application.

Council Member Clark stated that he is all for the project, but wants the best for everyone involved.

The City Manager asked Ms. Strassel if she had quantified what work would need to be done on Bakersville Road. Ms. Strassel said that no numbers had been calculated yet, but that she anticipated that CDBG funding would be needed for the road repairs.

The City Manager stated that CDBG funding would be a must, since the City's Powell Bill funding had been committed to various projects for the next year or two.

Mayor Pro Tem Cuthbertson asked if Ms. Strassel was only proposing improving a section of Bakersville Road. Ms. Strassel stated that the current plans were to have the entrance to the development off of the Montevista Avenue section of Bakersville Road and only to improve part of the street.

AA.000001312 (24)

Mayor Pro Tem Cuthbertson stated that all of Bakersville Road needs to be improved, to allow for ingress and egress to the development from two directions, from Montevista Avenue and from Airport Road.

The City Manager suggested that a CDBG application could be maximized to include improvements to all of Bakersville Road and any needed water line upgrades.

Mr. Jim Edwards, Executive Director of Isothermal Planning and Development Commission, stated that WNC Housing Partnership can do an in-depth study of needed and desired infrastructure improvements after Hospice of McDowell County gives approval for the sale of the property.

Mayor Pro Tem Cuthbertson asked Ms. Strassel if the development would pay property taxes. Ms. Strassel stated that the development would indeed pay property taxes to the City and County.

Mayor Pro tem Cuthbertson asked Ms. Strassel if she had talked to any property owners in the area other than Hospice of McDowell County. Ms. Strassel stated that she is still early in the process and had not yet talked to any neighbors, but that a community meeting would likely be held.

Ms. Cotton advised that the Board of Adjustment would consider approval of a Special Exception for the development at their meeting on Thursday. She reported that adjacent property owners had been notified and that the son of an adjacent property owner was the person who first suggested the Hospice of McDowell County property for such a development.

The City Manager advised that the potential for this development had just arisen in the past month and that Council approval of the concept of the development and to authorize a CDBG application for needed infrastructure improvements would be recommended, since WNC Housing Partnership is facing upcoming application deadlines.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to approve the concept of Western North Carolina Housing Partnership constructing a 48 unit senior (55+) apartment community situated between Airport and Bakersville Roads, on approximately six acres of property located behind the Hospice of McDowell County building and authorizing the submission of a Community Development Block Grant (CDBG) application by the City for all needed infrastructure improvements, including street and water line upgrades, up to the limit of available CDBG funding.

PUBLIC COMMENT PERIOD: Mr. Ronnie Burgin appeared before Council and asked why he was not notified prior to recent surveying work on his property at the intersection of Baldwin Avenue and Perry Street. He said that he wanted Council to know that there was no right of way on either street.

The City Manager stated that he had previously spoken to Mr. Burgin about this matter and apologized for him not being notified. The City Manager advised that he had not been informed of the exact days that McGill Associates would be surveying in the area. He added that the City has received Community Development Block Grant funding for drainage and sidewalk improvements on Baldwin Avenue, Perry Street and Yancey Street and is simply trying to find a way to get schoolchildren and other people out of the street when walking. The City Manager stated that he had offered to show Mr. Burgin the survey upon its completion and noted that the City would need to negotiate with property owners in the area, depending on the amount of available right of way the survey determined there to be on the streets in question.

AA.00000313 (24)

Mr. Burgin stated that this situation has left a bad taste in his mouth for someone to come on his property and tell him what they were going to do instead of asking him. He said that he had been told, by a surveyor, that the City could just take his property.

Council Member Clark stated that, as long as he has served the City, the City had rarely or perhaps never taken anyone's property. Council Member Clark said that he agreed that he would have wanted to know about the survey activity in advance, if it had been his property.

Council Member Clark suggested that the City needs to make sure that all property owners are notified prior to survey working taking place.

The City Manager stated that he would work with McGill Associates to develop such a notification procedure.

Mr. Burgin thanked Council for their time and attention.

RECEIVE RECOMMENDATIONS FROM STREET COMMITTEE:

The City Manager advised that the Street Committee met in December and made the following recommendations:

A. Request from the Currie Family for a Three-Way Stop Sign at Fleming Avenue and Montevista Avenue – The Street Committee recommended that this request not be approved. The Street Committee members felt strongly that the placement of stop signs on Fleming Avenue would create more problems than it would solve. The City Manager stated that he had asked Police Chief Mark Brooks to address speeding on Fleming Avenue, through placement of the speed trailer and speed enforcement, as staffing will allow.

B. Request from Mr. Robert Sierra to Allow On-Street Parking in the Dead End Block of West Wilhemenia Street between Oak Avenue and the End of the Street – The Street Committee recommended that this request not be approved, due to the effectiveness of the parking prohibition in addressing loitering and criminal issues in the past. The Street Committee suggested that the City let Mr. Sierra know that the City would make the necessary curb cuts on his property. Both Mr. Sierra's property on which he has his mobile home and the vacant lot he bought from the City are relatively flat and contain ample room to allow parking.

C. Request from Marion Elementary PTO for Streetlighting, Crosswalk and Pedestrian Crossing Sign Improvements on Robert Street and Fleming Avenue – The Street Committee recommended the following improvements, as proposed by the Marion Elementary PTO:

   i. Making crosswalks at Robert Street and Fleming Avenue more visible, with crosshatching added and prominent yield to pedestrian signs added. The Street Committee further proposed that flashing signals be installed on the Fleming Avenue side of the School, with a 20 mile per hour speed limit put in place. The Street Committee further recommended that efforts be made to seek grant money, perhaps through future Safe Routes to School funding, for a traffic signal and pedestrian crossing signals at Fleming Avenue and Robert Street. The City Manager recommended specific crosswalk signage reading "State Law Stop for Pedestrians Within Crosswalk."

   ii. Making crosswalks on Robert Street in front of the School more visible, with crosshatching added and prominent yield to pedestrian signs added. The signs reading "State Law Stop for Pedestrians Within Crosswalk" are also recommended for Robert Street as well.

   iii. Adding a streetlight in front of the School, most likely just on the Fleming Avenue side of the semicircle in front of the School. Stephanie Goudreau of Marion Elementary School, who wrote the letter making the requests, saw no problem with the streetlights being located just to the Fleming Avenue side of the semicircle in front of the School.

The City Manager advised that Ms. Amy Moomaw and Ms. Stephanie Goudreau were present, representing Marion Elementary School.

AA.000001314 (24)

Council Member Clark stated that he feels Council should approve the requested improvements around Marion Elementary School and seek available grant funding for the traffic signal and pedestrian crossing signals at Robert Street and Fleming Avenue.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, those members of Council present voted to approve the following street related requests around Marion Elementary School:

1. Making crosswalks at Robert Street and Fleming Avenue more visible, with crosshatching added and prominent yield to pedestrian signs added.

2. Installing flashing signals be installed on the Fleming Avenue side of Marion Elementary School.

3. Seeking grant funding for traffic signal and pedestrian crossing signals at Fleming Avenue and Robert Street.

4. Making crosswalks on Robert Street in front of the School more visible, with crosshatching added and prominent yield to pedestrian signs added.

5. Adding a streetlight in front of the School, likely just on the Fleming Avenue side of the semicircle in front of the School.

The City Manager commended Ms. Moomaw and Ms. Goudreau for the work they do for Marion Elementary and for the PTO caring about the safety of children at the School.

After brief discussion, Council further directed the City Manager to make sure that McDowell County Schools agrees to the proposed street light location.

Ms. Moomaw and Ms. Goudreau thanked Council for their support and for their concern for the School.

Council Member Martin stated that he would like to comment on the Street Committee's recommendation not to allow on-street parking on West Wilhemenia Street. He feels that Council is penalizing the West Marion community for past mistakes and criminal activity and that he believes parking should be allowed.

Council Member Martin stated that he would like to see parking opened up on West Wilhemenia Street and other streets, such as Oak Avenue, that have parking restricted by yellow curbs, for a six month trial period. If the on-street parking becomes a problem, Council could re-institute the parking restrictions.

Council Member Clark stated that the properties the Street Committee looked at on West Wilhemenia Street have adequate room for off-street parking and that on-street parking is not needed, in his opinion.

Council Member Martin stated that the reason parking was prohibited on street in West Marion was due to drug activity and loitering. He said that such activity was essentially no longer present in the community and that the parking restrictions were therefore no longer needed.

Council Member Martin added that no other area of the City has parking restricted by yellow curbs and that Council needs to lift the stigma that has been placed on the area. He said that he wanted Council to know how he feels about the issue.

AA.000001315 (24)

Council Member Ramsey suggested that Council could allow parking on the streets in questions and, if there are problems as a result, parking restrictions could be put back in place.

Council Member Clark stated that he did not want the West Marion community to feel like they were stigmatized, so he would have no problem with allowing parking on the streets with yellow curbs.

The City Manager suggested that there would be locations where parking might not could be allowed, due to safety reasons, and suggested that such locations be reviewed prior to an approval being given.

Mayor Pro Tem Cuthbertson stated that, if Council is going to look at changing parking restrictions in the whole West Marion community, then perhaps the Street Committee should look at this matter again.

By consensus, Council referred the matter of reviewing opportunities to expand allowances for parking on streets in the West Marion community to the Street Committee. A recommendation will be brought back to Council at the earliest opportunity.

Council Member Clark stated that Council Member Martin should look at the streets in question as well. The City Manager stated that, without objection, staff would meet with Council Member Martin and then with the Street Committee to develop recommendations on this matter.

APPROVE TRAFFIC SCHEDULE ORDINANCE: The City Manager advised that, since Council authorized the City to take over maintenance of Overlook Drive West off of Lukin Street, action is needed to adopt an ordinance to place on the Traffic Schedule a stop sign on Overlook Drive West at Lukin Street.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to adopt the following Ordinance authorizing a stop sign on Overlook Drive West at Lukin Street:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
OVERLOOK DRIVE (WEST)	STOP SIGN	AT LUKIN STREET

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 3rd day of January, 2012.

Stephen R. Little, Mayor

ATTEST:

AA.000001316 (24)

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-12-01-03-1

CONSIDER APPROVAL OF 2010-12 CITY AUDIT REPORT: The City Manager advised that Martin Starnes and Associates presented the City's 2010-11 Audit Report at the November 15 Council meeting. Since all Council Members could not be present, Council directed that approval of the audit report be scheduled for a future meeting.

The City Manager noted that he had presented Council with a bound copy of the audit report and had received no questions or comments about the audit from Council.

Upon a motion by Council Member Ramsey, seconded by Council Member Martin, those members of Council present voted to approve the 2011-12 audit report, as prepared by Martin Starnes and Associates.

CONSIDER AWARD OF CONTRACT FOR PURCHASE OF ONE TON DUMP TURCK FOR SANITATION DIVISION: Finance Director Harriett Thomas advised that the City recently took bids for the purchase of a one-ton dump truck in the Sanitation Division. The City budgeted $50,000 for the purchase of this truck. The City received bids from several dealers. The low bid was received from Bobby Jones Ford in the amount of $35,125.52. Crossroads Ford had the next lowest bid, in the amount of $35,473. Jim Cook Chevrolet submitted the lowest bid for a non-Ford truck, in the amount of $36,891. After reviewing the bids, staff noted maintenance problems with Ford one-ton dump trucks in the past. Also, staff noted the expense of transporting the truck to a Ford dealer in an adjacent County if service work is ever needed at the dealership. Over the expected 10-12 year life of the truck, staff believes that the $1,700 higher cost of the Chevrolet truck from Jim Cook Chevrolet would be offset by the expected lower maintenance costs and the lower cost to transport the truck in the event service is needed at the dealership. In addition, the Chevrolet truck has slightly better fuel mileage than the Ford truck. Therefore, Finance Director Harriett Thomas stated that she would recommend that Council award the contract for the purchase of a one-ton dump truck in the Sanitation Division to Jim Cook Chevrolet in the amount of $36,891.

Upon a motion by Council Member Clark, seconded by Council Member Martin, those members of Council present voted to award the contract for the purchase of a one-ton dump truck in the Sanitation Division to Jim Cook Chevrolet in the amount o $36,891.

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager stated he had met with DOT District Engineer Doug McNeal and Division Traffic Engineer on December 13 to discuss various issues and requests, particularly involving the downtown area. The items that were discussed or requested included traffic signal, signage and traffic flow improvements. The City Manager stated that he was awaiting word from DOT and would keep Council updated as information is received back from DOT on these items.

The City Manager stated that the City's leaf collection had gone well this past season. He said that he appreciated the work done by Sanitation Superintendent Dean Ollis and his staff on a daily basis to collected leaves and other Solid Waste. The curbside leaf collection has almost ended for the season.

The City Manager stated that the City of Durham had requested local governments in Duke Energy's territory to send letters to the N.C. Utilities Commission, supporting Durham's positions opposing the proposed Duke rate increase. Durham is the only local government officially filing motions with the Utilities Commission concerning the proposed rate increase. Council stated no objections to sending such a letter.

AA.00001317 (24)

The City Manager advised that the final Sugar Hill Road pump stations had been connected to power, ending the Sugar Hill Road Water and Sewer Extension. He stated that Finance Director Harriett Thomas is now working to close out the project grants. The City Manager reported that City staff still anticipates having about $200,000 left over in the project, the use of which can be discussed at the January 10 Council Planning Session. He added that the City continues to stress to the Wal-Mart realtor the need to fill the old Wal-Mart building space and that the City hopes to hear some positive news about the building in the near future.

The City Manager reported that the short sewer extension on Garden Creek Road had been completed.

The City Manager advised that he and McDowell Trails Association President Bill Hendley recently spoke to a Norfolk Southern Railway (NSR) real estate representative about the idea of the City buying another 1.1 miles of the old Peavine Rail Line from Jacktown Road to College Drive. The NSR representative said that NSR would not be interested in such a sale at this time, but might be willing to consider a sale as soon as a year from now.

The City Manager stated that City crews recently widened the South Main Street sidewalk near the old Heilig Meyers building, after the DOT contractor moved the curb line back in this location to allow on-street parking to be retained.

The City Manager advised that the Marion Business Association would soon announce the next funding cycle for the Historic Marion Facade Grant program and that there would be about $21,000 in available funding.

The City Manager stated that City crews and a private contractor would be working on the Park Avenue curb and sidewalk replacement, as weather allows.

COUNCIL MEMBER COMMENTS: Mayor Pro Tem Cuthbertson advised that the intersection of Sugar Hill Road and Woodlawn Street appears dark. The City Manager asked Police Chief Mark Brooks to look at this location and to report any street light outages to Duke Energy.

Mayor Pro Tem Cuthbertson also asked why a parking space was not painted in front of Main Street Exxon on North Main Street. The City Manager advised that DOT missed this space, but that the City would paint a temporary parking space as soon as weather allows.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Meeting on Tuesday, January 10, 2012 at 6:00 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Billy Martin and Don Ramsey.

Council Member Juanita Doggett was not present for this meeting due to recovering from a broken leg and surgery the week before.

OTHERS PRESENT: Bob Boyette, City Manager

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. Contract Extension
2. Universal Furniture Water Extension
3. Golden Leaf Foundation Community Assistance Initiative
4. Sugar Hill Road Water and Sewer Extension
5. Comprehensive/Land Use Plan
6. Commercial Cardboard Recycling
7. City Code Updates and Maintenance
8. Downtown Traffic Flow
9. Eastfield Street Maintenance
10. Scheduling of Next City Council Planning Session

No action was taken on these items. Items requiring City Council action will be included in the 2012-13 or future budgets or placed on future City Council meeting agendas for consideration.

Council agreed to schedule the next City Council Planning Session for Tuesday, January 24 at 6:00 p.m. at City Hall.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adjourn.

AA.000001320 (24)

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, January 17, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Billy Martin and Don Ramsey.

Council Member Juanita Doggett was not present for this meeting due to her continued recovery from a broken leg and surgery.

Mayor Little was not present for this meeting due to being out of the country on a mission trip to Belize.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Harriett Thomas, CPA, Finance Director; Gaye Noblitt, Police Administrative Lieutenant; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Mr. & Mrs. Robby Burgin, 1121 North Main Street, Marion, NC; Mr. Ronnie Burgin, 1121 North Main Street, Marion, NC.

OPEN MEETING: Mayor Pro Tem Cuthbertson opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to approve the consent agenda as follows:

A. **Approval of Minutes** – January 3, 2012 Regular City Council Meeting Minutes and January 10, 2012 City Council Planning Session Minutes

CONSIDER ADOPTION OF ORDINANCE – ADD ALLOWANCES FOR PARKING ON CERTAIN STREETS IN THE WEST MARION NEIGHBORHOOD: The City Manager advised that he and Police Chief Mark Brooks, Public Works Superintendent Roger Estes met with Council Member Martin on January 5 to look at parking restrictions in the West Marion neighborhood. During this meeting, Council Member Martin and staff went street by street and looked at all existing regulations on the City Traffic Schedule and on the ground. After review, Council Member Martin and staff made the following recommendations to the Street Committee:

A. Streamline the Traffic Schedule Ordinance parking restrictions for High Street to make it clear that parking is prohibited in the cul-de-sac and on the north side of the street. Parking would continue to be allowed on the south side of the street. This is what the City has signed on the street, but the Traffic Schedule is a bit unclear. Council Member Martin agreed that it would be best to continue to have parking only on one side of the street.

B. Amend the Traffic Schedule to remove references to prohibiting parking by yellow curbs on Oak Avenue. Allow parking on the west side of Oak Avenue and continue to prohibit parking on the east side of Oak Avenue. Council Member Martin agreed that it would be best only to have parking on one side of the street.

C. Amend the Traffic Schedule to remove references to prohibiting parking by yellow curbs in the dead end block of West Wilhemenia Street. Allow parking on the south side of West Wilhemenia Street, the location requested by Mr. Roberto Sierra, and continue to prohibit

AA.000001321 (24)

parking on the north side of the street. Council Member Martin agreed that it would be best only to have parking on one side of the street.

D. Amend the Traffic Schedule to add parking restrictions on the north side of Parker Drive. No parking signs are in place in this location, but there is no ordinance to back up the signs. Parker Drive is narrow and can only accommodate parking on one side.

E. Council Member Martin and staff also noted no parking signs on West Wilhemenia Street between West Henderson Street and Oak Avenue, with no ordinance to back up the signs. These signs have been removed and parking restrictions are not recommended for this block.

F. If Council approves the Traffic Schedule Ordinance changes, City staff will work as best they can to remove the yellow paint from curblines. Staff recommends that yellow paint no longer be used to indicate long stretches of no parking areas, due to the maintenance involved with the paint and the difficulty to remove the paint.

G. On all other streets in the West Marion neighborhood, it is recommended that existing parking restrictions continue. On such streets, signage matches the Traffic Schedule.

The Street Committee then met on January 11 and recommended that the items listed above be approved by Council.

The City Manager drafted an ordinance amending the Traffic Schedule to reflect the changes recommended by the Street Committee and presented it to Council for approval.

Council Member Clark stated that he wished to thank Council Member Martin for bringing the need for these parking changes to Council's attention.

Upon a motion by Council Member Clark, seconded by Council Member Ramsey, those members of Council present voted to adopt the following Ordinance amending the Traffic Schedule:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by deleting the following:

STREET NAME	**REGULATION**	**REG. APPLICATION**
HIGH STREET	PARKING PROHIBITED	NORTH SIDE, FROM WEST HENDERSON STREET TO OAK STREET
HIGH STREET	PARKING PROHIBITED	LENGTH OF STREET, FROM OAK WESTERLY
OAK AVENUE	PARKING PROHIBITED	EAST SIDE OF STREET (YELLOW CURBS)
OAK AVENUE	PARKING PROHIBITED	WEST SIDE, BEGIN AT NW CORNER OF RIDLEY

AA.000001322 (24)

		STREET AND OAK AVENUE AND CONTINUING TO INTERSECTION OF GRAYSON STREET AND OAK AVENUE
OAK AVENUE	PARKING PROHIBITED	WEST SIDE, BEGIN SW CORNER OF GRAYSON STREET AND OAK AVENUE AND CONTINUING TO INTERSECTION OF HIGH STREET AND OAK AVENUE
WILHEMENIA STREET (WEST)	PARKING PROHIBITED	BOTH SIDES OF STREET BEGINNING AT THE SW CORNER OF OAK AVENUE AND WEST WILHEMENIA STREET AND CONTINUING IN A WESTERLY DIRECTION TO THE END OF THE STREET (YELLOW CURBS)

Section 3. Section 18-239 is amended by adding the following:

STREET NAME	**REGULATION**	**REG. APPLICATION**
HIGH STREET	PARKING PROHIBITED	NORTH SIDE, LENGTH OF STREET
OAK AVENUE	PARKING PROHIBITED	EAST SIDE, LENGTH OF STREET
PARKER DRIVE	PARKING PROHIBITED	NORTH SIDE, LENGTH OF STREET
WILHEMENIA STREET (WEST)	PARKING PROHIBITED	NORTH SIDE, LENGTH OF STREET

Section 4. This ordinance shall become effective upon its adoption.

Adopted this the 17th day of January, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-12-01-17-1

PUBLIC COMMENT PERIOD: Mr. and Mrs. Robbie Burgin or Burgin's Septic Tank Services appeared before Council and asked that the City consider paying his invoice in the amount of $11,600 for 116 days of on-call service, or $100 per day, for pump and haul service he provided to the City for the Wal-Mart Supercenter/Grandview Station sewer extension. Mr. Burgin provided information to Council on how he had to be on call during the period between August 26, 2011 and December 19, 2011 and that he felt his time should be compensated.

Mr. Burgin advised that he had checked on the manhole serving as the sewer collection tank daily and that many times could not go out of town, due to the need for pumping and hauling.

AA.000001323 (24)

Council Member Clark asked if the City knew in advance that the pump and haul fee would be $150 per load. Mr. Burgin said that he charged the City the same amount he had always charged per load.

Mrs. Burgin stated that City employees are paid when they are on call and that she had searched on-line and found $100 to be an average amount for an on-call fee.

Council Member Clark said that Mr. Burgin definitely provided a service for the City, as the City would not have been able to obtain a pump and haul permit without Burgin's or some other hauler being available.

Mayor Pro Tem Cuthbertson advised that Council did not traditionally take action after Public Comment. He also noted that Council essentially gave the City Manager general direction at the January 10 Planning Session, but that no formal vote had been taken on this matter.

After brief discussion, Council referred this matter to the City Utility Committee for review and a recommendation. Council asked that the Utility Committee meet with Mr. Burgin to see what can be worked out, with a recommendation coming back to Council by the February 7 meeting if at all possible.

Mr. and Mrs. Burgin thanked Council for their consideration.

CONSIDER APPROVAL OF UPDATED CITY PURCHASING POLICY: Finance Director Harriett Thomas presented Council with a draft of an updated City Purchasing Policy. She stated that the current Purchasing Policy was drafted in 1989 and needed major changes and updates. Ms. Thomas gave a brief overview of the proposed policy. Much of the new language is based upon requirements of State law, while other language is based on the City's longstanding practices.

Council Member Clark stated that he had read much of the policy, cut would like more time to review it. He asked if the policy addresses inventory control, something the City had problems with in the past.

Ms. Thomas stated that this policy did not address inventory control, but that she had plans to create an overall Accounting Manual for the City that would address inventory control, among many items. She gave a brief description of the inventory control procedures in place at the Warehouse.

The City Manager stated that the City auditors completed sample inventory checks, as part of the City's annual audit, and that no problems had been found in recent years. Ms. Thomas added that Purchasing Agent Brenda Williams also completed periodic spot inventory checks, to make sure that the City's computerized inventory records match what is in stock.
The City Manager noted that Marion 101 participants are typically very impressed with the City Warehouse and centralized purchasing system.

Council Member Ramsey stated that he was very impressed with the organization and cleanliness of the Warehouse, during his recent visit as part of his Council orientation.

Council Member Clark noted that the Warehouse was not very organized many years ago, but that he was pleased to hear that it was being run the way it should be.

Council agreed by consensus for the proposed Purchasing Policy to be placed on the February 7 City Council Agenda for consideration.

AA.000001324 (24)

CITY MANAGER REPORTS: The City Manager gave a brief report on current projects.

The City Manager stated the City sent a letter from Mayor Little to the N.C. Utilities Commission, supporting the positions of the City of Durham in opposition to the proposed Duke Energy rate increase.

The City Manager advised that the Town Meeting would be held on Thursday, January 26 at 7:00 p.m. in the Community Building. In the event of inclement weather, the Town Meeting would take place on Thursday, February 2 at 7:00 p.m. in the Community Building. The City Manager noted that the City, as usual, has invited Duke Energy, Charter Communications, Frontier, PSNC Energy, DOT, the Post Office, McDowell County Emergency Management and McDowell County EMS to be present.

The City Manager advised that he had discussed with McDowell County School Superintendent Dr. Ira Trollinger the proposed safety improvements around Marion Elementary School. Dr. Trollinger said that he and Marion Elementary School Principal Dr. Donna Gardner appreciated Council's approval of all of the items. The City Manager reported that Dr. Trollinger specifically said that a wooden street light pole would be fine in the recommended location just on the Fleming Avenue side of the semicircle in front of the School. The School System was not interested in paying for a decorative pole.

The City Manager reported that the City will be ordering the yield to pedestrian signs and flashing signals for placement around Marion Elementary. The crosswalk painting work will take place as the weather turns a bit warmer. The City Manager stated that he would explore funding opportunities for a traffic signal and pedestrian crossing signals at Fleming Avenue and Robert Street, but it is unlikely that funding will be available anytime soon, at least until the State opens another Safe Routes to School funding cycle.

The City Manager advised that DOT is planning to resurface Logan Street this year and correct long-standing problems with the drains in the street. DOT also plans this year to address drainage problems in the low area of Finley Road by raising the level of the street.

The City Manager stated that he had advised Doug McNeal that Council had agreed to restrict trucks from turning right from East Court Street onto North Main Street. Doug said that DOT would prepare an ordinance and Council action would be needed to concur with the ordinance. Signs will then be installed to alert motorists of this prohibition.

The City Manager advised that, based on guidance at the January 10 Council Planning Session, he submitted the Certified Retirement Community designation application on behalf of the City for the $2 million Community Investment Initiative for McDowell County. The deadline for the submission of applications is January 17. The City Manager added that, pursuant to Council direction, the City did not submit an application for the Ashworth Road Industrial Park/Marion Travel Plaza water extension and would instead support the County's application for the Universal building upgrades. The City Manager stated that there will be another meeting at the YMCA on Monday, January 30 at 2:00 p.m., at which Golden Leaf staff would give feedback on the proposals and at which a Review Committee will be appointed to review and rank the applications.

The City Manager advised that the City had received word from the Governor's office on January 11 that the City had been awarded a $238,800 PARTF grant for Phase 2 of the Joseph McDowell Historic Catawba Greenway. This amount represents one-half of the estimated $477,600 cost of the project. As previously reported, the City has been invited to submit a full application for a $75,000 Recreational Trails Program (RTP) grant for this project, which is generally a good sign that an applicant will be funded. The City Manager added that the City can count the RTP grant and the value of the property donated by the Phillips family ($37,700) toward the required

AA.000001325 (24)

$238,800 local match for the PARTF grant. This will leave a local match of $126,100. The City Manager stated that he had spoken to Bill Hendley with the McDowell Trails Association, and let him know about the grant award and advised him that private fundraising needs to start immediately.
The City Manager stated that he also talked to the County Manager and advised him of the grant award and that the City would need money from the County to go toward the parking lot, access road and amphitheater behind the McDowell House. He and the County Manager discussed the concept of having the City and County contribute $45,000 each, with private fundraising funding the remaining $35,000+.

The City Manager showed Council a painting now hanging in City Hall of General Francis Marion. The digital image from which the print was created was provided by the City of Charleston, South Carolina.

COUNCIL MEMBER COMMENTS: Council Member Clark asked if anyone was attending the Main Street Conference in Clayton next week. The City Manager stated that he believed that Marion Business Association Director Freddie Killough would be attending, which would cause Ms. Killough to miss the Town Meeting on January 26.

Mayor Pro Tem Cuthbertson noted the reflective material that had been placed in the northernmost bumpout on North Main Street next to the Community Building Park. He said that the reflective material would be a big help to motorists and allow them to see the bumpout much better. Mayor Pro Tem Cuthbertson suggested that DOT place reflectors to mark the edge of the travel lanes.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Clark, those members of Council present voted to adjourn.

Stephen R. Little, Mayor

CITY OF MARION

The City Council for the City of Marion met in a Special Meeting on Tuesday, January 24, 2012 at 6:00 P.M. in the City Hall Conference Room located at 194 North Main Street for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Billy Martin and Don Ramsey.

Council Member Juanita Doggett was not present for this meeting due to recovering from a broken leg and surgery a few weeks before.

OTHERS PRESENT: Bob Boyette, City Manager

AA.000001326 (24)

PLANNING SESSION: City Council held a Planning Session and discussed the following topics:

1. Sugar Hill Road Water and Sewer Extension – The City Manager presented Council with options for using the estimated $200,000 in leftover Sugar Hill Road Water and Sewer Extension loan funds. After discussion, Council gave general direction to the City Manager to look at cost estimates for water and sewer extensions to the Oakcrest Community off of Sugar Hill Road, an area completely surrounded by the City Limits.

2. US 70 West Sidewalk – The City Manager advised that DOT would be constructing the sidewalk on US 70 West between the West McDowell Junior High School Ballfield and the Joseph McDowell Historical Catawba Greenway entrance in the spring. Council agreed to ask State Representative Mitch Gillespie and State Senator Ralph Hise to introduce a local bill for approval by the General Assembly to annex the section of the US 70 West the sidewalk will run along, so that the sidewalk will be in the City Limits.

3. Election Expenses – Council discussed the elections agreement approved last year between the City, McDowell County and the McDowell County Board of Elections. The City Manager reported that the new elections agreement would likely reduce the City's elections costs for elections occurring after the effective date of the agreement. Council agreed by consensus to have the City Manager talk to the County Manager about past overcharges for election expenses.

4. Water Pressure – Council Member Clark suggested that the City consider studying needs for water pressure improvements in the City's water system. This idea will be explored further in the near future, through possible grant applications or inclusion in a future City budget.

5. Downtown Streetscape Plan – The City Manager noted that the Street Committee had discussed concerns with the northernmost bumpout on North Main Street next to the Community Building Park. Council agreed to have the City Manager work with DOT to make necessary warning sign and striping improvements to make the bumpout more visible.

6. Comprehensive/Land Use Plan – Council reviewed the draft Comprehensive/Land Use Plan with Planning Director Heather Cotton and directed some changes to the proposed Plan. Council will provide Ms. Cotton with final comments on the Plan by the time of the February 7 Council meeting. The Plan will then be finalized and reviewed by the Planning Board, with a recommendation being made to Council for approval.

7. Scheduling of Next City Council Planning Session – Council discussed further the idea by Council Member Clark for Council to consider devoting time for a planning retreat. The City Manager will research meeting locations and possible arrangements for a projected April time frame and will bring such information back to Council for review.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Ramsey, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

FRONTIER:
Chris Vaughn, Customer Operations Manager

AA.00001328 (24)

NORTH CAROLINA DEPARTMENT OF TRANSPORTATION:
Doug McNeal, P.E., District Engineer

OPENING OF MEETING/WELCOME: Mayor Little opened the meeting and thanked everyone present for attending. City Council members also stated their appreciation to the invited guests and the public for their presence.

The City Manager introduced City staff and invited guests.

CITIZEN COMMENTS: Mr. J.J. Laughridge advised that he had attended the City of Marion Town Meeting in 2006, in 2008, in 2010 and now 2012 with the same request/complaint. Mr. Laughridge said that he has had a utility pole leaning in front of his residence at 478 Rutherford Road for over seven years and would like to have it fixed. The local utility companies have each stated at one time or another that they were not the owners of this utility pole. Mr. Laughridge stated that he just wants something done. Representatives of Duke Energy and Frontier assured Mr. Laughridge that they would look at the pole, determine which company owns the pole and then make the necessary repairs.

Mr. Ted Remington thanked Council Members and City staff for the work they do, stating that Marion is a wonderful place to live. He said that he does have concerns regarding speeding on Main Street and people running the stop sign at Fort and Garden Streets and would like to see the Police Department concentrate more on catching violators.

Ms. Edith Vance stated that she was pleased to attend the Town Meeting for the first time. She noted that she observed cars speeding on State Street. Ms. Vance thanked the Sanitation Department for the good work they do in picking up garbage and other items and complimented the City on the recent completion of the Downtown Streetscape Project, advising that Main Street looks great. Ms. Vance said that she had frequently complained about noise and dust coming from McDowell Cement, but that things seemed to be better recently.

Ms. Nancy Clark advised of concerns she has about speeding activity on Robert Street and Fleming Avenue, particularly around Marion Elementary School.

Mr. Scottie Williams requested that that City place speed humps on East Railroad Street. He said that he would also like to see more police patrols and speeding enforcement in his neighborhood.

The City Manager noted that the Police Department has made an effort in recent years to increase residential patrols, but is limited by staffing. He added that the Police Department has software installed on patrol cars that can track patrols, to determine if an adequate level of patrol is provided.

Police Chief Mark Brooks stated that he appreciated the public letting him know about areas of concern. He said that he had logged down the streets where the public wants more patrols and police presence and would do his best to increase patrols on said streets. Chief Brooks added that the size of the City and the amount of staffing limited the ability of his department to give constant attention to particular streets, but that efforts would be increased on the streets named tonight. He noted that he was striving to make the Police Department by stressing community policing and going through the CALEA accreditation process.

Mr. Remington thanked City Council for having the Town Meeting and asked if Council would consider having such meetings quarterly. Mayor Little stated that this idea could be considered, but also noted that Council meetings were held twice a month and were always open for public comment.

AA.000001329 (24)

Council Member Clark asked a question to Duke Energy, Frontier and Charter Communications: when a new pole is put in place, what happens with the old utility pole?

Mr. Chad Wesson of Duke Energy stated that Duke has a procedure in place for the removal of the utility poles and that the old ones get removed, after telephone and cable lines are removed. He said that the intent is for old poles to be removed promptly, but that this is not always the case.

Council Member Clark stated that a Duke Energy pole was replaced behind his house on Fleming Avenue on June 21, 2011 and the old pole is still in place, despite multiple phone and personal conversations with Duke personnel. Council Member Clark asked Mr. Wesson if he knew when the pole would be removed and if Duke would be coming back to fix his yard that was torn up during the placement of the pole.

Mr. Wesson assured Council Member Clark that he would follow up on this matter promptly. He added that Frontier and Charter would need to remove their lines from the old pole, but that he would coordinate this work.

Mayor Little gave the utility and outside agency representatives an opportunity to make statements and discuss on-going projects. Each utility company and outside agency representative thanked the City for the opportunity to be present at the meeting and gave a brief update on current projects and initiatives.

Mayor Little thanked the public, City staff and invited guests for their attendance at this year's Town Meeting.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Ramsey, those members of Council present voted unanimously to adjourn the Town Meeting.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 7, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little; Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

AA.000001330 (24)

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Harriett Thomas, CPA, Finance Director; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Kathy Rabb, 281 South Garden Street, Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

Mayor Little welcomed back Council Member Juanita Doggett, who had been out for several weeks recovering from a broken leg suffered in early January.

CITIZEN OF THE MONTH – SELECTED BY MAYOR PRO TEM LLOYD CUTHBERTSON: Mayor Pro Tem Cuthbertson stated that it was his honor to recognize Kathy Drake Rabb as Marion's Citizen of the Month for February 2012.

KATHY DRAKE RABB

Mayor Pro Tem Cuthbertson stated that he had known Kathy Rabb for over thirty years. Ms. Rabb is the daughter of Susie Bender and the late Claude Drake of Asheville.

Kathy is a native of the Asheville/Hendersonville area and has been a resident of Marion since 1980. A few months after moving to Marion, she purchased the old Morgan house on Morgan Street and did extensive renovations. Kathy and her husband, Mike, now reside on South Garden Street, which is the home in which her mother-in-law many years ago.

In addition to her husband, Mike, Kathy has one son, Seth, and one daughter, Chelsea, who live in Asheville. She also has one granddaughter, Alayna, who is the apple of her eye. Kathy and Mike are both Real Estate Agents with Realty One in Marion.

Kathy has been an active member of the Marion Business Association since 1996 and currently serves on the MBA's design committee where she meticulously reviews all façade grant applications. She is a dedicated volunteer and has assisted with downtown events for many years, including the July 4th Celebration, Christmas Parade and Mountain Glory Festival. Kathy has proven to be a great event organizer as well as a worker.

Kathy and her husband strive to support small businesses that will be an asset to the downtown and the community. As realtors, they have a keen insight into the fabric of the community and are on the front line welcoming new people and businesses to Marion.

Because of Kathy's commitment to downtown Marion, she was recognized as Marion's Main Street Champion by the Main Street Program of the North Carolina Department of Commerce in 2009.

Kathy is very active in the First United Methodist Church of Marion. She is the immediate Past Chair of the Marion Christian Women's Connection. She also serves on the Board of Director of Givens Estates in Asheville.

Mayor Tem Cuthbertson, Mayor Little and Council Members agreed that this recognition is long overdue and well deserved and all shared kind words about Ms. Kathy Rabb, congratulating her on being chosen Citizen of the Month.

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the consent agenda as follows:

AA.000001331 (24)

A. Approval of Minutes – January 17, 2012 Regular City Council Meeting Minutes and January 24, 2012 City Council Planning Session Minutes

B. Receive Report of Unpaid 2011 Real Property Taxes

As stated in G.S. 105-369(a), Municipal Tax Collector must report to governing board total unpaid 2011-12 taxes that are liens on real property.

Tax Collector Brett Moore presented information showing that the amount of unpaid 2011-12 real property taxes, as of January 31, 2012, was $200,667.65.

Council accepted this report.

C. Approve Advertisement of Delinquent 2011 Real Property Taxes

G.S 105-369(c) states the Municipal Tax Collector must advertise tax liens at least once between March 1 and June 30. Council approved the recommendation of Finance Director Harriett Thomas and Tax Collector Brett Moore to advertise tax liens in the McDowell News on Wednesday, May 9, 2012.

D. Approval of Contracts

1. 2011-12 City Audit Contract - Council approved the audit contract with Martin, Starnes and Associates of Hickory for completion of 2011-2012 audit services for the City in the amount of $16,100, consisting of $14,600 for basic audit services (prior year $14,200) and $1,500 for services related to the Single Audit. A copy of the contract is on file at City Hall.

2. City Manager's Contract Extension – Council approved the following contract extension with City Manager J. Robert Boyette:

Memorandum of Agreement
Between The City of Marion, North Carolina ("the City")
and
J. Robert Boyette ("the Manager")

1. The City agrees to employ the Manager and the Manager agrees to be employed by the City for a term of four (4) years, from January 1, 2013 until December 31, 2016. If neither party gives 90 days advance notice to the other of intent not to renew, this agreement will be extended for four (4) more years. This Memorandum of Agreement is intended to identify the salary and benefits payable to the Manager but is not intended to be an exhaustive or complete listing of all duties and areas of managerial responsibility in connection with serving as the Manager and Clerk of the City of Marion, North Carolina.

2. As of the effective date of this agreement, January 1, 2013, the City will pay the Manager an initial annual salary as set by City Council for his full-time services as the City Manager and City Clerk of the City of Marion, North Carolina. The employment provided for by this Agreement shall be the Employee's sole employment while serving as City Manager-City Clerk. The City agrees to increase the compensation each year by the minimum of the average across the board increase granted to other employees of the City.

3. The City will pay severance pay of twelve (12) months' salary to the Manager in the event of termination of the Manager's employment by the City of Marion. Severance pay shall include accrued vacation, personal and holiday leave paid in lump sum plus continuation of paid insurance coverage, including health, dental, vision and life insurance, for a twelve (12) month period after termination. In addition, the City agrees to make a contribution to the Manager's 401(k) account on the value of this compensation calculated using the rate ordinarily contributed on regular compensation.

If the City reduces the base salary, compensation or any other financial benefit of the Manager, unless it is applied in no greater percentage than the average reduction of all department heads, such action shall constitute a breach of this agreement and will be regarded as a termination.

AA.000001332 (24)

If the Manager resigns following an offer to accept resignation, whether formal or informal, by the City as representative of the majority of the City Council that the Manager resign, then the Manager may declare a termination as of the date of the suggestion.

4. The Manager will be reviewed and evaluated annually by the City Council. The timing and amount of increases in salary shall be determined by the City Council.

5. The City will provide a City-owned automobile for the Manager's business use, including supplying gas, oil and maintenance. Automobile liability insurance shall be furnished by the City. The vehicle may be used for transportation to and from work and any business-related use, but not personal or family use.

6. Vacation will be earned at the same accrual and maximum accumulation schedule available to all City employees.

7. Sick leave will be earned at the same accrual and maximum accumulation schedule available to all City employees.

8. The City will pay the Manager's annual membership dues for the International City and County Management Association and the North Carolina City and County Management Association.

9. The City will pay Manager's travel and per diem expenses associated with conferences and professional meetings related to local government business and/or professional training. These expenditures will come from the amount allocated for this purpose in the City budget.

10. The City will provide insurance for the Manager in the same manner as is provided for all City employees. This does not include spousal or family coverage.

11. The City will pay the premium for life insurance on the Manager's life in keeping with the City's standard coverage.

12. The City will annually contribute the same percentage of the Manager's gross salary to 401 (k), as is provided for all City employees.

13. The City will provide annual longevity pay for the Manager in the same manner provided for all City employees.

14. The City will provide liability insurance coverage to the Manager to protect the Manager against personal loss in the execution of his duties as a result of legal action or claims.

15. The Manager must reside within the City Limits of the City of Marion during his employment with the City.

16. In the event that the Manager voluntarily resigns his/her position with the City, the Manager shall provide a minimum of 30 days notice unless the parties agree otherwise.

17. This Agreement sets forth and establishes the entire understanding between the City and the Manager relating to the employment of the Manager by the City. Any prior discussions or representations by or between the parties are merged into and rendered null and void by this Agreement. The parties by mutual written agreement may amend any provision of this agreement during the life of the agreement. Such amendments shall be incorporated and made a part of this agreement.

18. This Agreement shall be binding on the City and the Manager, as well as their heirs, assigns, executors, personal representatives and successors in interest.

19. This Agreement shall become effective on December 31, 2012.

20. The invalidity or partial invalidity of any portion of this Agreement will not effect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be deemed to be in full force and effect as if they have been executed by both parties subsequent to the expungement or judicial modification of the invalid provision.

3. Ordinance Codification and Maintenance Services – Council approved the following contract with the North Carolina League of Municipalities for ordinance codification and maintenance services for the City:

CODIFICATION SERVICES FOR THE CITY CODE
January 12, 2012

WHEREAS, the City of Marion, a municipal corporation in the State of North Carolina has need of codification of its existing ordinances, as well as other optional related services;

WHEREAS, North Carolina League of Municipalities in conjunction with American Legal Publishing Corporation desires to perform such services for City of Marion.

NOW THEREFORE, in consideration of the mutual benefits to be derived from entering into and performing this Agreement and the mutual promises and covenants contained herein, the parties agree as follows:

I. THE PUBLISHER SHALL:

1. Set up an initial phone call with the City of Marion. At this phone call the following will occur:
a. The Publisher will set up a supplementation schedule with the flexibility to deviate from the schedule with advance notice from the City.
b. The Publisher will build the code of ordinances into Folio VIEWS for $1.95 per page. The code must be provided in Word, WordPerfect or RTF.
c. The Publisher will provide a redline strikeout/draft for supplements if requested.
d. The Publisher and City of Marion will mutually agree to the format in which the City of Marion will submit the documents, graphs, charts and images to the Publisher. The publisher does require one copy fo the most current paper code.
e. The Publisher shall provide the City with 20 copies or fewer of the paper supplements each year at an agreed upon rate for use by City staff. There is no discount for needing fewer or no copies.

2. Examine the ordinances as submitted by the City of Marion.
a. For the initial project, the Publisher will examine the printed pages, tables, charts, diagrams, pictures, maps in the code. American Legal will advise The City of Marion on which pages should be reformatted at $24.00 per page. Page 1 of 5
b. Supplements will be charged at $19.50 per page for paper updates. If the page involves a table, graph, chart, diagram, picture, or map the cost will be $19.50 per page + $10.00 per page no matter how many graphs or charts, etc. are on that page. The $10.00 is a per page flat fee. The Folio supplements will be charged at $2.50 per page.
c. American Legal will provide an itemized bill for review after the delivery of material.

AA.000001334 (24)

3. Incorporate those materials to be included in the Code according to the subject matter in the existing Code, or where there is no existing legislation on the subject, into a logical location in the Code.

4. Make necessary changes in wording of the materials to bring about uniformity of style and to correct typographical errors.

5. Prepare a legislative history of each affected section citing the ordinance or resolution number and date of passage of the ordinance or resolution.

6. Revise or make additional entries to chapter summaries, tables of special ordinances, cross reference tables, and general index as necessary to reflect the incorporation of additional, changed or deleted material.

7. Where available, provide free model ordinances covering any municipal topic to replace an outdated ordinance or to cover an area where the City of Marion may not have an ordinance.

8. American Legal will provide the City Clerk with a redline strikeout/proofs of all supplements to review and approve before American Legal finalizes printing.

9. American Legal will contact the City regarding its submission of photos and images should they be of poor quality. American Legal will contact the City at the beginning of the project to make sure it receives the best files to produce the highest quality of images and photos. American Legal will also link all photos and images and use uniform captions. Should the images require additional work the cost will be $95.00 per hour. American Legal will get approval by City for this work.

10. Careful work will be done with the photos/images submitted by the City of Marion to ensure the highest quality in the finished project as possible (this may require communication during the supplement about the City of Marion's expectations).

11. Provide a PDF version of the more complex tables (printer-friendly version). This is an optional service and the cost is $95.00 per hour. An estimate can be provided in advance.

12. American Legal will provide the City a Microsoft Word document of the code after each supplement and to the best of its ability maintain the formatting integrity of tables and other special formatting. American Legal can provide a PDF version of the Code to the City for printing purposes for $100.00. This is an optional service.

13. American Legal agrees that the City Code is non-proprietary and the City of Marion may use it any way it sees fit.

14. American Legal will work with the City to make sure that the Code will either link out to the definitions or have a pop-up box with the definitions each time the word appears in the City Code. This is an optional service at $95.00 per hour. As estimate can be provided before the work is completed.

15. American Legal will use colors where appropriate in the Code online so that sections will stand out and make the online and CD version easier to read (i.e. sections, principles of interpretation, etc.)

16. American Legal will provide uniform formatting in the City Code.

17. American Legal will handle subscription service to anyone outside of the City of Marion municipal government who wishes to receive a paper or CD version of the City Code and/or Land Development Ordinance, and provide the appropriate number of supplements on a monthly basis to subscribers; subscription fees will be set jointly by American Legal and the City of Marion.

18. American Legal will provide the City of Marion with an agreed upon number of paper supplements each year.

19. American Legal will confer with the City on a schedule to provide annual statutory updates to the City Code, based on each North Carolina legislative session. A price will be mutually agreed upon once American Legal reviews the changes made by the legislature each year. This is an optional service.

21. American Legal will provide detailed billing that is clear and concise and shall provide a breakdown with explanations of each item.

22. American Legal currently provides the ability to search multiple codes from its website and will continue to offer this service to the City of Marion.

23. American Legal will provide troubleshooting service to the City of Marion at no charge.

24. American Legal uses Folio VIEWS online search and retrieval software that is very user friendly. We will offer

AA.000001335 (24)

free technical support to City staff through a toll free 800 number or an email to our support department during regular office hours. We will also offer this service to citizens of the City of Marion.

25. American Legal will continue to look for new and innovative ways to better serve the City of Marion and provide information to the City in future years on new ideas to search and update their documents.

II. THE CITY OF MARION SHALL:

1. Provide a current copy of the City Code on CD in Word, or WordPerfect, or RTF.

2. Provide the ordinances passed subsequent to publication of the previous Code supplement on CD (or via email) and in paper form.

3. Pay the Publisher the costs of the initial project. The Publisher will examine the tables, charts, diagrams, pictures, and maps in the code. The City of Marion and American Legal will come to an agreement on which pages if any need to be reformatted at $24.00 per page.

a. Supplements will be charged at $19.50 per page for paper updates. If the page involves a table, graph, chart, diagram, picture, or map the cost will be $19.50 per page + $10.00 per page no matter how many graphs or charts, etc. are on that page. The $10.00 is a per page flat fee. The Folio supplements will be charged at $2.50 per page.

b. American Legal Publishing will provide no copies of paper code changes.

c. Pay to the Publisher for all services requested. An invoice will be sent to the City after the initial project is completed and delivered and each future update is delivered and completed.

d. Pay any invoices within 30 days of the invoice date. Invoices outstanding beyond the 30 day period shall be subject to a late payment equal to 1½% of the unpaid balance per month, or part thereof.

4. Pay to the Publisher the cost to rebuild the Folio version of the City Code at $2.00 per page.

5. Pay to the Publisher the cost to build the PDF version of each update for $100.00 per updated CD. The City of Marion will receive a PDF file of all the chapters on CD. Should the City of Marion make no changes during an entire month, then there shall be no charge for the update that specific month. This is an optional service.

6. Pay to the Publisher the annual cost to host the City Code for $450.00 per year and on the American Legal Web Site. The price of the annual online host service will rise by 1.5% each year.

7. As an optional service, pay the following fees to the Publisher for any additional CD's of the Code in Folio VIEWS: A one time $50.00 license fee plus $10.00 for each CD that is pressed.

8. As an optional service, pay to the Publisher a one time fee of $50.00 for each additional Network license.

9. As an optional service, pay to the Publisher a one time fee of $2,500 for an unlimited Network license.

III. TERM AND TERMINATION

1. Either party has the right to terminate or alter the terms of the supplemental service plan at any time by serving written notice. This written notice shall be sent at least thirty days before the effective date of such termination or alteration. Provided, however no alteration of terms shall be effective unless agreed in writing by the other party.

2. Upon completion of the five-year period, this agreement shall automatically renew itself from year to year except that either party may alter or cancel the terms of this agreement at any time upon thirty days written notice. Provided, however, no alteration of terms shall be effective unless agreed in writing by the other party.

IV. PRINTING

Deliver to the City of Marion no printed copies of the code of ordinances supplemental pages.

V. SHIPPING AND DELIVERY

The Publisher shall ship by common carrier, the number of supplement disks ordered and the City of Marion may direct that different portions of the shipment be made at various locations within the City of Marion. The City of Marion shall only be charged Publisher's direct shipping costs and a handling fee. The Publisher shall ship the supplements within 30 calendar days after receipt by Publisher of all materials necessary for production of a supplement unless the City would like to update on a more frequent basis.

AA.0000001836 (24)

TRANSMITTAL AS OFFER
The transmittal of this Agreement to City of Marion unexecuted by City of Marion is an offer by the North Carolina League of Municipalities/American Legal Publishing to perform the stated services at the price and upon the terms and conditions herein and shall be subject to acceptance by Publisher's receipt of the agreement executed by City of Marion no later than July 30, 2012 unless such date is extended in writing by Publisher.

IN WITNESS WHEREOF the parties to this contract have hereunto set their hands on the date(s) indicated:
The City of Marion, North Carolina
BY
TITLE
DATE
NORTH CAROLINA LEAGUE OF MUNICIPALITIES
BY
TITLE: General Counsel
DATE:

INTRODUCTION OF NEW POLICE CHAPLAIN: Due to unforeseen commitments, the Marion Police Chaplain will be introduced at a later meeting.

RECOGNITION OF POLICE OFFICERS RECEIVING ADVANCED LAW ENFORCEMENT CERTIFICATES: Due to certificates not arriving from the State in time for presentation at this meeting, this item will also be rescheduled for a future meeting.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

RECEIVE RECOMMENDATION FROM CITY UTILITY COMMITTEE: The City Manager advised that the City Utility Committee met on January 27 with Mrs. Audrey Burgin concerning the $11,600 on-call bill from Burgin's Septic Tank Services for the Sugar Hill Road pump and haul service. The Utility Committee recommended that the entire bill be paid as part of the Sugar Hill Road project. The Utility Committee received information that Mr. Robby Burgin, owner of the business, was the first number called by the automated teledialer on the telemetry system at the pump location and that he routinely checked on the location from which he pumped. The Utility Committee felt that Mr. Burgin therefore earned at least a very substantial part of the $11,600 on-call fee and that it would be very difficult to quantify any appropriate discount off of the fee.

The City Manager stated that Council action is therefore requested to approve the payment of the $11,600 on-call fee.

Council Member Clark commended the Utility Committee for their efforts resolving this matter and made a motion to approve the recommendation of the Utility Committee to approve the payment of the $11,600 on-call bill from Burgin's Septic Tank Services for the Sugar Hill Road pump and haul service. The motion was seconded by Mayor Pro Tem Cuthbertson.
Mayor Little stated that the Utility Committee was very impressed by Mrs. Burgin's presentation and that the Committee was shown that Mr. Burgin definitely earned his fee, due to his diligent work.

Council Member Clark added that Mr. Burgin's efforts prevented any sewer spills from occurring at the location, saving the City from potentially large fines.

All Council Members voted in favor of Council Member Clark's motion and the motion was passed.

CONSIDER APPROVAL OF UPDATED CITY PURCHASING POLICY: Finance Director Harriett Thomas advised that, as discussed at the February 7 Council meeting, Council has been

AA.000001337 (24)

given a copy of the proposed Purchasing Policy for the City. The City's current Purchasing Policy was drafted in 1989 and needed major changes and updates.

Ms. Thomas stated that much of the language is based upon requirements of State law, while other language is based on the City's longstanding practices and internal control procedures.

Council Member Clark stated that he had asked that this item be held over to this meeting, to given him ample time to review the Policy. He said that he went over the document in detail with the City Manager and had his questions and comments addressed.

Council Member Clark advised that his main concern was the Policy allowing telephone or verbal quotes to be accepted for informal bids for purchases of less than $90,000. He said that he understood that the Policy was entirely consistent with State law, but wanted to make Council aware of this concern. Council Member Clark stated that Council must place its trust in staff to make sure that such quotes are received in writing, to make sure that the City is adequately protected.

Ms. Thomas advised that City staff always bids out large purchases, even when not required to do so under State law, and is always careful with notations and receiving bids in writing.

Council Member Clark stated that Ms. Thomas did a good job with the proposed policy.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to approve the updated Purchasing Policy as follows:

PURCHASING POLICY AND PROCEDURES OF THE CITY OF MARION

WHEREAS, the Mayor and City Council of the City of Marion recognizes the importance of complying with the legal and ethical requirements of public purchasing; and

WHEREAS, it is the desire of the Mayor and City Council to assure vendors that impartial and equal treatment is afforded to all who wish to do business with the City; and

WHEREAS, the Mayor and City Council desires to receive maximum value for each dollar spent by awarding to the lowest responsible bidder, taking into consideration quality, performance, technical support, delivery schedule, past performance and other relevant factors; and

WHEREAS, it is the desire of the Mayor and City Council to establish a system of purchasing administration that will provide departments with the required goods, equipment and services at the time and place needed and in the proper quantity and quality at the lowest possible cost;

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF MARION that the following rules and regulations shall govern the purchase of apparatus, materials, equipment, supplies and services for use by the City of Marion, North Carolina in accordance with applicable North Carolina State Statutes.

ADOPTED this 7th day of February 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

AA.000001338 (24)

Policy Number: P-12-02-07-1

City of Marion

Purchasing Policy and Procedures Manual

Adopted as Administrative Policy for all City Employees
Effective: 02/07/12

City of Marion, North Carolina
Department of Finance and Administration
Purchasing Policy and Procedure Manual

I. Forward

This purchasing policy and procedures manual has been prepared to serve as a guideline to all departments of the City of Marion in obtaining apparatus, materials, equipment, supplies and services.

While this manual does not answer all questions related to purchasing, it does provide the foundation for a sound centralized purchasing system, which will serve the City's needs and provide a more effective and efficient buying process. Like any policies or procedures, they can be effective only if the individuals involved are aware of what they are, how they apply, and the problems that may be encountered when they are not followed. For this reason we have tried to explain each directive in detail giving the purpose, the policy, and the procedure for carrying it out. We have also included the North Carolina General Statute reference for policies where applicable.

The basic goals of the City's purchasing program are:

a. To comply with the legal and ethical requirements of public purchasing.

b. To assure vendors that impartial and equal treatment is afforded to all who wish to do business with the City.

c. To receive maximum value for each dollar spent by awarding to the lowest responsible bidder, taking into consideration quality, performance, technical support, delivery schedule, past performance and other relevant factors.

d. To provide City departments the required goods, equipment, and services at the time and place needed and in the proper quantity and quality.

e. To professionally administer the search for sources of supplies, the development of new sources, the selection of suppliers, negotiations, commitment, follow-up, and adjustments.

f. To promote good and effective vendor relations, cultivated by informed and fair buying practices and strict maintenance of ethical standards.

g. To effect maximum feasible standardization of products used within and among departments in order to minimize stock levels and obtain better prices.

By following the procedures and guidelines established in this manual, each department can efficiently manage, control and plan its available resources to meet present and future departmental needs and help the City to meet these goals. Should you have any questions about this manual or its procedures, contact the Finance Director at 652-3551 or the Purchasing Agent at 652-6151.

II. General Guidelines For Purchasing Supplies and Materials

2.1 Local Buying:

It is the desire of the City to purchase from vendors located within the City of Marion and McDowell County whenever possible. This can be accomplished by insuring that local vendors who have goods or services available that are needed by the City are included in the competitive purchasing process. The City has a responsibility to its residents; however, to insure the maximum value is obtained for each public dollar spent. **The City cannot and will not make purchasing decisions solely on the basis of vendor**

AA.000001339 (24)

residence. Rather, the City will endeavor to encourage local vendors and suppliers to complete for all City business.

2.2 Planning:

Planning for purchases should be on a long-term basis, thereby minimizing small orders and last minute purchases. Planning will also reduce the number of trips required to obtain materials and minimize clerical and supervisory time spent on documenting purchases.

2.3 Buying Proper Quality:

Quality and service are as important as price; and, it is the duty of the requesting department to secure the best, most economical, quality that will meet but not exceed the requirements for which the goods or services are intended. In some instances the lowest price does not necessarily mean the lowest cost.

2.4 Sales Tax

NOTE: The City is not exempt from paying North Carolina sales tax, and therefore, as you place an order with the supplier, you should emphasize that the purchase must include tax for all taxable items.

III. Purchasing Procedures

This section describes the proper procedures for requisitioning goods or services for use by departments of the City of Marion. As stated previously, the purpose of these procedures is to provide the best quality goods and services to the city at the least possible price. Adherence to this procedure is absolutely essential toward achieving this end.

If purchases are made without adhering to this procedure a number of different consequences could occur, among which are:

a. Serious delays in paying the vendor for their merchandise or services.
b. Paying higher prices than necessary.
c. Buying items already available in the Warehouse Stockroom.
d. Creating significant amounts of extra work for the City Finance Department and the Purchasing Department.

Should questions arise which cannot be answered by reference to this manual, contract the Purchasing Agent at 652-6151.

3.1 Request to Purchase:

A request with the required information and appropriate approvals gives the Purchasing Agent the authority to proceed with competitive pricing and to issue a purchase order to the most suitable vendor. The Department Head or his/her designee must approve all requests within their department. A completed purchase requisition with the appropriate approvals is required for all purchases.

3.2 Completing the Request to Purchase Form:

The requisition, once completed, is forwarded to the Purchasing Department. If the Purchasing Department has questions concerning the request, it may be returned to the Department Head or his/her designee for a brief explanation.

IV. Vendor Selection

AA.0000001340 (24)

4.1 Selection Policy:

The purchasing-vendor relationship is one of mutuality. The promotion of good relations with the vendor is an important function of the Purchasing Agent. Therefore, it is essential that the Purchasing Agent be aware of all transactions between the City and its vendors.

4.2 Selection Procedures:

Vendors will be selected on a competitive basis. Formal bids, informal bids, or telephone quotations will be solicited by the Purchasing Department. Bid awards, purchase orders and or contracts will be issued to the lowest responsible bidder as outlined in Section VIII.

For the procurement of supplies, materials and or equipment and for construction or repair, the Purchasing Department will observe the following procedures:

a. In accordance with North Carolina General Statute §143-129, invitation for formal bids will be used for purchases of $90,000 and greater for apparatus, supplies, materials and equipment and $500,000 and greater for construction and repair contracts. This will include advertising in the local newspaper and/or other advertising media as deemed appropriate and receiving sealed bids.

b. In accordance with North Carolina General Statue § 143-131 no written method or advertising required for invitation, but a Request for Written Quotation (RFQ) may be used for purchases of $30,000 to formal limit ($90,000).

c. In accordance with North Carolina General Statute § 143-131, purchases of less than $30,000 will be made in the open market with or without necessary resort to formal invitation for bids or request for quotations. However, every effort should be given to obtain three quotes for purchases of less than $30,000. All quotes, regardless of degree of formality, should be forwarded to the Purchasing Agent as soon as the requisition has been approved.

V. Purchase Orders

To be valid, a City Purchase Order Form (Exhibit B) must be completed and signed by the Purchasing Agent or by the Finance Director.

5.1 The Purchase Order Process:

A Purchase Order is a contract between the City and a vendor and is not binding until accepted by the vendor. The City will not recognize the issuance of purchase orders by unauthorized City employees or officials, and payment of these obligations will not be approved. Obtaining supplies, equipment or services without a purchase order is also an unauthorized purchase. (Except in emergency situations as outlined in Section 7.3) **Unauthorized purchases are classified as a personal expense and will be paid for by the employee.**

The purchase order is a numbered two-part form with copies to be distributed as follows:

White – Purchasing copy, send to the Purchasing Department.

Yellow – Department copy, filed within the department.

AA.00000341 (24)

In order to properly process the vendor's invoice(s) for payment, the packing slips must indicate the purchase order number, be signed and forward to the Purchasing Department, this is to be done immediately after the item(s) have been received, inspected and accepted by the user department.

5.2 Change Orders:

In order to change, modify, or cancel an existing purchase order, the user department must initiate a Change Order Form (Exhibit C) with the Department Head's or his/her designee's approval. All pertinent information needed to make changes should be completed. The change order is to be forwarded to the Purchasing Agent for review and approval. Purchasing Agent will be responsible for the distribution of paperwork to the vendor and requesting department.

Change orders will not be allowed:

a. That would alter the procurement procedures that were used in the original process. (i.e., from informal to formal).
b. After the scope of service have been rendered or materials have been received.
c. Would increase a blanket purchase order.
d. Would add additional items to the purchase order.

Change orders are not needed when the dollar amount of the change for a line item will not be exceeded by 10% of the original amount and budgeted funds are available.

VI. Availability and Transfer of Budgetary Funds

6.1 Policy:

It is the policy of the City of Marion to require a Request for Transfer of Funds for any purchase or commitment of City funds for which there are insufficient funds available in the budgetary account against which a purchase or commitment is to be applied. Transfers of Funds are not allowed for the purpose of making it possible to spend all appropriations. (Exhibit D) is a sample Request for Transfer of Funds Form.

6.2 Authority:

Only the City Manager or Finance Director are authorized to make certain changes among operating expenditure line items, (i.e. non-capital and/or non-personnel related items), in the budget of a department, (department as defined in the annual budget authorization of City Council), when he/she feels the change would be in the best interest of the City.

6.3 Responsibility:

Transfer of Funds must be requested by the Department Head or his/her designee and forwarded to the Finance Director before any commitments are approved against an expenditure line item which would exceed the amount budgeted for that particular line item.

Requests should be stated in even $100 increments (i.e. $100, $200, $300, etc.).

The Finance Director is expected and authorized to inquire about the appropriateness of any and all Request for Transfer of Funds. After review and approval of the Request, the Finance Director shall attach a copy of this form to the corresponding Request to Purchase and forward the Request for Transfer of Funds Form to the City Manager.

AA.00001342.(24)

VII. Special Procurement Procedures

7.1 Blanket Purchase Orders:

The Purchasing Agent will issue blanket purchase orders to selected vendors for the procurement of large volume items such as landscaping supplies, rock, sand and asphalt. Blanket purchase orders should not be used for items normally carried in stock at the warehouse and will not be issued for items that can/should be purchased with regular purchasing procedures.

Requests for blanket purchase orders must, in addition to the required information, indicate the following: items covered by the blanket purchase order, a Not to Exceed (NTE) amount in the appropriate column, and an attached listing of all personnel approved to purchase from the blanket purchase orders. The issued purchase order will instruct the vendor that unauthorized purchases will not be allowed. It is the responsibility of the individual authorized to purchase under a blanket purchase order to insure that an unspent balance remains to cover the purchase to be made. **Any purchase that exceeds the funds available under a blanket purchase order will be classified as an unauthorized purchase.**

Any purchases made by personnel not authorized by the blanket purchase order request will be classified as a personal expense and will be paid by the employee.

An authorized City employee must sign a vendor's delivery ticket, and the purchase order number must be indicated. If the purchase is to be charged to an account other than indicated by the purchase order, the account number to be charged for the expenditure must be indicated. Departments will forward these delivery tickets immediately to the Purchasing Department.

7.2 Service Contracts:

All service contracts, for which the contractor will perform work while on City property, must be accompanied by a standard contract form containing the appropriate language required in City contracts. The contract must follow all signature procedures and contain all necessary insurance and payment options. The contractor must have a certificate of insurance on file before work is to be done. Payment will not be issued until certificate has been received. The completed and signed contract must be forwarded to the Purchasing Agent prior to the release of the purchase order.

7.3 Emergency Purchases:

In cases of emergencies, the Department Head or his/her designee may purchase directly from vendor(s) supplies or services whose immediate procurement is essential to prevent delays in work, which may affect the life, health, or either safety or convenience of the City of Marion employees or citizens.

The user department shall exercise good judgment and use established vendor(s) when making emergency purchases. Care should be taken to always obtain the best possible price and limit purchases to those items that may be emergency related. Failure to anticipate needs does not constitute an emergency situation. First, determine if a true emergency does exist. Second, anticipate needs and avoid emergency situations whenever possible. Vendors usually charge top prices if supplies or services must be obtained on an emergency basis.

AA.000001343 (24)

During working hours, the following procedure should be used for emergency purchases: contract the Purchasing Agent and give all pertinent information to obtain a purchase order. The information needed will include the vendor name, item(s) to be purchased with quantities, expenditure account to which the item(s) will be charges and the reason for the emergency purchase.

After working hours, the following procedure should be used for emergency purchases: The packing slip or invoice received should be coded with the account(s) to be charged and signed. Please attach a purchase requisition with each packing slip or invoice and send to the Purchasing Agent, with a brief explanation of the nature if the emergency.

Emergency purchases, although sometimes necessary, are costly both in time and money. The use of emergency purchases should be limited to true emergencies and will be monitored for abuse.

7.4 Call-in requests for Purchase Orders:

Call-in requests for purchase orders will be used for emergency and special situations only. However, the Purchasing Department will allow the faxing of requests with originals to be forwarded.

7.5 Purchase Order Cut - off Date:

Purchase requests for materials, supplies, services and equipment (not included in blanket purchase orders or service contracts) for the ending current fiscal year must be in the Purchasing Department no later than June 15. Purchase requests of a routine nature that could have been scheduled prior to June 15, and are not critical, will be returned to the department for disposition in the new fiscal year. This procedure affords the Purchasing and Finance Departments the opportunity to complete fiscal year end activities in a timely and proper manner.

Purchases from the warehouse should be done one month prior to the fiscal year end, if possible. Those items would include but are not limited to computer paper, toilet paper, trash bags, cleaning items, etc. This procedure affords the Purchasing Department the opportunity to complete inventory and review merchandise in the warehouse with the Warehouse Inventory Specialist prior to the fiscal year end activities in a timely and proper manner.

7.6 Sole Source of Supply:

In the event there is only one vendor capable of providing a particular good or service, the competitive pricing procedures outlined in this manual may be waived by the Purchasing Agent or Finance Director. Whenever a Department Head or his/her designee determines to purchase goods or services from a "sole source", he/she shall document on the request why only one company or individual is capable of providing the goods or services required. The provisions of G.S. §143-129 will be followed asking Council for this sole source exception.

7.7 State of North Carolina Purchase Contract:

The Purchasing Agent may utilize the State of North Carolina Department of Administration Purchase and Contract Division whenever possible for procurement of capital and non-capital items. This system expedites the purchase of goods, offers pricing compatible with quotes received from formal and informal bids, and satisfies North Carolina General Statutes. Examples of goods on state contract are: law enforcement

AA.000001344 (24)

vehicles, office furniture, copiers, janitorial supplies, copier paper, and light bulbs. Contact the Purchasing Agent if you have questions about which goods are on State Contract.

7.8 Professional Services:

Normal competitive procedures cannot be utilized in securing professional services such as attorneys, engineers, auditors and other professional people who, in keeping with the standards of their discipline, will not enter into a competitive bidding process. When an agreement between a professional service company and the City is established, a purchase order, with a NTE (not to exceed) amount shall be issued to satisfy accounting and statutory requirements.

7.9 Purchasing Calendar: Capital and Non - capital Equipment

To coordinate and schedule capital purchases during the fiscal year, the Finance Director and the Purchasing Agent will request information from departments concerning approved capital budgets and procurement schedules each year. In securing financing and maintaining the fixed asset records for the fiscal year, all capital purchases MUST be completed no later than **March 15** with delivery scheduled no later than **May 30**, if at all possible.

7.10 Vehicle and Equipment Repair: Outsourcing of Service:

Procedures for outsourcing vehicle and equipment repairs, such as body repair(s), engine rebuilding, or any other service shall be handled by Fleet Maintenance. Written estimates showing separate labor, material(s) and towing costs shall be submitted to the Purchasing Agent with completed request and appropriate signatures for purchase order processing. To provide the necessary cost and repair history of a vehicle for budgeting use, this should be handled and recorded on the vehicles fleet maintenance records.

7.11 Petty Cash

A petty cash fund has been established for the Police Department and Fire Department for purchase of expendable items, (including but not limited to car washes, office supplies, etc.) costing less than $25.00. Employees wishing to purchase items, and be reimbursed with petty cash, should obtain a petty cash form, provide a receipt for the purchase and return the cash form to the petty cash administrator for your department, with the approval of the Departmental Head or his/her designee.

7.12 Credit Cards

Bank issued credit cards are reserved for use by the City Manager, Finance Director, Fire Chief, Police Chief and Public Works Director for travel or select items for the City. The purpose of this purchasing procedure is to facilitate travel such as hotel reservations and for certain online purchases, such as computers.

The bank issued credit card will be used only when:

a. The items and/or services to be purchased are for the official use of the City of Marion.
b. The types of items and/or services to be purchased are those approved by the City Manager and/or Finance Director.
c. Bank credit cards should not be used to purchase any items normally carried in stock in the City Warehouse or available via the Purchasing Agent.

AA.0000001345 (24)

d. The City Manager and/or Finance Director will review the use of the individual card activity and reserve the right to revoke the use privileges from the cardholder, if deemed necessary. The credit card holder will be responsible for any purchases deemed not to be official City purchases.

e. After the purchase, the credit card holder will furnish the receipt for the purchase to the Finance Director. Failure to furnish the receipt will result in the credit card holder becoming responsible for the purchase.

f. Blanket credit cards issued by Walmart are not issued to a particular person but to the City. These Walmart credit cards will be checked out at City Hall after the employee obtains a Purchase Order number from the Purchasing Agent and brings the Purchase Order Number to City Hall. After the purchase has been made the credit card will be returned to City Hall along with the receipt. The receipt, with the Purchase Order Number written on it, will then be sent to the Purchasing Agent to be processed.

g. Lost or stolen credit cards are to be immediately reported to the Finance Director.

VIII. Competitive Bids

8.1 Formal Bids-Supplies and Materials ($90,000 and Greater):

After receiving a completed request to purchase with the appropriate signature to purchase supplies, apparatus, and materials and equipment with expenditure of $90,000 or more, the Department Head or his/her designee, in conjunction with the Purchasing Agent shall develop and prepare specifications for bidding. The Purchasing Agent shall be responsible for ensuring that all North Carolina General Statutes are satisfied, including but not limited to, newspaper advertisement and receipt of sealed bids.

After receipt of a bid, the Purchasing Agent shall conduct a public bid opening, then with the Department Head or his/her designee, review all bid responses to determine the bid deemed in the best interest of the City. Factors such as cost, quality, performance and time should be taken into consideration. The Purchasing Agent shall make a formal recommendation of award, with supporting documentation to the Finance Director, City Manager, and the City Council.

Upon City Council approval of the recommendation, the Purchasing Agent shall initiate the purchase order and contract the successful bidder.

8.2 Informal Bids-Supplies and Materials ($30,000 - $89,999):

After receiving a properly executed request to purchase, the Purchasing Agent shall utilize the informal bidding process for purchases of $30,000 to $89,999. The informal bidding process requires that competitive pricing be obtained but does not require that it be in a written form, therefore, bids via email, phone, fax or mail are acceptable. Records must be kept of all bids received. Once received, the Purchasing Agent determines which quote is in best interest of the City and with Council's approval the Purchasing Agent shall generate the purchase order and contact the successful bidder.

8.3 Purchases of Supplies and Materials (Less than $30,000):

After receiving a properly executed Request to Purchase Form for expenditures of less than $30,000, the Purchasing Agent shall accept quotes in any form as for Informal Bids. Every effort to obtain 3 quotes should be exercised. Once the quote deemed in the best interest of the City is determined, the Purchasing Agent shall generate the purchase order and contact the successful bidder(s).

AA.000001346 (24)

8.4 Construction and Repair Work:

a. Formal Construction or Repair Contracts ($500,000 and greater):

Construction contracts within this range shall be the responsibility of the Department Head and contracted engineer and other City officials as deemed necessary. These officials are responsible for specification development. After the formal bidding process is completed, the Department Head or his/her designee shall recommend to the City Council the lowest responsible bidder deemed in the best interest of the City. Upon award by the City Council and execution of the contract, the Department Head shall initiate a Request to Purchase form so that a purchase order can be generated to encumber the expenditure account.

b. Informal Construction or Repair Contracts (Less than $500,000):

Construction, renovation or repair work less than $500,000 shall be the responsibility of the Department Head, the contracted engineer and other City officials as deemed necessary. The bid award will be made to the lowest responsible bidder deemed in the best interest of the City. Upon approval by the City Manager and execution of the contact, the Department Head or his/her designee shall initiate a Request to Purchase form so that a purchase order can be generated to encumber the expenditure accounts and contact the successful bidder(s).

IX. Specifications

When goods or services are procured under the formal or informal bidding process, specifications must be prepared. All specifications should do at least four things:

a. Identify minimum requirements
b. Encourage competitive bids
c. Capable of objective review
d. Provide for an equitable award at the lowest possible cost.

Specifications shall be as simple as possible while maintaining the degree of exactness required to prevent bidders from avoiding supplying the goods or services required or otherwise taking advantage of their competitors.

All specifications utilizing a name brand must include the term "or approved equal" to avoid being restrictive and eliminating fair competition from the bidding process. A photocopy will assist the Purchasing Agent in procuring the desired item(s).

a. Qualified products on acceptable vendor list
b. Specification by blueprints or dimension sheet
c. Specification by chemical analysis or physical properties
d. Specification by performance, purpose or use
e. Specification by identification with industry standards
f. Specification by samples

X. Delivery and Performance

A completed and accepted purchase order by the parties concerned must produce the intended results or objectives before it can be considered a successful or completed purchase. The terms and conditions must clearly define the delivery and performance requirements of the services, supplies or equipment.

AA.000001347 (24)

The importance of the delivery schedule will be emphasized to the vendor. Delivery requirements will be clearly written and fully understood by all vendors. If several items are required by the purchase order, there may be a different schedule of each item. It is necessary to clearly indicate the delivery location on the Request to Purchase form.

10.1 Partial Deliveries:

Some purchase orders may list several items. It is possible the vendor may complete timely delivery on some items, which are referred to as "partial deliveries". Upon receipt of a partial delivery, photocopy the purchase order; attach a copy of the signed delivery receipt and forward to the Purchasing Agent.

10.2 Non-Performance:

If a vendor fails to meet any requirement(s) of the specifications or terms and conditions of the contract or purchase order, the vendor can be cited for non-performance. The seriousness of non-performance will be evaluated based upon the circumstances of each violation. Specific types of non-performance are discussed in Section XI.

XI. Inspection and Testing

Life and safety as well as successful operation of expensive equipment and supplies may depend upon how well a purchased item meets the design and performance specifications.

Goods and materials should be checked at the time of receipt for damage or defects. The inspection shall include assuring goods comply with the specifications. If damage is found or the goods fail to comply with the specifications, the item(s) shall be rejected as outlined below.

11.1 Rejection:

In order to protect the City's rights in the event of rejection, for whatever reason, the vendor shall be informed immediately. Reasons for the rejection must be documented in memo form, attached to a copy of the purchase order and forwarded to the Purchasing Agent in a timely manner. The Purchasing Agent will notify the vendor of the reason for the rejection.

11.2 Damaged Goods:

One of the major reasons for immediately inspecting the goods or materials upon receipt is to detect any visible damage. When it is apparent that the extent of the damage causes the goods to be worthless, they will not be accepted. It is necessary that all damage including evidence of concealed damage shall be documented by memo, attached to a copy of the purchased order and forwarded to the Purchasing Agent so that the Purchasing Agent can inform the vendor of the damaged goods.

11.3 Latent Defects:

Latent defects may be the result of damage in transit or failure of the manufacturer to conform to specifications. Consequently, it is often difficult to fix responsibility for the defective material. If specific liability for the defect cannot be determined between the carrier, vendor, or the manufacture, the City may file a claim against all parties. A memo attached to a photocopy of the purchase order must be forwarded to the Purchasing Agent so all parties involved can be properly informed.

AA.00000348 (24)

XII. Vendor Relations

Good vendor relations are valuable business assets established through mutual confidence and satisfactory business relationships between buyer and seller. An important contribution toward promoting and preserving these relations is a clear understanding of the method of contract between buyer and seller.

The Purchasing Agent shall maintain a vendor file for recording the performance of vendors the City engages in business. Should a department experience difficulties with or have a complaint with a particular vendor, document your concerns on a Vendor Performance Evaluation form provided in (Exhibit G) or a memo to the Purchasing Agent with your concerns. Be as specific as possible, detailing the circumstances, dates, personnel involved (including titles) and phone numbers. This information will be helpful in determining if the vendor shall remain on the vendor list.

If it is a certain vendor should be commended for its efforts, document the circumstances on the Vendor Evaluation Form and forward to the Purchasing Agent.

Vendors will be selected on a competitive basis. formal bids, informal bids, or telephone quotations will be solicited by the Purchasing Agent. Bid awards, purchase orders and/or contracts will be issued to the lowest responsible, responsive bidder in accordance with G.S. § 143-129 and 143-131.

Departments do not have the authorization to commit in writing, or verbally, future City business to vendors. If the department wishes to add a specific vendor or contractor to the bid list, the Purchasing Agent shall be contacted.

XIII. After the Order

The procurement function is not accomplished by simply placing an order with a supplier. Satisfactory delivery must also be made. To insure delivery will be made when required, follow-up is sometimes necessary.

Follow-up or expediting delivery of an order is part of the purchasing process and can be more efficiently handled by the purchasing party. For example:

Purchases initiated by the Purchasing Agent – follow-up would be expedited through the Purchasing Agent.

Purchases initiated by the Department Head using the bank credit card - follow-up will be by the purchaser.

The Purchasing Agent shall on a regular basis review outstanding purchase orders to determine if vendors are delinquent in shipping the items requested. The Purchasing Agent shall contact these vendors concerning the delinquent delivery.

The Purchasing Agent shall contact vendors concerning invoice discrepancies and shall have the authorization along with the Finance Director to approve or disapprove invoice amounts.

XIV. Warehousing

A warehouse is maintained at the Public Works building. An effort is made to keep in stock those items most commonly used by all departments. Computer printouts listing those commodities are available upon request and can be obtained by contacting the

AA.00001349 (24)

Warehouse Inventory Specialist, at 652-6151. Should a department require these items, a representative from the department must pick up the items and complete a Store Requisition (Exhibit H). A copy can be faxed to the Warehouse Inventory Specialist and who will pull the items needed and have them ready when the department representative comes to pick up the items. The original store requisition should be presented at the time of picking up merchandise. If for some reason the department cannot pick-up items requested the Warehouse Inventory Specialist can deliver the items to the department at which time the original store requisition should be presented.

If a department has a recurring demand for a particular item that is not stocked in the warehouse (need for a particular item that exceeds three times in a six month period), the department may request the warehouse stock this item. The procedure for requesting the stocking of additional items is through the completion of (Exhibit I) Request to Stock Form.

Specific instructions for completing a Request to Stock form are as follows:

a. Description – A thorough description of the item is requested. When possible, please provide catalog data, drawings or pictures.

b. Recommended Initial Order Quantity – This is the quantity that may be consumed within a 90-day period.

c. Recommended Minimum Stocking Quantity – This is the critical minimum quantity (i.e. a point that if stock were lower than this quantity, your performance would be compromised).

d. Adjusted Min/Max Numbers for Current Item – If the item will be used in addition to a current item, advise with the new stocking quantities of the current item

Upon completion of the Request to Stock Form, the requester shall forward it to the Purchasing Agent for review. This review shall basically consist of determining the type of item being requested. If the item replaces a current item, the Warehouse Inventory Specialist shall determine the value of existing stock being replaced. If the dollar amount is significant, the Warehouse Inventory Specialist shall review this with the Purchasing Agent and the Finance Director to determine if existing stock should be depleted to the new recommended min/max stock levels.

The same review process shall be taken with eliminated stock items. These items shall be declared surplus/obsolete and processed in accordance with general statutes.

After the review, the Purchasing Agent shall forward the request to the Warehouse Inventory Specialist, at which time a stock number shall be assigned to the item and a purchase order generated to encumber the expenditure accounts. Upon completion, the Warehouse Inventory Specialist shall return a copy of the Request to Stock to the requester indicating the new stock number and when the item was placed on order.

AWARD CONTRACT FOR PURCHASE OF WATER PLANT VEHICLE: Finance Director Harriett Thomas advised that the City recently sought bids for the purchase of a sport utility vehicle for the Water Plant. This vehicle is used to travel to the City's water intakes in all weather conditions. A 4 wheel drive vehicle with a high clearance is required. City staff sent bids to eight dealers. Based on City specifications, the only bid that was received was from Stamey Chrysler-Jeep-Dodge for a 2012 Jeep Wrangler in the amount of $23,839. This bid is $839 over the 2011-12 budgeted amount for this purchase.

The City Manager added that the City currently has a Jeep Wrangler used for this purpose and can attest that this is the perfect vehicle for traveling to the intakes. State law does not require a minimum number of bids for a vehicle purchase.

AA.000001354 (24)

Ms. Thomas added that the current Jeep Wrangler is nearly 20 years old and is in need of replacement.

Mayor Pro Tem Cuthbertson asked what the City would do with the old vehicle. Ms. Thomas stated that the vehicle would likely be sold on the on-line auction service, govdeals.com.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to award the contract for the purchase of a sport utility vehicle for the Water Plant to Stamey Chrysler-Jeep-Dodge for a 2012 Jeep Wrangler in the amount of $23,839.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the Golden Leaf Foundation staff met with community representatives on January 30 and reviewed the six applications for the Foundation's $2 million Community Assistance Initiative for McDowell County. The six applications that were submitted totaled $4.3 million. The City Manager stated that, after review and discussion, the group agreed to recommend the County's Universal Furniture building upgrade project in an amount of $2 million or slightly more. The County had asked for $2.3 million for this project, but Golden Leaf Director Dan Gerlach said that his Board would not go that high with a grant award. The County Manager has repeatedly been very appreciative of the City's support of this project.

The City Manager advised that the City had received a letter from the North Carolina Parks and Recreation Trust Fund (PARTF), formally notifying of the award of a $238,800 PARTF grant to fund one-half of the costs of Phase 2 of the Joseph McDowell Historical Catawba Greenway. The City Manager reported that the City has also submitted an application for a Recreational Trails Program (RTP) grant. City staff submitted a pre-application in November and were invited to submit a full application in January, which is generally a very good sign.

The City Manager added that the City hopes to have all funding for Phase 2 of the Greenway approved by mid-2012. The McDowell Trails Association is working on plans for fundraising and the City also anticipates receiving some County funds for the parking lot behind the McDowell House and/or the amphitheater. It will likely be mid-2013, hopefully in the 2013-14 Fiscal Year, before construction starts on Phase 2.

The City Manager advised that the NCDOT had released their initial prioritization rankings for projects submitted for the Statewide Transportation Improvement Program (STIP). NCDOT advises that these rankings are based on data and local input, but have not yet been subjected to funding, scheduling and legal constraints. Therefore, these rankings may not necessarily match the final Draft STIP and Draft 10 Year Work Program. However, the rankings should be somewhat of an indicator of what projects may have a better chance of being on the STIP and 10 Year Work Program.

The City Manager presented Council with information he had listed by category for all the listed projects for McDowell County. The most encouraging rankings for City projects are the Peavine Trail (5th out of 271 Bicycle/Multiuse projects Statewide) and the Five Lane Sidewalk (33rd out of 354 Pedestrian projects Statewide). Some of the City's highway projects, particularly the Rutherford Road Three Laning/Curb and Gutter Installation (36th out of 267 Regional Highway Projects Statewide) also ranked high. The City Manager stated that is unknown at this point how the rankings will translate into the final STIP and 10 Year Work Plan.

Mayor Pro Tem Cuthbertson stated that the City had been aggressive in submitting many projects to the Isothermal Rural Transportation Planning Organization, more so than other counties and municipalities in the region.

AA.000001355 (24)

The City Manager asked Council, as agreed upon by Council at the January 24 Council Planning Session, to forward City staff by the end of the week any comments they have on the 250+ N.C. STEP Plan goals that are to be included in the Comprehensive/Land Use Plan. He added that City staff will then proceed with final completion of the proposed Comprehensive/Land Use Plan and presentation of the plan to the Planning Board and City Council for adoption.

The City Manager advised that the Marion Business Association (MBA) had opened the next grant cycle for the Historic Marion Façade Grant Cycle, funded by the MBA and the McDowell Economic Development Association (MEDA). There will be $15,000 in MBA and MEDA funding, plus almost $6,000 unspent from this year's grant cycle, resulting in almost $21,000 being available in grants. The new funding cycle will take place from February 1 through March 30.

The City Manager added that the MBA also has opened the next grant cycle for the MBA $1,000 Façade Grant Program, with grant applications accepted between February 1 and March 30.

The City Manager reported that notice of the grant programs listed above was delivered or mailed to eligible businesses and property owners. Kick-off meetings for the new grant cycle were held on January 31 and grant applications are being distributed to interested businesses or property owners.

The City Manager advised that, although the Golden Leaf Foundation will not fund the City's application for the Certified Retirement Community designation process and related marketing, Golden Leaf Director Dan Gerlach did say that he would speak to the N.C. Department of Commerce about the reasons for the $10,000 application fee charged by the State . City staff will also ask the N.C. Rural Center to address the fee with the State. The City Manager stated that the City and partner agencies can begin the required six month planning process for the Certified Retirement Community application, but may wait to see what Mr. Gerlach and the Rural Center learn from the N.C. Department of Commerce.

Police Chief Mark Brooks stated that the Marion Police Department is working with Isothermal Planning and Development Commission for traffic and speed counters to be placed on streets in the City, where complaints have recently been made about speeding. The placement of the counters will provide the City with data on whether there is an actual speeding issue or a perceived problem.

Chief Brooks also advised that the utility pole in front of J. J. Laughridge's house on Rutherford Road has been straightened. Mr. Laughridge attended the Town Meeting in January and complained about this pole, which had been leaning for many years.

COUNCIL MEMBER COMMENTS:

Council Member Clark stated that he had a person request a trash receptacle near the old House Theater on East Court Street. The City Manager stated that as new receptacles are placed on Main Street, some of the older ones can be placed in locations such as this.

Mayor Pro Tem Cuthbertson stated that the street light in front of Marion Elementary School on Robert Street had been installed and is in operation, as approved by Council in December

Mayor Pro Tem Cuthbertson stated that the downtown wireless network needs to be reactivated as soon as possible, as it does not make sense for the City to have paid for something that is not working. The City Manager stated that he was waiting on the City Attorney to finish work on the Terms of Use Agreement for the network and would stress with her the need to complete this work, so that the network can be reactivated.

AA.000001356 (24)

Council Member Juanita Doggett stated that she had recently been appointed to the National League of Cities (NLC) Community and Economic Development Committee.

Mayor Little congratulated Council Member Doggett, noting that Council Member Clark has served in several leadership positions with the NLC, including the Board of Director and Chairman of the Small Cities Council.

Council Member Clark stated that he had met a lot of good people while serving with the NLC and is sure that Council Member Doggett will also have a great experience with her service.

Council Member Doggett noted that she is also serving on the North Carolina League of Municipalities Legislative Advisory Committee.

Council Member Clark stated that the NLC Small Cities Council will be meeting in Lumberton, North Carolina this year. Information about this meeting should be coming out soon.

Mayor Little stated that he would be attending the NLC Congressional City Conference in Washington, D.C. in March.

ADJOURNMENT: Upon a motion by Council Member Doggett, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, February 21, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Gaye Noblitt, Police Administrative Lieutenant; Dean Ollis, Sanitation Superintendent; Don Price, Water Plant Superintendent; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Jake Asta, 160 Lake Club Drive, Nebo, NC 28761

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – January 26, 2012 Town Meeting Minutes and February 7, 2012 Regular City Council Meeting Minutes.

AA.0000001357 (24)

INTRODUCTION OF NEW EMPLOYEE: The City Manager introduced the City's new Water Plant Superintendent, Don Price, who started work with the City on February 13. The City Manager advised that Mr. Price was replacing Steve Miller, who was retiring at the end of February. The City Manager stated that Mr. Price had excellent credentials and considerable experience in public utilities, water treatment and wastewater treatment, being certified at the highest levels as a water plant and wastewater plant operator in North and South Carolina, having served as Public Utilities Director in Mt. Holly, having run water and wastewater plants in North and South Carolina and most recently working as a Regional Wastewater Consultant with the North Carolina Department of Environment and Natural Resources in the Asheville Regional Office.

Mr. Price said that he appreciated the opportunity to come to work for the City of Marion and would do his best to serve the City.

Mayor Little and Council Members welcomed Mr. Price to the City staff.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

APPPROVE STREET CLOSURE REQUEST ON NORTH MAIN STREET BETWEEN COURT AND FORT STREETS FOR ERA MOUNTAIN VIEW PROPERTIES COMMUNITY APPRECIATION DAY ON SATURDAY, MAY 19: The City Manager advised that, as shown on information presented to Council, the City received a request from ERA Mountain View Properties to close Main Street between Court and Fort Streets for a Community Appreciation Day on Saturday, May 19. The original request asked for a street closure between 11:00 a.m. and 3:00 p.m. The City Manager stated that he had suggested to Jacque Mentink with ERA Mountain View Properties that the time of the closure be changed to between 12:00 p.m. and 4:00 p.m. to avoid disruptions to businesses open during the morning hours. Ms. Mentink agreed with the revised hours for the closure and the permit request was revised accordingly. The City Manager stated that ERA Mountain View Properties held this event in 2010 with no problems being experienced. The time approved for the road closure in 2010 was 12:00 p.m. until 4:00 p.m.

The City Manager stated that he would therefore recommend approval of the street closure of Main Street between Court and Fort Streets on Saturday, May 19 between 12:00 p.m. and 4:00 p.m. for the ERA Mountain View Properties Community Appreciation Day.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the request for a street closure of Main Street between Court and Fort Streets on Saturday, May 19 between 12:00 p.m. and 4:00 p.m. for the ERA Mountain View Properties Community Appreciation Day.

APPROVE USE OF GREENWAY FOR KEEP MCDOWELL COUNTY BEAUTIFUL EARTH DAY ON THE GREENWAY EVENT ON SATURDAY , APRIL 21: The City Manager advised that Keep McDowell County Beautiful is requesting permission to use the grassy area next to the Joseph McDowell Historical Catawba Greenway for an Earth Day on the Greenway event on Saturday, April 21 from 9:00 a.m. until 3:00 p.m.

The City Manager advised that this event is open to the public and there would still be full use of the Greenway; therefore, he would recommend approval of the request.

The City Manager stated that Sanitation Superintendent Dean Ollis was present for this discussion and serves on the Keep McDowell County Beautiful Board.

AA.000001358 (24)

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the request of Keep McDowell County Beautiful to use the grassy area next to the Joseph McDowell Historical Catawba Greenway for an Earth Day on the Greenway event on Saturday, April 21 from 9:00 a.m. until 3:00 p.m.

CONSIDER APPROVAL OF REQUEST BY MR. JAKE ASTA FOR AN AMENDMENT TO THE LICENSE TO OPERATE A PLACE OF AMUSEMENTS AT 80 MAPLE LEAF DRIVE (VORTEX) TO ADD FOUR POOL TABLES: The City Manager advised that Mr. Jake Asta had submitted an application for a license to operate a place of amusements, with 25 video games, 16 bowling lanes and 4 pool tables at Vortex (formerly Ivan's), located at 80 Maple Leaf Drive. Council has previously approved the bowling lanes and video games, so the request is to allow the four pool tables to be added at Vortex. The City Manager stated that, last May, Council approved an ordinance lifting restrictions on selling liquor in places of amusements. Therefore, there is no issue with Vortex having pool tables, given that they sell liquor.

The City Manager advised that, as required by the City Code, the Police Department completed a background check and determined that Mr. Asta does not have a criminal record. The City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or
(2) Is not a citizen or resident of this state; or
(3) Is an excessive user of intoxicating liquor or narcotic drugs; or
(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager stated that the criminal background check indicates that Mr. Asta appears to satisfy the requirements listed above. Therefore, the City Manager stated that he sees no reason to justify Council denying the request for a license and recommend that Council approve the request by Mr. Jake Asta to operate a place of amusements, with 25 video games, 16 bowling lanes and 4 pool tables at Vortex, located at 80 Maple Leaf Drive.

Mr. Asta gave Council some information about his business plans.

Mayor Pro Tem Cuthbertson asked if the pool tables would be coin operated. Mr. Asta stated that the pool tables would likely be coin operated, but that the final decision had not yet been made.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve Mr. Asta's request for a license to operate a place of amusements, with 25 video games, 16 bowling lanes and 4 pool tables at Vortex, located at 80 Maple Leaf Drive.

APPROVE GRANT APPLICATION FOR NORTH CAROLINA DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES 2012 COMMUNITY WASTE REDUCTION AND RECYCLING GRANT: The City Manager advised that, as previously reported, Planning and Development Director Heather Cotton has worked with Sanitation Superintendent Dean Ollis on a grant application for a North Carolina Department of Environment and Natural Resources 2012 Community Waste Reduction and Recycling Grant to purchase new commercial cardboard recycling dumpsters for the City. The maximum grant award is $30,000, with a 20 percent local match required. The City is seeking a grant of $23,760 to purchase 36 dumpsters. The City's match would be $4,752. Information on the grant application was presented to Council.

AA.000001359 (24)

The City Manager reported that, regardless of whether the cardboard is collected by the City or the County, the City will need to purchase its own cardboard dumpsters. Therefore, the City Manager stated that Council approval of the grant application is requested to allow the grant application to be submitted to the State.

A discussion followed.

Council Member Clark noted that the City had paid for the County's recycling baler many years ago and should not have to split cardboard revenue with the County. The City Manager stated that Council Member Clark was exactly correct, but that the City had never been in possession of the baler and therefore needed to negotiate with the County over the use of the baler.

Council Member Clark asked if the City could add a baler to the grant application. The City Manager stated that he could explore this point with City staff and the State and let Council know.

Upon a motion by Mayor Pro Tem Cuthbertson , seconded by Council Member Doggett, Council voted unanimously to approve the submission of a grant application for a North Carolina Department of Environment and Natural Resources 2012 Community Waste Reduction and Recycling Grant to purchase 36 new commercial cardboard recycling dumpsters for the City.

DISCUSS COMMERCIAL CARDBOARD RECYCLING: The City Manager advised that, as previously authorized by Council, he had provided GDS with notice that the City was terminating the City's contract for commercial cardboard recycling, effective June 30, 2012. This termination was done in an effort to reduce the $29,000 cost the City pays to GDS annually for this service.

Sanitation Superintendent Dean Ollis stated that he and the City Manager had talked to the McDowell County about the possibility of the County servicing the City's 36 cardboard dumpsters. The County is willing to collect the City's cardboard recycling for $14,500 per year and also give the City one-half of the revenue received from the cardboard. The County estimated that the City's annual cardboard revenue would be $1,250 to $5,500, based on the City's average amount of cardboard, making the City's net costs $9,000 to $13,250 per year.

Mr. Ollis stated that he had one of the City's Sanitation drivers run the commercial cardboard collection route to determine the mileage and time involved. As shown on a report presented to Council, Mr. Ollis then estimated the City's annual costs to be $4,506.32.

The City Manager advised that this estimate could be subject to some variation, but staff is confident that the City could pick up the cardboard for less than the County will charge. The City Manager stated that the County appears favorable toward giving the City one-half of the revenue for the cardboard the City brings them, making the City's high end net cost about $3,250. If cardboard prices are high, the City could possibly break even or perhaps even make a small amount, even if additional costs are incurred for vehicle maintenance. The City's projected annual savings are therefore $25,000 to $30,000.

Based on these estimates, the City Manager recommended that Council authorize commercial cardboard collection with City forces for the 2012-13 Fiscal Year as a pilot program, as long as the County will give the City one-half of the revenue for the cardboard the City brings them.

The City Manager advised that if so authorized by Council, he would ask the County for an Interlocal Agreement concerning the cardboard reimbursement.

A discussion followed.

AA.000001360 (24)

Upon a motion by Council Member Ramsey, seconded by Council Member Doggett, Council voted unanimously to authorize the City Manager to have City forces collect commercial cardboard recyclables, effective with the termination of the contract with GDS on July 1, 2012 and to enter into an Interlocal Agreement with McDowell County, to provide for the County to pay the City for one-half of the revenue received from commercial cardboard recyclables taken to the County by the City.

ACCEPT NORTH CAROLINA PARKS AND RECREATION TRUST FUND (PARTF) GRANT FOR PHASE 2 OF JOSEPH MCDOWELL HISTORICAL CATAWBA GREENWAY: The City Manager advised that the City received notice in January of the award of a $238,800 N.C. Parks and Recreation Trust Fund (PARTF) grant to fund one-half of the costs of Phase 2 of the Joseph McDowell Historical Catawba Greenway. The City Manager presented Council with a copy of the PARTF grant contract that gives the City three years, or until March 30, 2015, to complete the Phase 2 project.

The City Manager stated that the City hopes to receive word in the next few months on the application for a $75,000 Recreational Trails Program (RTP) grant. City staff submitted a pre-application in November and were invited to submit a full application in January, which is generally a very good sign.

The City Manager reported that the City hopes to have all funding for Phase 2 of the Greenway approved by mid-2012. The McDowell Trails Association (MTA) is working on plans for fundraising and City staff also anticipates receiving some County funds for the parking lot behind the McDowell House and/or the amphitheater. The City Manager stated that, as previously reported, he had asked the McDowell Trails Association to raise at least $35,000 toward the $126,000 local match. The City and County have talked about the City and County then splitting the remaining local match of $90,000, with each agency contributing $45,000.

The City Manager advised that Council action is requested to accept the PARTF grant and to authorize the Mayor to execute the grant contract.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously accept the $238,800 N.C. Parks and Recreation Trust Fund (PARTF) grant to fund one-half of the costs of Phase 2 of the Joseph McDowell Historical Catawba Greenway and to authorize the Mayor to execute the grant contract and documents.

ADD-ON ITEM: CONSIDER APPROVAL OF PROPOSAL BY NORTH CAROLINA DEPARTMENT OF TRANSPORTATION TO COMPLETE A COMPREHENSIVE TRANSPORTATION PLAN FOR THE CITY: The City Manager presented Council with a request from Pam Cook of the Transportation Planning Branch of NCDOT, proposing the completion of a separate Comprehensive Transportation Plan (CTP) for the City of Marion.

Ms. Cook's information stated that she feels it would be beneficial to continue the McDowell County CTP in which the City is currently participating, but also pull out the City of Marion urban area and complete a separate CTP for the City. A separate City CTP would take an extra year to complete, but allow NCDOT to complete more detailed study of specific City requests.

Mayor Pro Tem Cuthbertson asked how this would affect the current County CTP.

The City Manager stated that he did not think it would affect the County CTP at all, since NCDOT will complete the County plan before starting on the City plan.

Mayor Pro Tem Cuthbertson stated that a separate City CTP would give the City more control over the plan.

AA.000001361 (24)

Council Member Clark asked some technical questions about the timing and composition of the proposed CTP, which the City Manager addressed.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to accept the proposal offered by the NCDOT to complete a separate Comprehensive Transportation Plan for the City of Marion.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that DOT will hold a local official's informational meeting, open house and public hearing on the US 221 widening project on Tuesday, March 13 at the Community Building. The local official's meeting will take place at 2:00 p.m. and the open house will take place between 4:30 p.m. and 6:30 p.m., with a formal presentation and public hearing at 7:00 p.m. Another meeting will have been held the day before in Rutherford County. A notice of this meeting was presented to Council. The City Manager asked that the Mayor and Council attend this meeting if they are available.

The City Manager advised that, several years ago, the City had asked DOT to construct a five lane section on US 221, at least in the area where businesses are present north and south of I-40. DOT has repeatedly stated that it intends to construct a fully divided highway, with periodic turn-arounds provided. The City Manager stated that he would welcome direction whether Council wishes us to push for the five lane section again or not.

Council Member Clark stated that he feels that it is important to continue asking for the five lane section, but that this request may be what has slowed down the widening project.

Mayor Little and Council Members agreed by consensus for the City to continue to ask DOT to construct a five lane section on US 221, at least in the area where businesses are present north and south of I-40, to provide for better vehicular access to commercial and industrial entrances.

The City Manager stated that the City had received notice advising that the City was approved for the 23rd year as a Tree City USA. He thanked Administrative Assistant Debi Sherlin for her great work compiling all of the information required for this recognition.

The City Manager reported that the Tree Board will be holding Arbor Day, to be held in conjunction with Marion and Eastfield Elementary Schools. Arbor Day will be celebrated with Eastfield Elementary School on Thursday, March 22 with the planting of trees at the new Clinchfield Park and with Marion Elementary School on Friday, March 23 with the planting of trees in the City parking lot at West Henderson and Logan Streets.

The City Manager advised that Council approved earlier in the agenda the acceptance of a $238,800 N.C. Parks and Recreation Trust Fund (PARTF) grant to fund one-half of the costs of Phase 2 of the Joseph McDowell Historical Catawba Greenway. The City is also seeking and hopes to receive a $75,000 Recreational Trails Program (RTP) grant. The City Manager advised that he had asked the McDowell Trails Association to raise at least $35,000 toward the $126,000 local match. The City and the County Managers had talked about the City and County then splitting the remaining local match of $90,000, with each agency contributing $45,000. The City Manager asked for Council permission to send a formal request for this level of funding to the County.

Mayor Little and Council Members agreed by consensus to authorize the City Manager to send a formal request to the County, asking for the City and County to evenly split a local match of up to $90,000 for Phase 2 of the Joseph McDowell Historical Catawba Greenway.

AA.000001362 (24)

The City Manager advised that, as temperatures allow, City crews and the City's contractor are working on the curb and sidewalk replacement on Park Avenue between Turner and Robert Streets.

COUNCIL MEMBER COMMENTS:

Mayor Pro Tem Cuthbertson stated that the mid-block crosswalks on Main Street were dark at night, obscuring the view of people in the crosswalk. The City Manager stated that he could mention this matter to DOT.

Mayor Little asked Council Members to e-mail the City Managers dates that they will be available for a Friday and Saturday Planning Session in April.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Martin, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 6, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Mark Brooks, Police Chief; Brant Sikes, Public Works Director; Don Price, Water Plant Superintendent; Dean Ollis, Sanitation Superintendent; Steve Basney, Utility Maintenance Superintendent; Freddie Killough, Executive Director, Marion Business Association; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Rita Wilson, 65 Circle Lane, Marion, NC; Travis Taylor, 9543a University Terrace, Charlotte, NC; R. Yates, 60 East Main Street, Marion, NC; Harold and Judy Wright, 60 Hillcrest Drive, Marion, NC; Frank Dean, 375 South Garden Street, Marion, NC; Steve, Robin, Christina & Eric Miller, 2554 Muddy Creek Road, Nebo, NC; Traci Dusenbury and Pam Freeth, Halcon Development, 2306 – A W. Main Street, Richmond, VA 23220; Bill Griffith, 64 South Main Street, Marion, NC; Tim and Tisha Griffith and Children, 162 Pinecrest Drive, Marion, NC; Mike Cinguant, 218 Patton Valley Drive, Nebo, NC; Brad Ledbetter, 54 College Drive, Marion, NC; Grayson England, 260 Barnes Road, Marion, NC; Dean Moore, 43 Emma Jean Drive, Marion, NC;

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

AA.000001363 (24)

CITIZEN OF THE MONTH – SELECTED BY MAYOR STEPHEN R. LITTLE: Mayor Little selected the Citizen of the Month for March 2012.

Bill Griffith

Mayor Little stated that William "Bill" Griffith came to Marion in 1954 and one year later took over ownership of a downtown jewelry business, which became Bill Griffith Jewelry Store. Since 1955, it has been a mainstay in downtown Marion.

Mr. Griffith's late wife Charlotte worked with him for 45 years. Their son Tim has worked full time in the business since 1977.

Mr. Griffith has three children and five grandchildren and now has his wonderful wife Connie by his side.

Mr. Griffith was a founding member of the Marion Merchants Association in the 1950's and served as its president. The association organized downtown giveaways every Friday night during the Christmas shopping season with car giveaways and other promotions. In the 1980's when other small businesses were moving to the shopping centers, Mr. Griffith committed to staying in the downtown area.

Mr. Griffith served as the second President of the Marion Downtown Business Association and was still active on the Board of Directors until this past year.

Mr. Griffith was awarded Marion Downtown Business of the year in 1993. He was Parade Marshal of the July 4th Parade in 2006, at which time he was also recognized as Main Street Champion.

When asked to comment about doing business in downtown Marion for 52 years, Bill Griffith replied, " It has been quite an experience to be in business in the same place, because the people of McDowell County have been so generous."

Mayor Little and Council Members all thanked Mr. Griffith, recognizing that this recognition is long overdue, and congratulated him on being selected as Marion's Citizen of the Month.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – February 21, 2012 Regular City Council Meeting Minutes.

B. Endorse Governor's Proclamation – 2012 Spring Litter Sweep:

Council endorsed Governor Beverly Eaves Perdue's Proclamation for Spring Litter Sweep 2012 to take place between April 14 and 28.

C. Approve Waiver of Charges for Collection of Bulky Trash Items During Spring Litter Sweep 2012:

Council approved the waiver of charges for the collection of bulky trash items and authorized the collection of tires from April 16-20 during Spring Litter Sweep 2012.

PRESENTATION OF NORTH CAROLINA DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES AWARD FOR WATER PLANT: The City Manager advised that, for the 10th year in a row, the City's Water Plant received a Facility Optimization award for

AA.000001364 (24)

turbidity removal from the North Carolina Department of Environment and Natural Resources. The City of Marion is one of only two water plants in the State to have received this award for all 10 years it has been presented. The City Manager stated that the low level of turbidity in the City's drinking water is an indicator of how clean the City's water is.

Mayor Little presented the award to recently retired Water Plant Superintendent Steve Miller.

The Award read as follows:

NC's Area Wide Optimization Program
Certificate of Facility Optimization
Turbidity Removal
2010
City of Marion Water Treatment Facility
NCDWR
NC Public Water Supply Section

Thomas A. Reeder	Jessica C. Godreau, P.E., BCEE
Director	Chief
Division of Water Resources Section	Public Water Supply Section

Mayor Little and Council Members congratulated Mr. Miller on the receipt of this award and stated how proud they were of the fact that the City had reliable, clean and high quality drinking water.

RECOGNITION OF RETIREMENT OF WATER PLANT SUPERINTENDENT STEVE MILLER: The City Manager advised that Mr. Steve Miller had officially retired from City employment on February 29, after 30 years of dedicated service. He described Mr. Miller as one of the unsung heroes of Marion, who had done a tremendous job to keep the City's Water Plant in good condition and to produce safe and clean drinking water for the City and surrounding areas.

The City Manager presented Mr. Miller with a beautiful plaque that read as follows:

In Appreciation
To

Steve Miller

For Your Years of Dedication and Service
While Serving as Water Plant Superintendent
For the City of Marion Water Department
June 1, 1982 - March 1, 2012

Presented this 2nd Day of February, 2012
By
Mayor Stephen R. Little and Marion City Council

Mayor Little, Council Members and City staff thanked Mr. Miller for his dedication and service to the City for the past 30 years and wished him well in his retirement.

CIVIL CITATION APPEAL: The City Manager advised that the City had received a civil citation appeal from Ms. Rita Wilson of 65 Circle Lane in the Clinchfield neighborhood,

AA.000001365 (24)

requesting that the penalty be waived for the $50.00 citation issued to her on February 1 for her dog running loose. Ms. Wilson's appeal letter was presented to Council with a copy of the citation and a statement from Ordinance Enforcement Officer April Noles regarding this citation. Ms. Noles advised in her statement that she was called to the location in reference to a dog being in the roadway and that she had previously transported this dog to the animal shelter. An Animal Capture and Release Form showing the dog being picked up in late December was also presented for Council's review. The City Manager stated that Ms. Wilson does not dispute in her letter that the dog was loose on February 1.

Ms. Wilson advised that she lives alone and has a dog for protection. She said that she has starting putting her dog in her neighbor's fenced in yard, but that the dog still sometimes escapes. Ms. Wilson stated that she does not feel that the dog is not a nuisance to anyone and would like to know who reported it.

Ms. Wilson stated that she lives on a fixed income and cannot afford the citations. Her children like for her to have the dog for a companion and that she will give the dog away if necessary.

Council Member Clark asked if perhaps there was a different type dog Ms. Wilson could have at her residence that could be more manageable. Ms. Wilson stated that she could not afford another dog.

Council Member Clark stated that citations will continue if the dog continues to get loose.

A discussion followed.

Upon a motion by Council Member Doggett, seconded by Council Member Martin, Council voted unanimously to waive the penalty issued to Ms. Rita Wilson of 65 Circle Lane for the $50.00 citation issued to her on February 1for he dog running loose contingent on Ms. Wilson securing her dog so that it cannot get loose again.

CONSIDER APPROVAL OF REQUEST BY MCDOWEL FIRE & RESCUE COLLEGE FOR HOUSE BURNING AT 49 LINCOLN AVENUE: The City Manager stated that, as shown in the information presented to Council from Mr. Brad Ledbetter, the McDowell Fire & Rescue College has submitted a request to burn a dilapidated house at 49 Lincoln Avenue during the upcoming Fire College on Saturday, March 17. The City Manager advised that the City had recently received complaints about this dilapidated house. Building Inspector Jay Suttles subsequently had discussions with the property owner, Ricky Boyd, which led to the house being proposed for burning. Jim Phillips, who lives next to the dilapidated house, has purchased the property from Mr. Boyd and is now seeking to burn the house.

The City Manager stated that, based on past direction, Council approval is required prior to any house burning in the City Limits.

The City Manager stated that a letter had been sent to property owners in the area, making them aware of the proposal and the opportunity to submit comments in advance of, or at the meeting. No negative comments were received concerning the proposed house burning.

Mr. Ledbetter provided Council with details concerning the proposed house burning. He said that an asbestos inspection has been completed and determined that there is some asbestos in the house. This asbestos will be removed in the proper manner prior to the house burning.

Mayor Little asked Mr. Ledbetter if the concerns of the neighboring property owners, Greg and Heather Anderson, had been addressed.

AA.000001366 (24)

Mr. Ledbetter stated that he had addressed the concerns of the Anderson by providing proof of liability insurance and the assurance that measures would be taken to keep water away from the Anderson's house.

Council Member Clark reminded Mr. Ledbetter that several years ago, the Fire College burned a house on South Main Street and that the fire was not completely put out, causing it to smolder for several days. He asked Mr. Ledbetter to make sure the fire was completely put out before Fire College personnel left the scene. Mr. Ledbetter pledged that he would make sure the fire was completely extinguished before the Fire College left the scene.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the request by the McDowell Fire & Rescue College to burn a dilapidated house at 49 Lincoln on Saturday, March 17 during the McDowell Fire & Rescue College.

PRESENTATION OF PROPOSED MILL ROAD MULTIFAMLY DEVELOPMENT: Mr. Frank Dean introduced Ms. Traci Dusenbury of Halcon Development to discuss the proposed Mill Road multifamily development.

Ms. Dusenbury advised that Halcon has property under contract on Mill Road and plans to construct a 48 unit multifamily development. She stated that the project had recently been submitted this project for N.C. Housing Finance Agency tax credit funding and that she appreciated the City giving its support for this application.

Ms. Dusenbury stated that her company has built 2000 housing units through the years. She said that Marion needs high quality, affordable housing. Ms. Dusenbury stated that the proposed apartments will not be subsidized housing, except in a few cases where tenants have Section 8 vouchers.

Council Member Clark advised that he had known Ms. Dusenbury for years, dating back to when she worked for Isothermal Planning and Development Commission. He asked about how the property would be managed and what happens to the units at the end of the financing period.

Ms. Dusenbury stated Halcon had a professional management company that made sure that rules were followed, handled maintenance in a timely manner and took care of problems. She said that tenants that caused trouble were quickly evicted. Ms. Dusenbury stated that apartment complexes are often rehabilitated and turned into condominium developments at the end of the financing period.

Ms. Dusenbury reported that Halcon would learn later in the year if it received the tax credits. She said that Halcon would soon submit applications for annexation of the property and to assign zoning to the property.

Mayor Little thanked Ms. Dusenbury for making the presentation.

CONSIDER APPROVAL OF REQUESTS FOR UTILITY CONNECTIONS – GLENWOOD: The City Manager advised that, as shown in information presented to Council, a request has been submitted by England Builders for sewer only connections on Old Highway 221 in Glenwood for the Glenwood Store (owned by Willete Lawing), a new duplex apartment building (owned by Dean and Betsy Moore), an existing single family house (owned by Mr. and Mrs. Moore) and five existing apartments (owned by Charles and Emma Jean England), with more apartments possible in the future. The City Manager presented Council with a map showing the location of the requests. Gravity sewer service is available at each property line. However, the gravity sewer line flows into a pump station at Glenwood Elementary School owned by McDowell County Schools. The School System will need to grant permission to allow

AA.000001367 (24)

wastewater flow from these properties to flow into their pump station. Water service is not available at any of the requested properties. As shown on the map, a water extension of 200 feet would be required to serve the store, an extension of 430 feet to serve the duplex apartment site and an extension 770 feet required to serve the existing England Apartments. The City Manager also copied Council with ordinances and policies that affect this request, as follows:

A. City Code – The attached excerpt from Chapter 20 of the City Code states that Council approval is required for any sewer connection outside the City Limits. Council has typically approved sewer only requests in situations where water service was not available and not feasible. Due to several issues the City has had with sewer only customers not paying their bills and the City having to threaten and eventually in a few cases physically dig up the sewer connections, sewer only customers are strongly discouraged. The City currently has 35 sewer only locations, out of 4,300 total utility customers. More information was presented on these sewer only customers. As noted above, a water extension of 200 feet would be required to serve the store, an extension of 430 feet to serve the duplex apartment site and an extension 770 feet required to serve the existing England Apartments. The property owners in question have working wells and would prefer not to have City water service. Therefore, Council determination is needed regarding whether water service will be required for the property owners in question to receive sewer service. Regardless of whether water service is required, Council approval will need to be conditioned on the School System approving the use of the Glenwood Elementary School pump station.

B. Agreement with McDowell County Schools Concerning Glenwood Elementary School Sewer Line – The City entered into the enclosed agreement with the School System concerning the sewer line to Glenwood Elementary School in 2002. Under this agreement, the School System owns and maintains the pump station on the School property and the City maintains the gravity and force main sewer lines off of the School property. Glenwood Baptist Church currently flows into this pump station, along with Glenwood Elementary School.

C. City Policy on Providing Water and Sewer Service Outside the City Limits – Under the attached policy, annexation is required for properties receiving sewer service where water is also available or will be available within two years, as long as such properties are eligible for annexation. State law allows for satellite properties within three miles of the contiguous City limits to be annexed. The properties in question on Highway 221 are 2.42 miles from the contiguous City Limits (as the crow flies) but are practically too far from the City Limits to be served. In addition, this area would not be considered to be in even the City's longest range growth plans, so annexation would not be recommended. Therefore, a waiver of the annexation requirement is needed if Council wishes to authorize the requested sewer connections.

D. City Water Line Extension Policy Outside the City Limits – The enclosed Water Line Extension Policy Outside the City Limits allows the City to pay for the extension of up to 100 feet of six inch water line on a public street per connection served. As noted above, a water extension of 200 feet would be required to serve the store, an extension of 430 feet to serve the duplex apartment site and Moore house and an extension 770 feet required to serve the five existing England Apartments. The property owners in question have working wells and would prefer not to have City water service. If Council decides to require the property owners to take water service to receive sewer service, Council direction on the City's participation in the water extension is needed.

E. Past City Problems with Sewer Only Customers – As stated above, the City has 35 sewer only locations, out of 4,300 total utility customers. A total of 22 of these locations are inside the City, mostly along Tunnel Road in the Eastfield area. The 13 outside customers are almost all located along Forsythe Street or Virginia Avenue (these streets are next to each other) off of Virginia Road. Of the 35 locations with sewer only service, the City has had to dig up sewer service at five residences for non-payment, after repeated threats. One of these residences later

AA.000001368 (24)

paid to have service reconnected. One other sewer only customer paid their bill after disconnection was threatened. In one rental unit, three customers moved out before paying their sewer bill. In this case, the owner has been told that the City will hold him responsible and dig up his sewer connection if this reoccurs. With problems at seven (or 20 percent) of the 35 sewer only locations, the City clearly has much more of an issue with sewer only customers than with water only or water and sewer customers. The City averages cutting off about 60 of our 4,300 water customers per month, meaning that the City has major problems with about only 1.4 percent of water customers. This is not to forecast future trouble at the requested locations in Glenwood, but to note past problems with sewer only customers.

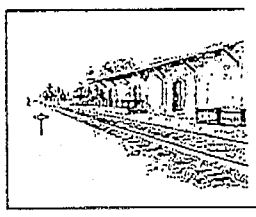
The City Manager stated that he had spoken with McDowell County Schools Superintendent Dr. Ira Trollinger and that this request had not yet been approved by the School Board.

Mr. Grayson England stated that he appreciates Council's consideration of this request. He said that the properties in question all have working wells but that sewer service is needed, particularly at the convenience store, which is facing the threat of being shut down by the Health Department.
A discussion followed.

Council Member Clark stated that he would recommend that an engineer look at this request to make sure that the School's pump station and the City's force main sewer line could handle the projected wastewater flow.

Council Member Clark stated that he wanted to help the property owners making the request, but that he had concerns about the City not following its policies requiring annexation of properties receiving sewer service and with sewer only customers in general, due to difficulties with cut offs for such customers in the event of non-payment. Council Member Clark suggested that Council hold this item over until the next meeting, to see what the School Board does with this request.

Mayor Pro Tem Cuthbertson suggested that the City Utility Committee look at the request and bring back a recommendation to Council.



Mr. England stated that, while it is vital that an answer concerning the request be received as soon as possible, a two week delay would not be a major problem.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to refer the request for sewer only connections on Old 221 in Glenwood to the City Utility Committee for review and a recommendation back to Council.

PUBLIC APPEARANCE – MARION BUSINESS ASSOCIAITON: Marion Business Association (MBA) Executive Director Freddie Killough advised that MBA President Boyd Phillips could not be present for this meeting. Ms. Killough presented the following report to

AA.000001369 (24)

Other Economic Activity:

MBA sponsored and conducted to one Business for Breakfast, a small business networking event held bi-monthly. Participation is a cross-mix of the business community and open to all small businesses.
MBA continues to work with the WNC Rail Committee & Rep Ray Rapp to promote passenger rail service to WNC.
MBA continues to update and maintain listings of commercial properties in the City of Marion.
Extending collaboration with McDowell County, MEDA and City of Marion to create the Historic Marion Façade Grant program for downtown property owners. Grant applications will be available February 1.

Special Events Report

October 8 – Mountain Glory Festival = One of the best festivals ever. Most vendors reported above average sales. Very good attendance.
October 25 – Historic Marion Tailgate Market Fall Festival = Trick or Treating for the kids; costume contest; pumpkin painting; market vendors. Great event and making plans for 2012.
November 20 – Marion Christmas Parade. Very well attended and good entry participation.
December 1 – Melodies on Main – Live Santa for the children, craft-making Christmas presents for Mom & Dad (provided by Partnership for Children), extended shopping hours. Melodies is a very good annual children's event. Largest Melodies on Main ever.
December 31 – Rotary of Marion's New Year's Eve Celebration – 3rd event!
Volunteer Hours Committed – 295

Events Committee is planning for 2012 under the direction of Events Coordinator Bobbie Young.

2012 Calendar of Events

Tuesday, February 14 - Valentine's Day Dance and Dessert
Saturday, March 31 – Easter Egg Hunt @ YMCA
Saturday, April 28 – Marion Spring Fest
Saturday, May 5 – Sidewalk Yard Sale
Friday, June 1 – Liver Mush Festival
Wednesday, July 4 – Independence Day Celebration
Monday, July 23 – Folkmoot @ East Junior High

AA.00001370 (24)

Friday, August 3 – Shagging in the Street
Saturday, August 4 – Sidewalk Yard Sale
Monday, September 3 – Terry McKinney Concert, Depot Lawn
Saturday, October 13 – Mountain Glory Festival
Tuesday, October 30 – Market Fall Festival
Sunday, November 18 – Christmas Parade
Saturday, December 1– Appalachian Potter's Market – McDowell High
December – Blue Ridge Artisans Craft Show @ MACA
Thursday, December 6 – Melodies on Main
Monday, December 31 – New Year's Eve Celebration

Every Thursday Night, 7:00 PM –
Bluegrass Music Jam @ Depot

Business for Breakfast
January 20, March 16, May 18, July 20, September 21, November 16

Mountain Glory Festival Update
200 + volunteer hours plus MBA staff and Public Works staff time
Estimated profit $4,000.00 - Purchased new stage canopies this year
The volunteers for Mountain Glory Festival were superb!!! They were committed, carried out the event with confidence and fulfilled the mission of Mountain Glory Festival which is to showcase the best of Marion. Each person/volunteer was Marion's best!

Most of the entertainment was regional and national competition winners that also represented the best of Marion and McDowell County.

The craft vendors were complimentary of the festival set-up and a very high majority reported better than average sales. Mountain Glory Festival is the crown jewel event for Marion and it is accomplished by partnership. The Marion Business Association is proud to partner with the City of Marion and the Festival Committee for the successful event.

Mayor Little thanked Ms. Killough for this excellent report.

PRESENTATION OF CERTIFIED RETIREMENT COMMUNITY DESIGNATION PROCESS: The City Manager advised that, as previously discussed, the City, County, Chamber, Marion Business Association and McDowell Tourism Development Authority have been working on the planning for the Certified Retirement Community (CRC) designation process. Council had previously gave their approval, in individual polling, to the concept of the City seeking this designation and paying for the $10,000 application fee in a four way split with the County, Chamber and TDA.

Marion Business Association (MBA) Executive Director Freddie Killough gave the following presentation concerning the CRC designation process:

Marion
A Certified Retirement Community

Sponsored by NC Dept of Commerce

Local Partners:
•City of Marion – Official Applicant
•McDowell County
•MEDA
•McDowell Chamber of Commerce
•McDowell Tourism Dev Authority
•Marion Business Association

Application requirements:

1) Must be an incorporated town/city.
2) Must be able to describe organizing process and why the community chose to apply for the certification. Provide relevant planning including

AA.00000137 (24)

committee structure (committee must have been in place for a minimum of 6 months) details with application. We identified potential committee members at our meeting last week.
3) Submit a marketing strategy.
4) Describe how local government engages the new committee.
5) Describe how committee engaged the community.
6) List partners engaged with the committee.
7) Application fee is $10,000
8) If approved, designation is for a five year period.

What does McDowell County have to offer?

Affordable housing
Moderate weather with 4 true seasons
Access to affordable healthcare
Cultural resources; local and regional
Low crime rate
Easy access to metropolitan areas
Easy access to outdoor activities
and scenic attractions
Who is the target audience?
When will they arrive?
Where do they come from?
They come from:
Northern States
Upper Midwest States
Florida
They are: Baby boomers; ages 55-70
Good Health & Physically Active
Community Volunteers
Appreciate arts
& cultural events
They are looking for:
Convenient & Affordable Housing
Low Maintenance Lifestyle
Low Taxes and Low Cost of Living
Affordable Health Care
Leisure and Culture Entertainment
Good Support Services
They are:
"LOHAS" – Lifestyle of Health and Sustainability
And they are already here!
They are your neighbors!!!!!

The City Manager advised that the Golden Leaf Foundation and N.C. Rural Center have agreed to speak to the N.C. Department of Commerce about the reasons for the $10,000 application fee for the Certified Retirement Community Designation Process. The City is continuing with the required six month planning process for this designation, in the hopes of submitting an application by the deadline of late July.

Council Member Clark asked who set the $10,000 fee. The City Manager stated that the fee is set in the application, and that he does not know who set it. Council Member Clark wondered if the Department of Commerce has the authority to change the fee and said that he could raise this issue to the Department.

Mayor Little asked if there was any opposition to the City's participation in the CRC designation.

There was no opposition from other Council Members.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council Members voted unanimously to approve the City submitting an application for the Certified Retirement Community designation process and splitting the $10,000 application fee with other local partner agencies, if necessary.

AA.00001372 (24)

INTRODUCTION OF NEW EMPLOYEE: The City Manager introduced the City's new Public Works Director Brant Sikes.

The City Manager advised that Mr. Sikes comes to the City with almost 17 years of experience in Public Works and Town Management in the Town of Robbins, Moore County and Montgomery County. He added that Mr. Sikes had come highly recommended and was very knowledgeable.

The City Manager also thanked Public Works staff for working hard during the seven months the City did not have a Public Works Director.

Mr. Sikes thanked the City Manager and Council for the opportunity to be in Marion.

Mayor Little and Council Members welcomed Mr. Sikes to Marion and wished him well in his new position.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF REQUEST BY BRUCE FRISBEE, JR. FOR A LICENSE TO OPERATE A PLACE OF AMUSEMENT AT PIZZA JOINT AND BAR OF MARION AT 2031 SUGAR HILL ROAD: The City Manager advised that Mr. Bruce Frisbee, Jr. had submitted an application for a license to operate a place of amusements, with four video games and two pool tables at Pizza Joint and Bar of Marion, located at 2031 Sugar Hill Road.

The City Manager stated that, last May, Council approved an ordinance lifting restrictions on selling liquor in places of amusements. Therefore, there is no issue with Pizza Joint and Bar having pool tables, given that they sell liquor.

The City Manager reported that, as required by the City Code, and as shown on a memo presented to Council, the Police Department completed a background check on Mr. Frisbee. The City Manager presented Council with information concerning this background check.

The City Manager advised that the City Code states that Council shall not issue a license for a place of amusement to any person who:

(1) Has been convicted of unlawfully selling intoxicating liquors or narcotic drugs; or
(2) Is not a citizen or resident of this state; or
(3) Is an excessive user of intoxicating liquor or narcotic drugs; or
(4) As a result of the criminal background check, is deemed by the City Council to be unfit to conduct a business for which the license is applied.

The City Manager stated that the criminal background check indicates that Mr. Frisbee has not been convicted of unlawfully selling intoxicating liquors or narcotic drugs. He satisfies subsection (2), since he is a resident of North Carolina. The City has no knowledge that Mr. Frisbee does not meet the requirements of subsection (3). The City Manager advised that Council could certainly take background check into account in determining if the requirements of subsection (4) are met. If Council feels that Mr. Frisbee satisfies subsection (4), Council action is needed to approve a license for Mr. Bruce Frisbee, Jr. to operate a place of amusements, with four video games and two pool tables at Pizza Joint and Bar of Marion, located at 2031 Sugar Hill Road.

Upon a motion by Council Member Martin, seconded by Council Member Mayor Pro Tem Cuthbertson, Council voted to approve the request of Mr. Bruce Frisbee, Jr. for a license to operate a place of amusements, with four video games and two pool tables at Pizza Joint and Bar of Marion, located at 2031 Sugar Hill Road.

AA.000001373 (24)

CONSIDER APPROVAL OF STREET CLOSURE REQUEST BY FAMILY SERVICES OF MCDOWELL COUNTY, INC.: The City Manager advised that Megan Webster, Executive Director of Family Services of McDowell County, Inc., submitted a request for the closure of North Main Street between West Henderson and Fort Streets on Saturday, September 22 from 1:00 p.m. until 5:00 p.m. for a benefit car show. The following Saturday, September 29, would be designated as the rain date. Family Services has never, to the City Manager's knowledge, held their car show on Main Street, but the City has hosted numerous car shows on Main Street without any resulting problems. The City Manager reported that Ms. Webster understood that the street could not be shut down on a Saturday morning and therefore requested the 1:00 p.m. until 5:00 p.m. time frame for the street closure.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to approve the request of Family Services of McDowell County, Inc. for the closure of North Main Street between West Henderson and Fort Streets on Saturday, September 22 from 1:00 p.m. until 5:00 p.m. for a benefit car show, with Saturday, September 29 approved as a rain date for the event.

ADOPT TRAFFIC SCHEUDLE ORDINANCE – SCHOOL ZONE SPEED LIMITS: The City Manager advised that flashing signals are being installed on Fleming Avenue in the area of Marion Elementary School, as previously authorized by Council. The ordinance presented establishes a 20 mile per hour speed limit in this school zone between 7:30 a.m. and 8:30 a.m. and 2:30 p.m. and 3:30 p.m. on days when school is in session. The speed limit and times match what is in place on the Robert Street side of the school.

The City Manager stated that when he was looking at the City Traffic Schedule to prepare this ordinance, he discovered that the City had never approved a Traffic Schedule amendment for the flashing school zone signals on State Street at East McDowell Junior High School. Therefore, there is also included in the proposed ordinance language to add the 20 mile per hour school zone speed limit on State Street around East Junior High. The language included in the ordinance matches what is in place on the flashing signals.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Traffic Schedule Ordinance to establish school zone speed limits on Fleming Avenue and State Street:

ORDINANCE
AMENDING SECTION 18
TRAFFIC SCHEDULE
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That the Traffic Schedule of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 18-239 is amended by adding the following:

STREET NAME	REGULATION	REG. APPLICATION
FLEMING AVENUE	SPEED 20 MPH	FROM A POINT 115 FEET NORTH OF NORTHWESTERN CORNER OF INTERSECTION OF FLEMING AVENUE AND ROBERT STREET SOUTHWARD TO A POINT 170 FEET SOUTH OF SOUTHEASTERN CORNER OF INTERSECTION OF FLEMING AVENUE AND CRESCENT DRIVE BETWEEN THE HOURS OF

AA.00001374 (24)

		7:30 A.M. TO 8:30 A.M. AND 2:30 P.M. TO 3:30 P.M. DAILY WHEN SCHOOL IS OPEN
STATE STREET	SPEED 20 MPH	FROM A POINT 25 FEET NORTHWEST OF SOUTHEASTERN CORNER OF INTERSECTION OF STATE STREET AND SOUTH MCDOWELL AVENUE TO A POINT 15 FEET NORTHEAST OF THE SOUTHEASTERN CORNER OF INTERSECTION OF STATE STREET AND ANN STREET BETWEEN THE HOURS OF 7:30 A.M. TO 8:30 A.M. AND 2:30 P.M. TO 3:30 P.M. DAILY WHEN SCHOOL IS OPEN

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of March, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-12-03-06-1

CONSIDER ADOPTION OF REVISED RIGHT OF WAY ENCROACHMENTS ORDINANCE: The City Manager advised that the City recently determined that the City's existing Street Excavations Ordinance, as presented to Council, did not sufficiently allow for Council consideration of major encroachments on City rights-of-way. Therefore, the City Manager took ordinance examples from Belmont and Charlotte and worked in needed provisions from the City's existing Street Excavations Ordinance to develop a new ordinance, as presented to Council, entitled "Right-of-Way Use." This ordinance provides for permits to be issued for all encroachments, as was currently the case, but adds a provision requiring Council approval for all encroachments of one-half mile or greater. This distance could be increased or decreased as desired by Council. The ordinance authorizes fees to be set by Council and also for Council to allow for payment in lieu of fees where adequate public benefit is provided. Fees would not be charged to utilities with which there are existing local or state franchises, such as Duke Energy, Frontier, Charter Communications and PSNC Energy. The ordinance allows for the City to establish rules for such encroachments, regulates the placement of above-ground structures, provides for City indemnification, prohibits leaving excavations open in a dangerous manner and places all encroachments under the supervision and control of the Public Works Director.

The City Manager advised that he would recommend approval of this ordinance to put in place an adequate regulatory framework for right-of-way encroachments, recognizing that Council may wish to tweak certain details of the ordinance.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance:

ORDINANCE
AMENDING CHAPTER 15
STREETS, SIDEWALKS AND OTHER PUBLIC PLACES
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

AA.000001375 (24)

Section 1. That Chapter 15, Streets, Sidewalks and Other Public Places of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 15-239 is amended by deleting Article II, Streets, Division 3, Excavations, in its entirety and replacing it with the following:

DIVISION 3.

RIGHT-OF-WAY USE

Sec. 15-41. Purpose.

The purpose of this division is to provide for the proper management of the public rights-of-way in order to preserve the health, safety, and welfare of the citizens of Marion. Specifically, this division is intended to provide for the reasonable regulation of the excavation and construction by private owners, utilities, contractors, and other entities within the public rights-of-way and the time, place, and manner in which such excavation and construction occurs.

Sec. 15-42. Definitions.

For the purposes of this division, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

Utility. A company that owns and provides services to customers through utility facilities located in the right-of-way. This definition shall include the City of Marion for purposes of the City's ownership of water, wastewater, and stormwater utility facilities.

Utility Facility. A pole, tower, water main or line, sanitary sewer pipe or line, stormwater pipe or structure, gas pipe or gas line, telecommunications line or equipment, power line, conduit, or any like structure.

Sec. 15-43. Permit required.

All excavation and construction within public rights-of-way within the Marion City limits shall require a permit issued by the City upon application of the property owner, licensed contractor, or utility performing the work. Excavation and construction includes, but is not limited to, the installation, repair, and replacement of driveways, sidewalks, all public and other utilities, and other projects involving construction activities over, upon, or beneath the public rights-of-way. Excavations and construction extending for a linear distance of one-half mile or greater shall require the approval of the City Council, except in the case of franchise utilities exempted by franchise agreements.

Sec. 15-44. Emergencies.

In an emergency, excavation or construction may commence without a permit provided the person or entity performing the work has made a reasonable effort to inform the City and any utility whose facilities might be involved and shall make written application for a permit at the earliest practical moment. For purposes of this section, an emergency situation shall not include any new construction.

Sec. 15-45. Fees.

Fees shall be paid for all permits, such fees to be determined from time to time by the Marion City Council. Franchise utilities exempted by franchise agreement and initial installations of public improvements within new subdivisions shall not be required to pay permit fees. In lieu of fees being charged, the City Council may elect to allow the provision of alternate sources of public benefit to the City and/or local governmental, educational or non-profit organizations.

Sec. 15-46. Rules and regulations.

The City shall also establish standard specifications and details for the making of cuts, for related matters involving excavation and construction within the public rights-of-way, and requirements for backfilling of excavations and restoration of pavements or surfacing.

Sec. 15-47. Above-ground structures.

AA.000001376 (24)

New or expanded above-ground utility facilities (other than poles and facilities located on poles) such as pedestals, terminals, cross boxes, interfaces, remote terminals, and other items of industry standard nomenclature ("above-ground structure") that are part of a utility's distribution system (i.e., does not include facilities or devices that primarily serve individual properties) may be located in the right-of-way only upon issuance of a permit in accordance with the standards set forth below. Above-ground structures shall not interfere with the operation and maintenance of existing utilities, facilities, roadways, or walkways within the public right-of-way. If at any time the City determines that an above-ground structure is at a location that has a higher than average accident potential, it may require the structure to be relocated at the utility's expense.

In determining whether to issue a permit for a new or expanded above-ground structure in the right-of-way, the City shall consider the following:

(a) the technical need for the structure and the need to locate the structure at the proposed location;
(b) whether the structure would create an unacceptable sight obstruction or other safety hazard; and
(c) whether a location outside of the right-of-way is reasonably available and whether the utility has made reasonable efforts to secure such a location. This subsection shall not apply to expansions of existing equipment already located in the right-of-way.

In approving a permit for a new or expanded above-ground structure, the City may impose reasonable screening, appearance, and other conditions to minimize the impact of the structure. In the event that screening, appearance, or other conditions are not adequate to minimize the impact of the structure, the permit may be denied.

Sec. 15-48. Indemnification of City.

Any person obtaining a permit as provided for in sections 15-43 agrees, as a condition of the issuance of such permit to indemnify and hold harmless the City against any claims or expenses, including attorney's fees, for bodily injury or property damage for accidents or occurrences arising out of the person's operations, excluding only the liability of the City for its sole negligence except in connection with general supervision of work performed by such person.

Sec. 15-49. Restoration of excavation to original condition.

When any part of any street, sidewalk, alley or other public place of the City shall be torn or dug up for any purpose, the person making such excavation or opening shall have the duty of refilling such excavation or opening so as to restore it to essentially the same condition that existed prior to the excavation or opening, and such refilling shall be done in accordance with the standards and specifications issued by the Public Works Director. Any person neglecting, refusing, or failing to comply with any provisions of this section shall be guilty of a violation thereof, and where such neglect, refusal or failure is continued, after notice from the Public Works Director, every day's continuance thereafter shall constitute a separate and distinct offense.

Sec. 15-50. Leaving excavations unprotected.

It shall be unlawful for any person who obtains a permit to do any excavation of any kind which may create or cause a dangerous condition in or near any street, alley, sidewalk or public place of the City without placing and maintaining proper guard rails and signal lights or other warnings at, in or around such dangerous condition, sufficient to warn the public of such excavation or work, and to protect all persons using reasonable care from injuries on account of such excavation.

Sec. 15-51. Supervision and control.

All excavations and work in streets, sidewalks, alleys or public places of the City shall be under the supervision and control of the Public Works Director, whose duty it shall be to inspect such work from time to time during the progress thereof. Upon the completion thereof, he shall make a final inspection and see that the street, sidewalk or public place is restored to a condition as good in all respects as before the excavation or work was made or done, and that all debris, materials, tools and equipment are removed therefrom. Any person refusing or failing to comply with any provision of this section shall be guilty of a violation thereof. When such failure or refusal is continued after notice from the Public Works Director, every day's continuance shall constitute a separate and distinct offense.
(Code 1982, § 4-1026)

Sec. 15-52. Disposition of fees.

AA.0000001877 (24)

All fees collected under the provisions of this division shall be paid into the City's General Fund.

Secs. 15-53-15-60. Reserved.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of March, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-12-03-06-2

CONSIDER ADOPTION OF FEE SCHEDULE AMENDMENTS: The City Manager advised that, as shown in information presented to Council and as related to the previous item, staff drafted a proposed ordinance to set fees for right-of-way encroachments. The ordinance adds fees for utility construction or repairs, with different fees charges depending on the length of the encroachment. The ordinance also includes fees currently charged by the City (actual costs) for installation of curb cuts, driveway approaches or repairs. A statement is added that Council can allow for payment in lieu of fees where adequate public benefit is provided. The City Manager stated that he defined public benefit as including "the City and/or local governmental, educational or non-profit organizations." Council may wish to eliminate this provision or modify the wording. The ordinance proposes some other miscellaneous charges for right-of-way encroachments and street obstructions, with public or private events approved by Council or staff specifically exempted.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to adopt the following Ordinance:

AN ORDINANCE
ESTABLISHING FEES FOR THE PUBLIC WORKS DEPARTMENT
FOR WORK IN PUBLIC RIGHT-OF-WAY

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

SECTION 1. That the City of Marion Public Works Department Fee Schedule be amended to include the following:

1. Public Right-of-Way Improvement Permit Fee
   a. Fees for general right-of-way improvements. The permit fees for all utility work, curb cuts, driveway installations, and repairs, are as follows:

Utility Construction or Repairs
200 lineal feet or less: $50.00
201 to 300 lineal feet: $100.00
301 to 500 lineal feet: $150.00
501 to 2500 lineal feet: $250.00, plus $20.00 for each additional 100 lineal feet or fraction thereof above 500 lineal feet.
2501 lineal feet and above: $500.00, plus $200.00 for each additional 1000 lineal feet or fraction thereof above 2501 lineal feet.

AA.000001378 (24)

Curb Cuts, Driveway Installations and Repairs
This work is done by the City and actual costs will be charged.

b. All other work: The permit for all other type of work in the public right-of-way, such as concrete structures, guard rail, slope protection, drainage channel work, roadway upgrading, etc: $50.00

c. Street Obstruction Fee: $15.00 per day. This fee shall not be charged for any public or private event approved by City Council or City staff.

d. Payment in lieu of fees: In lieu of fees being charged, the City Council may elect to allow the provision of alternate sources of public benefit to the City and/or local governmental, educational or non-profit organizations, as long as the public benefit is equal to or greater the amount of the applicable fee.

2. Construction inspection fee. In addition to the permit fee listed above a five (5%) construction inspection fee is required for any and all construction, reconstruction, improvement, repair, modification or removal of any transportation or flood control improvements within a public right-of-way. The construction inspection fee is calculated based on the total cost of the construction covered under the permit. The construction inspection fee is in addition to the right-of-way permit fees listed above.

SECTION 2. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of March 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/ Clerk

Ordinance Number: O-10-03-06-3

CONSIDER AMENDMENT TO CITY SOLID WASTE ORDINANCE: The City Manager advised that, when he came to work for the City in January 2001, he was told that the City had just stopped collecting tires from businesses. Even before that time, the City had not collected tires from residences, except during the Clean Litter Sweep Week each Spring. Since that time, the City has not collected tires. The City Manager stated that he assumed that this action was done in the form of an ordinance. He was recently looking at the City Code and saw that the Code, as shown in the attached excerpt, still provided for the City to collect tires for a fee. The City Manager advised that Administrative Assistant Debi Sherlin researched the Council minutes and found action by Council on November 14, 2000 to stop collecting tires from businesses. This action was not done in the form of an ordinance, which is why the City Code still reads that the City will collect tires from businesses for a fee.

To make the City Code match our practice, the City Manager drafted an ordinance to clearly state that the City will not pick up tires from any business, residence or other property. This provision, like some others in the City Code, is suspended during Clean Litter Sweep week each

AA.000001379 (24)

Spring. The City Manager stated that he would request Council adoption of this ordinance, given that the City has not collected tires from businesses in over 11 years.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Ordinance:

ORDINANCE
AMENDING CHAPTER 9
HEALTH AND SANITATION
MARION CITY CODE

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 1. That Chapter 9, Health and Sanitation, of the Code of Ordinances, City of Marion, North Carolina, is amended as follows:

Section 2. Section 9 is amended by deleting Section 9-35 in its entirety and replacing it with the following:

Sec. 9-35. Tires.

The city shall not collect tires from any business, residence or any other property.

Section 3. This ordinance shall become effective upon its adoption.

Adopted this the 6th day of March, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O-12-03-06-4

SCHEDULE CITY COUNCIL PLANNING SESSION: The City Manager advised that, as discussed by Mayor Little at the February 21 City Council meeting, Council action is needed to set the dates for the two day Council Planning Session, as discussed by Council in January.

The City Manager stated that he had outlined a proposed schedule for the Planning Session in his last City Manager's report. He attached a proposed detailed schedule for Council. The schedule lists dates of April 20-21, but these dates can of course be changed.

Mayor Little and Council Members agreed by consensus to set the Council Planning Session for April 20-21.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the company that completed the Cemetery stream restoration project will be coming back by the end of March to complete some plantings along the stream bank. The plantings were part of the original grant awarded for this project.

The City Manager advised that the Tree Board met on February 21. The Tree Board set Thursday, March 22 as Arbor Day for Eastfield Elementary School and Friday, March 23 as

AA.000001380 (24)

Arbor Day for Marion Elementary School. Fifth grade students participate in both events. Both Arbor Days will start at the respective school at 9:00 a.m. Eastfield Elementary will then plant some sweet gum trees in the new Clinchfield Park, while Marion Elementary will plant some maple trees on the edge of the City's leased parking lot at Logan and West Henderson Streets.

The City Manager stated that he had invited Dr. Trollinger and School Board Chairman Russell Neighbors to attend the Arbor Day events and also asked Dr. Trollinger to pass the invitation along to any School Board Members or staff who may wish to attend.

The City Manger advised that NCDOT will hold an open house and public hearing on the US 221 widening project on Tuesday, March 13 at the Community Building. The open house will take place between 4:30 p.m. and 6:30 p.m., with a formal presentation and public hearing at 7:00 p.m. Another meeting will have been held the day before in Rutherford County.

There will be a Local Officials Informational Meeting for the US 221 widening project from 2:00 p.m. to 3:00 p.m. on March 13 at the Community Building. The City Manager asked that Council attend this meeting if they are available.

In any manner possible, the City Manager stated that he would seek to communicate Council's continued desire for DOT to construct a five lane section on US 221, at least in the area where businesses are present north and south of I-40. The City Manager has asked the County, MEDA, MBA, Chamber and MTA to support the City on this matter as well.

The City Manager stated that the City had scheduled the 10th Annual City Open House for all third graders in McDowell County with the School System. The date of this year's Open House will be Friday, May 4. Each school will visit City Hall, the Police Department, the Fire Department, the Public Works Department, the Water Plant and the Wastewater Plant between 9:30 a.m. and 2:00 p.m. The City will again ask Baxter to serve lunch at the Community Building. The City will also invite New Manna Christian School, Nebo Christian Academy and the home school group to participate. The City Manager advised that if Council Members are available on this day, to please try to attend for some or all of the Open House, even if it is just for lunch.

The City Manager stated that he had invited Dr. Trollinger and School Board Chairman Russell Neighbors to attend the Open House and had asked Dr. Trollinger to pass the invitation along to any School Board Members or staff who may wish to attend.

COUNCIL MEMBER COMMENTS: Council Member Clark advised that he had recently been appointed to the Board of Directors of the North Carolina Rural Center and had attended his first meeting the week before.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, March 20, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Brant Sikes, Public Works Director; Gaye Noblitt, Police Administrative Lieutenant; Jim Neal, Fire Chief; Mike Conley, News Reporter, McDowell News.

GUESTS PRESENT: Hunter Goosman, 151 Patton Avenue, Asheville, NC; Eric Miller, 912 Stacy Hill Road, Marion, NC.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – March 6, 2012 Regular City Council Meeting Minutes.

B. Approve Resolution Directing the Clerk to Investigate the Sufficiency of a Petition for Annexation – Mill Road – Haney/Fairchild Annexation:

RESOLUTION DIRECTING THE CLERK TO INVESTIGATE A PETITION RECEIVED UNDER G.S. 160A-31 – MILL ROAD – HANEY/FAIRCHILD ANNEXATION - 2012

WHEREAS, a petition requesting annexation of an area described in said petition was received on March 2, 2012 by the City of Marion; and

WHEREAS, 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Marion deems it advisable to proceed in response to this request for annexation;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion that:

The City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council of his investigation.

Adopted this the 20th day of March, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Clerk

AA.000001382 (24)

RESOLUTION NUMBER: R-12-03-20-1

DISCUSS REQUESTS FOR UTILITY CONNECTIONS – GLENWOOD: The City Manager advised that, at the March 6 Council meeting, a request was submitted by England Builders for sewer only connections on Old Highway 221 in Glenwood for the Glenwood Store (owned by Willete Lawing), a new duplex apartment building (owned by Dean and Betsy Moore), an existing single family house (owned by Mr. and Mrs. Moore) and five existing apartments (owned by Charles and Emma Jean England), with more apartments possible in the future. As requested by Council, the City Utility Committee looked at this request on March 9. At this meeting, Grayson England offered to pay for an engineer to evaluate the pump station and force main sewer line to determine what upgrades would be needed to the pump station and force main or if other options, such as pumping to the City's existing gravity sewer line, were needed. The City Manager stated that the Utility Committee recommended that Mr. England be allowed to retain an engineer, at no City expense, to study the pump station and force main, with the condition that City Public Works Director Brant Sikes be consulted and kept in the loop with the evaluation, and that the City bear no expense in any improvements that need to be made to the pump station or force main. The City Utility Committee also recommended requiring any sewer only connections to be put in the property owner's name. The City Manager advised that City Council approval would still be needed for any improvements done to the force main and for the actual sewer connections.

The City Manager also noted that Mr. England asked if the private property owners would be allowed to construct their own private pump station and pump to the City's gravity sewer line, if it was not feasible or possible to upgrade the Glenwood Elementary School pump station or the City's force main sewer line. Under such a scenario, the City would almost certainly have to maintain the force main on the DOT right-of-way.

Council Member Clark stated that, when the City worked out an agreement with McDowell County Schools for the sewer line to Glenwood Elementary School on Old 221, it was dealing with a public entity. In this case, the City would be dealing with private property owners. He suggested that the City needs to determine who would be responsible for sewer overflows and fines if there are problems at either the School pump station or a private pump station.

The City Manager stated that he would check with the North Carolina Department of Environment and Natural Resources and determine who is responsible for a sewer overflow at a pump station. The City Manager said that he had previously been told that the owner of the pump station would be responsible, but that he would verify this point with the State.

Council Member Clark also suggested that staff check on whether the City would have to own and maintain additional force main sewer lines constructed to connect private pump stations with the City's gravity sewer system. The City Manager stated that he would check with the North Carolina Department of Transportation on this point.

Mayor Little said that he agreed that the City needs to have this information.

The City Manager will obtain the requested information from the North Carolina Department of Environment and Natural Resources and from the North Carolina Department of Transportation and report the findings back to Council as soon as possible.

PUBLIC APPEARANCE – MCDOWELL MISSION MINISTRIES: The City Manager advised that McDowell Mission Ministries Executive Director Rev. Bill Warren had contacted City staff and asked that this public appearance be rescheduled to the April 17 City Council Meeting.

AA.000001383 (24)

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF REQUEST FOR ENCROACHMENT ON CITY RIGHTS-OF-WAY: The City Manager advised that, as shown in the information presented to Council, the Education and Research Consortium of the Western Carolinas (ERC) has submitted an application on behalf of MCNC for a Public Right-of-Way permit to install one 2 inch conduit with multiple ¾ inch innerducts, 144-SM fiber optic cable and associated equipment along City streets including Fleming Avenue, Robert Street, McDowell Avenue, Oak Street, Lamar Street, 6th Street (CF) and 4th Street (CF). The proposed length of the installation is 8,003 feet.

The City Manager stated that City staff looked at the locations in question on March 14. City staff recommended that the installation location be switched from the south side (Marion Elementary School side) of Robert Street to the north side (First United Methodist Church side) to avoid disruptions to the School and to the new sidewalk in front of the School. In addition, staff recommended that the fiber optic installation follow either North McDowell Avenue or Gilkey Street to get to East Court Street, instead of continuing down Oak Street to Lamar Street, 6th Street (CF) and 4th Street (CF). Lamar Street has no shoulder where the fiber optic installation is proposed and 6th Street is extremely tight. The installation on 6th Street would essentially be on top of carports, front porches and houses.

The City Manager advised that Planning and Development Director Heather Cotton communicated these recommendations to the engineer who designed the project. The engineer agreed to relocate the routing of the fiber optic installation away from Lamar Street, 6th Street (CF) and 4th Street (CF). Instead, the installation route will cross Oak Street on North McDowell Avenue and proceed to East Court Street, a State maintained highway. The engineer advised that installing the fiber optic cable on the Marion Elementary School side of Robert Street would still be requested, but that the fiber optic would be bored, with only small impacts to the City sidewalk. Any damage to the City sidewalk would be repaired to look as good as new.

Public Works Director Brant Sikes said that he had spoken to Mr. Goosman about the plans for the fiber optic installation under the Robert Street sidewalk, that he was satisfied that the installation could take place with only minimal impact to the sidewalk and that Mr. Goosman understood that any damage to the sidewalk would have to be repaired to look as good as new.

Mr. Hunter Goosman of ERC gave an overview of the project. He said that ERC is a non-profit organization dedicated to providing high speed internet across the region. Mr. Goosman reported that ERC has received Federal funding to install middle mile fiber optic and that the proposed project will run from Spruce Pine through Marion to points east. He added that the fiber optic will have future benefit to schools, health care facilities, government facilities and eventually the entire community. Mr. Goosman stressed that the fiber optic would be bored under the City's Robert Street sidewalk and that the only impact to the sidewalk would be handholes every 600-700 feet. Mr. Goosman said that any damages to the sidewalk would be repaired and that the sidewalk would be left in perfect condition.

A brief discussion followed.

Council Member Clark stated that the contractor needs to understand that they are not allowed to park or drive on City curbs or sidewalks. Mayor Little added that such parking or driving damages City curbs and sidewalks.

Mr. Goosman stated that the contractor would be instructed to stay off of City curbs and sidewalks.

AA.0000001384 (24)

The City Manager advised Mr. Goosman that there would be a permit fee for the encroachment in the range of $1,000 to $1,200, depending on the exact length of the encroachment. Mr. Goosman said that the permit fee would be no problem.

Upon a motion by Council Member Doggett, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to approve the request for a Public Right-of-Way permit to allow the Education and Research Consortium of the Western Carolinas to install one 2 inch conduit with multiple ¾ inch innerducts, 144-SM fiber optic cable and associated equipment along City streets including Fleming Avenue, Robert Street and McDowell Avenue, with the condition that any damages to City sidewalks be repaired to make the sidewalks look as good as new.

CONSIDER AWARD OF CEMETERY AND STREET RIGHT-OF-WAY MOWING BIDS: The City Manager advised that the City had recently sought bids for cemetery and street right-of-way mowing services. A total of six bids were submitted for Oak Grove Cemetery mowing, with the low bid received from Miller's Lawn Care and Landscaping (Eric Miller, Owner) in the amount of $760 per week. Mr. Miller had completed the Cemetery mowing work in 2002-03 and also was a subcontractor for Bailey Lawn Care in recent years, without the knowledge of the City, so he has demonstrated his ability to complete mowing work for the City. The City paid RJ's Lawn & Landscaping $700 per week last year for this work, but RJ's chose not to submit a bid this year.

Public Works Director Brant Sikes advised that he has spoken to Mr. Miller and checked references on him. Mr. Sikes said that he determined that Mr. Miller is dependable, that he does good work and has the proper equipment needed for the job.

The City Manager stated that he would therefore recommend that Council award the Cemetery mowing contract to Miller's Lawn Care and Landscaping in the amount of $760 per week.

Council Member Doggett asked if Mr. Miller had the proper insurance for this contract.

The City Manager stated that he does.

Mayor Pro Tem Cuthbertson noted that the public is very sensitive to the appearance and maintenance of Oak Grove Cemetery and stressed to Mr. Miller the need to make sure the Cemetery looks good, to keep grass off of tombstones, etc.

Upon a motion by Council Member Martin, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to award the Oak Grove Cemetery mowing contract to Miller's Lawn Care and Landscaping in the amount of $760 per week.

The City Manager advised a total of three bids were submitted for street right-of-way mowing, with the low bid received from Appalachian Grounds Management (Richie Atkins, Owner) in the amount of $1,175 per week. The City paid Truett Insulation $1,150 per week last year for this work, but Truett chose not to submit a bid this year.

Mr. Sikes advised that he had talked to Mr. Atkins and checked references on him. Mr. Sikes said that he had determined that Mr. Atkins is dependable, that he does good work and has the proper equipment needed for the job.

The City Manager stated that he would recommend that Council award the street right-of-way mowing contract to Appalachian Grounds Management in the amount of $1,175 per week.

City crews will likely start mowing in Oak Grove Cemetery and along street rights-of-way at the end of March, as needed, and complete the mowing work until the contract takes effect.

AA.00001385 (24)

Upon a motion by Council Member Ramsey, seconded by Council Member Clark, Council voted unanimously to award the street right-of-way mowing contact to Appalachian Grounds Management in the amount of $1,175 per week.

DISCUSS FEDERAL AID TO FIREFIGHTERS GRANT – PURCHASE OF FIRE DEPARTMENT VIPER RADIOS: Fire Chief Jim Neal advised that the City had recently participated in the Toe River Hazard Mitigation Plan recently and joined with McDowell, Mitchell, Avery and Yancey Counties to receive a 2011 Federal Aid to Firefighters Grant to purchase Viper radios for emergency services in the region.

Chief Neal stated that, as part of the grant, the City can purchase 16 Viper radios for the Fire Department at 16 percent of the normal $2,500cost per radio, or $400 each, for a total expenditure of $6,400. These radios would be used for paid firefighters and volunteer officers. Chief Neal reported that, according to County Emergency Management Director Terry Young, the grant match cannot be deferred until the 2012-13 budget and County 911 funds cannot be used to purchase the radios.

Chief Neal stated that the Viper radios would allow the Fire Department to maintain interoperability with federal, state, regional and local emergency services, something not possible with current radios. The Viper radios could also serve as backup radios for other departments in the event there is a problem with the City's radio repeater. McDowell County EMS has already begun using Viper radios. EMS, the Rescue Squad and other fire departments also plan to purchase Viper radios under this grant.

The City Manager stated that, while a mid-year budget amendment is generally not the most desirable option, the City budget can handle the $6,400 grant match.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to approve the expenditure of $6,400 to purchase 16 Viper radios for the Fire Department, as part of the grant match for the Toe River Region 2011 Federal Aid to Firefighters Grant.

CONSIDER ADOPTION OF RESOLUTION AUTHORIZING THE SALE OF CITY PROPERTY ON MEADOW LANE BY NEGOTIATED OFFER AND UPSET BID: The City Manager advised that Mr. L. Ray Broome had submitted an offer to purchase 0.12 acres of City property owned by the City on Meadow Lane off of Sugar Hill Road for $1,000. The property in question is part of the City's Meadow Lane Pump Station property, which contains a total of 0.32 acres. Therefore, Mr. Broome is proposing to purchase 37.5 percent of the property. Mr. Broome asked to buy a strip of this property extending up to 45 feet from his property line.

The City Manager reported that the City purchased this property from NCDOT for $5,900 a few years ago, as part of the Sugar Hill Road Water and Sewer Extension Project. The strip of property Mr. Broome has requested to buy is excess property that is not currently needed by the City. This property has not been surveyed, so staff has recommended reducing the 45 foot strip down to 37.5 feet, or 0.10 acres. The 37.5 foot width corresponds with a point in a legal description of the property. A map showing the property recommended for sale was presented to Council Members.

The City Manager noted that Mr. Broome has also requested that the City plant some non-pine evergreen trees as a barrier and screen between the pump station and his property. The City has typically planted trees as a screen, at the request of neighboring property owners.

The City Manager stated that it would not be cost effective to survey the property, so it would be preferable to avoid a survey if a description of the property to be sold could be generated without

AA.000001386 (24)

a survey. Mayor Little stated that a survey is not necessary, as the City could supply its own description of the property to be sold to an attorney, who could then handle the closing.

The City Manager advised that, to accept the offer of Mr. Broome, Council action is needed to adopt a resolution, which calls for the sale of 0.10 acres of property, representing a strip of property extending 37.5 feet from Mr. Broome's property line. The City would then ask Mr. Broome to submit the required five percent bid deposit, publish notice of Council's acceptance of the offer and allow the public ten days to submit an upset bid. Council may also reject the offer or make a counteroffer.

Upon a motion by Council Member Clark, seconded by Council Member Ramsey, Council voted to adopt the following Resolution accepting the offer for Mr. L. Ray Broome to purchase 0.10 acres of City property on Meadow Lane for $1,000, subject to publication of the proposed sale and upset bid, and also to authorize City staff to plant non-pine evergreen trees as a barrier and screen between the pump station and Mr. Broome's property, regardless of whether the property is sold to Mr. Broome:

Resolution Authorizing the Sale of Certain Property Owned by the City of Marion by Negotiated Offer and Upset Bid

WHEREAS, the City Council of the City of Marion desires to dispose of certain surplus property of the City; and

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. L. Ray Broome has submitted a bid in the amount of $1,000 for the purchase of up to 0.12 acres of property owned by the City of Marion located on Meadow Lane; and

WHEREAS, the City Council is willing to sell 0.10 acres of excess property owned by the City of Marion located on Meadow Lane, as shown in the attached Exhibit A.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The property owned by the City of Marion on Meadow Lane, as shown in the attached Exhibit A, that is approximately 0.10 acres in size is hereby declared to be surplus to the needs of the City of Marion.

2. The City Council accepts the offer of Mr. L. Ray Broome to purchase the above described property for $1,000, subject to the upset bid process being followed as required by N.C.G.S. 160A-269.

3. The City Clerk shall notify Mr. L. Ray Broome of the acceptance of this offer, receive a five percent bid deposit from the bidder, and cause a notice of this resolution to be published in accordance with G.S. 160A-269. Such notice shall state that prospective bidders have ten days from the date the notice is published to offer an upset bid, pursuant to G.S. 160A-269.

4. Once the upset bid process is completed, in accordance with G.S. 160A-269, the City Manager is designated to dispose of the above described property to the bidder selected by City Council, for a minimum price of $1,000.

Adopted this the 20th day of March, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-12-03-20-2

Council Member Clark asked if the City was having any odor issues at the Meadow Lane pump station, as he had been told that the pump station is emitting odors at times.

The City Manager stated that Mr. Broome had reported some odors and that City staff was working to add odor blocking chemicals to address the problem.

CONSIDER APPROVAL OF SMART GRID GRANT: The City Manager advised that the City has been invited by the State Energy Office (SEO) to participate in a pilot project involving radio frequency fuel tank measurement to enhance and improve fuel planning across the State. The project will provide the SEO with access to fuel consumption data of municipal governments to help them analyze how fuel is used by public entities. As part of this project, radio frequency monitors will be installed on the fuel tanks owned by the City at the Public Works Department. These monitors would transmit real-time information regarding fuel levels to authorized users on-line. The City Manager reported that the City benefits by having constant information regarding fuel volumes, which currently have to be checked manually, and receiving educational information and technical assistance regarding fuel supply planning. The information gathered through this study would be used to help the SEO develop a model fuel shortage emergency plan for the State and for local governments.

The City Manager stated that the grant will provide $10,000 in funding for this project, using Federal American Recovery and Reimbursement Act (Federal Stimulus) funds. No local match is required of the City. The installation of the fuel monitors will be handled by a vendor. The City would need to develop a fuel supply emergency plan using a template provided by the SEO, something that will be of use to the City in the event of a fuel emergency like the City experienced after Hurricane Katrina in 2005. Given the fact that the State invited the City to participate, that there is little effort required of the City and the issue of fuel supply is important, the City Manager stated that he would recommend that Council approve this grant and authorize Mayor Little and/or himself to execute the grant documents. A copy of the draft grant contract was presented to Council for their information.

Council Member Clark asked if the project would take a lot of staff time for minimal amount of benefit to the City.
The City Manager stated that City Finance Director Harriett Thomas had looked at the grant document and felt that the project is manageable and will not take a great deal of staff time.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Ramsey, Council voted to approve the City participating in the Smart Grid Pilot Project and to authorize the Mayor and/or City Manager to execute all needed grant documents.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the City had closed out all of the grants for the $6.6 million Wastewater Improvements Project. The project was completed last summer and all of the City's invoices were submitted many months ago, but the State grant agencies took several months to close out the grants.

AA.000001388 (24)

The City Manager advised that City crews are nearing completion on the replacement of about 800 feet of water line on Finley Road near Reservoir Road, to address water quality complaints. Public Works Director Brant Sikes said that the new water line should be activated any day now.

The City Manager advised that the County Commissioners had approved evenly split the local match with the City for Phase 2 of the Joseph McDowell Historical Catawba Greenway, up to a maximum $45,000 County contribution, which is exactly what the City had requested. The City Manager stated that the next steps are to await word on the City's application for a $75,000 Recreational Trails Program (RTP) grant and for the McDowell Trails Association to undertake needed fundraising for their $36,000 share of the project.

The City Manager advised that the County Commissioners had approved an Interlocal Agreement between the County and City regarding commercial cardboard recyclables. The proposed agreement provides for the City to take commercial cardboard recyclables to the County Transfer Station and for the City and County to equally split revenue from the sale of cardboard, effective July 1.

The City Manager reminded Council of the Council Planning Session on Friday, April 20, and Saturday, April 21. He said that McGill Associates, the Marion Business Association and City departments are working on preparing presentations to City Council to take place on the afternoon of April 20.

The City Manager advised that the Tree Board has set Thursday, March 22 as Arbor Day for Eastfield Elementary and Friday, March 23 as Arbor Day for Marion Elementary. Fifth grade students participate in both events. The Eastfield Arbor Day starts at the school at 8:30 a.m. and the Marion Elementary Arbor Day starts at the school at 9:00 a.m. Eastfield Elementary will then plant some sweet gum trees in the new Clinchfield Park, while Marion Elementary will plant some maple trees on the edge of the City's leased parking lot at Logan and West Henderson Streets.

The City Manager advised that City crews are nearly completed with work on the curb and sidewalk replacement on Park Avenue between Turner and Robert Streets. The City contractor is also nearing completion on the curb and sidewalk replacement between East Court Street and Turner Street. Upon completion of this work, the street can be resurfaced, as soon as asphalt becomes available. Mr. Sikes stated that the entire project should be completed by mid-April.

Council Member Clark asked what the thickness of the asphalt was going to be, since there is concrete under the asphalt. The City Manager and Mr. Sikes stated that they believed the paving had been specified to be the City normal resurfacing depth of 1.25 inches. Mr. Sikes said that he would check to make sure this depth was adequate for Park Avenue.

The City Manager advised that the Marion Business Association continues to accept applications for the Historic Marion Façade Grant Cycle, funded by the Marion Business Association and the McDowell Economic Development Association. Applications will be accepted until March 30.

The City Manager thanked Police Administrative Lieutenant Gaye Noblitt for filling in for Police Chief Mark Brooks, while Chief Brooks has been enrolled for several weeks this past year in the Municipal Administration Course in Chapel Hill.

The City Manager stated that Public Works Director Brant Sikes is off to great start with the City and in the process of learning City streets and operations.

Mayor Little noted that he looked forward to the April 20-21 Council Planning Session and that this should be a good time for Council to brainstorm and plan for the future.

AA.000001389 (24)

Mayor Little asked if the City had heard an update from the Post Office on the City's request for relocation of several mailboxes in the Downtown area to create more alternatives for drive-up mailboxes.

The City Manager stated that the Post Office had apparently had significant turnover in personnel which has delayed implementation of this request, but that City staff would follow up with the Postmaster to determine the status of this work.

COUNCIL MEMBER COMMENTS:

Council Member Doggett stated that the Street sign at the intersection of Fleming Avenue and Madison Street was in need of repair. The City Manager stated that City staff would take care of this matter.

Mayor Pro Tem Cuthbertson stated that he had recently learned that the County had received the same type of letter the City had received several months ago, alleging illegal downloads of movies from the County's closed wireless network. He advised that the County ignored the letter, as had the City.

Mayor Pro Tem Cuthbertson stated that the reflective tape on the northernmost bump out next to the Community Building Park on North Main Street was loose and could be removed, now that DOT had added striping and permanent reflectors on the bumpout. The City Manager said that City staff would remove the tape.

Mayor Pro Tem Cuthbertson also stated that the mirror at the intersection of Willow and Railroad Street is askew and needs to be adjusted. The City Manager advised that City staff would realign the mirror and look again at ways to stop this problem from continually reoccurring.

Council Member Clark noted that the City's health insurance premiums would remain flat for 2012-13 and possibly even decline slightly, if the City receives Wellness credits. He advised that the North Carolina League of Municipalities Risk Management Board of Trustees, on which he serves had taken several steps to save the League's insurance pools millions of dollars, which should result in future savings for cities like Marion.

ADJOURNMENT: Upon a motion by Council Member Ramsey, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 3, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Brant Sikes, Public Works Director; Mark Brooks, Police Chief; Harriett Thomas, CPA, Finance Director; Dean Ollis, Sanitation Superintendent; Steve Basney, Utility Maintenance Superintendent; Freddie Killough, Executive Director, Marion Business Association; Bobbie Young, Events Coordinator, Marion Business Association; Mike Conley, News Reporter, McDowell News; Van McKinney, News Reporter, WBRM Radio.

GUESTS PRESENT: Cecil Owenby, Marion, NC; J. Earl Daniels, Marion, NC; Perry & Beth Lawing, Marion, NC; Ellis Hankins, Executive Director, North Carolina League of Municipalities, Raleigh, NC; Nancy Hodges, Marion, NC; Jerry Barfield, Marion, NC; Johnny Patton, Marion, NC; Clifford Seagle, Marion, NC; Ansel, Amy, Sara and Emily Clark, Marion, NC; Todd, Jane, Tucker and Ethan Clark, Newton, NC; Kaye McMahan, Marion, NC; Bob and Judy Jarrett, Marion, NC; Gwyn and Sandra Revis, Marion, NC; Danny Bridges, Randy Hintz and Dennie Martin, McGill Associates, Asheville,. NC; Mayor Jimmy Dancy, Town of Rutherfordton; Ethel Kanipe, Marion, NC; Chris Blanton, Marion, NC; Whit Blanton, Marion, NC; Alice Little, Marion, NC; Robert Parker, Marion, NC; Jay, Michelle, Sarah, Hannah and Manoah Suttles, Marion, NC; Mary and Brett Boyd, Marion, NC; Sylvia Davis, Marion, NC; Dr. Scott Hagaman, Marion, NC; Charles Presnell, Marion, NC; Dana Walker, Marion, NC; Richard McMillian, High Point, NC; Betty Wall, Marion, NC; Harriett Herndon, Bennettsville, S.C.; Iris Powers, Barnwell, S.C; Larry & Dee Clark, Florence, S.C.; Lou Godfrey, Marion, NC; Mayor Anne Stedman, City of Newton; Council Member Mary Bess Lawing, City of Newton; David Walker, Chairman, McDowell County of Board of Commissioners.

OPENING OF MEETING: Mayor Little opened the meeting with a moment of silence.

SPECIAL RECOGINATION OF COUNCIL MEMBER CLARK FOR FORTY YEARS OF SERVICE TO THE CITY OF MARION: Mayor Little stated that it was his pleasure to recognize former Mayor and Council Member A. Everette Clark, who will celebrate 40 years of continuous service to the City of Marion the following day, April 4, 2012, having been first sworn in to the City Council on April 4, 1972 to fill an unexpired term and having been elected ten consecutive times by the voters of the City since that time.

Council Member Clark was surprised by this recognition and the over 100 guests in attendance to celebrate this occasion with him, including family, friends and current and former City employees.

Mayor Little read and presented Council Member Clark with a Proclamation declaring April 4th as Everette Clark Day in the City of Marion as follows:

Proclamation
EVERETTE CLARK DAY IN THE CITY OF MARION, NC
Wednesday, April 4, 2012

WHEREAS, A. Everette Clark was appointed to the Marion, NC City Council on March 21, 1972 and administered the oath of office as a Council Member on April 4, 1972, following the

death of Mayor Albert Neal and the appointment of Mayor Pro Tem James Segars as Mayor, thereby creating a vacancy on the City Council;

AND WHEREAS, Everette Clark was subsequently elected to the Marion City Council in 1973, and served on the City Council from 1973-1985, including many years as Mayor Pro Tem;

AND WHEREAS, Everette Clark served as Mayor of the City of Marion, NC from 1985-2009 and has served again on the City Council since 2009, having been elected for a total of ten consecutive four-year terms by the voters of the City of Marion;

AND WHEREAS, Everette Clark has served in numerous leadership positions in local, regional, state and national organizations, including serving as President of the North Carolina League of Municipalities, Chairman of the National League of Cities' Small Cities Council and has served on the Board of Directors and Advisory Council of the National League of Cities, thereby promoting the City of Marion throughout North Carolina and the entire nation;

AND WHEREAS, Everette Clark has served the City for the past 40 years with dedication, integrity and passion, always looking for opportunities to improve the City, the local economic climate and the quality of life for City residents, and has been directly responsible for many accomplishments and improvements by the City of Marion for its people;

AND WHEREAS, on April 4, 2012, Everette Clark will have the distinction of being the first elected official in the 169 year history of the City of Marion and McDowell County to reach 40 years of uninterrupted elected public service;

AND WHEREAS, the Marion City Council, on behalf of the 8,100 citizens of Marion, wish to express sincere appreciation and gratitude for Everette Clark's 40 years of service to the City of Marion and for all he has accomplished during his unprecedented tenure, and look forward to his continued service in the future.

NOW THEREFORE, I, Stephen R. Little, Mayor of the City of Marion, North Carolina, on behalf of the Marion City Council, do hereby proclaim Wednesday, April 4, 2012 as Everette Clark Day in the City of Marion, North Carolina and extend the sincere thanks of the City Council and the citizens of the City of Marion to Council Member and former Mayor A. Everette Clark on his 40 years of dedicated service to the citizens of our community.

Proclaimed this the 3rd day of April, 2012.

Stephen R. Little, Mayor

North Carolina League of Municipalities Executive Director Ellis Hankins extended the congratulations of the North Carolina League of Municipalities to Council Member Clark and presented him with the following Resolution on behalf of the League that read as follows:

RESOLUTION
of the
North Carolina League of Municipalities

WHEREAS, A. Everette Clark has served the City of Marion faithfully and well for 40 years; and

WHEREAS, the work, of A. Everette Clark has benefitted the citizens of the City of Marion and upheld the standards of excellence in municipal governance;

AA.00001392 (24)

NOW, THEREFORE, BE IT RESOLVED the membership of the North Carolina League of Municipalities, hereby honors A. Everette Clark, former Mayor and Council Member, of the City of Marion for faithful service and lasting contributions to municipal government.

BE IT FURTHER RESOLVED that this resolution be made a part of the permanent records of the North Carolina League of Municipalities and that copies be forwarded to A. Everette Clark and to the City of Marion

_____ _____

Executive Director President

Date: April 3, 2012

Mr. Hankins also stated that he had spoken with Governor Beverly Purdue and that she also sent her congratulations. Mr. Hankins noted that Governor Perdue had nothing she could present to Council Member Clark since she had already awarded him North Carolina's highest honor, the Order of the Longleaf Pine, in 2009, upon his retirement as Mayor.

Mayor Little recognized Council Member Clark's family, including his wife Nancy Clark, his sons Ansel Clark and Todd Clark, his daughters-in-law Amy and Jane Clark, his grandchildren Sara, Emily, Tucker and Ethan Clark, his brother and sister-in-law Larry and Dee Clark, his sister-in-law Sylvia Davis and his sisters Iris Powers and Harriett Herndon.

Mayor Little recognized several visiting elected officials including Mayor Jimmy Dancy of the Town of Rutherfordton, Mayor Anne Stedman and Council Member Mary Bess Lawing of the City of Newton and McDowell County Board of Commissioners Chairman David Walker. Each offered their congratulations to Council Member Clark on his 40 years of service to the City of Marion.

Mayor Little presented Council Member Clark with a 40 year City service pin.

Mayor Little presented Council Member Clark with a large framed card signed by current and former City elected officials and staff and friends of Council Member Clark that read as follows:

HAPPY 40th
ANNIVERSARY
THANK YOU
SO VERY MUCH
FOR
40 YEARS AND COUNTING
OF SERVICE TO THE CITIZENS OF MARION
A . Everette Clark....
A Man....
A Christian....
A Husband....
A Father....
A Grandfather....
A Fisherman....
A Hunter....
A Citizen....
A Neighbor....
A Mentor....
A Friend....

A Realtor....
A Mayor....
A Council Member....

The City Manager presented Council Member Clark with cards and notes sent in by people unable to attend the recognition.

Council Members, City staff, family and guests all shared kind words about former Mayor and current Council Member Clark and thanked him for his 40 years of service to the City.

Mrs. Nancy Clark read a poem she had written about her husband a few years ago, reflecting on his service to the City.

Council Member Clark thanked everyone for their time and kind words and said that he was truly humbled. Council Member Clark said that he was honored to have been able to serve the City of Marion for the past 40 years.

An agenda for this recognition was presented to each guest that read as follows:

Agenda of Recognition of
A. Everette Clark
Upon His
40 Year Anniversary with the City of Marion, North Carolina
Marion City Council Meeting
April 3, 2012 – 7:00 p.m.
Marion, NC City Hall

VIII. Comments from Council Members and Guests

IX. Break for Refreshments

Timeline of Service
Council Member and Former Mayor
Ansel Everette Clark
With the City of Marion, North Carolina

AA.000001394 (24)

April 3, 2012

Tonight we honor Council Member and former Mayor Ansel Everette Clark on an achievement that is unprecedented in Marion and McDowell County and in all but a few cases across the State of North Carolina: attaining 40 consecutive years of service with a local government.

On February 13, 1972 Mayor Albert Neal passed away. On February 22, 1972, the Marion City Council appointed Mayor Pro Tem James Segars as Mayor to replace the late Mayor Neal. This appointment left a vacancy on the Marion City Council.

On March 22, 1972, the Marion City Council appointed A. Everette Clark to fill the unexpired term of the newly appointed Mayor Segars on City Council. On April 4, 1972, Robert Jarrett, Clerk of Court for McDowell County, administered the oath of office to Councilman Clark.

On November 6, 1973, Councilman Clark was elected to City Council with the highest vote total of the four candidates running for Council.

On December 6, 1977, Everette Clark was elected as Mayor Pro Tem by the Marion City Council.

On November 7, 1985, Everette Clark was elected as Mayor of the City of Marion, replacing the retiring Mayor James H. Segars. Mayor Clark was administered the oath of office on December 3, 1985 and served as Mayor for twenty-four consecutive years, until 2009.

Mayor Clark chose to run for Marion City Council in 2009 and was elected in November 2009. He currently serves on the Marion City Council.

The voters of Marion have shown their confidence in Everette Clark by electing him to office 10 consecutive times since his initial appointment to City Council in 1972.

Tomorrow, April 4, 1972, is the 40th Anniversary of A. Everette Clark being sworn in as a City Council Member and starting his service with the City of Marion, NC. We honor him tonight on this tremendous achievement.

Mayor Little stated that Council would break for a few minutes and have a time of fellowship and refreshments with Council Member Clark and guests.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to approve the consent agenda as follows:

A. Approval of Minutes – March 20, 2012 Regular City Council Meeting Minutes.

B. Approve Use of Main Street Sidewalks for Marion Business Association Sidewalk Sales to be held on Saturday, May 5 and Saturday, August 4 – Council approved the requested use of the sidewalks, which will not involve any street closing.

C. Approve Budget Ordinance Amendments

CITY OF MARION, NORTH CAROLINA
2011-2012 BUDGET ORDINANCE
(Second Amendment)

BE IT ORDAINED by the City Council of the City of Marion, North Carolina as follows:

Section 2. Copies of this Budget Amendment shall be furnished to the Budget Officer to be kept on file for direction in the disbursement of funds.

Adopted this the 3rd day of April 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

Ordinance Number: O–12–04–03–1

INTRODUCTION OF NEW POLICE CHAPLAIN: Police Chief Mark Brooks introduced the City's new volunteer Police Chaplain, Rev. Bob Ritter and his wife Tammy. Rev. Ritter is the Pastor of Nebo Crossing Church.

Rev. Ritter said that he and his wife vacationed on Lake James for several years and fell in love with McDowell County, later moving here from Arkansas. They have now been in McDowell County for four years. He said that he is honored to serve as the Police Chaplain and is happy to assist the City in any way possible. Rev. Ritter said that he had recently completed training regarding his duties as Chaplain.

Mayor Little and Council Members thanked Rev. Ritter for his service to the City and welcomed him as the new Police Chaplain.

RECOGNITION OF POLICE OFFICERS RECEIVING ADVANCED LAW ENFORCEMENT CERTIFICATES: Police Chief Mark Brooks stated that it was his privilege to recognize two police officers who had achieved a level of professionalism by receiving their Advanced Law Enforcement Certificates. Chief Brooks asked Corporals Josh Piercy and D.J. Barrier to come forward.

Chief Brooks presented Corporal Piercy with a Certificate that read as follows:

State of North Carolina
Department of Justice
Criminal Justice Education and Training
Standards Commission
To all to whom these presents may come
Greeting
Be it known that in recognition of the attainment of training and educational objectives commensurate with the role of a professional criminal justice officer and of personal devotion and service to the people of North Carolina, the Attorney General and the Chairman and Members of the North Carolina Criminal Justice Education and Training Standards Commission, through the authority vested in them by the laws of the State, do hereby award to
Joshua Piercy
This
General Advanced Law Enforcement Certificate
With all the rights and privileges thereunto belonging.

AA.000001398 (24)

In Testimony Whereof we fix our hand this 3rd day of April, 2012 in the City of Raleigh in the State of North Carolina in the United States of America.

_____
Attorney General

_____
Commission Chairman

_____
Director, Criminal Justice Standards Division

Chief Brooks presented Corporal Barrier with a Certificate that read as follows:

State of North Carolina
Department of Justice
Criminal Justice Education and Training
Standards Commission
To all to whom these presents may come
Greeting

Be it known that in recognition of the attainment of training and educational objectives commensurate with the role of a professional criminal justice officer and of personal devotion and service to the people of North Carolina, the Attorney General and the Chairman and Members of the North Carolina Criminal Justice Education and Training Standards Commission, through the authority vested in them by the laws of the State, do hereby award to

Dennis J. Barrier

This

General Advanced Law Enforcement Certificate

With all the rights and privileges thereunto belonging.

In Testimony Whereof we fix our hand this 3rd day of April, 2012 in the City of Raleigh in the State of North Carolina in the United States of America.

_____
Attorney General

_____
Commission Chairman

_____
Director, Criminal Justice Standards Division

Mayor Little congratulated Corporals Piercy and Barrier on receiving their Advanced Law Enforcement Certificates and thanked them for their service.

Council Member Doggett noted the numerous hours that both officers had invested in order to receiving this certificate.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

CONSIDER APPROVAL OF CONTRACTS FOR VEHICLE PURCHASES: Finance Director Harriett Thomas stated that the City had recently sought bids for the purchase of several vehicles included in the 2011-12 Budget.

Ms. Thomas stated that the City recently took bids for a long arm tractor for the Street Division. The City only received one bid for a Diesel tractor with a long arm. The low bid was received from Parker Farm Services of Kings Mountain in the amount of $86,783.00, including $34,600.00 for the tractor and $52,183.00 for the long arm and associated equipment. Two other informal bids had previously been received, but were higher. The other two bidders did not

AA.000001399 (24)

respond to the request for bids. Ms. Thomas reported that the City included $75,000 in the 2011-12 Budget for the long arm tractor, so the low bid is $11,783 over budget. However, only the tractor from Parker Farm Services can be received by the end of the 2011-12 Fiscal Year. The long arm and associated equipment will not be available until after July 1, so the costs of the long arm will have to be included in the 2012-13 Budget.

The City Manager stated that he asked staff if it was likely that the City could rebid the long arm in a few months and receive a lower price. The City Manager stated that Public Works Director Brant Sikes did not believe that rebidding the long arm will result in any lower price.

Upon a motion by Council Member Clark, seconded by Mayor Pro Tem Cuthbertson, Council voted unanimously to award the contract for a long arm tractor for the Street Division to Parker Farm Services of Kings Mountain in the amount of $86,783, with $34,600 to be paid out of the 2011-12 Budget for the tractor and $52,183 to be paid out of the 2012-13 Budget for the long arm and associated equipment.

Ms. Thomas stated that the City received four bids for a utility truck for the Street Division. The low bid was received from Everett Chevrolet of Hickory for a 2012 Chevrolet Silverado 3500 HD 2WD for $33,339.42. The City inccluded $40,000 in the 2011-12 Budget for this truck, so the low bid is $6,660.58 under budget.

Upon a motion by Council Member Clark, seconded by Council Member Doggett, council voted unanimously to award the contract for a utility truck for the Street Division to Everett Chevrolet of Hickory for a 2012 Chevrolet Silverado 3500 HD 2WD in the amount of $33,339.42.

Ms. Thomas advised that the City received bids five bids for a 4 x 4 Pickup Truck for the Utility Maintenance Division. The low bid was received from Stamey Chrysler Jeep Dodge of Marion for a 2012 Dodge Ram 1500 4 x 4 for $17,985. The City included $25,000 in the 2011-12 Budget for this truck, so the low bid is $7,015 under budget.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to award the contract for a 4 x 4 Pickup Truck for the Utility Maintenance Division to Stamey Chrysler Jeep Dodge of Marion for a 2012 Dodge Ram 1500 4 x 4 for $17,985.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager advised that the MBA Director Freddie Killough has scheduled the City's annual Downtown Cleanup event for Saturday, April 21. City staff will assist volunteers with trash pickup and weedeating in the downtown area.

The City Manager advised that, as previously reported, Grayson England says that he plans to have Brooks Engineering look at the ability of the Glenwood Elementary School pump station and the City's force main sewer line to handle the additional wastewater flow from the convenience store and residential units (9 units in total) on Old 221 in Glenwood.

The City Manager stated that he had checked with Doug McNeal of DOT, who told him that DOT would not issue an encroachment on a State right-of-way for a privately owned utility line. Therefore, any new force main line constructed along Old 221 would need to be City owned and maintained.

The City Manager stated that he had also checked with the North Carolina Division of Water Quality Regional Supervisor Chuck Cranford about who would be responsible for sewer spills in privately owned pump stations. The County Manager had stated that the pump station owner is always held responsible by the State for overflows at the pump station, regardless of whether wastewater from other sources flows into the pump station. The State recommends operation and

AA.000001400 (24)

maintenance agreements, when multiple property owners flow into a private pump station, but does not require such agreements or take them into account when issuing violation notices or fines.

The City Manager advised that city crews have completed work on the curb and sidewalk replacement on Park Avenue between Turner and Robert Streets. The City's contractor has also completed the curb and sidewalk replacement on Park Avenue between East Court Street and Turner Street. Public Works Director Brant Sikes reported that he anticipates Park Avenue being resurfaced in the next two to three weeks, completing the project.

Police Chief Mark Brooks advised he had followed up with the Post Office concerning the schedule for the relocation of a mailbox at the Library to make it a drive-up mailbox, for a drive-up mailbox to be relocated from the Bank of America parking lot to the City-County Parking Lot on South Garden Street and for drive-up mailboxes to be placed at the Marion City Square and Wal-Mart Supercenter Shopping Centers. Chief Brooks stated there has been some turnover at the post office, so staff has had to start over with this request three times. The Post Office had verbally approved these relocations, but the work had not yet taken place. The Interim Postmaster indicated that this work could take place in the next 30 days. The City Manager stated that staff will monitor the installation of the drive-up mailboxes and follow up with the Post Office again if necessary.

The City Manager advised that he attended a meeting on March 20, at County Manager Chuck Abernathy's request, to discuss Duke Energy's Site Readiness Program, which is being considered for the Universal and Ashworth Road properties. The County will likely proceed with the program for the Universal property. There is very little cost to pursuing the program. The City Manager stated that Mr. Abernathy is not asking the City for any contribution, but would request permission to include the 80 acre City owned property next to the Universal property in the Duke assessment. The assessment determines the readiness and attractiveness of potential sites for industrial projects.

Council Member Clark stated that he does not have a problem with the assessment, but feels that the City should not give away the property for free.

Council Member Ramsey asked if the assessment would create the perception that the property could be used by the County for any project they wanted. The City Manager stated that the use of the City's property for any purpose or project would be evaluated by Council on a case-by-case basis.

Council Member Clark stated that he is fine with allowing the City property to be included in the assessment, as long as it was understood that the City would not give away the property for an economic development project.

Mayor Little stated that it would be appropriate to make this condition clear to the County up front.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to authorize the City's 80 acres of property located on College Drive adjacent to the County's Universal property to be included in the Duke Energy Site Readiness Program assessment, with the condition that the City Manager communicate to the County that the City's property would remain separate and that the City would expect compensation for the property if the use of the property was needed for a particular purpose or project in the future. The City Manager stated that he would make this communication to the County Manager.

COUNCIL MEMBER COMMENTS:

AA.00001401 (24)

Council Member Clark thanked Council Members for the kind recognition earlier in the meeting.

Council Member Clark also stated that Mr. Chris Jones, Immediate Past President of the North Carolina League of Municipalities had passed away the previous day after suffering a fall at his home.

ADJOURNMENT: Upon a motion by Council Member Martin, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in Regular Session on Tuesday evening, April 17, 2012 at 7:00 P.M. in the City Council Chamber located at 194 North Main Street.

BOARD MEMBERS PRESENT: Mayor Stephen R. Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members A. Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Debi Sherlin, Administrative Assistant; Brant Sikes, Public Works Director; Gaye Noblitt, Police Administrative Lieutenant; Don Price, Water Plant Superintendent; Mike Conley, News Reporter, McDowell News.

Bill Warren, 3939 Harmony Grove Road, Marion, NC; Jewell McNeal, P.O. Box 333, Marion, NC: Kathy Evans, 110 Gowan Point, Marion, NC; Linda Cloherty, 215 North Garden Street, Marion, NC.

OPEN MEETING: Mayor Little opened the meeting with a moment of silence.

CONSENT AGENDA: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Clark, Council voted unanimously to approve the consent agenda as follows:

A. **Approval of Minutes** – April 3, 2012 Regular City Council Meeting Minutes.

B. Receive Certificate of Sufficiency – Mill Road – Haney/Fairchild -Annexation

CERTIFICATE OF SUFFICIENCY – MILL ROAD – HANEY/FAIRCHILD ANNEXATION – 2012

To the City Council of the City of Marion:

A.A.000001402 (24)

I, J. Robert Boyette, City Clerk, do hereby certify that I have investigated the petition attached herein and have found as a fact that said petition is signed by all owners of real property lying in the area described therein, in accordance with G.S. 160A-31.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Marion this the 21st day of March, 2012.

(Seal)

J. Robert Boyette, City Clerk

C. Adopt Resolution Fixing the Date of Public Hearing on the Question of Annexation – Mill Road – Haney/Fairchild Annexation

RESOLUTION FIXING DATE OF PUBLIC HEARING ON QUESTION OF ANNEXATION PURSUANT TO G.S. 160A-31 – MILL ROAD – HANEY/FAIRCHILD ANNEXATION

WHEREAS, a petition requesting annexation of the contiguous area described herein has been received; and

WHEREAS, the City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, certification by the City Clerk as to the sufficiency of the petition has been made;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Marion, North Carolina:

Section 1. A public hearing on the question of annexation of the contiguous area described herein will be held at City Hall at 7:00 P.M. on Tuesday, May 15, 2012.

Section 2. The area proposed for annexation is described as follows:

BEGINNING at a point at the southeast corner of Lot 6251 Block 95 on the McDowell County Tax Map 0790.12; and from said BEGINNING following the eastern boundary of said Lot 6251 in a northerly direction 450 feet, said boundary also being the boundary of the Marion Corporate Limits; thence following said corporate boundary in a northeasterly direction crossing the boundary of Mill Rd (SR No. 1189) a distance of 40 feet to a point, said point being the boundary of the Marion Corporate Limits and the northwest corner of Lot 8597 Block 95 on the McDowell County Tax Map 0790.12; thence following said corporate boundary east 249 feet to a point, said point being a point on the northern boundary of Lot 3428 Block 05 on the McDowell County Tax Map 1700.09; thence following said boundary of Lot 3428 first in a southerly direction approximately 9 feet, thence in an easterly direction 615 feet, thence in a southerly direction 267 feet, thence in a westerly direction 304.2 feet to a point, said point being a point on the boundary of said Lot 3428 and Lot 2238 Block 05 on the McDowell County Tax Map 1700.09; thence following the boundary of said Lot 2238 in a southerly direction 20 feet, thence in a southwesterly direction 214 feet to a point at the southwest boundary of said Lot 2238 and the northeast boundary of Mill Road (SR #1189); thence following said boundary in a northwesterly direction approximately 114 feet to a point, thence crossing the boundary of Mill Rd (SR No. 1189) in southerly direction back to the BEGINNING.

Section 3. Notice of the public hearing shall be published once in The McDowell News, a newspaper having general circulation in the City of Marion at least ten (10) days prior to the date of the public hearing.

AA.000001403 (24)

Adopted this the 17th day of April, 2012.

Stephen R. Little, Mayor

ATTEST:

Resolution Number: R-12-04-17-1

PUBLIC APPEARANCE – MCDOWELL MISSION MINISTRIES:
Ms. Linda Cloherty, one of many representatives of McDowell Mission Ministries, present for this meeting appeared before Council and gave a brief update of McDowell Mission Ministries programs.

Ms. Cloherty advised that the Mission has many needs at the Women and Children's Home on Fleming Avenue, such as a new heating and air system and major plumbing work for two restrooms. The cost for this work is in excess of $100,000. A total of $15,000 has been raised so far. Ms. Cloherty thanked the City Council for providing funding last year for the roof work at the shelter. She said that the Mission Board was here tonight seeking continued support from the City of Marion in the amount of $10,000 this year and $10,000 next year.

Mayor Little thanked Ms. Cloherty and other representatives for coming to the meeting. He advised that Council has a Planning Session scheduled for April 20-21and that this request along with many others will be the discussed. Mayor Little stated that Council did not need to be convinced of the good work done by the Mission or regarding needs at the Women and Children's Home, but would need to evaluate the City's finances and ability to contribute toward the project.

Mayor Little stated that he visited the shelter a few weeks ago to donate some items and that it was really touching to see the people there who really need assistance.

Council Member Ramsey stated that this is a vital ministry in the community. He said that he was not sure if people really know what the Mission does for the community. Council Member Ramsey advised that he certainly hopes Council Members will support this Ministry.

Council Member Clark thanked the Mission Board for the hours they give of their time for the Mission. He noted how the Mission had made a significant difference through the years in getting homeless people off of the street and into a decent place to live.

Council Member Doggett stated that she likes to see a Board with passion and that the Mission Board definitely has a passion for their work.

Mayor Pro Tem Cuthbertson stated that he had some major heating and air issues at his home last night and that he understands the needs the Mission has and how urgent these needs can be.
Council Member Martin stated that he had spoken to Mission Board Member Ms. Kathy Evans and was definitely convinced of the great needs the Mission has.

PUBLIC COMMENT PERIOD: There were no unscheduled citizens present to speak to Council.

ADOPT RESOLUTION APPROVING CITY OF MARION WATER SUPPLY PLAN: The City Manager advised that, in 2008, City staff completed the City's 2007 Water Supply Plan, in

AA.00001404 (24)

accordance with State regulations. The City has been waiting ever since for the State to review the plan. In early March, Water Plant Superintendent Don Price received a letter, advising that the N.C. Department of Environment and Natural Resources had approved the City's 2007 Water Supply Plan and stating that the final step for compliance involved Council adoption of a resolution approving the Water Supply Plan.

The City Manager presented Council with the resolution that needs to be adopted for the 2007 Water Supply Plan, along with a copy of the plan. The City Manager noted that the City's 2011 Water Supply Plan, which was due on April 1, 2012 has already been submitted.

Water Superintendent Don Price gave a brief overview of the 2007 Water Supply Plan.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following Resolution approving the Water Supply Plan as presented:

RESOLUTION
APPROVING CITY OF MARION WATER SUPPLY PLAN

WHEREAS, North Carolina General Statute 143-355 (1) requires that each system that provides public water services or plans to provide such serviced shall either individually or together with other systems, prepare and submit a Local Water supply Plan; and

WHEREAS, as required by the statute and in the interests o sound local planning a Local Water Supply Plan for the City of Marion, has been developed and submitted to the City Council for approval; and

WHEREAS, the City Council finds that the Local Water Supply Pan is in accordance with the provisions of North Carolina General Statute 143-355 (1) and that it will provide appropriate gui8dance for the future management of water supplies for the city of Marion, as well as useful information to the Department of Environment and Natural Resources for the development of a state water supply plan as required by statute:

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Marion the Local Water Supply Plan entitled, Marion Water Supply Plan dated April 1, 2008, is hereby approved and shall be submitted to the Department of Environment and Natural Resources, Division of Water Resources; and

BE IT FURTHER RESOLVED that the City of Marion intends that this plan shall be revised to reflect changes in relevant date and projections at least once every five years or as otherwise requested by the Department, in accordance with the statue and sound planning practice.

Approved this the 17th day of April, 2012

Stephen R. Little, Mayor

Resolution Number: R:12-04-17-2

ADOPT RESOLUTION AUTHORIZING FINAL SALE OF CITY PROPERTY ON MEADOW LANE TO MR. L. RAY BROOME: The City Manager advised that, at the March

AA.000001405 (24)

20 Council meeting, Council adopted a resolution accepting the offer of Mr. L. Ray Broome to purchase 0.10 acres of City property on Meadow Lane for $1,000, subject to upset bid. This property is part of the City's 0.32 acre Meadow Lane Wastewater Pump Station property at the corner of Sugar Hill Road and Meadow Lane.

The City Manager stated that, after receiving the required five percent bid deposit from Mr. Broome, the City published notice in the McDowell News of the proposed sale on March 27. The notice stated that interested persons had ten days to submit an upset bid. The ten day period ended with no upset bids being received. Therefore, Council action is needed to approve the attached resolution to authorize the final sale of this property to Mr. Broome. The City Manager reported that, as requested by Mr. Broome, the City is in the process of planting several non-pine evergreen trees adjacent to the wastewater pump station to provide a buffer and screen for Mr. Broome's property.

Mayor Pro Tem Cuthbertson asked if the property had been surveyed. The City Manager advised that the property had not been surveyed, but that the City had a description of the property to be sold that would be given to the closing attorney.

Upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adopt the following resolution authorizing the final sale of part of the City's Meadow Lane property to Mr. L. Ray Broome for $1,000:

Resolution
Authorizing Final Acceptance of Offer to Purchase Certain Property Owned by the City of Marion After Solicitation of Upset Bids

WHEREAS, N.C.G.S. 160A-269 authorizes a city to convey by negotiated offer and upset bid any real or personal property; and

WHEREAS, Mr. L. Ray Broome has submitted a bid in the amount of $1,000 for the purchase of approximately 0.10 acres of property owned by the City of Marion located on Meadow Lane, as described in the attached Exhibit A; and

WHEREAS, the City Council of the City of Marion adopted a resolution on March 20, 2012, in accordance with N.C.G.S. 160A-269, accepting the offer of Mr. Broome to purchase the above described property for a sum of $1,000; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion received a five percent bid deposit from Mr. Broome; and

WHEREAS, in accordance with N.C.G.S. 160A-269, the City of Marion, on March 27, 2012, caused notice of the proposed sale of the above described property to be published in The McDowell News; and

WHEREAS, the City of Marion has completed the ten day upset bid period required by N.C.G.S. 160A-269, without the receipt of any upset bids; and

WHEREAS, the City Council of the City of Marion desires to complete the sale of the property described above to Mr. Broome.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Marion that:

1. The property owned by the City of Marion on Meadow Lane that is approximately 01.0 acres in size and described in the attached Exhibit A is hereby declared to be surplus to the needs of the City of Marion.

AA.000001406 (24)

2. The City Council accepts the offer of Mr. L. Ray Broome to purchase the above described property for $1,000 and directs the City Manager to proceed with the sale of said property, as authorized by N.C.G.S. 160A-269.

Adopted this the 17th day of April, 2012.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager/Clerk

RESOLUTION NUMBER: R-12-04-17-3

Exhibit A - Property Description

BEGINNING at a point being the beginning corner of tract described in Deed Book 270, Page 182, McDowell County Registry; thence from said point, S43°30'00"W, 124.00 feet passing an iron pin set at 16.50 feet to a set iron pin in the eastern margin of the right of way of SR 1271; then with said eastern margin of said right of way, N30°00'00"W, 37.50 feet to a point, said point being a point on the southwest boundary of tract described in Deed Book 1011, Page 367 McDowell County Registry; thence from said point running N43°30'00" 115.00 more or less to a point on the northeast boundary of said tract; said point also being the end of the second of four courses described in Deed Book 1011, Page 367, McDowell County Registry; thence following said courses and distances: S 32°12'58"E, 28.58 feet to a point; S25°46'00"E, 8.92 feet to the BEGINNING.

DISCUSS STREET REQUESTS: The City Manager advised that he had recently received several street and sidewalk requests, as follows:

1. Request for No Parking Designation on Old West Henderson Street - McDowell County Farm Bureau has requested that Council institute a no parking area in front of the Farm Bureau building on the west side of Old West Henderson Street between Catawba and Buncombe Streets. Mr. Blankenship reports that large vehicles use this area for parking to access McDonald's. McDonald's has roped off the area next to the street adjacent to their property, forcing large vehicles to park on the Farm Bureau side of the street. It does not appear that any houses would need to use this area for parking.

2. Request for Mirror at Railroad and South Main Streets – Mayor Pro Tem Cuthbertson recently noted that it is difficult to turn out of Railroad Street onto South Main Street, either left or right. Mayor Pro Tem Cuthbertson proposed the placement of a mirror to give motorists turning out of Railroad Street better visibility.

3. Repeal of No Left Turn Restriction from Montevista Avenue onto North Main Street - Council Member Clark suggested that it may be time to repeal the no left turn restriction from Montevista Avenue (beside the Bi-Lo Shopping Center) onto North Main Street. Council Member Clark notes that traffic must pass through the Bi-Lo Shopping Center parking lots to comply with this restriction, creating an even more dangerous situation. There are numerous other left hand turns allowed onto North Main Street from driveways, parking lots and streets.

4. Repeal of No Left Turn Restriction from Bradley Street onto North Main Street – The City Manager noted a no left turn restriction from Bradley Street (at the northern entrance to Lady Marian Plaza) onto North Main Street that Council may wish to repeal if the left turn restriction on Montevista Avenue at North Main Street is also repealed.

AA.000001407 (24)

5. Proposal to Make Bakersville Road a One-Way Street – Council Member Clark suggested making Bakersville Road, located next to Hospice between Fleming and Montevista Avenues, a one way street in the direction of Fleming to Montevista. Council Member Clark noted that the street is narrow and that visibility is poor exiting out of Bakersville Road onto Fleming Avenue. Staff will be proposing physical improvements to Bakersville Road at the next Council Planning Session, to make the street passable and to improve safety.

6. Request for Short Sidewalk Extension on North Main and Logan Streets – Ms. Hilda Dean requested a short sidewalk extension on both North Main and Logan Streets around the Joanne Howle Realty property. This would create a loop and also allow pedestrians to safely reach the North Main and Logan Street intersection on foot. The total length of the sidewalk extension would be 440 feet.

Council Member Ramsey stated that he would also make the following street related requests:

7. Request for Review of Three Way Stop at North Madison and Fort Streets.

8. Request for Review of Four Way Stop at North Madison and New Streets.

The City Manager stated that Council may wish to refer these matters to the Street Committee for review.

Mayor Little stated that he agreed with referring these items to the Street Committee, noting that the Street Committee performed a valuable service for Council in reviewing such requests in the field.

Mayor Pro Tem Cuthbertson spoke about the visibility problems at the Railroad and South Main Street intersection.

Council Member Clark spoke about the need for eliminating the left turn restriction at Montevista Avenue and North Main Street and likely at Bradley and North Main Streets as well.

Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to refer the eight items listed above to the Street Committee for review and a recommendation back to Council.

CONSIDER APPROVAL OF SEWER CONNECTION – U.S. 70 WEST: Public Works Director Brant Sikes advised that a request had been submitted by Mr. Jerry Padgett for sewer service for his building containing three apartments at 2660 Highway 70 West in the Pleasant Gardens community. Mr. Padgett already has these apartments connected to City water and sewer is available. Mr. Sikes stated that the City sewer line is located on the opposite side of Highway 70 West from Mr. Padgett and the cost of boring under the highway will exceed the connection fee revenue the City will receive. The City will need to contract this bore, because the City does not have the equipment to make the precision bore needed, given that there is not a tremendous amount of fall between Mr. Padgett's property and the City's sewer line. Mr. Sikes reported that the bore would cost approximately $4,500. The City would receive $3,600 in connection fee revenue from Mr. Padgett, resulting in an upfront loss of $900. Mr. Sikes stated that the City would make up the loss in less than a year, even at minimum usage.

The City Manager added that Council would also need to waive the requirement for annexation of the property, given the distance of the property from the City Limits.

AA.000001408 (24)

Upon a motion by Council Member Clark, seconded by Council Member Doggett, Council voted unanimously to approve the request of Mr. Jerry Padgett for sewer service for his building containing three apartments at 2660 Highway 70 West in the Pleasant Gardens community and to waive the requirement for annexation of this property.

CONSIDER APPROVAL OF REQUEST FOR CLOSURE OF FORT STREET BETWEEN MAIN STREET AND LOGAN STREET FOR FIRST BAPTIST CHURCH BLOCK PARTY ON WEDNESDAY, MAY 23: The City Manager advised that, as shown on information presented to Council, First Baptist Church has requested the closure of Fort Street between Main Street and Logan Street for a Block Party on Wednesday, May 23. The event is scheduled between 4:30 p.m. and 7:30 p.m. The actual street closure would need to take place from 3:30 p.m. to 8:30 p.m. The City Manager reported that the event would open to the public, so the street closure would be consistent with past Council decisions to allow street closures for events open to the public. First Baptist Church has held this event before in the same location for the past two years without any problems. Upon approval, First Baptist Church would be asked to notify other business in this block, particularly Kirksey Funeral Home. All businesses with frontage in this block could still be accessed off of Brown Drive.

Upon a motion by Council Member Martin, seconded by Council Member Clark, Council voted unanimously to approve the request of First Baptist Church for the closure of Fort Street between Main Street and Logan Street for a Block Party on Wednesday, May 23 between 3:30 p.m. and 8:30 p.m.

APPROVE CONCURRING ORDINANCES TO ALLOW NORTH CAROLINA DEPARTMENT OF TRANSPORATION TO MAKE TECHNICAL CORRECTIONS TO TRAFFIC REGULATIONS: The City Manager advised that, as shown in the information presented to Council, DOT Division Traffic Engineer Anna Henderson has requested Council approval of several concurring ordinances to make technical corrections to State traffic ordinances, as follows:

A . North Main Street/US 221 North Business – The first ordinance repeals the designation of North Main Street and US 221 North Business between Valley Street and Hankins Road as US 70/US 221/NC 226. The second ordinance designates North Main Street and US 221 North Business between Valley Street and Hankins Road as US 221 Business. The 45 mph speed limit signs will remain in place as they are now. These ordinances officially set the speed limit on this section of the highway, so having the correct designation is important.

B. North Main Street - The first ordinance repeals the designation of North Main Street between Court and New Streets as US 221/NC 226. The second ordinance designates North Main Street between Court and New Streets as US 221 Business. The 20 mph speed limit signs will remain in place as they are now. These ordinances officially set the speed limit on this section of the highway, so having the correct designation is important.

C. South Main Street – The first ordinance repeals the designation of South Main Street between Crawford and Court Streets as US 221/NC 226. The second ordinance designates South Main Street between Crawford and Court Streets as US 221 Business. The 20 mph speed limit signs will remain in place as they are now. These ordinances officially set the speed limit on this section of the highway, so having the correct designation is important.

D. Rutherford Road – This ordinance repeals the designation of Rutherford Road between Baldwin Avenue and Young's Fork (near Cornerstone Credit Union) as US 221/NC 226, since this part of the highway is now US 221 business. The ordinance also eliminates the 45 mph speed limit on the books for this area. This section of road has been signed at 35 mph for some

AA.000001409 (24)

time. No new ordinance is needed for a 35 mph zone, since this is the standard speed limit inside a municipality unless otherwise posted. The 35 mph signs will remain in place as they are now.

E. Machine Shop Road – This ordinance repeals the 25 mph speed limit on Machine Shop Road (SR 1208) between Finley Road (SR 1209) and North Main Street (US 221 Business), because the City took over maintenance of Machine Shop Road in 2003.

F. Fleming Avenue – This ordinance repeals the 25 mph speed limit on Fleming Avenue between North Garden Street and the City Limits, because the City now maintains Fleming Avenue. The City's Traffic Schedule has the 25 mph speed limit in place for all of Fleming Avenue, as well as the recently approved school zone speed limits.

The City Manager stated that he would recommend approving all the Ordinances as presented.

Upon a motion by Council Member Clark, seconded by Council Member Ramsey, Council voted unanimously to adopt the following Ordinances correcting NCDOT's traffic regulations as requested:

CITY OF MARION
ORDINANCE
TO REPEAL SPEED LIMIT AND REQUEST FOR CONCURRENCE WITH NORTH CAROLINA DEPARTMENT OF TRANSPORTATION ON
US 70-US 221-NC 226 FROM SR 1206 (VALLEY SREET)
NORTHWARD TO A POINT 0.17 MILE NORTH OF US 70

I, J. Robert Boyette, Clerk of the City of Marion, do hereby certify that the municipal governing body, pursuant to the authority granted by G.S. 20-141(f), determined upon the basis of an engineering and traffic investigation and duly declared, on the 17th day of April, 2012, the repeal of a 45 mph speed limit as set forth above on the designated portion of the State Highway System, which shall become effective when the Department of Transportation has passed a concurring ordinance and signs are erected giving notice of the authorized speed limit.

In witness whereof, I have hereunto set my hand and the municipal seal this the 17th day of April, 2012.

CITY MANAGER COMMENTS: The City Manager gave a brief report on current projects.

The City Manager presented Council with a letter he had sent to DOT including the City's concerns about the US 221 Widening Project. He advised that the City, County, Chamber of Commerce, Marion Business Association and Tourism Development Authority would be working with DOT to schedule some small group meetings to discuss the final design. The City Manager stated that he would let Council know as he hears more or as additional meetings are scheduled.

The City Manager reported that, on Wednesday, May 9, from 10:30 a.m. to 2:00 p.m., the City will hold its annual Health Fair for City employees at the Depot. The City typically has 20 or more vendors present to discuss health, fitness, nutrition and insurance with employees. Employees also can meet with a nurse to go over the results of their blood draw. Participation in the blood draw and Health Fair is essentially mandated to avoid having to pay a portion of the insurance premium. The City Manager invited the mayor and Council to stop by the Depot during the Health Fair.

The City Manager advised that the City's Downtown Cleanup event has been scheduled for Saturday, April 21. During this event, volunteers pick up trash in the downtown area. City crews will complete weedeating work in advance of the cleanup and also assist with trash pick-up.

AA.000001414 (24)

The City Manager advised that the McDowell Trails Association (MTA) has asked that the City authorize the sale of timber on the Greenway Phase 2 property and allow the proceeds to be used toward the Phase 2 construction costs.

Council Member Clark stated that he had no problem with authorizing the sale of the timber, as long as the public had a fair shot at bidding on the timber.

Mayor Little and Council Members agreed by consensus to approve the concept of the sale of timber on the Greenway Phase 2 property and allowing the proceeds to be used toward the Phase 2 construction costs, as long as the bidding process was handled properly.

The City Manager stated that he would look back at how the City has handled past timber sales and coordinate this effort with MTA President Bill Hendley.

Mayor Pro Tem Cuthbertson stated that are several dead trees on the Greenway that are in need of removal. The City Manager stated that City staff would look at the trees with Mr. Hendley.

COUNCIL MEMBER COMMENTS:

Council Member Clark thanked Council Members again for the recognition of his forty years of service to the City of Marion at the last City Council Meeting.

Mayor Little stated that a citizen complained to him recently about traffic issues at the Post Office. Mayor Little said that there was a tremendous need for additional drive-up mailboxes away from the Post Office property and wondered why it is taking the Post Office so ling to consider this request. The City Manager reported that the Post Office has agreed to place four additional drive-up mailboxes in various locations around the City and that staff would check again with the Post Office to determine when the new mailboxes will be placed.

Council Member Clark stated that he would be attending a Southern Municipal Conference meeting in Bentonville, Arkansas the following week.

Council Member Doggett stated that she would be attending her first North Carolina League of Municipalities Legislative Action Conference meeting in Albemarle at the end of April.

ADJOURNMENT: Upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Doggett, Council voted unanimously to adjourn.

Stephen R. Little, Mayor

STATE OF NORTH CAROLINA
COUNTY OF McDOWELL
CITY OF MARION

The City Council for the City of Marion met in a Special Meeting on Friday, April 20 at 1:45 P.M. at107 Dogwood Court in Ridgecrest, North Carolina for the purpose of conducting a Planning Session.

BOARD MEMBERS PRESENT: Mayor Steve Little, Mayor Pro Tem Lloyd Cuthbertson, Council Members Everette Clark, Juanita Doggett, Billy Martin and Don Ramsey.

OTHERS PRESENT: Bob Boyette, City Manager; Randy Hintz, P.E., Danny Bridges, P.E. and Dennie Martin, McGill Associates, Asheville, NC; Jim Neal, Fire Chief; Jay Suttles, Building Inspector; Don Price, Water Plant Superintendent; Freddie Killough, Executive Director, Marion Business Association; Lou Godfrey, Events Coordinator, Marion Business Association; Brant Sikes, Public Works Director; Harriett Thomas, CPA, Finance Director; Mark Brooks, Police Chief.

PLANNING SESSION: Mayor Little called the meeting to order at 1:45 P.M. City Council held a Planning Session and discussed the following topics:

I. Presentations by McGill Associates – Randy Hintz, Danny Bridges and Dennie Martin of McGill Associates gave a presentation on recently completed major construction projects, other recent construction projects, recent studies/engineering assistance, currently active projects and potential projects, as follows:

A. Recently Completed Major Construction Projects
   1. Wastewater Improvements Project
   2. Sugar Hill Road Water and Sewer Extension

B. Other Recent Construction Projects
   1. Wastewater System Inflow and Infiltration Reduction
   2. Finley Road Sewer
   3. Padgett Drive Sewer
   4. Garden Creek Road Sewer

C. Recent Studies/Engineering Assistance
   1. Ashworth Road Industrial Park Water and Sewer Alternatives
   2. Marion Travel Plaza Water and Sewer
   3. Rock-Tenn/Galey & Lord Pump Station Evaluation
   4. Wal-Mart Water and Sewer Construction Observation

D. Currently Active Projects
   1. Water Treatment Plant Evaluation and Source Alternatives
   2. Perry/Yancey Street Drainage and Sidewalk Improvements

E. Potential Projects
   1. Water System Hydraulic Modeling
   2. Potential Water and Sewer Extensions

II. Presentations by City Departments and the Marion Business Association – The following City Department Heads and the Marion Business Association gave presentations on departmental accomplishments over the past year, current trends being experienced for each departments and service, 2012-13 capital outlay and budget needs and future project ideas and needs, as follows:

A. Fire - Jim Neal, Fire Chief
B. Building Inspections - Jay Suttles, Building Inspector
C. Water Plant - Don Price, Water Plant Superintendent

AA.000001416 (24)

D. Wastewater Plant – Bob Boyette, City Manager, standing in for Larry Carver, Wastewater Treatment Superintendent, who was unable to attend
E. Marion Business Association - Freddie Killough, Marion Business Association Executive Director
F. Planning and Development - Bob Boyette, standing in for Heather Cotton, AICP, Planning and Development Director, who was out of town at a scheduled meeting
G. Public Works - Brant Sikes, Public Works Director
H. Finance/Administration - Harriett Thomas, CPA, Finance Director
I. Police - Mark Brooks, Police Chief

III. Recess Meeting – At 8:30 P.M., upon a motion by Mayor Pro Tem Cuthbertson, seconded by Council Member Ramsey, Council voted unanimously to recess the meeting until the following morning, Saturday, April 21, 2012 at 8:00 A.M. at City Hall, located at 194 North Main Street in Marion, North Carolina.

IV. Reconvening of Meeting – At 8:00 A.M. on Saturday, April 21, 2012, Mayor Little called the meeting back to order at City Hall located at 194 North Main Street in Marion, North Carolina.

V. Review/Discussion of Presentations – The City Council reviewed and discussed the McGill Associates, Marion Business Association and Departmental presentations. No final decisions were made on any item. All items requiring Council action will be included on a future Regular City Council Meeting agenda for consideration or in the 2012-13 or future City Budget proposals for consideration.

VI. Presentation of 2012-13 Budget Outlook and Priority Items – City Manager Bob Boyette gave a presentation of the 2012-13 City Budget Outlook and Proposed Priority Items. Council held a brief discussion on the presentation. No final decisions were made on any item. All items requiring Council action will be included on a future Regular City Council Meeting agenda for consideration or in the 2012-13 or future City Budget proposals for consideration.

VII. General Brainstorming/Identification of Items for Discussion – Council held a brainstorming exercise and identified several items for further discussion.

VIII. Priority/Goal Setting based on Brainstorming – Council held further discussion on items identified during the brainstorming exercise and set priorities and goals on these items.

IX. Determination of Next Steps/Final Discussion/Wrap Up – Council held discussion and identified the next steps to take on the priority items. No final decisions were made on any item. All items requiring Council action will be included on a future Regular City Council Meeting agenda for consideration or in the 2012-13 or future City Budget proposals for consideration.

X. Adjournment – At 5:30 P.M., upon a motion by Council Member Clark, seconded by Council Member Martin, Council voted unanimously to adjourn the meeting.

Stephen R. Little, Mayor

ATTEST:

J. Robert Boyette, City Manager
